Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including a foreign language exam and a thesis, or 30 credit hours including a foreign language exam and the required applied project course (LIN 593 or APL 593).
Required Core (3 credit hours)
LIN 515 American English (3) or
LIN 516 Pragmatics and Discourse Analysis (3)

General Linguistics Track (6 credit hours)
LIN 511 Phonetics and Phonology (3)
LIN 514 Syntax (3)

Applied Linguistics Track (6 credit hours)
LIN 511 Phonetics and Phonology (3) or LIN 514 Syntax (3)
LIN 520 Second-Language Acquisition Theories (3) or APL 601 Introduction to Applied Linguistics (3)

Electives (12 or 15 credit hours)

Research (3 credit hours)
LIN 501 Approaches to Research (3)

Culminating Experience (3 or 6 credit hours)
LIN 593 or APL 593 Applied Project (3)
LIN 599 or APL 599 Thesis (6)

Additional Curriculum Information
Students choose one of the two tracks in either general linguistics or applied linguistics.

Electives are restricted based on the student's chosen track. For the general linguistics track, one of the electives must be a 600-level course from the approved course list.

Students who select the thesis option take 12 credit hours of electives. Applied project students select 15 credit hours of electives.

Students must demonstrate evidence of a competent knowledge of a natural language other than modern English, to be selected by the student, subject to the approval of the chair of the thesis committee or the director of the applied project. This requirement may be met by:

- earning a "B" or better (3.00 on a 4.00 scale) in a 400- or 500-level course in an appropriate (approved) language course
- demonstrating comparable proficiency by taking a language examination, administered by the School of International Letters and Cultures, in a language approved by the student's supervisory committee
- demonstrating native-speaker proficiency, as determined by the School of International Letters and Cultures, in a language approved by the student's supervisory committee
- earning a "B" or better (3.00 on a 4.00 scale) in both ENG 530 Old English and ENG 531 Old English Literature or their equivalent
- holding a bachelor's degree in an approved foreign language
- two years (four semesters) of successfully completed college-level coursework (completed no more than six years prior to admission to the degree program) at least at the 100 and 200 levels with a "C" or better (scale is 4.00 = "A") for languages which the School of International Letters and Cultures does not offer or does not offer above the 200 level

Any course in which all class meetings are conducted in the approved language satisfies the requirement for a "B" or better in a 400- or 500-level course in an appropriate language; courses conducted in English do not satisfy the requirement. Also satisfying the requirement are GER 550 German for Reading Knowledge, FRE 550 French for Reading Knowledge, SPA 550 Spanish for Reading Knowledge, and ITA 550 Italian for Reading Knowledge. The Department of English does not require its graduate students to write papers in the approved language.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in such related fields as anthropology, applied linguistics, communication, cognitive science, comparative languages and literatures, literature, education, history, law, linguistics, modern languages, philosophy, political science, psychology, religious studies, rhetoric, composition, sociology, or speech and hearing science from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Students should see the Department of English website for specific details about English proficiency requirements.

Successful completion of at least one upper-division course in linguistics, language study or a related topic is required.

The one-page, single-spaced statement of purpose should explain the applicant's background in language study, reasons for wanting to do graduate work in linguistics and plans for the future.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Demonstrate the ability to explain, synthesize, and critique existing scholarship in their research area.
- •Design and carry out an original research study in their discipline and subdisciplines.
- •Demonstrate the ability to produce written scholarly work at a level expected by the profession and consistent with the degree program.

**Career Opportunities:** Graduates with research expertise in linguistics and applied linguistics work in a variety of professional contexts around the

globe, including academia, government, business, health care, legal settings, the private sector, nongovernmental organizations, advertising, marketing, publishing and teaching. Many graduates also go on to pursue doctorates in linguistics, applied linguistics, and many other fields and disciplines such as education, speech and hearing sciences, law, information technology, computer science, communication and anthropology.

Career examples include:

- accent coach
- data analyst
- computer programmer
- foreign service worker
- language consultant or language documentation expert
- language program director or coordinator
- language teacher
- lexicographer
- materials designer and developer
- program and curriculum developer
- teacher trainer
- writer or editor
- translator or interpreter

## Linguistics and Applied Linguistics, PHD (LALINPHD)

**Online Degree Search Title:** Linguistics and Applied Linguistics, PhD
**Campus:** Tempe

**Program Description:** The PhD program in linguistics and applied linguistics focuses on the scientific study of human language and the application of that study to the human condition.

Students in this program select a research specialization in formal linguistics, applied linguistics or some combination within these fields of study.

The curriculum provides professional training in linguistics and applied linguistics with focused research in several linguistic subfields, including discourse analysis, Indigenous American linguistics, language contact and change, language planning, language revitalization, critical studies, phonetics, phonology, pragmatics, second language acquisition, second language teaching and learning, semantics, sociolinguistics, syntax, teaching English to speakers of other languages, World Englishes, and computer-assisted language learning.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a foreign language exam, a prospectus and a dissertation.
Required Core (18 credit hours)
APL 555 Disciplinary Discourses (3)
APL 601 Introduction to Applied Linguistics (3)
LIN 511 Phonetics and Phonology (3)
LIN 514 Syntax (3)
LIN 515 American English (3) or LIN 516 Pragmatics and Discourse Analysis (3)
LIN 655 Advanced Disciplinary Discourses in Linguistics and Applied Linguistics (3)

Electives and Research (33 credit hours)
LIN 501 Approaches to Research (3)

Specialization (21 credit hours)

Culminating Experience (12 credit hours)
LIN 799 or APL 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, then 30 credit hours is made up of additional electives and research coursework which must include LIN 510, if they have not previously taken it or its equivalent.

Students must demonstrate evidence of a competent knowledge of a natural language other than modern English, to be selected by the student and subject to the approval of the chair of the dissertation committee. The language requirement must be completed before the student is eligible to take the doctoral examinations. This requirement may be met by any of the following:

- earning a "B" or higher (3.00 on a 4.00 scale) in a 400- or 500-level course in an appropriate (approved) language
- demonstrating comparable proficiency by taking a language examination, administered by the School of International Letters and Cultures, in a language approved by the student's supervisory committee
- demonstrating native-speaker proficiency, as determined by the School of International Letters and Cultures, in a language approved by the student's supervisory committee
- earning a "B" or higher (3.00 on a 4.00 scale) in both ENG 530 Old English and ENG 531 Old English Literature or the equivalent of each
- holding a bachelor's degree in an approved foreign language
- having fulfilled a foreign language requirement toward a previously awarded master's degree that was completed within five years of the semester for which the student was admitted to the doctoral program
- two years (four semesters) of successfully completed college level coursework (no more than six years prior to admission to the degree program) at least at the 100 and 200 levels with a "C" or better, for languages which the School of International Letters and Cultures does not offer or does not offer above the 200 level

The foreign language requirement must be in a language approved by the student's doctoral supervisory committee.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.50 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- resume or curriculum vitae
- three letters of recommendation
- academic writing sample relevant to the field
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their their current residency. Students should see the Department of English website for specific details about English proficiency requirements.

Undergraduate degrees in such related fields as anthropology, applied linguistics, communication, cognitive science, comparative languages and literatures, literature, education, history, law, linguistics, modern languages, philosophy, political science, psychology, religious studies, rhetoric, composition, sociology, or speech and hearing science are considered.

The one- to two-page, single-spaced statement of purpose should explain how the applicant's experience and training have prepared them for the program. It should also indicate career goals and explain how these goals relate to the graduate program in linguistics and applied linguistics. Applicants applying for funding must also submit a statement of teaching philosophy. Students should see the Department of English website for specific details.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Critical analysis expertise: Students will demonstrate the ability to explain, synthesize and critique existing scholarship in their research area.
- •Independent research expertise: Students will be able to design and carry out an original research study in their discipline and subdisciplines.
- •Scholarly writing expertise: Students will demonstrate the ability to produce written scholarly work at a level expected by the profession and consistent with the degree program.

**Career Opportunities:** Graduates with research expertise in linguistics and applied linguistics work in a variety of professional contexts, such as academia, government, business, health care, legal settings, publishing, the private sector and nongovernmental organizations.

Career examples include:

- computer-assisted language learning expert

- data analyst
- forensic linguist
- language policy or documentation expert
- language program director or coordinator
- language researcher
- linguistic consultant
- program and curriculum developer
- publisher
- university professor

## Marriage and Family Therapy, MAS (LAMFTMAS)

**Online Degree Search Title:** Marriage and Family Therapy, MAS
**Campus:** Tempe

**Program Description:** This self-contained accelerated MAS program in marriage and family therapy provides high-quality coursework and supervised internship experiences designed to train practitioners who wish to practice marriage and family therapy.

The curriculum and degree requirements have been specified and approved by the Arizona Board of Behavioral Health Examiners and are devised to meet the degree requirements for licensure in the State of Arizona for the practice of marriage and family therapy.

**Degree Requirements:**
39 credit hours and a master's research paper.
The master's degree program in marriage and family therapy requires the successful completion of a minimum of 39 credit hours and a project, including required coursework and completion of 300 client-contact hours in a community internship placement approved by the master's degree in marriage and family therapy faculty. Internships are expected to last approximately 12 months. Students must maintain a GPA of 3.00 (scale is 4.00 = "A") in all coursework and satisfactorily meet the expectations of the agency supervising their internship.

Students are required to have a vehicle and a valid Arizona driver's license for internship placement.

An internship entrance examination is held at the end of the first 7.5-week semester to determine student readiness for internship placement.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field, such as counseling, psychology, and family and human development, among others.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- a personal statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Letters of recommendation must be from three people who know the applicant in a professional or academic capacity. Family members and friends do not meet this criterion.

Students should refer to the program's website for detailed information on admission requirements.

**Career Opportunities:** There are many career paths available to students pursuing this degree. A few examples are:

- genetic counselor
- psychologist
- rehabilitation counselor
- school and career counselor
- social and community service manager
- social and human service assistant
- social worker
- substance abuse, behavioral disorder and mental health counselor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Mathematics, MA (LAMATHMA)

**Online Degree Search Title:** Mathematics, MA
**Campus:** Tempe
Spring admission is limited to students in the 4+1 program.
**Program Description:** The MA program in mathematics is designed to increase students' mathematical knowledge beyond the traditional level of a bachelor's degree in order to prepare them for careers requiring sophisticated mathematical skills.

Students may choose to specialize in applied mathematics, core mathematics, mathematics education or statistics through their course selections.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Computational Mathematical Sciences, BS
Mathematics, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and 2 written comprehensive exams, or 30 credit hours and a portfolio, or 30 credit hours, a thesis and a written comprehensive exam.
Required Core (3 credit hours)
APM 505 Applied Linear Algebra (3) or APM 506 Computational Methods (3) or MAT 543 Abstract Algebra I (3) or MAT 570 Real Analysis I (3)

Electives (21 or 27 credit hours)

Culminating Experience (0 or 6 credit hours)
MAT 599 Thesis (6)
portfolio (0)
two written comprehensive exams

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in mathematics or a closely related field from a regionally accredited institution as well as completed coursework in linear algebra (equivalent to ASU course MAT 342 or MAT 343) and advanced calculus (equivalent to ASU course MAT 371).

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of education and career goals
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Career Opportunities:** Graduates of the Master of Arts program in mathematics possess sophisticated mathematical skills required for careers in many different sectors, including education, industry and government.

Potential career opportunities include:

- finance and investment analyst
- mathematician
- mathematics professor or instructor
- operations research analyst
- statistician

Students also may pursue graduate study in mathematics or statistics in preparation for an academic career.

**Contact Information:**
Liberal Arts and Sciences, The College of
School of Mathematical and Statistical Sciences
https://math.asu.edu/degrees/graduate
WXLR A213
grad.math@asu.edu
480-965-3951

## Mathematics, PHD (LAMATHPHD)

**Online Degree Search Title:** Mathematics, PhD
**Campus:** Tempe

**Program Description:** The PhD program in mathematics is intended for students with exceptional mathematical ability. The program emphasizes a solid mathematical foundation and promotes innovative scholarship in mathematics and its many related disciplines.

The School of Mathematical and Statistical Sciences has very active research groups in analysis, number theory, geometry and discrete mathematics.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
MAT 501 Geometry and Topology of Manifolds I (3) or
MAT 516 Graph Theory I (3) or
MAT 543 Abstract Algebra I (3) or
MAT 570 Real Analysis I (3)

Other Requirements (3 credit hours)
MAT 591 Seminar (3)

Electives (24-39 credit hours)

Research (27-42 credit hours)
MAT 792 Research

Culminating Experience (12 credit hours)
MAT 799 Dissertation (12)

Additional Curriculum Information
Electives are to be chosen from math or related area courses approved by the student's supervisory committee.

Students must pass:

- two qualifying examinations
- a written comprehensive examination
- an oral dissertation prospectus defense

Students should see the department website for examination information.
Each student must write a dissertation and defend it orally in front of five dissertation committee members.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in mathematics, or a closely related area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of education and career goals
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Additional eligibility requirements include competitiveness in an applicant pool as evidenced by coursework in linear algebra (equivalent to ASU course MAT 342 or MAT 343) and advanced calculus (equivalent to ASU course MAT 371), and it is desirable that applicants have scientific programming skills.

**Career Opportunities:** Graduates of the doctoral program in mathematics possess sophisticated mathematical skills required for careers in many different sectors, including education, industry and government. Potential career opportunities include:

- faculty-track academic
- finance and investment analyst
- mathematician
- mathematics professor, instructor or researcher
- operations research analyst
- statistician

**Contact Information:**
Liberal Arts and Sciences, The College of
School of Mathematical and Statistical Sciences
https://math.asu.edu/degrees/graduate
WXLR A213
grad.math@asu.edu
480-965-3951

## Mathematics Education, PHD (LAMTEPHD)

**Online Degree Search Title:** Mathematics Education (Mathematics and Statistics Dept - Grades 9-20), PhD
**Campus:** Tempe

**Program Description:** This transdisciplinary PhD program in mathematics education accommodates students from a variety of academic backgrounds. It provides students with a solid foundation in graduate-level mathematics as well as research skills and perspectives that allow them to incorporate mathematics into such core educational areas as:

- curriculum
- learning
- teaching
- technology

Conducting individual and collaborative research in the learning and teaching of mathematics is an integral part of the program.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (12 credit hours)
MTE 501 Research in Undergraduate Mathematics Education I (3)
MTE 502 Research in Undergraduate Mathematics Education II (3)
MTE 503 Research in Undergraduate Mathematics Education Ill (3)
MTE 504 Research in Undergraduate Mathematics Education IV (3)

Electives (42 credit hours)

Area Courses (12 credit hours)

Research (6 credit hours)
MTE 792 Research (6)

Culminating Experience (12 credit hours)
MTE 799 Dissertation (12)

Additional Curriculum Information
Four to five graduate-level (500 and above) elective courses from mathematics, cognitive science, psychology, educational technology, philosophy or research should be taken as approved by the advisor.

For the area courses, students are required to take four graduate-level courses from the following areas of interest: mathematics, applied mathematics or statistics. Students should see the academic unit for the approved course list.

Students should see the school's website for information about qualifier and comprehensive examinations based on math coursework.

The doctoral dissertation culminating experience consists of a dissertation prospectus, oral dissertation defense and the submission of a final revised, formatted dissertation document to the Graduate College. Dissertations are composed under chair and committee supervised research including literature review, research, data collection and analysis, and writing.

When approved by the student's supervisory committee and the Graduate College, this program may allow up to 30 credit hours from a previously awarded master's degree to be used for this program. If students do not have a previously awarded master's degree, the remaining coursework is made up of electives and research.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in mathematics or a closely related area, with exceptionally high grades in advanced coursework in mathematics, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of education and career goals
- writing sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

At least two of the letters of recommendation must be from faculty.

**Career Opportunities:** Graduates of the doctoral program in mathematics education have opportunities in Arizona, the US and internationally, typically at research universities and liberal arts colleges, community colleges, and education consulting firms and in roles such as:

- faculty-track academic
- education consultant or analyst
- mathematics professor, instructor or researcher

**Contact Information:**

Liberal Arts and Sciences, The College of
School of Mathematical and Statistical Sciences

WXLR A213
grad.math@asu.edu
480-965-3951

## Medieval Studies (certificate), Certificate (LAMEDSTCE)

**Online Degree Search Title:** Medieval Studies (Graduate Certificate)
**Campus:** Tempe

**Program Description:** The graduate certificate in medieval studies is a transdisciplinary program that provides intensive engagement for graduate students with the global period between c. 500 and c. 1500 CE; investigation of cultural activities and cultural interactions seen in this period in art history, history, languages, literature, music and religion; and studies in the variety of theoretical approaches to understanding these activities and interactions in the Middle Ages. This program builds on the strengths of ASU by taking advantage of the breadth of interdisciplinary offerings in the study of the Middle Ages here.

These areas of emphasis enable students to gain expertise in practical and theoretical knowledge of the field of medieval studies and to engage in developing new models for the continued study of this time period. Students also develop an understanding of intercultural intersections and transdisciplinary approaches to medieval studies, as well as receive advanced training and mentorship in disciplines relevant to medieval studies.

**Degree Requirements:**
15 credit hours.
Required Core (3 credit hours)
One of the following courses:
ARS 514 Monasteries, Madonnas and Manuscripts
ENG 530 Old English
ENG 531 Old English Literature
ENG 532 Middle English Dialects
ENG 632 Advanced Studies in Medieval and Renaissance Literature and Culture
FRE 521 History of the French Language

Electives (12 credit hours)

Additional Curriculum Information
No more than three credit hours may be transferred from another university. No more than six credit hours may be completed prior to admission to the certificate program. At least 10 credit hours must be at the 500-level or above.

Courses must be drawn from at least two different academic units.

To be approved as an elective, a course must spend at least 50% of the class meetings on the subject of the Middle Ages. Students should contact the department for a list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Admission is open to all ASU graduate students in good standing who are enrolled in an existing master's or doctoral degree program.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The Graduate College requires a TOEFL score of at least 550 (PBT) or 80 (iBT).

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

**Global Opportunities:**

Global Experience: Study abroad is possible for graduate students. There are more than 50 program opportunities, with programs on every continent. Faculty-directed programs tend to be the best fit for graduate students; taking courses over the summer or during academic breaks with ASU professors offers close mentorship and professional network growth in many fields of study while earning ASU credit. Exchange program participation is also possible with careful planning. More information on available programs can be found on the Global Education Office (https://goglobal.asu.edu/students/graduate-students) website.

**Career Opportunities:** The graduate certificate in medieval studies is designed to equip students for jobs in academia, but also in a variety of other fields in which a humanities degree and interdisciplinary work are valued. Career examples include:

- digital humanities
- library and archival work
- museum work
- professorship in the humanities and social sciences
- publishing
- public humanities
- public service

## Microbiology, MS (LAMICROMS)

**Online Degree Search Title:** Microbiology, MS
**Campus:** Tempe

**Program Description:** The MS in microbiology is designed to prepare students for careers in bacteriology, virology, mycology, immunology and oncology in academic institutions, government agencies or commercial entities.

Students train broadly in microbiology, including microbial ecology and evolution, geomicrobiology, bacterial physiology and genetics, bacterial pathogenesis, metabolic engineering, immunology and vaccine development, and cancer biology. They receive advanced training in the study of microbes and their impact on humankind, disease and the environment. The tools they use range from nanotechnologies and genomics to mathematical models and satellite-based imaging.

Students receive training in teaching as well as in basic, translational and use-inspired research with world-class faculty and collaborative research partners. Faculty members are associated with the School of Life Sciences, The Biodesign Institute, The Translational Genomics Institute, Barrow Neurological Institute, and other area hospitals and research centers.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Biological Sciences, BS
Biological Sciences (Biology and Society), BS
Biological Sciences (Biomedical Sciences), BS
Biological Sciences (Conservation Biology and Ecology), BS
Biological Sciences (Genetics, Cell and Developmental Biology), BS
Biological Sciences (Neurobiology, Physiology and Behavior), BS
Microbiology, BS
Microbiology (Medical Microbiology), BS
Molecular Biosciences and Biotechnology, BS
Neuroscience, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis.
Required Core (3 credit hours)
MIC 501 Foundations in Microbiology (3)

Electives and Research (21 credit hours)

Culminating Experience (6 credit hours)
MIC 599 Thesis (6)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Prior research experience is a desired qualification for admission.

**Career Opportunities:** Professionals with tailored research training in specific directions, including microbial physiology, environmental microbiology, evolution and ecology, immunology, virology, and various aspects of modern molecular genetics are in demand in diverse sectors.

Career examples include:

- environmental scientists and specialists (including health)
- lab managers in academic and industrial labs
- medical and clinical laboratory technologists
- microbiologists in diverse sectors including food service and health care industry
- natural sciences managers
- research technicians in academic and industrial labs

## Microbiology, PHD (LAMICROPHD)

**Online Degree Search Title:** Microbiology, PhD
**Campus:** Tempe

**Program Description:** The PhD program in microbiology offers a dynamic research environment; a broad range of basic, translational and use-inspired research areas; cutting-edge transdisciplinary training; and opportunities to work with world-class faculty and collaborative research partners committed to training scientific leaders with skills necessary for addressing significant global microbiological problems and challenges.

This program focuses on the smallest of living things and immunology. Students can tailor the program around their interests and gain skills in contemporary approaches used in microbiology, biomedicine and biotechnology. They train in a broad array of fields, including microbial ecology and evolution, geomircrobiology, bacterial physiology and genetics, bacterial pathogenesis, metabolic engineering, immunology and vaccine development, and cancer biology.

Faculty members are associated with the School of Life Sciences, The Biodesign Institute, The Translational Genomics Institute, Barrow Neurological Institute, and other area hospitals and research centers.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (4 credit hours)
BIO 610 Introduction to Responsible Conduct of Research in Life Sciences (1)
MIC 501 Foundations in Microbiology (3)

Electives or Research (68 credit hours)

Culminating Experience (12 credit hours)
MIC 799 Dissertation (12)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following:
- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Prior research experience is a desired qualification for admission.

**Career Opportunities:** Graduates of this program's intense and interactive educational and research training are prepared for advanced careers in research and education, specifically in bacteriology, virology, mycology, immunology and oncology.

Career possibilities are diverse, with opportunities in academic organizations, research and development industries, government service, and other professional organizations. Examples include:

- instructors in universities and colleges
- principal investigators in government labs and nonprofit organizations
- professors in universities and colleges
- research associates in universities
- research scientists in industry

## Molecular and Cellular Biology, MS (LACELLMS)

**Online Degree Search Title:** Molecular and Cellular Biology, MS
**Campus:** Tempe

**Program Description:** The MS program in molecular and cellular biology encourages interdisciplinary, innovative research, allowing students to choose from a diverse range of research and training opportunities. Students gain skills in contemporary approaches used in molecular and cellular biology.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Biological Sciences, BS
Biological Sciences (Biology and Society), BS
Biological Sciences (Biomedical Sciences), BS
Biological Sciences (Conservation Biology and Ecology), BS
Biological Sciences (Genetics, Cell and Developmental Biology), BS
Biological Sciences (Neurobiology, Physiology and Behavior), BS
Microbiology, BS
Molecular Biosciences and Biotechnology, BS
Neuroscience, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis.
Required Core (6 credit hours)
MCB 555 Advanced Molecular and Cellular Sciences (3)
MCB 556 Advanced Molecular and Cellular Biology II (3)

Electives or Research (10 credit hours)

Other Requirements (8 credit hours)
BIO 543 Molecular Genetics and Genomics (3)
BIO 610 Introduction to Responsible Conduct of Research in Life Sciences (1)
MCB 501 Seminar: Molecular and Cellular Biology Colloquium (4)

Culminating Experience (6 credit hours)
MCB 599 Thesis (6)

Additional Curriculum Information
Students are required to take MCB 501 each semester they are registered. If a student is registered for more or fewer than four semesters, the research hours and MCB 501 hours may be adjusted accordingly to reach 30 credit hours.

Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following:
- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Research experience is a desired qualification.

**Career Opportunities:** Those who have earned a master's degree in molecular and cellular biology are prepared for academic careers at every level, from community colleges to research universities, and their skills and knowledge are also valuable for careers in federal and state agencies,

in industry, and in nongovernmental organizations.

Career examples include:

- instructors at community colleges
- researchers and technicians in government labs and non-profit organizations
- scientists and bioinformaticians in academic, private and industrial labs
- science teachers in elementary and high schools

## Molecular and Cellular Biology, PHD (LACELLPHD)

**Online Degree Search Title:** Molecular/Cellular Biology, PhD
**Campus:** Tempe

**Program Description:** The PhD program in molecular and cellular biology emphasizes interdisciplinary approaches in fundamental and highly applied molecular and cellular biology to answer basic and translational research questions. Students can tailor the program around their interests while gaining skills in the most innovative approaches and techniques.

Faculty have a diverse range of research interests and training opportunities for doctoral students interested in pursuing a degree that extends beyond the traditional boundaries of biological research. Participating faculty members and researchers are drawn from multiple departments, colleges, centers and institutes across the university including:

- New College of Interdisciplinary Arts and Sciences
- School of Biological and Health Systems Engineering
- School for Engineering of Matter, Transport and Energy
- School of Human Evolution and Social Change
- School of Life Sciences
- School of Mathematical and Statistical Sciences
- School of Molecular Sciences

Participating faculty members are also based at partner institutions in the greater Phoenix area, including:

- Caris Life Sciences
- Mayo Clinic Arizona
- Phoenix Children's Hospital
- Translational Genomics Research Institute
- University of Arizona College of Medicine-Phoenix

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (6 credit hours)
MCB 555 Advanced Molecular and Cellular Sciences (3)
MCB 556 Advanced Molecular and Cellular Biology II (3)

Electives or Research (54 credit hours)

Other Requirements (12 credit hours)
BIO 543 Molecular Genetics and Genomics (3)
BIO 610 Introduction to Responsible Conduct of Research in Life Sciences (1)
MCB 701 Seminar: Molecular and Cellular Biology Colloquium (8)

Culminating Experience (12 credit hours)
MCB 799 Dissertation (12)

Additional Curriculum Information
Courses listed as other requirements may be substituted with approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following:

- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Research experience is a desired qualification.

**Career Opportunities:** Graduates hold positions as researchers and leaders in nongovernmental organizations, biotech and pharma, and in federal and state agencies.

Career examples include:

- faculty in universities and colleges
- leaders of nonprofit organizations
- principal investigators and leaders in private, government, and industrial labs

## Museum Studies, MA (LAMUSSTMA)

**Online Degree Search Title:** Museum Studies, MA
**Campus:** Tempe
ASU is not currently accepting applications for this program.
**Program Description:** The MA program in museum studies examines how museums produce and reflect culture and examines the role museums play worldwide.

Students develop theoretical questions and applied skills that engage the functions, practices and critical analyses of museums. They also gain practical experience while being encouraged to challenge preconceived notions about museums and the way museums affect and are affected by societies and cultures.

Designed to be use-inspired, socially embedded and transcultural, the program ensures that students understand the meaning and significance of museums in contemporary society and prepares them for diverse museum careers.

**Degree Requirements:**
30 credit hours and a portfolio.
Required Core (3 credit hours)
ASB 579 Critical Issues in Museum Studies (3)

Electives and Research (18)
ASB 592 Research (6)
other electives and research (12)

Other Requirements (9)
ASB 500 Research Methods (3) or ASB 572 Museum Collection Management (3)

ASB 584 Internship (6) OR ASB 584 Internship (3) and ASB 580 Practicum (3)

Culminating Experience (0 credit hours)
portfolio (0)

Additional Curriculum Information
For a complete list of approved elective and research courses, students should contact the school.

Internship (ASB 584) and Practicum (ASB 580) must be approved by their supervisory committees, usually in a museum setting or museum quality collection or archive related to their chosen area of study: anthropology, art history, theory and criticism or public history.

Other courses may be substituted for ASB 500 as an equivalent course with academic unit approval.

On completion of the internship, students must submit a journal or portfolio about the internship and skills acquired.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Suitable backgrounds for admission include disciplines related to museum studies, anthropology, history or art (fine art or art history).

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00="A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00="A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement outlining educational and professional goals
- current curriculum vitae or resume
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Career Opportunities:** The demand in the job market is for people able to analyze a broad range of data on human thought and human behavior. There is a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret large amounts of data.

Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- conducting postgraduate academic research
- consulting for private and public organizations
- directing nonprofit organizations
- directing programs in the private or public sector

**Contact Information:**

## Museum Studies (certificate), Certificate (LAMUSEUMCE)

**Online Degree Search Title:** Museum Studies (Graduate Certificate)
**Campus:** Tempe

**Program Description:** In the museum studies certificate program, students examine how museums produce and reflect culture and they examine the role museums play worldwide.

Students develop theoretical questions and applied skills that engage the functions, practices and critical analyses of museums. They gain practical experience while being encouraged to challenge preconceived notions about museums and the way they affect and are affected by societies and

cultures.

Designed to be use-inspired, socially embedded and transcultural, the program ensures that students understand the meaning and significance of museums in contemporary society and prepares them for diverse museum careers.

**Degree Requirements:**
18 credit hours.
Required Core (3 credit hours)
ASB 579 Critical Issues in Museum Studies (3)

Electives (9 credit hours)

Other Requirements (6 credit hours)
ASB 580 Practicum (3) and ASB 584 Internship (3) OR
ASB 584 Internship (6)

Additional Curriculum Information
Certificate students may choose to specialize in areas such as anthropology, art history and public history.

For a complete list of approved elective and research courses, students should contact the school.

Internship (ASB 584) and Practicum (ASB 580) must be approved by their supervisory committees, usually in a museum setting or museum-quality collection or archive related to their chosen area of study: anthropology, art history, theory and criticism or public history.

For students currently enrolled in an ASU graduate degree program, applicable certificate courses may count toward their degree program, with the approval and consent of the degree granting program. For certificate students who are later admitted to an ASU graduate degree program, up to 12 credit hours from the certificate program may count toward their doctoral degree or up to 12 credit hours may count toward their master's degree, with the approval and consent of the degree-granting program.

All requirements for the certificate program should be completed within a three-year time limit with a minimum cumulative GPA of 3.00 (scale is 4.00 = "A"). Students who require more time to finish the program, because of their part-time status or lack of desirable or available courses, must obtain approval from the executive committee.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Suitable backgrounds for admission include disciplines related to museum studies, anthropology, history or art (fine art or art history).

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement outlining educational and professional goals
- current curriculum vitae or resume
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

For information on spring admission, students should contact the School of Human Evolution and Social Change.

**Career Opportunities:** The demand in the job market is high for people able to analyze a broad range of data on human thought and human behavior. There is a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret large amounts of data.

Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- conducting postgraduate academic research
- consulting for private and public organizations
- directing nonprofit organizations
- directing programs in the private or public sector

**Contact Information:**

## Nanoscience, PSM (LANANPSM)

**Online Degree Search Title:** Nanoscience, PSM
**Campus:** Tempe
This program is not currently accepting applications.
**Program Description:** The PSM in nanoscience is a cohesive program of transdisciplinary courses that provide the knowledge base required for research and innovation in nanoscience. The program incorporates courses in:

- chemistry and biochemistry
- electrical engineering
- materials science
- physics

Commercial innovation is a particular target goal of the degree, including applications in:

- biochemistry and sensing technology
- biophysics and biomedical technology
- nanomaterials and nanoscale devices

The Professional Science Master's degree program in nanoscience is suitable for working professionals as well as for students who have obtained a traditional bachelor's degree or master's degree in related fields.

**Degree Requirements:**
32 credit hours including the required applied project course (NAN 593).
Required Core (5 credit hours)
NAN 505 Nanoscience and Society (2) or NAN 506 Innovation and IP Management (2)
NAN 571 Quantum Physics (3) or NAN 544 Introduction to Nanoscience (3)

Electives or Research (15 credit hours)

Other Requirements (6 credit hours)
NAN 591 Professional Seminar (6)

Culminating Experience (6 credit hours)
NAN 593 Applied Project (6)

Additional Curriculum Information
Students must take either NAN 505 or NAN 506. Students may also take the other course as an elective.

Students with a physical science or engineering background should take NAN 571 Quantum Physics and students with a biochemistry or life sciences background should take NAN 544 Introduction to Nanoscience.

The program includes a two-semester, student-centered professional seminar in which emerges the central role of the program as a vehicle for innovation. During the spring semester and summer session, students conduct an individual applied project in association with a research group. Throughout the program, students interact with research faculty and other students in a variety of disciplines related to nanoscience. Students also meet with visiting speakers and industrialists in the professional seminar as well as in other seminars.

If taken full time, the PSM in nanoscience can be completed in 12 months (fall semester, spring semester and two eight-week summer sessions).

Another option is the two-year, part-time program which allows prospective students and their employers flexibility in scheduling the program of study.

Students should see the academic unit for a complete list of approved electives. Many of the requisite elective courses are currently offered within the Department of Physics and the Department of Chemistry and Biochemistry. Most are cross-listed with other units.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in physics, chemistry or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- two letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. TOEFL scores or equivalent are required for applicants whose native language is not English.

The personal statement should outline the applicant's research interests and why the applicant wants to apply to the Professional Science Master's degree program.

GRE scores are not required but are taken into consideration if submitted.

Letters of recommendation should be from individuals familiar with the applicant's work or studies relevant to the program.

**Career Opportunities:** Nanoscale science and engineering are having an increasing impact on many aspects of daily life and the opportunities for careers are rapidly expanding. In areas as diverse as designing medical diagnostic devices to building better batteries, from creating cosmetics to enhancing energy efficient windows, from auto and plane manufacturing to researching the nature of matter itself, knowledge of nanoscale science and engineering will be increasingly important during upcoming years and decades.

The highly technical field of nanotechnology and nanoscience is always looking for scientists, engineers and technicians. Career examples include:

- applications engineer
- biotechnologist
- forensic scientist
- instrument development engineer
- manufacturing engineer
- market development manager
- materials scientist
- mechanical or electrical engineer
- medical engineer
- microscopist
- optical engineer
- research scientist
- technical program manager

## Natural Science (Earth and Space Sciences), MNS (LANATSCIMN)

**Online Degree Search Title:** Natural Science (Earth and Space Sciences), MNS

**Campus:** Tempe

**Program Description:** The School of Earth and Space Exploration participates in the transdiciplinary program leading to the MNS in natural science with a concentration in earth and space sciences. This program is designed to meet the needs of professionals seeking a graduate-level degree and is especially suited for individuals who desire professional training rather than research training.

The program must be transdisciplinary; students are expected to emphasize coursework in two or more areas of specialization. The program offers the opportunity for graduate training in the natural sciences (i.e., biological sciences, mathematics and physical sciences) and cognate areas. Because it is flexible by design, the program also offers the opportunity for individualized professional graduate programs depending upon the backgrounds and goals of the students.

**Degree Requirements:**
30 credit hours including the required applied project course (SES 593).
Required Core (1 credit hour)
SES 502 Exploring SESE Research (1)

Other Requirements (19 credit hours)
SES 501 SESE Colloquium (1)
GLG or SES courses (18)

Electives or Research (4 credit hours)

Culminating Experience (6 credit hours)
SES 593 Applied Project (6)

Additional Curriculum Information
Other Requirements coursework includes SES 501 and 18 credit hours of GLG or SES graduate-level courses. Exceptions and substitutions may be allowed with approval of the academic unit.

The supervisory committee is chosen by the student in conjunction with the advisor. The composition of the supervisory committee must reflect the transdisciplinary nature of the program. The student develops a suitable applied project with the approval of the supervisory committee.

Students must submit a plan of study after conferring with the supervisory committee. While a minimum of 30 credit hours is required for the degree, more credit hours may be required by the supervisory committee, depending upon the background of the student and the nature of the proposed program.

In some cases, undergraduate courses may be required to remove deficiencies.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Career Opportunities:** Professionals with expertise in earth and space sciences are in high demand across sectors and industries, including remote sensing, natural resource management, data science, environmental consulting, hazard and risk assessment, geophysics and planetary science. Skills in the measurement and analysis of data related to the physics, chemistry and structures of earthly and planetary systems are valuable to businesses and institutions relying on data-driven strategies to interact with the planet and explore beyond the Earth.

Career examples include:

- geologist
- high school teacher
- science communication expert

- science writer and science journalist

**Contact Information:**

## Natural Science (Physics), MNS (LAPHYSMNS)

**Online Degree Search Title:** Physics, MNS
**Campus:** Tempe

**Program Description:** The MNS program in physics provides transdisciplinary graduate training in physics, physical science or physics education. The program is especially suited for in-service high school science teachers who desire professional training rather than pursuit of a research-based degree.

Designed for flexibility, the curriculum also features individualized professional graduate programs. These programs are well suited to the backgrounds and goals of students. Students are expected to emphasize coursework in two or more areas of concentration. The program must be transdisciplinary.

**Degree Requirements:**
30 credit hours including the required applied project course (PHS 593).
The graduate advisor and the student suggest three faculty members who reflect the transdisciplinary nature of the program to serve on the supervisory committee which, upon the recommendation of the chair of the Department of Physics, is appointed by the vice provost for the Graduate College soon after the student has been admitted to the degree program.

After conferring with the student, the supervisory committee recommends the plan of study. The committee may require additional coursework to ensure proficiency, depending upon the student's background and the nature of the proposed program. In some cases, undergraduate courses may be required to overcome deficiencies.

Teachers may enroll in these courses in order to earn credit toward recertification or to pursue a Master of Natural Science degree. These courses are held during the summer. Depending on teacher interest, they may be offered at other times. For some courses, the prerequisites are two semesters of trigonometry-based college physics and an introductory calculus course.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's degree from a regionally accredited institution. The program is open to in-service high school teachers who have completed two semesters of college physics and an introductory calculus course. Under-prepared teachers can make up deficiencies in regularly scheduled courses. Students must be able to attend classes in-person at the Tempe campus.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- two letters of recommendation
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals familiar with the applicant's work or studies relevant to the natural science program.

Conditions for admission are the availability of resources for the proposed program and a Department of Physics faculty member designated to serve as a graduate advisor.

**Career Opportunities:** Graduates possess deeper understanding of physics and related subjects both conceptually and pedagogy. They are better prepared for teaching physics and other related subjects, and they may be qualified to teach dual enrollment courses in physics or related subjects such as chemistry.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Neuroscience, PHD (GCBMENPHD)

**Online Degree Search Title:** Neuroscience, PhD
**Campus:** Tempe

**Program Description:** Neuroscience is the scientific study of the nervous system. Studies in neuroscience can be multifaceted and combine physiology, anatomy, molecular biology, developmental biology, cytology, computer science and mathematical modeling to understand the fundamental and emergent properties of the many different cells in the brain and how they interact and co-regulate each other.

Students integrate several levels of analysis --- molecular, cellular, systems, behavioral and cognitive --- to investigate basic, translational and clinical questions about the relationship between the brain and behavior.

The PhD program in neuroscience includes aspects of graduate-level training from many different units on campus as well as from the program's partner institutions distributed across the greater Phoenix area. Partner institutions include Barrow Neurological Institute, Translational Genomics Research Institute, University of Arizona College of Medicine and Sun Health Research Institute.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (8 credit hours)
BIO 610 Introduction to Responsible Conduct of Research in Life Sciences (1)
NEU 556 Human Systems Neuroscience (4)
NEU 576 Advanced Cellular and Molecular Neuroscience (3)

Electives or Research (58 credit hours)

Other Requirements (6 credit hours)
NEU 558 Neuroscience Journal Club (3)
NEU 591 Seminar (3)

Culminating Experience (12 credit hours)
NEU 799 Dissertation (12)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Regular admission may be granted to applicants who have achieved the minimum cumulative GPA requirement or better in the last two years of work leading to a bachelor's degree and who are competitive in the applicant pool as evidenced by letters of recommendation. Particular attention is paid to research experience and overall preparation in problem-solving abilities as evidenced by previous coursework and research experiences.

There are no specific undergraduate course requirements other than those implied by the degree requirements described above. Most students are expected to have had coursework in biology, chemistry and math.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation

- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Research experience is a desired qualification.

**Career Opportunities:** A doctorate in neuroscience provides strong preparation for academic careers at every level from community colleges to research universities. Graduates also apply the skills and knowledge obtained in this program in government careers in federal and state agencies, in industry (biotech, medical or pharmaceutical), as well as in nongovernmental organizations.

Career examples include:

- health care scientists in academic, private and industrial labs
- principal investigators in government labs and nonprofit organizations
- professors or instructors in universities and colleges
- science teachers in elementary and high schools

## Philosophy, MA (LAPHILMA)

**Online Degree Search Title:** Philosophy, MA
**Campus:** Tempe

**Program Description:** The School of Historical, Philosophical and Religious Studies offers an MA degree program in traditional and contemporary philosophy. General areas of research include ethics, political philosophy, metaphysics, epistemology, philosophy of law, philosophy of science, feminist philosophy, philosophy of language, experimental philosophy and the history of philosophy.

Members of the faculty are involved in interdisciplinary work in a variety of fields and enjoy close ties with the Lincoln Center for Applied Ethics, the Sandra Day O'Connor College of Law, and a number of other graduate programs at ASU. The philosophy program sponsors an active colloquium series and regular philosophical conferences on diverse topics. The Lincoln Center for Applied Ethics also sponsors a wide range of activities, including large-scale conferences, distinguished visitors and support for graduate study.

The program seeks to maintain a balance between course offerings in the traditional areas of philosophy and opportunities for study of current philosophical developments.

**Degree Requirements:**
30 credit hours and a portfolio, or 30 credit hours and a thesis.
Required Core Areas (9 credit hours)
epistemology (3)
metaphysics (3)
value theory (3)

Electives and Research (15 or 21 credit hours)

Culminating Experience (0 or 6 credit hours)
PHI 599 Thesis (6) or
portfolio (0)

Additional Curriculum Information
There are two culminating experience options for the master's degree program in philosophy: the thesis option and the nonthesis portfolio option.

Thesis students take 15 credit hours of electives. Portfolio students take 21 credit hours of electives, which must include PHI 592 Research for three credit hours.

Students should see the academic unit for the list of courses approved for each core area in epistemology, metaphysics and value theory.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- writing sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency, a copy of an article or research paper in their native or principal research language, as well as the English writing sample required of all students regardless of their current residency. The philosophy program requires a TOEFL iBT score of at least 100, or 7.0 on the IELTS.

The statement of purpose should explain the applicant's specific intent and be no more than 600 words in length.

The writing sample must be a piece of philosophical writing, preferably a seminar paper or published article of no more than 20 pages and not a thesis or dissertation.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Students will be able to identify and articulate a philosophical problem or question in one of the core areas in philosophy --- that is, metaphysics, epistemology and value theory.
- •Students will be able to construct a reasoned defense of a clear, creative, and original solution to a philosophical problem in one of the core areas of philosophy --- that is, metaphysics, epistemology and value theory.
- •Students will be able to evaluate a solution or answer to a philosophical problem or question (such as one of those explicated in the course readings).
- •Students will be able to explain a philosophical argument or point verbally.

**Career Opportunities:** Both the Master of Arts and doctoral programs in philosophy help students develop and hone skills that are highly marketable and easily transferable.

Philosophy teaches its students to think critically, creatively and imaginatively. Though routine jobs are increasingly being lost to advances in automation and artificial intelligence, these skills are irreplaceable by technology, highly sought-after by employers, and transferrable from one occupation to another. They have the ability to read closely and with a critical eye; to analyze complex problems and identify all the possible solutions, including some creative solutions; to assess the merits of each possible solution; and to articulate and argue for or against various possible solutions in clear, precise and unambiguous language.

As philosophy focuses on honing certain skills rather than acquiring a particular body of knowledge, philosophy prepares its students for a wide variety of careers rather than for just one particular occupation. Indeed, philosophy prepares its students for any career requiring problem-solving; clear, critical and creative thinking; and excellent reading, writing and communication skills.

The master's degree program in philosophy is designed to prepare students to enter doctoral programs, teach philosophy at the community college level, or work in any area that requires critical, analytical thinking, such as medicine, law, government or publishing.

Career examples include:

- businessperson
- computer programmer
- counselor
- educator
- journalist
- lawyer
- politician
- public policy analyst

- publisher
- writer

## Philosophy, PHD (LAPHILPHD)

**Online Degree Search Title:** Philosophy, PhD
**Campus:** Tempe

**Program Description:** The School of Historical, Philosophical and Religious Studies offers a newly redesigned PhD program in philosophy.

General areas of research include ethics, political philosophy, metaphysics, epistemology, philosophy of law, philosophy of science, philosophy of language, philosophy of religion and the history of philosophy. The program features a focus on practical and applied philosophy and an interdisciplinary coursework component related to the student's research topic.

Practical philosophy includes the fields of ethics, philosophy of law, social and political philosophy, feminist ethics and political philosophy.

Applied philosophy includes the application of theories developed within any of the subdisciplines of philosophy to everyday problems or phenomena, such as the application of the philosophy of language in relation to hate speech or the philosophy of mind in relation to computing and artificial intelligence. Applied philosophy also includes the application of research produced by methods used in other disciplines in order for the student to understand and address philosophical questions, like the application of data-gathering instruments used in psychology to answer questions in experimental philosophy.

Students may design dissertation projects in any of the major subfields of philosophy. For their interdisciplinary coursework supporting the dissertation project, students might, for example, pursue a certificate in social transformation, gender studies, responsible innovation in sciences, or engineering and society.

Members of the faculty are involved in interdisciplinary work in a variety of fields and enjoy close ties with the Lincoln Center for Applied Ethics, the College of Law and a number of other graduate programs at the university. The ASU philosophy faculty group sponsors an active colloquium series and regular philosophical conferences on diverse topics. The Lincoln Center for Applied Ethics also sponsors a wide range of activities, including large-scale conferences, distinguished visitors and support for graduate study.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core Areas (15 credit hours)
applied philosophy (3)
epistemology (3)
formal methods (3)
metaphysics (3)
value theory (3)

Electives (45 credit hours)

Research (12 credit hours)
PHI 792 Research (12)

Culminating Experience (12 credit hours)
PHI 799 Dissertation (12)

Additional Curriculum Information
Students should see the academic unit for the list of courses approved for each required core area.

In completing the electives requirements, at least nine credit hours and no more than 18 credit hours must be from other disciplines supporting the student's proposed dissertation area; 30 credit hours from a previously awarded master' degree may apply toward this requirement with approval by the student's supervisory committee and the Graduate College.

To ensure breadth in the traditional areas of philosophy, students must pass with a grade of "B" or better (3.00 on a 4.00 scale).

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- writing sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency, a copy of an article or research paper in their native or principal research language, as well as the English writing sample required of all students regardless of their current residency. The philosophy program requires a TOEFL iBT score of at least 100, or 7.0 on the IELTS.

The statement of purpose should explain the applicant's scholarly background and training, career goals, the primary field the applicant wishes to pursue, and the proposed research specialization (no more than 600 words in length).

The writing sample must be a piece of philosophical writing, preferably a seminar paper or published article of no more than 20 pages.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Achieve competence with philosophical literature and writing
- •Achieve professional-level skills in mastering literature and philosophical writing
- •Able to identify and articulate a philosophical problem or question in one of the core areas in philosophy --- that is, metaphysics, epistemology and value theory

**Career Opportunities:** Both the MA and doctoral programs in philosophy help students develop and hone skills that are highly marketable and easily transferable.

Philosophy teaches its students to think critically, creatively and imaginatively. Though routine jobs are increasingly being lost to advances in automation and artificial intelligence, these skills are irreplaceable by technology, highly sought-after by employers, and transferrable from one occupation to another. They are the ability to read closely and with a critical eye; to analyze complex problems and identify all the possible solutions, including some creative solutions; to assess the merits of each possible solution; and to articulate and argue for or against various possible solutions in clear, precise and unambiguous language.

As philosophy focuses on honing certain skills rather than acquiring a particular body of knowledge, philosophy prepares its students for a wide variety of careers rather than for just one particular occupation. Indeed, philosophy prepares its students for any career requiring problem-solving; clear, critical and creative thinking; and excellent reading, writing and communication skills.

The program is designed to prepare students for careers as philosophers, as teachers of philosophy and in areas in which they may benefit from advanced training in philosophy, such as law, civil service and publishing.

Career examples include:

- businessperson
- computer programmer
- counselor
- educator
- journalist
- lawyer
- politician
- public policy analyst
- publisher
- writer

## Physics, MS (LAPHYSIMS)

**Online Degree Search Title:** Physics, MS
**Campus:** Tempe
ASU is not currently accepting applications for this program.
**Program Description:** The MS program in physics provides graduate instruction and research experience appropriate to many physics-related careers. The structure of the program is flexible enough to allow a wide range of programs of study and a wide range of student backgrounds. It is also suitable for part-time study.

Completion of the program requires a minimum of two years, with students typically taking courses for the first three semesters and completing a research project in their final semester. Each student defends a master's degree thesis at the end of the program.

**Degree Requirements:**
30 credit hours and a thesis.
The master's degree in physics can emphasize either physics or physics in combination with other fields.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in physics or a closely related field from a regionally accredited institution. To be admitted to the master's degree program in physics without deficiencies, applicants should have adequate undergraduate preparation equivalent to an undergraduate major of 30 credit hours in physics and 20 credit hours in mathematics. Courses in analytic mechanics, electromagnetism and modern physics, including quantum mechanics, are particularly important.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- test scores for the verbal, quantitative and analytical sections of the GRE
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency in the form of a TOEFL or equivalent score regardless of their current residency.

Submission of scores for the physics GRE subject test is recommended, although not mandatory.

Financial support in the form of teaching or research assistantships is contingent upon satisfactory performance in coursework, timely completion of the final examination for the master's degree, and need and availability of such support.

Students on probation are offered financial support only under exceptional circumstances.

**Career Opportunities:** As professional physicists, graduates can advance the frontiers of physics by generating new knowledge in their subfield while working on the most challenging scientific problems at the forefront of human understanding. Physicists are valued for their analytical, technical and mathematical skills and find employment in a vast majority of employment sectors, including:

- academia
- engineering
- finance
- technology

**Contact Information:**
Liberal Arts and Sciences, The College of
Department of Physics
https://physics.asu.edu/

PSF 470

## Physics, PHD (LAPHYSIPHD)

**Online Degree Search Title:** Physics, PhD
**Campus:** Tempe

**Program Description:** The PhD program in physics is intended for highly capable students who have the interest and ability to follow a career in independent research.

The recent advent of the graduate faculty initiative at ASU extends the spectrum of potential physics doctoral topics and advisors to include highly transdisciplinary projects that draw upon:

- biochemistry
- biology
- chemistry
- electrical engineering
- materials science
- other related fields

Consequently, students and doctoral advisors can craft novel doctoral projects that transcend the classical palette of physics subjects. Transdisciplinary expertise of this nature is increasingly vital to modern science and technology.

Current areas of particular emphasis within the department include:

- biological physics
- cosmology
- electron diffraction and imaging
- nanoscale and materials physics
- particle physics and astrophysics

The department has more than 90 doctoral students and more than 40 faculty members.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (18 credit hours)
PHY 500 Research Methods (6)
PHY 521 Classical and Continuum Mechanics (3)
PHY 531 Electrodynamics (3)
PHY 541 Statistical Physics (3)
PHY 576 Quantum Theory (3)

Electives or Research (54 credit hours)

Culminating Experience (12 credit hours)
PHY 799 Dissertation (12)

Additional Curriculum Information
Of particular note within the core courses are the PHY 500 Research Rotations, which are specifically designed to engage doctoral students in genuine, faculty-guided research starting in their first semester at ASU. Students take PHY 500 during the fall and spring of their first year.

Coursework beyond the core courses is established by the student's doctoral advisor and supervisory committee, working in partnership with the student. The intent is to tailor the doctoral training to the specific research interests and aptitudes of the student while ensuring that each graduating student emerges with the expertise, core knowledge and problem-solving skills that define a successful doctoral degree in physics.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 credit hours of coursework are made up of electives to reach the required 84 credit hours.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in physics or a closely related area, from a regionally accredited institution. Applicants must have had adequate undergraduate preparation equivalent to an undergraduate major of 30 credit

hours in physics and 20 credit hours in mathematics. Courses in analytic mechanics, electromagnetism and modern physics, including quantum mechanics, are particularly important.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants requesting credit for prior graduate courses, taken either at ASU or elsewhere, must demonstrate mastery of the relevant course material to the graduate-level standards of the Department of Physics.

**Career Opportunities:** As a professional physicist, graduates can advance the frontiers of physics by generating new knowledge in their subfield while working on the most challenging scientific problems at the forefront of human understanding. Graduates find positions in a variety of settings, such as academic faculty, administration, government labs, industrial labs and management.

Physicists are valued for their analytical, technical and mathematical skills and find employment in a vast array of employment sectors, including:

- academia
- engineering
- finance
- technology

**Contact Information:**
Liberal Arts and Sciences, The College of
Department of Physics

## Plant Biology and Conservation, MS (LAPLBIOMS)

**Online Degree Search Title:** Plant Biology and Conservation, MS
**Campus:** Tempe

**Program Description:** The MS program in plant biology and conservation provides students with advanced training in plant ecology, evolution and floristics as well as in theory and practice of conservation biology.

Students have the opportunity to work with faculty and researchers from ASU and the Desert Botanical Garden, located in Phoenix near ASU's Tempe campus.

This master's degree program is offered in collaboration with the Desert Botanical Garden.

**Degree Requirements:**
30 credit hours and a thesis.
Required Core (3 credit hours)
PLB 502 Perspectives in Plant Biology (3)

Research (3 credit hours)
PLB 592 Research (3)

Electives (17 credit hours)

Other Requirements (1 credit hour)
BIO 591 Seminar (1)

Culminating Experience (6 credit hours)
PLB 599 Thesis (6)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in biology, botany or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following:

- graduate admission application and application fee
- official transcripts
- academic record form
- personal statement
- curriculum vitae or resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Career Opportunities:** The conservation field demonstrates a growing need for botanists and conservation biologists in academic institutions, government agencies and nongovernmental organizations.

A master's degree in plant biology and conservation provides strong preparation for academic careers. The skills and knowledge obtained in this program are also valuable for government careers in federal and state agencies responsible for management and conservation and for careers in industry and nongovernmental organizations.

Career examples include:

- conservation scientists at parks and natural resource centers, museums and national forests
- food and agriculture scientists in academic, private and industrial labs
- instructors at community colleges
- researchers and technicians in government labs and nonprofit organizations
- science teachers in elementary and high schools

**Contact Information:**
Liberal Arts and Sciences, The College of
School of Life Sciences

## Political Psychology, MA (LAPPSMA)

**Online Degree Search Title:** Political Psychology, MA
**Campus:** Online

**Program Description:** Developed as an interdisciplinary program crossing political science and psychology, the MA in political psychology was created to aid in the professional advancement of electoral and issue advocacy campaigns, government and private sector careers, and careers in nonprofit organizations. Students learn the skills they need to mobilize voters and social movements, advance governmental programs, design successful political communication strategies, and effectively market political candidates for local, state and federal offices.

The program's mission is to educate students in the most recent insights from evidence-based research, prepare students with innovative tools and with knowledge that gives them an advantage over their peers, and to encourage hands-on training that ensures they can apply their classroom learning. Students have regular interactions with world-class teachers and researchers who help students learn how to shape the world in a meaningful and positive way.

The School of Politics and Global Studies is host to the Center on the Future of War, the Center for Latina/os and American Politics Research, and

the SPGS Experimental Laboratory. The Department of Psychology hosts 10 doctoral, master's degree and graduate certificate programs that investigate issues such as social influence and persuasion, prejudices and discrimination, and neuroscience and clinical pathology. Faculty members are active in collaborative interdisciplinary research at ASU and with scholars at other universities and have won many major grants and awards.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Political Science, BS
Political Science, BA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required capstone course (PPS 550).
Required Core (3 credit hours)
PPS 501 Fundamentals of Political Psychology (3)

Other Requirement (6 credit hours)
PPS 504 Attitudes and Persuasion (3)
PPS 506 Experimental Design (3)

Electives (18 credit hours)

Culminating Experience (3 credit hours)
PPS 550 Capstone (3)

Additional Curriculum Information
Students should see the academic unit for a list of approved elective courses.

Other requirement coursework may be substituted with approval from the program director. Substitutions are based on student interest in narrowing their specialization with guidance. This program does not seek to replicate existing communications or marketing degrees, but rather harness the political psychology perspective as applied to a variety of potential student interests and careers.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- letter of intent or written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

A letter of recommendation is strongly encouraged but not required to be submitted. The preferred type of letter of recommendation is an academic recommendation, but a letter from an employer or other supervisor is also permitted. The letter should address topics such as the applicant's analytical skills, ability to integrate information, level of motivation, ability to meet deadlines and work ethic. Once the application has been submitted, the listed recommender will receive an email with instructions for providing their recommendation.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/political-psychology-ma/) for program descriptions and to request more information.

**Career Opportunities:** The Master of Arts program in political psychology prepares students for a variety of careers in politics and related fields. An understanding of how voters make decisions and behave is crucial for jobs in political campaigns, grassroots organizations and political party organizations. The communication skills developed in this program could lead to careers in political marketing or political advertising. Graduates are also prepared for a variety of jobs in local, state or federal government.

Career examples include:

- campaign manager
- campaign strategist
- community organizer
- fundraising consultant
- issue advocacy consultant
- legislative aide
- lobbyist
- media strategist
- political analyst
- political marketing manager

## Political Science, MA (LAPOLSCMA)

**Online Degree Search Title:** Political Science, MA
**Campus:** Tempe
The GRE requirement is waived for fall 2024 admissions.
**Program Description:** The MA program in political science offers a variety of areas of specialization within and between the four main subfields of political science --- American politics, comparative politics, international relations, and political theory --- with particular strengths in ethno-religious dynamics, women and politics, political violence, human rights, political psychology, political economy and Latino politics.*

Faculty are also active in collaborative interdisciplinary research at ASU and with scholars at other universities; many have won major grants and awards. The school is host to the Center on the Future of War, the Center for Latina/os and American Politics Research and an experimental lab. Faculty are also affiliated with other centers at ASU, such as the Leadership, Diplomacy and National Security Lab, the Center for the Study of Religion and Conflict, the Melikian Center for Russian, Eurasian, and East European Studies, as well as the Center for the Study of Economic Liberty.

This Master of Arts program may be taken as a terminal program or as a step toward eventual fulfillment of the requirements for the doctorate. Students who plan to obtain the doctorate at ASU should apply directly to the doctoral program.

*Students interested in a political theory specialization should consult with the academic unit prior to application.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Global Studies, BA
Political Science, BA
Political Science, BS
Politics and the Economy, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a portfolio, or 30 credit hours and a thesis.
Required Core Course (3 credit hours)
POS 503 Empirical Political Inquiry (3)

Other Requirements (6 credit hours)
focus area course (3)
POS 603 Polimetrics I or second focus area course for political theory (3)

Electives (15 or 21 credit hours)

Culminating Experience (0 or 6 credit hours)
POS 599 Thesis (6) or
portfolio (0)

Additional Curriculum Information:
Students selecting the thesis option must submit a written thesis and hold an oral defense. Students selecting the portfolio option must submit a written paper and hold an oral defense.

The course POS 603 Polimetrics I may be substituted with permission of both the director of Graduate studies and the faculty advisor. Students in the political theory focus area take a second focus area course instead of POS 603.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- writing sample
- GRE scores
- three letters of recommendation
- list of political science courses taken
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

To assist in evaluating all candidates, the applicant should list titles and related information for all previous undergraduate and graduate courses or coursework in political science or related fields. The file must be saved in a .pdf, .doc, .rtf or .txt format and uploaded with the online graduate admission application. The information should be in a table with the following column headings: Course Title, Undergrad Credit Hours, Graduate Credit Hours, Grade, Institution, Year.

Undergraduate coursework in political science is not a prerequisite for admission. However, master's degree students should have a basic understanding of elementary statistics and the undergraduate content of the political science fields of concentration that they wish to study. Students should allow sufficient time to acquire such a background.

**Career Opportunities:** Graduates are prepared for research or applied careers in political science in government, nonprofits and the private sector. Career examples include:

- campaign consultant
- campaign strategist
- data analyst
- lobbyist
- research specialist

# Political Science, PHD (LAPOLSCPHD)

**Online Degree Search Title:** Political Science, PhD
**Campus:** Tempe
The GRE requirement is waived for fall 2024 admissions.
**Program Description:** The PhD program in political science is intended to develop scholars who demonstrate a high level of excellence in teaching and research as professional political scientists. It offers a variety of areas of specialization within and between the four main subfields of political science: American politics, comparative politics, international relations and political theory. Students interested in a political theory specialization should consult with the academic unit prior to application.

Program faculty have particular strengths in Latino and Latina politics, women and politics, ethno-religious dynamics, political violence, human rights, political psychology and political economy.

The school is host to the the Center for Latinos and American Politics Research, the Center on the Future of War, and an experimental lab. Faculty are also affiliated with other centers at ASU, such as the Leadership, Diplomacy and National Security Lab; the Center for the Study of Religion and Conflict; the Melikian Center for Russian, Eurasian and East European Studies; as well as the Center for the Study of Economic Liberty. Many faculty members are active in collaborative interdisciplinary research at ASU and with scholars at other universities, and they have won major grants and awards, as have the school's doctoral students.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
POS 503 Empirical Political Inquiry (3)

Electives and Research (69 credit hours)

Culminating Experience (12 credit hours)
POS 799 Dissertation (12)

Additional Curriculum Information
A maximum of 12 credit hours of approved coursework outside the department but within ASU may count toward the required 84 credit hours.

Coursework beyond the 12 credit hour maximum may be taken outside the department with permission of both the director of Graduate Studies and the faculty advisor.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework is made up of electives and research to reach the required 84 credit hours.

Also required is a formal oral defense of the dissertation and a written comprehensive examination in the major field.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- writing sample
- GRE scores
- three letters of recommendation
- list of political science courses taken
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

To assist in evaluating all candidates, the applicant should list titles and related information for all previous undergraduate and graduate courses or coursework in political science or related fields. The file must be saved in a .pdf, .doc, .rtf or .txt format and uploaded with the online graduate admission application. The information should be in a table with the following column headings: Course Title, Undergrad Credit Hours, Graduate

Credit Hours, Grade, Institution, Year.

Undergraduate coursework in political science is not a prerequisite for admission. However, applicants to the doctoral program should have a basic understanding of elementary statistics and the undergraduate content of the political science fields of specialization that they wish to study. Students without this background should allow sufficient time to acquire it.

**Career Opportunities:** Program graduates have a strong track record of obtaining positions in academic, public and private sectors. The program works closely with students so they have the opportunity and tools needed to achieve their career goals. The doctoral program provides advanced education for students preparing for teaching, research or applied careers in political science in government, nonprofits and the private sector.

Career examples include:

- campaign consultant
- campaign strategist
- data analyst
- lobbyist
- research specialist
- tenure-track or instructional faculty in political science

## Psychology, PHD (LAPSYCHPHD)

**Online Degree Search Title:** Psychology, PhD
**Campus:** Tempe

**Program Description:** The Department of Psychology offers PhD programs designed to provide outstanding training in innovative research, methodology and the application of psychological principles to a wide variety of human conditions.

The department is organized into six major areas of interest. The quantitative research methods (https://degrees.apps.asu.edu/masters-phd/major/ASU00/LAPSYQUPHD/psychology-quantitative-research-methods-phd) area is a formalized concentration separate from the other training areas; it requires application directly to that program.

- behavioral neuroscience and comparative psychology
- clinical psychology
- cognitive science
- developmental psychology
- quantitative research methods
- social psychology

Students pursue their graduate studies within one of these six areas, and each area determines the basic curriculum for their graduate program. There is, however, substantial opportunity to integrate courses of study across areas in the department.

Further specialized emphases are available that integrate across programs in the university.

At the core of doctoral training in psychology is an emphasis on the development of skill in research and quantitative methods. Faculty in all six areas are actively engaged in major research programs. These theoretically grounded research programs address the breadth of psychological processes, including evolution and behavior; cognitive processes (e.g., attention, language, memory) as they occur within the context of perception and action, personality and issues of stigma and prejudice; individual resilience; cultural influences on psychological processes; neurobiological and psychosocial processes that underlie behavior and health (e.g., drug abuse, stress, heart disease); prevention of child mental health problems; and lifespan developmental aspects of emotion and cognition.

A unique strength of the Department of Psychology is the wealth of outstanding faculty members whose specialization is quantitative methods. A breadth of courses and experiences in quantitative methods are available that are well integrated into the areas of research that characterize the department and offer students the distinctive opportunity to develop expertise in this critical domain.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (3 or 4 credit hours)

PSY 502 Professional Issues in Psychology (3) or
PSY 531 Multiple Regression in Psychological Research (4)

Electives and Research (68 or 69 credit hours)

Culminating Experience (12 credit hours)
PSY 799 Dissertation (12)

Additional Curriculum Information
In addition to required coursework pertaining to the training area, students take courses related to their area of interest as determined in consultation with their supervisory committees. Requirements vary across training areas.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in psychology or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- SlideRoom application and fee
- statement of purpose form
- curriculum vitae or resume
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

To apply to the doctoral programs, applicants must follow the instructions on the doctoral program admission instructions and checklist. It is strongly recommended that applicants download and print this form to ensure completion of the application process and include all of the required supplemental forms.

The Department of Psychology application process is completed online through ASU's Graduate Admission Services which includes the application form and official transcripts. Application to Department of Psychology doctoral programs is also completed via SlideRoom, to process supplemental application materials. The SlideRoom account requires an additional fee.

Applicants must submit three academic letters of recommendation from faculty members who know the student well. Three letters are required but four letters of recommendation may be submitted.

**Career Opportunities:** Professionals with expertise in research and applications of psychological science are in high demand across multiple career sectors, including academia, education, industry, health care, mental health care, government and in community organizations. Skills in measurement, research, design and analysis of data across areas of psychological science are important in all of these career sectors as are skills in mental health assessment, prevention, treatment and program evaluation.

Career options include:

- consultant
- data scientist-biostatistician
- evaluation program specialist
- licensed clinical psychologist
- psychology professor
- research associate
- research professor
- senior analyst
- staff psychologist
- teaching faculty

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential

licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Psychology (Quantitative Research Methods), PHD (LAPSYQUPHD)

**Online Degree Search Title:** Psychology (Quantitative Research Methods), PhD
**Campus:** Tempe

**Program Description:** The quantitative research methods concentration of the PhD program in psychology focuses on the broad class of quantitative and methodological issues that arise in the conduct of both basic and applied psychological research.

There are seven core faculty members in the quantitative concentration who, in addition to their quantitative research, collaborate with colleagues in substantive research areas. These collaborations help to support the training of students in quantitative methods against a backdrop of methodological issues associated with the substance of psychological science.

The quantitative concentration program is committed to training the next generation of psychological methodologists who make contributions in developing methods in the areas of measurement, study design and analysis, modeling, and evaluating the utility of new and existing methods in psychological research.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (3 or 4 credit hours)
PSY 502 Professional Issues in Psychology (3) or
PSY 531 Multiple Regression in Psychological Research (4)

Concentration (3 credit hours)
PSY 533 Structural Equation Modeling (3)

Other Requirements (31 credit hours)
PSY 530 Intermediate Statistics (4)
PSY 532 Analysis of Multivariate Data (3)
PSY 534 Psychometric Methods (3)
PSY 536 Statistical Methods in Prevention Research (3)
PSY 537 Longitudinal Growth Modeling (3)
PSY 538 Advanced Structural Equation Modeling (3)
PSY 539 Multilevel Models for Psychological Research (3)
PSY 540 Missing Data Analysis (3)
PSY 543 Statistical Mediation Analysis (3)
PSY 555 Experimental and Quasi-Experimental Designs for Research (3)

Electives (22 or 23 credit hours)

Research (12 credit hours)

Culminating Experience (12 credit hours)
PSY 799 Dissertation (12)

Additional Curriculum Information
Electives are determined in consultation with the student's supervisory committee.

Other requirements courses may be substituted for other courses based on consultation with the student's supervisory committee.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- SlideRoom application and fee
- statement of purpose form
- curriculum vitae or resume
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

To apply to the doctoral program, applicants must follow the instructions on the Doctoral Program Admissions Instructions and Checklist. It is strongly recommended that applicants download and print the Doctoral Program Admissions Instructions and Checklist to ensure completion of the application process and include all of the required supplemental forms.

The Department of Psychology application process is completed online through ASU's Graduate Admission Services which includes the application form and official transcripts. Application to the Department of Psychology doctoral programs is also completed via SlideRoom to process supplemental application materials. The SlideRoom account requires an additional fee.

Applicants must submit three academic letters of recommendation from faculty members who know the student well. Three letters are required but four letters of recommendation may be submitted.

**Career Opportunities:** Quantitative psychologists have expertise in both developing and applying sophisticating statistical and methodological solutions to issues that arise in research. Although the home department is psychology, the skills students develop during the doctoral training span an incredible array of applications, including areas like education, health, neuroscience and marketing.

Graduates from the ASU program are especially prized for their ability to work in interdisciplinary teams and to communicate complex concepts clearly.

Career examples include:

- consultant
- data scientist
- policy analyst
- psychology professor
- psychometrician
- research scientist

## Religious Studies, MA (LARELIGMA)

**Online Degree Search Title:** Religious Studies, MA
**Campus:** Tempe

**Program Description:** The faculty in religious studies offer a graduate program leading to the MA in religious studies.

Candidates are offered an opportunity to develop knowledge of various religious traditions in their historical and cultural contexts and to learn research methods. Although students often concentrate upon a single religious tradition for their thesis work, the program provides a broadly comparative understanding of religions, not simply a specialist's training in a single tradition.

**Degree Requirements:**
30 credit hours including the required applied project course (REL 593) and a foreign language exam, or 30 credit hours, a thesis and a foreign language exam.

Required Core (6 credit hours)
REL 501 The Study of Religion I: Genealogies, Disciplines and Power (3)
REL 502 The Study of Religion II: Epistemology, Practice and Mediation(3)

Electives or Research (18-21 credit hours)

Culminating Experience (3-6 credit hours)
REL 599 Thesis (6) or
REL 593 Applied Project (3)

Additional Curriculum Information
There are two options for the culminating experience: a thesis or an applied project. An oral defense of the final written work is required for both options.

The thesis option is recommended for students intending to seek admission to a doctoral program upon completion of the master's degree or for students who plan to teach in the discipline at community colleges. Thesis students must have reading knowledge of all languages relevant to the proposed thesis topic and take 18 credit hours of electives or research coursework.

The applied project option is recommended for students intending to augment their primary area of expertise and professional training in fields such as counseling, journalism, K-12 education, law, social work and the ministry. The applied project requires submission of three publishable papers: one on theory and method, one on the student's minor area of study, and one on the major area of study. The student's chosen areas of study determine the coursework taken as electives, with applied project students taking 21 credit hours of electives coursework, four courses being in a major area of study and two courses being in a minor area. Reading knowledge of a foreign language relevant to the proposed area of study is required.

The student's plan of study may include up to six credit hours of 400-level coursework or one REL 690: Reading and Conference course with department approval.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution. Transcripts must show evidence of having completed the equivalent of 15 credit hours of undergraduate work in the study of religions, including advanced courses in both western and Asian or other nonwestern religions. Applicants who have not met this requirement may be required to take additional coursework beyond program requirements to remedy this deficiency.

Applicants must have a minimum cumulative GPA of 3.30 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program. The most competitive applicants have a GPA of 3.50 or higher.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- writing sample
- contact information for three references
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students are required to submit contact information for three academic references who are qualified to provide detailed, accurate evaluations of the applicant's potential as a graduate student in religious studies. Professors are preferred, particularly faculty advisors. Recommenders are contacted by the Graduate College with a request to complete a reference questionnaire.

The statement of purpose should be approximately 1,000 words and should outline the applicant's academic background, career goals and specific areas of interest in religious studies.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Students will be able to critique and evaluate classical and contemporary theoretical approaches through the examination and evaluation of supporting literature and data in the academic study of religion.
- Students will be able to develop important research questions through critical analysis of primary and secondary sources.

•Students will engage in original research leading to understanding and explaining developments in religion and their broader impact and to present their findings in a clearly written prospectus proposal and defense.

**Career Opportunities:** The Master of Arts program in religious studies provides students with training and knowledge relevant to careers in government, nongovernmental organizations, nonprofit organizations, global relationships, intercultural understanding, foreign service, researchers, professional writing, community college teaching, journalism and publishing.

Career examples include:

- book editor
- community college instructor
- foreign service employee
- global affairs writer
- nongovernmental organization professional
- nonprofit management

**Contact Information:**

## Religious Studies, PHD (LARELIGPHD)

**Online Degree Search Title:** Religious Studies, PhD
**Campus:** Tempe

**Program Description:** The academic study of religion is a central component of the humanities and has become increasingly recognized as a critical tool in understanding society and politics in a globalized world.

The PhD program in religious studies helps graduate students develop greater expertise regarding the nature and role of religion around the world. The program provides supplementary training that includes history, anthropology, political science, journalism, secondary education and justice studies.

Doctoral focus areas in the study of religion approach the study in a variety of contexts. Specifically offered are areas in:

- anthropology of religion
- global Christianity
- Islam in global contexts
- religion in Asia
- religion in the Americas

**Degree Requirements:**
84 credit hours, foreign language exams, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (6 credit hours)
REL 501 The Study of Religion I: Genealogies, Disciplines and Power (3)
REL 502 The Study of Religion II: Epistemology, Practice and Mediation (3)

Other Requirement (3 credit hours)
REL 700 Research Methods: Introduction to College Teaching (3)

Electives (51 credit hours)

Research (12 credit hours)
REL 792 Research (12)

Culminating Experience (12 credit hours)
REL 799 Dissertation (12)

Additional Curriculum Information
Students must choose one of the five focus areas that are listed in the program description, and they select courses for the focus area as part of their electives in consultation with their supervisory committee.

As part of electives, students may include up to three credit hours of REL 690 Reading and Conference. Additionally, students may select up to six credit hours of graduate-level courses from a related discipline that support the student's research.

Other requirement course REL 700 may be substituted with approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program may allow up to 30 credit hours from a previously awarded master's degree to be used for this program. If students do not have a previously awarded master's degree, the remaining coursework will be made up of electives and research.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution. Transcripts must show evidence of having completed the equivalent of 15 credit hours of undergraduate work in the study of religions, including advanced courses in both western and Asian or other nonwestern religions. Applicants who have not met this requirement may be required to take additional coursework beyond program requirements to remedy this deficiency.

Applicants must have a minimum cumulative GPA of 3.30 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.30 (scale is 4.00 = "A") in an applicable master's degree program. The most competitive applicants have a GPA of 3.50 or higher.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- writing sample
- contact information for three references
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The Graduate College requires a minimum TOEFL score of 80 (iBT).

The statement of purpose should be approximately 1,000 words describing the applicant's academic background, the reasons for wishing to pursue a doctorate in religious studies, the proposed area of specialization, and specific research topics the student plans to engage in at Arizona State University.

The writing sample should be a work of original scholarly writing, approximately 15 to 30 pages in length. It should represent the student's best academic writing.

Students are required to submit contact information for three academic references who are qualified to provide detailed, accurate evaluations of the applicant's potential as a graduate student in religious studies. Professors, particularly faculty advisors, are preferred. Recommenders are contacted by the Graduate College with a request to complete a reference questionnaire. Letters of recommendation can be submitted in addition to answering these questions online.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Students will analyze and present theories and methods in the study of religion through in-class discussion, oral presentation and submission of an original written seminar paper.
- •Students will critically analyze religions by formulating research questions, examining various kinds of qualitative data, and drawing connections to relevant secondary literatures.
- •Students will conduct original research through a doctoral study drawing connections to relevant secondary literature, collect and analyze primary data, communicate, and defend responses to research questions.

**Career Opportunities:** Graduates possess training and knowledge relevant to careers in a variety of different roles and in a range of employment sectors. Some typical employers include government agencies, especially the U.S. Department of Health and Human Services; nongovernmental organizations; schools, colleges and universities; charities and nonprofit organizations; social services; and churches and other religious organizations.

Career examples include:

- book editor
- church administrator
- case management director
- foreign service employee
- global affairs writer
- nongovernmental organization professional
- nonprofit manager
- professional researcher and writer
- university instructor

## Renaissance Studies (certificate), Certificate (LARENAISCE)

**Online Degree Search Title:** Renaissance Studies (Graduate Certificate)
**Campus:** Tempe
ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.
**Program Description:** In this Renaissance studies certificate program, Renaissance language, early modern language and paleography lay the foundation for the examination of a time that gave the world humanism, the statue of David and more.

**Degree Requirements:**
18 credit hours (MA certificate), or 27 credit hours (PhD certificate).
Renaissance Language:
Master's degree students are required to take one semester of a Renaissance language (three to four credit hours). Doctoral degree students of Medieval/Renaissance Latin, Spanish literature or Portuguese literature are required to take two semesters (six to eight credit hours). This requirement presupposes two years or 12 to 16 credit hours or the equivalent of undergraduate training in Latin.

Proficiency is proven either by achieving a grade of "B" or better (3.00 on a 4.00 scale) in the medieval Latin courses or by satisfactory performance on the Medieval/Renaissance Latin examinations offered by the Centre for Medieval Studies, University of Toronto.

Early modern language at the upper-division level:
Master's degree students are required to take two semesters (six credit hours). Doctoral degree students are required to take three semesters (nine credit hours). Literature or linguistics classes may apply.

Paleography:
Students are required to take one semester (three credit hours).

Coursework outside the major discipline:
Master's degree students are required to take two semesters (six credit hours). Doctoral degree students are required to take three semesters (nine credit hours).

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Admission is open to all ASU graduate students enrolled in an existing master's degree or doctoral program and in good standing.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- 
- 
- 

**Career Opportunities:** Students completing the certificate program are prepared for advanced study or for academic positions.

## Scientific Teaching in Higher Education (certificate), Certificate (LASTHEGRCT)

**Online Degree Search Title:** Scientific Teaching in Higher Education Certificate (Graduate Certificate)
**Campus:** Tempe

**Program Description:** The graduate certificate program in scientific teaching in higher education provides graduate students with the skills and knowledge needed for implementing and evaluating evidence-based teaching at the college level.

As part of the program, students gain experience teaching science in a higher education setting, take teaching-related coursework, and complete a culminating experience under the guidance of a scientific teaching faculty mentor. This culminating experience can be either a significant teaching experience, including the use of evidence-based teaching, or discipline-based education research focused on undergraduate science education.

**Degree Requirements:**
15 credit hours including the required applied project course (BIO 593).
Required Core (2 credit hours)
BIO 530 Scientific Teaching (2)

Electives (10 credit hours)

Culminating Experience (3 credit hours)
BIO 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following:
- graduate admissions application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

**Career Opportunities:** Professionals with expertise in scientific teaching are in high demand in academia and educational institutions, and the skills and knowledge they obtain in this program are also valuable for careers in federal and state agencies that are responsible for educational policy, in industry, and in nongovernmental organizations.

Career examples include:

- educators in nonprofit organizations and government agencies
- professors or instructors in universities and colleges
- science teachers in elementary and high schools

## Sexuality Studies (Certificate), Certificate (LASXSGRCT)

**Online Degree Search Title:** Sexuality Studies (Graduate Certificate)
**Campus:** Downtown Phoenix, Tempe, West

**Program Description:** The graduate certificate program in sexuality studies addresses the social construction and political economy of sexualities, sexual identities and cultures. This program interrogates heterosexuality and institutionalized heteronormativity and addresses lesbian, gay, bisexual, transgender, queer and two-spirit identities and expressions as well as nonnormative sexual identities that are not captured by LGBTQ categories.

This program allows students the flexibility to work with courses in sexuality studies offered across disciplines and units at ASU. Students gain theoretical and analytic tools to examine gendered and racialized sexual structural inequities and how social issues, economic inequalities and state institutions impact and are impacted by sexuality as a social norm. In addition, coursework allows students to further investigate sexualities in relation to sexual stratification, reproductive rights and justice, sexual health and justice, carceral genders and sexualities, sex work, the state and legal system, and transnational and diasporic formations. The program integrates disciplinary, multidisciplinary and interdisciplinary perspectives.

**Degree Requirements:**
15 credit hours.
Required Core (3 credit hours)
SST 604 Sexuality Studies (3)

Electives (12 credit hours)

Additional Curriculum Information
For elective coursework, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- a statement of purpose for pursuing the certificate
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The certificate is only open to current ASU degree-seeking students. However, with academic unit and Graduate College approval, up to nine credit hours of ASU nondegree credit may be transferred into the certificate program for those who eventually gain admission into an ASU graduate degree program. This is administered by the graduate certificate committee. Students should refer to the Graduate College policy on certificate

programs.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Students in the sexuality studies certificate will be able to analyze how sexuality has been conceptualized and understood as an interdisciplinary category of analysis across the humanities, social sciences and behavioral sciences.
- Students completing the certificate will be able to articulate key theories that have contributed to the development of sexuality studies and their significance.

**Career Opportunities:** Graduates of the program have gone on to careers at universities, research and policy institutes, government organizations and nonprofit organizations.

## Social and Cultural Pedagogy, MA (LASCPMA)

**Online Degree Search Title:** Social and Cultural Pedagogy, MA
**Campus:** Tempe

**Program Description:** The MA in social and cultural pedagogy is a two-year program designed for educators with professional experience who seek to develop real-world skills and practical knowledge to help them accomplish specific career goals.

After being equipped with philosophical, theoretical and practical knowledge on social pedagogy, students are able to analyze social structures and cultural dynamics and work with communities to address complex societal problems through the design, implementation and evaluation of socio-educational strategies.

Students have the opportunity to create an individualized path of study that accommodates their personal interests and career goals. Students can also join a vibrant university club (Social and Cultural Pedagogy Graduate Organization), a national organization of scholars and practitioners (Social Pedagogy Association) and an international organization (Global Alliance for Social Pedagogy and Social Education).

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Asian Pacific American Studies, BA
Justice Studies, BA
Justice Studies, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis, or 30 credit hours including the required applied project course (SST 593).
Required Core (9 credit hours)
JUS 500 Research Methods (3)
SST 501 Foundations of Social Transformation (3)
SST 510 Social and Cultural Pedagogy: Theoretical and Practical Issues (3)

Electives (15 or 18 credit hours)

Culminating Experience (3 or 6 credit hours)
SST 593 Applied Project (3) or
SST 599 Thesis (6)

Additional Curriculum Information
Students who elect to complete the applied project option must take 18 credit hours of elective coursework to reach the required 30 credit hours for

the program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution recognized by ASU.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor' degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency. TOEFL scores are required for applicants whose native language is not English.

Applicants should supply a two- to three-page application letter (writing sample) in which they explain why they want to study in this program and why they feel well prepared to succeed in this graduate program.

The resume should describe prior educational history, related work or volunteer experiences.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Graduates will demonstrate an understanding of key theories and concepts in the field of social and cultural pedagogy in both their written and oral presentation work.
- •Graduates of the program will demonstrate the ability to interpret and conduct quantitative and qualitative research.
- •At the completion of the program, students will demonstrate knowledge of social transformation and social change through an interdisciplinary lens and use an interdisciplinary or multidisciplinary approach to address social and cultural pedagogy issues and solutions in their projects.

**Career Opportunities:** This master's degree enables graduates to contribute to a better future via traditional, nontraditional and nonformal educational settings, including early childhood education programs, schools, youth programs, local governments, nongovernmental organizations, museums, nonprofits, intercultural programs, co-operatives, citizenship education, human rights programs, anti-poverty programs, community development programs, literacy programs, community centers and social movements.

## Social Science Research Methods (Certificate), Certificate (LASSRMGRCT)

**Online Degree Search Title:** Social Science Research Methods (Graduate Certificate)
**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:** Many of the biggest problems today --- from tracking the outbreak of diseases to managing scarce water resources to understanding the impact of new technologies --- require collaboration across the medical sciences, the physical and biological sciences, the social sciences and engineering. ASU's emphasis on collaborative work across disciplines is crucial for understanding these complex problems and to develop solutions.

The interdisciplinary graduate certificate program in social science research methods prepares students to acquire, manage and analyze a broad range of data on human thought and human behavior. Data can be qualitative (e.g., text, images or sound) or quantitative (e.g., direct observation, surveys or geospatial). Data acquisition skills may include the downloading and managing of information from online sources or the primary collection of data in surveys or in direct observation. A key feature of this program is a focus on data analysis, so students and professionals will be able to analyze and interpret any data that they can collect. All students in this program demonstrate skills in statistical analysis as well as a

selection of methods related to their interests.

This program is designed for applicants who hold a minimum of a bachelor's degree from regional, national or internationally accredited institutions, and in any field or discipline (e.g., anthropology, sociology, human development, sustainability, geography, political science or other fields with approval of the academic unit).

**Degree Requirements:**
18 credit hours including the required applied project course (GCU 593).
Required Core (3 or 4 credit hours)
FAS 508 Structural Equation Analysis for the Social Sciences (3) or
SOC 508 Structural Equation Analysis for the Social Sciences (3) or
STP 530 Applied Regression Analysis (3) or
STP 531 Applied Analysis of Variance (3) or
STP 533 Applied Multivariate Analysis (3) or
PSY 531 Multiple Regression in Psychological Research (4)

Electives or Research (11 or 12 credit hours)

Culminating Experience (3 credit hours)
GCU 593 Applied Project (3)

Additional Curriculum Information
Students select one of the multivariate data analysis core courses for a total of three or four credit hours.

Students select four elective and research methods courses for a total of 11 or 12 credit hours in consultation with the program directors. The program recognizes that other graduate-level courses on research methods are offered at ASU. Advanced courses on methods are often taught in omnibus courses, courses that have rotating content and whose content is not reflected in their titles. Students may include these courses in their certificate curriculum with approval of the program directors.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a field such as human development, sustainability, geography or political science. Other subject areas may be accepted with approval from the academic unit.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must have completed an introductory statistics course before admission to the program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of interest
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Examples of introductory statistics courses include:
CRJ 504 Statistical Tools for Criminology and Criminal Justice
NUR 617 Foundational Concepts in Science and Statistics
POS 603 Polimetrics I
STP 530 Applied Regression Analysis
or equivalent with approval of the academic unit

A statement of interest should include how the certificate program will enhance the applicant's graduate studies or professional work.

**Career Opportunities:** Professionals with expertise in social science research are in high demand across sectors and industries, including consulting firms, government agencies and community organizations. Skills in data acquisition, management and analysis are valuable to

businesses and institutions relying on data-driven strategies in an interdisciplinary and collaborative marketplace.

Career examples include:

- data analyst
- economist
- field researcher
- human behavior researcher
- social science research assistant
- statistician

## Social Transformation Certificate, Certificate (LASOTGRCT)

**Online Degree Search Title:** Social Transformation (Graduate Certificate)
**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:** The graduate certificate program in social transformation is designed for graduate and postbaccalaureate students interested in how change is catalyzed by social movements, protest, law, social entrepreneurship, activism and community organizing. Through the exploration of theories and research related to social change, students are able to augment their disciplinary degrees and are prepared to contribute as leaders and change-makers in their communities.

**Degree Requirements:**
15 credit hours.
Required Core (3 credit hours)
SST 501 Foundations of Social Transformation (3)

Electives (12 credit hours)

Additional Curriculum Information
The electives taken are selected with the faculty advisor, who helps ensure they have a common theme and that students' experiences in the courses align with the learning goals outlined for the certificate.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students must submit a statement of purpose to the School of Social Transformation that is no longer than 250 words. The statement should indicate any demonstrated interest in the study of social transformation (e.g., previous coursework, professional experience, internships, career plans).

Applicants must meet the above criteria as judged by the School of Social Transformation graduate committee to have strong academic credentials, undergraduate or graduate GPA, as well as demonstrated interest in the area of social transformation. The committee reviews applications for the certificate program in the fall and spring semesters of each year and makes its admission recommendations to Graduate Admission Services.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Demonstrate knowledge of social theory, concepts and research methods to understand social change issues and analyze solutions to social problems.
- •Apply the foundations and principles of social change theory and research to specific domestic or international issues through advanced research.

**Career Opportunities:** Certificate graduates may go on to law school, graduate school or other professional degree programs. Potential career options include working as community organizers, youth and community advocates, community-based researchers and social justice consultants.

## Socio-Economic Justice (certificate), Certificate (LAECJUGRCT)

**Online Degree Search Title:** Socio-Economic Justice (Graduate Certificate)
**Campus:** Tempe

**Program Description:** This transdisciplinary graduate certificate in socioeconomic justice develops expertise in ideas and policies about the social and political phenomena that impact the material condition of injustices.

Students will investigate the local and global conditions that give rise to economic and ecological precarities and social inequalities as well as the practices that enable alternative economic approaches to wealth and labor, including wealth sharing, land and food sovereignty and solidarity economy. The program fuses interests in political economy, structural inequalities and economic justice, allowing students to development specialization and expertise in research and policy design in broad areas such as wealth sharing, income and land distribution, housing, food justice, employment and education.

This program complements the current graduate curriculum at ASU. It is structured to allow students to draw upon a combination of core courses in justice and social inquiry and coursework from units in the School of Social Transformation as well as throughout the university. The approach is transdisciplinary (i.e., inclusive of courses in a variety of disciplines but transcending disciplinary boundaries through an integrative core curriculum), intersectional (i.e., considering gender, race, class, disability, nation and sexual relations) and transnational (courses that examine global and local concerns). It is designed to deepen knowledge about and develop research familiarity with the many facets of the global economy and its adverse effects on social and planetary justice.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
Students must select one course from each of the following two areas of study:
Economic Justice (3 credit hours)
JUS 550 Gender, Race and Economic Justice (3) or
JUS 660 Globalization and Economic Justice (3)Conducting Research in Communities (3 credit hours)
JHR 525 Critical Methodologies in Social Justice and Human Rights (3) or
JUS 633 Community Research (3)
Electives (9 credit hours)

Additional Curriculum Information
Students must select three elective courses on socioeconomic justice from a restricted list, and they should see the academic unit for the full list of possible courses.

Only one 400-level course may be listed on the plan of study. Students must have prior approval from the director of the certificate program for use of any 400-level course.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- at least one letter of recommendation
- statement of purpose for pursuing the certificate
- writing sample demonstrating excellent writing and analytical skills
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The letter of recommendation, statement of purpose and writing sample should be submitted to the justice and social inquiry program office.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Students completing the graduate certificate in socioeconomic justice will demonstrate the ability to conduct systematic analyses (quantitative and qualitative) of the social and political dimensions of global and local economics and their implications for social justice.
- Students completing the graduate certificate in socioeconomic justice will demonstrate knowledge of socio-economic and intersectional dimensions of justice, in relation to public policies at the local, national and global level.

**Career Opportunities:** Graduates of this program are prepared to work in government, law, justice-related organizations, and research think tanks, teach at community colleges, and pursue further graduate studies in justice related fields.

## Sociology, MA (LASOCMA)

**Online Degree Search Title:** Sociology, MA
**Campus:** Online

**Program Description:** The MA program in sociology provides advanced training for those preparing for applied careers in sociology.

Students gain knowledge and skills that can be used to promote healthy individuals and families. They develop an understanding of how social context influences well-being and an understanding of the factors that promote successful relationships and positive outcomes.

The online format provides easy access to rigorous and valuable information that informs best practices in improving the lives of individuals, families and communities. The program also includes a customizable culminating experience that allows students to focus their training in their areas of interest and work.

**Degree Requirements:**
30 credit hours including the required capstone course (SOC 588).
Required Core (9 credit hours)
SOC 585 Sociological Theory (3)
SOC 586 Capstone I or FAS 586 Capstone I (3)
SOC 587 Capstone II or FAS 587 Capstone II (3)

Electives (12 credit hours)

Other Requirements (6 credit hours)
SOC 500 Research Methods (3)
SOC 501 Social Statistics (3)

Culminating Experience (3 credit hours)
SOC 588 Capstone III (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

SOC 500 and SOC 501 may be replaced by equivalent courses with approval by the academic advisor.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- current resume or curriculum vitae
- a personal statement of goals relevant to the master's degree program
- two letters of recommendation from academic or professional backgrounds
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement must be four to five pages long, double-spaced, and it should address the applicant's professional goals, their strengths for success in the program, and any relevant professional experience or responsibilities they have been completed.

Letters of recommendation must be from at least two individuals with a professional or academic background and connection to the applicant. Family members and friends do not meet this criterion. Letters of recommendation are to be received electronically.

Applicants should see the program website for application deadlines and admission terms.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-arts-sociology/) for program descriptions and to request more information.

**Career Opportunities:** Professionals with expertise in research methodologies and data analysis coupled with an understanding of social and cultural issues and social change are sought-after in areas like human services, human resources, education, public policy and community service in the social service, business and nonprofit sectors.

Career examples include:

- case managers
- mediators
- mental health counselors
- probation officers
- social and community service managers
- sociologists
- sociology instructors
- social workers
- urban and regional planners

## Sociology, PHD (LASOCPHD)

**Online Degree Search Title:** Sociology, PhD
**Campus:** Tempe
Admission standards for this program are changing for Fall 2024 applicants. Interested students should contact the department (https://degrees.apps.asu.edu/masters-phd/major/ASU00/LASOCPHD/sociology-phd#contact) for more information.
**Program Description:** The PhD program in sociology provides advanced training in theory, research methodology and substantive fields to prepare sociologists for teaching and research with special emphasis on family, medical sociology and demography.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Core (6 credit hours)
SOC 603 Perspectives in Sociological Inquiry (3)
SOC 685 Applied Social Theory (3)

Theory (3 credit hours)

Methods (3 credit hours)

Statistics (3 credit hours)

Elective and Research (57 credit hours)

Culminating Experience (12 credit hours)
SOC 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's department and the Graduate College, 30 credit hours from a previously awarded master's degree are allowed to be used toward this degree.

A minimum of 30 credit hours of the approved doctoral program, exclusive of dissertation and research hours, must be completed after admission to the program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a master's degree in sociology or related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- current resume or curriculum vitae
- personal statement detailing professional goals and research experiences
- writing sample
- three letters of recommendation from persons familiar with the applicant's academic background
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

A personal statement is required. It must be three pages or less, double-spaced, and it must address the applicant's professional goals and reasons for desiring to enroll in the program; describe strengths that will help the student succeed in the program and reach professional goals; describe research experience (a description of the master's thesis should be included, if applicable) and relevant responsibilities held; indicate personal research interests as specifically as possible; and include any additional information that will help the committee to evaluate the application.

Three letters of recommendation are required, including at least one from an instructor at the applicant's institution where graduate work was completed and at least one from an instructor at the applicant's institution where undergraduate or graduate work was completed. These letters

should be from people who know the applicant as a student or in a professional capacity. Letters from family members or friends do not meet this criterion.

Students should see the program website for application deadlines.

**Career Opportunities:** Professionals with expertise in research methodologies and data analysis as well as an understanding of cultural and social change, various social issues and phenomena are sought-after in many areas, including human services, business, education, public policy, and community service and nonprofit sectors.

Career examples include:

- demographers
- mediators
- research professionals
- social and community service managers
- sociologists
- sociology instructors
- urban and regional planners

## Spanish, MA (LASPANMA)

**Online Degree Search Title:** Spanish, MA
**Campus:** Tempe

**Program Description:** The MA program in Spanish includes tracks in literature and culture and in linguistics. While the former includes Spanish, Spanish American and Mexican American literature and culture, the latter includes sociolinguistics or second language acquisition and applied linguistics.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Spanish, BA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a portfolio.
Required Core (3 credit hours)
SPA 540 History of the Spanish Language (3)

Culminating Experience
portfolio

Additional Curriculum Information
Students seeking a master's degree in Spanish should consult with the respective graduate representative.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in Spanish from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume or curriculum vitae
- writing sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants should provide an academic writing sample such as an academic term paper, critical paper or research paper approximately 10 to 25 pages, prepared in an upper-division or graduate Spanish course.

Applicants should provide a personal statement that is no more than two pages, summarizing past educational experiences and goals in pursuing a graduate degree.

**Career Opportunities:** Professionals with this degree can confidently move into further academic, business and international fields. Skills developed through this program are valued for teaching positions, including in museums and libraries; translation work; work in a larger sector such as governmental, diplomatic and international business; and for careers in publishing, media, nonprofits and international relations.

Career examples include:

- area, ethnic and cultural studies teachers and professors
- foreign language and literature teachers and professors
- historians
- interpreters and translators
- lawyers
- reporters and correspondents
- social and community service managers

## Spanish, PHD (LASPANPHD)

**Online Degree Search Title:** Spanish, PhD
**Campus:** Tempe

**Program Description:** The PhD program in Spanish consists of two specializations: Spanish literature and culture.

The specializations in Spanish literature and cultural studies, which are intended to be as flexible as possible, establish broad areas of competence through an individualized program of study set with the supportive guidance of the student's advisor.

Graduate courses in literature and cultural studies focus on the production, distribution and reception of texts and their linguistics, either written or visual (e.g., photographs, films, visual narratives), and their linguistic, rhetorical and literary structure and functions, with an emphasis on literary theories and aesthetics. Many literature courses explore issues relating to gender, class, race, ethnicity, globalization, environmental humanities, disability theories, post-human theories and digital humanities.

**Degree Requirements:**
84 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
SPA 545 Concepts of Literary Criticism (3)

Literature and Culture Electives (51 credit hours)

Electives (6 credit hours)

Research (12 credit hours)

SPA 792 Research (12)

Culminating Experience (12 credit hours)
SPA 799 Dissertation (12)

Additional Curriculum Information
Coursework for the literature and culture electives must be SPA literature or culture content courses and approved by the student's supervisory committee. Students may not use SPA 596 Second Language Methodologies towards this requirement.

Each candidate is expected to demonstrate a reading knowledge of one language other than English and Spanish. This language requirement must be satisfied before the candidate is eligible to take the comprehensive examination.

The written and oral comprehensive examination, designed to ascertain the candidate's knowledge and orientation in the field of study and competency to proceed with the dissertation, is required at or near the end of coursework.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in Spanish or equivalent from a regionally accredited institution. Applicants from other academic backgrounds with relevant coursework in Spanish language and cultural studies also may be evaluated by the admissions committee.

Applicants must have a minimum cumulative GPA of 3.75 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.75 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- writing sample
- personal statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

It is recommended but not required that students applying for admission to the program submit GRE scores; this is especially advisable for applicants for the Spanish Graduate Fellowship Award.

Candidates for the program are required to demonstrate a near-native oral proficiency in Spanish and to show that they have developed a high order of expository prose in English and Spanish by presenting a term paper or a chapter of the master's degree thesis as their writing sample.

**Career Opportunities:** Professionals with this degree can confidently move into the academic profession, careers in education, including in museums and libraries, and professions outside academia such as in the publishing industry, media, nonprofits and international relations. Skills developed through this program are valued for teaching positions, translation work or work in a larger sector such as governmental, diplomatic and international business career opportunities.

Career examples include:

- area, ethnic and cultural studies teachers and professors
- editors
- foreign language and literature teachers and professors
- instructional design coordinators
- interpreters and translators
- lawyers
- reporters and correspondents
- social and community service managers

## Spanish Language Pedagogy (certificate), Certificate (LASPAPGRCT)

**Online Degree Search Title:** Spanish Language Pedagogy (Graduate Certificate)
**Campus:** Tempe

**Program Description:** Through graduate coursework, the certificate program in Spanish language pedagogy enables practicing teachers and graduate students to understand the process of Spanish language acquisition and learn cutting-edge teaching methodologies in order to make sound pedagogical decisions that lead to effective teaching and learning.

Students gain competence in designing effective and engaging Spanish language lessons for their students and learn to be sensitive to the needs of students with diverse linguistic and cultural backgrounds, such as heritage learners. Students learn to design accurate assessment measurements, writing assignments and culture-based lessons as well as utilize modern technologies to enhance Spanish language education.

**Degree Requirements:**
18 credit hours and a portfolio.
Required Core (3 credit hours)
SPA 596 Second Language Methodologies (3)

Other Requirements (9 credit hours)
SPA 543 Structure of Spanish (3)
SPA 546 Heritage Language Pedagogy (3)
SPA 598 ST: Spanish Second Language Acquisition (3)

Electives (6 credit hours)

Culminating Experience (0 credit hours)
portfolio (0)

Additional Curriculum Information
For courses listed as other requirements, alternative courses may be used with approval of the certificate codirectors.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in Spanish, Spanish literature and culture, Spanish linguistics, applied linguistics, second language acquisition and teaching, or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

**Career Opportunities:** Professionals with this certificate can confidently move into academic, business and international fields. Skills developed through this program are valued for teaching positions, translation work or work in a larger sector such as governmental, diplomatic and international business career opportunities.

Career examples include:

- area, ethnic and cultural studies teachers and professors
- editors

- foreign language and literature teachers and professors
- historians
- instructional coordinators
- interpreters and translators
- lawyers
- reporters and correspondents
- social and community service managers

## Spanish Linguistics, PHD (LASPALIPHD)

**Online Degree Search Title:** Spanish Linguistics, PhD
**Campus:** Tempe

**Program Description:** The PhD program in Spanish linguistics offers advanced interdisciplinary graduate training that combines key areas in second language acquisition and teaching, applied linguistics, heritage language research and pedagogy, sociolinguistics and bilingualism with the supportive guidance of the student's advisor that best prepares the candidate for a productive career in the discipline of Hispanic studies.

**Degree Requirements:**
84 credit hours, a foreign language exam, a written comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
SPA 543 Structure of Spanish (3)

Track (9 credit hours)

Electives or Research (41 credit hours)

Other Requirements (19 credit hours)
COE 502 Introduction to Data Analysis (3)
GRD 791 Seminar: Preparing Future Faculty and Scholars (PFx) (1)
SPA 544 Spanish Phonology (3)
SPA 546 Heritage Language Pedagogy (3)
SPA 598 Topic: Research Methods for Linguists (3)
SPA 598 Topic: Sociolinguistics (3)
SPA 598 Topic: Spanish Second Language Acquisition (3)

Culminating Experience (12 credit hours)
SPA 799 Dissertation (12)

Additional Curriculum Information
Students choose a track from two available: in Spanish heritage studies and sociolinguistics, or in second language acquisition and teaching. Students should see the academic unit for the approved course list for each track.

Each candidate is expected to demonstrate a reading knowledge of one language other than English and Spanish. This language requirement must be satisfied before the candidate is eligible to take the comprehensive examination.

Other requirements courses may be substituted with approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used toward this degree. If students do not have a previously awarded master's degree, the 30 credit hours of coursework is made up of electives or research to reach the required 84 credit hours.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in Spanish or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.75 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.75 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Career Opportunities:** The doctoral program in Spanish linguistics prepares students for entrance into an academic profession (teacher, scholar) as well as for a profession outside of academia. Professionals with the valued skills developed through this degree program can confidently move into business, diplomatic, government and international fields.

Career examples include:

- editors
- foreign language and linguistics teachers and professors
- instructional design coordinators
- interpreters and translators
- lawyers
- reporters and correspondents
- social and community service managers
- teachers and professors of area, ethnic and cultural studies

## Statistics, MS (GCSTATMS)

**Online Degree Search Title:** Statistics, MS
**Campus:** Tempe
Spring semester admission is limited to students in the accelerated master's program.
**Program Description:** The MS program in statistics draws upon a wide spectrum of faculty research and teaching interests, including from faculty outside of the school. As a result, plans of study can be transdisciplinary and tailored to reflect students' individual needs and goals.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Mathematics (Statistics), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a portfolio - Professional Track, or 30 credit hours including a thesis - Academic Track, or 30 credit hours including the required applied project course (STP 593) - Academic Track, or 30 credit hours, a written comprehensive exam and an oral comprehensive exam - Academic Track.
Required Core (3 credit hours)
ECN 525 Applied Regression Models (3) or
IEE 578 Regression Analysis (3) or
STP 530 Applied Regression Analysis (3)

Track Coursework (9 or 12 credit hours)

Electives (9-18 credit hours)

Culminating Experience (0-6 credit hours)
ECN 599 or IEE 599 or STP 599 Thesis (6)
STP 593 Applied Project (3)
oral and written comprehensive exam (0)
portfolio (0)

Additional Curriculum Information
Students in the Masters of Science program in statistics are required to select one of the two available tracks: the academic track or the professional track. Students should speak with their advisor in regards to the selection of a track and elective coursework based on the target career.

Students in the professional track complete the portfolio culminating experience and students in the academic track choose from an applied project, thesis or comprehensive exams.

Prerequisites may not be used to complete the 30 credit hours required for the degree.

If a student selects the thesis or applied project options, they must be defended at an oral examination. The thesis must conform to the Graduate College format requirements.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in mathematics, statistics or a closely related area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of education and career goals
- three letters of recommendation
- proof of English proficiency

Additional Curriculum Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants should have completed the following courses (equivalents at ASU are given in parentheses) and applicants who lack any of these prerequisite courses must complete the prerequisites before being considered for admission:

- advanced calculus (MAT 371)
- calculus (MAT 270, MAT 271 and MAT 272)
- computer programming (CSE 100)
- introductory statistics (STP 420)
- linear algebra (MAT 342)

**Career Opportunities:** Statistical analysis and data mining have been identified as two of the most desirable skills in today's job market.

Graduates with a master's degree in statistics can pursue a broad variety of careers in fields as diverse as business, finance, engineering, technology, education, marketing, government and other areas of the economy. These are just a few of the top career opportunities:

- actuary
- business consultant or analyst
- data scientist
- financial analyst
- market research analyst
- software engineer
- statistician

This program also provides preparation for students interested in doctoral study and a faculty-track academic career.

**Contact Information:**

## Statistics, PHD (LASTPPHD)

**Online Degree Search Title:** Statistics, PhD
**Campus:** Tempe

**Program Description:** As a science, statistics focuses on data collection and data analysis by using theoretical, applied and computational tools. The PhD program in statistics reflects this breadth in tools and considerations while allowing students sufficient flexibility to tailor their program of study to reflect individual interests and goals. Research can be of a disciplinary or transdisciplinary nature.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
STP 526 Theory of Statistical Linear Models (3)

Other Requirements (15 credit hours)
IEE 572 Design Engineering Experiments (3) or STP 531 Applied Analysis of Variance (3)
IEE 578 Regression Analysis (3) or STP 530 Applied Regression Analysis (3)
STP 501 Theory of Statistics I: Distribution Theory 3 (3)
STP 502 Theory of Statistics II: Inference (3)
STP 527 Statistical Large Sample Theory (3)

Electives (42 credit hours)

Research (12 credit hours)
STP 792 Research (12)

Culminating Experience (12 credit hours)
STP 799 Dissertation (12)

Additional Curriculum Information
Electives are to be chosen from statistics or related area courses approved by the student's supervisory committee.

Other requirements courses may be substituted with department approval.

Students must pass:

- one qualifying examination and coursework in analysis
- a written comprehensive examination
- a dissertation prospectus defense

Students should see the department website for examination information.

Each student must write a dissertation and defend it orally in front of five dissertation committee members.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in mathematics, statistics or a closely related area, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of education and career goals
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Completion of the following courses (equivalents at ASU are given in parentheses) is required. Applicants who lack any of these prerequisite courses must complete the prerequisites before being considered for admission.

- calculus (MAT 270, 271 and 272)
- advanced calculus (MAT 371)
- linear algebra (MAT 342)
- computer programming (CSE 100)
- introductory applied statistics (STP 420)

**Career Opportunities:** Statistical analysis and data mining have been identified as two of the most desirable skills in today's job market. Data and the analysis of data is big business, and the Department of Labor projects overall employment of mathematicians and statisticians is projected to grow 33% between 2020 and 2030, much faster than the average for all occupations.

For graduates of the doctorate in statistics, that means a broad variety of career opportunities in fields as diverse as business, finance, engineering, technology, education, marketing, government and other areas of the economy.

These are just a few of the top career opportunities available for a graduate with a doctoral degree in statistics:

- actuary
- business consultant or analyst
- data science professor, instructor or researcher
- data scientist
- faculty-track academic
- financial analyst
- market research analyst
- software engineer
- statistician

## Statistics and Data Science (Graduate Certificate) (Certificate), Certificate (GCSTATCE)

**Online Degree Search Title:** Statistics and Data Science (Graduate Certificate)
**Campus:** Tempe

**Program Description:** The statistics certificate program provides statistical training for graduate students at ASU and working professionals in the Phoenix metropolitan area.

The program draws upon a variety of faculty research and teaching interests from various academic units so programs of study can be tailored to reflect individual needs and goals.

This certificate program is part of the shift in the School of Mathematical and Statistical Sciences' statistics curriculum to include data science coursework. In particular, there are several new machine learning classes that are available to certificate students.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
STP 530 Applied Regression Analysis (3) (or ECN 525 or IEE 578)
STP 531 Applied Analysis of Variance (3) (or IEE 572)

Electives (9 credit hours)

Additional Curriculum Information
The nine elective credits are taken from a set of courses approved by the School of Mathematical and Statistical Sciences.

Students must have a GPA of at least 3.00 (scale is 4.00 = "A") in the courses which apply to the certificate.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants should have completed the following courses (equivalents at ASU are given in parentheses):
- introductory applied statistics (ECN 221, STP 226 or STP 420)
- one semester of calculus (MAT 210, MAT 265 or MAT 270)

Applicants are also required to have some computer literacy with knowledge of a programming language, a spreadsheet program or a statistical software program.

**Career Opportunities:** Statistical analysis and data mining have been identified as two of the most desirable skills in today's job market.

Graduates have knowledge that may be applied in a broad variety of career opportunities in fields as diverse as business, finance, engineering, technology, education, marketing, government and other areas of the economy. These are just a few of the top career opportunities supported by the statistics certificate program:

- business consultant or analyst
- data analyst
- financial analyst
- market research analyst
- statistician

## Teaching English to Speakers of Other Languages, MTESOL (LAENGMTESL)

**Online Degree Search Title:** Teaching English to Speakers of Other Languages, MTESOL
**Campus:** Tempe, Online

**Program Description:** The MTESOL program is for individuals who desire to build a career in the international field of teaching English as a second or additional language. Students develop scholarly and professional knowledge and skills in four main areas that are central to Teaching English to Speakers of Other Languages: language, learning, teaching and research.

Students have opportunities to study a variety of key topics, including second language acquisition, computer-assisted language learning, critical pedagogy, curriculum design, World Englishes, English as an international language, English for specific purposes, English grammar, grammar for TESOL, intercultural rhetoric, discourse analysis, interlanguage pragmatics, language and identity, language testing and assessment, learning transfer, materials development, nonnative English speakers in TESOL, second language phonology and second language writing.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

English (Linguistics), BA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required capstone course (LIN 597) and a foreign language exam.
Required Core (12 credit hours)
LIN 501 Approaches to Research (3)
LIN 510 Linguistics (3)
LIN 520 Second-Language Acquisition Theories (3)
LIN 521 Methods of Teaching English as a Second Language (3)

Other Requirement (3 credit hours)
LIN 584 Internship (3)

Electives or Research (12 credit hours)

Culminating Experience (3 credit hours)
LIN 597 Capstone (3)

Additional Curriculum Information
The foreign language requirement must be completed during the program prior to the master's degree being awarded.

The capstone is overseen by a director chosen from the Department of English linguistics and TESOL faculty.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Applicants may have undergraduate majors in the following fields, but are not limited to these: anthropology, applied linguistics, cognitive science, communication, comparative languages and literatures, education, English literature, history and law.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of purpose
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Students should see the Department of English website (https://english.asu.edu/admission/graduate-admission/how-to-apply/information-international-students) for specific details about English proficiency requirements.

The one-page, single-spaced statement of purpose should explain how the master's degree program fits with the applicant's long-term goals.

Letters of recommendation should provide a clear picture of the applicant's potential for successfully completing a master's degree. At least some of the letters should be from university professors who are familiar with the applicant's academic work and with master' level academic programs.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-teaching-english-speakers-other-languages/) for program descriptions and to request more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Synthesize and apply theories, research, and key concepts in second language learning and development.

•Evaluate and apply theories, key concepts, methods, and materials in second language teaching.
•Apply theories and pedagogical knowledge to evaluate and create real-world teaching, materials development, or related professional practices in TESOL.

**Career Opportunities:** Language professionals with training and expertise in TESOL remain in high demand in the U.S. and abroad. TESOL-related skills are valuable in businesses and institutions and to individuals of a wide range of linguistic and cultural contexts who rely on the ability to learn, teach and communicate effectively in a globally connected world.

Career examples include:

- adult education teacher
- consultant
- English language or foreign language teacher
- international aid worker
- materials designer or developer
- program and curriculum developer
- refugee English coordinator
- subtitler
- teacher trainer
- translator or interpreter

## Transborder Studies, MAS (LATCLMAS)

**Online Degree Search Title:** Transborder Studies, MAS
**Campus:** Tempe

**Program Description:** The MAS program in transborder studies is designed for students interested in border issues and communities. Students learn from interdisciplinary scholars, both in the social sciences and humanities, in order to develop their individualized plan of study and focus area.

Students have the opportunity to engage in innovative research or applied experiences or they may focus their plan of study on a more professional and applied track.

The program has historically been grounded in and inspired by the geographical specificity of the U.S.-Mexico border. Given the massive scale of globalization in the 21st century and its influence on local, regional, national, subnational and international environments, the program examines transborder regions and populations around the world, including metaphorical, linguistic and cultural borders, as well as patterns and implications of immigration and migration.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Transborder Chicana/o and Latina/o Studies (Media and Expressive Culture), BA
Transborder Chicana/o and Latina/o Studies (Transborder Community Development and Health), BA
Transborder Chicana/o and Latina/o Studies (US and Mexican Regional Immigration Policy and Economy), BA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis, or 30 credit hours including the required applied project course (TSS 593), or 30 credit hours including the required capstone course (TSS 596).
Required Core (6 credit hours)
TSS 502 Foundations of Transborder Studies (3)
TSS 504 Theories and Methods for Transborder Research (3)

Electives (18 or 21 credit hours)
Culminating Experience (3 or 6 credit hours)
TSS 593 Applied Project (3) or
TSS 596 Transborder Studies Capstone (3) or
TSS 599 Thesis (6)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the social sciences, humanities, sciences, health, education, business or professional field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- writing sample
- resume or curriculum vitae
- three letter of recommendation (colleagues or professors)
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. For more information, students should visit the Admission Services website (https://admission.asu.edu/international/graduate/english-proficiency).

**Career Opportunities:** Graduates are well suited to positions in local, state, national, nongovernmental organizations and international agencies. They also are well prepared for pursuit of research opportunities or a doctoral degree.

**Contact Information:**
Liberal Arts and Sciences, The College of
School of Transborder Studies

## Transborder Studies, PHD (LATCLPHD)

**Online Degree Search Title:** Transborder Studies, PhD
**Campus:** Tempe

**Program Description:** The PhD program in transborder studies develops the next generation of superior research, scholarship and application in transborder and transnational contexts.

Students gain foundational knowledge in transborder, transnational and border issues from interdisciplinary scholars in anthropology, history, literature, political science, public policy, sociology, urban planning, and women and gender studies.

Faculty in the program approach transborder studies in a way that has been historically grounded in and inspired by the geographical specificity of the U.S.-Mexico border and the Chicano, Chicana, Latino and Latina populations. Arizona State University's proximity to the U.S.-Mexico border and the faculty's expertise make the university the ideal place of study. Given the massive scale of globalization in the 21st century and its influence on local, regional, national and transnational environments, the program is expanding to examine other transborder regions and populations.

**Degree Requirements:**
84 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (6 credit hours)
TSS 502 Foundations of Transborder Studies (3)
TSS 503 Epistemologies and Transborder Thought (3) or TSS 504 Theories and Methods for Transborder Research (3)

Electives and Research (66 credit hours)

Dissertation (12 credit hours)
TSS 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not already have a master's degree in a related field, then the remaining 30 credit hours are made up of electives and research that equal the 84 credit hours required for the doctoral program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a master's degree in a related field such as anthropology, economics, education, sociology, literature or psychology from a regionally accredited institution. Applicants who have earned a master's degree in another discipline must align their scholarly interests with the program's mission.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- writing sample
- resume or curriculum vitae
- three letters of recommendation (from academicians)
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

The personal statement should include an explanation of past experiences and current scholarly interests but concentrate on potential areas of research that draw upon the specific resources of the department and faculty.

**Career Opportunities:** Depending on the plan of study, students may focus on a trajectory in academia with career options as faculty or in research positions. Students who wish to pursue career options outside of academia may focus the plan of study on a more professional and applied track with potential interest in local, state, national or international agencies.

## Transdisciplinary Transportation Studies (certificate), Certificate (GCTRANSCE)

**Online Degree Search Title:** Transdisciplinary Transportation Studies (Graduate Certificate)
**Campus:** Tempe

**Program Description:** Transportation has emerged as one of the highest priority issues for policymakers, planners, employers and citizens.

To respond to this challenge, the transdisciplinary transportation studies certificate program builds upon existing ASU programs in a variety of disciplines offered in five colleges and two campuses, giving ASU graduate students and current and future transportation professionals the opportunity to pursue a wide range of transportation-related issues from a multimodal, interdisciplinary perspective.

Students collaborate with researchers and professionals across academic disciplines (these include policy, planning, economics, technology, behavior, location, land use, equity and sustainability) who employ different research methods and are focused on transport modes that range from walking to air travel.

The program is intended to be either a specialization within an existing master's degree or a stand-alone nondegree program.

ASU is a transdisciplinary hub for innovative and integrative transportation research and education. This work contributes to the development of smart, sustainable and socially equitable transportation systems. These systems leverage technology to foster resilient communities and high quality of life, locally and globally.

**Degree Requirements:**

16 credit hours including the required applied project course (PUP 593).
Required Core (3 credit hours)
PUP 564 Transportation Systems Professional Seminar (3)

Transportation Electives (9 credit hours)

Other Requirement (1 credit hour)
CEE 591 Interdisciplinary Transportation Seminar (1)

Culminating Experience (3 credit hours)
PUP 593 Applied Project (3)

Additional Curriculum Information
Students take three credit hours from each category for a total of nine credit hours to fulfill the transportation elective requirement.

- from any school in The College of Liberal Arts and Sciences
- from a college outside of The College of Liberal Arts and Sciences
- from subject prefixes CEE, GIS, GPH, PAF, PUP, SOS

Elective coursework is taken in consultation with the academic advisor.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- letter of interest
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the U.S. on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants who wish to seek a graduate degree in any of the cooperating departments and who are not currently enrolled at ASU must complete the full graduate school application process as specified by the department of interest in addition to the online application for the transdisciplinary transportation studies certificate. The applications are evaluated independent of each other.

Applicants are asked to explain in their letter of interest what they expect to gain from the transportation studies certificate program and the types of courses in the program that would be the most helpful in meeting their objective.

**Career Opportunities:** Professionals with expertise in transportation systems are in high demand across sectors and industries, including consulting firms, government agencies and community organizations. Skills in the analysis of transportation alternatives and interrelationships with other disciplines are valuable to businesses and institutions relying on an integrated systems approach to solving complex real-world problems.

Career examples include:

- airfield operations specialist
- logistics analyst
- supply chain manager
- transportation analyst
- transportation engineer
- transportation planner

## Translation Studies (Certificate), Certificate (LALTSGRCT)

**Online Degree Search Title:** Translation Studies (Graduate Certificate)
**Campus:** Tempe

**Program Description:** The graduate certificate in translation studies is a transdisciplinary program offering coursework that intensively engages with translation practice, issues related to the cultural role of the translator and translation, studies of the variety of theoretical approaches to translation, and studies of transhistorical and cross-cultural theories of translation. These areas of emphasis enable students to gain expertise in practical and theoretical knowledge of the field of literary and practical (commercial) translation and to engage in developing new models for the practice of translation today.

The program offers interested students the opportunity to develop an understanding of intercultural intersections and transdisciplinary approaches to the practice of translation and advanced training and mentorship.

**Degree Requirements:**
15 credit hours including the required applied project course (ENG 593 or SLC 593).
Required Core (6 credit hours)
ENG 550 Translation (3)
SLC 551 Global Approaches to Translation (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)
ENG 593 Applied Project (3) or SLC 593 Applied Project (3)

Additional Curriculum Information
For electives, students should see the academic unit for the approved course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- writing sample
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the U.S. on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The personal statement should be no more than two pages and should summarize past educational experiences and goals in pursuing a graduate certificate.

Applicants should have knowledge of a language other than English, a minimum of six semesters of a second language, or the equivalent (for example, advanced placement in high school). Applicants who have passed a language proficiency exam achieving an advanced level in the target language may also apply.

**Career Opportunities:** Professionals with this certificate can confidently move into academic, business and international fields. Skills developed

through this program are valued for teaching positions, translation work or work in a larger sector such as governmental, diplomatic and international business career opportunities.

Career examples include:

- archivists
- editors
- foreign language and literature teachers and professors
- historians
- interpreters and translators
- lawyers
- reporters and correspondents
- social and community service managers

## Urban and Environmental Planning, MUEP (ARURBMUEP)

**Online Degree Search Title:** Urban and Environmental Planning, MUEP
**Campus:** Tempe

**Program Description:** The MUEP program prepares students to help solve complex social, economic and environmental issues and create healthier, safer and more vibrant communities. It emphasizes theories of planning, methods of analysis, effective public engagement, planning processes and creative implementation of planning tools, strategies and approaches. The program is accredited by the Planning Accreditation Board. Students who join the program are eligible for certification by the American Institute of Certified Planners after two years of professional practice.

The Master of Urban and Environmental Planning program offers a unique opportunity to integrate urban and environmental aspects of planning in a rapidly developing metropolitan area. Small classes, one-on-one advising and a common core of courses that translate knowledge into practice provide students opportunities to build technical skills and grow their professional network.

As a part of the School of Geographical Sciences and Urban Planning, the program is enriched by school faculty whose research and teaching are grounded in geography, GIS, and meteorology and climatology. Students have access to a wide selection of electives within the school, electives that explore issues such as population and migration, environmental and landscape dynamics, and urban climate systems. The program is also complemented by the participation of faculty from other disciplines within the university and collaboration with leading planning practitioners in the Phoenix area.

Faculty research and teaching interests focus especially on the following broad interdisciplinary themes:

- city building and urban structure
- environmental and resiliency planning
- housing, neighborhoods and community development
- spatial analytics and smart cities
- transportation planning and policy

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:
Public Administration, MPA
Public Policy, MPP
Sustainability Solutions, MSUS

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Geographic Information Science, BS
Geography, BS
Geography, BA
Geography (Meteorology-Climatology), BS
Urban Planning, BSP

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
47 credit hours and a thesis, or 47 credit hours including the required applied project course (PUP 593), or 47 credit hours including the required capstone course (PUP 580).
Required Core (21 credit hours)
PUP 501 Planning, History and Theory (3)
PUP 520 Planning Practice, Ethics and Processes (3)
PUP 531 Planning and Development Control Law (3)
PUP 544 Urban Land Use Planning (3)
PUP 571 Planning Methods I (3)
PUP 579 Planning Methods II (3)
PUP 642 Urban and Regional Economic Analysis (3)

Electives (14 or 15 credit hours)

Other Requirement (6 credit hours)
PUP 542 Environmental Planning (3)
PUP 576 GIS Workshop (3)

Culminating Experience (5 or 6 credit hours)
PUP 580 Practicum: Planning Workshop (5) or
PUP 593 Applied Project (5) or
PUP 599 Thesis (6)

Additional Curriculum Information
Students take 14 credit hours of electives for the thesis option and take 15 credit hours of electives for nonthesis.

Students take PUP 576 or another methods course approved by the department.

Students take PUP 542 or another environmental planning course approved by the department.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement should be no longer than 600 words and must address the applicant's academic and professional background and, if appropriate, preparation for the selected area of specialty which may include written samples or a portfolio, though these are not required.

Letters of recommendation must be from three people who can attest to the applicant's academic and professional achievements.

**Career Opportunities:** Professionals with expertise in planning theory and practice are in high demand across sectors and industries, including planning consulting firms, local governments and community organizations. Skills in environmental impact assessment, geographical data analysis and community resiliency planning are valuable to businesses and institutions relying on practical, research-based approaches to solve complex real-world problems.

Alumni of the Master of Urban and Environmental Planning program work as professional planners in a variety of public, private and nonprofit settings. Career examples include:

- city and regional planning aide
- geospatial information technologist
- social services director
- sustainability specialist
- transportation planner
- urban and regional planner

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Urban Planning, PHD (ARPUPPHD)

**Online Degree Search Title:** Urban Planning, PhD
**Campus:** Tempe

**Program Description:** The PhD program in urban planning educates scholars for positions in leading universities; research institutions; nongovernmental organizations; international multilateral institutions; national, state and local governments; and high-level consulting firms. The program provides a strong foundation for undertaking research in planning, urbanism, urban design and urban sustainability.

The School of Geographical Sciences and Urban Planning maintains close relationships with many of the communities in the Phoenix metropolitan area that are leading the way on issues like urban climate change, sustainability and transportation planning. Students have opportunities to interact with planning leaders, mentors and community organizations. Students conduct research alongside faculty, take classes focused on current issues in the field, conduct research and reports for local clients, and start building their professional network across the public, private and nonprofit sectors.

Students benefit from a wide variety of coursework and research opportunities in five broad interdisciplinary themes that span the expertise of the faculty within the School of Geographical Sciences and Urban Planning:

- city building and urban structure
- environmental and resiliency planning
- housing, neighborhoods and community development
- spatial analytics and smart cities
- transportation planning and policy

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (6 credit hours)
PUP 710 Current Planning Theory and Practice (3)
PUP 724 Planning Methods for Doctoral Students (3)

Electives and Research (64 credit hours)

Other Requirement (2 credit hours)
PUP 701 Urban Planning Colloquium (1)

Culminating Experience (12 credit hours)
PUP 799 Dissertation (12)

Additional Curriculum Information
Students take two semesters of PUP 701 for a total of two credit hours.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Up to six credit hours of 400-level courses may be applied to the plan of study.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a master's degree in a related field such as urban studies, geography, environmental studies, sustainability, architecture, public policy or public administration from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program and a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement must be 600 words or fewer and explain the applicant's interest in planning at the doctoral level; academic and professional background and, if appropriate, preparation for the selected area of specialty which may include written samples or portfolio; and educational and professional objectives.

Letters of recommendation should be from three faculty members who can attest to the applicant's academic achievements.

**Career Opportunities:** Professionals with expertise in planning research, theory and practice are in high demand across sectors and industries, including institutions of higher education, planning consulting firms and community organizations. Skills in environmental impact assessment, geographical data analysis and community resiliency planning are valuable to organizations and institutions relying on research-based approaches to solve complex real-world problems.

Career examples include:

- chief sustainability officer
- city and regional planning aide
- environmental restoration planner
- transportation planner
- urban and regional planner
- urban planning teacher, postsecondary

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. ## World War II Studies, MA (LAWWSMA)

**Online Degree Search Title:** World War II Studies, MA
**Campus:** Online

**Program Description:** Through advanced interdisciplinary study of World War II, students in the MA program in World War II studies explore the

causes and effects of World War II, the global nature of the conflict, the evolution of governance and political systems, and human responses to conflict, violence and genocide. Program coursework also helps students contextualize current events through study of the war's historical, political and cultural legacies.

**Degree Requirements:**
30 credit hours including the required capstone course (WWS 597).
Required Core (12 credit hours)
WWS 561 Decision Points I (3)
WWS 562 Decision Points II (3)
WWS 563 The Lived Experience of World War II (3)
WWS 566 World War II Today (3)

Electives or Research (9 credit hours)

Other Requirements (6 credit hours)
HST 454 History of Genocide (3) or WWS 564 The Global War (3)
WWS 460 World War II (3) or HST 460 World War II (3)

Culminating Experience (3 credit hours)
WWS 597 Capstone (3)

Additional Curriculum Information
Students should refer to the academic unit for the approved electives and research course list.

For the other requirements section, students must take either HST 454 or WWS 564. If a student chooses to take HST 454 to fulfill the requirement, they may take WWS 564 as an elective. Likewise, if a student chooses to take WWS 564 to fulfill a requirement, they may take HST 454 as an elective. Other coursework may be used with approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and The College of Liberal Arts and Sciences.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or master's degree from a regionally accredited college or university. Students from any field who demonstrate potential are considered for admission.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- letter of intent or written statement
- written responses to unit-developed prompts
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

An applicant's potential for success is determined by the quality of writing and clarity of thought demonstrated in the letter of intent and responses to the application questions. During the application process, applicants are prompted to write short written responses to World War II-related questions. These responses serve to demonstrate to the committee a student's writing ability and potential for thoughtful participation in degree coursework.

Letters of recommendation that point to a student's ability to deliver high-quality academic work and persist to an academic goal receive priority.

An applicant's GPA and academic performance, particularly in humanities coursework, also indicate potential.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/world-war-ii-studies-ma/) for program descriptions and to request more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following

program outcomes:

•Graduates of the program will be able to evaluate the global, social, cultural, economic and political legacy of World War II since 1945, with particular attention to differing narratives.

•Graduates of the program will be able to analyze the decision-making process and explore the contingent nature of historical events within the larger context of the Second World War.

•Graduates of the program, in analyzing the causes, course and memory of the genocidal nature of World War II, will be able to compose evidence-based arguments grounded in the analysis of sources.

**Career Opportunities:** The Master of Arts program in World War II studies provides students the fundamental training needed for careers in research, teaching, public history, government service and a host of other positions in the public, private and nonprofit sectors.

Graduates serve as first-rate historians; highly qualified teachers at the elementary and secondary levels, and at community colleges; researchers and consultants; archivists; foreign service officers; management professionals; community organizers and public servants.

Other career examples include:

- archivist
- college instructor
- editorial and publishing professional
- museum director and staff
- nonprofit director
- research professional

## Nursing and Health Innovation, Edson College of

### Acute Care Pediatric Nurse Practitioner (certificate), Certificate (NUACPNGRCT)

**Online Degree Search Title:** Acute Care Pediatric Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the acute care pediatric nurse practitioner specialty is an advanced nursing practice program. It is designed for board-certified nurses seeking additional certification as an acute care pediatric nurse practitioner, or for doctorate-level nurses seeking an acute care pediatric nurse practitioner position. This certificate program prepares graduates to provide holistic, client-centered care to meet the physical, psychological and social needs of infants, children, adolescents and young adults.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced physiology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

Specialty courses focus on assessment and management of a supportive, family-centered, culturally appropriate plan of care for pediatric patients with chronic, complex acute and life-threatening illnesses.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved

and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
20 credit hours.
Required Core (20 credit hours)
DNP 606 Principles of Pediatric Acute Care I (3)
DNP 607 Advanced Pediatric Acute Care Practicum I (7)
DNP 619 Principles of Pediatric Acute Care II (3)
DNP 620 Advanced Pediatric Acute Care Practicum II (7)

Additional Curriculum Information
Every certificate student must complete 600 hours of direct patient care with a nurse practitioner or physician preceptor in the clinical setting. Documented clinical experiences are required by the Pediatric Nursing Certification Board in order for the graduate to be eligible to take the national pediatric nurse practitioner acute care certification examination. Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt is made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student is required to complete the clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged, as are experiences in rural areas, and sites are available for these experiences.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- professional resume
- goal statement
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

A current unencumbered RN license in the state in which the student plans to do clinical practicums is required. All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

The applicant must be nationally certified as a primary care pediatric nurse practitioner. Nationally certified family nurse practitioners working as a nurse practitioner in a pediatric setting will be considered.

The goal statement should indicate the applicant's understanding of the role of the advance practice nurse with the population of interest and any experience the applicant may have working with the patient population of interest.

The admission essay should briefly describe how meeting The Essentials of Doctoral Education for Advanced Nursing Practice (2006) will further

their career goals.

An interview with program faculty is required.

One year of clinical experience working in the pediatric acute care setting is preferred

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

No admission examination is required.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. The acute care pediatric nurse practitioner role has grown exponentially in the past decade and the demand for board certified advanced practice acute care providers has never been higher. Graduates of the certificate program in advanced practice nursing are prepared to provide health care for newborns, children, adolescents and young adults. Careers include:

- acute care home services
- critical care
- education and training of future health care providers
- emergency care
- inpatient hospitalist service
- specialty service provision
- transport teams

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Adult Gerontology Nurse Practitioner (Certificate), Certificate (NUAGNPGRCT)

**Online Degree Search Title:** Adult Gerontology Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the adult-gerontology nurse practitioner specialty is an advanced nursing practice program. It is designed for board-certified nurses in a different advanced practice registered nursing specialty who seek additional certification as an adult-gerontology primary care nurse practitioner, and it is for doctorate-level nurses who seek an adult-gerontology nurse practitioner position. This program prepares graduates to provide holistic, client-centered primary care, case management, screening, health promotion and disease management of adults through the lifespan in a variety of settings, and it prepares nurses to meet the physical, psychological and social needs of adolescents, adults and geriatric patients.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed within the past five years to be eligible for credit.

Specialty courses focus on assessment, diagnosis and evidence-based management of common, chronic and complex health conditions in adolescents, adults and geriatric patients. Content includes epidemiology, differential diagnosis and sociocultural variations in evidence-based treatments; health promotion and case management, is emphasized.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctorate program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
22 credit hours.
Required Core (22 credit hours)
DNP 623 Adult-Gerontology Health Promotion (3)
DNP 624 Adult-Gerontology Health Promotion Practicum (3)
DNP 625 Management of Common Health Problems in Adult-Gerontology: Theory (3)
DNP 626 Management of Common Health Problems in Adult-Gerontology: Practicum (5)
DNP 627 Management of Complex Health Problems in Adult-Gerontology: Theory (3)
DNP 628 Management of Common Health Problems in Adult-Gerontology: Practicum (5)

Additional Curriculum Information
Nurses who complete this certificate meet the eligibility requirements for taking the National Adult Gerontology Nurse Practitioner Certification Examination. In addition to completing didactic courses, students complete 13 credit hours (585 clock hours) of practicum experiences in a community setting.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- documentation of a current unencumbered RN license in the state in which the student plans to do clinical practicums
- three professional letters of recommendation
- resume
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All students are required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

Applicants are required to have an in-person interview with the program faculty.

Applicants are asked to submit an admission essay and:

- describe career goals for the next five to 10 years and discuss how obtaining a NP certificate from Arizona State University will help meet these goals
- read The Essentials of Doctoral Education for Advanced Nursing Practice (2006) from the American Association of Colleges of Nursing, then

focus on one of the first seven essentials and describe how meeting this essential will further the stated career goals

All Edson College of Nursing and Health Innovation students are required to complete health and safety requirements, and must have a passing disposition on a background clearance and satisfactory completion of a substance screen with the program's identified agency.

One year of clinical experience working within the student's specialty population is preferred.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the adult gerontology nurse practitioner certificate program have the knowledge and training to provide health care for patients in a wide variety of settings. This broad base of comprehension and clinical expertise enables them to effectively participate and lead within clinical, community and academic arenas.

Career examples:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Advanced Nursing Practice, DNP (NUANPDNP)

**Online Degree Search Title:** Advanced Nursing Practice, DNP
**Campus:** Downtown Phoenix

**Program Description:** The DNP in advanced nursing practice prepares graduates to apply and integrate research into clinical practice using innovative approaches to improve health care outcomes of populations and individuals across multiple settings.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Courses are designed for clinical experts and emphasize systems thinking in complex health environments, evidenced-based practice, implementation science, and dissemination of outcomes to advance health care practices and policies. The program emphasizes innovation, leadership in professional relationships, and impacting organizational culture. Practicing faculty with systems-based experience teach much of the coursework and residency experiences, which enrich student learning.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral-level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or health care system level. Students of the doctoral program are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
84 credit hours including the required applied project course (DNP 707).
Required Core (13 credit hours)
DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Other Requirement (23 credit hours)
DNP 679 Biostatistics: Principals of Statistical Inference (3)

DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 711 Healthcare Policy and Innovation (3)
DNP 712 Clinical Residency and Management (12)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Electives and Research (45 credit hours)

Culminating Experience (3 credit hours)
DNP 707 Disseminating Evidence to Advance Best Practice in Health Care and Health Policy (3)

Additional Curriculum Information
Applicants to the post-master's program should identify a relevant clinical issue related to advanced practice nursing that they would like to pursue during their doctoral program. Students complete 540 hours of clinical practice residency and the program courses. Completion of an evidence-based doctoral applied project is required. Each project is developed individually with each student. The student has a primary mentor working with them on the project. Clinical practice residency hours are used to complete the project in a practice setting; work settings may be included, but specific objectives are developed individually with each student and may be different from the student's job. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

For electives or research, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

Other requirement coursework may be substituted with approval of the academic unit if the student is in an approved concurrent program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- resume
- goal statement
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must be certified as an advanced practice nurse. A current unencumbered RN license in the state in which the student plans to do clinical practicums is required. All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

An interview with program faculty is required.

One year of clinical experience working within the student's specialty population is preferred.

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

An admission examination is not required.

Applications are reviewed on a space-available basis after the priority deadline.

**Career Opportunities:** Graduates of the Doctor of Nursing Practice program have the knowledge and training to provide health care for patients

across the lifespan in a wide variety of settings. This broad base of comprehension and clinical expertise enables them to effectively participate and lead within clinical, community and academic arenas.

Career examples:

- business owner
- community advocate
- nurse practitioner
- professor

## Advanced Nursing Practice (Acute Care Pediatric Nurse Practitioner), DNP (NUANPACDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Acute Care Pediatric Nurse Practitioner), DNP
**Campus:** Downtown Phoenix

**Program Description:** The acute care pediatric nurse practitioner concentration of the DNP program is an advanced nursing practice degree. This program prepares graduates to provide holistic, client centered care to meet the physical, psychological and social needs of infants, children, adolescents and young adults.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Specialty courses focus on assessment and management of a supportive, family-centered, culturally appropriate plan of care for pediatric patients with chronic, complex acute and life-threatening illnesses. Any deficiency courses determined by the student's unique gap analysis must have been completed within the past five years to be eligible for credit.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral-level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or health care system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the Doctor of Nursing Practice program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers clinical rotations in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
85 credit hours including the required applied project course (DNP 707).
Required Core (13 credit hours)

DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Concentration (26 credit hours)
DNP 606 Principles of Pediatric Acute Care I (3)
DNP 607 Advanced Pediatric Acute Care Practicum I (6)
DNP 619 Principles of Pediatric Acute Care II (3)
DNP 620 Advanced Pediatric Acute Care Practicum II (6)
DNP 643 Developmentally Based Care of the Well Child (3)
DNP 644 Well Child Advanced Practicum (2)
DNP 649 Advanced Physiology (3)

Other Requirements (40 credit hours)
DNP 601 Theoretical Foundations for Advance Practice Nursing (3)
DNP 602 Evaluating Research for Practice (3)
DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
DNP 609 Advanced Practice Nursing Role (1)
DNP 641 Advanced Health Assessment Pediatrics (3)
DNP 642 Applied Pharmacotherapeutics for Pediatrics (3)
DNP 679 Biostatistics: Principals of Statistical Inference (3)
DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 711 Healthcare Policy and Innovation (3)
DNP 712 Clinical Residency and Management (12)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Electives (3 credit hours)

Culminating Experience (3 credit hours)
DNP 707 Disseminating Evidence to Advance Best Practice in Health Care and Health Policy (3)

Additional Curriculum Information
Nurse practitioner students complete 585 hours of clinical practicum work in the first two years of their degree program. They complete an additional 540 hours in their clinical residency course (DNP 712) for a total of 1,125 clinical and residency hours.

Every student must complete 600 hours of direct patient care with a nurse practitioner or physician preceptor in the clinical setting. Documented clinical experiences are required by the Pediatric Nursing Certification Board in order for the graduate to be eligible to take the national Pediatric Nurse Practitioner Acute Care certification examination. Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt is made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student is required to complete the clinical experience in the Phoenix area.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

Other requirement coursework may be substituted with approval of the academic unit if the student is in an approved concurrent program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 ="A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- professional resume
- goal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency

A current unencumbered RN license in the state in which the student plans to do clinical practicums is required. All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

An interview with program faculty is required.

One year of clinical experience working in the student's specialty population is preferred.

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

An admission examination is not required.

**Career Opportunities:** Graduates are prepared for excellence upon entering the workplace and to practice at the most advanced level of nursing.

The acute care pediatric nurse practitioner role has grown exponentially in the past decade and the demand for board-certified advanced practice acute care providers has never been higher. Graduates are prepared to provide health care for newborns and children, to young adulthood, in careers that include:

- acute care home services
- critical care provision
- education and training of future health care providers
- emergency care provision
- inpatient hospitalist services
- specialty service provision
- transport teams

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. ## Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP (NUANPAGDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP
**Campus:** Downtown Phoenix

**Program Description:** The adult-gerontology nurse practitioner concentration of the DNP program is an advanced nursing practice degree. This program prepares graduates to provide holistic, client-centered primary care to adolescents, adults and geriatric patients in a variety of settings.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Courses focus on assessment, screening, diagnosis and evidence-based management of common, chronic and complex health conditions in adolescents, adults and geriatric patients. Content including epidemiology, differential diagnosis, sociocultural variations in evidence-based treatments, health promotion and case management is emphasized. Adult gerontology-focused theory and clinical courses include theories, principles and clinical skills in the care of adolescents and adults across the lifespan in a variety of settings, including private practice, ambulatory clinics, long-term care facilities and the patient's home. Practicing faculty with clinical experience teach the specialty coursework and clinical experiences.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral-level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or health care system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa

County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the Doctor of Nursing Practice program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers clinical rotations in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: Nursing and Healthcare Innovation, PhD

**Degree Requirements:**
84 credit hours including the required applied project course (DNP 707).
Required Core (13 credit hours)
DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Concentration (22 credit hours)
DNP 623 Adult-Gerontology Health Promotion (3)
DNP 624 Adult-Gerontology Health Promotion Practicum (3)

## Advanced Nursing Practice (Family Psychiatric and Mental Health Nurse Practitioner), DNP (NUANPCFDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Family Psychiatric and Mental Health Nurse Practitioner), DNP
**Campus:** Downtown Phoenix

**Program Description:** The family psychiatric and mental health nurse practitioner concentration of the DNP program is an advanced nursing practice degree. This program prepares students to provide holistic, client-centered mental health care to individuals of all ages within traditional, nontraditional and culturally diverse families.

Courses emphasize the assessment, diagnosis and evidence-based management of common and complex mental health disorders across the lifespan.

The program highlights valid and reliable tools for screening and identification of mental health disorders as well as early interventions for these problems. Content for each disorder include epidemiology, early signs and symptoms, differential diagnosis, and sociocultural variations in evidence-based management and treatment. Management includes psychopharmacologic and therapeutic skills building that are based in motivational interviewing, mindfulness, cognitive behavioral therapy and dialectical behavior therapy. The program emphasizes individual, group and family therapy techniques. Practicing faculty with clinical experience teach the specialty coursework and clinical experiences, which enrich learning.

In addition to advanced nursing specialty-focused outcomes, the program engages students to meet doctoral level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or health care system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Ariz. are responsible for identifying the required number of clinical sites in their area of residence and

for identifying preceptors and sites willing to accommodate clinical rotations, and the college must approve these sites before starting any clinical experience; the Doctor of Nursing Practice program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The Doctor of Nursing Practice program office offers clinical rotations in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs (https://admission.asu.edu/academics/authorizations) at Edson College of Nursing and Health Innovation.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
85 credit hours including the required applied project course (DNP 707).
Required Core (13 credit hours)
DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Concentration (29 credit hours)
DNP 660 Advanced Neuropsychopathology Lifespan (2)
DNP 671 Advanced Mental Health Assessment Across the Lifespan (2)
DNP 672 Psychopharmacology Across the Lifespan (3)
DNP 673 Mental Health Promotion Across the Lifespan (3)
DNP 674 Mental Health Promotion Across the Lifespan Practicum (3)
DNP 675 Management of Common Mental Health Disorders Across the Lifespan (3)
DNP 676 Management of Common Mental Health Disorders Across the Lifespan Practicum (5)
DNP 677 Management of Complex and Chronic Mental Health Disorders Across the Lifespan (3)
DNP 678 Management of Complex and Chronic MH Disorders Across the Lifespan Practicum (5)

Other Requirements (40 credit hours)
DNP 601 Theoretical Foundations for Advance Practice Nursing (3)
DNP 602 Evaluating Research for Practice (3)
DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
DNP 605 Advanced Health Assessment Across Lifespan (3)
DNP 608 Applied Pharmacotherapeutics Across Lifespan (3)
DNP 609 Advanced Practice Nursing Role (1)
DNP 679 Biostatistics: Principals of Statistical Inference (3)
DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 711 Healthcare Policy and Innovation (3)
DNP 712 Clinical Residency and Management (12)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Culminating Experience (3 credit hours)
DNP 707 Disseminating Evidence to Advance Best Practice in Health Care and Health Policy (3)

Additional Curriculum Information
Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a Doctor of Nursing Practice. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

Other requirement coursework may be substituted with approval of the academic unit if the student is in an approved concurrent program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- resume
- goal statement
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

A current unencumbered RN license in the state in which the student plans to do clinical practicums is required. All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

An interview with program faculty is required.

One year of clinical experience working in the student's specialty population is preferred.

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

An admission examination is not required.

Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Doctor of Nursing Practice graduates are prepared to practice at the most advanced level of nursing.

Graduates have the knowledge and training to provide health care for patients across the lifespan in a wide variety of settings. This broad base of comprehension and clinical expertise enables them to participate effectively and lead within clinical, community and academic arenas.

Career examples:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Advanced Nursing Practice (Innovation Leadership), DNP (NUANPILDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Innovation Leadership), DNP
**Campus:** Downtown Phoenix, ASU at Los Angeles

**Program Description:** The DNP in advanced nursing practice with a concentration in innovation leadership is an advanced nursing practice

degree. This program is designed to take the student's thinking and career to the next level by leveraging innovation theory, complexity science and the application of the latest evidence to advanced health system outcomes.

Courses are designed for all clinical leaders, including educators, executives and informaticists, who want to create sustainable health care in the communities they serve. Students learn how to optimize human and social capital, create measurable impact on their organizations, and foster environments of excellence through innovation. The program develops graduates who will leverage resources, build effective organizational cultures, and develop professional relationships for high-impact. Practicing faculty with systems-based experience, teach the coursework and residency experiences, which will enrich learning.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or health care system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes. Acknowledged by graduates as a life-changing experience, this program is one of deep personal discovery and diverse professional enrichment. Students are part of a rich social fabric of highly engaged, intellectually astute and practically sound nursing leaders who are changing health care for the nation.

Los Angeles location
Currently, programs of study are offered in a hybrid learning model. Select courses are offered through in-person instruction at the ASU California Center --- Broadway. This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester. Students should consult their advisor and schedule of classes for additional information prior to selecting this campus.

**Degree Requirements:**
84 credit hours including the required applied project course (DNP 716).
Required Core (13 credit hours)
DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Concentration (9 credit hours)
DNP 713 Analysis of Organizational Cultures in Health Care (3)
DNP 714 Professional Relationships in Healthcare (3)
NUR 640 Integrative Theories of Innovation Health Care (3)

Other Requirements (23 credit hours)
DNP 679 Biostatistics: Principals of Statistical Inference (3)
DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 711 Healthcare Policy and Innovation (3)
DNP 712 Clinical Residency and Management (12)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Electives and Research (36 credit hours)

Culminating Experience (3 credit hours)
DNP 716 Leadership of Innovation in Health Care (3)

Additional Curriculum Information
Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a nurse practitioner doctoral program. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

For electives or research, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

Other requirement coursework may be substituted with approval of the academic unit if the student is in an approved concurrent program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and a master's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation

## Advanced Nursing Practice (Neonatal Nurse Practitioner), DNP (NUANPNDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Neonatal Nurse Practitioner), DNP
**Campus:** Downtown Phoenix
ASU is not currently accepting applications for this program.
**Program Description:** The neonatal nurse practitioner concentration of the DNP program is an advanced nursing practice degree. This program prepares graduates to provide holistic, client-centered care to neonates, infants and children within traditional, nontraditional and culturally diverse families.

Core courses focus on theory to advanced practice, application of evidence to advanced practice, advanced pathophysiology, advanced pharmacology and advanced health assessment. Advanced neonatal nursing theory and clinical courses focus on the development of a framework for developmentally supportive, family-centered, culturally appropriate advanced nursing practice with infants, children and families. Practicing faculty with clinical experience teach the specialty coursework and clinical experiences, which will enrich learning.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project

within a partner organization to improve outcomes at the patient, provider or healthcare system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and immersions two or three times per semester.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the Doctor of Nursing Practice program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The Doctor of Nursing Practice program offers clinical rotations in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
84 credit hours including the required applied project course (DNP 707).
Required Core (21 credit hours)
DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
DNP 605 Advanced Health Assessment Across Lifespan (3)
DNP 608 Applied Pharmacotherapeutics Across Lifespan (3)
DNP 609 Advanced Practice Nursing Role (1)
DNP 704 Principles of Evidenced-Based Care in Advanced Practice (4)
DNP 705 Healthcare Outcomes Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)

Concentration (34 credit hours)
DNP 653 Advanced Development and Family Health Promotion: Neonatal Theory I (3)
DNP 654 Neonatal Practicum I (3)
DNP 655 Management of Common Neonatal Problems (3)
DNP 656 Neonatal Practicum II (5)
DNP 657 Management of Complex Problems in Neonates (3)
DNP 658 Neonatal Practicum III: Management of Complex Problems in Neonates (5)
DNP 712 Clinical Residency and Management (12)

Other Requirement (20 credit hours)
DNP 601 Theoretical Foundations for Advance Practice Nursing (3)
DNP 602 Evaluating Research for Practice (3)
DNP 679 Biostatistics: Principals of Statistical Inference (3)
DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)
DNP 711 Healthcare Policy and Innovation (3)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Electives and Research (6 credit hours)

Culminating Experience (3 credit hours)
DNP 707 Disseminating Evidence to Advance Best Practice in Health Care and Health Policy (3)

Additional Curriculum Information
Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a nurse practitioner doctoral program. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

For electives or research, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three online recommendations and one self-evaluation
- satisfactory completion of the analytical writing section of the GRE
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

The three online recommendations should be from individuals knowledgeable about the applicant's academic and nursing leadership potential; the self-evaluation is completed by the applicant.

A current unencumbered license is required. If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

An interview with a representative of the specialty area is required.

Students should see the program website for application deadlines.

**Career Opportunities:** Doctor of Nursing Practice graduates are prepared to practice at the most advanced level of nursing.

Graduates of the neonatal nurse practitioner concentration of the Doctor of Nursing Practice in advanced nursing practice have the knowledge and training to provide health care for patients in an acute care setting. This broad base of clinical expertise enables them to participate effectively and lead within clinical, community and academic arenas.

Career examples:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. ## Advanced Nursing Practice (Pediatric Nurse Practitioner), DNP (NUANPPDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Pediatric Nurse Practitioner), DNP
**Campus:** Downtown Phoenix

**Program Description:** The pediatric nurse practitioner concentration of the DNP program is an advanced nursing practice degree. This program prepares graduates to provide holistic, client-centered primary care of infants, children, adolescents and young adults.

Courses focus on assessment, diagnosis, health promotion, disease prevention and management of minor, acute and stable complex-chronic health disorders in the pediatric population. Any deficiency courses determined by the student's unique gap analysis must have been completed within the past five years to be eligible for credit. Using best evidence, specialty pediatric courses focus on health promotion and disease management with an emphasis on preventive care and the development of a framework for supportive, family-centered, culturally appropriate advanced nursing practice for infants, children, adolescents and young adults. Practicing faculty with clinical experience teach the specialty coursework and clinical experiences, which will enrich learning.

In addition to advanced nursing specialty-focused outcomes, the Doctor of Nursing Practice program engages students to meet doctoral level competencies in systems-level thinking, complexity science, quality and safety, evidence-based practice, and the development of a doctoral project within a partner organization to improve outcomes at the patient, provider or healthcare system level. Students are educated as leaders at the highest level of nursing practice to translate research into practice, lead in multidisciplinary teams, and engage in health care policy and advocacy to improve patient outcomes.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

## Advanced Nursing Practice (Women's Health Nurse Practitioner), DNP (NUANPWHDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Women's Health Nurse Practitioner), DNP
**Campus:** Downtown Phoenix

**Program Description:** The women's health nurse practitioner concentration of the DNP program is an advanced nursing practice degree. The program prepares graduates to provide holistic, client-centered primary care to women of any age from adolescence through older adulthood. It is designed for board-certified nurses in a different advanced practice registered nurse specialty area seeking additional certification as a women's health nurse practitioner and for doctorate-level nurses seeking to become a women's health nurse practitioner.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed within the past five years to be eligible for credit. Specialty courses focus on the assessment, diagnosis and evidence-based management of common and complex gynecologic, sexual, reproductive, menopause-transition and post-menopause health care; uncomplicated and high-risk antepartum and postpartum care; as well as sexual and reproductive health care for men. Courses emphasize research and theories to provide the context essential to advanced nursing practice focusing on health promotion, risk assessment and disease prevention for women across the lifespan, taking into account factors that influence health care and health outcomes.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the Doctor of Nursing Practice program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The Doctor of Nursing Practice program offers clinical rotations in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University Doctor of Nursing Practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
84 credit hours including the required applied project course (DNP 707).
Required Core (13 credit hours)
DNP 704 Principles of Evidence-Based Care in Advanced Practice (4)
DNP 705 Health Care Outcome Management (3)
DNP 708 Systems Thinking in a Complex Healthcare Environment (3)
DNP 709 Individual and Innovation Leadership in Healthcare Practice (3)

Concentration (22 credit hours)
DNP 613 Women's Health Promotion I (3)
DNP 614 Women's Health Practicum I (3)
DNP 615 Management of Common Problems in Women's Health (3)
DNP 616 Advanced Women's Health Practicum II (5)
DNP 617 Management of Complex and Chronic Disease in Women (3)
DNP 618 Advanced Women's Health Practicum III (5)

Other Requirements (40 credit hours)
DNP 601 Theoretical Foundations for Advance Practice Nursing (3)
DNP 602 Evaluating Research for Practice (3)
DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
DNP 605 Advanced Health Assessment Across Lifespan (3)
DNP 608 Applied Pharmacotherapeutics Across Lifespan (3)
DNP 609 Advanced Practice Nursing Role (1)
DNP 679 Biostatistics: Principals of Statistical Inference (3)
DNP 703 Innovation in Communication: Scholarly and Professional Writing (2)
DNP 711 Healthcare Policy and Innovation (3)
DNP 712 Clinical Residency and Management (12)
DNP 715 Dynamics and Principles of Information in Health Care (3)

Electives and Research (6 credit hours)

Culminating Experience (3 credit hours)
DNP 707 Disseminating Evidence to Advance Best Practice in Health Care and Health Policy (3)

Additional Curriculum Information
Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a nurse practitioner doctoral program. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

For electives or research, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program allows up to 30 credit hours from a previously awarded master's degree to be used for this program.

Other requirement coursework may be substituted with approval of the academic unit if the student is in an approved concurrent program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- resume
- goal statement
- admission essay

- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

All students also are required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

An interview with program faculty is required.

One year of clinical experience working within the student's specialty population is preferred.

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

An admission examination is not required.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the women's health nurse practitioner program have the knowledge and training they need in order to provide health care to patients across the lifespan in a wide variety of settings. The broad base of comprehension and clinical expertise enables graduates to effectively participate and lead within clinical, community and academic arenas.

Career examples include:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Aging, MS (LAALDMS)

**Online Degree Search Title:** Aging, MS
**Campus:** Downtown Phoenix, Online

**Program Description:** Aligned with ASU's charter and design aspirations, the MS program in aging assumes responsibility for the overall health of communities by educating students to become experts in the field of aging.

By fusing intellectual disciplines and socially embedding with partners in the aging network of health, wellness and social services, as well as entrepreneurs developing senior-related business ventures, this program is uniquely positioned to address the varied needs of the rapidly aging population. The program provides students with advanced, interdisciplinary knowledge that focuses on improving the well-being of diverse older adults within the context of their families and communities.

The Master of Science program in aging curriculum is competency-based and designed in accordance with the Academy for Gerontology in Higher Education competencies for graduate education. It addresses the multidimensional aging process and the needs of aging populations and their potential contributions to society; reflects national health initiatives; and encourages community collaborations that are reciprocal, beneficial, and sustainable to improve health outcomes of older adults.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Applied Science (Health Entrepreneurship and Innovation), BAS
Community Health, BS

Health Care Coordination, BS
Health Entrepreneurship and Innovation, BS
Integrative Health, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required applied project course (HCA 593).
Required Core (15 credit hours)
HCA 501 Perspectives on Aging and the Life Course (3)
HCA 502 Research and Program Evaluation Issues in Aging (3)
HCA 503 Diversity in Aging (3)
HCA 505 Interdisciplinary and Community Collaboration in Aging (3)
HCA 508 Mental Health Assessment and Intervention (3)

Restricted Electives (6 credit hours)HCA 504 Caregiving Issues for Families and Professionals (3)HCA 507 Care Coordination Across the Continuum of Care (3)HCA 510 Innovations in Program Development and Policy (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)
HCA 593 Applied Project (3)

Additional Curriculum Information
The program requires six credit hours of electives to support academic and professional interests. Students should consult with their advisor for the current approved elective list. Other courses may be used with approval of the academic unit.

For Restricted Electives, students select two courses from the list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- professional resume
- letter of intent or written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/aging-ms/) for program descriptions and to request more information.

**Career Opportunities:** Graduates have the knowledge and training to provide relevant information for the aging population in a wide variety of settings. The broad base of comprehension and expertise enables graduates to effectively participate and lead within the aging community.

Career examples include:

- entrepreneur
- facilities director
- program manager

• research coordinator

## Clinical Research Management, MS (NUCRMMS)

**Online Degree Search Title:** Clinical Research Management, MS
**Campus:** Online

**Program Description:** Clinical research management is a growing field of medical, health and research professionals who direct and conduct clinical trials for new medical products.

With clinical research rapidly expanding, the clinical research master's program takes a transdisciplinary approach in providing an education strong in commercial and fiscal practices of conducting clinical research to prepare students for clinical trial management. This graduate program explores the ethical and regulatory aspects of research and overall management of clinical drug, biological and medical device trials, management of clinical studies, data management, drug discovery and medical devices. In this master's program, students are encouraged to innovate and develop entrepreneurial skills to lead clinical research endeavors.

The MS program in clinical research management is designed to be flexible and conducive for the adult learner and working professional. Part-time study is available. Completion of the program requires a project applicable to the clinical research management field.

This clinical research management graduate degree is the first clinical research graduate degree to receive accreditation from the Commission on Accreditation of Allied Health Education Programs. The CAAHEP is the largest programmatic accreditor in the health sciences field and is recognized by the Council for Higher Education Accreditation in the U.S. and internationally.

**Degree Requirements:**
33 credit hours including the required capstone course (HCR 566).
Required Core (18 credit hours)
HCR 551 Clinical Research Monitoring (3)
HCR 561 Responsible Conduct of Clinical Research (3)
HCR 562 Clinical Research Data Management and Technology Implementation (3)
HCR 563 Fundamentals of Regulatory Affairs (3)
HCR 565 Clinical Research Operations (3)
HCR 574 Scientific and Research Review Boards (3)

Restricted Electives (12 credit hours)
HCR 552 Medical Device Development and Regulation (3)
HCR 553 Quality and Clinical Research (3)
HCR 555 Pharmaceutical Safety and Risk Management (3)
HCR 557 Clinical Research Design and Methods (3)
HCR 564 Global Regulatory Affairs Leadership (3)
HCR 567 Research Management and Contemporary Research Topics (3)
HCR 568 Health Care Project Management (3)
HCR 575 Management and Negotiation of Clinical Trial Budgets and Contracts (3)
HCR 576 Drug Discovery, Development and Regulations (3)

Culminating Experience (3 credit hours)
HCR 566 Clinical Research Management Capstone (3)

Additional Curriculum Information
Students select four courses from the restricted electives list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree that includes courses with content in anatomy and physiology and medical terminology or if they have earned a bachelor's degree. Education or experience in anatomy, physiology and medical terminology is recommended.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume or curriculum vitae
- two online references
- personal statement
- response to application questions
- proof of English language proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The applicant must have six months of full-time, related clinical research work or internship experience as described in a resume or curriculum vitae. Applicants who do not have six months of experience are required to complete a course in clinical research foundations, provided by the program, prior to enrolling in courses.

The online references should be from colleagues, supervisors or other professional contacts and should attest to the applicant's academic and leadership experiences.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-science-clinical-research-management/) for program descriptions and to request more information.

**Career Opportunities:** Arizona State University's Master of Science degree program in clinical research management prepares students for careers in governmental and regulatory agencies, health care institutions, academic institutions, and national or international research organizations.

Graduates with a Master of Science in clinical research management have career opportunities in many areas. Career examples include:

- clinical data manager
- clinical research associate
- clinical research coordinator
- clinical trial director
- clinical trial program manager

## Clinical Research Management (certificate), Certificate (NUHCRGRCC)

**Online Degree Search Title:** Clinical Research Management (Graduate Certificate)
**Campus:** Online

**Program Description:** The clinical research management certificate is for research professionals seeking to advance their career in the clinical research business. The program is designed to help them build a solid foundation in clinical trial management.

Students of this program learn the ethical and responsible conduct of clinical research as well as clinical research regulations, ethics, operations and data management. This includes management of day-to-day operations, recruitment, retention, staffing, data management and more in clinical trials.

**Degree Requirements:**
15 credit hours.
Required Core (12 credit hours)
HCR 561 Responsible Conduct of Clinical Research (3)
HCR 562 Clinical Research Data Management and Technology Implementation (3)
HCR 563 Fundamentals of Regulatory Affairs (3)

HCR 565 Clinical Research Operations (3)

Restricted Elective (3 credit hours)

Additional Curriculum Information
Students should see the academic unit for the list of restricted electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- resume or curriculum vitae
- two online references
- personal statement
- response to application questions
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants must have six months of full-time, related clinical research work or internship experience as described on the applicant's resume or curriculum vitae. Applicants may be required to submit a job description or internship transcript from their employer.

The online references should be professional references from colleagues, supervisors, professors or other professional contacts who can attest to the applicant's academic and leadership experiences.

Knowledge of anatomy, physiology and medical terminology is recommended.

Applications are due 30 days before the start of the session.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-clinical-research-management/) for program descriptions and to request more information.

**Career Opportunities:** Certificate graduates can prepare for jobs in research positions evaluating the safety and effectiveness of new medical products. There are many different therapeutic focuses graduates can pursue. Specific careers include:

- clinical research assistant
- clinical research coordinator
- clinical research supervisor

## Clinical Research Management (Regulatory Science), MS (NUCRMRSMS)

**Online Degree Search Title:** Clinical Research Management (Regulatory Science), MS
**Campus:** Online

**Program Description:** Regulatory science addresses the safety, efficacy, quality and regulation of new medical products, diagnostics and treatments. Regulatory affairs ensure new products meet the requirements and standards set by regulatory authorities. This master's program

aligns regulations and national competencies throughout the lifecycle of medical products. With a master's degree in clinical research management, and a focus on regulatory science, graduates may have the ability to advance medical care and treatment while ensuring new discoveries adhere to rules and regulations that keep patients safe.

The regulatory science concentration of this program provides students a balance of clinical research management and regulatory affairs and sciences. Coursework in this rigorous program includes regulatory writing techniques, quality assurance, medical devices and drugs, and pharmaceutical safety and risk management, ethical standards and regulation in addition to clinical trial management.

This program meets the needs of professional adult learners and provides the flexibility of online courses and allows enrollment five times per year. Students can complete the program on a part-time basis allowing them to continue to work while earning this masters degree.

This clinical research management graduate degree is the first clinical research graduate degree to receive accreditation from the Commission on Accreditation of Allied Health Education Programs. The CAAHEP is the largest programmatic accreditor in the health sciences field and is recognized by the Council for Higher Education Accreditation in the U.S. and internationally.

## Emergency Nurse Practitioner (Certificate), Certificate (NUEMNPGRCT)

**Online Degree Search Title:** Emergency Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the emergency nurse practitioner specialty is an advanced nursing practice program. It prepares graduates to provide holistic, client-centered care for patients across the lifespan in ambulatory, urgent and emergent settings. The program is designed for board-certified family practitioner nurses who seek additional certification as an emergency nurse practitioner and for students currently enrolled in their third year in the DNP program in the family nurse practitioner track at Arizona State University who seek to become an emergency nurse practitioner.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation and immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

Specialty courses focus on care for patients with cardiovascular, thoracic-respiratory, dermatologic, abdominal, musculoskeletal, psychiatric, traumatic, renal, genitourinary, endocrine, nervous, head, ear, nose and throat system diseases and disorders in ambulatory, urgent and emergent settings.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education and are validated by the American Academy of Emergency Nurse Practitioners.

**Degree Requirements:**
15 credit hours.
Required Core (15 credit hours)
DNP 610 Principles of Advanced Emergency Nursing I (3)
DNP 611 ENP Practicum I: Advanced Emergency Nursing Practice (3)
DNP 630 Principles of Advanced Emergency Nursing II (3)
DNP 631 ENP Practicum II: Advanced Emergency Nursing Practice (3)
DNP 649 Advanced Physiology (3)

Additional Curriculum Information
Every certificate student must complete 270 hours of direct patient care with a nurse practitioner or physician preceptor in the clinical setting. Documented clinical experiences are required by the certification organization (AANP) in order for the graduate to be eligible to take the national Emergency Nurse Practitioner certification examination.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt is made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student is required to complete the clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- professional resume
- goal statement
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

A current unencumbered RN license in the state in which the student plans to do clinical practicums is required. All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

The goal statement should indicate the applicant's understanding of the role of the advance practice nurse with the population of interest and any experience the applicant may have working with the patient population of interest.

The admission essay should briefly describe how meeting "The Essentials of Doctoral Education for Advanced Nursing Practice" (2006) will further their career goals.

Applicants must be a licensed family nurse practitioner currently, or enrolled in the family nurse practitioner program at ASU.

An interview with program faculty is required.

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

An admission examination is not required.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the emergency nurse practitioner certificate program have the knowledge and training to provide health care for patients across the

lifespan in a wide variety of settings, and their broad base of comprehension and clinical expertise enables them to effectively participate and lead within clinical, community and academic arenas.

Career examples include:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Family Nurse Practitioner (certificate), Certificate (NUFMPGRCE)

**Online Degree Search Title:** Family Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the family nurse practitioner specialty is an advanced nursing practice program. It prepares graduates to provide holistic, client-centered primary care to individuals of all ages within traditional, nontraditional and culturally diverse families. The program is designed for board-certified nurses in a different advanced practice registered nurse specialty area who seek additional certification as a family nurse practitioner and for doctorate-level nurses who seek to become a family health nurse practitioner. It prepares nurses to meet the physical, psychological and social needs of individuals and families across the lifespan.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

Specialty courses focus on assessment, diagnosis and evidence-based management of common, chronic and complex health conditions in individuals from infants to geriatrics within traditional, nontraditional and culturally diverse families. Content that includes epidemiology, differential diagnosis, and sociocultural variations in evidence-based treatments, including health promotion, is emphasized.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**

22 credit hours.
Required Core (22 credit hours)
DNP 633 Family Health Promotion (3)
DNP 634 Family Health Promotion Practicum (3)
DNP 635 Management of Common Family Problems in Children, Adults and Families (3)
DNP 636 Management of Common Health Problems in Children, Adults and Families Practicum (5)
DNP 637 Management of Complex and Chronic Health Problems in Children, Adults and Families (3)
DNP 638 Management of Complex and Chronic Health Problems in Children, Adults and Families Practicum (5)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of a current unencumbered RN license in the state in which the student plans to do clinical practicums
- three professional letters of recommendation
- resume
- goal statement
- admission essay
- health and safety requirements: passing disposition on a background clearance and satisfactory completion of a substance screen
- proof of English language proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and must meet all requirements for the Commission on Graduates of Foreign Nursing Schools.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

All applicants have an interview with program faculty prior to admission to the program.

It is preferred that applicants have at least one year of clinical experience working in the student's specialty population.

Admission examinations are not required.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the family nurse practitioner certificate program have the knowledge and training to provide health care for patients across the lifespan in a wide variety of settings. The broad base of comprehension and clinical expertise enables graduates to effectively participate and lead within clinical, community and academic arenas.

Career examples include:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: https://admission.asu.edu/academics/licensure (¿https:/admission.asu.edu/academics/licensure¿).

## Family Psychiatric and Mental Health Nurse Practitioner (certificate), Certificate (NUPMNUPRCE)

**Online Degree Search Title:** Family Psychiatric and Mental Health Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the family psychiatric and mental health nurse practitioner specialty is an advanced nursing practice program. It prepares graduates to provide holistic, client-centered mental health care to individuals of all ages within traditional, nontraditional and culturally diverse families. It is designed for board-certified nurses in a different advanced practice registered nurse specialty area who seek additional certification as a family psychiatric and mental health nurse practitioner and for doctorate-level nurses who seek to become a family psychiatric mental health nurse practitioner. It emphasizes the assessment, diagnosis and evidence-based management of common and complex mental health disorders across the lifespan.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

The program highlights valid and reliable tools for screening and identification of mental health disorders as well as early interventions for these problems. Content for each disorder includes epidemiology, incidence, early signs and symptoms, differential diagnosis, and sociocultural variations in evidence-based management and treatment. Management includes psychopharmacologic and therapeutic skills building that are based in motivational interviewing, mindfulness, cognitive behavioral therapy and dialectical behavior therapy. Individual, group and family therapy techniques are emphasized.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
28 credit hours.
This graduate certificate program (including 585 clinical hours) prepares nurses with a master's degree to become family psychiatric mental health nurse practitioners.

Required prerequisites (or equivalent courses taken while in master's degree program)

DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
DNP 605 Advanced Health Assessment Across Lifespan (3)
DNP 608 Applied Pharmacotherapeutics Across Lifespan (3)
DNP 609 Advanced Practice Nursing Role (1)

Students have an individual review of their transcripts and an individualized plan of study designed to meet certification requirements. Depending on how many prerequisite courses are completed in the master's degree program, up to one year of additional study may need to be added to complete this specialty.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of a current unencumbered RN license in the state in which the student plans to do clinical practicums
- three professional letters of recommendation
- resume
- goal statement
- admission essay
- health and safety requirements: proof of passing disposition on a background clearance and satisfactory completion of a substance screen
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

Applicants must be board certified in a different APRN specialty.

All applicants will have an interview with program faculty prior to admission to the program.

It is preferred that applicants have at least one year of clinical experience working within the student's specialty population.

Admission examinations are not required.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the family psychiatric nurse practitioner certificate program have the knowledge and training to provide health care for patients across the lifespan in a wide variety of settings.

Career examples include:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Food Safety and Protection (certificate), Certificate (NUFDSPGRCT)

**Online Degree Search Title:** Food Safety and Protection (Graduate Certificate)
**Campus:** Online

**Program Description:** The online food safety graduate certificate is designed for working professionals and graduate students interested in food policy as it relates to the safety and quality of foods.

The curriculum is aligned with local, state and national health and safety initiatives and also integrates the regulatory focus of the Food and Drug Administration. The program focuses on the downstream evaluation of the production, processing and preparation of food and food products. Students learn to assess food safety hazards, such as waterborne and food pathogen outbreaks. They also learn about food manufacturing and processing, quality systems, foodborne illnesses, and policies and regulations.

Edson College of Nursing and Health Innovation recommends students have a course in chemistry and biology completed before enrolling in the certificate.

Students are responsible for comprehending the requirements of optional certification exams, credentials, and employment eligibility with specific organizations. The university cannot verify students will be eligible to sit for or pass exams. Prior work experience, additional coursework, fieldwork, and background checks may be necessary to be eligible to take or to acquire certifications and credentials successfully. Students should refer to the National Environmental Health Association website for general information: www.neha.org (www.neha.org).

**Degree Requirements:**
15 credit hours.
Required Core (12 credit hours)
HCR 543 Food Safety and Protection (3)
HCR 544 Assessing Food Safety and Developing Policy Procedures and Training (3)
HCR 558 Technical Writing for the Regulatory Professional (3)
SFS 560 Tools and Tactics for Food Policy Change (3) or HCR 550 Quality Assurance and Safety in Food and Dietary Supplements (3)

Other Requirements (3 credit hours)
HCR 563 Fundamentals of Regulatory Affairs (3) or
HCR 584 Internship (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a science-based or related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- professional resume
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/food-safety-grad-certificate/) for program descriptions and to request more information.

**Career Opportunities:** Graduates with a food safety certificate bring strong analytical, writing and inspection skills to the job market. Many find work within the manufacturing and agricultural industries as food safety, quality control or plant managers; product and public health inspectors; or compliance officers in food manufacturing and processing.

Career examples include:

- border control public health inspector
- facility manager
- federal consumer safety inspector
- food and safety sanitation product inspector
- food manufacturing, process and preparation specialist
- food inspector
- food safety manager
- health inspector
- production control food safety inspector

## Health Care Innovation, Certificate (NUHCINGRCT)

**Online Degree Search Title:** Health Care Innovation (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The emerging field of health care innovation requires individuals who can lead and facilitate change.

Students learn through reflection, personality assessment, exercises in interdisciplinary team-case study analyses, system intervention, idea pitching and change-readiness assessment. Related entrepreneurial and intrapreneurial concepts such as prototyping, business plan or project plan design, budgeting and presentation skills are also covered in the program.

Emphasizing complexity leadership and vulnerability along with emotional competence, this certificate prepares students to work in this interdisciplinary and highly sought-after area.

**Degree Requirements:**
15 credit hours including the required capstone course (HCI 570).
Required Core (11 credit hours)
HCI 538 Innovation and the Individual (3)
HCI 542 Systems Thinking in a Complex Environment (3)
HCI 554 Outcomes Evaluation (3)
HCI 561 Innovation Methods (2)

Culminating Experience (4 credit hours)
HCI 570 Innovation Proposal: Culminating Experience for Health Care Innovation Certificate (4)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any health-related business, social science, hard science, health care practice or technology field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

There are no required admission examinations.

**Attend Online:**

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-health-care-innovation/) for program descriptions and to request more information.

**Career Opportunities:** Graduates with the health care innovation graduate certificate have opportunities for careers such as these:

- clinical nurse specialists
- community health workers
- health educators
- health information technicians
- informatics nurse specialists

## Health Care Simulation, MS (NUHCSMS)

**Online Degree Search Title:** Health Care Simulation, MS
**Campus:** Downtown Phoenix

**Program Description:** In the MS program in health care simulation, students learn to influence the design, operations and evaluation of educational health care simulation in academic or practice settings.

Students develop evidence-based scenario design, use technology-enhanced environments replicating real patient experiences with life-like high fidelity computer manikins or simulated participants, and employ operations techniques. Through learning and working with their peers, faculty and leaders from multiple disciplines such as health care, sociology, technology, the arts and public policy, students will gain experience in creating transdisciplinary solutions.

Simulation in health care education aims to improve competencies in communication, teamwork, critical thinking, professional identity and safety. The simulated learning environment provides a psychologically safe space where you can make mistakes without risk to real patients.

This is a hybrid program with most required courses offered in an iCourse format, including both asynchronous and synchronous modalities. Some courses are offered in seven-and-a-half-week accelerated sessions. Several required courses include an immersion experience on the ASU campus for several days at the end of the semester as well as one day on campus at the beginning of the semester.

**Degree Requirements:**
34 credit hours including the required applied project course (HCS 593).
Required Core (3 credit hours)
HCS 501 Foundations in Health Care Simulation (3)

Other Requirements (21 credit hours)
HCI 540 Understanding and Applying Principles of Evidence-based Practice (3)
HCS 502 Health Care Simulation Educational Assessment and Debriefing Methods (3)
HCS 503 Principles of Operations Management in Health Care (3)
HCS 580 Practicum: Operational or Educational Perspective (3)
NUR 521 Health Care Evidence, Informatics and Analysis (3)
NUR 548 Patient Safety, Health Care Quality & Informatics (3)
NUR 671 Teaching in Academic and Practice Settings (3)

Restricted Electives (6 credit hours)
BMI 601 Fundamentals of Health Informatics (3)
HCI 538 Innovation and the Individual (3)
HCI 544 Information Technology (IT) for Health Care Innovation (3)
NUR 670 Curriculum Development in Academic and Practice Settings (3)

Culminating Experience (4 credit hours)
HCS 593 Applied Project (4)

Additional Curriculum Information
Coursework for other requirements or restricted electives may be substituted with approval of the academic unit.

For restricted electives, students choose two courses from the above list for a total of six credit hours.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in health care or a related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- professional resume
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

**Career Opportunities:** Professionals with expertise in health care simulation will be qualified to work in either academic or clinical simulation environments. Career examples include:

- directors and assistant directors, simulation centers
- education technician simulation specialist
- operations specialists
- simulation education specialists
- simulation managers
- simulation nurses

## Healthcare Innovation, MHI (NUHCINNMHI)

**Online Degree Search Title:** Healthcare Innovation, MHI
**Campus:** Online

**Program Description:** Students in the MHI in health care innovation program learn how to create and sustain cultures of innovation in health care from multiple perspectives: personal competence for innovation, use of evidence in decision-making, remodeling system infrastructures, financing, communication, entrepreneurship, technology and policymaking. Students study change theory, leadership, entrepreneurship, technology, and system design, and they develop competence in the design, application and testing of innovative processes and products. A primary focus of the Master of Healthcare Innovation is to prepare students to lead processes of innovation and transformation.

Innovative thinking, planning, implementing and evaluation are emphasized throughout the program. The curriculum incorporates the latest trends in health care and is built upon collaboration with other professionals and faculty across diverse disciplines.

Graduates of the program possess the leadership skills and behaviors to influence the future of health care as well as transform and improve health care outcomes for individuals and communities.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Applied Science (Health Entrepreneurship and Innovation), BAS
Community Health, BS

Health Care Coordination, BS
Health Entrepreneurship and Innovation, BS
Integrative Health, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
34 credit hours including the required capstone course (HCI 563).
Required Core (5 credit hours)
HCI 538 Innovation and the Individual (3)
HCI 561 Innovation Methods (2)

Electives (3 credit hours)

Other Requirements (21 credit hours)
HCI 540 Understanding and Applying Principles of Evidence-Based Practice (3)
HCI 542 Systems Thinking in a Complex Environment (3)
HCI 544 Information Technology (IT) for Health Care Innovation (3)
HCI 548 Advanced Principles and Concepts of Innovation (3)
HCI 550 Health Care Policy and Innovation (3)
HCI 552 Financing for Innovation (3)
HCI 554 Outcomes Evaluation (3)

Culminating Experience (5 credit hours)
HCI 563 Capstone: Final Innovation Project (5)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit
- graduate admission application and application fee
- official transcripts
- three professional recommendations
- personal statement and essays
- current resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The professional recommendations should be from individuals knowledgeable about the applicant's academic and leadership potential.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-healthcare-innovation/) for program descriptions and to request more information.

**Career Opportunities:** Graduates take a multidisciplinary approach to health care and are prepared to take on important roles in a rapidly changing industry.

Career examples include:

- health administration
- health care consultants
- health information technicians
- health technologists

- medical and health service managers

## Innovation Leadership, Certificate (NUINLSGRCT)

**Online Degree Search Title:** Innovation Leadership (Graduate Certificate)
**Campus:** Online
ASU is not currently accepting applications for this program.
**Program Description:** This graduate certificate program in innovation leadership provides students with the cognitive and affective competencies they will need in order to lead and facilitate innovation in the contexts of health care products, processes and systems. The emerging field of innovation leadership in health care requires individuals who can lead and facilitate change.

Students learn through reflection, personality assessment, public speaking, leadership network identification, entrepreneurship, idea pitching and change-readiness assessment.

This certificate program prepares students to work in this transdisciplinary and highly sought-after area of leadership.

**Degree Requirements:**
15 credit hours including the required capstone course (HCI 571).
Required Courses (12 credit hours)
HCI 538 Innovation and the Individual (3)
HCI 543 Approaches to Health Care Innovation (3)
HCI 545 Public Speaking for Innovation: Building Your Presence and Making the Case for Change (3)
NLM 562 Social Entrepreneurship (3)

Culminating Experience (3 credit hours)
HCI 571 Health Care Innovation Leadership Portfolio: Culminating Experience (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any health-related business, social science, hard science, health care practice or technology field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Admission examinations are not required.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** Graduates have the knowledge and training to change or create sustainable health care in their community.

Career examples include:

- chief executive officer
- chief nurse executive
- clinical director

## International Health for Healthcare Professionals (certificate), Certificate (NUHCRGRCI)

**Online Degree Search Title:** International Health for Healthcare Professionals (Graduate Certificate)
**Campus:** Downtown Phoenix
ASU is not currently accepting applications for this program.
**Program Description:** The international health for health care professionals graduate certificate program prepares health care personnel to meet the global health challenges of the future. Students receive comprehensive education in the promotion of holistic, culturally responsive, evidence-based care within and outside the U.S.

Course content includes the provision of care in the presence and absence of natural (e.g., earthquakes) and human-made disasters (e.g., war), the spread of chronic and infectious diseases, economic and political issues, and other factors that pose substantial challenges to world health promotion and disease prevention.

This graduate certificate is offered as a part-time or full-time hybrid online distance program that includes two day-long visits to the ASU Downtown Phoenix campus and a capstone immersion experience.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they are undergraduate-prepared nurse or health-related professional (e.g., social worker, physician, psychologist, dentist) with a baccalaureate or graduate degree from a nationally or internationally recognized and regionally accredited academic institution, or equivalent.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- professional license in the state where the individual capstone project will be conducted, if required (e.g., RN, NP, MSW, PA or MD)
- resume or curriculum vitae
- email addresses of three professional references (not friends or relatives) who will be contacted for completion of online recommendations
- fingerprint clearance or proof of application for U.S. citizens and applicants with permanent U.S. resident status
- photocopy of current, valid passport
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

References are contacted by the Graduate College, with a request to complete a reference questionnaire.

## Interprofessional Healthy Aging (certificate), Certificate (NUGNCERT)

**Online Degree Search Title:** Interprofessional Healthy Aging (Graduate Certificate)

**Campus:** Downtown Phoenix, Online

**Program Description:** This certificate program prepares professionals to address healthy aging with a focus on prevention and early intervention to optimize the health, behavioral health and quality of life of older adults and their family caregivers. The program provides students with interdisciplinary knowledge that focuses on improving the well-being of diverse older persons, in the context of their families and communities.

The curriculum is based on the Association for Gerontology in Higher Education's Competencies for Graduate Education and addresses the multidimensional aging process, the needs of aging populations, and their potential contributions; reflects national health initiatives; and encourages interprofessional and community collaborations that are reciprocal, beneficial and sustainable to improve health outcomes.

Those who complete the program can apply for recognition as a gerontological coordinator by the National Association of Professional Gerontologists, an independent, international professional organization.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
HCA 501 Perspectives on Aging and the Life Course (3)
HCA 503 Diversity in Aging (3)

Restricted Electives (9 credit hours)
HCA 502 Research and Program Evaluation Issues in Aging (3)
HCA 504 Caregiving Issues for Families and Professionals (3)
HCA 505 Interdisciplinary and Community Collaboration in Aging (3)
HCA 507 Care Coordination across the Continuum of Care (3)
HCA 508 Mental Health Assessment and Intervention (3)
HCA 510 Innovations in Program Development and Policy (3)
NUR 628 Research, Theory and Principles for Palliative Care in the Older Adult (3)
SWG 571 Mental Health Aspects of Aging (3)
SWG 573 Policies to Promote Healthy Aging (3)
SWG 623 Program Evaluation (3)
SWG 632 Policy Practice (3)

Additional Curriculum Information
Other courses may be substituted for restricted electives if approved by the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/gerontology-graduate-certificate/) for program descriptions and to request more information.

**Career Opportunities:** Graduates are prepared for employment in these occupations:

- gerontological coordinator

- life enrichment coordinator
- life enrichment director

## Nurse Education in Academic and Practice Settings (certificate), Certificate (NUNURSEDCE)

**Online Degree Search Title:** Nurse Education in Academic and Practice Settings (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** This certificate program in nurse education in academic and practice settings prepares registered nurses and other health professionals who have earned a master's degree to teach in academic or practice settings.

Courses include curriculum development, teaching methods, design and delivery of mediated instruction, producing and evaluating educational programs and a teaching practicum.

**Degree Requirements:**
15 credit hours.
Required Core (15 credit hours)
NUR 670 Curriculum Development in Academic and Practice Settings (3)
NUR 671 Teaching in Academic and Practice Settings (3)
NUR 672 Design and Delivery of Mediated Instruction (3)
NUR 673 Producing and Evaluating Programs for Academic and Practice Settings (3)
NUR 579 Role-Focused Practicum: Nurse Educator (3) or
NUR 677 Scholarly Citizenship: Teaching Intensive (3)

Additional Curriculum Information
A teaching practicum (comprised of 135 clock hours) is required.

As part of the required core, MS and DNP students will take NUR 579 and PhD students will take NUR 677.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a minimum of a master's degree, in any field, from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- resume
- goal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for this certificate program.

Licensure Requirements: An RN licensure is not required for admission to the Nurse Education in Academic and Practice Settings certificate program. However, admitted students who are a Registered Nurse must hold a current unencumbered RN license in the state in which the student plans to do clinical practicums to remain in the program.

Health and Safety Requirements: Students recommended for admission must meet health and safety requirements by established deadlines, including a passing disposition on a background clearance, satisfactory completion of a substance screen, and other requirements, as a condition of admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/nurse-education-academic-and-practice-settings-graduate/) for program descriptions and to request more information.

**Career Opportunities:** The nurse educator certificate prepares students for a variety of careers, helping to educate the future nursing workforce. Careers could include:

- academic faculty
- charge nurse
- chief nursing officer
- nurse educator
- nursing supervisor

## Nursing, MS (NUNURDTMS)

**Online Degree Search Title:** Nursing, MS
**Campus:** Downtown Phoenix, ASU at Los Angeles, Online
The accelerated BSN/MS option is currently only available to ASU Online students.
**Program Description:** The Master of Science in nursing degree is designed for nurses who are thinking about the future and ready to take the next step in their career. This Commission of Collegiate Nursing Education-accredited program focuses on four key areas: evidence-based practice, patient safety and health care quality, informatics, and leadership. This program is ideal for nurses looking to gain advanced education and skills in the translation of concepts, practices and principles of leadership.

Coursework is delivered completely online, providing each student with a learning experience that meets their needs and future aspirations. Throughout the program, students learn about leadership, innovative thinking and interprofessional team collaboration, and they advance their skills in leadership, research, evidence-based practice, evaluation, critical thinking, health care quality and patient safety.

Students complete direct care clinical hours and a role-focused practicum that allows the student to work with a preceptor in an area or role best suited to their career goals.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Nursing, BSN

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required applied project course (NUR 593), or 36 credit hours including the required applied project course (NUR 593) - RN to MS Bridge Program.
Required Core (3 credit hours)
NUR 501 Individual and Innovation Leadership in Health Care (3) or HCI 538 Innovation and the Individual (3)

Other Requirements (24 credit hours)
DNP 602 Evaluating Research for Practice (3)

NUR 502 Advanced Health Assessment and Health Promotion (2)
NUR 503 Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion II (3)
NUR 509 Clinical Prevention and Population Health Practicum (1)
NUR 521 Health Care Evidence, Informatics and Analysis (3)
NUR 529 Role-Focused Practicum: Patient Safety and Health Care Quality for the Nurse Leader (3)
NUR 544 Theoretical Foundations for Nursing (3)
NUR 547 Community, Global and Population Health (3)
NUR 548 Patient Safety, Health Care Quality and Informatics (3)

Culminating Experience (3 credit hours)
NUR 593 Applied Project (3)

Additional Curriculum Information
Students in the RN to MS in nursing bridge program complete 36 credit hours for this degree. In addition to the requirements listed above, these students must complete NUR 552 Dynamics of Professional Nursing I (3) and NUR 553 Dynamics of Professional Nursing II (3) before starting the MS curriculum. Proof of statistics completion with a C or better (applicants may be admitted to the program with a deficiency in statistics.)

Statistics is a required prerequisite for all MS in nursing programs.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned an associate or bachelor's degree in nursing from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in their associate degree nursing program or the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must be licensed as Registered Nurses (RN) and fulfill the admission requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- professional resume
- written statement
- proof of English proficiency
- proof of statistics completion with a C or better (applicants may be admitted to the program with a deficiency in statistics)

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants applying only with an associate degree completed will need to provide a transcript that shows at least 72 earned undergraduate credit hours, from a regionally accredited institution or equivalent, to apply to the master's program.

Students who are admitted with an associate degree will be required to complete additional coursework in their plan of study.

The 4+1 accelerated option is open to online BSN students only. It is not an option for downtown BSN students.

All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

Students residing in the following states are not eligible for enrollment in this program: Louisiana, New York, Oregon, Rhode Island, Tennessee, or Washington. For more information, students should visit the admission authorizations page (https://admission.asu.edu/academics/authorizations).

An interview with faculty may be required for applicants who have a minimum of a bachelor's degree or higher. Applicants who apply without a bachelor's degree are required to interview with faculty.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-nursing/) for program descriptions and to request more information.

**Career Opportunities:** With a master's in nursing, graduates are prepared for an advanced position or a leadership role in the field. Some possible job titles after earning this degree include:

- charge nurse
- chief nursing officer
- clinical educator
- clinical nurse
- director of nursing
- lead nurse
- nurse manager
- nurse supervisor
- nursing faculty

## Nursing (Entry to Nursing Practice), MS (NUNRENPRMS)

**Online Degree Search Title:** Nursing (Entry to Nursing Practice), MS
**Campus:** Downtown Phoenix

**Program Description:** The MS program in nursing with a concentration in entry into nursing practice provides a pathway for students holding a baccalaureate degree in another discipline who want to become registered nurses. It is widely known as a master's entry program in nursing or MEPN.

This pathway is designed to build on a student's previous education experience. As a full-time program with lectures, experiential learning (simulation labs), and clinical experiences, students should expect a time commitment of at least 40 hours a week.

As an entry pathway to the profession of nursing, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) and apply for RN licensure through a state board of nursing.

**Degree Requirements:**
53 credit hours including the required applied project course (NUR 593).
Required Core (3 credit hours)
HCI 538 Innovation and the Individual (3) or NUR 501 Individual and Innovation Leadership in Health Care (3)

Concentration (40 credit hours)
DNP 602 Evaluating Research for Practice (3)
NUR 514 Nursing Theory: Nursing Fundamentals (5)
NUR 515 Nursing Concepts for Psychiatric Mental Health (2)
NUR 516 Nursing Practice: Psychiatric Mental Health (2)
NUR 517 Nursing Practice: Pediatrics (2)
NUR 518 Nursing Practice: Adults (4)
NUR 519 Role-Focused Practicum: Care Coordination for the Nurse Leader (2)
NUR 524 Nursing Practice: Childbearing Family (2)
NUR 533 Nursing Concepts: Childbearing Family (2)
NUR 542 Readiness to Practice (2)
NUR 544 Theoretical Foundations for Nursing (3)
NUR 545 Advanced Pharmacology (3)
NUR 547 Community, Global and Population Health (3)
NUR 548 Patient Safety, Health Care Quality and Informatics (3)
NUR 550 Health Assessment (2)

Other Requirements (7 credit hours)
NUR 417 Nursing Concepts: Pediatric Clients (2)
NUR 478 Nursing Practice: Complex Care (2)
NUR 546 Nursing Concepts for Complex Care (3)

Culminating Experience (3 credit hours)

NUR 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution. Applicants who hold a BSN degree are not eligible and should apply to Nursing and Health Innovation.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- letter of intent or written statement
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants may be admitted to the program with deficiencies. If a student is assigned any deficiency coursework by the academic unit upon admission, those courses must be completed with a grade of "B" (scale is 4.00 = "A") or higher before completing the graduate program's required coursework. Deficiency courses may include:

BIO 201 Human Anatomy and Physiology I and BIO 202 Human Anatomy and Physiology II
CDE 232 Human Development
CHM 101 Introductory Chemistry
HCR 240 Human Pathophysiology
MIC 205 Microbiology and MIC 206 Microbiology Laboratory
NTR 241 Human Nutrition
statistics (100-level or higher 3 credit hour course)

Health and safety requirements include passing disposition on a background clearance and satisfactory completion of a substance screen.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of this program have the knowledge and training that enable them to provide health care for patients in a wide variety of settings. Career examples include intensive care nurses and registered nurses.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Nursing (Nursing Education), MS (NUNURSEDMS)

**Online Degree Search Title:** Nursing (Nursing Education), MS
**Campus:** Downtown Phoenix, ASU at Los Angeles, Online

**Program Description:** The country is experiencing a shortage of nursing faculty. This degree program, with a concentration in nursing education, can help prepare students to advance their career and achieve their goal of becoming a nurse educator in an academic or practice setting. During this program, students prepare to teach future nurses and nursing leaders. They learn about educational theory and research, curricular design and evaluation, academic and clinical assessment, testing and evaluation, and they gain and advance their skills in curriculum and course development and delivery, research and evidence-based practice, and evaluation methods.

Coursework in the MS program in nursing is delivered completely online, providing each student with a learning experience that meets their needs and future aspirations. Throughout the program, students learn the key competencies of a master's prepared nurse while gaining additional nursing

education skills. Students complete direct care clinical hours and a role-focused practicum that allows the student to work with a preceptor in an area or role best suited to their career goals.

The curriculum meets the competencies outlined by the American Association of Colleges of Nursing Essentials. Courses in this program are led by experienced nursing faculty and designed with active learning strategies. Depending on their career goals, students can choose to work with a clinical educator or an academic educator during the practicum.

**Degree Requirements:**
33 credit hours including the required applied project course (NUR 593).
Required Core (3 credit hours)
NUR 501 Individual and Innovation Leadership in Health Care (3) or HCI 538 Innovation and the Individual (3)

Concentration (12 credit hours)
NUR 670 Curriculum Development in Academic and Practice Settings (3)
NUR 671 Teaching in Academic and Practice Settings (3)
NUR 672 Design and Delivery of Mediated Instruction (3)
NUR 673 Producing and Evaluating Programs for Academic and Practice Settings (3)

Other Requirements (15 credit hours)
NUR 502 Advanced Health Assessment and Health Promotion (2)
NUR 503 Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion II (3)
NUR 509 Clinical Prevention and Population Health Practicum (1)
NUR 544 Theoretical Foundations for Nursing (3)
NUR 579 Role-Focused Practicum: Nurse Educator (3)
DNP 602 Evaluating Research for Practice (3)

Culminating Experience (3 credit hours)
NUR 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing from a nationally recognized, regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three professional letters of recommendation
- resume
- goal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Licensure requirements: Applicants for the MS in nursing and MS in nursing (nursing education) program must meet one of the following criteria:

- Students must hold a current unencumbered RN license in the state in which they plan to do clinical practicums.
- Students located outside of the United States must provide international nursing credentials evaluated by the Credentials Evaluation Services (CES) Professional Reports through the Commission on Graduates of Foreign Nursing Schools (CGFNS) International for equivalency to U.S. RN licensure.
- Recent graduates of a nursing program must take and pass NCLEX and receive RN licensure by the end of their first semester in the program.

Health and Safety Requirements: Students recommended for admission must meet health and safety requirements by established deadlines, including a passing disposition on a background clearance, satisfactory completion of a substance screen and other requirements as a condition of admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-nursing-education/) for program descriptions and to request

more information.

**Career Opportunities:** The master's degree program in nursing education can prepare students for a variety of careers in which they can help to educate the future nursing workforce. Job titles include:

- charge nurse
- chief nursing officer
- clinical professor
- director of nursing
- faculty member
- lead nurse
- nurse educator
- nursing supervisor

Graduates also are prepared for career advancement.

## Nursing and Healthcare Innovation, PHD (NUNHIPHD)

**Online Degree Search Title:** Nursing and Healthcare Innovation, PhD
**Campus:** Downtown Phoenix

**Program Description:** The Edson College of Nursing and Health Innovation PhD program in nursing and healthcare innovation provides an enriching academic environment that strongly fosters scholarship, critical thinking and interprofessional collaboration. This research-focused interdisciplinary doctoral degree is designed for individuals who wish to pursue and engage in careers as leaders in health science, health education and policy, and health innovation.

The program prepares scholars with the research skills they need to generate, apply and disseminate scientific knowledge while demonstrating the leadership skills necessary for influencing health processes, outcomes, policy and innovation. Graduates are prepared to assume key positions in research, education and administration with the goal of optimizing quality of life and health across diverse populations and settings.

Edson College of Nursing and Health Innovation offers this degree program in a traditional on-site delivery format and through an innovative, synchronous online delivery format that is coupled with occasional travel to campus. Doctoral faculty mentors who represent and value a diversity of backgrounds and intellectual perspectives are committed to providing a learner-centered, research-focused doctoral education.

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (3 credit hours)
NUR 602 State of the Science in Nursing and Healthcare Innovation (3)

Electives or Research (39 credit hours)

Other Requirements (30 credit hours)
NUR 601 Scientific Role Development I: Engaging and Committing (1)
NUR 603 Social and Contextual Issues in Nursing and Healthcare (3) or NUR 610 Genomics and Population Health (3)
NUR 604 Philosophy of Science Perspectives in Nursing and Healthcare Innovation (3)
NUR 605 Theory Analysis (3)
NUR 606 Scientific Role Development II: Validating and Demonstrating (1)
NUR 607 Scientific Role Development III: Bridging (1)
NUR 608 Qualitative Research Design and Methods (3)
NUR 609 Quantitative Research Design and Methods (3)

NUR 617 Foundational Concepts in Science and Statistics (3) or DNP 679 Biostatistics: Principals of Statistical Inference (3)
NUR 618 Advancing Research-Based Health Policy Through Leadership and Innovation Science (3) or DNP 711 Healthcare Policy and Innovation (3)
NUR 671 Teaching in Academic and Practice Settings (3)
NUR 680 Research Practicum in Nursing and Health Innovation (3)

Culminating Experience (12 credit hours)
NUR 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework are made up of electives and research. From those elective and research hours, 12 credit hours are required in a substantive area of specialization and may be taken in any semester, based on availability and student interest. Twenty-four credit hours of coursework with a research focus are required, including 12 hours of dissertation credit.

Students are required to enroll in a minimum of nine credit hours per semester for years one and two of their plan of study. The plan of study can be as broad or as narrow as the student and the supervisory program committee deem necessary for the student's career goals. Students may choose from the following five substantive areas of study: aging, education, health care innovation leadership, healthy families or world health.

The program may incorporate courses from other disciplines to further refine substantive areas of study.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in nursing or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.50 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- current resume
- goal statement essay
- writing sample
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants must show completion of a current inferential statistics prerequisite course.

GRE scores are recommended, but not required.

Students are admitted once a year, to start in the fall semester.

**Career Opportunities:** Career examples include:

- academic faculty (e.g., professor)
- health care executive
- health educator
- health-focused scientist

## Pediatric Nurse Practitioner (Certificate), Certificate (NUPDNPGRCT)

**Online Degree Search Title:** Pediatric Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the pediatric nurse practitioner specialty is an advanced nursing practice program. It prepares graduates to provide holistic, client-centered primary care of infants, children, adolescents and young adults. It is designed for board-certified nurses in a different advanced practice registered nurse specialty area who seek additional certification as a primary care pediatric nurse practitioner and for doctorate-level nurses who seek to become a primary care pediatric nurse practitioner.

This is a hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses, including advanced pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed within the previous five years to be eligible for credit.

Using best evidence, specialty courses focus on health promotion and the assessment and management of culturally appropriate plans of health care for well infants, children, adolescents and young adults as well as those with minor, acute and stable complex and chronic health disorders.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
32 credit hours.
Required Core (32 credit hours)
DNP 640 Advanced Human Pathophysiology Pediatrics (4)
DNP 641 Advanced Health Assessment Pediatrics (3)
DNP 642 Applied Pharmacotherapeutics for Pediatrics (3)
DNP 643 Developmentally Based Care of the Well Child (3)
DNP 644 Well Child Advanced Practicum (3)
DNP 645 Management of Common Problems in Pediatric Primary Care (3)
DNP 646 Management of Common Problems in Pediatric Primary Care Practicum (5)
DNP 647 Management of Complex and Chronic Health Problems in Pediatric Primary Care (3)
DNP 648 Management of Complex and Chronic Problems Pediatric Primary Care Practicum (5)

Additional Curriculum Information
Nurses who complete this certificate program meet the eligibility requirements to take a national pediatric nurse practitioner certification examination. In addition to completing didactic courses, students complete 13 credit hours (585 clock hours) of pediatric practicum experiences in a community setting.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- documentation of a current unencumbered RN license in the state in which the student plans to do clinical practicums
- three professional letters of recommendation
- resume
- goal statement
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

Applicants are required to have an in-person interview with the program faculty.

Applicants are asked to read The Essentials of Doctoral Education for Advanced Nursing Practice (2006) and then submit an admission essay. It should contain the following:

- description of career goals for the next five to 10 years and discussion about how an NP certificate from ASU will help meet these goals
- description of how meeting one of the first seven essentials (from the prescribed reading, above) will further the career goals

All Edson College of Nursing and Health Innovation students are required to complete health and safety requirements, and they must have a passing disposition on a background clearance and satisfactory completion of a substance screen with the program's identified agency.

One year of clinical experience working within the student's specialty population is preferred.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. The pediatric nurse practitioner role is well established in all urban and most rural areas of Arizona. Graduates are prepared to provide comprehensive health care for infants, children, adolescents and young adults. Careers include:

- clinical education and training of future health care providers
- community health centers
- fast track emergency departments
- outpatient primary and secondary health care clinics
- specialty health care

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Regulatory Science, MS (NURSHSMS)

**Online Degree Search Title:** Regulatory Science, MS
**Campus:** Downtown Phoenix, Online

**Program Description:** The MS program in regulatory science is designed for students interested in protecting public health through the discovery, development and marketing of medical products to the consumer. In particular, the ASU regulatory science program focuses on drugs and devices, preparing students for careers in the pharmaceutical, medical research and medical device industries.

The field of regulatory science focuses on the application of regulations throughout the lifecycle of medical products and compliance with regulations in the development, approval and marketing of medical products. This advanced degree incorporates a transdisciplinary approach to meet the unique needs of regulating bodies and the industry. While earning the Master of Science in regulatory science, students delve into all aspects of regulatory affairs including drug development, medical device development, manufacturing, regulatory submissions, clinical research, ethics, quality systems, legal aspects and global regulatory practices in the regulatory field.

**Degree Requirements:**
33 credit hours including the required applied project course (HCR 593).
Required Core (18 credit hours)
HCR 553 Quality Assurance and Clinical Research (3)
HCR 561 Responsible Conduct of Clinical Research (3)
HCR 563 Fundamentals of Regulatory Affairs (3)
HCR 576 Drug Discovery, Development and Regulations (3)
HCR 577 Global Regulatory Affairs (3)
HCR 578 Legal Aspects of Clinical Research (3)

Restricted Electives (12 credit hours)
HCR 552 Medical Device Development and Regulation (3)
HCR 555 Pharmaceutical Safety and Risk Management (3)
HCR 557 Clinical Research Design and Methods (3)
HCR 558 Technical Writing for the Regulatory Professional (3)
HCR 564 Global Regulatory Affairs Leadership (3)
HCR 568 Health Care Project Management (3)
HCR 575 Management and Negotiation of Clinical Trial Budgets and Contracts (3)
HCR 579 Translational Research in Drug Discovery and Development (3)

Culminating Experience (3 credit hours)
HCR 593 Applied Project (3)

Additional Curriculum Information
For electives coursework, students choose four courses for 12 credit hours from the restricted electives list. Other coursework may be substituted with approval from the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- resume or curriculum vitae
- two online recommendations
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The online references should be from professional colleagues, supervisors, professors or other professional contacts and should attest to the applicant's academic and leadership experiences.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/regulatory-science-ms/) for program descriptions and to request more information.

**Career Opportunities:** The field of regulatory affairs continues to grow as pharmaceutical and medical development advances. Companies are eager to hire regulatory science professionals into jobs such as:

- compliance officer
- FDA inspector
- quality assurance specialist
- quality control specialist
- regulatory affairs professional
- regulatory coordinator
- regulatory manager
- regulatory scientist

## Regulatory Science (Food Safety), MS (NURGSCFSMS)

**Online Degree Search Title:** Regulatory Science (Food Safety), MS
**Campus:** Online

**Program Description:** The MS program in regulatory science with a concentration in food safety is an online program that covers contamination concerns and regulations throughout the food supply chain, from growing to distributing to selling. Courses analyze food safety regulations from local, state and federal agencies, including the U.S. Food and Drug Administration. Students also gain an understanding of the ethical and legal challenges of food safety and regulation.

The food safety concentration explores various aspects of food safety including inspections, hazard analysis, safe food practices and the handling of food emergencies. Students learn how to identify food safety issues through the use of videos and simulations and write reports on their findings. The applied learning in the program directly relates to the type of food safety problems that most frequently occur in the preparation, storage and processing of food.

This food safety master's degree is also unique in that it aligns with the content on the Certified Professional Food Manager certification exam from the National Environmental Health Association. While the degree doesn't result in certification, the program helps prepare students to take the NEHA exam.

Edson College of Nursing and Health Innovation highly recommends, but does not require, Introductory Chemistry (3 credits + 1 credit lab) and Introductory Biology (3 credits).

Students are responsible for the comprehension of the requirements of optional certification exams, credentials and employment eligibility with specific organizations. The university cannot verify students will be eligible to take or to pass exams. To successfully acquire professional certifications and credentials and to even be eligible to test for these, students may need prior work experience, additional coursework, fieldwork and background checks. Students should refer to the National Environmental Health Association (www.neha.org (www.neha.org)) for general information.

**Degree Requirements:**
33 credit hours including the required applied project course (HCR 593).
Required Core (18 credit hours)
HCR 553 Quality Assurance and Clinical Research (3)
HCR 561 Responsible Conduct of Clinical Research (3)
HCR 563 Fundamentals of Regulatory Affairs (3)
HCR 576 Drug Discovery, Development and Regulations (3)
HCR 577 Global Regulatory Affairs (3)
HCR 578 Legal Aspects of Clinical Research (3)

Concentration (12 credit hours)
HCR 543 Food Safety and Protection (3)
HCR 544 Assessing Food Safety and Developing Policy Procedures and Training (3)
HCR 550 Quality Assurance and Safety in Food and Dietary Supplements (3)
HCR 558 Technical Writing for the Regulatory Professional (3)

Culminating Experience (3 credit hours)
HCR 593 Applied Project (3)

Additional Curriculum Information
The culminating experience is an applied project course that includes a project based on a food topic studied during the degree program. Students choose a scientific, technical or regulatory project that includes a research protocol or professional presentation to industry professionals.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's science-based or related field degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- professional resume
- written statement
- proof of English proficiency

Additional Application information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-food-science/) for program descriptions and to request more information.

**Career Opportunities:** Graduates from the regulatory science degree program, with a concentration in food safety, are well suited for a variety of jobs in food safety and regulatory science. In particular, they are prepared for local, state and federal regulatory careers in agencies such as the FDA, the U.S. Department of Agriculture, state and county health departments, and food manufacturers.

Food safety regulation is a science focused on the safe handling, distribution, selling and preparation of food. Professionals in the food safety industry conduct site inspections, assess food safety hazards, develop preventative food safety procedures, create food safety policies and more depending on the position. No matter the job, the goal in food safety and regulation positions is always to protect the consumer.

Regulatory science and food safety careers include:

- environmental health specialist
- facility manager
- food inspector
- food-safe chemical supplier
- quality assurance manager
- quality control manager
- registered sanitarian
- regulatory investigator

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Women's Health Nurse Practitioner (Certificate), Certificate (NUWHNPGRCT)

**Online Degree Search Title:** Women's Health Nurse Practitioner (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program for the women's health nurse practitioner specialty is an advanced nursing practice program. The program prepares graduates to provide holistic, client-centered primary care for women from adolescence through older adulthood. It is designed for board-certified nurses in a different advanced practice registered nurse specialty area seeking additional certification as a women's health nurse practitioner, or for doctorate-level nurses seeking to become a women's health nurse practitioner.

This is hybrid program, a blend of in-person and online learning. Students are required to travel to campus for orientation once and for immersions two or three times per semester.

Core courses include pharmacology, advanced pathophysiology and advanced health assessment. Any deficiency courses determined by the student's unique gap analysis must have been completed in the past five years to be eligible for credit.

Specialty courses focus on the assessment, diagnosis and evidence-based management of common and complex gynecologic, sexual, reproductive, menopause-transition and post-menopause health care; uncomplicated and high-risk antepartum and postpartum care; as well as sexual and reproductive health care for men.

Courses emphasize research and theories to provide the context essential to advanced nursing practice focusing on health promotion, risk assessment and disease prevention for women across the lifespan, taking into account factors that influence health care and health outcomes.

Focused clinical experiences are arranged for students residing in Maricopa County, Arizona. Students should expect to travel throughout Maricopa County and, in some cases, surrounding counties to complete their assigned clinical placement.

Students residing outside of Maricopa County, Arizona, are responsible for identifying the required number of clinical sites in their area of residence and for identifying preceptors and sites willing to accommodate clinical rotations, and Edson College of Nursing and Health Innovation must approve these sites before starting any clinical experience; the doctoral program office does not guarantee a clinical placement site for any student outside Maricopa County. If, during the program, faculty determine the student needs additional supervision for clinical progress in the program, the student must complete clinical experiences in the Phoenix area.

The program offers practicum experiences (clinical rotations) in health profession shortage areas throughout the state, both in urban underserved and rural areas, that provide students multicultural experiences to enhance professional development.

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual state authorization reciprocity agreement member states in accordance with the council's established policies and standards. California is not a state authorization reciprocity agreement member and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU state authorization (https://admission.asu.edu/academics/authorizations) website.

Arizona State University nursing practice programs are accredited by the Commission on Collegiate Nursing Education.

**Degree Requirements:**
23 credit hours.
Required Core (23 credit hours)
DNP 613 Women's Health Promotion I (3)
DNP 614 Women's Health Practicum I (3)
DNP 615 Management of Common Problems in Women's Health (3)
DNP 616 Advanced Women's Health Practicum II (5)
DNP 617 Management of Complex and Chronic Disease in Women (3)
DNP 618 Advanced Women's Health Practicum III (6)

Additional Curriculum Information
Nurses who complete this certificate meet the eligibility requirements to take the national women's health nurse practitioner certification examination. In addition to completing didactic courses, students complete 14 credit hours (630 clock hours) of practicum experiences in a community setting.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree in nursing from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- documentation of a current unencumbered RN license in the state in which the student plans to do clinical practicums
- three professional letters of recommendation
- resume
- admission essay
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency, per the Graduate College requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All students are also required to have an unencumbered Arizona RN license or an unencumbered compact state RN license as mandated by the Arizona State Board of Nursing. The RN license must remain unencumbered throughout enrollment in any nursing program.

Applicants must be board certified in a different APRN specialty.

Applicants are required to have an in-person interview with the program faculty.

Applicants are asked to submit an admission essay addressing the applicant's career goals for the next five to 10 years and how obtaining an NP certificate from Arizona State University will help them meet these goals and how meeting one of the first seven essentials from The Essentials of Doctoral Education for Advanced Nursing Practice (2006) will further their career goals.

All Edson College of Nursing and Health Innovation students are required to complete health and safety requirements, and they must have a passing disposition on a background clearance and satisfactory completion of a substance screen with the program's identified agency.

One year of clinical experience working within the student's specialty population is preferred.

**Career Opportunities:** The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Graduates of the women's health nurse practitioner certificate program have the knowledge and training to provide health care for patients across the lifespan in a wide variety of settings. The broad base of comprehension and clinical expertise enable graduates to effectively participate and lead within clinical, community and academic arenas.

Career examples include:

- business owner
- community advocate
- nurse practitioner
- professor

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Public Service and Community Solutions, Watts College of

### Assessment of Integrative Health Modalities (certificate), Certificate (PPSWGGRCH)

**Online Degree Search Title:** Assessment of Integrative Health Modalities (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The graduate certificate program in assessment of integrative health modalities provides students with extensive knowledge of integrative health practices and with an experiential and didactic experience in which cutting-edge research is explored, advanced skills are developed and a mindfulness practice is nurtured.

To satisfy the culminating project requirement, students may more deeply explore a topic of interest by completing an individual research paper or by performing a community activity that demonstrates mastery and application of the advanced skills acquired while enrolled in the certificate program.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
SWG 655 Quality of Life, Mastering Mindfulness (3)
SWG 656 Treating the Whole Person (3)
SWG 657 Holistic Therapies for Modern Times (3)

Transdisciplinary Electives (6 credit hours)

Additional Curriculum Information
After the completion of the three approved courses and prior to completing the last course of the program, students are required to complete a signature project highlighting their certificate experience.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in health or human services or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

In addition, applicants are required to submit to the School of Social Work:
- a resume
- a one- to two-page statement
- the School of Social Work application to the assessment of integrative health modalities certificate program

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

This certificate is open to professionals in social work, nursing or related health and human service professions from the community as well as to students currently admitted to a health and human services degree program at the master's or doctoral level.

No more than two certificate courses may be completed before applying for admission to the certificate program.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Integrate mindfulness into personal and professional lives
- •Apply knowledge of human behavior in the social environment when working with individuals, families and groups

**Career Opportunities:** Professionals with expertise in health, behavioral health and medical settings are in high demand across many disciplines including:

- education
- medicine

- nonprofit and for-profit agencies
- social services

## Community Resources and Development, MS (PPRECDTMS)

**Online Degree Search Title:** Community Resources and Development, MS
**Campus:** Downtown Phoenix

**Program Description:** The MS in community resources and development is offered by the School of Community Resources and Development.

The master's degree program prepares students to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities.

Students choose between two academic options: the thesis or the practicum professional option.

Completion of the master's degree requires two years of study, on the average.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Community Development, BA
Community Sports Management, BS
Community Sports Management (Events), BS
Nonprofit Leadership and Management, BS
Nonprofit Leadership and Management (American Indian Studies), BS
Parks and Recreation Management (Therapeutic Recreation), BS
Parks, Recreation and Sport Management, BS
Tourism Development and Management, BS
Tourism Development and Management (Meetings and Events), BS
Tourism Development and Management (Resort and Hotel Leadership), BS
Tourism Development and Management (Sustainable Tourism), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis, or 36 credit hours including the required applied project course (CRD 593).
Required Core (15 credit hours)
CRD 500 Research Methods (3)
CRD 502 Statistical and Data Analysis (3)
CRD 530 Community Services Management (3) or advanced inquiry course (3)
CRD 552 Critical Issues (3)
CRD 555 Theoretical Perspectives in Community Development (3)

Electives (9 or 15 credit hours)

Culminating Experience (6 credit hours)
CRD 593 Applied Project (6) or
CRD 599 Thesis (6)

Additional Curriculum Information
Students may select a thesis or applied project. The thesis option is a research-oriented program and is recommended for students planning to continue graduate studies beyond the master's degree. The applied project option is intended for students seeking additional knowledge and expertise relevant to professional career development. Advising and direction in both options are under the direct supervision of an assigned faculty member.

Students in the applied project option take CRD 530 as part of their core coursework and 15 credit hours of electives.

Students in the thesis option take an advanced inquiry course as part of their core coursework and nine credit hours of electives. The thesis must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom resides in another department.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of professional and academic goals
- three letters of recommendation
- current resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are required to submit TOEFL or IELTS scores and a financial guarantee statement.

Only complete application files are reviewed or considered for admission. Applicants without undergraduate academic work in related disciplines are required to take six credit hours of deficiency coursework in addition to the master's degree requirements. Deficiency coursework may be taken in conjunction with master's degree classes.

**Career Opportunities:** Career opportunities after graduation include:

- community services officers
- nonprofit and nongovernmental organization officers
- parks and recreation officers
- tourism officers

## Community Resources and Development, PHD (PPCRDPHD)

**Online Degree Search Title:** Community Resources and Development, PhD
**Campus:** Downtown Phoenix

**Program Description:** The PhD in community resources and development is a research-intensive doctoral degree program grounded in theory and designed to prepare graduates for research-oriented careers in many areas. The program is based on the concept of building sustainable and healthy communities as the unifying principle in the established focus areas of community studies; nonprofit leadership and management; parks, recreation and leisure; and tourism development and management.

The theoretical and methodological approaches embedded in this program serve to integrate scholarship in these areas in order for students to gain a more meaningful understanding of the impact on community life and dynamics.

The program is transdisciplinary in nature. The core faculty engaged in this program are housed in the School of Community Resources and Development. In addition, the program builds on current collaborations with faculty with related research interests from many ASU departments, schools and centers. In addition, the program builds on current collaborations with faculty with related research interests from many ASU departments, schools and centers.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (24 credit hours)
CRD 502 Statistical and Data Analysis (3)
CRD 555 Theoretical Perspectives in Community Development (3)
CRD 610 Sustainable Communities (3)
CRD 620 Community Research Methods (3)
CRD 640 Research Seminar in Community Resources and Development I (3)
CRD 650 Research Seminar II (3)
CRD 683 Fieldwork (3)
advanced statistics or methods (3)

Electives or Research (48 credit hours)

Culminating Experience (12 credit hours)
CRD 799 Dissertation (12)

Additional Curricular Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

All students are advised as a cohort initially by the doctoral program director. Students are required to take 24 credit hours of core coursework, 15 hours of which are with the cohort during the first year and six hours of which are with the cohort during the second year. Students are assigned an individual advisor or mentor at the end of the first year of study. A supervisory committee is also formed at the end of the first year which reflects the interests of the student and faculty.

Each student develops a plan of study in consultation with the doctoral program coordinator, advisor and supervisory committee. Students complete elective coursework, including courses from contributing disciplines, selected in consultation with their advisor to foster the transdisciplinary nature of the degree program. Students also complete at least six credit hours of CRD 792 Research and 12 credit hours of CRD 799 Dissertation. When the majority of coursework has been completed and before dissertation research is started, students must complete a written examination followed by an oral examination. These examinations must be completed within five years of admission.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- current and professional resume
- statement of academic and professional goals
- GRE test scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement. The minimum TOEFL iBT requirement is 80. The minimum IELTS requirement is an overall band score of 6.5 (no individual band below a 6.0). The TOEFL or IELTS must have been taken within the last two years.

GRE must be taken within the past five years. Applicants are expected to meet the GRE minimum requirements of combined score of at least 300, verbal minimum of 146, quantitative minimum of 140, and writing of 3.5.

The statement of academic and professional goals should be in sufficient detail to indicate compatibility with the educational objectives and capabilities of the doctoral program (approximately three pages, single spaced). Applicants need to explain their research interests and indicate the faculty member with whom they would like to work. Students should review faculty profiles (https://scrd.asu.edu/content/school-directory?sort-by=last_name_asc) to learn their research expertise. Applicants are encouraged to contact the PhD program director prior to application submission to discuss interests and fit with the program and faculty. They are also encouraged to contact faculty with similar interests to discuss their fit with the

program. Successful statements should make it clear why the applicants have chosen to do a doctorate in community resources and development and how this program will fulfill their career goals.

The recommendation letters may be a mix of academic and professional references, but each must address the applicant's capacity to successfully complete the doctoral program.

Students applying to the program are expected to have a master's degree from an accredited institution, which included a master's degree-level research methods and statistics class or classes. If deficiencies exist in community resource and development-related coursework at the master's degree level, appropriate classes are suggested.

The doctorate in community resources and development is designed as a full-time, research-intensive program. Students are admitted once a year as a cohort and are generally expected to complete the degree in three to four years. A small number of part-time students on a longer completion time frame may be admitted when space is available. The school does not provide funding for part-time students.

Applications are reviewed by the admission committee and recommendations for admission are then made by the graduate program director to the dean of the Graduate College.

**Career Opportunities:** Graduates are prepared for research-oriented careers in higher education, governmental agencies, nonprofit organizations and private-sector businesses. Career opportunities include university professor, think-tank researcher, independent scholar, consultant, foundation officer, government officer and corporate social responsibility officer.

## Community Resources and Development (Nonprofits and NGOs), MS (PPCRDNPMS)

**Online Degree Search Title:** Community Resources and Development (Nonprofits and NGOs), MS
**Campus:** Downtown Phoenix

**Program Description:** The MS in community resources and development with a concentration in nonprofits and NGOs is a research-oriented degree program. Completion of the master's degree requires two years of study, on the average.

Students learn to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Nonprofit Leadership and Management, BS
Nonprofit Leadership and Management (American Indian Studies), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis, or 36 credit hours including the required applied project course (CRD 593).
Required Core (15 credit hours)
CRD 500 Research Methods (3)
CRD 502 Statistical and Data Analysis (3)
CRD 530 Community Services Management (3) or advanced inquiry course (3)
CRD 552 Critical Issues (3)
CRD 555 Theoretical Perspectives in Community Development (3)

Required Concentration (6 credit hours)
NLM 510 The Nonprofit Sector (3)
NLM 562 Social Entrepreneurship (3)

Elective or Research (3 or 9 credit hours)

Culminating Experience (6 credit hours)
CRD 593 Applied Project (6) or
CRD 599 Thesis (6)

Additional Curriculum Information
Students may select a thesis or applied project. Advising and direction in both options are under the direct supervision of an assigned faculty member.

The thesis option is a research-oriented program and is recommended for students planning to continue graduate studies beyond the master's degree. Students in the thesis option take an advanced inquiry course, and they take three credit hours of elective coursework. The thesis option must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom will reside in another department.

The applied project is intended for students seeking additional knowledge and expertise relevant to professional career development. Students in the applied project option take CRD 530 as part of their core coursework and take nine credit hours of electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of professional and academic goals
- three letters of recommendation
- current resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Only complete application files are reviewed or considered for admission. Students without undergraduate academic work in related disciplines are required to take six credit hours of deficiency coursework in addition to the master's degree requirements. Deficiency coursework may be taken in conjunction with master's degree-level classes.

Applicants interested in financial aid need to submit their applications by February 1 for fall semester admission and October 1 for spring semester admission. Applications are accepted on a rolling basis.

**Career Opportunities:** This degree program builds expertise in nonprofit leadership and management and prepares graduates for careers in:

- charitable associations
- foundations
- governmental agencies
- nonprofit organizations
- private-sector businesses

## Community Resources and Development (Parks and Recreation Management), MS (PPCRDPRMS)

**Online Degree Search Title:** Community Resources and Development (Parks and Recreation Management), MS

**Campus:** Downtown Phoenix

**Program Description:** The MS in community resources and development with a concentration in parks and recreation management is a research-oriented master's degree program.

Students learn to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities. With the commitment of faculty mentors, they learn how to approach and solve problems through the lens of community solution analysis: considering all regulatory, policy and relationship factors to make informed decisions.

Courses are completed conveniently at ASU's Downtown Phoenix campus. Completion of the master's degree program requires two years of study, on the average.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Community Development, BA
Community Sports Management, BS
Community Sports Management (Events), BS
Parks and Recreation Management (Therapeutic Recreation), BS
Parks, Recreation and Sport Management, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours and a thesis, or 36 credit hours including the required applied project course (CRD 593).
Required Core (15 credit hours)
CRD 500 Research Methods (3)
CRD 502 Statistical and Data Analysis (3)
CRD 530 Community Services Management (3) or advanced inquiry course (3)
CRD 552 Critical Issues (3)
CRD 555 Theoretical Perspectives in Community Development (3)

Concentration (6 credit hours)
CRD 569 Advanced Tourism and Recreation Studies (3)
TDM 570 Sustainable Tourism (3)

Electives (3 or 9 credit hours)

Culminating Experience (6 credit hours)
CRD 593 Applied Project (6) or
CRD 599 Thesis (6)

Additional Curriculum Information
Students may select a thesis or applied project. Advising and direction in both options are under the direct supervision of an assigned faculty member.

The thesis option is a research-oriented program and is recommended for students planning to continue graduate studies beyond the master's degree. Students in the thesis option take an advanced inquiry course, and they take three credit hours of elective coursework. The thesis must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom resides in another department.

The applied project option is intended for students seeking additional knowledge and expertise relevant to professional career development. Students in the applied project option take CRD 530 as part of their core coursework and take nine credit hours of electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of professional and academic goals
- three letters of recommendation
- current resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are required to submit TOEFL or IELTS scores and a financial guarantee statement.

Only complete application files are reviewed or considered for admission. Applicants without undergraduate academic work in related disciplines are required to take six credit hours of deficiency coursework in addition to the master's degree requirements. Deficiency coursework may be taken in conjunction with master's degree-level classes.

**Career Opportunities:** Graduates are prepared for careers in governmental agencies, nonprofit organizations and private-sector businesses. Career opportunities include:

- community services officers
- nonprofit and nongovernmental organization officers
- parks and recreation officers
- tourism officers

## Corrections Leadership and Management (Certificate), Certificate (PPCMGGRCT)

**Online Degree Search Title:** Corrections Leadership and Management (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The graduate certificate in corrections management gives students already holding a bachelor's degree a solid foundational understanding of correctional administration, leadership and policy analysis.

The curriculum provides coursework in criminal justice organizations, corrections and community supervision, institutional management, and in cross-disciplines such as public administration.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
CRJ 514 Seminar in Corrections (3)
CRJ 529 Community Corrections (3)
PAF 520 Public Management (3)

Electives (6 credit hours)

Additional Curricular Information
For electives, students should see the academic unit for the approved course list. A culminating experience is not required for this program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application
- official transcripts
- written statement of career and educational goals
- proof of English proficiency

Students not admitted to a graduate degree-granting program at ASU (nondegree-seeking students) also must submit two letters of recommendation and a current resume.

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students from related fields, such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program; however, all eligible students are considered. Although most students likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school accepts applicants with undergraduate degrees from all educational backgrounds.

Admission examinations for this program are not required.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-corrections-management/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of the corrections leadership and management graduate certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies, including the National Institute of Corrections, Federal Bureau of Prisons, and local and state-level corrections departments.

## Crime Analysis, MS (PPCRIMANMS)

**Online Degree Search Title:** Crime Analysis, MS
**Campus:** Online

**Program Description:** The MS program in crime analysis is focused on crime analysis as a field, applicable to all levels of government --- federal, state, local --- and to positions in private sector organizations with functional and operational activities related to crime analysis.

Students study topics relating to the current principles of crime analysis, crime mapping, and advanced statistical tools in crime analysis.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Criminology and Criminal Justice, BS
Criminology and Criminal Justice (Policing), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required applied project course (CRJ 593).
Required Core (24 credit hours)
CRJ 506 Seminar in Crime Analysis (3)
CRJ 507 Social Network Analysis (3)
CRJ 508 Advanced Seminar in Crime Analysis (3)
CRJ 509 Data Management (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 511 Applied Data Analysis in Criminal Justice (3)
CRJ 512 Seminar in Policing (3)
CRJ 531 Crime Mapping (3)

Culminating Experience (6 credit hours)
CRJ 593 Applied Project (6)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology and criminal justice or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students with an undergraduate GPA under 3.00 may be permitted enrollment in up to 12 credit hours on a probationary basis. Those who maintain a GPA of 3.00 or higher are considered for regular admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-crime-analysis/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of this program should expect to find employment within government agencies such as local law enforcement; the Department of Homeland Security, which comprises several agencies including the Secret Service, Coast Guard, and Customs and Border Protection; adult and juvenile probation; the courts; corrections agencies; and prosecutor's offices. Personnel in this field work at the local, state or federal level to implement and maintain public and national safety. Some crime analysts also work for private organizations that deal with emergency response, law enforcement and information technology. There is also a growing demand for crime analysts in Latin America and the Caribbean, in particular, with nations seeking platforms for educating and training future and current crime analysts.

Some job titles for this career path include:

- crime data analyst
- criminal information analyst
- head of crime analysis
- intelligence analyst
- investigative analyst
- police crime analyst
- strategic data analyst

## Crime Analysis (Certificate), Certificate (PPCRMAGRCT)

**Online Degree Search Title:** Crime Analysis (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate program in crime analysis is focused on crime analysis as a field applicable to all levels of government --- federal, state, local --- and to positions in private sector organizations with functional and operational activities related to crime analysis.

Students study topics relating to the current principles of crime analysis, crime mapping, and statistical tools in crime analysis.

**Degree Requirements:**
15 credit hours.
Required Core (15 credit hours)
CRJ 506 Seminar in Crime Analysis (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 511 Applied Data Analysis in Criminal Justice (3)
CRJ 512 Seminar in Policing (3)
CRJ 531 Crime Mapping (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology, criminal justice, homeland security, counter-terrorism or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- letter of intent
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/crime-analysis/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of this program are prepared to implement and maintain public and national safety at the local, state and federal levels. They should expect to find employment within government agencies such as:

- adult and juvenile probation departments
- the Department of Homeland Security, which comprises several agencies including the United States Secret Service, United States Coast Guard, and U.S. Customs and Border Protection
- corrections agencies
- courts of law
- local law enforcement
- prosecutor's offices

Some crime analysts also work for private organizations that deal with emergency response and information technology.

Careers in crime analysis may fall under the category of forensic technicians, a field projected to grow 14% between 2018 and 2028, much faster than the average for all occupations, with a median salary of $59,150 per year (Bureau of Labor Statistics, 2020). Careers for graduates also may fall under the category of criminal investigators, a field expected to increase between 5 and 9 percent through 2026, with a median salary of

$81,920 (Bureau of Labor Statistics, 2018).

## Criminal Justice, MA (PPCRIMJMA)

**Online Degree Search Title:** Criminal Justice, MA
**Campus:** Online

**Program Description:** The MA program in criminal justice is designed to provide criminal justice agency professionals with training in research methods and statistics.

Coursework covers topics of criminology and the operation of the criminal justice system. The degree program also provides students with advanced training in program planning and management, policy analysis and program evaluation.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Criminology and Criminal Justice, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours including the required capstone course (CRJ 505).
Required Core (12 credit hours)
CRJ 501 Seminar in Criminal Justice (3)
CRJ 502 Seminar in Criminology (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 511 Applied Data Analysis in Criminal Justice (3)

Electives (18 credit hours)

Culminating Experience (3 credit hours)
CRJ 505 Theory and Practice in Criminal Justice (3)

Additional Curriculum Information
Students can develop specializations in areas such as policing, corrections and management by combining required and elective coursework.

Students should see the academic unit for an approved elective course list. Electives must be at the 500 level.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- a written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be at least one page in length and describe the applicant's educational and career goals and long-term professional development strategy.

Students should see the academic unit website for application deadlines.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-arts-criminal-justice/) for program descriptions and to request more information.

**Career Opportunities:** The Master of Arts program in criminology and criminal justice is designed to help advance a career in criminal justice.

Graduates find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies at federal, state and local levels, including:

- city, county and state government liaison to criminal justice agencies
- communications supervisor (911 and dispatch)
- court administrator
- evidence and crime scene supervisor (CSI activities)
- intelligence analyzer
- law enforcement professional
- police crime analysis supervisor
- pretrial release specialist
- probation, parole or community supervisor
- property management and evidence retention supervisor
- risk manager
- veterans services specialist

Opportunities also exist in supervisory and management positions in social service agencies including:

- child and family services (e.g., Head Start, child support enforcement, foster care, elder care)
- Department of Economic Security
- homeless outreach

Graduates also have the opportunity to work in supervisory and management positions in the private sector, including online security, as well as in the cyber security sector.

## Criminal Sentencing and Sentencing Advocacy (Certificate), Certificate (PPCSAGRCT)

**Online Degree Search Title:** Criminal Sentencing and Sentencing Advocacy (Graduate Certificate)
**Campus:** Online

**Program Description:** The certificate program in criminal sentencing and sentencing advocacy assumes that in order for any professional to function effectively they must have a fundamental knowledge of the respective roles sentencing professionals play during various phases of the criminal justice process.

In keeping with this viewpoint, all students are required to take courses for practice as both a presentence investigator and a sentencing advocate. Those courses are seminars in courts and sentencing, in presentence investigations and in alternatives to penal sanctions. After taking these required courses, students select an area of specialization to further their expertise as either a probation professional, mitigation specialist or victim advocate. They take these courses from a range of electives available in the School of Criminology and Criminal Justice and in the School of Social Work.

This interprofessional certificate program also provides participants with content on the relationship between mental disorder and crime and the way in which differential sentencing frameworks affect the sentencing of offenders suffering from mental disorders.

This program is highly recommended for social workers who desire to practice as mitigation specialists and for criminal justice professionals responsible for making recommendations about the appropriateness of sentencing alternatives for persons with known mental disorders.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
CRJ 513 Seminar in Courts and Sentencing (3)
SWG 528 Presentence Investigations (3)
SWG 529 Alternatives Penal Sanctions (3)

Electives (6 credit hours)

Additional Curriculum Information
For electives, students should see the academic unit for the approved course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in social work, criminology, criminal justice or a related field, or if they are individuals who are currently enrolled in the master of criminal justice program.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

This program does not require admission examinations.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-criminal-sentencing-and-sentencing-advocacy/) for program descriptions and to request more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Write a Presentence Report (PSR) from information provided, including police reports, victim statements, interested parties
- •Apply professional evidence-based interventions when working with offenders in the criminal justice system.

**Career Opportunities:** Social workers, criminal justice professionals and recent graduates of psychology and other social and behavioral sciences perform a number of roles in the disposition and sentencing of public offenders. They also provide support for victims of crime during the criminal justice process.

Career examples include:

- mitigation specialist
- presentence investigator
- probation professional
- sentencing advocate
- victim advocate

## Criminology and Criminal Justice, MS (PPCRJMS)

**Online Degree Search Title:** Criminology and Criminal Justice, MS
**Campus:** Downtown Phoenix

**Program Description:** The MS in criminology and criminal justice is a research degree program designed to provide students with a high level of theoretical and empirical knowledge about crime and criminal justice.

The program provides students with the advanced research skills and training in program planning and management and in policy and statistical analysis that are required for careers as criminal justice researchers, leadership roles in criminal justice and related agencies and organizations, and for continued study in doctoral programs in criminology and criminal justice.

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

Public Administration, MPA
Public Policy, MPP

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Criminology and Criminal Justice, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours and a thesis, or 33 credit hours including the required capstone course (CRJ 505).
Required Core (12 credit hours)
CRJ 501 Seminar in Criminal Justice (3)
CRJ 502 Seminar in Criminology (3)
CRJ 503 Research Methods (3)
CRJ 504 Statistical Tools for Criminology and Criminal Justice (3)

Systems Courses (6 credit hours)
CRJ 512 Seminar in Policing (3)
CRJ 513 Seminar in Courts and Sentencing (3)
CRJ 514 Seminar in Corrections (3)

Electives (6 or 12 credits hours)

Other Requirement (0 or 3 credit hours)
CRJ 604 Regression Models (3)

Culminating Experience: (3 or 6 credit hours)
CRJ 505 Theory and Practice in Criminal Justice (3) or
CRJ 599 Thesis (6)

Additional Curriculum Information
Students select two of the three systems courses listed above.

For the culminating experience, students choose either the thesis option or the capstone course. CRJ 604 Advanced Statistical Analysis is only required for the thesis option. To satisfy the thesis requirements for the degree, candidates must write a thesis and defend it in an oral examination conducted by the student's thesis committee. Students in the capstone option are not required to take CRJ 604.

Each student's program is designed in consultation with the faculty advisor.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement should address the applicant's prior education and professional experience, discuss the applicant's career goals, and explain how the degree can help the applicant achieve these goals.

Applicants should see the program website for application deadlines.

**Career Opportunities:** Graduates of the Master of Science program in criminology and criminal justice find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies at federal, state and local levels, including:

- city, county, and state government liaison to criminal justice agencies
- communications supervisor (911 and dispatch)
- court administrator
- evidence and crime scene supervisor (CSI activities)
- intelligence analyst
- law enforcement professional
- police crime analysis supervisor
- pretrial release specialist
- probation, parole or community supervisor
- property management and evidence retention supervisor
- risk manager
- sheriff
- veterans services specialist

Opportunities also exist in supervisory and management positions in social service agencies including:

- child and family services (e.g., Head Start, child support enforcement, foster care, elder care)
- Department of Economic Security
- homeless outreach
- victim advocacy

## Criminology and Criminal Justice, PHD (PPCRJPHD)

**Online Degree Search Title:** Criminology and Criminal Justice, PhD
**Campus:** Downtown Phoenix

**Program Description:** The School of Criminology and Criminal Justice at Arizona State University offers an on-campus program of coursework and research leading to the PhD in criminology and criminal justice.

This program emphasizes criminal justice theory, research and policy and is designed to produce highly skilled criminology and criminal justice faculty and agency researchers and administrators.

The doctoral program is organized around five components: a comprehensive examination, a core of required courses in research methods and analytical techniques, a core of required courses in theory and research on crime and the criminal justice system, a dissertation, and elective courses in criminology, criminal justice and related fields.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Core (12 credit hours)
CRJ 601 Seminar on Criminological Theory (3)
CRJ 602 Seminar on Criminal Justice Policies and Practices (3)
CRJ 604 Regression Models (3)
CRJ 605 Topics in Quantitative Methods (3)

Theory Coursework (6 credit hours)
CRJ 521 Topics in Psychological Criminology (3)
CRJ 523 Seminar in Network Criminology (3)
CRJ 524 Theories of Punishment (3)
CRJ 525 Seminar on Life-Course Criminology (3)

Criminal Justice Systems Coursework (9 credit hours)
CRJ 512 Seminar in Policing (3)
CRJ 513 Seminar in Courts and Sentencing (3)
CRJ 514 Seminar in Corrections (3)
CRJ 517 Seminar on Juvenile Delinquency and Juvenile Justice (3)

Criminal Procedures Coursework (3 credit hours)
CRJ 537 Criminal Procedure of Investigations for Social and Forensic Scientists (3)
CRJ 538 Criminal Law and Social Control (3)
CRJ 539 Topics in Law, Crime and Justice (3)

Research Methods (6 credit hours)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 531 Crime Mapping (3)
CRJ 540 Qualitative Methods (3)
CRJ 560 Topics in Research Methods (3)

Electives (36 credit hours)

Culminating Experience (12 credit hours)
CRJ 799 Dissertation (12)

Additional Curriculum Information
A maximum of 30 credit hours of coursework from a previously awarded master's degree or JD may, with approval of the supervisory committee and the Graduate College, be applied toward the doctoral plan of study.

For the theory, criminal justice systems, criminal procedures and research methods courses, students select the number of required credit hours from the list provided. Other courses may be substituted with approval of the academic unit.

The following professional development workshop courses are recommended, but not required.
CRJ 614 Professional Development Workshop I: Professionalization
CRJ 615 Professional Development Workshop II: Preparing to Teach Effectively
CRJ 616 Professional Development Workshop III: Navigating the Academic Job Market in CCJ

All students must demonstrate proficiency in research design as well as quantitative and qualitative methods.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants should hold a master's degree from an accredited institution; it may be in criminal justice, criminology or another field (e.g. sociology, political science, history, social work, public administration, psychology or philosophy). In exceptional cases, the admission committee will consider applicants who hold only a bachelor's degree.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- GRE scores
- two letters of recommendation
- current curriculum vitae or resume
- personal statement
- sample of the applicant's written work
- proof of English proficiency.

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Requirements can be found on the Admission Services website (https://admission.asu.edu/international/graduate/english-proficiency).

Official transcripts must be submitted from every university or institution in which a degree was awarded.

GRE scores must be from within the last five years.

The letters of recommendation must be from faculty members or others qualified to evaluate the applicant's academic potential for doctoral study.

The personal statement should not exceed five pages, and it should describe the applicant's prior education, relevant professional experience and career goals. The statement must explain how the doctorate in criminology and criminal justice will help the applicant attain his or her career goals. The statement should explicitly explain how the student's plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU.

The applicant's sample of written work should be submitted electronically. The writing sample may be an article (published or unpublished), a research paper, or any other extended sample of expository skill, and the sample must be no longer than 35 pages in length. Longer writing samples should not be submitted without first consulting the graduate director. Documents should not be password protected. Acceptable file types are .rtf, .pdf, and .doc.

Students should see the unit website for application deadlines.

**Career Opportunities:** Graduates of the criminology and criminal justice doctorate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state, and local), policymaking, and teaching and research, including:

- city, county, and state government liaison to criminal justice agencies
- court administrator
- detective or investigator
- evidence and crime scene supervisor (CSI activities)
- forensic scientist
- intelligence analyst
- law enforcement or police crime analysis supervisor
- policy analyst
- probation, parole or community supervisor
- professor of criminal justice

Opportunities also exist in supervisory and management positions in social service agencies including:

- child and family services (e.g. Head Start, child support enforcement, foster care, elder care)
- Department of Economic Security
- homeless outreach
- victim advocacy

Graduates also have the opportunity to work in supervisory and management positions in the private sector, including online security, as well as in the cybersecurity sector.

## Domestic Violence and Evidence-Based Practice (Certificate), Certificate (PPDVEPGRCT)

**Online Degree Search Title:** Domestic Violence and Evidence-based Practice (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The certificate program in domestic violence and evidence-based practice provides students with the experience and knowledge to intervene safely and effectively on behalf of survivors of gender-based violence, a vulnerable group that helping professionals are likely to encounter in all areas of practice. Graduates who have learned the dynamics of domestic violence and other forms of gender-based violence are better equipped to assist those suffering its negative physical and mental health consequences.

Evidence-based care is crucial in domestic violence settings. Students in the certificate program engage in service-based and classroom learning to understand the role of evidence-based interventions in promoting survivor safety and client empowerment. Upon completion of the program, certificate holders become verified advocates for victims of domestic violence in the state of Arizona.

**Degree Requirements:**
15 credit hours.
Required Core (3 credit hours)
SWG 545 Domestic Violence and National AmeriCorps Service (3)

Restricted Electives (6 credit hours)
SWG 546 Approaches to Teen Dating Violence Prevention (3)
SWG 618 Advanced Practice in Domestic Violence (3)
SWG 647 The Domestic Violence Movement: An Intersectional Framework (3)
SWG 648 Intimate Partner Violence Risk Assessment (3)

Other Requirement (6 credit hours)
SWG 541 Field Practicum I (3) or SWG 641 Advanced Practicum: Direct Practice I (3) or SWG 643 Advanced Practicum: Planning, Social Work Administration and Community Practice I (3)
SWG 542 Field Practicum II (3) or SWG 642 Advanced Practicum: Direct Practice II (3) or SWG 644 Advanced Practicum: Planning, Social Work Administration and Community Practice II (3)

Additional Curriculum Information
For restricted electives, students select two courses from the approved course list. Other coursework may be used with the approval of the academic unit.

For the other requirement section, students must select one course from SWG 541, SWG 641 or SWG 643 and one course from SWG 542, SWG 642 or SWG 643. Other coursework may be used with approval of the academic unit.

The student's department-specific field experience practicum credits may be substituted for the other requirement section with department approval.

All students are required to complete 300 hours (minimum) of domestic violence service through a field experience practicum. Students should work with the academic unit in coordinating the field experience practicum. Concurrent to the beginning of their field experience practicum, students take the Domestic Violence and National AmeriCorps Service core course (SWG 545) in order to learn about the foundations for working with domestic violence victims. The coursework and field experience practicum experience maximize experiential learning opportunities.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution and are degree-seeking graduate students. Experience in social work, social services or a related field is required.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants interested in the domestic violence and evidence-based practice certificate are asked to attend an interview. The interview is a chance to help the student find an appropriate field experience or practicum to match the certificate requirements.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Implement evidence-based interventions when working with clients that are experiencing domestic violence.
- •Apply advocacy skills when working with clients that are experiencing domestic violence.

**Career Opportunities:** Prospective administrators, helping professionals and community activists gain practical knowledge, implement interventions backed by evidence, and develop the tools and networks to create change for survivors, families and communities.

Career examples include:

- clinician or therapist
- domestic violence or lay legal advocate
- domestic violence support group facilitator
- shelter case manager

## Emergency Management (Certificate), Certificate (PPEMEGRCT)

**Online Degree Search Title:** Emergency Management (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The graduate certificate program in emergency management provides motivated students with the skills and knowledge to manage and assume positions of leadership in government, private, nonprofit and civic roles within the field of emergency management. An orientation on all-hazards and all-threats, together with an focus on community resilience and communication, provides students with a generalist perspective, which is critically important for the disaster managers of today and tomorrow.

The certificate program may be of interest to students in disciplines such as public policy, planning, political science, nonprofit management, social work, criminology and other related fields.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
PAF 520 Public Management (3)
PAF 552 Integrated Emergency Management (3)
PAF 555 Information Technology in Emergency Management (3)

Electives (6 credit hours)

Additional Curriculum Information
For electives, students should see the academic unit for an approved course list. Other coursework may be used with the approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- a statement of career and educational goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The program is ideal for students from related fields, including political science, planning, urban and metropolitan studies, sociology as well as other social science degrees; however, applicants from all educational backgrounds may be accepted provided they meet the minimum requirements. Current ASU graduate students are eligible for the certificate as a supplement to their existing degree program. In addition, students not enrolled in a graduate program at ASU are also eligible to apply as nondegree students provided they meet the admission criteria stated above. However, MPA students in the emergency management concentration are not eligible for admission.

Students should see the program website for application deadlines.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/emergency-management-graduate-certificate/) for program descriptions and to request more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Demonstrate expertise in comprehensive hazards governance
- Demonstrate expertise in community resilience capacity-building practices

**Career Opportunities:** Students completing this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

## Emergency Management and Homeland Security, MA (PPEMHSMA)

**Online Degree Search Title:** Emergency Management and Homeland Security, MA
**Campus:** Downtown Phoenix, Online

**Program Description:** The MA program in emergency management and homeland security is designed to assist in the professional development of current and future practitioners as the next generation of leaders in these fields.

The program emphasizes a blended approach of practical knowledge and broader integrative thinking about the complex societal challenges of today's world. Its core values of collaboration between practitioners, faculty and students; public service; commitment to diversity; and critical thinking and evidence-based assessment are all central to promoting informed and effective leadership.

One of the unique features of this program is its breadth of content coverage. The program offers the following five distinct concentration areas: emergency management, homeland security, community resilience, biosecurity and threat management, and cybersecurity policy and management. These subject area specializations underscore the program's commitment to strategic thinking about current and future challenges. Likewise, the program has a number of learning opportunities from an international perspective.

When students enroll in this program, they are encouraged to choose one of these area specializations. Students can enroll in the degree program without declaring a concentration; however, selecting a concentration is advisable because doing so assists in developing the knowledge, skills and abilities pertinent to an intended career path.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours including the required applied project course (PAF 593).
Required Core (18 credit hours)
CRJ 511 Applied Data Analysis in Criminal Justice (3)
CRJ 554 Homeland Security (3)
PAF 551 Hazards Governance (3)
PAF 552 Integrated Emergency Management (3)
PAF 558 Program Evaluation for Emergency Management and Homeland Security (3)
PAF 559 GIS for Hazards Analysis (3)

Electives (12 credit hours)

Culminating Experience (3 credit hours)
PAF 593 Applied Project (3)

Additional Curriculum Information
For electives, students should see the academic unit for the approved course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences, environmental sciences or geography, public health or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate application and application fee
- official transcripts
- evidence of current employment in an organization in this field, or at least two years prior professional experience in this or a related field, or a bachelor's degree in a related area
- two letters of recommendation
- a written statement
- proof of English proficiency

Additional Admission Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be at least one page in length and describe the applicant's educational and career goals and long-term professional development strategy.

**Attend Online:**

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-arts-emergency-management-and-homeland-security/) for program descriptions and to request more information.

**Global Opportunities:**
PLuS Alliance: The PLuS Alliance partnership combines the strengths of three leading research universities from three continents --- Arizona State University, King's College London and UNSW Sydney --- to create and share knowledge that will solve pressing educational and societal challenges.

Students have the opportunity to collaborate with peers and specialists across the globe through PLuS-partner courses offered online. Through this PLuS Alliance collaboration degree program, students develop transferable global competencies and gain exposure to international teaching and academic content. https://www.plusalliance.org/global-learning-network-programmes (https://www.plusalliance.org/global-learning-network-programmes)

**Career Opportunities:** Graduates with a Master of Arts in emergency management and homeland security have career opportunities illustrated in the following list. Advanced degrees or certifications may be required for academic or clinical positions.

- cybersecurity specialist
- disaster recovery specialist
- emergency manager
- exerciser and trainer
- hazard mitigation officer
- homeland security specialist
- intelligence analyst
- planner
- public health emergency preparedness officer

## Emergency Management and Homeland Security (Biosecurity and Threat Management), MA (PPEMHSBTMA)

**Online Degree Search Title:** Emergency Management and Homeland Security (Biosecurity and Threat Management), MA
**Campus:** Downtown Phoenix, Online

**Program Description:** Biosecurity and threat management is an important and emerging area related to the intersection of homeland security, public health and risk management. It addresses a unique set of hazard and threat management issues related to bioterrorism, agroterrorism and communicable disease threats associated with disaster incidents, as well as biodefense overall.

The biosecurity and threat management concentration within the MA program in emergency management and homeland security is designed to assist professional development aimed at meeting these types of current and emerging challenges. Some of the coursework in this concentration area is offered through the University of New South Wales (Australia) as part of the PLuS alliance program.

The students serve and promote stronger and more resilient communities across public, private or nonprofit sector organizations. The program emphasizes a blended approach of practical knowledge and broader integrative thinking about the complex societal challenges of today's world. Its core values of collaboration between practitioners, faculty and students; public service; commitment to diversity; and critical thinking and evidence-based assessment are all central to promoting informed and effective leadership.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. **Career Opportunities:** A biosecurity and threat management degree can help students pursue key leadership and management positions at a variety of public sector agencies at the federal, state and local levels and in related organizations. There are also private-sector job options, such as

in the hospital sector, in health care and in security.

Career examples include:

- biosafety officer
- biosecurity monitor
- biosecurity officer
- biosecurity specialist
- bioterrorism researcher
- data scientist

## Emergency Management and Homeland Security (Community Resilience), MA (PPEMHSCRMA)

**Online Degree Search Title:** Emergency Management and Homeland Security (Community Resilience), MA
**Campus:** Downtown Phoenix, Online

**Program Description:** Community resilience refers to the efforts of government and nongovernment actors to develop policies and practices aimed at reducing short and long-term hazards risk in order to enhance safety, sustainability and overall community resilience capacity.

This concentration within the MA program in emergency management and homeland security is focused on understanding how community resilience is developed and promoted across government agencies (local, state and federal) as well as private and nonprofit sector organizations in which functional and operational responsibilities relate to planning, hazards mitigation, disaster recovery or sustainability. Further, it leverages international partners in Australia and the United Kingdom through the PLuS Alliance for additional course offerings.

Program students serve and promote stronger and more resilient communities across public, private or nonprofit sector organizations. The program emphasizes a blended approach of practical knowledge and broader integrative thinking about the complex societal challenges of today's world. Its core values of collaboration between practitioners, faculty and students, public service, commitment to diversity, critical thinking and evidence-based assessment are all central to promoting informed and effective leadership.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours including the required applied project course (PAF 593).
Required Core (18 credit hours)
CRJ 511 Applied Data Analysis in Criminal Justice (3)
CRJ 554 Homeland Security (3)
PAF 551 Hazards Governance (3)
PAF 552 Integrated Emergency Management (3)
PAF 558 Program Evaluation for Emergency Management and Homeland Security (3)
PAF 559 GIS for Hazards Analysis (3)

Concentration (6 credit hours)
PAF 553 Hazard Mitigation Planning (3)
PAF 560 Community Resilience (3)

Elective or Research (6 credit hours)

Culminating Experience (3 credit hours)
PAF 593 Applied Project (3)

Additional Curriculum Information
Students choose one of the applied project courses listed.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- a written statement
- evidence of current employment in an organization in this field or at least two years prior professional experience in this or a related field OR a bachelor's degree in a related area
- proof of English proficiency

Additional Admission Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be at least one page in length and describe the applicant's educational and career goals and long-term professional development strategy.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-arts-community-resilience/) for program descriptions and to request more information.

**Global Opportunities:**
PLuS Alliance: The PLuS Alliance partnership combines the strengths of three leading research universities from three continents --- Arizona State University, King's College London and UNSW Sydney --- to create and share knowledge that will solve pressing educational and societal challenges.

Students have the opportunity to collaborate with peers and specialists across the globe through PLuS-partner courses offered online. Through this PLuS Alliance collaboration degree program, students develop transferable global competencies and gain exposure to international teaching and academic content. https://www.plusalliance.org/global-learning-network-programmes (https://www.plusalliance.org/global-learning-network-programmes)

**Career Opportunities:** The U.S. Bureau of Labor Statistics predicts faster than average job growth in the homeland security and emergency management fields over the next 10 years. Graduates with a master's degree in emergency management and homeland security with a concentration in community resilience are well suited for a variety of career opportunities, including:

- disaster recovery specialist
- emergency management
- environmental quality
- hazard mitigation specialist
- planning
- public health emergency preparedness

## Emergency Management and Homeland Security (Cybersecurity Policy and Management), MA (PPEHSCPMMA)

**Online Degree Search Title:** Emergency Management and Homeland Security (Cybersecurity Policy and Management), MA
**Campus:** Downtown Phoenix, Online

**Program Description:** Cybersecurity is an important tool for addressing threat and vulnerability issues that cut across multiple domains.

The cybersecurity policy and management concentration within the MA program in emergency management and homeland security provides motivated students with knowledge, skills and abilities that will enable them to assume leadership, key management, and other key operational positions in public sector agencies or related private sector organizations, with responsibilities related to managing cybersecurity hazards in the area of homeland security, emergency management, critical infrastructure protection, risk management and other related fields.

This concentration is uniquely geared toward professionals in emergency management, homeland security, critical infrastructure protection, hazard mitigation, and planning and emergency preparedness who do not seek nor require highly technical training in cybersecurity (beyond a basic competency level) but do have major operational responsibilities that pertain to cyber-related vulnerabilities. This program is a unique contribution: It provides education and training on cyber policy and management issues for general administrators. Further, it leverages the PLuS Alliance for course offerings.

Students serve and promote stronger and more resilient communities across public, private or nonprofit sector organizations. The program emphasizes a blended approach of practical knowledge and broader integrative thinking about the complex societal challenges of today's world. Its core values of collaboration between practitioners, faculty and students, public service, commitment to diversity, critical thinking, and evidence-based assessment are all central to promoting informed and effective leadership.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours including the required applied project course (PAF 593).
Required Core (18 credit hours)
CRJ 511 Applied Data Analysis in Criminal Justice (3)
CRJ 554 Homeland Security (3)
PAF 551 Hazards Governance (3)
PAF 552 Integrated Emergency Management (3)
PAF 558 Program Evaluation for Emergency Management and Homeland Security (3)
PAF 559 GIS for Hazards Analysis (3)

Concentration (6 credit hours)
PAF 563 U.S. Cyber and Information Security Policy (3)
PAF 576 Information Assurance Principles (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
PAF 593 Applied Project (3)

Additional Curriculum Information
Students take up to three courses as part of the PLuS Alliance program with the University of New South Wales.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied

sciences or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- professional resume
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The resume should show current employment in an organization in this field or at least two years prior professional experience in emergency management or a related field, or a bachelor's degree in a related area.

The written statement must be at least one page in length and must describe the applicant's educational and career goals and long-term professional development strategy.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/cybersecurity-policy-and-management-ma/) for program descriptions and to request more information.

**Global Opportunities:**
PLuS Alliance: The PLuS Alliance partnership combines the strengths of three leading research universities from three continents --- Arizona State University, King's College London and UNSW Sydney --- to create and share knowledge that will solve pressing educational and societal challenges.

**Career Opportunities:** Graduates with a Master of Arts in emergency management and homeland security with the cybersecurity policy and management concentration have a wide range of career opportunities, and the management of cyber-related hazards cuts across a broad set of professional areas.

Career examples include:

- crisis manager - corporate operations
- emergency management director
- emergency preparedness coordinator or specialist
- information security analyst
- logistics coordinator or manager
- security manager - corporate operations
- security operations center manager

Advanced degrees or certifications may be required for academic or clinical positions.

## Emergency Management and Homeland Security (Emergency Management), MA (PPEMHSEMMA)

**Online Degree Search Title:** Emergency Management and Homeland Security (Emergency Management), MA
**Campus:** Downtown Phoenix, Online

**Program Description:** The emergency management concentration within the MA program in emergency management and homeland security is designed for individuals who intend to assume greater management responsibility in helping communities reduce vulnerability to hazards and cope with disasters in both private and public settings.

Students gain an essential understanding of the entire vision, mission and principles of emergency management with an emphasis on policy analysis and program evaluation, leadership, management, use of technology, and interagency and cross-sector collaboration. Core concepts and analytic approaches to disaster risk reduction and the promotion of community resilience capacity are addressed in concentration courses.

Program students serve and promote stronger and more resilient communities across public, private or nonprofit sector organizations. The program emphasizes a blended approach of practical knowledge and broader integrative thinking about the complex societal challenges of today's world. Its core values of collaboration between practitioners, faculty and students; public service; commitment to diversity; critical thinking and evidence-based assessment are all central to promoting informed and effective leadership. Further, it leverages international partners in Australia and the United Kingdom through the PLuS Alliance for additional course offerings.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

## Homeland Security (certificate), Certificate (PPHLSGRCT)

**Online Degree Search Title:** Homeland Security (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate program in homeland security is focused on homeland security as a field related to organizational security.

Students can study topics related to current international and domestic terrorism issues, global security, intelligence analysis, cybersecurity issues, crime prevention and law enforcement.

**Degree Requirements:**
18 credit hours.
Required Core (12 credit hours)
CRJ 553 Terrorism and Weapons of Mass Destruction (3)
CRJ 554 Homeland Security (3)
CRJ 557 Seminar in Domestic Terrorism (3)
CRJ 558 Seminar in International Terrorism (3)

Electives or Research (6 credit hours)

Additional Curriculum Information
Students should see the academic unit for available elective and research coursework.

Students may choose to participate in a study abroad experience in counterterrorism in Israel during the summer term that may be used to fulfill elective coursework. Students who choose this option enroll in CRJ 555 Police and International Terrorism and CRJ 556 Etiology of Martyrdom.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology, criminal justice, homeland security, counter-terrorism or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts

- letter of intent
- professional resume
- two letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letter of intent, resume and letters of recommendation are not needed if the applicant is already matriculated in an ASU master's degree program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/homeland-security-grad-cert/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of the homeland security graduate certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) including the Cybersecurity and Infrastructure Security Agency, U.S. Customs and Border Protection, the U.S. Secret Service, and local law enforcement agencies.

## Latino Cultural Competency in Social Work (certificate), Certificate (PPSWGGRCL)

**Online Degree Search Title:** Latino Cultural Competency in Social Work (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** The Latino cultural competency in social work certificate is intended for graduate social work students and current professional social workers who want a specific expertise in order to expand their employment potential. This program enhances students' capacity for engaging in culturally grounded practice with Latino clients and their communities.

The program provides social work students the opportunity to learn the critical, cross-cultural factors that influence a worker's competency in forming professional helping relationships with Latinos; understand the social and cultural context and theoretical principles of social work practice with Latinos; and learn the social service delivery issues involved in providing services for bilingual and limited- or non-English speaking Latino populations.

The School of Social Work offers Latino-oriented courses with an emphasis on Spanish language development for professional social workers.

**Degree Requirements:**
15 credit hours.
The following is required for students enrolled in the Master of Social Work program:
- completion of 480 hours of field practicum with Latino clients and communities (60% of case load to be Spanish-speaking)
- field practice consisting of six credit hours of field practicum
- six credit hours of Latino-oriented coursework
- SWG 533 Diversity and Oppression in a Social Work Context (3)

At least three credit hours are required to be taken from within the School of Social Work.

Those already working in the field of social work as a community professional social worker and community worker have the following requirements:
- six credit hours of independent study field practice consisting of the completion of 480 hours with Latino clients and communities (60% of client caseload to be Spanish-speaking)
- six credit hours of Latino-oriented coursework
- SWG 533 Diversity and Oppression in a Social Work Context (3)

Additional Curriculum Information
At least three credit hours of the Latino-oriented coursework are required to be taken from within the School of Social Work.

Students already working in the field of social work may petition to use their place of employment for the six credit hours of independent study field

practice.

Students with a Master of Social Work or BSW degree who have completed SWG 533 in the past five years may substitute another Latino-oriented course.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- the School of Social Work Latino cultural competency application form and the required $50 application fee
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

No more than two certificate courses may be completed before applying for admission to the certificate program.

Social work graduate students must have graduate status in the Watts College of Public Service and Community Solutions' School of Social Work and must demonstrate proficiency in the Spanish language.

Community professional social workers must possess a Master of Social Work, Bachelor of Social Work or related master's degree and must demonstrate proficiency in the Spanish language.

Community workers must have the equivalency of a two-year work experience in the social service field, an undergraduate degree and demonstrate proficiency in the Spanish language.

**Career Opportunities:** Graduates with this certificate can:

- demonstrate the ability to communicate with the growing monolingual Spanish speaking population
- demonstrate an understanding of issues affecting Latino populations
- increase their cultural competency as social workers regarding Latino populations

## Law Enforcement Administration (Certificate), Certificate (PPLEAGRCT)

**Online Degree Search Title:** Law Enforcement Administration (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The graduate certificate program in law enforcement administration prepares law enforcement professionals for career advancement.

The curriculum provides a comprehensive analysis of criminal justice organizations, policing, and program analysis and includes cross-disciplinary topics such as public administration. The program is designed to give students a solid foundational understanding of law enforcement agency administration, leadership and policy analysis.

**Degree Requirements:**
15 credit hours.

Required Courses (9 credit hours)
CRJ 512 Seminar in Policing (3)
CRJ 527 Police Accountability (3)
PAF 520 Public Management (3)

Restricted Electives (6 credit hours)

Culminating Experience: none required

Additional Curriculum Information
Students should see the academic unit for the approved restricted elective course list. Restricted electives may be substituted with approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants who are nondegree-seeking students (not admitted to a graduate degree program at ASU) are required to submit:
- graduate admission application and application fee
- official transcripts of undergraduate and, if applicable, graduate coursework
- a written statement of career and educational goals
- two letters of recommendation
- current resume
- proof of English proficiency

Applicants who are graduate degree-seeking students (admitted to an ASU graduate program) are required to submit:
- graduate admission application
- a written statement of career and educational goals

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students from related fields such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program; however, all eligible students are considered. Although most students would likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school accepts applicants with undergraduate degrees from all educational backgrounds.

Admission examinations are not required for admission to the certificate program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-law-enforcement-administration/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of the law enforcement administration graduate certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies at federal, state and local levels, including city police departments, county sheriff's offices, state bureaus of investigation and federal law enforcement agencies.

## Nonprofit Leadership and Management, MNLM (PPNPSMNS)

**Online Degree Search Title:** Nonprofit Leadership and Management, MNLM
**Campus:** Downtown Phoenix, Online

**Program Description:** Offered through the School of Community Resources and Development, the MNLM program is intended for mid-level professionals who desire to work in the nonprofit sector at senior leadership and management levels. The program provides an opportunity to obtain an advanced degree that addresses the unique character of nonprofit organizations and the social sector.

Students explore both theory and the practice of leadership and management in the nonprofit sector. The degree allows graduates enhanced recognition and credentials similar to those who have graduate degrees in administration or management.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Nonprofit Leadership and Management, BS
Nonprofit Leadership and Management (American Indian Studies), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
33 credit hours including the required capstone course (NLM 620).
Required Core (15 credit hours)
NLM 510 The Nonprofit Sector (3)
NLM 520 Financial and Resource Management (3)
NLM 530 Program Evaluation and Information Management (3)
NLM 540 Strategic Human Resources Management (3) or NLM 545 Volunteer Resource Management (3)
NLM 550 Philanthropy (3)

Electives (15 credit hours)
NLM 515 Nonprofit Organizational Behavior and Management (3)
NLM 525 Fundraising and Resource Development (3)
NLM 540 Strategic Human Resources Management (3) or NLM 545 Volunteer Resource Management (3)
NLM 560 Leadership and Ethics (3)
NLM 562 Social Entrepreneurship (3)
NLM 565 Grant Writing Nonprofit Organizations (3)
NLM 570 International Non-Governmental Organizations (3)
NLM 572 Community and Social Innovations (3)
NLM 580 Practicum (3-6)
NLM 598 Special Topics (3)
NLM 605 Nonprofits, Law and Society (3)
NLM 610 Executive Leadership and Governance (3)

Culminating Experience (3 credit hours)
NLM 620 Capstone: Integrative Seminar (3)

Additional Curriculum Information
Students are required to take 15 credit hours of core coursework and three credit hours of a capstone course that is completed in the final semester of program. The capstone course is integrative of all concepts learned in program allowing students to synthesize material from prior coursework. Successful completion of this course is required in place of a thesis or applied project.

Students complete 15 credit hours of related elective coursework. Electives must include NLM 580 Practicum for three to six credit hours. The purpose of the practicum is to provide managerial experience in a nonprofit organization. Applicants with specifically nonprofit managerial experience on their resume will be reviewed by the program director at the time of admission for a possible exception to the practicum requirement.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- curriculum vitae or resume
- statement of educational and career goals
- three reference letters
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

The statement of educational and career goals should be written in sufficient detail to indicate compatibility with the educational objectives and capabilities of the school.

Reference letters should be from a combination of academic and professional references. References from friends and family members are not accepted.

Students currently pursuing the nonprofit leadership and management certificate who are interested in applying for the master's program must apply to the degree program before the completion of nine credit hours in their certificate program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-certification-master-nonprofit-leadership-and-management/) for program descriptions and to request more information.

**Career Opportunities:** This degree builds expertise in nonprofit leadership and management. Career opportunities include:

- chief administrative officers
- chief executive officers
- chief financial officers
- foundation officers

## Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)

**Online Degree Search Title:** Nonprofit Leadership and Management (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The graduate certificate program in nonprofit leadership and management provides students with an understanding of the nonprofit sector's role in society and with knowledge applicable to those who wish to lead and manage nonprofit organizations.

Students with diverse academic backgrounds are exposed to content needed by leaders in the nonprofit sector, including understanding of the historical and philosophical context for nonprofit organizations in society; the theory and practice of philanthropy; financial management practices; and other topical content areas.

The certificate is ideal when combined with graduate degrees in other areas and when used to provide a core concentration in nonprofit leadership and management.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
NLM 510 The Nonprofit Sector (3)
NLM 520 Financial and Resource Management (3)
NLM 540 Strategic Human Resources Management (3) or NLM 545 Volunteer Resource Management (3)

Electives (6 credit hours)

Additional Curriculum Information
Students select either NLM 540 or NLM 545 as part of the required core coursework.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

The program is available to students who are pursuing their graduate degree in a chosen field of study and who have expressed interest in pursuing careers in the nonprofit sector. In addition, the program is well-suited for working professionals who may be pursuing a graduate degree but who wish to strengthen their skills and connections in the nonprofit community and who have one to three years of nonprofit professional experience.

Applicants should see the Watts College of Public Service and Community Solutions website for more information.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** This certificate program builds expertise in nonprofit leadership and management. Career opportunities include:

- administrative officers
- community services officers
- executive officers
- financial officers
- foundation officers

## Participatory Governance (certificate), Certificate (PPPGOGRCT)

**Online Degree Search Title:** Participatory Governance (Graduate Certificate)
**Campus:** Downtown Phoenix, Tempe

**Program Description:** This transdisciplinary certificate program combines academic rigor with practical skills. Students examine the main theories and research findings on participatory governance and public engagement and familiarize themselves with past and current democratic innovations in the U.S. and around the world. Students also develop the capacity to design, carry out and examine processes of participatory governance and public engagement.

Students may pursue the certificate program as a specialization within an existing ASU graduate program or as a stand-alone certificate.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
Choose three of the following courses:
PAF 530 Management of Urban Government (3)

PAF 531 Community Conflict Resolution (3)
PAF 565 Theories and Practices of Democracy (3)
PAF 566 Participatory Governance and Civic Engagement (3)

Electives (6 credit hours)

Additional Curriculum Information
Electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the electives to ensure that they focus on a common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students from related fields such as political science, planning, urban and metropolitan studies, sociology and other social science degrees might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Demonstrate knowledge of democratic theory and its connection to participatory governance.
- Understand advantages and disadvantages of different models of participatory governance

**Career Opportunities:** Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst whose work in a local, state or federal agency, nonprofit organization, or private organization interfaces with the public sector.

## Policy Informatics (Certificate), Certificate (PPPOIGRCT)

**Online Degree Search Title:** Policy Informatics (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:** The policy informatics certificate program provides knowledge and skills to students seeking careers in which they can use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions. Emphasis is placed on theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

**Degree Requirements:**
15 credit hours.
Five courses are required for the certificate. Students should review the certificate requirements and required courses on the School of Public Affairs' website. Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- a statement of career and educational goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

All materials are submitted online through the graduate admission application.

Students should see the program website for application deadlines.

**Career Opportunities:** Graduates are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in a local, state or federal agency, nonprofit organization, or private organization that interfaces with the public sector.

## Program Evaluation (Certificate), Certificate (PPPGEVGRCT)

**Online Degree Search Title:** Program Evaluation (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** Professionals in the government, nonprofit and private sectors are increasingly required to demonstrate effectiveness of programs and activities. This graduate certificate in program evaluation provides students with a solid grounding in the applied and conceptual tools of conducting evaluation research and program evaluations as well as the skills to implement evaluations.

**Degree Requirements:**
15 credit hours.
Required Core (15 credit hours)
PAF 510 Foundations of Program Evaluation I: Multiple Regression (3)
PAF 511 Foundations of Program Evaluation II: Research Design (3)

PAF 512 Foundations of Program Evaluation III: Advanced Regression Tools (3)
PAF 513 Foundations of Data Science I: Introduction to Data Programming in R (3)
PAF 541 Program Evaluation (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology and criminal justice, social work, public service, nonprofit management, parks and recreation management, tourism management, business, education, family studies, public health, education, psychology or a related social and applied sciences field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Admission examinations are not required for this program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/program-evaluation-graduate-certificate/) for program descriptions and to request more information.

**Career Opportunities:** Program evaluation is valued in many fields and industries. These include educational institutions, nonprofit organizations, health care facilities, government programs and more. Once students deepen their program evaluation capacity, options for employment are diverse. Career titles with program evaluation as a central component of their role include:

- city government program manager
- compliance officer
- education curriculum or program specialist
- evaluation specialist in a public or nonprofit organization
- foundation officer
- government grant manager
- health care administrator
- monitoring and evaluation analyst
- nonprofit manager or executive director
- research analyst

## Program Evaluation and Data Analytics, MS (PPPGEMS)

**Online Degree Search Title:** Program Evaluation and Data Analytics, MS
**Campus:** Downtown Phoenix, Online

**Program Description:** The MS in program evaluation and data analytics is a professional degree program that emphasizes skills needed to leverage data to improve organizational performance in the public, nonprofit and private sectors. It combines courses in program evaluation with data science classes that empower students to utilize a diverse array of tools to generate insights on social impact and leverage data in

organizations.

Students receive training in data programming, visualization, dashboard design, open data, project management and impact analysis. Through this, students build the technical skills necessary to implement evidence-based approaches to policy and management.

Unlike other data scientist degrees, this program is built using public sector and nonprofit examples. Students do not need a background in computer programming before starting the program. Through a project-based curriculum and individualized attention, students develop expertise in performance and evaluation frameworks.

**Degree Requirements:**
33 credit hours including the required applied project course (PAF 593).
Required Core (21 credit hours)
PAF 510 Foundations of Program Evaluation I: Multiple Regression (3)
PAF 511 Foundations of Program Evaluation II: Research Design (3)
PAF 512 Foundations of Program Evaluation III: Advanced Regression Tools (3)
PAF 513 Foundations of Data Science I: Introduction to Data Programming in R (3)
PAF 514 Foundations of Data Science II: Data Wrangling (3)
PAF 515 Foundations of Data Science III: Project Management (3)
PAF 516 Community Analytics (3)

Electives (9 credit hours)

Culminating Experience (3 credit hours)
PAF 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's or master's degree in criminology and criminal justice, social work, public service, nonprofit management, parks and recreation management, tourism management, business, education, family studies, public health, psychology, or a related social and applied sciences field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- two letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/program-evaluation-and-data-analytics-ms/) for program descriptions and to request more information.

**Career Opportunities:** Program evaluation spans many fields and industries. These include educational institutions, nonprofit organizations, health care facilities, government programs and more. Options for employment are diverse for graduates who have a deepened capacity for program evaluation. Career titles with program evaluation as a central component of their role include:

- chief data officer
- city government program manager
- compliance officer
- director of evaluation or evaluation specialist
- education curriculum or program specialist
- government grant manager
- health care administrator
- monitoring and evaluation analyst
- nonprofit manager or executive director

## Public Administration, EMPA (PPPUAEMPA)

**Online Degree Search Title:** Public Administration - Executive, EMPA
**Campus:** Online

**Program Description:** The EMPA is designed for public sector leaders throughout the world who already have achieved considerable professional success prior to being admitted into the program.

The Executive Master of Public Administration is a 19-month, online graduate degree program which also features three-day face-to-face executive sessions in both Phoenix and Washington, D.C. Students participate in the program as part of a learning cohort, and the one-course-at-a-time online structure enables them to maintain a work and life balance as they immerse in each topic.

The learning experience begins with an orientation and executive session in Phoenix. Approximately one year later, the class reconvenes in Washington, D.C., for a second executive session. The executive master's degree program ends in Phoenix, where students present their applied projects.

The ASU Executive Master of Public Administration program enables students to expand the breadth and depth of their professional network. The online curriculum attracts a more geographically diverse pool of applicants from around the world. The executive sessions in Phoenix and Washington, D.C., further enable students to develop deeper relationships with their classmates.

Executive Master of Public Administration students are selected based on their ability to demonstrate the value they would add to the learning experience of the entire class, and a new cohort begins each year.

**Degree Requirements:**
30 credit hours including the required applied project course (PAF 593).
Required Core (27 credit hours)
PAF 504 Microeconomics of Public Policy I (3) or TGM 581 Negotiating in a Global Context (3)
PAF 508 Organization Behavior (3)
PAF 574 Diversity, Ethics, and Leading Public Change (3)
PAF 582 E-Public Administration (3)
PAF 585 Strategic Planning for Public Sector Leaders (3)
PAF 586 Data Analytics for the Public Good (3)
PAF 587 Federal Budgeting and Tax Policy (3)
PAF 588 Global Public Policy (3)
PAF 589 Leadership in Public Organizations (3)

Culminating Experience (3 credit hours)
PAF 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Exceptions to the GPA requirements may be considered based on the professional achievements demonstrated by the applicant as determined by applicant's resume and other application materials. In addition to the GPA requirement, applicants are expected to have five to seven years of progressive leadership experience.

The personal statement must be 300 words or fewer and should include what experiences and qualities the student will bring to the program. The student must also discuss their career objectives and how they plan to leverage the degree to help achieve those objectives. In addition, applicants also may provide any supplementary information that would strengthen the personal statement.

**Career Opportunities:** Students in the Executive Master of Public Administration program are seeking to further advance or switch to careers in local, state, tribal and federal governments or nonprofit and private organizations that regularly interface with the public sector.

## Public Administration, MPA (PPPADTMPA)

**Online Degree Search Title:** Public Administration, MPA
**Campus:** Downtown Phoenix, ASU at Hainan

**Program Description:** The MPA is a professional degree program designed to prepare students for public service at all levels of government as well as the nonprofit and private sectors.

The program consists of a core curriculum emphasizing managerial and analytic skills needed in a large range of careers that serve the public good. Students may also elect to specialize in one of four approved concentrations:

- urban management
- nonprofit administration
- emergency management
- public finance

This program can be completed full time or part time.

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

American Indian Studies (Tribal Leadership and Governance), MS
Criminology and Criminal Justice, MS
Social Work - Standard Program, MSW
Sustainability Solutions, MSUS
Urban and Environmental Planning, MUEP

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Construction Management and Technology, BS
Emergency Management and Homeland Security, BS
Political Science, BA
Political Science, BS
Public Service and Public Policy, BS
Public Service and Public Policy (American Indian Studies), BS
Public Service and Public Policy (Business), BS
Public Service and Public Policy (Criminology), BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS

Public Service and Public Policy (Health Policy), BS
Public Service and Public Policy (Law and Policy), BS
Public Service and Public Policy (Nonprofit Leadership and Management), BS
Public Service and Public Policy (Parks and Recreation Management), BS
Public Service and Public Policy (Science and Technology Policy), BS
Public Service and Public Policy (Social Services Delivery), BS
Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
42 credit hours including the required capstone course (PAF 509).
Required Core (24 credit hours)
PAF 501 Public Service Research I (3)
PAF 502 Public Service Research II (3)
PAF 503 Public Affairs (3)
PAF 504 Microeconomics of Public Policy I (3)
PAF 505 Public Policy Analysis (3)
PAF 506 Public Budgeting and Finance (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Electives or Research (15 credit hours)

Culminating Experience (3 credit hours)
PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives. Approved elective credit hours may include courses offered by the school or other academic units in the university.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include social science degrees, although the department may accept applicants with degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Additional requirements for international students are available on the Admission Services website (https://admission.asu.edu/international/graduate/english-proficiency).

The letters of recommendation should be from faculty members or other academic staff who can evaluate applicant's academic performance.

The written statement should be one to two pages in length and describe the applicant's educational and career goals. This statement is also used as a sample of the applicant's writing abilities.

Applicants also may submit a resume or other documents.

Fees increase after the deadline.

Students enrolling in Master of Public Administration core courses must demonstrate minimum competency in statistics and American government, typically through the completion of an undergraduate social statistics course, such as PAF 301 Applied Statistics and undergraduate coursework in American national government, such as POS 310 American National Government. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program. Students also may satisfy the American national government competency by successfully completing a noncredit online course offered by the School of Public Affairs to incoming students.

Applicants should email spa@asu.edu (mailto:spa@asu.edu) if they have questions about the application process.

**Career Opportunities:** Graduates are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

## Public Administration (Certificate), Certificate (PPPUAGRCT)

**Online Degree Search Title:** Public Administration (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** Through comprehensive coverage of topics in public administration, management and policy, students in the graduate certificate program in public administration discover the challenges of management, learn how to lead a public organization and understand the process of policy development.

The program is designed to give students a solid foundational understanding of administration, leadership and policy analysis in service to the public good.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
PAF 503 Public Affairs (3)
PAF 505 Public Policy Analysis (3)

Electives (9 credit hours)

Additional Curriculum Information
Electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the electives to ensure they focus on a common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. For the electives, the student must select any three 3-credit PAF courses at the 500 level.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students from related fields such as public policy, political science, planning, urban and metropolitan studies, sociology, as well as other social science degrees might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines and admission terms.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Employ analtyic frameworks for supporting decision-making in public organizations and contributing to the policy process
- Interact productively with a diverse and changing workforce and citizenry.

**Career Opportunities:** Graduates are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

## Public Administration (Emergency Management), MPA (PPPAFEMPA)

**Online Degree Search Title:** Public Administration (Emergency Management), MPA
**Campus:** Downtown Phoenix, ASU at Hainan

**Program Description:** The MPA is a professional degree program designed to prepare students for public service at all levels of government as well as the nonprofit and private sectors.

The program consists of a core curriculum emphasizing managerial and analytic skills needed in a large range of careers that serve the public good. Through a focused set of electives, the concentration in emergency management provides students with the skills and knowledge they need in order to manage and assume positions of leadership in the field of emergency management within government, private, nonprofit and civic organizations. An all-hazards and all-threats orientation, together with an focus on community resilience and communication, provides the student with a generalist perspective, which is critically important for the disaster managers of today and tomorrow.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

- Emergency Management and Homeland Security, BS
- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Business), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS
- Public Service and Public Policy (Health Policy), BS
- Public Service and Public Policy (Law and Policy), BS
- Public Service and Public Policy (Nonprofit Leadership and Management), BS
- Public Service and Public Policy (Parks and Recreation Management), BS
- Public Service and Public Policy (Science and Technology Policy), BS
- Public Service and Public Policy (Social Services Delivery), BS
- Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during

the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
42 credit hours including the required capstone course (PAF 509).
Required Core (24 credit hours)
PAF 501 Public Service Research I (3)
PAF 502 Public Service Research II (3)
PAF 503 Public Affairs (3)
PAF 504 Microeconomics of Public Policy I (3)
PAF 505 Public Policy Analysis (3)
PAF 506 Public Budgeting and Finance (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Required Concentration (9 credit hours)
PAF 520 Public Management (3)
PAF 552 Integrated Emergency Management (3)
PAF 555 Information Technology in Emergency Management (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include political science, criminology, planning, business, urban and metropolitan studies, and other social science fields. Although most students for the graduate concentration would likely come from the aforementioned degree fields, the department may accept applicants with undergraduate degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- two letters of recommendation (both of which should be academic recommendations)
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students enrolling in Master of Public Administration core courses must demonstrate minimum competency in statistics and American government, typically through the completion of an undergraduate social statistics course such as PAF 301 Applied Statistics and undergraduate coursework in American national government such as POS 310 American National Government. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program. Students may also satisfy the American national government competency by successfully completing a noncredit online course offered by the School of Public Affairs to incoming students.

Applicants should email spa@asu.edu (mailto:spa@asu.edu) if they have questions about the application process.

**Career Opportunities:** Graduates are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a manager or policy analyst in local, state or federal agencies; in nonprofit organizations; and in private organizations that interface with the public sector.

## Public Administration (Nonprofit Administration), MPA (PPNONPRMPA)

**Online Degree Search Title:** Public Administration (Nonprofit Administration), MPA
**Campus:** Downtown Phoenix

**Program Description:** The MPA is a professional degree program designed to prepare students for public service at all levels of government as well as in the nonprofit and private sectors. The program consists of a core curriculum emphasizing managerial and analytic skills required for work in a large range of careers that serve the public good.

The nonprofit administration concentration builds on the core program though the application of administrative and leadership principles to train students as professionals who choose careers in the nonprofit sector. Students focus on the managerial aspects of running nonprofit organizations that solve specific challenges in communities around the world and that provide needed services not available through traditional markets or government providers. Students gain important skills they need in order to succeed, including financial management, volunteer management, fundraising, strategic planning, and working with boards of directors.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

- Emergency Management and Homeland Security, BS
- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Business), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS
- Public Service and Public Policy (Health Policy), BS
- Public Service and Public Policy (Law and Policy), BS
- Public Service and Public Policy (Parks and Recreation Management), BS
- Public Service and Public Policy (Science and Technology Policy), BS
- Public Service and Public Policy (Social Services Delivery), BS
- Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
42 credit hours including the required capstone course (PAF 509).
Required Core (21 credit hours)
PAF 501 Public Service Research I (3)
PAF 502 Public Service Research II (3)
PAF 503 Public Affairs (3)
PAF 504 Microeconomics of Public Policy I (3)
PAF 505 Public Policy Analysis (3)
PAF 506 Public Budgeting and Finance (3)
PAF 508 Organization Behavior (3)

Concentration (12 credit hours)
NLM 510 The Nonprofit Sector (3)
NLM 520 Financial and Resource Management (3)
NLM 540 Strategic Human Resources Management (3)
other approved course (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives as well as the list of courses that may fulfill the concentration

requirement. Approved elective credit hours may include courses offered by the school or other academic units in the university.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include social science disciplines, although the department may accept applicants with degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Additional requirements for international students are available at the Admission Services website (https://admission.asu.edu/international/graduate/english-proficiency).

The letters of recommendation should be from faculty or other academic staff who can evaluate the applicant's academic performance.

The written statement should be one to two pages in length and describe the applicant's educational and career goals. This statement is also used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

Fees increase after the deadline.

Students enrolling in Master of Public Administration core courses must demonstrate minimum competency in statistics and American government, typically through the completion of an undergraduate social statistics course such as PAF 301 Applied Statistics and undergraduate coursework in American national government such as POS 310 American National Government. ## Public Administration (Public Finance), MPA (PPPAFPMPA)

**Online Degree Search Title:** Public Administration (Public Finance), MPA
**Campus:** Downtown Phoenix

**Program Description:** The MPA is a professional degree program designed to prepare students for public service at all levels of government as well as in the nonprofit and private sectors.

The program consists of a core curriculum emphasizing managerial and analytic skills needed in a large range of careers that serve the public good. Through a focused set of electives, the concentration in public finance provides knowledge and skills for students seeking careers or career advancement in areas in which financial management plays an integral role in governance. The concentration deepens knowledge of urban economics, managing money in the public sector, public budgeting, and capital budgeting and financing.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy, BS
Public Service and Public Policy (American Indian Studies), BS
Public Service and Public Policy (Business), BS
Public Service and Public Policy (Criminology), BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS
Public Service and Public Policy (Health Policy), BS
Public Service and Public Policy (Law and Policy), BS
Public Service and Public Policy (Nonprofit Leadership and Management), BS
Public Service and Public Policy (Parks and Recreation Management), BS
Public Service and Public Policy (Science and Technology Policy), BS
Public Service and Public Policy (Social Services Delivery), BS
Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. ## Public Administration (Urban Management), MPA (PPPAFUMPA)

**Online Degree Search Title:** Public Administration (Urban Management), MPA
**Campus:** Downtown Phoenix

**Program Description:** The MPA is a professional degree program designed to prepare students for public service at all levels of government as well as in the nonprofit and private sectors. The program consists of a core curriculum emphasizing managerial and analytic skills required for work in a large range of careers that serve the public good.

The urban management concentration prepares students to be leaders in local government, where most services and programs to residents are managed. Through a focused set of electives and interactions with experienced city managers, students gain knowledge and develop the skills they will need in order to contribute to the operations of local government and help communities better serve the people who live there.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

## Public Administration and Policy, PHD (PPPUBADPHD)

**Online Degree Search Title:** Public Administration and Policy, PhD
**Campus:** Downtown Phoenix

**Program Description:** The PhD in public administration and policy is a theoretically grounded research degree program designed to prepare students for a research-based career. This is a four-year, full-time degree program.

This program is designed to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to contribution to the field through research and teaching. As a result, graduates are poised for success as productive and active scholars, researchers and teachers.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (24 credit hours)
PAF 601 Advanced Public Policy Seminar (3)
PAF 602 Advanced Research Design for Public Policy and Management (3)
PAF 603 Advanced Economics for Public Administration and Public Policy (3)
PAF 604 Intellectual Foundations of Public Administration (3)
PAF 605 Organization Theory and Behavior Seminar (3)
PAF 609 Advanced Quantitative Methods Seminar (3)
PAF 610 Advanced Qualitative Methods for Public Affairs Research (3)
PAF 620 Public Administration Professional Development Workshop (3)

Electives (42 credit hours)

Research (6 credit hours)
PAF 792 Research (6)

Culminating Experience (12 credit hours)
PAF 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree from a regionally accredited institution.

ASU's School of Public Affairs expects applicants for the doctorate to have demonstrated competency in the following subject areas at the time of application: organizational theory, public policy analysis, economics and quantitative analysis.

Applicants who have obtained a master's degree accredited by the Network of Schools of Public Policy, Affairs and Administration in public affairs, public administration or public policy are not required to complete prerequisites for admission to ASU's School of Public Affairs. In some cases, applicants from allied fields (i.e., political science, economics, sociology, business) are not required to complete prerequisites, depending upon the extent to which previous training aligns with the competencies described above.

As is the case with all applicants, the doctoral program director or advisors may require or recommend completion of courses when there is a perceived deficit, especially if the deficit relates to graduate-level quantitative analysis and economics (PAF 502 and PAF 504, respectively, or equivalent courses). However, these requirements or recommendations, if any, are not a barrier to admission.

In cases where the doctoral student applicant has graduated from a public affairs, public administration or public policy program from another nation, or from a program not accredited by NASPAA, the applicant may be admitted and required to meet prerequisites after a review by the

doctoral committee and doctoral program director.

Students applying with master's degrees from programs not closely related to public affairs (e.g., engineering, modern languages, chemistry) are required to meet prerequisites equivalent to the courses required for either ASU's Master of Public Administration or Master of Public Policy.

Prior to enrolling in any of the school's core classes, all students are expected to be familiar with the foundational competency readings related to organizational theory, public policy analysis, economics and quantitative analysis.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program and have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- completed checklist
- written statement
- current resume or curriculum vitae
- three letters of recommendation
- samples of research reports or papers
- GRE scores (verbal, quantitative, analytical)
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must submit TOEFL scores to be considered for admission, regardless of their current residency; applicants should use institution code 4007. This is true even for those who have a master's degree from a United States university. To be considered for admission to the doctoral program in public administration and policy, the minimum score on a TOEFL iBT is 100. Applicants with scores below the minimum are not considered. More on the English proficiency requirement is available at the Admission Services website (https://admission.asu.edu/international/graduate/english-proficiency).

The written statement of educational and career goals must include a discussion of research interests.

The letters of recommendation should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, their ability to communicate effectively, both orally and in writing, and their commitment to completion of the program.

Only GRE test scores from within the past five years are accepted, and analytical scores are considered in admission decisions.

Admission is competitive; a limited number of well-qualified applicants are admitted each year.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Synthesize core theories, concepts, and ideas as used and applied in public administration and policy.
- •Able to carry out an independent research project.
- •Able to design curriculum for public service students

**Career Opportunities:** Graduates of this degree program are prepared to conduct high-level research and policy development in academic careers, public and nonprofit agencies, foundations and research institutes. This may include opportunities as a college or university professor, research scientist, research associate or researcher for another organization.

## Public Administration and Policy (Urbanism), PHD (PPPAURBPHD)

**Online Degree Search Title:** Public Administration and Policy (Urbanism), PhD
**Campus:** Downtown Phoenix

**Program Description:** The PhD in public administration and policy is a theoretically grounded research degree program designed to prepare

students for an academic career. The program is also appropriate for individuals who want to conduct high-level research and policy development in public and nonprofit agencies, foundations and research institutes. It is designed for students who seek full-time study.

The goal is to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research.

The doctoral program in public administration and policy with an urbanism concentration permits students to draw upon the extensive resources in urban affairs at ASU. As a result, these students are poised for success as productive and active scholars, researchers and teachers upon graduation.

The concentration in urbanism is a mechanism for organizing varied perspectives on urbanism into a collective body of scholarship. The study of public administration is enriched by grounding it in a comprehensive understanding of the characteristics of urban context and the dynamic forces that shape them. The concentration in urbanism leverages the varied interests in urbanism and helps emerging scholars as they attempt to compare, contrast and take stock of urbanism. Working with faculty from across a range of departments and programs at ASU, doctoral students are able to capture the creative tensions that scholarship on urbanism has inspired in order to stimulate a provocative, constructive kind of inquiry.

**Degree Requirements:**
90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (24 credit hours)
PAF 601 Advanced Public Policy Seminar (3)
PAF 602 Advanced Research Design for Public Policy and Management (3)
PAF 603 Advanced Economics for Public Administration and Public Policy (3)
PAF 604 Intellectual Foundations of Public Administration (3)
PAF 605 Organization Theory and Behavior Seminar (3)
PAF 609 Advanced Quantitative Methods Seminar (3)
PAF 610 Advanced Qualitative Methods for Public Affairs Research (3)
PAF 620 Public Administration Professional Development Workshop (3)

Concentration (3 credit hours)
PAF 530 Management of Urban Government (3)
PAF 534 Urban Services Infrastructure (3)
PAF 560 Community Resilience (3)

Urbanism Electives (9 credit hours)

Research (6 credit hours)
PAF 792 Research (6)

Electives (36 credit hours)

Culminating Experience (12 credit hours)
PAF 799 Dissertation (12)

Additional Curriculum Information
Students may choose PAF 530, 534 or 560 for their concentration course requirement.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree, in a related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- completed checklist
- written statement
- current resume or curriculum vitae
- three letters of recommendation
- samples of research reports or papers

- scores on the GRE (verbal, quantitative, analytical)
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must submit TOEFL scores to be considered for admission, regardless of their current residency (the ASU institution code is 4007). This is true even for those who have a master's degree from a United States university. To be considered for admission to the doctoral program in public administration and policy, the applicant's minimum score on an iBT TOEFL must be 100. Applicants with scores below the minimum are not considered. More on the English proficiency requirement is available at the admissions website (https://admission.asu.edu/international/graduate/english-proficiency).

The written statement of educational and career goals must include a discussion of research interests.

The letters of recommendation should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, ability to communicate effectively both orally and in writing, and commitment to completion of the program.

Only GRE test scores from within the past five years are accepted, and analytical scores are considered in admission decisions.

All applicants are expected to have completed graduate level statistics and research methods classes before admission. Applicants also are expected to have sufficient formal coursework in public administration to pursue doctoral study in the field. Admitted students are required to take PAF 501, PAF 502, PAF 503, PAF 504, PAF 508 (or their equivalents) and statistics prior to beginning the doctoral core courses. Applicants who are not pursuing an MPA should not take these courses until they consult with the doctoral program director.

Applicants are admitted for fall only. Admission is competitive; a limited number of well qualified applicants are admitted each year. Students should see the program website for application deadlines.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Analyze major theories & related research literature in public administration.
- •Conduct research independently that advances knowledge in public administration & urban affairs.
- •Conduct research independently that advances knowledge in public administration & urban affairs.

**Career Opportunities:** Students receiving this degree are prepared to pursue a research career in a field related to public administration or public policy. This may include opportunities as a college or university professor, research scientist, research associate or researcher for another organization.

## Public Policy, MPP (PPPUBPMPP)

**Online Degree Search Title:** Public Policy, MPP
**Campus:** Downtown Phoenix

**Program Description:** The MPP program equips students with the analytical tools they need in order to understand and address public policy issues. Students also develop skills in managing the process of policy development, approval, implementation and evaluation, as well as gain policy-specific knowledge on issues such as poverty, education, the environment and public safety.

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:
- Criminology and Criminal Justice, MS
- Sustainability Solutions, MSUS
- Urban and Environmental Planning, MUEP

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Political Science, BA
Political Science, BS
Public Service and Public Policy, BS
Public Service and Public Policy (Business), BS
Public Service and Public Policy (Criminology), BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS
Public Service and Public Policy (Health Policy), BS
Public Service and Public Policy (Law and Policy), BS
Public Service and Public Policy (Nonprofit Leadership and Management), BS
Public Service and Public Policy (Parks and Recreation Management), BS
Public Service and Public Policy (Science and Technology Policy), BS
Public Service and Public Policy (Social Services Delivery), BS
Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
42 credit hours including the required capstone course (PAF 509).
Required Core (27 credit hours)
PAF 501 Public Service Research I (3)
PAF 502 Public Service Research II (3)
PAF 504 Microeconomics of Public Policy I (3)
PAF 505 Public Policy Analysis (3)
PAF 540 Advanced Policy Analysis (3)
PAF 541 Program Evaluation (3)
PAF 570 Microeconomics of Public Policy II (3)
PAF 573 Applied Econometrics (3)
PAF 574 Diversity, Ethics and Leading Public Change (3)

Electives (12 credit hours)

Culminating Experience (3 credit hours)
PAF 509 Public Policy Capstone (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- two letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. Additional requirements for international students are available on the Admission Services website (https://admission.asu.edu/international/graduate-apply).

The letters of recommendation must be from faculty or other academic staff who can evaluate applicant's academic performance.

The one- to two-page written statement should state the applicant's educational and career goals; it also is used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

Fees increase after deadline.

Students enrolling in Master of Public Policy core courses must demonstrate minimum competency in statistics and American government, typically through the completion of an undergraduate social statistics course such as PAF 301 Applied Statistics and undergraduate coursework in American national government such as POS 310 American National Government. Completion of prerequisite courses is not a requirement for admission but they must be completed within one semester after starting the program. Students may also satisfy the American national government competency by successfully completing a noncredit online course offered to incoming students by the School of Public Affairs.

Applicants should email spa@asu.edu (mailto:spa@asu.edu) if they have questions about the application process.

**Career Opportunities:** Graduates of this degree program are prepared for professional careers as policy analysts and leaders in public service involved in the creation and management of public policy at all levels of government and in the private and nonprofit sectors. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; in nonprofit organizations; and in private organizations that interface with public sectors.

The program can also serve as a platform for preparation for doctoral studies in public policy, public administration, urban studies and other related programs.

## Public Policy (Certificate), Certificate (PPPUPGRCT)

**Online Degree Search Title:** Public Policy (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** This certificate program in public policy is designed to give students analytical techniques and conceptual frameworks for understanding policy issues as well as for identifying potential solutions and applying these skills to real-world issues.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
PAF 505 Public Policy Analysis (3)
PAF 540 Adv Policy Analysis (3)
PAF 541 Program Evaluation (3)

Electives (6 credit hours)

Additional Curriculum Information
The electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the electives to ensure that they focus on a common theme and to see that the students' experiences in the courses align with the learning goals outlined for the certificate. For the electives, students select any two three-credit PAF courses that are 500 level.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B" in courses taken to complete the certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Students from related fields (e.g., public administration, political science, planning, urban and metropolitan studies, sociology, and other social science fields) might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines and admission terms.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Apply analytic techniques for developing, comparing, and improving public policy solutions.

- Lead evidence-based efforts to solve public challenges within diverse and changing organizations and societies.

**Career Opportunities:** Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

## Public Policy (Environmental Policy), MPP (PPPUPEPMPP)

**Online Degree Search Title:** Public Policy (Environmental Policy), MPP
**Campus:** Downtown Phoenix

**Program Description:** The MPP program equips students with the analytical tools needed to understand and address public policy issues. Students also develop skills in managing the process of policy development, approval, implementation and evaluation.

Through a focused set of electives, the MPP concentration in environmental policy deepens student expertise in specific areas and issues, such as the greening of local governments and policy evaluation of public and private partnerships, and builds the knowledge base and skills that will enable them to bring sustainability solutions to the government, corporate and nonprofit sectors.

At the conclusion of the master's degree program, students are prepared to apply sustainability principles and approaches to careers in a variety of fields that address environmental and, inevitably, human challenges.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Emergency Management and Homeland Security, BS
Public Service and Public Policy, BS
Public Service and Public Policy (American Indian Studies), BS
Public Service and Public Policy (Business), BS
Public Service and Public Policy (Criminology), BS
Public Service and Public Policy (Emergency Management and Homeland Security), BS
Public Service and Public Policy (Health Policy), BS
Public Service and Public Policy (Law and Policy), BS
Public Service and Public Policy (Nonprofit Leadership and Management), BS

Public Service and Public Policy (Parks and Recreation Management), BS
Public Service and Public Policy (Science and Technology Policy), BS
Public Service and Public Policy (Social Services Delivery), BS
Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
42 credit hours including the required capstone course (PAF 509).

## Public Policy (Policy Informatics), MPP (PPPUPPIMPP)

**Online Degree Search Title:** Public Policy (Policy Informatics), MPP
**Campus:** Downtown Phoenix

**Program Description:** The MPP program equips students with the analytical tools they need to understand and address public policy issues. Students also develop skills in managing the process of policy development, approval, implementation and evaluation as well as gain policy-specific knowledge on issues such as poverty, education, the environment and public safety.

Through a focused set of electives, the policy informatics concentration provides knowledge and skills to students seeking careers in which they can use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions and explore new governance infrastructures. Emphasis is placed on theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

- Emergency Management and Homeland Security, BS
- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS

## Public Policy (Science and Technology Policy), MPP (PPPUPSTMPP)

**Online Degree Search Title:** Public Policy (Science and Technology Policy), MPP
**Campus:** Downtown Phoenix, Tempe

**Program Description:** The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting.

The program trains people to lead by making positive policy decisions, addressing the difficult questions associated with public policy, and managing the process of policy creation, approval, implementation and evaluation. Students also gain an understanding of policies addressing issues such as poverty, education, the environment and public safety. At the conclusion of the master's degree program, students are able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those of urban areas. Students also are able to approach policy analysis with a variety of quantitative and qualitative methods and are prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

The Master of Public Policy program with a concentration in science and technology policy provides knowledge and skills for students seeking or advancing careers in areas in which science and technology are either guided by public policy or play an integral role in the policy process. This concentration emphasizes theories and research concerning the role of science in decision-making, complexity theory, institutional design of knowledge production organizations, national innovation systems, innovation and industrial policy, technology transfer and research evaluation.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Business), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS
- Public Service and Public Policy (Health Policy), BS

## Public Safety Leadership & Administration (Emergency Medical Services-Mobile Integrated Healthcare), MPSLA (PPPSEMMPSL)

**Online Degree Search Title:** Public Safety Leadership and Administration (EMS - Mobile Integrated Health Care), MPSLA
**Campus:** Online

**Program Description:** The MPSLA is a graduate degree program designed primarily for public safety professionals. An advanced degree is an important key to career progression within public safety administration. Those with an advanced degree have an advantage that makes a difference as they seek to progress in their professions: a practical understanding of public safety organization administration.

The emergency medical services mobile integrated health care concentration provides the foundation for leadership and administration of EMS organizations. This program takes a multiprofessional approach to administration of EMS organizations and encompasses public policy and administration, organizational management and leadership, finance and data analysis. Students develop a platform of knowledge and skills on which to build a solid foundation for success within the field of EMS administration.

**Degree Requirements:**
33 credit hours including the required applied project course (CRJ 593).
Required Core (15 credit hours)
CPP 521 Public Finance and Project Management for Emergency Management and Homeland Security (3) or PAF 506 Public Budgeting and Finance (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 574 Executive Leadership Principles in Public Service (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Concentration (9 credit hours)
CRJ 571 Foundations of Emergency Medical Services (3)
CRJ 572 Community Paramedicine: Mobile Integrated Health Care (3)
HCD 502 Health Care Systems and Design (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
CRJ 593 Applied Project (3)

Additional Curriculum Information
Students choose two courses from a restricted list or any graduate-level CPP or PAF course, with program approval, for the electives or research credits.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences or another closely related field from a regionally accredited college or university.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- evidence of current employment in an organization in degree program or concentration field or at least two years prior professional experience in chosen degree program or concentration field
- resume/curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be 1-2 pages in length and describe your prior education, relevant professional experience, and career goals, and explain how the criminal justice program will help you attain your career goals. The statement should explicitly explain how your plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU. It is recommended that applicants who feel as if they are weak in a particular area or admission requirement address their plan to remedy any shortcomings should they be granted provisional admission into the degree program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-public-safety-leadership-and-administration-emergency/) for program descriptions and to request more information.

**Career Opportunities:** With the Master of Public Safety Leadership and Administration degree from ASU, graduates are in a position to lead and improve EMS teams in mobile integrated health care. They have knowledge and skills that uniquely qualify them for leadership positions in different types of EMS agencies, such as hospitals, public health departments and managed care organizations. Graduates should expect to find employment and advancement in all levels of government agencies as well as in the private sector.

Specific career opportunities include:

- ambulance dispatcher
- emergency medical technician
- firefighter
- medical assistant
- paramedic

## Public Safety Leadership and Administration, MPSLA (PPPSLAMPSL)

**Online Degree Search Title:** Master of Public Safety Leadership and Administration, MPSLA
**Campus:** Online

**Program Description:** The MPSLA is a graduate degree program designed around the needs of public safety professionals.

This graduate program, with accomplished faculty and an intricately connected curriculum, endeavors to advance students' leadership and policy and administrative acumen. Students gain skills in data analysis, organizational management and leadership, and public policy and administration.

Graduates have a practical understanding of public safety organization administration.

**Degree Requirements:**
33 credit hours including the required applied project course (CRJ 593).
Required Core (15 credit hours)
CPP 521 Public Finance and Project Management for Emergency Management and Homeland Security (3) or PAF 506 Public Budgeting and Finance (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 574 Executive Leadership Principles in Public Service (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Electives (15 credit hours)

Culminating Experience (3 credit hours)
CRJ 593 Applied Project (3)

Additional Curriculum Information
Students should see the academic unit for approved elective course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences, environmental sciences or geography, public health, or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written personal statement
- evidence of current employment in an organization in degree program or concentration field or at least two years prior professional experience in chosen degree program or concentration field
- resume or curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency

The written statement should be one to two pages in length and describe the applicant's prior education, relevant professional experience, and career goals, and explain how the criminal justice program will help in attaining their career goals. The statement should explicitly explain how the applicant's plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU. It is recommended that applicants who feel as if they are weak in a particular area or admission requirement address their plan to remedy any shortcomings should they be granted provisional admission into the degree program.

Admission examinations are not required.

Current employment in an organization in this field, at least two years of prior professional experience in this or a related field, or a bachelor's degree in a related area is required.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-public-safety-leadership-and-administration/) for program descriptions and to request more information.

**Career Opportunities:** An advanced degree is increasingly important for career progression within public safety administration.

Graduates of this program are prepared for pursuit of management, leadership and administrative career paths in all levels of government and public safety agencies and organizations, such as the police force, hospitals and rescue services, the fire department and more, as well as in private sector organizations.

## Public Safety Leadership and Administration (Executive Fire Administration), MPSLA (PPPSEFMPSL)

**Online Degree Search Title:** Public Safety Leadership and Administration (Executive Fire Administration), MPSLA
**Campus:** Online

**Program Description:** The MPSLA is a graduate degree program designed primarily for public safety professionals. An advanced degree is an important key to career progression within public safety administration. Those with an advanced degree have an advantage that makes a difference as they seek to advance in their professions --- a practical understanding of public safety organization administration.

This graduate program, through its accomplished faculty and intricately connected curriculum, endeavors to advance student leadership, policy and administrative acumen.

The executive fire administration concentration program prepares students to handle the challenges facing chief officers. With coursework in strategic planning, public policy and administration, leadership and organizational management, data analysis, finance and technology, students develop a platform of knowledge and skills to build a solid foundation for success within the field of executive fire administration.

**Degree Requirements:**
33 credit hours including the required applied project course (CRJ 593).

Required Core (15 credit hours)
CPP 521 Public Finance and Project Management for Emergency Management and Homeland Security (3) or PAF 506 Public Budgeting and Finance (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 574 Executive Leadership Principles in Public Service (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Concentration (9 credit hours)
CRJ 570 Leadership for Innovation in Public Fire Services (3)
CRJ 573 Emergency Services: Operations Analysis and Planning (3)
PAF 560 Community Resilience (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
CRJ 593 Applied Project (3)

Additional Curriculum Information
Students choose two courses from a restricted list or any graduate-level CPP or PAF course, with program approval, for the electives or research credits.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written personal statement
- evidence of current employment in an organization in degree program/concentration field or at least two years prior professional experience in chosen degree program/concentration field
- resume/curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be one to two pages in length and describe the applicant's prior education, relevant professional experience, and career goals, and explain how the criminal justice program will help them attain their career goals. The statement should explicitly explain how their plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU.

It is recommended that applicants who feel as if they are weak in a particular area or admission requirement address their plan, to remedy any shortcomings, should they be granted provisional admission into the degree program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-public-safety-leadership-and-administration-executive-fire/) for program descriptions and to request more information.

**Career Opportunities:** Graduates with a concentration in fire administration are well equipped to drive innovation from the upper levels of fire service in federal, state and local fire departments and emergency management agencies. They should expect to find employment and advancement in all levels of government agencies as well as in the private sector.

Career examples include:

- fire inspector

- fire investigator
- fire prevention and protection engineer
- firefighter supervisor
- municipal firefighter

## Public Safety Leadership and Administration (Executive Police Administration), MPSLA (PPPSEPMPSL)

**Online Degree Search Title:** Public Safety Leadership and Administration (Executive Police Administration), MPSLA
**Campus:** Online

**Program Description:** The MPSLA is a graduate degree program designed primarily for public safety professionals. Those with an advanced degree have an important advantage to career progression within public safety administration: a practical understanding of public safety organization administration.

This graduate program, through its accomplished faculty and intricately connected curriculum, endeavors to advance students' leadership, policy and administrative acumen.

The executive police administration concentration program provides law enforcement professionals with the highly specialized knowledge and practical skills required to rise to leadership positions in a law enforcement organization. This program enhances the leadership, management and administrative skills and the knowledge and ability of present and future senior and mid-level managers, and it addresses the critical areas in the management of a contemporary law enforcement agency.

**Degree Requirements:**
33 credit hours including the required applied project course (CRJ 593).
Required Core (15 credit hours)
CPP 521 Public Finance and Project Management for Emergency Management and Homeland Security (3) or PAF 506 Public Budgeting and Finance (3)
CRJ 510 Criminal Justice Planning and Program Evaluation (3)
CRJ 574 Executive Leadership Principles in Public Service (3)
PAF 507 Public Human Resource Management (3)
PAF 508 Organization Behavior (3)

Concentration (9 credit hours)
CRJ 501 Seminar in Criminal Justice (3)
CRJ 516 Seminar in Criminal Justice Organization and Management (3)
CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
CRJ 593 Applied Project (3)

Additional Curriculum Information
Students choose one course from a restricted list or any graduate-level CPP, CRJ or PAF course, with program approval, for the electives or research credit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences or another closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- evidence of current employment in an organization in degree program or concentration field or at least two years prior professional experience in chosen degree program or concentration field
- resume or curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The written statement should be one to two pages in length and describe the applicant's prior education, relevant professional experience, and career goals, and it should explain how the criminal justice program will help them attain their career goals. The statement should explicitly explain how the applicant's plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU. It is recommended that applicants who feel as if they are weak in a particular area or in an admission requirement address their plan to remedy any shortcomings should they be granted provisional admission into the degree program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-public-safety-leadership-and-administration-executive-police/) for program descriptions and to request more information.

**Career Opportunities:** Graduates are equipped to perform managerial duties in federal, state, local, territorial and tribal law enforcement agencies. They also are prepared for probation and parole, child support services, homeland security and allied security professions. Graduates should expect to find employment and advancement in all levels of government agencies as well as in the private sector.

Career examples include:

- chief of police
- first-line police supervisor
- police detective
- police dispatcher
- special agent

## Social Entrepreneurship and Community Development (certificate), Certificate (PPSECDGRCT)

**Online Degree Search Title:** Social Entrepreneurship and Community Development (Graduate Certificate)
**Campus:** Downtown Phoenix, Online

**Program Description:** The social entrepreneurship and community development graduate certificate program provides a framework for harnessing entrepreneurial and enterprise opportunities and creating transformative responses to challenges prevalent in communities and society. The program combines social entrepreneurship with community and social innovation, providing a basis for exploring capacity building and fostering positive change for organizations, communities and societies.

The certificate is designed for students studying nonprofit leadership and management, social entrepreneurship, public policy, innovation and related fields across disciplines, and it can be added added to a ASU master's degree program.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
NLM 562 Social Entrepreneurship (3)
NLM 572 Community and Social Innovations (3)

Electives (9 credit hours)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-social-entrepreneurship-community-development/) for program descriptions and to request more information.

**Career Opportunities:** Social entrepreneurship is at the leading edge of public, private and nonprofit innovation. Career options include executive officers, administrative officers, financial officers and foundation officers.

## Social Work, MSW (PPSWDMSW)

**Online Degree Search Title:** Social Work - Standard Program, MSW
**Campus:** Downtown Phoenix, ASU at Tucson, Online

**Program Description:** The professional program leading to the MSW degree prepares social workers for advanced direct practice, including responding effectively to individuals, families and groups, with an emphasis on preparation for working with populations of the American Southwest.

The first year of the standard program focuses on curriculum and gaining skills that build a foundational knowledge in social work. The second year of the program allows students to focus their coursework in a specific area in order to build specialized practice knowledge.

The Master of Social Work program is accredited by the Council on Social Work Education.

ASU Sync
Students on I-20 visas are not permitted to complete courses via ASU Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Concurrent Program Options:**
Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

American Indian Studies (Indigenous Rights and Social Justice), MS
Juris Doctor, JD
Public Administration, MPA

**Degree Requirements:**

51 credit hours and a portfolio, or 51 credit hours and a thesis, or 51 credit hours including the required applied project course (SWG 593 or SWG 693), or 51 credit hours including the required capstone course (SWG 621) , or 54 credit hours and a portfolio, or 54 credit hours and a thesis, or 54 credit hours including the required applied project course (SWG 593 or SWG 693), or 54 credit hours including the required capstone course (SWG 621), or 57 credit hours and a portfolio, or 57 credit hours and a thesis, or 57 credit hours including the required applied project course (SWG 593 or SWG 693), or 57 credit hours including the required capstone course (SWG 621), or 60 credit hours and a portfolio (MSW/MPA concurrent degree), or 60 credit hours and a thesis (MSW/MPA concurrent degree), or 60 credit hours including the required applied project course (SWG 593 or SWG 693) - Advanced Generalist Track, or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA concurrent degree).
STANDARD PROGRAM (ground immersion):

Required Core (3 credit hours)
SWG 510 Foundation Practice I (3)

Foundation Coursework (18 to 27 credit hours)
SWG 501 Human Behavior and the Social Environment I (3)
SWG 502 Human Behavior and the Social Environment II (3)
SWG 511 Foundation Practice II (3)
SWG 519 Research Methods in Social Work (3)
SWG 531 Social Policy and Services (3)
SWG 533 Diversity and Oppression in a Social Work Context (3)
SWG 541 Field Practicum I (3)
SWG 542 Field Practicum II (3)
SWG 585 Macro Social Work Practice (3)

Restricted Electives (21 to 27 credit hours)

Other Requirements (3 credit hours)
SWG 610 Advanced Social Work Practice III (3) or
SWG 619 Practice-Oriented Research (3) or
SWG 623 Program Evaluation (3)

Culminating Experience Options (0 to 6 credit hours)
portfolio (0) or
SWG 593 Applied Project (3) or
SWG 599 Thesis (6) or
SWG 621 Integrative Seminar (3) or
SWG 693 Applied Project (3)

ADVANCED GENERALIST TRACK (digital immersion):

Required Core (3 credit hours)
SWG 510 Foundation Practice I (3)

Advanced Generalist Track Coursework (54 credit hours)

Culminating Experience Options (3 credit hours)
SWG 593 Applied Project (3) or
SWG 693 Applied Project (3)

Additional Curriculum Information
Students on the 51, 54 and 57 credit hour paths have an undergraduate Council on Social Work Education-accredited BSW in social work degree or BA degree in community advocacy and social policy. Path selection depends on the student's educational background. Students are to consult an academic advisor in the unit.

The 60 credit hour advanced generalist track is the digital immersion option. These students have a bachelor's or master's degree from a regionally accredited institution. Students in the 60 hour path must take foundation year coursework in restricted electives per CSWE accreditation standards.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. A student interested in moving to a concentration should notify the academic advisor prior to submitting their iPOS. The academic unit advises and monitors students to ensure they choose the

appropriate coursework.

The number of credit hours required for restricted electives depends on the credit hour path chosen and the culminating experience. Students should see the academic unit for a complete list of approved electives.

The foundation year includes basic courses in direct practice, organizational and community change, social policy, human behavior and research. Foundation coursework is selected in consultation with the academic advisor. Students are required to complete two practicums: a foundation field placement (480 hours) and a specialization field placement (480 hours) in a different setting.

Other requirement coursework may be substituted with approval of the academic unit.

The program may be completed within four semesters (two years) or six semesters (three years).

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a closely related field from a regionally accredited institution.

The School of Social Work requires one of the following:

- undergraduate degree with 30 credit hours in liberal arts courses at the undergraduate or graduate level
- Bachelor of Social Work from a Council on Social Work Education-accredited school of social work
- liberal arts undergraduate degree

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- signed standards of ethical and professional behavior form
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor or, if employed in a social work-related job for two or more years, from the applicant's supervisor.

Professional resume should include both work and volunteer experience in social service organizations. In order to be considered for possible admission, applicants who do not have work experience in social service organizations are required to have a minimum of 240 hours of volunteer experience in the social services over a six-month period in the five years immediately preceding application.

Guidelines for writing the statement of educational and career goals can be found at the program website (https://socialwork.asu.edu/content/msw-application-proceduresmaterials).

Test scores from either the GRE or the Miller Analogies Test are required only if the applicant's junior and senior GPA was below a 3.20 (scale is 4.00 = "A").

Students should see the program website for application deadlines.

Three-year program

Students interested in this option must specifically apply to the part-time program and complete it in accordance with the plan developed to finish the degree in three years.

Transfer credit

Any transfer work is reviewed and approved in accordance with Graduate College policy. Transfer work must have been completed within three years of the semester and year of admission to the Master of Social Work degree program at ASU with a grade of "B" (3.00 on a 4.00 scale) or better.

Exemptions
Courses must have been completed within three years of the admit term of the Master of Social Work degree. Grades received must be an "A-" or better. A letter of good standing is required from the institution where students have taken the coursework. Course equivalencies from outside of ASU are reviewed by the MSW program coordinator. Courses identified as required core and culminating experiences in the breakdown of requirements cannot be substituted.

Concurrent degrees are currently unavailable for the online Master of Social Work degree program.

Students should contact the School of Social Work with any questions about the application process.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-social-work-social-work/) for program descriptions and to request more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Plan, implement and evaluate evidence-based interventions
- •Apply professional social work theories to working with diverse, oppressed and marginalized populations in both micro and macro practice
- •Apply professional values and ethics during the advanced generalist internship

**Career Opportunities:** There are many paths within social work that graduates can pursue. Career examples include:

- adult and juvenile correction social worker
- behavioral health hospital social worker
- community organizer
- gerontology services patient coordinator
- group and individual clinician
- homeless services outreach coordinator or shelter director
- policy analyst
- program director and grant writer
- school social worker
- social services or nonprofit administrator

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Social Work, PHD (PPSW2PHD)

**Online Degree Search Title:** Social Work, PhD
**Campus:** Downtown Phoenix

**Program Description:** The purpose of the PhD program in social work is to train future social work scholars --- social work professionals engaged in research, teaching and service.

Supplementary to the coursework, this doctoral program offers students opportunities to be actively involved in both research and teaching. Students benefit from the close mentorship of the committed faculty and regular partnerships with many internal research centers and offices. Students also receive valuable opportunities to develop a teaching portfolio, positioning them to succeed in academic careers.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Social Work Courses (12 credit hours)

Research Methods and Statistics (12 credit hours)

Directed Electives (33 credit hours)

Theory (3 credit hours)

Research (12 credit hours)
SWG 792 Research (12)

Culminating Experience (12 credit hours)
SWG 799 Dissertation (12)

Additional Curriculum Information
When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. The number of credit hours required for directed electives depends on approval of the number of blanket hours from a previously awarded master's degree. The doctoral program requires students to take a minimum of 36 course credit hours beyond the MSW in addition to the required 24 credit hours of research and dissertation; 84 credit hours are required beyond the bachelor's degree. Students may need to take additional coursework to achieve the competency requirements set by the program or set by their graduate supervisory committees.

Students develop their plan of study in consultation with the graduate supervisory committee. Required social work courses must be 700-level and approved by the doctoral program committee. Students should see the academic unit for approved course lists and other requirements for research methods and statistics courses, electives and theory coursework.

Once the 36 minimum course credit hours are completed, students are required to register for 12 hours of SWG 792 Research before the defense of the prospectus and 12 hours of SWG 799 Dissertation after the prospectus defense. Students must be registered for at least one credit hour during the semester, including summer, when they do their dissertation proposal defense. At least one of the dissertation hours must be taken in the semester the student expects to defend the dissertation.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in social work or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- curriculum vitae or resume
- GRE scores
- personal statement
- three letters of reference
- required writing sample: social problem essay
- optional writing sample
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Admission to the doctoral program in the School of Social Work is based on the following criteria:

- an MSW from an accredited school of social work, preferably with two or more years of post-degree employment in human services
- experience in social work teaching or research and other scholarly activities
- experience with diverse populations
- goodness-of-fit with program goals
- good professional standing
- undergraduate and graduate GPA
- quality and extensiveness of social work experience
- research potential and creativity as demonstrated in requested essays and references
- scores of the GRE, with emphasis on verbal and analytic scores

Though a Master of Social Work degree is preferred, exceptions may be made for students with a BSW from an accredited school of social work and a master's degree in a related field and for students from countries without accreditation.

Applicants have the option of submitting a sample of their written work. Examples include a referred journal article, a class paper and a professional report such as one might write in an agency setting. The writing sample should illustrate the applicant's ability to succeed in the doctoral program. Guidelines for writing the statement can be found at the program website (https://socialwork.asu.edu/content/application-and-admission).

All required admission materials are submitted directly to Graduate Admission Services (https://admission.asu.edu/graduate). Students should contact the School of Social Work at 602-496-0800 with any questions about the application process.

Students should see the program website for application deadlines.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Students will develop an individual teaching philosophy for social work education.
- Students will apply knowledge of research methods to an area of social work scholarship.
- Students will develop a research proposal in an original area of social work scholarship.

**Career Opportunities:** Graduates are prepared to enter careers in applied research that enhance human well-being, particularly among oppressed and vulnerable populations, and to educate the next generation of social workers.

## Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)

**Online Degree Search Title:** Social Work - Advanced Standing - Direct Practice, MSW
**Campus:** Downtown Phoenix, ASU at Tucson

**Program Description:** The advanced standing direct practice concentration of the MSW consists of three specializations that prepare students for professional practice with diverse populations in a wide variety of settings.

Across all specializations, the curriculum is guided by the social work values that emphasize evidence-based practice, client strengths, social justice and client empowerment. The primary curriculum goal of the Master of Social Work program is to educate advanced social work practitioners who demonstrate the knowledge, skills, values and ethics of the profession and who are competent for specialized practice.

Students learn how to diagnosis and assess mental health conditions, create treatment plans, and provide appropriate interventions in a variety of clinical and community settings.

This program is accredited by the Council on Social Work Education.

**Degree Requirements:**
39 credit hours including the required capstone course (SWG 621), or 51 credit hours including the required capstone course (SWG 621), or 60 credit hours including the required capstone course (SWG 621), or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA concurrent degree) .
Required Core (3 credit hours)
SWG 510 Foundation Practice I (3) or
SWG 514 Bridge Seminar I (3)

Advanced Direct Practice Concentration (12 credit hours)
SWG 606 Assessment of Mental Disorders (3)
SWG 619 Practice-Oriented Research (3)
SWG 641 Advanced Practicum: Direct Practice I (3)
SWG 642 Advanced Practicum: Direct Practice II (3)

Specialization (6 credit hours)

Restricted Electives (15-36 credit hours)

Culminating Experience (3 credit hours)
SWG 621 Integrative Seminar (3)

Additional Curriculum Information
Students on the 39 credit hour path have an undergraduate Council on Social Work Education-accredited BSW in social work with a 3.20 Jr/Sr GPA within the last 6 years.

Students on the 51 credit hour path have an undergraduate CSWE-accredited BSW in social work degree.

The students on the 60 credit hour path have an undergraduate degree that is not directly in social work or community advocacy. Students in this path may need to take foundation coursework as part of their elective coursework to satisfy CSWE requirements. Students should see the academic advisor when selecting courses.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. The academic unit advises and monitors students to ensure they choose the appropriate coursework. Core course selection depends on the student's background.

Students select from specializations in:

- children, youth and families
- health, behavioral health
- public child welfare

The amount of restricted elective coursework depends on the credit hour path selected based on the student's background. Students should see the academic unit for a complete list of approved specialization and elective coursework.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants must have a BSW from a Council on Social Work Education-accredited program with a minimum GPA of 3.20 (scale is 4.00 = "A") in the last two years of work leading to the Bachelor of Social Work (junior and senior GPA). Applicants must have received their Bachelor of Social Work degree no more than six years prior to the date of admission to the MSW program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor or, if employed in a social work-related job for two or more years, from the applicant's supervisor.

Guidelines for writing the statement can be found at the program website (https://socialwork.asu.edu/content/msw-application-proceduresmaterials).

For questions about the application process, students should contact the School of Social Work.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Apply professional values and ethics during the advanced direct practice internship
- •Plan, implement and evaluate evidence-based interventions
- •Apply knowledge of human behavior in the social environment when working with individuals, families and groups

**Career Opportunities:** Graduates have the preparation they need to work with individuals, families and small groups.

Career examples include:

- adult and juvenile corrections (mental health service professional)
- behavioral health hospitals (counselor)
- homeless services (outreach coordinator or shelter director)
- hospital or school social worker
- individual counselor
- gerontology services (counselor)
- group therapy clinician
- wellness programmer

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Social Work (Policy, Administration and Community Practice), MSW (PPCPDTMSW)

**Online Degree Search Title:** Social Work - Advanced Standing - (Policy, Administration and Community Practice), MSW
**Campus:** Downtown Phoenix, ASU at Tucson

**Program Description:** Students in the policy, administration and community practice concentration of the MSW learn skills to intervene across the macro level of society: in systems, institutions, agencies, organizations, laws, policies, programs and communities. Students complete a practicum in government, nonprofit, social service, advocacy and research agencies.

The Master of Social Work degree is accredited by the Council on Social Work Education and certified by the Network for Social Work Management.

**Degree Requirements:**
39 credit hours and a portfolio, or 39 credit hours and a thesis, or 51 credit hours and a portfolio, or 51 credit hours and a thesis, or 60 credit hours and a portfolio, or 60 credit hours and a portfolio (MSW/MPA concurrent degree), or 60 credit hours and a thesis, or 60 credit hours and a thesis (MSW/MPA concurrent degree).
Required Core (3 credit hours)
SWG 510 Foundation Practice I (3) or
SWG 514 Bridge Seminar I (3)

Policy, Administration and Community Practice Concentration (21 credit hours)
SWG 623 Program Evaluation (3)
SWG 632 Policy Practice (3)
SWG 643 Advanced Practicum: Planning, Social Work Administration and Community Practice I (3)
SWG 644 Advanced Practicum: Planning, Social Work Administration and Community Practice II (3)
SWG 681 Social Work Administration (3)
SWG 682 Community Participation Strategies (3)
SWG 685 Program Planning in Social Services (3)

Electives (9 to 36 credit hours)

Culminating Experience (0 or 6 credit hours)
SWG 599 Thesis (6) or
portfolio (0)

Additional Curriculum Information
Students on the 39 credit hour path have an undergraduate Council on Social Work Education-accredited BSW in social work or equivalent degree with a Jr/Sr GPA of 3.20 within the last 6 years.

Students on the 51 credit hour path have an undergraduate CSWE-accredited Bachelor of Social Work degree.

Students on the 60 credit hour path have an undergraduate degree that is not directly in social work or community advocacy. Students in this path may need to take foundation coursework as part of their elective coursework to satisfy CSWE requirements. Students should see the academic advisor when selecting courses.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. The academic unit advises and monitors students to ensure they choose the appropriate coursework. Core course selection depends on the student's background.

Students complete a practicum and choose one of the culminating experiences above. The amount of elective coursework allowed depends on the credit hour path chosen and the culminating experience selected. Electives may be selected from offerings at the School of Social Work or from courses offered through other departments with the approval of the Master of Social Work program coordinator.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants must have a BSW from a Council on Social Work Education-accredited program with a minimum GPA of 3.20 (scale is 4.00 = "A") in the last two years of work leading to the Bachelor of Social Work (junior and senior GPA). Applicants must have received their Bachelor of Social Work degree no more than six years prior to the date of admission to the Master of Social Work program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor or, if employed in a social work-related job for two or more years, from the applicant's supervisor.

Guidelines for writing the statement can be found on the program website (https://socialwork.asu.edu/content/msw-application-proceduresmaterials).

Applicants should see the program website for application deadlines.

Students should contact the School of Social Work with any questions about the application process.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Plan, implement and evaluate evidence-based interventions
- Applying theoretical concepts related to policy, administration and community in the field practicum setting
- Apply professional values and ethics during the advanced policy, administration and community field practicum

**Career Opportunities:** The program prepares professional social workers for leadership in social change.

Graduates work for social justice and human rights through building sustainable systems that support peoples' social well-being, often by addressing the root causes of social problems and by reforming unjust policies. Policy, administration and community practice roles include program planning and evaluation; policy development and analysis; political advocacy and lobbying; organizational leadership, management and supervision; community development, organizing and social movement building.

Graduates are prepared for leadership and effective practice in macro social work positions. The curriculum is designed to provide students with knowledge, skill and practice opportunities in the areas of program planning and evaluation, administration, policy analysis and advocacy, and community practice.

Career examples include:

- community advocate
- community organizer
- grant and fund developers
- nonprofit leadership and management
- policy analyst
- social services administration

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Social Work - Advanced Standing - Advanced Generalist, MSW (PPASWMSW)

**Online Degree Search Title:** Social Work - Advanced Standing - Advanced Generalist, MSW
**Campus:** West, ASU at Yuma

**Program Description:** The advanced standing advanced generalist concentration of the MSW builds on mastery of the generalist foundation to increase the depth and breadth of practice.

Students learn both the micro skills of direct practice and macro skills of community development. Advanced generalist faculty emphasize the unique characteristics of social work services helpful in both non-profit settings and the small and rural community context.

The Master of Social Work program is consistent with the purpose of the social work profession to alleviate human suffering, enhance well-being and promote social justice with an emphasis on southwest populations.

The program is accredited by the Council on Social Work Education.

**Degree Requirements:**
39 credit hours including the required applied project course (SWG 693).
Required Core (3 credit hours)
SWG 510 Foundation Practice I (3) or
SWG 514 Bridge Seminar I (3)

Advanced Generalist Coursework (30 credit hours)
SWG 515 Bridge Seminar II (3)
SWG 516 Social Work Skills Seminar (3)
SWG 606 Assessment of Mental Disorders (3)
SWG 610 Advanced Social Work Practice III (3)
SWG 614 Advanced Generalist Social Work Practice IV (3)
SWG 623 Program Evaluation (3)
SWG 632 Policy Practice (3)
SWG 640 Professional Seminar II: Applying Theory to Advanced Generalist Social Work Practice (3)
SWG 645 The Professional Experience III (3)
SWG 646 The Professional Experience IV (3)

Restricted Electives (3 credit hours)

Culminating Experience (3 credit hours)
SWG 693 Applied Project (3)

Additional Curriculum Information
Students in this program hold an undergraduate Council on Social Work Education-accredited BSW in social work or equivalent degree.

The academic unit advises and monitors students to ensure they choose the appropriate coursework. Core course selection depends on the student's background.

Students complete a practicum and an applied project.

Advanced generalist and other requirement coursework may be substituted with approval of the academic unit.

The number of credit hours required for restricted electives depends on the credit hour path chosen. Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants must have a BSW from a Council on Social Work Education-accredited program with a minimum GPA of 3.20 (scale is 4.00 = "A") in the last two years of work leading to the Bachelor of Social Work (junior and senior GPA). Applicants must have received their Bachelor of Social Work degree no more than six years prior to the date of admission to the MSW program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor or, if employed in a social work-related job for two or more years, from the applicant's supervisor.

Guidelines for writing the statement can be found on the program website (https://socialwork.asu.edu/content/msw-application-proceduresmaterials).

Applicants should see the program website for application deadlines, and they should contact the School of Social Work with any questions about the application process.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Plan, implement and evaluate evidence-based interventions
- Apply professional social work theories to working with diverse, oppressed and marginalized populations in both micro and macro practice
- Apply professional values and ethics during the advanced generalist internship

**Career Opportunities:** Graduates are prepared to be practitioners who deliver culturally competent, ethical interventions that range from complex case management and practice with individuals (micro); families and groups (mezzo); to affecting social change by developing skills in organization, administration, policy development and community practice (macro).

Career examples include:

- community outreach coordinator
- hospital or school social worker
- mental health advocate
- program specialist
- social services manager or director

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. ## Sustainable Tourism, MST (PPSUSTMST)

**Online Degree Search Title:** Sustainable Tourism, MST
**Campus:** Online

**Program Description:** Students in the MST program receive a comprehensive education with a focus on the environmental, economic and social aspects of tourism, equipping them with the skills necessary for creating pioneering sustainable development solutions to the challenges facing tourism today.

This holistic curriculum focuses on integrating all three pillars of sustainability into existing tourism theories and concepts. Students learn numerous strategies and tools for identifying and building innovative tourism products and experiences and minimizing adverse impacts of tourism so that resources and opportunities remain viable and sustainable for their host communities.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Tourism Development and Management, BS
Tourism Development and Management (Meetings and Events), BS
Tourism Development and Management (Resort and Hotel Leadership), BS
Tourism Development and Management (Sustainable Tourism), BS
Tourism and Recreation Management, BS

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
31 credit hours including the required applied project course (TDM 593).
Required Core (24 credit hours)
CRD 569 Advanced Tourism and Recreation Studies (3)
TDM 520 Sustainable Thinking in Tourism I (3)
TDM 521 Sustainable Thinking in Tourism II (3)
TDM 530 Sustainable Tourism Destination Planning and Management I (3)
TDM 531 Sustainable Tourism Destination Planning and Management II (3)
TDM 540 Sustainable Food Management in Tourism (3)
TDM 550 Managing the Sustainable Tourism Business (3)
TDM 570 Sustainable Tourism (3)

Electives or Research (3 credit hours)

Culminating Experience (4 credit hours)
TDM 593 Applied Project (4)

Additional Curriculum Information
One elective or research course is selected from an approved list for three credit hours. Students should contact the academic unit for a list of possible courses. Other courses may be used with approval from the academic unit.

Students complete an applied project that may consist of a sustainable tourism development plan for a community, a thorough sustainability audit of a tourism business, or other project as approved by the faculty advisor.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field such as tourism, recreation, hospitality, business, geography or planning from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- professional statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

Letters of recommendation should be from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics. The names, email addresses, titles and organizations from whom the student is requesting recommendations is also required.

A written professional statement describing the applicant's purpose in pursuing the master's degree is to be submitted online. In addition, a current resume that outlines previous professional activities is required.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-advanced-study-sustainable-tourism/) for program descriptions and to request more information.

**Career Opportunities:** The sustainable tourism degree is useful to industry professionals who are interested in advancing their profiles and also to those who are interested in changing their careers, preparing them to meet the increasing demand for people trained in sustainability practices and the application of those practices in tourism.

Career examples include:

- destination planners and managers
- recreation managers
- sustainable food managers
- tourism planners

## Sustainable Tourism (certificate), Certificate (PPSTGRCT)

**Online Degree Search Title:** Sustainable Tourism (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate in sustainable tourism is intended for professionals who work in or desire to work in the tourism industry.

Students in this program explore the practices of managing and developing sustainable tourism businesses and destinations. They learn numerous strategies and tools for identifying and building innovative tourism products and experiences as well as minimizing adverse impacts so that these attractions remain viable and sustainable for their host communities.

Students who complete the certificate have acquired knowledge in topics such as the integration of economic, social and environmental aspects of sustainability as it relates to tourism; conducting sustainability audits for destinations and businesses; community impacts of tourism; and sustainable destination and business planning and management.

**Degree Requirements:**
18 credit hours.
Required Core (15 credit hours)
TDM 520 Sustainable Thinking in Tourism I (3)
TDM 521 Sustainable Thinking in Tourism II (3)
TDM 530 Sustainable Tourism Destination Planning and Management I (3)
TDM 531 Sustainable Tourism Destination Planning and Management II (3)
TDM 570 Sustainable Tourism (3)

Electives (3 credit hours)
TDM 540 Sustainable Food Management in Tourism (3) or
TDM 550 Managing the Sustainable Tourism Business (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and

Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

Letters of recommendation must be from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics, and the letters are to be submitted through the online application.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-sustainable-tourism/) for program descriptions and to request more information.

**Career Opportunities:** This certificate is beneficial to students or professionals who are interested in advancing their profiles in the tourism field and to those who are interested in a career change.

The certificate allows graduates enhanced recognition and credentials in an area experiencing a great deal of interest and growth. They can further their careers even more by obtaining an advanced degree specific to sustainability practices in tourism.

## Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

**Online Degree Search Title:** Trauma and Bereavement (Graduate Certificate)
**Campus:** Downtown Phoenix

**Program Description:** There is a growing need in society for health care workers and clinicians to be better prepared to help clients and patients experiencing trauma.

The School of Social Work graduate certificate program in trauma and bereavement provides students with enhanced knowledge about grief responses and the effects of trauma. Students have opportunities to research an often under-explored topic while helping transform the sociopolitical management of grief, traumatic losses and end-of-life issues in contemporary society.

**Degree Requirements:**
15 credit hours.
Required Core (6 credit hours)
SWG 576 War and Disaster (3)
SWG 577 Traumatic Death: Theory, Counseling and Practice (3)

Restricted Electives (3 credit hours)
SWG 559 Spirituality and the Helping Professions (3)
SWG 655 Quality of Life, Mastering Mindfulness (3)
SWG 690 Reading and Conference (3)

Other Requirements (6 credit hours)
SWG 541 Field Practicum I (3) and SWG 542 Field Practicum II (3) or

SWG 584 Internship (6) or
SWG 641 Advanced Practicum: Direct Practice I (3) and SWG 642 Advanced Practicum: Direct Practice II (3)

Additional Curriculum Information
For restricted electives, students choose one of the three course options listed above for three credit hours.

Students must complete one of the practicums and internship options from the other requirements list. Courses are selected in consultation with an advisor. Field practicums and internships must be preapproved with the academic unit. If selected, enrollment in SWG 584 Internship is for three credit hours and taken twice.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in fields such as psychology, sociology and social work.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- School of Social Work certificate application
- three references
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The personal statement, resume, School of Social Work certificate application (it is available on the department website), and three references (forms available on the department webpage) should be submitted to the School of Social Work.

The personal statement must be two to four pages, double-spaced; additional guidelines are listed on the application.

No more than two certificate courses may be completed before applying for admission to the certificate program.

Students should see the program website for application deadlines.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Plan, implement and evaluate evidence-based interventions.
- •Apply professional values and ethics during the advanced direct practice internship

**Career Opportunities:** This graduate certificate program in trauma and bereavement prepares individuals to work in the field of death and dying as well as with trauma and bereavement in clinical, organizational and administrative settings.

Career examples include:

- crisis response team members and leaders
- hospice and chaplaincy workers
- medical and pre-med occupations
- therapists and counselors

## Teachers College, Mary Lou Fulton

### Advanced Analytics in Higher Education, Certificate (TEAAHEGRCT)

**Online Degree Search Title:** Advanced Analytics in Higher Education (Graduate Certificate)
**Campus:** Tempe, Online
ASU is not currently accepting applications for this program.
**Program Description:** This graduate certificate program in advanced analytics in higher education is designed to give graduates the ability to extract, arrange and analyze data in the service of addressing complex administrative challenges in higher education.

The coursework addresses the application of data mining, predictive analytics, sentiment analysis and data visualization techniques to organizational challenges common in higher education. This work is designed to prepare graduates to use data in their decision-making processes. Students apply the knowledge and skills learned while gaining an understanding of the security and ethical considerations of analytics.

**Degree Requirements:**
15 credit hours.
Required Core (15 credit hours)
HED 603 Foundation of Data Analytics in Higher Education (1)
HED 604 Analytics Process and Technology in Higher Education (2)
HED 605 Data Management and Preparation for Higher Ed Analytics (3)
HED 606 Advanced Analytic Methods for Higher Education (3)
HED 607 Visualization and Presentation for Higher Education (3)
HED 608 Trends in Advanced Analytic Methods for Higher Education (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply if they have earned a minimum of a bachelor's degree (business, economics, education, psychology or equivalent) or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this certificate
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants are required to have at least one year working in an education-related field and have taken at least one graduate or undergraduate statistics course, finishing with a grade of "B" (scale is 4.00 = "A") or better.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-advanced-analytics-higher-education/) for program descriptions and to request more information.

**Career Opportunities:** Graduates with expertise in advanced analytics are prepared for educational careers in academic and operational areas in colleges and universities.

Career examples include:

- college program director
- computer database architect
- data analyst

- database administrator
- data management specialist

## Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)

**Online Degree Search Title:** Applied Behavior Analysis (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate program in applied behavior analysis pairs research and experience to prepare professionals to work with individuals with diverse learning and behavior needs using the principles of applied behavior analysis.

Applied projects and assignments allow students to focus on the population with which they plan to work, while gaining the knowledge and skills they need in order to use applied behavior analysis across various populations and settings.

Mary Lou Fulton Teachers College offers university coursework verified by the Association for Behavior Analysis International as meeting academic requirements for eligibility to sit for the Behavior Analyst Certification Board® Board Certified Behavior Analyst® examination. Once certified, these professionals are equipped to meet diverse behavior needs and make a lasting difference in the community. The course sequence meets the Behavior Analyst Certification Board-required 315 classroom hours of graduate-level instruction aligned with the BCBA/BCaBA task list (fifth edition). BCBA supervised independent fieldwork supervision hours, required for certification, are arranged and completed by the student separately from their ASU coursework. An optional remote BCBA supervised independent fieldwork practicum (SPE 580 Applied Behavior Analysis Practicum) is available.

Students seeking the master's degree as well as the verified university coursework to qualify to sit for the BCBA® exam should apply to the MA program in special education with a concentration in applied behavior analysis.

**Degree Requirements:**
21 credit hours.
Required Core (21 credit hours)
SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)
SPE 526 Concepts and Principles of Applied Behavior Analysis (3)
SPE 527 Behavior Analytic Assessment (3)
SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3)
SPE 562 Personnel Supervision and Organizational Behavior Management in Educational Settings (3)
SPE 563 Philosophical Foundations of Applied Behavior Analysis in Educational Settings (3)
SPE 567 Ethics of Applied Behavior Analysis (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

GRE scores are not required for admission.

**Attend Online:**

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-applied-behavior-analysis/) for program descriptions and to request more information.

**Career Opportunities:** Professionals with expertise in evidence-based practices in applied behavioral analysis are in high demand across sectors and industries, including education, business and health care.

Career examples include:

- applied behavioral analysis therapist
- behavior specialist
- Board Certified Behavior Analyst®
- behavior consultant
- early interventionist
- educator
- organizational behavior management specialist

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Autism Spectrum Disorders (Certificate), Certificate (EDSPEGRCA)

**Online Degree Search Title:** Autism Spectrum Disorders (Graduate Certificate)
**Campus:** Online
This program's name has changed effective Fall 2023. The previous name was An Overview of Autism Spectrum Disorders.
**Program Description:** The graduate certificate program in autism spectrum disorders is ideal for educators, interventionists, paraprofessionals, psychologists, behavior analysts and family members who want to enhance their preparation for working with individuals living with ASD.

Students can complete the graduate certificate within a two-year period while concurrently pursuing a graduate degree or they can complete it as a stand-alone certificate.

Students interested in sitting for the national Board Certified Behavior Analyst® exam should apply for the MA program in special education with a concentration in applied behavior analysis or the applied behavior analysis graduate certificate, depending on interest and need.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
SPE 521 Foundations of Autism Spectrum Disorders (3)
SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)
SPE 540 Family-Centered Practices (3)

Restricted Electives (6 credit hours)
SPE 520 Verbal Behavior (3)
SPE 527 Behavior Analytic Assessment (3)
SPE 541 Consultation Frameworks and Issues (3)
SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3)
SPE 564 Controversial Therapies; Science, Fad and Pseudoscience in Educational Settings (3)
SPE 566 Applied Behavior Analysis in Inclusive Settings (3)
SPE 567 Ethics of Applied Behavior Analysis (3)
SPE 598 Special Topics (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-autism-spectrum-disorders/) for program descriptions and to request more information.

**Career Opportunities:** Students gain specialized skills and knowledge to work effectively and compassionately with children and adults, including family members, impacted by autism.

Career examples include:

- adapted physical education specialist
- clinical psychologist
- counselor
- special education teacher
- speech-language pathologist

## Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)

**Online Degree Search Title:** Curriculum and Instruction (Teaching and Learning), MEd
**Campus:** Online
ASU is not currently accepting applications for this program. Students interested in master's degree programs that do not lead to teacher certification might consider the following programs: Education, MA (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEEDUMA/education-ma); Global Education, MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEGLOEDMED/global-education-med); Learning Design and Technologies, MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDTECHMED/learning-design-and-technologies-med); Learning Sciences, MA (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDPSYCHMA/learning-sciences-ma).
**Program Description:** The MEd program in curriculum and instruction with a concentration in teaching and learning facilitates the development of advanced-level professional knowledge, skills and understanding through research and applied experiences. The program provides an avenue for developing skills in designing learning environments for students.

**Degree Requirements:**
30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597). Students complete 30 credit hours in their focus area and a culminating project to be embedded within a course.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

## Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)

**Online Degree Search Title:** Curriculum and Instruction (Autism Spectrum Disorders), MEd
**Campus:** Online
ASU is no longer accepting applications for this program. Applicants interested in autism spectrum disorders should apply directly to the Special Education (Autism Spectrum Disorders), MA (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TESPEASDMA/special-education-autism-spectrum-disorders-ma).
**Program Description:** The MEd program in curriculum and instruction with a concentration in autism spectrum disorders equips individuals with the specialized skills and knowledge they need for working effectively with children and adults affected by autism.

The steady rise in the number of those affected by autism spectrum disorders has caused a public demand for professionals who are aware of the issues and needs facing these special individuals, their families and service providers. Program graduates are well prepared to provide important services and care in a variety of roles, including as educators, interventionists, paraprofessionals, psychologists, speech pathologists, behavior analysts or family members.

Each student completes a practicum customized to individual interests and abilities. The program culminates with a capstone experience in which students demonstrate analysis and synthesis of material learned in the master's program and evidence of competency in the six Council for Exceptional Children autism standards.

Students interested in sitting for the national Board Certified Behavior Analyst® exam should apply to the master's degree in special education, applied behavior analysis concentration or the applied behavior analysis graduate certificate, depending on interest and need.

**Degree Requirements:**
30 credit hours including the required capstone course (SPE 597).
Required Core (3 credit hours)
COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (18 credit hours)

Electives (3 credit hours)

Other Requirements (3 credit hours)
SPE 580 Practicum (3)

Culminating Experience (3 credit hours)
SPE 597 Capstone (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. ## Curriculum and Instruction (Early Childhood Education), MEd (TEECDMED)

**Online Degree Search Title:** Curriculum and Instruction (Early Childhood Education), MEd
**Campus:** Online
ASU is no longer accepting new students to this program. Students interested in this program should apply to the Early Childhood Education MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEECEDMED/early-childhood-education-med) or the Early Childhood Education (Teacher Certification) MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEECDTCMED/early-childhood-education-teacher-certification-med).
**Program Description:** The MEd in curriculum and instruction with a concentration in early childhood education prepares individuals to meet the educational, social and emotional needs of children from birth through age 8 or grade 3.

This master's degree program is appropriate for students interested in learning about early childhood education research and working with infants and children and can help advance the professional development of students who already have a teaching certificate and are interested in deepening their knowledge, strengthening their skills or pursuing doctoral studies in the future.

Through online coursework and applied activities, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

Students can also choose to add in-person professional experiences to their degree program that prepare them to enter the teaching profession after graduation. Students pursuing teacher-certification complete internships and full-time teaching residencies to gain experience in two grade levels: preK and grades K-3. Faculty members and highly qualified, certified mentor teachers provide guidance and support along the way.

Graduates earn an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification as Early Childhood, Birth-Age 8 or Grade 3 teachers. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

**Degree Requirements:**
30 credit hours including the required applied project course (ECD 593).
Students in this program complete an applied project within their plan of study as a culminating experience.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should come from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-education-curriculum-and-instruction-early-childhood-education/) for program descriptions and to request more information.

**Career Opportunities:** Students gain skills in teaching, conducting research, utilizing technology and analyzing policy --- all of which prepares graduates to expand or pursue educational careers working with young children and their families.

Career examples include:

- childcare worker
- education administrator
- family social worker
- preschool teacher or director

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)

**Online Degree Search Title:** Curriculum and Instruction (Gifted Education), MEd
**Campus:** Online

**Program Description:** The MEd program in curriculum and instruction with a concentration in gifted education prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. Students gain the theory and pedagogy needed to identify and serve this population of learners.

Students learn how to identify learning potential and address specific needs of gifted and talented students. They gain an understanding of gifted students' affective and academic needs and learn how to design and provide appropriately challenging, differentiated curriculum and instruction.

Students also learn how to develop a continuum of gifted programs and services; work with school administrators, teachers, school boards and parents; and advocate for gifted students at local and national levels.

The program is designed for public and private teachers in regular classrooms, honors classrooms and gifted programs, and for school administrators and gifted program coordinators.

The program also provides the twelve credit hours of coursework in gifted education required for the Gifted Education (K-12) endorsement from the Arizona Department of Education. Students should refer to the Arizona Department of Education website for additional requirements.

**Degree Requirements:**
30 credit hours including the required capstone course (SPE 597).
Required Core (3 credit hours)
TEL 504 Learning and Instruction (3)

Concentration (24 credit hours)
COE 501 Introduction to Research & Evaluation in Education (3)
SPE 572 Testing and Measurement in Gifted Education: Methods (3)
SPE 573 Differentiating Instruction for Gifted Learners: Teaching Methods (3)
SPE 585 Creativity: Foundations of Research and Development in Gifted Education (3)
SPE 586 Advising the Gifted Learner: Social and Emotional Needs (3)
SPE 587 Special Populations in Gifted Education (3)
SPE 588 The Gifted Learner: Foundations of Identification, Education and Development (3)
SPE 589 Gifted Education Programming: Models, Methods and Services (3)

Culminating Experience (3 credit hours)
SPE 597 Capstone Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English language proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-education-curriculum-and-instruction-teaching-and-learning-gifted-elementary/) for program descriptions and to request more information.

**Career Opportunities:** Graduates possess skills in creating and strengthening gifted programs, developing instructional methods, advocating for learners and working with school districts and families. This prepares them to expand or pursue education careers working with gifted learners.

Career examples include:

- educator in gifted or honors classrooms
- gifted coordinator
- school administrator

## Early Childhood Education, MEd (TEECEDMED)

**Online Degree Search Title:** Early Childhood Education, MEd
**Campus:** Online

**Program Description:** The MEd program in early childhood education prepares individuals to meet the educational, social and emotional needs of children from birth through age 8. Through coursework, applied activities and in-person clinical experiences, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

The master's degree is appropriate for students interested in learning about early childhood education research and working with infants and children in grades K--3. This program may be of interest to students who already have a teaching certificate and are interested in furthering their knowledge and skills or pursuing doctoral studies in the future.

**Degree Requirements:**
30 credit hours including the required applied project course (ECD 593).
Required Core (27 credit hours)
ECD 505 Foundations of Early Childhood Education (3)
ECD 527 Mathematics in Early Childhood Education (3)
ECD 541 Assessment of Young Children (3)
ECD 549 Foundations of Diversity, Human Development, and the Young Child (3)
ECD 565 Appropriate Instructional Methodologies for Young Children (3)
EED 532 Literacy Methods of Instruction and Assessment for Diverse Learners (3)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 531 Foundations of Literacy: The Science of Reading (3)

Select One:
TEL 570 Educator Scholar Community I (1), TEL 571 Educator Scholar Community II (1), or TEL 572 Educator Scholar Community III (1)

Culminating Experience (3 credit hours)
ECD 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirement of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The following are accepted to meet this requirement:

- TOEFL: Applicants must have a score of at least 90 on the internet based test (iBT), with scores of 22-30 on the speaking and written portions. ASU's institutional code is 4007. Only electronic copies of scores are accepted.
- IELTS: Applicants must have an overall band score of at least 6.5 with speaking and writing portions needing to be at least 6.5 (6 = Competent User, 7 = Good User). No institutional code is needed.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program. Only

professional recommenders are accepted.

The personal statement should describe the personal and professional goals that motivated applicant to apply to the graduate certificate, and explain what led the applicant to this career path and how they will excel as an educator. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

## Early Childhood Education (Teacher Certification), MEd (TEECDTCMED)

**Online Degree Search Title:** Early Childhood Education (Teacher Certification), MEd
**Campus:** Online

**Program Description:** The MEd program in early childhood education prepares individuals to meet the educational, social and emotional needs of children from birth through age eight or grade three.

Through online coursework and applied activities, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

A series of professional experiences assists students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

Graduates earn an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in Early Childhood, birth--age 8 or grade 3. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

**Degree Requirements:**

Concentration (9 credit hours)
ECD 567 Clinical Experience: Early Childhood Internship (Ages Birth-5) (2)
ECD 576 Clinical Experience: Early Childhood Internship (Grades K-3) (2)
ECD 578 Student Teaching: Early Childhood (Grades K-3) (2)
ELL 515 Structured English Immersion Methods (3)

Culminating Experience (3 credit hours)

ECD 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirement of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program. Only professional recommenders are accepted.

The personal statement should describe the personal and professional goals that motivated applicant to apply to the graduate certificate, and explain what led the applicant to this career path and how they will excel as an educator. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-early-childhood-education-certification/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-after teachers in public, charter and private education institutions. Graduates gain skills in teaching, conducting research, utilizing technology and analyzing policy --- all of which prepare them to expand or pursue educational careers working with young children and their families. Career examples include:

- childcare worker
- early childhood educator (birth--grade 3)
- education administrator
- family social worker
- preschool teacher or director

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. ## Educating Multilingual Learners (Certificate), Certificate (TEESLGRCT)

**Online Degree Search Title:** Educating Multilingual Learners (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate in educating multilingual learners prepares students to educate bilingual and multilingual learners in

a variety of settings, including preK-12 schools, colleges, universities and organizations serving and advocating for linguistically diverse populations.

While the program is an excellent choice for teachers seeking to improve their preparation for bilingual and multilingual learners, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

This certificate program is not designed to address specific requirements of any single state endorsement but may address many components for state endorsements, depending on state requirements.

Individuals who wish to build a career in the field of English language teaching should consider the Master of Teaching English to Speakers of Other Languages (https://degrees.apps.asu.edu/masters-phd/major/ASU00/LAENGMTESL/teaching-english-to-speakers-of-other-languages-mtesol) offered through The College of Liberal Arts and Sciences.

**Degree Requirements:**
15 credit hours.
Required Core (9 credit hours)
BLE 534 Language, Policy, and Power: Past and Present (3)
BLE 536 Education for Social Transformation (3)
BLE 537 Linguistics for Educators (3)

Electives (6 credit hours)

Additional Curriculum Information
Students should see the academic unit for approved list of elective courses.

There is no culminating experience required for the certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, preferably in education or related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-english-second-language/) for program descriptions and to request more information.

**Career Opportunities:** As populations continue to diversify, there is high demand for professionals with expertise in supporting multilingual learners. Program graduates are well suited for positions within education or organizations serving international or immigrant populations.

Career examples include:

- education manager
- educational consultant
- instructor
- multilingual or bilingual education specialist
- professional development manager
- school administrator

## Education, MA (TEEDUMA)

**Online Degree Search Title:** Education, MA
**Campus:** Online

**Program Description:** The MA program in education is designed for professionals who want to advance their career in the field of education. Students who graduate with this degree will have the ability to support their educational endeavors which will, in turn, shape society.

Students in this program can customize their coursework in the following ways. They can choose two of the following Mary Lou Fulton Teachers College focal areas:

- applied behavior analysis
- autism spectrum disorders
- early childhood education
- educating multilingual learners
- gifted education
- global education
- learning design and technologies
- literacy education
- physical activity and physical education
- special education endorsement*
- teaching pedagogy

Or, they can choose one of the focal areas shown above and one of the focal areas from a partner college, shown below:

- business (W.P. Carey School of Business)
- data and society (New College of Interdisciplinary Studies and Arts)
- digital audience strategies (Cronkite School of Journalism and Mass Communication)
- social justice and human rights (New College of Interdisciplinary Sciences and Arts)

*Students interested in the special education endorsement should speak to an advisor before selecting this focal area. It includes additional requirements.

The program culminates with an applied project in which students design and develop an inquiry study that addresses one or more problems related to their areas of focus.

Note: Students who are part of specialized cohorts or initiatives that include a focal area in Master of Arts in education should consult with an advisor.

**Degree Requirements:**
30 credit hours including the required applied project course (EDU 593), or 30 credit hours including the required applied project course (EDU 593) - Mandarin Pathway.
Required Core (3 credit hours)
COE 501 Introduction to Research and Evaluation in Education (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)
EDU 593 Applied Project (3)

Additional Curriculum Information
The program is designed to be flexible and personalized to meet the interests of the learner. Students should see the academic unit for a list of electives to choose from as they explore focal areas of greatest interest.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College .

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program, and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Applicants must provide a written statement of approximately 500 words that describes their personal interest in the field of education, the goals they wish to achieve while in the program, and their short- and long-term career aspirations. The admission committee pays particular attention to the quality of writing, the ideas expressed, and the relative match between the applicant and program goals.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-in-education/) for program descriptions and to request more information.

**Career Opportunities:** Students gain skills in effective communication, collaboration, leadership, advocacy and innovation, all of which are essential to education professionals in a variety of careers.

Career examples include:

- behavior specialist
- curriculum designer
- education program manager
- education subject matter expert
- instructional designer
- team lead (K-12 schools)

## Education (Accomplished Teaching), MA (EDACCTCMA)

**Online Degree Search Title:** Education (Accomplished Teaching), MA
**Campus:** Tempe
ASU is not currently accepting applications for this program. Prospective students interested in master's degree programs that do not lead to teacher certification might consider the MA in Education (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEEDUMA/education-ma), MEd in Global Education MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEGLOEDMED/global-education-med), MEd in Learning Design and Technologies (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDTECHMED/learning-design-and-technologies-med), and the MA in Learning Sciences (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDPSYCHMA/learning-sciences-ma).
**Program Description:** The MA program in education with a concentration in accomplished teaching is designed for practicing educators who want to advance their expertise and be able to innovate not only in the classroom but also help their schools or other work settings to redesign education from a deep understanding of educational theory and practice. Students improve their understanding of student learning and assessment and they develop skills in conducting action research.

**Degree Requirements:**
30 credit hours and a thesis, or 30 credit hours including the required applied project course (DCI 593).
Required Core (15 credit hours)

Electives (12 credit hours)

Culminating Experience (3 credit hours)
DCI 593 Applied Project (3)

Additional Curriculum Information
Students should see the academic unit for an approved course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can comment on the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

## Education (Educating Multilingual Learners), MA (EDESLMA)

**Online Degree Search Title:** Education (Educating Multilingual Learners), MA
**Campus:** Online

**Program Description:** The MA in education with a concentration in educating multilingual learners prepares students to educate bilingual and multilingual learners in a variety of settings, including preK-12 schools, colleges, universities and organizations that serve and advocate for linguistically diverse populations.

Program courses are designed and led by faculty. The program advances a contextualized view of multilingualism, highlights language learning processes and related pedagogies, and promotes educators' self-reflection about their potential as advocates for their students.

Students take both a practicum and a capstone course. The practicum provides students an opportunity to apply theoretical and practical information presented through coursework in schools and other learning environments that serve multilingual learners. This is a structured practical experience supervised by a faculty member with whom the student works closely. For the capstone, students identify a specific topic or problem of practice and lead a research-driven project or in-depth review of the literature.

While the program is an excellent choice for teachers seeking to improve their preparation for bilingual and multilingual learners, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

This program is not designed to address specific requirements of any single state endorsement but may address many components for state endorsements, depending on the state's requirements.

Note: Individuals who wish to build a career in the field of English language teaching should consider the Master of Teaching English to Speakers of Other Languages (https://degrees.apps.asu.edu/masters-phd/major/ASU00/LAENGMTESL/teaching-english-to-speakers-of-other-languages-

mtesol) offered through The College of Liberal Arts and Sciences.

**Degree Requirements:**
30 credit hours including the required capstone course (BLE 597).
Required Core (3 credit hours)
COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (24 credit hours)

Culminating Experience (3 credit hours)
BLE 597 Capstone (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can comment on the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/education-educating-multilingual-learners-ma/) for program descriptions and to request more information.

**Career Opportunities:** As populations continue to diversify, there is high demand for professionals with expertise in supporting multilingual learners. Graduates are well suited for positions within education or organizations serving international or immigrant populations.

Career examples include:

- educational consultant
- education manager
- instructor
- multilingual or bilingual education specialist
- professional development manager
- school administrator

## Education (Literacy Education), MA (EDLANGMA)

**Online Degree Search Title:** Education (Literacy Education), MA
**Campus:** Online

**Program Description:** The MA program in education with a concentration in literacy education prepares students to understand the sociocultural, historical and political settings in which reading, writing, oral language and the visual arts are created and utilized.

Fully online courses include digital technologies, multimodal literature, language and literacy for diverse learners, as well as literacy assessment and instruction for children, adolescents and adults. Students learn how to evaluate literacy theories and pedagogies through both a solid theoretical foundation of literacy and a foundational knowledge base of pedagogy. The program also teaches how to use technology to encourage critical thinking for learners, as well as how to use it as a resource for teaching, assessment and inquiry.

Graduates are literacy leaders who inquire into their own instructional approaches, analyze resources available for literacy instruction and critically examine the environments and learning experiences constructed in their context.

**Degree Requirements:**
30 credit hours including the required capstone course (RDG 597).
Required Core (3 credit hours)
COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (18 credit hours)
RDG 505 Language and Literacy Across the Lifespan (3)
RDG 510 Literacies, Digital Technologies, and Learning (3)
RDG 512 Theoretical Foundations in Language and Literacy (3)
RDG 515 Multimodal Literature for Children and Adolescents (3)
RDG 518 Supporting Language and Literacy for Diverse Learners (3)
RDG 519 Writing Throughout the Lifespan (3)

Other Requirements (6 credit hours)
RDG 530 Literacy Methods, Assessment and Reflection for Children (Pre-K to Grade 5) (6) or
RDG 540 Literacy Methods, Assessment and Reflection for Adolescents and Adults (Grade 6-Adult) (6)

Culminating Experience (3 credit hours)
RDG 597 Capstone (3)

Additional Curriculum Information
Students put their coursework into action through an interactive capstone project, where they design, implement, analyze and reflect on a professional development project for literacy educators.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/literacy-education/) for program descriptions and to request more information.

**Career Opportunities:** Graduates possess skills in leadership, literacy assessment and instruction, conducting research and utilizing technology, and are prepared to pursue or expand an educational career working with learners of all ages.

Career examples include:

- curriculum writer
- instructional coach
- instructor
- literacy coordinator
- literacy media specialist
- reading specialist

## Education Sciences, MS (TEEDUSCIMS)

**Online Degree Search Title:** Education Sciences, MS
**Campus:** Tempe
ASU is not currently accepting applications for this program.
**Program Description:** The MS program in education sciences prepares educational research professionals to address contemporary problems in many educational settings. Students learn to use quantitative analysis and optimized research design to address important issues in education policy and practice.

Coursework in the program focuses on scientifically valid research designs, data management, data mining and quantitative data analysis --- all at intermediate to advanced levels. The accompanying research apprenticeship allows students to integrate coursework into their professional experiences, enriching their ability to understand and solve complex education challenges.

The supervised research project and internship places students in a research institute, business or agency. This combined project and internship model provides graduates with integrated, relevant experience designed to open opportunities for career advancement. Working students may be able to arrange for an existing job to serve as their internship site.

This program is ideal for individuals currently working in or interested in social science research centers, school districts, state or federal agencies, university research centers, foundations, educational testing companies and any industry that focuses on employee education and outcomes.

This MS program qualifies for the STEM OPT extension for students studying on F-1 visas.

**Degree Requirements:**
33 credit hours including the required applied project course (EDU 593).
Required Core (18 credit hours)
EDU 501 Education Sciences I: Quantitative Research and Design Inquiry (6)
EDU 502 Education Sciences II: Intermediate Quantitative Inquiry and Measurement (6)
EDU 503 Education Sciences III: Advanced Quantitative Analysis and Modeling (6)

Other Requirements (9 credit hours)
EDU 592 Research (3)
EDU 598 Special Topics (6)

Culminating Experience (6 credit hours)
EDU 593 Applied Project (6)

Additional Curriculum Information
Coursework listed as other requirements may be substituted with approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit:

- graduate admission application and application fee
- official transcripts
- written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

Applicants must provide a written statement of approximately 500 words that describes their personal interest in the field of education, the goals they wish to achieve while in the program, and their short- and long-term career aspirations. The admission committee pays particular attention to the quality of writing, the ideas expressed and the relative match between the applicant and program goals.

**Career Opportunities:** This program meets a growing market need for individuals with practical quantitative research, analysis and data management skills (e.g., data mining, extracting subsets of data from large databases, data visualization) focused on preK-16 and adult education. Students gain skills in research design, statistical analysis and interpretation.

Career examples include:

- data scientist
- education leader and administrator working in research centers or agencies, school districts, state or federal agencies, university research centers, foundations, educational testing companies and more
- learning and development manager
- research and data analyst

## Educational Leadership, MEd (EDSUPVMED)

**Online Degree Search Title:** Educational Leadership, MEd
**Campus:** Polytechnic, West
ASU is not currently accepting applications for the core degree. Students interested in the principal preparation program leading to Arizona principal certification should see the Educational Leadership (Principalship), MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TEPRINMED/educational-leadership-principalship-med).
**Program Description:** The MEd program in educational leadership is designed for individuals who believe in the power of education to transform children's lives and who aspire to school leadership positions as administrators or in other leadership roles in K--12 settings. This rigorous, standards-based leadership preparation program provides students with the knowledge and expertise to become transformative administrators or teacher leaders with deep and unwavering commitment to providing excellent and equitable educational opportunities for all students.

This program equips students with the skills to facilitate school-level and systemic change; create and sustain a culture of innovation and collaboration; successfully lead curriculum development; interpret and use data to support student success; provide effective feedback, support and evaluation for teachers; build a community network of support for students and schools; and ensure equitable and excellent educational opportunities and support for all students.

The master's degree program in educational leadership is designed to prepare teachers to meet Arizona requirements for principal certification. Students seeking certification in a state other than Arizona should contact their state department of education to determine the principal certification requirements prior to applying.

**Degree Requirements:**
36 credit hours and a portfolio, or 36 credit hours and a written comprehensive exam, or 36 credit hours including the required applied project (EDA 593), or 36 credit hours including the required capstone course (EDA 691).
Required Core (27 credit hours)
EDA 501 Foundations of Educational Leadership (3)
EDA 505 American Education System (3)
EDA 511 School Law (3)

EDA 514 Leadership in Curriculum and Assessment (3)
EDA 526 Instructional Supervision (3)
EDA 548 School, Family and Community Connections (3)
EDA 572 School Finance and Human Resources (3)
EDA 578 Critical Issues in Educational Leadership (3)
EDA 634 Instructional Leadership (3)

Other Requirement (6 credit hours)
EDA 584 Internship (3)
EDA 684 Internship (3)

Culminating Experience (3 credit hours)
EDA 593 Applied Project (3)

Additional Curriculum Information
The 15-month, standards-based leadership development program begins with a three-week summer intensive that immerses the cohort in a simulated school experience during which students engage in required coursework in a hybrid format. Learning continues during the school year with a blend of web-based and face-to-face courses taken at an ASU campus, including set meetings each semester wherein students visit schools and participate in instructional rounds. All students participate in a two-semester, school-based internship that provides the opportunity to apply new learning and research in a K-12 setting. The program concludes with a two-week summer intensive during which the cohort meets together and engages with coursework in a hybrid format.

Students must be employed in a school-based position or have access to an ASU- and district-approved school placement that serves as the laboratory of practice for applying the concepts, principles and leadership approaches learned through the coursework.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution and have at least two years of pre-K through grade 12 teaching experience as a teacher of record.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

## Educational Leadership (Principalship), MEd (TEPRINMED)

**Online Degree Search Title:** Educational Leadership (Principalship), MEd
**Campus:** West, Online

**Program Description:** The MEd program in educational leadership with a concentration in principalship is designed for educators who believe in the power of education to transform children's lives and who aspire to school leadership positions as administrators or in other leadership roles in K-

12 settings.

All courses are offered remotely, and students select one of two modalities:

• ASU Sync --- This is an accelerated, 14-month program. ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.
• ASU Online --- This is a two-year program for students admitted to the online location. ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules. Students completing their program through ASU Online must be admitted to the online campus.

Both options prepare students to meet Arizona requirements for principal certification and national standards for educational leadership. Students interested in certification in a state other than Arizona should contact their state department of education to determine the principal certification requirements prior to applying to the program.

Students in this program gain the skills to facilitate school-level and systemic change; create and sustain a culture of innovation, collaboration and collective excellence; successfully interpret and research school-based data to support student success; provide effective feedback in the interest of students; effectively support teachers; build a community network for all students and families; and lead schools in the pursuit of equitable and excellent educational opportunities.

Students must be employed in a school-based position or have access to an approved school placement that serves as their laboratory of practice. During the school year, students complete a two-semester, school-based internship with a certified principal who serves as a mentor for all field experiences. As part of the internship, students plan, research, implement and evaluate an action research project designed to solve a problem of practice in their placement school.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Degree Requirements:**
36 credit hours including the required applied project course (EDA 593).
Required Core (27 credit hours)
EDA 501 Foundations of Educational Leadership (3)
EDA 505 American Education System (3)
EDA 511 School Law (3)
EDA 514 Leadership in Curriculum and Assessment (3)
EDA 526 Instructional Supervision (3)
EDA 548 School, Family, and Community Connections (3)
EDA 572 School Finance and Human Resources (3)
EDA 578 Critical Issues in Educational Leadership (3)
EDA 634 Instructional Leadership (3)

Other Requirement (6 credit hours)
EDA 584 Internship (3)
EDA 684 Internship (3)

Culminating Experience (3 credit hours)
EDA 593 Applied Project (3)

Additional Curriculum Information
All students participate in a two-semester, school-based internship that provides the opportunity to apply new learning and research in a K-12 setting. Students must be employed in a school-based position or have access to an ASU- and district-approved school placement that serves as the laboratory of practice.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution and have at least two years of pre-K through grade 12 teaching experience as a teacher of record.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program, and one of the letters must be from a current immediate supervisor who is a principal, assistant principal or the equivalent.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-education-educational-leadership-principalship/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of this rigorous, standards-based leadership preparation program have the expertise to become transformative administrators or teacher leaders. They have decision-making skills rooted in professional self-awareness, effective collaboration and critical reasoning.

Career examples include:

- assistant principal
- principal
- school administrator
- team lead (K-12 school)

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Educational Policy, MA (EDSPFMA)

**Online Degree Search Title:** Educational Policy, MA
**Campus:** Tempe

**Program Description:** The MA program in educational policy is suited for individuals who want to deepen their understanding of how to translate research to policy and practice, communicate and engage with stakeholders, and propose effective research-based policies. Students also develop fundamental skills in analyzing and interpreting educational data.

This program is formatted as a cohort model. It provides a supportive environment for students to take a sequence of core courses with their peers and to learn from professors who are experts in their fields. The program also provides students with the flexibility to select elective courses and individualize their experience to suit their unique interests and aspirations.

In the culminating experience in the final semester, students design and execute an individual or group project that utilizes their new knowledge and applied research skills.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required applied project course (EPA 593).
Required Core (15 credit hours)
EPA 532 Becoming an Informed Consumer of Education Research (3)
EPA 555 Translating Research for Educational Change (3)
EPA 556 Data Analysis for Education Decision Makers (3)
EPA 559 Systematic Inquiry for Problem Solving (3)
EPA 565 Critical Topics in Education Policy (3)

Restricted Elective or Research (12 credit hours)

Culminating Experience (3 credit hours)
EPA 593 Applied Project (3)

Additional Curriculum Information
For electives or research, students should see the academic unit for the approved course list.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

**Career Opportunities:** Graduates are prepared to expand or pursue careers that involve the use and interpretation of data. This program is also suited for students who want to pursue doctoral degrees in education after graduation.

Examples of possible positions graduates might pursue include:

- grants administrator
- policy analyst
- program and project manager
- research and data analyst

# Educational Policy and Evaluation, PHD (EDLDRSHPHD)

**Online Degree Search Title:** Educational Policy and Evaluation, PhD
**Campus:** Tempe
The GRE requirement is waived for Fall 2023 applications.
**Program Description:** The PhD program in educational policy and evaluation prepares scholars to conduct rigorous, high-impact and transdisciplinary research on education policies that affect conditions in preK-20 and other educational environments.

Doctoral students in the educational policy and evaluation program engage in systematic analyses of education policies and practices in a variety of settings, including schools, universities, research centers, government agencies and nongovernmental organizations.

The program emphasizes intensive training in the theory, methods and implementation of education policy with a focus on research and evaluation. Students pursue an area of specialization supported by faculty expertise.

Educational policy and evaluation students work closely with nationally and internationally recognized faculty members on collaborative and independent research projects that advance education, including scholarly articles, policy briefs, reports and engagement in education policy. The program also provides opportunities for internships in applied settings and experiences in scholarly publishing to influence the field.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Of the 84 credit hours required for the degree, 54 must be earned at ASU and 24 of the ASU credit hours must be earned in research and dissertation courses. The coursework includes classes in evaluation, policy analysis, research methods and an area of specialization. Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 84 credit hours. In addition, with program and Graduate College approval, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a master's degree from a regionally accredited institution or an international equivalent as determined by Graduate Admissions.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Career Opportunities:** Students gain the knowledge and skills to pursue careers as education researchers who advance the collective understanding of education policy for preK-20 and other education environments.

Career examples include:

- policy analyst
- professor
- program evaluator
- researcher

## Educational Technology, PHD (EDTECHPHD)

**Online Degree Search Title:** Educational Technology, PhD
**Campus:** Tempe
ASU is not currently accepting applications for this program. Prospective students might consider the Learning Design and Technologies, MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDTECHMED/learning-design-and-technologies-med).
**Program Description:** The focus of the PhD program in educational technology is on the design, development and evaluation of instructional systems and on educational technology applications that support learning. The doctoral program emphasizes research using educational technology in applied settings.

**Degree Requirements:**
84 credit hours, a written comprehensive exam, a prospectus and a dissertation.
Required Courses (24 credit hours)
EDP 540 Learning Theories and Instructional Strategies (3)
EDP 552 Multiple Regression and Correlation Methods (3)
EDP 554 Analysis-of-Variance Methods (3)
LDT 501 Foundations of Learning Design and Technologies (3)
LDT 502 Design and Development of Instruction (3)
LDT 503 Design of Effective Communications (3)
LDT 504 Modalities of Learning (3)
LDT 506 Evaluation of Learning Systems (3)
EDT 701 Research in Educational Technology (3)

Elective Courses (30 credit hours)
Students select a minimum of 30 credit hours of elective coursework in consultation with a faculty advisor or doctoral committee chair.

Practicum Hours (6 credit hours and research)
Students must earn at least 18 credit hours for practicum courses. Students complete three different practica while in the program: instructional design (typically EDT 780 Practicum for three credit hours), teaching (typically EDT 680 Practicum for three credit hours), and a research practicum.

Research (12 credit hours)

Culminating Experience (12 credit hours)
EDT 799 Dissertation (12)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three email addresses for professional recommendations
- personal statement
- resume
- GRE scores
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The Mary Lou Fulton Teachers College requires a minimum score of 100 on the TOEFL iBT.

Scores of 500 or above on the verbal reasoning and quantitative reasoning sections of the GRE are required as well as a score of four or greater on the analytical writing section of the GRE.

**Career Opportunities:** The program prepares students for a variety of professional positions. Graduates are employed as faculty, educational technologists or instructional designers in universities, community colleges and schools or as training managers in corporate settings.

## Elementary Education, MEd (TEELEMMED)

**Online Degree Search Title:** Elementary Education, MEd
**Campus:** Online

**Program Description:** The MEd program in elementary education prepares students to start a career teaching grades K-8. It is designed for individuals who do not need to obtain teacher certification. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely, and students select one of two modalities:

• ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. Students on I-20 visas are not permitted to complete courses via ASU Sync and should speak with an advisor about other options to complete this program.
• ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules. Students completing their program through ASU Online must be admitted to the online campus.

This program can be taken in three continuous semesters, allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Mary Lou Fulton Teachers College faculty actively engage in the educational research community, bringing new and relevant knowledge into the program. Students engage in their own research through applied project coursework, deepening their knowledge and improving their practice through research, critical evaluation and application of education concepts. The program culminates in an action research project in which students apply what they've learned to address a challenge in education.

The master's degree program does not lead to teacher certification. Students interested in certification should enroll in the Master of Education program in elementary education with a concentration in teacher certification or in the teacher certification graduate certificate program.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Degree Requirements:**
34 credit hours including the required applied project course (EED 593).
Required Core (8 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Electives (3 credit hours)

Other Requirement (20 credit hours)
EED 529 Science Teaching Methods for Elementary School (2)
EED 532 Literacy Methods of Instruction and Assessment for Diverse Learners (3)
EED 534 Social Studies Methods and Assessments (2)
EED 537 K-8 Mathematics Methods and Assessment (3)
TEL 502 Exploration of Education: Child/Adolescent Development and Foundations of Special Education (3)
TEL 531 Foundations of Literacy: The Science of Reading (3)
TEL 540 Cultivating Networks of Culturally Responsive Relationships Among Families, Communities and Cultures (2)
TEL 570 Educator Scholar Community I (1)
TEL 571 Educator Scholar Community II (1)

Culminating Experience (3 credit hours)

EED 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any content area or education-related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- professional resume
- personal statement
- three professional references
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The following are accepted to meet this requirement:

- TOEFL: Applicants must have a score of at least 90 on the internet based test (iBT), with scores of 22-30 on the speaking and written portions. ASU's institutional code is 4007. Only electronic copies of scores are accepted.
- IELTS: Applicants must have an overall band score of at least 6.5 with speaking and writing portions needing to be at least 6.5 (6 = Competent User, 7 = Good User). No institutional code is needed.

The personal statement should describe the personal and professional goals that motivated the applicant to apply to the graduate degree and explain what led the applicant to this career path and how they will excel as an educator. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/elementary-education-masters/) for program descriptions and to request more information.

**Career Opportunities:** Graduates are prepared to start or advance in educational careers working with children in grades K-8 in roles that do not require certification. Students gain skills in instruction, assessment, educational research and collaborating in teams --- all of which prepares them to work successfully in schools and other community-serving organizations. Roles may include noncertified educators in charter or private schools or educators in non-school settings

This program may also be suitable for certified teachers who do not have an undergraduate or graduate degree in education.

## Elementary Education (Teacher Certification), MEd (TEEEACLMED)

**Online Degree Search Title:** Elementary Education (Teacher Certification), MEd
**Campus:** Online

**Program Description:** The MEd program in elementary education with a concentration in teacher certification is for those who already hold a bachelor's degree in any field and want to become licensed to teach grades K-8. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely, and students select one of two modalities:

• ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. Students on I-20 visas are not permitted to complete courses via ASU Sync and should speak with an advisor about other options to complete this program.
• ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules. Students completing the program through ASU Online must be admitted to the online campus.

This program can be taken in three continuous semesters, allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Mary Lou Fulton Teachers College faculty actively engage in the educational research community, bringing new and relevant knowledge into the program. Students engage in their own research through applied project coursework, deepening their knowledge and improving their practice through research, critical evaluation and application of education concepts.

A series of professional experiences assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

This program offers two routes leading to Arizona teacher certification:

• In the traditional certification route, students conduct one internship or teaching residency per semester for at least three semesters. They begin by completing an internship in a local school and then progress to a full-time teaching residency.
• The alternative certification route provides an alternative pathway to teacher certification for individuals who are currently employed full-time by a school as a teacher of record. To qualify, individuals must secure a full-time teaching position in an approved content and grade level.

The coursework is the same in both certification routes and culminates in an action research project in which students apply what they've learned to address a challenge in their classroom.

Graduates earn an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in Elementary Education, K-8. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Degree Requirements:**
40 credit hours including the required applied project course (EED 593) - Alternative Certification, or 40 credit hours including the required applied project course (EED 593) - Traditional Certification.
Required Core (8 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Concentration (20 credit hours)
EED 529 Science Teaching Methods for Elementary School (2)
EED 532 Literacy Methods of Instruction and Assessment for Diverse Learners (3)
EED 534 Social Studies Methods and Assessments (2)
EED 537 K-8 Mathematics Methods and Assessment (3)
TEL 502 Exploration of Education: Child/Adolescent Development and Foundations of Special Education (3)
TEL 531 Foundations of Literacy: The Science of Reading (3)
TEL 540 Cultivating Networks of Culturally Responsive Relationships Among Families, Communities and Cultures (2)
TEL 570 Educator Scholar Community I (1)
TEL 571 Educator Scholar Community II (1)

SEI Endorsement (3 credit hours)
ELL 515 Structured English Immersion Methods (3)

Other Requirements (6 credit hours)
6 credit hours of Alternative Certification Pathway courses, or

6 credit hours of Traditional Certification Pathway courses

Culminating Experience (3 credit hours)
EED 593 Applied Project (3)

Additional Curriculum Information
Students select one of the alternative certification or traditional certification pathways. For the teacher certification pathway requirements, students complete six credit hours from Internship, Apprentice Teaching or Student Teaching depending on pathway to certification.

Students switching pathways from alternative certification to traditional certification may substitute Apprentice Teaching for Student Teaching with department permission. Students switching pathways from traditional certification to alternative may substitute Student Teaching for 2 credits of Apprentice Teaching with department permission.

ELL 515 is substitutable with department approval.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- IVP fingerprint clearance card issued by the state of Arizona
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-elementary-education-teacher-certification/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-after teachers in public, charter and private education institutions. They possess skills in teaching, conducting research, utilizing technology and collaborating in teams --- all of which prepares them to succeed in educational careers working with learners in grades K-8.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Gifted Education (Certificate), Certificate (TEGEDGRCT)

**Online Degree Search Title:** Gifted Education (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate program in gifted education provides the theory and pedagogy needed to identify and serve gifted children. This program is for teachers, school administrators, school psychologists, early interventionists and family members who want to strengthen their ability to work with this population of learners.

Students of the program learn how to identify learning potential and address specific needs of gifted and talented students. They have an understanding of gifted students' affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction.

Students learn how to develop a continuum of gifted programs and services, work with school administrators, teachers, school boards and parents, and are able to advocate for gifted students at local and national levels.

The program also provides coursework in gifted education required for the Gifted Education (K-12) endorsement from the Arizona Department of Education. Students should refer to the Arizona Department of Education website for additional requirements.

**Degree Requirements:**
15 credit hours.
Required Core (12 credit hours)
SPE 585 Creativity: Foundations of Research and Development in Gifted Education (3)
SPE 586 Advising the Gifted Learner: Social and Emotional Needs (3)
SPE 587 Special Populations in Gifted Education (3)
SPE 588 The Gifted Learner: Foundations of Identification, Education and Development (3)

Electives (3 credit hours)
SPE 572 Testing and Measurement in Gifted Education: Methods (3)
SPE 573 Differentiating Instruction for Gifted Learners: Teaching Methods (3)
SPE 589 Gifted Education Programming: Models, Methods and Services (3)

Additional Curriculum Information
Students choose one course from SPE 572, SPE 573 or SPE 589 to complete the elective requirement.

There is no culminating experience required for this certificate program.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, preferably in education or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-gifted-education/) for program descriptions and to request more information.

**Career Opportunities:** Graduates have skills in creating and strengthening gifted programs, developing instructional methods, advocating for learners and working with school districts and families.

## Global Education, MEd (TEGLOEDMED)

**Online Degree Search Title:** Global Education, MEd
**Campus:** Online

**Program Description:** The MEd program in global education prepares professionals working in the field of international and comparative education to identify, analyze and address contemporary problems that cross borders, cultures and disciplines in a variety of educational settings.

This program is directed at individuals currently working in or interested in international education, especially those charged with the administration, planning and evaluation of educational programs and policies. Students gain a deeper understanding of the complex and dynamic relationship between global and local perspectives, develop practical solutions for key challenges and experience working collaboratively across disciplines.

**Degree Requirements:**
30 credit hours including the required applied project course (GLE 593).
Required Core (18 credit hours)
GLE 501 Global Thinking in Education (3)
GLE 502 Inquiry in Global Education (3)
GLE 503 Evaluating Global Education Policies and Programs (3)
GLE 504 Exploring Global Education Issues in the Global Education Literature (3)
GLE 505 Evidence in Global Education Inquiry (3)
GLE 506 Applied Inquiry in Global Education: Developing Proposals for Field Research (3)

Electives or Research (9 credit hours)

Culminating Experience (3 credit hours)
GLE 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in global education, comparative education or other related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- professional resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants must complete a personal statement that describes their background including the personal, educational and professional experiences that led them to apply to this program. Applicants should follow the specific prompt found in the application.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/global-education-med/) for program descriptions and to request more information.

**Career Opportunities:** Students in this program gain skills needed for leading in the education sector and continuously improving it. They are equipped with the research and analysis skills that enable them to gather evidence to inform, design and improve practices to strengthen systems that provide quality education for diverse populations. This prepares them to expand or pursue a variety of careers in international education.

Career examples include:

- global education subject matter expert

- policy analyst
- program and project manager
- school administrator

## Higher and Postsecondary Education, MEd (EDPOSTMED)

**Online Degree Search Title:** Higher and Postsecondary Education, MEd
**Campus:** Downtown Phoenix, Tempe

**Program Description:** The MEd program in higher and postsecondary education is designed to facilitate the professional development of those who work in colleges and universities in administrative roles, as well as academic support and student support positions.

The program develops leaders who have a strong understanding of the theory and practice of higher education administration; possess the ability to analyze issues confronting contemporary colleges and universities; and can exercise innovative and effective decision-making.

Coursework addresses a range of practice-focused topics in the field, including the following: the history of higher education in the United States; organizational characteristics of colleges and universities; important laws and policies pertaining to administrative practice in higher education; how colleges and universities are funded; how to work successfully with diverse stakeholders in contemporary higher education; and how to collect and use data to improve decision-making.

This 30 credit-hour, 10-course program is offered on a 7.5-week calendar in fall and spring semesters (six weeks in summer). Students may enroll part time or full time.

Most courses are offered in a hybrid format with 50% of the content delivered face-to-face (weekday evenings) and 50% delivered through independent or technology-supported learning experiences and fieldwork.

This program culminates with the creation and presentation of an applied project in which students demonstrate their understanding of critical issues in higher education and how to collect and use data to improve their professional practice. The project is also designed to promote graduates' career advancement in higher and postsecondary education settings.

**Degree Requirements:**
30 credit hours including the required applied project course (HED 593).
Required Core (6 credit hours)
HED 510 Introduction to Higher Education (3)
HED 573 Applied Inquiry in Higher Education (3)

Other Requirements (3 credit hours)
HED 580 Practicum in Higher Education (3)

Foundation Courses (12 credit hours)
HED 620 Diversity in Higher Education (3)
HED 644 Higher Education Finance and Budgeting (3)
HED 689 Leadership in Higher Education (3)
HED 691 Seminar: Student Development Theory (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)
HED 593 Applied Project (3)

Additional Curriculum Information
Students should see the academic unit for a complete list of approved electives.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English language proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can comment on the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Career Opportunities:** Graduates of the program have acquired skills in analyzing issues in higher education, working with diverse stakeholders, conducting research and making data-driven decisions, all of which prepare them to expand or pursue administrative roles at colleges and universities.

Career examples include:

- college program director
- student affairs leader
- student life leader
- student services staff

## Institutional Research and Policy Analysis (certificate), Certificate (EDINSRESCE)

**Online Degree Search Title:** Institutional Research and Policy Analysis (Graduate Certificate)
**Campus:** Tempe

**Program Description:** The graduate certificate in institutional research and policy analysis provides participants with the training needed to critically assess education programs and policies, and engage in data-driven decision-making. Students analyze data from applied settings, including their own schools or organizations.

This certificate program allows students to glean insights from data that help them make effective decisions in classrooms, schools, districts and other organizations; present reliable and pertinent data to their colleagues and administrators; and develop analyses that can help them identify instructional changes aimed at improving student achievement.

**Degree Requirements:**
15 credit hours.
Required Courses (15 credit hours)
EPA 532 Becoming an Informed Consumer of Educational Research (3)
EPA 555 Translating Research for Educational Change (3)
EPA 556 Data Analysis for Education Decision Makers (3)
EPA 559 Systematic Inquiry for Problem Solving (3)
EPA 565 Critical Topics in Education Policy (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The personal statement should describe the applicant's interests and reason for seeking this degree

GRE scores are not required for admission.

**Career Opportunities:** Graduates possess skills in assessing education programs and policies, synthesizing research literature and conducting applied research. They are prepared to expand or pursue careers that involve the use and interpretation of data. Possible career examples include:

- curriculum leader
- policy analyst
- program and project manager
- research and data analyst
- teacher administrator

This program is also suited for those who want to pursue a doctoral degree in education after graduation.

## Instructional Design and Performance Improvement (certificate), Certificate (EDEDTGRCT)

**Online Degree Search Title:** Instructional Design and Performance Improvement (Graduate Certificate)
**Campus:** Tempe, Online

**Program Description:** The graduate certificate program in instructional design and performance improvement prepares students to advance technology-based learning initiatives. Students study the creation of instructional plans and materials and combine theories in education, psychology and communication to create effective teaching solutions for adult learners.

Coursework in effective communication and leadership supports each student's professional growth, and integrating this coursework into applied projects prepares them for careers focused on optimizing learning. Students learn how to identify gaps in the performance of individuals, teams or organizations, as well as how to develop methods to close those gaps and improve performance and efficiency.

The information covered in this program does not prepare graduates to teach in a K-12 classroom, though educators with a secondary role in their district --- such as creating or conducting professional development experiences, or as a technology coordinator or trainer --- can benefit from this certificate. Students can pursue this graduate certificate while enrolled in other graduate programs at ASU.

**Degree Requirements:**
15 credit hours.
Required Core (12 credit hours)
LDT 501 Foundations of Learning Design and Technologies (3)
LDT 502 Design and Development of Instruction (3)
LDT 503 Design of Effective Communications (3)
LDT 523 Issues in Online and Distance Education (3)

Other Requirement (3 credit hours)
LDT 504 Modalities of Learning (3) or
LDT 507 Performance Improvement and Leadership (3) or
LDT 508 Design of Accessible and Inclusive Digital Learning (3) orLDT 598: Special Topics (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/instructional-design/) for program descriptions and to request more information.

**Career Opportunities:** The field of instructional and learning design is continuing to expand as organizations seek to develop more of their training in online and hybrid formats. Preparation in instructional design positions graduates to work in school districts, universities, or in an organization training employees or customers, to design online courses, coach instructors and develop new computer-based learning methods.

Students completing this certificate program broaden their instructional and learning design expertise for future advancement in their fields including:

- curriculum developer
- distance or blended learning professional
- instructional designer
- instructional technologist
- learning designer
- learning management system administrator
- online learning specialist
- online training manager
- technology integration specialist

## Leadership and Innovation, EdD (TELINEDD)

**Online Degree Search Title:** Leadership and Innovation, EdD
**Campus:** West, Online

**Program Description:** The EdD program in leadership and innovation prepares scholarly practitioners and is designed for practicing educator-

leaders who work in a range of settings and who want to transform and improve their practice to create better learning opportunities for students of all ages.

This three-year, cohort-based program is offered in two modalities, hybrid (a combination of classes delivered at West campus and online) and 100% online, with similar coursework and structure and taught by the same faculty.

Students begin as accomplished teachers, teacher leaders, principals, superintendents, higher education professionals or leaders in other educational contexts. Through coursework, students deepen their abilities to lead change and implement innovation in their local educational organizations.

The program focuses on action research and includes required coursework, strengthening students' abilities to reflectively and critically think about problems of practice in one of the following contexts: preK-12 change leadership; higher education change leadership; or systems, professional and reimagined change leadership.

Differentiation among these contexts and students' interests occurs within the required coursework and program-related activities as students apply their learning to their specific work contexts.

Students conduct multiple cycles of inquiry throughout the program and learn research within their own workplace. They share their research at the end of each academic year through presentations in a virtual doctoral research conference.

Leader-Scholar Communities, formed at the end of the first year and consisting of five to seven students and one faculty member, meet regularly for the second and third years of the program to supply academic and personal support. Through these communities, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Each student's community leader serves as the dissertation chair, along with two additional committee members who ultimately make up the doctoral committee.

Successful graduates make a commitment to continuing systematic study of their professional practice and sustaining innovation and leadership by making a positive difference in their local settings. The program aims to enable more thoughtful, intentional and informed leaders who are willing and able to implement and study continuous improvement.

The program makes a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, schools or other organizations, and local communities.

The program is not designed to prepare students for academic research-oriented tenure-track positions.

**Degree Requirements:**
90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (24 credit hours)

Research (9 credit hours)

Advanced Professional Studies (6 credit hours)

Directed Field-based Study (3 credit hours)

Participation in Leader-Scholar Communities (6 credit hours)

Electives (30 credit hours)

Dissertation (12 credit hours)

Additional Curriculum Information
Students should see the academic unit for an approved course list.

Students register for required research and dissertation hours as part of the Leader-scholar Communities requirement.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework is made up of electives to reach the required 90 credit hours.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- an academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reasons for seeking this degree, along with potential problems of practice to serve as a guide for applied research in the program.

GRE scores are not required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/edd-leadership-and-innovation/) for program descriptions and to request more information.

**Career Opportunities:** Graduates possess skills in thinking critically about problems of practice, designing and conducting action research, collaborating with teams in leader-scholar communities and leading change in an educational organization. They are prepared to expand or pursue leadership positions in pre-K-12 schools and higher education institutions.

Career examples include:

- community college leader
- educational consultant
- educational professional developer
- principal
- superintendent
- teacher leader
- university administrator

## Leadership and Innovation (Policy and Administration), EdD (TEINNPAEDD)

**Online Degree Search Title:** Educational Leadership and Innovation (Policy/Admin), EdD
**Campus:** West
ASU is not currently accepting applications for this program. Interested students should consider the Leadership and Innovation, EdD (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TELINEDD/leadership-and-innovation-edd) or the Educational Policy and Evaluation, PhD (https://degrees.apps.asu.edu/masters-phd/major/ASU00/EDLDRSHPHD/educational-policy-and-evaluation-phd).
**Program Description:** The EdD program in leadership and innovation is designed for practicing educator-leaders who want to participate in creating better learning opportunities for students of all ages in a range of settings with the ultimate goal of transforming the practice of education.

The focus of the program is research in action. Students conduct multiple studies throughout the program to learn by doing and to influence change based on scholarship applied in their workplace.

Students in the program begin as accomplished teachers, teacher leaders, principals and superintendents, and edupreneurs or higher education professionals. Through their learning, they deepen their abilities to lead and innovate in educational organizations. The program is not designed to prepare students for academic tenure-track positions.

The cohort-based program begins in summer with an introduction to doctoral studies and the formation of a professional learning community that draws on the strengths of all group members.

Required courses are team-taught by faculty and require students to conduct research in their workplace, laying the foundation for the culminating project: the action research study documented in the dissertation.

Leader-scholar communities, formed at the end of the first year and consisting of five to seven students and two faculty members, meet regularly for the second and third years of the program. Students register for required research and dissertation hours as part of the LSC requirement.

Through these LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Students share their research at the end of each semester through roundtables, posters and symposia in a public research day.

Successful graduates have made a commitment to continuing systematic study of their professional practice and making a positive difference in their local workplaces putting their research in action. The program aims to enable more thoughtful, intentional and informed leaders, willing and able to implement and study change.

The program can make a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, the student's school or organization, the community and the world.

**Degree Requirements:**
90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation (including a Master's degree and 60 credit hours post-Masters).
Required Core (15 credit hours)
Research Core (9 credit hours)
Advanced Professional Studies (15 credit hours)
Directed Field-based Study (3 credit hours)
Participation in Leader-scholar Communities (6 credit hours)
Dissertation (12 credit hours)

**Admission Requirements:** The concentration in policy and administration under the doctoral program in leadership and innovation is no longer accepting applications. Applicants should apply to the EdD in leadership and innovation rather than a specific concentration.

## Learning Design and Technologies, MEd (EDTECHMED)

**Online Degree Search Title:** Learning Design and Technologies, MEd
**Campus:** Online

**Program Description:** The MEd program in learning design and technologies prepares students to build critical competencies related to designing quality online learning. It prepares students to use technology effectively to meet the needs of learners.

This program centers on the development and review of educational structures and emphasizes the design of learning environments, systems, applications and instructional materials. Students gain skills in planning, designing, implementing and evaluating instruction for multiple learning contexts.

Students take on education challenges and apply knowledge gained through coursework to a variety of projects, with a key area of focus formed around cutting-edge educational technology.

All courses are taught online and combine a range of resources and technologies to facilitate direct interaction between students, program faculty and classmates.

**Degree Requirements:**
30 credit hours including the required applied project course (LDT 593).
Required Core (24 credit hours)
EDP 540 Learning Theories and Instructional Strategies (3)
LDT 501 Foundations of Learning Design and Technologies (3)
LDT 502 Design and Development of Instruction (3)
LDT 503 Design of Effective Communications (3)
LDT 504 Modalities of Learning (3)
LDT 506 Evaluation of Learning Systems (3)
LDT 508 Design of Accessible and Inclusive Digital Learning (3)
LDT 523 Issues in Online and Distance Education (3)

Elective (3 credit hours)

Culminating Experience (3 credit hours)
EDT 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-education-learning-design-technologies/) for program descriptions and to request more information.

**Career Opportunities:** As digital education grows increasingly important in both academic and business settings, there is increasing demand for skilled educators who can thoughtfully and effectively integrate technology with pedagogy and instruction.

Graduates are professionals in learning design and technology who are prepared for careers in instructional design in a variety of business settings (corporate, industry, museum, nonprofit, public and government) as well as for technology leadership positions in traditional educational settings (K-12 schools, colleges and universities).

Career examples include:

- curriculum designer or developer
- distance learning director
- e-learning developer
- instructional designer
- online teacher, mentor or trainer
- technology integration specialist
- training specialist, coordinator, manager or director

## Learning Sciences, MA (EDPSYCHMA)

**Online Degree Search Title:** Learning Sciences, MA
**Campus:** Tempe

**Program Description:** The MA program in learning sciences emphasizes an understanding that learning happens in many places other than traditional school settings, and doing so focuses on the power of design thinking to improve educational systems.

The curriculum's systems-level approach includes cognitive, social and contextual factors as well as the interactions among them.

Individualized guidance provides students with the support they need to succeed in today's rapidly evolving educational environment. Students work with faculty to determine whether they'll conduct an applied project or complete a research thesis study. Applied projects provide evidence of mastery of the skills and knowledge obtained through the program, while a thesis project requires students to complete a research study within an

area of inquiry in the learning sciences and also has the potential for scholarly recognition.

This program does not lead to teacher certification but can prepare graduate students for doctoral credentials in education after graduation.

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Educational Studies, BAE

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
30 credit hours including the required applied project course (LSE 593), or 30 credit hours, a thesis and a written comprehensive exam.
Required Core (3 credit hours)
LSE 540 Theoretical Views of Learning in the Learning Sciences (3)

Electives or Research (21 or 24 credit hours)

Culminating Experience (3 or 6 credit hours)
LSE 593 Applied Project (3) or
LSE 599 Thesis (6)

Additional Curriculum Information
With advisor approval, EDP 540 may be taken in place of LSE 540 for the core requirement.

Students completing an applied project for their culminating experience take 24 credit hours of electives or research courses.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Admission Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program, and the personal statement should describe the applicant's interests and reason for seeking this degree.

**Career Opportunities:** Students gain skills in facilitating learning using an interdisciplinary approach, drawing upon cognitive science, educational psychology, computer science, anthropology, sociology, information sciences, neurosciences, instructional design and more. This prepares students to expand or pursue a variety of educational careers tailored to their professional goals.

Graduates of the program are equipped to design effective learning and teaching systems in a broad range of settings such as museums, libraries, workplaces and schools. The program prepares graduates to become leaders in the development, integration and improvement of these systems.

Career examples include:

- educational and interactional designer
- educator in community organization
- educator in educational institution

• training specialist, coordinator, manager or director

## Learning, Literacies and Technologies, PHD (EDCIPHD)

**Online Degree Search Title:** Learning, Literacies and Technologies, PhD
**Campus:** Tempe
The GRE requirement is waived for Fall 2023 applications.
**Program Description:** The PhD program in learning, literacies and technologies is designed to prepare scholars who address socially significant educational programs and transform preK-20 educational programs through rigorous research, transdisciplinary engagements and educational interventions. Students rely on multiple theoretical and methodological perspectives to explore, influence and transform educational institutions and their practices.

Students begin engaging in research studies during their first semester and continue throughout the four-year program. Faculty with diverse disciplinary backgrounds collaborate with doctoral students, individually and in teams, to design powerful studies, implement them in authentic settings, collect and analyze data, write research reports, and present and publish research primarily in academic journals. Students prepare to enter the academy and to conduct theoretical, conceptual and humanities based educational research. Students in these areas are encouraged to apply to the program.

Academic study and research in the learning, literacies and technologies program focuses on the nature of curriculum learning and literacies for diverse learners in various educational contexts. Furthermore, students in this program examine how the use of technologies can support learning, design learning environments and understand the conditions under which learning occurs.

Students develop areas of specialization with faculty advisors and doctoral committee members, work at the cutting edges of educational research, and thus lead the way to innovate and explore how new technologies can assist literacies for various learning contexts. Past examples of student specializations include mathematics education, gender and equity studies, science education and curriculum studies. Students are encouraged to craft their own programs of specialization and to work with faculty from across the university.

**Degree Requirements:**
85 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.
Required Core (9 credit hours)
DCI 701 Transdisciplinary Seminar I (3)
DCI 702 Transdisciplinary Seminar II (3)
DCI 706 Academic Writing (3)

Specialization (15 credit hours)

Research (12 credit hours)
COE 503 Introduction to Qualitative Research (3)
DCI 752 Quantitative Research Design (3)
advanced research methods course (6)

Electives (37 credit hours)

Culminating Experience (12 credit hours)
DCI 799 Dissertation (12)

Additional Curriculum Information
Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 85 credit hours. In addition, with program and Graduate College approval, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree.

As part of electives, students complete seven credit hours of inquiry courses selected in consultation with the program advisor.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All Applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation (one from an academic who can speak to your potential for graduate study)
- personal statement
- an academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and their reason for seeking this degree.

**Career Opportunities:** Graduates are educational researchers who serve as scholars, leaders and teacher educators engaged in the design, development and use of literacies and technologies that promote learning. They are stewards of their educational field, working across disciplinary boundaries to address the learning challenges of the new millennium.

Career examples include:

- college program director
- educator
- instructional designer
- instructional specialist
- professor
- researcher
- teacher educator

## Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)

**Online Degree Search Title:** Online Teaching for Grades K-12 (Graduate Certificate)
**Campus:** Tempe, Online
ASU is not currently accepting applications for this program.
**Program Description:** This certificate program prepares educators to design systems for learning within a broad range of organizations. The curriculum includes practical application of research on learning, design methods and organizational dynamics.

Students who complete the certificate program are prepared to be effective members and leaders of teams who redesign education in pre K-20 and other settings.

**Degree Requirements:**
15 credit hours including the required capstone course (EDT 580).
The certificate requires five courses, each consisting of three credit hours. The culminating experience is an electronic portfolio that is completed in EDT 580.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants should have at least one year of professional education experience.

## Physical Education, MPE (ECPHYEDMPE)

**Online Degree Search Title:** Physical Education, MPE
**Campus:** Polytechnic
ASU is not currently accepting applications for this program. Individuals interested in earning a physical education endorsement, grades preK-12 from the Arizona Department of Education, might consider the Secondary Education (Teacher Certification), MEd (https://degrees.apps.asu.edu/masters-phd/major/ASU00/TESCERTMED/secondary-education-teacher-certification-med).
**Program Description:** The MPE program prepares students to successfully teach and conduct research on quality physical education programs for learners in preschool through grade 12.

This flexible program allows students to design a program of study that enhances their interests and professional specializations. There are three program options:

- The teacher certification route provides the coursework and professional experiences necessary for students to obtain certification to teach physical education in Arizona public schools after graduation. Students in this route take a total of 58 credit hours --- 33 credits for the master's degree and 25 credits for teacher certification coursework. Students complete internships prior to a full-time student teaching residency.
- The physical education endorsement route familiarizes students with the most current trends and issues in school physical education. Students can focus on numerous topics within elementary physical education, secondary physical education and adapted physical education. This option may be of interest to students who already have a teaching certificate in a different subject area and are interested in earning a physical education endorsement. Students in this route take 33 credit hours and complete the coursework required for the Physical Education PreK-12 endorsement through the Arizona Department of Education.
- The pedagogy research route is appropriate for students interested in learning more about research on teaching in physical education and other related physical activity settings. This track may be of interest to students who already have a teaching certificate in physical education and are interested in pursuing doctoral studies in the future. Students in this route take 33 credit hours.

Students in all three options learn about designing, implementing and assessing comprehensive school physical activity programs. This type of programming reflects current global trends in promoting physical activity for children, youth, school staff and families in communities surrounding school campuses.

Graduates from the teaching certification route earn an institutional recommendation from ASU for Arizona teacher certification in Secondary Education, 6--12, along with a physical education endorsement, grades preK--12, from the Arizona Department of Education. In addition, teacher candidates must pass the appropriate Arizona educator subject knowledge exam, as well as the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments.

**Degree Requirements:**
33 credit hours including the required applied project course (PPE 593) and a written comprehensive exam.
The Master of Physical Education degree program has three tracks.

Physical Education K-12 Teaching Track: (33 credit hours)
required core (24 credit hours)

electives (6 credit hours)
applied project (3 credit hours)

Physical Education Pedagogy Research Track: (33 credit hours)
required core (24 credit hours)
electives (6 credit hours)
applied project (3 credit hours)

Physical Education Initial Teacher Certification Track: (33 credit hours)*
required core (24 credit hours)
electives (6 credit hours)
applied project (3 credit hours)
*additional courses are required for certification

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- IVP Fingerprint Clearance Card issued by the State of Arizona
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency (https://admission.asu.edu/international/graduate/english-proficiency) regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's qualifications and potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-after educators in public, charter and private education institutions. They have acquired skills in teaching, conducting research and collaborating in teams --- all of which prepare them for success in educational careers focused on physical activity, health and wellness.

Career examples include:

- coach
- educator in community organizations
- educator in educational institutions
- fitness instructor
- teacher

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

# Secondary Education, MEd (TESECEDMED)

**Online Degree Search Title:** Secondary Education, MEd
**Campus:** Online

**Program Description:** The MEd program in secondary education prepares students to start a career teaching grades 6--12. It is designed for individuals who do not need to obtain teacher certification. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely, and students select one of two modalities:

• ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.
• ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules. Students completing their program through ASU Online must be admitted to the online campus.

This program can be taken in three continuous semesters allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Mary Lou Fulton Teachers College faculty actively engage in the educational research community, bringing new and relevant knowledge into the program. Students engage in their own research through applied project coursework, deepening their knowledge and improving their practice through research, critical evaluation and application of education concepts.

The program culminates in an applied action research project in which students apply what they've learned to address a challenge in education.

The master's degree does not lead to teacher certification. Students interested in certification should enroll in the Master of Education program in secondary education with a concentration in teacher certification or the teacher certification graduate certificate program.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Degree Requirements:**
32 credit hours including the required applied project course (SED 593).
Required Core (8 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Electives (3 credit hours)

Other Requirement (18 credit hours)
SED 510 General Methods and Assessment (4)
TEL 502 Exploration of Education: Child/Adolescent Development and Foundations of Special Education (3)
TEL 532 Literacy Across the Disciplines (3)
TEL 540 Cultivating Networks of Culturally Responsive Relationships Among Families, Communities and Cultures (2)
TEL 570 Educator Scholar Community I (1)
TEL 571 Educator Scholar Community II (1)
Students also complete one of the following:
SED 511 ELA Methods and Assessment (4)
SED 512 Secondary Mathematics Methods and Assessment (4)
SED 513 Science Teaching Methods for Secondary School (4)
SED 514 Methods of Teaching Secondary Social Studies (4)

Culminating Experience (3 credit hours)
SED 593 Applied Project (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any content area or education-related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- professional resume
- personal statement
- proof of English proficiency
- three professional references

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement should describe the personal and professional goals that motivated the applicant to apply to the graduate degree and explain what led the applicant to this career path and how they will excel as an educator. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The three professional references should include the names, email addresses and institution or company of individuals who will submit electronic letters of recommendation. They should be individuals who have worked with the applicant in professional or academic capacities, and who can attest to their aptitude in this field and ability to succeed at graduate-level coursework.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/masters-secondary-education/) for program descriptions and to request more information.

**Career Opportunities:** Graduates are prepared to start or advance in educational careers working with children in grades 6--12 in roles that do not require certification. They will have gained skills in instruction, assessment, educational research and collaborating in teams --- all of which prepares them to successfully work in schools and other community-serving organizations. Roles may include noncertified educators in charter or private schools or educators in non-school settings.

This program also may be suitable for certified teachers who do not have an undergraduate or graduate degree in education.

## Secondary Education (Teacher Certification), MEd (TESCERTMED)

**Online Degree Search Title:** Secondary Education (Teacher Certification), MEd
**Campus:** Online

**Program Description:** The MEd program in secondary education with a concentration in teacher certification is for those who already have a bachelor's degree in any field and want to become licensed to teach grades 7-12. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely, and students select one of two modalities:

- ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via ASU Sync and should speak with an advisor about other options to complete this program.
- ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same

time, allowing students to complete coursework on their own schedules. Students completing their program through ASU Online must be admitted to the online campus.

This program can be taken in three continuous semesters allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Mary Lou Fulton Teachers College faculty actively engage in the educational research community, bringing new and relevant knowledge into the program. Students engage in their own research through applied project coursework, deepening their knowledge and improving their practice through research, critical evaluation and application of education concepts.

A series of professional experiences assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

This program offers two routes leading to Arizona teacher certification:

- In the traditional certification route, students conduct one internship or teaching residency per semester, for at least three semesters. Students begin by completing an internship in a local school and then progress to a full-time teaching residency.
- The alternative certification route provides an alternative pathway to teacher certification for individuals who are currently employed full-time by a school as a teacher of record. To qualify, individuals must secure a full-time teaching position in an approved content and grade level.

The coursework is the same in both certification routes and culminates in an applied action research project in which students apply what they've learned to address a challenge in their classroom.

Graduates earn an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in Secondary Education, 6-12.

Physical education content area students earn an institutional recommendation from ASU for Arizona teacher certification in Secondary Education, 6-12, along with the Physical Education, PreK-12 endorsement. This program does not lead to teacher certification in any other elementary content area.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Accelerated Program Options:**
This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with::

Engineering (Automotive Systems), BSE
Engineering (Electrical Systems), BSE
Engineering (Mechanical Engineering Systems), BSE
Engineering (Robotics), BSE

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master’s during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply (https://acceleratedmasters.asu.edu/how-apply).

**Degree Requirements:**
38 credit hours including the required applied project course (SED 593) - Alternative Certification Pathway, or 38 credit hours including the required applied project course (SED 593) - Traditional Certification Pathway, or 41 credit hours including the required applied project course (SED 593) - Physical Education Track Alternative Certification Pathway, or 41 credit hours including the required applied project course (SED 593) - Physical Education Track Traditional Certification Pathway.
Required Core (8)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Concentration (14)
SED 510 General Methods and Assessment (4) or THP 511 Methods of Teaching Drama (4)
TEL 502 Exploration of Education: Child/Adolescent Development and Foundations of Special Education (3)

TEL 532 Literacy Across the Disciplines (3)
TEL 540 Cultivating Networks of Culturally Responsive Relationships Among Families, Communities, and Cultures (2)
TEL 570 Educator Scholar Community I (1)
TEL 571 Educator Scholar Community II (1)

SEI Endorsement (3 credit hours)
ELL 515 Structured English Immersion Methods (3)

Other Requirements (6 or 10 credit hours)

Physical Education Track (0 or 7 credit hours)
PPE 550 Physical Education for the Elementary School (3)
PPE 555 Physical Education in the Secondary School (3)
PPE 598 Conceptual Physical Education (1)

Culminating Experience (3 credit hours)
SED 593 Applied Project (3)

Additional Curriculum Information
Students pursing the physical education track complete seven credit hours of track coursework.

Students in all options complete at least six credit hours of other requirements courses. Students not in the physical education track complete a methods course as an additional other requirements course for four credit hours.

ELL 515 is substitutable with advisor approval.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/secondary-education-teacher-certification/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought teachers in public, charter and private education institutions. Students gain skills in teaching, conducting research, utilizing technology and collaborating in teams --- all of which prepare them to succeed in educational careers working with learners in grades 6-12.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

To be eligible for secondary certification in Arizona, students must:

pass the appropriate Arizona educator subject knowledge exam, as well as the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments
OR • hold a conferred bachelor's or master's degree with the content area listed in the degree title, and receive a passing score on the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments

## Special Education, MA (EDSPEDMA)

**Online Degree Search Title:** Special Education, MA
**Campus:** Tempe
This program is not accepting applications at this time. Applicants interested in the MA in Special Education should apply directly to the MA in Special Education (Applied Behavior Analysis), the MA in Special Education (Autism Spectrum Disorders), the MEd in Special Education, or the MEd in Special Education (Teacher Certification).
**Program Description:** The MA program in special education is a noncertification degree program meant to advance the capacity of professionals, communities of practice, and school and other service systems to provide education and related services in inclusive and least-restrictive settings.

Graduates are able to design and deliver education and related services for populations with diverse needs. The skills developed through this degree program include systematic planning for all individuals, support of positive behavior and advocacy for new, research-based approaches to education and related services.

**Degree Requirements:**
36 credit hours and a thesis, or 36 credit hours and an applied project, or 36 credit hours, a written comprehensive exam and an oral comprehensive exam.
Required Core (3 credit hours)
SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)
SPE 593 Applied Project (3) or
SPE 597 Capstone (3)

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in education or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- letter of intent or written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

# Special Education, MEd (ECSPEDMED)

**Online Degree Search Title:** Special Education, MEd
**Campus:** Online

**Program Description:** The MEd program in special education prepares students to further their knowledge of special education for learners in grades K-12 with mild-moderate disabilities, or for learners in grades K-12 with moderate or severe disabilities. It is designed for individuals who do not need to obtain teacher certification. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely, and students select one of two modalities:

- ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.
- ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules. Students completing their program through ASU Online must be admitted to the online campus.

This program can be taken in three continuous semesters allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Mary Lou Fulton Teachers College faculty actively engage in the educational research community, bringing new and relevant knowledge into the program. Students engage in their own research through applied project coursework, deepening their knowledge and improving their practice through research, critical evaluation and application of education concepts. The program culminates in an applied action research project in which students apply what they've learned to address a challenge in special education.

The master's degree program does not lead to teacher certification. Students interested in certification should enroll in the Master of Education program in special education with a concentration in teacher certification.

**Degree Requirements:**
35 credit hours including the required applied project course (SPE 593) - Mild-Moderate Track, or 40 credit hours including the required applied project course (SPE 593) - Intensive Support Needs - Moderate/Severe.
Required Core (8 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Track (21 or 29 credit hours)
Mild/Moderate Track (21 credit hours)
Intensive Support Needs - Moderate/Severe Track (29 credit hours)

Elective (0 or 3 credit hours)

Culminating Experience (3 credit hours)
SPE 593 Applied Project (3)

Additional Curriculum Information
Students select a track in either Mild/Moderate or Intensive Support Needs - Moderate/Severe. Students should see the academic unit for track course requirements.

Students in the Mild/Moderate track select three credit hours for electives in consultation with the academic unit. The Intensive Support Needs - Moderate/Severe track does not include elective credit hours.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any content area or education-related field

from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor' degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:
- graduate admission application and application fee
- official transcripts
- professional resume
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The following are accepted to meet this requirement:

- TOEFL: Applicants must have a score of at least 90 on the internet based test (iBT), with scores of 22-30 on the speaking and written portions. ASU's institutional code is 4007. Only electronic copies of scores are accepted.
- IELTS: Applicants must have an overall band score of at least 6.5 with speaking and writing portions needing to be at least 6.5 (6 = Competent User, 7 = Good User). No institutional code is needed.

The personal statement should describe the personal and professional goals that motivate the applicant to apply to the graduate program and explain what led the applicant to this career path and how they will excel in the field of special education. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-special-education/) for program descriptions and to request more information.

**Career Opportunities:** Graduates are prepared to start or advance in educational careers working with diverse learners in grades K-12 in roles that do not require certification. Students gain skills in instruction, assessment, educational research and collaborating in teams --- all of which prepare them to successfully work in schools and other community-serving organizations. Roles may include noncertified educators in charter or private schools or educators in non-school settings

## Special Education (Applied Behavior Analysis), MA (TESPEABAMA)

**Online Degree Search Title:** Special Education (Applied Behavior Analysis), MA
**Campus:** Online

**Program Description:** The MA program in special education with a concentration in applied behavior analysis pairs research and experience to prepare professionals to work with individuals with diverse learning and behavior needs using the principles of applied behavior analysis.

All courses are online and combine an assortment of resources and technologies to provide students the opportunity to interact directly with program faculty and classmates. Applied projects and assignments allow students to focus on the population with which they plan to work while gaining the knowledge and skills they need in order to use applied behavior analysis across various populations and settings. Program graduates are well prepared to provide applied behavior analysis and evidence-based consultative services and support to clients, community and family members.

Mary Lou Fulton Teachers College offers university coursework verified by the Association for Behavior Analysis International® as meeting the coursework requirements for eligibility sit for the Behavior Analyst Certification Board® Board Certified Behavior Analyst® examination.

Once certified, these professionals are equipped to meet diverse behavior needs and make a lasting difference in the community. The course sequence meets the Behavior Analyst Certification Board-required 315 classroom hours of graduate-level instruction aligned with the BCBA/BCaBA task list (fifth edition). BCBA supervised independent fieldwork supervision hours, required for certification, are arranged and completed by the student separately from their ASU coursework. An optional remote BCBA supervised independent fieldwork practicum (SPE 580 Applied Behavior Analysis Practicum) is available.

**Degree Requirements:**
30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).
Required Core (3 credit hours)
SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Concentration (18 credit hours)
SPE 526 Concepts and Principles of Applied Behavior Analysis (3)
SPE 527 Behavior Analytic Assessment (3)
SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3)
SPE 562 Personnel Supervision and Organizational Behavior Management in Educational Settings (3)
SPE 563 Philosophical Foundations of Applied Behavior Analysis in Educational Settings (3)
SPE 567 Ethics of Applied Behavior Analysis (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)
SPE 593 Applied Project (3) or
SPE 597 Capstone (3)

Additional Curriculum Information
Students may choose to complete a remote supervised independent fieldwork practicum (SPE 580).

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- personal statement
- three letters of recommendation
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The personal statement should demonstrate the applicant's goals with respect to the program outcomes and success in a graduate and online program. The statement should also demonstrate high-quality writing and awareness that the student understands the demands of graduate school.

Three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program are required for admission.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/master-arts-special-education-applied-behavior-analysis/) for program descriptions and to request more information.

**Career Opportunities:** Professionals with expertise in evidence-based practices in applied behavior analysis are in high demand across sectors and industries, including education, business and health care.

Career examples include:

- applied behavior analysis therapist

- behavior specialist
- board certified behavior analyst
- behavior consultant
- early interventionist
- educator
- organizational behavior management specialist

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Special Education (Autism Spectrum Disorder), MA (TESPEASDMA)

**Online Degree Search Title:** Special Education (Autism Spectrum Disorders), MA
**Campus:** Online

**Program Description:** The MA program in special education with a concentration in autism spectrum disorders prepares graduates to provide important services for children and adults with autism spectrum disorder.

Coursework in this program teaches about evidence-based interventions, to support individuals with ASD, as well as collaboration and consultation skills, to draw upon when working with families and other professionals. In addition, students learn how to dispel common misconceptions about ASD and how to determine the credibility of sources.

The practicum component of this curriculum enables students to apply the topics covered in theoretical courses to practical scenarios. Candidates build experience supporting individuals with ASD by delivering 45 direct contact hours of approved activities under the direction of a supervisor and instructor.

The master's program requirements align with the autism special education standards of the Council for Exceptional Children.

**Degree Requirements:**
30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).
Required Core (3 credit hours)
SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Concentration (12 credit hours)
SPE 521 Foundations of Autism Spectrum Disorders (3)
SPE 540 Family-Centered Practices (3)
SPE 541 Consultation Frameworks and Issues (3)
SPE 566 Applied Behavior Analysis in Inclusive Settings (3)

Electives or Research (9 credit hours)

Other Requirement (3 credit hours)
SPE 680 Practicum (3)

Culminating Experience (3 credit hours)
SPE 593 Applied Project (3) or
SPE 597 Capstone (3)

Additional Curriculum Information
Each student completes a practicum customized to individual interests and abilities. For the culminating experience, students may elect to complete a capstone experience or applied project, based on personal and professional interest and need.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in education, psychology or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts*
- written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

*A transcript must show the bachelor's degree already conferred; in-progress bachelor's degrees are not accepted.

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** There is increasing demand for the specialized skills and knowledge needed to properly support children and adults, including family members, impacted by autism. Program graduates are well prepared to provide important services within a variety of roles, including as educators, interventionists, paraprofessionals, psychologists, speech pathologists, therapists and family members.

Career examples include:

- community support professional
- educator
- interventionist

## Special Education (Teacher Certification), MEd (TESECRTMED)

**Online Degree Search Title:** Special Education (Teacher Certification), MEd
**Campus:** Online

**Program Description:** The MEd program in special education with a concentration in teacher certification is for those who already have a bachelor's degree in any field and want to become licensed to teach special education or who want to pursue dual-certification in special education and elementary education. The program builds on connections between educational design and decision-making and is designed to foster strong professional growth and leadership development.

All courses are offered remotely; students select one of two modalities:

- ASU Sync offers regularly scheduled evening classes via synchronous learning over Zoom. Instructors and students are not in the same physical space but do meet at the same time, offering a live learning experience with peers and faculty. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.
- ASU Online offers classes via asynchronous instruction. Instructors and students are not in the same physical space and do not meet at the same time, allowing students to complete coursework on their own schedules.

This program can be taken in three continuous semesters allowing students to complete the program in one year. Students can also enroll part-time over additional semesters.

Professional experiences assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

Two routes are offered leading to Arizona teacher certification:

Traditional certification route: students can pursue dual-certification in special education for mild/moderate levels, and elementary education or special education for moderate/severe levels. Students complete an internship each semester during the first two semesters. They also complete two 8-week teaching residencies, including one in a special education setting and one in an elementary school setting.

Graduates earn an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in Mild/Moderate Disabilities, K-12; and Elementary Education, K-8 or Moderate/Severe Disabilities, K-12.Alternative certification route: provides a pathway to teacher certification for individuals who are currently employed full-time by a school as a teacher of record. To qualify, individuals must secure a full-time teaching position in an approved content and grade level. This route leads to single certification in special education for mild/moderate disabilities or for moderate/severe levels; students are not able to pursue dual certification.

Graduates earn an institutional recommendation from ASU that is recognized by ADE for teacher certification in Mild/Moderate Disabilities, K-12, or Moderate/Severe Disabilities, K-12.
Coursework is similar in both certification routes and culminates in an applied action research project in which students apply what they've learned to address a challenge in their classroom.

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill/ (https://www.benefits.va.gov/gibill/).

**Degree Requirements:**
41 credit hours including the required applied project course (SPE 593) - Mild-Moderate Alternative Certification Pathway, or 41 credit hours including the required applied project course (SPE 593) - Mild-Moderate Traditional Certification Pathway, or 47 credit hours including the required applied project course (SPE 593) - Mild-Moderate Traditional Certification Pathway - Dual Elementary Education, or 49 credit hours including the required applied project course (SPE 593) Intensive Support Needs - Moderate/Severe Alternative Certification Pathway, or 49 credit hours including the required applied project course (SPE 593) Intensive Support Needs - Moderate/Severe Traditional Certification Pathway.
Required Core (8 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 511 Research and Evaluation in Education (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)
TEL 572 Educator Scholar Community III (1)

Concentration (6 or 8 credit hours)
Selected from the following according to certification option:
EED 557 Internship I (2)
EED 567 Internship II (2)
EED 582 Residency in Elementary Education for Dual Certification Semester Three Professional Experiences (2)
SPE 556 Internship I (2)
SPE 570 Internship II (2)
SPE 571 Apprentice Teaching I (2)
SPE 574 Apprentice Teaching II (2)
SPE 576 Internship III (2)
SPE 578 Residency/Student Teaching in Special Education (2)
SPE 579 Apprentice Teaching III (2)
SPE 581 Dual Certification Residency (2)
SPE 596 Residency/Student Teaching (2)

SEI Endorsement (3 credit hours)

Track (21-29 credit hours)
Mild-Moderate Track (21 credit hours)
Mild-Moderate Traditional Certification Pathway - Dual Elementary Education (25 credit hours)
Intensive Support Needs - Moderate/Severe Track (29 credit hours)

Culminating Experience (3 credit hours)
SPE 593 Applied Project (3)

Additional Curriculum Information
For the teacher certification concentration requirements, students complete six or eight credit hours from Internship and Student Teaching. For traditional and alternative certification in special education, at least two credit hours must be SPE internship, and at least two credit hours must be SPE student teaching for one certification.

Students seeking dual certification in elementary and special education must complete both an EED and SPE student teaching placement, which extends the teaching certification requirement by two for a total of eight credit hours. Students switching from Alternative Certification may substitute Apprentice Teaching for Student Teaching with permission from the program.

Students wanting to switch certification option mid-program should reach out to the academic unit for appropriate advisement.

ELL 515 is substitutable with advisor approval.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/graduate/special-education-teacher-certification/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-out teachers in public, charter and private education institutions. Students gain skills in teaching, conducting research, utilizing technology and collaborating in teams --- all of which prepares them to successfully work with diverse learners in grades K--12.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator subject knowledge exam, as well as the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments.

## Teacher Certification (Certificate), Certificate (TETEACGRCT)

**Online Degree Search Title:** Teacher Certification (Graduate Certificate)
**Campus:** Online

**Program Description:** The graduate certificate in teacher certification is a flexible, alternative certification program designed for students who want to obtain teaching licensure in a compressed time frame while working in a classroom.

Through online courses, video-based teaching observations and supportive coaching, the certificate qualifies as a pathway to Arizona teacher

certification in elementary education or secondary education. Coursework may be completed over the span of two or three semesters, depending on start date.

This program requires students to be employed as a full-time teacher of record aligned with their certification area (elementary or secondary) before enrolling in the program.

Students in this program can choose to transfer credits to a Master of Education in elementary education or a Master of Education in secondary education within three years from when the student started the graduate certificate.

Graduates earn an institutional recommendation for Elementary Education, K-8 or Secondary Education, 6-12 through the Arizona Department of Education.

To be eligible for an elementary or secondary education certification in Arizona, students must:

pass the appropriate Arizona educator subject knowledge exam as well as the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments
OR • hold a conferred bachelor's or master's degree with the content area listed in the degree title and receive a passing score on the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments

ASU Sync
Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Degree Requirements:**
26 credit hours - Secondary Education Track, Alternative Certification, or 26 credit hours - Secondary Education Track, Traditional Certification, or 28 credit hours - Elementary Education Track, Alternative Certification, or 28 credit hours - Elementary Education Track, Traditional Certification, or 29 credit hours - Secondary Education Track - Physical Education, Alternative Certification, or 29 credit hours - Secondary Education Track - Physical Education, Traditional Certification, or 29 credit hours - Special Education Mild/Moderate Track, Alternative Certification, or 29 credit hours - Special Education Mild/Moderate Track, Traditional Certification.
Required Core (5 credit hours)
TEL 510 Instructional Design, Planning and Assessment (2)
TEL 517 Creating Equitable Learning Environment: Decision Making and Action (3)

Tracks (14,16, or 17 credit hours depending on track to certification)
Elementary Education Track (16)
Secondary Education Track, Traditional or Alternative Certification (14)
Secondary Education Track - Physical Education Traditional or Alternative Certification (17)
Special Education Mild/Moderate Track, Traditional or Alternative Certification (17)

SEI Endorsement (3 credits)
ELL 515 Structured English Immersion Methods (3)

Other Requirements (4 credit hours)
EED 557 Internship I (2)
EED 571 Apprentice Teaching I (2)
EED 574 Apprentice Teaching II (2)
EED 578 Residency/Student Teaching in Elementary Education (2)
SED 557 Internship I (2)
SED 571 Apprentice Teaching I (2)
SED 574 Apprentice Teaching II (2)
SED 578 Residency/Student Teaching in Secondary Education (2)
SPE 556 Internship I (2)
SPE 571 Apprentice Teaching I (2)
SPE 574 Apprentice Teaching II (2)
SPE 578 Residency/Student Teaching in Special Education (2)

Additional Curriculum Information
The courses for other requirements depend on the student's track and route to certification (traditional or alternative). ELL 515 is substitutable with department approval.

If a student is on the alternative path for certification moves over to a traditional path, they can substitute student teaching/residency for apprentice teaching.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:
- graduate admission application and application fee
- official transcripts
- professional resume
- personal statement
- proof of English proficiency

Additional Application Information
An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency. The following are accepted to meet this requirement:

- TOEFL: Applicants must have a score of at least 90 on the internet based test (iBT), with scores of 22-30 on the speaking and written portions. ASU's institutional code is 4007. Only electronic copies of scores are accepted.
- IELTS: Applicants must have an overall band score of at least 6.5 with speaking and writing portions needing to be at least 6.5 (6 = Competent User, 7 = Good User). No institutional code is needed.

The personal statement should describe the personal and professional goals that motivated applicant to apply to the graduate certificate, and explain what led the applicant to this career path and how they will excel as an educator. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

The professional resume should be one to two pages and include relevant personal, professional, educational and community activities. The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

Fingerprint clearance is required for enrollment in the first term of placement. A copy of the applicant's IVP fingerprint clearance card (front and back) should be included or a copy of the Arizona DPS fingerprint card application if the IVP card has not yet been acquired at the time of program application. Students should visit the DPS site for information on applying for and receiving an IVP fingerprint clearance card. For out-of-state students, confirmation of fingerprint clearance or a background check in the host state is equivalent to IVP fingerprint clearance.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/graduate-teacher-certification/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-after teachers in public, charter and private education institutions. Students gain skills in teaching, utilizing technology and collaborating in teams, all of which prepares them to succeed in a career educating learners in elementary education (grades K-8) or secondary education (grades 6-12).

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. ## Technology for Teaching and Learning (certificate), Certificate (EDEDTTGRCT)

**Online Degree Search Title:** Technology for Teaching and Learning (Graduate Certificate)
**Campus:** Tempe
ASU is not currently accepting applications for this program.
**Program Description:** The graduate certificate in technology for teaching and learning is geared toward classroom teachers who want to become

skilled at integrating technology in the curriculum.

Students acquire the knowledge and skills needed for meeting the National Education Technology Standards for Teachers, developed by the International Society for Technology in Education and being adopted by the National Council for Accreditation for Teacher Education.

The certificate program can be completed within a two-year period.

**Degree Requirements:**
15 credit hours including the required capstone course (EDT 591).
Students must successfully complete four out of a possible six educational technology courses before completing a three credit hour required capstone course.

**Admission Requirements:** Applications are currently closed.

# Undergraduate Programs

## Minors (Program Descriptions and Requirements)

### African and African American Studies Minor (LAAFRMIN)

**Campus:** Tempe, Online

**Description:** The minor program in African and African American studies examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African Diaspora, especially in the Caribbean, Central America and South America.

The goal is to prepare students for lifelong learning, advanced study in a variety of fields, and successful careers and productive public service in an increasingly diverse society.

**Program Requirements:**
The certificate requires completion of 18 credit hours. At least 12 credit hours must be completed at the upper-division level and a grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Core Course -- 3 credit hours
AFR 200: Introduction to Africana Studies (SB & G & H) (3)

Elective Core Course (choose one) -- 3 credit hours
AFR 300: Precolonial Africa (SB & G & H) (3)
AFR 301: Race and Racism in Africa/African Diaspora (SB & G) (3)
AFR 302: History of Black Women in America (SB & H) (3)
AFR 305: The Global History of the Trans-Atlantic Slave Trade (SB & H) (3)

Electives -- 12 credit hours
AFR Upper Division Elective (12)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in African and African American studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in African and African American Studies can provide knowledge and skills that enable graduates to bring social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

# Aging Minor (ASALDMIN)

**Campus:** West

**Description:** People are living longer. While this represents one of the crowning achievements of the last century, it is also a significant challenge. Longer lives must be planned for.

ASU's minor program in aging offers students the opportunity to create positive differences in the lives of older adults. This program helps students develop the tools and mindset that enable them to anticipate challenges in existing social structures at every level as the proportion of retired adults increases faster than that of persons in the workforce. Students learn to develop solutions for an aging population's needs in areas of personal finance, transportation, increased demands for health care, assisted-living options, and recreation.

**Program Requirements:**
The minor in aging consists of 15 credit hours, including 12 credit hours of upper-division coursework. At least six upper-division credit hours must be completed through coursework in the New College of Interdisciplinary Arts and Sciences. All courses used to fulfill the requirements of this minor must be passed with a "C" (2.00) or better.

Introductory Coursework (choose one) -- 3 credit hours
ASB 102: Introduction to Cultural Anthropology (SB & G) (3)
PSY 101: Introduction to Psychology (SB) (3)
SOC 101: Introductory Sociology (SB) (3)

Aging Core (choose two) -- 6 credit hours
Classes selected for the Aging Core may not also apply to the Aging Electives.
COM 417: Communication and Aging (3)
FAS 436: Sexuality in Mid-Life and Beyond (3)
IAS 450: Philosophical and Spiritual Issues in Death and Dying (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 418: Aging and the Life Course (SB & H) (3)

Upper-Division Aging Electives (choose two) -- 6 credit hours
Classes not selected for the Aging Core may be chosen and applied towards the Aging Electives.
COM 417: Communication and Aging (3)
FAS 436: Sexuality in Mid-Life and Beyond (3)
HSC 410: Supporting the Health of Older Adults (3)
HSC 412: Health Issues in Later Life (3)
IAS 450: Philosophical and Spiritual Issues in Death and Dying (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 418: Aging and the Life Course (SB & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in aging

Other Enrollment Requirements: None.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The minor in aging is a pathway to a career researching, developing policies or providing services to older populations. Employment in associated career fields is expected to increase commensurately with the needs of a growing and diverse population. People working with aging populations are employed in public and private agencies dealing with a wide variety of social issues, including:

- access to health care
- assisted-living facilities and management
- education
- disabilities

- discrimination
- elder abuse and family support
- health, mental health and end-of-life decisions
- housing
- recreational opportunities
- transportation

## American Indian Studies Minor (LAAISMIN)

**Campus:** Tempe

**Description:** The minor in American Indian studies is designed for students interested in developing an understanding of American Indian issues and analyzing issues through critical inquiry.

**Program Requirements:**
The minor in American Indian studies requires 18 credit hours. At least 12 hours must be upper-division coursework, and all courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 9 credit hours
AIS 180: Introduction to American Indian Studies (C) (3)
AIS 285: Federal Indian Policy (H & C) (3)
AIS 380: Contemporary Issues of American Indian Nations (C) (3)

Electives (select three) -- 9 credit hours
AIS 320: American Indian Philosophies and World Views (HU & C) (3)
AIS 360: Issues in Urban Indian Country (C) (3)
AIS 381: American Indian Women (C) (3)
AIS 385: Entrepreneurship for American Indian Sustainability (3)
AIS 440: Cultural Professionalism (C) (3)
AIS 455: Human Rights and Cultural Resource Laws (3)
AIS 470: Tribal Governance (3)
AIS 480: Actualizing Decolonization (HU & C & G) (3)
AIS 484: Internship (3)
AIS 499: Individualized Instruction (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
HST 337: American Indian History to 1900 ((HU or SB) & C & H) (3)
HST 338: American Indian History since 1900 ((HU or SB) & C & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in American Indian studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in American Indian studies can help students as they pursue careers with tribes and organizations in Native American communities.

## American Studies Minor (ASAMSMIN)

**Campus:** West

**Description:** The American studies minor program gives students the opportunity to pursue an interest in the interdisciplinary study of American culture. This minor is particularly appropriate for students majoring in humanities or social sciences disciplines.

**Program Requirements:**
The minor in American studies consists of 18 credit hours. A minimum of six credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Credit hours may not be shared between major and minor requirements. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
AMS 201: Introduction to American Studies (L & C) (3)
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper Division Electives -- 12 credit hours
AMS 326: Popular Culture (3)
AMS 330: American Lives (HU & C) (3)
AMS 332: Studies in Race and Ethnicity (3)
AMS 334 / ETH 333 / WST 334: Class in America (SB) (3)
AMS 336 / ENG 334 / ETH 334: The American Southwest in Literature and Film ((L or HU) & C) (3)
AMS 353 / ENG 353 / ETH 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
AMS 354 / ENG 354 / ETH 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
AMS 380 / ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
AMS 412: Studies in American Politics and Law (H) (3)
AMS 428 / ETH 428 / LAS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)
AMS 449 / ETH 449 / WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)
AMS 450 / ETH 450 / LAS 450: Latina/os, Schooling and Social Inequality (C) (3)
AMS 469 / ETH 469 / WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)
ENG 337: Major American Novels (L or HU) (3)
FOR 454 / HST 454 / REL 454: History of Genocide (G & H) (3)
HST 320: U.S. Urban History since 1850 (SB & H) (3)
HST 337: American Indian History to 1900 ((HU or SB) & C & H) (3)
HST 413: Contemporary America ((L or SB) & H) (3)
HST 419 / LAS 419: 20th Century Chicano/a History (C) (3)
REL 321: Religion in America ((L or HU) & C & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (American Studies)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** This minor is ideal preparation for students seeking employment in the following careers:

- archivist
- copy writer
- editor

- high school teacher
- historian
- history professor
- journalist
- lawyer
- middle school teacher
- museum curator
- political analyst

## Anthropology Minor (LAASBMIN)

**Campus:** Tempe, Online

**Description:** A minor in anthropology completes the academic experience with a focus on the lessons and people that make human societies so interesting and challenging to understand, both in the past and in modern times.

An evolutionary anthropology focus is perfect for a premedical track in which a broad evolutionary perspective is important for understanding disease processes. A focus in sociocultural anthropology provides understanding of human interaction and how social groups function.

Coursework and anthropological training complement many majors. Students enhance their critical thinking skills, learn how to problem-solve creatively, and better understand themselves and others.

**Program Requirements:**
The anthropology minor requires a minimum of 18 credit hours, at least 12 of which must be upper division. Only courses completed with a grade of "C" (2.00 on a 4.00 scale) can be used to fulfill minor requirements.
The minor in anthropology is also available in an online format to complement the studies of ASU Online students.

Required Introductory Courses (choose two) -- 6 credit hours
ASB 102: Introduction to Cultural Anthropology (SB & G) (3)
ASB 222: Buried Cities and Lost Tribes ((HU or SB) & G & H) or ASB 223: Aztecs, Incas and Mayas ((HU or SB) & G & H) (3)
ASM 104: Bones, Stones, and Human Evolution (SB or SG) (4)

Upper-Division Subfield Courses -- 12 credit hours
Students choose 12 upper-division credit hours from the subfields of archaeology, evolutionary anthropology and sociocultural anthropology (including linguistics). The particular required introductory courses selected may limit the courses available for use as subfield courses. At least two of the three subfields must be represented. (12)

Archaeology Subfield
ASB 301 / HST 301: Global History of Health (SB & G & H) (3)
ASB 326: Human Impacts on Ancient Environments (SB & H) (3)
ASB 330: Understanding Archaeology (SB) (3)
ASB 333: Frauds, Myths and Mysteries ((HU or SB) & G) (3)
ASB 335: Ancient Ruins of the Southwest (SB & H & C) (3)
ASB 337: Pyramids and Hieroglyphs: Life in Ancient Mesoamerica ((HU or SB) & G & H) (3)
ASB 338: Archaeology of North America (SB) (3)
ASB 361: Human Cultural Beginnings (H) (3)
ASB 362: People and Plants (3)
ASB 366 / AFR 366: African Archaeology: Precolonial Urban Culture (SB & H) (3)
ASB 368: Hunter-Gatherers (SB) (3)
ASB 490: Earliest Cities (SB & H) (3)
ASM 338: Bioarchaeology and the Human Skeleton (9)
ASM 338: Field Archaeology & Geophysical Testing (9)
ASM 350: Geoarchaeology (3)

ASM 414: Urban, Environmental and Health Challenges (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in anthropology; BS in anthropology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** The demand in the job market for people with an anthropology background is stimulated by a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret large amounts of data. As the many spheres of human interaction expand globally, people trained in anthropology are increasingly sought-after for their broad, holistic knowledge and perspectives, which are the hallmarks of anthropology, giving them a competitive edge in the workforce.

An anthropology minor provides graduates with skills beneficial in any career field that requires understanding human behavior and its motivations, including medicine, marketing, business, consulting and human resources.

Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- conducting postgraduate academic research
- consulting for private and public organizations
- curating cultural resources
- directing nonprofit organizations
- directing programs in the private or public sector
- managing culture or heritage resources in private or public sectors
- modeling infectious diseases
- planning communities
- teaching

## Applied Biological Sciences Minor (TSABSMIN)

**Campus:** Polytechnic

**Description:** The applied biological sciences minor is a rigorous and practical program that can help students understand the interrelationships between evolution, natural history and the conservation of plants and animals.

Consistent with a polytechnic vision, this minor involves extensive student interaction with faculty through experience-based learning activities, including:

- faculty-guided research and service-learning projects
- field trips
- internships
- laboratories

Mastery of fundamental biological principles is emphasized through quality learning in the classroom and hands-on activities in laboratories and in outdoor settings that include the Sonoran Desert, surrounding ecosystems and the landscape of the greater Phoenix area.

**Program Requirements:**
The applied biological sciences minor consists of 23 credit hours. Students must complete 15 credit hours in courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 11 credit hours
ABS 270: Sustainable Biological Systems (3)
BIO 181: General Biology I (SQ) (4)
BIO 182: General Biology II (SG) (4)

Electives -- 12 credit hours
ABS Elective (3)
ABS Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: All applied biological sciences, biological sciences or biology majors at ASU

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in applied biological sciences can help students as they pursue graduate study in professional programs like medicine, health or veterinary studies.

## Applied Computing Minor (ASACOMIN)

**Campus:** West

**Description:** The minor program in applied computing combines technical computing skills with an understanding of the impact of computer science in real-world contexts.

Coursework in the applied computing minor provides students a depth of knowledge in databases, networks and systems, and for students from other disciplines it adds a computational component to their major field of study.

Computational and problem-solving skills are in demand in a multitude of career fields, including cybersecurity, web administration, business, government, education, science, medicine and telecommunications.

The program is offered by the School of Mathematical and Natural Sciences.

**Program Requirements:**
The minor in applied computing consists of 15 credit hours. At least nine credit hours must be upper division. Six upper-division credit hours must be taken from classes offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 15 credit hours
ACO 201: Data Structures and Algorithms (CS) (3)
ACO 240: Introduction to Programming Languages (3)
ACO 320: Database Systems (3)
ACO 330: Computer Networks (3)
ACO 350: Systems Programming (CS) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in applied computing; BS in applied computing (cybersecurity); BS in computational forensics

Other Enrollment Requirements: Students must complete ACO 102 Object-oriented Programming, MAT 210 Brief Calculus, and MAT 243 Discrete Mathematical Structures/300 Mathematical Structures with a "C" or better as prerequisites to coursework in the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The applied computing curriculum provides a solid background for employment as:

- computer network administrators
- computer network technicians
- computer programmers
- computer systems analysts
- database administrators
- information security analysts
- information technology managers
- software developers
- software engineers
- web developers

## Applied Ethics Minor (ASAPETHMIN)

**Campus:** West, Online

**Description:** Students pursuing the applied ethics minor have the opportunity to develop their critical thinking, reading and writing capacities while exploring philosophy and ethical theory. They also have the opportunity to do so in a manner that explicitly complements their major, by focusing their minor coursework on ethical concepts that are discipline-specific. This program provides students an opportunity to gain a humanistic perspective on a nonhumanities field of study, such as health sciences, business and computer science, thereby adding nuance and depth to their educational experience.

**Program Requirements:**
The minor consists of 18 credit hours, and a minimum of 12 credit hours must be upper division. At least six upper-division hours must be taken in the School of Humanities, Arts and Cultural Studies. Program requirements include three credit hours of required courses and fifteen credit hours of electives. Students may complete their fifteen credit hours of electives from within one of the recommended tracks or from multiple areas. All courses must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or better.

Required -- 3 credit hours
IAS 406 / PHI 406 / FOR 406: Moral Dilemmas (L or HU) (3)

Applied Ethics Electives -- 15 credit hours
Complete five courses (15 credit hours) from within one track area or from multiple areas to meet the requirement. (15)

Bioethics Track
DST 322: Social and Cultural Implications of the Many Forms of Disability (3)
DST 458: Disability and Communication Advocacy (3)
IAS 340 / PHI 320 / BIO 312: Bioethics (HU) (3)
IAS 450 / PHI 450: Philosophical and Spiritual Issues in Death and Dying (3)
LSC 362: The Human Environment (3)
LSC 363: Genes, Race, Gender, and Society (L) (3)
PHI 306: Applied Ethics (HU) (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 400: Perspectives on Aging (SB) (3)

Environmental Ethics Track
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)
LSC 362: The Human Environment (3)
LSC 394: Environmental Disasters (3)
PHI 306: Applied Ethics (HU) (3)
PHI 310 / BIO 324: Environmental Ethics (HU) (3)

Business Ethics Track
ACO 402 / CIS 402: Privacy, Ethics and Compliance Issues (3)
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)
LES 305: Business Law and Ethics for Managers (3)
PHI 306: Applied Ethics (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)
POS 300: Contemporary Global Controversies (SB & G) (3)

Social Sciences and Ethics Track
DST 322: Social and Cultural Implications of the Many Forms of Disability (3)
DST 458: Disability and Communication Advocacy (3)
ENG 401: Topics in Critical Theory (3)
IAP 222: Games and Ethics (HU) (3)
IAS 417 / PHI 417: Philosophy of Censorship (L or HU) (3)
IAS 450 / PHI 450: Philosophical and Spiritual Issues in Death and Dying (3)
PAX 230: Introduction to Peace Studies (G) (3)
PHI 304: Existentialism (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 307: Philosophy of Law (HU) (3)
PHI 439: Philosophy of Love and Sex (HU) (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 400: Perspectives on Aging (SB) (3)

Religion and Ethics Track

CRJ 423 / FOR 413 / REL 413: Sacred Crimes: Religion and Violence (G & H) (3)
IAS 430: Science and Religion (L or HU) (3)
IAS 450 / PHI 450: Philosophical and Spiritual Issues in Death and Dying (3)
PHI 303 / REL 300: The Future of Religions (L or HU) (3)
PHI 304: Existentialism (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 421: The Ethics of Belief (3)
REL 321: Religion in America ((L or HU) & C & H) (3)
REL 381: Religion and Moral Issues (L or HU) (3)
REL 390 / WST 390: Women, Gender and Religion (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in philosophy, religion and society

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor in applied ethics can help students toward their career goals in the health sciences, law, business, technology, ministry, journalism, counseling, politics or education.

## Applied Mathematics Minor (ASAPMMIN)

**Campus:** West

**Description:** Mathematical modeling is a fundamental tool of modern science and engineering in which a firm grasp of the underlying processes in a system is synthesized into quantitative predictions. A minor in applied mathematics provides students the mathematical language required to analyze existing models and to produce new models for new questions.

The foundational tools in this applied mathematics minor are calculus, differential equations and linear algebra. When combined, these concepts provide a powerful new lexicon that unlocks the majority of models throughout science and engineering.

Upper-level electives grant students in the applied mathematics minor the opportunity to focus in specialty areas such as the study of chaos, mathematical biology, partial differential equations or optimization. Expertise in these areas is becoming increasingly important for students who expect to participate in careers requiring analysis or modeling of real-world situations.

**Program Requirements:**
The minor in applied mathematics consists of 20 credit hours, of which nine must be upper division. A minimum of six credit hours must be taken through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required -- 14 credit hours
MAT 271: Calculus with Analytic Geometry II (MA) (4)
MAT 272: Calculus with Analytic Geometry III (MA) (4)
MAT 275: Modern Differential Equations (MA) (3)
MAT 343: Applied Linear Algebra (3)

Electives -- 6 credit hours
MAT 300: Mathematical Structures (L) (3)
MAT 350: Techniques and Applications of Applied Mathematics (3)
MAT 371: Advanced Calculus I (3)
MAT 421: Applied Computational Methods (CS) (3)
MAT 451: Mathematical Modeling (CS) (3)
MAT 494: Special Topics (1-4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in applied mathematics; BA or BS in mathematics; BS in applied mathematics for the life and social sciences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Career opportunities for a student with a minor in applied mathematics include:

- bioinformatics scientist
- business intelligence analyst
- clinical data manager
- mathematician, statistician or biostatistician
- molecular and cellular biologist
- natural science manager
- secondary school teacher
- water resource specialist

**Contact Information:**

## Applied Mathematics Minor (LSAPMMIN)

**Campus:** Polytechnic

**Description:** The minor program in applied mathematics in the College of Integrative Sciences and Arts enables students to understand and apply mathematics most commonly used in the fields of business, economics, engineering, physics, computer sciences, life sciences, social sciences and sustainability. The minor is recommended for students who plan to major in these diverse fields, are preparing for further graduate study, or who wish for increased employment options.

The coursework explores the study of advanced applied mathematical topics with an emphasis on applied sciences. Students with a minor in applied mathematics learn to use theories and techniques, such as mathematical modeling, computational methods and statistics to resolve practical, real-world problems.

**Program Requirements:**
The applied mathematics minor consists of 21 credit hours, of which 12 must be upper division. At least 12 credit hours of MAT courses must be offered by the College of Integrative Sciences and Arts, of which at least six credit hours must be upper division.
A minimum of 15 credit hours of the minor must be earned at ASU.

Required Courses -- 12 credit hours
MAT 266: Calculus for Engineers II (MA) or MAT 271: Calculus with Analytic Geometry II (MA) (3-4)
MAT 267: Calculus for Engineers III (MA) or MAT 272: Calculus with Analytic Geometry III (MA) (3-4)
MAT 275: Modern Differential Equations (MA) (3)
MAT 343: Applied Linear Algebra (3)

Electives (choose three courses) -- 9 credit hours
ABS 350: Applied Statistics (CS) or STP 420: Introductory Applied Statistics (CS) (3)
MAT 300: Mathematical Structures (L) (3)
MAT 310: Introduction to Geometry (3)
MAT 350: Techniques and Applications of Applied Mathematics (3)
MAT 495: Undergraduate Research or MAT 499: Individualized Instruction (3-4)
PHY 302: Mathematical Methods in Physics II (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in applied mathematics

Other Enrollment Requirements: MAT 265 or 270 with a "C" or better.

The minor in applied mathematics is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and to be recognized in their particular major.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in applied math can help students use mathematical modeling and computational methods as they pursue careers in biology, natural science management or pathology.

## Arabic Studies Minor (LAARBMIN)

**Campus:** Tempe

**Description:** The minor program in Arabic studies provides students with instruction in Modern Standard Arabic as well as Arab culture and literature. Students completing the prescribed coursework are expected to be able to communicate effectively in Arabic and interact with native speakers of the language as well as reading authentic material in Arabic and writing paragraphs in Modern Standard Arabic.

Literature courses expand students' knowledge in Arabic, the Middle East and Islamic culture and civilization. Students of all academic disciplines doing research or seeking employment in areas related to the Middle East or other parts of the Arab world will find the minor in Arabic highly beneficial.

Students are encouraged to participate in a study abroad program (https://goglobal.asu.edu/) to enhance their education and overall minor experience.

**Program Requirements:**
The minor in Arabic studies requires 28 credit hours of courses detailed below. A minimum grade of "C" (2.00 on a 4.00 scale) or better is required in each course. Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 25 credit hours
ARB 201: Intermediate Arabic I (G) (5)
ARB 202: Intermediate Arabic II (G) (5)
ARB 311: Advanced Arabic Skills I or ARB 315: Advanced Arabic for Heritage Speakers (3)
ARB 331: Arabic/Islamic Culture and Literature (HU & H & G) (3)
ARB 341: Quran Text and Women (HU & H) or ARB 351: Classical Arabic Literature (HU & G) (3)

ARB 352: Modern Arabic Literature in Translation (HU & G) or ARB 422: Advanced Arabic Media (G) (3)
ARB 411: Advanced Arabic Skills II (G) (3)

Related Area (choose one) -- 3 credit hours
AFR 372: Islam and Islamic Societies in Africa: Social and Political History (G) (3)
AFR 373: Islam and World Affairs (G) (3)
AFR 480: Different Voices Within Contemporary Islamic Discourse (3)
ARB 321: Arabic Conversation I (3)
ARB 335: Arabic Culture and Islam (G) (3)
ARB 336: Introduction to the Qur'an (G) (3)
ARB 337: Hadith and Prophetic Tradition (HU & H & G) (3)
ARB 340: Arabic Translation (3)
ARB 341: Quran Text and Women (HU & H) (3)
ARB 351: Classical Arabic Literature (HU & G) (3)
ARB 352: Modern Arabic Literature in Translation (HU & G) (3)
ARB 360: Islamic Philosophical Literature (3)
ARB 394: Colloquial Arabic: Levantine (3)
ARB 421: Arabic Conversation II (3)
ARB 422: Advanced Arabic Media (G) (3)
ARB 427: Arabic Prose: Reading the Arabian Nights (3)
ARB 428: Arab Women's Writing (HU & G) (3)
HST 372: Modern Middle East (SB & G & H) (3)
REL 365: Islamic Civilization (HU & H) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in international letters and cultures (Arabic studies)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in Arabic studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

## Architectural Studies Minor (ARSTDMIN)

**Campus:** Tempe

**Description:** The minor program in architectural studies at The Design School provides an overview of architecture throughout history while focusing on architectural design, and it provides students opportunities to explore and apply architectural thinking.

**Program Requirements:**
A minimum of 18 credit hours (including nine credit hours of upper-division coursework) are required for the minor. A minimum grade of "C" (2.00) is required in all classes for the minor.
A minimum GPA of 2.50 in minor courses is required to earn the minor in architectural studies.

Architecture Project (choose one) -- 3 credit hours
ARC 101: Architecture Project I (3)
ARC 102: Architecture Project II (3)

Architecture of Architecture (choose one) -- 3 credit hours
ARC 111: Architecture of Architecture I (3)
ARC 112: Architecture of Architecture II (3)

Upper Division Architecture Electives -- 9 credit hours
APH 494: Frank Lloyd Wright (3)
APH 494: Peter Zumthor (3)
APH 494: The Image of Rome (3)
ARC 301: Architecture Project V (3)
ARC 302: Architecture Project VI (3)
ARC 330: World and Western Architecture for Nonmajors (HU & H & G) or ARC 331: World and Western Architecture I ((L or HU) & G & H) (3)
ARC 332: World and Western Architecture II ((L or HU) & G & H) (3)
ARC 394: Architecture Bootcamp (3)
ARC 394: Special Topics (3)
ARC 431: Contemporary Architecture and Urbanism 1970 to the Present (HU & H) (3)
ARC 434: Great Cities ((L or HU) & H) (3)
ARC 436: Charles and Ray Eames (HU) (3)
ARC 494: Special Topics (3)
ARC Upper Division Elective (3-9)

Architecture Elective -- 3 credit hours
APH 494: Frank Lloyd Wright (3)
APH 494: Peter Zumthor (3)
APH 494: The Image of Rome (3)
ARC 101: Architecture Project I or ARC 102: Architecture Project II (3)
ARC 111: Architecture of Architecture I or ARC 112: Architecture of Architecture II (3)
ARC 201: Architecture Project III (3)
ARC 202: Architecture Project IV (3)
ARC 301: Architecture Project V (3)
ARC 302: Architecture Project VI (3)
ARC 330: World and Western Architecture for Nonmajors (HU & H & G) or ARC 331: World and Western Architecture I ((L or HU) & G & H) (3)
ARC 332: World and Western Architecture II ((L or HU) & G & H) (3)
ARC 394: Architecture Bootcamp (3)
ARC 394: Special Topics (3)

ARC 434: Great Cities ((L or HU) & H) (3)
ARC 436: Charles and Ray Eames (HU) (3)
ARC 494: Special Topics (3)
ARC Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: BSD in architectural studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

## Art History Minor (FAARTHMIN)

**Campus:** Tempe, Online

**Description:** The art history minor is designed for students who are interested in a broad introduction to the study of the history of art. In giving students substantial chronological exposure to the history of art from diverse cultures, the minor program strengthens their academic preparation. Students are able to select courses based on their individual interests.

A minor in art history, especially in conjunction with a major in another field, enhances opportunities for future graduate study.

**Program Requirements:**
The School of Art offers a minor in art history consisting of 18 credit hours of coursework, including 12 credit hours of upper-division electives. A minimum grade of "C" (2.00) is required in all courses for the minor. For those pursuing a minor, a minimum overall GPA of "C" (2.00) is required. Courses may not be double counted in a major and the minor, and a minimum of 12 credit hours of resident credit at ASU are required.
ARS 100 and ARS 300 may not be used toward an art history minor if the student has credit in ARS 101 and ARS 102. If a student has completed ARS 100 or ARS 300, then they must complete ARS 201 and ARS 202 instead of ARS 101 and 102.

Core Courses -- 6 credit hours
ARS 101: Art from Prehistory Through Middle Ages (HU & H) (3)
ARS 102: Art from Renaissance to Modernism (HU & H) (3)

Art History Upper Division Courses -- 12 credit hours
ARS Upper Division Elective (12)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in art (art history)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in art history can help students as they pursue careers in design fields, anthropology, archaeology, cultural criticism and the curatorial practices of museums.

## Asian Languages (Chinese) Minor (LACHIMIN)

**Campus:** Tempe

**Description:** Students pursuing the minor in Asian languages with a focus in Chinese gain an understanding of the language, literature and cultures of China. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience.

Highly motivated students interested in learning Chinese to professional-level proficiency while simultaneously pursuing the Asian languages minor with a focus in Chinese and undergraduate major of their choice are encouraged to apply to the Chinese Language Flagship Program (https://silc.asu.edu/chineseflagship).

**Program Requirements:**
The minor in Asian languages (Chinese) consists of 18 credit hours, of which 12 credit hours must be upper division. All courses used toward the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.
Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 10 credit hours
CHI 301: Third-Year Chinese I (G) (5)
CHI 302: Third-Year Chinese II (G) (5)

CHI Electives -- 8 credit hours
CHI 201: Second-Year Chinese I (G) AND CHI 202: Second-Year Chinese II (G) or CHI 210: Intensive Chinese II (6)
Notes: CHI 201 and CHI 202 grant 5 credit hours each. The extra 4 credits earned will be applied to the minimum 120 credit hours needed for graduation. Students may opt to take CHI 210 Intensive Chinese II, an 8 credit hour course equivalent to CHI 201 and CHI 202. The extra 2 credits earned will be applied to the minimum 120 credit hours for graduation.
CHI 307: Introduction to Literary Chinese I (HU) (3)
CHI 308: Introduction to Literary Chinese II (HU) (3)
CHI 321: Chinese Literature (HU) (3)
CHI 322: Chinese Literature (HU & G) (3)
CHI 333: China (SB & H) (3)
CHI 336: Interpreting China's Classics ((L or HU) & H) (3)
CHI 338: Daode Jing: Way to the West (L or HU) (3)
CHI 345: Chinese Film and Civilization (3)
CHI 348: Pathways into Chinese Culture (3)
CHI 380: The Chinese Language (3)
CHI 401: Fourth-Year Chinese I (G) (3)
CHI 402: Fourth-Year Chinese II (G) (3)
CHI 407: Chinese for Academic and Professional Purposes I (G) (3)
CHI 408: Chinese for Academic and Professional Purposes II (G) (3)
CHI 451: Chinese Cultural History I ((HU or SB) & H) (3)
CHI 452: Chinese Cultural History II (SB & G & H) (3)
CHI 470: Modern Chinese Literature and Culture (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Asian languages (Chinese); BA in Asian languages (Chinese) --- Chinese flagship; BA in business (Chinese language and culture)

Other Enrollment Requirements: None

Students who wish to add a minor in Asian Languages with a focus in Chinese to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in Chinese studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

## Asian Languages (Japanese) Minor (LAJPNMIN)

**Campus:** Tempe

**Description:** Students pursuing the minor in Asian languages with a focus on Japanese gain an understanding of the language, literature and cultures of Japan.

There are opportunities to partake in study abroad programs (https://goglobal.asu.edu), which can serve to enhance a student's minor experience and education.

**Program Requirements:**
The minor in Asian languages (Japanese) consists of 18 credit hours, of which 12 credit hours must be upper division. All courses used toward the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.
Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 9 credit hours
JPN 301: Third-Year Japanese I (G) (3)
JPN 302: Third-Year Japanese II (G) (3)
JPN 333: Japanese Civilization from the Ice Age to Last Thursday (3)

Elective Courses -- 9 credit hours
JPN 2** Elective (6)
Notes: JPN 201 (5 credit hours) and JPN 202 (5 credit hours) or JPN 210 (8 credit hours) are prerequisites to JPN 300-level language courses. A maximum of six credit hours of the JPN 200-level electives or prerequisite courses may be applied to the Japanese minor. Any remaining credit hours from the JPN 200-level courses will be applied to the 120 credit hours minimum for graduation.
JPN 309: Japanese Oral Communication I (3)
JPN 310: Japanese Oral Communication II (3)
JPN 311: Japanese Composition I (G) (3)
JPN 394: Special Topics (3)
JPN 401: Reading Modern Japanese Texts ((L or HU) & G) (3)
JPN 414: Introduction to Classical Japanese (3)
JPN 415: Advanced Classical Japanese (3)
JPN 445: Readings in Modern Japanese Letters and Culture (3)
JPN 485: Japanese Literature and the Art of Translation (3)
JPN 492: Honors Directed Study or JPN 493: Honors Thesis (L) (3)
JPN 494: Special Topics (3)
JPN 499: Individualized Instruction (3)
SLC 421: Japanese Literature in Translation (3)
Notes: A maximum of 3 credit hours of SLC 421 may be applied to the Japanese minor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Asian languages (Japanese)

Other Enrollment Requirements: None

Students who wish to add a minor in Asian languages with a focus on Japanese to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills

they acquire in their majors.

A minor in Japanese studies helps students with communication and cultural competency skills as they pursue careers fields such as:

- diplomacy
- education
- entertainment
- foreign service
- international business
- marketing
- military
- political analysis
- sociology
- science and technology
- teaching
- tourism and hospitality

## Asian Pacific American Studies Minor (LAAPAMIN)

**Campus:** Tempe

**Description:** The Asian Pacific American studies minor program prepares students to address issues of justice, equity and access at the intersections of citizenship, race and ethnicity, gender and sexuality, class and culture and to identify actions and solutions based in community experiences and community-based research across multiple disciplines. Students have the opportunity to work with a dedicated faculty committed to community-engaged research and student-centered learning.

The program educates students in social justice, the global causes and impacts of Asian and Pacific Islander migration, relational and comparative racial formations, and ethnic studies movements that have made and continue to make a difference in society for all people. The interdisciplinary faculty comprises expertise in critical ethnic studies, diaspora and globalization, U.S imperialism and settler colonialism, social networks, immigration, interracial and interethnic relations, and the health and well-being of Asian Pacific American families and communities. The faculty listing is on the Asian Pacific American studies (https://sst.asu.edu/apas-faculty) website.

The Asian Pacific American studies program is housed in ASU's interdisciplinary School of Social Transformation, the only school of its kind in the United States.

**Program Requirements:**
The minor requires completion of 18 credit hours. At least 12 credit hours must be completed at the upper-division level and a grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Core Courses -- 6 credit hours
APA 200: Introduction to Asian Pacific American Studies ((HU or SB) & C) (3)
APA 360: Asian Pacific American Experience (3)

Electives (choose four) -- 12 credit hours
APA 210: Introduction to Ethnic Studies in the U.S. (C) (3)
APA 310: Asian Pacific American Arts and Cultures (HU & C) (3)
APA 315: Asian Pacific American Literature (HU & C) (3)
APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
APA 340: Asian Pacific Americans and Media (HU & C) (3)
APA 345: Asian Pacific Americans and Film (HU & C & H) (3)
APA 360: Asian Pacific American Experience (3)
APA 450: Asian Pacific American Contemporary Issues (SB & C) (3)
APA 484: Internship (3)
APA 499: Individualized Instruction (3)
APA 360 Asian Pacific American Experience is required for the core. The course may be repeated for APA elective credit if taken with different topic titles.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in Asian Pacific American studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Those with a minor in Asian Pacific American studies are able to bring specialized knowledge and skills pertaining to social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

## Astronomy Minor (LAASTMIN)

**Campus:** Tempe, Online

**Description:** The astronomy minor is designed for students interested in developing a basic understanding of astronomy and astrophysics and analyzing issues through a scientific viewpoint.

**Program Requirements:**
The minor in astronomy consists of a minimum of 23 credit hours, of which at least 12 credit hours must be upper division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 14 credit hours
AST 111: Introduction to Solar Systems Astronomy (SQ) (4)
AST 112: Introduction to Stars, Galaxies, and Cosmology (SQ) (4)
AST 321: Introduction to Planetary and Stellar Astrophysics (3)
AST 322: Introduction to Galactic and Extragalactic Astrophysics (3)

Electives -- 9 credit hours
AST OR  MAT OR  PHY OR  SES Upper Division Elective  (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in earth and space exploration (astrophysics); BS in astronomical and planetary sciences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

The astronomy minor supplements other degrees with problem-solving techniques and skills used in modern astronomy research applicable to a wide variety of engineering and science careers.

**Contact Information:**

School of Earth and Space Exploration
https://sese.asu.edu/
ISTB4 795
sese-advising@asu.edu
480-965-5081

## Astrophysics Minor (LAASTPHMIN)

**Campus:** Tempe

**Description:** The astrophysics minor is designed for students interested in developing a background in the theoretical modeling and observational techniques of galactic and stellar astronomy, extragalactic astronomy and cosmology.

Students completing the minor are able to think critically about scientific problems by reducing complex problems to their most important attributes and are able to design experiments, observations and theoretical models that address those attributes.

Students pursuing an astrophysics minor are expected to have a strong background in physics and mathematics.

**Program Requirements:**
The minor in astrophysics consists of a minimum of 20 credit hours. At least 12 credit hours must be upper division. Students complete 12 credit hours of required coursework and select one of three eight-credit hour options to complete the minor. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours
AST 321: Introduction to Planetary and Stellar Astrophysics (3)
AST 322: Introduction to Galactic and Extragalactic Astrophysics (3)
AST 421: Astrophysics I (3)
AST 422: Astrophysics II (3)

Electives Options -- 8 credit hours
Choose one of the following options for the additional eight credit hours. (8)

Option 1
SES 121: Earth, Solar System and Universe (SQ) (3)
SES 123: Earth, Solar System and Universe Laboratory (SQ) (1)
SES 126: Exploration of the Universe (3)
SES 128: Exploration of the Universe Lab (1)

Option 2
AST 111: Introduction to Solar Systems Astronomy (SQ) (4)
AST 112: Introduction to Stars, Galaxies, and Cosmology (SQ) (4)

Option 3
AST OR  MAT OR  PHY OR  SES Upper Division Elective  (8)

In order to satisfy SQ natural science requirements, both a lecture and its corresponding laboratory section must be completed.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in earth and space exploration (astrophysics); other BS in earth and space exploration concentrations are only compatible with the astrophysics minor as long as option 2 or 3 of the minor are pursued

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

The astrophysics minor supplements other technical degrees with advanced problem-solving techniques and skills used in modern astrophysics research which are applicable to a wide variety of engineering and science careers.

## Behavior Analysis Minor (TEBEHANMIN)

**Campus:** Online

**Description:** The minor in behavior analysis pairs research and experience to prepare professionals to address behavior across a range of settings including schools, industry, clinics and community using the principles of applied behavior analysis. All courses are online, combining a number of resources and technologies to provide students the opportunity to interact with program faculty and classmates.

Mary Lou Fulton Teachers College coursework for this minor is verified by the Association for Behavior Analysis International as aligned with the Behavior Analyst Certification Board knowledge and skills that serve as the foundation for the Board Certified Assistant Behavior Analyst® examination. Once certified, these professionals are equipped to meet varied behavior needs and make a lasting difference in the community. Board-certified assistant behavior analysts are also qualified to supervise the work of registered behavior technicians and others who implement behavior-analytic interventions.

This coursework also meets the academic content requirements for students to obtain the BACB® Registered Behavior Technician® credential, a paraprofessional certification in behavior analysis.

**Program Requirements:**
Required Courses -- 15 credit hours
SPE 365: Concepts, Principles and Foundations of Behavior Analysis (SB) (3)
SPE 366: Measurement and Experimental Analysis of Behavior (3)
SPE 448: Assessing and Improving Challenging Behavior in Schools and Clinics (3)
SPE 449: Assessment and Program Planning for Diverse Learning Needs (3)
SPE 450: Professional and Ethical Practice in Behavior Analysis Service and Supervision (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students enhance the marketable skills they acquire in their major program and earn additional certifications and industry credentials.

Program graduates are well-prepared to work across various populations and settings, including home, school and community environments, where they provide applied behavior analysis and evidence-based consultative services and support for children, youth and adults.

Professionals with expertise in evidence-based practices in behavior analysis are in high demand. Career examples include:

- Board certified Assistant Behavior Analyst®
- early interventionist
- Registered Behavior Technician®
- special education teacher

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Biochemistry Minor (LABCHMIN)

**Campus:** Tempe, Online

**Description:** The biochemistry minor program is designed to give students majoring in other disciplines a solid grounding in the basics of biochemistry to complement their major degree program. It is especially appropriate for students whose majors are in the various disciplines of life sciences, physics, engineering and geology and for students planning careers in the fields of medicine and health.

**Program Requirements:**
The minor in biochemistry comprises 28 credit hours of required courses, of which at least 12 credit hours must be at the upper-division level. Six of the 12 upper-division credit hours must be from courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 28 credit hours
CHM 113: General Chemistry I (SQ) or CHM 117: General Chemistry for Majors I (SQ) AND CHM 111: General Chemistry Laboratory for Majors I (SQ) (4)
CHM 116: General Chemistry II (SQ) or CHM 118: General Chemistry for Majors II (SQ) AND CHM 112: General Chemistry Laboratory for Majors II (SQ) (4)
CHM 233: General Organic Chemistry I (3)
CHM 234: General Organic Chemistry II (3)
CHM 237: General Organic Chemistry Laboratory I (1)
Notes:  ASU Online students will complete CHM 237 and 238 in person in a compressed summer format.
CHM 238: General Organic Chemistry Laboratory II (1)
BCH 341: Physical Chemistry with a Biological Focus (3)
BCH 461: General Biochemistry (3)
BCH 462: General Biochemistry (3)
BCH 467: Analytical Biochemistry Laboratory (L) (3)
Notes:  ASU Online students will complete BCH 467 in person in a compressed summer format.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in applied biological sciences (all concentrations); BS in biochemistry (medicinal chemistry); BS in chemistry (environmental chemistry); BS in forensic science; BS in health sciences (preprofessional); BS in biochemistry; BA in biochemistry; BS in chemistry; BA in chemistry; BS in biological sciences (genetics, cell and developmental biology); BS in biological sciences (neurobiology, physiology and behavior); BS in medical studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear

on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors

A minor in biochemistry can help students as they pursue careers in medicine and health, chemical and biotechnology industries, research, government laboratories, environmental and food science, teaching and many other technical areas.

**Contact Information:**

## Biological Sciences Minor (LABIOMIN)

**Campus:** Tempe, Online

**Description:** Biological science encompasses the study of all living things and includes the study of basic organization and function, how organisms evolve, their roles in the natural environment, how hereditary information is transferred, and the development of biotechnology.

The minor in biological sciences is a program designed to provide students with a flexible curriculum that can be tailored to their interests.

**Program Requirements:**
The minor in biological sciences requires a minimum of 24 credit hours, of which at least 12 credit hours must be upper division. At least six of the upper-division credit hours must be from courses offered by The College of Liberal Arts and Sciences.
The remaining elective credit hours may be chosen from those courses in the life sciences that can be used toward the majors offered by the school. Three credits of undergraduate research or internship (BIO 390 OR BIO 484 or MBB 484 or MIC 484 OR BIO 495 or MBB 495 or MIC 495) may be allowed in the minor.

Core Minor Requirement (15-16 credits) -- 15 credit hours
BIO 181: General Biology I (SQ) (4)
BIO 182: General Biology II (SG) (4)
BIO 340: General Genetics or MBB 347: Molecular Genetics: From Genes to Proteins (4)
BIO 345: Evolution or MIC 206: Microbiology Laboratory (SG) AND MIC 220: Biology of Microorganisms (3-4)

Electives (8-9 credits) -- 9 credit hours
BIO OR MBB OR MIC Upper Division Elective (8-9)
Students will complete 8-9 credit hours in electives selected from the BIO, MBB or MIC prefixes, all of which must be upper-division courses. Lower-division biology courses, including but not limited to, BIO 100, BIO 201, BIO 202 and MIC 205, may not be used in the biological sciences minor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in biological sciences (all concentrations); BS in microbiology (all concentrations); BS in molecular biosciences and biotechnology; BS in medical studies; BS in neuroscience; BS in nutrition; BS in public health

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in biological sciences can help students as they pursue a variety of careers, such as biologists, biological technicians, medical and clinical laboratory technologists, zoologists, geneticists, and educators.

## Biology Minor (ASLSCMIN)

**Campus:** West

**Description:** A minor in biology can be a valuable asset, particularly when paired with an appropriate major. For instance, a minor in biology paired with a major in political science provides a good background for someone who intends to practice environmental law.

**Program Requirements:**
The minor in biology consists of 19 credit hours, of which 11 must be upper division. A minimum of eight upper-division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. Coursework taken to fulfill the requirements of the minor may not be used to fulfill requirements of a student's major. Students should consult with an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 8 credit hours
BIO 182: General Biology II (SG) (4)
CHM 116: General Chemistry II (SQ) (4)

Ecology, Cell Biology, or Genetics Requirement (select one combination) -- 4 credit hours
BIO 320: Fundamentals of Ecology AND LSC 322: Fundamentals of Ecology Laboratory (4)
BIO 353: Cell Biology AND BIO 354: Cell Biology Laboratory (4)
LSC 347: Fundamentals of Genetics AND LSC 348: Fundamentals of Genetics Laboratory (4)

Upper-Division Electives -- 7 credit hours
BCH 371: Modern Concepts in Biochemistry (3)
BCH 372: Modern Concepts in Biochemistry Laboratory (1)
BIO 306: Modes of Biological Thought (L) (3)
BIO 320: Fundamentals of Ecology (3)
BIO 340: General Genetics (4)
BIO 345: Evolution (3)
BIO 353: Cell Biology (3)
BIO 354: Cell Biology Laboratory (1)
BIO 360: Animal Physiology (3)
BIO 370: Vertebrate Zoology (4)
BIO 385: Comparative Invertebrate Zoology (4)
BIO 410: Techniques in Conservation Biology and Ecology (L) (3)
BIO 422: Ecosystem Ecology (3)
BIO 423: Population and Community Ecology (3)
BIO 426: Limnology (L) (3)
BIO 431: Genes, Development, and Evolution (L) (3)
BIO 443: Applied Molecular Genetics and Genomics (3)
BIO 471: Ornithology (3)
BIO 474: Herpetology (4)
ENV 300 / PLB 300: Plant Diversity and Evolution (L or SG) (4)
ENV 302 / PLB 302: Plants and Civilization (L) (3)
ENV 345: Spatial Analysis in the Environmental Sciences (3)
ENV 388 / FOR 388 / LSC 388 / PLB 388 / PTX 388: STEM Research Fundamentals (3)
ENV 394 / LSC 394: Animal Behavior in a Changing Environment (3)
ENV 410: Soil Science (4)

ENV 485: Environmental Impact Assessment (3)
FOR 370: Fundamentals of Forensic Analysis (4)
FOR 377: Forensic Analytical Chemistry Laboratory (2)
FOR 380 / LSC 380: Analysis of Nonhuman Forensic DNA Evidence (3)
FOR 400: Comparative Forensics (3)
FOR 401 / PTX 401: Forensic Toxicology (3)
FOR 402: Forensic Biology (3)
FOR 414: Fundamentals of Forensic Entomology (4)
FOR 425 / LSC 425: Analytical Chemistry for Life Sciences (3)
FOR 426 / LSC 426: Analytical Chemistry for Life Sciences Lab (2)
FOR 447 / LSC 447: Molecular Genetics Laboratory (1)
FOR 475 / LSC 475 / PTX 475: Principles of Toxicology (3)
FOR 480 / LSC 480: Advanced Topics in Human Forensic DNA Typing (3)
LSC 322: Fundamentals of Ecology Laboratory (1)
LSC 347: Fundamentals of Genetics (3)
LSC 348: Fundamentals of Genetics Laboratory (1)
LSC 359: Animal Physiology Laboratory (1)
LSC 362: The Human Environment (3)
LSC 363: Genes, Race, Gender, and Society (L) (3)
LSC 430: Environmental and Human Toxicology (4)
LSC 432 / PTX 432: Fundamentals of Pharmacology (3)
LSC 434: Marine Ecology (3)
MIC 443: The Microbial Universe (3)
MIC 444: The Microbial Universe Laboratory (1)
PLB 308: Plant Physiology (4)
PLB 310: The Flora of Arizona (4)
PTX 301: Basics of Pharmacology and Toxicology (3)
PTX 450: Pharmacology and Toxicology Laboratory (1)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in biology; BA and BS in environmental science; BS in biology (environmental science); BS in biology (pharmacology/toxicology); BS in biotechnology and bioenterprise; BS in forensic science; BS in pharmacology and toxicology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates who have included this minor with their major have a wide variety of options. They are prepared to pursue graduate studies or seek careers in such diverse areas as environmental management and conservation, health professions, laboratory research, primary and secondary school teaching, science advisement to businesses and government, and science writing.

## Business Minor (BABUSMIN)

**Campus:** Tempe, Online

**Description:** A minor in business is available to students who are interested in business courses but wish to pursue majors in other colleges. The courses available for the minor are designed to appeal to and inform the nonbusiness student while covering a broad range of topics that are important to managers, such as:

- accounting

- computer information systems
- economics
- finance
- management
- marketing
- supply chain management

**Program Requirements:**
Students must complete 18 credit hours (12 of which must be upper division) of the specified business courses with a grade of "C" (2.00) or better in each course. At least 12 credit hours must be taken at ASU.

Required Courses -- 15 credit hours
ACC 382: Accounting and Financial Analysis (3)
ECN 211: Macroeconomic Principles (SB) or ECN 212: Microeconomic Principles (SB) (3)
FIN 380: Personal Financial Management (3)
MGT 380: Management and Strategy for Nonmajors (3)
MKT 390: Essentials of Marketing (3)

Elective (select one) -- 3 credit hours
AGB 420: Food Advertising and Promotion (3)
AGB 445: Food Retailing (3)
AGB 456: Food Product Innovation and Development (3)
CIS 300: Web Design and Development (3)
CIS 308: Advanced Excel in Business (3)
ECN 211: Macroeconomic Principles (SB) or ECN 212: Microeconomic Principles (SB) (3)
FIN 331: Financial Markets and Institutions (3)
LES 380: Consumer Perspective of Business Law (3)
MKT 391: Essentials of Selling (3)
MKT 395: Essentials of Advertising and Marketing Communication (3)
MKT 398: Essentials of Sports Business (3)
REA 380: Real Estate Fundamentals (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.
The College of Liberal Arts and Sciences Economics majors must use ECN 211 and ECN 212 in their degree and will take an additional elective to replace that requirement in the minor.
ACC 231 may substitute for ACC 382, if previously taken.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: all W. P. Carey School of Business undergraduate degree programs

Other Enrollment Requirements: None

This minor is open to non-Business majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies to complement the marketable knowledge and skills they acquire in their majors.

A minor in business can help students with understanding the foundations of business as they pursue careers in management or sales within their industry.

## Chemistry Minor (ASCHMMIN)

**Campus:** West

**Description:** The minor program in chemistry offered by the School of Mathematical and Natural Sciences gives students expanded proficiency in the area of chemistry. The program's additional biochemistry and analytical chemistry courses give students more experience in the advanced and integrative fields of chemistry.

Many of the growing career fields, such as forensic sciences, medicine and environmental quality, require a greater amount of chemistry than in the past. Therefore, students with a stronger chemistry background have a competitive advantage in these fields, and this chemistry minor highlights that expanded chemistry knowledge for students' future schools and employers.

**Program Requirements:**
The minor in chemistry consists of 18 credit hours. A minimum of nine credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Course List -- 18 credit hours
BCH 341: Physical Chemistry with a Biological Focus (3)
BCH 371: Modern Concepts in Biochemistry (3)
BCH 372: Modern Concepts in Biochemistry Laboratory (1)
CHM 113: General Chemistry I (SQ) (4)
CHM 116: General Chemistry II (SQ) (4)
CHM 233: General Organic Chemistry I (3)
CHM 237: General Organic Chemistry Laboratory I (1)
CHM 234: General Organic Chemistry II (3)
CHM 238: General Organic Chemistry Laboratory II (1)
CHM 302: Environmental Chemistry (3)
FOR 401: Forensic Toxicology (3)
FOR 425 / LSC 425: Analytical Chemistry for Life Sciences (3)
FOR 426 / FOR 426: Analytical Chemistry for Life Sciences Lab (2)
FOR 494: Forensic Chemistry Lab (1)
PTX 301: Basics of Pharmacology and Toxicology (3)
PTX 475: Principles of Toxicology (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in environmental science; BS in biology (pharmacology/toxicology); BS in biology (environmental science); BS in forensic science; BS in pharmacology and toxicology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students with a minor in chemistry are employed in a variety of fields and are well suited in positions such as laboratory technician, research assistant, environmental scientist, technical advisor, science communication professional, hazard communication, chemical education and consultancy.

**Contact Information:**

## Chemistry Minor (LACHMMIN)

**Campus:** Tempe

**Description:** The chemistry minor program is designed to give students majoring in other disciplines a solid grounding in the basics of chemistry in order to complement their major degree. It is especially appropriate for students whose majors are in the various disciplines of physics, materials science, geology, engineering and life sciences.

**Program Requirements:**
The minor in chemistry comprises 28 credit hours of required courses, of which at least 12 credit hours must be completed at the upper-division level. Six of the 12 upper-division credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 20 credit hours
CHM 113: General Chemistry I (SQ) or CHM 117: General Chemistry for Majors I (SQ) AND CHM 111: General Chemistry Laboratory for Majors I (SQ) (4)
CHM 116: General Chemistry II (SQ) or CHM 118: General Chemistry for Majors II (SQ) AND CHM 112: General Chemistry Laboratory for Majors II (SQ) (4)
CHM 233: General Organic Chemistry I (3)
CHM 237: General Organic Chemistry Laboratory I (1)
CHM 234: General Organic Chemistry II (3)
CHM 238: General Organic Chemistry Laboratory II (1)
CHM 325: Analytical Chemistry (3)
CHM 326: Advanced Analytical Chemistry Laboratory (1)
Notes: CHM 325 and CHM 326 should be completed at the Tempe campus for this minor.

Options -- 8 credit hours
Choose one of the following options for the additional 8 credit hours. (8)

Option 1
BCH 361: Advanced Principles of Biochemistry (3)
BCH 367: Elementary Biochemistry Laboratory (1)
CHM 341: Elementary Physical Chemistry (3)
Notes: BCH 341 may not be used to substitute CHM 341.
CHM 343: Elementary Physical Chemistry Laboratory (1)

Option 2
CHM 345: Physical Chemistry I (3)
Notes: CHM 345 and CHM 348 are only offered in the Fall semester.
CHM 348: Physical Chemistry Laboratory I (L) (1)
CHM 346: Physical Chemistry II (3)
Notes: CHM 346 and CHM 349 are only offered in the Spring semester.
CHM 349: Physical Chemistry Laboratory II (L) (1)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in applied biological sciences (all concentrations); BS and BA in biochemistry; BS in biochemistry (medicinal chemistry); BS and BA in chemistry; BS in chemistry (environmental chemistry); BS in forensic science; BS in health sciences (preprofessional); BS in nutrition; BS in nutrition (human nutrition); BS in medical studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A chemistry minor can benefit those who pursue careers in chemical and electronics industries, manufacturing and environmental industries, in national research labs and forensic labs.

## Civic and Economic Thought and Leadership Minor (LACELMIN)

**Campus:** Tempe

**Description:** The minor program in civic and economic thought and leadership trains students to read and understand influential ideas in philosophy, economics and politics in order to become leaders in their field of study. Through faculty use of the Socratic method teaching style, students are challenged in the classroom and forced to think critically about the problems that impact society today.

Students in the minor participate in a high-impact curriculum and are eligible for a global intensive experience, leadership seminars, an internship program and special access to prominent scholars and visiting fellows.

**Program Requirements:**
The minor in civic and economic thought and leadership requires 18 credit hours, of which 12 credit hours must be upper division. At least 12 credit hours must be taken from ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours
CEL 100: Great Ideas of Politics and Ethics (HU) (3)
CEL 200: Great Debates in American Politics (HU) (3)
CEL 300: Debating Capitalism (3)
CEL 475: Statesmanship and American Grand Strategy (HU) (3)

Upper-Division Electives -- 6 credit hours
CEL 3** Elective (3)
CEL 4** Elective (3)
CEL 484: Internship (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in civic and economic thought and leadership; BS in civic and economic thought and leadership

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor from the School of Civic and Economic Thought and Leadership can support a student's major and may be considered a benefit when a student is interviewing for a job or applying to graduate school. Completing a minor program shows employers or schools that the student is focused on educational goals and can handle the additional workload.

Students interested in careers as lawyers, doctors, journalists, educators, law enforcement officials and political scientists benefit from this liberal arts education that provides the academic foundation they need to ask informed questions, make sound decisions for the common good and solve the difficult problems that leaders confront in any discipline.

## Communication Minor (HSCMNMIN)

**Campus:** West

**Description:** The minor program in communication provides students the opportunity to understand the role and function of communication in cultural, public, organizational and relational contexts.

The program offers a flexible set of courses, and it is designed for students majoring in another field.

**Program Requirements:**
The minor in communication consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be taken through the School of Social and Behavioral Sciences. Students wishing to pursue the minor must meet with an academic advisor to construct a set of courses that reflect a particular area of specialty and interest. All courses must be passed with a minimum grade of "C" (2.00).

Required Courses -- 6 credit hours
COM 100: Introduction to Human Communication (SB) (3)
COM 225: Public Speaking (L) (3)

Upper Division COM Electives -- 12 credit hours
COM Upper Division Elective (12)
Notes: Up to three credit hours of COM 382, 383, 483, 484, 498 or 499 may be applied toward the minor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in communication

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The minor in communication is a strong addition to any major. The minor enhances student preparation for employment in such diverse areas as:

- advertising
- corporate communications
- crisis management
- health communications
- human resource management
- media and public relations
- social media
- training and development

**Contact Information:**

## Communication Minor (LACOMMIN)

**Campus:** Tempe, Online

**Description:** The minor program in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities.

**Program Requirements:**
The minor in communication consists of 18 credit hours, of which 12 credit hours must be upper division. Nine of the 18 credit hours must be ASU

resident-credit courses, including six upper-division credit hours offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours
COM 100: Introduction to Human Communication (SB) (3)
COM 225: Public Speaking (L) or COM 259: Communication in Business and the Professions (3)

Minor Electives (choose two) -- 6 credit hours
COM 310: Relational Communication (SB) (3)
COM 312: Communication, Conflict, and Negotiation (3)
COM 316: Gender and Communication (SB & C) (3)
COM 323: Communication Approaches to Popular Culture (C) (3)

Related Area -- 6 credit hours
SGS OR  APA OR  AFR OR  TCL OR  AIS Upper Division Elective  (6)

No pass/fail, "Y" credit or credit/no-credit courses are allowed.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA and BS in communication

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in communication can help students as they pursue careers in marketing, education or public relations.

## Communication Minor (LSCOMMIN)

**Campus:** Downtown Phoenix, Polytechnic

**Description:** The minor program in communication provides exposure to practical and theoretical aspects of communication, focusing on message-based processes that create, maintain and transform identities, relationships, organizations and cultures.

**Program Requirements:**
This minor requires 18 credit hours of communication courses.
Six credit hours must be taken from COM courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 6 credit hours
COM 100: Introduction to Human Communication (SB) (3)
COM 430: Leadership in Group Communication (3)

Elective Courses -- 12 credit hours
 COM  Elective  (3)
COM Upper Division Elective  (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA or BS in communication; BA in business (communication)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.  A minor in communication can help students as they pursue careers in marketing, law, human resources, management and numerous related fields.

**Contact Information:**
Integrative Sciences and Arts, College of
School of Applied Sciences and Arts

## Community Health Minor (NUCHLTMIN)

**Campus:** Downtown Phoenix, West

**Description:** The minor in community health is designed for those who want to create healthy, sustainable communities.

Community health focuses on the actions and conditions needed for the health and well-being of individuals, families and communities. Students acquire skills for working with teams in diverse settings to formulate research-based strategies that assist individuals in making healthy and sustainable lifestyle choices.

**Program Requirements:**
A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 18 credit hours
HCR 220: Introduction to Health Professions and the U.S. Health Care System (H) (3)
HCR 231: Fundamentals of Community Health (3)
HCR 331: Communication within Communities (3)
HCR 335: Program Development and Management for Community Health (3)
HCR 336: Environmental Community Health (3)
HCR 435: Leaders in Community Health (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in community health

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students pursuing a minor find that the courses in a minor complement and enhance the skill sets and knowledge acquired while pursuing a major program.

Although most career areas require more training than a minor can provide, students pursuing the community health minor learn about health care

and, specifically, the impact communities have on health care. Graduates often pursue employment in an organization focused on health care.

## Community Sports Management Minor (PPCSMMIN)

**Campus:** Downtown Phoenix

**Description:** The community sports management minor focuses on developing skills that support recreational amateur sport programs within the community.

This minor provides the basics of community sport management and supplements a degree in a community-oriented profession.

**Program Requirements:**
Core Courses -- 12 credit hours
CSM 201: Introduction to Parks, Recreation and Sport Management (3)
Notes: Offered fall semester only
CSM 305: Sports Facility Operations and Management (3)
Notes: Offered spring semester only
CSM 407: Ethics and Legal Issues in Sports (3)
Notes: Offered fall semester only
PRM 315: Creating Community Through Park and Recreation Systems (3)
Notes: Offered fall semester only

Electives (choose two) -- 6 credit hours
CSM 335: Sports and Recreation for Youth Development (3)
Notes: Offered spring semester only
CSM 483: Sports Tourism (3)
Notes: Offered spring semester only
CSM 485: Sports Events (3)
Notes: Offered spring semester only
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 310: Volunteer Management (3)
RTH 364: Foundations of Recreation Therapy (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Sport programs exist in a number of settings, including nonprofit organizations, public agencies and corporate programs. For students interested in a career in one of these settings or for those who are simply interested in sport, this minor can provide additional relevant skills.

A minor in community sport management can help graduates as they pursue careers such as coaches and sports marketing managers.

## Computational Mathematical Sciences Minor (LACMSMIN)

**Campus:** Tempe

**Description:** The computational mathematical sciences minor offers a structured curriculum that includes a foundation in calculus with a focus on applied math. Students develop a framework of scientific computing and numerical analysis skills.

**Program Requirements:**
The minor in computational mathematical sciences consists of a minimum of 18 credit hours. At least 12 credit hours must be completed at the upper-division level and all courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 18 credit hours
MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)
MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)
MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)
MAT 420: Scientific Computing (3)
MAT 421: Applied Computational Methods (CS) (3)
MAT 423: Numerical Analysis I (CS) or MAT 425: Numerical Analysis II (CS) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science; BS in statistics; BS in data science; BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in computational mathematical sciences is one of the most versatile minors, offering students many potential career options. This minor assists in positioning students for careers in computer technology, business, medical research, teaching and education, engineering and more.

Diverse areas of study such as cancer modeling, weather forecasting and financial modeling all involve computational mathematical sciences.

## Conflict Resolution Minor (ASCNRMIN)

**Campus:** West

**Description:** The minor program in conflict resolution introduces students to theories and practices that enable them to understand, address and transform conflict while dealing with challenges both at the micro and the macro levels in professional and cross-cultural contexts and in individual and collective interactions.

**Program Requirements:**
The minor in conflict resolution consists of 15 credit hours. A minimum of nine credit hours must be upper division. A minimum of six upper-division credit hours of communication courses must be taken through the School of Social and Behavioral Sciences. All courses must be passed with a

minimum grade of "C" (2.00).

Required Courses -- 15 credit hours
COM 100: Introduction to Human Communication (SB) (3)
COM 312: Communication, Conflict, and Negotiation (3)
COM 371: Language, Culture, and Communication (SB & C & G) or COM 463: Intercultural Communication in a Global Context (SB & G) (3)
COM 423: Facilitating Collaboration and Dialogue or COM 432: Forgiveness and Reconciliation (3)
PAX 230: Introduction to Peace Studies (G) or JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

COM 100 is a prerequisite to COM 312. If COM 100 has already been taken as a major requirement, a communication upper-division elective may be substituted.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: COM 312, a required course in the minor has a minimum GPA of 2.00.

Incompatible Majors: BA in conflict resolution

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students who complete the minor take an interdisciplinary approach to conflict resolution while being grounded in communication. With this solid background, they are ready to pursue further education or careers in diverse areas and in relevant professions, such as:

- arbitrators, mediators, conciliators
- educators
- guidance counselors
- human resource managers or specialists
- marriage and family therapists
- patient representatives
- residential advisors
- social and community service managers

## Construction Management Minor (ESCMGMIN)

**Campus:** Tempe

**Description:** The minor program in construction management is comprised of coursework in construction management processes incorporating the technology and industry practices required to ensure a quality-built environment.

Due to industry demands for increased numbers of skilled personnel, this minor provides much needed supplementary knowledge for architecture, engineering and business majors as well as for students majoring in sustainability.

**Program Requirements:**
The minor in construction management requires 21 credit hours. A minimum cumulative 2.00 ASU GPA is needed to complete the minor.

Core Required Courses -- 21 credit hours
CON 244: Working Drawing Analysis (3)
CON 251: Microcomputer Applications for Construction (3)
CON 252: Building Construction Methods, Materials, and Equipment (3)
CON 383: Construction Estimating (3)
CON 453: Construction Technology (3)

CON 495: Construction Planning and Scheduling (CS) (3)
CON 496: Construction Contract Administration (L) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in construction management; BSE in construction engineering

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Construction management graduates can be employed as:

- building services engineer
- building surveyor
- facilities manager
- site engineer
- sustainability consultant

## Counseling and Applied Psychological Science Minor (LSCAPSMIN)

**Campus:** Polytechnic, Online

**Description:** Counseling and applied psychology coursework focuses on the promotion of psychological well-being. Students learn basic counseling skills and techniques to complement a variety of social science and health majors, including psychology, public health, interdisciplinary studies, social work and the humanities, among many others.

**Program Requirements:**
Required Courses -- 9 credit hours
CAP 120: Introduction to Counseling (SB) (3)
CAP 220: Self in a Multicultural Society (C) (3)
CAP 240: Counseling Skills (3)

Electives (choose four courses) -- 12 credit hours
CAP 310: Addictions I: Foundations and Basic Principles (3)
CAP 315: Trauma and Crisis Intervention (3)
CAP 320: Theories of Counseling and Psychotherapy (3)
CAP 325: Professional Practice and Ethics in Counseling (3)
CAP 330: Group Counseling (3)
CAP 335: Addiction Group Counseling (3)
CAP 340: Multicultural Counseling Theory and Practice (3)
CAP 342: Community Outreach, Prevention and Intervention (3)
CAP 351: Issues in Assessment, Diagnosis and Treatment (3)
CAP 400: Advanced Counseling Research Methods (3)
CAP 420: School Counseling (3)
CAP 440: Addictions II: Treatment, Recovery and Relapse Prevention (3)
CAP 494: Combat Trauma (3)
CAP 494: Counseling Military Veterans (3)
FAS 331: Modern Family Relationships (SB) (3)
FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)
JUS 305: Principles of Justice Studies (SB) (3)

PSY 315: Personality Theory and Research (SB) (3)
PSY 320: Learning and Motivation (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 350: Social Psychology (SB) (3)
PSY 366: Psychological Disorders (SB) (3)
PSY 369: Biology of Human Sexuality (3)
PSY 385: Psychology of Gender (SB) (3)
PSY 444: Adolescent Psychology and Psychopathology (3)
PSY 472: Clinical Psychology (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in counseling and applied psychological science (including substance abuse and addictions concentration)

Other Enrollment Requirements: None

The minor in counseling and applied psychological science is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students enhance the marketable skills they acquire in their major, diversify their skills with training in another discipline, and improve their future job outlook. Although most careers require more training than a minor alone can provide, a minor in counseling and applied psychological science can add value for students who pursue careers in education, social work or health care.

## Criminology and Criminal Justice Minor (PPCRJMIN)

**Campus:** Downtown Phoenix, Online

**Description:** The minor program in criminology and criminal justice allows students in other undergraduate programs at ASU to explore issues of crime, law and the criminal justice system. The program provides students with the tools to analyze complex issues and policies within the criminal justice system, enhancing students' ability to understand the nature of crime and the system response to law breaking.

In addition to the three required courses which provide a solid understanding of the field, each student selects electives to meet specific interests.

Criminal justice majors may not pursue a minor in criminology and criminal justice.

**Program Requirements:**
For this minor, students will:
1. at minimum, be in junior standing to take upper-division courses.

2. complete CRJ 100 as the prerequisite for all upper-division CRJ courses.
3. complete a minimum of 18 credit hours of graded classroom and online coursework (internship or independent study not applicable).
4. complete a minimum of 12 credit hours of CRJ resident credit at ASU.
5. earn a grade of "C" (2.00 on a 4.00 scale) or better for all courses in the minor.
6. consider meeting with a criminal justice advisor prior to registration.

Required Courses -- 6 credit hours
CRJ 100: Introduction to Criminal Justice (SB) (3)
CRJ 309: Criminology (SB) (3)

Choose one of the following: -- 3 credit hours
CRJ 203: Courts and Sentencing (3)
CRJ 230: Introduction to Policing (3)
CRJ 240: Introduction to Corrections (3)

Choose one of the following: -- 3 credit hours
CRJ 305: Gender, Crime, and Criminal Justice (C) (3)
CRJ 306: Race, Ethnicity, Crime, and Criminal Justice (C) (3)

CRJ Electives -- 6 credit hours
CRJ Upper Division Elective (6)
Notes: Choose any two CRJ courses at the 300- or higher level.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in criminology and criminal justice; BS in public service and public policy with the following concentrations: criminology, law and policy, or emergency management and homeland security

Other Enrollment Requirements: None

Applicants are asked to meet with a criminal justice advisor prior to registration.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of the criminology and criminal justice minor find a strong job market in the public and private sectors. Employment opportunities exist in:

- bank fraud investigation
- corrections
- the courts
- domestic terrorism investigation
- federal agencies
- homeland security
- law enforcement
- legal offices
- parole offices
- private security
- probation offices
- victim advocate agencies

Graduates also may pursue advanced degrees in law, criminology and criminal justice, and other social science disciplines. Advanced degrees or certifications may be required for academic or clinical positions.

# Dance Minor (FADANMIN)

**Campus:** Tempe

**Description:** The minor program in dance provides an inclusive, dynamic and culturally diverse learning environment in which students develop their creativity as artists, scholars and educators. The innovative curriculum promotes creative collaboration and a holistic approach to acquiring skills for successful career transitions. Movement practices, performance and creativity practice define the core of the program. The rich educational experience is further enhanced by studies in:

- criticism
- dance cultures
- dance history
- digital media
- movement science
- music
- pedagogy and leadership
- philosophy
- production
- somatics

**Program Requirements:**
The minor in dance consists of 19 credit hours of coursework, including nine upper-division credit hours. A minimum grade of "C" (2.00) or higher is required in all classes for the minor.
A minimum GPA of 3.00 in minor courses is required to earn the minor in dance.

Creative Practices or Somatics (choose one course) -- 2 credit hours
DCE 136: Introduction to Somatic Movement (2)
DCE 160: Creative Practices I (3)
DCE 236: Somatic Movement Applications: A Closer Look (2)

Major Level Movement Courses (choose one) -- 2 credit hours
DCE 133: Hip Hop I (2)
DCE 134: Contemporary Modern I (2)
DCE 135: Contemporary Ballet I (2)
DCE 139: Afro-Latin I (2)

Additional Movement Courses or Context Courses -- 6 credit hours
DCE 111: Belly Dance I (2)
DCE 115: Yoga I (2)
DCE 116: T'ai Chi Chuan I (2)
DCE 118: Yoga/Pilates (2)
DCE 120: Nonmajors Contemporary Modern I (2)
DCE 121: Ballet I (2)
DCE 122: Jazz I (2)
DCE 123: Nonmajors Hip Hop I (2)
DCE 124: Latin/Swing/Ballroom I (2)
DCE 125: Afro-Latin Salsa I (2)
DCE 126: Country-Western (2)
DCE 133: Hip Hop I (2)
DCE 134: Contemporary Modern I (2)
DCE 135: Contemporary Ballet I (2)
DCE 136: Introduction to Somatic Movement (2)
DCE 139: Afro-Latin I (2)
DCE 161: Creative Practices II (3)
DCE 194: Meditation (1)
DCE 201: Dance, Culture, and Global Contexts (HU) (3)
DCE 202: Dance in U.S. Popular Culture (HU & C) (3)
DCE 203: The Walking Body (HU) (3)
DCE 204: Dance, Health and Wellness (L) (3)
DCE 205: How Dance Matters: A Sociocultural Framing (C) (3)
DCE 224: Latin/Swing/Ballroom II (2)
DCE 225: Afro-Latin/Salsa II (2)
DCE 226: Musical and Kinesthetic Communication in Dance (2)
DCE 233: Hip Hop II (2)

DCE 234: Contemporary Modern II (2)
DCE 235: Contemporary Ballet II (2)
DCE 236: Somatic Movement Applications: A Closer Look (2)
DCE 238: Hip Hop Ensemble (1)
DCE 239: Afro-Latin II (2)
DCE 240: Media for Dance (CS) (3)
DCE 294: Authentic Jazz Dance (1)

Upper Division Dance Options -- 9 credit hours
DCE 300: Dancing Histories (HU) (3)
DCE 301: Dance Analysis and Theory (L or HU) (3)
DCE 302: History of American Hip Hop Dance (HU & C) (3)
DCE 303: The Body Condition(ed) (SB) (3)
DCE 306: History of Salsa: Afro-Latin Social and Global Contexts (HU & C) (3)
DCE 324: Latin/Swing/Ballroom III (2)
DCE 325: Afro-Latin/Salsa III (2)
DCE 333: Hip Hop III (3)
DCE 334: Contemporary Modern III (3)
DCE 335: Contemporary Ballet III (3)
DCE 336: Somatic Movement Development and Facilitation (3)
DCE 339: Afro-Latin III (3)
DCE 394: Choreography & Performance (1)
DCE 394: Dance at the Movies (1)
DCE 402: Ethnography of Dance Practices (L) (3)
DCE 403: Making. Living. Thriving Through the Arts (HU) (3)
DCE 404: Dance and Ethics (L) (3)
DCE 405: Writing the Creating Body (L or HU) (3)
DCE 438: Dance Theatre Performance/Production (2)
DCE 484: Internship (1-3)
DCE 494: Advanced Studies in Media for Dance (1)
DCE 494: Generative Critique:The Critical Response Process (1)
DCE 494: Guest Artist Repertory (1)
Notes: By audition only
DCE 494: Latin Performance Ensemble (1)
DCE 494: The Atlas of Creative Tools (1)
DCE 499: Individualized Instruction (1-3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: All dance majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in dance can help students as they pursue careers in fields such as arts administration, teaching, acting and fitness.

## Data Science Minor (LADATSCMIN)

**Campus:** Tempe, Online

**Description:** A minor in data science provides students with skills in statistics, probability and coding in the context of large data sets. Students in this minor become useful consumers and producers of data. They understand and manipulate data sets to make conclusions and recommendations that can have an impact in real-world settings.

**Program Requirements:**
The minor in data science consists of a minimum of 25 credit hours, at least 12 of which must be at the upper division level. A grade of "C" (2.00 on a 4.00 scale) or better is required for courses used in the minor.

Required Courses -- 25 credit hours
DAT 250: Data Science and Society (3)
DAT 300: Mathematical Tools for Data Science (3)
DAT 301: Exploring Data in R and Python (4)
DAT 401: Statistical Modeling and Inference for Data Science (3)
DAT 402: Machine Learning for Data Science (3)
MAT 265: Calculus for Engineers I (MA) or MAT 270: Calculus with Analytic Geometry I (MA) (3-4)
MAT 266: Calculus for Engineers II (MA) or MAT 271: Calculus with Analytic Geometry II (MA) (3-4)
MAT 343: Applied Linear Algebra (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: N/A

Incompatible Majors: All majors in the School of Mathematical and Statistical Sciences

Other Enrollment Requirements: N/A

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in data science can help students with mathematical, statistical and computational modeling; data analysis; programming; and critical thinking skills as they pursue careers in business, medicine, insurance and research (government and private sectors). The intent of this minor is to apply the skills learned into any academic field of study to enhance the understanding of an increasingly data-based society.

## Design Studies Minor (ARDSNMIN)

**Campus:** Tempe

**Description:** Students interested in design can earn a minor in design studies through this nonstudio-based program of study that focuses on the design disciplines offered in The Design School:

- architectural studies
- graphic design
- industrial design

- interior design
- landscape architecture

**Program Requirements:**
Courses selected must satisfy the minimum requirement of 18 credit hours for the minor. Twelve of the credit hours must be in 300-level or 400-level coursework.
To enhance understanding of the subject matter, some of the designated courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which these particular courses are offered. All designated courses for the minor in design studies are lecture courses.

Lower-Division Design Studies -- 6 credit hours
ALA 100: Introduction to Environmental Design (HU & H & G) (3)
ALA 102: Landscapes and Sustainability (HU & G) (3)
ARC 101: Architecture Project I (3)
ARC 102: Architecture Project II (3)
ARC 111: Architecture of Architecture I (3)
ARC 112: Architecture of Architecture II (3)
DSC 101: Design Awareness (HU & G) (3)
EDS 223: Design Thinking (3)
GRA 101: Designing Life (3)
GRA 111: Graphic Design History I (HU) (3)
GRA 112: Graphic Design History II (3)
GRA 225: Communication/Interaction Design Theory (3)
GRA 294: Illustrator (3)
GRA 294: InDesign (3)
GRA 294: Photoshop (3)
IND 242: Materials and Design (3)
IND 243: Design for Ecology and Social Equity (3)
INT 111: Interior Design Issues and Theories (HU) (3)
INT 121: Introduction to Computer Modeling for Interior Design (CS) (3)
INT 123: Introduction to Computer-Aided Design and Building Information Modeling (3)
INT 131: Design and Human Behavior (SB) (3)
LAP 231: Introduction to Digital Applications for Designers (CS) (3)
LAP 251: Plant Materials for Sustainable Landscapes (3)

Upper-Division Design Studies -- 12 credit hours
APH 494: Frank Lloyd Wright (3)
APH 494: Peter Zumthor (3)
APH 494: The Image of Rome (3)
ARC 330: World and Western Architecture for Nonmajors (HU & H & G) or ARC 331: World and Western Architecture I ((L or HU) & G & H) (3)
ARC 332: World and Western Architecture II ((L or HU) & G & H) (3)
ARC 394: Special Topics (3)
ARC 431: Contemporary Architecture and Urbanism 1970 to the Present (HU & H) (3)
ARC 434: Great Cities ((L or HU) & H) (3)
ARC 436: Charles and Ray Eames (HU) (3)
ARC 494: Special Topics (3)
DSC 394: Design Entrepreneurship & Society (3)
DSC 494: Special Topics (3)
EDS 301: Sustainable Community Design and Practices (HU) (3)
GRA 345: Design Rhetoric (L) (3)
GRA 401: Creative Environment (3)
GRA 440: Finding Purpose (3)
IND 316: 20th-Century Design I (HU & H) (3)
IND 317: 20th-Century Design II (HU & H) (3)
IND 344: Human Factors in Design (3)
IND 354: Principles of Product Design (3)
INT 310: History of Interior Design I (HU & H) (3)
INT 311: History of Interior Design II (HU & H) (3)
INT 415: Latin American Design or INT 494: Design and Culture in Latin America (3)
INT 494: Contemporary Design Issues in Europe (3)
INT 494: Design and Context (3)
LAP 311: History of Landscape Architecture (HU & H) (3)
LAP 312: 20th-Century Landscape Architecture (HU) (3)
LAP 485: International Field Studies (G) (3)

LAP 494: Special Topics (3)
LPH 494: Special Topics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: All majors in The Design School as well as the BA in design studies and the BA in design studies with a concentration in design management

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in design studies is intended to provide an overview of design processes and design thinking that can benefit any major within the ASU system. Many industries, including business and engineering, seek candidates with experience and understanding of design thinking since those possessing that skill have a unique method of approaching ongoing problems with new insights which lead to solutions.

## Digital Audiences Minor (CSDAUMIN)

**Campus:** Downtown Phoenix, Online

**Description:** Who are digital consumers? How can they be measured? And how can data-driven strategy better engage and grow audiences?

By exploring the users of websites, social networks and apps and by applying techniques across digital analytics, social media campaigns, network analysis, search engine optimization (SEO) and search engine marketing, students who pursue the digital audiences minor gain a rich understanding of how to acquire and engage audiences.

The program uses real cases from real brands and organizations to explore tools like Google Analytics and Facebook Ads and tactics like hashtag analysis, competitive keyword research and digital advertising. Upon completion, students have a portfolio of real client work and the skills to strategically grow digital audiences and harness analytics to drive organizational change.

**Program Requirements:**
Students must complete MCO 307 first. In order to enroll in the course, students must have a 2.00 cumulative GPA.
To be awarded the minor, students must earn a "C" or better in all courses.

Required Courses -- 15 credit hours
MCO 307: The Digital Audience (3)
MCO 433: Social Media Campaigns, Engagement and Research (3)
MCO 434: Search Engine Research and Strategy (3)
MCO 438: Digital Audience Analysis (3)
MCO 439: Digital Audience Growth (3)

Students interested in pursuing graduate programs in Digital Audiences should consult their academic adviser.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in digital audiences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor or the Cronkite School advising department (https://cronkite.asu.edu/advising/undergraduate/) for more information.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Global Opportunities:**
Global Experience: Study abroad exposes students to unique perspectives, opinions and audiences that consume digital content. Students should consider programs that utilize experiential learning with organizations like social media companies or PR firms in countries like Japan and the UK where millions consume digital content every day. More information on available programs can be found on the Global Education website (gogolobal.asu.edu).

**Career Opportunities:** The digital audiences minor can help students as they pursue careers in digital advertising, SEO, social media strategy and email marketing, or roles in communication, marketing, engagement and strategy at organizations in their major fields.

## Digital Media Literacy Minor (CSDMLMIN)

**Campus:** Online

**Description:** The minor program in digital media literacy prepares students to be at the forefront of strategic and ethical issues related to digital media, including mis- and disinformation, automation, verification, security and privacy. Students explore how media is created, consumed and researched, and how better information creates better communities.

Graduates of the program are able to use cutting-edge tools and tactics to analyze media; verify and interpret information; exercise their freedom of expression; and use content to improve their own lives and society.

**Program Requirements:**
Students must maintain a minimum 2.00 cumulative GPA to pursue a minor in digital media literacy, and obtain a minimum grade of "C" (2.00 on a 4.00 scale) in each course in the minor.

Required Courses -- 15 credit hours
MCO 302: Media Research Methods (3)
MCO 425: Digital Media Literacy I (3)
MCO 426: Digital Media Literacy II (3)
MCO 427: Misinformation and Society (3)
MCO 428: Digital Media and Freedom of Expression in the 21st Century (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in digital media literacy

Other Enrollment Requirements: None.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of this program pursue a variety of professional and educational opportunities. The program's liberal arts foundation --- including critical thinking, communication, research and problem solving --- gives graduates the intellectual agility to thrive in many fields. Specialization in the technical, ethical, legal, social and economic aspects of digital media is especially valuable, as employers of all sizes try to leverage digital media to serve consumers.

As organizations try to keep up with digital transformation and plan for the future, having a deep understanding of how digital ecosystems work is critical. Demand for graduates of digital media literacy in fields such as health care communication, public service and sustainability is anticipated to rise, and the U.S. Department of Labor categorizes many jobs in these areas as having a bright outlook in the job market.

Given increasing emphasis on teaching media literacy at every age level, graduates can expect to find employment opportunities in a variety of educational settings, and some students may pursue graduate school in disciplines such as education, library science, law, public policy, business, public relations, digital strategy and journalism.

## Disability Studies Minor (ASDISASMIN)

**Campus:** West, Online

**Description:** The minor in disability studies explores historical, linguistic, social, artistic and legal dimensions of disability with the goal of improving society in ways that benefit those with disabilities.

Through curriculum that combines theory and practice, students are prepared to address injustices, exclusions and misapprehensions regarding disabilities through advocacy and self-advocacy, education, knowledge of the law and historical awareness. The coursework, designed to complement any undergraduate major, utilizes an electronic portfolio tailored to students' professional interests.

The disability studies minor is offered by ASU's New College of Interdisciplinary Arts and Sciences.

Format option
This program is also offered via ASU Sync (https://provost.asu.edu/sync/students). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Program Requirements:**
The minor in disability studies consists of 18 credit hours, of which at least 12 credit hours must be upper division. Six upper-division credit hours must be completed through coursework in the School of Humanities, Arts and Cultural Studies. Program requirements include six credit hours of core coursework, nine credit hours of electives and three credit hours of culminating experience. All courses used to fulfill the requirements of this minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
DST 101: Introduction to Disability Studies (C) (3)
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Electives (choose three) -- 9 credit hours
AMS 449 / ETH 449 / WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)
AMS 469 / ETH 469 / WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
BIO 312 / IAS 340 / PHI 320: Bioethics (HU) (3)
COM 494 / DST 494: Disability & Media: The Politics of Representation (3)

DST 322: Social and Cultural Implications of the Many Forms of Disability (3)
DST 394: Civil Rights Law and Accessibility Compliance (3)
DST 394: Disability Studies Memoir and Writing (3)
DST 394: International Disability Issues (3)
DST 394: Special Topics (3)
DST 458: Disability and Communication Advocacy (3)
DST 494 / ENG 494 / IAP 494: Disability and Aesthetics (3)
DST 494: Gender, Sexuality, and Disability (1)
DST 494: Special Topics (3)
ENG 469: Science and Literature (3)
FAS 498 / CDE 498 / SOC 498: Disability and Inclusion (1)
HRC 310: Social and Cultural Analysis: Method and Theory (C) (3)
HRC 494: Veterans and Critical Disability Studies (3)
IAP 494: Accessibility in Digital Arts and Design (3)
JMC 366: Journalism Ethics and Diversity (3)
JUS 301: Research in Justice Studies (SB) (3)
JUS 437: The Social Construction of Disability and Justice (3)
JUS 494: Policy, Advocacy and Disability (3)
RTH 364: Foundations of Recreation Therapy (SB) (3)
SOC 352: Social Change (SB & G & H) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 426: Social Inequalities (SB) (3)
WST 444: Gender, Health, and Bodies (SB) (3)

Culminating Course -- 3 credit hours
DST 493: Honors Thesis (L) or HRC 480: Capstone: Practices and Approaches (L) or IAS 484: Internship (1)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in disability studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Students with a minor in disability studies find career opportunities in many fields, such as social justice, civil service, law, health care advocacy, social work, education, rehabilitative health care, counseling, business, policy and advocacy, and government, and with community and nongovernmental organizations.

## Early Childhood Education Minor (TEECEDMIN)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Description:** A minor in early childhood education allows students to combine their knowledge of their major discipline with an understanding of educational practices for young children and their families.

Students complete specialized coursework in topics such as childhood development, advocacy in early childhood, educational psychology and

adolescent development.

The ultimate goal of this minor is to produce graduates who understand child development and apply that knowledge when collaborating with other educators in schools and other learning environments such as preschools and community centers.

**Program Requirements:**
Required Courses -- 18 credit hours
CDE 350: Inequality and Diversity in Education (L & C) or FAS 370: Family Ethnic and Cultural Diversity (SB & C) or HEP 443: Emotional Health and Interpersonal Relationships or JUS 235: Disability, Justice and Advocacy (C) (3)
ECS 312: Social and Emotional Development of the Young Child (SB) (3)
ECS 430: Systems, Policy, and Advocacy in Early Childhood/Special Education (3)
EDP 310: Educational Psychology for Non-Teachers (SB) (3)
Notes:  Complete three one-hour courses in EDP 310
SPE 222: Orientation to Education of Exceptional Children (SB & C) (3)
TEL 215: Introduction to Child and Adolescent Development (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: All education majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in early childhood education acquire knowledge and skills related to child development and educational support, which is a benefit as they pursue careers that require working with young children and their families in a variety of educational settings.

## Economics Minor (LAECNMIN)

**Campus:** Tempe, Online

**Description:** Economics is a social science that examines how societies, businesses and individuals deal with scarcity, and this minor in economics offers instruction by world-renowned researchers and award-winning professors. Students build a foundation of micro- and macroeconomics that supports their investigation of the forces shaping national and global economies.

Students create a personalized program of study that covers economic theory and applications. Students complete introductory courses (ECN 211 and ECN 212) and choose electives from a large set of upper-division offerings to suit individual interests and goals.

**Program Requirements:**
The minor in economics consists of 18 credit hours in economics courses, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken in courses offered by the W. P. Carey School of Business. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses -- 6 credit hours
ECN 211: Macroeconomic Principles (SB) (3)
ECN 212: Microeconomic Principles (SB) (3)

Electives -- 12 credit hours

ECN Upper Division Elective (12)

No more than three credit hours of ECN 484 Internship may be applied to the minor.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in economics; BS in economics (politics and the economy); BS in politics and the economy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in economics on a resume may help students as they pursue careers in business, finance, government and law.

## Educational Studies Minor (TEEDSTMIN)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West, Online

**Description:** The educational studies minor prepares students to work with children, youth and adults in a variety of learning contexts.

Students broaden their skill set by completing specialized coursework in topics such as pedagogy, educational technology and problem-solving.

Students learn how to apply educational techniques in many professional settings. The minor provides a foundation for students to make an impact as educators in a society in which the importance of lifelong learning and learning outside traditional school-based environments is likely to grow.

**Program Requirements:**
The minor in educational studies requires 15 credit hours, including six lower-division credits and nine upper-division credits. A "C" grade or better is required in all coursework.

Required Courses (choose two) -- 6 credit hours
EDT 180: Technology Literacy: Problem Solving using Digital Technology Applications (CS) (3)
SPE 223: Intersection of Society, Disabilities and Inclusion (3)
TEL 111: Exploration of Education (SB) (3)
TEL 208: Literacy in a Changing World (HU) (3)
TEL 215: Introduction to Child and Adolescent Development (SB) (3)

Overview of Education -- 9 credit hours
EDU 301: Why Education? (3)
EDU 302: Diversity in Learning Contexts (3)
EDU 402: Partnering to Advance Educational Initiatives (L) (3)
LSE 303: Human Development: Addressing Learner Capabilities (SB) (3)
LSE 305: Conceptualizing Learning: Theories in Practice (3)
LSE 401: Designing Learning Environments for Inclusion (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: All education majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** While most career paths require more training than a minor alone can provide, a minor can help students enhance the marketable skills they acquire in their major as well as help them develop new, complementary skills.

A minor in educational studies equips students with skills in leadership, collaboration and innovation, all of which are valuable benefits when pursuing educational careers in a variety of settings such as nonprofits, community institutions, civic organizations, businesses and more.

## Engineering Management Minor (ESENMMIN)

**Campus:** Tempe, Online

**Description:** The curriculum of the minor in engineering management supplements students' majors by adding to the breadth of engineering science and design and equipping the student with additional management and design skills. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the student to succeed in the management of a scientific or engineering enterprise.

Topics such as project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management are covered, in addition to product design and process development.

**Program Requirements:**
The minor in engineering management requires completion of 18 credit hours: three core courses (nine credit hours) and three elective courses (nine credit hours). All courses must be passed with a "C" or better. At least 12 credit hours must be completed in residency at ASU or through ASU Online.

Core Courses -- 9 credit hours
IEE 300: Economic Analysis for Engineers (3)
IEE 380: Probability and Statistics for Engineering Problem Solving (CS) (3)
IEE 458: Project Management or CEE 481: Civil Engineering Project Management (3)
Notes: CEE 481 may not be used for both the BSE in civil engineering and the minor in engineering management.

Electives -- 9 credit hours
IEE 369: Work Analysis and Design (L) (3)
IEE 376: Operations Research Deterministic Techniques/Applications (4)
IEE 381: Lean Six Sigma Methodology (3)
IEE 412: Introduction to Financial Engineering (3)
IEE 431: Engineering Administration (L) (3)
IEE 437: Human Factors Engineering (3)
IEE 454: Risk Management (3)
IEE 456: Introduction to Systems Engineering (3)
IEE 474: Quality Control (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BSE in engineering management; BSE in industrial engineering

Other Enrollment Requirements: Prior to enrolling in the minor, students must have completed MAT 265 Calculus for Engineers I and MAT 266 Calculus for Engineers II (or an equivalent calculus sequence) with a grade of "C" or better in each.

IEE 380 is a required course. If a student is required to take IEE 380 for their degree, they will need to take another elective to replace the requirement for the minor.

Interested students should consult with a School of Computing and Augmented Intelligence advisor (https://fultonapps.asu.edu/advising/) to verify eligibility and to review all courses required for the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. The minor in engineering management can help students pursuing careers in engineering and business fields gain valuable skills in management for engineering-related professions, which could fast track an individual into a managerial role down the line in their profession.

Career examples include production supervisor, project management team member or project management team leader.

## English Minor (ASENGMIN)

**Campus:** West

**Description:** The minor in English is an ideal choice for students who enjoy English and desire to become better writers, readers and thinkers. The program requirements ground students in the basics of literary and cultural study, and the distribution area requirements engage the social, environmental and political challenges of the time.

With its emphasis on critical reading and writing skills, the English minor is the perfect complement to any major.

**Program Requirements:**
The minor in English requires 18 credit hours, of which at least nine credit hours must be upper division. Students must complete a minimum of six upper-division credit hours in courses offered by the School of Humanities, Arts and Cultural Studies. At least three credit hours of Distribution coursework must be at the 400-level. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Core Course -- 3 credit hours
ENG 200: Critical Reading and Writing About Literature (L or HU) (3)

Distribution Cluster Requirement -- 12 credit hours
Select one course from each distribution cluster. A minimum of two courses (six credits) must be upper division, and at least one course must be at the 400-level.

Writing, Power, Change -- 3 credit hours
ENG 205: Introduction to Writing, Rhetorics and Literacies (L) (3)
ENG 213: Introduction to the Study of Language (3)
ENG 217: Writing Reflective Essays (L) (3)

ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)
ENG 288: Beginning Creative Writing Workshop in Fiction (3)
ENG 311: Persuasive Writing (L) (3)
ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)
ENG 323: Rhetoric and Grammar (L) (3)
ENG 339: Creating Dramatic Works: Page to Stage to Screen (3)
ENG 352: Short Story (L or HU) (3)
ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ENG 361: Scriptwriting (3)
ENG 379: Travel Writing (L) (3)
ENG 394 / IAP 394: Print and the Protest (3)
ENG 410: Writing for Publication (3)
ENG 416: Chaucer in Middle English (HU) (3)
ENG 425: Studies in Romanticism (HU) (3)
ENG 433: Literary Magazine Publishing: Canyon Voices (3)
ENG 437: The American Novel, 1900 - 1960 (L or HU) (3)
ENG 440: Studies in American Literature and Culture (3)
ENG 472: Rhetorical Studies (3)

Climate, Energy, Infrastructure -- 3 credit hours
ENG 245: Popular Culture Issues (3)
ENG 324: Horror: Film and Short Stories (3)
ENG 342: 20th-Century British and Irish Literature (HU) (3)
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 369: Science Fiction Studies (3)
ENG 378: Environmental Creative Nonfiction (L or HU) (3)
ENG 415: Studies in Medieval Literature and Culture (HU) (3)
ENG 416: Chaucer in Middle English (HU) (3)
ENG 471: Literature for Young Adults (HU) (3)
ENG 498: Reading Englands Literary Landscapes (L) (3)

Borders, Boundaries, Citizenship -- 3 credit hours
ENG 221: Survey of English Literature (HU) (3)
ENG 222: Survey of English Literature (HU & H) (3)
ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)
ENG 242: Literatures of the United States, 1860 to Present (HU) (3)
ENG 328: The Novel to Jane Austen (HU & H) (3)
ENG 333: American Ethnic Literature (3)
ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)
ENG 342: 20th-Century British and Irish Literature (HU) (3)
ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)
ENG 379: Travel Writing (L) (3)
ENG 386: American Gothic (3)
ENG 394: Oral History & Storytelling in Humanities & Arts (3)
ENG 420: Multicultural Autobiographies ((L or HU) & C) (3)
ENG 432: The American Renaissance (HU) (3)
ENG 457: Studies in American Poetry (HU) (3)
ENG 462: Africana Literature (HU & G) (3)
ENG 498: Reading Englands Literary Landscapes (L) (3)

Bodies, Intersections,Transitions -- 3 credit hours
ENG 203: Introduction to Health Humanities (HU) (3)
ENG 323: Rhetoric and Grammar (L) (3)
ENG 324: Horror: Film and Short Stories (3)
ENG 333: American Ethnic Literature (3)
ENG 364: Women and Literature (HU) (3)
ENG 369: Science Fiction Studies (3)
ENG 421: Studies in Shakespeare (L or HU) (3)
ENG 431: Whitman and Dickinson (L or HU) (3)
ENG 443: Gender, Culture and Literacy (3)
ENG 454 / WST 454: Gender and Literature (L or HU) (3)

ENG 461: Studies in Women and Literature (3)
ENG 472: Rhetorical Studies (3)
ENG 476: Studies in Folklore (3)
ENG 478: Studies in Modernism (3)
ENG 494: Disrupting Dis/Ability Discourses (3)
ENG 494: Weird Fiction: Films and Short Stories (3)

Upper Division ENG Elective -- 3 credit hours
ENG Upper Division Elective (3)
Notes: ENG 499 Individualized Instruction may only be used once, and only with permission of the English program lead.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in English

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students completing a minor in English are better prepared for professional training in law, business, teaching and public policy; for careers in marketing, public relations, government, diplomacy and community work; and for other professions in which problem-solving, creativity, research strengths, writing, interpersonal and digital skills are necessary and valued.

## English Minor (LAENGMIN)

**Campus:** Online

**Description:** The minor in English provides students with the knowledge and skills that enable them to improve their writing, enhance their ability to read and think analytically, and become critical consumers of media.

This program is delivered entirely online and serves as a complement to the chosen major of undergraduate students who are pursuing an ASU major online.

**Program Requirements:**
The online minor in English consists of 18 credit hours, of which at least 12 credit hours must be upper division. The remaining six credit hours may be completed with ENG 200-499 courses. At least six of the upper-division credit hours must be earned from The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Core Courses (choose three) -- 9 credit hours
ENG 211: Introduction to English Studies (HU) (3)
ENG 305: Interpretive Theory (HU) (3)
ENG 308: Form and History/Culture (HU) (3)
ENG 309: Rhetoric for Writers (L) (3)
ENG 327: English Studies Research (3)
ENG 489: Scholarly Products (3)

English Electives -- 9 credit hours
ENG 2** Elective or ENG 3** Elective or ENG 4** Elective (3)
ENG Upper Division Elective (6)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in English

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in English provides students with the strong analytical and communications skills required by many professions, such as those in publishing, journalism, public relations, nonprofit organizations, professional and technical writing, education, business, banking, grassroots activism, law and medicine, as well as numerous others throughout industry and government.

## English Minor (LSENGMIN)

**Campus:** Polytechnic

**Description:** The minor program in English focuses on effective writing, critical thinking and reading sophisticated literary and nonliterary texts.

**Program Requirements:**
The English minor consists of 18 credit hours. A minimum of nine upper-division credit hours is required, of which at least six credit hours must be taken through the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours
ENG 200: Critical Reading and Writing About Literature (L or HU) (3)

Electives -- 15 credit hours
ENG Elective (6)
ENG Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00 cumulative GPA

Incompatible Majors: BA in English

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in English can help students as they pursue careers in any field where effective written communication and textual interpretation are important, including careers in publishing, marketing, law, journalism, management, education and numerous other fields.

## English (Linguistics) Minor (LAENGMINN)

**Campus:** Tempe

**Description:** Students who pursue a minor in English with a focus in linguistics study the origins, structures and functions of language. The program provides students with knowledge and skills that enable them to improve their writing, enhance their ability to read and think analytically, and become critical consumers of media.

**Program Requirements:**
The minor in English with a focus in linguistics consists of 18 credit hours. A minimum of 12 upper-division credit hours are required, with at least six credit hours from courses offered by The College of Liberal Arts and Sciences. Courses must be completed with a grade of "C" (2.00 on a scale of 4.00) or better to satisfy minor requirements.

Required Courses -- 12 credit hours
ENG 213: Introduction to the Study of Language (3)
ENG 312: English in its Social Setting (L or HU or SB) (3)
ENG 314: Modern Grammar (3)
ENG 413: History of English Language (HU) (3)

Directed Electives (choose two) -- 6 credit hours
ENG 214: English Grammar and Usage (3)
ENG 313: Phonology and Morphology (3)
ENG 403: Semantics (3)
ENG 404: Studies in Second Language Acquisition (3)
ENG 414: Studies in Linguistics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.
ENG 404 and ENG 414 are variable topics courses and may be repeated with a different topic title for a total of 6 credit hours.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in English (all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in English linguistics can help students as they pursue careers in writing, teaching, editing and publishing.

## English (Literature) Minor (LAENGMINT)

**Campus:** Tempe

**Description:** The minor program in English with a focus on literature emphasizes global literatures in English, from the earliest writings to the present. Students can choose from a broad array of courses to further explore subjects such as race and ethnicity, gender and sexuality, and literary histories and traditions.

**Program Requirements:**
The minor in English with a focus in literature consists of 18 credit hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Required Courses (choose three) -- 9 credit hours
ENG 206: Introduction to Literary Studies (3)
ENG 304: Critical Theories and Methods (3)
ENG 332: Studies in Race and Ethnicity in Literature and Culture (3)
ENG 349: Global Literary Studies (3)
ENG 350: Studies in Literary Histories and Traditions (3)
ENG 384: Studies in Gender and Sexuality in Literature and Culture (3)
ENG 444: Topics for Interdisciplinary Study of Literature and Culture (3)
ENG 491: Topics for Advanced Research (3)

Electives -- 9 credit hours
ENG 2** Elective or ENG 3** Elective or ENG 4** Elective (3)
ENG Upper Division Elective (6)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in English (including all concentrations); BAE in secondary education (English)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in English can help students as they pursue careers in technical or professional writing or teaching.

## Environmental Science Minor (ASENVMIN)

**Campus:** West, ASU at Lake Havasu

**Description:** The environmental science minor program provides students with a fundamental understanding of how the natural world functions as a system, how changes in this system influence organisms and humans, and, in turn, how this system is impacted by humans.

An understanding of human-environment interactions gained through this minor will augment students' major field of study. To accommodate broad interests for students from a variety of majors, the curriculum is designed to allow students to explore their interests by choosing from categories of scientific coursework and skill-based curricula, to provide applied experiences for students from a variety of majors.

**Program Requirements:**
The minor in environmental science consists of 15 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
ENV 201: Fundamentals of Environmental Science (3)
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) or IAS 409 / PHI 409: Eco-Community Ethics (HU) or PHI 310: Environmental Ethics (HU) (3)

Upper-Division Electives -- 9 credit hours
Choose a minimum of nine credit hours from the following categories. Students may choose freely from among the categories; it is not necessary to take one from each or all from one category.
Global/Ecosystem Focus:
BIO 422: Ecosystem Ecology (3)
CHM 302: Environmental Chemistry (3)
ENV 410: Soil Science (4)
LSC 434: Marine Ecology (3)
MIC 443: The Microbial Universe AND MIC 444: The Microbial Universe Laboratory (4)
Organismal Focus:
BIO 370: Vertebrate Zoology (4)
BIO 385: Comparative Invertebrate Zoology (4)
BIO 410: Techniques in Conservation Biology and Ecology (L) (3)
BIO 412: Conservation in Practice (3)
BIO 474: Herpetology (4)
PLB Upper Division Elective (3-4)
Skills in Environmental Science:
ENV 345: Spatial Analysis in the Environmental Sciences (3)
ENV 388: STEM Research Fundamentals (3)
ENV 485: Environmental Impact Assessment (3)
ENV 499: Individualized Instruction (1-3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS and BA environmental science

Other Enrollment Requirements: This first course in this minor (ENV 201) has prerequisites of BIO 181, BIO 182 and CHM 116.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students who complete this major have the foundational knowledge they need to apply environmental concepts and awareness to their future careers.

Many career fields have environmental applications, including:

- academic research
- business
- economics
- entrepreneurship
- health

Career opportunities are many, including positions in:

- environmental policy agencies
- management or leadership in federal and state agencies
- municipality planning offices
- private consulting firms

• nongovernmental and nonprofit organizations

## Environmental and Resource Management Minor (ESERMMIN)

**Campus:** Polytechnic

**Description:** The minor program in environmental and resource management provides students with a thorough introduction to environmental regulations and key environmental management issues such as the provision of clean, potable water; wastewater treatment; and solid and hazardous waste management; as well as remediation technologies for polluted soils, groundwater and air. Students learn to apply basic science and engineering principles to solving problems that significantly impact human health and ecosystems.

The environmental and resource management minor program provides a valuable option to other majors that focus on environmental issues whether from a technical or policy perspective. The courses form a coherent whole and demonstrate the connection between science, engineering, public policy, management and the law.

**Program Requirements:**
The minor requires completion of four core courses (12 credit hours) and two elective courses (six credit hours) for a total of 18 credit hours. At least 12 credit hours must be completed in residency at ASU. Courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Core Courses -- 12 credit hours
ERM 201: Environmental Management (3)
ERM 203: Environmental Regulations (3)
ERM 302: Water and Wastewater Treatment Technology (3)
ERM 401: Hazardous Waste Management (3)

Electives -- 6 credit hours
ERM 402: Unit Treatment Technologies (3)
ERM 406: Environmental Chemistry (3)
ERM 407: Occupational Hygiene (3)
ERM 426: Environmental Issues (3)
ERM 428: International Environmental Management (G) (3)
ERM 432: Sustainable Solid Waste Management (3)
ERM 494: Algal Bioprocess and Biosystems Engineering (3)
ERM 494: Environmental Health (3)
ERM 494: Environmental Management Leadership (3)
ERM 494: Water and Food Security (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in environmental and resource management

Other Enrollment Requirements: Interested students must have at least sophomore status.

Students should consult with an advisor in The Polytechnic School to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should go to the advising website (https://fultonapps.asu.edu/advising).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates with the skills gained in this minor are in high demand and can find work in industry, governmental management and regulatory agencies, and in policymaking organizations.

## Ethnic Studies Minor (ASETHMIN)

**Campus:** West

**Description:** The minor in ethnic studies explores the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The coursework combines topics in the humanities, arts and social sciences, and instruction is given on methods to critically analyze racial, ethnic, gender and sexual identities; transnational movements; and diverse forms of cultural, literary and political expression.

The minor in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs.

**Program Requirements:**
The minor in ethnic studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Up to three credit hours of individualized instruction may be applied toward the minor. All courses in the minor must be passed with a minimum grade of "C" (2.00) or better.
Students are encouraged to meet with an academic advisor to choose courses that develop breadth rather than limiting their selection to courses in one particular discipline.

Required Courses -- 6 credit hours
ETH 100: Ethnic and Indigenous Lives (SB & C) (3)
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper-Division Electives -- 12 credit hours
AMS 332: Studies in Race and Ethnicity (3)
ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
ENG 338: Protest Literature (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
ENG 420 / IAS 420: Multicultural Autobiographies ((L or HU) & C) (3)
ENG 462: Africana Literature (HU & G) (3)
ENG 463: African American Literature (3)
ENG 476: Studies in Folklore (3)
ETH 353 / ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ETH 354 / ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
ETH 428 / AMS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)
ETH 430 / WST 430: Gender on the Borderlands (SB & G) (3)
ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
ETH 450: Latina/os, Schooling and Social Inequality (C) (3)
ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
ETH 499: Individualized Instruction (3)
HST 419: 20th Century Chicano/a History (C) (3)
IAP 302: Cross-Cultural Perspectives on the Arts (L or HU) (3)
IAP 464: Media and Diversity (HU & G) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (ethnicity, race and Indigenous studies)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** This program helps prepare students for careers, or for graduate school, in a variety of fields, including:

- business
- community development
- criminal justice
- education
- governance
- health care
- public relations
- public policy
- social services

Potential careers include:

- community health worker
- journalist
- secondary and high school teacher
- social and community service manager

## Family and Human Development Minor (LAFASMIN)

**Campus:** Tempe, Online

**Description:** In the minor program in family and human development, students learn about the stages of development, from birth to late adulthood, and the important influences of family and society on how we change and grow.

This program provides an exceptional complement to studies in psychology, communication, education, business and nursing.

This program is offered by the T. Denny Sanford School of Social and Family Dynamics.

**Program Requirements:**
The minor in family and human development consists of 18 credit hours in family studies and child development. At least 12 of the 18 credit hours must be in upper-division courses. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours
CDE 232: Human Development (SB) (3)
FAS 101: Personal Growth and Relationships (SB) (3)
FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)

Upper-Division Electives -- 9 credit hours
CDE Upper Division Elective (3)
CDE OR FAS Upper Division Elective (6)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in family and human development

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in family and human development can help students as they pursue careers in health care, counseling and social work, sociology or education.

## Fashion Minor (HIFSHMIN)

**Campus:** Tempe, Online

**Description:** The minor program in fashion offers grounding in the history, social context and economics of the contemporary fashion industry. Students also have the option of pursuing more focused classes designed to introduce them to a variety of roles in this important industry: fashion history, fashion industry business practices and fashion production.

Degree programs can be complemented by this minor through subjects such as marketing and merchandising, costuming, wearable technology, sustainability, management and leadership, international experience, and fashion and culture. Due to the relationship of these subjects to a wide variety of disciplines taught at ASU, many students throughout the university may supplement their major with closely related fashion minor classes, creating a strong foundation for a variety of careers. Opportunities for study abroad could further advance students' professional goals.

Taught by well-known fashion industry professionals, students enrolled in the minor in fashion at ASU develop connections to leaders in the field.

**Program Requirements:**
The minor in fashion requires 19 credit hours, of which nine credit hours must be upper-division (300 or 400-level) coursework. The program includes four credits of required core courses and 15 credits of theme area courses.

Required Introductory Courses -- 4 credit hours
FSH 200: Textiles Survey Lab (1)
FSH 201: Textiles Survey (3)

Fashion Theme Area Courses -- 15 credit hours
Students complete 15 credit hours (nine must be upper division) selecting courses across the theme areas below. Students may wish to determine which upper-division (300/400-level) courses they are interested in to ensure needed lower-division (100/200-level) prerequisite courses are taken.
Theme Area (6)
Upper Division Theme Area (9)

Fashion Apparel Design Theme
FSH 122: Apparel Construction I (3)
FSH 203: Fashion Illustration I (3)
FSH 206: Fashion Design I or FSH 294: Fundamentals of Fashion Design (3)
FSH 208: Fashion Technology I (3)
FSH 222: Apparel Construction II (3)
FSH 224: Introduction to Accessory Design (3)
FSH 303: Fashion Illustration II (3)
FSH 306: Fashion Design II (3)
FSH 308: Fashion Technology II (3)
FSH 394: Draping for Fashion Design (3)
FSH 394: Fashion Design & Wearable Technology (3)
FSH 394: Materials and Techniques (3)

FSH 394: Sustainable Design Studio (3)
FSH 412: Power Play (3)
FSH 494: Paris Fashion and Culture Experience (3)

Fashion Business & Merchandising Theme
FSH 175: Merchandising Essentials (3)
FSH 275: Merchandising Applications (3)
FSH 280 / MKT 280: Fashion Merchandising (3)
FSH 300: Global Fashion Industry (G) (3)
FSH 325: Personal Style and Wardrobe (HU) (3)
FSH 326: Fashion Styling (3)
FSH 375: Marketing Strategies (3)
FSH 380: Fashion Forecasting (3)
FSH 385: Fashion Visual Merchandising (3)
FSH 394: Fashion Retail Management (3)
FSH 475: Communication Strategies for Fashion (3)

Fashion Culture, Criticism and Curation Theme
ARS 394: 20th Century American & European Jewelry Design (3)
FSH 204: Social Aspects of Fashion (L or HU or SB) (3)
FSH 304: Equity and Inclusion in Fashion (3)
FSH 331 / ARS 331: 18th- and 19th-Century European Jewelry Design (3)
FSH 360: Sustainable Systems in Fashion (3)
FSH 435: Contemporary Fashion (L or HU) (3)
FSH 494: Paris Fashion and Culture Experience (3)
THE 430: History of Fashion I (HU) (3)
THE 431: History of Fashion II: 20th-Century Fashion (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: BA in fashion

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. ## Film and Media Production Minor (FAFMPMIN)

**Campus:** Tempe

**Description:** Students pursuing the film and media production minor study the basic production processes of film while learning about the history and practices of the film and media industry as well as the cultural value of cinema, television and digital media.

**Program Requirements:**
The school offers a minor in film and media production, consisting of 18 credit hours of coursework. A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met. Transfer students may transfer up to six credit hours toward the minor.

Required Courses -- 12 credit hours
FMP 201: Film: The Creative Process I (HU) OR FMP 210: Principles of Filmmaking (3)
FMP 250: Sex and Violence in Film and TV: Ethics Survey (3)
FMP 280: Introduction to Film and Media Production (3)
FMP 403: Independent Film (HU) (3)

Upper Division Film Electives -- 6 credit hours
FMP 300: Short Film Production (3)
FMP 315: Sound Design for Film and Media I (3)
FMP 320: Film and Media Post-Production II (3)
FMP 325: Intermediate Visual Effects Compositing (3)
FMP 330: Professional and Technical Writing for Film/TV Industry (3)
FMP 335: Careers in Film and Media Industry (3)
FMP 340: Approaches to International Cinema (HU & G) (3)
FMP 345: Cinematography I (3)
FMP 350: Directing for Documentary Media (3)
FMP 355: Transborder Digital Media Making (3)
FMP 360: The Filmmaker's Voice (3)
FMP 361: Writing the Short Film (3)
FMP 365: Developing a Series (3)
FMP 370: Producing for Film and Media (3)
FMP 380: Film Production Crew (1)
FMP 394: Livestream Production Workshop (3)
FMP 395: Combat in Film (SB & H) (3)
FMP 403: Independent Film (HU) (3)
FMP 405: Film and Television: Pioneers, Practices and Innovations (3)
FMP 411: Welcome to Hollywood (3)
FMP 415: Sound Design for Film and Media II (3)
FMP 417: Business and Legal Practices in Entertainment (3)
FMP 420: Film and Media Post-Production III (3)
FMP 445: Cinematography II (3)
FMP 461: Advanced Screenwriters Workshop (3)
FMP 465: Series Writers Workshop (3)
FMP 475: Producing Series (3)
FMS 309: Intermediate Screenwriting (3)
FMS 409: Advanced Screenwriting (3)
IAP 364: Documentaries (3)
THE 421: Shakespeare: Stage and Film (L or HU) (3)
THP 351: Arts Management (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in film (filmmaking practices); BA in film (film and media production); BFA in film (film and media production)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in film is an excellent addition to a variety of degrees and allows students to pursue their passions while also expanding their marketability within a competitive and growing media industry.

## Film and Media Studies Minor (LAFMSMIN)

**Campus:** Tempe, Online

**Description:** The film and media studies minor is useful for students who want to explore the critical and creative study of film and media. Students can opt to study a range of courses that emphasize media and society, media industries, styles and genres and screenwriting.

ASU's Department of English has an extensive internship program, offering placements in publishing, media and marketing, government, nonprofits and film festivals. The department also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

**Program Requirements:**
The film and media studies minor consists of 18 credit hours. At least 12 credit hours must be upper division, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours
FMS 100: Introduction to Film and Media Studies (HU) (3)
FMS 200: Film and Media History ((L or HU) & H) (3)
FMS 300: Television Studies (L or HU) (3)

Electives -- 9 credit hours
FMS Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in film (film and media studies); BA in film (film and media production)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

## Food and Nutrition Entrepreneurship Minor (ECFNTRMIN)

**Campus:** Downtown Phoenix

**Description:** The food and nutrition entrepreneurship minor is available to any ASU student interested in developing a greater understanding of

nutrition, the food industry and food service operations. Students gain basic knowledge and skills that can be used toward starting and managing their own business in the food industry.

**Program Requirements:**
The minor requires a total of 19 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 19 credit hours
NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)
NTR 142: Applied Food Principles (3)
NTR 343: Food Service Purchasing (3)
NTR 344: Nutrition Management and Leadership (L) or NTR 360: Nutrition Entrepreneurship (3)
NTR 351: Nutrition Communication (L) or NTR 448: Community Nutrition (L) (3)
NTR 445: Management of Food Service Systems (4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in dietetics, BS in food and nutrition entrepreneurship, BAS in food and nutrition entrepreneurship, BS in nutritional science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in food and nutrition entrepreneurship have additional knowledge in nutrition basics and leadership which is of benefit to a career in restaurant management or food marketing.

## Forensic Science Minor (ASFOREMIN)

**Campus:** West

**Description:** Forensic science encompasses the application of a diverse range of specialties to the legal system.

A minor in forensic science from the School of Mathematical and Natural Sciences equips students with a fundamental understanding of the basic principles of forensic science, modern laboratory practices, evidence-based critical thinking, and comprehensive knowledge of the ethical and practical considerations involved in case reports and testimony in this field. Additionally, electives within the minor offer the opportunity to explore the specific forensic applications associated with any particular major or chosen career path. As such, this minor prepares students for a wide variety of potential applications of their degree in a suite of diverse employment opportunities that are in high demand.

**Program Requirements:**
The minor in forensic science consists of 15 credit hours. A minimum of nine upper-division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00 on a 4.00 scale) or better.

Core Requirements -- 11 credit hours
FOR 286: Principles of Forensic Science (4)
FOR 370: Fundamentals of Forensic Analysis (4)
FOR 410: Testimony and Ethics in the Forensic Sciences (L) (3)

Upper Division Electives -- 4 credit hours

Choose 1-3 courses to complete at least four credit hours of upper-division electives.
FOR 350: Computer Forensics (3)
FOR 377: Forensic Analytical Chemistry Laboratory (2)
FOR 380: Analysis of Nonhuman Forensic DNA Evidence (3)
FOR 394: Forensic Botany (4)
FOR 394: Introduction to Forensic Anthropology (3)
FOR 400: Comparative Forensics (3)
FOR 401: Forensic Toxicology (3)
FOR 402: Forensic Biology (3)
FOR 403: Comparative Forensics Laboratory (1)
FOR 404: Forensic Toxicology Laboratory (1)
FOR 405: Techniques in Forensic Biology Laboratory (1)
FOR 414: Fundamentals of Forensic Entomology (4)
FOR 447: Molecular Genetics Laboratory (1)
FOR 475: Principles of Toxicology (3)
FOR 480: Advanced Topics in Human Forensic DNA Typing (3)
FOR 494: Forensic Chemistry (3)
FOR 494: Forensic Chemistry Lab (1)
FOR 494: Human Osteology and Forensic Techniques (4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in forensic science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Global Opportunities:**
Global Experience: Students can learn about science and law enforcement in other countries through study abroad (https://goglobal.asu.edu/). Being immersed in another culture broadens horizons and develops professional skills such as cross-cultural communication and critical thinking.

**Career Opportunities:** Scientific and technological advances in the field of forensic science as well as continually increasing caseloads in law enforcement are projected to increase the number of forensic science technicians needed over the next decade. The U.S. Bureau of Labor Statistics estimates that between 2016 and 2026, employment of forensic science technicians will increase 17%, an average increase much greater than in most occupations.

## French Minor (LAFREMIN)

**Campus:** Tempe

**Description:** Students pursuing a minor in French gain an understanding of the language, literature and cultures of French-speaking peoples and regions.

Students are encouraged to participate in a study abroad program (https://silc.asu.edu/silc-studyabroad) to enhance their education and overall minor experience.

**Program Requirements:**
The French minor requires 18 credit hours, of which 15 must be upper division. Three credit hours of FRE 200-level coursework may be applied to the French minor. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better. Course substitutions are allowed for heritage and advanced speakers of the language with approval from an academic advisor in the School of International Letters and Cultures.

Required Courses -- 18 credit hours
FRE 202: Intermediate French II (G) or FRE 210: Intensive French II (G) (3)
FRE 305: Readings in French Literature (G) (3)
FRE 311: Oral and Written Expression I (G) (3)
FRE 312: Oral and Written Expression II (G) (3)
FRE 321: French Cultural Masterpieces I ((L or HU) & H) or FRE 322: French Cultural Masterpieces II (L or HU) (3)
FRE Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in French

Other Enrollment Requirements: None

Students who wish to add a minor in French to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in French studies can help students with communication and cultural competency skills as they pursue careers, including in political analysis, sociology and marketing.

## Gender, Women and Sexuality Studies Minor (ASWSTMIN)

**Campus:** West

**Description:** The minor program in gender, women and sexuality studies examines the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The program combines interdisciplinary topics and methods to critically analyze, unpack and address how relations of gender are embedded in and connected to social, political and cultural transformations. The intellectual core draws from theories, methods and teachings in women and gender studies while engaging complementary fields of social justice, cultural studies, sexuality studies, queer studies, literature, history, sociology, psychology, oral history, ethnicity, race and indigenous studies, and transnational studies.

**Program Requirements:**
The minor in women and gender studies consists of 18 credit hours. A minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken from courses offered by the School of Humanities, Arts, and Cultural Studies. Elective courses should be chosen in consultation with an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)
WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Electives -- 12 credit hours
AMS 334 / ETH 333 / WST 334: Class in America (SB) (3)
ENG 336 / WST 330: Women, Film and Culture (SB & C) (3)

ENG 364: Women and Literature (HU) (3)
ENG 443 / WST 415: Gender, Culture and Literacy (3)
ENG 454 / WST 454: Gender and Literature (L or HU) (3)
HST 328: Women in U.S. History, 1880-1980 ((HU or SB) & C & H) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
WST 220: Gender, Media and Culture (HU & C) (3)
WST 333: Critical Perspectives on Sexuality (SB & C) (3)
WST 370: Chronicling Women's Lives (HU & C) (3)
WST 376: Feminist Theory (H & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 390 / REL 390: Women, Gender and Religion (HU & G) (3)
WST 428: Gender, Madness and Justice (SB) (3)
WST 430: Gender on the Borderlands (SB & G) (3)
WST 433 / ETH 433: Race and Sexualities in Social Justice Movements (3)
WST 444: Gender, Health, and Bodies (SB) (3)
WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)
WST 457: Women, Cultures, and Societies (SB & G) (3)
WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)
WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
WST Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (women and gender studies); BA in gender, women and sexuality studies; BS in gender, women and sexuality studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** This program prepares students for graduate study or a variety of fields including business, health care, criminal justice, social services, education, public relations, nonprofits, community development, public policy and government. Possible careers include community health workers, secondary school teachers, human resource managers, probation officers, social and community service managers, writers and workers in academia.

## Gender, Women and Sexuality Studies Minor (LAWSTMIN)

**Campus:** Tempe, Online

**Description:** The minor in gender, women and sexuality studies is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts. The curriculum leads students to explore ideas about gender and understand how these ideas have been transformed by feminist theory.

**Program Requirements:**
The gender, women and sexuality studies minor consists of 18 credit hours, of which at least 12 must be upper division. A minimum grade of "C" (2.00 on a 4.00 scale) is required for all courses in the minor.

Required Core Course -- 3 credit hours
WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Elective Core Courses (choose one) -- 3 credit hours

WST 377: History of American Feminist Thought (H & C) (3)
WST 378: Global Feminist Theory (L & G) (3)
WST 380: Race, Gender, and Class (SB & C) (3)

Electives -- 12 credit hours
WST Elective (3)
WST Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (women and gender studies); BS and BA in women and gender studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with the knowledge and skills acquired through the minor in gender, women and sexuality studies can bring social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

## Geography Minor (LAGCUMIN)

**Campus:** Tempe, Online

**Description:** The geography minor, rooted in a foundation of cultural and physical geography, encourages students to explore intersections of place and space. Students gain a unique understanding of the modern world from both the local and global perspectives and gain a deeper understanding of how humans impact landscapes.

**Program Requirements:**
The minor in geography requires a minimum of 19 credit hours, of which at least 12 credit hours must be upper division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Cultural Geography (choose one) -- 3 credit hours
GCU 102: Introduction to Human Geography (SB & G) (3)
GCU 121: World Geography (SB & G) (4)
GCU 241: The Global Economy in Transition (SB & G) (3)

Physical Geography -- 4 credit hours
GPH 111: Introduction to Physical Geography (SQ) (3)
GPH 112: Introduction to Physical Geography Lab (SQ) (1)

Upper-Division Electives -- 12 credit hours
GPH OR GCU OR GIS Upper Division Elective (12)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in geography; BS in geography (urban studies); BS in geography (meteorology-climatology)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor in geography helps make students stronger candidates for positions that require an understanding of the Earth's surface, including landforms, water, plants, weather and people --- and the interactions that take place among those elements. This understanding can be valuable in a variety of careers and fields, including:

- business
- city and urban planning
- community outreach
- government agencies
- marketing
- nonprofits
- sustainability
- tourism

## Geological Sciences Minor (LAGLGMIN)

**Campus:** Tempe

**Description:** The geological sciences minor is designed for students interested in developing a basic understanding of earth science and analyzing issues through a scientific viewpoint.

**Program Requirements:**
The minor in geological sciences consists of 21 credit hours, of which at least 13 credit hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 15 credit hours
GLG 101: Introduction to Geology I (Physical) (SQ) (3)
GLG 103: Introduction to Geology I: Laboratory (SQ) (1)
GLG 102: Introduction to Geology II (Historical) (SG & H) (3)
GLG 104: Introduction to Geology II-Laboratory (SG) (1)
GLG 310: Structural Geology (3)
GLG 321: Mineralogy (3)
SES 401: Earth and Space Exploration Colloquium (1)

GLG Upper Division Electives -- 6 credit hours
GLG Upper Division Elective (6)
Courses in other related subjects may be approved by an academic advisor in the School of Earth and Space Exploration. Students should receive approval for substitutions prior to registration.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in earth and environmental studies; BS in earth and space exploration (astrobiology and biogeosciences); BS in earth and space exploration (geological sciences)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in geological sciences can help students advance their career options with marketable skills that align with their major areas of study, such as sustainability, civil and construction engineering, forestry and resource management.

The geological sciences minor provides a solid background in earth materials and processes that are fundamental to careers in environmental engineering and planning, science education, hydrogeology, water resources, scientific publishing, and careers in many other government and nongovernmental agencies.

## German Minor (LAGERMIN)

**Campus:** Tempe

**Description:** Students pursuing a minor in German gain an understanding of the language, literature and cultures of German-speaking peoples and regions.

Students are encouraged to participate in a study abroad program (https://silc.asu.edu/silc-studyabroad) to enhance their education and overall minor experience.

**Program Requirements:**
The German minor requires 18 credit hours, of which 15 must be upper division. Three credit hours of GER 200-level coursework may be applied to the German minor. Course substitutions are allowed for heritage and advanced speakers of the language. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

GER 200-Level Coursework (choose one) -- 3 credit hours
GER 201: Intermediate German I (G) (4)
GER 202: Intermediate German II (G) (4)
GER 210: Intensive German II (G) (6)
Three credit hours of 200-level coursework will be applied to the minor and any additional credit hours earned will be applied toward university elective hours.

Required Courses -- 6 credit hours
GER 312: Explore German Culture (G) (3)
GER 420: Discover - Discuss - Design: German Language and Culture (L or HU) (3)

Choose two courses -- 6 credit hours
GER 310: Making Sense of German Grammar (G) (3)
GER 311: Express Yourself in German (G) (3)
GER 313: Create in German: Writing, Speaking, Performing (G) (3)
GER 319: Work with German (G) (3)

Upper Division GER Electives -- 3 credit hours
GER Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in German

Other Enrollment Requirements: None

Students who wish to add a minor in German to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in German studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

## Global Health Minor (LASSHMIN)

**Campus:** Tempe, Online

**Description:** The minor in global health is a transdisciplinary program designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved.

Global health is understood in the anthropological sense, that is ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of the social, historical, biological and ecological dimensions of health.

**Program Requirements:**
The minor in global health is comprised of 18 credit hours, at least 12 of which must be upper division. A minimum grade of "C" (2.00 on a scale of 4.00) is required for courses used toward the minor. This minor is also available in an online format to complement the studies of ASU Online students.

Required Core Course -- 3 credit hours
ASB 100: Introduction to Global Health (SB & G) (3)

Upper-Division Core Electives (choose three) -- 9 credit hours
AFR 383: Blacks in Science, Medicine and Public Health (3)
ASB 300 / SSH 300: Food and Culture ((L or SB) & C) (3)
ASB 301 / HST 301 / SSH 301: Global History of Health (SB & G & H) (3)
ASB 305: Poverty and Global Health ((L or SB) & G) (3)
ASB 316: Money and Culture (L or SB) (3)
ASB 327: Disaster! ((L or SB) & C) (3)
ASB 355: Traditional Medicine and Healing (HU or SB) (3)
ASB 357: Society, Drugs and Health (SB & G) (3)
ASB 370 / SOS 370: Ethics of Eating (L or SB) (3)
ASB 376: Global Health Policy (3)
ASB 378 / TCL 378: Globalization: Migration, Mass Media, McDonald's ((L or SB) & C) (3)
ASB 457: Global Mental Health ((L or SB) & G) (3)
ASB 462: Medical Anthropology: Culture and Health (SB & C) (3)
ASM 345: Disease and Human Evolution (3)
ASM 401: Health and Human Biology (3)
ASM 403 / BIO 403: Evolutionary Medicine and Global Health (3)
ASM 414: Urban, Environmental and Health Challenges (SB) (3)
ASM 456: Infectious Disease and Human Evolution (3)
HPS 331 / BIO 318: History of Medicine (HU & H) (3)

HST 304: Black Death:Pandemic Disease in the Medieval World (3)
MIC 314 / SSH 314: HIV/AIDS: Science, Behavior, and Society (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 450: Nutrition in the Life Cycle (SB) (3)
SGS 340: Violence, Conflict and Human Rights (3)
SGS 350: Economic Development and Globalization (3)
SOC 424: Women and Health (SB) (3)
SOC 427: Sociology of Health and Illness (SB) (3)
TCL 323: Latina/o Health Issues (SB & C) (3)
TCL 326: Health of Chicanas and Latinas (SB & C) (3)
TCL 327: Health and Migration (SB) (3)
TCL 410 / SOC 410: Race, Medicine, and the Body (L) (3)
TCL 447 / SGS 454 / SOS 447 / WST 447: Gender, Culture, and Development ((L or SB) & G) (3)
WST 360: Women as Healers (SB & G) (3)
WST 365: Women and International Health (G) (3)
WST 380 / AMS 380 / ETH 380: Race, Gender, and Class (SB & C) (3)
WST 440: Politics of Women's Health (SB & C) (3)
WST 444: Gender, Health, and Bodies (SB) (3)

Study Abroad Experience -- 6 credit hours
SSH 403: Cross-Cultural Studies in Global Health ((L or SB) & G) or students choose another approved global health study abroad experience (summer session, six credits minimum) (6)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in global health

Other Enrollment Requirements:

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Nationally and internationally, the health field provides enormous and varied career opportunities, and demand is high and growing for graduates with specific skills. The major supports the goals of those pursuing careers in academic research, teaching and health services. Sample employment venues include:

- departments of health
- government agencies
- international agencies (World Health Organization, Center for Disease Control, Global Health Council, World Bank, Inter-American Development Bank)
- nongovernmental organizations
- private sector
- universities

The degree program also provides a broad intellectual base for those who plan advanced specialist health training in fields such as:

- dentistry
- medicine
- nursing
- pharmacy

In Arizona and elsewhere, there is a pressing need for professionals with appropriate skills to work in cross-cultural settings or with underserved populations such as migrants, minorities and those living in poverty, and many of these jobs are directly or indirectly related to health.

## Global Studies Minor (LASGSMIN)

**Campus:** Tempe, Online

**Description:** The minor program in global studies offers students exposure to global processes and institutions from a transdisciplinary perspective. The program aims to provide students with an introduction to the tools and skills necessary to make connections linking theory with challenging global issues.

**Program Requirements:**
The minor in global studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses -- 6 credit hours
SGS 101: Thinking Globally (SB & G) or SGS 301: Principles of Global Studies (G) (3)
SGS 303: Global Trends (SB & G) (3)

Electives -- 12 credit hours
SGS Elective (3)
SGS Upper Division Elective (9)

A maximum of three credit hours of SGS 484 International Experience or three credit hours of SGS 499 Individualized Instruction may be applied to the minor.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in global studies

Other Enrollment Requirements: None

An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in global studies can help students as they pursue careers in diplomacy and international relations, international sales or marketing, or international trade.

## Health Care Compliance and Regulations Minor (NUHCCRMIN)

**Campus:** Downtown Phoenix, West

**Description:** The minor program in health care compliance and regulations integrates best practices from the business, regulatory, ethics and engineering fields as well as from the medical industry. Students acquire the foundational and advanced knowledge that is required for support of regulatory compliance in a health-focused environment, and the minor's focus on regulatory and ethical compliance enhances a student's major discipline.

**Program Requirements:**
A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 16 credit hours
HCR 259: Compliance and the Health Care Industry (4)
HCR 264: Regulatory Essentials of Compliance Program Design I (3)
HCR 360: Data Security and Privacy in Health Care Compliance (3)
HCR 362: Monitoring and Auditing for Health Care Compliance (3)
HCR 460: Investigations and Disclosures in Health Care Compliance (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in health care compliance and regulations

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students pursuing a minor find that the course in a minor complement and enhance the skill sets and knowledge acquired while pursuing their major program. Although most career areas require more training than a minor can provide, students pursuing the health care compliance and regulations minor often pursue a career on the administrative side of health care organizations.

## Health Care Coordination Minor (NUHCCOMIN)

**Campus:** Downtown Phoenix, West

**Description:** A minor in health care coordination allows students to combine the knowledge of their major discipline with the foundational and advanced concepts of health care coordination.

Students completing this innovative minor have the knowledge that enables them to navigate the health care system and assist in the coordination of health care for individuals and families and to optimize outcomes.

**Program Requirements:**
A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 18 credit hours
HCR 220: Introduction to Health Professions and the U.S. Health Care System (H) (3)
HCR 221: Foundational Concepts for Health Care Coordination (3)
HCR 302: Social Determinants of Health (3)
HCR 321: Advanced Concepts for Health Care Coordination (3)
HCR 420: Professional Role Development: Health Care Coordination (3)
HCR 422: Policy and Financial Principles in Health Care Coordination (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in health care coordination

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students pursuing a minor find that the courses in a minor complement and enhance the skill sets and knowledge acquired while pursuing their major program. Although most career areas require more training than a minor can provide, students completing the health care coordination minor often pursue employment in an organization focused on health care.

## Health Innovation Minor (NUHCIMIN)

**Campus:** Downtown Phoenix, West

**Description:** The health innovation minor provides students with the foundational concepts necessary for them to contribute to transformational change in real-world health situations. This program gives students an understanding of entrepreneurial thinking and of initiating, implementing and sustaining innovation in health settings.

**Program Requirements:**
A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours
HCI 311: Health Innovation: Foundational Concepts (3)

Electives (select four) -- 12 credit hours
HCI 150: Introduction to Health Innovation (3)
HCI 250: Health Entrepreneurship and Value Creation (3)
HCI 313: Philosophy of Science in Health Care: Understanding Paradigms of Health and Healing (3)
HCI 344: Management and Leadership in Health Organizations (3)
HCI 412: Transforming Health Care: A Systems Perspective for Innovation (3)
HCI 421: Health Care Policy: The Innovator's View (3)
HCI 425: Facilitating Innovation to Achieve Outcomes (3)
HCI 428: Technology: A Tool to Advance Innovation in Health Care (3)
HCI 494: Special Topics (3)
Notes: Any 3 credit hour topic will count towards the minor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in health innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Although most career areas require more training than a minor can provide, students completing the health innovation minor often pursue employment in an organization focused on health care and utilize their skills to help impact change within the organization.

## History Minor (ASHISMIN)

**Campus:** West

**Description:** Students in the history minor are exposed to a broad span of history, both temporally and geographically, ranging from the ancient world through the modern period.

The program is offered by the School of Humanities, Arts and Cultural Studies.

**Program Requirements:**
The minor in history consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students wishing to pursue the minor should meet with an academic advisor to construct a set of courses that reflect a particular area of specialty and interest. All courses used to satisfy requirements for the minor must be passed with a grade of "C" (2.00) or better.

History Survey Requirements -- 6 credit hours
Choose one of the following survey sets. If choosing to complete the European History/Western Civilization survey, complete two of three courses.
HST 100: Global History to 1500 (HU & H & G) AND HST 101: Global History Since 1500 (HU & H & G) (6)
HST 102: Europe and the Mediterranean: Ancient and Medieval (SB & H) or HST 103: Early Modern Europe: Renaissance to Enlightenment ((HU or SB) & H) or HST 104: Modern Europe: French Revolution to European Union ((HU or SB) & G & H) (6)
HST 109: United States to 1865 ((HU or SB) & H) AND HST 110: United States Since 1865 (SB & H) (6)

Upper-Division History Electives -- 9 credit hours
HST Upper Division Elective (9)

History Capstone Course -- 3 credit hours
HST 495: Methods of Historical Inquiry (L) (3)
Students must complete a minimum of six upper-division credit hours in History before enrolling in HST 495.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in history

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates of this minor are prepared for graduate study, for professional degree programs and for careers in which critical thinking, research and writing skills are highly valued, such as journalism, editing, law and civil service.

## History Minor (LAHISMIN)

**Campus:** Tempe, Online

**Description:** Students who pursue the minor in history study the growth and development of human society from all aspects: political, social, economic and cultural. The program covers the history of the United States, Europe, Asia, Latin America and Africa. By providing an understanding of how the various regions of the world developed, the minor in history enables students to understand today's complex world.

**Program Requirements:**
The history minor consists of 18 credit hours of coursework, at least 12 of which must be upper division. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses in the minor. A minimum of six upper-division credit hours must be in courses offered by The College of Liberal Arts and Sciences.
The minor in history is available to students in both on campus and ASU Online degree programs. ASU Online students choose courses from the designated track lists below.

Lower-Division Core Survey Courses (choose two) -- 6 credit hours
HST 100: Global History to 1500 (HU & H & G) (3)
HST 101: Global History Since 1500 (HU & H & G) (3)
HST 102: Europe and the Mediterranean: Ancient and Medieval (SB & H) (3)
HST 103: Early Modern Europe: Renaissance to Enlightenment ((HU or SB) & H) (3)
HST 104: Modern Europe: French Revolution to European Union ((HU or SB) & G & H) (3)
HST 106: Asian Civilizations ((HU or SB) & G & H) (3)
HST 108: Introduction to Japan (SB & G & H) (3)
HST 109: United States to 1865 ((HU or SB) & H) (3)
HST 110: United States Since 1865 (SB & H) (3)
HST 111: Introduction to Asia (HU & H & G) (3)
HST 230: Introduction to Jewish Civilization (HU & H & G) (3)

Geographic Focus Courses (choose one course from each geographic area) -- 9 credit hours

Upper-Division Courses in African, Asian or Latin American History (choose one)
HST 302: Envisioning Peace (3)
HST 302: Gender and Sexuality in Islam (3)
HST 302: Slavery Systems in Africa (3)
HST 303: Studies in Asian History (3)
HST 305: Studies in Latin American History (3)
HST 307: Studies in African History (3)
HST 324: Food in Latin America (SB & G & H) (3)
HST 336: Islamic Civilization (HU & H) (3)
HST 339: Islam in the Modern World (HU & G) (3)
HST 372: Modern Middle East (SB & G & H) (3)
HST 375: Colonial Latin America (SB & H) (3)
HST 376: Modern Latin America (SB & G & H) (3)
HST 383: China (SB & H) (3)
HST 384: Modern China: 1700 to the Present (SB & G & H) (3)
HST 386: Interpreting China's Classics ((L or HU) & H) (3)
HST 387: Japan ((L or SB) & H) (3)
HST 388: Japan (SB & G & H) (3)
HST 389: Japan Society and Values/Premod (3)
HST 391: Modern Southeast Asia (SB & G & H) (3)
HST 392: Modern India (3)
HST 404: Conquest and Encounters in Colonial Latin America (L & G) (3)
HST 435: The Russian Empire (SB & H) (3)
HST 436: Rise & Fall of Soviet Communism (SB & G & H) (3)
HST 441: Latin America and the World Economy (L & G & H) (3)
HST 443: The United States and Latin America (SB & G & H) (3)
HST 444: Latin American Independence ((L or HU) & G) (3)
HST 445: 20th-Century Cuba (SB & G & H) (3)
HST 447: Modern Mexico (SB & H) (3)
HST 451: Chinese Cultural History I ((HU or SB) & H) (3)
HST 452: Chinese Cultural History II (SB & G & H) (3)

HST 456: The Vietnam War (SB & G & H) (3)
HST 459: Gandhi and the Politics of Nonviolence (3)

Upper-Division Courses in European History (choose one)
HST 304: Studies in European History (3)
HST 309: Exploration and Empire ((L or HU) & H) (3)
HST 346: Ancient Greece II: Late Classical and Hellenistic Period (SB & H) (3)
HST 347: Ancient Greece I: Bronze Age through the Peloponnesian War (SB & H) (3)
HST 348: Rome (SB & H) (3)
HST 349: Early Middle Ages ((HU or SB) & H) (3)
HST 350: Later Middle Ages ((HU or SB) & H) (3)
HST 351: Renaissance Europe ((L or HU or SB) & H) (3)
HST 352: Europe's Reformations ((L or HU or SB) & H) (3)
HST 353: Old Regime in Europe (SB & H) (3)
HST 354: Revolutionary Europe (SB & H) (3)
HST 355: Total War and the Crisis of Modernity (SB & G & H) (3)
HST 356: Europe since 1945 (SB & G & H) (3)
HST 358: Jewish History from Antiquity to 1492 (SB & H) (3)
HST 359: Jewish History from 1492 to 1948 (SB & G & H) (3)
HST 360: The Crusades: Religion & Conflict in the Middle Ages (SB & H) (3)
HST 361: Witchcraft and Heresy in Europe ((L or HU) & H) (3)
HST 362: Sex and Society in Classical and Medieval Europe (SB & H) (3)
HST 363: Sex and Society in Early Modern Europe ((HU or SB) & H) (3)
HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)
HST 365: World Wars I and II: Europe's Eastern Front (3)
HST 366: England to 1689 (SB & H) (3)
HST 367: From Empire to Brexit: Modern Britain (SB & H) (3)
HST 368: Culture and Imagination in European History (HU & H) (3)
HST 369: History and Memory of the Holocaust (3)
HST 370: Eastern Europe in Transition (SB & G & H) (3)
HST 373: Roman History I: Foundations and Republic (3)
HST 374: Roman History II: The Roman Empire (HU & H) (3)
HST 397: Greece and Rome at War (3)
HST 423: The Tudor Monarchy (SB & H) (3)
HST 424: The Stuart Monarchy (SB & H) (3)
HST 426: The British Empire (H) (3)
HST 427: French Revolution/Napoleonic Era (SB & H) (3)
HST 429: Modern Germany (SB & G & H) (3)
HST 432: Eastern Europe the Balkans, 20th Century (G & H) (3)
HST 435: The Russian Empire (SB & H) (3)
HST 436: Rise & Fall of Soviet Communism (SB & G & H) (3)
HST 438: Modern Spain ((HU or SB) & G & H) (3)
HST 439: Athenian Democracy (H) (3)
HST 465: Women in Europe, 1750 to Present ((HU or SB) & H) (3)

Upper-Division Courses in U.S. History (choose one)
HST 300: Experience of America's Modern Wars (H) (3)
HST 306: Studies in United States History (3)
HST 314: American Cultural History Since 1865 ((HU or SB) & H) (3)
HST 315: Political History of the U. S. (SB & H) (3)
HST 316: 20th-Century U.S. Foreign Relations (SB & H) (3)
HST 317: History of Postwar U.S. Conservatism (3)
HST 318: History of Engineering ((L or SB) & G) (3)
HST 320: U.S. Urban History since 1850 (SB & H) (3)
HST 321: Constitutional History/US to 1865 (SB & H) (3)
HST 322: Constitutional History of the United States Since 1865 (H) (3)
HST 323: Historical Studies in Race, Crime, and the Law (3)
HST 325: Immigration and Ethnicity in the United States (SB & H & C) (3)
HST 327: Women in U.S. History, 1600 to 1880 ((HU or SB) & C & H) (3)
HST 328: Women in U.S. History, 1880-1980 ((HU or SB) & C & H) (3)
HST 329: Women in 20th-Century U.S. West (H & C) (3)
HST 331: Mexican American History to 1900 (SB & H & C) (3)
HST 332: Mexican American History Since 1900 (SB & H & C) (3)
HST 333: African American History to 1865 (SB & H & C) (3)

HST 334: African American History Since 1865 ((HU or SB) & C & H) (3)
HST 335: History of Black Women in America (SB & H) (3)
HST 337: American Indian History to 1900 ((HU or SB) & C & H) (3)
HST 338: American Indian History since 1900 ((HU or SB) & C & H) (3)
HST 340: American Military History (SB & H) (3)
HST 341: U.S. West 19th Century (SB & H) (3)
HST 342: U.S. West 20th Century (SB & H) (3)
HST 343: American Southwest ((L or SB) & H) (3)
HST 344: Arizona (SB & H) (3)
HST 345: Environmental History (L) (3)
HST 377: Sports in United States History ((HU or SB) & H) (3)
HST 379: History of College Sports (3)
HST 405: Colonial American History to 1763 (SB & H) (3)
HST 406: American Revolution/1763-1789 (SB & H) (3)
HST 407: Early U.S. Republic/1789-1850 ((L or SB) & H) (3)
HST 408: Civil War and Reconstruction ((L or SB) & H) (3)
HST 409: Emergence Modern U.S. 1877-1918 (SB & H) (3)
HST 412: Contemporary U.S., 1973- Present (SB & H) (3)
HST 413: Contemporary America ((L or SB) & H) (3)
HST 414: Political History and Leadership (3)
HST 419: 20th Century Chicano/a History (C) (3)
HST 443: The United States and Latin America (SB & G & H) (3)
HST 448: Mexican/U.S. Border (3)
HST 449: Mexican Immigration to the U.S. ((L or SB) & H & C) (3)
HST 456: The Vietnam War (SB & G & H) (3)

Elective -- 3 credit hours
HST Upper Division Elective (3)

ASU Online Minor Requirements

ASU Online Lower-Division Core Survey Courses (choose two) -- 6 credit hours
HST 100: Global History to 1500 (HU & H & G) (3)

ASU Online Elective -- 3 credit hours
HST Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in history; BA in history (secondary education); BAE in secondary education (history)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in history can help students as they pursue careers in many fields, including education, law, public administration, social services, foreign service and communications.

## History Minor (LSHISMIN)

**Campus:** Polytechnic

**Description:** The minor in history focuses on American history, European history, Southwest history, environmental history, the history of technology, the history of engineering and related fields.

**Program Requirements:**
The history minor consists of 18 credit hours. All coursework for the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 18 credit hours
HST Elective (6)
HST Upper Division Elective (12)
Notes: A minimum of six credit hours must be taken in courses offered by the College of Integrative Sciences and Arts.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in history; BA in history of science, ideas and innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in history can help students as they pursue careers in education, historical interpretation and conservation, legal professions, as archivists and curators, or in any position requiring critical thinking, research and writing skills.

## History of Science, Technology and Innovation Minor (LSHSIIMIN)

**Campus:** Polytechnic

**Description:** Science and technology shape every facet of modern human life, but all too frequently the underlying histories and ideas go unexamined. The minor program in the history of science, technology and innovation helps students understand how society reached its present state and helps them reflect on what the future might hold by providing a foundation in the social and intellectual issues central to understanding the intertwined histories of science, technology and ideas.

**Program Requirements:**
The history of science, technology and innovation minor requires 15 credit hours, including a minimum of 12 upper-division credit hours. A minimum of six upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours
HST 280: History of Science, Technology and Innovation (SB & G & H) (3)

Electives (choose four) -- 12 credit hours
HST 309: Exploration and Empire ((L or HU) & H) (3)
HST 318: History of Engineering ((L or SB) & G) (3)
HST 319: History of Aviation (SB & H) (3)
HST 345: Environmental History (L) (3)
HST 380: Studies in the History of Science (3)
HST 381: Studies in the History of Ideas (3)
HST 382: Studies in the History of Innovation and Technology (3)
HST 482: Writing and the History of Science, Ideas and Technology (L) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00 cumulative GPA

Incompatible Majors: BA in history; BA in history of science, ideas and innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in the history of science, technology and innovation can help students as they pursue careers in education, historical interpretation and conservation, legal professions, compliance and regulation of technology, or in any position requiring critical thinking, research and writing skills.

## Human Nutrition Minor (ECNTRMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in human nutrition focuses on the science behind nutrition. This includes how the body processes nutrients for energy, how nutrients play important roles in health and disease, and how nutritional needs change across the lifespan. This program also includes the medical nutrition therapy sequence, which provides students with a clear understanding of how nutrition can be used in a medical setting to prevent and treat diseases.

**Program Requirements:**
The minor requires a total of 18-19 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 18 credit hours
NTR 241: Human Nutrition (3)
NTR 341: Medical Nutrition Therapy I (3)
NTR 440: Advanced Human Nutrition I (3)
NTR 441: Advanced Human Nutrition II (3)
NTR 444: Medical Nutrition Therapy II (3)
NTR 446: Medical Nutrition Therapy III or NTR 450: Nutrition in the Life Cycle (SB) (3-4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BAS in food and nutrition entrepreneurship, BS in dietetics, BS in food and nutrition entrepreneurship, BS in nutritional science

Other Enrollment Requirements: In order to enroll in the courses required for the minor, students must complete the following courses:

BCH 361 Advanced Principles of Biochemistry
BIO 201 Human Anatomy and Physiology I
BIO 202 Human Anatomy and Physiology II
CHM 101 Introductory Chemistry
CHS 260 Health Professions Terminology

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Knowledge obtained from this minor is useful for careers in the life sciences, biology, medicine, public health and health policy. Graduates with a minor in human nutrition have enhanced knowledge of how food is digested and metabolized in the body. This information is valuable for those pursuing careers in the health and medical field.

## Human Systems Engineering Minor (ESHSEMIN)

**Campus:** Polytechnic, Online

**Description:** The minor in human systems engineering in the Ira A. Fulton Schools of Engineering provides students with an understanding of the science of human performance and with experience using methods and tools that will enable them to apply their understanding to design and problem-solving. These skills can be used in a wide variety of domains, such as product usability, learning design, sports performance, and workplace and hospital safety.

**Program Requirements:**
The minor requires 21 credit hours. All required minor courses must be passed with a "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 18 credit hours
HSE 101: Introduction to Human Systems Engineering (SB) (3)
HSE 225: Human Systems Integration (3)
HSE 230: Statistics for Human Systems Research I (CS) (3)
HSE 290: Experimental Methods for Human Systems Research (L) (3)
HSE 323: Perceptual Systems (SB) or HSE 324: Applied Cognitive Science (SB) (3)
HSE 325: Human-Computer Interaction (3)

Elective Course -- 3 credit hours
HSE 422: Human Factors in Sport (3)
HSE 423: Human Factors in Transportation (3)
HSE 424: Human Automation Interaction (3)
HSE 425: Human Factors in Medical Systems (3)
HSE 426: Training and Expertise (3)
HSE 427: Designing for Learning (3)
HSE 428: Judgment and Decision Making (3)
HSE 429: Product Design and Evaluation (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in human systems engineering

Other Enrollment Requirements: None

Students should consult with an advisor in The Polytechnic School to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should go to the advising website (https://fultonapps.asu.edu/advising).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult with their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A broad range of professions need experts in human factors to work on problems that involve an understanding of human performance, in areas that include user experience, aviation human factors, cognitive performance, consumer psychology, transportation human factors, patient safety, effective teamwork, health psychology, learning optimization, social cognition, threat detection and sports psychology.

The human systems engineering minor prepares students for industry and government careers. Graduates may work as a member of a design team for a product or system in positions such as:

- game designer
- human factors engineer
- human systems integrator
- interface designer
- user experience designer
- usability engineer

## Innovation in Society Minor (FIFISMIN)

**Campus:** Tempe, Online

**Description:** The minor in innovation in society equips students with the tools needed for analyzing how science, technology and other social forces shape the present and future.

Students cultivate the critical thinking skills they need in order to develop creative strategies that steer innovation toward the needs and values of society. They are trained to synthesize research and theory from the social sciences, humanities, natural sciences and engineering so they can develop proposals for how to build better futures. This enables students to understand the broader context of their major and helps them mesh those studies with other disciplines to develop more encompassing solutions to important problems.

**Program Requirements:**
Required Courses -- 15 credit hours
FIS 111: Welcome to the Future (3)
FIS 201: Innovation in Society (H) (3)
FIS 305: Ways of Knowing (L) (3)
FIS Upper Division Elective (3)
FIS Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA innovation in society, BS innovation in society

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** Completing this minor can help students bring about positive change in a diverse workforce. The unique knowledge and skills gained from this program enhance a student's bachelor's degree and career opportunities. The minor can complement any career path in a variety of sectors, including business, technology, science, education or government.

# Instructional Design Minor (TELDTMIN)

**Campus:** Online

**Description:** The curriculum of the minor in instructional design is grounded in modern learning theory and design. Coursework addresses a variety of components within the field of learning design including foundations of instructional design, theory and design of digital learning, and digital learning evaluation.

All courses are taught online and combine a range of resources and technologies to facilitate direct interaction between students, program faculty and classmates.

This program culminates with an internship in which students create and present a project that demonstrates their knowledge of instructional design by applying it in a professional context. Students work with an organization to identify an instructional need, problem or performance gap, and then they develop and deploy a solution to be delivered in an online or blended format.

This minor does not lead to teacher certification. Students seeking teacher certification should enroll in one of the other Mary Lou Fulton Teachers College undergraduate programs.

**Program Requirements:**
Required Courses -- 12 credit hours
LDT 301: Foundations of Instructional Design (3)
LDT 320: Digital Learning Theories (3)
LDT 330: Design of Digital Learning (3)
LDT 410: Assessment and Evaluation for Digital Learning (3)

Required Internship -- 3 credit hours
LDT 484: Internship (3)
The required internship LDT 484 is a Session C 15-week course. Students must secure an approved ASU work or volunteer placement for the internship.  It is recommended that this be secured three months before the start of your internship.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** There is growing demand for online educators, including at companies that develop the materials for online students and any organization focused on digital learning. Graduates are prepared for instructional design roles in K-12, higher education, nonprofits and corporate settings. Career examples include:

- curriculum coordinator
- curriculum designer or developer
- distance learning manager
- instructional designer
- media center specialists
- technology coordinator
- training specialist, coordinator or manager

## Integrative Health Minor (NUIHLTMIN)

**Campus:** Downtown Phoenix, West

**Description:** The integrative health minor program provides students with the foundational knowledge they need to approach health from a holistic perspective that focuses on the mind, body and spirit. This program provides an overview of holistic approaches as well as emphasizes research, evidence-based approaches and the legal, ethical, historical and cultural foundations of integrative health care.

**Program Requirements:**
This minor requires 18 credit hours. A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 15 credit hours
HCR 241: Foundations of Integrative Health (3)
HCR 341: Biological, Manipulative, and Body-Based Therapies (3)
HCR 342: Mind-Body and Energy Therapies and Modalities (3)
HCR 343: Historical and Cultural Foundations of Integrative Health Care (3)
HCR 440: Interprofessional Approaches to Integrative Health Care (3)

Elective -- 3 credit hours
BIO OR CHM Elective (3-4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in integrative health

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Although most career areas require more training than a minor can provide, students completing the integrative health minor often pursue employment in an organization focused on health care.

## Integrative Social Science Minor (LSISSMIN)

**Campus:** Polytechnic

**Description:** The minor program in integrative social science is designed to provide general education in the social sciences to individuals who desire exposure to the variety of theories and methods of social scientists. Individuals seeking to expand their analytical, problem-solving and strategic planning skill sets benefit from this minor.

The minor is useful to engineers, technologists and other professionals whose specialized education may not have given them access to social science research theories and methodologies, though their professional activities demand knowledge of those tools.

**Program Requirements:**
The minor requires 18 credit hours, including 15 credit hours of required courses and three credit hours of electives.

Because of their specific design for this particular minor, the 15 credit hours of required courses may not be substituted, nor may transfer hours be used to satisfy the requirements.

Required Courses -- 15 credit hours
ISS 301: Integrated Social Science Research Methods (SB) or POS 301: Empirical Political Inquiry (SB) or STS 301: Research in Science and Technology Studies (SB) (3)
ISS 302: Scope of Social Science (SB) (3)
ISS 304: Integrated Theories of Social Science (SB) (3)
ISS 401: Statistics for Integrated Social Science (CS) or POS 401: Political Statistics (CS) or STS 401: Statistics in Science and Technology Studies (CS) (3)
STS 304: Science, Technology and Society (SB) (3)

Elective (choose one) -- 3 credit hours
ISS Upper Division Elective (3)
POS 316: American Political Institutions (3)
POS 325: Public Policy Development (SB) (3)
POS 485: Political Economy (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in integrative social science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in integrative social science can help students expand skills in the analysis of social phenomena and complex social problems as they pursue careers in strategic analysis, economics and politics.

## Interdisciplinary Organizational Studies Minor (ASIOSMIN)

**Campus:** West

**Description:** This minor incorporates perspectives from the behavioral and social sciences, communication studies and management, and is learner centered --- allowing students to select coursework that matches their career and educational goals.

The program is offered by the School of Social and Behavioral Studies.

**Program Requirements:**
The minor in interdisciplinary organizational studies consists of 21 credit hours (a minimum of 18 credit hours must be upper division). Six upper-division credit hours must be taken from the School of Social and Behavioral Sciences. The research methods course must be approved by an academic advisor prior to enrollment. Students will complete 12 credit hours in courses focused on organizations and three credit hours from courses focused on diversity within organizations. The internship site must be approved by the Internship Advisor prior to enrollment. All courses used to satisfy the requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
PSY 453: Organizational Behavior (SB) (3)
A research methods course must be chosen in consultation with an academic advisor in the School of Social and Behavioral Sciences from the

following:
COM 308: Advanced Research Methods in Communication (L) (3)
PSY 230: Introduction to Statistics (CS) (3)
SBS 304: Social Statistics I (CS) (3)

Cluster 1 - Courses Focused on Organizations -- 12 credit hours
Choose four courses from the following list:
COM 320: Communication and Consumerism (SB) (3)
COM 400: Dissent in Organizations (3)
COM 450: Organizational Communication (SB) (3)
COM 451: Communication and Work Relationships (3)
COM 453: Communication Training and Development (3)
PHI 360: Business and Professional Ethics (HU) (3)
PSY 482: Social Influence and Consumer Behavior (SB) (3)
PSY 484 / COM 484: Internship or SOC 484: Internship (3)
SOC 443: Sociology of Corporations (SB & G) (3)

Cluster 2 - Courses Focused on Diversity Within Organizations -- 3 credit hours
Choose one course from the following list:
COM 463: Intercultural Communication in a Global Context (SB & G) (3)
POS 437: Women, Power, and Politics (G) (3)
SOC 270: Sociology of Race and Ethnicity (SB & C) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 426: Social Inequalities (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in interdisciplinary organizational studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

**Career Opportunities:** Students with a minor in interdisciplinary organizational studies are well suited for employment as a human relations analyst, employee training and development manager, corporate communications specialist, customer service and customer relations manager, EEO representative, labor organizer or mediator.

## Interior Design History Minor (ARINTMIN)

**Campus:** Tempe

**Description:** The minor in interior design history at The Design School is available to students interested in studying design and culture across many time periods.

The courses designated for the minor are part of the professional studies in interior design environments. The coursework introduces theories informing the professions of architecture, decorative arts and interior design, while also examining cultures and history from around the globe.

**Program Requirements:**
Eighteen credit hours (of which 12 credit hours must be from the 300- or 400-level) are required for the minor. A minimum grade of "C" (2.00) is required in all courses for the minor. To enhance the understanding of the subject matter, the selected courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which any of these courses are offered.
A minimum GPA of 2.50 in minor courses is required to earn the minor in interior design history.

Required Courses -- 12 credit hours
DSC 101: Design Awareness (HU & G) (3)
INT 111: Interior Design Issues and Theories (HU) (3)
INT 310: History of Interior Design I (HU & H) (3)
INT 311: History of Interior Design II (HU & H) (3)

Interior Design History Courses -- 6 credit hours
ARC 330: World and Western Architecture for Nonmajors (HU & H & G) (3)
INT 415: Latin American Design or INT 494: Design and Culture in Latin America (3)
INT 494: Contemporary Design Issues in Europe (3)
INT 494: Design and Context (3)
INT 494 "Contemporary Design Issues in Europe" and INT 494 "Design and Context" are offered as part of a summer study abroad program only.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: BSD in interior design

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

The minor in interior design history can complement professional studies in architecture, interior design, environmental design, art, education and history. Degrees within these disciplines can lead to professional positions within studio design firms, design administration and design education.

**Contact Information:**

## Italian Minor (LAITAMIN)

**Campus:** Tempe

**Description:** Students pursuing a minor in Italian gain an understanding of the language, literature and cultures of Italian-speaking peoples and regions.

Students are encouraged to participate in a study abroad program (https://silc.asu.edu/silc-studyabroad) to enhance their education and overall minor experience.

**Program Requirements:**
The Italian minor requires 18 credit hours. A minimum of 12 credit hours must be upper division. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours
ITA 311: Speak Italy: Language, People, Culture (G) or ITA 312: Write Italy: Language, People, Culture (L & G) (3)
ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) or ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)

Electives -- 12 credit hours
Students may apply a maximum of six credit hours of 200-level ITA courses toward the minor. If both ITA 201 and ITA 202 are completed, the remaining two credit hours will be counted toward university elective credit. All remaining electives must be upper-division ITA courses, of which at least three credit hours must be completed at the 400-level.
ITA 201: Intermediate Italian I (G) (4)
ITA 202: Intermediate Italian II (G) (4)
ITA 210: Intensive Italian II (G) (6)
ITA 311: Speak Italy: Language, People, Culture (G) (3)
ITA 312: Write Italy: Language, People, Culture (L & G) (3)
ITA 315: Italian Culture: The Good, The Bad and The Ugly (HU & G) (3)
ITA 319: Italian for Professions (3)
ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) (3)
ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)
ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)
ITA 394: Special Topics (1-4)
ITA 413: Advanced Italian (G) (3)
ITA 414: French and Italian Popular Culture ((L or HU) & G) (3)
ITA 420: Italian Cinema (L & G) (3)
ITA 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)
ITA 484: Internship (3)
ITA 494: Special Topics (1-4)
ITA 499: Individualized Instruction (3)
Additional courses can be used toward minor electives with permission of an academic advisor in the School of International Letters and Cultures.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Italian

Other Enrollment Requirements: None

Students who wish to add a minor in Italian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in Italian studies enables students to enhance the marketable skills and knowledge they acquire in their major program with additional communication and cultural competencies.

Students with the minor often pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

## Justice Studies Minor (LAJUSMIN)

**Campus:** Tempe, Online

**Description:** The minor program in justice studies is designed for students interested in developing an understanding of the meaning of justice and injustice and in analyzing controversial issues. In addition to the two required core courses, students are able to select electives that align with their specific interests.

**Program Requirements:**
The minor requires a minimum of 18 credit hours. At least 12 credit hours must be at the upper-division level. Each course must be completed with

a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours
JUS 105: Introduction to Justice Studies (SB) or JUS 305: Principles of Justice Studies (SB) (3)
JUS 303: Justice Theory (L) (3)

Electives -- 12 credit hours
Select any JUS course except JUS 301, JUS 302 or any course listed as a required course for Justice Studies majors.
JUS Elective (3)
JUS Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in justice studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. Those with a minor in justice studies are able to bring specialized knowledge and skills pertaining to social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

## Kinesiology Minor (NHKINMIN)

**Campus:** Downtown Phoenix, ASU at Lake Havasu

**Description:** The minor program in kinesiology introduces students to the concepts, theories, research and careers related to the four major subdisciplines of kinesiology: motor behavior, exercise and health psychology, biomechanics and exercise physiology. Students in the minor select one of these four subdisciplines as the area of emphasis on which to focus in the upper-division requirements for the minor.

**Program Requirements:**
The minor requires a total of 18 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.
Students begin by taking KIN 101 Introduction to Kinesiology and KIN 290 Introduction to Evidence-Based Practice. After this, students will select a track in one of the four subdisciplines.
*All track courses must come from a single track.

Required Core Courses for all Tracks -- 6 credit hours
KIN 101: Introduction to Kinesiology (3)
KIN 290: Introduction to Evidence-Based Practice (L) (3)

Biomechanics Track:

Biomechanics Required Course -- 3 credit hours
KIN 335: Biomechanics (3)

Biomechanics Track Electives (choose three) -- 9 credit hours

KIN 334: Functional Anatomy and Kinesiology (3)
KIN 412: Biomechanics of the Skeletal System (3)
KIN 415: Theory of Corrective Exercise (3)
KIN 416: Low Back Pain: Muscles and Movement (3)
KIN 418: Experimental Neuromechanics (L) (3)

Exercise Physiology Track:

Exercise Physiology Track Required Course -- 3 credit hours
KIN 340: Physiology of Exercise (3)

Exercise Physiology Track Electives (choose three) -- 9 credit hours
KIN 334: Functional Anatomy and Kinesiology (3)
KIN 440: Exercise Biochemistry (3)
KIN 441: Physiology of Women in Sport (L) (3)
KIN 442: Fuel Metabolism (3)
KIN 443: Exercise Endocrinology (L) (3)
KIN 444: Metabolic Adaptations to Exercise Training (3)
KIN 447: ECG Interpretation (3)
KIN 460: Theory of Strength Training (L) (3)
KIN 465: Muscle Physiology (3)
KIN 466: Cardiovascular Exercise Physiology (3)

Exercise/Health Psychology Track:

Exercise/Health Psychology Track Required Course -- 3 credit hours
KIN 352: Psychosocial Aspects of Physical Activity (SB & C) (3)

Exercise/Health Psychology Track Electives (choose three) -- 9 credit hours
KIN 334: Functional Anatomy and Kinesiology (3)
KIN 348: Psychological Skills for Optimal Performance (SB) (3)
KIN 450: Biopsychosocial Perspectives on Physical Activity and Health (3)
KIN 452: Exercise Psychology (SB) (3)
KIN 454: Motivational Theory in Exercise and Health (3)

Motor Behavior Track:

Motor Behavior Track Required Course -- 3 credit hours
KIN 345: Motor Behavior (3)

Motor Behavior Track Electives (choose three) -- 9 credit hours
KIN 334: Functional Anatomy and Kinesiology (3)
KIN 422: Motor Control in Special Populations (L) (3)
KIN 424: Neural Aspects of Movement and Rehabilitation (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in kinesiology; BS in clinical exercise science; BS in sports science and performance programming

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A kinesiology minor can enhance a student's knowledge of human movement, and this information is valuable for those pursuing careers in the health and medical field.

## Korean Minor (LAKORMIN)

**Campus:** Tempe

**Description:** The Korean minor program is designed to enrich and deepen students' understanding of Korea by placing special emphasis on obtaining a high level of language proficiency in Korean as well as gaining extensive knowledge of Korean literature, culture, film and linguistics, which are necessary for professional or academic endeavors in areas related to Korea or East Asia.

**Program Requirements:**
The minor in Korean consists of 18 upper-division credit hours in the field. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher. At least 12 credit hours must be taken in courses taught by ASU or completed through a study abroad program administered by ASU and officially recognized by the Korean program.

Required Courses -- 6 credit hours
KOR 313: Third-Year Korean I (G) (3)
KOR 314: Third-Year Korean II (G) (3)

Korean Electives (select four) -- 12 credit hours
KOR 347: Korean Film and Literature (HU) (3)
KOR 350: Women of Korea (H) (3)
KOR 375 / SLC 375: Intercultural Communication in Korea (SB & G) (3)
KOR 401: Advanced Korean I (3)
KOR 402: Advanced Korean II (3)
KOR 415 / SLC 415: Korean Popular Culture (HU & G) (3)
KOR 457 / SLC 457: Premodern Korea in a Global Context (HU) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: Students must have completed KOR 202 Second-Year Korean II with a minimum course grade of a "C" (2.00 on a 4.00 scale) or better or have an equivalent level of Korean language proficiency.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in Korean studies equips students with communication and cultural competency skills, a valuable benefit when they pursue careers in:

- education
- marketing
- military
- political analysis
- sociology
- tourism and hospitality

## Landscape Studies Minor (ARLNDMIN)

**Campus:** Tempe

**Description:** The landscape studies minor at The Design School is for students who have an interest in landscape architecture but are pursuing a major in another field.

This minor provides an overview to the topic of landscape architecture and a foundational framework for understanding how shaping the exterior environment can impact life and the environment. The course selection provides greater understanding of landscape architecture concerns particularly relevant in related professional disciplines.

**Program Requirements:**
Eighteen credit hours (to include 12 credit hours of upper-division coursework) are required for the minor. A minimum grade of "C" (2.00) is required in all courses for the minor.
A minimum GPA of 2.50 in minor courses is required to earn the minor in landscape studies.

Required Courses -- 12 credit hours
ALA 102: Landscapes and Sustainability (HU & G) (3)
LAP 251: Plant Materials for Sustainable Landscapes or ALA 100: Introduction to Environmental Design (HU & H & G) (3)
LAP 311: History of Landscape Architecture (HU & H) (3)
LAP 312: 20th-Century Landscape Architecture (HU) (3)

Landscape Architectural History and Theory -- 6 credit hours
EDS 301: Sustainable Community Design and Practices (HU) (3)
LAP 332: GIS Applications in Environmental Design (CS) (3)
LAP 352: Ecosystems and Sustainable Design (3)
LAP 413: Landscape Architecture Theory and Criticism (L) (3)
LAP 485: International Field Studies (G) (1-6)
LAP 494: Special Topics (3)
LAP 499: Individualized Instruction (1-3)
Notes:  LAP 499 requires a petition to The Design School.
LDE 494: Special Topics  (3)
LPH 494: Special Topics  (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: BSLA in landscape architecture

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

The minor in landscape architecture is intended to augment a degree and expand career possibilities in any of the environmental design disciplines, including architecture, interior design and planning.

## Latin American Studies Minor (ASLASMIN)

**Campus:** West

**Description:** The minor program in Latin American studies offers a learner-driven model in which the student's specific interests are deepened through the study of Latin America. It is interdisciplinary and allows for flexibility in course selection while also instilling a breadth and depth of knowledge about issues surrounding Latin America.

**Program Requirements:**
The minor in Latin American studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken from the School of Humanities, Arts, and Cultural Studies and a minimum of 12 credit hours must be completed at ASU. Relevant course substitutions from other ASU colleges and schools may be permitted with the approval of the Latin American Studies faculty lead and if the course focuses solely upon Latin American studies. All courses used to satisfy the requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
LAS 205: Deep Roots: Latin America (HU & G) (3)
LAS 206: Locating Latin America:Interdisciplinary Methods (3)

Upper-Division Latin American Studies Electives -- 12 credit hours
AMS 330: American Lives (HU & C) (3)
ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)
ASB 356 / SBS 356 / SOC 356 / POS 354: Central American Studies (SB & G) (3)
ENG 363 / TCL 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)
FMS 475: Latin American Film ((L or HU) & G) (3)
GCU 323: Geography of Latin America (SB & G) (3)
HST 305: Studies in Latin American History (3)
HST 438: Modern Spain ((HU or SB) & G & H) (3)
HST 443: The United States and Latin America (SB & G & H) (3)
HST 444: Latin American Independence ((L or HU) & G) (3)
HST 447: Modern Mexico (SB & H) (3)
JHR 394: Human Rights in the Global South (3)
JHR 494: Political Representation in Latin America (3)
JUS 470: Alternative Dispute Resolution (L & C) or SPA 470: Law, Societies and Justice in Latino-America (SB & G) (3)
LAS 324 / HST 324: Food in Latin America (SB & G & H) (3)
LAS 330: From the Inside: The Latin American Journey (HU) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
LAS 350: The Construction of a Nation: Chile in the 20th/21st Century (3)
LAS 351: Cityscapes: Urban Mexican Literature and Culture (3)
LAS 355: Contemporary Mexican Cinema: Changing Cartographies (3)
LAS 375 / HST 375: Colonial Latin America (SB & H) (3)
LAS 376 / HST 376: Modern Latin America (SB & G & H) (3)
LAS 378 / HST 378 / JHR 378: Poverty, Inequality and Social Justice in Latin America (3)
LAS 394 / POR 394 / SLC 394 / SPA 394: Special Topics (3)
LAS 404 / HST 404: Conquest and Encounters in Colonial Latin America (L & G) (3)
LAS 419 / HST 419: 20th Century Chicano/a History (C) (3)
LAS 428 / AMS 428 / ETH 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)
LAS 430 / ETH 430 / WST 430: Gender on the Borderlands (SB & G) (3)
LAS 441 / HST 441: Latin America and the World Economy (L & G & H) (3)
LAS 449 / FOR 449 / SPA 449: Latin American Cinema: The Dead and the Disappeared (G & H) (3)
LAS 450 / AMS 450 / ETH 450: Latina/os, Schooling and Social Inequality (C) (3)
LAS 471: Treaties and Cultural Production in Spain and the Americas (3)
LAS 473 / ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
LAS 480: Current Trends in Theatre and New Media in Latin America and Spain (HU) (3)
LAS 481: Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (HU & G) (3)
LAS 494 / POR 494 / SLC 494 / SPA 494: Special Topics (3)
NEW 300: International Cities (3)
Notes: NEW 300 International Cities can be used as an Upper-Division Latin American Studies Elective for Latin American cities only.
POS 453: Latin America (SB & G) (3)
POS 454: Mexico (SB & G) (3)
SPA 325: Introduction to Hispanic Literature (HU) (3)
SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)
SPA 428: Foundational Texts of Latin American Literature Since Modernismo ((L or HU) & G) (3)

SPA 429: Writing Mexico: Major Texts ((L or HU) & G) (3)
SPA 456: 20th-Century Spanish American Fiction (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in Latin American studies; BA in social and cultural analysis (Latin American studies)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** This minor encourages cross-cultural exploration, and students who pursue it are prepared for a global-minded career path in such diverse fields as business and finance, arts and arts administration, education, nonprofit organizations, health care, the sciences, psychology, social sciences, sports, journalism, diplomacy, law enforcement and forensic science, ministry, technology, architecture and library science.

## Materials Science and Engineering Minor (ESMSEMIN)

**Campus:** Tempe

**Description:** The materials science and engineering minor program gives science and engineering majors an in-depth understanding of materials, including their structure, processing, properties and performance.

**Program Requirements:**
Students are required to take five courses and one lab (minimum of 16 credits), listed below:

Required Courses -- 12 credit hours
MSE 250: Structure and Properties of Materials (3)
MSE 355: Structure and Defects (3)
MSE 3** Elective or MSE 4** Elective (6)

Materials-related Lab Course -- 1 credit hours
MSE 356: Thin Film and Microelectronic Devices Lab (1)
MSE 451: Nanomaterials and Electronics Characterization Lab (1)

Materials-related Course -- 3 credit hours
BME 318: Biomaterials (4)
CEE 353: Civil Engineering Materials (4)
CHE 468: Polymer Principles and Processing (3)
CHM 471: Solid-State Chemistry (3)
EEE 352: Properties of Electronic Materials (4)
EEE 436: Fundamentals of Solid-State Devices (3)
MSE 3** Elective (3)
MSE 4** Elective (3)
PHY 481: Materials Physics I (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.
Maintain 2.50 GPA in Minor Courses.

**Enrollment Requirements:** GPA Requirement: 2.75

Incompatible Majors: BA in interdisciplinary studies with a concentration in materials science and engineering

Other Enrollment Requirements: Students must hold sophomore status to enroll in the materials science and engineering minor. To earn the minor, students must receive a minimum GPA of 2.50 (scale is 4.00 = "A") in all minor courses. Students adding the minor also need to complete MAT 265 (MAT 270), MAT 266 (MAT 271), MAT 267 (MAT 272), MAT 242 (MAT 342 or 343), and CHM 114 or CHM 113 and 116.

Interested students should consult with a School for Engineering of Matter, Transport and Energy advisor to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should contact the SEMTE advising office at 480-965-2335 or semte@asu.edu (mailto:semte@asu.edu).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult with their major academic advisor to declare the minor after they have met with an advisor in the school to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** For engineering majors, a minor in materials science and engineering could open up career opportunities in nanotechnology, electronics, health care, sustainability and energy. For nonengineering majors, a minor in materials science and engineering can provide a foundation in sustainability, nanotechnology and materials physics.

## Mathematics Minor (ASMATHMIN)

**Campus:** West

**Description:** The minor program in mathematics explores the study of higher mathematics. It is designed to enable the student to understand the mathematics most commonly used in business, economics and science. It is expected that students in the minor will be able to reason and to find creative solutions to problems that are either presented to them or meaningfully formulated by them.

The program is offered by the School of Mathematical and Natural Sciences.

**Program Requirements:**
The minor in mathematics consists of 20 credit hours (a minimum of 12 credit hours must be upper division). A minimum of nine upper-division credit hours must be taken from the School of Mathematical and Natural Sciences. Elective courses not on this list should be approved by an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 14 credit hours
MAT 271: Calculus with Analytic Geometry II (MA) (4)
MAT 272: Calculus with Analytic Geometry III (MA) (4)
MAT 300: Mathematical Structures (L) (3)
MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)

Upper-Division Electives -- 6 credit hours
MAT 310: Introduction to Geometry (3)
MAT 371: Advanced Calculus I (3)
MAT 411: History and Philosophy of Mathematics (HU & H) (3)
MAT 421: Applied Computational Methods (CS) (3)
MAT 443: Introduction to Abstract Algebra (3)
MAT 445: Theory of Numbers (3)
MAT 452: Introduction to Chaos and Nonlinear Dynamics (3)
MAT 461: Applied Complex Analysis (3)
MAT 462: Applied Partial Differential Equations (3)
MAT 472: Intermediate Real Analysis I (3)
MAT 494: Special Topics (1-4)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in applied mathematics

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The minor is recommended for students who plan to major in interdisciplinary arts and sciences, biology or business and for those who are preparing for further graduate study.

**Contact Information:**
Interdisciplinary Arts and Sciences, New College of
School of Mathematical and Natural Sciences
https://newcollege.asu.edu/undergraduate-certificates/majorinfo/ASMATHMIN/undergrad/true/177

## Mathematics Minor (LAMATMIN)

**Campus:** Tempe

**Description:** The minor in mathematics is designed for students who want to further their knowledge of mathematics. It is beneficial for students majoring in any field where there is a need for quantification in the analysis of information.

**Program Requirements:**
The minor in mathematics consists of a minimum of 18 credit hours, of which at least 12 must be upper division. A grade of "C" (2.00 on a 4.00 scale) or better is required for courses used in the minor.

Required Courses -- 9 credit hours
A minimum of 9 credit hours is required. Students completing MAT 271 and MAT 272 will complete a total of 11 credit hours.
MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)
MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)
MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)

Upper Division Electives -- 9 credit hours
In consultation with an academic advisor in the School of Mathematical and Statistical Sciences, students will choose nine credit hours of upper-division coursework in any combination from ACT, DAT, MAT and STP subjects. Students must complete at least three courses from these subjects.
ACT OR DAT OR MAT OR STP Upper Division Elective (9)

Students may not apply ACT 491, MAT 411, or MAT 485, or any course not offered by The College of Liberal Arts and Sciences to the minor, unless approved by an academic advisor in the School of Mathematical and Statistical Sciences prior to registration.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science; BS in statistics; BS in data science; BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Students should confer with an academic advisor in the School of Mathematical and Statistical Sciences before declaring the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear

on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Mathematics is foundational and can be applied to many different types of careers. Math is a crucial part of engineering, life sciences, business, physics, economics and social sciences. These are just a few of the top careers possible with a minor in mathematics:

- cryptographer
- engineer
- financial analyst
- mathematician
- operations research analyst
- statistician
- teacher

## Media Analysis Minor (CSCMOMINA)

**Campus:** Downtown Phoenix, Online

**Description:** The mass media play vital roles in how information is created and disseminated and in how societies and cultures evolve. In the media analysis minor, students learn to understand the roles media play, how they're changing, and what impact they make. Students learn the tools they need to critically evaluate, analyze and interpret media messages in order to become wise consumers of media and stronger communicators in their major fields.

**Program Requirements:**
The minor in media analysis consists of 18 credit hours of coursework: nine credits of MCO core courses and nine credits of MCO electives. To pursue the minor in media analysis, students must maintain a minimum 2.00 cumulative GPA, and obtain a minimum grade of "C" (2.00 on a 4.00 scale) in each course in the minor.

Required Courses -- 9 credit hours
MCO 120: Media and Society (SB) (3)
MCO 240: Media Issues in American Pop Culture (3)
MCO 418: History of Mass Communication (SB & H) (3)

Elective Courses -- 9 credit hours
MCO 302: Media Research Methods (3)
MCO 307: The Digital Audience (3)
MCO 335: Social Media Foundations (3)
MCO 366: Media Ethics and Diversity (3)
MCO 403: Media Law (3)
MCO 425: Digital Media Literacy I (3)
MCO 426: Digital Media Literacy II (3)
MCO 427: Misinformation and Society (3)
MCO 428: Digital Media and Freedom of Expression in the 21st Century (3)
MCO 430: International Mass Communication (G) (3)
MCO 431: Media Entrepreneurship (3)
MCO 433: Social Media Campaigns, Engagement and Research (3)
MCO 434: Search Engine Research and Strategy (3)
MCO 438: Digital Audience Analysis (3)
MCO 450: Visual Communication (HU) (3)
MCO 456: Political Communication (SB) (3)
MCO 460: Race, Gender, and Media (C) (3)
MCO 465: Sports and Media (3)
MCO 470: Exploring the Business of Journalism (3)
MCO 494: Special Topics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in journalism and mass communication; BA in sports journalism and mass communication; BA in mass communications and media studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor or the Cronkite School advising department (https://cronkite.asu.edu/advising/undergraduate/) for more information.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students develop marketable communication skills, boosting their career options across their major field and advancing their understanding of how mass media functions. Students with a media analysis minor may pursue communications, engagement and strategy roles in their chosen fields; media-facing roles in journalism and fact-checking; and other career opportunities in economics, finance and political organizations.

**Contact Information:**

## Media Arts and Sciences Minor (HIDGCMIN)

**Campus:** Tempe
This program's name has changed effective Fall 2023. The previous name was Digital Culture.
**Description:** With the media arts and sciences minor, students enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

Students develop both the technical skills to create computational media and the cultural skills to know when or why to apply them. Students in the media arts and sciences minor learn to create computational media (computation combined with objects, sound, video, time, space, culture and bodies); breathe behavior into media, objects or systems by programming; and think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic century.

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications. The school prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that is increasingly shaped by new technologies.

**Program Requirements:**
The digital culture minor requires 21 credit hours, of which 12 are upper division. Courses for the minor may not be used as part of a major. A minimum of 12 upper-division credit hours taken at ASU is required.

Required Digital Culture Studies Courses -- 6 credit hours
AME 111: Introduction to Digital Culture (CS) (3)
AME 112: Computational Thinking for Digital Culture or AME 230: Programming for the Media Arts (CS) (3)

Digital Culture Studies -- 6 credit hours
AME 112: Computational Thinking for Digital Culture (3)
AME 130: Prototyping Dreams (L) (3)
AME 210: Media Editing (3)
AME 220: Programming for the Web (CS) (3)
AME 244: Introduction to Interactive Environments (3)
AME 294: Special Topics (3)
AME 310: Media Literacies and Composition (3)
AME 320: Motion Capture for Integrative Systems (3)
AME 330: Digital-Physical Systems (3)

AME 340: Compositional and Computational Principles for Media Arts (3)
AME 394: Special Topics (3)
AME 410: Interactive Materials (3)
AME 411: Advanced Interactive Sound (3)
AME 430: Mac Development for Media Arts (3)
AME 435: Mobile Development (3)
AME 444: Media Installations (3)
AME 470: Programming for Social and Interactive Media (3)
AME 485: Digital Culture Capstone I (3)
AME 494: Special Topics (3)
ART 378: Digital Textiles (3)
DCE 294: HybridAction:PhysicalIntelligenceinDigitalCulture (3)
FSH 394: Fashion Design & Wearable Technology (3)
MDC 211: Introduction to Digital Sound (3)
MDC 311: Composing and Performing for Hybrid Ensembles (3)
MDC 411: Advanced Interactive Sound (3)

Digital Media -- 6 credit hours
AME 294: Special Topics (3)
AME 394: Special Topics (3)
AME 494: Special Topics (3)
ART 116: Introduction to Digital Media (3)
ART 206: Digital Photography I (3)
ART 217: Introduction to Computer Animation (3)
ART 308: 2D Digital Animation I (3)
ART 346: 3D Computer Imaging and Animation (CS) (3)
ART 348: Animation Motion Studies (3)
ART 394: Digital Photography for Non-Majors (3)
ART 424: Stop Motion Animation (3)
ART 438: Moving and Interactive Systems in Sculpture (3)
ART 440: Experimental Video Art (3)
ART 444: Short Subject: Documentary Video (3)
ART 494: Visual Prototyping (3)
CIS 300: Web Design and Development (3)
CPI 111: Game Development I (CS) (3)
DCE 294: HybridAction:PhysicalIntelligenceinDigitalCulture (3)
EDT 440: Creating and Marketing Mobile Apps (3)
EEE 307: Signal Processing for Digital Culture (3)

MUS 356: Broadway and the American Musical (HU) (3)
SOC 334: Technology and Society (L or SB) (3)
THE 320: History of the Theatre I (HU & H) (3)
THE 321: History of the Theatre II (HU & H) (3)
THE 322: Theatre History and Culture (HU & H) (3)
THP 482: Theatre for Social Change (C) (3)

Students who earn a minor in digital culture cannot earn a digital culture certificate.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: All media arts and sciences (formerly digital culture) majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Media arts and sciences students learn techniques that can transform society, and they communicate using contemporary computational media, a vital power in the world. These skills along with specialized knowledge and judgement complement their major program of study and helps them become more marketable to employers.

Graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media, including mobile app design, audio production, autonomous systems and more.

## Medical Studies Minor (NHMESTMIN)

**Campus:** Downtown Phoenix, Polytechnic, West

**Description:** The minor program in medical studies focuses on preparing students for employment in health care and clinical medicine, including in both direct and indirect patient care.

Students take coursework in historical aspects of medicine, applied medical and health care ethics, and leadership and professionalism. Students have the option of selecting an internship course that enhances the application of core concepts.

**Program Requirements:**
The minor requires a total of 18 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 15 credit hours
HCD 303: Global Health Care Systems (G) (3)
HCD 330: Health Care Systems in the U.S. (3)
MED 300: Historical and Contemporary Issues in Health (L) (3)
MED 320: Applied Medical/Health Care Ethics (HU) (3)
MED 450: Leadership and Professionalism (3)

Elective (choose one) -- 3 credit hours
HCD 420: Population Health Management (3)
MED 484: Internship (3)
PBH 422: Health Disparities and Access to Health (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BAS in applied science (health sciences); BS in health care administration and policy; BS in health sciences; BS in health sciences (healthy lifestyles and fitness science); BS in medical studies; BS in population health; BS in public health

Other Enrollment Requirements: Students must complete a minimum of 30 credit hours prior to adding the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students who have completed this minor have acquired valuable skills in health care that, along with those developed in the major program, can be implemented in a variety of career settings. Some career opportunities include project coordinators, marketing, sales and research.

## Military Leadership Minor (LAMISMIN)

**Campus:** Tempe

**Description:** The minor in military leadership is a program designed to enhance students' learning experience by providing tools that prepare them for leadership roles in various organizations. Students complete courses that cover academic and practical skills including:

- effective communication
- leadership ethos
- negotiation
- problem-solving

- staff motivation and empowerment
- team-building

**Program Requirements:**
The minor in military leadership requires a minimum of 18 credit hours, 12 of which must be at the 300- or 400-level. Twelve credit hours must be taken in residence on an ASU campus. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.
Students choose the option befitting their chosen branch of the military. An option is also provided for non-ROTC students wishing to benefit from the skills and knowledge developed in the minor.

Branch Specific Options -- 18 credit hours
The branch-specific options for Army, Air Force and Navy require a minimum of 12 credit hours specific to the option, and six credit hours chosen from a list of approved electives. Students choosing the Marine option complete nine credit hours within the branch option courses and nine credit hours from the list of approved electives.

Army Option
MIS 301: Training Management and the Warfighting Functions (L) (4)
MIS 302: Applied Leadership in Small-Unit Operations (L) (4)
MIS 401: The Army Officer (4)
MIS 402: Company Grade Leadership (4)
Choose two additional courses from the list of Approved Electives below.

Air Force Option
AES 301: Air Force Leadership Studies I (L) AND AES 302: Leadership Laboratory (3)
AES 303: Air Force Leadership Studies II (L) AND AES 304: Leadership Laboratory (3)
AES 401: National Security Affairs (L) AND AES 402: Leadership Laboratory (3)
AES 403: Preparation for Active Duty II AND AES 404: Leadership Lab (3)
Choose two additional courses from the list of Approved Electives below.

Navy Option
NAV 301: Naval Ship Systems I (3)
NAV 302: Naval Ship Systems: Weapons (3)
NAV 401: Naval Operations and Seamanship (3)
NAV 402: Leadership and Ethics (3)
NAV 499: Individualized Instruction (3)
Choose two additional courses from the list of Approved Electives below.

Marine Option
NAV 303: Evolution of Warfare (3)
NAV 402: Leadership and Ethics (3)
NAV 403: Fundamentals of Maneuver Warfare (3)
NAV 499: Individualized Instruction (3)
Choose three additional courses from the list of Approved Electives below.

Non-ROTC Option -- 18 credit hours
The minor also offers an option designed for non-ROTC students desiring the training provided by the minor. Student in the non-ROTC option complete three courses from this list of approved core courses and three courses selected from the list of Approved Electives.
Choose three courses from the following:
AES 301: Air Force Leadership Studies I (L) (3)
AES 303: Air Force Leadership Studies II (L) (3)
AES 401: National Security Affairs (L) (3)
AES 403: Preparation for Active Duty II (3)
MIS 301: Training Management and the Warfighting Functions (L) (4)
MIS 303: National Advanced Leadership Camp (4)
MIS 401: The Army Officer (4)
MIS 402: Company Grade Leadership (4)
NAV 301: Naval Ship Systems I (3)
NAV 302: Naval Ship Systems: Weapons (3)
NAV 303: Evolution of Warfare (3)
NAV 401: Naval Operations and Seamanship (3)
NAV 402: Leadership and Ethics (3)
NAV 403: Fundamentals of Maneuver Warfare (3)
Choose three additional courses from the list of Approved Electives below.

Approved Electives

Courses can only satisfy one requirement. No course used toward the branch-specific courses or the core courses for the non-ROTC option can be repeated as an elective.
AES 101: Air Force Today I (2)
AES 103: Air Force Today II (2)
AES 201: The Evolution of USAF Air and Space Power I (2)
AES 203: The Evolution of USAF Air and Space Power II (2)
FAS 101: Personal Growth and Relationships (SB) (3)
FAS 331: Modern Family Relationships (SB) (3)
HST 372: Modern Middle East (SB & G & H) (3)
HST 408: Civil War and Reconstruction ((L or SB) & H) (3)
HST 456: The Vietnam War (SB & G & H) (3)
MIS 101: Introduction to the United States Army (4)
MIS 102: Foundation of Agile and Adaptive Leadership (4)
MIS 201: Army Leadership and Decision Making (4)
MIS 202: Army Doctrine and Team Development (4)
MIS 499: Individualized Instruction (3)
NAV 101: Introduction to Naval Science (3)
NAV 102: Sea Power and Maritime Affairs (3)
NAV 202: Navigation (3)
NAV 294: Naval Leadership and Management (3)
NAV 499: Individualized Instruction (3)
REL 100: Religions of the World (HU & G) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Additional electives may be used with the prior approval of the department chair.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Other Enrollment Requirements: None

Students in the history or religious studies BA programs may not use HST or REL courses to meet the elective requirement for this minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The minor in military leadership provides students with the knowledge of the military as a profession and its purpose and capabilities in support of national defense. Students who complete the minor improve their problem-solving abilities and enhance their critical and creative thinking skills. This certificate assists students pursuing careers in support of the Department of Defense.

## Music Minor (FAMUSMIN)

**Campus:** Tempe, Online

**Description:** The music minor is designed for students who are interested in a broad introduction to the study of music. The program allows for a diverse exposure to traditional through contemporary music practices, with numerous course options based on students' interests.

**Program Requirements:**
The School of Music offers a minor in music consisting of 24 credit hours of coursework, including a minimum of 12 upper-division credit hours. A minimum grade of "C" (2.00) is required in all courses.

Required Courses -- 12 credit hours
MHL 201: Media Literacy for Musicians (CS) (3)
MUS 100: Fundamentals of Music Notation (3)

MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)
Notes:  Bach to Bebop is only offered in fall semesters.
MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)

Music History -- 6 credit hours
MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)
Notes:  Bach to Bebop is only offered in fall semesters.
MUS 347: Jazz in America (HU & C) (3)
MUS 356: Broadway and the American Musical (HU) (3)
MUS 410: History of Women in Music (HU & C & H) (3)

Music Electives -- 6 credit hours
MUS 354: Beatles  (3)
MUS 354: Classic Rock: 1950-1975  (3)
MUS 354: Country Music  (3)
MUS 354: Elvis  (3)
MUS 354: Jazz Giants  (3)
MUS 354: Rock Since 1975  (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
MUS Upper Division Elective  (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: All music majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in music have additional knowledge that can help them as they pursue careers in arts administration, teaching, fundraising management or marketing.

## Music Performance Minor (HIMUSPMIN)

**Campus:** Tempe

**Description:** The minor program in music performance allows students with a background in playing an instrument or in singing to continue to develop their musicianship while pursuing their major studies.

The coursework includes individualized instruction and ensemble experience, to develop the student's performance skills.

**Program Requirements:**
The minor requires 21 credit hours, of which 12 are upper division, in performance, history, theory and electives.
Students may transfer up to nine credit hours toward the minor.

Admission requirement: An audition is required for entrance into the minor and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage.

Required Courses -- 6 credit hours
MUP 121: Studio Instruction (2)
Notes: Two semesters of MUP 121 are required.
MUP 321: Studio Instruction (1)
MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)

Ensembles - Three semesters of ensembles related to the primary instrument studied in the minor -- 3 credit hours
MUP 442: Orchestra Strings (1)
MUP 442: Philharmonia (1)
MUP 442: Wind Ensemble (1)
MUP 443: Chamber Singers (1)
MUP 443: Concert Choir (1)
MUP 444: Maroon and Gold Concert Band (1)
MUP 450: Choral Union (1)
MUP 455: Arizona Statesmen (1)
MUP 457: Sol Singers (1)
MUP 458: ASU Gospel Choir (1)
MUP 459: Barrett Choir (1)
MUP 486: Concert Jazz Band (1)
MUP 486: Jazz Repertory Band (1)
MUP 486: Latin Jazz Ensemble (1)

Ensemble - Fourth semester of ensemble (may be unrelated to the primary instrument studied in the minor) -- 1 credit hours
MUP 441: Popular Music Ensemble (1)
MUP 485: Contemporary (1)
MUP 485: Jazz (1)
MUP 485: Percussion Ensemble (1)
MUP 485: Steel Band (1)
MUP 489: Ethnomusicology Ensembles (1)
MUP 489: Gamelan (1)
MUP 489: Hip Hop Ensemble (1)
MUP 489: Latin Marimba (1)
MUP 489: Mariachi (1)
MUP 489: World Percussion Ensemble (1)
MUS 294: Rock Band (1)

Music History -- 6 credit hours
MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)
MUS 347: Jazz in America (HU & C) (3)
MUS 354: Classic Rock: 1950-1975 (3)
MUS 355: American Music (HU & C & H) (3)
MUS 356: Broadway and the American Musical (HU) (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
MUS 410: History of Women in Music (HU & C & H) (3)
MHL courses may be accepted if the appropriate prerequisites are met or with instructor approval.

Music Theory -- 3 credit hours
Students will take a theory diagnostic exam to determine placement in either MUS 100 or MTC 125.
MUS 100: Fundamentals of Music Notation or MTC 125: Basic Music Theory (3)

Music Electives -- 2 credit hours
MHL OR MUE OR MUP OR MUS OR MTC OR MSC Upper Division Elective (2)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: All music majors

Other Enrollment Requirements: Students must successfully complete an audition before the faculty in the applicable instrument area for entrance into the program. Audition criteria and specific audition requirements are determined by area faculty and are similar to the MUP 111 and MUP 311 enrollment criteria for each instrument posted at the school's auditions page (https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions). Students interested in pursuing the performance minor should submit an application at the program page (https://musicdancetheatre.asu.edu/degree-programs/music-performance-minor).

Advisors should not add the minor until the student presents a letter from the School of Music, Dance and Theatre Academic Affairs Office confirming that the student has successfully passed the audition.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in music performance have additional experience which can help them as they pursue careers in art administration, teaching and business.

## Music Theatre Minor (HIMUTHRMIN)

**Campus:** Tempe

**Description:** The minor program in music theatre allows students with a background, interest or passion in music theatre to continue their studies and further explore the craft.

Students develop skills through performance-based small group classes and private instruction, and coursework also includes the study of theoretical and historical elements of music and theatre.

**Program Requirements:**
The minor requires 24 hours (12 upper division) in performance, history, theory and electives.
Students may transfer up to nine credit hours toward the minor.
Admission requirement: An audition is required for entrance into the minor and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage.

Required Performance Courses -- 12 credit hours
MUP 121: Voice (2)
Notes: Two semesters of MUP 121 are required
MUP 170: Music Theatre I (2)
MUP 172: Music Theatre II (2)
MUP 374: Technical Production I (Foundations) (1)
MUP 374: Technical Production II (Practicum) (1)
MUP 451: Music Theatre Repertoire (2)
MUP 467: Music Theatre Dance Technique (2)
Notes: Two semesters of MUP 467 are required and must be taken in fall-spring sequence

Music History -- 3 credit hours
MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)
MUS 347: Jazz in America (HU & C) (3)
MUS 354: Classic Rock: 1950-1975 (3)
MUS 355: American Music (HU & C & H) (3)
MUS 356: Broadway and the American Musical (HU) (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
MUS 410: History of Women in Music (HU & C & H) (3)
MHL courses may be accepted if the appropriate prerequisites are met or with instructor approval.

Music Theory -- 3 credit hours

Students must take the music theory diagnostic exam before enrolling in MTC 125.
MTC 125: Basic Music Theory (3)

Upper Division Music Elective -- 3 credit hours
MUP 321: Studio Instruction (1)
MUP 360: Musicianship for Singers (1)
MUP 373: Music Theatre Performance and Production (1)
MUP 471: Audition Training (Musical Theatre) (1)
MUS 355: American Music (HU & C & H) (3)
THE 322: Theatre History and Culture (HU & H) (3)

Music Electives -- 3 credit hours
MUP 270: Music Theatre III (2)
MUP 272: Music Theatre IV (2)
MUP 321: Voice (1)
MUP 373: Music Theatre Performance and Production (1)
MUP 471: Audition Training (Musical Theatre) (1)
MUS 131: Bach to Bebop (HU) (3)
MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)
MUS 347: Jazz in America (HU & C) (3)
MUS 354: Classic Rock: 1950-1975 (3)
MUS 355: American Music (HU & C & H) (3)
MUS 356: Broadway and the American Musical (HU) (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
MUS 410: History of Women in Music (HU & C & H) (3)
THE 322: Theatre History and Culture (HU & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BMUS in performance with a concentration in music theatre

Other Enrollment Requirements: An audition for music theatre is required for entrance into the minor or BIS concentration and MUP 121 and MUP 170 study. Audition criteria are determined by area faculty.

Audition repertoire can be found on this School of Music, Dance and Theatre website (https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions). Students interested in pursuing the music theatre minor should submit an application at the program page (https://musicdancetheatre.asu.edu/degree-programs/music-theatre-minor).

Advisors should not add the minor until the student presents an acceptance letter from the School of Music, Dance and Theatre Academic Affairs Office confirming that the student has successfully passed the audition.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in music theatre have additional expertise which can help them as they pursue careers in arts administration, acting, performance or teaching.

## Nonprofit Leadership and Management Minor (PPNLMMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in nonprofit leadership and management empowers students to positively impact the community in which they work. The nonprofit sector in the U.S. is unique in form and function, with more than 1.6 million organizations in the U.S.

This program is ideal for ASU students who wish to earn a minor that concentrates on the management of nonprofit organizations. Coursework introduces students to the knowledge and skills required for successful professional careers with nonprofit, social sector organizations that exist to improve the quality of life of communities.

Students from various disciplines such as business, communication, education, global studies, museum studies, nursing, public affairs, religious studies, social work and sustainability find this program a beneficial supplement to their existing program as many find that the career pathways from their degree occur within nonprofit organization forms.

This program affords students the opportunity to earn the National Certified Nonprofit Professional credential awarded through the Nonprofit Leadership Alliance; https://www.nonprofitleadershipalliance.org/credential/ (https://www.nonprofitleadershipalliance.org/credential/). Students seeking more information about completing the CNP credential and requirements should refer to the school website.

**Program Requirements:**
The minor requires 18 credit hours: three credit hours of required core courses and 15 credit hours of elective courses.

Required Core Course -- 3 credit hours
NLM 220: Introduction to Nonprofit Organizations (3)

Electives -- 15 credit hours
NLM 160: Voluntary Action and Community Leadership (SB) (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 310: Volunteer Management (3)
NLM 380: Financial Management for Nonprofit Organizations (3)
NLM 430: Managing Nonprofit Organizations (L) (3)
NLM 435: Service Learning for Community Development (3)
NLM 451: Grant Writing (3)
NLM 484: Internship (3)
PRM 145: Special Events Management (3)

Standards
1. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor.
2. 15 credit hours of graded classroom coursework (no internship, no independent study).
3. students should be a junior to take 400-level classes.
4. no double counting of courses for both a major and the minor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in nonprofit leadership and management, including the American Indian studies concentration

Students pursuing the nonprofit leadership and management bachelor's degree may earn the certified nonprofit professional credential along with their major upon successfully completing both curricular and cocurricular requirements. (Students should see an advisor for details.)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Graduates with a nonprofit leadership and management minor find opportunities in diverse settings involving a wide range of missions, including arts and culture, environmental, health, youth development, etc. Some graduates find employment with local, grassroots, direct-service nonprofits while others find work with grant-making foundations.

## Nutrition and Healthy Living Minor (NUNHLMIN)

**Campus:** Downtown Phoenix

**Description:** The nutrition and healthy living minor program provides students with a greater understanding of how nutrition contributes to healthy lifestyles and disease prevention.

Students have the opportunity to mix and match classes to their interests, such as the history and cultural aspects of food, counseling and communication in different mediums, sports nutrition, and nutrition in the community.

**Program Requirements:**
The minor requires a total of 18 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for each course in the minor.
Some courses in this minor require CHM 101 (or CHM 113) as a prerequisite. Please ensure all prerequisites are met when planning this minor.

Required Courses -- 9 credit hours
NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)
NTR 345: Development of Healthy Cuisines (3)
NTR 450: Nutrition in the Life Cycle (SB) or HSC 355: Eating for Lifelong Health (SB) (3)

Upper-Division Electives (select three) -- 9 credit hours
HEP 380: Body Image and Wellness (3)
NTR 320: History of Human Nutrition (H) (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 350: Nutrition Counseling (3)
NTR 351: Nutrition Communication (L) (3)
NTR 353: The Western Diet (3)
NTR 390: Current Nutrition Research (3)
NTR 448: Community Nutrition (L) (3)
NTR 453: Nutrition and the Media (3)
NTR 457: Sports Nutrition (3)
NTR 480: Integrative and Functional Nutrition (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in dietetics, BS in food and nutrition entrepreneurship; BS in health sciences (healthy lifestyles and fitness science); BAS in food and nutrition entrepreneurship; BS in nutritional science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. Graduates of the minor in nutrition and healthy living have a basic understanding of nutrition needs through the lifecycle and how to put that knowledge to use in the community, which is of benefit to careers in public health, the medical field and in workplace wellness.

Many graduates participate in activities like these:

- conducting academic research
- developing and preparing recipes that meet nutritional guidelines
- informing the community about food through social media and web platforms
- providing people of all ages with general nutrition information

## Organizational Leadership Minor (LSORGLMIN)

**Campus:** Polytechnic, Online

**Description:** The minor program in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need in order to solve problems, communicate effectively, assess programs, manage resources and use emerging technologies within organizations.

**Program Requirements:**
The minor in organizational leadership requires 18 credit hours, including a minimum of 12 upper-division credit hours.

Required Courses -- 9 credit hours
OGL 200: Introduction to Organizational Leadership (SB) (3)
OGL 340: Special Topics (6)
Notes:  This course is taken two times with two separate topics.

Electives -- 9 credit hours
Choose three courses, including a minimum of six upper-division credit hours.
OGL 220: Behavioral Dynamics in Organizations (SB) (3)
OGL 260: Resource Allocation in Organizations (3)
OGL 300: Theory and Practice of Leadership (3)
OGL 340: Special Topics (3)
OGL 343: Social Processes in Organizations (SB) (3)
OGL 345: Organizational Ethics (HU) (3)
OGL 350: Diversity and Organizations (L & C) (3)
OGL 355: Leading Organizational Innovation and Change (3)
OGL 357: Assessment in Organizations (3)
OGL 360: Assessment of Leadership Effectiveness (3)
OGL 365: Special Topics (3)
PMG 240: Introduction to Project Management (3)
PMG 321: Project Leadership, Strategy and Scope (3)
Any topic can be utilized within the OGL 340 and OGL 365 courses. Students may enroll in up to 15 credit hours of OGL 340 or OGL 365 topics courses to meet the requirements of the minor. Topics cannot be repeated.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BAS in applied science (applied leadership); BA in organizational leadership; BA in organizational leadership (project management); BAS in project management.

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in organizational leadership can help students with communication and cultural competency skills as they pursue careers in organizational behavior, organizational leadership, management and others.

Graduates of the program are prepared for a range of positions in government, health care administration, nonprofit agencies and the service industry.

## Parks and Protected Area Management Minor (PPPRMMINT)

**Campus:** Downtown Phoenix

**Description:** As the world continues to develop and urbanize, the demands and pressures on public lands and natural resources continue to grow. The minor program in parks and protected area management introduces students to the role of these community resources, with a focus on the unique issues faced by urban-proximate natural areas.

Understanding how to balance growing societies with natural resources is key to a sustainable future.

**Program Requirements:**
Completion of the parks and protected area management minor in the School of Community Resources and Development requires the following:

Required Core Courses -- 12 credit hours
PRM 120: Leisure and the Quality of Life (SB) (3)
PRM 370: Public Lands Management (3)
Notes:  Offered fall semester only
PRM 380: Wilderness and Parks in America (SB & H) (3)
TDM 480: Sustainable Tourism (3)

Elective (choose one) -- 3 credit hours
CRD 301: Sustainable Communities (3)
PRM 340: Outdoor Survival (3)
Notes:  Offered fall semester only
PRM 470: Environmental Communication (3)
Notes:  Offered spring semester only
TDM 448: Heritage and Cultural Tourism (3)
TDM 494: Special Topics  (3)

Standards
1. 15 hours of graded classroom coursework (no internship, no independent study)
2. 12 hours of coursework at the upper-division level, from the approved list
3. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
4. no double counting of courses for a major and the minor
5. should be a junior to take 400-level courses
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management (all concentrations); BS in recreation therapy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. Graduates with a minor in parks and protected area management can find opportunities in diverse settings involving a wide range of organizations, including recreation, environmental and youth development.

## Personal Health Minor (NHPHLMIN)

**Campus:** Downtown Phoenix, Online

**Description:** The personal health minor allows students pursuing non-health majors or anyone interested in improving their health to explore and learn the latest information related to healthy lifestyles, including the attainment and retention of high-quality personal health.

The program reflects the transdisciplinary nature of personal health by including courses from the fields of nutrition, exercise science, and health sciences and health promotion. Students gain the knowledge and skills necessary to optimize their personal health and assume increased responsibility to move toward improved overall wellness.

**Program Requirements:**
A total of 18 credit hours are required for the minor. A minimum grade of "C" (2.00 on a 4.00 scale) is required for all courses.

Required Courses -- 12 credit hours
EXW 325: Fitness for Life (3)
HEP 380: Body Image and Wellness (3)
HSC 355: Eating for Lifelong Health (SB) or NTR 450: Nutrition in the Life Cycle (SB) (3)
NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)

Electives -- 6 credit hours
EXW 302: Fundamentals of Wellness (L) (3)
EXW 335: Physical Activity and Physiological Concepts (3)
EXW 400: Stress Management for Wellness (3)
HEP 350: Substance Use and Addictive Behaviors (3)
HEP 361: Digital Health Communication and Education (3)
HEP 443: Emotional Health and Interpersonal Relationships (3)
NTR 345: Development of Healthy Cuisines (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 453: Nutrition and the Media (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in exercise and wellness; BS in health education and health promotion; BS in health sciences (healthy lifestyles and fitness science); BAS in food and nutrition entrepreneurship

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor in personal health provides students with skills in many areas of exercise, nutrition and emotional health which can enhance the marketable skills they acquire in their major program. Graduates can pursue careers in workplace wellness, the medical field or public health, among many other career options, though most career areas do require more training than a minor alone can provide.

## Pharmacology and Toxicology Minor (ASPTXMIN)

**Campus:** West, Online

**Description:** A minor in pharmacology and toxicology provides students with biology and chemistry courses to help prepare them to explore how chemicals (drugs and environmental toxicants) affect living organisms.

Students learn to identify chemical characteristics leading to beneficial and adverse effects, describe how chemicals are evaluated for regulatory purposes, and summarize holistically how drugs and toxicants elicit their effects.

**Program Requirements:**
The minor in pharmacology and toxicology consists of 20 credit hours. A minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required -- 14 credit hours
BCH 371: Modern Concepts in Biochemistry (3)
BIO 182: General Biology II (SG) (4)
CHM 116: General Chemistry II (SQ) (4)
PTX 301: Basics of Pharmacology and Toxicology (3)

Upper-Division Electives (choose two) -- 6 credit hours
PTX 401 / FOR 401: Forensic Toxicology (3)
PTX 432 / LSC 432: Fundamentals of Pharmacology (3)
PTX 475 / FOR 475 / LSC 475: Principles of Toxicology (3)
PTX 499: Individualized Instruction (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in pharmacology and toxicology, BS in biology (pharmacology/toxicology)

Other Enrollment Requirements: The following prerequisite courses do not count toward the minor, but may be needed in order to complete the requirements of the minor:
BIO 181 General Biology I
BIO 353 Cell Biology
CHM 113 General Chemistry I
CHM 233 General Organic Chemistry I AND CHM 237 General Organic Chemistry Laboratory I
CHM 234 General Organic Chemistry II AND CHM 238 General Organic Chemistry Laboratory II
LSC 347 Fundamentals of Genetics

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Relevant career paths include the pharmaceutical industry, regulatory fields such as environmental risk assessment, and graduate programs in public health, pharmacology, toxicology or environmental health sciences.

## Philosophy Minor (ASPHIMIN)

**Campus:** West

**Description:** The minor program in philosophy provides students with an understanding of central philosophical issues, problems and ideas; a capacity for critical thinking and analytic reasoning; and the ability to present one's positions effectively through oral and written communication.

The program is offered by the School of Humanities, Arts and Cultural Studies.

**Program Requirements:**
The minor in philosophy consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students pursuing this minor will work with an academic advisor to choose and complete six courses from the list below or from the PHI subject area. Credit hours may not be shared between major and minor requirements. Six hours maximum of PHI/REL 484 and/or PHI/REL 499 may apply. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Course List (minimum 12 upper-division credit hours) -- 18 credit hours
ENG 401: Topics in Critical Theory (3)
IAS 340 / PHI 320: Bioethics (HU) (3)
IAS 406 / PHI 406: Moral Dilemmas (L or HU) (3)
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)
IAS 410: Evolution of Ideas (L or HU) (3)
IAS 417 / PHI 417: Philosophy of Censorship (L or HU) (3)
IAS 430: Science and Religion (L or HU) (3)
IAS 450 / PHI 450 / REL 450: Philosophical and Spiritual Issues in Death and Dying (3)
PHI 101: Introduction to Philosophy (HU) (3)
PHI 103: Principles of Sound Reasoning (L or HU) (3)
PHI 303 / REL 300: The Future of Religions (L or HU) (3)
PHI 304: Existentialism (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 311: Philosophy and Literature (HU) (3)
PHI 318: Philosophy of Religion (HU) (3)
PHI 339: Philosophy of Art (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)
PHI 391 / REL 391: Historical Perspectives on Philosophy and Religion (3)
PHI 408: Feminist Ethics (HU) (3)
PHI 411: Continental Philosophy (HU) (3)
PHI 412: Philosophy and Literary Criticism (HU) (3)
PHI 415: Philosophy and Film (HU) (3)
PHI 439: Philosophy of Love and Sex (HU) (3)
PHI 484 / REL 484: Internship (3)
PHI 494 / REL 494: Special Topics (3)
PHI 499: Individualized Instruction or REL 499: Individualized Instruction (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in philosophy is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates who have completed the minor in philosophy have critical thinking and strong communication skills essential to

success in health care, law, public service, journalism, business and education. The minor program provides ideal preparation for careers in a wide range of careers, including:

- entrepreneur
- intelligence analyst
- lawyer
- medicine
- minister
- paralegal
- politician
- real estate agent
- teacher or professor
- writer

## Philosophy Minor (LAPHIMIN)

**Campus:** Tempe, Online

**Description:** The minor in philosophy provides students with an understanding of philosophical inquiry and method. The program offers an introduction to central themes both in the history of philosophy and in the current literature. Students in this minor have the opportunity to sharpen their critical-reasoning skills while addressing profound questions regarding the nature of:

- existence
- knowledge
- law
- morality
- politics
- science

**Program Requirements:**
The minor in philosophy consists of 18 credit hours, of which at least 12 must be upper division. At least six upper-division credit hours must be in courses offered by The College of Liberal Arts and Sciences. Each course must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or higher.
The minor in philosophy is also available to complement the studies of ASU Online students. Certain course selections below are offered as oCourses to accommodate ASU Online students.

Subdisciplinary Electives -- 18 credit hours
Subdisciplinary Elective (6)
Upper Division Subdisciplinary Elective (12)
Available subdisciplines are epistemology, ethics and political philosophy, history of philosophy, logic, and metaphysics. Students choose courses from the philosophical subdiscipline lists, with no more than two courses from any single track. Courses in the "other" list cover multiple subdisciplines and students may apply these courses within the minor without limit. Students should consult with an academic advisor in the School of Historical, Philosophical and Religious Studies about a proposed selection of courses before enrolling.

Epistemology
PHI 313: Probability, Evidence, and Decision (3)
PHI 314: Philosophy of Science (HU) (3)
PHI 325: Philosophy of Social Science (HU or SB) (3)
PHI 330: Theory of Knowledge (HU) (3)

Ethics and Political Philosophy
PHI 105: Intro to Ethics (HU) (3)
PHI 107: Introduction to Philosophy of Sex and Love (HU) (3)
PHI 120: Introduction to Medical and Bioethics (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 307: Philosophy of Law (HU) (3)
PHI 310: Environmental Ethics (HU) (3)

PHI 320: Bioethics (HU) (3)
PHI 324: Existential Ethics (HU) (3)
PHI 326: Philosophy of Happiness (HU) (3)
PHI 335: History of Ethics (HU) (3)
PHI 336: Social and Political Philosophy (HU) (3)
PHI 337: Ethical Theory (HU) (3)
PHI 338: Metaethics (3)
PHI 347: Philosophical Theories of Constitutional Law (3)
PHI 360: Business and Professional Ethics (HU) (3)
PHI 370: Sports Ethics (HU) (3)
PHI 405: Moral Psychology (3)
PHI 406: Moral Dilemmas (L or HU) (3)
PHI 408: Feminist Ethics (HU) (3)
PHI 409: Eco-Community Ethics (HU) (3)

History of Philosophy
PHI 304: Existentialism (HU) (3)
PHI 328: History of Ancient Philosophy (HU & H) (3)
PHI 329: History of Modern Philosophy (HU & H) (3)
PHI 401: Rationalism (3)
PHI 402: Empiricism (HU) (3)
PHI 403: Contemporary Analytic Philosophy (HU) (3)

Logic
PHI 103: Principles of Sound Reasoning (L or HU) (3)
PHI 333: Symbolic Logic (3)
PHI 413: Advanced Symbolic Logic (3)

Metaphysics
PHI 318: Philosophy of Religion (HU) (3)
PHI 331: Philosophy of Language (HU) (3)
PHI 332: Metaphysics (HU) (3)
PHI 334: Philosophy of Mind (HU) (3)

Other
PHI 101: Introduction to Philosophy (HU) (3)
PHI 311: Philosophy and Literature (HU) (3)
PHI 319: Philosophy, Computing and Artificial Intelligence (CS) (3)
PHI 322: History and Philosophy of Sustainability (3)
PHI 339: Philosophy of Art (HU) (3)
PHI 371: Philosophy of Sport (HU) (3)
PHI 390: Jewish Philosophy (3)
PHI 391: Historical Perspectives on Philosophy and Religion (3)
PHI 417: Philosophy of Censorship (L or HU) (3)
PHI 452: Philosophy of Biology and Medicine (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in philosophy; BA in philosophy (morality, politics and law); BA in philosophy (science, nature and mind)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor can help students demonstrate marketable skills that complement their major program. A minor in philosophy is of benefit in a wide range of careers in fields that value analytical and reasoning skills and, in particular, strong communication and writing skills. Students often pursue careers in fields such as business law, politics, medicine and education.

## Physics Minor (LAPHYMIN)

**Campus:** Tempe, Online

**Description:** The physics minor provides students with the fundamental concepts of physics beyond the introductory level. Through rigorous hands-on experience, students deepen their understanding of foundational concepts and develop their quantitative skills.

Through upper-division electives, students can tailor the minor to enhance their career outlook.

**Program Requirements:**
The minor in physics requires a minimum of 24 credit hours, at least 12 of which must be completed at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours
PHY 121: University Physics I: Mechanics (SQ) AND PHY 122: University Physics Laboratory I (SQ) or PHY 150: Physics I (SQ) (4)
PHY 131: University Physics II: Electricity and Magnetism (SQ) AND PHY 132: University Physics Laboratory II (SQ) or PHY 151: Physics II (SQ) (4)
PHY 252: Physics III (SQ) or PHY 241: University Physics III AND PHY 202: Programming for Physicists (4)

Electives -- 12 credit hours
Choose one of the following options for the remaining required coursework. (12-15)

Option 1
PHY 361: Introductory Modern Physics (3)
PHY 333: Electronic Circuits and Measurements or PHY 334: Advanced Laboratory I (L) (3)
PHY Upper Division Elective (6)

Option 2
PHY 201 and PHY 302 are required.
PHY 201: Mathematical Methods in Physics I (CS) (3)
PHY 302: Mathematical Methods in Physics II (3)
Select nine additional credit hours (three courses) from the below list.
PHY 310: Classical Particles, Fields, and Matter I (3)
PHY 311: Classical Particles, Fields, and Matter II (3)
PHY 314: Quantum Physics I (3)
PHY 315: Quantum Physics II (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in applied physics; BS in biophysics; BA and BS in physics; BS in physics (secondary education)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's

ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in physics have additional analytical and problem-solving skills which are of benefit as they pursue careers in technical fields.

## Physics Minor (LSPHYMIN)

**Campus:** Polytechnic

**Description:** The physics minor program provides a rigorous foundation in physics with an emphasis on fundamental concepts and hands-on experience. The program broadens and deepens a student's understanding of the field and increases options for employment and graduate study.

The primary emphasis of the physics minor is to give students experience through applied and computational physics projects. The projects are guided by faculty with expertise in the physics of semiconductors and graphene, quantum nano-optics, laser physics and materials science.

The program is offered by the College of Integrative Sciences and Arts at the Polytechnic campus.

**Program Requirements:**
The minor in physics requires 23 credit hours, including a minimum of 12 upper-division credit hours. A minimum of nine upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 17 credit hours
PHY 121: University Physics I: Mechanics (SQ) (3)
PHY 122: University Physics Laboratory I (SQ) (1)
PHY 131: University Physics II: Electricity and Magnetism (SQ) (3)
PHY 132: University Physics Laboratory II (SQ) (1)
PHY 314: Quantum Physics I (3)
PHY 321: Vector Mechanics and Vibration (3)
PHY 499: Individualized Instruction (3)

Electives (choose two) -- 6 credit hours
PHY 201: Mathematical Methods in Physics I (CS) (3)
PHY 302: Mathematical Methods in Physics II (3)
PHY 331: Principles of Modern Electromagnetism (3)
PHY 361: Introductory Modern Physics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00 or higher

Incompatible Majors: BA or BS in physics

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in physics can help students expand analytical skills as they pursue careers in engineering, postsecondary education or mechanical design.

## Political Science Minor (ASPOLMIN)

**Campus:** West

**Description:** The minor program in political science helps students gain an understanding of theory, practice and policy underlying local, national and international political processes and trains students in the research skills necessary for the analysis of complex local and global sociopolitical issues.

Students engage in a flexible program of learner-centered coursework in political theory, American political institutions, and international relations and world affairs. The curriculum focuses on international urban, race or ethnic sociopolitical areas and internships and service-learning or action research opportunities. Under the direction of faculty, students focus on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas, and the world.

The degree is offered by the School of Social and Behavioral Sciences.

**Program Requirements:**
The minor in political science consists of 18 credit hours, requiring a minimum of 12 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses (choose two) -- 6 credit hours
POS 110: American Government and Politics (SB) (3)
POS 150: Comparative Government (SB & G) (3)
POS 160: Global Politics (SB & G) (3)
POS 210: Political Ideologies (SB) (3)

Research Methods (choose one) -- 3 credit hours
SBS 302: Qualitative Methods (3)
SBS 303: Quantitative Methods (3)
SBS 304: Social Statistics I (CS) (3)

Upper-Division Interdisciplinary Track -- 9 credit hours
Choose one course from each of three upper-division Interdisciplinary Tracks.

Upper-Division Social Justice and Inequality Interdisciplinary Track -- 3 credit hours
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
HST 441 / LAS 441: Latin America and the World Economy (L & G & H) (3)
JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)
POS 342: Political Theory (HU or SB) (3)
POS 446: Democracy (HU) (3)
POS 480 / SBS 480: Global Justice (G) (3)
POS 494: Everyday Forms of Political Resistance (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)
SOC 331: Environmental Sociology (SB & G) (3)
SOC 352: Social Change (SB & G & H) (3)
SOC 426: Social Inequalities (SB) (3)

Upper-Division Law, Citizenship, Borders Interdisciplinary Track -- 3 credit hours
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
POS 310: American National Government (SB) (3)
POS 360: World Politics (SB & G) (3)
POS 361: American Foreign Policy (SB & G) (3)
POS 446: Democracy (HU) (3)
POS 465: International Organization and Law (SB & G) (3)

POS 480 / SBS 480: Global Justice (G) (3)

Upper-Division Identity and Place Interdisciplinary Track -- 3 credit hours
ETH 430 / LAS 430 / WST 430: Gender on the Borderlands (SB & G) (3)
ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
ETH 473 / LAS 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
HST 376 / LAS 376: Modern Latin America (SB & G & H) (3)
POS 350: Comparative Politics (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 361: American Foreign Policy (SB & G) (3)
POS 437 / SOC 437: Women, Power, and Politics (G) (3)
WST 428: Gender, Madness and Justice (SB) (3)

Credit is only granted for POS 110 or POS 310.
Credit is only granted for POS 160 or POS 360.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA or BS in political science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The program serves as a good precursor to staff, manager or policy analyst positions in local, state and federal government. This degree is recognized as qualification for many careers in business (for-profit and nonprofit) and industry. Work may include binational, cross-border positions linking U.S. and Mexican businesses, Arizona-Sonora local government or local community groups on both sides of the border.

Many use the degree as a gateway to law school or as basis for graduate work in professional schools or in applied fields such as:

- community development
- political science
- public administration
- public policy
- social science disciplines
- urban affairs and urban and regional planning

## Political Science Minor (LAPOSMIN)

**Campus:** Tempe, Online

**Description:** The minor program in political science offers students exposure to the skills and knowledge that will help them participate effectively as citizens in a democratic political system and flourish in the rapidly developing globalization of the world's political institutions, cultures and economies.

The program provides students with an introduction to the tools and skills necessary to link theory with real-world problems and issues.

Courses in constitutional law or covering the U.S. Supreme Court as part of the minor can benefit those interested in law school.

**Program Requirements:**
The minor in political science consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit

hours must be taken in courses offered by The College of Liberal Arts and Sciences. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses (choose two) -- 6 credit hours
POS 110: American Government and Politics (SB) or POS 310: American National Government (SB) (3)
POS 150: Comparative Government (SB & G) (3)
POS 160: Global Politics (SB & G) (3)
POS 210: Political Ideologies (SB) (3)

Electives -- 12 credit hours
POS Upper Division Elective (12)

No more than three credit hours of POS 484 Internship and three credit hours of POS 499 Individualized Instruction may be applied to the minor. Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in political science, BS in politics and the economy, BA in business (global politics)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in political science can benefit graduates as they pursue careers in government, public policy, advocacy or international relations.

## Portuguese Minor (LAPORMIN)

**Campus:** Tempe

**Description:** Students pursuing the minor in Portuguese gain an understanding of the language, literature and cultures of Portuguese-speaking countries.

Portuguese is the official language of Portugal, Brazil, Mozambique, Angola, Guinea-Bissau, East Timor, Equatorial Guinea, Macau, Cape Verde, and São Tomé and Príncipe. It is also an official language of both the African Union and the European Union. It¿s the sixth most spoken language in the world, and the second most spoken Romance language (second to Spanish).

**Program Requirements:**
The Portuguese minor requires a minimum of 18 credit hours, at least 12 of which must be upper division. Only courses completed with a grade of "C" (2.00 on a 4.00 scale) or higher can be used to fulfill minor requirements.

Portuguese Language -- 6 credit hours
POR 301: Portuguese for Spanish Speakers I (3)
POR 302: Portuguese for Spanish Speakers II (3)

Electives (choose four) -- 12 credit hours
At least two courses must be completed at the upper-division level.

GCU 323: Geography of Latin America (SB & G) (3)
POR 194: Desert Landscapes of Brazil: Soc&Culture of Sertão (3)
POR 194: Food, Culture, and Society in Latin America (3)
POR 460: Brazilian Society Through Music (HU & G) (3)
POR 472: Transatlantic Encounters: Brazil and Portugal (HU & G) (3)
POR 490: Consumer Culture in Latin America (3)
POR 494: Global Challenges in Cinema:Brazil,Africa,Portugal (3)
POR 494: Why is the Amazon Burning? (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Global Opportunities:**
Global Experience: Students in the minor have the opportunity to attend the following summer study abroad program through the Global Education Office and approved by the School of International Letters and Cultures to give them a global experience studying the language and culture of Brazil.

UA: Arizona Summer in Brazil (https://studyabroad.asu.edu/index.cfm?FuseAction=Programs.ViewProgramAngular&id=11518)

- This is an ASU-authorized summer program.
- Students can advance their Portuguese language skills during this summer program to the vibrant coastal city of Fortaleza, in northeastern Brazil.
- In addition to courses taught by local Brazilian faculty, students will live with a host family to experience Brazilian culture firsthand and to further develop their Portuguese skills.
- Common excursions on this program include trips to Jericoacoara and Canoa Quebrada, two beautiful beach towns located in the state of Ceará.
- This program is open to students of any major; based on course offerings, it is ideal for students seeking courses in Portuguese language.
- POR 102 credit is a prerequisite to participate in this program.

**Career Opportunities:** A minor enables students to enhance marketable skills and knowledge they acquire in their major program and also to develop additional competencies. Because of the growing economies of many of the countries in which Portuguese is spoken, a minor in this language can prove a valuable addition to students' resumes.

More specifically, a minor in Portuguese can help students with communication and cultural competency skills as they pursue career fields such as these:

- diplomacy
- education
- entertainment
- international business
- interpretation and translation
- marketing
- military
- political analysis
- sociology
- science and technology
- tourism and hospitality

## Project Management Minor (LSPROMAMIN)

**Campus:** Polytechnic, Tempe, Online

**Description:** The minor in project management prepares students to manage complex projects and lead project management teams in a variety of professional settings. The project management minor complements many majors at ASU because project management skills enhance and enrich the skills students acquire from a variety of majors.

Students learn the skills needed to manage complex projects in fields like engineering, business, health care, information technology, sustainability, computing, public and nonprofit sectors and many more. Students learn skills in project leadership, project quality management, project risk management, project schedule management, project cost management and project resource management.

**Program Requirements:**
The minor in project management requires 18 credit hours, including a minimum of 12 upper-division credit hours.

Required Core Courses -- 6 credit hours
PMG 240: Introduction to Project Management (3)
PMG 321: Project Leadership, Strategy and Scope (3)

Electives (choose four) -- 12 credit hours
PMG 322: Project Schedule Management (3)
PMG 323: Project Cost Management (3)
PMG 324: Resources in Project Management (3)
PMG 326: Project Procurement Management (3)
PMG 421: Project Risk Management (3)
PMG 422: Project Quality Management (3)
PMG 240 is needed as a prerequisite for all 300-level minor courses and PMG 321 is required for all 400-level minor courses.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00 (university minimum)

Incompatible Majors: BA in organizational leadership (project management)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in project management can help students with leadership skills, communication, problem-solving, assessment, effectiveness and cultural competency skills as they pursue careers in account management, facilities management, project management and senior leadership roles. Employers in many fields seek to hire and promote those who can skillfully manage complex projects and lead project management teams.

## Psychology Minor (ASPGSMIN)

**Campus:** West, Online

**Description:** The minor program in psychology provides students with the opportunity to study the scientific nature of the behavior and mental processes of individuals and groups.

The study of psychology includes basic and applied courses in the subfields of clinical, developmental, organizational, cross-cultural and social psychology, cognitive systems and behavioral neuroscience, and this program emphasizes the development of wide-ranging skills in critical thinking and reasoning, quantitative and qualitative research methods, working collaboratively on teams, and presentation of information in oral and written form.

The psychology minor prepares students for more advanced study in psychology at the graduate level, in either graduate or professional schools.

**Program Requirements:**
The minor in psychology consists of 22 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six credit hours must be taken from the School of Social and Behavioral Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Foundations of Psychological Science -- 10 credit hours
PSY 101: Introduction to Psychology (SB) (3)
PSY 230: Introduction to Statistics (CS) (3)
PSY 290: Research Methods (L or SG) (4)

Upper-Division Cognitive Science Focus Area -- 6 credit hours
PSY 320: Learning and Motivation (3)
PSY 323: Sensation and Perception (3)
PSY 324: Memory and Cognition (3)
PSY 325: Physiological Psychology (3)
PSY 330: Statistical Methods (CS) (3)
PSY 360: Cognitive Science (3)
PSY 369: Biology of Human Sexuality (3)
PSY 434: Cognitive Psychology (L) (3)
PSY 470: Psychopharmacology (3)

Upper-Division Social/Developmental Focus Area -- 3 credit hours
PSY 315: Personality Theory and Research (SB) (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 350: Social Psychology (SB) (3)
PSY 366: Psychological Disorders (SB) (3)
PSY 443: Child and Adolescent Psychological Disorders (L or SB) (3)

Upper-Division Psychology Elective Course -- 3 credit hours
PSY Upper Division Elective (3)
Notes: Experiential coursework (PSY 384, 399, 484, 493, or 499) may be used to fulfill the Upper Division Psychology Elective requirement. PSY 492 does not apply.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in psychology (including all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor in psychology is a strong addition to any major and prepares students for careers in diverse areas such as

education, government, business and industry, health care and social services.

## Psychology Minor (LAPGSMIN)

**Campus:** Tempe

**Description:** The minor program in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view.

Students who complete the minor in psychology possess a breadth of knowledge across may areas of psychology. They are able to use basic research and quantitative methods to gather and synthesize psychological findings. Ultimately, they come to understand the relevance and applicability of psychological principles, approaches and findings to individual, group and social issues. In doing so, they are prepared to pursue productive careers and engage on a daily basis with the increasingly complex, information-rich world.

**Program Requirements:**
The minor in psychology consists of completing 18-19 credit hours of coursework in psychology. Twelve credit hours must be completed at the upper-division level, of which at least six credit hours must be completed in courses offered by The College of Liberal Arts and Sciences Department of Psychology. All courses for the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Course -- 3 credit hours
PSY 101: Introduction to Psychology (SB) (3)

Minor Electives -- 15 credit hours
PSY 290: Research Methods (L or SG) (4)
PSY 302: The Psychology of Positive Leadership (3)
PSY 315: Personality Theory and Research (SB) (3)
PSY 320: Learning and Motivation (3)
PSY 323: Sensation and Perception (3)
PSY 324: Memory and Cognition (3)
PSY 325: Physiological Psychology (3)
PSY 330: Statistical Methods (CS) (3)
PSY 335: Positive Psychology (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 350: Social Psychology (SB) (3)
PSY 366: Psychological Disorders (SB) (3)
PSY 370: Interpersonal Relationships (SB) (3)
PSY 390: Experimental Psychology (L) (3)
PSY 394: Consumer Psychology (3)
PSY 394: Dog Behavior (3)
PSY 394: Foundations of Human Sexual Behavior (3)
PSY 394: Sleep and Dreaming (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in psychology (including all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills

they acquire in their majors.

Graduates with a minor in psychology are knowledgeable in the complexities of human behavior and interpersonal skills, of benefit as they pursue careers in human resources, management or marketing.

## Psychology Minor (LSPGSMIN)

**Campus:** Polytechnic

**Description:** Psychology is the scientific study of mind and behavior. The psychology minor emphasizes the development of wide-ranging skills in critical thinking and reasoning, research methods, working collaboratively on teams and presenting information in oral and written form. The psychology minor adds value to students' major degrees through knowledge of concepts, theories and empirical research in mental processes and behavior.

**Program Requirements:**
This minor requires 22 credit hours. At least six credit hours must be taken from courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 10 credit hours
PSY 101: Introduction to Psychology (SB) (3)
PSY 230: Introduction to Statistics (CS) (3)
PSY 290: Research Methods (L or SG) (4)

Electives (choose four) -- 12 credit hours
PSY 304: Effective Thinking (L) (3)
PSY 306: Environmental Psychology (SB) (3)
PSY 315: Personality Theory and Research (SB) (3)
PSY 320: Learning and Motivation (3)
PSY 323: Sensation and Perception (3)
PSY 324: Memory and Cognition (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 350: Social Psychology (SB) (3)
PSY 366: Psychological Disorders (SB) (3)
PSY 369: Biology of Human Sexuality (3)
PSY 385: Psychology of Gender (SB) (3)
PSY 425: Biological Bases of Behavior (L) (3)
PSY 430: Industrial Psychology (3)
PSY 444: Adolescent Psychology and Psychopathology (3)
PSY 447: Psychology of Aging (SB) (3)
PSY 453: Organizational Behavior (SB) (3)
PSY 470: Psychopharmacology (3)
PSY 472: Clinical Psychology (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA or BS in psychology

Other Enrollment Requirements: None

The department does not offer any iCourse or oCourse sections for this minor.

The minor in psychology is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear

on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor can help students enhance the marketable skills they acquire in their major, diversify their skills with training in another discipline, and improve their future job outlook. Although most careers require more training than a minor alone can provide, a minor in psychology can add value for students who pursue careers in business, education or health care.

## Public Relations and Strategic Communications Minor (HSPRSMIN)

**Campus:** West

**Description:** The minor program in public relations and strategic communications provides students with professional and academic expertise in areas as diverse as persuasion and campaign communications, public relations, crisis communications, special-events planning, marketing, and professional writing and editing. Additionally, students refine the presentation skills needed for public and community relations.

**Program Requirements:**
The minor in public relations and strategic communications consists of 18 credit hours (a minimum of 12 must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. Credit hours may not be shared between a student's major and minor requirements. Electives not on course list must be approved by an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Core Courses (choose three) -- 9 credit hours
COM 319: Persuasion and Social Influence (SB) (3)
COM 320: Communication and Consumerism (SB) (3)
COM 353: Professional Communication (3)
COM 454: Rhetorical and Critical Approaches to Public Relations (3)

Electives (choose three) -- 9 credit hours
ASB 374 / POS 374 / SBS 374 / SOC 374: Cultures and Politics of the Internet (SB) (3)
COM 259: Communication in Business and the Professions (3)
COM 319: Persuasion and Social Influence (SB) (3)
COM 320: Communication and Consumerism (SB) (3)
COM 353: Professional Communication (3)
COM 414: Crisis Communication (3)
COM 429: Semiotics and Visual Communication (3)
COM 450: Organizational Communication (SB) (3)
COM 454: Rhetorical and Critical Approaches to Public Relations (3)
COM 457: New Media (3)
COM 459: Theory and Methods of Social Media Networks (3)
COM 484: Internship (3)
ENG 301: Writing for the Professions (L) (3)
ENG 311: Persuasive Writing (L) (3)
ENG 410: Writing for Publication (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in public relations and strategic communications is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear

on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

## Public Service and Public Policy Minor (PPPAFMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in public service and public policy prepares students for work in government at all levels and in nonprofit organizations, through comprehensive coverage of topics in public policy, public leadership and management, and urban studies.

Students discover the challenges of management, learn how to lead a public organization, and understand the process of policy development.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. The program has an applied and professional focus which can enhance many other majors, enabling students to be more competitive when seeking a public sector job.

**Program Requirements:**
The minor in public service and public policy requires 18 credit hours.
A minimum of 12 credit hours must be taken in the School of Public Affairs at ASU.

Required Courses -- 9 credit hours
PAF 200: Public Service and Policy in the 21st Century (3)
PAF 300: Public Management and Administration (3)
PAF 340: Contemporary Policy Challenges (3)

Electives (select three courses) -- 9 credit hours
PAF 201: Economics and Public Policy (SB) (3)
PAF 305: Urban Governance (3)
PAF 351: Urban and Metropolitan Studies (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 420: Managing Across Boundaries (3)
PAF 470: Topics in Public Economics and Financial Management (3)
PAF 471: Public Policy Analysis (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in public service and public policy (all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students completing this minor are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a policy analyst, entry-level manager or program coordinator in local, state or federal agencies, in nonprofit organizations, and in private organizations that interface with the public sector.

## Real Estate Minor (BAREAMIN)

**Campus:** Tempe

**Description:** The real estate minor program is designed to provide an understanding of the real estate industry and to complement the major area of study.

It consists of a strong foundation that includes real estate fundamentals, law, appraisal and land development. To complement the foundation, students may choose from a variety of courses such as investing, economics and urban issues.

**Program Requirements:**
Students must complete 18 credit hours, including 12 hours of required courses and six hours of electives.
Students must complete a minimum of 12 credit hours of resident credit for the minor. All courses must be completed with a grade of "C" (2.00) or better.
The upper-division required courses for this minor are restricted to students with at least 56 earned credit hours, a minimum 2.50 ASU GPA and completed course prerequisites.

Required Courses -- 12 credit hours
REA 380: Real Estate Fundamentals (3)
REA 401: Real Estate Appraisal (3)
REA 411: Real Estate Law (3)
REA 456: Real Estate Investments (3)

Electives (choose two) -- 6 credit hours
ACC 340: External Reporting I (3)
ACC 350: Internal Reporting (3)
ACC 444: Enterprise Process Analysis and Design (3)
AGB 250: Economics of Resource Allocation: Food and Agriculture (3)
AGB 333: Agribusiness Finance (3)

SOS 310: Equity, Justice and Sustainability (3)
SOS 311: Future Thinking and Strategies (3)
SOS 320: Society and Sustainability (L or SB) (3)
SOS 321: Policy and Governance in Sustainable Systems (3)
SOS 323: Sustainable Urban Dynamics (3)
SOS 325: The Economics of Sustainability (3)
SOS 328: Sustainability and Enterprise (3)
SOS 385: Business and Sustainability I (3)
SOS 465: Sustainable Urbanism (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00 minimum

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in real estate understand the complexity of real estate, and this competitive knowledge base is a benefit as they pursue careers in the real estate industry.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage (https://admission.asu.edu/academics/licensure).

## Recreation Management Minor (PPRECMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in recreation management introduces students to community recreation programming and planning for a variety of populations.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as social work, criminology and criminal justice, public affairs, kinesiology, psychology, sociology, education, nursing and many others might find this program a beneficial supplement to their existing program.

**Program Requirements:**
The recreation management minor requires completion of 15 credit hours: six credit hours of required courses and nine credit hours of elective courses.

Required Core Courses -- 6 credit hours
PRM 120: Leisure and the Quality of Life (SB) (3)
PRM 203: Program Planning (3)

Electives (select three courses) -- 9 credit hours
CRD 302: Inclusive Community Development (SB & C) (3)
PRM 304: Recreation and Sport Planning and Facilities (L) (3)
Notes: Offered fall semester only
PRM 315: Creating Community Through Park and Recreation Systems (3)
Notes: Offered fall semester only
PRM 335: Sports and Recreation for Youth Development (3)
Notes: Offered spring semester only
PRM 453: Inclusive Community Sport (3)
PRM 475: Entrepreneurial Recreation and Tourism (3)
PRM 494: Special Topics (3)
RTH 364: Foundations of Recreation Therapy (SB) (3)

Standards
1. 15 hours of graded classroom coursework
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in recreation therapy; BS in parks and recreation management (therapeutic recreation)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. Graduates with a minor in recreation management can find opportunities in diverse settings involving a wide range of organizations, including recreation, sports and youth development.

## Recreation Therapy Minor (PPRECTMIN)

**Campus:** Downtown Phoenix

**Description:** This minor program introduces students to the profession and practices of recreational therapy (https://www.atra-online.com/page/AboutRecTherapy (https://www.atra-online.com/page/AboutRecTherapy)) and how it can be utilized to improve individual and community well-being.

Students enrolled in the minor program gain the knowledge and requisite competencies to lead recreation-based therapeutic programs as a strategy for improving individual and community health. Through the curriculum, students learn the systematic process of conducting assessments,

developing service plans, implementing therapeutic interventions, evaluating, and documenting outcomes of care. Students examine the holistic benefits of recreational therapy through exposure to creative and expressive arts, adapted exercise and sport, aquatic therapy, therapeutic riding, horticulture therapy, community integration, leisure education and structured play.

The minor program is an ideal choice for individuals who believe in the importance of a healthy leisure lifestyle, advocate for accessible recreation opportunities, and are dedicated to the use of recreation-based interventions to improve well-being. The minor is a valuable supplement to degrees in related fields, helping students to develop a unique set of competencies, and it may also contribute to a pathway for becoming credentialed as a qualified provider of recreational therapy.

Students seeking professional certification in recreational therapy have the option to select specific recreational therapy content courses to contribute a portion of the requirements necessary for eligibility with the National Council for Therapeutic Recreation Certification (https://www.nctrc.org/ (https://www.nctrc.org/)).

**Program Requirements:**
The recreational therapy minor requires completion of 18 credit hours: 3 credit hours of required courses and 15 credit hours of elective courses. Students seeking the national credential in therapeutic recreation should select electives from that list.

Core Courses -- 3 credit hours
RTH 364: Foundations of Recreation Therapy (SB) (3)

Electives (choose 5 courses) -- 15 credit hours
Students interested in advancing knowledge in the field of therapeutic recreation and do not intend to seek eligibility for credentialing through the National Council for Therapeutic Recreation, pick 5 courses between elective classes and other elective classes. Students seeking the national credentialing through the National Council for Therapeutic Recreation (NCTRC), select five from Recreation Therapy elective list. (15)

Recreation Therapy Electives (students seeking national credentialing through the National Council for Therapeutic Recreation (NCTRC), select five courses from this list)
RTH 400: Intervention Techniques in Recreational Therapy (3)
Notes: Offered in spring semester only
RTH 406: Program Design and Administration in Recreational Therapy (3)
Notes: Offered in spring semester only
RTH 413: Leadership and Professional Development in Recreational Therapy (3)
RTH 440: Advocacy in Therapeutic Recreation (3)
RTH 450: Therapeutic Recreation and Community Health (3)
Notes: Offered in spring semester only
RTH 455: Recreational Therapy and Play with Children, Youth and Families (3)
RTH 460: Assessment and Documentation in Recreational Therapy (3)
Notes: Offered in fall semester only

Other Recreation Electives (note that these courses do not meet certification requirements)
CRD 302: Inclusive Community Development (SB & C) (3)
PRM 120: Leisure and the Quality of Life (SB) (3)
PRM 203: Program Planning (3)
PRM 335: Sports and Recreation for Youth Development (3)
PRM 453: Inclusive Community Sport (3)
Notes: Offered in fall semester only
RTH 284: Recreational Therapy Lab (3)
RTH 384: Recreational Therapy Practicum (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.50

Incompatible Majors: BS in recreation therapy; BS in parks and recreation management (therapeutic recreation)

Other Enrollment Requirements: none

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills

they acquire in their majors.

Graduates with a minor in recreational therapy can find opportunities in diverse settings including recreation, therapy and hospital settings.

## Religious Studies Minor (ASRELMIN)

**Campus:** West

**Description:** The minor program in religious studies introduces students to the world's religious traditions and how these are used by humans to interpret experiences and find meaning. Students learn to think critically about religious worldviews and presuppositions and to explore the relation to contemporary challenges in the world.

**Program Requirements:**
The minor in religious studies consists of 18 credit hours, including a minimum of 12 upper-division credit hours. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Coursework taken to fulfill the requirements of the minor may not be used to fulfill requirements for your major. Consult with an academic advisor prior to enrollment.

Select six courses (minimum 12 upper-division credit hours) -- 18 credit hours
IAS 430: Science and Religion (L or HU) (3)
IAS 450 / PHI 450 / REL 450: Philosophical and Spiritual Issues in Death and Dying (3)
PHI 303 / REL 300: The Future of Religions (L or HU) (3)
PHI 318: Philosophy of Religion (HU) (3)
PHI 391 / REL 391: Historical Perspectives on Philosophy and Religion (3)
PHI 417: Philosophy of Censorship (L or HU) (3)
PHI 494: Special Topics (3)
REL 100: Religions of the World (HU & G) (3)
REL 200: Exploring the World's Religions ((L or HU) & G) (3)
REL 201: Religion and the Modern World (L or HU) (3)
REL 202: Religion and Popular Culture (HU & C) (3)
REL 203: Saints and Sinners: Explorations in Sacred Biography (HU & H) (3)
REL 205: Life, Sex and Death (HU) (3)
REL 207: Ritual, Symbol, and Myth (L or HU) (3)
REL 310: Western Religious Traditions (HU & H) (3)
REL 320: American Religious Traditions (HU & C & H) (3)
REL 321: Religion in America ((L or HU) & C & H) (3)
REL 345: Asian Religious Traditions (HU & G) (3)
REL 381: Religion and Moral Issues (L or HU) (3)
REL 390 / WST 390: Women, Gender and Religion (HU & G) (3)
REL 401: Sacred Scriptures and Social Choices (HU & G) (3)
REL 494: Special Topics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in religious studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students with a minor in religious studies seek employment in a variety of professional areas, including:

- chaplaincy
- diversity management
- education
- foreign service
- health care
- journalism
- mental health and counseling
- nonprofit organizations
- nongovernmental organizations
- public service

## Religious Studies Minor (LARELMIN)

**Campus:** Tempe, Online

**Description:** The minor in religious studies engages students in a comparative exploration of religions and cultures. This exploration leads to a deeper understanding of human nature, religious traditions and the roles religion plays in a pluralistic and globalizing world.

Students may pursue the minor in religious studies with regional, national, hemispheric, global and a variety of thematic emphases.

**Program Requirements:**
The minor in religious studies consists of 18 credit hours, at least 12 of which must be completed at the upper-division level. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. All courses must be passed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours
REL 101: Religion, Culture and Public Life (HU & G) (3)

Electives -- 15 credit hours
REL Elective (3)
REL Upper Division Elective (12)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in religious studies; BA in religious studies (religion, culture and public life); BA in religious studies (religion, politics and global affairs)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in religious studies is of benefit to those who intend to pursue careers in education, law or journalism.

## Romanian Minor (LAROMMIN)

**Campus:** Tempe

**Description:** The Romanian minor program provides students with the means to develop their interests in social, cultural and political matters while advancing their Romanian language skills.

**Program Requirements:**
The Romanian minor consists of a minimum of 18 credit hours, including nine credit hours of required core language courses and nine credit hours of upper-division electives. At least 12 credit hours must be upper division. Students choose from either the Romanian Advanced Language track or the Romanian Culture track for the upper-division electives. A minimum of six credit hours must be completed in residence at ASU. All courses must completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Core Language Courses -- 9 credit hours
ROM 202: Intermediate Romanian Language and Culture II (HU & H & G) (4)
Notes: Only three credit hours of ROM 202 apply to the minor. The extra credit hour will be applied to university electives.
ROM 313: Romanian Composition and Conversation (HU & H & G) (3)
ROM 314: Romanian Composition and Conversation (HU & H & G) (3)

Upper-Division Electives (choose one track) -- 9 credit hours
Upper Division Advanced Language or Culture Track (9)

Romanian Advanced Language Track
ROM 411: Advanced Spoken and Written Romanian I (HU & H & G) (3)
ROM 412: Advanced Spoken and Written Romanian II (HU & H & G) (3)
Choose one course from Romanian Culture track (3)

Romanian Culture Track
ROM 310 / SLC 310: Migration and Identity: Digital Storytelling (HU & G) (3)
ROM 442 / SLC 442: Dracula and Vampire Lore ((L or HU) & G & H) (3)
ROM 494: Special Topics (3)
ROM 499: Individualized Instruction (3)
Notes: Maximum of three credit hours may be applied to the minor.
SLC 343: Culture and Society Transformation (SB & G) (3)
SLC 429: Studies in European Literature and Culture (3)

Course substitutions are permitted for heritage speakers and other advanced speakers of Romanian.
ROM 101 through 201 are not applicable to the minor.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Students who wish to add a minor in Romanian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in Romanian studies equips students with communication and cultural competency skills, a valuable benefit for any profession they choose to pursue, such as careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

## Russian Minor (LARUSMIN)

**Campus:** Tempe

**Description:** Students pursuing a minor in Russian gain novice to intermediate language skills and an understanding of the literature and cultures of Russian-speaking peoples and regions. With Russia as an active player in world affairs on the international stage, knowledge of Russian language and culture is a valuable asset for students interested in government, diplomacy and international affairs and commerce.

The Russian language program cooperates with the Melikian Center to offer a transdisciplinary baccalaureate certificate in Russian, Eurasian and East European studies for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Students are encouraged to study abroad. The ASU exchange program in Russian language and translation offers students the opportunity to study in Moscow, St. Petersburg or Kazan.

**Program Requirements:**
The Russian minor consists of 18 credit hours, of which at least 12 credit hours must be upper division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Core Requirements -- 6 credit hours
RUS 311: Russian Society I (G) (3)
RUS 312: Russian Society II (G) (3)

Literature Course (choose one) -- 3 credit hours
RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)
RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)
RUS 421: Pushkin (L or HU) (3)
RUS 425 / THE 425: Chekhov and Russian Drama (L or HU) (3)
RUS 430: Russian Short Story (L or HU) (3)
RUS 439 / SLC 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)

Electives (choose three) -- 9 credit hours
At least one course must be completed at the upper-division level.
RUS 141: Russian Civilization: From Tsars to Putin ((L or HU) & G & H) (3)
RUS 211: Conversational Russian I (G) (3)
RUS 212: Conversational Russian II (G) (3)
RUS 294: Russian Pop Culture: Protest and Propaganda (3)
RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)
RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)
RUS 411: Russian Language, History and Culture I (G) (3)
RUS 412: Russian Language, History and Culture II (G) (3)
RUS 421: Pushkin (L or HU) (3)
RUS 430: Russian Short Story (L or HU) (3)
RUS 439 / SLC 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)
RUS 440: Russian Mass Media (G) (3)
RUS 484: Internship (3)
RUS 493: Honors Thesis (L) (3)
SLV 304: Digital Humanities for Language Majors (CS) (3)
SLV 440: History of Slavic Languages (SB) (3)
SLV 484: Internship (3)
SLV 493: Honors Thesis (L) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Russian

Other Enrollment Requirements: None

Students who wish to add a minor in Russian may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. ## Science, Technology and Society Minor (ECSTSMIN)

**Campus:** Polytechnic

**Description:** Life in today's world is characterized by rapid technological change and uncertainty. Mastering the intricacies of the interrelationships between technology and human systems enhances a degree in any area and provides graduates with the insights and skills required for success in any endeavor.

**Program Requirements:**
The minor in science, technology and society requires 18 credit hours, including a minimum of 12 upper-division credit hours. A minimum of six upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

General Course -- 3 credit hours
ISS 301: Integrated Social Science Research Methods (SB) or POS 301: Empirical Political Inquiry (SB) or STS 301: Research in Science and Technology Studies (SB) (3)
STS 101: Introduction to Science, Technology and Society (SB) or STS 304: Science, Technology and Society (SB) (3)

Electives (choose five) -- 15 credit hours
ISS 302: Scope of Social Science (SB) (3)
POS 316: American Political Institutions (3)
POS 325: Public Policy Development (SB) (3)
POS 485: Political Economy (SB) (3)
STS 302: Philosophy of Science and Technology (SB) (3)
STS 303: History of Science and Technology (H) (3)
STS 305: Science and Social Theory (SB) (3)
STS 306: Social Effects of Science and Technology (SB) (3)
STS 318: Science, Technology, and Government (SB) (3)
STS 325: Science, Technology, and Public Policy (SB) (3)
STS 328: Science, Technology, and Culture (SB) (3)
STS 329: Technology in Developing Countries (SB & G) (3)
STS 330: Information Technology and Globalization (SB & G) (3)
STS 331: Ethical Issues in Science and Technology (SB) (3)
STS 332: Global Issues in Science and Technology (SB) (3)
STS 364: Science, Technology, and National Security (SB) (3)
STS 425: Law, Values, Science, and Technology (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in science, technology and society

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in science, technology and society can help students understand the interrelationships between technology and human systems as they pursue careers in industrial design, urban planning or public relations.

## Slavic Studies Minor (LASLVMIN)

**Campus:** Tempe

**Description:** The Slavic studies minor program focuses on Slavic languages and cultures with a concentration in either Bosnian/Croatian/Serbian or Polish.

It is designed to complement the studies of students from a wide range of disciplines (e.g., history, cultural anthropology, music, political science, economics) whose professional interests lie in Poland or the countries of southeastern Europe. The program places equal emphases on language, culture and regional studies. The minor develops limited professional linguistic proficiency in either BCS or Polish along with adequate cultural sensitivity.

**Program Requirements:**
The minor in Slavic studies requires 18 upper-division credit hours. A minimum of six upper-division credit hours must be taken in residence at ASU. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Slavic Language Courses -- 6 credit hours
Language sequence options for earning the required six credit hours are: complete BCS 311 and BCS 312, or BCS 495 taken twice; OR PLC 311 and PLC 312, or PLC 494 Polish for Heritage Speakers taken twice.
Course substitutions are permitted for heritage speakers and other advanced speakers of Slavic languages. Please contact the School of International Letters and Cultures for more information.
BCS 311: Bosnian/Croatian/Serbian Composition and Conversation I (3)
BCS 312: Bosnian/Croatian/Serbian Composition and Conversation II (3)
BCS 495: Serbo-Croatian for Heritage Speakers (3-6)
Notes: This course may be repeated for credit.
PLC 311: Advanced Polish I (3)
PLC 312: Advanced Polish II (3)
PLC 494: Polish for Heritage Speakers (3-6)
Notes: This topic may be repeated for credit.

Required Courses -- 9 credit hours
SLV 304: Digital Humanities for Language Majors (CS) (3)
SLV 440: History of Slavic Languages (SB) (3)
SLV 498: Pro-Seminar or SLV 498: Senior Capstone (3)

Slavic Upper-Division Elective (choose one) -- 3 credit hours

BCS 394: Special Topics (3)
RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)
RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)
RUS 394: Special Topics (3)
RUS 421: Pushkin (L or HU) (3)
RUS 425: Chekhov and Russian Drama (L or HU) (3)
RUS 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)
RUS 484: Internship (3)
RUS 493: Honors Thesis (L) (3)
RUS 499: Individualized Instruction (3)
SLV 484: Internship (3)
SLV 492: Honors Directed Study (3)
SLV 493: Honors Thesis (L) (3)
SLV 499: Individualized Instruction (3)

No lower-division language courses are applicable to the minor.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

Students who wish to add the minor in Slavic studies to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A Slavic studies minor equips students with communication and cultural competency skills, a valuable benefit for any profession they choose to pursue, such as careers in political analysis, sociology or marketing.

## Social Justice and Human Rights Minor (ASJHRMIN)

**Campus:** West, Online

**Description:** The minor in social justice and human rights at ASU's New College of Interdisciplinary Arts and Sciences encompasses both the social sciences and the humanities to prepare students to meet the challenges of today's issues of social justice and protection of human rights in local, national, international and global contexts.

Coursework prepares students to serve as advocates for alleviating political, economic and social inequality, and introduces students to principles and practices of everyday humanitarianism, multimedia advocacy, and theories and practices of social justice and human rights.

**Program Requirements:**
The minor in social justice and human rights consists of 18 credit hours (12 of which must be upper division); nine credit hours of core requirements and nine credit hours of interdisciplinary track coursework. A minimum of six credit hours must be taken through courses offered by the New College of Interdisciplinary Arts and Sciences. All courses used to meet requirements must be completed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

Research Methods (Select one course) -- 3 credit hours
SBS 302: Qualitative Methods (3)
SBS 303: Quantitative Methods (3)
SBS 304: Social Statistics I (CS) (3)

Interdisciplinary Tracks -- 9 credit hours

Social Justice and Inequality (Select one course) -- 3 credit hours
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
HST 441 / LAS 441: Latin America and the World Economy (L & G & H) (3)
JHR 294: Human Rights & Data (3)
JHR 378: Poverty, Inequality and Social Justice in Latin America (3)
POS 342: Political Theory (HU or SB) (3)
POS 446: Democracy (HU) (3)
POS 480 / SBS 480: Global Justice (G) (3)
POS 494: Everyday Forms of Political Resistance (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)
SOC 331: Environmental Sociology (SB & G) (3)
SOC 352: Social Change (SB & G & H) (3)
SOC 426: Social Inequalities (SB) (3)

Law, Citizenship, Borders (Select one course) -- 3 credit hours
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
JHR 425: The Politics of Immigration (3)
JHR 494: International Law and Human Rights (3)
PAX 230: Introduction to Peace Studies (G) (3)
POS 110: American Government and Politics (SB) or POS 310: American National Government (SB) (3)
POS 160: Global Politics (SB & G) or POS 360: World Politics (SB & G) (3)
POS 210: Political Ideologies (SB) (3)
POS 361: American Foreign Policy (SB & G) (3)
POS 465: International Organization and Law (SB & G) (3)

Identity and Place (Select one course) -- 3 credit hours
ASB 211: Women in Other Cultures ((HU or SB) & G) (3)
ETH 430 / LAS 430 / WST 430: Gender on the Borderlands (SB & G) (3)
ETH 433 / JHR 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
ETH 473 / LAS 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
FOR 449 / LAS 449 / SPA 449: Latin American Cinema: The Dead and the Disappeared (G & H) (3)
HST 376 / LAS 376: Modern Latin America (SB & G & H) (3)
JHR 394: Human Rights in the Global South (3)
JHR 394: World Languages and Identity (3)
JHR 494: Political Representation in Latin America (3)
POS 150: Comparative Government (SB & G) (3)
POS 247: Introduction to Latin American Politics (SB & G) (3)
POS 350: Comparative Politics (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 361: American Foreign Policy (SB & G) (3)
POS 437: Women, Power, and Politics (G) (3)
SOC 264: Sociology of Gender (SB & C) (3)
SOC 270: Sociology of Race and Ethnicity (SB & C) (3)
WST 428: Gender, Madness and Justice (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in social justice and human rights; BA and BS in justice studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Students with this minor are employable in a variety of settings, including refugee resettlement agencies; agencies and shelters supporting survivors of domestic abuse; shelters for migrants, especially for unaccompanied minors; organizations assisting survivors of sex trafficking and human labor trafficking; agencies assisting veterans and others suffering from post-traumatic stress; and disaster relief agencies.

Possible career opportunities include:

- fundraising
- grant writing, humanitarian aid worker
- international governmental organization professional
- nongovernmental organization professional
- nonprofit agency manager

## Social Welfare Minor (LASSWMIN)

**Campus:** Downtown Phoenix, West, Online

**Description:** The social welfare minor program prepares students for work in human service settings where a fundamental knowledge of human relations is required.

The minor enhances and broadens students' abilities to analyze complex family, individual and societal problems in the context of societal values, cultural diversity and other social and economic variables. The program contributes to students' understanding of society and social behavior, encourages critical thinking and helps develop communication skills.

**Program Requirements:**
Students should:
1. be at sophomore standing to take 300- or 400-level courses
2. complete 18 credit hours of graded coursework (internship or independent study not applicable)
3. complete a minimum of 12 credit hours of resident credit at ASU
4. complete SWU 171 as the prerequisite for all upper-division SWU courses
5. earn a grade of "C" (2.00 on a 4.00 scale) or better for all courses in the minor
6. maintain a cumulative GPA of 2.00 (4.00 scale) or higher
7. consider meeting with a social welfare advisor prior to registration
8. take a minimum of 12 credit hours of upper-division coursework from the approved list

Required Courses -- 9 credit hours
SWU 171: Introduction to Social Work (SB & H) (3)
SWU 291: Social Service Delivery Systems (3)
SWU 332: Social Policy and Advocacy or SWU 432: Social Policy and Services (3)

Cultural Diversity in the United States Course (select one) -- 3 credit hours
SWU 374: Diversity and Oppression in a Social Work Context (C) (3)
SWU 456: Immigrants and Refugees (C) (3)
SWU 457: Southwest Borderland Immigration Issues (C) (3)
SWU 459: Spirituality and the Helping Professions (3)
SWU 461: Lesbian, Gay, Bisexual, Transgender, and Queer Issues (C) (3)

Elective Courses* -- 6 credit hours

SWU 303: Micro Human Behavior and the Social Environment (L or SB) (3)
SWU 340: Macro Human Behavior and the Social Environment (SB) (3)
SWU 454: Overview of Addictions (3)
SWU 456: Immigrants and Refugees (C) (3)
SWU 457: Southwest Borderland Immigration Issues (C) (3)
SWU 458: Behavioral Health Services (3)
SWU 459: Spirituality and the Helping Professions (3)
SWU 460: Legal Issues in Social Work (3)
SWU 461: Lesbian, Gay,  Bisexual, Transgender, and Queer Issues (C) (3)
SWU 462: Global Social Welfare (G) (3)
SWU 498: Pro-Seminar (L) (1-7)
*Note: Student may select one additional course from the cultural diversity in the U.S. options above.
*Note: SWU 456, SWU 457, SWU 459 and SWU 461 cannot be used to meet both the Cultural Diversity in the United States course requirement and an elective requirement.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BSW in social work; BA in public service and public policy (social services delivery); BA in community advocacy and social policy

Other Enrollment Requirements: None

Students should meet with a social welfare advisor prior to registration.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Graduates with a minor in social welfare are prepared for work in a variety of human service settings. This minor complements careers in journalism, communications, public administration, nursing and related fields, and it provides a foundation for students who seek to pursue an MSW.

## Social and Behavioral Sciences Minor (ASSBSMIN)

**Campus:** West

**Description:** The minor program in social and behavioral sciences provides students an interdisciplinary perspective across several fields of the social and behavioral sciences, including communication, sociocultural anthropology, geography, political science, psychology and sociology, enabling them to better understand and interact with people and society.

**Program Requirements:**
The minor in social and behavioral sciences consists of 18 credit hours, of which a minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the New College of Interdisciplinary Arts and Sciences. A maximum of three credit hours of internship and three credit hours of individualized instruction may be used to fulfill requirements. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses -- 6 credit hours
SBS 200: Introduction to Social and Behavioral Sciences (SB) (3)
SBS 302: Qualitative Methods or SBS 303: Quantitative Methods (3)

Electives -- 12 credit hours
Choose electives from at least three of the listed subject areas.
ASB OR COM OR JHR OR POS OR PSY OR SBS OR SOC Elective (3)
ASB OR COM OR JHR OR POS OR PSY OR SBS OR SOC Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in social and behavioral sciences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in social and behavioral sciences is appropriate for any discipline that requires a solid background in social sciences. Students with this minor are prepared to work in community development, counseling, criminal justice, professional schools (e.g., law, public administration, social work), public policy, social science disciplines, urban studies, and planning.

## Sociocultural Anthropology Minor (ASASBMIN)

**Campus:** West

**Description:** The minor in sociocultural anthropology, offered by the School of Social and Behavioral Sciences, is designed to provide students with a substantive understanding of the theoretical assumptions and methodological techniques underlying the field of sociocultural anthropology.

Courses provide students with knowledge about and theoretical approaches to cross-cultural studies and transnational research, emphasizing culture and political economy in historical context.

**Program Requirements:**
The minor in sociocultural anthropology requires 18 credit hours, at least six hours of which must be in upper-division coursework taken in the School of Social and Behavioral Sciences. Up to nine hours of ASB courses offered by other ASU campuses may be applied toward electives in the minor. Up to six hours of lower-division ASB credit, three hours of ASB 499 Individualized Instruction and three hours of ASB 484 Internship may be applied toward the minor. Up to three credit hours of any study abroad course, in any subject, may apply to this minor. All coursework within the minor must be passed with a minimum grade of "C" (2.00) or better.

Required Courses -- 6 credit hours
ASB 102: Introduction to Cultural Anthropology (SB & G) or ASB 311: Principles of Social Anthropology (SB & G & H) (3)
SBS 302: Qualitative Methods (3)

Electives (minimum 6 upper-division credit hours) -- 12 credit hours
ASB 211: Women in Other Cultures ((HU or SB) & G) (3)
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 346: Marriage and Family Diversity (SB & C) (3)
ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)
ASB 374 / POS 374 / SBS 374 / SOC 374: Cultures and Politics of the Internet (SB) (3)
ASB 394: Special Topics (3)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
ASB 484: Internship (3)
ASB 494: Special Topics (3)
ASB 499: Individualized Instruction (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)
SBS 480 / POS 480: Global Justice (G) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in sociocultural anthropology is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Career opportunities for graduates with a minor in sociocultural anthropology include:

- consultant
- cultural resource manager
- grant writer
- immigration officer
- nongovernmental staff member
- refugee counselor
- researcher
- United Nations staff member

## Sociology Minor (ASSOCMIN)

**Campus:** West

**Description:** The minor program in sociology, offered by the School of Social and Behavioral Sciences, provides students with an understanding of the theory, practice and policy underlying issues of social change, inequality and diversity. These issues are approached from multiple perspectives, including race or ethnicity, gender, economic position, age, geographic location and position in the global political economy.

The student minoring in sociology learns how sociology enhances one's understanding of social realities and institutions at local, national and international levels and how it contributes to the other social sciences and to the humanities.

Students gain a basic understanding of the assumptions underlying the discipline of sociology and develop the research skills necessary for analysis of complex social issues. These objectives are met by offering a flexible program and by providing the student with individual and group experiences in working with faculty members on concrete intellectual and policy issues.

**Program Requirements:**
The minor in sociology consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through the School of Social and Behavioral Sciences. A maximum of three credit hours of SOC 484 or SOC 499 may be used to fulfill the requirements of this minor. All courses used to satisfy requirements for the minor must be passed with a "C" or better.
Students wishing to pursue this minor must meet with an academic advisor in the School of Social and Behavioral Sciences to construct a minor that reflects a particular area of specialty and interest.

Foundation Requirement -- 3 credit hours
SOC 101: Introductory Sociology (SB) (3)

Select one course -- 3 credit hours

SBS 302: Qualitative Methods (3)
SBS 303: Quantitative Methods (3)
SBS 304: Social Statistics I (CS) (3)
SOC 426: Social Inequalities (SB) (3)
SOC 483: Sociological Theories (L or SB) (3)

Electives -- 12 credit hours
SOC Upper Division Elective (9)
SOC Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS or BA in sociology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates are prepared for employment in corporate or governmental organizations as well as for continuation of their studies in graduate programs in sociology, social science or professional schools.

The sociological perspective is applicable to a wide variety of jobs in business, management, government, social services, the criminal justice system and the health professions. Coursework in sociology provides a valuable preparation for careers in journalism, law, the nonprofit sector, public administration and public relations. These are all fields that involve investigative skills and an ability to work with diverse groups.

Graduates with an advanced degree in sociology may become community activists, community developers, criminologists, demographers, gerontologists, organizational advocate, research analysts, statisticians, survey researchers or urban planners.

## Sociology Minor (LASOCMIN)

**Campus:** Tempe, Online

**Description:** The minor program in sociology provides an exceptional balance to studies in psychology, communication, education, business and nursing through basic coursework that explores social institutions and issues related to social change and social behavior.

The program is offered by the Sanford School of Social and Family Dynamics.

**Program Requirements:**
The minor in sociology requires 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours
SOC 101: Introductory Sociology (SB) (3)
SOC 391: Applied Research Methods (L or SB) or SOC 483: Sociological Theories (L or SB) or SOC 486: Contemporary Theory (SB) (3)

Electives -- 12 credit hours
SOC Elective (3)
SOC Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA and BS in sociology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in sociology can benefit students as they pursue careers in counseling or social work, business, law and health care.

## Spanish Minor (ASSPAMIN)

**Campus:** West

**Description:** The minor program in Spanish adds to students' language fluency and also offers deep insight into the cultures of Spanish-speaking communities.

Learning a new language pushes the brain to get familiar with new grammar and vocabulary rules. It allows students to train their memory to remember new words, make connections between them, and use them in contextual situations.

**Program Requirements:**
The minor in Spanish consists of 18 credit hours, of which 15 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Courses for the minor must be chosen in consultation with an academic advisor in the School of Humanities, Arts, and Cultural Studies. Preparatory coursework may not be used to satisfy requirements for the minor. Preparatory coursework includes Spanish lower-division language courses. All courses used to satisfy the requirements for the minor must be passed with a "C" or better.

Core Requirements -- 12 credit hours
SPA 202: Intermediate Spanish (G) (4)
Three of the four credit hours from SPA 202 are counted toward the minor. The additional credit hour is applied toward university elective credit hours.
SPA 313 AND SPA 314: Spanish Conversation and Composition (G) or SPA 315: Advanced Spanish I for Bilinguals (C) AND SPA 316: Advanced Spanish II for Bilinguals (L & C) (6)
SPA 325: Introduction to Hispanic Literature (HU) (3)

Upper-Division Electives -- 6 credit hours
Students should consult with an academic advisor to select six credit hours from the Spanish elective list or other appropriate courses from the LAS or SPA subjects, with the understanding that their coursework will be carried out in Spanish.
LAS 340: Latin American Women Writers (HU & G) (3)
LAS 350: The Construction of a Nation: Chile in the 20th/21st Century (3)
LAS 351: Cityscapes: Urban Mexican Literature and Culture (3)
LAS 355: Contemporary Mexican Cinema: Changing Cartographies (3)
LAS 394 / SPA 394: Global Central America: Markets, Migrations, Media (3)
LAS 394 / SPA 394: Special Topics (3)
LAS 430: Gender on the Borderlands (SB & G) (3)

LAS 450: Latina/os, Schooling and Social Inequality (C) (3)
LAS 471: Treaties and Cultural Production in Spain and the Americas (3)
LAS 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
LAS 480: Current Trends in Theatre and New Media in Latin America and Spain (HU) (3)
LAS 481 / SPA 481: Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (HU & G) (3)
LAS 494 / SPA 494: Special Topics (3)
SPA 412: Advanced Conversation and Composition (G) (3)
SPA 413: Spanish Grammar in Context (G) (3)
SPA 449: Latin American Cinema: The Dead and the Disappeared (G & H) (3)
SPA 456: 20th-Century Spanish American Fiction (3)
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in Spanish

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The Spanish program offers excellent preparation for graduate school.

A minor in Spanish also is excellent preparation for employment as a teacher in the elementary or secondary school system, especially in those districts where bilingual programs are integral to the curricula.

Outside the education system, graduates with a minor in Spanish find employment as translators and interpreters in:

- diplomatic corps
- federal and state courts
- law enforcement agencies
- law firms
- social agencies

The business world also provides employment for those fluent in Spanish. This is especially true in the American Southwest, with its proximity to Mexico and through outlets opened by multinational trade agreements.

## Spanish Minor (LASPAMIN)

**Campus:** Tempe, Online

**Description:** Students pursuing a minor in Spanish gain an understanding of the language, literature and cultures of Spanish-speaking peoples and regions.

**Program Requirements:**
The minor in Spanish requires a total of 21 credit hours, of which 18 credit hours must be upper division. A minimum of six upper-division credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Courses -- 12 credit hours
Of the 12 credit hours of required courses for the Spanish minor, students select the appropriate language track: Spanish Second Language or

Spanish Heritage/Bilingual Language track.
SPA 202: Intermediate Spanish (G) or SPA 204: Intermediate Spanish II for Bilinguals (C & G) or SPA 210: Intensive Spanish II (G) (4)
Notes: Three credit hours from SPA 202, SPA 204, or SPA 210 are counted toward the minor. Additional credit hours earned are applied to the 120 hours minimum for graduation.
SPA 313: Spanish Conversation and Composition (G) or SPA 315: Advanced Spanish I for Bilinguals (C) (3)
SPA 314: Spanish Conversation and Composition (G) or SPA 316: Advanced Spanish II for Bilinguals (L & C) (3)
SPA 412: Advanced Conversation and Composition (G) or SPA 416: Advanced Spanish Conversation and Composition for Spanish Heritage Learners (L) (3)
Course substitutions are allowed for heritage and advanced speakers of the language.

Minor Tracks -- 9 credit hours
Students complete nine credit hours from one option track below that is beneficial to their personal or academic goals. Option tracks include Spanish Language Studies, Spanish Literary and Cultural Studies, or Spanish Linguistics. (9)

Option 1: Spanish Language Studies Track
Required Spanish Civilization and Culture Course (choose one):
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)
SPA Upper-Division Restricted Elective (choose one):
SPA 325: Introduction to Hispanic Literature (HU) (3)
SPA 400: Fundamentals of Spanish Linguistics (SB & G) (3)
SPA 413: Spanish Grammar in Context (G) (3)
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)
SPA Upper-Division Elective or SPA Upper-Division Study Abroad Course (choose one):
SPA 3** Elective (3)
SPA 484: Internship (3)
SPA 4** Elective (3)
Upper Division Spanish Study Abroad Course (3)

Option 2: Spanish Literary and Cultural Studies Track
SPA 325 is required for this track.
SPA 325: Introduction to Hispanic Literature (HU) (3)
Choose one course from the following:
SPA 425: Understanding Spain: Literature and Culture Before 1700 (L or HU) (3)
SPA 426: Literature and Society in Modern Spain (HU) (3)
SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)
SPA 428: Foundational Texts of Latin American Literature Since Modernismo ((L or HU) & G) (3)
SPA 464: Jaitón Works in Chicano/a Literature ((HU or SB) & C) (3)
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)
Choose one course from the following:
SPA 319: Business Correspondence and Communication (G) (3)
SPA 3** Elective (3)
SPA 4** Elective (3)

Option 3: Spanish Linguistics
SPA 400 is required for this track.
SPA 400: Fundamentals of Spanish Linguistics (SB & G) (3)
Choose two courses from the following:
SPA 413: Spanish Grammar in Context (G) (3)
SPA 417: The Sounds of Spanish (CS or SB) (3)
SPA 418: Architecture of Spanish (3)
SPA 419: Spanish Around the World (CS & C) (3)
SPA 420: Applied Spanish Linguistics (L) (3)
SPA 421: Spanish in the Southwest (C) (3)

See information about Language Placement Testing or consult with an academic advisor in the School of International Letters and Cultures regarding placement into Spanish language classes. Students testing into higher Spanish language courses may need overrides to enroll.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Spanish; BAE in secondary education (Spanish)

Other Enrollment Requirements: None

Students who wish to add the minor in Spanish to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Global Opportunities:**
Global Experience: Opportunities to participate in study abroad programs (https://goglobal.asu.edu/) can serve to enhance a student's minor experience and education.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Students with a minor in Spanish studies have the communication and cultural competency skills they need as they pursue careers in political analysis, sociology or marketing.

## Spanish Minor (LSSPAMIN)

**Campus:** Downtown Phoenix

**Description:** This 18 credit hour minor helps students hone their Spanish communication skills and gain the cultural knowledge that can help them serve the needs of the growing U.S. Latino community.

The combination of professionally focused courses and practical experience in this program enhances students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S.-Latino culture.

This program is only offered on the ASU Downtown Phoenix campus.

**Program Requirements:**
The Spanish minor requires a total of 18 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses. Pass/Fail courses cannot be used.

Required Courses -- 6 credit hours
SPA 404: Spanish in U. S. Professional Communities ((L or HU) & C) (3)
SPA 405: Latino Cultural Perspectives for the Professions ((L or HU) & C & G) (3)

Electives (choose one Focus Area below) -- 12 credit hours
Upper Division Focus Area (12)
Students will select twelve upper-division credit hours from one of the three Focus Areas: Spanish for the Professions, Professional Spanish and Latinx Cultures for Social Care and Public Work, or Professional Spanish and Latinx Cultures for Heritage Speakers.

Spanish for the Professions
Required:
SPA 317: Spanish for the Professions (G) (3)
SPA 402: Written Communication for the Professions (C) or SPA 484: Internship (3)
Notes: Before enrolling in SPA 484, students should complete a minimum of 12 credit hours in the minor program and seek instructor approval by

emailing CISA@asu.edu.
Choose two more courses:
COM 362: Urban Communication: Reinventing the Latinx City (3)
COM 363: Latinxs and the Media (C) (3)
SPA 318: Advanced Spanish for Health Care Professionals (3)
SPA 401: Spanish Oral Communication for the Professions (3)
SPA 402: Written Communication for the Professions (C) (3)
SPA 403: Spanish Grammar and Stylistics for the Professions (3)
SPA 406: Introduction to Spanish/English Medical Interpretation (3)
SPA 484: Internship (3)
Notes: Before enrolling in SPA 484, students should complete a minimum of 12 credit hours in the minor and seek instructor approval by emailing CISA@asu.edu.
SPA 494: Introduction to Spanish Translation for the Profes (3)

Professional Spanish and Latinx Cultures for Social Care and Public Work
Required:
SPA 401: Spanish Oral Communication for the Professions (3)
SPA 494: Spanish for Social Care: Latinx Ameri Pop Cultures (3)
Choose two more courses:
COM 362: Urban Communication: Reinventing the Latinx City (3)
COM 363: Latinxs and the Media (C) (3)
SPA 318: Advanced Spanish for Health Care Professionals (3)
SPA 402: Written Communication for the Professions (C) (3)
SPA 403: Spanish Grammar and Stylistics for the Professions (3)
SPA 406: Introduction to Spanish/English Medical Interpretation (3)
SPA 484: Internship (3)
SPA 494: Community Interpretation (3)
SPA 494: Introduction to Spanish Translation for the Profes (3)
SPA 494: Spanish for Mental Health Practiti and Ally fields (3)

Professional Spanish and Latinx Cultures for Heritage Speakers
Required:
SPA 401: Spanish Oral Communication for the Professions (3)
SPA 402: Written Communication for the Professions (C) (3)
Choose two more courses:
COM 363: Latinxs and the Media (C) (3)
COM 362: Urban Communication: Reinventing the Latinx City (3)
SPA 318: Advanced Spanish for Health Care Professionals (3)
SPA 403: Spanish Grammar and Stylistics for the Professions (3)
SPA 406: Introduction to Spanish/English Medical Interpretation (3)
SPA 484: Internship (3)
SPA 494: Community Interpretation (3)
SPA 494: Introduction to Spanish Translation for the Profes (3)
SPA 494: Spanish for Mental Health Practiti and Ally fields (3)
SPA 494: Spanish for Social Care: Latinx Ameri Pop Cultures (3)

For additional upper-division electives, students should consult their academic advisor.
Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA in Spanish

Other Enrollment Requirements: Completion of SPA 314 Spanish Conversation and Composition, or SPA 316 Advanced Spanish II for Bilinguals, or permission of instructor following the successful completion of the Spanish for the Professions Placement Exam given by the College of Integrative Sciences and Arts. Students should contact the college to schedule.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Graduates who have combined the minor in Spanish with their major program of study may be more marketable to

employers.

Graduates can serve in professional settings such as health and legal services, journalism, business, social work and criminology, among others fields

Students who complete this undergraduate minor have many options forcareer opportunities (https://cisa.asu.edu/spanish-and-spanish-professions), and common employment options include:

- business
- community interpretation
- education
- engineering and urban planning
- government
- health care services
- legal and justice systems
- social work
- tourism

## Special Events Management Minor (HSEVNMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in special events management is designed to offer students a solid understanding of special events programming and management.

In addition to the two-tiered special events course, which provides basic and advanced instruction as well as experiential learning opportunities through event production, students are able to select electives to meet their interests.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication, journalism, music, fashion and many others find this program a beneficial supplement to their existing program.

**Program Requirements:**
The minor requires 15 credit hours: six credit hours of required courses, and nine credit hours of elective courses.

Required Core Courses -- 6 credit hours
PRM 145: Special Events Management (3)
PRM 487: Advanced Special Events Management (3)
Notes:  Offered spring semester only

Electives (choose three) -- 9 credit hours
NLM 310: Volunteer Management (3)
PRM 350: Tourism, Recreation and Sports Marketing (3)
PRM 475: Entrepreneurial Recreation and Tourism (3)
PRM 483: Sports Tourism (3)
PRM 484: Internship (3)
PRM 485: Sports Events (3)
Notes:  Offered spring semester only
TDM 345: Meeting and Convention Planning (3)
TDM 458: International Tourism (G) (3)

Standards
1. 15 credit hours of graded coursework (no independent study)
2. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in tourism development and management (including all concentrations), BS in community sports management (including all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Graduates with a minor in event management will have a competitive edge as they enter the workforce, prepared for employment in numerous positions such as a meeting coordinator, sales coordinator, event planner, conference coordinator and festival coordinator.

## Speech and Hearing Science Minor (LASHSMIN)

**Campus:** Tempe

**Description:** The minor in speech and hearing science is an academic program with emphasis on normal aspects of speech, language and hearing. The focus is on how motor, cognitive and sensory systems interact with and influence hearing, speech and language in children and adults.

**Program Requirements:**
The minor consists of 24 total credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.
Students are strongly encouraged to meet with a Speech and Hearing Science academic advisor.

Required Courses -- 15 credit hours
SHS 205: Exploring Communication Disorders in Children and Adults (3)
SHS 250: Introduction to Phonetics (3)
SHS 310: Anatomical and Physiological Bases of Speech (3)
SHS 311: Hearing Science (3)
SHS 367: Language Science (SB) or SHS 375: Speech Science (3)

Upper-Division Electives -- 9 credit hours
SHS 401: Principles of Audiology (3)
SHS 402: Clinical Methods and Treatment of Communication Disorders (3)
SHS 465: Speech and Language Acquisition (SB) (3)
SHS 470: Developmental Speech and Language Disorders (3)
SHS 485: Acquired Speech and Language Disorders (3)
SHS 496: Aural Rehabilitation (3)
Students interested in pursuing the Speech-Language Pathology Assistant certificate should take SHS 402, 465 and 470 as their upper-division electives.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in speech and hearing science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in speech and hearing science can provide a broadened background for related careers such as medicine, education and neuroscience.

Graduates with this minor as a complement to their major are prepared for application to most graduate programs in speech-language pathology, communication disorders or audiology.

## Statistics Minor (ASSTAMIN)

**Campus:** West

**Description:** Data is increasingly the lifeblood of decision-making, and the discipline of statistics studies how to gain insights from data. The minor program in statistics is intended for students in STEM majors who wish to significantly increase their grasp of statistics and probability at the upper-division level.

The core courses of STP 280 and STP 281 provide foundational skills in probability, the analysis of distributions and the most common methods of inference. Later, more advanced coursework allows for specialization in nonparametric regression, statistical computing, multivariate analysis or other specialized topics.

The completion of this minor in statistics indicates to employers and graduate school admission committees that students have had significant training in the proper handling, analysis and interpretation of data.

**Program Requirements:**
The minor in statistics consists of 15 credit hours, of which nine must be upper-division. A minimum of six credit hours must be taken through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses -- 9 credit hours
STP 281: Statistical Analysis for Researchers OR STP 420: Introductory Applied Statistics (CS) (3)
STP 310: Design and Analysis of Experiments (3)
STP 311: Regression and Time Series Analyses (3)

Upper Division Electives -- 6 credit hours
STP 315: Statistical Computing (3)
STP 421: Probability (3)
STP 450: Nonparametric Statistics (3)
STP 451: Quality Improvement (3)
STP 452: Multivariate Statistics (3)
STP 460: Categorical Data Analysis (3)
STP 494: Special Topics (1-4)
STP 499: Individualized Instruction (3)
STP 494 is repeatable for different topics. STP 499 may taken only once, up to three credit hours.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in statistics

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** A minor in statistics is an excellent addition for students with an interest in data and data analytics. Graduates work in a variety of fields, including government, business, health care and technology.

**Contact Information:**

## Statistics Minor (LASTAMIN)

**Campus:** Tempe

**Description:** The minor in statistics is beneficial for students majoring in a variety of disciplines, such as physics, engineering applications, business, economics, the life and social sciences, or to any field in which there is a need for quantification in the analysis of information.

**Program Requirements:**
The minor in statistics requires a minimum of 18 credit hours, of which at least 12 hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.
STP 421 and STP 427 must be taken through The College of Liberal Arts and Sciences.

Required Courses -- 18 credit hours
MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)
MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)
STP 420: Introductory Applied Statistics (CS) (3)
STP 421: Probability (3)
STP 427: Mathematical Statistics (3)
STP 429: Applied Regression (CS) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science and statistics; BS in data science, BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Students should confer with an academic advisor in the School of Mathematical and Statistical Sciences before declaring the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Statistical analysis and data mining have been identified as two of the most desirable skills in today's job market. Based on factors like pay, growth and job satisfaction, statistics has been named in separate job reports as one of the best careers. The U.S. Bureau of Labor Statistics projects 35% growth rate in the need for employees trained in statistical analysis.

For students pursuing a minor in statistics, that means an exciting future of career opportunities in fields as diverse as business, finance, economics, engineering, technology, sports, marketing, government, health care, the environment, politics and more.

## Studio Art Minor (HISTARTMIN)

**Campus:** Tempe, Online

**Description:** The studio art minor is an opportunity for students across ASU to pursue their interest in art and expand any career path with critical thinking and creative problem solving skills. Across six art courses, students learn art techniques and concepts. The designated coursework is flexible enough for students to concentrate in a single area of the studio arts or explore several mediums.

**Program Requirements:**
The minor in studio art requires 18 credit hours (nine upper division). All courses must be completed with a minimum grade of "C" (2.00).

Studio Core -- 9 credit hours
ARA 195: Art in My World (HU) (3)
ARA OR ART Elective (3)
ART 107: Photography as Experience or ART 108: Digital Literacy for the Arts (CS) or ART 109: Making as Seeing and Thinking or ART 110: Drawing as Seeing and Thinking (HU) (3)

Upper-Division Studio Courses -- 9 credit hours
ARA OR ART Upper Division Elective (9)
Notes: When selecting upper division (3XX/4XX) ART studio courses, check the prerequisites. In some cases, instructors will approve an override.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: All studio art majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in studio art can help students as they pursue careers in animation; ceramics; painting and drawing; textiles; printmaking; and sculpture, woods and metals.

## Sustainability Minor (SUSUSMIN)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West, Online

**Description:** Students in the sustainability minor learn about the concept of sustainability and how it may be used to develop solutions to pressing issues affecting society, organizations, the environment and the world.

The program introduces sustainability principles and contextualizes how sustainability can be applied to all academic disciplines and professional fields. Students explore the challenges of sustainability within human societies, economies, the environment, cultures and technology, all in local,

national and international contexts.

The minor is intended to draw from and inform almost any major offered by the university.

**Program Requirements:**
The sustainability minor requires 18 credit hours of study, of which at least nine must be upper division. The program includes six credit hours of required core courses, six credit hours of required theme courses and six credit hours of upper-division sustainability-related electives that relate to the student's major.
All courses must be completed with a grade of "C" (2.00) or higher.

Required Core Courses -- 6 credit hours
SOS 100: Introduction to Sustainability (G) (3)
SOS 300: Advanced Concepts and Integrated Approaches in Sustainability (3)

Required Theme Courses -- 6 credit hours
Complete two courses, each from a different sustainability theme area below. (6)

Coupled Human-Environment Systems
ASB 222: Buried Cities and Lost Tribes ((HU or SB) & G & H) (3)
CHM 107: Chemistry and Society (SQ) (3)
CRD 301: Sustainable Communities (3)
CRD 302: Inclusive Community Development (SB & C) (3)
GLG 110: Dangerous World (SQ & G) (3)
GPH 210: Society and Environment (G) (3)
ISS 450: Consumerism and Sustainable Development (SB) (3)
LSC 362: The Human Environment (3)
SOS 320: Society and Sustainability (L or SB) (3)
SOS 327: Sustainable Food and Farms (3)

Earth Systems
ABS 225: Soils (SQ) (3)
ABS 270: Sustainable Biological Systems (3)
BIO 100: The Living World (SQ) (4)
ENV 410: Soil Science (4)
GLG 101: Introduction to Geology I (Physical) (SQ) (3)
GLG 108: Water Planet (SQ) (4)
GLG 110: Dangerous World (SQ & G) (3)
GPH 211: Landform Processes (SQ) (4)
LSC 388: Bee Ecology in Urban and Wild Habitats (3)
SES 106: Habitable Worlds (SQ) (4)
SOS 326: Sustainable Ecosystems (3)

Human Transformation of the Earth
ABS 260: Fundamentals of Sustainable Horticulture (SG) (4)
ABS 270: Sustainable Biological Systems (3)
ABS 363: Sustainable Landscape Practice (4)
ALA 100: Introduction to Environmental Design (HU & H & G) (3)
ASM 104: Bones, Stones, and Human Evolution (SB or SG) (4)
BIO 130: Introduction to Environmental Science (SQ) (4)
CON 101: Construction and Culture: a Built Environment (HU & H) (3)
ENV 201: Fundamentals of Environmental Science (3)
FSE 181: Technological, Social, and Sustainable Systems (HU) (3)
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
IND 243: Design for Ecology and Social Equity (3)
SOS 111 / PUP 190: Sustainable Cities ((HU or SB) & G) (3)
SOS 323: Sustainable Urban Dynamics (3)
SOS 324: Sustainable Energy Technology and Systems (3)
SOS 465 / PUP 465: Sustainable Urbanism (3)
STS 235: Technology and Urban Systems (L) (3)

Social, Political and Economic Treatment of Natural Resources and Environment
ABS 381: Natural Resources Policy (3)
ABS 479: Ecosystem Management and Planning (L) (3)
AGB 250: Economics of Resource Allocation: Food and Agriculture (3)

AGB 414: Food and Agribusiness Policy Issues (L) (3)
AGB 452: Global Food and Agricultural Trade (3)
ASB 100: Introduction to Global Health (SB & G) (3)
CRD 301: Sustainable Communities (3)
GCU 441: Economic Geography (SB) (3)
HCI 311: Health Innovation: Foundational Concepts (3)
HCI 412: Transforming Health Care: A Systems Perspective for Innovation (3)
HCI 421: Health Care Policy: The Innovator's View (3)
HCR 230: Culture and Health (C & G) (3)
HCR 336: Environmental Community Health (3)
HCR 494: Food Safety and Protection (3)
IAS 340 / PHI 320: Bioethics (HU) (3)
IAS 409: Eco-Community Ethics (HU) (3)
NLM 410: Social Entrepreneurship (3)
PHI 306: Applied Ethics (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)
PRM 340: Outdoor Survival (3)
SGS 203: Contemporary Global Trends (SB & G) (3)
SGS 303: Global Trends (SB & G) (3)
SOS 110: Sustainable World (SB) (3)
SOS 321: Policy and Governance in Sustainable Systems (3)
SOS 323: Sustainable Urban Dynamics (3)
SOS 325: The Economics of Sustainability (3)
SOS 330: Sustaining the Commons (L) (3)
STS 101: Introduction to Science, Technology and Society (SB) (3)
STS 110: Global Technology and Development (SB & G) (3)
TDM 482: Sustainable Revenue Management (3)

Upper-Division Sustainability-Related Electives -- 6 credit hours
Upper Division courses that are sustainability related and ideally make a connection between the student's major and the minor (6)

Students should consult with their major advisor for upper-division sustainability-related elective course selections. Possible courses for these electives can be explored at the School of Sustainability website, but still need to be approved by the student's major academic advisor.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Other Enrollment Requirements: Students interested in adding a minor in sustainability should work with their major academic advisor. A student's major advisor will approve the two upper-division electives required for the minor in sustainability.

Incompatible Majors: BA in business (sustainability); BA in interdisciplinary studies with a concentration in sustainability; BS in public service and public policy (sustainability); BA in sustainability; BS in sustainability; BS in sustainable food systems

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Global Opportunities:**
Global Experience: Students may also participate in a sustainability study abroad program (https://collegeofglobalfutures.asu.edu/student-life/study-abroad/).

**Career Opportunities:** Knowledge and practice of sustainability complement any career path students choose, whether it's in business, technology, science, education, government or the nonprofit sector. The unique knowledge and skills gained from this transdisciplinary program enhance a student's bachelor's degree and career prospects, helping them stand out in a sea of job applicants. Students can incorporate sustainability into existing or future education endeavors to bring forth a positive change.

## Sustainable Food Systems Minor (GFSUSFSMIN)

**Campus:** Polytechnic, Tempe, Online

**Description:** Food and sustainability are becoming increasingly relevant issues to employers in fields across the public and private sectors. Food systems can be complex and particularly vulnerable to multiple threats. This minor in sustainable food systems allows students to gain a general understanding of these complex systems and lays the groundwork for them to create positive change.

In two required courses, students learn the fundamentals of sustainable food systems and what shapes a sustainable plate. Students also have the opportunity to take food systems electives from diverse academic units that are also addressing challenges to food system sustainability. It encourages students to cover a breadth of topics and perspectives related to food system issues such as sustainable agriculture, food justice and sovereignty, agriculture policy and governance, agribusiness, food systems leadership and food culture.

Students completing the minor will have a strong orientation toward problem-solving and systems thinking and will demonstrate proficiency in critical, analytical and creative thinking by developing, communicating and applying practical solutions to food sustainability challenges. Students also will be able to assess and analyze the role of culture and society in shaping food systems.

**Program Requirements:**
Students must complete 18 credit hours (12 of which must be upper division) of the specified courses with a grade of "C" (2.00) or better in each course. At least 12 credit hours must be taken at ASU.

Required Courses -- 6 credit hours
SFS 215: Fundamentals of Sustainable Food Systems (L) (3)
SFS 216: The Sustainable Plate (3)

Tier 1: Culture and Ethics (Choose two) -- 6 credit hours
ASB 300: Food and Culture ((L or SB) & C) (3)
BIO 324: Environmental Ethics (HU) (3)
GPH 314: Global Change (HU & G) (3)
HSC 355: Eating for Lifelong Health (SB) (3)
ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 353: The Western Diet (3)
NTR 448: Community Nutrition (L) (3)
PLB 302: Plants and Civilization (L) (3)
PUP 498: Urban Food Systems (3)
SOS 327: Sustainable Food and Farms (3)
SOS 370 / ASB 370: Ethics of Eating (L or SB) (3)
SOS 498: Indigenizing Food Systems (L) (3)

Tier 2: Science and Society (Choose two) -- 6 credit hours
ABS 434 / BIO 418: Soil Ecology (3)
AGB 302: International Management and Agribusiness (G) (3)
AGB 321: Agribusiness Marketing (3)
AGB 414: Food and Agribusiness Policy Issues (L) (3)
AGB 452: Global Food and Agricultural Trade (3)
AGB 456: Food Product Innovation and Development (3)
BIO 320: Fundamentals of Ecology (3)
NTR 344: Nutrition Management and Leadership (L) (3)
NTR 445: Management of Food Service Systems (4)
SOS 326: Sustainable Ecosystems (3)
SOS 328: Sustainability and Enterprise (3)
TDM 481: Sustainable Food Management in Tourism (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in sustainable food systems

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** The demand for graduates who understand the complexity of food systems is increasing. Students can pair the minor with a variety of bachelor's degrees to enhance career opportunities related to food. Sustainable food systems knowledge complements a variety of career paths, whether it's in business, engineering, technology, science, nutrition, education or government. Incorporating sustainable food systems into existing or future education endeavors helps to bring forth positive change in a variety of sectors including agriculture, consumer goods, community development, public health, policy and education.

A sustainable food systems minor helps graduates stand out in a sea of job applicants, and the skill sets are applicable to many careers.

## Sustainable Tourism Minor (PPTDMSMIN)

**Campus:** Downtown Phoenix

**Description:** Students can get innovative insights on finding practical solutions for a more ethical and eco-friendly approach to travel with a minor in sustainable tourism. The minor program teaches basic concepts and theories of tourism development and management and helps students identify ways in which tourism can contribute to sustainable development, locally and globally.

Students with majors in sustainability, business and many others find this program a beneficial supplement to their existing program.

There also may be opportunities to complete a study abroad program.

**Program Requirements:**
The minor requires a total of 15 credit hours: 12 credit hours of required courses and one three-credit hour course from the list of electives.

Required Core Courses -- 12 credit hours
TDM 205: Introduction to Travel and Tourism (G) (3)
TDM 372: Tourism Planning (L) (3)
TDM 458: International Tourism (G) (3)
TDM 480: Sustainable Tourism (3)

Elective Course (choose one) -- 3 credit hours
TDM 448: Heritage and Cultural Tourism (3)
TDM 475: Entrepreneurial Recreation and Tourism (3)
TDM 481: Sustainable Food Management in Tourism (3)
Notes: Offered spring semester only
TDM 482: Sustainable Revenue Management (3)
Notes: Offered spring semester only
TDM 494: Special Topics (3)

Standards
1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior or higher to take 400-level courses
4. no double counting of courses for a major and the minor

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in tourism development and management; BS in tourism development and management (sustainable tourism); BS in tourism development and management (resort and hotel leadership); BA in business (tourism); BS in tourism development and management (meeting and events)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. Graduates with a minor in sustainable tourism can find opportunities in diverse settings in a wide range of industries, including hotel management, environmental focused and travel agencies.

## Technical Communication Minor (LSTWCMIN)

**Campus:** Polytechnic, Online

**Description:** The minor in technical communication provides a foundation in workplace-oriented communication skills that complement many majors, particularly those in engineering and other technical disciplines.

Students learn how to design, produce and manage professional texts, both print and digital, and they also strengthen their technological skills.

**Program Requirements:**
The minor in technical communication requires 18 credit hours. A grade of "C" or better is required for all courses in the minor.

Required Courses -- 12 credit hours
TWC 301: Fundamentals of Writing for Digital Media (L) (3)
TWC 401: Fundamentals of Technical Communication (L) (3)
TWC 411: Principles of Visual Communication (L) or TWC 421: Principles of Web Authoring (L) (3)
TWC 431: Principles of Technical Editing (3)

Electives (choose two) -- 6 credit hours
TWC 312: Introduction to Visual Culture (3)
TWC 361: Writing for Health Care Management (L) (3)
TWC 362: Writing in Health Professions (L) (3)
TWC 394: Special Topics (3)
TWC 411: Principles of Visual Communication (L) (3)
TWC 413: Managing and Analyzing Data (3)
TWC 414: Visualizing Data and Information (3)
TWC 421: Principles of Web Authoring (L) (3)
TWC 422: Social Media in the Workplace (3)
TWC 435: Global Issues in Technical Communication (G) (3)
TWC 436: Project Management in Technical Communication (3)
TWC 443: Grant & Proposal Writing (3)
TWC 444: User Experience (3)
TWC 445: Content Strategy (3)
TWC 446: Technical and Scientific Reports (L) (3)
TWC 451: Copyright and Intellectual Property in the Electronic Age (3)
TWC 452: Information in the Digital Age (3)

TWC 453: Information and Communications Technology in American History (L & H) (3)
TWC 454: Information Technology and Culture (C) (3)
TWC 484: Internship (3)
TWC 494: Special Topics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BAS in applied science (technical communication); BS in technical communication; BS in technical communication (user experience)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

The technical communication minor can benefit graduates of many degree programs when they pursue careers in web development, project management and instructional design, making them more competitive in their career path.

## Technological Entrepreneurship and Management Minor (ESTEM2MIN)

**Campus:** Polytechnic, Online

**Description:** The minor in technological entrepreneurship and management is available to students who are interested in advancing ideas for new or improved products or services. Students learn the range of skills needed to develop new products, services, business models and whole new industries.

The courses available for the minor are designed to advance entrepreneurial and systems thinking and cover a broad range of topics important to venture startups such as creativity, entrepreneurship, innovation, global impact and systems thinking.

This minor is available as either an on-campus or 100% online program.

**Program Requirements:**
Completion of the technological entrepreneurship and management minor requires 18 resident credit hours of the specified courses with a grade of "C" or better in each course. At least four of the six courses must be upper division.
Students may not double count any courses with other entrepreneurship certificates.

Required Courses -- 12 credit hours
FSE 301: Entrepreneurship and Value Creation (3)
TEM 230: Creativity and Business Innovation (3)
TEM 431: Innovation Management (3)
TMC 110: Understanding the Enterprise (3)

Electives -- 6 credit hours
FSE OR OMT OR TEM OR TMC Upper Division Elective (6)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BS in technological entrepreneurship and management; BAS in applied science (operations management); BS in business entrepreneurship

Other Enrollment Requirements: The technological entrepreneurship and management minor is open to non-TEM undergraduate students. TEM students are not eligible to apply for this minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** The technological entrepreneurship and management minor prepares students for a wide variety of career possibilities. Some examples are technology-based entrepreneurship, product development, consulting, venture capital analysis, business development, market analysis and technology marketing.

## Technological Leadership Minor (LATECLDMIN)

**Campus:** Tempe, Online

**Description:** A minor in technological leadership equips students with the skills needed to solve tomorrow's most pressing problems.

Through a series of engaging and hands-on courses, students learn how to recognize and describe unsolved problems in the fields of science and technology and practice implementing creative problem-solving techniques in order to design potential solutions to those problems.

This minor complements and enhances a student's major with key skills in collaborative research, technology design and interdisciplinary leadership.

**Program Requirements:**
The technological leadership minor consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum grade of "C" (2.00 on a 4.00 scale) is required for all courses in the minor.

Inquiry Courses -- 6 credit hours
IPI 296: Inquiry (L) (3)
IPI 496: Advanced Inquiry (3)

Making Courses (choose two) -- 6 credit hours
A minimum of three credit hours must be upper division.
AME 240: Introduction to Physical Computing (3)
AME 330: Digital-Physical Systems (3)
HDA 296: Creative Futures: Studio (3)
HDA 496: Creative Futures: Advanced Studio (3)
IPI 241: Designing and Making (Electronics and Programming) (3)
IPI 341: Designing and Making (3D Printing and Fabrication) (3)
SES 307: Space Works I: Design, Build, Test (3)
SES 407: Space Works II: Model, Fabricate, Test (3)

Leadership Courses (choose two) -- 6 credit hours
FIS 432: Problem Solving Through Strategic Thinking (3)

LSE 305: Conceptualizing Learning: Theories in Practice (3)
MGT 380: Management and Strategy for Nonmajors (3)
OGL 300: Theory and Practice of Leadership (3)
OGL 345: Organizational Ethics (HU) (3)
PMG 320: Foundations of Project Management (3)
PSY 302: The Psychology of Positive Leadership (3)
SOC 334: Technology and Society (L or SB) (3)
WPC 300: Problem Solving and Actionable Analytics (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: Technological Leadership, BS

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** A minor in technological leadership supports students who are interested in emerging fields and careers that span multiple disciplines, such as:

- academic research
- education
- entrepreneurship
- management consulting
- product management
- technology transfer

## Theatre Minor (FATHEMIN)

**Campus:** Tempe

**Description:** Students pursuing the theatre minor study the literatures, histories and basic production practices of theatre while having opportunities to concentrate in an area such as:

- acting
- community engagement
- design and production
- directing
- dramatic literature
- dramaturgy
- new work development
- theatre for youth
- theatre history
- voice and movement

**Program Requirements:**
The minor in theatre consists of 22 credit hours of coursework (12 credit hours must be upper division). A grade of "C" (2.00) or higher is required

for all courses in the minor. All prerequisites for the minor courses must be met (see course listings).
Transfer students may transfer up to nine credit hours toward the minor.

Theatre Core -- 10 credit hours
THF 101: Acting Introduction (3)
THF 160: Introduction to Storytelling (HU) (3)
THF 215: Design and Composition for Theatre and Film (HU) (3)
THP 201: Theatre Production Crew (1)
*Students who take Acting I (THF 101 or THP 102) for their major must complete an additional course in Theatre to complete the Theatre Minor.

Theatre History (choose one) -- 3 credit hours
THE 320: History of the Theatre I (HU & H) (3)
THE 321: History of the Theatre II (HU & H) (3)
THE 322: Theatre History and Culture (HU & H) (3)

Theatre-Related Upper Division Courses -- 9 credit hours
THE OR THF OR THP Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: All theatre majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in theatre can help students as they pursue careers in arts administration, teaching, law, fundraising management or marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

## Tourism Development and Management Minor (PPTDMMIN)

**Campus:** Downtown Phoenix, Online

**Description:** The minor program in tourism development and management provides students with the planning and development skills needed to enter the largest industry in the world. Exposure to the businesses of sustainable tourism, heritage tourism and meeting and convention planning prepares students for successful careers in the fast-growing travel and tourism industry.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program.

Having completed the minor program in tourism development and management, the student also may complete a certificate in convention sales and meeting (https://degrees.apps.asu.edu/minors/major/ASU00/PPTDMCERT/convention-sales-and-meeting-planning).

Students also may choose to participate in a study abroad program.

**Program Requirements:**
The tourism development and management minor requires 15 credit hours: six credit hours of required core courses and nine credit hours of elective courses.

Required Core Courses -- 6 credit hours
TDM 205: Introduction to Travel and Tourism (G) (3)
TDM 480: Sustainable Tourism (3)

Elective Courses (choose three) -- 9 credit hours
PRM 145: Special Events Management (3)
TDM 225: Introduction to Resort and Hotel Management (3)
TDM 345: Meeting and Convention Planning (3)
TDM 350: Tourism, Recreation and Sports Marketing (3)
TDM 386: Convention Sales and Management (3)
TDM 415: Tourism Transportation Systems (3)
TDM 448: Heritage and Cultural Tourism (3)
TDM 458: International Tourism (G) (3)
TDM 483: Sports Tourism (3)
Notes:  Offered during spring semester only
TDM 494: Special Topics  (3)

Standards
1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
3. students should be a junior to take 400-level courses
4. no double-counting of courses for a major and the minor

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in tourism development and management; BS in tourism development and management (sustainable tourism); BS in tourism development and management (resort and hotel leadership); BA in business (tourism); BS in tourism and recreation management

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page  (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** The minor program offers students opportunities to pursue a broad spectrum of careers in areas such as travel agencies and tour operations; front office, food and beverage and room division departments; and recreation and leisure activity coordination. Students can find various opportunities to grow, as, for instance, hotel and spa managers, sales and marketing managers, and as organizers of festivals, sports, special events and conferences.

## Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)

**Campus:** Tempe

**Description:** In the transborder Chicana/o and Latina/o studies minor, students gain general knowledge from a comparative perspective about the Chicano and Latino populations in the United States and on the U.S.-Mexico border.

The core requirements focus on these populations' cultural, economic, sociological, historical, psychological and artistic experiences. In the remaining credit hours, students may select from courses in a variety of topics including:

- community development
- diversity in education
- film and the media
- health issues
- immigration and migration
- language and bilingualism
- literature and performance
- politics and policy

**Program Requirements:**
The minor requires 18 credit hours of coursework, of which at least 12 credit hours must be completed at the upper-division level. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses used toward the minor.

Core Requirements -- 6 credit hours
TCL 201: Transborder Society and Culture I: Interdisciplinary Approaches (HU & C) or TCL 202: Transborder Society and Culture II: Contemporary Issues (SB & C) (3)
TCL 331 / HST 331: Mexican American History to 1900 (SB & H & C) or TCL 332 / HST 332: Mexican American History Since 1900 (SB & H & C) (3)

Electives -- 12 credit hours
TCL Elective (3)
TCL Upper Division Elective (9)
Notes: Select any TCL course except TCL 331/HST 331 or TCL 332/HST 332.

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in transborder Chicana/o and Latina/o studies (all concentrations)

Other Enrollment Requirements: None

An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** The minor in transborder Chicana/o and Latina/o studies prepares students to work with Chicano and Latino populations in many industries including:

- business
- education (administration and teaching)
- film, media and the arts
- law
- local, state and national government agencies
- nonprofit organizations
- public affairs
- public health
- public policy and administration
- social work

## Urban Planning Minor (ARPUPMIN)

**Campus:** Tempe, Online

**Description:** The urban planning minor introduces students to the field of urban, regional and environmental planning. Students in the urban planning minor are exposed to the theories, methods and practices of the profession.

Some of the content area options available to students in the urban planning minor include:

- comprehensive planning
- planning law
- public policy formulation
- site planning
- socioeconomic and environmental analyses
- sustainable planning
- urban design

**Program Requirements:**
The minor requires completion of 18 credit hours, of which at least 12 must be upper division. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours
PUP 301: Introduction to Urban Planning (L) (3)

Urban Planning Electives -- 6 credit hours
PUP Elective (6)

Upper-Division Urban Planning Electives -- 9 credit hours
PUP Upper Division Elective (9)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BSP in urban planning

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Students who wish to gain a further understanding of their communities, from the neighborhood to the national level, can benefit from an urban planning minor. The focus of this education provides insights into how neighborhoods are created and the effects that the planning of neighborhoods has on its residents.

## Urban and Metropolitan Studies Minor (PPURBMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program in urban and metropolitan studies offers students interested in the urban environment the opportunity to explore the wide variety of issues that influence the quality of life in urban communities.

Students are encouraged to learn about cities as historical, social, cultural, economic and political phenomena in order to gain a strong understanding of the complex relationships that contribute to the problems and opportunities pertaining to urban living.

The program allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from various disciplines such as planning, business, political science, nonprofit management and leadership, communication, social work, geography and many others might find this program a beneficial supplement to their existing program.

**Program Requirements:**
This minor requires 15 credit hours of coursework, of which at least nine credit hours must be upper division. A grade of "C" (2.00 on a 4.00 scale) or better is required in each course. A minimum of 12 hours must be completed at ASU.

Required Courses -- 6 credit hours
PAF 305: Urban Governance (3)
PAF 351: Urban and Metropolitan Studies (3)

Core Courses (choose two) -- 6 credit hours
PAF 220: Introduction to Urban America (3)
PAF 240: Urban Policy (C) (3)
PAF 352: Urban Theory (3)
PAF 410: Building Leadership Skills (SB) (3)

Urban Elective (choose one course from the following subjects) -- 3 credit hours
ASB OR COM OR CRJ OR GCU OR GPH OR HST OR MGT OR NLM OR PAF OR POS OR PRM OR SBS OR SOC OR SOS OR SWU OR TDM OR TWC OR WST Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BA and BS in urban and metropolitan studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Students completing this minor are prepared to pursue a career in a field related to management and policy areas associated with towns, cities and regions. This may include opportunities as a policy analyst, entry-level manager or program coordinator in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

## Wellness Foundations Minor (ECEXWMIN)

**Campus:** Downtown Phoenix

**Description:** The wellness foundations minor is offered to any ASU student interested in learning about optimizing personal health and wellness. Students develop a greater understanding of the behavioral, social, cultural and environmental factors that impact personal wellness behaviors and how to choose better personal lifestyle choices that may enhance individual well-being.

**Program Requirements:**
The minor in wellness foundations consists of 18 credit hours, of which at least 12 credits must be upper division. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 15 credit hours

EXW 215: Resistance Training and Recovery Techniques or EXW 217: Cardiorespiratory and Flexibility Training (3)
EXW 302: Fundamentals of Wellness (L) (3)
EXW 325: Fitness for Life (3)
EXW 400: Stress Management for Wellness or HEP 380: Body Image and Wellness (3)
NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)

Elective (choose one) -- 3 credit hours
EXW 335: Physical Activity and Physiological Concepts (3)
EXW 344: Impact of Physical Activity on Health and Disease (L) (3)
EXW 400: Stress Management for Wellness or HEP 380: Body Image and Wellness (3)
EXW 425: Exercise Prescription for Health and Wellness (3)
EXW 450: Social Determinants of Health and Health Behavior ((L or SB) & C) (3)
HSC 355: Eating for Lifelong Health (SB) (3)
NTR 345: Development of Healthy Cuisines (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 353: The Western Diet (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in clinical exercise science; BS in health sciences (healthy lifestyles and fitness science)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** This course of study allows students to have a greater understanding of and appreciation for how they can take control of their personal well-being and lead a healthier lifestyle, and completion of this coursework provides practitioners who wish to have a more holistic approach to health and wellness with a background from which to promote greater health throughout the community.

The minor does not fully prepare students to obtain national certifications for professional practice in fields of study related to health, health coaching, fitness or wellness, but it does serve as a beginning step.

## Writing, Rhetorics and Literacies Minor (LAWRHLMIN)

**Campus:** Tempe

**Description:** The minor in writing, rhetorics and literacies teaches students strategies for inquiry.

Students study the ways in which communication creates knowledge and action and how that communication is constructed, circulated, reacted to and repurposed through time and place. Through differing tools of inquiry, students explore the history, theories and methods of inquiry as well as pragmatic and social actions of rhetoric, writing and literacies.

The goal of this program is to educate citizens who can create new knowledge and reason, read, write and act in robust and significant ways to meet the new challenges of the present and the future.

**Program Requirements:**
The minor in writing, rhetorics and literacies consists of 18 credit hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by The College of Liberal Arts and Sciences. Courses must be completed with a grade of "C" (2.00 on a scale of 4.00) or better to satisfy minor requirements.

Required Courses -- 6 credit hours

ENG 205: Introduction to Writing, Rhetorics and Literacies (L) (3)
ENG 390: Methods of Inquiry (L) (3)

Directed Electives (choose two) -- 6 credit hours
ENG 391: Writing in Context (3)
ENG 392: History of Rhetorical Theory (HU) (3)
ENG 393: Theories of Literacy (3)

Elective Minor Courses -- 6 credit hours
ENG 301: Writing for the Professions (L) (3)
ENG 311: Persuasive Writing (L) (3)
ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)
ENG 338: Protest Literature (3)
ENG 370: Science, Values, and the Public (3)
ENG 371: Rhetoric of the Environmental Movement (3)
ENG 409: Analyzing Rhetoric (3)
ENG 419: Writing for Podcasts (3)
ENG 472: Rhetorical Studies (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: None

Majors Ineligible to Add This Minor: BA in English - all concentrations

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in writing, rhetorics and literacies can benefit those who pursue careers in writing, editing or publishing.

## Youth Services Leadership Minor (HSYSLMIN)

**Campus:** Downtown Phoenix

**Description:** The minor program explores the area of youth services leadership from the perspective of those who work face-to-face with youth in a variety of settings.

It can supplement an existing degree program and expand the student's knowledge of youth services from a variety of perspectives.

**Program Requirements:**
The minor requires 15 credit hours: six credit hours of required courses and nine credit hours of elective courses. At least nine credit hours must be upper division.

Required Core Courses -- 6 credit hours
PRM 203: Program Planning (3)
PRM 335: Sports and Recreation for Youth Development (3)
Notes: Offered spring semester only

Elective Courses (choose three) -- 9 credit hours
CRD 302: Inclusive Community Development (SB & C) (3)
CRJ 204: Juvenile Justice (3)

CRJ 462: Gangs (3)
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 310: Volunteer Management (3)
NLM 451: Grant Writing (3)
Notes:  Offered fall semester only
PRM 145: Special Events Management (3)
RTH 364: Foundations of Recreation Therapy (SB) (3)
RTH 455: Recreational Therapy and Play with Children, Youth and Families (3)

Standards
1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Prerequisite courses may be needed in order to complete the requirements of this minor.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in parks and recreation management (therapeutic recreation); BS in community sports management; BS in recreation therapy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

**Career Opportunities:** Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors. A minor in youth services leadership can help students as they pursue careers in youth services or as family resource coordinators.

# Undergraduate Programs

## Undergraduate Certificates (Program Descriptions and Requirements)

### Actuarial Science Certificate (LAACTCERT)

**Campus:** Tempe

**Description:** Actuarial science is an area of mathematical and statistical science that requires expertise in specializations of probability and interest theory, coupled with a strong foundation in accounting, finance and economics.

This certificate provides students with preparation for professional actuarial credentialing exams offered by the Society of Actuaries and the Casualty Actuarial Society.

**Program Requirements:**
The certificate requires a minimum of 18 credit hours, of which at least 12 credit hours must be upper division. Specific minimum course grades are required for each course, see notes below.

Required Courses -- 12 credit hours
ACT 201: Introduction to Elements and Techniques of Actuarial Science (3)
ACT 410: Mathematics of Finance (3)
ACT 415: Probability for Risk Management (3)
ACT 440: Single Life Mortality or ACT 450: Actuarial Models (3)
A grade of "B" (3.00 on a 4.00 scale) or better is required for ACT 201, ACT 410 and ACT 415. A grade of "C" (2.00 on a 4.00 scale) or better is required for ACT 440 or ACT 450.

Electives (choose two courses) -- 6 credit hours
ACT 420: Ratemaking and Reserving (3)
ACT 430: Mathematics of Financial Derivatives (3)
ACT 435: Statistics for Risk Modeling (3)
ACT 440: Single Life Mortality (3)
ACT 441: Long-Term Actuarial Mathematics (3)
ACT 450: Actuarial Models (3)
ACT 451: Short-Term Actuarial Mathematics (3)
A grade of "B" (3.00 on a 4.00 scale) or better is required in the following courses: ACT 420, ACT 430, ACT 435.
A grade of "C" (2.00 on a 4.00 scale) or better is required in the following courses: ACT 440, ACT 441, ACT 450, ACT 451.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Although no specific degree is required for admission to the actuarial science certificate program, a strong mathematical background is essential (found in majors such as mathematics, statistics, engineering and natural sciences). Students with a major or degree other than those listed require additional preparation beyond the certificate. Students are required to have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") and grades of "B" or better in courses of multivariate calculus, linear algebra and introductory statistics at ASU or an equivalent institution.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Risk is a part of daily life and wherever there is risk, there are opportunities for actuarial intervention. Many actuaries work with insurance companies to calculate premiums, determine reserves needed to ensure an organization's financial health and to ensure organizations conform to stringent, complex legal mandates. Others help companies to establish retirement plans or are employed as consultants.

Graduates with a certificate in actuarial science possess skills that are transferable to any industry and any organization that requires risk modeling and management, including:

- colleges and universities
- consulting firms
- energy, such as utilities, oil and gas
- environment (on issues such as climate change and the financial impact or risk of extreme events)

- financial services, such as banking and investment management
- government agencies such as Social Security, the Department of Labor and Medicare (to manage social programs and to develop regulations and legislation)
- insurance companies
- retirement and pensions
- transportation, such as shipping and air travel

They can also apply the advanced problem-solving skills learned in the actuarial science certificate program to a variety of other professional careers, including:

- analysts
- business operations specialists
- consultants
- teachers

## African and African American Studies Certificate (LAAFRCERT)

**Campus:** Tempe

**Description:** The certificate program in African and African American studies examines the culture, arts, history, politics, economics and current status of Africans, African Americans and the larger African diaspora, especially in Central America, South America and the Caribbean.

The goal is to prepare students for lifelong learning, advanced study in a variety of fields, successful careers and productive public service in an increasingly diverse society.

**Program Requirements:**
The certificate consists of 15 credit hours, at least 12 of which must be completed at the upper-division level. All courses used toward the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Core Course (choose one) -- 3 credit hours
AFR 200: Introduction to Africana Studies (SB & G & H) (3)
AFR 210: Introduction to African American Studies (C) (3)

Elective Core Course (choose one) -- 3 credit hours
AFR 300: Precolonial Africa (SB & G & H) (3)
AFR 301: Race and Racism in Africa/African Diaspora (SB & G) (3)
AFR 370 / FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)
AFR 375: Race, Gender and Sport (SB & C) (3)

Content Courses (choose three) -- 9 credit hours
AFR 336 / ASB 336: African Art (HU & G) (3)
AFR 340: The Making of Modern Africa (SB & G & H) (3)
AFR 345 / JUS 345: Peoples and Cultures of the Caribbean (SB & G & H) (3)
AFR 350 / APA 350 / CDE 350 / SOC 350 / TCL 360 / JUS 365: Inequality and Diversity in Education (L & C) (3)
AFR 352 / APA 352 / JUS 353: Borders, Prisons and Suburbs (SB & C) (3)
AFR 353 / AMS 353 / ENG 353 / ETH 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
AFR 354 / AMS 354 / ENG 354 / ETH 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
AFR 363 / HST 333: African American History to 1865 (SB & H & C) (3)
AFR 364 / HST 334: African American History Since 1865 ((HU or SB) & C & H) (3)
AFR 365 / WST 364: Unruly Voices: Black Women and Cultural Narratives (HU & C) (3)
AFR 366 / ASB 366: African Archaeology: Precolonial Urban Culture (SB & H) (3)
AFR 372 / REL 362 / SGS 366: Islam and Islamic Societies in Africa: Social and Political History (G) (3)
AFR 373 / REL 363: Islam and World Affairs (G) (3)
AFR 420 / JUS 421: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)
AFR 459 / ENG 459: Studies in African American/Caribbean Literatures ((L or HU) & G) (3)
AFR 466 / ASB 466: Peoples and Cultures of Africa (SB & G) (3)
AFR 470 / WST 471: Women's International Human Rights (3)

AFR 480 / REL 461 / SGS 442: Different Voices Within Contemporary Islamic Discourse (3)
Other courses may be used with approval from an academic advisor in the School of Social Transformation

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Demonstrate an understanding of the myriad local variations within the global scope of the African diaspora
- Explain the practical and experimental value and benefit of interdisciplinarity.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. By adding this specialization in African and African American studies as a complement to their major program of study, students will become more attractive to employers.

Graduates who have completed this undergraduate certificate often decide to pursue employment in education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

## American Indian Nation Governance Certificate (LAAIGVCERT)

**Campus:** Tempe

**Description:** In the American Indian nation governance certificate program, students develop knowledge about and insight into government and governance in Native American communities. The curriculum covers themes such as the history, policies and sovereign status of American Indians, and the legal relationships between the Native American nations and state governments as well as the U.S. federal government.

**Program Requirements:**
The certificate in American Indian Nation governance requires completion of 15 credit hours (12 of which must be upper division and nine of which must be taken from The College of Liberal Arts and Sciences). Students complete six credit hours of American Indian studies and six credit hours of political science. An additional three credit hours are selected from the approved list of AIS and POS policy and applied courses, including an optional internship. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher for use in the certificate.

AIS Core Courses (choose two) -- 6 credit hours
AIS 180: Introduction to American Indian Studies (C) (3)
AIS 380: Contemporary Issues of American Indian Nations (C) (3)
AIS 470: Tribal Governance (3)

POS Core Courses (choose two) -- 6 credit hours
POS 310: American National Government (SB) (3)
POS 325: Public Policy Development (SB) (3)
POS 346: Problems of Democracy (HU) (3)
POS 368: Ethics and Human Rights (3)
POS 370: Law and Society (SB) (3)
POS 439: Minority Group Politics in America (SB & C) (3)

AIS or POS Policy and Applied Course (choose one) -- 3 credit hours
AIS 394: Reservation Economic Development (3)
AIS 445: American Indian Leadership and Resistance (SB & H & C) (3)
AIS 455: Human Rights and Cultural Resource Laws (3)
AIS 484: Internship (3)
AIS 494: American Indian and Indigenous Rights (3)

AIS 494: American Indian Rights  (3)
AIS 498: Pro-Seminar (L) (3)
POS 484: Internship  (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who combine the certificate in American Indian nation governance with their major program of study may increase their marketability to employers.

Those completing this certificate program are better prepared to work with Indian nations, federal and state agencies, and nonprofit organizations, regardless of their academic major or final career path.

## Analysis and Management of Insurance Risk Certificate (LAAMIRCERT)

**Campus:** Tempe

**Description:** Risk management is the identification, assessment and prioritization of risks that is followed by coordination and economic application of resources to minimize risk and monitor the probability and impact of unfortunate events or to maximize the realization of opportunity. The objective of risk management is to assure uncertainty does not deflect the endeavor from the business goals.

The certificate program helps students become well-rounded assessors of risk, ready to utilize their knowledge of mathematics, statistics, economics, marketing, business, finance and accounting in an insurance career.

**Program Requirements:**
The certificate requires 15 credit hours from the approved course list below, with the only required course being ACT 301.  A grade of "C" (2.00 on a 4.00 scale) is required for all courses.

Required Course -- 3 credit hours
ACT 301: Risk Management and Insurance (SB) (3)

Electives (choose four) -- 12 credit hours
ACT 201: Introduction to Elements and Techniques of Actuarial Science (3)
ACT 302: Fundamentals of Enterprise Risk Management (3)
ACT 320: Property and Casualty Insurance (3)
ACT 330: Life and Health Insurance (3)
ACT 370: Software Tools for Business Analytics (3)
ACT 484: Internship (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must hold a minimum GPA of 2.50 to pursue this certificate and have completed the following prerequisite courses at ASU or an equivalent institution with a grade of "C" or better (scale is 4.00 = "A"):

CIS 105 Computer Applications and Information Technology or equivalentECN 211 Macroeconomic Principles or ECN 212 Microeconomic PrinciplesMAT 210 Brief CalculusSTP 226 Elements of Statistics or ECN 221 Business Statistics

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student. Applicants should contact the unit for additional information.

**Career Opportunities:** Risk is a part of daily life and wherever there is risk, there are opportunities for actuarial intervention. Many actuaries work with insurance companies to calculate premiums, determine reserves needed to ensure an organization's financial health, and ensure organizations conform to stringent, complex legal mandates. Others help companies establish retirement plans or are employed as consultants.

Graduates with a certificate in analysis and management of insurance risk possess skills that are transferable to any industry and any organization that requires risk modeling and management, including:

- colleges and universities
- consulting firms
- energy, such as utilities, oil and gas
- environment (on issues such as the financial impact of climate change or risk of extreme events)
- financial services, such as banking and investment management
- government agencies such as Social Security, the Department of Labor and Medicare (to manage social programs and to develop regulations and legislation)
- insurance companies
- retirement and pensions
- transportation, such as shipping and air travel

They can also apply the advanced problem-solving skills learned in the analysis and management of insurance risk certificate program to a variety of other professional careers, including:

- analysts
- business operations specialists
- consultants
- teachers

## Applied Business Data Analytics Certificate (BABDACERT)

**Campus:** Tempe, Online

**Description:** The certificate program in applied business data analytics is for students who are interested in practical uses for computer-based tool suites that are capable of managing vast amounts of data. Students learn sophisticated but easy-to-use means of managing and analyzing such data. They leverage the tools for making good decisions about projects, process designs and fundamental tasks.

Exposure to predictive analytics and modeling, big data techniques, and visualization provides significant insight into the advanced uses of the computer-based tools. Critical thinking is an important skill and mindset that is required for establishing and evaluating evidence-based benchmarks for making good data decisions leading to high-quality outcomes.

**Program Requirements:**
The certificate in applied business data analytics requires 18 credit hours and is available to all majors. At least 12 credit hours must be upper division.
To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

Required Courses -- 18 credit hours
CIS 105: Computer Applications and Information Technology (CS) (3)
CIS 308: Advanced Excel in Business (3)
CIS 309: Business Process Management (3)
CIS 310: Business Data Visualization (3)
CIS 405: Business Intelligence (3)
Any Statistics Course or CIS 313: Location Analytics in Business (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU degree-seeking students

The applied business data analytics certificate is open to all ASU students.

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

Nondegree-seeking students

This certificate is available through the Pathways for the Future program (https://pff.asu.edu/). Applicants without a bachelor's degree are eligible to apply for, and receive, this certificate, through the Pathways for the Futures program. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/undergraduate-certificate-applied-business-data-analytics/) for program descriptions and to request more information.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. By adding this specialization as a complement to their major program of study, students become more attractive to future employers.

Graduates with this certificate often decide to pursue employment in management, business analysis or marketing. Advanced degrees or certifications may be required for academic or clinical positions.

## Applied Cybersecurity Certificate (ASACSCERT)

**Campus:** Polytechnic, Tempe, West

**Description:** The applied cybersecurity certificate program is designed to build competencies in security operations, risk assessment, network security, and governmental and regulatory compliance in an interdisciplinary learning setting. Building upon core skills that students bring with them from their majors, students practice dealing with cyber threats and resolving issues from multiple perspectives.

The program is offered through a collaboration between the New College of Interdisciplinary Arts and Science, the Ira A. Fulton Schools of Engineering and the W. P. Carey School of Business.

**Program Requirements:**
The certificate in applied cybersecurity consists of 15 credit hours; a minimum of 12 upper-division credit hours must be earned at ASU. Six credit hours must be unique and not count towards a student's undergraduate degree. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better. Students must select courses from more than one subject to fulfill certificate requirements.
Students must take CSE 365 or IFT 202 and one course each from groups A, B or C, and D; then one course from Group E for a total of five courses or 15 credit hours. It is recommended that the Group A course be taken concurrently with CSE 365 or IFT 202. The Group B or C and D courses must be taken after successful completion of CSE 365 or IFT 202. Group A through D courses must be completed successfully before enrolling in the Group E required course.

Required Course -- 3 credit hours
CSE 365: Information Assurance or IFT 202: Foundations of Information and Computer System Security (3)

Group A - Security Operations and Risk Management -- 3 credit hours
ACO 401 / CIS 401: Managing Cyber Risks in Enterprise Business Processes (3)
ACO 461: Security Operations (3)
IFT 381: Information System Security (3)

Group B - Systems and Network Security OR Group C - Forensics/Cyber Crime -- 3 credit hours
Group B - Systems and Network Security:
ACO 431: Network Security (3)
CSE 466: Computer Systems Security (3)
CSE 468: Computer Network Security (3)
IFT 458: Middleware Programming and Database Security (3)
IFT 475: Security Analysis (3)

Group C - Forensics/Cyber Crime:
CSE 469: Computer and Network Forensics (3)
FOR 350: Computer Forensics (3)
IFT 482: Network Forensics (3)

Group D - Policy -- 3 credit hours
ACO 351: Governance, Risk and Compliance (3)
ACO 402 / CIS 402: Privacy, Ethics and Compliance Issues (3)
CSE 467: Data and Information Security (3)
IFT 483: Developing Security Policy (3)

Group E - Project -- 3 credit hours
Students may take more than one semester of the Applied Project but only three credit hours will count towards the certificate.
ACO 484: Internship or ACO 499: Individualized Instruction (3)
CIS 440: Capstone in Information Systems (L) (3)
CSE 485: Computer Science Capstone Project I (L) or CSE 486: Computer Science Capstone Project II (L) (3)
IFT 401: Information Technology Capstone Project I or IFT 402: Information Technology Capstone Project II (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** To enroll in this certificate program, students should have completed at least 45 credit hours in their declared majors and have a cumulative GPA of 2.00 or better.

Students should pay attention to the prerequisites needed for required certificate courses and make sure to complete prerequisite courses prior to enrolling in the certificate program.

CSE 365 Information Assurance has prerequisites of ACO 240, CIS 235, CIS 236, CSE 220 or CSE 240; and a pre- or corequisite of CSE 310.
Prerequisites for ACO 240 Introduction to Programming Languages: ACO 102 or CSE 205, or GIS major with GIS 222, or software engineering graduate student
Prerequisites for CIS 235 Introduction to Information Systems: CIS 105, 200 or 220; MAT 210, 211, 270 or 271
Prerequisites for CSE 220 Programming for Computer Engineering: CSE 205
Prerequisites for CSE 240 Introduction to Programming Languages: ACO 102 or CSE 205, or GIS major with GIS 222, or software engineering graduate student

IFT 202 Foundations of Information and Computer System Security has prerequisites of IFT 101, IFT 103 and IFT 166.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This certificate is an ideal supplement for students interested in careers in cybersecurity in both the private sector and within government agencies, such as the FBI, U.S. Department of Homeland Security, National Security Agency, and U.S. Department of Defense. The certificate in applied cybersecurity provides a solid background for students interested in the following careers:

- chief information security officer
- cyber risk analyst
- information security engineer
- network security engineer
- security operations center analyst

## Applied Social Sciences Certificate (ASAPSSCERT)

**Campus:** West

**Description:** The certificate program in applied social sciences prepares students to apply social science tools to practical problems. Through

collaboration, students develop case studies, engage in fieldwork, and learn both how to apply expert knowledge and how to communicate evidence. Working with stakeholders, students identify and solve problems, reform managerial structures and organizational systems, and drive social change.

**Program Requirements:**
The certificate in applied social sciences requires a minimum of 15 credit hours (at least 12 must be upper division), consisting of six core credit hours, six credit hours of electives, and three credit hours of applied project. Six credit hours must be completed through courses offered by the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of three credit hours of individualized instruction or internship may be applied toward the certificate. A maximum of six credit hours may be shared between the certificate and a New College major.
Electives are not limited to the certificate elective list; students should see their academic advisor prior to enrollment. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.

Required Core Courses -- 6 credit hours
SBS 304: Social Statistics I (CS) or SBS 404: Social Statistics II: Multivariate Analysis (CS) (3)
SOC 331: Environmental Sociology (SB & G) (3)

Electives (minimum three upper-division credit hours) -- 6 credit hours
ASB 339 / SBS 339 / POS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 394 / JHR 394 / POS 394 / SBS 394 / SOC 394: Special Topics (3)
ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)
ASB 492 / JHR 492 / POS 492 / SBS 492 / SOC 492: Honors Directed Study (3)
ASB 493: Honors Thesis (L) or JHR 493: Honors Thesis or POS 493 / SBS 493 / SOC 493: Honors Thesis (L) (3)
ASB 494 / JHR 494 / POS 494 / SBS 494 / SOC 494: Special Topics (3)
ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)
JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)
POS 150: Comparative Government (SB & G) (3)
POS 350: Comparative Politics (SB & G) (3)
SOC 241: Modern Social Problems (SB) (3)
SOS 111: Sustainable Cities ((HU or SB) & G) (3)

Upper-Division Applied Project -- 3 credit hours
ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)
ASB 493: Honors Thesis (L) or JHR 493: Honors Thesis or POS 493 / SBS 493 / SOC 493: Honors Thesis (L) (3)
ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)
ENG 484 / ETH 484 / JHR 484: Pen Project Prison Teaching (3)
Other applied project/experiential learning courses may apply with prior advisor approval.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate program is recommended for students with academic or career interests in human resources, administration, journalism, social work, business, community and civic work as well as politics, organizing and advocacy, public policy, education and sustainability. Graduates may find employment in positions such as research specialist, research project manager, human resources manager or assistant, recruiter, educator or social worker.

## Arabic Studies Certificate (LAARBCERT)

**Campus:** Tempe

**Description:** The certificate program in Arabic studies provides students with skills that enable them to communicate effectively in Arabic in the four areas of language acquisition: listening, reading, speaking and writing.

Simultaneously, students gain broad knowledge and understanding of the culture, literature and traditions of the vast Arabic-speaking world. The program provides critically needed educational and cultural diversity that enriches students' undergraduate experiences and prepares them for life as employees and employers.

Graduate students in the liberal arts, social sciences and humanities seeking academic or professional careers in any of the three disciplines also benefit from this certificate because of the added advantage the program gives them in the job market, given the demonstrably high need for graduates with knowledge of the Arabic language.

**Program Requirements:**
The Arabic studies certificate requires students to complete 18 credit hours of upper-division coursework. A grade of "C" (2.00 on a 4.00 scale) or better is required for each course.

Arabic Core (choose three) -- 9 credit hours
ARB 311: Advanced Arabic Skills I or ARB 411: Advanced Arabic Skills II (G) (3)
ARB 321: Arabic Conversation I or ARB 421: Arabic Conversation II (3)
ARB 331: Arabic/Islamic Culture and Literature (HU & H & G) (3)
ARB 335: Arabic Culture and Islam (G) (3)
ARB 341: Quran Text and Women (HU & H) or ARB 351: Classical Arabic Literature (HU & G) (3)
ARB 352: Modern Arabic Literature in Translation (HU & G) or ARB 422: Advanced Arabic Media (G) (3)

Elective Courses (choose three) -- 9 credit hours
Some courses can be used either as a core course or as an elective, but no course can be counted more than once toward certificate requirements.

ARB 321: Arabic Conversation I (3)
ARB 335: Arabic Culture and Islam (G) (3)
ARB 336: Introduction to the Qur'an (G) (3)
ARB 337: Hadith and Prophetic Tradition (HU & H & G) (3)
ARB 340: Arabic Translation (3)
ARB 341: Quran Text and Women (HU & H) (3)
ARB 351: Classical Arabic Literature (HU & G) (3)
ARB 352: Modern Arabic Literature in Translation (HU & G) (3)
ARB 360: Islamic Philosophical Literature (3)
ARB 421: Arabic Conversation II (3)
ARB 422: Advanced Arabic Media (G) (3)
ARB 427: Arabic Prose: Reading the Arabian Nights (3)
ARB 428: Arab Women's Writing (HU & G) (3)
GCU 328: Geography of Middle East and North Africa (SB & G) (3)
HST 307: Studies in African History (3)
HST 372: Modern Middle East (SB & G & H) (3)
REL 365: Islamic Civilization (HU & H) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Any student accepted into an appropriate degree program at ASU can declare the certificate in Arabic studies. Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in Arabic studies with their major program of study may be more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality, or marketing.

## Arts Entrepreneurship Certificate (HITHAECERT)

**Campus:** Tempe
ASU is not currently accepting applications for this program.
**Description:** Arts entrepreneurship is an emerging transdisciplinary field that harnesses the skills and mindset of the entrepreneur to empower artists to create work that is meaningful, sustainable and oriented to community and market need. Students across the disciplines of art, dance, design, film, music and theatre benefit from the business, marketing and organizational skills offered by certificate courses as applied specifically to and within the arts.

**Program Requirements:**
The undergraduate certificate in arts entrepreneurship consists of 15 credits. A grade of "B" or better is required in HDA 252 and a grade of "C" or better is required in all other courses.

Core -- 3 credit hours
HDA 252: Foundations Arts and Design Entrepreneurship (3)

Arts Business Course (select two) -- 6 credit hours
ARA 396: Professional Practices for Design and the Arts (3)
ARA 460: Gallery Exhibitions (3)
DSC 394: Design Entrepreneurship & Society (3)
ENT 305: Principles of Entrepreneurship (3)
FMP 417: Business and Legal Practices in Entertainment (3)
HDA 420: Design and the Arts Business Administration (3)
MUP 438: The Enterprising Musician (3)
NLM 451: Grant Writing (3)
THP 351: Arts Management (3)
THP 450: Theatre Organization and Management (3)

Arts Policy, Community or Social Engaged Arts Course (select two) -- 6 credit hours
ARS 441: Public Art (3)
ART 442: Art and Community (3)
DCE 494 / HDA 494 / THP 494: The Atlas of Creative Tools (3)
DSC 494: Indigenous Architecture, Planning and Construction (3)
DSC 494: Indigenous Project Delivery (3)
EDS 301: Sustainable Community Design and Practices (HU) (3)
HDA 310: Socially Engaged Practice (3)
HDA 394: Disrupt, Create, Sustain (3)
HDA 494: Civic Body: Art and Public Health (3)
HDA 494: Civ Prac: Artists&Designers Collaborating/Comm (3)
HDA 494: Civic Practice:Arts/Design & Public Partnerships (3)
HDA 494: Creative Facilitation: Collaboration, Imagination (3)
HDA 494: Creative Project Management (3)
MUP 439: Music Product Creation and Development (3)
NLM 410: Social Entrepreneurship (3)
THP 482: Theatre for Social Change (C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in arts entrepreneurship, meant to extend the study of an individual arts discipline, is available only to current students with a major within the Herberger Institute for Design and the Arts.

Students may be admitted to the certificate program upon completion of HDA 252 Foundations Arts and Design Entrepreneurship with a grade of "B" or better (scale is 4.00 = "A") and an overall GPA of 3.00 or higher. Students must submit an application to the Herberger Institute Office of Student Success. Institute students meeting the course and GPA requirements may enroll in the certificate, and a school advisor will add the certificate plan code to the student's record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Design a business model appropriate to a specific arts discipline.
- •Design effective artistic products.

**Career Opportunities:** The certificate program in arts entrepreneurship provides an excellent foundation for those who want to work in arts management and provides each student the unique opportunity to explore their own creative process and their ability to collaborate with others. Additionally, the program's liberal arts emphasis prepares them for a variety of careers.

## Arts and Humanities in Games Certificate (ASAHGCERT)

**Campus:** West

**Description:** The certificate program in arts and humanities in games trains students to design, develop, create and analyze games from holistic and interdisciplinary perspectives and to understand the utilization, consumption and real world impact of games in a diverse culture and society.

The goal is to make students' minds more supple, critical in thinking and expansive, through an interdisciplinary approach that encompasses the design and development of toys and games as well as the qualitative study of them. The interdisciplinary approach helps students understand the impact of play on human mental, emotional and social growth.

This program, through foregrounding arts and humanities in the study of games, provides a complementary approach to the technically based study of games offered by the ASU Ira A. Fulton Schools of Engineering.

**Program Requirements:**
The certificate in arts and humanities in games consists of 18 credit hours; a minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. All courses used to fulfill the requirements for the certificate must be passed with a "C" (2.00) or better.
The certificate consists of six credit hours of required foundational courses, and nine credit hours from one of the following game emphasis areas: Toys and Games as Works of Art (Art Game Practitioner); Toys and Game Culture (Research Scholar); Game Writing (Game Design Practitioner); or Game Sound (Game Design Practitioner); and three credit hours of playworks portfolio.

Required Foundational Courses -- 6 credit hours
IAP 220: Introduction to Game Studies (3)
IAP 222: Games and Ethics (HU) (3)

Game Emphasis Area -- 9 credit hours
Students must take two required courses and one elective from their selected emphasis area below. (9)

Toys and Games as Works of Art (Art Game Practitioner) Emphasis Area
Required:
IAP 362: Games and Narratology (3)
IAP 462: Games and Play (3)
Electives:
IAP 352: Seeing and Drawing (3)
IAP 354: Visual Representation (3)
IAP 361: Digital Editing and Media Literacy (CS) (3)
IAP 366: 3D Modeling and Media Literacy (3)

Toys and Game Culture (Research Scholar) Emphasis Area
Required:
ENG 441: Introduction to Participatory Media (3)
IAP 462: Games and Play (3)
Electives:
COM 312: Communication, Conflict, and Negotiation (3)

COM 324: Rhetoric and Media Criticism (3)
COM 416: Gender and Race in the Media (3)
COM 429: Semiotics and Visual Communication (3)
ENG 449: Masculinities, Femininities and Literacies (3)
IAP 464: Media and Diversity (HU & G) (3)

Game Writing (Game Design Practitioner) Emphasis Area
Required:
FMS 365: Video Games and Narrative or IAP 494: Scriptwriting for Games (3)
IAP 362: Games and Narratology (3)
Electives:
ENG 379: Travel Writing (L) (3)
ENG 388: Intermediate Creative Writing Workshop in Fiction: Form, Theory, and Practice (3)
IAP 462: Games and Play (3)

Game Sound (Game Design Practitioner) Emphasis Area
Required:
IAP 362: Games and Narratology (3)
IAP 421: Composition: Process, Technique and Style or IAP 469: Advanced Audio Production (3)
Electives:
IAP 322: Multitrack Digital Recording (3)
IAP 325: Sound Performance: Exploring Alternative Performance Groups (3)

Portfolio -- 3 credit hours
IAP 496: Playworks Portfolio (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate in art and humanities in games is appropriate for students seeking employment as:

- animators
- computer programmers
- digital media specialists
- game script writers
- multimedia artists
- software applications developers
- video game designers

## Arts in Education Certificate (HIAEDCERT)

**Campus:** Tempe

**Description:** The certificate program on arts in education and recreation is specifically designed for prospective preK-8 educators and recreation specialists who wish to enhance their facilitation practices by developing the skills they need to use the arts throughout their programming and curriculum.

This certificate program does not lead to any official teaching certificate or endorsement through Arizona Department of Education. Instead, it is designed to help educators use the arts in their regular teaching practice.

By weaving the principles and practices of the arts and other disciplinary curricula together, teachers can create rich and engaging environments that enhance student learning by capitalizing on the critical thinking, communication, collaboration and creativity inherent in the arts and arts

experiences.

**Program Requirements:**
The certificate in arts in education requires 18 credit hours (including 12 credit hours of upper-division courses). All upper-division courses must be completed with a minimum grade of "C" (2.00).

Arts in Education Core -- 6 credit hours
At least three credit hours must be upper division.
Other courses which may engage in the teaching or learning of creative disciplines may be petitioned to apply.
ARA 311: Art Appreciation and Human Development (HU) (3)
ARE 301: Studio Art and Human Development (3)
ARE Elective (1-6)
DCE 350: Dance in the Classroom: Learning Through Movement (HU) (3)
DCE 354: Creative Approaches to Teaching Dance I (3)
MUE 310: Music in Early Childhood (HU) (3)
MUE 311: Music in the Lives of Children and Youth (HU) (3)
MUE Elective (1-6)
MUS 211: Dance, Music and Meaning (HU) (3)
MUS 212: Music, Meaning and Imagination (HU) (3)
MUS 215: Children, Creativity, Arts (HU) (3)
THP 311: Drama and Education: Performance Methods for Teaching (L) (3)
THP 411: Methods of Teaching Drama (4)

Track Option 1: Educators / Education Majors -- 12 credit hours
This track is intended for educators or education majors seeking to gain more exposure to creative arts disciplines and/or teaching in the creative arts disciplines.
At least nine credit hours must be upper division.
Some courses are fewer than three hours and may be repeated for credit.
AME 111: Introduction to Digital Culture (CS) (3)
ARA 195: Art in My World (HU) (3)
ARA 311: Art Appreciation and Human Development (HU) (3)
ARC 111: Architecture of Architecture I (3)
ARC 112: Architecture of Architecture II (3)
ARC 330: World and Western Architecture for Nonmajors (HU & H & G) (3)
ARC 432: Architecture History (3)
ARE 301: Studio Art and Human Development (3)
ARE 494: Special Topics (3)
ARE Elective (1-6)
ARS 300: Introduction to Art (HU) (3)
ART 109: Making as Seeing and Thinking (3)
ART 110: Drawing as Seeing and Thinking (HU) (3)
DCE 100: Introduction to Dance (HU) (3)
DCE 300: Dancing Histories (HU) (3)
DCE 301: Dance Analysis and Theory (L or HU) (3)
DCE 303: The Body Condition(ed) (SB) (3)
DCE 350: Dance in the Classroom: Learning Through Movement (HU) (3)
DCE 354: Creative Approaches to Teaching Dance I (3)
DCE 402: Ethnography of Dance Practices (L) (3)
DCE 404: Dance and Ethics (L) (3)
DCE 405: Writing the Creating Body (L or HU) (3)

## Asian Pacific American Studies Certificate (LAAPACERT)

**Campus:** Tempe

**Description:** Asian Pacific American studies educates students in social justice, the global causes and impacts of Asian and Pacific Islander migration, relational and comparative racial formations, and ethnic studies movements that have made and continue to make a difference in society for all people.

Topics include diaspora, globalization, U.S imperialism and settler colonialism, social networks, immigration, interracial and interethnic relations, and the health and well-being of Asian Pacific American families and communities. The certificate program provides students with the opportunity to work with a dedicated faculty committed to community-engaged research and student-centered learning.

The Asian Pacific American studies program is housed in ASU's interdisciplinary School of Social Transformation, the only school of its kind in the United States.

**Program Requirements:**
The certificate consists of 18 credit hours, of which at least 12 must be completed at the upper-division level. Nine credit hours of core coursework are required and the remaining nine credit hours are selected from any course with an APA subject. At least nine credit hours must be taken in residency at ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Courses -- 9 credit hours
APA 200: Introduction to Asian Pacific American Studies ((HU or SB) & C) (3)
APA 360: Asian Pacific American Experience (3)
APA 484: Internship (3)
*One APA 360 course is required for the core. The course may be repeated for credit with these different topics: Chinese American; Filipino American; Japanese American; Multiracial Experiences; Pacific Islander.

Electives -- 9 credit hours
APA Elective (3)
APA Upper Division Elective (6)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
•Students will perform critical analysis of a historical or contemporary issue affecting the Asian Pacific American population drawing upon key

concepts in the field of Asian Pacific American studies.
•Students will be able to summarize a range of Asian American and Pacific Islander experiences and communities within local, national and global contexts.

**Career Opportunities:** Graduates who have combined the certificate in Asian Pacific American studies with their major program of study may be more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

## Asian Studies Certificate (LAASNCERT)

**Campus:** Tempe

**Description:** The Asian studies certificate program supplements a bachelor's degree, providing students with knowledge of a language relevant to the study of Asia as well as general knowledge of Asian history, art, culture and society.

Graduates possess official transcript recognition of specialization in Asian studies.

**Program Requirements:**
The certificate requires 24 credit hours of approved coursework, in addition to proficiency in a language relevant to the study of Asia. Fifteen credit hours of upper-division area studies coursework must be chosen from at least four different disciplines, e.g., language and cultures, history, religious studies, anthropology, geography, political science, global studies, art and music. Courses from other disciplines may be used by approval. The remaining nine credit hours may be chosen in any combination.
At least six upper-division hours in the certificate must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course that is used to fulfill the certificate requirements.

Language Requirement
Students must demonstrate proficiency in a language relevant to the study of Asia by completing the 201 and 202 course sequence, one year of study abroad at the intermediate level or satisfactory performance on a proficiency exam. Acceptable languages include Arabic, Chinese, French, Hindi, Indonesian, Japanese, Korean, Portuguese, Spanish, Thai and Vietnamese. Students who are already proficient in one of these languages, or in another language relevant to the study of Asia that is not offered by ASU, such as Dutch, Tagalog or Urdu, may fulfill the requirement by passing a proficiency exam.

Disciplinary Electives -- 24 credit hours
Upper Division Disciplinary Electives (15)
At least four different disciplines must be represented within the upper-division disciplinary electives (e.g., history, religious studies, global studies, anthropology). Crosslisted courses will only apply to the certificate under one discipline; students may choose the discipline that is most advantageous.
Disciplinary Electives (9)
Students select the remaining disciplinary electives from the lists below in any combination.

African and African-American Studies
AFR 373: Islam and World Affairs (G) (3)

Anthropology
ASB 325: Peoples of Southeast Asia (G) (3)

Art History
ARS 201: Art of Asia (HU & H & G) (3)
ARS 394: Anime (3)
ARS 394: Modern and Contemporary Chinese Art (3)
ARS 444: Films of India (3)
ARS 472: Art of China (HU) (3)
ARS 473: Art of Japan (HU) (3)
ARS 475: Chinese Painting (HU) (3)

Civic and Economic Thought and Leadership
CEL 494: Political Thought: Islam, Hinduism, Confucianism (3)

Cultural Geography
GCU 240: Introduction to Southeast Asia ((HU or SB) & G) (3)
GCU 326: Geography of Asia (SB & G) (3)
GCU 432: Geography of China (SB & G) (3)
GCU 433: Geography of Southeast Asia (3)

Dance
DCE 114: Dances of India I (2)
DCE 116: T'ai Chi Chuan I (2)
DCE 194: Intro to Chinese Classical Dance (2)
DCE 216: T'ai Chi Ch'uan II (2)

English
ENG 466: Studio Ghibli Films (3)

Film and Media Studies
FMS 426: Films of India (3)

Global Studies
SGS 240: Introduction to Southeast Asia ((HU or SB) & G) (3)
SGS 245: Introduction to India and South Asia (HU & H & G) (3)
SGS 381: Modern Southeast Asia (SB & G & H) (3)

History
HST 106: Asian Civilizations ((HU or SB) & G & H) (3)
HST 108: Introduction to Japan (SB & G & H) (3)
HST 111: Introduction to Asia (HU & H & G) (3)
HST 240: Introduction to Southeast Asia ((HU or SB) & G) (3)
HST 245: Introduction to India and South Asia (HU & H & G) (3)
HST 302: Envisioning Peace (3)
HST 302: Women, War and Peace (3)
HST 303: Studies in Asian History (3)
HST 336: Islamic Civilization (HU & H) (3)
HST 339: Islam in the Modern World (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: None

Incompatible Majors: BA in Asia studies (East Asia); BA in Asia studies (South Asia); BA in Asia studies (Southeast Asia); BA in global Asia studies

Other Admission Requirements: There are no specific admission requirements other than a student's desire to learn about Asia.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in Asian studies with their major program of study may be more marketable to employers. They often decide to pursue employment in teaching, journalism, global finance and banking, international law and global public health. Advanced degrees or certifications may be required for academic or clinical positions.

## Atmospheric Sciences Certificate (LAATMSCERT)

**Campus:** Tempe

**Description:** Students in the atmospheric sciences certificate program gain a focused understanding of weather, climate and the various related methods of measurement and instrumentation. The coursework is designed to give students the knowledge and skill set necessary for approaching meteorological-related programs through the lens of their primary field of study.

The curriculum of the certificate program is also associated with the requirements for certification as a meteorologist by the National Weather Service. Through completion of both the atmospheric sciences certificate and the BS program in geography with a concentration in meteorology-climatology, students acquire the skills in GIS and meteorological instrumentation required for national-level certification with the National Weather Service.

**Program Requirements:**
The certificate requires 19 credit hours with a "C" (2.00 on a 4.00 scale) or higher. At least 12 of the 19 credit hours must be upper-division coursework.

Required Courses -- 16 credit hours
GPH 213: Climate and Weather (SG) (3)
GPH 215: Climate and Weather Laboratory (SG) (1)
GPH 412: Physical Meteorology (3)
GPH 413: Meteorological Instruments and Measurement (3)
GPH 414: Climate Change (G) (3)
MAT 275: Modern Differential Equations (MA) (3)

Upper-Division Elective (choose one) -- 3 credit hours
GIS 311: Geographic Information Science III (CS) (4)
GIS 341: Cartography and Georepresentation (CS) (3)
GIS 351: Air Photo Interpretation (3)

GPH 314: Global Change (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Applicants must have completed GPH 111 Introduction to Physical Geography, MAT 271 Calculus with Analytic Geometry II, and PHY 121 University Physics I: Mechanics with a grade of "C" or better (scale is 4.00 = "A").

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** A certificate in atmospheric sciences is a valuable addition to a degree for students looking for a career in which understanding weather systems could be beneficial, including career fields related to sustainability, resource management and more.

When combined with a BS in geography with a concentration in meteorology-climatology, students earning the certificate in atmospheric sciences are prepared for careers as meteorologists, such as those with the National Weather Service, broadcast meteorologists. They also are prepared to continue on with their studies for an advanced degree.

## Bilingual Education and English as a Second Language Certificate (TEESLCERT)

**Campus:** Tempe

**Description:** The certificate program in bilingual education and English as a second language prepares students to work with a growing population of culturally and linguistically diverse learners.

This certificate program allows graduates to meet requirements for endorsements in Bilingual Education and English as a Second Language through the Arizona Department of Education. This certificate program can be added to the following degree programs at Mary Lou Fulton Teachers College:

- BAE in early childhood education
- BAE in elementary education
- BAE in physical education
- BAE in secondary education
- BAE in special education

In this program, students learn and apply knowledge and skills in areas related to second language acquisition, biliteracy and bilingualism, culturally relevant and sustaining pedagogies and evidence-based instructional practices that value language diversity as an asset. Additionally, the certificate program helps students develop critical perspectives that allow them to advocate for equitable support systems that meet the needs of linguistically diverse children and families.

This program does not lead to teacher certification.

Format option
This program is also offered via ASU Sync (https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Program Requirements:**
To be eligible to apply for an English as a Second Language Endorsement or a Bilingual Education Endorsement, students must complete this

certificate, complete their teacher preparation program, and provide verification of second language experience. The ESL endorsement requires second language learning experience which can be satisfied through the completion of two undergraduate foreign language classes. The BLE endorsement requires verification of proficiency in a spoken language other than English or sign language which can be satisfied through an external test. Students majoring in Special Education who want to obtain the BLE endorsement will be required to take one additional course in teaching students with exceptionalities from non-English language backgrounds.
This certificate requires 18 credit hours. A "C" or better is required in all coursework.

Required Courses -- 18 credit hours
BLE 220: Foundations of Structured English Immersion (L) or BLE 408: Structured English Immersion (SEI) Methods (L) (3)
BLE 336: Culturally Sustaining and Transformative Pedagogies (3)
BLE 338: Foundations of Second Language Acquisition and Development (L) (3)
BLE 400: Principles of Language Minority Education (3)
BLE 481: Reading Practicum (3)
TEL 340: Families, Communities and Cultures: Cultivating Networks of Culturally Responsive Relationships (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate program is only open to students majoring in the early childhood education, elementary education, special education, secondary education and physical education undergraduate teacher preparation programs in Mary Lou Fulton Teachers College.

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.25 is required for continued good standing. Students should contact Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the awarding of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non-degree seeking graduate student but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-after teachers in public, charter and private education institutions, including the increasing number of dual-language programs.

## Biomedical Research Certificate (ASBMRCERT)

**Campus:** West

**Description:** The biomedical research certificate program combines authentic research experience conducted in laboratories of practicing academic scientists with upper-division coursework, including laboratory courses, that allows for specialization in given subject areas, giving students competency in addressing scientific questions in the laboratory.

The program is offered by the New College of Interdisciplinary Arts and Sciences.

**Program Requirements:**
The certificate in biomedical research requires a minimum of 15 credit hours (at least 12 must be upper division). Twelve credit hours must be taken at ASU. A minimum of 6 upper division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. Nine credit hours must be counted toward the certificate alone and may not be shared with a student's major requirements. Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet certificate requirements.

Core Requirement -- 3 credit hours
STP 280: Probability and Statistics for Researchers (CS) (3)

Upper-Division Elective Requirements -- 8 credit hours
Complete at least two of the lecture/lab combinations below.
BCH 371: Modern Concepts in Biochemistry AND BCH 372: Modern Concepts in Biochemistry Laboratory (4)
BIO 353: Cell Biology AND BIO 354: Cell Biology Laboratory (4)

BIO 360: Animal Physiology AND LSC 359: Animal Physiology Laboratory (4)
BIO 443: Applied Molecular Genetics and Genomics AND LSC 447: Molecular Genetics Laboratory (4)
MIC 443: The Microbial Universe AND MIC 444: The Microbial Universe Laboratory (4)

Other Certificate Requirements (choose one option below) -- 4 credit hours

Option A -- 4 credit hours
If choosing Option A, complete three credit hours of STEM Research Fundamentals (any subject area) and one credit hour of Individualized Instruction or Supervised Research (any subject area).
ENV 388: STEM Research Fundamentals AND ENV 499: Individualized Instruction (4)
FOR 388: STEM Research Fundamentals AND FOR 499: Individualized Instruction (4)
LSC 388: STEM Research Fundamentals AND LSC 499: Individualized Instruction (4)
PLB 388: STEM Research Fundamentals AND PLB 499: Individualized Instruction (4)
PTX 388: STEM Research Fundamentals AND PTX 499: Individualized Instruction (4)

Option B -- 4 credit hours
If choosing Option B, take two credit hours of Individualized Instruction or Supervised Research (any subject area) in each of two consecutive semesters.
ACO 399: Supervised Research (2)
ACO 499: Individualized Instruction (2)
ENV 499: Individualized Instruction (2)
FOR 499: Individualized Instruction (2)
LSC 499: Individualized Instruction (2)
MAT 499: Individualized Instruction (2)
PLB 499: Individualized Instruction (2)
PTX 499: Individualized Instruction (2)
STP 499: Individualized Instruction (2)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate requires a cumulative GPA of 3.00 in ASU coursework and upper-division standing or graduate student status.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This certificate prepares students to be highly competitive for careers in the research sector or to pursue graduate and professional schools, such as medical school. Those who complete the biomedical research certificate are prepared for such positions as laboratory researchers or technicians, pharmacists, medical scientists, and molecular and cellular biologists.

## Biomimicry Certificate (SUBMYCERT)

**Campus:** Tempe

**Description:** The undergraduate biomimicry certificate is an 18 credit hour interdisciplinary opportunity for students from a variety of backgrounds and any major. The certificate program is designed to address the growing interest in biomimicry knowledge and training.

The knowledge, competencies and skills students have upon completion of this program include the ability to:

- integrate biomimicry thinking into a discipline-specific opportunity resulting in biomimetic outcomes
- apply life's principles to specific needs within one's discipline
- facilitate the integration of biology into design within one's discipline using biomimicry thinking
- guide processes in one's discipline towards sustainability from a biomimetic perspective
- interpret observations in nature with a functional lens for design applications

The biomimicry certificate consists of four core classes, one elective course within the student's discipline, and a practicum capstone course offered through either the student's discipline or BMY 430 Biomimicry Practicum.

**Program Requirements:**
Students must earn a grade of "B" or better in all biomimicry certificate courses.
Students should complete SOS 110 prior to enrolling in the certificate or in the first semester of enrollment.

Core Courses -- 12 credit hours
Students must complete BMY 230, BMY 302, and BMY 304 prior to the Elective and Capstone.
BMY 230 / BIO 230: How Nature Works (3)
BMY 302: Principles of Life (3)
Notes:  BMY 302 is typically only offered in spring semester.
BMY 304: The Practice of Biomimicry (3)
Notes:  BMY 304 is typically only offered in fall semester.
SOS 110: Sustainable World (SB) (3)

Elective -- 3 credit hours
Upper Division Elective course that is biomimicry related and ideally makes a connection between the student's major and the certificate. The elective must be approved in advance by a biomimicry advisor (who will seek final approval from The Biomimicry Center). (3)

Capstone -- 3 credit hours
Upper Division Capstone course is required. To fulfill this requirement, students may take 1) a biomimicry-focused capstone in their corresponding major (requires pre-approval from a biomimicry advisor and final approval from The Biomimicry Center), 2) BMY 430: Biomimicry Practicum, OR 3) BMY 499 Independent Study (if a capstone is not available). (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must have a GPA of 3.00 in order to add the undergraduate certificate in biomimicry.

Advising is not required, but it is suggested that students make an appointment (https://collegeofglobalfutures.asu.edu/student-life/advising/undergraduate-advising) with a College of Global Futures advisor to review additional details about the requirements.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue the graduate certificate in biomimicry.

**Career Opportunities:** Completing a biomimicry certificate can help students bring about positive change. The unique knowledge and skills gained enhance a student's bachelor's degree and career prospects and help them stand out in a sea of job applicants. The certificate can complement any career path, whether it's in business, technology, science, education or government.

## Brazilian Studies Certificate (LABZSCERT)

**Campus:** Tempe

**Description:** The certificate program in Brazilian studies encourages students to create a plan of study focusing on current sociocultural influences that will allow them to compete more successfully in the global job market.

Students pursue coursework in important areas, including complementary courses in specific issues in Brazilian culture, the examination of major themes in Brazilian popular and urban culture with particular emphasis on Afro-Brazilian society, a grounding in the major texts of Brazilian literature, and proficiency in the Portuguese language at the intermediate level.

**Program Requirements:**
The Brazilian studies certificate requires 18-20 credit hours of Portuguese language and elective culture content coursework, of which 12 credit hours must be upper division. A grade of "C" (2.00 on a 4.00 scale) or better is required in all coursework. Students choose one two-course

language sequence for a total of 6-8 credit hours of Portuguese language.
Course substitutions may be permitted for heritage speakers of Portuguese based on their proficiency level as determined by a Portuguese placement test. The language course substitution for advanced speakers of Spanish language can be satisfied by the two-course POR 320 and POR 321 sequence.

Portuguese Language -- 6 credit hours
Choose one two-course sequence for 6-8 credit hours. The upper-division two-course language sequence is 6 credit hours total.
POR 101: Elementary Portuguese I (G) AND POR 102: Elementary Portuguese II (G) (8)
POR 201: Intermediate Portuguese I (G) AND POR 202: Intermediate Portuguese II (G) (8)
POR 301: Portuguese for Spanish Speakers I AND POR 302: Portuguese for Spanish Speakers II (6)
POR 313: Portuguese Conversation and Culture (G) AND POR 314: Portuguese Composition and Culture (G) (6)
Notes: POR 313 and POR 314 may be applied to either Portuguese Language or to Upper-Division Electives but may not be applied and counted in both categories for this certificate.

Upper-Division Electives -- 12 credit hours
GCU 323: Geography of Latin America (SB & G) (3)
GCU 485 / PUP 485: International Field Studies (G) (3)
POR 313: Portuguese Conversation and Culture (G) (3)
POR 314: Portuguese Composition and Culture (G) (3)
POR 394: Special Topics (3)
POR 460: Brazilian Society Through Music (HU & G) (3)
POR 472: Luso-Brazilian Civilization (HU & G) (3)
POR 484: Internship (3)
POR 493: Honors Thesis (L) (3)
POR 494: Special Topics (3)
POR 499: Individualized Instruction (3)
*Other courses may be used with approval from the faculty coordinator and academic advisor in the School of International Letters and Cultures.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates can become more marketable to employers and advance their career options when they have earned an undergraduate certificate that complements their major program of study.

Those who have completed this certificate in Brazilian studies along with their major often decide to pursue employment in education, political analysis, the military, tourism and hospitality, or marketing.

**Contact Information:**

## Civic Education Certificate (LACVECERT)

**Campus:** Tempe

**Description:** The civic education certificate program is geared toward students who seek to actively engage in or teach others about political issues and reforms.

Coursework in the certificate provides a strong foundation in the theories and ideologies that provide the motivation and reasoning for much political activity. In addition, a civics in action component of the program enables students to investigate how contemporary American political institutions grapple with competing interests, values and civic ideas.

**Program Requirements:**
The certificate in civic education is comprised of 15 credit hours in political science. At least 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Theoretical Foundations -- 6 credit hours
POS 210: Political Ideologies (SB) (3)
POS 442: American Political Thought (HU) (3)

Topics in Political Theory (choose one course) -- 3 credit hours
POS 340: History of Political Philosophy I (HU & H) (3)
POS 341: History of Political Philosophy II (HU & H) (3)
POS 346: Problems of Democracy (HU) (3)
POS 443: Topics in Contemporary Political Theory (HU) (3)
POS 475: Morality and Politics (3)

Civics in Action (choose two courses) -- 6 credit hours
POS 313: The Congress (SB) (3)
POS 314: The American Presidency (SB) (3)
POS 315: The Supreme Court (SB) (3)
POS 325: Public Policy Development (SB) (3)
POS 332: American Political Parties (SB) (3)
POS 333: Interest Groups (SB) (3)
POS 348: Do You Want to Build a Nation? (L) (3)
POS 370: Law and Society (SB) (3)
POS 410: Governing American Cities (SB) (3)
POS 417: Arizona Politics (SB) (3)
POS 435: Women and Politics (SB & C) (3)
POS 439: Minority Group Politics in America (SB & C) (3)
POS 470: Law and the Political Order (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in civic education with their major program of study may become more marketable to employers. They often decide to pursue employment in K-12 teaching (especially social studies), journalism, government or nonprofit organizations.

The civic education certificate program helps prepare undergraduate students for careers in primary and secondary education in which the teaching of government and civics may be involved. The program is also preparation for careers or participation in politics, public service, civic and social movements and for further education in law, journalism, business, history, sociology, political science, public administration, social work and other fields in which an understanding of questions of citizenship, leadership, community, democracy, public responsibility and ethics is crucial.

Advanced degrees or certifications may be required for academic or clinical positions.

## Civil Communication Certificate (LACCOMCERT)

**Campus:** Tempe

**Description:** The Hugh Downs School of Human Communication certificate program in civil communication provides students specific training in dialogue-based methods of civility, the application of critical civil communication skills in public spheres, and civil and productive modes of argumentation.

This specialization provides students with the ability to recognize and competently practice and facilitate the ever-increasing demand for civil discourse in society and workplace organizations. The foundational courses offer the opportunity for transdisciplinary collaboration and community engagement.

**Program Requirements:**
The certificate requires 18 credit hours. Nine of the 18 credit hours must be ASU resident-credit courses, including six upper-division credit hours offered by The College of Liberal Arts and Sciences. Twelve credit hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours
COM 222: Argumentation (L) (3)
COM 225: Public Speaking (L) (3)
COM 327: Civil Communication (3)

Electives (select three) -- 9 credit hours
COM 312: Communication, Conflict, and Negotiation (3)
COM 319: Persuasion and Social Influence (SB) (3)
COM 321: Rhetorical Theory and Research ((L or HU) & H) (3)
COM 325: Advanced Public Speaking and Presentations (L) (3)
COM 341: Social Contexts for Performance (3)
COM 421: Rhetoric of Social Issues (HU) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in civil communication with their major program of study may be more marketable to employers. They often decide to pursue employment in social services, public policy or workplace organization.

Advanced degrees or certifications may be required for academic or clinical positions.

## Classical Studies Certificate (LACLGCERT)

**Campus:** Tempe
Effective Spring 2024, ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.
**Description:** The classical studies program offers students a wide variety of opportunities to study the language, literature and culture of the ancient Greeks and Romans. It is ideal for those students interested in pursuing a classical education in conjunction with another major or as part of their general studies.

This program is offered by The School of International Letters and Cultures.

**Program Requirements:**
The certificate in classical studies requires a minimum of 18 credit hours. At least 12 credit hours must be at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Language Requirement -- 6 credit hours
Students must complete two semesters of language courses in either Ancient Greek or Latin. (6-8)
Credit hours taken for the language requirement that exceed the required eight credit hours will be applied to ASU's 120 credit hour minimum. ASU Language Placement: Only true beginners are eligible for 101-level courses. Students with previous experience in the language are required to take a language placement test.

Ancient Greek
Students who choose Greek must take a minimum of two semesters of language courses from the following list. The ASU Language Placement test determines what class students start with.
GRK 101: Elementary Ancient Greek (G) (4)
GRK 201: Intermediate Ancient Greek (G) (4)
GRK 301: Ancient Greek Literature I (HU & G) (3)
GRK 302: Ancient Greek Literature II (HU & G) (3)
Notes: GRK 302 can be taken twice if needed to reach two semesters of credit. It may also be repeated to count toward the Classical Studies Electives Requirement.

Latin
Students who choose Latin must take a minimum of two semesters of language courses from the following list. The ASU Language Placement test determines what class students start with.
LAT 101: Elementary Latin (G) (4)
LAT 102: Elementary Latin (G) (4)
LAT 201: Intermediate Latin I (HU & G) (4)
LAT 202: Intermediate Latin II (HU & G) (4)
LAT 421: Roman Literature (HU & G) (3)
Notes: LAT 421 can be taken twice if needed to reach two semesters of credit. It may also be repeated to count toward the Classical Studies Electives Requirement.

Classical Studies Electives (choose four) -- 12 credit hours
SLC 344 / LAT 344 / GRK 344: Classics and Comics (HU) (3)
SLC 351 / GRK 351: Tales of Troy (HU & H) (3)
SLC 352 / GRK 352: The Rise and Fall of Ancient Athens (HU & H) (3)
SLC 353 / GRK 353: Alexander and His Empires (HU & H) (3)
SLC 356 / LAT 356: Rome from Village to Empire (3)
SLC 357 / LAT 357: Rome's First Emperor (HU & H) (3)
SLC 360 / LAT 360 / GRK 360 / HST 397: Greece and Rome at War (3)
SLC 361 / LAT 361 / REL 361: Roman Religion (HU) (3)
SLC 362 / GRK 362 / REL 360: Ancient Greek Religion (HU) (3)
SLC 363 / LAT 363 / GRK 363: Ancient Magic and Witchcraft (3)
SLC 444 / LAT 444 / GRK 444: Heroes, Ancient and Modern (L or HU) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in classical studies with their major program of study may become more marketable to employers. They often decide to pursue employment in education, arts and humanities, tourism and hospitality or marketing.

## Communication Sciences and Disorders Certificate (NHCSDCERT)

**Campus:** Tempe

**Description:** The postbaccalaureate certificate in communication sciences and disorders is for students who have already received a bachelor's degree in another discipline but wish to pursue a master's degree in speech-language pathology or communication disorders.

The coursework provides students with the prerequisite background and knowledge necessary to perform at the master's degree level in the field.

In most cases, students will be able to complete the certificate within one calendar year.

Completion of the postbaccalaureate certificate does not guarantee admission to ASU's graduate program, but it enables students to meet the requirements of the American Speech-Language-Hearing Association to enter master's degree programs in speech-language pathology or communication disorders.

**Program Requirements:**
The certificate requires 27 credit hours. A "C" minimum is required for all courses in the certificate, although students must maintain a 3.00 GPA in the certificate program.

Required Courses -- 27 credit hours
SHS 250: Introduction to Phonetics (3)
SHS 310: Anatomical and Physiological Bases of Speech (3)
SHS 311: Hearing Science (3)
SHS 367: Language Science (SB) (3)
SHS 375: Speech Science (3)
SHS 401: Principles of Audiology (3)
SHS 402: Clinical Methods and Treatment of Communication Disorders (3)
SHS 496: Aural Rehabilitation (3)
SHS 565: Speech and Language Acquisition (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Prospective students must have earned a bachelor's degree in a field outside of speech and hearing science with a minimum GPA of 3.00 (scale is 4.00 = "A").

Students interested in this certificate must apply for university admission as nondegree-seeking graduate students and submit a supplemental application document (https://chs.asu.edu/csd-application) to the program.

**Career Opportunities:** This certificate program provides post-baccalaureate students with the academic preparation they need in order to apply to graduate programs in communication sciences and disorders. The program is also preparation for those who wish to transition into the speech-language pathology assistant certificate with the eventual goal of becoming a speech-language pathology assistant.

## Communication Training and Assessment Certificate (ASCTACERT)

**Campus:** West

**Description:** The certificate program in communication training and assessment prepares students to assess communication skills in business, professional and community settings and to develop training efforts that help others improve their communication skills.

Access to the award-winning, state-of-the-art CommLab at ASU's West campus facilitates skill development in communication training, presentation skills, professional development and assessment practices.

The combination of relevant coursework and hands-on experience developed through CommLabASU provides students with the knowledge and expertise necessary to train others in a variety of professional and community settings.

**Program Requirements:**
The certificate in communication training and assessment requires 18 credit hours (at least 12 credit hours must be upper division). The certificate consists of 12 credit hours of core requirements and six credit hours of electives. At least nine credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and a major. Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.

Core Requirements -- 12 credit hours
COM 225: Public Speaking (L) or COM 325: Advanced Public Speaking and Presentations (L) or COM 342: Oral History and Storytelling (3)
COM 383: Communication and Mentoring or COM 483: Advanced Communication and Mentoring (3)
COM 453: Communication Training and Development (3)
COM 482: Communication, Instruction and Training (3)

Electives -- 6 credit hours
COM 230: Small Group Communication (SB) (3)
COM 259: Communication in Business and the Professions (3)
COM 312: Communication, Conflict, and Negotiation (3)
COM 319: Persuasion and Social Influence (SB) (3)
COM 353: Professional Communication (3)
COM 415: Risk Communication (3)
COM 430: Leadership in Group Communication (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate in communication training and assessment provides a solid background for government, private and nonprofit organization positions such as:

- advertising and promotions managers
- human relations managers
- marketing associates
- marketing managers
- mediators
- public relations specialists
- public relations and fundraising managers
- sales managers
- training and development managers

## Community-Engaged Practices in Design and the Arts Certificate (HISEPCERT)

**Campus:** Tempe

**Description:** This hands-on program places designers, artists, scholars and educators in public life and enables them to use their creative capacities to advance culture, strengthen democracy and imaginatively address today's most pressing challenges.

This is an integrated community-engaged design and arts certificate program serving all Herberger Institute students as well as the larger ASU community. Participants engage in direct and ethical partnership and collaboration with communities and with civic and industry partners, enabling them to learn and practice programming that activates partner goals and facilitates experiential learning and creation.

**Program Requirements:**
This certificate requires 15 credit hours; including 12 hours of upper-division coursework. All courses must be completed with a minimum grade of "C" (2.00) or better. An overall 3.00 GPA is required for this certificate.

Core -- 3 credit hours
HDA 210: Creativity and Innovation in Design and the Arts (3)

Community Engagement -- 3 credit hours
ARS 441: Public Art (3)
ART 442: Art and Community (3)

DCE 494 / HDA 494 / THP 494: The Atlas of Creative Tools (3)
DSC 494: Indigenous Architecture, Planning and Construction (3)
DSC 494: Indigenous Project Delivery (3)
EDS 301: Sustainable Community Design and Practices (HU) (3)
HDA 310: Socially Engaged Practice (3)
HDA 394: Design & Arts Corps (1-3)
HDA 394: Disrupt, Create, Sustain (3)
HDA 494: Civic Body: Art and Public Health (3)
HDA 494: Civ Prac: Artists&Designers Collaborating/Comm (3)
HDA 494: Civic Practice:Arts/Design & Public Partnerships (3)
HDA 494: Creative Facilitation: Collaboration, Imagination (3)
HDA 494: Creative Project Management (3)
HDA 494: Design & Arts Corps (1-3)
HUL 494: Special Topics (3)
Notes: Any topic offered though ASU's Humanities Lab (https://humanities.lab.asu.edu/)
NLM 410: Social Entrepreneurship (3)
THP 482: Theatre for Social Change (C) (3)

Fieldwork / Internship -- 3 credit hours
HDA 410: Design and the Arts Corps Seminar (3)
Notes: HDA 410 may be satisfied with other Capstone or Internship Experiences as approved by the program faculty coordinator.

Electives -- 6 credit hours
AME 310: Media Literacies and Composition (3)
AME 340: Compositional and Computational Principles for Media Arts (3)
AME 411: Advanced Interactive Sound (3)
AME 444: Media Installations (3)
AME 494: Animating Virtual Worlds (3)
ARS 441: Public Art (3)
ART 439: Studio Inquiry: Practice and Cultural Context (3)
ART 442: Art and Community (3)
ART 443: Performance Art: Actions, Gestures, Journeys (3)
DCE 303: The Body Condition(ed) (SB) (3)
DCE 333: Hip Hop III (3)
DCE 360: Creative Practices V (3)
DCE 404: Dance and Ethics (L) (3)
DCE 405: Writing the Creating Body (L or HU) (3)
MDC 311: Composing and Performing for Hybrid Ensembles (3)
MHL 342: Music History II (HU) (3)
MHL 344: Music in World Cultures (HU & G) (3)
MUP 489: Gamelan (3)
MUP 489: Latin Marimba (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
NLM 410: Social Entrepreneurship (3)
NLM 430: Managing Nonprofit Organizations (L) (3)
NLM 451: Grant Writing (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 420: Managing Across Boundaries (3)
TDM 448: Heritage and Cultural Tourism (3)
THP 451: Student Production Board II (3)
THP 482: Theatre for Social Change (C) (3)
THP 483: Acting: Viewpoints and Composition (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A minimum GPA of 3.00 is required to complete the certificate. The certificate is administered through the Office of Student Success in the Herberger Institute of Design and the Arts and through the Design and Arts Corps, and it is open to all undergraduate students admitted to ASU.

Students enrolled in the BA in the arts program in the institute must complete three additional credit hours of coursework unique to the certificate program that does not also count toward their major; this is due to the overlapping requirements of HDA 210 and HDA 310.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This certificate program allows students to develop unique pathways that also earn micro-credentials across a broad range of competencies including ethical communication, group facilitation, project structuring and evaluation, project management, ethics and asset-based community cultural development. These competencies prepare graduates for excellence in a range of occupations.

## Computational Life Sciences Certificate (LACLSICERT)

**Campus:** Tempe, Online

**Description:** The computational life sciences certificate program introduces students to a burgeoning new field. Huge leaps in processing technologies have thrown open the doors for new research techniques and exciting opportunities for interdisciplinary collaborations.

Students are introduced to a suite of tools and approaches that enable them to uncover correlations, glean new understanding and help solve scientific problems.

Students examine many different types of data generated from a wide range of fields, including ecology, botany, evolutionary biology, neuroscience, molecular and cellular biology, and animal behavior. Students investigate topics such as DNA, RNA, protein, imaging, conservation and even historical data from long-term ecological research sites.

Finally, students also explore the ethical implications of collecting, analyzing and sharing the results of computational life sciences data.

**Program Requirements:**
The certificate in computational life sciences requires a minimum of 15 credit hours, of which at least 12 credit hours must be upper division. The core consists of one computing course and one ethics course. A minimum of nine credit hours in elective courses complete the certificate. The computing course not used toward the core requirements may be used toward the elective credit hours. A grade of "C" (2.00 on a 4.00 scale) or higher is required for all courses used toward the certificate.

Required Courses -- 6 credit hours
BIO 312 / PHI 320: Bioethics (HU) or BIO 316 / HPS 330: History of Biology: Conflicts and Controversies (H) or BIO 317 / HPS 323: History of Science II (HU & H) or BIO 318 / HPS 331: History of Medicine (HU & H) or BIO 416 / HPS 410: Biomedical Research Ethics (L) (3)
BIO 439: Computing for Research or BIO 440 / MBB 440: Functional Genomics (3)

Electives -- 9 credit hours
BIO 355 / MAT 355 / MBB 355: Introduction to Computational Molecular Biology (CS) (3)
BIO 411: Quantitative Methods in Conservation and Ecology (4)
BIO 415: Statistical Models for Biology (CS) (4)
BIO 439: Computing for Research (3)
BIO 440 / MBB 440: Functional Genomics (3)
BIO 494: Data Analysis in Neuroscience (3)
BIO 494: Data Analysis and Visualization in R (3)
BIO 494: Computational Genomic Analysis (3)
BIO 498: Programming for biologists (3)
BME 494: Systems Biology of Disease (3)
BMI 311: Modeling Biomedical Knowledge (3)
BMI 312: Modeling Biomedical Data (3)
BMI 330: Topics in Translational Bioinformatics (3)
DAT 301: Exploring Data in R and Python (4)
GIS 469 / SOC 469: Multivariate Statistics for Social Sciences (3)
GIS 471: Spatial Statistics for Geography and Planning (3)
MAT 353: Mathematics and Cancer (3)
MAT 451: Mathematical Modeling (CS) (3)
If not used as the required computing course, students may include BIO 439 or BIO 440 as a certificate elective.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** In the life sciences, employers need scientists who are skilled in understanding and interpreting data, and those who have experience using new computational approaches and computer programs are in particular demand.

Graduates who have combined the certificate in computational life sciences with their major program of study often decide to pursue employment in ecology, medicine, botany, evolutionary biology, neuroscience, molecular and cellular biology, or animal behavior, and they work to identify and interpret data in the respective field.

Advanced degrees or certifications may be required for academic or clinical positions.

## Computer Gaming Certificate (ESSCICERT)

**Campus:** Tempe

**Description:** The computer gaming certificate program is designed to provide a game development skill set that the student can apply to domain-specific applications in the student's major. The skill set includes architecture of game engines, art design and computer graphics for gaming, and game software development.

In this certificate program, students learn to apply gaming technology to the rapidly growing video game industry and to business, medicine, geography, biotechnology and education. Examples of projects include:

- building a game that teaches linear algebra by incorporating trigonometric rules into the game design
- creating a game that teaches correct sentence construction to beginning learners of English
- creating a game to help patients with physical therapy
- creating an interactive virtual world for corporate training
- designing a game platform incorporating geographic information systems
- inventing a surgical simulation to educate medical students

**Program Requirements:**
Students will complete nine credit hours of core courses (including a final capstone project) and nine credit hours of elective courses. The certificate requires 12 credit hours of upper-division coursework. All courses must be passed with a "C" or better. Students need to allow at least three years to complete the certificate program due to the prerequisite structure.

Core Courses -- 9 credit hours
CPI 111: Game Development I (CS) (3)
CPI 211: Game Development II (3)
CPI 441: Gaming Capstone (3)
Notes: CPI 441 is only offered in Spring semesters

Electives -- 9 credit hours
CPI 311: Game Engine Development (3)
Notes: CPI 311 is only offered in Fall semesters
CPI 321: Fundamentals of Game Art (3)
Notes: CPI 321 is only offered in Spring semesters
CPI 394: Game Design Fundamentals (3)
CPI 411: Graphics for Games (3)
Notes: CPI 411 is only offered in Spring semesters

CPI 421: 3-D Modeling and Texturing (3)
Notes:  CPI 421 is only offered in Fall semesters
CPI 462: Design for Learning in Virtual Worlds (3)
Notes:  CPI 462 is offered infrequently
CPI 484: Internship (3)
FMS 365: Video Games and Narrative (3)
SER 431: Advanced Graphics (3)
Notes:  SER 431 is offered infrequently

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The computer gaming certificate is open to any student admitted to an undergraduate degree program at ASU who is in good academic standing. This certificate can also be used by interdisciplinary studies BA students as part of their degree program.

All students are eligible to take CPI courses alongside their major, but they must follow the course prerequisite structure. Students must also note that some courses are offered only in fall or in spring and, as a result, the courses may take two years to complete.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Demonstrate the ability to apply game development techniques in solving real-world problems in different application domains.
- •Demonstrate the ability to create a portfolio of hands-on games and prototypes using state-of-the-art technology.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. Those who have added this computer gaming specialization as a complement to their major program of study may be more marketable to employers in the gaming industry.

## Convention Sales and Meeting Planning Certificate (PPTDMCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in convention sales and meeting planning provides students a solid foundation in convention sales and management and incorporates the scope of convention properties, budgeting, contracting and risk management. Students can explore this exciting growth industry, learn marketing and sales strategies to attract convention and meeting markets, and learn the techniques required for meeting the needs of meeting and convention services.

The U.S. meetings, conventions and exhibitions industry generates more than $120 billion a year, supporting nearly two million jobs.

Phoenix alone is a major convention and meeting destination. There is a need for qualified professionals to service conventions and meetings, due in large part to the $600 million investment in the Phoenix Convention Center expansion, development of new hotels and other visitor-related products, and the steady influx of corporate headquarters relocating to the greater Phoenix area.

The certificate, which has been endorsed by the Greater Phoenix Convention and Visitors Bureau and the Arizona Sunbelt Chapter of Meeting Professionals International, enhances a graduate's career opportunities as a tourism professional.

**Program Requirements:**
The certificate requires 15 credit hours: three required core courses (nine credits) and two elective courses (six credits). Courses taken as part of a university major may count toward that degree and the certificate. Requirements can be met online. All core classes and some elective classes are taught online at least once a year. To earn the certificate, students must complete a minimum of 12 upper-division credit hours. An application to the program is required.

Required Core Courses -- 9 credit hours
TDM 345: Meeting and Convention Planning (3)
TDM 350: Tourism, Recreation and Sports Marketing (3)
TDM 386: Convention Sales and Management (3)

Electives (choose two, one must be upper division) -- 6 credit hours
NLM 310: Volunteer Management (3)
PRM 145: Special Events Management (3)
TDM 205: Introduction to Travel and Tourism (G) (3)
TDM 225: Introduction to Resort and Hotel Management (3)
TDM 458: International Tourism (G) (3)

Standards
1. Fifteen credit hours of graded classroom coursework are required (no internship, no independent study).
2. A minimum "C" (2.00 on a 4.00 scale) grade is required for all classes in the certificate.
3. A minimum GPA of 2.00 is required for those pursuing the certificate.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Other Enrollment Requirements: None

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The field of convention sales and meeting planning comprises a multitude of areas, including fundraising, recruitment, coordination, supervision and a variety of management responsibilities. The demand for professionals is strong, and this program provides an excellent foundation for enhancing career opportunities nationally, regionally and locally.

**Contact Information:**
Public Service and Community Solutions, Watts College of

## Correctional Studies Certificate (PPCRTSCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in correctional studies educates students about a variety of components that make up the corrections system.

It is designed to provide students with understanding and knowledge of the histories, philosophies and contemporary practices of both institutional and community corrections. The program emphasizes evidence-based best practices concerning the rehabilitation of correctional clients to reduce recidivism.

**Program Requirements:**
Required Courses -- 15 credit hours
CRJ 100: Introduction to Criminal Justice (SB) (3)
CRJ 240: Introduction to Corrections (3)
CRJ 443: Community Corrections (3)
CRJ 444: Institutional Corrections (3)
CRJ 445: Tools for Engaging Correctional Populations (3)

Electives (choose one) -- 3 credit hours
CRJ 317: Inside-Out Prison Exchange Program (3)
CRJ 394: Special Topics (3)
Notes: Only approved corrections-related topics
CRJ 406: Sex Crimes (3)
CRJ 411: Legal Issues in Corrections (3)
CRJ 434: Drugs of Abuse (3)
CRJ 435: Crime and Forensic Mental Health (SB) (3)

CRJ 484: Internship (3)
CRJ 494: Special Topics (3)
Notes: Only approved corrections-related topics

Special Topics courses (CRJ 394 and CRJ 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the correctional studies certificate program.

At least 15 credit hours must be taken in residence at ASU.
Lower-division courses such as CRJ 100 (Introduction to Criminal Justice) and CRJ 240 (Introduction to Corrections) may be used to satisfy the requirements of any major or a minor at ASU, as well as requirements for the certificate program in correctional studies. No upper-division courses in criminology and criminal justice, however, may be used to satisfy the requirements of the certificate program in correctional studies and either the major or minor in criminology and criminal justice. For example, students majoring or minoring in criminology and criminal justice may not use CRJ 394, CRJ 406, CRJ 411, CRJ 434, CRJ 435, CRJ 443, CRJ 444, CRJ 445, CRJ 484, or CRJ 494 to satisfy the requirements of the certificate in correctional studies and either the major or minor in criminology and criminal justice.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** CRJ 100 Introduction to Criminal Justice is a requirement for the bachelor's degree program and the minor in criminology and criminal justice, and its completion satisfies the requirements of the major or minor as well as satisfying the requirement for the certificate program in correctional studies.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates of the correctional studies certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies, including National Institute of Corrections, Federal Bureau of Prisons, and local and state-level corrections departments.

Advanced degrees or certifications may be required for academic or clinical positions.

## Creative City Certificate (PPURBCERC)

**Campus:** Downtown Phoenix

**Description:** Students in this program explore best practices in a global context and develop asset-based proposals for specific locales, including implementation plans.

The creative city certificate adds value to other majors as well as work and life experience for students aspiring to assume leadership roles in improving quality of life, specifically by enhancing quality of place.

Cities are centers of human creativity and cultural innovation; they both attract and breed these qualities of urban areas. Such creativity and innovation are apparent in the vitality of the arts as well as that of businesses (large and small), research (basic and applied) and the everyday life unique to any given locale. These are the ingredients that make places sustainable, economically, socially and environmentally, by endowing a sense of place along with a sense of community.

This certificate also serves professionals in the community working in the areas of community development, land-use law, parks and recreation, philanthropy, planning, public art, urban governance and others.

Flexible class times and locations make the program a viable option for those unable to attend classes during the day.

**Program Requirements:**
The creative city certificate consists of 15 credit hours of coursework. All courses must be taken at ASU. A "C" (2.00 on a 4.00 scale) or better is required in all coursework.

Required Core Courses -- 6 credit hours

PAF 405: Citizen Engagement and Community Building (3)
PAF 406: Public Administration and Community Development (3)

Elective Courses -- 9 credit hours
CRD 301: Sustainable Communities (3)
CRD 302: Inclusive Community Development (SB & C) (3)
GRA 401: Creative Environment (3)
NLM 160: Voluntary Action and Community Leadership (SB) (3)
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 402: Assessment and Evaluation of Community Services (3)
PAF 220: Introduction to Urban America (3)
PAF 420: Managing Across Boundaries (3)
PRM 120: Leisure and the Quality of Life (SB) (3)
PRM 210: Leisure Delivery Systems (3)
TDM 448: Heritage and Cultural Tourism (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Demonstrate knowledge of citizen involvement.
- Demonstrate the ways community development is practiced.

**Career Opportunities:** Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies, nonprofit organizations, and private organizations whose work interfaces with the public sector.

## Criminal Investigations Certificate (PPCRICERT)

**Campus:** Downtown Phoenix, West

**Description:** The certificate in criminal investigations educates students about a variety of aspects of criminal investigations and criminalistics. It is designed to provide students of the social sciences, natural sciences, humanities and public services with an understanding of the nature of criminal evidence; the language of forensic science; the scope, probative value and limitations of a variety of investigative specializations and their techniques; and an appreciation of how forensic investigative methods are used in the quest for justice.

The certificate program allows students to satisfy at least two of their General Studies requirements, the SQ and SB, in a thematic manner.

This program is not designed to prepare students for work in a crime laboratory.

**Program Requirements:**
Required Courses -- 12 credit hours
CRJ 100: Introduction to Criminal Justice (SB) (3)
CRJ 210: Introduction to Criminal Investigations (3)
CRJ 211: Documenting the Crime Scene (3)
CRJ 410: Criminal Procedure I: The Law of Investigations (3)

Electives (choose three) -- 9 credit hours

CRJ 321: Evidence: Imperatives of Proof (3)
CRJ 433: Death Investigations: Principles of Forensic Medicine (3)
CRJ 434: Drugs of Abuse (3)
CRJ 435: Crime and Forensic Mental Health (SB) (3)
CRJ 450: Crime Analysis (3)
CRJ 484: Internship (1-6)
CRJ 494: Special Topics (3)
Notes: only in approved investigations-related topics
FOR 350: Computer Forensics (3)
FOR 394: Special Topics (3)
Notes: only in approved investigations-related topics
FOR 410: Testimony and Ethics in the Forensic Sciences (L) (3)
FOR 484: Internship (1-6)

1. Special Topics courses (FOR 394 and CRJ 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the criminal investigations certificate program.
2. At least 12 credit hours must be taken in residence at ASU.
3. A "C" (2.00 on a 4.00 scale) or better is required in all course work required for the certificate.
4. Upper-division coursework may not be used to satisfy the requirements of both a major and the certificate. Thus, if any elective courses in the certificate program are being used to satisfy the requirements of a major, different elective courses must be taken to satisfy the requirements of the certificate program. For example, students majoring in criminology and criminal justice may not use CRJ 321, CRJ 410, CRJ 433, CRJ 434, CRJ 435, CRJ 450, CRJ 484 or CRJ 494 to satisfy the requirements of the major and the certificate in criminal investigations. Similarly, students majoring in forensic science may not use FOR 350, FOR 410 or FOR 484 to satisfy the requirements of the major and the certificate in criminal investigations.
Prerequisite Information
Prerequisite courses may be needed in order to complete the requirements of this certificate.
CRJ 100 Introduction to Criminal Justice is a prerequisite requirement to enroll in CRJ 210, CRJ 211, CRJ 433, CRJ 434, CRJ 435, and CRJ 494.
ACO 100 All About Data: Design, Query, and Visualization is a prerequisite requirement to enroll in FOR 350 Computer Forensics.
Either FOR 286 Principles of Forensic Science or the two semester sequence in FOR 105 and FOR 106 is a prerequisite requirement to enroll in FOR 410 Professional Practices in Forensic Science. ENG 102 or 105 or 108 are also prerequisites for FOR 410.
The completion of at least 45 credit hours is a prerequisite requirement to enroll in FOR 484 Internship.

**Enrollment Requirements:** Students must complete the following prerequisite courses with a grade of "C" of higher (scale is 4.00 = "A") in order to be admitted to the certificate program. These courses may be taken in residence at ASU or may be transferred in from other institutions, including community colleges.

The following prerequisite courses are required for admission to the certificate program:

For students majoring in the social sciences, humanities or the arts:*
FOR 105 Physical Evidence and the Crime Scene, SQ (4) and
FOR 106 Biology Behind the Crime Scene, SQ (4)

For students majoring in the natural sciences:*
FOR 286 Principles of Forensic Science (4)

*Neither FOR 105 nor FOR 106 have any prerequisites. These courses are designed for students majoring in the social sciences, humanities or arts to meet the natural science requirement of ASU's General Studies program. Thus, students not majoring in the natural sciences who wish to declare the certificate program in criminal investigations must complete the two-course sequence in FOR 105 and FOR 106. In contrast, students majoring in the natural sciences, including forensic science, should not take FOR 105 and FOR 106; they need only complete FOR 286: Principles of Forensic Science, which has prerequisite requirements of BIO 181, BIO 182, CHM 113 and CHM 116.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates of the criminal investigations certificate program find a strong job market in the public and private sectors. Employment opportunities exist in:

- bank fraud
- the courts
- domestic terrorism

- federal agencies
- forensics
- homeland security
- law enforcement
- legal offices

Graduates also may pursue advanced degrees in law, criminology and criminal justice, and other social science disciplines. Advanced degrees or certifications may be required for academic or clinical positions.

## Cross-Sector Leadership Certificate (PPCSLDCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in cross-sector leadership provides a comprehensive overview of leading solutions to complex social challenges by integrating the public, private, nonprofit and military sectors.

Students engage in a systems-thinking approach to real-world challenges faced by local and global communities, explore the diverse characteristics and motives of each sector in engaging in cross-sector collaborations, and master processes to formalize such partnerships. Students study values-based leadership and how individual, organizational and sector values can drive a leader's ability to act. Students gain leadership skills, such as leading change within and between organizations across multiple sectors, and they learn to use human-centered design, social entrepreneurship and other approaches when tackling community challenges.

Students end the program with a thesis or applied project that integrates the theories, procedures and concepts learned in the certificate courses with experiences from the students' internships in each sector.

**Program Requirements:**
The certificate in cross-sector leadership is a requirement for, and is limited to, participants in the Public Service Academy's Next Generation Service Corps, a four-year leadership development track that engages future civilian leaders in the public, private and nonprofit sectors to engage in collaboration and change in the context of social challenges in which they hold interest. Students are required to maintain a 3.00 ASU GPA, a 3.00 GPA across certificate courses and demonstrate forward academic progress to maintain enrollment in the certificate as well as the Next Generation Service Corps. ROTC students also may pursue the certificate, but must maintain a 3.00 GPA in certificate courses.

Required Courses -- 12 credit hours
PAF 215: NGSC Community Impact Lab (3)
PAF 311: Leadership and Change (SB) (3)
PAF 315: Cross-Sector Collaboration (3)
PAF 415: Social Entrepreneurship (3)

Elective (choose one) -- 3 credit hours
PAF 394: NGSC Leadership Instruction (3)
PAF 421: Leadership Capstone (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Enrollment in the certificate program in cross-sector leadership is offered only to students participating in ASU's Next Generation Service Corps or in the Reserve Officers Training Corps. Enrollment requirements for the certificate are the same as admission requirements for the Next Generation Service Corps or Reserve Officer Training Corps (by request). Public Service Academy staff and the Watts College of Public Service and Community Solutions Dean's Office enroll the students.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

•Identify and design cross-sector collaborations by understanding the nuances of the public, private, and nonprofit sectors.
•Compare innovative methods for finding solutions to address complex social issues, including social entrepreneurship and problem-solving processes of human-centered design.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate.

Graduates of the certificate in cross-sector leadership have acquired a unique knowledge of cross-sector collaboration, advanced leadership skills, and an understanding of how to use these, and this complement to their major program of study may make them more marketable to employers.

## Cryptology Certificate (LACRYCERT)

**Campus:** Tempe

**Description:** Cryptology is the art and science of making and breaking codes and ciphers. The certificate program in cryptology is designed to provide a strong foundation in the mathematical topics that are most applicable to modern cryptosystems. It also provides specialized knowledge required for understanding and working in the field of mathematical cryptology.

**Program Requirements:**
This certificate requires 18 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Courses -- 12 credit hours
MAT 440: Group Theory or MAT 444: Intermediate Abstract Algebra (3)
MAT 445: Theory of Numbers (3)
MAT 447: Cryptography I (3)
MAT 448: Cryptography II (3)

Electives (select two) -- 6 credit hours
MAT 415: Introduction to Combinatorics (3)
MAT 416: Graph Theory (3)
MAT 441: Ring Theory (3)
STP 421: Probability (3)
STP 427: Mathematical Statistics (3)
Students may substitute an approved cryptography-related internship for 3 credit hours of elective coursework.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This program has additional admission requirements; students should see a college advisor for details. Applicants should be in good academic standing with a "B" or better (scale is 4.00 = "A") in MAT 300 Mathematical Structures or the equivalent.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** A certificate in cryptology offers a wide variety of career possibilities. Some students pursuing this certificate are interested in areas such government, business, financial, medical and educational institutions. All of these institutions require skill sets involved in securing data, and this program assists students in developing these skills.

## Data Science Certificate (ASDTSCERT)

**Campus:** West

**Description:** The data science certificate program combines the strengths of database skills with interdisciplinary computational statistics.

The program provides students with an understanding of the computational and statistical methods used to extract insights from complex datasets and provides hands-on experience with them. In particular, it includes courses that cover key techniques for the different stages of the data science process: data collection, data processing for small and big data, data cleaning, exploratory data analysis, data visualization, predictive modeling with machine learning techniques and statistical modeling.

**Program Requirements:**
The certificate in data science consists of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. A maximum of six credit hours may be shared between certificate and major coursework. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Required Courses -- 9 credit hours
ACO 320: Database Systems (3)
ACO 423: Data Science (3)
STP 315: Statistical Computing (3)

Electives (choose two) -- 6 credit hours
ACO 321: Database Development & Applications (3)
ACO 420: Big Data Systems (3)
BMI 311: Modeling Biomedical Knowledge (3)
BMI 312: Modeling Biomedical Data (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Prerequisites for this certificate are:

ACO 201 Data Structures and Algorithms (3)
MAT 243 Discrete Mathematical Structures (3) or MAT 300 Mathematical Structures (3)
STP 226 Elements of Statistics (3)

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** A certificate in data science helps prepare students who have an interest in databases and statistics. Possible careers include data scientist, machine learning scientist or engineer, applications architect, data architect and data engineer.

## Desert Food Production Certificate (LSDFPRCERT)

**Campus:** Polytechnic

**Description:** The certificate program in desert food production equips students interested in producing foods locally with the knowledge and skills they need in order to grow edible plants and to navigate the challenges unique to desert climates.

Coursework in the program emphasizes organic food production, sustainable horticultural technologies, green waste reduction, water conservation, maintaining biodiversity and biological cycles, and enhancing soil quality.

Students gain marketable skills that enable them to participate in the growing trend of producing and supporting the consumption of local foods.

**Program Requirements:**
The desert food production certificate requires 18 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 12 credit hours
ABS 260: Fundamentals of Sustainable Horticulture (SG) (4)
ABS 368: Plant Propagation (3)
ABS 460: Organic Gardening (2)
ABS 464: Desert Horticulture (3)

Elective Courses -- 6 credit hours
At least four credit hours of certificate electives must be from upper-division courses.
ABS 225: Soils (SQ) AND ABS 226: Soils Laboratory (SQ) (4)
ABS 360: Southwest Home Gardening (2)
ABS 365: Future of Agriculture: Vertical Farming (3)
ABS 462: Greenhouse/Nursery Management (4)
ABS 484: Internship (2)
Notes:  No more than two credit hours of ABS 484 Internship may be counted toward the certificate requirements.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

This certificate is open to students in any major.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate.

Graduates who combined the certificate in desert food production with their major program of study may be more marketable to employers. Those who complete this undergraduate certificate along with their major often decide to pursue employment in nursery and greenhouse management, food science or farm and ranch management.

Advanced degrees or certifications may be required for academic or clinical positions.

## Digital Business Innovation Certificate (BADBICERT)

**Campus:** Tempe

**Description:** This certificate program in digital business innovation provides students with a broad overview of today's digital information systems. It gives exposure to modern tools for transforming business processes, maintaining digital presence and developing analytical insights.

Students who complete the program are well suited for the business landscape, phenomenally transformed in recent years by digital innovations.

**Program Requirements:**
The digital business innovation certificate is available to all majors. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better. No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

Required Courses -- 18 credit hours

CIS 105: Computer Applications and Information Technology (CS) (3)
CIS 235: Introduction to Information Systems (3)
CIS 300: Web Design and Development (3)
CIS 308: Advanced Excel in Business (3)
CIS 311: Business Agile Project Management (3)
CIS 312: Business Mobile Commerce and Monetization (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in digital business innovation is open to all majors.

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in digital innovation with their major program of study may become more marketable to employers. They often decide to pursue employment in management, marketing, sales or communication.

Advanced degrees or certifications may be required for academic or clinical positions.

## Disability Studies Certificate (LADISCERT)

**Campus:** Tempe

**Description:** As a vibrant and diverse area of academic study, disability studies utilizes a cross-disability, intersectional and interdisciplinary approach that views disability as a social construct and people with disabilities as a minority group. The program in disability studies draws upon diverse disciplines such as history, sociology, law, policy studies, economics, anthropology, geography, philosophy, theology, gender studies, media studies, architecture and the arts in order to understand the social, cultural and political situation of disabled cultures, or people with disabilities.

Students are critically challenged to reject simplistic definitions of disability as a restrictive, functional impairment that requires fixing or curing. Rather, students learn to identify disability as a construct that finds its meaning within cultural contexts, is central to individual and social identity, and is crucial to changing political processes and public attitudes.

This program prioritizes development of theoretical, methodological, educational and advocacy models that redefine legal, physical, policy and attitudinal barriers excluding disabled communities from society.

**Program Requirements:**
Students must complete 15 credit hours with at least 12 hours completed at the upper-division level.  A minimum grade of "C" (2.00 on a 4.00 scale) is required for a course to count toward the certificate.

Students should contact the School of Social Transformation advising center for more information.

Required Courses -- 6 credit hours
JUS 235: Disability, Justice and Advocacy (C) (3)
JUS 437: The Social Construction of Disability and Justice (3)

Elective Courses -- 9 credit hours
AFR 317: Genes, Race and Society (SB & H & C) (3)
AFR 375: Race, Gender and Sport (SB & C) (3)
APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
APA 350: Inequality and Diversity in Education (L & C) (3)
APA 355: Asian American Psychology (SB & C) (3)

CRD 302: Inclusive Community Development (SB & C) (3)
DST 322: Social and Cultural Implications of the Many Forms of Disability (3)
DST 458: Disability and Communication Advocacy (3)
EDS 301: Sustainable Community Design and Practices (HU) (3)
ENG 484: Internship (1-12)
GER 494: Posthumanism and the Ends of Man (3)
JUS 303: Justice Theory (L) (3)
JUS 305: Principles of Justice Studies (SB) (3)
JUS 365: Inequality and Diversity in Education (L & C) (3)
JUS 370: Cultural Diversity and Justice ((L or HU) & C) (3)
JUS 375: Justice and the Mass Media (SB) (3)
JUS 432: Racial Justice (L) (3)
JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)
JUS 440: Prisons, Power and the Punishments of the Past (3)
JUS 469: Political Deviance and the Law ((L or SB) & C) (3)
MHL 447: Music and Healing (HU & H & G) (3)
MUE 441: Psychology of Music (3)
PRM 453: Inclusive Community Sport (3)
RTH 364: Foundations of Recreation Therapy (SB) (3)
RTH 440: Advocacy in Therapeutic Recreation (3)
RTH 450: Therapeutic Recreation and Community Health (3)
RTH 455: Recreational Therapy and Play with Children, Youth and Families (3)
SHS 367: Language Science (SB) (3)
WST 313: Women and Sexuality (SB & C) (3)
WST 371: Sex and the City: Women, Sexuality, and Popular Culture (HU & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 477: Gender and Violence (SB & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students enrolled in the BA or minor in disability studies offered by the New College of Interdisciplinary Arts and Sciences are not prohibited from adding this certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Employ and critically assess core theories, models and perspectives that have contributed to the development of disability studies.
- •Understand and identify representations of disability as historically specific and culturally contingent.
- •Apply disability studies perspectives in the construction of social policy, engagement, and advocacy.

**Career Opportunities:** Graduates who have combined the certificate in disability studies with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

**Contact Information:**

## Diversity and Equity Studies Certificate (ASDESCERT)

**Campus:** West

**Description:** This certificate program in diversity and equity studies develops students' intercultural competence through knowledge gained related

to the histories, practices and perspectives of diverse groups, both local and global.

Reflecting on this knowledge permits students to develop strategies to work with and through differences of gender, race, ethnicity, sexuality, age, religion and class. Integrative social sciences perspectives enable bridge-building within and across differences to redress inequalities.

**Program Requirements:**
The certificate in diversity and equity studies requires 15 credit hours (at least 12 must be upper division), consisting of a core of three credit hours and 12 credit hours of electives. Six credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and major requirements. A maximum of three credit hours of internship or individualized instruction may be applied to the certificate.
Electives are not limited to the certificate elective list; see academic advisor prior to enrollment. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet certificate requirements.

Required Core Course -- 3 credit hours
SBS 301: Cultural Diversity ((L or SB) & C) (3)

Electives (minimum 9 upper-division) -- 12 credit hours
Selected courses must come from at least two of the following subjects: ASB, JHR, POS, SBS or SOC.
ASB 211: Women in Other Cultures ((HU or SB) & G) (3)
ASB 311: Principles of Social Anthropology (SB & G & H) (3)
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 346: Marriage and Family Diversity (SB & C) (3)
ASB 394: Special Topics or JHR 394: Special Topics or POS 394 / SBS 394 / SOC 394: Special Topics (1)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)
ASB 494 / JHR 494 / POS 494 / SBS 494 / SOC 494: Special Topics (3)
ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)
JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 436: Gender, Sexuality, Nation-States (3)
POS 437 / SOC 437: Women, Power, and Politics (G) (3)
SOC 241: Modern Social Problems (SB) (3)
SOC 264: Sociology of Gender (SB & C) (3)
SOC 270: Sociology of Race and Ethnicity (SB & C) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 426: Social Inequalities (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students should contact an advisor in the New College of Interdisciplinary Arts and Sciences for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This certificate is valuable to those pursuing careers in:

- business and management
- community advocacy
- government
- human resources
- law
- media
- medicine
- public policy

Possible careers include:

- counselor
- crisis response counselor

- diversity officer
- nonprofit worker
- social worker
- youth counselor

## Domestic Violence and Evidence-based Practice Certificate (PPDVEPCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in domestic violence and evidence-based practice provides students with the experience and knowledge they need to intervene safely and effectively on behalf of the survivors of gender-based violence, a vulnerable group that helping professionals are likely to encounter in all areas of practice. Those knowledgeable about the dynamics of intimate partner violence are better equipped to assist those suffering its negative physical and mental health consequences.

Evidence-based care is crucial in domestic violence settings. Students of the certificate program engage in service-based and classroom learning to understand the role of evidence-based interventions in promoting survivor safety and client empowerment.

Upon completion of the program, certificate holders become Arizona state-certified advocates for victims of domestic violence.

**Program Requirements:**
During their first semester in the certificate, students enroll in SWU 416, Domestic Violence and National AmeriCorps Service.
A grade of B or better is required in each course to satisfy the certificate.
Students must participate in an approved internship for a minimum of 300 hours.

Required Courses -- 9 credit hours
SWU 416: Domestic Violence and National AmeriCorps Service (3)
SWU 484: Internship or SWU 412: Field Instruction I (3)
Notes:  Other internship credit may be substituted with department approval.
SWU 484: Internship or SWU 414: Field Instruction II (3)
Notes:  Other internship credit may be substituted with department approval.

Electives -- 6 credit hours
SWU 417: Technology, Interpersonal Relationships and Abuse (3)
SWU 418: Global Violence Against Women (3)
SWU 494: Domestic Violence: Fatality Analyses  (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** All students seeking the certificate must have 56 credit hours of coursework completed with a minimum GPA of 2.50. In order to enroll in SWU 416, students must have a current Arizona fingerprint clearance card, which will be verified through the State of Arizona system.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
•Implement evidence-based interventions, safety planning and the utilize of an evidence-based safety decision aid (myPlan, a tool to enhance risk assessment).
•Apply knowledge of human behavior in the social environment when working with individuals, families and groups.

**Career Opportunities:** Graduates are prepared to work with domestic violence survivors. Prospective administrators, helping professionals and

community activists possess the practical knowledge to implement interventions backed by evidence and develop the tools and networks that create change for survivors, families and communities.

Career examples include:

- domestic violence or lay legal advocate
- domestic violence support group facilitator
- shelter case manager

## Early Childhood Education Certificate (TEECDCERT)

**Campus:** Tempe

**Description:** The certificate program in early childhood education prepares students to support the cognitive and social-emotional development of young children.

This program allows students to be eligible for dual-teaching certificates upon the completion of an undergraduate degree or to allow students to meet requirements for an Early Childhood endorsement. This certificate can be added to the following degree programs:

- BAE in elementary education
- BAE in elementary multilingual education
- BAE in special education

Students develop skills in understanding and applying evidence-based practices in early childhood education. The innovative coursework is centered on child development theory, development of young children, assessment practices and instructional pedagogy. Students explore techniques and approaches to engage children's family members in the growth and development of young children.

Graduates earn an institutional recommendation for teacher certification in Early Childhood Education, Birth--Age 8 or Grade 3, or an endorsement in Early Childhood Education, Birth--Age 8 or Grade 3, through the Arizona Department of Education. Those desiring to teach in public schools must pass the appropriate Arizona educator exams (National Evaluation Series or Arizona Educator Proficiency Assessments) to be certified to teach in the state of Arizona.

Format option
This program is also offered via ASU Sync (https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Program Requirements:**
In addition to completing this certificate and a teacher certification program major, students will be required to earn a passing score on the professional knowledge portion of the AEPA/NES exam and a passing score on the subject knowledge portion of the AEPA/NES exam in each area an Arizona teaching credential is sought. Subject knowledge exam waivers may apply. Students should contact the Mary Lou Fulton Teachers College for more information.
This certificate requires 18 credit hours. A "C" or better is required in all coursework.

Required Courses -- 18 credit hours
ECD 321: Foundations in Language, Literacy and Culture in Early Childhood (L) (3)
ECD 417: Arts Integration for Young Children (3)
ECS 310: Foundations in Typical / Atypical Child Development (3)
ECS 312: Social and Emotional Development of the Young Child (SB) (3)
ECS 411: Instructional Methodologies for Young Children: STEM (3)
ECS 412: Mathematics Curriculum, Instruction and Assessment (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate is only open to students majoring in elementary education, special education, and elementary multilingual education undergraduate teacher preparation programs in the Mary Lou Fulton Teachers College.

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.25 is required for continued good standing. Students should contact the Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non degree-seeking graduate student but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.

**Career Opportunities:** There is a strong demand for early childhood educators in Arizona and nationwide. Many graduates with early childhood education credentials hold leadership positions in Head Start, private nonprofit and private for-profit center-based programs, and public school early childhood environments.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Early Childhood Special Education Certificate (TEECSCERT)

**Campus:** Tempe

**Description:** The certificate in early childhood special education prepares students to work with young children who have a disability or who are at risk of developing one.

Students develop foundational knowledge of child development, including child development theories and best practices, including how to:

- assess, monitor and report the progress of young children
- build effective practices for engaging families
- create enriched, inclusive learning environments
- design coherent instruction
- plan and facilitate learning

Graduates are eligible to earn an institutional recommendation from ASU for Arizona teacher certification in Early Childhood Special Education, birth through grade 3, from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option
This program is also offered via ASU Sync (https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

**Program Requirements:**
In addition to completing this certificate and a teacher certification program major, students will be required to earn a passing score on the

professional knowledge portion of the AEPA/NES exam and a passing score on the subject knowledge portion of the AEPA/NES exam in each area an Arizona teaching credential is sought. Subject knowledge exam waivers may apply. Students should contact the Mary Lou Fulton Teachers College for more information.
This certificate requires 18 credit hours. A "C" or better is required in all coursework.

Required Courses -- 18 credit hours
ECD 321: Foundations in Language, Literacy and Culture in Early Childhood (L) (3)
ECS 310: Foundations in Typical / Atypical Child Development (3)
ECS 312: Social and Emotional Development of the Young Child (SB) (3)
ECS 411: Instructional Methodologies for Young Children: STEM (3)
ECS 420: Evaluation and Intervention Strategies for Infants, Toddlers and Preschoolers with Disabilities (3)
ECS 430: Systems, Policy, and Advocacy in Early Childhood/Special Education (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate program can be added to the following programs at Mary Lou Fulton Teachers College in order to allow students eligibility for dual-teaching certificates at the completion of their undergraduate degree:

- BAE in early childhood education
- BAE in elementary education
- BAE in elementary multilingual education
- BAE in special education

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.25 is required for continued good standing. Students should contact the Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non degree-seeking graduate student but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.

**Career Opportunities:** There is a strong demand for both early childhood educators and special educators in Arizona and nationwide. Earning a credential that prepares graduates for both early childhood and special education can open many opportunities. Many graduates with early childhood education credentials hold leadership positions in Head Start, private nonprofit and private for-profit center-based programs, and public school early childhood environments.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. ## Economic Justice Certificate (LAECNJCERT)

**Campus:** Tempe

**Description:** Through the certificate program in economic justice, students gain knowledge of economic justice that promotes the growth of sustainable local, national and global communities.

Students complete coursework in the theories and philosophies of economic justice and economic justice praxis to prepare them for transdisciplinary exploration into areas of personal interest. They develop the capacity to design, control, manage and evaluate initiatives that can economically revitalize communities, and they increase their research abilities.

Students who complete the program are prepared to support and create change by analyzing and developing policies designed to build local skills and lay groundwork for new approaches to economic justice.

**Program Requirements:**
The certificate in economic justice requires 15 credit hours, of which at least 12 must be completed at the upper-division level. All courses must be completed with a grade or "C" (2.00 on a 4.00 scale) or better.

Theories and Foundation in Economic Justice (select one) -- 3 credit hours
ASB 316: Money and Culture (L or SB) (3)
ECN 360: Economic Development (SB & G) (3)
JUS 105: Introduction to Justice Studies (SB) (3)
JUS 305: Principles of Justice Studies (SB) (3)
WST 270: Global Perspectives on Women (3)

Economic Justice Praxis (select one) -- 3 credit hours
JUS 405: Inequality, Economy and Justice ((L or SB) & G) (3)
JUS 484: Internship (3)
JUS 499: Individualized Instruction (3)
SGS 350: Economic Development and Globalization (3)
SWU 432: Social Policy and Services (3)

Interdisciplinary Elective Component (9 hours)
To provide students with an opportunity to focus on a particular racial group, nation, region, or specific historical event while also providing a broad interdisciplinary framework, students will select three electives. Courses must be taken from both of the substantive areas below, and from two or more subject codes. Any course listed below may count towards this requirement, as well as other courses approved by the program director.

Race, Gender, Class, Citizenship and Economic Justice (select two) -- 6 credit hours
AFR 350 / APA 350 / SOC 350 / CDE 350 / JUS 365 / TCL 360: Inequality and Diversity in Education (L & C) (3)
AIS 380: Contemporary Issues of American Indian Nations (C) (3)
CRJ 306: Race, Ethnicity, Crime, and Criminal Justice (C) (3)
HST 325: Immigration and Ethnicity in the United States (SB & H & C) (3)
IAS 305: Work and Identity (SB) (3)
JUS 420 / SOC 425: Women, Work, and Justice ((L or SB) & C) (3)
JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)
SWU 374: Diversity and Oppression in a Social Work Context (C) (3)
TCL 314 / SOC 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)

National and Global (select one) -- 3 credit hours
AFR 302 / WST 302 / HST 335: History of Black Women in America (SB & H) (3)
ECN 441: Public Economics (SB) (3)
JUS 321: Wealth Distribution and Poverty (SB & C) (3)
JUS 323: Justice and the Development of the Welfare State (SB) (3)
JUS 325 / SGS 325: Globalization and Socio-Economic Justice (SB & G) or SOC 325: null (3)
JUS 432 / SOC 432: Racial Justice (L) (3)
JUS 435: Cinema and Justice (3)
JUS 456 / SOS 456 / SOC 455: Human Rights and Sustainability ((L or SB) & G) (3)
JUS 469: Political Deviance and the Law ((L or SB) & C) (3)
PHI 336: Social and Political Philosophy (HU) (3)
POS 480 / SBS 480: Global Justice (G) (3)
POS 486: International Political Economy (SB & G) (3)
WST 365: Women and International Health (G) (3)
WST 477: Gender and Violence (SB & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** In order to declare this certificate, a student must first have a minimum of 30 earned credit hours.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Critically assess core theory, concepts, and methods for the study of economic justice issues.

•Apply the fundamental principles of economic justice to the specific domestic or international issues through community engagement and research.

**Career Opportunities:** Graduates who combine the certificate in economic justice with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

## Elementary Education Certificate (TEEEDCERT)

**Campus:** Polytechnic, Tempe, West

**Description:** The certificate program in elementary education prepares students to work with children, kindergarten through grade 8, in an educational setting.

This certificate program can be added only to the following majors in Mary Lou Fulton Teachers College, granting students eligibility for dual-teaching certificates at the completion of their undergraduate degree program:

- BAE in early childhood education
- BAE in physical education
- BAE in secondary education
- BAE in special education

Students engage in innovative coursework grounded in theory-based strategies and evidence-based practices for teaching. Coursework is designed to support the development of instructional competencies, professional skills, content knowledge and pedagogical content knowledge in mathematics, science, English language arts and social studies.

This program has a strong focus on teaching and learning practices that foster equitable access and outcomes for culturally and linguistically diverse students and learners with special needs and exceptionalities.

Graduates are eligible to earn an institutional recommendation from ASU for Arizona teacher certification in Elementary Education, K-8, as recognized by the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option
This program is also offered via ASU Sync (https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Program Requirements:**
In addition to completing this certificate and a teacher certification program major, students will be required to earn a passing score on the professional knowledge portion of the AEPA/NES exam and a passing score on the subject knowledge portion of the AEPA/NES exam in each area an Arizona teaching credential is sought. Subject knowledge exam waivers may apply. Students should contact the Mary Lou Fulton Teachers College for more information.
This certificate requires 18 credit hours. A "C" or better is required in all coursework.

Required Courses -- 18 credit hours
EED 324: Social Studies for Equity and Social Justice (3)
EED 411: Science in Elementary Schools (3)
EED 412: Mathematics in Elementary Schools (3)

EED 433: Writing in the 21st Century (3)
RDG 413: Literacy Methods of Instruction and Assessment for Diverse Learners (3)
TEL 331: Foundations of Literacy: The Science of Reading (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate is only open to students majoring in early childhood education, special education, secondary education or physical education undergraduate teacher preparation programs in the Mary Lou Fulton Teachers College.

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.25 is required for continued good standing. Students should contact the Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non degree-seeking graduate student but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-out teachers in public, charter and private education institutions. Many graduates with degrees in elementary education also work at community organizations serving children and youth.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Energy and Sustainability Certificate (SUESUCERT)

**Campus:** Downtown Phoenix, Polytechnic, Tempe

**Description:** The transdisciplinary certificate program in energy and sustainability examines current energy systems and explores what will be required to transition to a sustainable energy future.

Students begin with an overview of how energy affects people's lives, the basic science and methods of energy production, and a full overview of energy policy options. Students may tailor the certificate around their unique interests in energy with a variety of electives representing a broad array of academic disciplines. The breadth of their energy knowledge is enriched by taking courses outside their primary area of study.

An understanding of energy is increasingly important for jobs related to climate change, environmental quality, urban sustainability and sustainable development. This program helps students enhance their understanding of the technology and infrastructure for generating, distributing and using energy; the associated sustainability issues; and the social and policy dimensions of energy systems.

**Program Requirements:**
The certificate in energy and sustainability consists of 15 credit hours, of which at least 12 must be upper division.
Students must earn a grade of "C" or better in all courses. A minimum GPA of 2.50 is required for all courses completed in the certificate.

Required Core Courses -- 9 credit hours
SOS 171 / GCU 171: The Thread of Energy (SB & G) (3)
SOS 314: Basic Energy Science or SOS 324: Sustainable Energy Technology and Systems (3)
SOS 315: Energy Policy (3)

Energy Elective Courses -- 6 credit hours
ALT 412: Village Energy Systems (3)
CHM 394: Chemistry, Energy, and Society (3)
EGR 371: Best Practices for Humanitarian Engineering (3)
EGR 476: Microgrid Design and Operation (3)
ERM 494: Algae in Water/Energy/Food Nexus (3)

FIS 494: Climate Change, Energy, and Social Justice (3)
GCU 364: Energy in the Global Arena (SB & G) (3)
GCU 442: Geographical Analysis of Transportation (SB) (3)
GLG 304: Minerals, Energy, and Society (3)
GPH 405: Energy and Environment (3)
JUS 332: Politics of Energy Policy and Justice (3)
JUS 444: Environment and Justice (L & C) (3)
PHY 498: The Science of Sustainable Energy (3)
POS 394: Global Environmental Politics (3)
PUP 430: Transportation Planning and the Environment (3)
SOS 309: History and Philosophy of Sustainability (3)
SOS 323: Sustainable Urban Dynamics (3)
SOS 435: U.S. Energy: Pathways to Sustainability (3)
SOS 494: Renewable Energy (3)
SOS 498: Designing a Living Building (L) (3)
STS 317: Science, Technology, and Global Engagement (SB & G) (3)
STS 329: Technology in Developing Countries (SB & G) (3)
STS 332: Global Issues in Science and Technology (SB) (3)
TEM 450: Design for the Developing World (3)

394, 494 and 498 courses must be taken with the specific course title/topic indicated above.

Energy elective courses are not limited to courses from this list only. Other courses on energy may be offered (special topics, etc.). Students may request to have those approved as an elective for this certificate by submitting a College of Global Futures undergraduate standards petition: https://students.asu.edu/College_Standards_Petitions. Completed petitions may be submitted directly to cgfadvising@asu.edu.

Prerequisite courses may be needed in order to complete the requirements of this certificate.
Some energy elective courses are more technical in nature, which may require additional math and science knowledge or prerequisites.

**Enrollment Requirements:** Advising is not required, but students are encouraged to speak with an advisor by scheduling an appointment through the College of Global Futures advising website (https://collegeofglobalfutures.asu.edu/student-life/advising/undergraduate-advising).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Global Opportunities:**
Global Experience: With over 300 programs in more than 65 countries (programs vary in length, from one week to one year), study abroad (https://goglobal.asu.edu/) is possible for all ASU students who wish to acquire a global perspective and knowledge in preparation for their career. Students earn ASU credit for completed courses, while staying on track for graduation, and they may apply financial aid and scholarships toward program costs.

Students also may participate in a School of Sustainability study abroad program. More information is available on the school's study abroad website (https://collegeofglobalfutures.asu.edu/student-life/study-abroad/).

**Career Opportunities:** Graduates of this program can pair the certificate with a bachelor's degree to make themselves competitive for energy jobs in a variety of sectors. Government, utilities, nonprofit and private businesses are a few examples of entities that need employees with the unique knowledge and skills gained from this transdisciplinary program who understand and can analyze energy systems, energy policy and sustainability.

## Entrepreneurship and Innovation Certificate (BAKEICERT)

**Campus:** Tempe

**Description:** The certificate program in entrepreneurship and innovation is comprised of three university-wide core courses, two courses within a student's disciplinary college and one approved certificate elective. Individual colleges are encouraged to offer a capstone course as part of the

program.

Beyond those related specifically to entrepreneurial business practices, courses include such topics as social entrepreneurship, arts entrepreneurship, idea generation and storytelling as additional perspectives for the student entrepreneur.

Students completing the certificate in entrepreneurship and innovation have their achievements recognized on their transcripts. Career services markets the certificate to potential employers, highlighting the innovative skills that students with this designation can offer.

**Program Requirements:**
The entrepreneurship and innovation certificate requires 15 credit hours and is available to all majors. At least 12 credit hours must be upper division. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

Required Core Courses -- 9 credit hours
ENT 305: Principles of Entrepreneurship (3)
ENT 340: Creativity and Innovation (L or HU) or TEM 230: Creativity and Business Innovation (3)
ENT 360: Entrepreneurship and Value Creation or TEM 400: Technology Entrepreneurship (3)

Concentration Electives -- 6 credit hours
Concentration Electives: Students will select two courses within the same concentration below. (6)
It is the student's responsibility to check the prerequisites required by courses in their discipline.
Concentration electives will be designated and approved by individual disciplinary colleges.

American Indian Studies Concentration
AIS 375: Innovation for American Indian Sustainability (3)
AIS 385: Entrepreneurship for American Indian Sustainability (3)

Anticipating Futures Concentration
FIS 305: Ways of Knowing (L) (3)
FIS 307: Navigating Futures (SB) (3)
FIS 308: Politics, Markets and Innovation (SB) (3)

Aviation Management Concentration
AMT 491 is required in the aviation management concentration. Students will choose one other AMT course.
AMT 308: Air Transportation (G) (3)
AMT 489: Airline Administration (3)
AMT 491: Aviation Management Capstone (3)

Biomedical Engineering Concentration
BME 300: Bioengineering Product Design (3)
BME 417: Biomedical Engineering Capstone Design I (L) (4)

Business/Start-up Concentration
AGB 456: Food Product Innovation and Development (3)
ENT 445: Business Model Development (3)
ENT 446: Venture Capital Experience (3)
ENT 447: Lean Launch (3)
ENT 464: Collaborative Design Development I (L) (5)
ENT 465: Collaborative Design Development II (L) (5)
FIN 455: Entrepreneurial Finance (3)
MKT 442: Services Marketing Strategy (3)

Design and Arts Concentration
ARA 396: Professional Practices for Design and the Arts (3)
ARA 460: Gallery Exhibitions (3)
DSC 394: Design Entrepreneurship & Society (3)
HDA 252: Foundations Arts and Design Entrepreneurship (3)
FMP 417: Business and Legal Practices in Entertainment (3)
MUP 438: The Enterprising Musician (3)
MUP 439: Music Product Creation and Development (3)
THP 351: Arts Management (3)
THP 450: Theatre Organization and Management (3)

Digital Media Entrepreneurship: Web Concentration
AME 435: Mobile Development (3)

GIT 402: New Media Internet Technologies (3)
GIT 414: Web Site Design and Internet/Web Technologies (3)
GIT 417: Advanced Web Markup and Scripting (3)
GIT 435: Website and E-Commerce Strategies (3)
GIT 480: Senior Project (3)

Herberger, FSE, WPC: Innovation Space Concentration
New product development. Students enroll in the courses associated with their major.
ENT 464: Collaborative Design Development I (L) AND ENT 465: Collaborative Design Development II (L) (10)
GRA 464: Collaborative Design Development I (L) AND GRA 465: Collaborative Design Development II (L) (10)
IND 464: Collaborative Design Development I (L) AND IND 465: Collaborative Design Development II (L) (10)

Ira A. Fulton Schools of Engineering: Alternative Energy Entrepreneurship Concentration
ALT 420: Electrochemical Energy Technologies (3)
ALT 435: Applied Photovoltaics (3)
ALT 445: Automotive and Stationary Fuel Cell Systems (3)

Ira A. Fulton Schools of Engineering: Process Innovation Concentration
TMC 331: Quality Assurance (3)
TMC 430: Enterprise Strategy and Innovation (3)

Ira A. Fulton Schools of Engineering: New Product Development Concentration
CSE 335: Principles of Mobile Application Development (3)
TEM 330: Systems Innovation (3)
TEM 400: Technology Entrepreneurship (3)

Ira A. Fulton Schools of Engineering: Social Entrepreneurship Concentration
TEM 450: Design for the Developing World (3)
TEM 455: Global Impact Entrepreneurship (3)
TEM 482: Startup Workshop (3)

Small Business Concentration
ENT 441: Entrepreneurial Management (3)

PRM 427: Where's the Money: Special Event Revenue Generation (3)
PRM 475: Entrepreneurial Recreation and Tourism (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in entrepreneurship and innovation is available to all ASU students in good standing except those majoring in business entrepreneurship, management with a concentration in entrepreneurship, and technology entrepreneurship and management.

No more than six credit hours may be shared between the certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in entrepreneurship and innovation with their major program of study may become more marketable to employers. They often decide to pursue employment in management, sales and marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

## Environmental Education Certificate (TEEVEDCERT)

**Campus:** Polytechnic, Tempe, West

**Description:** The certificate in environmental education is for students in all majors and for nontraditional educators. The program is designed to establish standards for professional excellence in environmental education as outlined by the North American Association for Environmental Education.

Environmental education is taught in traditional classrooms and in community-serving organizations such as nature centers, museums, parks and zoos. The coursework required in the certificate increases the environmental literacy of future educators, fosters community leadership strategies and provides opportunities to practice environmental education teaching methods.

Students who complete the certificate are eligible to apply for the environmental education certificate recognized by the North American Association for Environmental Education.

**Program Requirements:**
This certificate requires a minimum of 15 credit hours, 12 of which must be upper division. A "C" or better is required in all coursework.

Required Core Courses (select three) -- 9 credit hours
SCN 201: Discovering the Deserts of the Southwest or SCN 301: Ecology and Natural History of the Sonoran Desert (SG) or SCN 501: Ecology and Natural History of the Sonoran Desert (3-4)
SCN 207: Introduction to Biomimicry or SCN 307: Biomimicry: Nature's Sustainable Solutions (G) or SCN 507: Learning from Nature: Biomimicry and STEM (3-4)
SCN 208: Nature and Society: An Introduction to Environmental Studies (SG & G) (3-4)
SCN 300: Foundations of Environmental Education (3)
SCN 302: Environmental Education: A Global Perspective (L & G) (3)
SCN 308 / SCN 508: Urban Environmental Education (3)
SCN 310: Biodiversity Conservation: An Educational Inquiry (4)
SCN 401: Sustainability Science, Technology, and Society (3)

Elective Options -- 6 credit hours
Any core course not taken above may be used to satisfy electives.
SCN 205: Tropical Ecology and Sustainable Living (3)
SCN 209: Introduction to Environmental Education Project or SCN 309: Environmental Education Project (1)
SCN 303: Environmental Education Internship (1-3)
SCN 304: Sonoran Desert Flora (3)
SCN 305: Tropical Ecology and Sustainability (3)
SCN 311: Nature Mindfully (3)
SCN 400: Sustainability Science for Teachers (3)
SCN 505: Tropical Ecology and Sustainable Development (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

A GPA of 2.25 is required for continued good standing. Students should contact the Mary Lou Fulton Teachers College for more information.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Apply knowledge of planetary systems' relation to environmental issues.
- •Apply the Three Pillars of Sustainability in the devising and application of effective solutions to environmental problems activities.
- •Apply knowledge of environmental issues to create new patterns of environmental stewardship within individuals, groups, and society.

**Career Opportunities:** Graduates who combine the certificate in environmental education with their major program of study may become more marketable to employers. They often decide to pursue employment in educational settings such as nonprofit organizations, nature centers, museums, parks and zoos.

The environmental education certificate does not lead to teacher certification.

## Environmental Humanities Certificate (LAENHCERT)

**Campus:** Tempe

**Description:** The environmental humanities certificate is for students who are interested in humanities-based approaches to the current global environmental crisis, a vital area of study.

Courses are focused on the human relationship to the environment and the relationship between nature and culture. To gain practical experience, students also complete an internship in environmental activism, policy development, education or another pertinent area.

ASU's Department of English has an extensive internship program, offering placements in publishing, media and marketing, government, nonprofits and film festivals. The department also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

**Program Requirements:**
The environmental humanities certificate consists of 15 hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Required Course (choose one) -- 3 credit hours
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 371: Rhetoric of the Environmental Movement (3)
ENG 378: Environmental Creative Nonfiction (L or HU) (3)

Internship or Independent Study -- 3 credit hours
ENG 484: Environmental Humanities Certificate  or ENG 499: Individualized Instruction or EVE 452: Environmental Investigation and Remediation Design (3)
Notes:  Students majoring in Environmental Engineering are encouraged to take EVE 452 to fulfill this requirement.

Electives (choose three) -- 9 credit hours
ASB 326: Human Impacts on Ancient Environments (SB & H) (3)
ASB 370 / SOS 370: Ethics of Eating (L or SB) (3)
BIO 324 / PHI 310: Environmental Ethics (HU) (3)
CEE 181: Technological, Social, and Sustainable Systems (HU) (3)
ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)

ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 371: Rhetoric of the Environmental Movement (3)
ENG 378: Environmental Creative Nonfiction (L or HU) (3)
ENG 468: Environmental Literary Criticism (L or HU) (3)
HST 342: U.S. West 20th Century (SB & H) (3)
HST 345: Environmental History (L) (3)
HPS 349 / JST 349 / REL 349 / SOS 349: Nature, Sustainability and Religion (3)
JUS 332: Politics of Energy Policy and Justice (3)
JUS 444: Environment and Justice (L & C) (3)
PSY 306: Environmental Psychology (SB) (3)
REL 349: Nature, Sustainability and Religion (3)
SGS 330: Globalization and the Environment: Problems and Solutions (3)
SOC 331: Environmental Sociology (SB & G) (3)
SOS 110: Sustainable World (SB) (3)
SOS 320: Society and Sustainability (L or SB) (3)
Other courses may be used by approval of an academic advisor in the Department of English.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Produce analytic writing about environmental issues that meets or exceeds standards in the field.
- •Engage critically, with writing and group oral discussion assignments, with up-to-date scholarly or creative Environmental Humanities texts.
- •Present team-prepared oral presentations on the cultural elements of an environmental challenge they are studying in order to prepare to learn team work and how to present pressing issues accessibly to the public.

**Career Opportunities:** The certificate provides students with a multidisciplinary knowledge base and practical skill set that enables them to enact social and environmental change. Students who complete this certificate are well prepared for careers in sustainability, environmental science and public policy and are better equipped to implement environmentally-responsible practices into their own lives.

Advanced degrees or certifications may be required for academic or clinical positions.

## Environmental Humanities Certificate (LSENHCERT)

**Campus:** Polytechnic

**Description:** The environmental humanities certificate program offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus on this vital area of study. Students take courses and electives from selected programs focused on the human relationship to the environment and the relationship between nature and culture.

**Program Requirements:**
This certificate is comprised of 24 credit hours, including at least 12 upper-division credit hours. Six credit hours must be taken from courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Core Courses -- 12 credit hours

Pick four ENG courses from the list below, with a minimum of at least one 400-level course:*
ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 371: Rhetoric of the Environmental Movement (3)
ENG 378: Environmental Creative Nonfiction (L or HU) (3)
ENG 468: Environmental Literary Criticism (L or HU) (3)
ENG 469: Science and Literature (3)
*Note: Other ENG courses may be approved by CISA advisors depending on special- or variable-topics courses available in given semesters.

Elective Courses -- 12 credit hours
Complete at least four additional courses for a minimum of 12 credit hours. Students must work with an academic advisor in the College of Integrative Sciences and Arts to select electives. Some courses are limited to students majoring in the discipline, have prerequisites or cannot be taken in combination with another course on the list. Additional courses may be approved by the College of Integrative Sciences and Arts advisor depending on special- or variable-topics courses available in given semesters.
ASB 326: Human Impacts on Ancient Environments (SB & H) (3)
GPH 210: Society and Environment (G) (3)
HST 280: History of Science, Technology and Innovation (SB & G & H) (3)
HST 344: Arizona (SB & H) (3)
HST 345: Environmental History (L) (3)
IAS 409: Eco-Community Ethics (HU) (3)
JUS 444: Environment and Justice (L & C) (3)
LSC 362: The Human Environment (3)
PRM 380: Wilderness and Parks in America (SB & H) (3)
SOS 100: Introduction to Sustainability (G) (3)
TDM 480: Sustainable Tourism (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The environmental humanities certificate is available to all ASU undergraduate students.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** An undergraduate certificate can help in career advancement. Students who add this specialization in environmental humanities as a complement to their major program of study may become more marketable to employers.

Students who complete this undergraduate certificate often decide to pursue employment in environmental restoration planning, environmental protection or environmental communication.

## Ethics Certificate (LAETHCERT)

**Campus:** Tempe

**Description:** The ethics certificate program is designed to give students a richer understanding of systematic philosophical thinking about ethics. Students with majors in business, nursing, journalism and public administration as well as students planning to pursue legal careers, among others, may well find that training in ethics is beneficial to their career goals.

The certificate program permits some flexibility regarding course selection, thereby facilitating particular student interests.

**Program Requirements:**
The certificate in ethics consists of 18 credit hours. All courses must be passed with a minimum grade of "C" (2.00 on a 4.00 scale). At least 12 credit hours must be upper division. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences.

Core Course (choose one) -- 3 credit hours
PHI 335: History of Ethics (HU) (3)
PHI 337: Ethical Theory (HU) (3)
PHI 338: Metaethics (3)

Electives (choose five) -- 15 credit hours
PHI 105: Intro to Ethics (HU) (3)
PHI 107: Introduction to Philosophy of Sex and Love (HU) (3)
PHI 120: Introduction to Medical and Bioethics (HU) (3)
PHI 304: Existentialism (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 307: Philosophy of Law (HU) (3)
PHI 310: Environmental Ethics (HU) (3)
PHI 320: Bioethics (HU) (3)
PHI 324: Existential Ethics (HU) (3)
PHI 326: Philosophy of Happiness (HU) (3)
PHI 335: History of Ethics (HU) (3)
PHI 336: Social and Political Philosophy (HU) (3)
PHI 337: Ethical Theory (HU) (3)
PHI 338: Metaethics (3)
PHI 347: Philosophical Theories of Constitutional Law (3)
PHI 360: Business and Professional Ethics (HU) (3)
PHI 370: Sports Ethics (HU) (3)
PHI 405: Moral Psychology (3)
PHI 406: Moral Dilemmas (L or HU) (3)
PHI 408: Feminist Ethics (HU) (3)
PHI 409: Eco-Community Ethics (HU) (3)
PHI 420: Blame (3)
PHI 420: Disaster Ethics (3)
PHI 420: Ethics, Big Data and AI (3)
PHI 420: Ethics in Plato & Aristotle (3)
PHI 420: Ethics of Sustainability (3)
PHI 420: Feminist Philosophical Literature (3)
PHI 420: Foundations of Bioethics (3)
PHI 420: Justice (3)
PHI 420: Medical Ethics (3)
PHI 420: Normative Ethics (3)
PHI 420: The Philosophy of Dehumanization (3)
PHI 420: Political Philosophy and Pandemic Ethics (3)
PHI 420: Positive Moral Philosophy (3)
PHI 420: Topics: Race, Gender & Disability (3)
PHI 420: Stoicism (3)
PHI 420: Well-Being: Philosophy of Happiness (3)
PHI 420 is a variable topics course that may be taken more than once, so long as the topics are different. Only topics related to ethics will apply to the certificate.

One course outside the list of electives, and perhaps outside the PHI subject code, may be used with written approval of the director of undergraduate studies.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Incompatible Majors: BA in philosophy (morality, politics and law)

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
•Students will be able to evaluate how well different normative ethical theories such as consequentialism, deontology and virtue theory provide moral standards that dictate which (if any) actions are right and wrong or how well different metaethical theories such as realism, expressivism, relativism, nihilism, compatibilism or incompatibilism account for the meaning and truth of moral claims.

•Students will be able to apply leading ethical theories to practical ethical questions that arise in life.

**Career Opportunities:** An undergraduate certificate can advance students' career options.

Students become more marketable to employers when they complement their major program of study with this specialization in ethics. The certificate is evidence of analytical, reasoning and writing skills and competence in areas of increasing concern to employers, such as ethics, public policy and justice.

Students who complete the ethics certificate often decide to pursue careers in business, law, policy or politics. Advanced degrees or certifications may be required for academic or clinical positions.

## Ethnic Studies Certificate (ASETHCERT)

**Campus:** West

**Description:** The certificate program in ethnic studies explores the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The coursework combines topics in the humanities, arts and social sciences, and instruction is given on methods to critically analyze racial, ethnic, gender and sexual identities; transnational movements; and diverse forms of cultural, literary and political expression.

The certificate in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs, and it is offered by the School of Humanities, Arts and Cultural Studies.

**Program Requirements:**
The certificate in ethnic studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Up to six credit hours may be shared between a major and the certificate. Up to three credit hours of individualized instruction may be applied toward the certificate.
Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. All courses in the certificate must be passed with a minimum grade of "C" (2.00).

Required Courses -- 6 credit hours
ETH 100: Ethnic and Indigenous Lives (SB & C) (3)
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper-Division Electives -- 12 credit hours
AMS 332: Studies in Race and Ethnicity (3)
ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)
ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
ENG 338: Protest Literature (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
ENG 420 / IAS 420: Multicultural Autobiographies ((L or HU) & C) (3)
ENG 462: Africana Literature (HU & G) (3)
ENG 463: African American Literature (3)
ENG 476: Studies in Folklore (3)
ETH 353 / ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ETH 354 / ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
ETH 428 / AMS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)
ETH 430 / WST 430: Gender on the Borderlands (SB & G) (3)
ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
ETH 450: Latina/os, Schooling and Social Inequality (C) (3)
ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
ETH 499: Individualized Instruction (3)
HST 419: 20th Century Chicano/a History (C) (3)
IAP 302: Cross-Cultural Perspectives on the Arts (L or HU) (3)

IAP 464: Media and Diversity (HU & G) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students who wish to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the certificate is added to the student's program of study.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This program prepares students for careers, or for graduate school, in a variety of fields, including business, health care, criminal justice, social services, education, public relations, community development, public policy and government. Potential careers include community health worker, social and community service manager, secondary and high school teacher, and journalist.

## European Studies Certificate (LAESCERT)

**Campus:** Tempe

**Description:** The European studies certificate program provides a broad overview of the European countries, from their natural environment to their cultural, demographic, economic and political aspects. The pressing issues facing Europe today reveal both its tremendous diversity and the globalizing elements that invite investigation.

This certificate, a transdisciplinary collaboration involving several faculties of the School of International Letters and Cultures and other ASU faculty engaged in the study of Europe, serves a diverse population of students who would like to enhance their knowledge of European cultures for both academic and professional purposes.

The program focuses on the interconnectedness of knowledge involving European cultures, politics, religions, ethnicities, social-economic justice and sustainable solutions to old and new challenges and divisions in today's Europe. It also develops students' ability to analyze the historical development of the region and its exchanges with other world cultures. Students analyze what it meant to be European in the past and what it means today and how that knowledge can be applied to contemporary political and cultural debates as well as to professional opportunities in the region.

**Program Requirements:**
The certificate requires 15 credit hours of upper-division coursework. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Course -- 6 credit hours
GCU 325: Geography of Europe (SB & G) or POS 352: European Democracies (3)
SLC 429 / ENG 429 / THE 429: What is Europe? (3)

Electives (choose two) -- 6 credit hours
FRE 321: French Cultural Masterpieces I ((L or HU) & H) (3)
FRE 322: French Cultural Masterpieces II (L or HU) (3)
FRE 414 / ITA 414 / SLC 414: French and Italian Popular Culture ((L or HU) & G) (3)
FRE 415: French Civilization I (HU) (3)
FRE 416: French Civilization II (HU & G) (3)
FRE 494 / ITA 494: Paris & Florence in the Middle Ages (1100-1500) or SLC 494: Paris and Florence in the Middle Ages (1100-1500) (3)
GCU 325: Geography of Europe (SB & G) (3)
GCU 426: Geography of Russia and Surroundings (SB & G) (3)
GER 416: German Civilization (HU & H & G) (3)
GER 422: German Literature Survey, 1800-Today (L or HU) (3)
GER 445 / FMS 445: Holocaust, War and German Memory (HU) (3)

GER 446: Weimar-Era German Film (3)
GER 447 / SLC 447: German Modernism (3)
GRK 344 / LAT 344 / SLC 344: Classics and Comics (HU) (3)
GRK 347 / HST 347 / SLC 345: Ancient Greece I: Bronze Age through the Peloponnesian War (SB & H) (3)
GRK 360 / LAT 360 / SLC 360 / HST 397: Greece and Rome at War (3)
GRK 362 / SLC 362 / REL 360: Ancient Greek Religion (HU) (3)
HST 304 / JST 304: Studies in European History (3)
HST 351: Renaissance Europe ((L or HU or SB) & H) (3)
HST 352: Europe's Reformations ((L or HU or SB) & H) (3)
HST 353: Old Regime in Europe (SB & H) (3)
HST 354: Revolutionary Europe (SB & H) (3)
HST 355: Total War and the Crisis of Modernity (SB & G & H) (3)
HST 356: Europe since 1945 (SB & G & H) (3)
HST 359: Jewish History from 1492 to 1948 (SB & G & H) (3)
HST 361 / REL 374: Witchcraft and Heresy in Europe ((L or HU) & H) (3)
HST 362: Sex and Society in Classical and Medieval Europe (SB & H) (3)
HST 363: Sex and Society in Early Modern Europe ((HU or SB) & H) (3)
HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)
HST 368: Culture and Imagination in European History (HU & H) (3)
HST 370: Eastern Europe in Transition (SB & G & H) (3)
HST 373 / LAT 373 / SLC 373: Roman History I: Foundations and Republic (3)
HST 374 / LAT 374 / SLC 374: Roman History II: The Roman Empire (HU & H) (3)
HST 427: French Revolution/Napoleonic Era (SB & H) (3)
HST 429: Modern Germany (SB & G & H) (3)
HST 432: Eastern Europe the Balkans, 20th Century (G & H) (3)
HST 465: Women in Europe, 1750 to Present ((HU or SB) & H) (3)
HST 495: Holocaust (L) (3)
ITA 315: Italian Culture: The Good, The Bad and The Ugly (HU & G) (3)
ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) (3)
ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)
ITA 350 / SLC 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)
ITA 423 / SLC 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)
POS 352: European Democracies (3)
POS 356: European Union (SB & G) (3)
REL 312: History and Memory of the Holocaust (3)
REL 377: Religion in Russia (HU & H) (3)
REL 382: Magick, Religion and Science (L or HU) (3)
RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)
RUS 430: Russian Short Story (L or HU) (3)
RUS 440: Russian Mass Media (G) (3)
SLC 442 / ROM 442: Dracula and Vampire Lore ((L or HU) & G & H) (3)
SPA 425: Understanding Spain: Literature and Culture Before 1700 (L or HU) (3)
SPA 426: Literature and Society in Modern Spain (HU) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

Capstone Experience (choose one) -- 3 credit hours
Upper Division Capstone Experience (3)
Students select Capstone Experience from list below in consultation with the European studies certificate faculty coordinator and academic advisor.

Students may use credit earned on a study abroad program in a European country. Placement of the credit must be reviewed and approved by the European studies certificate faculty coordinator and the academic advisor.

Professional Seminar
SLC 498: Pro-Seminar (3)
SPA 498: Pro-Seminar (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in European studies with their major program of study may become more marketable to employers. They often decide to pursue employment in education, political analysis, tourism and hospitality or marketing.

## Evolutionary Medicine Certificate (LAEVMDCERT)

**Campus:** Tempe, Online

**Description:** With rising need for health science-related skills and an aging population in the United States, innovations in health and medicine are in demand. Evolutionary medicine is a new and burgeoning field situated between the life and social sciences that seeks to integrate the fields of evolutionary biology, genetics, medicine, global health and public health to transform our understanding of disease and improve human health.

In this certificate program, students learn how to integrate perspectives from across fields to answer questions about health and disease in the context of human life history. They are introduced to integrated approaches within the biological and social sciences that are capable of addressing an emerging, anticipated public need such as reemerging infectious disease, challenges with vaccines, the expansion of chronic disease and other growing public health crises.

**Program Requirements:**
The certificate in evolutionary medicine consists of 15 credit hours, at least 12 of which must be upper division. All 15 credit hours must be completed at ASU. A grade of "C" (2.00 on a 4.00 scale) or higher is required for all courses used toward the certificate.

Required Courses -- 6 credit hours
ASM 403 / BIO 403: Evolutionary Medicine and Global Health (3)
BIO 408 / ASB 408: Advanced Evolutionary Medicine (3)

Electives (choose three) -- 9 credit hours
A minimum of six credit hours of electives must be upper division.
ASB 250 / BIO 250: Introduction to Evolution and Medicine (SB & G) (3)
ASB 448 / BIO 448: Maternal and Child Health (3)
ASB 462: Medical Anthropology: Culture and Health (SB & C) (3)
ASM 246: Human Origins (SB) (3)
ASM 342 / BIO 327: Evolution of Human Behavior (3)
ASM 345: Disease and Human Evolution (3)
ASM 394 / BIO 394: Ecology and Evolution of Infectious Diseases (3)
ASM 401: Health and Human Biology (3)
ASM 446 / BIO 446: Principles of Human Genetics (L) (3)
ASM 456: Infectious Disease and Human Evolution (3)
ASM 494 / BIO 494: Evolution and Mental Disorders (3)
BIO 302: Cancer--Mother of All Diseases (L) (3)
BIO 318 / HPS 331: History of Medicine (HU & H) (3)
BIO 345: Evolution (3)

BIO 394 / PSY 394: Introduction to Evolutionary Psychology (3)
BIO 440 / MBB 440: Functional Genomics (3)
BIO 462: Endocrine Physiology (3)
MBB 445 / MIC 445: Techniques in Molecular Biology/Genetics (3)
MIC 205: Microbiology (SG) or MIC 220: Biology of Microorganisms (3)
MIC 314: HIV/AIDS: Science, Behavior, and Society (3)
MIC 425: Advanced Immunology (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Graduates who have combined the certificate in evolutionary medicine with their major program of study may become more marketable to employers. They often decide to pursue employment in evolutionary biology, genetics, medicine, global health or public health.

Advanced degrees or certifications may be required for academic or clinical positions.

## Family Communication Certificate (ASFAMCCERT)

**Campus:** West

**Description:** The certificate program in family communication focuses on issues affecting communication within the family, and it complements the current communication program by bringing together an array of courses that have implications for the family unit, such as courses in new media and health. Students are encouraged to also take courses in other disciplines that complement family-related communication courses.

This program is offered by the School of Social and Behavioral Sciences.

**Program Requirements:**
The certificate in family communication consists of 19 credit hours (a minimum of 12 credit hours must be upper division). Six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. Six credit hours may be shared with major requirements. Four courses must be selected from at least two content areas listed. All courses used to satisfy requirements for the certificate must be passed with a "C" or better.
The courses listed are suggested and actual courses should be selected in conjunction with an academic advisor. A one credit hour exit portfolio is required and may be taken after a minimum of 12 hours toward the certificate has been completed.

Required Courses -- 6 credit hours
COM 312: Communication, Conflict, and Negotiation or COM 410: Interpersonal Communication Theory and Research (SB) or COM 417: Communication and Aging (3)
COM 411: Communication in the Family (SB) (3)

Content Area Courses -- 12 credit hours
Content Area Course (6)
Upper Division Content Area Course (6)
Select four courses from at least two content areas. At least six hours must be upper division. Listed courses are suggestions; courses for the certificate should be selected in conjunction with the certificate advisor.

Social and Cultural Elements of the Family
AFR 370: Family Ethnic and Cultural Diversity (SB & C) (3)
ASB 346: Marriage and Family Diversity (SB & C) (3)

ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)
COM 310: Relational Communication (SB) (3)
COM 316: Gender and Communication (SB & C) (3)
COM 410: Interpersonal Communication Theory and Research (SB) (3)
COM 432: Forgiveness and Reconciliation (3)
FAS 301: Introduction to Parenting (3)
FAS 331: Modern Family Relationships (SB) (3)
FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)
FAS 435: Advanced Topics in Modern Family Relationships (L or SB) (3)
PSY 385: Psychology of Gender (SB) (3)
SOC 315: Sociology of Dating, Relationships and Marriage (SB) (3)
SOC 415: The Family (SB) (3)

Health and Family Development
CDE 430: Infant and Toddler Development in the Family (SB) (3)
COM 417: Communication and Aging (3)
CRJ 204: Juvenile Justice (3)
FAS 332: Human Sexuality (SB) (3)
FAS 436: Sexuality in Mid-Life and Beyond (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 443: Child and Adolescent Psychological Disorders (L or SB) (3)
PSY 444: Adolescent Psychology and Psychopathology (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 312: Adolescence (SB) (3)

Technology, Media and the Family
COM 416: Gender and Race in the Media (3)
COM 424: Television Studies and Criticism (3)
COM 457: New Media (3)
COM 471: Global Media and Cultural Identity (G) (3)
ENG 244: Introduction to Researching Family History (3)
MCO 473: Sex, Love, and Romance in the Mass Media (SB) (3)

Community Application
COM 314: Inner-City Families: The Cycle of Poverty (3)
COM 484: Internship (3)

Family Communication Portfolio -- 1 credit hours
COM 485: Communication Portfolio (1)
Notes: The communication portfolio is a synthesis of the student's family communication academic experience. The portfolio itself integrates each student's experience with theory and concepts from coursework. The portfolio may take a variety of forms, to be negotiated by each student and the instructor. This course is to be taken after a minimum of 12 credit hours toward the certificate have been completed.

Listed courses are suggestions; courses for the certificate should be selected in conjunction with the certificate advisor.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in family communication is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Social and Behavioral Sciences to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This is a valuable certificate for students planning to enter careers or graduate study in fields like psychology, counseling, family studies, social work, medicine or nursing, law, aging, pastoral care, human services, media or communication technology.

## Field Geology Certificate (LAFDGCERT)

**Campus:** Tempe

**Description:** The certificate program in field geology prepares undergraduate students with the core knowledge base and field experience to identify, describe, collect and interpret a variety of types of geological field data.

**Program Requirements:**
The certificate requires a minimum of 15 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses -- 9 credit hours
GLG 310: Structural Geology (3)
GLG 452: Field Geology II (L) (3)
GLG 455: Advanced Field Geology (3)

Electives (choose two) -- 6 credit hours
GLG 362: Geomorphology (3)
GLG 420: Volcanology (3)
GLG 424: Petrology (3)
GLG 435: Sedimentology and Stratigraphy (3)
GLG 489: Field Geochemistry (L) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.
Courses not completed at ASU must be approved for use in this certificate.

**Enrollment Requirements:** Additional enrollment requirements include completion of the following courses or their equivalencies with a "C" or better (scale is 4.00 = "A"):

GLG 101 Introduction to Geology I (Physical) and GLG 103 Introduction to Geology I Lab or
SES 121 Earth, Solar System and Universe and SES 123 Earth, Solar System and Universe Lab
AND GLG 321 Mineralogy and GLG 451 Field Geology I.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students who complete this undergraduate certificate possess a strong field-based background, required for many entry-level jobs in resource mining, geotechnical and environmental consulting companies. It also is a strong asset for acceptance into many graduate research programs in the earth sciences.

Career opportunities include:

- geologic materials technician
- geologic sample test technician
- geoscientists
- geotechnician
- mining and geological engineers

Sample career settings include:

- environmental industry
- geotechnical industry
- mining and petroleum industries

## Film and Video Studies Certificate (ASVIDCERT)

**Campus:** West

**Description:** In this interdisciplinary film and video studies certificate program, students explore film theory and the practice of the moving image and have an opportunity to develop their interests, skills and understanding of the forms, channels, technologies and histories of the media arts.

Coursework helps students become more astute critics of film and media arts. They learn about the history of film, television and video arts as well as their place in social, cultural and political expression. Students also strengthen their critical thinking skills through an analysis of the ongoing philosophical, aesthetic, political and technological debates about film, media and video.

**Program Requirements:**
The certificate in film and video studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students choose a focus in either film studies, or media and video studies. The film studies emphasis focuses on the impact of film and video. The media and video studies emphasis is concerned with the rendering of film and video. All courses used to satisfy the requirements for this certificate must be passed with a minimum grade of "C" (2.00) or better.

Core Requirement -- 3 credit hours
IAP 201: Introduction to Interdisciplinary Arts (HU) (3)

Foundation Requirement -- 3 credit hours
IAP 103: Foundations I: Interdisciplinary Art Practice (3)

Emphasis Tracks
Film Studies Emphasis - students will choose six credit hours from the Applied/Practical course list and three credit hours from the Theoretical, Conceptual and Historical course list.
Media and Video Studies Emphasis - students will choose nine credit hours from the Theoretical, Critical, Performance and/or Production course list.

Film Studies Emphasis: Applied/Practical Courses (choose two) -- 6 credit hours
COM 335 / IAP 335: Acting for the Camera (3)
COM 429: Semiotics and Visual Communication (3)
IAP 322: Multitrack Digital Recording (3)
IAP 361: Digital Editing and Media Literacy (CS) (3)
IAP 364: Documentaries (3)
IAP 366: 3D Modeling and Media Literacy (3)
IAP 467: Acoustic Ecology (3)
IAP 474: Art and Film (L or HU) (3)

Film Studies Emphasis: Theoretical, Conceptual and Historical Courses (choose one) -- 3 credit hours
ENG 365: History of Film (HU) (3)
IAP 364: Documentaries (3)
IAP 465: Media Technologies and the Arts (3)
IAP 473: Aesthetic Research (L or HU) (3)

Media and Video Studies Emphasis: Theoretical, Critical, Performance and/or Production Courses (choose three) -- 9 credit hours
COM 335 / IAP 335: Acting for the Camera (3)
COM 429: Semiotics and Visual Communication (3)
ENG 365: History of Film (HU) (3)
IAP 325: Sound Performance: Exploring Alternative Performance Groups (3)
IAP 334: Conceptual Development in the Arts (3)
IAP 361: Digital Editing and Media Literacy (CS) (3)
IAP 364: Documentaries (3)
IAP 366: 3D Modeling and Media Literacy (3)
IAP 465: Media Technologies and the Arts (3)
IAP 467: Acoustic Ecology (3)
IAP 469: Advanced Audio Production (3)
IAP 473: Aesthetic Research (L or HU) (3)
IAP 474: Art and Film (L or HU) (3)
IAP 494: Advanced Video Production (3)

Capstone -- 3 credit hours
IAP 480: Art as Praxis: From Conceptualization to Production (3)
The project should reflect the integration of coursework with creative initiative to generate a product that stands alone as a piece of original work.
*For the Film Studies Emphasis, the project will focus on an intellectual analysis of some dimension of film products, reception, institutions, economics, and so forth.
*For the Media and Video Studies Emphasis, the project may be intellectual or creative (performance or production) in nature. Projects will be examined and evaluated by at least one faculty member involved in the film and video studies certificate.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in film and video studies is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate in film and video studies helps students prepare for such careers as editors, art directors, video producers and directors, video and interdisciplinary project directors, and digital media specialists in areas such as video and film production, film studies, media studies or digital design. The valuable skills students gain through the program also prepare them for graduate study.

## Food Industry Management and Marketing Certificate (BAFIMMCERT)

**Campus:** Polytechnic

**Description:** The certificate program in food industry management and marketing allows business and nonbusiness students the opportunity to acquire specialized business skills, providing them with a competitive advantage for employment with firms and agencies that operate within the global food industry.

The certificate program explores the role that consumers' food choices and purchases play in the allocation of resources throughout the food chain, from farm to retail.

Upon completion of the program, students have a deep understanding of the business, economic and market environments of the global food industry, with particular emphasis on food marketing and distribution.

**Program Requirements:**
The food industry management and marketing certificate requires 15 credit hours and is available to all majors. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

Required Course -- 3 credit hours
AGB 250: Economics of Resource Allocation: Food and Agriculture or AGB 302: International Management and Agribusiness (G) (3)

Required Marketing Course (choose one) -- 3 credit hours
MKT 300: Marketing and Business Performance (3)
MKT 302: Applied Marketing Management and Leadership (L) (3)
MKT 303: Honors Marketing Theory and Practice (L) (3)
MKT 390: Essentials of Marketing (3)

Electives (choose three) -- 9 credit hours
AGB 100: Introduction to Agribusiness (3)
AGB 370: Food Retailing Strategy Development and Case Competition (3)
AGB 414: Food and Agribusiness Policy Issues (L) (3)
AGB 420: Food Advertising and Promotion (3)

AGB 425: Food Supply Networks (3)
AGB 435: Commodity Futures and Options Markets (3)
AGB 445: Food Retailing (3)
AGB 452: Global Food and Agricultural Trade (3)
AGB 456: Food Product Innovation and Development (3)
AGB 481: Strategic Pricing in Food Markets (3)
AGB 494: NAMA Marketing Plan (3)
BUS 424: Sales and Negotiations (3)
BUS 434: Business Risk Management (3)
TGM 460: Global Risk Assessment and Management (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.
The program is offered at ASU's Polytechnic campus, but students may choose to take the entire certificate in iCourse format.

**Enrollment Requirements:** Students majoring in food industry management are not eligible to pursue this certificate.

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. The certificate in food industry management and marketing helps students develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Students who complete this undergraduate certificate often decide to pursue employment in management, marketing, and sales. Advanced degrees or certifications may be required for academic or clinical positions.

## Gender, Women and Sexuality Studies Certificate (ASWSTCERT)

**Campus:** West

**Description:** The certificate program in gender, women and sexuality studies examines the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The program combines interdisciplinary topics and methods to critically analyze, unpack and address how relations of gender are embedded in and connected to social, political and cultural transformations. The intellectual core draws from theories, methods and teachings in women and gender studies while engaging complementary fields of social justice, cultural studies, sexuality studies, queer studies, literature, history, sociology, psychology, oral history, ethnicity, race and indigenous studies, and transnational studies.

**Program Requirements:**
The certificate in women and gender studies consists of 18 credit hours. A minimum of 12 credit hours must be upper division. Six upper-division credit hours must be taken through courses offered by the School of Humanities, Arts and Cultural Studies. Courses should be chosen in consultation with an academic advisor prior to enrollment. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)
WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Electives -- 12 credit hours
Courses used for Core Requirements cannot also be used to satisfy the Elective Requirements.
AMS 334 / ETH 333 / WST 334: Class in America (SB) (3)
ENG 220 / WST 220: Gender, Media and Culture (HU & C) (3)
ENG 336 / WST 330: Women, Film and Culture (SB & C) (3)

ENG 364: Women and Literature (HU) (3)
ENG 443 / WST 415: Gender, Culture and Literacy (3)
ENG 454 / WST 454: Gender and Literature (L or HU) (3)
ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
HST 328: Women in U.S. History, 1880-1980 ((HU or SB) & C & H) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
WST 333: Critical Perspectives on Sexuality (SB & C) (3)
WST 370: Chronicling Women's Lives (HU & C) (3)
WST 376: Feminist Theory (H & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 390 / REL 390: Women, Gender and Religion (HU & G) (3)
WST 428: Gender, Madness and Justice (SB) (3)
WST 430: Gender on the Borderlands (SB & G) (3)
WST 444: Gender, Health, and Bodies (SB) (3)
WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)
WST 457: Women, Cultures, and Societies (SB & G) (3)
WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)
WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This program prepares students for graduate study or a variety of fields including business, health care, criminal justice, social services, education, public relations, nonprofits, community development, public policy and government. Possible careers include community health workers, secondary school teachers, human resource managers, probation officers, social and community service managers, writers and academia.

## Gender, Women and Sexuality Studies Certificate (LAWSTCERT)

**Campus:** Tempe

**Description:** The gender, women, and sexuality studies certificate program provides students with an intersectional approach to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts. This program enables students to write well, think critically and analyze problems effectively.

**Program Requirements:**
The gender, women and sexuality studies certificate requires a minimum of 18 credit hours, of which at least 12 must be completed at the upper-division level. Each course must be completed with a a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours
WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Elective Core Course -- 3 credit hours
WST 377: History of American Feminist Thought (H & C) or WST 378: Global Feminist Theory (L & G) (3)

Electives -- 12 credit hours
WST Elective (3)
WST Upper Division Elective (9)

WST 100 and WST 300 cannot be used to fulfill the elective requirement.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Analyze the ways in which gender intersects with other social locations in shaping ideology, as well as social, political and cultural institutions.
- Demonstrate an understanding of key concepts, critical debates and interdisciplinary approaches and methodologies that have shaped the field of women and gender studies.

**Career Opportunities:** Graduates who have combined the certificate in gender, women and sexuality studies with their major program of study may increase their marketability to employers.

Graduates often decide to pursue employment in law, education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

## Geographic Information Science Certificate (LAGISCERT)

**Campus:** Tempe, Online

**Description:** The geographic information science undergraduate certificate program pairs the practical skill of geographic information science with the conceptual knowledge of geographical problem-solving and of spatial thinking.

**Program Requirements:**
The certificate requires 20 credit hours with a grade of "C" (2.00 on a 4.00 scale) or higher. At least 12 of the 20 credit hours must be upper division.

Geographic Information Science Core -- 11 credit hours
GIS 205: Geographic Information Science I (CS) (3)
GIS 211: Geographic Information Science II (CS) (4)
GIS 311: Geographic Information Science III (CS) (4)

Upper Division GIS Electives -- 6 credit hours
GIS Upper Division Elective (6)

Upper Division Related Coursework -- 3 credit hours
GCU OR GIS OR GPH OR PUP OR CEE OR CSE OR EEE OR EGR OR FSE OR IEE Upper Division Elective (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU degree-seeking students
The BS in geographic information science is incompatible with this certificate program.

Nondegree-seeking students
This certificate is available through the Pathways for the Future program (https://pff.asu.edu/). Applicants without a bachelor's degree are eligible to apply for, and receive, this certificate through the Pathways for the Futures program. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

**Attend Online:**

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/geographic-information-science-undergraduate-certificate/) for program descriptions and to request more information.

**Career Opportunities:** Geographic information science is one of the fastest growing segments of the economy, and employment possibilities can be found across the private sector as well as in many government agencies at the local, state and national levels.

Students who paired this geographic information science certificate with their degree program have added to their knowledge and abilities the highly desirable skills in:

- analysis
- computer programming
- problem solving
- statistics

Application of these skills can be used in many fields, among them:

- health care
- nonprofit
- real estate
- retail
- utilities

## Global Management Certificate (TBTGMCERT)

**Campus:** Downtown Phoenix, West

**Description:** Research from McKinsey and Company, a highly respected consulting firm, indicates that in the near future, almost 40% of the growth globally will result from just 400 cities in emerging markets around the world.

This undergraduate certificate program in global management provides broad-based training in global business and global studies that helps prepare students for a global management career. It offers unique courses that integrate an in-depth understanding of the political, economic and cultural aspects of doing business in specific regions with tools to assess business trends in specific countries.

Thunderbird School of Global Management has produced unique leaders for more than 70 years. Home to the BGM and BS in international trade, the school's innovative and practical curriculum complements a strong core of global business management skills, international political economy and cross-cultural training, with a transdisciplinary approach. The alumni network has over 45,000 graduates across 170 chapters around the globe.

**Program Requirements:**
The global management certificate requires 18 credit hours as outlined below, with a minimum of 12 upper-division credits. Students are encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.

Required Course -- 3 credit hours
TGM 101: Principles of Global Management (G) (3)
It is recommended that students take TGM 101 prior to or concurrently with other TGM courses.

Electives -- 15 credit hours
TGM 204: Principles of Marketing for Global Organizations (3)
TGM 300: Principles of Finance for Global Organizations (3)
TGM 310: Supply Chain Operations for Global Organizations (3)
TGM 312: Big Data in the Global Economy (3)
TGM 353: Regional Management Environment (G) (3)
TGM 468: States and Markets in a Global Economy (SB & G) (3)
TGM 478: Cross-Cultural Communication and Negotiation (3)
TGM 487: Global Entrepreneurship (3)
TGM 489: Multinational Organizational Leadership (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.
Study abroad or international experience is encouraged but not required. Consider ASU Global Education Office opportunities.

**Enrollment Requirements:** Incompatible Majors: BGM in global management; BS in international trade.

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Demonstrate enhanced ability to think analytically in a global context.
- •Demonstrate in-depth knowledge of at least one region of the world.
- •Demonstrate enhanced ability in Global Entrepreneurship.

**Career Opportunities:** Graduates who have combined the certificate in global management with their major program of study may become more marketable to employers. They often decide to pursue employment in corporations, governments or nonprofits in positions such as business analyst, global entrepreneur or marketing manager.

Advanced degrees or certifications may be required for academic or clinical positions.

## Globalization and Culture Certificate (LAGLCCERT)

**Campus:** Tempe
ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.
**Description:** The globalization and culture certificate program offers students the opportunity to increase their understanding of the cultural dimensions of globalization, in the context of economic, political and social changes in the world today.

This certificate program provides an interdisciplinary approach to understanding the phenomenon of globalization, including the historical, political, cultural and social forces that shape contemporary globalized society. It draws on courses from several colleges and academic units and emphasizes studies related to the history and culture of globalization, conflict and contact between regions of the world, and questions related to language and identity.

**Program Requirements:**

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in globalization and culture with their major program of study may be more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality or marketing.

## Hazardous Materials and Waste Management Certificate (TSETMCERT)

**Campus:** Polytechnic

**Description:** The certificate program in hazardous materials and waste management is designed to provide current and prospective employees of industry and government with a comprehensive and practical curriculum of study in hazardous materials management. The certificate program features instruction by faculty, attorneys and professionals who work in the specific area in which they teach.

Students enrolled in this certificate program are offered several industry-required courses by the Environmental and Resources Management professional development program targeted to environmental professionals who engage in management and transportation of hazardous materials and waste: the OSHA-mandated 40 hour Hazardous Waste Operations and Emergency Response course; the 16 hour Initial Hazardous Materials Transportation Certification course; and the corresponding eight-hour refresher courses. To support their professional development, these training courses are provided for certificate students at less than 15% of the actual cost.

**Program Requirements:**
The certificate in hazardous materials and waste management requires 18 credit hours. Students must complete six selected courses (four required and two electives) and earn a grade of "C" (2.00 on a scale of 4.00) or higher to receive the certificate.

Core Courses -- 12 credit hours
ERM 203: Environmental Regulations (3)
ERM 401: Hazardous Waste Management (3)
ERM 406: Environmental Chemistry (3)
ERM 407: Occupational Hygiene (3)

Elective Courses -- 6 credit hours
ERM 3** Elective or ERM 4** Elective ( ERM 402 OR ERM 432 recommended) (6)
Please note - ERM 402 has a prerequisite of ERM 302.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in hazardous materials and waste management is available to all ASU students in good standing, except those pursuing any program in environmental and resource management.

To add the certificate in hazardous materials and waste management, a student must hold, at minimum, junior status and have a minimum cumulative GPA of 2.00.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates with the skills gained in this certificate program are in high demand and can find work in industry, governmental management and regulatory agencies or in policymaking organizations.

Graduates are firmly grounded in the scientific, technical and legal problems facing hazardous waste managers in today's business climate. They are prepared to be waste, health and safety professionals in industrial settings such as manufacturing, mining, oil and gas or environmental engineering consulting firms. They also assure compliance with OSHA and EPA requirements in manufacturing operations, water and wastewater treatment facilities, or local governments. On the regulatory side, graduates work for agencies such as the U.S. Environmental Protection Agency or state and county departments of environmental quality.

## Health Care Policy and Delivery Certificate (NHHCPDCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in health care policy and delivery provides students an overview of principles related to health systems, management and program oversight in health care settings.

The curriculum focuses on the business of medicine, administration, leadership and policy. Students have the option of selecting an internship course to enhance their application of core concepts.

Those who complete the program and earn the certificate have broadened and expanded their competitiveness for employment and postgraduate degree programs.

**Program Requirements:**
The certificate requires a total of 18 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.
In order to enroll in HCD 402 and complete the certificate, students must first complete either ECN 211, ECN 212 or HCD 201.

Required Courses -- 15 credit hours
HCD 302: Health Care Management (3)
HCD 330: Health Care Systems in the U.S. (3)
HCD 332: Population Health Policy and Legislation (3)
HCD 402: Health Economics (3)
HCD 403: Process Engineering (3)

Elective  -- 3 credit hours
HCD 404: Advanced Concepts in the Science of Health Care Delivery (3)
HCD 484: Internship (3)
MED 450: Leadership and Professionalism (3)
PAF 311: Leadership and Change (SB) (3)
PAF 460: Public Service Ethics (3)
PBH 422: Health Disparities and Access to Health (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: BS in health care administration and policy; BS in health sciences

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who combined the certificate in health care policy and delivery with their major program of study may be more marketable to employers. The certificate broadens understanding of the business side of U.S. health care systems for those intending to be health educators or medical practitioners in private practice.

Entry-level positions in the field include program or clinical administration, advocacy or quality improvement.

## Health Education Specialist Certificate (NHHEDSCERT)

**Campus:** Downtown Phoenix

**Description:** Health education and health promotion professionals fill a critical role as they teach individuals how to stay well by living healthy lifestyles. They also help mobilize communities to advocate for and create healthy environments and champion health equity through policy, advocacy and environmental change.

In this certificate program, students learn how to plan, implement, manage and evaluate health promotion programs that improve health outcomes and prevent chronic and infectious disease.

This certificate enables students to sit for the certified health education specialist exam through the National Commission for Health Education Credentialing (https://www.nchec.org/ (https://www.nchec.org/)). CHES is a globally recognized credential for health professionals. Having CHES

certification provides a competitive edge in the job market, and individuals who have earned the CHES credential can identify themselves as a certified health education specialist.

**Program Requirements:**
The certificate requires a total of 25 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.
In order to receive the certificate, students must complete their bachelor's degree at ASU along with all certificate requirements.

Required Courses -- 25 credit hours
CHS 340: Health Theory (3)
HEP 102: Foundations of Health Education and Health Promotion (3)
HEP 241: Health Education Methods for Injury Prevention and Preparedness (3)
HEP 251: Preventing HIV and Substance Misuse (3)
HEP 361: Digital Health Communication and Education (3)
HEP 452: Health Advocacy in Health Education (3)
HEP 454: Health Promotion Program Planning and Implementation (L) (3)
HEP 466: Health Promotion Program Management and Administration (3)
HEP 490: CHES Exam Preparation (1)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Employment of health educators is expected to grow much faster than the average for all professions, with the U.S. Department of Labor predicting a 17% increase in the field between 2020 and 2030. The need for quality health education specialists has never been more critical than it is today.

Health education specialists, also known as health educators, can work with nonprofit organizations, tribal nations, schools, hospitals, clinics, health departments, businesses and in the government.

Health education specialists could work at the CDC, American Heart Association, Army Wellness Centers, the American Red Cross or could join the Peace Corps.

Common job titles include community health educator, community outreach coordinator, wellness coordinator and prevention specialist.

Students who graduate from this program can hold an assortment of different jobs, such as lactation consultants, diabetes educators, cancer information specialists and grant writers.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Health and Wellness Coach Certificate (NHHWCCERT)

**Campus:** Downtown Phoenix, West

**Description:** The health and wellness coach certificate program brings together coursework from the disciplines of exercise and wellness, nutrition, behavioral health and coaching psychology to give students a strong background, perspective and practical experience in the techniques and methods used to decrease and prevent chronic disease risks.

Students learn evidence-based behavior change methodologies and practice coaching communication skills and strategies to influence sustainable healthy lifestyles. They learn to guide people through meaningful lifestyle changes by using concepts that emphasize evidence-based coaching and

behavioral practices as well as motivational interviewing techniques.

Students work with clients using learned health coaching techniques, and they develop the knowledge and skills to work with people who require lifestyle management strategies to improve their well-being. Faculty monitor the coaching sessions to provide feedback on how students may improve their coaching skills, and a final practical skills evaluation is completed to assess a student's health and wellness coaching ability.

**Program Requirements:**
The certificate requires a total of 24 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course..

Required Courses -- 21 credit hours
CHS 340: Health Theory or NTR 350: Nutrition Counseling (3)
EXW 325: Fitness for Life or EXW 335: Physical Activity and Physiological Concepts (3)
EXW 344: Impact of Physical Activity on Health and Disease (L) (3)
HSC 355: Eating for Lifelong Health (SB) (3)
HSC 440: Health Coaching Concepts and Skills (3)
HSC 441: Applied Health Coaching Techniques (3)
NTR 241: Human Nutrition (3)

Elective Course -- 3 credit hours
EXW 400: Stress Management for Wellness (3)
EXW 446: Worksite Wellness (3)
HCR 303: Assessing Needs, Assets and Capacity for Health Education (3)
HCR 342: Mind-Body and Energy Therapies and Modalities (3)
HEP 241: Health Education Methods for Injury Prevention and Preparedness (3)
HEP 251: Preventing HIV and Substance Misuse (3)
HEP 303: Human Sexuality for Health Education (3)
HEP 350: Substance Use and Addictive Behaviors (3)
HEP 361: Digital Health Communication and Education (3)
HEP 371: Conflict Management and Mediation and Violence Prevention (3)
HEP 380: Body Image and Wellness (3)
HEP 410: Obesity Perspectives and Prescriptions (3)
HEP 443: Emotional Health and Interpersonal Relationships (3)
HSC 300: Complementary Health Care (3)
NTR 345: Development of Healthy Cuisines (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 360: Nutrition Entrepreneurship (3)
PSY 304: Effective Thinking (L) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
•Apply evidence-based health and wellness coaching competencies to build a coaching relationship, and guide clients through enriched support for self-awareness and self-discovery.
•Implement health and wellness evidence-based interventions and strategies to elicit positive changes in individuals within the general population.

**Career Opportunities:** Students can become more marketable and advance their career options with this undergraduate certificate in health and wellness coaching that complements their major program of study. The certificate also provides them an opportunity to seek a national certification path.

Career options include:

- coaches and scouts
- community health workers

- fitness and wellness coordinators
- health care support workers

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## History and Philosophy of Science Certificate (LAHPSCERT)

**Campus:** Tempe

**Description:** The undergraduate certificate program in the history and philosophy of science is designed to give students an understanding of the traditional philosophical issues surrounding science and the historical development of concrete scientific theories and ideas.

Philosophical questions about how nature is understood through science and how scientific claims gain authority are enriched when they are considered in a historical context. Such philosophical and historical study also often includes the examination of contemporary sciences and their place within the larger society, including the study of bioethics, policy and law.

This certificate is a valuable addition for students in the sciences or humanities. It crosses disciplines to help students engage in unfamiliar and familiar paths of inquiry in new and interesting ways.

The program is offered by the School of Life Sciences.

**Program Requirements:**
The certificate requires 18 credit hours from the HPS and PHI subjects. At least 12 credit hours must be completed at the upper-division level and all courses counting toward the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours
PHI 314 / HPS 314: Philosophy of Science (HU) (3)

Electives (choose five) -- 15 credit hours
At least nine credit hours must be taken in upper-division HPS courses. Any upper-division HPS course may be used toward the certificate.
HPS Upper Division Elective (9)
PHI 103: Principles of Sound Reasoning (L or HU) (3)
PHI 310: Environmental Ethics (HU) (3)
PHI 319: Philosophy, Computing and Artificial Intelligence (CS) (3)
PHI 320: Bioethics (HU) (3)
PHI 325: Philosophy of Social Science (HU or SB) (3)
PHI 328: History of Ancient Philosophy (HU & H) (3)
PHI 329: History of Modern Philosophy (HU & H) (3)
PHI 330: Theory of Knowledge (HU) (3)
PHI 331: Philosophy of Language (HU) (3)
PHI 332: Metaphysics (HU) (3)
PHI 333: Symbolic Logic (3)
PHI 334: Philosophy of Mind (HU) (3)
PHI 401: Rationalism (3)
PHI 402: Empiricism (HU) (3)
PHI 403: Contemporary Analytic Philosophy (HU) (3)
PHI 413: Advanced Symbolic Logic (3)
PHI 420: Topics in Philosophy (3)

Other elective options may be applied with the approval of an academic advisor in the School of Life Sciences.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate.

Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in the history and philosophy of science with their major program of study may become more marketable to employers. They often decide to pursue employment in biology, medicine, law or ethics.

Advanced degrees or certifications may be required for academic, governmental or clinical positions.

## Homeland Security Certificate (PPHSLCERT)

**Campus:** Downtown Phoenix, Online

**Description:** The 21 credit hour homeland security certificate program provides students with the skills and credentials they need in order to enter fields specializing in homeland security.

Students receive extended education in topics such as domestic and international terrorism, cyber-terrorism and advanced crime.

**Program Requirements:**
Required Courses -- 15 credit hours
CRJ 100: Introduction to Criminal Justice (SB) (3)
CRJ 201: Criminal Justice Crime Control Policies and Practices (3)
CRJ 412: International Terrorism (3)
CRJ 417: Cyber Terrorism (3)
CRJ 419: Domestic Terrorism (3)

Electives (choose two) -- 6 credit hours
CRJ 422: Violence in America (3)
CRJ 455: Police and International Terrorism (3)
CRJ 456: Etiology of Martyrdom (3)
CRJ 462: Gangs (3)
CRJ 463: White Collar Crime (3)
CRJ 464: Organized Crime (3)

A grade of "C" (2.00 on a 4.00 scale) or better is required for all coursework.
Bachelor of Science in criminology and criminal justice majors who are also pursuing the Homeland Security certificate may not use CRJ 412: International Terrorism, CRJ 417: Cyber Terrorism, CRJ 419: Domestic Terrorism, CRJ 422: Violence in America, CRJ 455: Police and International Terrorism, CRJ 456: Etiology of Martyrdom, CRJ 462: Gangs, CRJ 463: White Collar Crime, and CRJ 464: Organized Crime toward both their major and the certificate. These courses will only be used toward the certificate requirements.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** There are no additional admission requirements other than those required for admission to ASU.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/undergraduate-certificate-homeland-security/) for program descriptions and to request more information.

**Career Opportunities:** Graduates of the homeland security certificate program find a strong job market in the public and private sectors.

Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) including Department of Homeland Security, U.S. Customs and Border Protection, and local and state-level law enforcement departments. Advanced degrees or certifications may be required for academic or clinical positions.

## Hospice and Palliative Care Certificate (NHHAPCCERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in hospice and palliative care provides future health and health care workers with the skills they need to lead and manage chronic and end-of-life care in a variety of settings, including home health care.

Students learn from interprofessional instructors who are involved in hospice and palliative care as physicians, social workers, nurses and bereavement counselors and who work with children and adults as well as meet with palliative care and hospice patients. Students receive specialized instruction on dementia and Alzheimer's disease and learn about how these contemporary issues are burdening our health care system under its current structure.

In addition, students have the opportunity to shadow health professionals and learn about their roles through field experience. Students finish their program of study by completing an internship at Hospice of the Valley, affording them the opportunity to help provide nonclinical care needs to patients and their families.

**Program Requirements:**
The certificate requires a total of 18 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course, with the exception of the MED 484 internship which is pass/fail.

Required Courses -- 12 credit hours
MED 325: Elements of Hospice and Palliative Care (3)
MED 375: Alzheimer's and Other Dementias (SB) (3)
MED 475: Palliative Care: Managing Complex Serious Illness (3)
MED 484: Internship (3)
Notes:  Directed by Dr. Gillian Hamilton at Hospice of the Valley. A minimum ASU cumulative GPA of 3.00 is required to enroll.

Electives -- 6 credit hours
HSC 410: Supporting the Health of Older Adults (3)
HSC 412: Health Issues in Later Life (3)
MED 445: Prevention and Management of Chronic Disease (3)
PSY 447: Psychology of Aging (SB) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 418: Aging and the Life Course (SB & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This undergraduate certificate provides students with an in-depth experience in health care settings and specialized training in hospice and palliative care. Students who wish to continue on to medical school or professional school, such as dental, pharmacy, and optometry school, can use this certificate as an additional credential with their degree in their application process.

## Human Rights Certificate (LAHRTSCERT)

**Campus:** Tempe

**Description:** The certificate program in human rights provides students with interdisciplinary tools and perspectives from history, law, political science, sociology and philosophy that can serve as a framework for thinking broadly and critically about human rights issues. Coursework and experiential learning opportunities prepare students for work protecting human rights, including:

- children's rights
- environmental human rights
- immigrant's rights
- the right to education
- the right to health care
- the right to housing
- the right to water and energy justice
- personal integrity rights
- sexuality rights
- worker's rights
- women's rights

**Program Requirements:**
Students must complete 18 credit hours of qualifying coursework, of which at least 12 credit hours must be upper division. At least 12 credit hours must be completed at ASU. Each course must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or better.

Global Politics of Human Rights (select one) -- 3 credit hours
JUS 352: The Global Politics of Human Rights (SB & G) (3)
POS 368: Ethics and Human Rights (3)
POS 480: Global Justice (G) (3)

Human Rights Institutions and Organizations (select one) -- 3 credit hours
JUS 355: Human Rights Organizations and Institutions (G) (3)
POS 465: International Organization and Law (SB & G) (3)
SGS 321: International Institutions and Global Governance (3)

Interdisciplinary Component -- 9 credit hours
Upper Division Human Rights Electives (9)
Students select three electives on current issues in human rights. Courses must be taken from at least two of the substantive areas listed below and from two or more subjects. Other course options may be approved by an academic advisor in the School of Social Transformation.

Marginalization and Human Rights
AFR 301 / JUS 300: Race and Racism in Africa/African Diaspora (SB & G) (3)
AFR 420 / JUS 421: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)
AIS 455: Human Rights and Cultural Resource Laws (3)
APA 330 / WST 331: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)

SGS 341: Humanitarian Crisis and International Intervention (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

Experiential Learning Component -- 3 credit hours
To better connect classroom learning with practical experience, students will be required to participate in either a for-credit internship with a human rights organization in the U.S. or abroad, or a Research Experience for Undergraduates (REU) under faculty supervision (honors thesis may substitute). A written component to the internship or REU is required.
JUS 484: Internship or JUS 498: Research Apprenticeship (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** In order to declare a certificate in human rights, students must first have a minimum of 30 earned credit hours.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Employ the core concepts and methods used in studying human rights in their written work.
- •Apply fundamental principles of human rights to research or community engagement.

**Career Opportunities:** Human rights training can lead to a rewarding and meaningful career path as well as a professional degree. The following list of career options is not exhaustive; each offers unique opportunities, requirements, strategies and tools for social change:

- human rights activism coordinator
- human rights advocacy officer
- human rights campaigner
- human rights educator
- human rights fundraising specialist
- human rights grant writer
- human rights lawyer or legal officer
- human rights policy analyst
- human rights program officer
- human rights researcher or research assistant

## Indoor Farming Certificate (LSIFRMCERT)

**Campus:** Polytechnic

**Description:** The future of farming may be vertical and urban. That future is now, and the novel indoor farming certificate program trains students and working professionals who have interests in cultivating crops indoors using technology enhancements including precise environmental control of temperature and lighting, sustainable energy management, and optimal nutrient amendment to achieve significant improvements in crop productivity, resource consumption and environmental impact.

This certificate program provides specific training in indoor crop production and management, including production of clean fruits, vegetables and ornamental plants. Through classroom instruction and hands-on laboratories, students gain knowledge and skills related to plant physiology, indoor crop production systems and facility management, which are necessary for the emerging indoor farming industry.

**Program Requirements:**
This certificate requires a minimum of 15 credit hours, including at least nine upper-division credit hours. Six credit hours must be taken from courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 6 credit hours
ABS 365: Future of Agriculture: Vertical Farming (3)
ABS 369: Hydroponic Food Crop Production (3)

Elective Courses -- 9 credit hours
At least three credit hours of certificate electives must be from upper-division courses.
ABS 260: Fundamentals of Sustainable Horticulture (SG) (4)
ABS 314: Applied Plant Physiology (3)
ABS 368: Plant Propagation (3)
ABS 394: Food and Human Health (3)
ABS 414: Plant Pathology (L) (3)
ABS 462: Greenhouse/Nursery Management (4)
ABS 464: Desert Horticulture (3)
AGB 100: Introduction to Agribusiness (3)
AGB 250: Economics of Resource Allocation: Food and Agriculture (3)
AGB 333: Agribusiness Finance (3)
AGB 425: Food Supply Networks (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Prior to adding the certificate, current ASU students are required to complete BIO 100 The Living World or BIO 181 General Biology I or BIO 182 General Biology II.

Nondegree-seeking students are required to have a BS degree.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. The certificate in indoor farming helps students become more marketable to employers when they have complemented their major program of study with this specialization.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in nursery and greenhouse management, plant science, or farm and ranch management. Advanced degrees or certifications may be required for academic or clinical positions.

# Informatics Certificate (ESCPICERT)

**Campus:** Tempe

**Description:** The certificate program in informatics teaches students to use computer technology to gather, synthesize, store, visualize and interpret information. These skills are critical to a broad range of disciplines.

This program provides students with an understanding of the capabilities and technologies of informatics as it applies to domain-specific problems in their field of study.

Graduates are able to understand and use methods for the basic computational principles behind the operation of communication, networking and interaction; decision-making and problem-solving; modeling, inference and visualization; representing, creating and running routine activities; and storing, indexing and retrieving information.

**Program Requirements:**
This certificate requires 21 credit hours of coursework, of which at least 12 must be upper division. Students complete 15 credit hours of required courses and select six credit hours of elective coursework. All courses must be passed with a "C" or better. At least 12 credit hours must be completed in residency at ASU.

Required Courses -- 15 credit hours
CPI 101: Introduction to Informatics (CS) (3)
CPI 200: Mathematical Foundations of Informatics (MA) (3)
CPI 220: Applied Data Structures and Algorithms or CSE 310: Data Structures and Algorithms (3)
Notes: CPI 220 is only offered in Fall semesters
CPI 350: Evaluation of Informatics Systems (3)
IEE 380: Probability and Statistics for Engineering Problem Solving (CS) or STP 420: Introductory Applied Statistics (CS) (3)

Elective Courses -- 6 credit hours
AME 394: Philosophies of Technology (3)
ART 345: Visualization and Prototyping (3)
ART 346: 3-D Computer Imaging and Animation (CS) (3)
ART 435: Foundry Research Methods (3)
BIO 355: Introduction to Computational Molecular Biology (CS) (3)
BIO 411: Quantitative Methods in Conservation and Ecology (4)
BMI 102: Introduction to Population Health Informatics (3)
BMI 201: Introduction to Clinical Informatics (3)
CIS 300: Web Design and Development (3)
CIS 308: Advanced Excel in Business (3)
CIS 310: Business Data Visualization (3)
CIS 405: Business Intelligence (3)
CIS 407: Business Database Systems Development (3)
CPI 310: Web-Based Information Management Systems (3)
CPI 360: Decision Making and Problem Solving (3)
CPI 394: Game Design Fundamentals (3)
CPI 394: Special Topics (3)
CPI 441: Gaming Capstone (3)
CPI 460: Intelligent Interactive Instructional Systems (3)
CPI 484: Internship (3)
Notes: with advisor approval
CPI 494: Special Topics (3)
Notes: with advisor approval
CSE 220: Programming for Computer Engineering (3)
CSE 240: Introduction to Programming Languages (3)
CSE 259: Logic in Computer Science (3)
CSE 294: Algorithmic Problem Solving (3)
CSE 310: Data Structures and Algorithms (3)
CSE 335: Principles of Mobile Application Development (3)
CSE 340: Principles of Programming Languages (3)
CSE 355: Introduction to Theoretical Computer Science (3)
CSE 360: Introduction to Software Engineering (3)
CSE 365: Information Assurance (3)
CSE 394: Special Topics (3)

Notes:  with advisor approval
CSE 408: Multimedia Information Systems (3)
CSE 412: Database Management (3)
CSE 445: Distributed Software Development (3)
CSE 446: Software Integration and Engineering (3)
CSE 450: Design and Analysis of Algorithms (3)
CSE 460: Software Analysis and Design (3)
CSE 464: Software Quality Assurance and Testing (3)
CSE 467: Data and Information Security (3)
CSE 470: Computer Graphics (3)
CSE 471: Introduction to Artificial Intelligence (3)
CSE 475: Foundations of Machine Learning (3)
CSE 476: Introduction to Natural Language Processing (3)
CSE 477: Introduction to Computer-Aided Geometric Design (3)
DAT 250: Data Science and Society (3)
DAT 300: Mathematical Tools for Data Science (3)
DAT 301: Exploring Data in R and Python (4)
DAT 401: Statistical Modeling and Inference for Data Science (3)
DAT 402: Machine Learning for Data Science (3)
EDT 440: Creating and Marketing Mobile Apps (3)
ENG 374: Technical Editing (3)
FMS 365: Video Games and Narrative (3)
FSE 301: Entrepreneurship and Value Creation (3)
FSE 404: EPICS Gold: EPICS in Action (3)
GIT 135: Graphic Communications (3)
GIT 215: Introduction to Web Authoring (3)
GIT 230: Digital Illustration in Publishing (3)
GIT 335: Computer Systems Technology (3)
GIT 340: Information Design and Usability (3)
GRA 294: InDesign  (3)
GRA 294: Photoshop  (3)
HSE 101: Introduction to Human Systems Engineering (SB) (3)
IEE 380: Probability and Statistics for Engineering Problem Solving (CS) (3)
MAT 267: Calculus for Engineers III (MA) (3)
MAT 275: Modern Differential Equations (MA) (3)
MAT 300: Mathematical Structures (L) (3)
MAT 421: Applied Computational Methods (CS) (3)
SER 216: Software Enterprise: Personal Process and Quality (3)
SER 334: Operating Systems and System Programming (3)
SOC 334: Technology and Society (L or SB) (3)
SOS 424: Dynamic Modeling in Social and Ecological Systems (4)
STS 304: Science, Technology and Society (SB) (3)
STS 306: Social Effects of Science and Technology (SB) (3)
TEL 313: Technology in an Educational Setting (3)
TWC 414: Visualizing Data and Information (3)
TWC 444: User Experience (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU degree-seeking students
The undergraduate certificate in informatics is available to all students who are in good standing at ASU who have completed CSE 205, MAT 242 and MAT 243 with a "C" grade or better. This certificate also may be used by interdisciplinary studies BA students as part of their degree program.

Nondegree-seeking students
This certificate is also available through the Pathways for the Future program (https://pff.asu.edu/). Applicants with or without a bachelor's degree are eligible to apply for and receive this certificate through the Pathways for the Futures program. Applicants must have completed CSE 205, MAT 242 and MAT 243, or the equivalents, with a "C" grade or higher (scale is 4.00 = "A"). Applicants who have taken these courses at another institution should use the Transfer Guide course search (https://webapp4.asu.edu/transfercreditguide/app/home) to determine if a transfer course can fulfill the prerequisite course requirements. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

**Program Learning Outcomes:**

Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

•Use computational principles for information-based decision-making and problem solving.

•Apply computational principles to the operation of storing, indexing and retrieving information in informatics applications.

**Career Opportunities:** Graduates with this certificate should be in high demand within the software industry and in government, education, science, medicine and other fields that make use of computer technology. Those with the applied and user-oriented focus of the certificate are attractive to such employers.

## Innovation for Impact Certificate (FIIFICERT)

**Campus:** Tempe

**Description:** The innovation for impact certificate program enables students to cultivate the knowledge, skills and critical dispositions necessary to leverage the power of innovation and achieve personally meaningful and socially significant impact. The program is grounded in the belief that each person can do great things.

Students learn tools and concepts for synthesizing research from courses across disciplines in social sciences, humanities, natural sciences and engineering. They identify a problematic condition or aspirational future and work with peers, mentors and the community to produce innovations that cultivate a better future for society.

**Program Requirements:**
Required Courses -- 15 credit hours
FIS 201: Innovation in Society (H) (3)
FIS 305: Ways of Knowing (L) (3)
FIS 307: Navigating Futures (SB) (3)
FIS 371: Innovation for Impact: Impact Journey (1)
FIS 372: Innovation for Impact: Inquiry Journey (1)
FIS 373: Innovation for Impact: Innovation Journey (1)
FIS 481: Innovation for Impact: Application Journey (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Advising is not required, but students are encouraged to speak with an advisor by scheduling an appointment through the College of Global Futures advising website (https://collegeofglobalfutures.asu.edu/student-life/advising/undergraduate-advising/).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

•Think critically about innovation and the relationship between changes in technology and society, as well as demonstrate knowledge of the influences, origins, histories, values and risks across innovation systems.

•Apply foresight methods to analyze emerging trends and plausible futures, as well as demonstrate the ability to participate as a team member on an inquiry project and manage stakeholder alignment and ecosystem integration.

**Career Opportunities:** Completing this certificate program can help students bring about positive change and innovation in many environments. The unique knowledge and skills gained from this transdisciplinary program enhance a student's bachelor's degree and career prospects. The certificate can complement any career path in a variety of sectors, including business, technology, science, education or government.

## Interdisciplinary Health Humanities Certificate (LAIHHUCERT)

**Campus:** Tempe, West

**Description:** The certificate program in interdisciplinary health humanities brings humanities methodologies to analyses of health and medicine in order to address challenges in health policy and health care practice and to advance understandings of the cultural formations of health, illness and the body.

The curriculum includes courses in areas such as history of medicine, bioethics, disability studies, socio-cultural aspects of health and narrative medicine. It includes critical analyses of representations of health and illness in literature and other media as well as training in narrative and structural competency for health care professionals. A capstone course, internship or applied project offers experiential or project-based learning in this field.

**Program Requirements:**
The interdisciplinary health humanities certificate requires a total of 15 credit hours. A minimum of 12 upper-division credit hours are required, with at least nine of those credit hours taken in courses offered by The College of Liberal Arts and Sciences for students on the Tempe campus, or by the School of Humanities, Arts and Cultural Studies in the New College of Interdisciplinary Arts and Sciences on the West campus.
All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Interdisciplinary Health Humanities Core -- 6 credit hours
ENG 203: Introduction to Health Humanities (HU) (3)
Notes:  available on the Tempe and West campuses
ENG 484: Internship  or ENG 498: Pro-Seminar (L) or ENG 499: Individualized Instruction (3)

Electives (select three) -- 9 credit hours
AFR 383: Blacks in Science, Medicine and Public Health (3)
ASB 301: Global History of Health (SB & G & H) (3)
ASB 305: Poverty and Global Health ((L or SB) & G) (3)
ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)
ASB 355: Traditional Medicine and Healing (HU or SB) (3)
BIO 312 / IAS 340 / PHI 320: Bioethics (HU) (3)
BIO 315 / ENG 370: Science, Values, and the Public (3)
ENG 469: Science and Literature  (3)
FIS 498: Stem Cell Policy Research  (3)
FOR 406 / IAS 406 / PHI 406: Moral Dilemmas (L or HU) (3)
HCI 313: Philosophy of Science in Health Care: Understanding Paradigms of Health and Healing (3)
HPS 314 / PHI 314: Philosophy of Science (HU) (3)
HPS 331 / BIO 318: History of Medicine (HU & H) (3)
LSC 363: Genes, Race, Gender, and Society (L) (3)
MED 300: Historical and Contemporary Issues in Health (L) (3)
PHI 306: Applied Ethics (HU) (3)
REL 381: Religion and Moral Issues (L or HU) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 448: Epidemics and Society (SB & G) (3)
TCL 323: Latina/o Health Issues (SB & C) (3)
TCL 410: Race, Medicine, and the Body (L) (3)
WST 444: Gender, Health, and Bodies (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.
Some elective courses may be available only on the Tempe campus or the West campus.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students become more marketable and can advance their career options when they have complemented their major with

this methodological specialization in interdisciplinary health humanities.

Students who complete this undergraduate certificate often decide to pursue employment in the health professions. Advanced degrees or certifications may be required for academic or clinical positions.

## International Business Studies Certificate (BAIBSCERT)

**Campus:** Tempe

**Description:** The certificate program in international business studies is designed to help students develop competence in a foreign language and a sensitivity to foreign cultures. It provides an awareness of global social processes and an understanding of international business environments, principles and operations.

The W. P. Carey School of Business has partnerships with universities all over the world, so students can experience new cultures, visit new places and build intercultural and language skills. International internships also are offered in conjunction with the ASU Global Education Office.

**Program Requirements:**
This certificate program requires a minimum of 18 credit hours (at least 12 credit hours must be upper division). All business coursework must be completed through the W. P. Carey School of Business or through an approved ASU international study program.
Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or better may be used to meet the certificate requirements, and an overall certificate GPA of at least 2.50 must be earned.

Students must meet all course prerequisites and requirements as listed in the ASU catalog. Requirements must be met within one year after degree conferral date.

International Business Core Course -- 3 credit hours
MGT 302: Principles of International Business (G) or ECN 306: Survey of International Economics (SB & G) (3)

A. International Business Electives -- 6 credit hours
AGB 302: International Management and Agribusiness (G) (3)
ECN 306: Survey of International Economics (SB & G) (3)
ECN 331: Economics of the European Economic Union (SB & G) (3)
ECN 335: South Asia and the World Economy (SB & G) (3)
ECN 360: Economic Development (SB & G) (3)
ECN 365: Economics of Russia and Eastern Europe (SB & G) (3)
ECN 436: International Trade Theory (SB & G) (3)
ECN 438: International Monetary Economics (SB & G) (3)
FIN 456: International Financial Management (G) (3)
MGT 302: Principles of International Business (G) (3)
MGT 400: Cross-Cultural Management (C & G) (3)
MGT 425: Global Human Resources (3)
MGT 459: International Management (G) (3)
MKT 425: Global Marketing Management (G) (3)
SCM 463: Global Supply Chain Management (G) (3)
*300+ level WPC subject courses earned on a sponsored ASU study abroad program may be applied toward the elective area, per approval of the international programs coordinator. Courses applied toward the W. P. Carey business core cannot be used toward the elective area.

B. Nonbusiness Global Awareness Coursework -- 9 credit hours
Nonbusiness Global Awareness Coursework (9)
Notes: These hours may be satisfied by any combination of the following:
1. Students can choose any of the university-designated nonbusiness global awareness ("G") courses.
2. One course must be upper division to meet the 12 upper-division hours requirement.
3. It is recommended to choose courses related to the area of study abroad experience. Additional courses may be approved by the international program coordinator.
4. Nonbusiness global awareness hours may also be satisfied by:
* An ASU or W. P. Carey School of Business education abroad program earning six credit hours or more fulfills six of the credit hours of nonbusiness global requirements.

* An ASU or W. P. Carey School of Business education abroad program earning three credit hours fulfills three of the credit hours of nonbusiness global requirements.

C. Foreign Language Proficiency
The certificate program requires students to meet a foreign language proficiency by meeting one of the the following:
- Completion of one year (two semesters) of the same foreign language at the college level.
- Completion of one semester of the equivalent of 101- and 102-level coursework.
- Completion of two years of the same foreign language in high school with a minimum grade of "C" (2.00 on a 4.00 scale).
- Documentation of a proficiency or placement test confirming preparedness to start at least the second year of a foreign language (201 level or above).
- A student whose native language is not English may have this requirement waived.

D. International Study Experience
The certificate program requires students to participate in an ASU Global Education Office sponsored program. Students cannot use independent non-sponsored programs to fulfill this requirement. Sponsored programs can be found on the Global Education Office website.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. The certificate in international business allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

Students who complete this undergraduate certificate often decide to pursue employment in management, sales, marketing and communication. Advanced degrees or certifications may be required for academic or clinical positions.

## International Cinema Certificate (LAICINCERT)

**Campus:** Tempe

**Description:** The power of international cinema lies in its ability to underscore national differences and engage diverse viewpoints.

The certificate program in international cinema provides undergraduates with the means to explore and understand the role that international film plays in highlighting cultural diversity; reflecting the sociocultural, political and economic currents of the period and cultural setting depicted; and calling into question an accepted idea of the dominance of Hollywood film.

Following an integrated pathway through the variety of international film courses, the program explores facets of international film history and production not often covered by American programs in film studies. Students majoring in a second language can explore a particular culture's filmic heritage and traverse avenues for comparative analysis between the filmic heritage of two or more cultures. Students majoring in other areas can encounter visual narratives different from their own and connect international cinema to their own respective experiences.

**Program Requirements:**
The certificate requires 18 credit hours of upper-division coursework. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Course -- 3 credit hours
SLC 340: Approaches to International Cinema (HU & G) (3)

Electives (choose five) -- 15 credit hours
CHI 345: Chinese Film and Civilization (3)
FMP 404: World Cinema (G) (3)
FMS 426: Films of India (3)
FMS 427: Identity and World Film (C) (3)
FMS 430: Artists in Film: Artists' Biopics (3)
FMS 441: Global Cinema (3)
GER 445 / FMS 445 / SLC 445: Holocaust, War and German Memory (HU) (3)
GER 446 / FMS 446 / SLC 446: Weimar-Era German Film (3)
HEB 349: Israeli Wars in Israeli Movies (HU & G) (3)
ITA 420: Italian Cinema (L & G) (3)
KOR 347: Korean Film and Literature (HU) (3)
SLC 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)
SLC 440 / FMS 461: Approaches to Film Theory (3)
SLC 450: Experimental Narrative (HU) (3)
SLC 494: Narrative and Embodiment in Cinema (3)
SPA 475: Latin American Film ((L or HU) & G) (3)
SPA 494: Film & Culture of Mexico (3)
THE 422: Latinx Theatre and Film (HU & C) (3)
Additional upper-division elective courses may be approved by the coordinator of the certificate program.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU students in sophomore standing or above with a GPA of at least 2.50 in any degree program are eligible for the international cinema certificate program. Admission to the certificate program is approved by the certificate coordinator in consultation with advisors.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in international cinema with their major program of study may be more marketable to employers. They often decide to pursue employment in education, tourism or the arts and humanities.

## International Studies Certificate (LAINSCERT)

**Campus:** Tempe

**Description:** Students completing the international studies certificate develop a sophisticated understanding of some of the major issues and trends facing the world today. Courses examine relations among nations, including America's role in the world; key international concerns such as human rights; and the internal politics of specific nations or regions.

The certificate is not a substitute for degree requirements in any subject, including political science. Rather, the required courses add an international and comparative dimension to the student's chosen major.

**Program Requirements:**
The certificate in international studies is comprised of 15 credit hours in political science and global studies. At least 12 credit hours must be in upper-division coursework and at least six of those credit hours must be from courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses used toward the certificate.

Foundations for International Studies (choose one course) -- 3 credit hours
POS 150: Comparative Government (SB & G) (3)
POS 160: Global Politics (SB & G) (3)

The U.S. in the World (choose one course) -- 3 credit hours
POS 361: American Foreign Policy (SB & G) (3)

POS 364: National Security, Intelligence, and Terrorism (SB) (3)

Contemporary Issues in International Studies (choose two courses) -- 6 credit hours
POS 300: Contemporary Global Controversies (SB & G) (3)
POS 368: Ethics and Human Rights (3)
POS 465: International Organization and Law (SB & G) (3)
POS 467: International Security (SB & G) (3)
POS 486: International Political Economy (SB & G) (3)
SGS 301: Principles of Global Studies (G) (3)
SGS 303: Global Trends (SB & G) (3)
SGS 324: Global Trade in Real Time (3)
SGS 350: Economic Development and Globalization (3)
SGS 361: World Society: Imagining the World (3)
SGS 370: Geopolitics (3)

Regional or Topical Exploration (choose one course) -- 3 credit hours
POS 350: Comparative Politics (SB & G) (3)
POS 351: Democratization (SB & G) (3)
POS 352: European Democracies (3)
POS 353: Comparative Politics of the Middle East (3)
POS 356: European Union (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 358: Southeast Asia (SB & G) (3)
POS 359: African Politics and Society (SB & G) (3)
POS 360: World Politics (SB & G) (3)
POS 365: Terrorism and Insurgency (3)
POS 379: The Resource Curse (3)
POS 452: China (SB & G) (3)
POS 453: Latin America (SB & G) (3)
POS 454: Mexico (SB & G) (3)
POS 468: Comparative Asian Foreign Policies (SB & G) (3)
SGS 360: Cultural Aspects of Globalization (3)

Only one of POS 160 Global Politics and POS 360 World Politics courses may apply to the certificate.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in international studies with their major program of study may become more marketable to employers. They often decide to pursue employment in diplomacy and international relations, national security or international business.

The international studies certificate program prepares students for careers in government agencies, international governmental and nongovernmental organizations, multinational firms and banks and for graduate studies in international relations and political science.

Advanced degrees or certifications may be required for academic or clinical positions.

## International Trade Certificate (TBINTRCERT)

**Campus:** Downtown Phoenix, West

**Description:** International trade is increasingly important in this globalized economy but also increasingly challenging. The International Monetary Fund predicts that most of the world's economic growth in the next decade will take place in the largest emerging markets which are not always easy for companies and nonprofit organizations to penetrate. Most of the world's consumers are outside of the United States. Given these trends, organizations across sectors that operate in multiple countries are increasingly in need of managers who understand the complexities of the global economy.

The undergraduate certificate program in international trade provides students with an understanding of foreign markets and the intricacies of international trade, laying the foundation for a career that can take them anywhere in the world.

Thunderbird School of Global Management has produced unique leaders for more than 70 years, leaders in every sector capable of tackling the world's greatest challenges. Home to the BGM and BS in international trade, the school's innovative and practical curriculum complements a strong core of global business management skills, international political economy and cross-cultural training, with a transdisciplinary approach. The alumni network has over 45,000 graduates across 170 chapters around the globe.

**Program Requirements:**
The certificate in international trade requires 18 credit hours as outlined below, with a minimum of 12 upper-division credits. Students are encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.

Required Courses -- 6 credit hours
TGM 101: Principles of Global Management (G) (3)
TGM 430: International Trade and Regional Economic Agreements (3)
It  is recommended that students take TGM 101 prior to or concurrently with other TGM courses.

Electives -- 12 credit hours
TGM 204: Principles of Marketing for Global Organizations (3)
TGM 300: Principles of Finance for Global Organizations (3)
TGM 310: Supply Chain Operations for Global Organizations (3)
TGM 312: Big Data in the Global Economy (3)
TGM 353: Regional Management Environment (G) (3)
TGM 460: Global Risk Assessment and Management (3)
TGM 468: States and Markets in a Global Economy (SB & G) (3)
TGM 478: Cross-Cultural Communication and Negotiation (3)
TGM 489: Multinational Organizational Leadership (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.
Study abroad or international experience is encouraged but not required. Consider ASU Global Education Office opportunities.

**Enrollment Requirements:** Incompatible Majors: BGM in global management and BS in international trade

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Demonstrate enhanced ability to think analytically in a global context.
- •Demonstrate in-depth knowledge of at least one region of the world.
- •Demonstrate enhanced knowledge of International Trade.

**Career Opportunities:** Graduates who combined the certificate in international trade with their major program of study may be more marketable to employers. They often decide to pursue employment in corporations, governments and nonprofits in positions such as global logistics manager, import and export agent, or international compliance manager.

Advanced degrees or certifications may be required for academic or clinical positions.

## Islamic Studies Certificate (LAISLCERT)

**Campus:** Tempe

**Description:** Islam, the fastest growing religion in the world, plays an increasingly significant role in shaping international politics, culture, law and business. The certificate in Islamic studies allows students to gain an appreciation of Islam's multiculturalism and contemporary relevance in multiple disciplines and geographic settings.

**Program Requirements:**
The certificate in Islamic studies requires a minimum of 26 credit hours. At least 12 upper-division hours are required. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required in each course used toward the certificate.

Core -- 9 credit hours
HST 260 / REL 260: Introduction to Islam (HU & G) (3)
HST 336 / REL 365: Islamic Civilization (HU & H) (3)
HST 339 / REL 366: Islam in the Modern World (HU & G) (3)

Language Requirement -- 8 credit hours
Students must take a minimum of eight credit hours in the same language: either Arabic or Indonesian, or other appropriate languages, such as Farsi, Tatar, or Uzbek. Students who are native speakers of these languages or other Islamic languages, or who have other equivalent knowledge may substitute eight credit hours of additional coursework selected from the list of approved electives. See program coordinator.
ARB 101: Elementary Arabic I (G) (5)
ARB 102: Elementary Arabic II (G) (5)
ARB 201: Intermediate Arabic I (G) (5)
ARB 202: Intermediate Arabic II (G) (5)
ARB 311: Advanced Arabic Skills I (3)
ARB 321: Arabic Conversation I (3)
ARB 411: Advanced Arabic Skills II (G) (3)
ARB 421: Arabic Conversation II (3)
IDN 101: Elementary Indonesian I (5)
IDN 102: Elementary Indonesian II (5)
IDN 201: Intermediate Indonesian I (G) (5)
IDN 202: Intermediate Indonesian II (G) (5)

Elective Courses -- 9 credit hours
Students must choose electives that represent at least two of three geographic regions. The available geographic regions are Africa and the Middle East, America and Europe, and Asia. No more than one course from the "non-geographic" list may apply toward the certificate. It is recommended that students work with an academic advisor in the School of Historical, Philosophical and Religious Studies to select appropriate elective courses.

Africa and the Middle East
AFR 300 / ASB 310: Precolonial Africa (SB & G & H) (3)
AFR 340: The Making of Modern Africa (SB & G & H) (3)
AFR 466 / ASB 466: Peoples and Cultures of Africa (SB & G) (3)
ARB 331 / SLC 331: Arabic/Islamic Culture and Literature (HU & H & G) (3)
ARB 335: Arabic Culture and Islam (G) (3)
ARB 337: Hadith and Prophetic Tradition (HU & H & G) (3)
ARB 341: Quran Text and Women (HU & H) (3)
ARB 351: Classical Arabic Literature (HU & G) (3)
ARB 352: Modern Arabic Literature in Translation (HU & G) (3)
ARB 394: Arabic Film and Media (3)
ARB 394: Arabic Sociolinguistics (3)
ARB 394: Iraqi Culture & Society (3)
ARB 427: Arabic Prose: Reading the Arabian Nights (3)
ARB 428 / SLC 428: Arab Women's Writing (HU & G) (3)
ASB 366 / AFR 366: African Archaeology: Precolonial Urban Culture (SB & H) (3)
GCU 328: Geography of Middle East and North Africa (SB & G) (3)
HST 307: Studies in African History (3)
HST 360: The Crusades: Religion & Conflict in the Middle Ages (SB & H) (3)

HST 372: Modern Middle East (SB & G & H) (3)
HST 430: The Ottoman Empire in the Classical Period (3)
POS 353: Comparative Politics of the Middle East (3)
POS 359: African Politics and Society (SB & G) (3)
REL 362 / AFR 372 / SGS 366: Islam and Islamic Societies in Africa: Social and Political History (G) (3)
REL 369: Women in Islam (3)
REL 461 / AFR 480 / SGS 442: Different Voices Within Contemporary Islamic Discourse (3)

America and Europe
GCU 426: Geography of Russia and Surroundings (SB & G) (3)
REL 310: Western Religious Traditions (HU & H) (3)
REL 364: Islam in Eurasia and Central Asia (3)
REL 377: Religion in Russia (HU & H) (3)
SGS 394: The Kosovo War (3)
SPA 425: Understanding Spain: Literature and Culture Before 1700 (L or HU) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

Asia
ASB 325: Peoples of Southeast Asia (G) (3)
GCU 326: Geography of Asia (SB & G) (3)
GCU 433: Geography of Southeast Asia (3)
HST 106: Asian Civilizations ((HU or SB) & G & H) (3)
HST 111 / REL 111: Introduction to Asia (HU & H & G) (3)
HST 240 / GCU 240 / POS 240 / REL 240 / SGS 240: Introduction to Southeast Asia ((HU or SB) & G) (3)
HST 245 / POS 245 / REL 245 / SGS 245 / SLC 245: Introduction to India and South Asia (HU & H & G) (3)
HST 391 / SGS 381: Modern Southeast Asia (SB & G & H) (3)
HST 392: Modern India (3)
HST 394: Pakistan, India, and Afghanistan: Peace Challenges (3)
REL 347: Religions of India ((L or HU) & G) (3)
REL 348: Religion and Culture in Southeast Asia (3)
REL 364: Islam in Eurasia and Central Asia (3)

Non-geographic
ARB 336: Introduction to the Qur'an (G) (3)
ARB 360: Islamic Philosophical Literature (3)
ARS 394: Islamic Art (3)
HST 302: Gender and Sexuality in Islam (3)
HST 302 / JST 302: Jews, Christians & Muslims in Early Modern World (3)
HST 302 / JST 302: Jews, Christians & Muslims in the Medieval World (3)
HST 302: Women, War and Peace (3)
POS 364: National Security, Intelligence, and Terrorism (SB) (3)
REL 205: Life, Sex and Death (HU) (3)
REL 363 / AFR 373: Islam and World Affairs (G) (3)
REL 378 / POS 378: Religion, War and Peace (L) (3)
REL 379 / SGS 343: Religion, Nationalism, and Ethnic Conflict (HU & G) (3)
REL 390 / WST 390: Women, Gender and Religion (HU & G) (3)
REL 460: Islam and Politics (HU & G) (3)
REL 480 / SGS 441: Religion and Global Politics (L & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** There are no specific admission requirements other than a student's desire to learn about Islam and Islamic societies and culture.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Will be able to analyze an academic issue in Islamic studies.

•Will be able to compose a critical argument about an academic issue related to Islamic studies.
•Identify and summarize important features of the major periods of Islamic civilization from the seventh century to the present.

**Career Opportunities:** The program is designed to prepare students for graduate programs in religious studies, Islamic studies and area studies, and for any academic discipline or career that focuses on the global Muslim society.

Students who have complemented their major program of study with this specialization in Islamic studies may become more marketable to employers. Often, those who complete this undergraduate certificate decide to pursue employment in law, international law, business, journalism, international relations, diplomacy and the intelligence service. Advanced degrees or certifications may be required for academic or clinical positions.

## Jewish Studies Certificate (LAJUDCERT)

**Campus:** Tempe

**Description:** The Jewish studies certificate program examines the history and culture of the Jews, generates and facilitates research on Judaica, and provides a model for transdisciplinary teaching and research. The certificate program provides the community with programs, courses and research to further the understanding of Judaica and stands as an example of the university's commitment to a program of meaningful ethnic studies on a firm academic base.

**Program Requirements:**
The certificate in Jewish studies requires a minimum of 21 credit hours in approved coursework. At least 12 upper-division hours are required. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required in each course used toward the certificate.

Language Requirement -- 6 credit hours
Students must complete two semesters of the same language (6-10 credit hours).
ARB 101: Elementary Arabic I (G) AND ARB 102: Elementary Arabic II (G) (10)
GER 101: Elementary German I (G) AND GER 102: Elementary German II (G) (8)
HEB 101  AND HEB 102: Elementary Modern Hebrew (G) (8)
HEB 133 / JST 133 / REL 133: Elementary Biblical Hebrew (G) AND HEB 233 / JST 233 / REL 233: Intermediate Biblical Hebrew (G) (6)
SPA 101: Elementary Spanish I (G) AND SPA 102: Elementary Spanish II (G) (8)

Thematic Track Electives (choose three courses) -- 9 credit hours
Students choose one course in three of five thematic tracks. Available tracks include history, humanities, literature, religious studies and social studies. At least six credit hours must be upper-division coursework. (9)

History
HEB 375: Contemporary Culture of Israel (HU & G) (3)
HST 302: Jews, Christians & Muslims in Early Modern World  (3)
HST 302: Jews, Christians & Muslims in the Medieval World  (3)
HST 304: Exiles, Migrants, Refugees in Jewish History  (3)
HST 304: History of Antisemitism  (3)

JUS 374: The Holocaust, Genocide, and Human Rights (3)
STS 364: Science, Technology, and National Security (SB) (3)

Upper-Division Electives -- 6 credit hours
Students choose upper-division electives from any of the thematic track course lists (the electives may be from any combination of thematic tracks).

Upper Division Certificate Electives (6)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Incompatible Majors: BA in Jewish studies

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students become more marketable to employers when they complement their major program of study with an undergraduate certificate.

Through a certificate in Jewish studies, students gain a familiarity of Jewish culture which gives them a competitive edge when they pursue a career with one of the hundreds of U.S. companies that do business in Israel.

These students are also prepared to:

- attend rabbinic seminary in preparation for becoming a rabbi or chaplain
- engage in world political and economic issues
- pursue advanced education in Jewish professional service fields

The certificate also provides a foundation for students who wish to pursue advanced degrees or careers related to their area of interest in fields that may include archeology, history, justice studies, journalism, law and international relations. Advanced degrees or certifications may be required for academic or clinical positions.

## Juvenile Justice Certificate (PPJVJUCERT)

**Campus:** Downtown Phoenix, Online

**Description:** The curriculum of the juvenile justice certificate program covers key topics focused on juvenile justice and delinquency, including theoretical perspectives on why youth engage in delinquent acts; life-course criminology and how key turning points in life impact trajectories of youth; the number of youth who engage in delinquency who have a prior history of victimization; and juvenile justice and how the criminal justice system, including police, courts and correctional agencies, respond to youth.

**Program Requirements:**
Required Core -- 9 credit hours
CRJ 204: Juvenile Justice (3)
CRJ 404: Juvenile Delinquency (3)
CRJ 425: Life-Course Criminology (3)

Electives (choose two) -- 6 credit hours
CDE 312 / SOC 312: Adolescence (SB) (3)
CDE 450: Childhood Disorders and Family Functioning (L) (3)
CRJ 462: Gangs (3)
CRJ 494: Children and The Law (3)
Notes: Other juvenile justice-related topics may be substituted.
JUS 477: Youth and Justice (L or SB) (3)
PSY 341: Developmental Psychology (SB) (3)
TEL 315: Child and Adolescent Development (L or SB) (3)

At least 12 credit hours must be taken in residence at ASU.
A "C" (2.00 on a 4.00 scale) or better is required in all coursework required for the certificate.
Bachelor of Science in Criminology and Criminal Justice majors who are also pursuing the Juvenile Justice certificate may not use CRJ 404, CRJ 425, and their chosen electives (CRJ 462 and/or, CRJ 494) towards both their degree and certificate.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Completion of the following prerequisite courses with grades of "C" or higher are required for enrollment in the certificate program:

- CRJ 100 Introduction to Criminal Justice
- completion of one of the following two-course sequences in research methods and statistics with a grade of "C" or higher: CRJ 302/CRJ 303 or JUS 301/JUS 302 or PSY 290/PSY 230 or SOC 391/SOC 390 or SWU 320/SWU 321 or FAS 361/SOC 390 OR PSY 230

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student. Bachelor of Science in criminology and criminal justice majors who are also pursuing the juvenile justice certificate may not use CRJ 404, CRJ 425, and their chosen electives (CRJ 462 and/or, CRJ 494) toward both their degree and certificate.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Those who complete this certificate have developed expertise in understanding youth crime and responses to it. This expertise prepares them for employment opportunities in juvenile courts, juvenile probation and corrections, and social service agencies.

## Korean Studies Certificate (LAKORCERT)

**Campus:** Tempe

**Description:** The certificate program in Korean studies aims to train and produce students who are linguistically capable and culturally informed.

The program consists of two major components. The first builds students' Korean language proficiency in the areas of speaking, listening, reading and writing. The second offers students a broad range of knowledge of the culture, literature, history, art and religions of Korea. The certificate allows students to focus on Korean studies.

**Program Requirements:**
The certificate in Korean studies requires 22 credit hours, of which at least 12 must be completed at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Korean Language -- 10 credit hours
Students must choose one two-course sequence from KOR 101, KOR 102, KOR 201, KOR 202, for a total of 10 credit hours. Course substitutions may be permitted for heritage speakers and other advanced speakers of the Korean language based on their proficiency level as determined by the Korean Placement Test.
KOR 101: First-Year Korean I (G) (5)
KOR 102: First-Year Korean II (G) (5)
KOR 201: Second-Year Korean I (G) (5)
KOR 202: Second-Year Korean II (G) (5)

Upper-Division Electives -- 12 credit hours
KOR 321: Modern Korean Literature (HU) (3)
KOR 347: Korean Film and Literature (HU) (3)
KOR 350: Women of Korea (H) (3)
KOR 354: Religions of Korea (HU) (3)

Additional courses may be approved in consultation with an academic advisor in the School of International Letters and Cultures or the coordinator of the certificate. The completion of the requirements will be reviewed both by students' designated advisors and the coordinator of the program. Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU students admitted to a degree program in any field of study are eligible for the Korean studies certificate program. Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in Korean studies with their major program of study may be more marketable to employers.

They have an enriched perspective on different cultures and societies at the intellectual level and are equipped with a practical knowledge of Korean that will benefit a career in various professions, including in academia, government work, international trade and translation. Graduates often decide to pursue employment in education, the military, political analysis, tourism and hospitality, marketing and nongovernmental organizations.

## Latin American Studies Certificate (LALASCERT)

**Campus:** Tempe

**Description:** The Latin American studies certificate is designed to give students an understanding of the culture, economies, political structures and history of Latin American nations.

The program combines six courses across disciplinary boundaries to provide a diverse perspective of the Latin American experience. The Department of Economics; the School of Geographical Sciences and Urban Planning; the School of Historical, Philosophical and Religious Studies; the School of Politics and Global Studies; the School of Human Evolution and Social Change; the School of International Letters and Cultures (Spanish and Portuguese) and the School of Transborder Studies offer courses that comprise the transdisciplinary certificate.

**Program Requirements:**
The certificate requires 18 credit hours of Latin American studies content. At least 12 upper-division credit hours must be completed from courses offered by The College of Liberal Arts and Sciences. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Language Requirement
Students must demonstrate Spanish or Portuguese proficiency through the 313 level of conversation and composition. The language proficiency requirement may be waived for native speakers or those with in-field experience equivalent to SPA 313 or POR 313.
Language instruction courses dealing with Spanish and Portuguese conversation and composition cannot be used to satisfy the content course requirement. While students are encouraged to enroll in language instruction courses (i.e., conversation and composition) above the 313 level, they cannot apply such coursework to the Latin American studies certificate course requirements.

Latin American Content Course Requirements -- 18 credit hours
Students will take 18 upper-division credit hours (six courses) from this list of Latin American content courses. Students are required to select nine credit hours (three courses) from within their major and nine credit hours (three courses) outside their major.
ARS 362: Survey of Aztec, Maya and Inka Art (HU) (3)
ASB 322: Peoples of Latin America ((L or SB) & G) (3)
ASB 337: Pyramids and Hieroglyphs: Life in Ancient Mesoamerica ((HU or SB) & G & H) (3)
GCU 323: Geography of Latin America (SB & G) (3)
GCU 424: Geography of Mexico and Middle America (SB & G) (3)
HST 305: Studies in Latin American History (3)
HST 331 / TCL 331: Mexican American History to 1900 (SB & H & C) (3)
HST 375: Colonial Latin America (SB & H) (3)
HST 376: Modern Latin America (SB & G & H) (3)
HST 441: Latin America and the World Economy (L & G & H) (3)
HST 443: The United States and Latin America (SB & G & H) (3)
HST 445: 20th-Century Cuba (SB & G & H) (3)
HST 447: Modern Mexico (SB & H) (3)
POR 472: Luso-Brazilian Civilization (HU & G) (3)
POR 494: Special Topics (3)
POS 305: Politics and Film (SB) (3)
POS 453: Latin America (SB & G) (3)
POS 454: Mexico (SB & G) (3)

SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)
SPA 428: Foundational Texts of Latin American Literature Since Modernismo ((L or HU) & G) (3)
SPA 429: Writing Mexico: Major Texts ((L or HU) & G) (3)
SPA 456: 20th-Century Spanish American Fiction (3)
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)
SPA 475 / SLC 475: Latin American Film ((L or HU) & G) (3)
TCL 310: Folklore of the Southwest (HU & C) (3)
TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)
TCL 350: Mexican and Chicana/o Artistic Production (HU & C & G) (3)
TCL 444: The Ethnography of Mexico and the Borderlands (SB & G) (3)
THE 426: Pre-Columbian Theatre of the Americas (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Any student admitted to study at ASU may complete a certificate program.

Requests to declare this certificate are reviewed by the academic advisor in the academic unit offering the certificate. Students may be contacted to discuss the certificate prior to the addition of the certificate to the student record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in Latin American studies with their major program of study may become more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality, and marketing.

## Latino Politics and Policy Certificate (LALPPCERT)

**Campus:** Tempe

**Description:** This certificate program in Latino politics and policy advances students' understanding of the past and present political experiences of Latinos, and policy issues surrounding this community. Some issues to be examined include immigration, voting, grassroots organizing and other political players.

**Program Requirements:**
The certificate requires 18 credit hours of coursework. At least 15 credit hours must be ASU credit and at least 12 credit hours must be completed at the upper-division level. A minimum of nine credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses used toward the certificate.

Core Requirements -- 9 credit hours
POS 110: American Government and Politics (SB) or POS 310: American National Government (SB) or TCL 101: Latinas/os in the U.S. (HU & C) (3)
POS 301: Empirical Political Inquiry (SB) or TCL 304: Transborder Research Methods (SB & C) (3)
POS 438: Latino Politics (SB & C) or TCL 340: Chicana/o and Latina/o Politics and Policy (L & C) (3)

Electives -- 3 credit hours
POS 394: Politics of U.S. Immigration (3)
POS 410: Governing American Cities (SB) (3)
POS 439: Minority Group Politics in America (SB & C) (3)
TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)
TCL 341: Latinas/os and the City (C) (3)
TCL 342: Social Demographics of Latino Populations (SB & C) (3)

TCL 377: Arizona, Immigration, Latinos and Politics (3)
TCL 443: Political Ecology of the Border (SB & G) (3)

Related Electives -- 3 credit hours
JUS 320: Community and Social Justice (SB & C) (3)
JUS 347: Immigration, Education and the Family (L) (3)
JUS 350: Immigration and Justice (SB & C) (3)
JUS 370: Cultural Diversity and Justice ((L or HU) & C) (3)
PAF 405: Citizen Engagement and Community Building (3)
TCL 332: Mexican American History Since 1900 (SB & H & C) (3)

Internship -- 3 credit hours
POS 484: Internship (3)
TCL 484: Internship (3)
Students in the program must have a minimum 2.50 GPA in order to enroll and complete the internship requirement.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must have a minimum GPA of 2.00 in order to add this certificate program.

Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Students will be able to explain the impact of the increasing Latino population on the U.S. political system.
- Students will analyze and interpret issues and policies that affect the Latino community utilizing appropriate methodologies.

**Career Opportunities:** Graduates of this certificate program are more marketable to employers in the fields of law, public policy, business, health, education, social services and in government agencies.

## Law Enforcement in Parks and Protected Areas Certificate (PPLEPPCERT)

**Campus:** Downtown Phoenix

**Description:** As the Southwest continues to develop and urbanize, the demands and pressures on public lands and natural resources continue to grow; the interplay between society and natural resources is key to understanding modernity and continues to be at the center of policy issues and societal debates. The certificate program in law enforcement and parks and protected area introduces students to issues of crime and criminal justice as relates to parks and protected areas, with a focus on the unique issues faced by managers of urban-proximate natural areas.

This certificate includes classes from a nationally accredited parks and recreation program and from a highly ranked criminology and criminal justice program. Students pursuing parks and recreation majors can attain basic knowledge of law enforcement while students pursuing criminology and criminal justice majors can be oriented to issues related to parks and protected areas.

**Program Requirements:**
The certificate requires 15 credit hours: 12 credit hours of required core courses and three credit hours of electives. Courses taken as part of a university major may count toward that degree and the certificate.

Required Core Courses -- 12 credit hours
CRJ 230: Introduction to Policing (3)
CRJ 410: Criminal Procedure I: The Law of Investigations (3)
PRM 370: Public Lands Management (3)
PRM 380: Wilderness and Parks in America (SB & H) (3)

Elective (select one) -- 3 credit hours
CRJ 315: Police Organization and Management (3)
PRM 315: Creating Community Through Park and Recreation Systems (3)
PRM 340: Outdoor Survival (3)
PRM 470: Environmental Communication (3)

Standards
1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum of a "C" (2.00 on a 4.00 scale) grade required for all courses in the certificate
3. should be a junior to take 300- and 400-level courses

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A GPA of 2.00 is required to add this certificate.

Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Demonstrate an understanding of the ethical standards implicit in law enforcement in parks and protected areas.
- •Apply critical thinking skills by taking into account the complexities of an issue and acknowledging other viewpoints.

**Career Opportunities:** Graduates of the certificate in law enforcement in parks and protected areas can find opportunities in diverse settings involving a wide range of organizations, including recreation, environmental, federal agencies and private security.

## Law and Human Behavior Certificate (PPLWHBCERT)

**Campus:** Downtown Phoenix, Tempe, West

**Description:** Law and human behavior is an umbrella term that encompasses various aspects of the rapidly emerging field of forensic psychology, law and justice.

This 18 credit hour certificate program focuses on the criminal justice aspects of forensic psychology, emphasizing victimology, offender treatment, criminal incapacity, mental health law, juvenile justice and delinquency, and the dynamics of how the criminal justice system intersects with behavioral science.

The program is designed to provide students of social services and social sciences with an understanding of important but understudied areas where justice policy is in desperate need of empirical, psychological research.

**Program Requirements:**
Required Core -- 12 credit hours
CRJ 260: Criminal Law I: Introduction to Substantive Criminal Law (3)
CRJ 410: Criminal Procedure I: The Law of Investigations (3)
PSY 366: Psychological Disorders (SB) (3)
PSY 468: Psychology and Law (3)

Electives (choose two from outside of one's major) -- 6 credit hours
CRJ 309: Criminology (SB) (3)
CRJ 403: Victims and the Criminal Justice System (3)
CRJ 406: Sex Crimes (3)

CRJ 434: Drugs of Abuse (3)
CRJ 435: Crime and Forensic Mental Health (SB) (3)
CRJ 484: Internship (1-6)
Notes: Only those relevant to law and human behavior
CRJ 494: Special Topics (3)
Notes: Only those relevant to law and human behavior
PSY 341: Developmental Psychology (SB) (3)
PSY 368: Forensic Psychology (3)
PSY 443: Child and Adolescent Psychological Disorders (L or SB) (3)
PSY 472: Clinical Psychology (3)
PSY 474: Correctional Psychology (3)
PSY 494: Special Topics (3)
Notes: Only those relevant to law and human behavior

1. Special Topics courses (CRJ 494 and PSY 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the law and human behavior certificate program.
2. At least 12 credit hours must be taken in residence at ASU.
3. A "C" (2.00 on a 4.00 scale) or better is required in all coursework required for the certificate.
4. Bachelor of Science in criminology and criminal justice majors who are also pursuing the Law and Human Behavior certificate may not use CRJ 309, CRJ 403, CRJ 406, CRJ 410, CRJ 434, CRJ 435, CRJ 484, and CRJ 494 towards both their degree and certificate.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must complete the following prerequisite courses with a grade of "C" or higher (scale is 4.00 = "A") in order to enroll in the certificate program. These courses may be taken in-residence at ASU or may be transferred in from other institutions, including community colleges. Because these courses are requirements for the bachelor's degree program in psychology or criminology and criminal justice, their completion satisfies not only requirements of these two majors, but also the prerequisite requirements for enrollment in the certificate program in law and human behavior.

Completion of the following prerequisite courses with grades of "C" or higher are required for enrollment in the certificate program:

- CRJ 100 Introduction to Criminal Justice
- PSY 101 Introduction to Psychology
- first-year composition (ENG 102, 105 or 107)
- a course which meets the General Studies MA requirement (MAT 117, 119, 142, 170, 210 or 270)

one of the following two-course sequences in statistics and research methods:

- CRJ 302 and 303, or
- PSY 230 and 290

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates of the law and human behavior certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) in roles such as evidence and crime scene supervisor (crime scene investigation activities), forensic psychologist, intelligence analyst and law enforcement officer. Advanced degrees or certifications may be required for academic or clinical positions.

## Leadership and Ethics Certificate (PPLDECERT)

**Campus:** Downtown Phoenix

**Description:** The certificate program in leadership and ethics focuses on understanding the broad transdisciplinary field of leadership and its application to various elements of society and community, and it prepares individuals for positions of leadership and responsibility, in the university, in student organizations, in their communities, and throughout their careers in business and government.

**Program Requirements:**
The certificate in leadership and ethics requires three core courses (nine credit hours), plus two elective discipline-based courses in leadership or ethics (six credit hours). Elective coursework may be selected from an approved list of elective courses or upon the recommendation of the department.
All courses applied to the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Core Courses -- 9 credit hours
PAF 311: Leadership and Change (SB) (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 460: Public Service Ethics (3)
All core courses and the leadership capstone must be taken at Arizona State University. Any course substitutions for the certificate are at the discretion of the School of Public Affairs.

Electives (choose two) -- 6 credit hours
COM 430: Leadership in Group Communication (3)
HON 497: Honors Colloquium (3)
MGT 300: Principles of Management and Leadership (3)
NLM 430: Managing Nonprofit Organizations (L) (3)
PAF 420: Managing Across Boundaries (3)
POS 314: The American Presidency (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
•Apply core competencies of leadership as they relate to the identification, assessment, and resolution of problems of public relevance in organizations.
•Apply knowledge of leadership and ethics in real-world circumstances, whether at work or in civic engagement.

**Career Opportunities:** Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as a manager or policy analyst in local, state or federal agencies, in nonprofit organizations, and in private organizations whose work interfaces with the public sector.

## Leadership in Business Certificate (BALIBCERT)

**Campus:** Polytechnic, Tempe, West

**Description:** The leadership in business certificate program is designed to help students understand the concept of leadership. Students in this program cultivate their leadership identity and understand how the development of their leadership skills impacts their professional development.

Through this program, students develop a strong set of skills necessary for success in a dynamic workplace, skills that include communication, teamwork and collaboration, and problem-solving.

**Program Requirements:**
The leadership in business certificate requires 15 credit hours, of which at least 12 credit hours must be upper division. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

Required Courses (choose two) -- 6 credit hours
MGT 300: Principles of Management and Leadership or MGT 303: Honors Organizational Strategies, Leadership, and Behavior (3)

MGT 310: Collaborative Team Skills (3)
MGT 411: Leading Organizations (3)

Leadership Development Electives (choose two courses, at least one must be upper division) -- 6 credit hours
COM 225: Public Speaking (L) (3)
COM 259: Communication in Business and the Professions (3)
COM 312: Communication, Conflict, and Negotiation (3)
COM 319: Persuasion and Social Influence (SB) (3)
COM 400: Organizational Communication (3)
JUS 325: Globalization and Socio-Economic Justice (SB & G) (3)
MGT 310: Collaborative Team Skills (3)
MGT 400: Cross-Cultural Management (C & G) (3)
MGT 430: Negotiations (3)
MKT 302: Applied Marketing Management and Leadership (L) (3)
PAF 311: Leadership and Change (SB) (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 420: Managing Across Boundaries (3)
USL 210: Service Learning: Intro to Diverse Community Issues (L & C) (3)

Cultural Competency Elective (choose one) -- 3 credit hours
JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)
LES 380: Consumer Perspective of Business Law (3)
MCO 460: Race, Gender, and Media (C) (3)
PHI 336: Social and Political Philosophy (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)
PHI 406: Moral Dilemmas (L or HU) (3)
REL 366: Islam in the Modern World (HU & G) (3)
REL 381: Religion and Moral Issues (L or HU) (3)
REL 480: Religion and Global Politics (L & G) (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)
SOC 334: Technology and Society (L or SB) (3)
SOC 339: Grassroots Social Movements (SB) (3)
SOC 342: Mexico-U.S. Borderlands (SB & C) (3)
SOC 352: Social Change (SB & G & H) (3)
SOC 363: Men and Masculinity (SB) (3)
TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)
TCL 328: Hispanic Religion, Culture and Healing (HU & C) (3)
WST 300: Women and Gender in Contemporary Society (SB & C) (3)
WST 331: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
WST 365: Women and International Health (G) (3)
WST 467: Ethnic Women Writers (HU & C) (3)
WST 471: Women's International Human Rights (3)
WST 485: Women, Gender, and Leadership (SB & C) (3)

Complete two co-curricular experiences (all pending approval of the certificate coordinator):
1. Complete an approved internship. This requirement must be completed after approval to add the certificate.
2. Approved leadership position on an executive board with a registered ASU club or organization.
3. Approved leadership role in support of the W. P. Carey School of Business or ASU community: (WPC 101 Facilitator, WPC Peer Advisor, Camp Carey Director, Leadership Through Action (Tillman Program), USG Position, Community Assistant, Residential Engagement Leader, A.P.P.L.E., other petition-approved activity).
4. ASU-affiliated study abroad program OR 75 hours of service learning or community service.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate is only open to undergraduate students in the W. P. Carey School of Business.

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Graduates who have combined the certificate in leadership in business with their major program of study may become more marketable to employers. They often decide to pursue employment in management, sales and marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

## Leadership, Ethics and Service Certificate (PPLETSCERT)

**Campus:** Downtown Phoenix
ASU is not currently accepting applications for this program.
**Description:** The leadership, ethics and service certificate program includes coursework with an emphasis on values, ethics, leadership and public service. In addition to in-class instruction, the program includes a service learning component during the summer and out-of-classroom activities.

**Program Requirements:**
A "C" (2.00 on a 4.00 scale) or better is required in all coursework.

Coursework -- 15 credit hours
CRD 435: Service Learning for Community Development (3)
NLM 235: Leadership and Ethics (3)
NLM 410: Social Entrepreneurship (3)
PAF 400: Senior Capstone Project (3)
PAF 410: Building Leadership Skills (SB) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Articulate the importance of public service to communities and individuals.
- •Develop basic leadership skills.
- •Articulate their own personal values and the role of ethics in the professional workplace.

**Career Opportunities:** Certificate programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

## Legal Issues in Criminal Justice Certificate (PPLCRJCERT)

**Campus:** Downtown Phoenix, West, Online

**Description:** The legal issues in criminal justice certificate program focuses on the intersection of policy and its effects on the criminal justice system. Topics include a focus on law and theoretical perspectives on the ramifications of certain policies in the field of criminal justice.

Students seeking more specialized knowledge about legal consequences of policy on the criminal justice system or those interested in careers

working in the public sector, law or the criminal justice system should consider this certificate program.

**Program Requirements:**
Required Core -- 15 credit hours
CRJ 203: Courts and Sentencing (3)
CRJ 260: Criminal Law I: Introduction to Substantive Criminal Law (3)
CRJ 410: Criminal Procedure I: The Law of Investigations (3)
CRJ 416: Criminal Procedure II: Adjudication (3)
CRJ 460: Criminal Law II: Advanced Substantive Criminal Law (3)

Electives -- 3 credit hours
CRJ 321: Evidence: Imperatives of Proof (3)
CRJ 350: Law and Social Control (SB) (3)
CRJ 411: Legal Issues in Corrections (3)

At least 12 credit hours must be taken in residence at ASU.
A "C" (2.00 on a 4.00 scale) or better is required in all coursework required for the certificate.
Bachelor of Science in Criminology and Criminal Justice majors who are also pursuing the Legal Issues in Criminal Justice certificate may not use CRJ 410, CRJ 416, CRJ 460, and their chosen elective (CRJ 321, CRJ 350, or CRJ 411) towards both their degree and certificate.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must complete CRJ 100 Introduction to Criminal Justice with a grade of "C" or better (scale is 4.00 = "A") in order to be admitted to the certificate program. This course may be taken at ASU or transferred from another institution, including a community college.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Bachelor of Science in criminology and criminal justice majors who are also pursuing the legal issues in criminal justice certificate may not use CRJ 410, CRJ 416, CRJ 460, and their chosen elective (CRJ 321, CRJ 350, or CRJ 411) toward both their degree and certificate.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/minors/) for program descriptions and to request more information.

**Career Opportunities:** Students are prepared for employment opportunities in public policy, law enforcement and corrections, law firms and social service agencies.

## Lesbian, Gay, Bisexual and Transgender Studies Certificate (PPLGBTCERT)

**Campus:** Tempe

**Description:** The certificate program in lesbian, gay, bisexual, and transgender studies offers students a multifaceted understanding of society.

Lesbians, gay men, bisexuals and transgender people play important roles as colleagues, clients, parents, children, siblings, neighbors, employees, employers, religious leaders and friends. Given the increasing visibility and changing political climate for LGBTQ people in the United States, all students, not only those who identify themselves as gay, lesbian, bisexual or transgender, are served well by learning about the histories, communities and contemporary social issues regarding people from LGBTQ backgrounds.

The educational experience is enhanced when students are introduced to complex intersections between and among sexual, racial, ethnic, religious, geographic and national identities. This program's philosophy is to promote intellectual and pedagogical diversity as one of the university's greatest assets, and this is done, in part, by instilling in students a sensitivity to cultures different from their own and through careful analysis of the self in historical, artistic and sociocultural contexts.

The goals of the program are to give students knowledge about the history, evolution of and current issues facing the LBGTQ community; practical experience utilizing coursework knowledge in the community through an internship or community service project; and theoretical perspectives on heterosexuality as a presumptive sexual identity. Students gain an understanding of lesbian, gay, bisexual and transgender studies as an academic area of inquiry and an understanding of community politics, dynamics and conflicts, and they engage in a use-inspired education that culminates in a public presentation.

**Program Requirements:**
The certificate requires 15 credit hours, of which a minimum of 12 must be upper division. Each course must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or better.

Required Course (choose one) -- 3 credit hours
SST 294: Introduction to LGBTQ History and Culture (3)
SWU 180: Introduction to Lesbian, Gay, Bisexual and Transgender (LGBT) Studies (SB & C) (3)
WST 294: Sex, Gender, and Sexuality (3)

Electives -- 9 credit hours
AFR 351 / JUS 351 / WST 351: Gender and Hip Hop (3)
AFR 375: Race, Gender and Sport (SB & C) (3)
APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
APA 345: Asian Pacific Americans and Film (HU & C & H) (3)
ARS 485: Women in the Visual Arts (L) (3)
ASB 210: Human Sexuality: Anthropological Perspectives (SB & G) (3)
Notes: Only Interdisciplinary Studies major may use additional lower-division courses
ASB 346: Marriage and Family Diversity (SB & C) (3)
BIS 350: Diversity and Organizations (L & C) (3)
Notes: Student must pick LGBT focus for course project and receive approval from certificate advisor.
COM 316: Gender and Communication (SB & C) (3)
COM 421: Rhetoric of Social Issues (HU) (3)
COM 442: Identity, Performance, and Human Communication (3)
COM 494: Gender in the Media (3)
ENG 345: Transgender and Intersex Literature and Film (3)
ENG 440: Sexuality (3)
ENG 443: Gender, Culture and Literacy (3)
ENG 449: Masculinities, Femininities and Literacies (3)
ENG 454: Gender and Literature (L or HU) (3)
FAS 264: Sociology of Gender (SB & C) (3)
Notes: Only Interdisciplinary Studies majors may use additional lower-division courses.
FAS 332: Human Sexuality (SB) (3)
FAS 498: Transgender Youth and Families (3)
HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)
JUS 371: Sexuality and Social Justice (3)
JUS 427: Identity and Justice (L) (3)
JUS 435: Cinema and Justice (3)
MIC 314: HIV/AIDS: Science, Behavior, and Society (3)
SST 494: Transformational Leadership and Embodied Activism (3)
SWU 291: Social Service Delivery Systems (3)
Notes: Only Interdisciplinary Studies majors may use additional lower-division courses
SWU 374: Diversity and Oppression in a Social Work Context (C) (3)
SWU 461: Lesbian, Gay, Bisexual, Transgender, and Queer Issues (C) (3)
THE 494: Queer Plays and Films (3)
WST 100: Women, Gender, and Society (SB & C) (3)
Notes: Only Interdisciplinary Studies majors may use additional lower-division courses. Credit is only allowed for WST 100 or 300
WST 300: Women and Gender in Contemporary Society (SB & C) (3)
Notes: Credit is only allowed for WST 100 or 300
WST 313: Women and Sexuality (SB & C) (3)
WST 335: Lost in Space: Gender, Race, and Sexuality in Science Fiction (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 413: Queer Studies (HU & C) (3)
WST 433: Race and Sexualities in Social Justice Movements (3)
WST 460: Women and the Body (SB & C) (3)
WST 470: Gender and Popular Culture (HU & C) (3)
WST 477: Gender and Violence (SB & C) (3)

Capstone -- 3 credit hours

All students will complete a three credit hour capstone experience after completing a minimum of nine credit hours in the certificate program. The capstone experience will be supervised by any member of the faculty approved by the Lesbian, Gay, Bisexual and Transgender Studies Committee.
Capstone Course (3)
Notes:  Select capstone course with consultation of LGBT advisor.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- •Students will demonstrate knowledge about lesbian, gay, bisexual and transgendered communities.
- •Students will apply knowledge about LGBT communities through directed research, an internship or community-based project under the supervision of an ASU faculty member.

**Career Opportunities:** Graduates who have combined the certificate in lesbian, gay, bisexual and transgender studies with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

## Mathematical Concepts of Engineering Certificate (LAMACECERT)

**Campus:** Tempe, Online

**Description:** The certificate program in mathematical concepts of engineering is designed for students who seek a strong foundation in mathematics to support their studies in engineering.

Combining a core foundation in the quantitative and analytical skills found in mathematics with related skills in engineering, the program provides students with a solid mathematical background well suited for multiple career paths.

**Program Requirements:**
The mathematical concepts of engineering certificate requires a minimum of 21 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine credit hours must be completed at ASU. MAT 343 and STP 420 must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses -- 18 credit hours
IEE 380: Probability and Statistics for Engineering Problem Solving (CS) (3)
MAT 266: Calculus for Engineers II (MA) (3)
MAT 267: Calculus for Engineers III (MA) (3)
MAT 275: Modern Differential Equations (MA) (3)
MAT 343: Applied Linear Algebra (3)
STP 420: Introductory Applied Statistics (CS) (3)

Electives (choose one) -- 3 credit hours
DAT 301: Exploring Data in R and Python (4)
IEE 381: Lean Six Sigma Methodology (3)
IEE 385: Engineering Statistics: Probability (3)
IEE 470: Stochastic Operations Research (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU degree-seeking students
Students must have completed MAT 265 or MAT 270 with a "C" or higher prior to enrolling in the certificate program. Students also must be in good academic standing with a minimum cumulative grade point average of 2.00.

Nondegree-seeking students
This certificate is available through the Pathways for the Future program (https://pff.asu.edu/). Applicants with or without a bachelor's degree are eligible to apply for, and receive, this certificate through the Pathways for the Futures program. Applicants must have completed MAT 265 or MAT 270 with a "C" grade or higher (scale is 4.00 = "A"). Applicants who have taken these courses at another institution should use the Transfer Guide course search (https://webapp4.asu.edu/transfercreditguide/app/home) to determine if a transfer course can fulfill the prerequisite course requirements. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu/online-degree-programs/certificates/mathematical-concepts-engineering-undergraduate-certificate/) for program descriptions and to request more information.

**Career Opportunities:** The certificate in mathematical concepts of engineering is a specialization that complements a major program of study, and it helps students become more marketable to employers.

**Contact Information:**

## Media Arts and Sciences Certificate (HIDGCCERT)

**Campus:** Tempe
This program's name has changed effective Fall 2023. The previous name was Digital Culture.
**Description:** The media arts and sciences certificate program in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing culture, or rather the way people live, learn, create and communicate.

Pursuing the media arts and sciences certificate allows students to enhance their program of study with integrated, transdisciplinary training in creative processes and technical skills in new media with cultural applications.

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that is increasingly shaped by new technologies.

**Program Requirements:**
The digital culture certificate requires 18 credit hours, of which 12 are upper division.
A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all courses in the certificate program. Courses in the certificate program may not be used as part of a major. All upper-division certificate coursework must be taken at ASU.

Required Courses -- 6 credit hours
AME 111: Introduction to Digital Culture (CS) (3)
AME 112: Computational Thinking for Digital Culture or AME 230: Programming for the Media Arts (CS) (3)

Digital Culture Studies -- 6 credit hours
AME 310: Media Literacies and Composition (3)
AME 320: Motion Capture for Integrative Systems (3)
AME 330: Digital-Physical Systems (3)
AME 340: Compositional and Computational Principles for Media Arts (3)
AME 394: Special Topics (3)
AME 410: Interactive Materials (3)
AME 430: Mac Development for Media Arts (3)
AME 435: Mobile Development (3)
AME 444: Media Installations (3)
AME 470: Programming for Social and Interactive Media (3)
AME 485: Digital Culture Capstone I (3)

AME 494: Animating Virtual Worlds (3)
AME 494: Special Topics (3)
ART 378: Digital Textiles (3)
FSH 394: Fashion Design & Wearable Technology (3)

Digital Media - Media Arts and Design -- 6 credit hours
AME 394: Special Topics (3)
AME 494: Special Topics (3)
ART 308: 2D Digital Animation I (3)
ART 346: 3-D Computer Imaging and Animation (CS) (3)
ART 348: Animation Motion Studies (3)
ART 394: Digital Photography for Non-Majors (3)
ART 438: Moving and Interactive Systems in Sculpture (3)
ART 440: Experimental Video Art (3)
ART 494: Visual Prototyping (3)
CIS 300: Web Design and Development (3)
EDT 440: Creating and Marketing Mobile Apps (3)
EEE 307: Signal Processing for Digital Culture (3)
IAP 322: Multitrack Digital Recording (3)
IAP 361: Digital Editing and Media Literacy (CS) (3)
IAP 364: Documentaries (3)
IAP 462: Games and Play (3)
MDC 311: Composing and Performing for Hybrid Ensembles (3)

Generous substitution rules allow for course flexibility. Students receiving the digital culture certificate can petition to substitute up to six credit hours. Three credit hours can come from any course related to digital culture through courses offered by any ASU unit on any ASU campus, including the interdisciplinary arts and performance program on the West campus and the film and media studies program on the Tempe campus. Courses may include any on the list of related subjects and substitutions (shown above) or courses with comparable content.

The other three substitution hours can be achieved through the following path:

The three-hour media arts and design course requirement may be substituted with a three-hour course in the digital culture-related category.
Students who earn a digital culture certificate cannot earn a minor in digital culture.
Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Degree-seeking undergraduates or nondegree-seeking graduate students may add the media arts and sciences certificate. Students must complete two AME courses with a "C" or higher to be eligible to add the certificate; this requirement is so that students' understanding of the discipline is sufficient to develop a pathway that best meets the proficiencies for the work they are interested in pursuing.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with a undergraduate certificate. The certificate in media arts and sciences helps students become more marketable to employers by adding this specialization to complement their major program of study. Media arts and sciences graduates go on to work in a variety of fields, some of which are mobile app design, audio production and autonomous systems.

## Mild/Moderate Special Education Certificate (TEMSPECERT)

**Campus:** Tempe

**Description:** The certificate program in mild/moderate special education prepares students to make connections and provide equitable learning environments to meet the diverse learning needs of students in kindergarten through grade 12.

This certificate program can only be added to the following programs at Mary Lou Fulton Teachers College in order to allow students eligibility for

dual-teaching certificates at the completion of their undergraduate degree:

- BAE in early childhood education
- BAE in elementary education
- BAE in elementary multilingual education
- BAE in physical education
- BAE in secondary education

Students learn how to work and partner with communities and schools to co-construct and negotiate roles and responsibilities in order to deliver effective special education programming. Coursework is grounded in data; theoretical foundations; federal, state and local policies; and a sense of responsibility to student and community needs.

Graduates are eligible to earn an institutional recommendation from ASU for Arizona teacher certification in Mild/Moderate Disabilities, K-12, from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option
This program is also offered via ASU Sync (https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide). ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. ASU Sync students need to reside in Arizona throughout the duration of the program. Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at https://www.benefits.va.gov/gibill (https://www.benefits.va.gov/gibill).

**Program Requirements:**
In addition to completing this certificate and a teacher certification program major, students will be required to earn a passing score on the professional knowledge portion of the AEPA/NES exam and a passing score on the subject knowledge portion of the AEPA/NES exam in each area an Arizona teaching credential is sought. Subject knowledge exam waivers may apply. Students should contact the Mary Lou Fulton Teachers College for more information.
This certificate requires 18 credit hours. A "C" or better is required in all coursework.

Required Courses -- 18 credit hours
RDG 413: Literacy Methods of Instruction and Assessment for Diverse Learners (3)
SPE 321: Classroom and SPE Assessment (3)
SPE 323: Effective Practices and Behavior Interventions: Supports for Exceptional Students (3)
SPE 411: Special Education History and Law (3)
SPE 423: Evidence-Based Practices for Students with Exceptional Needs (3)
TEL 331: Foundations of Literacy: The Science of Reading (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** This certificate is only open to students majoring in early childhood education, elementary education, elementary multilingual education, secondary education and physical education undergraduate teacher preparation programs in the Mary Lou Fulton Teachers College.

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.25 is required for continued good standing. Students should contact the Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non degree-seeking graduate student but may not be eligible for an institutional recommendation for Arizona teaching licensure without additional preparation beyond the certificate.

**Career Opportunities:** Graduates of Mary Lou Fulton Teachers College are highly sought-out teachers in public, charter and private education institutions. Graduates with degrees in special education may also work in roles such as education resource specialists, interventionists or curriculum developers.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential

licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Military Studies Certificate (LSMILSCERT)

**Campus:** Online

**Description:** The military studies certificate program is designed in partnership with the U.S. Naval Community College to provide enlisted personnel, veterans and nonmilitary students with an interdisciplinary focus on national security, history and political science. Coursework includes global perspectives on war and conflict, an understanding of contemporary United States foreign policy, and regional focus of the student's choice on history, religion and politics.

The program includes capstone research or an applied project in which students explore the role of the U.S. military in advancing the goals of the nation in the past, present or future.

**Program Requirements:**
Required Courses -- 12 credit hours
HST 101: Global History Since 1500 (HU & H & G) (3)
IDS 150: Introduction to Military Studies (3)
IDS 350: Military Studies Interdisciplinary Capstone (L) (3)
POS 361: American Foreign Policy (SB & G) (3)

Military Studies Electives (choose two) -- 6 credit hours
HST 303: China,Japan & East Asia in World History (3)
HST 304: Stalin to Putin (3)
HST 372: Modern Middle East (SB & G & H) (3)
JUS 374: The Holocaust, Genocide, and Human Rights (3)
PAF 469: Terrorism Defense (3)
POS 300: Contemporary Global Controversies (SB & G) (3)
POS 364: National Security, Intelligence, and Terrorism (SB) (3)
POS 368: Ethics and Human Rights (3)
POS 465: International Organization and Law (SB & G) (3)
REL 366: Islam in the Modern World (HU & G) (3)
REL 379: Religion, Nationalism, and Ethnic Conflict (HU & G) (3)
SGS 303: Global Trends (SB & G) (3)
SGS 350: Economic Development and Globalization (3)
SGS 370: Geopolitics (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** Graduates of this program are prepared to further advance in careers in military service as well as to succeed in further undergraduate study.

## Modern Hebrew Certificate (LAHEBCERT)

**Campus:** Tempe

**Description:** The certificate program in modern Hebrew provides students with a firm foundation in modern Hebrew language and a broad knowledge of Israeli culture, leading to advanced skills in reading, writing and conversing in the language. The program includes the study of literature, politics and history, enriching students' knowledge of the Middle East and offering them deeper understanding of current affairs.

**Program Requirements:**
The certificate requires 20 credit hours. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher. A minimum of 12 credit hours must be completed at the upper-division level and a minimum of 12 credit hours must be earned at ASU or in an ASU-approved study abroad program.

Language -- 14 credit hours
HEB 201: Intermediate Modern Hebrew (G) (4)
HEB 202: Intermediate Modern Hebrew (G) (4)
HEB 313: Advanced Modern Hebrew (G) (3)
HEB 314: Advanced Modern Hebrew (G) (3)

Electives (choose two) -- 6 credit hours
HEB 347 / JST 347 / SLC 347 / ENG 347: Modern Israeli Literature in Translation (HU & G) (3)
HEB 348 / JST 348 / SLC 348: Israeli Society and Culture (HU & G) (3)
HEB 349: Israeli Wars in Israeli Movies (HU & G) (3)
HEB 375: Contemporary Culture of Israel (HU & G) (3)
HST 372: Modern Middle East (SB & G & H) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** ASU students admitted to a degree program in any field of study are eligible to enroll in the modern Hebrew certificate program. In order to be admitted to the certificate program, students must complete HEB 101 and 102 Elementary Modern Hebrew to satisfy the requirements to enroll in HEB 201 Intermediate Modern Hebrew.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This certificate enhances many degree programs and career paths.

Graduates who have combined the certificate in modern Hebrew with their major program of study may become more marketable to employers, and they often decide to pursue employment in political analysis, tourism and hospitality, foreign policy, international business, tourism, media, translation, and in different levels of education or marketing.

## Music Entrepreneurship Certificate (HIMERTCERT)

**Campus:** Tempe

**Description:** Music entrepreneurship is a discipline that intersects the traditional music disciplines. Music entrepreneurship harnesses the skills and mindset of the entrepreneur to empower musicians to create work that is meaningful, sustainable and oriented to community and market need.

Students in a music degree program and students with a background in music benefit from the business, marketing and organizational skills they develop through the certificate courses as applied specifically to and within the arts.

**Program Requirements:**
The undergraduate certificate in music entrepreneurship consists of 15 credit hours, of which at least 12 credit hours must be upper division. There are six credit hours of required coursework and the remaining nine credit hours are selected from the electives section. A grade of "C" or better is required in all courses.

Required Courses -- 6 credit hours
MSC 484: Music Entrepreneurship Fieldwork or MUP 494: Entrepreneurship Capstone (3)
MUP 438: The Enterprising Musician (3)

Electives -- 9 credit hours
FIN 380: Personal Financial Management (3)
MCO 431: Media Entrepreneurship (3)
MHL 394: US Popular Music: Industry, Technology and Culture (3)
MSC 451: Popular Music Industry Studies I (2)
MUP 319: Advanced Audio Engineering in the Arts (2)
MUP 439: Music Product Creation and Development (3)
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 410: Social Entrepreneurship (3)
NLM 451: Grant Writing (3)
PAF 410: Building Leadership Skills (SB) (3)
THP 351: Arts Management (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in music entrepreneurship is meant to supplement study for music majors and nonmajors in any discipline with a music background. Students may be admitted to the certificate by submitting a statement of interest outlining their music background and personal goals through the School of Music, Dance and Theatre application. For further application details, students should visit the program website (https://musicdancetheatre.asu.edu/degree-programs/music-entrepreneurship-certificate).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:
- Apply key concepts of entrepreneurship to critical evaluation of music career paths.
- Synthesize knowledge of music entrepreneurship within the Phoenix area and surrounding communities through music entrepreneurship fieldwork.

**Career Opportunities:** Graduates who have combined the certificate in music entrepreneurship with their major program of study may become more marketable to employers. They often decide to pursue employment in such industries as arts entertainment, music business, arts administration or performance. Career examples include arts administrator, business owner, community arts advocate, performing musician and public or community school teacher.

## Nonprofit Professional Certificate (PPNPYCERT)

**Campus:** Downtown Phoenix

**Description:** This nationally recognized certificate program awards qualified students from diverse academic fields with the national Certified Nonprofit Professional credential. The CNP credential is awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.), a consortium of universities, nonprofits and funders that are committed to preparing students for management careers in the nonprofit sector. More information is available on the NLA website: https://nla1.org/ (https://nla1.org/).

The NLA/ASU program provides curricular and cocurricular programs that prepare students through its competency-based, experiential educational framework, which includes curriculum instruction in management of nonprofit elements (fundraising, volunteers, organizational management) and field experience.

The program is ideal for students wishing to complement their majors with a strong core of nonprofit management knowledge and skills through professional affiliation with and certification by the Nonprofit Leadership Alliance, the nation's leader in education for nonprofit careers. NLA collaborates with a number of national nonprofit organizations as well as locally based grassroots organizations that actively seek NLA and ASU program interns and job candidates.

**Program Requirements:**
The program includes active participation by nonprofit professionals who offer workshops, seminars, mentoring and field trips. The certified nonprofit professional credential can be earned in conjunction with any bachelor's degree and requires successful participation in co-curricular, experiential activities in addition to required academic coursework. For more information on the credential, please visit https://nla1.org/cnp/.

Required Courses -- 11 credit hours
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 320: Professional Development Seminar (4)
Notes:  (Taken twice over two semesters)
NLM 420: Nonprofit Leadership Alliance Institute (3)
Notes:  Offered fall semester only
NLM 440: Nonprofit Professional Certification (1)

Electives (choose two courses from list below) -- 6 credit hours
NLM 160: Voluntary Action and Community Leadership (SB) (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 310: Volunteer Management (3)
NLM 380: Financial Management for Nonprofit Organizations (3)
NLM 430: Managing Nonprofit Organizations (L) (3)
NLM 451: Grant Writing (3)
NLM 484: Internship (3)

Standards
1. 17 hours of graded coursework.
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the certificate.
3. minimum GPA of 2.00 for those pursuing the certificate.
4. should be a junior to take 400-level courses.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The nonprofit professional credential opens up career opportunities across a range of diverse nonprofit areas, such as arts and culture; environmental, health, and human services; and youth development.

**Contact Information:**

## Oral History and Storytelling Certificate (ASOHCCERT)

**Campus:** West

**Description:** Through the program, students gain an understanding of and appreciation for diverse cultures, past and present, and engage in oral history research and interviewing. Students may build on existing projects or develop new community relationships at local, national and international levels.

With the knowledge and skills to abide by the professional standards involved in oral history documentation, research and presentation, students leave the program better prepared for graduate programs or careers that integrate oral history.

The program is offered by the School of Humanities, Arts and Cultural Studies.

**Program Requirements:**
The certificate in oral history and storytelling consists of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Six credit hours may be shared between the certificate and courses for a student's major. Students should consult an academic advisor to select appropriate courses. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours
HRC 310: Social and Cultural Analysis: Method and Theory (C) (3)
HRC 480: Capstone: Practices and Approaches (L) (3)

Electives -- 9 credit hours
COM 335 / IAP 335: Acting for the Camera (3)
COM 339 / ENG 339 / IAP 339: Creating Dramatic Works: Page to Stage to Screen (3)
COM 342: Oral History and Storytelling (3)
COM 394: Storytelling in the Professions (3)
ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)
ENG 361: Scriptwriting (3)
ENG 394: Cross-Cultural Narratives (3)
ENG 394: Oral History & Storytelling in Humanities & Arts (3)
ENG 476: Folklore & Oral Traditions (3)
ENG 476: Folklore in Everyday Life (3)
ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
HST 419 / LAS 419: 20th Century Chicano/a History (C) (3)
IAP 364: Documentaries (3)
WST 370: Chronicling Women's Lives (HU & C) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate program in oral history and storytelling is open to all ASU undergraduate majors. This certificate is also available for graduate students and students majoring in professional programs. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate program in oral history and storytelling prepares students for careers such as ethnographers, culture and history directors, videographers, editors, copy writers or journalists.

## Organizational Leadership Certificate (LSORGLCERT)

**Campus:** Online

**Description:** In the certificate program in organizational leadership, students develop the skills that leaders need to solve problems, communicate effectively, assess programs, manage resources and evaluate emerging technologies. The skills students learn are applicable to any work or environment, regardless of assigned role, in organizations across all sectors: private, nonprofit, government and military.

This certificate program is part of the AA degree in in organizational leadership.

**Program Requirements:**
The certificate in organizational leadership requires 21 hours, of which 12 must be upper division. A minimum grade of "C" is required in each course.

Required Courses -- 21 credit hours
OGL 200: Introduction to Organizational Leadership (SB) (3)
OGL 220: Behavioral Dynamics in Organizations (SB) (3)
OGL 260: Resource Allocation in Organizations (3)
OGL 300: Theory and Practice of Leadership (3)
OGL 345: Organizational Ethics (HU) (3)
OGL 355: Leading Organizational Innovation and Change (3)
OGL 381: Organizational Leadership Capstone (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Students must be accepted to the U.S. Naval Community College to add this program.

**Attend Online:**
ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program's ASU Online page (https://asuonline.asu.edu) for program descriptions and to request more information.

**Career Opportunities:** Graduates possess skills and knowledge they need for leadership positions in a wide range of organizations, such as business, government, health care administration, nonprofit agencies and the service industry.

## Peace Corps Prep Certificate (LSPCPRCERT)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Description:** The Peace Corps prep certificate program is designed to foster intellectual curiosity while building the competitiveness of Peace Corps applicants.

Six sectors --- education, youth development, health, environment, community and economic development, and agriculture --- comprise the program, unified by the mandatory course IDS 355 Peace Corps Seminar. To enhance the three core competencies of sector-specific skills, intercultural competence and leadership, students are encouraged to participate in service learning, internship opportunities and study abroad experiences.

**Program Requirements:**
The Peace Corps prep certificate requires a minimum of 21 credit hours as outlined below. However, students are able to double count credits from their current major, minor, general studies requirements, or other certificates where applicable. Students are encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.
Applicants should contact an academic advisor in the College of Integrative Sciences and Arts, or the Peace Corps liaison at ASU by emailing pcprepcoordinator@asu.edu.

Required Courses -- 6 credit hours
IDS 355: Peace Corps Seminar (G) (3)
any 484 Internship course or IDS 401: Integration: Experiential Learning or OGL 484: Internship (3)
Internship hours may be completed locally, out of state or through an international study abroad program. The internship must be completed in the same program sector as the affiliated program sector electives completed for a minimum of 3 credit hours.

Cultural Diversity in the U.S. or Global Awareness Course(s) -- 6 credit hours
Cultural Diversity in the U.S. (C) or Global Awareness (G) (6)
Students complete two additional "C" (Cultural Diversity in the U.S.) or "G" (Global Awareness) courses, excluding IDS 355 and the nine credit hours of sector related electives. Sector electives in excess of nine credit hours may count toward this C or G requirement. Classes can be either lower or upper division.

Electives (Choose one of the six sectors below) -- 9 credit hours
Program Sector Electives (9)
Students will select nine upper-division credit hours from one of the six program sectors of agriculture, community and economic development, education, environment, health, or youth development.
Students should see their academic advisor for a complete list of sector specific courses.

Agriculture Sector
Examples of electives include, but are not limited to:
AGB 302: International Management and Agribusiness (G) (3)
AGB 425: Food Supply Networks (3)
AGB 452: Global Food and Agricultural Trade (3)
ASB 300: Food and Culture ((L or SB) & C) (3)

Community and Economic Development Sector
Examples of electives include, but are not limited to:
ABS 364: Urban Forestry (3)
BIO 324: Environmental Ethics (HU) (3)
BIO 434: People and Nature: Ecosystem Services (3)
ECN 360: Economic Development (SB & G) (3)
GCU 364: Energy in the Global Arena (SB & G) (3)
SOS 327: Sustainable Food and Farms (3)

Education Sector
Examples of electives include, but are not limited to:
AFR 350: Inequality and Diversity in Education (L & C) (3)
ECD 321: Foundations in Language, Literacy and Culture in Early Childhood (L) (3)
ECS 315: Classroom Organization and Child Guidance (3)
HCR 402: Advocacy for Health and Health Education (3)
SOC 421: Education and Society (SB) (3)
SPF 301: Culture and Schooling (L) (3)

Environment Sector
Examples of electives include, but are not limited to:
ASB 375: Humans and the Environment: What's the Connection? ((L or SB) & G) (3)
BIO 320: Fundamentals of Ecology (3)
BIO 322: Conservation of Biodiversity (3)
GPH 314: Global Change (HU & G) (3)
SOS 326: Sustainable Ecosystems (3)

Health Sector
Examples of electives include, but are not limited to:
ASB 301: Global History of Health (SB & G & H) (3)
ASB 305: Poverty and Global Health ((L or SB) & G) (3)
ASM 345: Disease and Human Evolution (3)
EXW 450: Social Determinants of Health and Health Behavior ((L or SB) & C) (3)
HSC 310: Health Communication (3)

Youth Development Sector
Examples of electives include, but are not limited to:
ASB 346: Marriage and Family Diversity (SB & C) (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 310: Volunteer Management (3)
PRM 315: Creating Community Through Park and Recreation Systems (3)
SWU 456: Immigrants and Refugees (C) (3)

Students will complete a three-credit-hour internship and can do so by taking any internship course so long as their internship relates to their chosen sector. *** 484 or IDS 401 or OGL 484 (or approved 3-credit internship or applied learning experience).
Students from any major have permission to register for OGL 484 in order to complete an internship related to their sector. Students may also meet the internship requirement by completing an internship experience through a study abroad program.
Study abroad or international experience is encouraged but not required. Consider IDS 394 "A Taste of Peace Corps in the Dominican Republic" during spring break as a substitute for any required certificate course.
Foreign language study to at least the 200-level is encouraged but not required.
For Peace Corps placements in Spanish or French-speaking countries, foreign language proficiency at the 200-level is often required.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Applicants should contact an advisor in the College of Integrative Sciences and Arts for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non degree-seeking graduate student.

**Career Opportunities:** Students can advance their career options with an undergraduate certificate. Those who have complemented their major program of study with this specialization in Peace Corps prep may be more marketable to employers.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in the foreign services, nongovernmental agencies, relief organizations, community-based organizations and government positions. Advanced degrees or certifications may be required for academic or clinical positions.

## Personal Fitness Training Certificate (NHPFITCERT)

**Campus:** Downtown Phoenix

**Description:** The personal fitness training certificate program provides students with the foundational knowledge and basic competencies they will need in order to develop evidence-based physical activity programs the general population can use to achieve positive health changes.

After completion of the certificate, students have a deeper understanding of exercise program development and human physiology, allowing them to pursue personal training certification through most accredited associations. Certification provides assurance to potential clients that students have knowledge and skills in the fitness field and can provide a sound program to meet their needs.

This program does not prepare students to work with clients with special needs or existing health conditions.

**Program Requirements:**
The certificate consists of 18 credit hours, at least 12 of which must be upper division. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 15 credit hours
EXW 215: Resistance Training and Recovery Techniques (3)
EXW 217: Cardiorespiratory and Flexibility Training (3)
EXW 335: Physical Activity and Physiological Concepts (3)
EXW 425: Exercise Prescription for Health and Wellness (3)
SSP 320: Coaching Leadership, Performance Team and Facility Management (3)

Elective (choose one) -- 3 credit hours
EXW 302: Fundamentals of Wellness (L) (3)
EXW 344: Impact of Physical Activity on Health and Disease (L) (3)
EXW 400: Stress Management for Wellness (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Program Learning Outcomes:**
Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- •Apply concepts of muscular and cardio-vascular physiological systems to make appropriate choices of movements for their clients.
- •Teach exercises that promote better overall health for clients.
- •Apply exercise science concepts to create safe and effective exercise training programs.

**Career Opportunities:** Students can improve their career options with an undergraduate certificate.

The certificate program in personal fitness training helps students become more marketable in the general health fields by providing them with specific content knowledge about exercise techniques, exercise program design, the positive impact physical activity can have on overall health, and reductions in the risk for developing chronic disease.

**Professional Licensure:** ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure (https://admission.asu.edu/academics/licensure) webpage.

## Philosophy, Politics and Economics Certificate (LAPHPECERT)

**Campus:** Tempe

**Description:** The philosophy, politics and economics certificate program provides students a foundation in each of these three fields as well the opportunity to consider how to integrate the three disciplinary perspectives through both the introductory and capstone courses.

The program offers core concepts, tools and content in the fundamental disciplines of ethics, politics and economics, providing students the means to address social and political challenges.

**Program Requirements:**
The certificate in philosophy, politics and economics requires 15 credit hours, of which at least 12 must be upper division. All courses for the certificate must be completed with a minimum grade of "C" (2.00 on a 4.00 scale). Students should contact the School of Civic and Economic Thought and Leadership for more information.

Required Courses -- 6 credit hours
CEL 350: Philosophy, Politics and Economics (SB) (3)
CEL 485: Capstone Seminar in Civic and Economic Thought and Leadership (3)

Economic Electives -- 3 credit hours
CEL 304 / ECN 304: Classical to Modern Economic Thought (3)

Philosophy Electives (choose one) -- 3 credit hours
PHI 306: Applied Ethics (HU) (3)
PHI 307: Philosophy of Law (HU) (3)
PHI 325: Philosophy of Social Science (HU or SB) (3)
PHI 336: Social and Political Philosophy (HU) (3)
PHI 337: Ethical Theory (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)

Political Science Electives (choose one) -- 3 credit hours
POS 340: History of Political Philosophy I (HU & H) (3)
POS 341: History of Political Philosophy II (HU & H) (3)
POS 346: Problems of Democracy (HU) (3)

POS 442: American Political Thought (HU) (3)
POS 443: Topics in Contemporary Political Theory (HU) (3)
POS 475: Morality and Politics (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The certificate emphasizes the transferability of the knowledge and skills gained in philosophy and economics to practical problems of political and societal governance.

The certificate prepares students for a range of important career opportunities and more generally to be leading citizens and contributors across many sectors of life, public or private, political affairs or civil society. Graduates of the program in Europe, America and around the globe have had successful careers in business administration, consulting, finance, government and political affairs, health care, industry, the tech sector, international affairs, international development, investment banking, journalism, law, management, marketing, non-profit organizations, public policy and various nonprofit organizations.

## Philosophy, Rhetoric and Literature Certificate (ASPRLCERT)

**Campus:** West

**Description:** The certificate in philosophy, rhetoric and literature is an interdisciplinary humanities program that integrates continental philosophy, literature, art, communication and social critique.

Students explore existential crises and the production of cultural values. They examine the anxieties and expectations surrounding cultural identity, including the expectation to adhere to sexed, racial, ethnic, social and religious norms. Special attention is given to the roles that art, literature, thought, intercultural interaction and communication play in repairing fractured histories and in the creation of better social worlds.

**Program Requirements:**
The certificate in philosophy, rhetoric and literature consists of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. The certificate requires three credit hours in Rhetorical Perspectives, three credit hours in Continental Philosophical Perspectives, three credit hours from Pool A and six credit hours from Pool B. Courses used for Core Requirements cannot be used to fulfill Upper Division Electives. All courses used to satisfy the requirements for the certificate must be passed with a "C" (2.00) or better.

Core I Rhetorical Perspectives -- 3 credit hours
ENG 400: History of Literary Criticism (L or HU) (3)
ENG 440: Studies in American Literature and Culture (3)
ENG 472: Rhetorical Studies (3)

Core II Continental Philosophical Perspectives -- 3 credit hours
PHI 304: Existentialism (HU) (3)
PHI 411: Continental Philosophy (HU) (3)
PHI 412: Philosophy and Literary Criticism (HU) (3)

Pool A -- 3 credit hours
COM 363: Latinxs and the Media (C) (3)
COM 464: Communicative Sexualities (SB) (3)
ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ENG 400: History of Literary Criticism (L or HU) (3)
ENG 401: Topics in Critical Theory (3)
ENG 440: Studies in American Literature and Culture (3)
ENG 454 / WST 454: Gender and Literature (L or HU) (3)

ENG 461: Studies in Women and Literature (3)
ENG 472: Rhetorical Studies (3)
ENG 478: Studies in Modernism (3)
ENG 479: Studies in Postmodernism (HU & G) (3)
ETH 473 / LAS 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
IAP 471: Language, Culture, and Performance (L or HU) (3)
IAP 473: Aesthetic Research (L or HU) (3)
LAS 340 / WST 341: Latin American Women Writers (HU & G) (3)
PHI 412: Philosophy and Literary Criticism (HU) (3)
PHI 421: Special Topics (3)

Pool B -- 6 credit hours
AIS 320: American Indian Philosophies and World Views (HU & C) (3)
COM 321: Rhetorical Theory and Research ((L or HU) & H) (3)
COM 429: Semiotics and Visual Communication (3)
ENG 401: Topics in Critical Theory (3)
IAS 450 / PHI 450 / REL 450: Philosophical and Spiritual Issues in Death and Dying (3)
PHI 303 / REL 300: The Future of Religions (L or HU) (3)
PHI 304: Existentialism (HU) (3)
PHI 339: Philosophy of Art (HU) (3)
PHI 390 / REL 314: Jewish Philosophy (3)
PHI 411: Continental Philosophy (HU) (3)
PHI 412: Philosophy and Literary Criticism (HU) (3)
PHI 415: Philosophy and Film (HU) (3)
PHI 421: Philosophical Topics (3)
POS 494: Everyday Forms of Political Resistance (3)
REL 345: Asian Religious Traditions (HU & G) (3)

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** The certificate in philosophy, rhetoric and literature is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** This program prepares students for advanced study in the humanities, social and behavioral sciences, and the arts, as well as lifelong learning in a variety of fields.

## Planetary Science Certificate (LAPLSCERT)

**Campus:** Tempe

**Description:** The certificate program in planetary science prepares undergraduate students in topics related to the formation and evolution of planetary bodies and associated remote sensing technologies employed in these studies. The program includes specific training in the areas of the origins of planetary systems, tectonics, volcanism, geomorphology and remote mapping of surficial geology using spacecraft and land-based observational data. Additional skills may include understanding of planetary atmospheres, astrobiology, geodynamics and cosmochemistry.

This interdisciplinary program prepares students for technical career paths, and helps prepare students to best engage with exciting opportunities in the frontier of planetary exploration.

**Program Requirements:**
The certificate requires a minimum of 18 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine

credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses (9-10 credit hours) -- 9 credit hours
AST 111: Introduction to Solar Systems Astronomy (SQ) or GLG 101: Introduction to Geology I (Physical) (SQ) or SES 100: Introduction to Exploration (CS) or SES 106: Habitable Worlds (SQ) or SES 107: A Solar System Journey (SG) or SES 121: Earth, Solar System and Universe (SQ) (3-4)
GLG 404: Fundamentals of Planetary Geology (3)
SES 421: Foundations of Planetary Science (3)

Electives (choose three) -- 9 credit hours
AST 494: Exoplanets (3)
GLG 321: Mineralogy or GLG 424: Petrology (3)
GLG 362: Geomorphology (3)
GLG 406: Geology of Mars (3)
GLG 418: Geophysics or GLG 419: Geodynamics (3)
GLG 420: Volcanology or GLG 422: Planetary Volcanology (3)
GLG 485: Meteorites and Cosmochemistry (3)
GLG 490: Remote Sensing (3)
SES 294: Introduction to Space Weather (3)
SES 311: Essentials of Astrobiology: Exploration for Life in the Universe or GLG 460: Astrobiology (3)
SES 494: Geology of Venus (3)
SES 494: Planetary Interiors (3)
Students may also use other courses as electives, especially special topics courses (SES/AST/GLG 494 and/or GLG 490), chosen in consultation with an academic advisor in the School of Earth and Space Exploration.

Prerequisite courses may be needed in order to complete the requirements of this certificate.

**Enrollment Requirements:** Certificate courses may have prerequisites, the most common of which are listed below. Additional enrollment requirements may include completion of these courses or their equivalents with a "C" or better:

- GLG 101/103 Introduction to Geology I (Physical), and Laboratory or SES 121/123 Earth, Solar System and Universe, and Laboratory
- a math course at the level of MAT 266 Calculus 2 or higher
- a chemistry course at the level of CHM 113 or higher
- a physics course at the level of PHY 121/122 or higher

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

**Career Opportunities:** The employment prospects of graduates completing the planetary science certificate will be enhanced by the potential for employment at the intersection of these fields, including:

- community college and university educators teaching Earth science or astronomy classes
- docents at science museums and planetariums
- faculty and researchers at universities working on federally-funded planetary science research, instruments or missions
- K-12 educators for programs with Earth science or astronomy curriculum
- researchers in aerospace companies contracted to build subsystems, instruments or missions for federally-funded planetary science research

Examples of places in Arizona where such jobs are offered include Arizona public universities, Mesa Community College, United States Geological Survey, Lowell Observatory and the Planetary Science Institute. Arizona companies that employ people in these fields include World View, Paragon, Freefall, General Dynamics, Qwaltec and KinetX. National companies include Lockheed, Honeywell, Ball, SpaceX, Blue Origin, Virgin Galactic, Intuitive Machines, Firefly, Northrup, Axiom, Planet Labs, Blue Canyon Technologies, Astrobotic and iSpace.

Graduates could also find employment in federal labs or as congressional staff.
