1. **Introduction to Lesbian, Gay, Bisexual, and Transgender Studies.** The introductory course will be taught once each fall and spring semester on a rotation basis. The schedule will be planned two years out and updated each year. The course will be taught under the prefix of the host department (e.g., if the course is taught in Social Work, it will carry the SWU prefix); the course will not be cross-listed; and the SCH will be credited to the host department.

2. **Capstone Experience.** All students will complete a 3 credit hour capstone experience after completing a minimum of 9 credit hours in the certificate program. The capstone experience will be supervised by any member of the faculty approved by the Lesbian, Gay, Bisexual, and Transgender Studies Committee. The capstone experience should be an internship, community service project, or research apprenticeship that integrates curricular activities with each student's unique interests.
