Purpose

The College of Education faculty is dedicated to the promotion of the full development of human beings through education. Using innovative, traditional and interdisciplinary programs and services, the faculty participates in partnerships to improve the quality of life of those we serve. Pre-service and in-service opportunities are provided for personal and professional growth. We promote a lifelong passion for learning and involvement.

The College of Education provides undergraduate and graduate professional education programs. Some programs lead to the initial certification of elementary, secondary, and special education teachers. Other programs lead to master's degrees in Educational Administration and Supervision, Elementary Education, Secondary Education, and Special Education. Graduate courses are also offered for certification in Educational Administration and Supervision.

The faculty of the College of Education offers the following degree or certification programs:

B.A.E. Elementary Education

Postbaccalaureate Programs for Teacher Certification

Elementary education
Secondary education
Special education

Certification programs

Education programs are approved by the Arizona Department of Education for the preparation of elementary, secondary, and special education teachers. Other programs of study offered by the faculty of the College of Education include:

- Concentrations in bilingual education and English as a second language required for endorsement of teachers specifically responsible for providing bilingual or English as a second language instruction to students in elementary grades.
- An early childhood concentration that allows students to specialize in teaching kindergarten through grade three.
- A middle school endorsement for both elementary and secondary education students.
- At the graduate level, Educational Administration and Supervision courses that meet the state certification requirements for supervision, principalship, and superintendency.

Undergraduate Professional Teacher Preparation

Nature of program

The College of Education faculty is dedicated to developing and continuously improving high quality teacher education programs that support and improve education for all children.

Career outlook

The career outlook for the teaching profession is quite promising in Arizona and the nation. Students seeking endorsements in bilingual and English as a second language, as well as those seeking certification in special education will find that demand is great in these areas. Demand for elementary and early childhood educators will continue to be strong. In secondary education, demand in the sciences and mathematics will be substantial. There will be more competition for teaching positions in English, history, and social studies at the secondary level. ASU West College of Education graduates are highly sought after by area school districts.

General information

Admission. To be considered for admission as undergraduate education majors, students must:

1. be admitted to ASU West as a degree-seeking student;
2. complete required postsecondary course work as specified for each major with a grade of “C” (2.00) or better and attain a cumulative GPA of 2.50 or higher; and
3. submit a completed application form for the desired professional education program to the College of Education Academic Advising Office by the appropriate deadline date.

Students are considered for admission to undergraduate education programs in the spring of each year for the following fall semester and in the fall of each year for the following spring semester. Applicants should contact the College of Education Academic Advising Office for specific deadline dates, which are determined annually.

Admission to undergraduate education programs is selective. Meeting minimum requirements does not ensure admittance to any program.

Transfer. To be considered for admission to an undergraduate education major, prospective students must meet all admission requirements to ASU West as well as those for undergraduate education programs. Students must complete the first two years of specified course work at an accredited community college or four-year institution. Prospective students are discouraged from taking courses on a pass/fail basis. Pass/fail courses may be transferred to the College of Education only for elective credit. For assistance in planning a program of study for transfer to the B.A.E. program, contact the College of Education Academic Advising Office, (602) 543-6367.

Degree requirements. Students seeking a Bachelor of Arts in Education degree must satisfactorily complete a minimum of 120 semester hours and attain a cumulative GPA of 2.50 or higher. Specific requirements for majors in Elementary Education, Secondary Education, and Special Education are provided on the following pages of this catalog.

Education students must file a Declaration of Graduation during the first semester by consulting a College of Education academic advisor. The four semesters of the program are sequential.

The College of Education grades some courses, field experiences, and student teaching on a satisfactory/fail basis. Students who successfully complete these courses, receive a grade of “Y” (satisfactory). Such grades are acceptable for meeting program requirements, but these grades are not included in computing the student’s grade point average.

Any exceptions to these requirements must be approved by a College of Education academic advisor.

Field-experience requirements. In addition to course work, students admitted to all undergraduate education programs are required to participate in structured field experiences during each of the four semesters of the program.

The field experiences progress from observation and short-term participation to long-term supervised student teaching. Students should expect these field experiences to be above and beyond the class times listed in the *ASU West Schedule of Classes* for each semester. Such field experiences typically take place in public schools throughout the greater Phoenix area. Elementary and Special Education programs include at least one semester of field experiences at a local public school campus taken concurrently with university course work. Students should plan extra travel time and expect to confer with mentor teachers and student teacher supervisors before or after scheduled field experiences. Regular attendance is required during all field experiences. To meet field experience requirements, students must plan to have their own transportation and be available during regular school hours.

Student teaching. The major field experience, called student teaching, occurs in the last semester and is a full-day, full-semester obligation. Student teaching is only possible during fall and spring semesters.

Applications for student teaching must be completed early in the semester before the student teaching semester and turned in to the Office of Field Experiences. To be accepted for student teaching, students must:

1. have cumulative ASU GPA of 2.50 or higher;
2. have a GPA of 2.50 or higher in professional teacher preparation course work;
3. complete all required professional teacher preparation course work;
4. remove all academic deficiencies, such as grades of “D” (1.00), “E” (0.00), or “I” before placement;
5. demonstrate appropriate professional conduct; and
6. complete the application procedure and secure approval to student teach from the Offices of Field Experiences and Academic Advising prior to the deadline date.

Student teachers must adhere to the calendar, regulations, and philosophy of the schools in which they are placed. Beginning and ending dates for student teaching are determined by the Office of Field Experiences in cooperation with the placement schools. Because student teaching is on a full-day schedule, 8:00 a.m. to 4:00 p.m. Monday through Friday for 15 consecutive weeks, student teachers are strongly encouraged to avoid extra activities and course work that would interfere with the heavy demands placed upon them while student teaching.

Academic policies. Students enrolled in undergraduate education programs are expected to maintain academic standards and demonstrate qualifications for the teaching profession, including mental health, interpersonal skills, basic communication skills, a positive attitude, appropriate professional conduct, and satisfactory performance in field experiences.

To be in good standing, students must maintain an overall cumulative GPA of 2.50 or higher with at least a grade of “C” (2.00) in each undergraduate education course. Any undergraduate education student whose cumulative GPA falls below 2.50 may be placed on academic probation or suspended from enrollment in professional courses for the next semester. Students on academic probation or suspension from the university and/or the College of Education must seek advisement from a College of Education academic advisor before registering for additional course work. Probation and/or suspension status for academic reasons begins on the first day of classes of the semester after the probation or suspension action. Students placed on probation or suspension for any reason are subject to disqualification by the College of Education at the end of the following semester if the conditions imposed for reinstatement are not met. Students placed on probation or suspension for any reason are reviewed at the end of the following semester.

Students demonstrating behaviors or characteristics that make it questionable whether they can succeed in the teaching profession may be disqualified or prescribed specific conditions under which continued participation is permitted, i.e., probation or suspension.

Students who wish to appeal decisions of the College of Education’s Student Issues Committee may do so in writing to the dean of the College of Education. Any exceptions to the above retention and disqualification policies and procedures must be approved by the College of Education’s Student Issues Committee and the dean of the College of Education.

Admission requirements

To be considered for admission to the Elementary Education Major, applicants must:

1. complete a minimum of 56 semester hours of course work as outlined below at ASU West or equivalent courses at another accredited college or university, with a grade of “C” (2.00) or better and an overall GPA of 2.50 or higher;
2. applicants in Bilingual Education only must show proficiency in Spanish by—
 - a. a grade of “C” (2.00) or better in SPA 202 Intermediate Spanish *or*
 - b. a CLEP score of 62 or higher on College Spanish General Examination *or*
 - c. passing scores on all four areas of the Arizona Spanish Proficiency Examination;
3. submit a completed application form for the Elementary Education program to the College of Education Academic Advising Office by the appropriate deadline date.

Some General Studies courses may be used to satisfy a General Studies core area requirement and one-two awareness area requirements at the same time, leaving the student more free-choice electives. Selected courses and General Studies courses should be chosen in consultation with a College of Education Academic Advisor. Credit for SPA 101, 102, 201, 202 may also be counted as elective credit toward the 56 semester hour requirement.

Program requirements

Candidates for the degree of Bachelor of Arts in Education, Major in Elementary Education are required to complete an approved program of 120 semester hours. These hours include:

- 56 semester hours of specified lower division courses for admission
- 35 semester hours of General Studies courses
- 51 semester hours of specified upper division course work in professional education
- 6 semester hours of upper division content course work selected in consultation with a College of Education Academic Advisor including:
 - one course from any of the following AMS, ENG, GCU, HIS, POL, or SPA (Bilingual Education majors only); and
 - one course from any of the following AST, BIO, LSC, or PLB
- 3 semester hours of upper division elective course work
- BLE concentration requires proficiency in Spanish; ESL concentration requires six semester hours in a single foreign language or its equivalent

For efficient progress toward the baccalaureate degree, much of this course work must be taken at the lower division and selected so that courses will count toward more than one requirement simultaneously. Prospective elementary education majors are encouraged to contact the College of Education Advising Office to plan their program of study beyond the required course work noted for admission above.

Upper division, professional education courses include College of Education core curriculum courses, elementary education courses, and field experience courses prior to and including student teaching. This course work prepares individuals with abilities and attitudes to work in elementary schools. The combination of course work and field experience are aligned with the Arizona Professional Teaching Standards. Specified courses in elementary education are listed on the following pages.

Middle School Endorsement. Students in Elementary Education and Bilingual/ESL Education may elect to pursue the Middle School endorsement. Those who seek this endorsement must take 24 semester hours of coursework in a content area (e.g., English, mathematics, science, social studies, etc.). A decision to pursue the Middle School endorsement should be made very early in the pursuit of a degree, certainly prior to admission to the program. Content coursework should be selected in consultation with a College of Education Academic Advisor. Students electing this option must also take EED 464 Middle School Curriculum and Organization and perform their student teaching at the middle school level.

Elementary education students should review General Information, Field Experience Requirements, Student Teaching, and Academic Policies on [pages 191-193](#) of this catalog.

Additional requirements

Additional course work, taken outside the College of Education, is required for the academic specialization in secondary education. The ASU West College of Arts and Sciences offers courses that are required for secondary education certification in four areas - English, History, Social Studies, and Mathematics. Since these four secondary specializations are best supported at ASU West, preference in

admissions is given to students applying to these areas. Secondary majors, who elect a specialization other than the four offered at ASU West, must complete a substantial portion of their specialization course work and the major methods course at ASU Main. Refer to the pages shown below for descriptions of the academic specializations available at ASU West.

Bachelor of Arts Degree in Education, Major in Special Education

Chair, Department of Special Education: Ida Malian, Ph.D.
Location: FAB S252A
(602) 543-6380

Career outlook

The career outlook for this teaching profession is quite promising. Special educators are in high demand in Arizona as well as many other states. Demand is expected to remain strong. ASU West Special Education graduates are highly regarded by school districts. There are also many opportunities for special education program graduates to take positions in K-8 classrooms as they may be eligible for elementary education certification. Increasing proportions of school districts practice full inclusion of students with disabilities into general education classes which increases the demand for qualified special educators.

Admission requirements

To be considered for admission to the Special Education Major, applicants must complete a minimum of 56 semester hours of course work as outlined below at ASU West or equivalent courses at another accredited college or university, with a grade of "C" (2.00) or better and an overall GPA of 2.50 or higher.

Postbaccalaureate Programs for Teacher Certification

Chair, Department of Graduate Studies and Professional Development: Alice Christie, Ph.D.
Location: FAB S220
(602) 543-3634

Nature of program

Postbaccalaureate programs that lead to initial teaching certification are designed for people who hold bachelor's degrees in areas other than education. Postbaccalaureate programs are available in elementary education and secondary education.

Please review Career Outlook, [page 191](#), for employment demand and/or see a College of Education academic advisor.

Admission requirements

In order to be considered for admission to postbaccalaureate programs in education, students must:

1. submit transcripts indicating an earned bachelor's degree from an accredited institution;
2. have a cumulative GPA of 2.50 or higher on the last 60 semester hours of credit earned;
3. be admitted to ASU West as a nondegree graduate student; and
4. submit a completed application form for the Postbaccalaureate Programs for Teacher Certification by the appropriate deadline dates to the College of Education Academic Advising Office.

Note: Students will not be allowed to take course work prior to admittance to the program.

Students are admitted to the postbaccalaureate programs in education in the fall of each year for the following spring semester and in the spring of each year for the following fall semester. Applicants should contact the College of Education Academic Advising Office for specific deadline dates, which are determined annually.

Admission to postbaccalaureate programs is selective. Meeting minimum requirements does not ensure admittance to the program.

Curriculum

Elementary education. Elementary postbaccalaureate students may choose any of the three elementary programs including the Elementary Education program, Elementary Education program with a Concentration in Bilingual Education or English as a Second Language Education, or Elementary Education program with a Concentration in Early Childhood Education. Course work for postbaccalaureate students is composed of 51 semester hours of specified professional education courses appropriate to the particular elementary education program selected by the student, MTE 180 and 181, three semester hours of computer literacy course work, and up to six semester hours of content course work, which will be determined based on a review of the student's transcript by the College of Education Advising Office.

Secondary education. Coursework for the postbaccalaureate program in secondary education includes 33 semester hours of specified professional education courses as outlined below, and completion of academic specialization course work sufficient to allow an individual to pass one or more of the subject knowledge portions of the Arizona Educator Proficiency Assessments (AEPA).

Postbaccalaureate Secondary Education (7-12) Program

Level 1 - 12 semester hours

- COE 313 Educational Technology in the K-12 Curriculum (3)
- COE 314 Classroom Assessment (3)
- RDG 507 Content Area Reading (3)
- SED 501 Introduction to Effective Instruction (3)
- COE 396 Field Experience 1 (0)

Level 2 - 9 semester hours

- BLE 312 ESL, Diversity, and Culture in Education (3)
- EDP 510 Essentials of Classroom Learning (3)
- — Major methods course (3)
- SED 397 Field Experience 2 (0)

Level 3 - 12 semester hours

- SED 578 Student Teaching in the Secondary School (12)

Secondary postbaccalaureate education students majoring in areas other than English, History, Mathematics, or Social Studies may be required to take their major methods course at ASU Main. The curriculum in each postbaccalaureate program contains specified courses that must be taken prior to student teaching. Information about these courses is available from the College of Education Academic Advising Office.

Special education. Coursework for the Postbaccalaureate Program in Special Education includes 45 - 60 hours of specialized classes in special education along with field experience. The coursework is identical to the professional teacher preparation requirements for the B.A.E., major in Special Education outlined on [page 199](#). Students with a degree in education or a certificate in education may have Semester I coursework waived pending a review of the student's transcript by the College of Education Advising Office.

Student teaching

Student teaching is the last course in the sequence taken by postbaccalaureate students. Students must file applications for student teaching early in the semester prior to the student teaching term. The Office of Field Experiences provides information about the deadlines for student teaching applications.

To be accepted for student teaching, students must:

1. be admitted to the Postbaccalaureate Programs for Teacher Certification;
2. have a cumulative GPA of 2.50 or higher in required professional education course work;
3. complete all required professional teacher education course work;
4. remove all academic deficiencies such as grades of "D" (1.00), "E" (0.00), or "I" before placement;
5. demonstrate appropriate professional conduct during the field experiences prior to student teaching; and
6. complete the application procedure and secure approval to student teach from the Offices of Field Experiences and Academic Advising prior to the deadline date.

Nature of programs

The College of Education offers Master of Education degrees in four program areas: Educational Administration and Supervision, Elementary Education, Secondary Education, and Special Education. In addition to master's degree course work, the Educational Administration and Supervision program also offers courses which meet the state certification requirements for supervision, principalship, and superintendency.

The faculty of the College of Education also offers course work that meets personal and professional development needs of West Valley teachers. For specific information about the four graduate programs in Education, contact the College of Education graduate programs secretary in the Faculty Administration Building S220 or call (602) 543-3634.

Admission requirements

Students applying to any of the Master of Education programs must apply to Graduate Studies at ASU West and to the specific program area to which they seek admission. Admission to a degree program is based on undergraduate and/or graduate grade point averages. Also considered are letters of recommendation, the personal statements, work and academic experiences, and the availability of faculty to supervise academic areas of interest. Applicants to the elementary or secondary programs must hold valid Arizona teaching certificates for that grade level. Admission to graduate programs is selective. Meeting minimum requirements does not ensure admittance to the program.

Graduation/exit requirements

Candidates for the Master of Education degree are required to complete a comprehensive exam unless their program requires an applied project or its equivalent.
