

# Student Services

---

The university is committed to the belief that an education involves more than attending class. While the assimilation of information is a central part of the university experience, learning about others, about independence and leadership, and about living in a complex society are equally important. Student Affairs' services and developmental programs reflect this philosophy.

## UNDERGRADUATE ADMISSIONS

For many undergraduates, the first introduction to ASU is through the recruitment and admission programs of Undergraduate Admissions. Personal contact with prospective students through high school and community college visits and through student visits on campus are some of the approaches that provide information about the academic programs and support services available at ASU. A primary goal of Undergraduate Admissions is to identify, inform, motivate, recruit, and enroll students from ethnic groups underrepresented at ASU. Orientation programs ease the students' (and parents') transition to the ASU campus. Undergraduate Admissions also coordinates and supports the ASU Parents Association. For more information, call 480/965-7788 or visit the Web site at [www.asu.edu/admissions](http://www.asu.edu/admissions).

## STUDENT FINANCIAL ASSISTANCE

Pursuing a college education is an important life decision as well as a major financial investment. The cost of a college education can be a real concern for many students and their families. The ASU Student Financial Assistance Office is committed to helping students, within the limits of available funds, meet college costs. Options range from merit scholarships to financial aid awards—grants, loans, and employment.

Approximately two-thirds of the full-time students at ASU rely on some form of financial assistance to meet their educational expenses. For more information, call 480/965-3355, or visit the Web site at [www.asu.edu/fa](http://www.asu.edu/fa).

## REGISTRAR

Management of the registration system and maintenance of academic records are the primary responsibilities of the Office of the Registrar. InTouch, the ASU touch-tone telephone system for registration and fee payment, and the online registration system, accessible at any registrar site, including one at ASU West, ease the enrollment process and make ASU a national leader in the use of computerized registration. The Student Information System stores academic records and improves the quality of data used in academic advising. The Office of the Registrar coordinates applications for graduation and undergraduate readmission, course changes and scheduling, transcript services, applications for residency, and verification of enrollment. For more information, call 480/968-5988, or visit the Web site at [www.asu.edu/registrar](http://www.asu.edu/registrar).

## Veterans Services

This office offers complete educational services for U.S. veterans and their eligible dependents. Counseling about admissions, registration, and veterans benefits is available. Veterans programs provide service by advising all interested veterans and dependents about educational benefits and their optimum use. Students must apply each semester to receive veterans benefits. The program also assists veteran students in obtaining suitable paid tutors, when needed, using their federal benefits. Students receiving veterans educational benefits are not eligible to receive pay for audited courses. Veterans must achieve satisfactory GPAs and semester hours progress toward their academic programs for continued educational benefits, as stated under "Satisfactory Academic Progress," page 80. The university must report this progress to the Department of Veterans Affairs each term. Failure to maintain the minimum GPA established by the university and/or the veteran's college may result in academic probation or disqualification. Although veterans may be eligible for educational benefits while on academic probation, benefits could be affected by a continuing probation status. The Veterans Services Section is located in SSV 148. For more information, call 480/965-7723.

## RESIDENTIAL LIFE

Living in one of the ASU Main residence halls provides students the opportunity to make the most of their college experience. Special residential communities for freshmen, honors students, students participating in fraternities and sororities, and students in particular academic areas offer opportunities to enrich campus life. Students benefit from the activities of residential communities, including halls that feature apartment-style or single rooms.

The Freshman Year Experience program (see "Student Development," page 41) provides a unique environment of classrooms, live-in tutors, academic advisors, and other support services designed to help freshmen develop skills for success.

Students are encouraged to apply for housing early, at least eight to 10 months in advance of the semester for which they are applying. While applications are accepted at any time, assignment to a residence hall is not made until a student is admitted to the university. Requests for specially modified rooms for students with disabilities should be noted on the application.

### **STUDENT DEVELOPMENT**

ASU students experience success through active involvement in learning and within their community. Student Development enhances student learning through academic support services and programs and encourages student involvement in the community through participation in cocurricular programs, clubs, organizations, leadership opportunities, and service. These programs and services, as well as those within Student Affairs, are supported by Student Development with data collection, research, and evaluation, ensuring a successful ASU experience for students.

### **Freshman Year Experience**

A student's freshman year is a time to learn new ideas, meet new people, and grow as an educated citizen ready to contribute to the community. The Freshman Year Experience (FYE) helps freshmen achieve academic success by coordinating services and programs in settings designed just for the freshman student. Services provided include: UNI 100 classes, academic advisors in the halls, computer labs, live-in tutors with tutoring offered five nights a week, staff trained to support students in achieving academic success, and special floors for engineering and prebusiness majors.

FYE is for all freshmen regardless of where the student lives. ASU has designated several residence halls as FYE service sites: Palo Verde East and West, Manzanita, McClintock, Mariposa, and Sonora residences provide various FYE services. The Off-Campus FYE Student Center is located on the first-floor student lounge of McClintock Hall. A freshman can choose to live in one of the halls and have direct access to FYE programs or opt to live off-campus or in another residence hall and still use those services. For more information, call 480/965-6947, or visit the Web site at [www.asu.edu/vpsa/fye](http://www.asu.edu/vpsa/fye).

### **Student Organization Resource Center**

The Student Organization Resource Center provides opportunities for students to get involved with established campus organizations and helps students start new organizations. The center maintains a list of all registered groups, schedules mall activities, and provides a resource desk where students can get information on student activities and leadership opportunities. The REACH information desk is in the Student Organization Resource Center located on the third floor of the Memorial Union. For more information,

### **Learning Resource Center**

The Learning Resource Center (LRC) provides ASU students with academic support through tutoring, Supplemental Instruction™ (SI), peer advising, and computer-assisted instruction. The LRC tutoring program is certified by the College Reading and Learning Association, a national academic organization that establishes standards for tutoring in approximately 100 ASU courses. SI targets traditionally challenging courses and offers students enrolled in those courses the opportunity to meet with an SI leader, a student who already has successfully completed the course, for study-skills sessions that pertain to the material in the course. The LRC offers SI jointly with the Division of Undergraduate Academic Services.

The LRC peer advising program consists of undergraduate and graduate students who provide individual and group sessions on general academic skills and college adjustment/survival skills such as note-taking, time management, dealing with test anxiety, and organizational skills. Computer-assisted instruction is open to all ASU students, staff, and faculty in the LRC Macintosh and IBM-compatible computer labs.

For more information, contact the LRC at 480/965-6254, or visit the Web site at [www.asu.edu/vpsa/lrc](http://www.asu.edu/vpsa/lrc).

### Student Leadership Programs

Student Leadership Programs serves as a resource to students interested in leadership development. Resources include a leadership library and information about the ASU Leadership Development Model and other campus, local, and national leadership programs. Staff are available for presentations; workshop facilitation; and advising, guidance, and coordination of efforts in leadership development. For more information, call 480/965-2249, or visit the Web site at [www.asu.edu/vpsa/slp](http://www.asu.edu/vpsa/slp).

Information about the Campus Children's Center (480/921-2737), Child Development Laboratory (480/965-7267), Child Study Laboratory (480/965-5320), and the College of Education Preschool (480/965-2510) may be obtained at CFS or by calling the programs directly. CFS maintains a child care referral database and coordinates workshops and discussion groups on child and elder care issues. Educational materials and listings of additional on- and off-campus activities, programs, and services for children and their families are available at the CFS office, MU 14C. Appointments are recommended.

### Fraternities and Sororities

Involvement in a fraternity or sorority can be one of the most rewarding aspects of a student's college experience. Nineteen fraternities and 13 sororities provide opportunities for leadership development, academic success, campus involvement, community service, social interaction, brotherhood/sisterhood, and intramural participation. These organizations are governed by the Interfraternity Council and the Panhellenic Council. The National Panhellenic Council offers six predominantly African American organizations for involvement with community service, cultural learning, and a deep sense of tradition. The Hispanic Greek Council, three fraternities and two sororities, offers Hispanic students an opportunity to work on service projects, give back to the Latina/Latino culture, and network within the Hispanic community. In addition to the benefits of lifelong membership, many of the fraternities and sororities have chapter houses or residence hall floors that provide a rewarding living/learning option for their members. For more information, call Greek Life at 480/965-2249, or visit the Web site at [www.asu.edu/vpsa/greeklife](http://www.asu.edu/vpsa/greeklife).

### The Office of Cocurricular Programs

The Office of Cocurricular Programs (CCP) works to enhance the ASU undergraduate educational experience by maximizing faculty and student interaction outside of the traditional classroom setting. There are three components to the office that help facilitate this process: academic partnerships, residential programming, and learning communities seminar courses.

### Campuswide Programming.

*Student/Faculty Retreat.* This annual event gives students and faculty an opportunity to come together and share intellectual dialogue in a retreat/camp style setting. Through small lectures, interactive experiences, and social activities,

students and faculty can begin to break down the barriers often present in the traditional classroom setting.

*Student and Faculty Dinners/Lunches.* A few times a semester, students come together with faculty in an informal setting (a residence hall or a restaurant) to share a meal and dialogue about a specific topic.

*Last Lecture Series.* During the spring semester of every year, students are asked to nominate and recognize outstanding teaching faculty. These faculty are awarded with the opportunity to give their "last lecture," i.e., the lecture they would choose to give were they to know it was their last ever.

### Residential Programming

Within all of the residence halls, CCP staff, along with the resident assistants, have been charged with providing programming around the three themes of leadership, diversity, and service/civic responsibility. Many of these programs also include faculty involvement. Examples of programs include

1. *Classic Film Colloquia*, three films based on the same theme shown in a social environment (McClintock Residence Hall Courtyard) with the intent of dialogue and interaction between students and faculty, followed by faculty and student discussion of the meaning of the film and how it relates to the film series;
2. Coffee Talks, monthly small group discussions on topics ranging from religion to race relations, with coffee and snacks provided by Tempe's local coffee shops; and
3. Open-Mic Night, an event occurring two or three times a semester in which students can share their talents (e.g., poetry, reading, singing, playing of instruments) with fellow residents.

CCP also consults with resident assistants on program ideas, faculty involvement, and advertising/marketing as well as financial resources for the purchase of food and necessary materials.

**Leadership Development Classes.** A series of leadership development classes are offered to provide students an opportunity through class activities, discussions, and experiences to understand leadership theories and models, to develop leadership skills, and to apply leadership knowledge through service and internships. CED 294 ST: Foundations of Leadership focuses on the basic principles of leadership and current writing on the topic, particularly on college campuses. A one hour credit class, CED 394 ST: Special Topics in Leadership offers small group seminars with a faculty member and 10 to 12 students and often covers areas of interest such as ethics in leadership, multiculturalism and leadership, or leadership and gender differences. A capstone course, CED 484: Leadership Internship applies leadership skills through internships. In this course, students serve as facilitators for the Foundations in Leadership Discussion Section leaders, provide service and leadership in special groups projects, or serve as student government interns. For more information, access the Web site at [www.asu.edu/vpsa/slp/Classes](http://www.asu.edu/vpsa/slp/Classes).

### Community Service Program

The Community Service Program strives to engage students, faculty, and staff in meaningful cocurricular service. Through the integration of academic studies with public service, the campus community is provided with intentional avenues to serve the basic and greater societal needs of Valley communities. By engaging students in worthwhile service while promoting a lifelong commitment to citizenship and social justice, the Community Service Program not only augments curricular learning but also affords students the key opportunity to turn learning into social action.

**Short-Term Service Projects.** The Community Service Program collaborates with Valley-wide agencies and campus entities to provide meaningful episodic service events such as Christmas in April, the Fall Service Plunge, and the Martin Luther King Jr. Day of Service. Current information can be found in updated listings in the office and on the Web site on a weekly basis.

**Cocurricular Service Learning Opportunity Clearinghouse.** A detailed clearinghouse of information from more than 400 social service and nonprofit agencies across the Valley of the Sun offers information about internships, post-graduation opportunities, and long-term service. Students can use this resource to design a service experience that complements their academic, personal, and professional goals.

**Cocurricular Service Learning in the Classroom.** The Community Service Program works with faculty and instructors on campus to successfully integrate cocurricular service learning into the classroom setting. Information regarding courses that integrate cocurricular service learning is available for students, and the resources are open to students as they seek to meet course requirements.

**Workshops and Skill-Building.** Throughout the year, the Community Service Program offers workshops and presentations around service-related topics to develop strong campus leaders and exceptional civic leaders for the future. Topics may include servant leadership, volunteer management, event planning, and reflection. Workshop series information is available in the office.

For more information, please visit the Community Service Program located in the Memorial Union, access the Web site at [www.asu.edu/vpsa/community](http://www.asu.edu/vpsa/community), or call 480/965-9843 or -9511.

### STUDENT LIFE

Student Life strives to enhance student learning and student achievement by fostering a positive, inclusive campus environment; by providing services to meet the needs of a diverse student body; and by empowering students to advocate for their needs and interests through the development of leadership and life skills. Opportunities for leadership and community involvement help students prepare for their roles as responsible citizens. Students learn and sharpen their leadership skills through their involvement in student activities, workshops, community service, and student government.

**Adult Reentry Program.** The Adult Reentry Program provides students age 25 and older with a variety of services designed to help them meet their academic, personal, and

professional goals. The Adult Reentry Program offers orientation, preenrollment assistance, workshops, support/networking groups, resource and referral information, peer mentoring, and leadership/scholarship opportunities. For more information, call 480/965-2252.

**Associated Students of Arizona State University (ASASU).** ASASU is the student government of the university and the official representative of the student body in matters of university governance and budgeting. Through paid, volunteer, or elected positions, students can become active, contributing members of ASASU. Students can select from a wide variety of activities, some of which include College Councils and the Student Senate, Student Legal Assistance and Safety Escort services, and Homecoming and Mardi Gras event committees. ASASU encourages students to call 480/965-3161 for more information on specific opportunities.

**Disability Resources for Students (DRS).** Disability Resources for Students (DRS) ensures that qualified students with disabilities are provided with reasonable and effective accommodations upon request. DRS facilitates equal access to educational and cocurricular programs, campus activities, and career employment opportunities for qualified students with disabilities by offering a wide range of academic support services that include, but are not limited to academic and career consultation; campus and community program coordination and/or referrals; supplemental readers in coordination with Recording for the Blind and Dyslexic; an in-class note taking program; nonstandard academic testing accommodations; specialized equipment for specific disabilities; the Hewlett-Packard Adaptive Technology Center; American Sign Language or oral interpreters; TTY access including campus pay phones; educational materials, e.g., braille/alternative print production, large print, raised line charts and graphs; a braille campus map; campus mobility services; and the Access Employment Program. (Although students are responsible for their own personal care attendants, DRS does provide an Attendant Management Training Program for students with disabilities.) Also, a U.S. Department of Education TRIO Student Support Services Grant allows DRS to incorporate a unique academic enhancement model into the disability support services program for 270 selected students with disabilities who meet TRIO eligibility requirements.

Some classroom accommodations, such as braille, audio tapes, interpreting services, enlarged print, and lab material conversions, require an extended preparation time, i.e., one semester. To ensure the availability of accommodations from the first day of class, students are required to preregister for classes and notify the appropriate DRS program coordinator immediately upon submitting a Course Request Preregistration form. Although DRS attempts to provide requested appropriate accommodations for students who miss preregistration, such accommodations cannot be guaranteed, and effective alternatives may be necessary.

*Note:* Disability documentation is required, and information regarding disabilities is confidential. For more information, call 480/965-1234 (voice) or -9000 (TTY), or visit the DRS Web site at [www.asu.edu/drs](http://www.asu.edu/drs).

Consultant physicians in dermatology, orthopedics, and other specialties are on-site and are available by referral from a member of the Student Health professional staff.

Additional services include comprehensive women's health care, immunizations, travel clinic, a wart clinic, and an allergy clinic for students needing periodic injections. The pharmacy at Student Health provides many prescription and over-the-counter medications. Radiology and laboratory services are also available.

A notarized parental "consent to treat" form is required before a student under 18 can receive treatment at Student Health. A copy of the parental consent form may be obtained from Student Health's Web site at [www.asu.edu/health](http://www.asu.edu/health).

For information about Student Health Services at ASU East, call 602/222-6568.

Services and educational brochures are available at Student Health and at various locations throughout the campus.

**Hours.** Students are strongly encouraged to schedule appointments to minimize waiting time and to allow students the opportunity to establish a relationship with one clinician. Appointments are available by calling 480/965-3349. Patients with urgent health care problems may be seen at Student Health's Acute Care Clinic on a same-day basis. The clinic opens at 9 A.M. Tuesdays and Thursdays and 8 A.M. other weekdays. It closes at 5 P.M.

**Fees.** Full-time students are not charged for primary care visits at Student Health. Part-time students are charged a visit fee. There are charges for consultant visits, continuing mental health visits, radiological procedures, laboratory procedures, medications, certain special or surgical procedures, and certain health education services. Patients receiving medical treatment off campus, such as consultations, emergency care, and hospitalization, are responsible for any resulting charges.

**Insurance.** While *Student Health* provides comprehensive ambulatory care, it is not a substitute for health insurance. Medical insurance coverage is strongly recommended for all students and is required for international students. Eligible students and dependents may enroll in health insurance coverage arranged by ASU. Dependents must complete an application and may require underwriting approval by the insurance carrier. The coverage assists students in paying for laboratory and radiology procedures, off-campus consultations, hospitalization, surgery, emergency, and after-hours care. Students may purchase health insurance through InTouch, the ASU touch-tone telephone registration system, or at any registrar site. For more information, call the Student Health insurance office at 480/965-2411.

## ARIZONA PREVENTION RESOURCE CENTER

The Arizona Prevention Resource Center (APRC) is a partnership among ASU, the Governor's Division of Drug Policy, the Arizona Department of Education, and the Arizona Department of Health Services.

The APRC serves as a centralized source for individuals, schools, and communities throughout Arizona to support, enhance, and initiate programs focused on the prevention of the use of tobacco products and the use and abuse of alcohol and other drugs; gangs and violence; and other areas, such as health promotion, domestic violence, and dropout prevention. The APRC operates in the following program areas:

1. clearinghouse—to provide accurate, timely, and personalized prevention information and materials through in-house collection, access to national sources, and linkages between prevention programs in Arizona;
2. training and technical assistance—to provide high quality, responsive training and technical assistance for organizations and individuals undertaking prevention programs in local communities and schools;
3. evaluation and research—to coordinate and provide leadership for a statewide evaluation strategy for alcohol and other drug prevention programs; to produce an annual inventory of substance abuse prevention, education, and treatment programs in Arizona; to design and conduct contracted evaluations of community-based prevention programs; and to promote quality and accountability in all aspects of APRC operations; and
4. planning and special projects—to promote effective collaboration between prevention and treatment program leadership, to broaden the funding base for prevention programs, and to develop and strengthen partnerships.
