
Baccalaureate Degrees and Majors Offered at ASU Main

Baccalaureate degrees and majors offered at ASU West are shown on page 506.
Graduate degrees and majors are shown on pages 413–416.

Bachelor of Arts

Anthropology
Emphasis:
Latin American studies
Art
Concentrations:
Art history
Photographic studies
Studio art
Asian Languages (Chinese/Japanese)
Broadcasting
Emphases:
Broadcast journalism
Business/management
Chemistry
Chicana and Chicano Studies
Communication
Dance
Economics
Emphasis:
Latin American studies
English
Family Resources and Human Development
Concentrations:
Family resources and human development in business
Family studies/child development
Human nutrition—dietetics
French
Geography
Emphases:
Asian studies
Latin American studies
Meteorology-climatology
Urban studies
German
History
Emphases:
Asian studies
Latin American studies
Humanities
Interdisciplinary Studies
Italian
Journalism
Emphases:
News editorial
Public relations
Visual journalism
Mathematics
Music
Philosophy
Political Science
Emphases:
Asian studies
Latin American studies

Psychology
Religious Studies
Russian
Sociology
Emphasis:
Public safety
Spanish
Emphases:
Latin American studies
Mexican American studies
Theatre
Emphases:
Acting
Design/technical theatre
Directing
History/theory and criticism
Theatre for youth
Theatre management and production
Women's Studies

Bachelor of Arts in Education

Early Childhood Education
Elementary Education
Concentration:
Bilingual education/English as a second language
Secondary Education
Academic specializations:
Biological sciences
Business, office, and distributive education
Chemistry
Chinese
Communication
Economics
English
Family resources and human development (home economics)
French
Geography
German
History
Japanese
Journalism
Mathematics
Mathematics/chemistry
Mathematics/physics
Physical education
Physics
Physics/chemistry
Political science
Russian
Social studies
Spanish
Selected Studies in Education¹
Special Education

Bachelor of Fine Arts

Art
Concentrations:
Art education
Ceramics
Drawing
Fibers
Graphic design
Intermedia
Metals
Painting
Photography
Printmaking
Sculpture
Dance
Concentrations:
Dance education
Performance and choreography
Theatre
Concentration:
Theatre education

Bachelor of Interdisciplinary Studies

Bachelor of Music

Choral/General Music
Instrumental Music
Concentrations:
Instrumental
String
Music Therapy
Performance
Concentrations:
Guitar
Jazz
Keyboard
Music theatre
Orchestral instrument
Piano accompanying
Voice
Theory and Composition
Concentrations:
Composition
Theory

Bachelor of Science

Accountancy
Aeronautical Engineering Technology^{2, 3}
Option:
Aeronautical technology
Aeronautical Management Technology^{2, 3}
Options:
Ab initio airline pilot flight management
Airway science aircraft systems management
Airway science management

¹ Applications for this program are not being accepted at this time.

² Courses for this program are offered at ASU East.

³ This major requires more than 120 semester hours to complete.

Baccalaureate Degrees and Majors Offered at ASU Main (continued)

Agribusiness ² <i>Concentrations:</i> Agribusiness Computer analysis Pre-veterinary medicine	Industrial Technology ^{2, 3} <i>Emphases:</i> Graphic communications Industrial management Interactive computer graphics	Computer methods Design Mechanical Propulsion System dynamics and control
Biology	Interdisciplinary Studies	Bioengineering
Botany <i>Concentrations:</i> Plant biochemistry and molecular biology Systematics and ecology Urban horticulture	Justice Studies Management Manufacturing Engineering Technology ^{2, 3} <i>Emphases:</i> Computer-integrated manufacturing engineering technology Manufacturing engineering technology Mechanical engineering technology Robotic and automation engineering technology Welding engineering technology	<i>Emphases:</i> Biochemical engineering Bioelectrical engineering Biomaterials engineering Biomechanical engineering Biomedical imaging engineering Biosystems engineering Molecular and cellular bioengineering Pre-medical engineering
Chemistry <i>Emphasis:</i> Biochemistry	Marketing	Chemical Engineering <i>Emphases:</i> Biochemical Biomedical Environmental Materials Pre-medical Process engineering Semiconductor processing
Clinical Laboratory Sciences	Mathematics <i>Options:</i> Applied mathematics Computational mathematics General mathematics Pure mathematics Statistics and probability	Civil Engineering Computer Systems Engineering Electrical Engineering Engineering Special Studies <i>Options:</i> Manufacturing engineering Pre-medical engineering
Communication	Microbiology	Industrial Engineering Materials Science and Engineering <i>Emphases:</i> Biomaterials Ceramic materials Energy systems Integrated circuit materials Manufacturing and materials processing Mechanical metallurgy Metallic materials systems Polymers and composites
Computer Information Systems	Physics <i>Emphases:</i> Astronomy Option I Option II	Mechanical Engineering <i>Emphases:</i> Aerospace Biomechanical Computer methods Control and dynamic systems Design Energy systems Engineering mechanics Manufacturing Stress analysis, failure prevention, and materials Thermosciences
Computer Science ³	Political Science <i>Emphases:</i> Asian studies Latin American studies	
Construction ³ <i>Options:</i> General building construction Heavy construction Military construction Residential construction Specialty construction	Psychology Purchasing and Logistics Management Real Estate Recreation <i>Concentrations:</i> Recreation management Tourism	
Economics <i>Emphasis:</i> Latin American studies	Speech and Hearing Science Wildlife Conservation Biology <i>Options:</i> Aquatic Terrestrial	
Electronics Engineering Technology ^{2, 3} <i>Options:</i> Computer systems Electronic systems Microelectronics Telecommunications	Women's Studies Zoology	
Engineering Interdisciplinary Studies ¹	Bachelor of Science in Design Architectural Studies ³ Design Science ¹ Housing and Urban Development Industrial Design ³ Interior Design ³	Bachelor of Science in Landscape Architecture
Environmental Resources <i>Concentration:</i> Natural resource management	Bachelor of Science in Engineering Aerospace Engineering <i>Emphases:</i> Aerodynamics Aerospace materials Aerospace structures	Bachelor of Science in Nursing
Exercise Science/Physical Education <i>Concentrations:</i> Exercise and sport studies Exercise and wellness		Bachelor of Science in Planning Urban Planning
Family Resources and Human Development <i>Concentrations:</i> Family resources and human development in business Family studies/child development Human nutrition—dietetics		Bachelor of Social Work
Finance		
Geography <i>Emphases:</i> Asian studies Latin American studies Meteorology-climatology Urban studies		
Geology		
History <i>Emphases:</i> Asian studies Latin American studies
