About ASU at the West campus

Celebrating its 21st year, the West campus of Arizona State University fulfills the university’s mission of discovery, purpose, and community engagement. Located in northwest Phoenix, ASU at the West campus offers an interdisciplinary education for undergraduate and graduate students, as well as an array of professional programs grounded in the liberal arts. The campus serves more than 7,300 students and offers 30 bachelor’s degree programs, nine master’s degrees, and eight professional certificates.

The colleges at ASU’s West campus are a force in the creation and communication of knowledge through interdisciplinary teaching, research, and outreach programs. Faculty are active scholars engaged in a wide variety of research to enhance our community, build new knowledge, and expand the frontiers of science. Research activities are diverse, including quality of life issues in the metropolitan region, applied leadership challenges for public and private organizations, and enhanced teacher education.

Students benefit from a remarkable blend of interactive, classroom-based learning communities, community- and field-based learning experiences, and faculty-student research partnerships that address important societal issues.

One of our hallmarks is the ability to create strong connections between living and learning. Our faculty engages students in the scholarly enterprise through research and creative classroom instruction. They mentor students through these activities in an environment that fosters collaborative research and problem solving.

ASU academic programs at the West campus are organized under the following colleges:
- College of Human Services
- College of Teacher Education and Leadership
- New College of Interdisciplinary Arts and Sciences
- School of Global Management and Leadership

ASU students graduating from these colleges are prepared to become community leaders. With a deep understanding of social justice, diversity and global issues, our students and alumni serve society in local, regional, national, and international capacities.

The university’s commitment to integrated learning extends to Las Casas, an apartment-style, living-learning student residence at the West campus. Las Casas features faculty and academic advisors who live in the residence, faculty mentors, courses taught on site at the community center, and student affinity groups focusing on topics such as global awareness, leadership, and the arts.

Fletcher Library at ASU’s West campus is an invaluable resource to students and faculty. Among the highlights of its collection are 331,000 volumes, 1.4 million microforms and 9,600 videos. Users may access more than 74,000 print and e-journals, and nearly 4 million monographic titles available through the ASU libraries. A range of information and research tools are accessible through the Library’s Web site.

Our full-service campus features a child development center, student health center, bookstore, fitness center, credit union, computer center, food service facilities, theater,
and meeting rooms. The campus offers valuable resources for the community, including fine arts and cultural programs, consulting for public and private organizations, workshops, and special events.

The campus is located between 43rd and 51st Avenues on West Thunderbird Road in the city of Phoenix, easily accessed from Interstate 17 and the Loop 101.

- Develop the knowledge, skills, and attitudes that lead to life-long learning and enhanced life opportunities.

- Acquire and utilize the body of knowledge, and develop the constellation of skills associated with their discipline, interdisciplinary area of interest, or professional field.
- Gather and utilize information to enhance knowledge, and use communication skills to convey meaning effectively.
- Develop basic skills in mathematics, use mathematics in their chosen fields, and understand how technology can be used in analysis.

*The campus categories of learning outcomes were endorsed by the ASU Academic Senate at the West campus on May 12, 1999.
The year 2004 marked the 20th anniversary of ASU’s West campus. Governor Bruce Babbitt signed legislation officially establishing the campus on April 18, 1984. Two years later members of several western Maricopa County communities, legislators, and the Arizona Board of Regents (ABOR) joined in the groundbreaking ceremony for the West campus. The groundbreaking culminated more than 10 years of intensive effort by numerous citizens’ groups working to establish educational facilities in western Maricopa County. This grass-roots effort began in 1972 with the formation of the West Side Citizens’ Committee for Higher Education. Citizens and legislators in western Maricopa County worked with officials at ASU and the ABOR to demonstrate the need for higher education facilities beyond those offered by the community colleges.

The Arizona State Legislature initiated a review of university level educational opportunities in western Maricopa County in 1976. The resulting Whiteman Report was submitted to the Legislature in February 1977. It noted a shortage of higher educational facilities in western Maricopa County and urged that ASU begin to serve unmet needs by the 1980 fall semester. In response, Arizona State University initiated courses at the Metrocenter shopping mall in 1978 and at Alhambra Elementary School in 1980. The state legislature appropriated funds in 1979-80 to the Board of Regents for the purpose of planning a permanent campus site in western Maricopa County. In 1982, the legislature provided an exchange of 171.66 acres of general revenue lands for “approximately 300 acres of state trust land located in Maricopa County.” These 300 acres constitute the permanent site of ASU’s West campus.

Direction for ASU’s West campus was set in the ABOR’s first edition of the *Arizona University System Mission and Scope Statements*, published in July 1982. This document supported “the development of a modified, upper-level, primarily non-residential, branch institution of Arizona State University.” In support of the Whiteman findings and the Board’s directions, the 36th Legislature enacted Senate Bill 1245. Signed on April 18, 1984, this bill amended Section 15 1601 of the Arizona Revised Statutes and directed the Board of Regents to “maintain an Arizona State University campus in western Maricopa County designated as Arizona State University West Campus.” During that session, the legislature approved a separate state appropriation for the campus.

The first permanent building, Fletcher Library, opened in March of 1988 and the first classroom building, Sands Classroom Building, opened in 1989 for spring semester classes. Shortly thereafter, the 38th Legislature enacted Senate Bill 1123 authorizing a lease purchase agreement to fund construction of additional buildings. This legislation, which provided funding to complete the “first phase” of the campus building program, was signed by the governor on March 3, 1988, and approved by the Regents on March 31, 1989. The first phase, consisting of seven buildings and 600,000 gross square feet, opened in the spring of 1991.

ASU’s West campus received its initial accreditation from North Central Association of Colleges and Secondary Schools (NCA) in August 1992. In fall 2001, ASU’s West campus became a four-year university campus with the addition of freshman and sophomore classes. Student housing facilities opened in August 2003.

For more than two decades of existence, the campus has demonstrated responsiveness to the community, proving an ethos of resolving
social issues, creating an involved citizenry, and ultimately creating a better quality of life for all. ASU’s West campus vision is to build on its successful past in ways that enhance the intellectual, social, cultural and economic qualities of a diverse, urban environment, through research and quality programs. This commitment to the community is punctuated by the economic vitality that ASU’s West campus contributes.

## Campus Facilities

The West campus occupies 300 acres between 43rd and 51st Avenues on West Thunderbird Road in Phoenix. Its architecture and courtyards are modeled after those of the University of Oxford in Great Britain, enhanced by a beautifully landscaped natural environment featuring widely acclaimed public art. The core campus includes the following facilities:

**Fletcher Library.** With a seating capacity of 600 and space for 450,000 volumes, the 106,000 square-foot facility is a state-of-the-art information access center designed to take full advantage of electronic technology.

**Sands Classroom Building.** Containing 38 class and seminar rooms, the building provides an intimate atmosphere in which to exchange ideas.

**Kiva Lecture Hall.** The Kiva seats 100-200 and serves as an auditorium for a variety of programs, faculty lectures, and public forums.

**Classroom Laboratory/Computer Classroom Building.**

West campus celebrated a milestone in January 2004 when construction was completed on the second half of CLCC – the first new classroom building to open on campus in more than a decade. Every classroom in the new portion of the building is equipped with a ceiling projector and projection screen, instructor computer, combination DVD/VCR, amplifier, document camera, and assisted listening system.

CLCC contains computer classrooms, science laboratories, studios for art, dance and music, a 150-seat lecture hall, and an astronomy platform located on the roof.

**Faculty and Administration Building.** Most faculty and administrative offices are located in this building. Classrooms are located in the basement of the east wing.

**Faculty and Administration Building Annex.** This temporary facility houses Human Resources and other administrative offices.

**Student Housing.** Located in the northwest corner of the campus, the Las Casas student housing facility includes two three-story buildings of residential units, a community hall with dining and meeting facilities, and a swimming pool.

**University Center Building.** This facility houses admissions and records, an array of student assistance programs, health services, a preschool, and student activities. Other building facilities include food service, a bookstore, cashier and fee payment services, student lounges, an art gallery, a wellness/fitness facility, a black box theater, meeting rooms, and a divisible, multi-purpose auditorium.

**Welcome and Information Building.** Located west of the 47th Avenue entrance, the Welcome and Information Building houses parking services, information services, testing services, and a branch office of the Arizona State Savings and Credit Union.
It is the policy of ASU to provide equal opportunity through affirmative action in employment and educational programs and activities. Discrimination is prohibited on the basis of race, color, religion, national origin, citizenship, sex, gender identity, sexual orientation, age, disability, newly separated veterans, Vietnam-era veteran status, special disabled veteran, or other protected veteran status. Equal employment opportunity includes but is not limited to recruitment, hiring, promotion, termination, compensation, benefits, transfers, university-sponsored training, education, tuition assistance, and social and recreational programs.

ASU is committed to taking affirmative action in increasing opportunities at all levels of employment and to increasing participation in programs and activities by all faculty, staff, and students. Affirmative action is directed toward minority persons, women, special disabled veterans, newly separated veterans, other protected veterans, Vietnam-era veterans, and persons with disabilities.

**University policy prohibiting discriminatory harassment**

**Harassment prohibited.** Subject to the limiting provisions of “Freedom of Speech and Academic Freedom” specified below, it is a violation of university policy for any university employee or student to subject any person to harassment on university property or at a university-sponsored activity.

**Harassment defined.** Actions constitute harassment if (1) they substantially interfere with another’s educational or employment opportunities, peaceful enjoyment of residence, physical security, and (2) they are taken with a general intent to engage in the actions and with the knowledge that the actions are likely to substantially interfere with a protected interest identified in subsection 1 above. Such intent and knowledge may be inferred from all the circumstances.

**Freedom of speech and academic freedom.**

Neither this nor any other university policy is violated by actions that amount to expression protected by the state or federal constitutions or by related principles of academic freedom. This limitation is further described in the ASU First Amendment Guidelines, the current version of which supplements this policy and is available in the Office of the General Counsel.

**Relationship to the work of the Campus Environment Team (CET).** If harassment is discriminatory, it falls within the education, monitoring, information gathering, and referral functions of the Campus Environment Team. Harassment is discriminatory if actions are taken with the purpose or effect of differentiating on the basis of another person’s race, sex, gender identity, color, national origin, religion, age, sexual orientation, disability, or Vietnam-era veteran status.

Complaints of alleged discrimination should be filed with the Office of Equal Opportunity/Affirmative Action at ASU’s Tempe campus Administration B-wing 171, (480) 965-5057, TTY (480) 965-0471.

**Student antiretaliation statement**

Students have the right to be free from retaliation. Threats or other forms of intimidation or retribution against a student who files a complaint or grievance, requests an administrative remedy, participates in an investigation, appears as a witness at an administrative hearing, or opposes an unlawful act, discriminatory practice, or policy are prohibited and subject to university discipli-
Arizona State University views students as individuals possessing qualities of worth and dignity and the capacity for self-direction. Therefore, the major responsibility for development and success resides with the students. This requires active personal involvement in the pursuit of their educational goals.

High standards of academic integrity are expected of all students. Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

The university considers the cultivation of self-discipline to be of paramount importance in the educational process. Students are expected to obey federal, state, and local laws, as well as the regulations of this university.

Under the constitution and the laws of the State of Arizona, jurisdiction over ASU has been vested in the Arizona Board of Regents. The regents, in turn, grant broad legal authority to the president, the administration, and the faculty to regulate student life within reasonable limits.

After admittance to the university, students voluntarily assume certain obligations of conduct and performance. Rules, regulations, and enforcement procedures in regard to student conduct are outlined in the Student Code of Conduct. Students are expected, as part of their obligations of enrollment, to become familiar with the Student Code of Conduct, available from the Student Life office (University Center Building 221) and in the electronic Student Handbook - www.west.asu.edu/studenthandbook.

Violations of the Student Code of Conduct, whether committed by individuals or groups, subject the perpetrators to university discipline, as do violations of university regulations with regard to academic dishonesty. The university reserves the right to take necessary and appropriate action to protect the safety and welfare of the campus community. Such action may include taking disciplinary measures under the Student Code of Conduct against students whose behavior off campus involves the sale or distribution of illegal drugs, physical assault, or violence that may present a danger to the university or to members of the university community.

To obtain information or to file conduct complaints against a student or student organization, contact the Student Life office in the University Center Building 221 or call (602) 543-8077.
The West campus is part of Arizona State University, a multicampus institution with locations throughout Metropolitan Phoenix. Arizona State University is part of a three-university system governed by the Arizona Board of Regents. The vice president and provost of the West campus provides executive leadership for the continuing development and management of the campus and reports to the executive vice president and university provost of Arizona State University. The provost is aided in the administration of the campus by vice provosts, deans, directors, department chairs, faculty and other officers. Refer to “Administrative and Academic Personnel” beginning on page 269.

There are four schools and colleges at the West campus administered by deans. These academic units develop and implement the teaching, research, and service programs of the institution, aided by the Fletcher Library, and other services.

The faculty and students of the institution play an important role in campus governance, with the Academic Assembly and Faculty Senate, Associated Students of ASU at the West campus, and numerous university committees serving the needs of a rapidly growing institution.
