## Academic Catalog Archive

### 2010-2011

This document provides an archival record of the academic programs offered during the 2010-2011 academic year. It is a printable option of the online catalog for accreditation organizations, agencies and university offices for data collection, evaluation purposes and referencing. Academic advisors, faculty and students should refer to the online version of the academic catalog.

To navigate this document version of the Academic Catalog 2010-11, refer to the Table of Contents and the bookmarks provided. Most undergraduate degrees have a corresponding major map that includes the critical requirements, order of courses and grade requirements for that degree. The major maps are provided in the final sections of this document.

Corrections or additions to the Academic Catalog Archive 2010-11 program information and major maps, as of July 31, 2010, may be provided in a future addendum. For inquiries or questions please contact [academic.catalog@asu.edu](mailto:academic.catalog@asu.edu).
