ASU Mission, Vision and Values

ASU Mission
To establish ASU as the model for a New American University, measured not by who we exclude, but rather by who we include; pursuing research and discovery that benefits the public good; assuming major responsibility for the economic, social, and cultural vitality and health and well-being of the community.

ASU Goals 2002-2012

Access and Quality for All
- Expand university access to match Arizona diversification and growth
- Improve freshmen persistence to 90 percent
  Enhance university graduation rate to 70-75 percent as soon as possible
- Develop ASU culture that represents a commitment to quality and community outreach
- Enroll 100,000 continuing education and degree completion students (including our contribution to AZUN)
- Enhance linkages with community colleges so as to expand baccalaureate degree production
- Enhance student development and individual student learning

National Comprehensive University by 2012
- Become a leading center for interdisciplinary science and technology discovery and development
- Become a leading center for discovery and scholarship in the social sciences, arts and humanities.
- Enhance research and discovery competitiveness to more than $300 million (in 2006 dollars) in annual research expenditures
- Enhance regional economic competitiveness through research and discovery and value-added education programs

Establish National Standing in Academic Quality and Impact of Colleges and Schools in Every Field
- Attain national standing in academic quality for each school
- Attain national standing in the value added to our graduates in each school
- Become the leading university academically (faculty, discovery, research, creativity) in at least one core subject within each school or college

Enhance Our Local Impact and Social Embeddedness
- Enhance linkage to local and regional social and community development groups
- Establish/develop/enhance linkages and partnerships with local, regional and national NGO’s, governments and public agencies, and private sector firms with a focus on community development
- Undertake applied sustainability research that impacts the social, environmental and economic evolution of the southwest
- Provide an objective and ongoing monitoring role for the region’s progress through the ASU Indicators Project

Institutional Inclusion
ASU is deeply committed to positioning itself as one of the great new universities by seeking to build excellence, enhance access, and have an impact on our community, state, nation and the world. To do that, requires that our faculty and staff reflect the intellectual, ethnic and cultural diversity of our nation and world so that our students learn from the broadest perspectives and we engage in the advancement of knowledge with the most inclusive understanding possible of the issues we are addressing through our scholarship. As one part of this commitment, we have developed a strategic plan for diversity at ASU. Developed in consultation with a wide variety of constituencies within the university and the deans, this plan, called “Building blocks for success through people, programming and policies,” contains a statement which serves as an ongoing touchstone of our commitment and several specific initiatives which will change and evolve over time depending on the challenges and opportunities we have before us.

Diversity is defined in terms of representation and inclusion. Representation reflects the extent to which our students, staff, faculty and administrators proportionately reflect the regional and national populations served by our public institution. Inclusion encompasses empowerment and voice among all members of the university community in the areas of scholarship, teaching,
learning and governance. We recognize that race/ethnicity and gender historically have been markers of diversity in institutions of higher education; we further believe that diversity includes additional categories such as socioeconomic background, religion, sexual orientation, gender identity, age, disability, veteran status, nationality and intellectual perspective.

Accreditations

University Accreditation Officer and Executive Vice Provost for Academic Affairs/Dean of the Graduate College

Maria T. Allison
480.965.7279 Fax: 480.965.0375
maria.allison@asu.edu

Office Specialist, Accreditation
Carla McNeil-Baxter
480.965.6942 Fax: 480.965.0375
carla.mcneil-baxter@asu.edu

At Arizona State University (ASU), the Executive Vice Provost for Academic Affairs/Dean of the Graduate College serves as the University Accreditation Officer (UAO). Representing the University President and the University Provost, the UAO officer is charged with the essential functions related to university-wide accreditation activities and with providing guidance and assistance as the process moves forward leading to successful and productive accreditation visits. A list of accredited programs and their accrediting agencies can be found here.

Functions of the ASU University Accreditation Office

Liaison to the Higher Learning Commission (HLC).

The UAO monitors institutional compliance with HLC requirements and coordinates the institutional evaluation for continuing accreditation by the HLC every ten years. The UAO also facilitates HLC approval of program and/or institutional changes where required. As a program prepares for accreditation, it is encouraged to visit the HLC website www.higherlearningcommission.org to find information about HLC standards and procedures for accreditation.

Professional Accreditation Oversight

The UAO works closely with academic units and programs that seek new accreditation or seek re-accreditation. This oversight includes:

1. Coordination of site visitors schedule and university administrators. All programs are asked to coordinate the site visitors schedules/itinerary with the UAO – this to insure that appropriate university administrators will be available at the time of the site visit.

2. Review of self-study draft. The UAO will conduct a review of the self-study draft to assure a self-study that meets the accreditation criteria and guidelines and addresses any problems from previous accreditation and other issues that may be present. A written report will be returned to the program with recommendations and edits.

3. Briefing paper. The UAO will review the briefing paper draft (prepared by the program) and submit recommendations and edits before the final paper is distributed to university administrators and other appropriate officials. The briefing paper is an in-house confidential resource and not shared with the site visitors.

4. The site visit report and response to the report. The UAO will review the site visit report and the program’s draft response, looking for accuracy, completeness, and tone. Based on this review, written recommendations for the program response will be made.

5. Accreditation Status Letter. The original letter is held in the UAO as part of the accreditation permanent records. The UAO will send copies of this letter to the program and supervising administrator. The UAO will enter the date of the next accreditation review into the university calendar which is maintained by this office.

Note: Repository for all accreditation documents. All programs are asked to provide copies of all accreditation records, reports and other documentation to the UAO, as they become available. Records will be held in the UAO until being sent to University Archives.

August 8, 2003

Dr. Michael Crow
President
Arizona State University
Tempe, AZ 85287-2203

Dear President Crow:

This letter is formal notification of the action taken concerning Arizona State University by the Higher Learning Commission. At its meeting on August 8, 2003, the Institutional Actions Council voted to continue the accreditation of Arizona State University, and to adopt any new items entered on the attached Statement of Affiliation Status (SAS). The Commission Board of Trustees validated that action through its validation process concluded on August 8, 2003. The date on this letter constitutes the effective date of this new status with the Commission.

Normally a new Record of Status and Scope (RSS) is attached to this letter. The RSS includes the SAS and the Statement of Institutional Scope and Activities (SISA). The SISA is generated from the database and includes specific information gleaned from your Annual Report as well as from the team. This year we are holding the annual report information gathered online until our database redesign is complete. The Annual Report was designed to link with the new database, not the current one. Therefore, instead of sending you a Record of Status and Scope that is not current, I choose only to send the SAS portion of it. As soon as the new database is finished and tested, I will forward your full Record of Status and Scope. It will summarize the relationship between the Commission and Arizona State University. Modifications to it may require prior approval from the Commission, although several sections of the Statement of Institutional Scope and Activity can be modified through submission of the Annual Report. In the meantime, I highly recommend that if you have any questions about how planned institutional changes might affect your relationship with the Commission, you write or call John A. Taylor, your staff liaison.

Changes in your institution that would require further Commission action prior to their initiation are found in Chapter 12 of The Handbook of Accreditation, Second Edition and on pages 42-46 of the March, 2002, Addendum to the Handbook. The Addendum can be found on the Commission's website at www.ncahigherlearningcommission.org under the Information for Affiliated Institutions and Consultant Evaluators. Please review them with care.

Information about informing the public of this action is found in Chapter 15 of the Commission's Handbook.

On behalf of the Board of Trustees I thank you and your associates for your cooperation.

Sincerely,

Steven D. Crow
Executive Director

Enclosure: Statement of Affiliation Status

cc: Evaluation Team Members
Chair of the Board
ARIZONA STATE UNIVERSITY
Tempe, AZ 85287-2203

Statement of Affiliation Status

Status: Accredited (1931- ).
Highest degree awarded: Doctor's.
Most recent action: August 8, 2003.
Stipulations on affiliation status: None.
New degree sites: No prior Commission approval required for offering existing degree programs at new sites within the state. The University must notify the Commission before opening new international sites.
Progress reports required: None.
Monitoring reports required: None.
Contingency reports required: None.
Other visits required: None.
Last comprehensive evaluation: 2002-03.

Tuition and Fees

Tuition Commitment

Undergraduate Resident Tuition

Arizona State University is committed to providing undergraduate resident students with reasonable tuition rates while they earn their degree. Degree-seeking undergraduate students are automatically assigned to a tuition cohort upon admission or readmission and do not need to take any action to benefit from the commitment tuition rate. The commitment tuition rate applicable to each tuition cohort is initially equal to the approved tuition rate at the time of admission or readmission. Any future increases in tuition will be based off of this rate until the tuition commitment period expires. Undergraduate resident students not eligible for the commitment tuition rate include non-degree seeking students, students enrolled in six or fewer credit hours, and students whose commitment period has expired. Ineligible students will pay the most recently approved tuition rate.

- Commitment Tuition Rate
- Commitment Period
- Commitment Tuition Rate Definitions
- Commitment Tuition Rate FAQs

Note: Continuation of the commitment tuition rate assumes no unusual levels of inflation and no substantial change in the levels of state support. Tuition and fee information provided here or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Commitment Tuition Rate

Undergraduate Resident Tuition

The commitment tuition rate applicable to each tuition cohort is initially equal to the approved tuition rate at the time of admission or readmission. Any future increases in tuition will be based off of this rate until the tuition commitment period expires. Undergraduate degree seeking resident students are automatically assigned to a tuition cohort upon admission or readmission and do not need to take any action to benefit from the commitment tuition rate.

Degree-Seeking
The commitment tuition rate applies to undergraduate degree seeking resident students. Undergraduate resident students not seeking a degree will pay the most recently approved tuition rate and are subject to all future tuition increases.

Full-time Enrollment for Tuition Purposes
The commitment tuition rate applies for fall/spring semesters during the commitment period in which enrollment exceeds six credit hours. Undergraduate degree seeking resident students enrolled in six or fewer credit hours are billed the most recently approved tuition rate. The commitment period is not extended for part-time enrollment.

Residency Status
The commitment tuition rate is applicable to undergraduate students classified as residents for tuition purposes. If an undergraduate student is reclassified from nonresident to resident for tuition purposes, the commitment tuition rate and commitment period are determined based upon the original semester of admission as a nonresident student.
Community College Transfer Students in Pathway Programs

Students may be eligible for the commitment tuition rate if they are:

- Admitted to ASU as a resident, degree-seeking student, and;
- Enrolled in one of these partnership programs:
  - Maricopa-ASU Pathways Program (MAPP)
  - Transfer Admission Guarantee (TAG), or;
  - RN-BSN pathway program

The commitment tuition rate is based on the semester the student enrolls for one of these pathway programs, if at the time of admission to ASU the student is in compliance with the pathway requirements. Upon expiration of the commitment period, students revert to paying the most recently approved tuition rate. The commitment ends upon the earlier of these circumstances: (1) expiration of the five-year commitment period determined at the time of pathway enrollment, up to a maximum of three years from initial enrollment at ASU, (2) upon graduation from ASU, or (3) withdrawal from the university. Note: Students admitted to ASU in accordance with transfer protocols other than these pathway programs will be billed for tuition in accordance with the policies applicable to transfer students.

Readmission

The commitment tuition rate is based upon the most recent semester of undergraduate degree admission or readmission. Students required to apply for readmission are assigned to a new tuition cohort and are billed for the commitment tuition rate applicable for the new cohort. The commitment tuition rate associated with the original semester of admission is not maintained under any circumstances, including military service, illness, or church mission, unless an official Leave of Absence is granted by the University Registrar’s Office. Students must apply for a Leave of Absence to maintain their original semester of admission for purposes of assignment to a tuition cohort and determination of the commitment tuition rate. The commitment period is not extended by the Leave of Absence and the commitment tuition rate continues to increase.

Expiration of Commitment Period

Upon expiration of the commitment period students revert to paying the most recently approved tuition rate. The commitment period ends upon the earlier of the expiration of the commitment period determined at the time of admission, upon graduation, or upon application for admission or readmission.

Students Admitted Prior to Summer 2008

For undergraduate degree seeking resident students admitted prior to summer 2008 the commitment tuition rate is based upon fall 2007 tuition regardless of semester of admission. This initial tuition commitment tuition rate will remain in tact during the commitment period, and any increases in tuition will be based off this rate. Starting in fall 2009, the remaining commitment period [2] will be determined based upon the most recent semester of undergraduate degree admission or readmission and prior earned credits at the time of admission. For example, a student admitted as a sophomore fall 2006 is eligible for a remaining commitment of one year in fall 2009. Beginning in fall 2010, because the commitment period has expired, the student admitted as a sophomore in fall 2006 will pay the most recently approved tuition rate.

Differential Tuition, Program Tuition and Other Fees

The commitment tuition rate only applies to base undergraduate resident tuition. The tuition commitment does not apply to differential tuition, program tuition, mandatory registration fees, or any other charges assessed by ASU.

Summer Session Tuition

The commitment tuition rate is not applicable for summer registration. All students are billed at the same rate, which is equal to the most recently approved per credit hour rate.

Special Nonresident Tuition Rates

Students eligible for special nonresident tuition rates that are based upon resident tuition are not eligible for the commitment tuition rate. Nonresident students eligible for special tuition rates will be billed based upon the most recently approved tuition rate and are subject to all future tuition increases. Note: Continuation of the commitment tuition rate assumes no unusual levels of inflation and no substantial change in the levels of state support. Tuition and fee information provided here or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Commitment Tuition Rate Definitions
Undergraduate Resident Tuition

Approved Tuition Rate: Undergraduate resident tuition rate approved for each tuition cohort. Non-degree seeking students, students enrolled in six or fewer credit hours, and students whose commitment period has expired will also pay the most recently approved tuition rate.

Commitment Tuition Rate: Full-time undergraduate resident tuition rate applicable to each tuition cohort, based on the approved per credit hour tuition rate at the time of admission or readmission. Increases in tuition will be based off of the initial tuition rate until the commitment period expires. Full-time undergraduate resident tuition is assessed for enrollment in more than six credit hours during the fall/spring semester.

Commitment Period: Period of up to five years, as determined by academic level [2] upon admission or readmission and prorated based upon prior earned credits.

Prior Earned Credits: All credit hours earned prior to semester of admission. Includes hours earned at ASU, other institutions, through testing, or by any other means.

Tuition Cohort: All undergraduate degree-seeking students admitted or readmitted for a given fall semester. Students admitted during the preceding summer semester and the following winter session or spring semester are assigned to the fall semester tuition cohort. If students are admitted to multiple programs, the admit semester of the student's active primary academic program will determine the tuition cohort.

Note: Continuation of the commitment tuition rate assumes no unusual levels of inflation and no substantial change in the levels of state support. Tuition and fee information provided here or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Source URL: http://students.asu.edu/node/2282

Residency for Tuition Purposes

Under Arizona state law, an applicant or enrolled student is classified either as a resident of Arizona, a nonresident or foreign student. The term "Arizona resident" for admissions or tuition purposes may differ from other definitions of Arizona residency. A person who has an Arizona driver license, or who is an Arizona resident for tax, voting or other purposes, may not necessarily be considered a resident for tuition purposes.

International students that are entitled to reside permanently in the U.S. may be eligible for in-state status classification at the university. Additional information can be found under the Visa Types section of this page.

Arizona law requires that students who are classified in-state for tuition purposes, or are receiving aid that is funded in part or in whole by state money, provide verification of citizenship, permanent residency or other lawful immigration status. See Citizenship/Lawful Presence [2] for additional information.

INFORMATION REGARDING RESIDENCY CLASSIFICATION IS SUBJECT TO CHANGE WITHOUT NOTICE.

General Information

Residency classification for tuition purposes at ASU is a benefit reserved for Arizona residents who have met the requirements as established by state law and the Arizona Board of Regents (ABOR) policy. There are no exceptions granted due to unusual circumstances or financial hardship. That is, Arizona residency is not a scholarship or waiver.

Step 1: Determine Your Classification Category

Residency classification is based on the information from your admission application. If you are classified as a nonresident and wish to be reclassified as a resident, it may be necessary to submit additional documentation. Please read through the Residency Reclassification Survey [3] to determine what documentation you may need to submit.
Step 2: Initiate Your Residency Petition or Verification form
Submit the appropriate residency petition form (see the Residency Reclassification Survey [3] or the Classification Categories [4] page for additional information) along with your $50.00 non-refundable petition fee to the Residency Classification Office, if required.

**Note:** Verification categories do not require the submission of the $50.00 fee.

Step 3: The Petition Process
The Residency Classification Office may also request additional documentation after the initial review of your application. Applications and accompanying documentation will be retained by Arizona State University in accordance with university approved requirements. All information will be kept confidential as required by law and university policies. In making residency determinations, the university considers all information provided in or with an application, as well as any other available information relevant to the application. Decisions to approve a residency application are made when the applicant has presented clear and convincing evidence that a permanent domicile in the state of Arizona has been established.

NOTE: A $50.00 non-refundable fee needs to be received with the submission of a reclassification petition before it can be marked as complete and evaluated.

Step 4: The Petition Decision
Processing time for a completed petition is approximately 4-6 weeks. For petitioners wanting a residency decision prior to the tuition/fee payment deadline, it is suggested that the completed petition, including the $50.00 fee and all required documents, be submitted at least four weeks prior to the first tuition/fee payment deadline. A petition will not be considered complete until all requested documents have been submitted to the Residency Classification Office.

If you submitted a petition for reclassification and were denied by the Residency Classification Office, you have the right to request an appeal of that decision.

Warning: Misrepresentation or falsification of information can be costly.
Students are expected to be honest with all information presented in connection with the petition process, and by submitting a notarized petition, confirm that all information is true and complete. Students who petition for reclassification subscribe and swear to the following statement:

"All statements, information, and evidence presented are true and complete. I understand that if I provide false information, if I make a material misrepresentation or omission in connection with my Petition for Change of Residency, or if I make any effort to fraudulently claim Arizona as my state of legal domicile, it will jeopardize my case for residency and subject me to disciplinary action, dismissal for the University...and may result in civil and criminal liability. I hereby grant permission for ASU representatives to verify any supporting evidence submitted with this petition."

Petitioners who have omitted, falsified or misrepresented any information will be referred to Student Judicial Affairs [5] for disciplinary action.

### Deadlines

Students may submit a petition for residency according to the following schedule:

<table>
<thead>
<tr>
<th>Term</th>
<th>Residency Petition Deadline Dates</th>
<th>Residency Appeal Deadline Dates*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spring 2011</td>
<td>November 1, 2010 – January 21, 2011</td>
<td>February 25, 2011 (must have already submitted a petition and received a denial)</td>
</tr>
<tr>
<td>Summer I 2011</td>
<td>April 1 - June 1, 2011</td>
<td>July 6, 2011</td>
</tr>
<tr>
<td>Summer II 2011</td>
<td>April 1 - July 6, 2011</td>
<td>August 10, 2011</td>
</tr>
<tr>
<td>Fall 2011</td>
<td>April 1 – August 24, 2011</td>
<td>September 28, 2011</td>
</tr>
</tbody>
</table>

The deadline dates listed above are firm. Per ABOR requirements, failure to submit a notarized petition by the deadline date constitutes a waiver of the right to petition for that term. Petitions received after the deadline will be denied. Appeals will not be accepted for petitions submitted after the deadline.

### Resources

Complete tuition/admission residency regulations for the state of Arizona can be found at the following websites:

Citizenship/Lawful Presence Requirement
Arizona law requires that students who are seeking consideration for in-state tuition status or aid that is funded in part or in whole...
by state money provide verification of citizenship, permanent residency or other lawful immigration status. If you are already classified as a resident to tuition purposes and you still need to verify your status, please go to Citizenship/Lawful Presence [2] for additional information.

**Financial Aid and Residency Eligibility**
If you have a change in residency your financial aid will be reduced and institutional scholarships will be adjusted or cancelled. Students will be responsible for paying any resulting charges on their student account. Check with Student Financial Assistance [8] in order to determine how these changes will affect your award(s). In the event of a financial aid adjustment, you will be notified by e-mail to check My ASU for new award information.

**Visa Types And Residency Eligibility**
Visa Types and Residency Eligibility List [9]
Among non-U.S. citizens, only persons who are entitled to reside permanently in the U.S. are eligible for in-state status classification at the university. These individuals, like U.S. citizens, must still prove that they have established domicile in Arizona as defined in Arizona Board of Regent's policy. In other words, having the privilege of remaining permanently in the U.S. is a necessary, but not a sufficient, condition to obtaining in-state classification at the university. At present, non-citizens who are entitled to reside permanently in the U.S. and are eligible for the benefit of in-state tuition at Arizona State University. Students must clearly and convincingly prove that they are permanent residents of Arizona. A temporary, non-immigrant visa will not allow a person to obtain a permanent status in Arizona regardless of the length of the visa or the number of times it is renewed. Continuing eligibility to remain classified as a resident student for tuition purposes depends upon the continued maintenance of eligible immigration status. Students that change to a non-eligible classification status may be changed to a status of non-resident. Students with eligible classifications (see the Visa Types & Residency Eligibility List [9]) who feel they may qualify for a change in status should contact the Residency Classification Office at 480-965-7712 for more information.

**NOTE:** This information has been compiled and approved via university policies and procedures.

**Source URL:** http://students.asu.edu/residency
**Links:** [1] http://students.asu.edu/taxonomy/term/164

**Tuition and Fee Descriptions**

ASU tuition and fees are approved annually by the Arizona Board of Regents. In addition to resident and nonresident tuition, commonly billed tuition and fees include:

**Differential Tuition and Program Tuition**
Certain colleges and programs assess additional differential and program tuition as approved by the Arizona Board of Regents. Visit the Tuition and Fees Schedules [2] for college and program specific tuition and fees.

**Excess Hours Tuition**
The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold are required to pay an Excess Hours Tuition Surcharge [3]. Students who have more than 145 credit hours will be assessed the Undergraduate Excess Hours Tuition Surcharge.

**Special Class Fees**
Special Class fees are assessed based on enrollment in specific classes. Class fees are published with each class through Class Search [4].

**Technology Fee**
The technology fee funds technology initiatives including expanding ASU's wireless network on all of its campuses, increasing the
number of technology-enabled classrooms, developing a system to allow students to access University-licensed software, reducing dependence on computing labs and expanding and improving online self-service environment. All students are assessed this mandatory technology fee as authorized by the Arizona Board of Regents.

**Late Registration Fee**
All students who register beginning the week before the first day of the semester will be assessed a late registration fee of $50.00, with the exception of students enrolling only in late start sessions. Students enrolling exclusively in late start sessions, will be assessed the late registration fee beginning one week before the session start date. Please see Tuition Deadlines [5] for specific dates. Registration after the published deadline may be permitted under extraordinary circumstances if approved by an authorized College designee. Late fees are not refundable.

**Recreation Fee**
All students are assessed a recreation fee allowing access to recreation facilities on all four ASU Campuses. For more information, please visit Campus Recreation [6]. Faculty/staff who are also students are not assessed a recreation center fee with their other registration fees, but may pay an optional fee at faculty/staff rates.

**Student Service Facility Fee**
The Student Service Facility Fee is a mandatory fee authorized by the Arizona Board of Regents to be charged to all students. This fee will allow for the enhancements of existing facilities and the planning and development of new student service facilities to meet the needs of the growing student population.

**Student Programs Fee**
All students are assessed a mandatory program facility fee as authorized by the Arizona Board of Regents to provide funding for new or enhanced facilities and student support programming.

**Health and Wellness Fee**
All students are assessed a Health and Wellness Fee as authorized by the Arizona Board of Regents to enhance services for students who seek both preventive and acute care and to expand outreach and wellness education and services.

**Financial Aid Trust Fee**
Student Financial Aid Trust grants are assistance provided in partnership between ASU students and the state legislature. All students are assessed a mandatory financial aid trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund, from which Financial Aid Trust Grants are awarded under the usual aid eligibility criteria. Fees collected from students are matched by the State of Arizona. For more information, please visit the Financial Aid Trust Grant [7] website.

**Arizona Students' Association (ASA) Fee**
The Arizona Students' Association is a nonprofit, higher education advocacy organization that represents Arizona public university students to the Arizona Board of Regents, State Legislature, and U.S. Congress. During 1996-1997, students at the state universities voted to change the mechanism for funding the ASA to a fee charged to each student each semester. Any refunds for this fee will be provided through ASA Central Office at 1.877.294.6900 (toll free) or 602.294.6900. You may also pickup a refund form to complete from the ASASU Business Office (Tempe campus) in the Memorial Union Room 311 or Student Life (West campus) in UCB 221. The refund forms will be available for the first 21 days of classes. For information about the Arizona Students' Association, visit www.azstudents.org [8].

6. Student Business Services

[3] https://students.asu.edu/tutionsurcharge

**Tuition Refund Policy**

Students are required to pay all tuition and fees for any registered course unless enrollment is officially cancelled during the 100%
refund period. Tuition and fees are nonrefundable after the 100% refund period. All refunds are less any amounts owed to the university and are subject to payment holding periods.

Withdrawal or cancellation occurs on the calendar day that withdrawal is requested either Online or in person at a Registrar site. By registering for classes students agree to pay all applicable tuition and registration fees. The university provides a prorated refund for students receiving financial aid; therefore, the refund schedule is the minimum amount refundable to these students.

Fall and Spring Semester Classes
The 100% refund period extends through the first two weeks of the semester for regular semester classes and sessions eight weeks or longer. The 100% refund period is one week for sessions shorter than eight weeks and for dynamically dated classes. For classes that begin prior to the first day of the regular semester, the applicable 100% refund period begins on the class start date not the semester start date. Students are required to pay tuition and fees owed for enrollment cancellations that occur after the refund period.

Summer Session Classes
The 100% refund period is the first five days of the applicable summer session. Students are required to pay tuition and fees owed for enrollment cancellations that occur after the refund period.

Winter Session Classes
Please visit Tuition Dates and Deadlines [2] for the Winter Session 100% refund period. Students are required to pay tuition and fees owed for enrollment cancellations that occur after the refund period.

Medical or Compassionate Withdrawals
Students withdrawing for medical circumstances or other extenuating circumstances must contact their college to initiate the process. Approved medical or compassionate withdrawals [3] are eligible for up to an 80% refund of tuition if approved within two years of the end of the semester. No tuition refund is provided thereafter.

For specific semester or session deadlines, please refer to Tuition Dates and Deadlines [2].

Source URL: http://students.asu.edu/tuitionrefundpolicy

Tuition and Fees Schedules

To view current year tuition and fees, please visit the Tuition and Cost Calculator [2].
To view historical information about tuition and fees, please visit Tuition and Fees Schedule [3].

NOTE: All amounts shown in the Tuition and Fees Schedules or in other university publications or Web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with board policy, and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Tuition charges will be billed on your student account and may be viewed online through My ASU [4] after registration. See Billing [5] for information on how to pay your tuition and fees.

Tuition Installment Plan [6]: If tuition is not paid by the applicable tuition due date, or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the tuition installment plan and charged a nonrefundable enrollment fee. See Tuition Deadlines [7] for semester-specific information.

Thinking of Leaving ASU? By registering for classes, you agree to pay all applicable tuition and registration fees. If you plan to leave the university, you must officially withdraw to cancel registration before the refund deadline. Refund deadlines are available on the Tuition Deadlines [7] calendar. Please ensure that you have dropped or withdrawn from all classes during the 100 percent refund period or you will be responsible for the tuition charges. See the Tuition Refund Policy [8].

IRS Form 1098-T
Arizona State University prepares an IRS form 1098-T, Tuition Tax Statement each calendar year. IRS form 1098-T reports amounts billed to you for qualified tuition and may assist you in the preparation of your tax return with regards to education tax benefits you may be eligible to claim. Read more about the IRS form 1098-T [9].

NOTE: All amounts shown in the Tuition and Fees Schedules or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

*The ASU Tuition Commitment is that full-time undergraduate resident tuition will increase at a reasonable rate from the semester of admission or readmission. For more information about the Tuition Commitment and the Commitment Period please refer to students.asu.edu/tuitionandfees

1. Resident tuition for enrollment in 7 hours or more is a $1 less during Spring semester. The Financial Aid Trust fee is $1 less during Spring semester for enrollment in less than 7 hours.
2. Music Fees & Special Class Fees are dependent on specific class enrollment and are not included here. Fees are available online through Class Search.
3. Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students the excess hours tuition is $132 per credit hour up to a maximum of $924 for enrollment in 7 or more hours. For nonresident students the excess hours tuition is $182 per credit hour up to a maximum of $2,184 for enrollment in 12 or more credit hours. See students.asu.edu/tuitionandfees[2] for additional information regarding the Undergraduate Excess Hours Tuition.
4. If you have been admitted to the Barrett Honors College, an honors fee of $500 for incoming freshmen and $450 for continuing students will be assessed each fall and spring semester, in addition to tuition and fees presented above.
5. All amounts shown in the Tuition and Fees Schedules or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.
6. Some graduate and undergraduate programs assess an additional program fee. These fees differ according to the college and or program.

**Undergraduate Degree Programs: Polytechnic Campus and, West Campus**

(1) Online tuition is billed per credit hour with no cap. To calculate the increase in tuition, add the tuition cost per hour for each additional hour taken to the tuition and fees total for eighteen hours.

(2) The Financial Aid Trust fee is $1 less during Spring semester for enrollment in less than 7 hours.

(3) Special Class Fees are dependent on specific class enrollment and are not included here. Fees are available online through Class Search.

(4) Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students the excess hours tuition is $132 per credit hour up to a maximum of $924 for enrollment in 7 or more hours. For nonresident students the excess hours tuition is $182 per credit hour up to a maximum of $2,184 for enrollment in 12 or more credit hours. See [students.asu.edu/tuitionandfees](students.asu.edu/tuitionandfees) for additional information regarding the Undergraduate Excess Hours Tuition.

(5) If you have been admitted to the Barrett Honors College, an honors fee of $500 for incoming freshmen and $450 for continuing students will be assessed each fall and spring semester, in addition to tuition and fees presented above.

(6) All amounts shown in the Tuition and Fees Schedules or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

(7) Some graduate and undergraduate programs assess an additional program fee. These fees differ according to the college and or program.

* Resident tuition for enrollment in 7 hours or more is $1 less during Spring semester. The Financial Aid Trust fee is $1 less during Spring semester for enrollment in less than 7 hours.

---

*(1) Music Fees & Special Class Fees are dependent on specific class enrollment and are not included here. Fees are available online through Class Search.*
Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students the excess hours tuition is $132 per credit hour up to a maximum of $924 for enrollment in 7 or more hours. For nonresident students the excess hours tuition is $182 per credit hour up to a maximum of $2,184 for enrollment in 12 or more credit hours. See students.asu.edu/tuitionandfees for additional information regarding the Undergraduate Excess Hours Tuition.

If you have been admitted to the Barrett Honors College, an honors fee of $500 for incoming freshmen and $450 for continuing students will be assessed each fall and spring semester, in addition to tuition and fees presented above.

All amounts shown in the Tuition and Fees Schedules or in other University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Some graduate and undergraduate programs assess an additional program fee. These fees differ according to the college and or program.

University Policies

Undergraduate Policies and Procedures

Freshman Admission Requirements and Timelines
A freshman is a student who is applying to ASU while enrolled in high school or a student who has not attended college since high school graduation.

Admission Requirements
ASU welcomes applications from students with diverse academic backgrounds and interests. Freshman applicants who possess a high school diploma and meet the following requirements will be admitted to ASU. Applicants must successfully complete ASU competency requirement. Admission may be granted with one deficiency in no more than two competency areas. Deficiencies cannot be in both math and laboratory science. Students must earn a minimum 2.0 in any subject area. Most competencies may also be met by test scores or college courses. See Detailed Competency Requirements [2] for more information.

- English - 4 years (composition/literature based)
- Math - 4 years - Algebra I, Geometry, Algebra II and one course requiring Algebra II as a prerequisite.
- Laboratory Science - 3 years total (1 year each from any of the following areas are accepted: Biology, Chemistry, Earth Science, Integrated Sciences, and Physics)
- Social Science - 2 years (including one year American History)
- Foreign Language - 2 years (same language)
- Fine Arts - 1 year

Applicants must also meet at least one of the following:
- Top 25% in high school graduating class
- 3.0 GPA in competency courses (4.0 = A)
- ACT 22 (24 nonresidents)*
- SAT Reasoning 1040 (1110 nonresidents)*

*ASU does not require the writing portion of these tests.

Individual Review
All students who don’t meet the above standards will be evaluated through a process called Individual Review. Through this process Undergraduate Admissions will review all available information about a student’s application, carefully considering all aspects of a student’s academic background and accomplishments. Submission of an ACT or SAT test score is highly recommended. In some cases, additional information might be requested.

Higher Requirements for Some ASU Schools/Colleges
Some colleges/schools have higher requirements for admission to their majors. To learn more about requirements, find the major of your interest at Degree Search [3]. You should select a second major on your application if your first choice has higher requirements.

Home School Applicants
Home schooled students must meet all of the above requirements in addition to the following requirements:

- Competency Requirement - Per Arizona Board of Regents (ABOR) policy, laboratory sciences must be conducted in real labs and students should complete the Evaluation of Laboratory Science Courses [4] form as part of the application process. (If you have questions about the laboratory sciences requirement, please call 480-965-7788.)
- Aptitude Requirement - Must be met with SAT or ACT test score.
- Graduation Requirement - Upon completion of secondary school education, complete the Affidavit of Completion of Secondary School Education [4]. The affidavit must be completed by the parent/guardian and notarized.

For questions regarding admission for Home Schooled students, e-mail asuhomeschool@asu.edu [5].

General Educational Development (GED)
Students may also meet admission requirements by submitting an official GED score of 500 or above.

Application Dates
ASU’s preferential application dates follows. Note that after this date, some ASU colleges and schools may limit admission to their program. Submit your application and all of your application materials by the timelines listed below to ensure you receive full consideration for admission.

Summer and Fall
• February 1 for automatic consideration for ASU's merit-based scholarships
• May 1

Application Steps
• Complete the Undergraduate Admission Application. ASU prefers that you apply online.
• Submit the nonrefundable application fee
  ◦ Arizona residents - $50.
  ◦ Non-residents - $65.

1. Have your ACT or SAT scores sent directly to ASU. ACT or SAT scores are required for merit scholarship consideration and for ASU course placement.

2. Applicants must request transcripts from each educational institution attended. Official transcripts must be mailed or sent electronically directly to Undergraduate Admissions by the records office of the issuing institution(s). ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax. High school transcripts must show GPA and date of graduation. ASU requires an English translation of all foreign-language transcripts.

ASU will review your application file once you have submitted all materials. To see if you have any missing items, and to view your admission status, sign in at My ASU using your ASURITE ID, which is sent to you after you apply for admission.

Steps for Freshman Enrollment
Fall and Summer 2011

Apply for Admission

Complete an application for admission. [2]

Complete your application file (application fee, transcripts and scores)

7. If you did not submit your application fee with your admission application, you can pay on My ASU [3]. You can also mail a check or money order to ASU or call Undergraduate Admissions (480-965-7788, option 5) and pay with a debit or credit card (Visa/Mastercard).

8. Ask each high school and college you have attended to send your official transcripts directly to ASU. Hand-delivered transcripts are not official.

9. If your ACT or SAT score does not appear on your high school transcript, ask ACT www.act.org [4] or the College Board (SAT) www.collegeboard.com [5] to send your scores directly to ASU.

10. If you are concurrently enrolled in high school and college courses, or if you are dually enrolled in college courses taught on your high school campus, you must request official transcripts from both your high school and the college offering the dual credit to be sent to ASU. ASU will not award college credit that appears only on high school transcripts.

11. Upon graduation from high school or completion of your current college semester, request that a final transcript be sent...
from your school to ASU. Your final high school transcript must show your date of graduation.

Undergraduate Admissions' Mailing Address:
Undergraduate Admissions
Arizona State University
PO Box 870112
Tempe, AZ 85287-0112

Activate Accounts [6] After you have applied for admission, you will be issued an ASURITE ID, which will give you access to online student services, including those at My ASU [3], such as the ability to check your admission status. While you activate your ASURITE ID, be sure to set up yourasu.edu email address so you can receive important messages from ASU.

After Admission
Pay Your Enrollment Deposit
Upon admission, first-time freshmen pay an enrollment deposit [7]. The deposit may be paid on My ASU [3]. Apply for Financial Aid and Scholarships [8] ASU encourages all students to complete the Free Application for Federal Student Aid (FAFSA [9]). The FAFSA becomes available in January. ASU's priority date for submission is March 1. Students do not need to be admitted to ASU to submit a FAFSA and begin the process; however, only admitted students are awarded aid. Search and apply for scholarships that may fit your profile, talents and academic interests.

Note that Arizona law requires verification of citizenship or other lawful presence [10] in the United States for all students who are receiving in-state tuition and/or financial aid funded by state money.

Next Steps for Admitted Freshmen After Deposit
Confirm Housing and Dining [11] All freshmen are expected to live on the campus where their academic major is located. Students who live on campus for at least their first year have higher GPAs and a more successful transition from high school to college. Once you have paid your deposit, you can confirm your housing preferences online at My ASU [3]. (Allow 24 hours for your deposit to post.) If you are living at home with your parents or have other special circumstances that prevent you from living on campus, you must notify the university by requesting an on-campus housing exemption. Orientation and Registration [12] Once you have paid your enrollment deposit, you can sign up for Orientation. During orientation, you will be able to meet with your academic advisor, determine courses and register for classes. You will also be able to get your Sun Card, learn more about financial aid and other university resources, and meet other new students. You must have submitted an ACT or SAT score to ASU and also have completed the math placement exam [13] before you will be able to register for classes at orientation. The university uses this information to guide you to the appropriate freshman English composition course and freshman math course. You will receive further information and instructions with your orientation reservation materials. In the meantime, to see if ASU has your scores on file, click on "Test Scores" in the "My Admission and Orientation" box on My ASU [14]. If you have taken AP, IB, and/or CLEP exams, request that your scores be sent directly to ASU.

Submit Immunization Verification [15] Your MMR verification must be submitted to ASU before Orientation so you can register for classes. Explore Summer School Options [16] Get a jump start on your ASU experience by enrolling in summer sessions. Admission to ASU for the fall semester allows you to register for summer classes without submitting another application. Plan to attend an early orientation program to consult with your advisor on both fall and summer class selection. ASU's summer course listing is available in February.

Parking Decals and Commuter Options [17] Students may purchase parking decals online. (Students living in the residence halls will receive information with their hall assignments.) ASU also offers a variety of commuter options including discounted public bus and light rail passes, and free shuttles between ASU campuses.

Tuition and Fees [18] Tuition is based on your residency for tuition purposes status. Note that Arizona law requires verification of citizenship or other lawful presence [10] in the United States for all students who are receiving in-state tuition and/or financial aid funded by state money.

Tuition charges will be billed to your student account and may be viewed online through My ASU after registration. By registering for classes you agree to pay all applicable tuition and registration fees. If you decide not to attend, you must completely withdraw from all classes before the semester begins. If tuition is not paid by the applicable due date, or financial aid is not awarded and accepted by the due date, you will automatically be enrolled in the tuition installment plan and charged a nonrefundable enrollment fee. Access online billing at My ASU [3] (click Finances then Pay). Students are responsible for reviewing their ASU e-mail account for notification of billing statements and to review their student account on My ASU for current information. Billing statements are not mailed. Attend Fall Welcome [19]

Links:
[3] https://my.asu.edu
Transfer requirements

Transfer applicants must meet at least one of the following requirements for admission to ASU:

- Be a high school graduate who has attended a college/university since high school graduation.
- Complete an Arizona General Education Curriculum (AGEC) at an accredited Arizona community college.
- Complete an associate degree or higher.

Assured Admission*

Arizona Residents

Arizona transfer students are assured admission to ASU if they meet one of the following requirements:

12. Completion of an associate's degree with a 2.0 or higher GPA (4.0=A).
13. AGEC (Arizona General Education Curriculum) with a 2.5 GPA or higher (4.0=A).
14. Complete a transfer pathway (MAPP, TAG, RN-BSN Pathway, etc.) through an accredited Arizona community college.

Nonresidents

Nonresident transfer students are admitted to ASU if they meet one of the following requirements:

- Completion of an associate's degree with a 2.5 or higher A (4.0=A).
- AGEC with a 2.5 GPA or higher (4.0=A). (For those students transferring from a California community college, we accept the IGETC/CSU GE.)

*Some colleges/schools have higher requirements for admission to their majors. See asu.edu/degrees for details.

Individual Review for Admission

Transferring with 24 transferable credits or more:

If a student has more than 24 transferable credit hours, Arizona residents with above a 2.0 cumulative GPA in transfer hours will be considered for admission (2.5 cumulative GPA for nonresidents). Through this individual review process, the Office of Undergraduate Admissions will review all available information about a student’s application, carefully considering all aspects of a student’s academic background and accomplishments. Submission of an ACT or SAT test score is highly recommended. In some cases, additional information might be requested.

Transferring with fewer than 24 transferable credits:

If a student has fewer than 24 transferable hours, Arizona residents must have a 2.0 cumulative GPA in all transfer hours (2.5 cumulative GPA for nonresidents) and must also meet freshman admission requirements.

Admission for International Transfer Students

Please visit the International Admission site for details for international transfer students.

Home School Students

Transfer students who graduated high school in a home school setting and have not completed an associate degree or higher (or the Arizona General Education Curriculum) must submit the Affidavit of Completion of Secondary School Education. The affidavit must be completed by parent/guardian and notarized.

Home schooled students may also meet admission requirements by submitting an official GED score of 500 or above. For questions regarding admission for home schooled students, e-mail asuhomeschool@asu.edu.

School/College Requirements

Some programs have additional requirements. Please check with your desired program of study for specific details. See degree search for major-specific admission information.
International Undergraduate Admission

Your future will be shaped by decisions you make about education now. At ASU, you’ll study with Fulbright scholars, Nobel laureates and other outstanding faculty. And with more than 250 undergraduate programs to explore, you’ll find a program that matches your interests and talents.

Scholarship for International Students

ASU offers a limited number of New American University Scholarships for highly qualified freshman students (F-1 and J-1 visa status) who are non-immigrant, nonresident and degree seeking. In order to be considered for this competitive scholarship, all admission application documents must be on file with ASU by April 1, 2011 for the fall 2011 semester. There is no separate scholarship application to complete. For information concerning scholarships deadline and requirements, please visit the scholarship posting or e-mail asuinternational@asu.edu.

Admission Requirements

An international student (F-1 and J-1 visas) is a student who is not a citizen of, or a permanent resident of, or a refugee in the United States of America.

Academic Requirement

• Freshmen must have a 3.00 grade point average (GPA) (a "B" or better where "A"=4.00) from a secondary school.
• Transfer students must have a minimum 2.50 GPA (a "C+" or better where "A"=4.00) from a college or university.
• Some ASU colleges/schools require a minimum ACT or SAT score for admission into their programs, including the W. P. Carey School of Business.

English Language Proficiency Requirement

Applicants whose native language is not English (identified by the U.S. Department of State Bureau of Public Affairs) must provide evidence of English language proficiency. The English proficiency requirement may be fulfilled by meeting one of the following:

15. Minimum score of 500 (paper-based), 173 (computer-based), or 61 (internet-based) on the Test of English as a Foreign Language (TOEFL).
16. Minimum overall band of 6.0 with no band below 5.5 on the International English Language Testing System (IELTS).
17. Minimum Pearson Test of English (PTE) of 53.

Note: Some ASU colleges/schools have higher English proficiency requirements. For example, The ASU Ira A. Fulton Schools of Engineering require a higher TOEFL score of 550 (paper-based), 213 (computer-based) or 79 (internet-based) as well as an IELTS score of 6.5. And, the Walter Cronkite School of Journalism requires a higher TOEFL score of 600 (paper-based) or 100 (internet-based), an IELTS score of 7.0 and a PTE score of 73.

Exceptions to the English (TOEFL/IELTS) Requirement:

• Applicants who have completed their junior and senior years in a U.S. high school with SAT Verbal score of 550 or ACT English score of 23.
• Applicants who have completed a minimum of 48 transferable semester credits including six credits of freshman English composition at a U.S. college or university with a cumulative GPA of 2.50 or higher.
• Applicants holding a bachelor’s degree from a regionally accredited U.S. college or university.
• Applicants who have completed four years of high school in a U.S. high school. These applicants are subject to high school competency requirements.
• The TOEFL is not required for admission for applicants who have successfully completed the Advanced 2 level of the American English and Culture Program (AECP) at Arizona State University.

Conditional Admission

ASU may offer conditional undergraduate admission to international applicants who meet the academic (aptitude) requirement but whose TOEFL and IELTS does not meet the minimum English language proficiency requirement. Through conditional admission, students must first successfully complete the appropriate level English language course at ASU’s American English and Culture Program (AECP) before being allowed to enroll in university courses.
Conditional Admission Test Scores: Minimum test scores are required to be eligible for conditional admission for international undergraduate applicants who are academically qualified to be admitted to ASU, but do not meet the English language requirement:

For more information, contact asuinternational@asu.edu

Competency Requirement
International students who attended four years of high school in the U.S. are required to meet the competency requirements.

- English: four years (composition/literature based).
- Math: four years - algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite.
- Laboratory Science: three years total (1 year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences, and physics).
- Social Science: two years (including one year American history).
- Foreign Language: two years (same language).
- Fine Arts: one year.

Higher Requirements for Some ASU Schools/Colleges
Some ASU colleges/schools have higher standards for admission into their programs. International applicants must meet general university international admission requirements as well as the appropriate freshman or transfer college/school requirements of their major. See Degree Search for details.

Financial Guarantee
All international applicants on F-1 or J-1 visas must provide a Financial Guarantee to show evidence of sufficient funds available for their studies before the application can be processed.

Application Deadlines
You must submit the Application for Undergraduate Admission, along with the application fee, by the deadline specified for each semester. In order to expedite the evaluation of your application, also submit official transcripts, test scores and supporting credentials immediately.

Fall Semester 2011
Application deadline is May 1, 2011.
Submit a complete application file by Apr. 1, 2011 to be considered for an ASU merit-based scholarship upon admission. International students who have been admitted for the fall semester may begin attending classes as early as summer session.

Summer Sessions 2011
Application deadline is Feb. 1, 2011.
Applications for summer admission which arrive after Feb. 1, 2011, will be reviewed for admission for fall 2011. International students who are in the U.S. and who are admitted for fall 2011 as full-time, degree-seeking undergraduates will also be eligible to enroll for summer 2011. Apply as early as possible to allow time for all documentation and processes to be completed.

Spring Semester 2012
Application deadline is Oct. 1, 2011.

Application Procedures
1. Complete the Undergraduate Admission Application. ASU prefers students to apply online.
If you are unable to complete the online application, download the paper application. Complete and sign the application (incomplete, unsigned applications cannot be processed). Send the completed application and all supporting documents (application fee, transcripts, test scores and the financial guarantee) to the address listed below.

Mailing Address
Undergraduate Admissions
Arizona State University
PO Box 870112
Tempe, AZ 85287-0112
USA
For more information, call: 480-965-7788.
2. **Submit the nonrefundable application fee.** The application fee is $65 (USD). If you did not submit your application fee with your admission application, you may pay in My ASU or submit payment in the form of a check or money order drawn on a U.S. Banking Affiliate and made payable to Arizona State University. Do not send cash or international postal money orders. Application fees cannot be waived or transferred to a future application.

3. **Request that an official transcript be sent directly from your school(s) to Undergraduate Admissions.** Upon graduation or completion of the semester, request that a final transcript be sent directly to ASU to determine final admission status.

Official Transcripts: Official transcripts are certified copies of official documents from each secondary school, college, university and/or technical schools attended.

Records must include courses completed, grades or marks earned, and certificates or degrees awarded. Include a certified English translation of all documents not written in English. Official documents include:

- Original academic credentials issued by the registrar of the institution attended, bearing the original raised or colored seal of the institution and the signature of the institution’s registrar, academic official or recognized international organization.
- Photocopies of academic credentials that have been verified as true copies of the original by a responsible official of the institution attended or by an educational representative of the country’s government or embassy. Each page must bear the verifying official’s signature and stamp.
- Photocopies of international academic credentials on file with the registrar of an institution you previously attended in the U.S.
- Photocopies of academic credentials that have been certified by a recognized international educational organization — such as the U.S. Educational Foundation, AMIDEAST or the Institute for International Education.

Note: Photocopies certified by a notary public are not official. Scanned copies are also not accepted in lieu of original official academic documents.

4. **Submit evidence of English language proficiency.**

Have your TOEFL or IELTS score sent directly to ASU.

TOEFL: The official TOEFL (Test of English as a Foreign Language) score report can be sent directly to ASU from the Educational Testing Service. ASU’s TOEFL institutional code is 4007. For information about this test and registration procedures, contact ETS at PO Box 6151 Princeton, NJ 08541-6151, USA or visit www.toefl.org.

IELTS: For information about this test and registration procedures, contact the IELTS Office, University of Cambridge Local Examination Syndicate, 1 Hills Road, Cambridge/ CB1 2EU, UK or visit www.ielts.org.

5. **Submit your ACT or SAT scores.** If you have taken the ACT or SAT, please submit official scores to Undergraduate Admissions, because some ASU colleges/schools have minimum ACT/SAT score requirements for entrance to their programs.

6. **Submit your financial guarantee.** In compliance with Bureau of Citizenship and Immigration Services regulations, all international applicants on the F-1 (student) or J-1 (exchange) visa must provide evidence of sufficient funds available for their studies. The Financial Guarantee, dated within the past six months, must be co-signed by an authorized bank or representative of a recognized sponsoring agency in the U.S.A. An Affidavit of Support cannot be used in lieu of a bank statement. ASU has a Financial Guarantee Form (.PDF). ASU requires a bank statement or a bank letterhead that has been cosigned by a banking official.

**Deferred Enrollment**

You may not defer enrollment at ASU. If you must change the semester of enrollment on your application, please submit another online application and pay a new application fee for the new semester in which you are applying. Please note that all of your supporting documents are on file at ASU for one year, so you may not need to submit your other documents again.

**After You Have Been Admitted to ASU**

Next steps for fall 2011 (http://global.asu.edu/prearrival).
Next steps for spring 2011 (http://global.asu.edu/prearrival/spring).

**Items to Consider**

Admission to ASU cannot be determined until your file is complete and all of your credentials are evaluated. You must enroll full-time each semester. Students holding F-2 visas cannot attend ASU on a full-time basis.

**Source URL:** http://global.asu.edu/future/undergrad

**Nondegree Student Admission**

Some individuals may be interested in studying in a nondegree status, either through pre-college summer programs or for their own personal learning experience. If this matches your interest, please read more about the nondegree status and follow the steps to completing a nondegree application for admission.

**Definition of Nondegree Student Status**

A nondegree student is one who has not attended ASU as a degree-seeking student, who has not earned a bachelor’s degree, who is not attending full time, and who is not, at this time, applying to a degree program.

Once admitted to a degree program, a student is not permitted to register in a nondegree status.
Nondegree students may enroll in eight credit hours each fall or spring semester, seven semester hours for each 5-week summer session and nine semester hours for the 8-week summer session.

Nondegree students may apply up to 15 hours taken in nondegree status to a degree program if you choose to pursue an undergraduate degree in the future.

Nondegree students are not eligible for financial aid.

Nondegree students may not be eligible for academic advising.

**Application Requirements**

**Application Deadlines**

**Application Procedures**

**Requirements**

To be admitted to ASU as a nondegree student, an applicant must be a high school graduate.

Students currently enrolled in high school and persons under the age of 18 may be admitted as nondegree students by submitting an official ACT composite score of 22 or SAT Reasoning score of 1040. ASU does not require the writing option for these tests.

**Apply now.** [3]

**Preferential Application Deadlines**

You must submit the Application for Undergraduate Admission, along with the application fee, by the deadline specified for each semester. In order to expedite the evaluation of your application, also submit official transcripts, test scores and supporting credentials immediately.

- **Fall semester:** May 1
- **Spring semester:** December 1
- **Summer session:** May 1

Nondegree applications received after the preferential date for each semester will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

**Application Procedures**

- Complete the Undergraduate Admission Application. ASU prefers that you apply online [3].
- Submit the nonrefundable application fee:
  - Arizona residents - $50.
  - Non-residents and online - $65.
- If needed, have your ACT or SAT scores sent directly to ASU.

ASU will review your application for admission once all materials are on file. To see if your file is complete, sign in to My ASU [3] using your ASURITE ID provided to you after you submitted your application.

**Mailing Address**

(All materials, all campuses)

Undergraduate Admissions

Tempe, AZ 85287-0112

**Undergraduate Admissions Contact Information and Office Locations** [6]

**Undergraduate Readmission Quick Re-entry**

If you are an undergraduate degree seeking student who previously attended ASU but have not been enrolled at ASU for one or two consecutive fall or spring semesters you are eligible to return through "Quick Re-entry." You do not need to submit a new application or application fee. You may sign in to My ASU [3] and register for classes. Note that you may have hold or to do items that you need to complete before you are able to register for classes. F1/J1 students are still responsible for all SEVIS requirements and should check with the International Students and Scholars Office [4] at ASU.

**Source URL:** http://students.asu.edu/admission/nondegree

**Links:**

[4] https://sec.was.asu.edu/ugapp/mainmenulogic?selection=1
[5] https://my.asu.edu

Undergraduate Readmission Quick Re-entry
NOTE: you must submit official transcript(s) from any institution(s) you attended during your absence from ASU. Official transcripts must be mailed or sent electronically directly to Undergraduate Admissions by the records office of the issuing institution(s). ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax. See Mailing Address.

Readmission Requirements
If you are not eligible for "Quick Re-entry" (i.e., because you have not been enrolled at ASU for three or more semesters, completed your academic program or were academically disqualified), you must apply for readmission and submit applicable fees. An applicant for readmission must have an ASU GPA of 2.0 or higher, depending on the ASU school or college. Students who do not meet this GPA requirement may appeal. In these cases, the completed application for readmission may be subject to a due date that is earlier than the application deadline.

NOTE: you must submit official transcript(s) from any institution(s) you attended during your absence from ASU. Official transcripts must be mailed directly to Undergraduate Admissions by the records office of the issuing institution(s). ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax. See Mailing Address. Read more about transferring college credit to ASU.

Preferential Application Deadlines

Fall Semester ASU’s preferential readmission application deadline for Fall Semester is June 1. Readmission applications received after June 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

Spring Semester ASU’s preferential readmission application deadline for Spring Semester is December 1. Readmission applications received after December 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

Summer Semester Preferential deadline is May 1.

What needs to be submitted by the deadline? You must submit the Application for Undergraduate Admission, along with the application fee, by the deadline specified for each semester. In order to expedite the evaluation of your application, also submit official transcripts, test scores and supporting credentials immediately.

Application Procedures
1. Complete the Undergraduate Admission Application. ASU prefers that you apply online.
2. Submit the nonrefundable application fee:
   - Arizona Residents - $50.
   - Non-residents - $65.
   If applying to an Online degree program a nonrefundable application fee of $65 will be charged regardless of residency classification.
3. Request that an official transcript be sent directly from your school(s) to Undergraduate Admissions. Upon completion of the semester, request that a final transcript be sent directly to ASU to determine final admission status. A student who does not meet readmission requirements for his/her selected major must submit complete transcripts before an admissions decision is made. Students need only submit transcripts from institutions other than ASU. NOTE: Receipt of your final transcript impacts financial aid disbursement and eligibility to register for future classes.
4. All applicants on F1 or J1 visas must provide a Financial Guarantee to show evidence of sufficient funds available for their studies before the application can be processed. In addition, US Citizenship and Immigration Services (USCIS) requires ASU to obtain additional information prior to processing your visa application. You must go to My ASU and login, and then update address information showing Local and SEVIS addresses (list current US address as Local Address; add home country address as SEVIS Address). Please note that if you are readmitted, you must still meet all deadlines associated with the issuance of an I-20 to attend ASU. These deadlines are dependent upon your current location. Contact the International Student Office at ASU for immigration information at 480.965.7451 or ISO@asu.edu.

Mailing Address (Transcripts and other materials, all campuses)
Undergraduate Admissions
Arizona State University
PO Box 870112
Tempe, AZ 85287-0112

Admission Before Receipt of Final Transcript
Applicants enrolled in other colleges and universities may be considered for readmission on the basis of meeting all readmission requirements, except for a final transcript of work in progress. This final transcript must be sent to Undergraduate Admissions directly from the issuing institution immediately after the work in progress has been completed. Transcripts carried by hand are not
accepted.

Admission is official only after the final transcript has been received showing that the applicant has met the university readmission requirements. In the event the applicant does not qualify or has falsified application documents, readmission and registration are canceled, and any registration fees paid are returned according to university refund policies.

**Veterans Exception**

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college before military service may be considered when determining admissibility. This exception applies only to veterans who

- are honorably discharged;
- have served in the armed forces of the United States for a minimum of two years; and
- have previously enrolled at a university or community college in Arizona.

Military service records must be submitted, including form DD 214.

**Academic Renewal**

Academic renewal is a university policy administered to recalculate the cumulative ASU GPA of an undergraduate student who:

1. Is pursuing his/her first undergraduate degree and has not previously received an academic renewal; and
2. Has a cumulative ASU GPA below 2.0 (individual colleges may elect to consider applications for students whose GPA is a 2.0 or higher); and
3. Is readmitted to a degree program after an absence of at least five continuous calendar years (including summer sessions).

Courses (including transfer credits) completed before the five-year absence with a grade “C” (2.00) or higher were earned are treated in the same manner as if all the credits were transfer credits, up to a maximum of 60 credit hours.

The cumulative GPA is based only on credits earned subsequent to the student's reentry. Graduation requirements for resident credit hours and GPA must be fulfilled after the academic renewal. Graduation requirements for academic recognition (resident credit hours and GPA) must also be fulfilled after the academic renewal.

Courses completed before and after the academic renewal remain on the transcript and may be considered when students apply for undergraduate professional or graduate programs.

A request for academic renewal follows this procedure:

- Students interested in academic renewal must fill out the Application for Academic Renewal and submit the form to the Dean’s Office in the college of your major.
- The Application for Academic Renewal may be submitted immediately upon readmission but must be submitted no later than the start of the third semester after readmission.
- The Dean’s Office specifies in advance a minimum of 12 semester hours required for completion.
- When the approved credits are completed with a cumulative GPA of 2.50 or higher, and no grade lower than "C" (2.00) in each course, the Dean’s Office will forward the Application for Academic Renewal to the University Registrar’s Office for processing.

Only readmission students working toward their first undergraduate degree are eligible to apply for academic renewal, which may be effected only once during a student’s academic career.

Academic renewal is transferable among colleges.

All students with a cumulative ASU GPA below 2.00 and have been absent from ASU 5 consecutive calendar years or more are eligible to petition for academic renewal. Individual colleges may elect to entertain petitions for academic renewal from students with ASU GPAs above 2.00. College standards committees have final authorization on academic renewal petitions.

**Undergraduate Readmissions**

**Contact Information and Office Locations (for all campuses)**

Phone: 480.965.7788
Fax: 480.965.3610
Location: Student Services Building, Room 112, Tempe campus ([map](#))

**Leave of Absence**

**Undergraduate Student Leave of Absence**

If a student needs to take an extended break from their studies at the University they may be eligible for a Leave of Absence. The Undergraduate Student Leave of Absence (LOA) policy assists and encourages students to return and graduate after an absence of more than two consecutive fall and spring semesters from ASU. Students who have more than two consecutive semesters of absence and who have been granted a leave of absence need not apply for readmission or pay readmission fees and may participate in their regularly scheduled registration/enrollment period upon return to the University.

Arizona General Education Curriculum (AGEC)
The Arizona public community colleges and universities have agreed upon a common structure for a general education core. This curriculum provides students attending any Arizona public community college with the opportunity to build a general education program that is transferable to any other state institution without loss of credit. This common agreement is called the Arizona General Education Curriculum (AGEC).

The AGEC is composed of 35 semester hours of lower-division general education course work in which a student may prepare for transfer.

The AGEC has three forms: AGEC-A, AGEC-B, and AGEC-S. Refer to http://www.aztransfer.com/AGECReqs [1] for a detailed description of each AGEC.

Community colleges are responsible for certifying the date of completion of the AGEC on the official institutional transcripts. Completion of the appropriate AGEC will fulfill university lower-division general education requirements of the baccalaureate degree with which the AGEC articulates but may not apply to degrees articulated with the Transfer Guide Pathway TG-XR. Students completing the AGEC will still be required to fulfill lower-division program requirements and prerequisites within their college and major/minor area of study. To complete a degree program most efficiently, students should select courses that concurrently satisfy AGEC and major requirements.

Completion of any AGEC guarantees admission to the university provided that a GPA of 2.00 (for Arizona residents) or 2.50 (for nonresidents) has been achieved. AGEC completion, however, does not guarantee admission to any specific university program. Many majors (e.g., architecture, engineering, business, fine/creative arts, or health professions) have significant prerequisites and/or program requirements that must be completed before a student may be admitted to upper-division course work. Community college students who are undecided about which of the universities they plan to attend or what program of study they intend to pursue are advised to explore educational options while they complete the AGEC. In all cases, students have the responsibility for selecting general education course work that is relevant to the requirements of their intended major and degree.

Students who complete both the AGEC and an approved associate's degree will be assigned junior-class standing by the state universities. Junior-class standing is based on the number of semester credits a student has earned and does not necessarily indicate the remaining number of semester credits needed to complete degree requirements. Course prerequisites, major requirements, and upper-division requirements continue to be specified by each university. Appropriate sequencing of courses and timely completion of course prerequisites are essential to ensure efficient progress toward a baccalaureate degree. Students who have identified the university they plan to attend and/or a major area of study are advised to fulfill requirements and prerequisites identified by these programs through transfer guides and/or curriculum check sheets provided by the state universities. The AGEC does not replace articulation agreements developed to enhance the transfer process between specific institutions, e.g., Associate Transfer Partnership Degrees (ATP). Nor does the AGEC eliminate the possibility that students who have identified the university they plan to attend and/or a major area of study will follow transfer guides provided by the state universities.

Source URL: http://catalog.asu.edu/agec

Course Load and Concurrent Enrollment
Course
A minimum full-time course load for an undergraduate student is 12 credit hours. The maximum course load for which a student may register is 18 credit hours (with the exception of a 19-hour maximum for students enrolled in the Ira A. Fulton Schools of Engineering and College of Technology and Innovation). A student wishing to register for more than the maximum must petition the standards committee of the college in which the student is enrolled and must obtain an approved overload before registration.

Summer Session Semester Hour Load

Academic Catalog Archive 2011-2012  71
The summer session credit hour load limit is seven credit hours for each six-week session, nine credit hours for the eight-week session, and may not exceed a total of 14 credit hours for any combination of sessions.

**Graduate Credits earned by Undergraduate students**

ASU undergraduate students who have achieved senior status (cannot be post-baccalaureate) with a cumulative GPA of 3.00 or higher may count up to nine credit hours of graduate-level course work toward their graduate degree at ASU (pre-admission credit hours). Only graduate courses with a grade of "B" (3.00) or higher may be included on a graduate plan of study. Pre-admission graduate courses cannot be used to meet any baccalaureate graduation requirements. Before registering for these courses, the student must submit a petition through their academic unit. Permission to take a pre-admission graduate course does not guarantee admission to a graduate degree program or that the course may be used toward graduate degree requirements.

**USE of GRADUATE Course Credit by Undergraduates**

Graduate course credit earned by an undergraduate student that is used to fulfill requirements for an undergraduate degree program cannot also be used in a graduate degree program unless the student is enrolled in an approved 4+1 program. Students must contact their advisor before enrolling in a graduate course they wish to use towards a future graduate program at ASU.

**Concurrent Enrollment**

Provided that the other institution’s regulations concerning enrollment, graduation requirements and transfer of credits are not violated, a student may enroll in classes at other institutions or in independent learning courses while enrolled at ASU. However, the student is urged to seek advising before concurrent enrollment to assure orderly progress toward a degree. If total credits exceed the maximum course load, prior permission must be granted by the college standards committee.

**Enrollment Verification Guidelines**

The registrar is responsible for verifying enrollment according to general guidelines, see Enrollment Verification [1].

**Source URL:** [http://catalog.asu.edu/course_load](http://catalog.asu.edu/course_load)

**Links:**
- [http://students.asu.edu/enrollment-verification](http://students.asu.edu/enrollment-verification)

**Credit by Examination**

Students may receive credit for an ASU course by taking an examination in place of the actual course. Some exams can be taken prior to admission to ASU. Information about each type of exam, the courses that are equivalent, and other conditions that may apply to credit being awarded is provided below.

- A student may earn no more than 60 hours of credit by examination for any or all programs, including ASU comprehensive and proficiency exams.
- Credit will not be awarded for any course in which the student has been given credit from any educational institution.
- Credit will not be granted for a course taken at an education institution after credit by examination has been awarded. Exception: Students who take the advanced placement exams, however, may choose either 1) to have the credit earned by advanced placement kept in their cumulative University hours or 2) to complete the ASU course and have its credit and grade instead, regardless of which order the test or course are taken. (See the Advanced Placement section below for additional details on the exam and its equivalent scores.)
- Credit may not be received for a lower-level or prerequisite course when credit has already been received in a higher-level course within the same field.
- Only credit earned by comprehensive examination will count toward the resident credit requirement for graduation.

**College-level Examination Program (CLEP)** – can be taken before or during enrollment at ASU.

**Advanced Placement (AP)** – taken during secondary school or before enrollment at ASU.

**DANTES or DSST (Defense Activity for Nontraditional Education Support Subject Standardized Test)** – taken by military or approved government personnel before or during enrollment at ASU.

**International Baccalaureate (IB) Diploma/Certificate** – earned by students of an International Baccalaureate®-approved school before enrollment at ASU.

**Comprehensive Examinations** – can be taken by current ASU students.

**Proficiency Examinations** – can be taken by current ASU students.

For information about placement testing for Mathematics and English classes prior to orientation, please refer to the Placement and Testing Requirements in the ASU Catalog.

**College-level Examination Program (clep)**

Students who have taken a College-Level Examination of the College Entrance Examination Board may receive university credit. The table of CLEP credit applies to all students enrolled in the university for the first time in August 1975 and any student enrolling thereafter. CLEP examination credit is not given where it duplicates credit previously earned by the student at the university or accepted by the university for work done elsewhere. All examinations are given monthly by University Testing and Scanning Services. The General Studies requirement in natural science (SQ and SG) and literacy and critical inquiry (L) are not satisfied by CLEP. There is no limit to the number of CLEP credits that can be used to fulfill the other parts of the General Studies requirement. A student who
has received ASU credit for a course due to Special Programs credit may not duplicate the credit by enrolling in the same class for credit at ASU or transferring it to another institution.

**Subject Examinations**

To obtain credit or placement for all subject exams except English, French, German, and Spanish, a student must receive a score of 50 (Computer Based Testing [CBT] scale) or higher. To obtain credit for College Composition, a student must receive a standard score of 610 (1978 scale), 500 (1986 scale), or 50 (CBT scale). For test scores for French, German, and Spanish, see the CLEP credit table, below.

All equivalency is subject to future review and possible catalog change. For more information, contact University Testing and Scanning Services at 480-965-7146, or visit 1130 E. University Dr., Suite 204, Tempe, AZ.

* All test scores are posted initially as Tempe campus course equivalents and will be honored at any ASU campus the student may attend.

**Advanced Placement**

Students who have taken an advanced placement (AP) course of the College Entrance Examination Board (CEEB) in their secondary school and who have taken an AP Examination of the CEEB may receive university credit. No credit is given for any examination with a score of 2 or 1. There is no limit to the number of AP credits that can be used to meet the General Studies requirement, including the requirements in natural sciences (SQ and SG) and literacy and critical inquiry (L).

When the scores are received by the university directly from the CEEB, credit is awarded as shown in the Advanced Placement Credit table below.

**Dantes/DSST**

Students who have taken a DSST (DANTES [Defense Activity for Nontraditional Education Support] Subject Standardized Test) may receive university credit. Credit is awarded for score results at or above the American Council on Education’s recommended score if the subject examination is applicable to a program of study at ASU or may be assigned elective credit. To receive credit, a transcript showing the DSST results must be received by ASU directly from the Educational Testing Service.

**International Baccalaureate (IB) Diploma/Certificate**

Students who present an International Baccalaureate Diploma/Certificate may qualify for university credit, depending on the level of the examination and the grade received. Arizona State University grants credit for higher-level courses only. A grade of 5 qualifies the student to receive credit for up to two introductory courses while a grade of 4 qualifies a student to receive credit for one introductory course. No credit is awarded for English as a Second Language (English B). Credit is awarded according to the International Baccalaureate Diploma/Certificate Credit table below.

* No credit is awarded if the language is the student’s native language.

**Comprehensive Examinations**

A comprehensive examination is intended to permit a student to establish academic credit in a field in which the student has gained experience or competence equivalent to an established university course. Applications are given only for courses listed in the current catalog and only for courses in which a comprehensive examination can serve as a satisfactory measure of accomplishment. A number of restrictions apply. To be eligible to apply to take a comprehensive examination to establish undergraduate course equivalence, a student must:

1. Have earned not more than 60 semester hours of credit through comprehensive, CLEP, international baccalaureate, and advanced placement examinations.
2. Have earned no credit for a duplicate course.
3. Have earned no credit for a course for which this course is a prerequisite.
The decision on the suitability of course material for a comprehensive examination, the development of a comprehensive examination, and the administration of an examination are strictly departmental functions. An application is for one course only. The student should complete an application form with the number, title, and number of semester hours for the course. When completed, the application must be approved by the student’s advisor and the chair of the department responsible for offering the course.

The student must then pay the stated fee for such examinations at Cashiering Services. The receipt must be taken to the departmental office.

The examination is prepared by the instructor who normally conducts the course, and it is comprehensive in nature and scope. The instructor and other experts designated by the chair grade the examination, using letter grades “A+,” “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “D,” or “E.” If the grade is “C” or higher, a mark of “Y” is entered on the student’s permanent record; otherwise, no entry is made. Credit by examination is indicated as such on the record. The student is notified by mail of the result of the examination. In cases of failure (“D” or “E”), the student is not given an opportunity to repeat the examination.

A student pursuing a second baccalaureate degree may not receive credit by comprehensive examination, but with prior approval of the college, the student may use the examination to waive a course requirement if a grade of “C” or higher is earned.

**Proficiency Examinations**

Proficiency examinations and auditions are given

1. To waive a course requirement.
2. To validate certain transfer credits in professional programs.
3. To determine a student’s ability in a field where competence is an important consideration.

Detailed information may be obtained from the dean’s office of the college in which the student is regist

**Placement and Testing Requirements**

**English Placement**

All new, transfer, or readmitted undergraduate students who plan to enroll for seven or more semester hours must meet one of the following testing requirements. Students who fail to meet at least one of these requirements are not allowed to register for any course the following semester:

- Take the ACT English or SAT verbal examination, and have scores submitted to ASU.
- Receive a score of 4 or 5 for the advanced placement examination in English offered by the College Entrance Examination Board, and have scores submitted to ASU.
- Take the CLEP general examination in College Composition, earning a score that qualifies for equivalency with ENG 101, and have scores submitted to ASU.
- Have previously taken ENG 101, 102, 105, 107, or 108 at ASU; or have previously earned a grade of “Y”; or be currently enrolled in WAC 101 or 107 at ASU. If the course was taken before 1980, contact the Recording Section, in SSV 142, before registering for classes.
- Transfer a course equivalent to ENG 101, 102, 105, 107 or 108 with a grade of “C” (2.00) or higher. An official transcript showing the grade must be received at ASU. If a student transfers an equivalent composition course from a public Arizona community college or university, or an articulated equivalent course from another institution, the equivalency is automatically posted and the student need not take further action. A student transferring a non-articulated composition course from any other college or university may be required to submit documentation to determine equivalency of the course(s). After consultation with an advisor, if evaluation is necessary, the student should provide a copy of both the transfer transcript and the catalog description of the course to the Writing Programs Office in LL 314, 480-965-3853 on the Tempe campus or the Writing Programs Office in FABN 201A, 602-543-6091 on the West campus.
- International students from non-English-speaking countries must take ENG 107 (or WAC 107 followed by ENG 107 the second semester) in the first semester at ASU, unless they have taken and transferred an equivalent composition course from a college or university in the U.S. Such a course must be evaluated for equivalency by the Composition Office.

Admitted ASU students who have not sent official ACT or SAT scores to ASU may need to take the WritePlacer section of the ACCUPLACER Placement Test [1] for placement into a first-year English composition course.

**Math Placement**
ASU requires all incoming freshmen to complete the ALEKS Placement Exam [2] for mathematics prior to orientation in order to determine the appropriate math course for enrollment.

### Retention and Academic Standards

#### Class Standing

A student's class standing is determined by the number of hours earned, as shown in the table below.

<table>
<thead>
<tr>
<th>Class Standing</th>
<th>Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>24 or fewer semester hours earned</td>
</tr>
<tr>
<td>Sophomore</td>
<td>25 to 55 semester hours earned</td>
</tr>
<tr>
<td>Junior</td>
<td>56 to 86 semester hours earned</td>
</tr>
<tr>
<td>Senior</td>
<td>87 or more semester hours earned</td>
</tr>
<tr>
<td>Graduate</td>
<td>Bachelor's degree from accredited institution</td>
</tr>
</tbody>
</table>

#### Academic Good Standing

For the purpose of retention, academic good standing for degree-seeking students is defined in the table below.

<table>
<thead>
<tr>
<th>Total Earned Hours</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 or fewer</td>
<td>1.60</td>
</tr>
<tr>
<td>25 to 55</td>
<td>1.75</td>
</tr>
<tr>
<td>56 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

A student who does not maintain the minimum GPA standard is placed on academic probation or is disqualified. A student on academic probation is in conditional good standing and is permitted to enroll. A student who has been disqualified is not in academic good standing and is not permitted to enroll for fall or spring semesters.

To transfer from one college to another within the university or to be eligible for readmission, a student must have an ASU GPA of 2.00 or higher. The GPA determining good standing is computed on courses taken only at ASU. For purposes of retention or transfer, an individual college may set higher GPA standards; otherwise, the university standards prevail. See the college sections of this catalog or contact the college deans’ offices for statements regarding college retention standards.

#### Dean's List

Undergraduate students who earn 12 or more graded semester hours (“A+,” “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “D+,” or “E”) during a semester in residence at ASU with a GPA of 3.50 or higher are eligible for the Dean’s List. A notation regarding Dean’s List achievement appears on the unofficial transcript.

#### Satisfactory Academic Progress

The university is required to publish and enforce standards of satisfactory academic progress for certain students (e.g., student athletes, students receiving financial aid, and students receiving veterans benefits).

Certification of satisfactory progress for student athletes is verified by the academic advisor and the dean’s designee for certifying satisfactory progress. Certification of satisfactory progress for students receiving financial aid or veterans benefits is verified by Student Financial Assistance or the Veterans Services section, respectively. Students should contact their advisors or the appropriate office for additional information on satisfactory progress requirements.

#### Probation

A student’s college assumes responsibility for enforcing academic standards and may place on probation any student who has failed to maintain good standing as previously defined. For purposes of probation and retention, an individual college may set higher GPA standards. A student on academic probation is required to observe any rules or limitations the college may impose as a condition for
Ineligible
A student who is placed on ineligible status at the end of a semester is considered ineligible to continue in the college/school at the end of the following semester even if the student meets ASU good standing requirements but not the conditions imposed for retention by the college/school. At the close of the semester, a student deemed ineligible will receive a letter from the college/school outlining options available for continuing at ASU in another college.

Ineligibility is exercised at the discretion of the college. An ineligible student is notified by the dean of the college and is not allowed to register in a fall or spring semester at the university, unless arrangements are made to transfer to another college. A student who has already registered for a future semester will be withdrawn from classes. An ineligible student who does not change to a different major may not attend ASU. A student who is ineligible may apply for reinstatement to the college standards committee. An ineligible student may not attend ASU as a nondegree student.

Disqualification
A student who is placed on probation at the end of a semester is subject to disqualification by the college/school at the end of the following semester if the conditions imposed for retention are not met.

Disqualification is exercised at the discretion of the college/school. A disqualified student is notified by the dean of the college and is not allowed to register in a fall or spring semester at the university, unless arrangements are made to transfer to another college. A student who has been disqualified may apply for reinstatement to the college standards committee. A student who is disqualified may not attend as a nondegree student. If a disqualified student elects to attend another university, any credits earned there will not affect the ASU cumulative GPA. A course repeated elsewhere will not result in a replacement of a grade earned at ASU. Disqualified students consult with an academic advisor to determine eligibility to attend ASU in the summer or winter session to raise the ASU cumulative GPA.

Reinstatement
A disqualified or ineligible student who has skipped a fall or spring semester must follow the procedures for readmission. See Readmission to the University [1].

A disqualified or ineligible student who has not skipped a semester may submit an Application for Reinstatement to the college of his or her major. If the student wishes to transfer to a different college, he or she may submit an Application for Reinstatement to the college into which he or she wishes to transfer. An ineligible student who does not skip a fall or spring semester must follow the ineligible procedures. See ineligible status.

Academic Integrity
Find out more about academic integrity [2].

Source URL: http://catalog.asu.edu/retention_standing

Academic Integrity Definition
What is a violation of the academic integrity policy?
The ASU student academic integrity policy lists violations in detail. These violations fall into five broad areas that include but are not limited to:

- Cheating on an academic evaluation or assignment.
- Plagiarizing.
- Academic deceit, such as fabricating data or information.
- Aiding academic integrity policy violations and inappropriately collaborating.
- Falsifying academic records.

What is not a violation of the academic integrity policy?
Not all inappropriate behavior in the academic setting is an academic integrity policy violation.

Student Code of Conduct
Violations of the ASU Student Code of Conduct, other than the provision concerning academic dishonesty, are more generally considered inappropriate behavior. The Office of Student Rights and Responsibilities reviews and sanctions these matters. If a student violates both the academic integrity provision and additional provisions of the Student Code of Conduct, both the college and the Office of Student Rights and Responsibilities will review the matter. Each independently makes determinations concerning violations and appropriate sanctions.

Research
For graduate students and undergraduates involved in research, there can be overlapping areas between Academic Integrity Policy violations, responsible conduct of research and research misconduct. The five areas listed above describe the kinds of Academic
Integrity Policy violations and are handled under the ASU Student Academic Integrity Policy by faculty members, colleges and the provost.

If a student is working on a federally funded research project, some of these items may also be considered misconduct in research. Misconduct is defined as:

Fabrication, falsification, plagiarism and other practices that seriously deviate from those that are commonly accepted within the academic community for proposing, conducting or reporting research. Instances of honest error and honest differences in interpretations or judgments of data are not considered misconduct. (From RSP 004: Definitions)

At ASU, the Office of the Associate Vice President of Research handles misconduct in research. A student who violates both ASU’s Misconduct in Research Policy and Student Academic Integrity Policy will be reviewed by both the college and the Office of the Associate Vice President of Research. Each independently makes determinations concerning violations and appropriate sanctions.

In addition, some actions might be considered violations of the norms of responsible conduct of research, but not Academic Integrity Policy violations or misconduct in research. Many of these incidents fall into the general category of “collaborator disputes.” For example, if a doctoral graduate of ASU continued a line of research begun at ASU in a new lab external to ASU, and the ASU mentor objected, generally speaking the matter would be addressed as a collaborator dispute, rather than as an Academic Integrity Policy violation or misconduct in research. Many conflicts over appropriate authorship credit on publications also fall into this area.

Source URL: http://provost.asu.edu/academicintegrity/defined

Student Obligations to Academic Integrity

Each student must act with honesty and integrity, and must respect the rights of others in carrying out all academic assignments. A student may be found to have engaged in academic dishonesty if, in connection with any Academic Evaluation or academic or research assignment (including a paid research position), he or she:

- Engages in any form of academic deceit;
- Refers to materials or sources or uses devices (e.g., computer disks, audio recorders, camera phones, text messages, crib sheets, calculators, solution manuals, materials from previous classes, or commercial research services) not authorized by the instructor for use during the Academic Evaluation or assignment;
- Possesses, reviews, buys, sells, obtains, or uses, without appropriate authorization, any materials intended to be used for an Academic Evaluation or assignment in advance of its administration;
- Acts as a substitute for another person in any Academic Evaluation or assignment;
- Uses a substitute in any Academic Evaluation or assignment;
- Depends on the aid of others, including other students or tutors, in connection with any Academic Evaluation or assignment to the extent that the work is not representative of the student’s abilities;
- Provides inappropriate aid to another person in connection with any Academic Evaluation or assignment, including the unauthorized use of camera phones, text messages, photocopies, notes or other means to copy or photograph materials used or intended for Academic Evaluation;
- Engages in Plagiarism;
- Uses materials from the Internet or any other source without full and appropriate attribution;
- Permits his or her work to be submitted by another person in connection with any Academic Evaluation or assignment, without authorization;
- Claims credit for or submits work done by another;
- Signs an attendance sheet for another student, allows another student to sign on the student’s behalf, or otherwise participates in gaining credit for attendance for oneself or another without actually attending;
- Falsifying or misrepresenting hours or activities in relationship to an internship, externship, field experience, clinical activity or similar activity; or
- Attempts to influence or change any Academic Evaluation, assignment or academic record for reasons having no relevance to academic achievement.

Source URL: http://provost.asu.edu/academicintegrity/policy/StudentObligations

Allegations of Academic Dishonesty

This policy is not intended to address differences of opinion over grades issued by an instructor exercising good faith and professional judgment regarding a student’s work. Before any action is taken under this Policy that may result in the withdrawal, suspension or expulsion of an international student, both the student and the academic program are advised to consult with the ASU International Student Office.

These procedures are designed to encourage a fair and appropriate response to allegations of academic dishonesty. They may be modified in individual cases, so long as the student is provided an opportunity to respond to allegations of academic dishonesty within a reasonable time after those allegations have been made. An Advisor may accompany the student at any point in the process. The Advisor will not be permitted to participate directly or speak for the student, but may be present during meetings and
hearings.

• Complaint.

Anyone with a good faith basis for believing that a student has violated this policy may report the alleged violation to the responsible instructor, chair, dean, director or designee. The person who pursues the allegation is called the "Initiator" in this policy. If for any reason, an Initiator is unable or unwilling to continue in that role, another university representative may continue as Initiator.

An individual who has received an allegation may decide not to initiate a complaint. This decision will not prevent another person from becoming the Initiator.

• Response to Complaint.

An instructor who believes that a student has violated this policy in a class for which the instructor is responsible may assign any of the following sanctions:

- a reduced grade for an assignment, or
- a reduced grade for the course.

If the instructor wants to recommend another sanction set forth in Section IV, including an XE grade, the instructor must forward that recommendation for review by the College/School Board and approval by the Dean, Director or designee. The student and the instructor will be provided an opportunity to provide information to the College/School Board as part of its review.

At any time, the student and the Initiator may propose a resolution, but the Dean, Director, or designee, may choose to pursue the case on behalf of the University.

Information regarding the allegation or resolution may be provided to appropriate university representatives.

If the Initiator and the student are unable to agree on resolution, then the student, the Initiator, or a representative of the Dean or Director may submit the matter to the Dean, Director or designee of the College/School in which the alleged academic dishonesty occurred for review by the College/School Board.

After a formal request for review has been filed, the Student may remain in class or in the program until the appeal has been resolved. The student will not be given a refund, however, if the student is not successful in the appeal and the decision is made to remove the student from the class, program or university.

If the matter is not submitted by the student to the Dean, Director or designee for review within 10 days following the time the student is accused of academic dishonesty, the decision or recommendation of the instructor becomes final. If the instructor has submitted a request for an XE or any other sanction to the Dean, Director or designee, and the student has not requested review within 10 days of receiving notice of this request, the Dean, Director, or designee may enter a decision on the request. Only if the decision includes suspension or expulsion from the university will the student be able to request further review.

Source URL: http://provost.asu.edu/academicintegrity/policy/AllegationsofAcademicDishonesty

Review by College/School Board

• Within 10 days after the Student receives a reduced or "XE" grade, or other notice of the alleged academic dishonesty, the Student may submit a written statement to the Dean requesting review of the allegation, the sanction or the proposed sanction by the College/School Board. For the purpose of calculating the time for submitting a matter for review, the 10 day period is counted to include only days that fall within the regular fall or spring semester and do not include the summer sessions or intersession. The Dean may appoint an ad hoc board to conduct the review or may use a standing board. The review will take place during the regular fall or spring semester, unless the parties agree otherwise.

• These procedures should guide the review process, but may be altered by the Chair of the College/School Board in consultation with the Office of General Counsel.

• The Student statement should describe the alleged academic dishonesty, including a factual narrative of events and the dates and times of occurrences and any sanction or proposed sanction. The statement should also include the names of persons having information about relevant circumstances or events, the general nature and description of all evidence, and should be signed by the Student.

• If the Student submits a request for review at the end of a semester, or during the last semester of enrollment, the course grade may be withheld for a reasonable period of time (normally not to exceed six months) until the matter is decided. In situations involving the student’s last semester before graduation, the degree may be withheld pending the outcome of the hearing. If a grade or degree will be withheld for any period, the Initiator, Dean, Director, or designee must notify the Registrar’s Office.

• The Dean, Director or designee will forward the student’s statement to the Chair of the College/School Board.

• If the alleged cheating involves the work of multiple students, the College/School Board may modify these procedures to address the circumstances. The College/School Board should provide prior written notice to all interested parties of any modification of the procedures. A student who has not submitted a request for a review should not expect to benefit from a review requested by another student.
The Chair of the College/School Board will send a copy of the statement to the Initiator, together with a copy of this Policy or with instructions on accessing the policy electronically.

The letter to the student, a copy of which shall also be sent to the Initiator and the department chair, will include the following information:

- Statement of time and place when a hearing on the charges will be held by the College/School Board;
- Requirement that the parties to provide each other and the College/School Board a written list of witnesses and a description of any documents or other evidence they intend to use at the hearing. Unless the Chair provides otherwise, this information must be exchanged at least one calendar week before the hearing.

Prior to the hearing, the College/School Board will also advise the parties in writing of any additional time limitations or procedural requirements.

The Initiator shall have the burden of showing that it is more likely than not that the student engaged in academic dishonesty.

Issues shall be resolved fairly and as promptly as possible under the circumstances.

The hearing will be closed to the public. The student and the Initiator may remain in the hearing throughout the presentation of all evidence and testimony, although the College/School Board Chair may remove either party, any Advisor, or any witness if that person’s conduct is disruptive.

The student and the instructor may each have an Advisor present but the Advisors shall not be permitted to address the College/School Board directly, except as the College/School Board Chair deems necessary or appropriate.

The College/School Board Chair has the final authority to resolve procedural disputes that arise. Although formal rules of evidence do not apply to the hearing process, the College/School Board Chair may limit the presentation of irrelevant or cumulative evidence, the number of witnesses and the length of each parties presentation.

The proceedings may be recorded, as determined by the College/School Board Chair.

When necessitated by fairness or extraordinary circumstances, the College/School Board may permit the parties to make arrangements for recorded, written, or telephonic testimony for use in the proceeding.

The hearing procedure will be as follows, unless the College/School Board Chair provides notice to the parties of alternative or supplemental procedures.

The College/School Board Chair will introduce the persons present at the hearing and remind all participants of the requirement that all information received in the hearing must be maintained in confidence.

The College/School Board Chair will read allegation of academic dishonesty.

The College/School Board Chair will make any necessary decisions or clarifications regarding procedure.

The Initiator shall offer evidence in support of the allegation.

- The Initiator may call witnesses and present evidence.
- The student may ask questions of the Initiator or any of the Initiator's witnesses, following each person's presentation.
- College/School Board members may ask questions of the Initiator, the student or any of the Initiator’s witnesses.

Testimony and Evidence Presented by the Student.

- The student shall offer evidence in defense of the allegation.
- The student may call witnesses and present evidence.
- The Initiator may ask questions of the student or any of the student’s witnesses, following each person’s presentation.
- College/School Board members may ask questions of the student, the Initiator, or any of the student’s witnesses.

The College/School Board shall deliberate in private until a majority recommendation is reached and recorded. If the recommendation is not unanimous, dissenting opinions should be reflected in the recommendation submitted to the Dean or Director.

The College/School Board will prepare a written recommendation to the Dean or Director. The recommendation will include the Board's determination as to whether it is more likely than not that the student violated this policy. The decision should also include the College/School Board's findings with respect to the material facts.

If the Board finds a violation, the recommendation should recommend sanctions. The Board may consider prior violations or informal resolutions of previous allegations in its deliberations.
The College/School Board will submit its recommendation to the Dean or Director.

The Dean or Director may dismiss the allegation, may concur with or modify the recommendation or may request further proceedings, but may not make new findings adverse to the student or increase the severity of a sanction, unless the student has previously violated this policy.

After any additional proceedings and within a reasonable time, the Dean or Director will issue a decision. The Dean will provide written notice of the decision to the student, the Initiator, the instructor (if the instructor is not the Initiator), the College/School Board and the department chair (or administrative equivalent).

If the decision imposes a sanction of suspension or expulsion from the university, or revocation of a degree, the notice letter from the Dean or Director will state that the student may appeal the decision by filing a written request for review with the Provost of the campus at which the alleged violation occurred within 10 days of the date of the notice letter. If the student does not submit a written request for review within 10 days, the decision of the Dean or Director becomes final.

Once the student has provided written notice of an appeal of a sanction, the sanction will not be imposed until the appeal has been resolved with the exception that the university may withhold posting of a grade or completion of graduation until the matter has been resolved.

Sanctions

• Sanctions that may be imposed by an Instructor.
  a. Subject to the procedures set forth in section III, an instructor, academic supervisor, or committee responsible for evaluation may impose any of the following sanctions for academic dishonesty:
     Reduced or failing grade for assignment,
     Reduced or failing grade for course, or
     Reduced, failing grade, or no credit for other academic evaluation (e.g., clinical training, comprehensive exam, thesis, dissertation).

     Within 10 days after an instructor-imposed sanction is assigned, the student may appeal the sanction to the Dean or Director.

• Sanctions that may be recommended by an instructor. An instructor, academic supervisor, or committee responsible for academic evaluation may recommend other or additional sanctions to the Dean or Director, including assignment of the grade of "XE" and withdrawal of credit for a previously accepted course or requirement, if the sanctions are otherwise provided in this policy or in the Student Code of Conduct and Disciplinary Procedures.

• Sanctions that may be imposed by a Dean or Director.

  After reviewing the recommendation of the School/College Board, a Dean or Director may impose any of the following sanctions for academic dishonesty:
     Reduced or failing grade for assignment,
     Reduced or failing grade for course,
     Reduced or failing grade for other academic evaluation (e.g., clinical training, comprehensive exam, thesis, dissertation),
     Assignment of a grade of "XE";
     Withdrawal of credit for a previously accepted course or requirement;
     Removal from the School or College or from a major or program of study within the School or College, permanently or for a specified period of time.

  The decision of the Dean or Director to impose any of the above sanctions is final.

• In addition to the above sanctions, a Dean or Director may recommend to the Provost any of the following sanctions:

  Revocation of a degree (the student's official and unofficial transcript may reflect that revocation was the result of academic dishonesty);
  Expulsion from the University without expectation of readmission (the student's official and unofficial transcript may reflect that expulsion was the result of academic dishonesty);
  Suspension from the University for a specific period of time (the student's official and unofficial transcript may reflect that suspension was the result of academic dishonesty);
  Other sanctions as consistent with this policy and the Student Code of Conduct.

• Final Sanctions

  The student will receive written notice of the decision and recommendations of the Dean or Director.
If the sanctions do not include suspension from the university, expulsion from the university or revocation of the degree, the recommendations of the Dean or Director will be final.

If the sanctions include suspension from the university, expulsion from the university or revocation of the degree, but the student does not object in writing to the recommendations of the Dean or Director within 10 days, the recommendations of the Dean will be final.

If the sanctions include suspension from the university, expulsion from the university or revocation of the degree, and if the student provides written notice to the Provost of an objection to the recommendations of the Dean within 10 days, the Provost will convene a University Hearing Board to review the recommendations.

- Mitigating and aggravating circumstances may be considered in determining the appropriate sanction for a violation of this policy.

**Guidelines for Review**

18. A student may seek to have a Dean's or Director's decision reviewed by the University Hearing Board only if the final decision imposes a sanction of suspension or expulsion from the university, revocation of admission or revocation of a degree.

19. The request for review must be in writing and must be filed with the Provost within 10 days of the date of the decision letter from the Dean.

20. The University Hearing Board shall follow the procedures set forth in the ABOR Student Disciplinary Procedures, except that the Provost, or designee will take the role of the Vice President for Student Affairs and will establish the University Hearing Board to conduct the appeal, and the College may take the role of the Dean of Students in presenting the case on behalf of the College/Initiator. The Provost may make other alternations to the procedures, with notice to the individuals involved.

21. The University Hearing Board will make a recommendation to the Provost.

22. The decision of the Provost is final.

**Procedures Following Final Decision**

If any student work affected by the finding of academic dishonesty has been placed in the library or forwarded to a third party in partial fulfillment of degree requirements that work may be removed from the library or withdrawn from the third party. If a degree has been awarded, it may be revoked if requirements were not adequately fulfilled due to academic dishonesty.

**Other University Policies**

The University’s Misconduct In Research Policy is independent of the Student Academic Integrity Policy and the Guidelines for Graduate Appeals. Individual conduct may, for example, violate both the Student Academic Integrity Policy and the Misconduct in Research Policy and be subject to review and sanctions under both policies.

**Source URL:** [http://provost.asu.edu/academicintegrity/policy/Sanctions](http://provost.asu.edu/academicintegrity/policy/Sanctions)

**Definitions**

**Academic Evaluation:** Means any academic project, paper, performance, quiz, exam, comprehensive exam, candidacy exam, thesis, dissertation, clinical or internship experience or other evaluation assigned or offered for credit (including extra or optional credit), intended to fulfill an academic requirement, or considered by the university to provide academic or research experience (such as a paid research position).

**College/School Board:** Means each College, School or Program hearing or standards board appointed by the academic Dean, Director or administrative equivalent to review allegations of academic dishonesty.

**Dean:** Means the person holding the position of college Dean, Director, or the administrative equivalent, or that person's designee. (This does not include a "Program Director" or "School Director" if the academic unit reports to a college level dean or director.

**Plagiarism:** Means using another’s words, ideas, materials or work without properly acknowledging and documenting the source. Students are responsible for knowing the rules governing the use of another’s work or materials and for acknowledging and documenting the source appropriately.

**Provost:** Means the Provost or another person designated by the senior academic officer of the campus at which the alleged academic dishonesty occurred.

**University:** Means ASU Tempe, ASU Polytechnic, ASU West, ASU Downtown Phoenix, ASU Online, and all other locations used for instruction or academic activities.

**University Board:** Means the University Academic Integrity Hearing Board constituted by the Provost at the campus at which the alleged academic dishonesty occurred.

**Advisor:** Means an individual selected by the student to assist him/her during a hearing conducted by the University Academic Integrity Hearing Board. The advisor may be a faculty or staff member, student, or other representative of the student.

**Day:** Means normal university business day, not including Saturday, Sunday or any officially recognized university employee holiday or any day on which the university is closed.

**Source URL:** [http://provost.asu.edu/academicintegrity/policy/Definitions](http://provost.asu.edu/academicintegrity/policy/Definitions)

**The Grade of "XE"**
The Grade of "XE"

• The "XE" grade denotes failure through academic dishonesty. The "XE" grade will be recorded on the student's official and unofficial transcript with the notation "failure due to academic dishonesty." The "XE" grade shall be treated in the same way as an "E" for the purposes of grade point average and determination of academic standing.

• No student with an "XE" grade on his or her transcript shall be permitted to represent that University in any extracurricular activity or to run for or hold office in any recognized student organization.

• Generally, the "XE" grade will remain on the transcript permanently if it was awarded for an act of academic dishonesty requiring significant premeditation. For other cases, after at least 12 months have elapsed since the "XE" grade was imposed, a student may file a written petition to the Dean or Director of the College or Program that imposed the "XE" to have the "XE" grade removed and permanently replaced with the grade of "E." The decision to remove the "XE" grade and replace it with an "E" is in the sole discretion and judgment of the Dean or Director or his or her designee.

• The Dean or Director or designee may confer with other university officials and may require the student to attest that the student has not been involved in any other act of academic dishonesty or similar disciplinary offense at Arizona State University or another institution. If the student's representation is later discovered to be false, the "XE" grade may be reinstated.

Source URL: http://provost.asu.edu/academicintegrity/policy/TheGradeOfXE

Impact

Following the Academic Integrity Policy and Avoiding Violations

Academic integrity is a fundamental value because violations of it cause real harm to real people. Protecting the ASU community from this harm is everyone's responsibility.

• Students who suspect a policy violation are encouraged to discuss their concerns with their course instructor or academic advisor.

• Faculty, T.A.’s, and instructors are expected to address all violations of the ASU Academic Integrity Policy. Please become familiar with the university policy and the process for addressing violations of the policy within your college/school.

Harm to Student

23. If students cheat in a course or another academic exercise, they are taking away from themselves the opportunity to learn.

24. The faculty holds the highest standards of academic integrity. If a student is caught cheating, the sanction can be anything from a lowered grade on an assignment to expulsion from ASU.

25. ASU has a grade of "XE" which can become part of a transcript and permanent academic records and explicitly means that the student failed a course because of academic dishonesty. Here's the Student Academic Integrity Policy's explanation of the "XE":

The "XE" grade denotes failure through academic dishonesty. The "XE" grade will be recorded on the student's official and unofficial transcript with the notation "failure due to academic dishonesty." The "XE" grade shall be treated in the same way as an "E" for the purposes of grade point average and determination of academic standing.

No student with an "XE" grade on his or her transcript shall be permitted to represent the University in any extracurricular activity or to run for or hold office in any recognized student organization.

Generally, the "XE" grade will remain on the transcript permanently.

• ASU degrees could mean less. If ASU develops a reputation for academic dishonesty based on high levels of student cheating, students’ future employers, colleagues and others could have less respect for their accomplishments at ASU.

• Cheating creates an unfair grading environment for others. Whether or not a course is graded on a curve, a student who cheats, turns in high-quality work and is not caught raises the expectations about work quality for all students.

• Cheating can directly affect innocent students. For example, if a student plagiarizes on a group project, all the students in the group may be sanctioned for an Academic Integrity Policy violation.

Harm to Future Employers, Clients or Patients

• Cheating can hurt the people students will work with in the future. Many students are preparing for careers where they will provide services to others—legal, journalistic, medical, research, etc. If these students fail to learn how to do this work because they cheat at ASU, they have cheated their future employers and clients of a knowledgeable professional.

Harm to ASU

• ASU is an intellectual community focused on teaching, research and the values of the New American University. The creation, transmission, sharing and applying of knowledge are central activities of the community. Cheating violates fundamental values of the university community.

Published on ASU Academic Catalog (http://catalog.asu.edu)

University Policy for Student Appeal Procedures on Grades
Informal

The steps outlined on this page, beginning with step A, must be followed by any student seeking to appeal a grade. Student grade appeals must be processed in the regular semester immediately following the issuance of the grade in dispute (by commencement for fall or spring), regardless of whether the student is enrolled at the university. It is university policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean of the college in which the course is offered.

A. The aggrieved student must first undergo the informal procedure of conferring with the instructor, stating the evidence, if any, and reasons for questioning that the grade received was not given in good faith. The instructor is obliged to review the matter, explain the grading procedure used, and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then go to the faculty member in charge of the course (regular faculty member or director of the course sequence) with the problem.

B. If the grading dispute is not resolved in step A, the student may appeal to the department chair or other appropriate chair of the area within the department (if any). The department chair may confer with the instructor to handle the problem. Step B applies only in departmentalized colleges.

C. If these discussions are not adequate to settle the matter to the complainant’s satisfaction, the student may then confer with the dean of the college concerned (or the dean-designate), who will review the case. If unresolved, the dean or designate may refer the case to the college academic grievance hearing committee to review the case formally. In most instances, however, the grievance procedure does not go beyond this level.

Formal

The following procedure takes place after steps A, B, and C (or A and C) have been completed.

D. Each college has on file in the office of the dean (and in each department of the college) the procedures and composition of the undergraduate or graduate academic grievance hearing committee for student grievances. Each college committee shall operate under grievance procedures as stated, which satisfy due process requirements. The committee shall always meet with the student and the instructor in an attempt to resolve the differences. At the conclusion of the hearing, the committee shall send its recommendations to the dean.

E. Final action in each case will be taken by the dean after full consideration of the committee’s recommendation. Grade changes, if any are recommended, may be made by the dean. The dean shall inform the student, instructor, department chair (if any), registrar, and grievance committee of any action taken.

University Undergraduate General Studies Requirement

A baccalaureate education should not only prepare students for a particular profession or advanced study, but for constructive and satisfying personal, social and civic lives as well. In addition to depth of knowledge in a particular academic or professional discipline, students should also be broadly educated and develop the general intellectual skills they need to continue learning throughout their lives. Thus, the General Studies requirement complements the undergraduate major by helping students gain mastery of critical learning skills, investigate the traditional branches of knowledge, and develop the broad perspective that frees one to appreciate diversity and change across time, culture, and national boundaries.

Critical learning skills include proficiency in the use of language, mathematics and quantitative methods as tools for acquiring, renewing, creating and communicating knowledge. A broad education includes an understanding of the methods and concerns of traditional branches of knowledge — the arts and humanities, the social sciences and the natural sciences. Developing perspective requires historical, global and cross-cultural examination of knowledge of all kinds.

The General Studies requirement is composed of courses in five core areas and three awareness areas. The courses are approved by the General Studies council and are noted in the Course Catalog[1] for each academic term. General Studies courses are regularly reviewed and are occasionally added to and deleted from the list. Students should always consult the Course Catalog[1] each semester to see which courses currently meet the General Studies requirement.

A student receives the General Studies credit that a course carries during the semester in which the course is taken.

Five Core Areas

L: Literacy and Critical Inquiry (Six Credit Hours)

Literacy is competence in written and oral discourse. Critical inquiry is the gathering, interpretation, and evaluation of evidence. The literacy and critical inquiry requirement helps students sustain and extend their ability to reason critically and communicate clearly through language.

Students must complete six credit hours from courses designated as L, at least three credit hours of which must be chosen from approved upper-division courses, preferably in their major. Students must have completed ENG 101, 105, or 107 to take an L course.

MA and CS: Mathematical Studies (Combined Six Credit Hours)

This core area has two categories: 1) mathematics (MA) is the acquisition of essential skill in basic mathematics and requires the student to complete a course in college mathematics or precalculus or to demonstrate a higher level of skill by completing a course...
for which college algebra is a prerequisite, and 2) computer/statistics/quantitative applications (CS) applies mathematical reasoning and requires students to complete a course in either the use of statistics/quantitative analysis or the use of the computer to assist in serious analytical math work.

This requirement has two parts: 1) at least three credit hours must be selected from courses designated MA, and at least three credit hours must be selected from courses designated CS, and 2) all students are expected to fulfill the MA requirement by the time they accumulate 30 hours of credit in residence at ASU. Any student who has more than 30 hours of resident ASU credit and has not fulfilled the mathematics (MA) requirement must enroll in an MA course or an appropriate prerequisite and continue to do so every semester until the mathematics requirement is met. College officers may grant waivers to the immediate and continual enrollment requirement only when there are scheduling conflicts detrimental to the student’s academic progress.

**HU: Humanities, Fine Arts, and Design and SB: Social and Behavioral Sciences (Combined 15 Credit Hours)**

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the productions of human thought and imagination, particularly in philosophical, historical, religious, and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

The social and behavioral sciences provide scientific methods of inquiry and empirical knowledge about human behavior, within society and individually. The forms of study may be cultural, economic, geographic, historical, linguistic, political, psychological or social. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a world of diminishing economic, linguistic, military, political and social distance.

A total of 15 credit hours must be completed in the following two core areas: 1) humanities, fine arts, and design (HU), and 2) social and behavioral sciences (SB). Two conditions must be satisfied: 1) six credit hours must be taken in one of these two core areas and nine hours in the other core area, and 2) three of the 15 credit hours must be at the upper-division level.

**SQ and SG: Natural Sciences (Combined Eight Credit Hours)**

The natural sciences help students appreciate the scope and limitations of science and its contributions to society. Natural science areas of study include anthropology, astronomy, biology, biochemistry, chemistry, experimental psychology, geology, microbiology, physical geography, physics and plant biology. Knowledge of methods of the scientific inquiry and mastery of basic scientific principles and concepts are stressed, specifically those that relate to matter and energy in living and nonliving systems. First-hand exposure to scientific phenomena in the laboratory is important in developing and understanding the concepts, principles and vocabulary of science.

General Studies courses that satisfy the natural science requirement are given one of two classifications: quantitative (SQ) and general (SG).

- **Natural Science—Quantitative (SQ):** these laboratory courses include a substantial introduction to the fundamental behavior of matter and energy in physical and biological systems.
- **Natural Science—General (SG):** these laboratory courses cover aspects of scientific inquiry that lend themselves to more qualitative or descriptive discussions of science.

Eight credit hours of courses designated SQ or SG must be selected. Of these, at least four credit hours must be taken from the SQ category.

**Three Awareness Areas**

Students must complete courses that satisfy three awareness areas. Courses that are listed for a core area and one or more awareness areas may satisfy requirements concurrently, up to a maximum of two of the awareness area(s) listed for that course. These awareness areas promote appreciation of cultural diversity within the contemporary U.S., the development of an international perspective, and an understanding of current human events through study of the past.

1. **Cultural Diversity in the United States (C)**

The objective of the cultural diversity (C) requirement is to promote awareness and appreciation of cultural diversity within the contemporary U.S. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the U.S., or exploration of successful or unsuccessful interactions between and among cultural groups. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present and future and also help students to achieve greater mutual understanding and respect.

2. **Global Awareness (G)**

The objective of the global awareness (G) requirement is to help students recognize the need for an understanding of the values, elements, and social processes of cultures other than those of the U.S. The global awareness area includes courses that recognize other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

3. **Historical Awareness (H)**

The objective of the historical awareness (H) requirement is to help students develop knowledge of the past that can be useful in shaping the present and future. History is present in languages, art, music, literature, philosophy, religion and the natural sciences,
as well as in the social science traditionally called history.

Meeting the General Studies Requirement

All students enrolled in a baccalaureate degree program must successfully complete a minimum of 35 credit hours of approved General Studies courses. Many General Studies courses are approved as satisfying more than one requirement. The following conditions govern the application of courses toward the General Studies requirement:

26. A single course may be used to satisfy one core area and a maximum of two awareness area requirements.
27. A single course may be used to satisfy a maximum of two awareness area requirements.
28. A single course cannot be used to satisfy two core area requirements, even if it is approved for more than one core area.

There is no limit to the number of advanced placement (AP) or College-Level Examination Program (CLEP) credits that can be used to meet the General Studies requirement; see Credit by Examination [2]. However, the natural sciences (SQ and SG) and literacy and critical inquiry (L) portions of the General Studies requirement are not satisfied by CLEP.

Transfer Credit

The Arizona General Education Curriculum (AGEC), offered by Arizona community colleges, is composed of 35 credit hours of lower-division general education course work. Students who complete the AGEC have fulfilled the ASU First-year Composition requirement and all lower-division portions of the General Studies requirement. Students must still take six upper-division credit hours (three for L and three for SB or HU) to complete the ASU General Studies requirement. If students transfer from Arizona community colleges without completing the AGEC or from other accredited postsecondary institutions, they receive credit for General Studies based on course-by-course equivalency. See Arizona General Education Curriculum [3].

College or School and Major Requirements

In addition to the General Studies requirement, students must also complete college or school and major requirements. Students are encouraged to work with their academic advisors to develop a program of study that efficiently meets all graduation requirements. A well-planned program should enable a student to concurrently satisfy requirements at the university, college or school levels and within their major.

Links:[1] https://webapp.asu.edu/catalog/

University Undergraduate Graduation Requirements

All students enrolled in a baccalaureate degree program must fulfill the following university requirements to graduate.

Credit Requirements

A minimum of 120 credit hours is required for graduation with a baccalaureate degree. A minimum of 45 credit hours in upper-division courses is required for graduation. Some programs may require more than 120 credit hours and 45 upper-division credit hours for graduation; check the program's major map for graduation requirements.

No more than 60 credit hours in independent learning courses and/or earned by comprehensive examination (including advanced placement, College-Level Examination Program, DANTES Subject Standardized Test, and International Baccalaureate Diploma/Certificate exams) are accepted for credit toward the baccalaureate degree.

Grade Point Requirement

A minimum cumulative grade point average of 2.00 for all courses taken at ASU is required to graduate with a baccalaureate degree. Some programs may require more than a 2.00; refer to the specific program's major map for graduation requirements.

General Studies Requirement

All students enrolled in a baccalaureate degree program must satisfy a university requirement of a minimum of 35 credit hours of approved course work. See General Studies. [1]

Students transferring from Arizona community colleges with a certified completion of the appropriate Arizona General Education Curriculum (AGEC) will have satisfied all lower-division General Studies requirements of the baccalaureate degree with which the AGEC articulates. For more details regarding the different versions of AGEC, refer to http://aztransfer.com/ [2].

Mathematics Requirement

All undergraduate degree-seeking students are expected to fulfill the university’s mathematics requirement by the time they have accumulated 30 hours of credit in residence at ASU. Any student who has more than 30 hours of credit and has not fulfilled the mathematics requirement must enroll in a mathematics course or an appropriate prerequisite course and continue to do so every semester until the mathematics requirement is met. A waiver may be granted for continuous enrollment if there are scheduling conflicts detrimental to the student’s academic progress.

First-Year Composition Requirement

Completion of both ENG 101 and 102 or ENG 105 with a grade of “C” (2.00) or higher is required for graduation from ASU in any
baccalaureate program. International students from non-English-speaking countries may meet the first-year composition requirement by completing ENG 107 and 108 with a grade of "C" (2.00) or higher. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

New and Transfer Students

Composition courses transferred from non-Arizona public or out-of-state institutions may require evaluation and approval by the Writing Programs Office. After consultation with an advisor, if evaluation is necessary, the student should provide a copy of the transfer transcript and catalog description of the course(s) to the Writing Programs Office in LL 314, 480/965-3853 on the Tempe campus or the Writing Programs Office in FABN 201A, 602/543-6091 on the West campus. Students should complete the process upon transfer of coursework to ASU so that the student is able to enroll in additional courses if required to do so. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

Resident Credit Requirement

Resident credit refers to a course that is offered in a regular semester, winter session (prior to 2011-2012), intersession or summer session. Credit earned through comprehensive examinations is also included when calculating ASU resident hours. Credit earned through independent learning, advanced placement, the College-Level Examination Program or an International Baccalaureate Diploma/Certificate are excluded when calculating ASU resident hours.

Every candidate for the baccalaureate degree is required to earn a minimum of 30 credit hours in resident-credit courses at ASU.

Guidelines for Determination of Catalog Year

The catalog is published annually. Department, school, division, college, and university requirements may change and are upgraded often. In determining graduation requirements, an undergraduate student may use only one edition of the catalog but may elect to follow any later catalog edition. Students may not use an edition of the catalog that was in effect before their high school graduation or completion of GED. Students maintaining continuous enrollment at any Arizona community college or public university may graduate according to the requirements of the catalog in effect at the time of initial enrollment following high school graduation or completion of a GED or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single Arizona community college or public university or transferring among public institutions in Arizona while pursuing their degrees. Students transferring among Arizona public higher education institutions must meet the admission, residency and all curricular and academic requirements of the degree-granting institution.

- A semester in which a student earns course credit is counted toward continuous enrollment. Noncredit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes. See examples A and B in the Continuous Enrollment table below.
- Students who do not meet the minimum enrollment standard stipulated in number one during three consecutive semesters (fall/spring/fall or spring/fall/spring) and the intervening summer term at any Arizona community college or public university are no longer considered continuously enrolled. (Note that students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.) These students must meet requirements of the Arizona community college or public university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission. See examples C and D in the Continuous Enrollment table below.
- Students admitted or readmitted to an Arizona community college or public university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment. See example E in the Continuous Enrollment table below.
- In areas of study in which the subject matter changes rapidly, material in courses taken long before graduation may become obsolete or irrelevant.
- Course work that is more than eight years old is applicable to completion of degree requirements at the discretion of the student’s major department. Departments may accept such course work, reject it, or request that the student revalidate its substance. The eight-year limit on course work applies except when program accreditation agencies limit the life of course work to fewer than eight years. Departments may also require students to satisfy current major requirements rather than major requirements in earlier catalogs when completing earlier requirements is no longer possible or educationally sound.
- Enrollment by Arizona community college students in nontransferable courses still constitutes enrollment for purposes of determining whether the student has been continuously enrolled. For example, if a student takes two semesters of cooperative education classes that are not transferable to the university but constitute continuous enrollment at the community college, the university should consider it continuous enrollment.
- Exceptions made by an institution apply only to the institution that made the exception. For example, if the community college departments accepted credit that was more than eight years old, the university department to which the student transfers might not; it has the right and the obligation to reevaluate any credit more than eight years old.
Inquiries about these guidelines may be directed to the student’s academic advisor.

**Application for Graduation**

For information on how to apply for graduation and deadline dates visit: [http://students.asu.edu/graduation](http://students.asu.edu/graduation).

**Petition for Variance from Degree**

Any student wishing to have a college or university degree requirement variance must petition the standards committee of the college in which the student is enrolled. All petitions must originate with the student’s advisor.

The University Undergraduate Standards Committee advises the Office of the Executive Vice President and Provost of the University regarding undergraduate student petitions that concern university-wide academic requirements. These requirements include but are not limited to requirements on the amount of transfer credit, graduation requirements, limits on credit by examination and requirements for a second baccalaureate degree. To petition for a variance from such university requirements, the University Undergraduate Standards Committee Petition is used. Most petitions heard by the University Undergraduate Standards Committee start at the college level and are forwarded for final review and decision to the university level committee.

**Overview of Graduation Requirements**

At ASU, students take classes that fulfill four types of requirements. As illustrated in the Graduation Requirements diagram below, some courses can fulfill two or more types of requirements, but other courses fulfill only one requirement. The total credit hours needed to graduate are represented by the largest circle. The university minimum is 120 credit hours. Some majors, however, require more than 120 credit hours.

Although the three shaded circles are equal in size and the white circle is larger than all three, the total number of semester hours for each type of requirement may vary.

---

**University Requirements**

The yellow circle represents university requirements. The General Studies requirement and the First-year Composition requirement are among these requirements.

**College Requirements**
The gray circle represents college requirements. Some colleges and schools have additional requirements, such as the College of Liberal Arts and Sciences.

**Major**
The red circle represents the requirements of the major. The credit hours required for a major may be as low as 30 hours or as high as 63 hours.

**Electives/Minor/Certificate**
The white circle represents electives and the requirements of a minor or certificate. A minor typically adds an additional 18 to 25 credit hours of course work. Although every student must eventually declare a major, minor and certificates are not required. Some courses, while providing credit hours toward graduation, fall outside the shaded circles and are not required in a program for graduation. These courses are electives. Some majors leave no room for electives within the minimum 120 credit hours required to graduate.

**Other Requirements**
The separate units of ASU — such as colleges, schools and departments — have specific requirements for graduation that must be satisfied for a baccalaureate degree. Students are encouraged to consult with an academic advisor in planning a program to ensure that it meets the various requirements. A well-planned program may enable a student to concurrently satisfy a portion of the General Studies requirement together with a portion of a college or major requirement.

**Graduation with Academic Recognition**
An undergraduate student must have completed at least 56 credit hours of resident credit at ASU to qualify for graduation with academic recognition for a baccalaureate degree. Note: West campus students following a catalog year prior to fall 2007 are required to have completed at least 50 credit hours of resident credit at ASU.

The cumulative GPA determines the designation, as shown in the Academic Recognition table below.

<table>
<thead>
<tr>
<th>Cumulative GPA</th>
<th>Designation</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.40–3.59</td>
<td>cum laude</td>
</tr>
<tr>
<td>3.60–3.79</td>
<td>magna cum laude</td>
</tr>
<tr>
<td>3.80–4.00</td>
<td>summa cum laude</td>
</tr>
</tbody>
</table>

The cumulative GPA for these designations is based on only ASU resident course work. For example, ASU independent learning course grades are not calculated in the honors GPA. All designations of graduation with academic recognition are indicated on the diploma and the ASU transcript. Graduation with academic recognition applies only to undergraduate degrees.

A student who has a baccalaureate degree from ASU and is pursuing a second baccalaureate degree at ASU (with a minimum of 30 hours of resident credit) is granted academic recognition on the second degree based on the credit hours earned subsequent to the posting of the first degree. If fewer than 56 credit hours are completed at ASU subsequent to completion of the first ASU degree, the level of academic recognition can be no higher than that obtained on the first degree. If 56 or more credit hours are completed at ASU after completion of the first ASU degree, the level of academic recognition is based on the GPA earned for the second ASU degree. Inquiries about graduation with academic recognition may be directed to the Graduation Section, 480-965-3256.

**Additional Degrees**

**Second Baccalaureate Degree**
The student seeking a second baccalaureate degree must meet admission criteria for that degree. After conferral of the first degree, a minimum of 30 credit hours in resident credit courses at ASU must be successfully completed to earn the second baccalaureate degree. The student must meet all degree and university requirements of the second degree.

**Concurrent Degrees**
More than one baccalaureate degree may be pursued concurrently if prior approval is given by the standards committee(s) of the college(s) offering the degrees. Students may receive concurrent degrees if they meet the minimum requirements for both degrees.

**eAdvisor and Critical Requirements**
eAdvisor is Arizona State University's electronic advising and enrollment management system designed for first-time freshmen and transfer students from Arizona public universities and Arizona community colleges. eAdvisor assists students in

29. Learning more about graduation requirements for their major.
30. Discerning what critical courses and grades are required to stay on track to successfully complete their degree.
31. Planning for and scheduling appropriate courses in the correct sequence to maximize success.
32. Monitoring progress toward their degree.
Finding out how courses may fit into other majors if they decide to change majors.

Through eAdvisor, students follow a major map that outlines the critical requirements and optimal eight semester plan. If students do not meet the critical requirements, an advising hold may be placed on the students' records and an advising session is required before future registration activities. When students do not meet the critical requirements for two consecutive semesters, they are considered off-track, and may be advised to change majors.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Introduction

The Graduate College admits students into programs leading to both professional and research-oriented advanced degrees beyond the bachelor’s degree. The master’s and doctoral degrees are awarded to students completing programs that culminate in research and creative endeavors. The Ph.D. degree is the highest university award, conferred on candidates who have proven their ability as scholars and original researchers.

Academic Integrity

The highest standards of academic integrity and compliance with the university’s Student Code of Conduct are expected of all graduate students in academic coursework and research activities. University policies related to academic integrity and code of conduct are available in the Office of Student Life. The failure of any graduate student to uphold these standards may result in serious consequences including suspension or expulsion from the university and/or other sanctions as specified in the academic integrity policies of individual colleges as well as the university.

Violations of academic integrity include, but are not limited to: cheating, fabrication, tampering, plagiarism, or aiding and/or facilitating such activities. At the graduate level, it is expected that students are familiar with these issues and that each student assumes personal responsibility in their work. The Graduate College highly recommends that assignments, research papers, theses and dissertations be run through Safe Assignment.

Graduate Student Responsibilities

Graduate students are responsible for familiarizing themselves with all graduate policies and procedures. Each student should also communicate directly with their academic unit to be clear on its expectations for degree completion.

Information is provided to students via MyASU. Students should frequently check their MyASU account for the most up-to-date information regarding their status, holds, items to attend to and other information.

It is very important that students check with their thesis/dissertation advisor well in advance of data collection to ensure compliance with university regulations regarding the collection of research data. Please see the section of this guide titled “Research Involving Human and Animal Subjects.”

Application

Submission of an Application

For admission information and procedures, see graduate.asu.edu/admissions. Applications for all graduate degree programs, certificate programs, and/or non-degree must be submitted via the application website.

Prior to submitting an application to the Graduate College, applicants should review information regarding the degree program, and academic unit application requirements and deadlines. Students who have an approved leave of absence on file with the Graduate College prior to their departure and are re-entering the same degree program for the semester immediately following the approved leave, are not required to submit a new application.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Application Deadlines

Application deadlines are set by the degree programs. Consult the program's website or the Graduate Degree & Certificate Search tool for specific application deadlines.

Graduate College application deadlines may differ from those of the academic unit. To accommodate timely processing, international applicants for fall enrollment must submit application materials by the previous December. Not all academic units accept applications for both the fall and spring semesters; however, if the academic unit allows for spring applications, international applicants must submit materials for spring enrollment by the previous August.

Graduate College Application Deadlines:

<table>
<thead>
<tr>
<th>Application Term</th>
<th>Fall</th>
<th>Winter</th>
<th>Spring</th>
<th>Summer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Degree/Certificate</td>
<td>July 1</td>
<td>No applications</td>
<td>December 1</td>
<td>May 21</td>
</tr>
<tr>
<td>Non-Degree</td>

<td>December 15</td>
<td>January 1</td>
<td>May 21</td>
</tr>
</tbody>
</table>

Application Fee

Each application to an ASU graduate program must be accompanied by a nonrefundable application fee, payable by credit card at the time of submission. The application fee is devoted to the Graduate College administrative cost of processing all applications and is not refundable under any circumstance.

- Domestic application fee: $70;
- International application fee $90.

In addition to the normal application fee, a $50 non-refundable late processing fee will be assessed for all applications submitted on or after the dates indicated previously.

Applicants receive an email acknowledgement once the application has been successfully submitted. The acknowledgement includes an ASURITE ID and activation code so that they may follow the progress of their application through MyASU.

Application Requirements

Applicants must submit official transcripts from all post-secondary institutions previously attended to the Graduate College (see graduate.asu.edu/admissions). Academic units may have admission requirements in addition to those of the Graduate College. Many graduate programs require scores from a national admissions test such as the Graduate Record Examination (GRE), Graduate Management Admission Test (GMAT), or the Miller Analogies Test. Some programs require a portfolio, letters of recommendation, a statement of goals and/or a resume.

All documents received by the Graduate College in connection with an application become property of the ASU Graduate College and will not be returned.
**Academic Credentials**

Applicants who attended school in the United States must hold a bachelor’s degree from a regionally accredited U.S. institution in order to be eligible for admission. Applicants are required to provide proof that a bachelor’s degree was awarded before completion of their first semester of graduate studies at ASU.

Applicants who attended school outside of the U.S. must hold a bachelor’s degree, or equivalent, from an institution that is officially recognized by that country. If original credentials are issued in a language other than English, applicants must provide the original language transcripts as well as an official and literal translation. Applicants are required to provide proof that a bachelor’s degree was awarded before completion of their first semester of graduate studies at ASU.

Photocopied documents certified by a notary public are not official. For more information regarding official academic credentials see [http://graduate.asu.edu/admissions/degree_requirements](http://graduate.asu.edu/admissions/degree_requirements). For additional information regarding official international academic credentials see [http://graduate.asu.edu/admissions/international/official_academic_credentials](http://graduate.asu.edu/admissions/international/official_academic_credentials).

Applicants must have maintained a minimum grade point average of 3.0 (on a 4.0 scale) in the last 60 semester hours or 90 quarter hours of undergraduate coursework.

Applicants should contact the degree program for specific additional requirements. Degree programs will submit a recommendation to the Graduate College Dean regarding their willingness to admit an applicant.

Because ASU receives applications from many highly qualified students, some applicants may be denied admission for reasons not related to their academic performance. Examples include, but are not limited to: program capacity, mentor availability, and/or program match.

**Additional International Requirements**

**International Applicants**

Please consult the Graduate College websites at [http://graduate.asu.edu/admissions/international](http://graduate.asu.edu/admissions/international), and [http://graduate.asu.edu/admissions/international/visa_immigration](http://graduate.asu.edu/admissions/international/visa_immigration) for complete information.

Applicants who will hold an F-1 or J-1 visa must:

1. Meet the regulations of the U.S. Immigration and Customs Enforcement (ICE) agency.
2. Obtain insurance coverage against illness and accident before being permitted to register for classes. Insurance must be maintained throughout the student’s enrollment at the university.
4. Submit additional materials as outlined on the Graduate College’s website at [graduate.asu.edu/admissions](http://graduate.asu.edu/admissions).
5. Verify that they have the financial resources to cover their expenses during graduate study at ASU. The Financial Guarantee form is available through the Graduate College website at [graduate.asu.edu/forms](http://graduate.asu.edu/forms). In addition to the Financial Guarantee form, if ASU is providing an assistantship, an official offer letter must be sent to the Graduate College. Similarly, if a governmental

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
entity is funding the student, an official letter from the government must be submitted to the Graduate College in addition to the Financial Guarantee form.

The I-20 or the DS-2019 (documents needed to obtain a student visa) is issued only after the completed and properly verified Financial Guarantee form, proof of English proficiency and supporting documents have been received by the Graduate College. International students may enroll at ASU only if they have been admitted to a degree program, a certificate program, or the post-baccalaureate teacher education program. Immediately upon arrival on campus, students must report to an advisor in the International Student and Scholars Office (ISSO). Failure to report may result in loss of status or deportation.

Applicants residing in the U.S. on a valid visa must provide proof of a current visa. Enlarge image and fax the copy to (480) 965-5158.

**English Language Requirement**

Applicants from a country whose native language is not English must provide proof of English proficiency. Acceptable proof is as follows:

- **TOEFL** score of at least 550 (PBT) or 80 (iBT). The TOEFL is administered by TOEFL/TSE Services. ASU’s institutional code is 4007. ASU accepts only electronic copies of the TOEFL score report.
- **IELTS** overall band score of at least 6.5 with no band below 6.0. The IELTS is administered by the University of Cambridge. No institutional code is needed.
- **Pearson** Test of English (PTE) score of at least 60. The PTE is administered by Pearson.

**Individual academic units may have higher requirements for English proficiency.** Consult the academic unit’s website. English proficiency is only valid for two years and must be taken within two years from the beginning of the semester for which the student applied.

Some applicants are exempt from the English proficiency requirement. The following exceptions must be met exactly to be considered for an exemption:

- Applicants who have earned a bachelor’s degree or higher from a regionally accredited college/university in the United States.
- Applicants who have completed at least 12 semester hours of graduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher at a regionally accredited university in the United States.
- Applicants who have completed at least 90 semester hours of undergraduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher at a regionally accredited college/university in the United States.
- Applicants who have completed the American English and Culture Program (AECP) Advanced Level II with grades of B or better along with the recommendation of the Director of AECP.

All international applicants who are from a country whose native language is not English and who wish to apply for teaching assistantships must pass an examination that certifies their skill in speaking English—either the Interview Test, or the Speaking Proficiency English Assessment Kit (SPEAK) test. Tests are administered at ASU; additional information may be found at [http://global.asu.edu/aecp/ita](http://global.asu.edu/aecp/ita).

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
Post-Baccalaureate Non-Degree Programs

Applicants who do not immediately intend to pursue a graduate degree may apply as a post-baccalaureate non-degree student. The application process does not require the submission of academic credentials or test scores unless applying to a graduate certificate program.

Non-degree applicants must have earned a bachelor’s degree from a U.S. regionally accredited institution or the equivalent of a U.S. bachelor’s degree from an international institution that is officially recognized by that country.

There is no limit to the total cumulative credit hours a student can take as a non-degree student. However, to apply the credit hours toward an ASU master’s or doctoral degree, students are limited to nine credit hours taken within three years of admission to a master’s degree program and twelve credit hours prior to admission to a doctoral degree.

Non-degree study may be restricted by certain academic units. Contact the degree program for restriction information.

Financial aid is not available to non-degree students.

Non-degree study is typically not available to international students on F-1 or J-1 visas. For exceptions, prior to applying, you must obtain written approval from your Designated School Official granting permission for you to take classes.

After Applying

After an application has been successfully submitted, applicants receive an email acknowledgement that includes an ASURITE ID and activation code. Applicants should review MyASU to check on the application status, “To Do” items and “Holds”. For additional information see http://graduate.asu.edu/admissions/after_you_apply.

Admission

A minimum grade point average of 3.0 (on a 4.0 scale) in the last 60 semester hours or 90 quarter hours of undergraduate coursework is required to be considered for admission to an ASU graduate degree program.

Academic units submit recommendations regarding admission decisions to the Graduate College; only the Dean of the Graduate College can make formal offers of admission.

Applicants may check the status of their application through MyASU. If admitted, the formal letter of admission can be downloaded from MyASU. If denied admission, letters are sent to the email address on record.
Admission Types

- **Regular Admission**: Applicant satisfies all requirements for admission and is academically acceptable to both the degree program and the Graduate College.

- **Regular Admission with Deficiencies**: Applicant’s grades and test scores are at an acceptable level but applicant does not have the academic background expected by the degree program and the university. Required deficiency courses may not be applied toward the minimum hours required for the degree program. Monitoring deficiency completion is the responsibility of the academic unit.

- **Provisional Admission**: Applicant does not meet minimum academic standards with respect to grade point averages as required by the Graduate College and the academic unit, but has additional evidence to suggest the potential for success. This status provides the academic unit with an opportunity to better evaluate the student’s academic potential. Students have a maximum of one academic year to satisfy the provisional condition. The Graduate College will withdraw students from the degree program who have not met the provisions of their admission within the required timeframe. When students have satisfied the provisional requirements, they should confirm with the academic unit that a change of status has been recommended. Students with Provisional Admission are not eligible to submit a Plan of Study.

Defer Admission

Students may, with the recommendation of the degree program, defer their initial semester and year of admission to the next semester for which the degree program is admitting students. No further deferrals are allowed.

International Student Admission

International students planning to attend ASU on an F-1 student visa or a J-1 exchange visitor visa must provide documentation required by the United States Citizenship and Immigration Services. Visa documents are only issued for international students enrolled in a degree program or the post baccalaureate teacher education program. There are strict regulations regarding when an I-20 or DS-2019 can be issued. Detailed information may be found at: [http://graduate.asu.edu/admissions/international/visa_immigration](http://graduate.asu.edu/admissions/international/visa_immigration)

Registration and Enrollment

All students are required to have proof of measles immunizations on file with Student Health prior to registration.

Graduate students register through MyASU according to their enrollment appointment. Details regarding registration and course drop/add procedures are provided in the [Registration and Tuition Payment Guide](http://graduate.asu.edu/academic_policies.html).

Enrollment Verification Guidelines

The university’s Registrar’s Office will verify student enrollment each semester according to the general guidelines that follow.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)

Grades of “W” and/or “X” are not considered valid registration for continuous enrollment purposes. “W” grades are received when students officially withdraw from a course after the drop/add period. “X” grades are received for audit courses. Additionally, students completing work for a course in which they received a grade of “I” must maintain continuous enrollment as defined previously. Graduate students have one year to complete work for an incomplete grade; if the work is not complete and the grade changed within one year, the “I” grade becomes permanent. Additional information regarding incomplete grades can be found at http://www.asu.edu/aad/manuals/ssm/ssm203-09.html.

**Graduate Assistantships**

All Graduate Teaching Assistants and Associates (TAs), and Graduate Research Assistants and Associates (RAs) must register for a minimum of six semester hours of appropriate credit during each academic term of their appointment. The six hours cannot include audit enrollment. Academic units may have specific requirements regarding Graduate Assistants; students should consult with their degree program unit.

TAs and RAs are treated as residents for tuition purposes. To be eligible for tuition remission, TAs and RAs must be employed a minimum of 10 hours per week (25 percent Full Time Equivalency (FTE)). TAs/RAs working 10-19 hours per week (25-49 percent FTE) receive a 50 percent remission of tuition for the semester or summer session of their employment. TAs/RAs working 20 hours per week (50 percent FTE) do not pay tuition during the semester or summer session of their employment. In addition, the university pays the individual health insurance premium for those TAs and RAs working 20 hours per week (50 percent FTE).

Due to federal regulations, international students on F-1 and J-1 visas are allowed to work a maximum of 20 hours per week while school is in session (fall and spring semesters). International students are allowed to work 40 hours per week during summer sessions.

Detailed information and application procedures regarding Graduate Assistantships can be found at http://graduate.asu.edu/financing/tara.

**Leave of Absence**

Graduate students planning to discontinue enrollment for a semester or more must request approval for a leave of absence; this request must be filed and approved before the anticipated absence. Students may petition the Graduate College for a leave of absence for a maximum of two semesters during their entire program. A petition for a leave of absence, endorsed by the members of the student’s supervisory committee and the head of the academic unit, must be approved by the Graduate College Dean prior to the semester of the leave request.

An approved leave of absence will enable students to re-enter their program without re-applying to the university. Students who do not enroll for a fall or spring semester without an approved leave of absence by the Graduate College are considered withdrawn from the university under the assumption that they have decided to discontinue their program. Students removed for this reason may reapply for admission to resume their degree program; the application will be considered along with all other new applications to the degree program.

A student on leave is not required to pay fees, but in turn is not permitted to place any demands on university faculty or use any university resources.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html*
Voluntary Withdrawal from ASU

If a student wishes to withdraw from all graduate degree programs and the university, they must complete the Voluntary Withdrawal form. Students must still complete the appropriate forms with the University Registrar to withdraw from their courses. International students should contact the International Student and Scholars Office (ISSO) before submitting a Voluntary Withdrawal form, as it most likely will affect their visa status.

Voluntary Withdrawal from a Graduate Degree Program

If a student wishes to transition from one graduate degree program to another graduate degree program, the student should complete the Voluntary Withdrawal form. The students should not take this action until they have been admitted to the other graduate degree program.

Other Types of Withdrawal

There are appropriate circumstances when students may need to withdraw from the university (i.e. medical withdrawal, compassionate leave). The policies for such withdrawals are the same for both undergraduate and graduate students. Types of withdrawals and procedures can be found at: http://students.asu.edu/withdrawal. For course withdrawals contact the University Registrar’s Office.

Involuntary Withdrawal by the Graduate College

Any student who does not comply with the Graduate College policies may be withdrawn from their graduate program after review by the Graduate College Dean.

In addition, an academic unit may recommend withdrawal of a student from a graduate program for lack of compliance with published departmental policies or lack of satisfactory academic progress. All such recommendations must be submitted to the Graduate College, documenting the issue, communication with the student, and the failure of the student to remedy the issue. Only the Graduate College Dean may withdraw a student from a graduate program due to lack of compliance with satisfactory academic progress policies.

Academic Progress

Grade Point Averages

Graduate students must maintain a minimum 3.00 grade point average (GPA) to maintain satisfactory academic progress and to graduate. The minimum 3.00 GPA must be maintained on both the Plan of Study (iPOS) GPA and the Graduate GPA.

- The iPOS GPA is calculated on all courses that appear on the student’s approved iPOS.
- The Graduate GPA is calculated on all courses numbered 500 or higher that appear on the transcript, with the exception of:
  - Courses counted toward an undergraduate degree at ASU (unless shared with a master’s degree in an approved bachelor’s/master’s degree program);
  - Courses identified as deficiencies in the original letter of admission.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Transfer credits and courses taken in the Sandra Day O’Connor College of Law are not calculated on the iPOS GPA or the Graduate GPA.

Courses with grades of “D” (1.00) and “E” (0.00) cannot appear on the iPOS but will be included when calculating the Graduate GPA. Courses with an “I” grade cannot appear on the iPOS.

**Satisfactory Academic Progress**

All graduate students are expected to make systematic progress toward completion of their degree. This progress includes satisfying the conditions listed below, and achieving the benchmarks and requirements set by the individual degree programs. Each degree program should have in place policies for satisfactory academic progress. Students are responsible for verifying additional satisfactory progress policies as required by their degree program. If a student fails to satisfy the requirements of their degree program and/or the benchmarks outlined below, the student may be withdrawn from their program based on the academic unit’s recommendation to the Graduate College. The Graduate College Dean makes the final determination.

1. Maintain a minimum of 3.00 GPA on both the iPOS and Graduate GPAs. If either GPA falls below 3.00, the student must develop, with their advisor, an academic performance improvement plan that includes the conditions and timeframes for making satisfactory academic progress in their degree program.

2. The student is considered to be on academic probation until the conditions specified in the academic performance improvement plan are met and both GPAs are above 3.00.

3. Satisfy all requirements of the graduate degree program.

4. Satisfy the maximum time limit for graduation from the student’s graduate degree program (six years for master’s, ten years for doctoral).

5. Doctoral students must comply with the five year time limit for graduation after passing the comprehensive examinations.

7. Successfully complete the culminating experience and, if required, the oral defense of the culminating experience.

8. Graduate students must remain continuously enrolled in their degree program. Failing to do so without an approved leave of absence is considered to be lack of academic progress and may lead to automatic withdrawal of the student from the degree program.

**Graduate Degree Requirements**

**Determination of Academic Requirements**

Students graduate under the degree requirements and policies in effect at the semester and year of admission to a graduate degree program. Students that fail to maintain continuous enrollment and are re-admitted to the degree program, graduate under the degree requirements and policies in effect at the time of the new admission date.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
A minimum of 30 credit hours of graduate-level coursework including a culminating experience is required for a master’s degree, although individual programs may have higher requirements. The culminating experience may be a comprehensive examination, a capstone course, an applied project, a portfolio, or a thesis or equivalent.

A minimum of 84 credit hours of graduate-level coursework and a written comprehensive examination are required for a doctoral degree, although individual programs may have higher requirements. Additionally, the Foreign Language Examination, oral comprehensive examination and/or dissertation or equivalent may be required.

The Plan of Study (iPOS)

The Plan of Study (iPOS) functions as a contract between the student, the academic unit, and the Graduate College. The iPOS contains certain degree requirements such as coursework and a culminating experience which must be included before it can be approved. The academic unit’s graduate support staff should be the primary contact regarding iPOS and degree requirements. The iPOS must be approved by a student’s committee, the head of the academic unit, and the Graduate College Dean.

To facilitate degree completion and shorten time to degree, graduate students with regular status must submit their iPOS by the time they have enrolled for 50 percent of the minimum credit hours required for their degree program.

Coursework

Graduate-level courses are those numbered 500 or higher. All core courses required by a graduate program must be at least 500-level. A maximum of 6 credit hours of 400-level coursework can be included on an iPOS. 400-level courses taken prior to admission and 400-level courses graded as “Pass/Fail” are not acceptable. Courses with grades of “D”, “E”, or “W” and audited courses (graded as “X”) cannot be included on an iPOS. Courses applied to a previously awarded degree cannot be included on an iPOS.

Any course with a grade of Incomplete (“I”) must be completed within one calendar year of the end of the scheduled course. If a regular grade is not assigned within the calendar year, the “I” becomes permanent. The student will have to re-register for the course to receive credit. Additional information regarding incomplete grades may be found at http://www.asu.edu/aad/manuals/ssm/ssm203-09.html.

Graduate students may register to audit one or more courses with the approval of the supervisory committee chair and the consent of the instructor involved. An audited course does not count toward the minimum number of credits required for international students with visa restrictions, students employed as TA/RAs, or students receiving financial assistance. Courses taken for audit do not satisfy the Graduate College continuous enrollment policy.

Master’s degree students whose culminating experience is a thesis must include 6 (and only 6) credit hours of 599 Thesis credits on the iPOS. Doctoral students whose culminating experience is a dissertation must include 12 (and only 12) credit hours of 799 Dissertation credits on the iPOS. Thesis and Dissertation credit hours may only receive grades of “Z” (research is in progress), or “Y” (research is satisfactorily complete). Doctoral students may apply 30 credit hours from a previously awarded Master’s degree toward their doctoral plan of study.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Petitions

A formal request for an exception to Graduate College policy requires a petition to be completed by the student, and approved by the committee chair and the head of the academic unit. The Graduate College will review the petition and make a final determination.

Pre-Admission/Transfer Credit

Pre-Admission Credits

Credit hours completed before the semester and year of admission to an ASU graduate degree program are considered pre-admission credits. With approval of the degree program and the Graduate College, a maximum of 9 credit hours of pre-admission credits may be included on the iPOS for a master’s degree and a maximum of 12 credit hours for a doctoral degree provided the credits have not been used in a previously awarded degree program. Only pre-admission credits earned in graduate-level courses with a grade of "B" (3.00) or higher taken within three years of admission may be used toward a graduate degree. Pre-admission credits must be from a regionally accredited U.S. institution or an international institution officially recognized by that country. If the pre-admission courses were taken at an institution other than ASU, official transcripts must be provided to Graduate Enrollment Services.

Graduate Credits Earned by Undergraduate Students

Pre-admission credit hours earned in graduate-level courses (per Graduate College policy) by undergraduate students may count toward their graduate degree at ASU provided the credit hours have not been used toward a previously awarded degree. Prior to awarding a bachelor’s degree, ASU undergraduate students should contact their undergraduate advisor to set aside graduate courses for use toward a future graduate degree so that these courses do not count toward their undergraduate degree.

ASU students enrolled in an approved Bachelor’s/Master’s degree program (commonly referred to as 4+1), may share ASU credit hours. Students must contact their ASU undergraduate advisor and graduate support staff to ensure proper sharing of credit hours.

An undergraduate degree and a graduate degree may not be awarded during the same term of enrollment. Students must be admitted and enrolled as a graduate student to earn a master’s or doctoral degree at ASU.

Non-ASU Transfer Credits

Transfer credits are those accepted from another institution for inclusion on an ASU Plan of Study. Transfer credits must be from a regionally accredited U.S. institution or an international institution officially recognized by that country. Official transcripts must be sent to Graduate Enrollment Services from the records office of the institution where the credits were earned.

Transfer hours may not exceed 20 percent of the total credit hours for a master’s degree, and 12 credit hours for doctoral degrees. Only graduate-level courses with grades of "A" (4.00) or "B" (3.00) taken within three years of admission to the ASU graduate degree program may be transferred. Transfer credits may not be applied toward the minimum degree requirements for an ASU degree if they have been used for a previously-awarded degree.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Certain types of graduate credits cannot be transferred to ASU, including credits awarded:

- By post-secondary institutions that lack candidate status or accreditation by a regional accrediting association, or an equivalent international institution.
- For life experience.
- For courses taken at non-collegiate institutions (e.g., government agencies, corporations, and industrial firms).
- For courses, workshops, and seminars offered by other postsecondary institutions as part of continuing education programs.
- For extension courses.

Academic credits earned at institutions other than ASU that base their credit calculation on a different scale from ASU’s are subject to conversion before inclusion on a Plan of Study. In all cases, the inclusion of transfer courses on a Plan of Study is subject to approval by the degree program and the Graduate College Dean.

**Sandra Day O'Connor College of Law Credit**

The Graduate College accepts a numerical grade of 70 or above for courses taken in the ASU Sandra Day O'Connor College of Law as part of an approved Plan of Study. These grades are not used in the two GPAs calculated for graduation unless needed, as determined by the Graduate College.

**Repeating ASU Courses**

Graduate students (degree or non-degree) may retake any course at ASU; however, all grades remain on the student transcript as well as in all GPA calculations.

**Graduate Foreign Language Examination (FLE)**

A graduate degree program may require at least a reading level proficiency of a foreign language relevant to the student’s area of study. Students who are required to demonstrate proficiency in a foreign language must pass the Graduate Foreign Language Examination specific to their particular graduate program. Students must be enrolled for a minimum of one credit hour during the term in which they take the examination.

Students must successfully complete the Foreign Language Examination before taking any required comprehensive examinations or scheduling the final oral defense of the thesis or dissertation. A student may petition the Graduate College for a re-examination but must pass the examination in no more than three attempts.

---

**Master’s Degree**

**Master’s Degree Plan of Study (iPOS)**

Students must submit an iPOS before completing 50 percent of the credit hours required for their degree program. A student is not eligible to apply for the comprehensive examination or thesis without an approved iPOS.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
Master’s Degree Minimum Credit Hours

A minimum of 30 semester hours of graduate work is required for the master’s degree at ASU. If a thesis is required, six (and only six) of the minimum required credit hours on an iPOS must be 599 Thesis credits. Plans of Study submitted for master’s degrees that do not have a thesis requirement may not include 599 Thesis credits.

Master’s Degree Maximum Time Limit

All work toward a master’s degree must be completed within six consecutive years. The six years begins with the semester and year of admission to the program. Graduate courses taken prior to admission that are included on the Plan of Study must have been completed within three years of the semester and year of admission to the program.

Master’s Degree Supervisory Committee

A master’s supervisory committee must be appointed before the student may apply for the comprehensive examination or applied project, or before the student can register for 599 Thesis credits (if applicable). The committee is appointed by the Graduate College Dean upon the recommendation of the head of the academic unit. The supervisory committee is comprised of a minimum of three members, including a chair or co-chairs.

Tenured/tenure-track faculty may serve as members of a master’s graduate supervisory committee, chair or co-chair. The chair of the committee is typically from the student’s degree program and should be carefully selected by the student to guide their work. ASU academic professionals or non-tenure accruing faculty with appropriate academic credentials may serve as a member or co-chair on master’s committees; they may not serve as chair of a master’s supervisory committee.

Master’s Thesis/Thesis Defense

To satisfy the research requirement for master’s degrees, a student is expected to present a thesis that is defended in an oral examination. Degree programs may have additional requirements in addition to the thesis (e.g. comprehensive examinations). Students should check with their degree program to confirm requirements. An oral defense of the thesis is required and must be completed to the satisfaction of the supervisory committee. Students must be physically present at the oral defense of their thesis. Students must be registered for:

- At least one semester hour of credit that appears on the Plan of Study; OR
- At least one semester hour of appropriate graduate-level credit, for example: Research (592), Thesis (599), or Continuing Registration (595 or 695); OR
- At least one hour of a graduate-level course.

Revisions to the thesis are typical and must be completed in a timely manner. If the student is unable to complete revisions to the thesis and submit to UMI/ProQuest by the deadline for the semester in which the defense is held, the student must complete the revisions, remain continuously enrolled, and present the final document to UMI/ProQuest within one year of the defense. Failure to do so will require the re-submission of the document for format review and may result in re-defense of the thesis to ensure currency of the research.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
Other Master’s Culminating Experiences

A comprehensive examination, capstone course, applied project or portfolio is required as a culminating experience in master’s programs that do not have a thesis requirement. The Graduate College requires a written component to the comprehensive examination; academic units may also require an oral component. Students must have an approved iPOS prior to scheduling their comprehensive examination and/or registering for their applied project or capstone course. An oral defense of an applied project is required and must be completed to the satisfaction of the supervisory committee.

Master’s Comprehensive Examination

Students must be in good academic standing regarding GPA requirements (see previous section titled “Satisfactory Academic Progress”) prior to taking master’s comprehensive examinations.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, winter, spring or summer session in which they take their comprehensive examinations.

The master’s comprehensive examination must have a written component; however, individual master’s degree programs may require an additional oral component of the comprehensive exam for all of their students based on the academic progress policy of the program.

The student must schedule the comprehensive examination with their academic unit. The results of the examination must be reported to the Graduate College within the semester it is completed. Failing the comprehensive examination is considered final unless the supervisory committee and the head of the academic unit recommend re-examination. A petition for re-examination, endorsed by the members of the student’s supervisory committee and the head of the academic unit, must be approved by the Graduate College Dean before a student can take the re-examination. Only one re-examination is permitted and must be administered no sooner than three months and no later than one year from the date of the original examination. If the student’s petition for re-examination is not approved or the student fails the re-examination, the Graduate College will withdraw the student from their degree program.

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

Foreign language requirements, if applicable, must be fulfilled before taking the comprehensive examinations.

Doctoral Degree

Doctoral Degree Plan of Study (iPOS)

Students must submit an iPOS before completing 50 percent of the credit hours required for their degree program. A student is not eligible to apply for the Foreign Language Examination (if applicable), comprehensive examinations, dissertation proposal/prospectus or dissertation defense (if applicable) without an approved iPOS.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Doctoral Degree Minimum Credit Hours

A minimum of 84 semester hours of graduate work is required for the doctorate degree at ASU. If a dissertation is required, 12 (and only 12) of the minimum required credit hours on an iPOS must be 799 Dissertation credits. Plans of Study submitted for doctorate degrees that do not have a dissertation requirement may not include 799 Dissertation credits. Students may apply 30 credit hours from a previously awarded master’s degree toward their doctoral Plan of Study with approval of the degree program and the Graduate College Dean.

Doctoral Degree Maximum Time Limit

Doctoral students must complete all program requirements within a ten-year period. The ten-year period begins with the semester and year of admission to the doctoral program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program (previously awarded master’s degrees used on the Plan of Study are exempt).

Additionally, the student must defend the dissertation within five years after passing the comprehensive examinations. Therefore, the maximum time limit is the shortest of the following:

- Time period since initial enrollment (10 year time limit); OR
- Time after passing the comprehensive exams (5 year time limit).

Any exception must be approved by the supervisory committee, the head of the academic unit and the Graduate College Dean. If a time limit exception is approved, the student may need to re-take the comprehensive examinations. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

Doctoral Degree Supervisory Committee

Upon the recommendation of the head of the academic unit, the Graduate College Dean appoints the student’s dissertation committee. The committee must be comprised of at least three members, including either a chair or co-chairs. Doctoral programs may have additional requirements for committee composition. This committee serves as the intellectual guide for the student and must approve the research/scholarly focus and substance of the dissertation. The members of the dissertation committee have the necessary knowledge and skills to advise the student during the formulation of the research topic and during the completion of the research and the dissertation.

Dissertation chairs and co-chairs must be approved by the Graduate College Dean and each degree program maintains the list of faculty approved by the Graduate College to do so. Most resident faculty at ASU may serve on dissertation committees with the proviso that they have appropriate expertise in the discipline.

All Ph.D. programs have a Graduate Faculty. The Graduate Faculty in a Ph.D. program may also include highly qualified individuals from outside the university who have been approved to serve on committees. Each Ph.D. program maintains the list of faculty approved by the Graduate College to chair or co-chair Ph.D. dissertations. Additional information regarding ASU Graduate Faculty can be found at http://graduate.asu.edu/graduate_faculty_initiative.

Doctoral students (including PhD, DMA, DBH, DNP and EdD) are urged to communicate with their academic unit to confirm eligibility of faculty to chair doctorate committees.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
The final committee membership must be appointed by the Graduate College Dean before the student may apply for comprehensive examinations, defend the dissertation prospectus, and register for 799 Dissertation course credits (if applicable).

**Doctoral Comprehensive Examination**

Students must be in good academic standing regarding GPA requirements (see previous section titled “Satisfactory Academic Progress”) prior to taking doctoral comprehensive examinations.

When students have essentially completed the coursework on an approved iPOS, they must request permission to take the doctoral comprehensive examination. The doctoral comprehensive examination must have a written component; however individual doctoral programs may require an additional subsequent oral component of the comprehensive exam for all of their students based on the academic progress policy of the program. These examination(s) are designed to assess a student's mastery of the field of specialization. Doctoral comprehensive examination(s) are administered by a committee consisting of a minimum of three members.

Foreign language requirements, if applicable, must be satisfied before taking the comprehensive examination(s).

During the fall, winter, spring or summer session that the student takes the comprehensive examination(s), they are required to register for:

- At least one semester hour of credit that appears on the Plan of Study; OR
- At least one semester hour of appropriate graduate-level credit, for example: Research (792), Dissertation (799), or Continuing Registration (795); OR
- At least one hour of a graduate-level course.

All comprehensive examination results must be reported to the Graduate College immediately upon completion. Academic units are not required to allow students a second opportunity; upon failing comprehensive examinations, academic units may submit a recommendation to the Graduate College requesting dismissal of the student from the degree program.

Failing the comprehensive examination(s) is considered final unless the supervisory committee and the head of the academic unit recommend, and the Graduate College Dean approve a re-examination. Only one re-examination is permitted. A petition with substantial justification for re-examination, endorsed by the members of the student’s supervisory committee and the head of the academic unit, must be approved by the Graduate College Dean before a student can take the examination a second time. Re-examination may be administered no sooner than three months and no later than one year from the date of the original examination. The Graduate College may withdraw a student from the degree program if the student's petition for re-examination is not approved, or if the student fails to successfully pass the retake of the comprehensive examination(s).

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

---

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
Doctoral Prospectus Defense

All doctoral degree programs that require students to complete a dissertation must require students to complete a dissertation proposal/prospectus and submit the results to the Graduate College. Failure of the doctoral dissertation prospectus oral defense is considered final unless the supervisory committee and the head of the academic unit recommend, and the Graduate College Dean approve a second proposal defense. If a petition is approved, the student must submit the new prospectus by the end of six months (the six months begins from the date that the first doctoral dissertation proposal defense was held). If the academic unit does not grant the student permission to retake the proposal defense, or if the student fails to pass the retake of the proposal defense, the Graduate College may withdraw the student from the degree program.

Doctoral Candidacy

Doctoral students (with specific degree program exceptions approved by the Graduate College Dean) achieve candidacy status upon the successful completion of the comprehensive examination(s), the Foreign Language Examination (if applicable), and successfully defending the dissertation prospectus (if applicable). Doctoral students who have been advanced to candidacy are required to maintain continuous enrollment until all degree requirements have been completed and the student graduated.

Doctoral Dissertation/Dissertation Defense

The written doctoral dissertation is based on an original and substantial scholarly work that constitutes a significant contribution to knowledge in the student’s discipline. The dissertation research must be conducted during the time of the student’s doctoral studies at ASU, under guidance of ASU Graduate Faculty, and in accordance with Graduate College policies and procedures. The composition of the dissertation is defined by the degree program with the approval of the Graduate College Dean.

The dissertation research experience culminates in a final oral exam, commonly known as the “dissertation defense.” A final public dissertation defense is required. Students must be physically present at the oral defense of their dissertation. During the semester that the student defends the dissertation they are required to register for:

- At least one semester hour of credit that appears on the Plan of Study; OR
- At least one semester hour of appropriate graduate-level credit, for example: Research (792), Dissertation (799), or Continuing Registration (795); OR
- At least one hour of a graduate-level course.

Revisions to the dissertation are typical and must be completed in a timely manner. If the student is unable to complete revisions to the thesis and submit to UMI/ProQuest by the deadline for the semester in which the defense is held, the student must complete the revisions, remain continuously enrolled, and present the final document to UMI/ProQuest within one year of the defense. Failure to do so will require the re-submission of the document for format review and may result in re-defense of the dissertation to ensure currency of the research.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Graduate Certificates

The graduate certificate is a programmatic series of linked courses. Graduate certificates facilitate professional growth for people who already hold the baccalaureate degree. For more information on current graduate certificates see the Graduate Degree and Certificate Search page.

Certificate Admission

All applications for graduate certificate programs must be submitted through http://asu.edu/gradapp.

Certificate Requirements

A minimum of 15 semester hours of graduate work is required to complete a graduate certificate. No more than one-fifth (20 percent) of the minimum required credit hours for a graduate certificate may be transferred from another university. All transfer work must meet Graduate College transfer policies. All coursework used to complete an ASU graduate certificate must be completed within a six-year time limit. Courses at a 400-level may be allowed with prior approval from the appropriate certificate program; however, a minimum of two-thirds of the courses taken to complete the certificate must be at the 500-level or above. No more than 40% of coursework towards the requirements of a graduate certificate can be completed prior to admission to the certificate program.

Awarding of a Graduate Certificate

A student will be eligible for the official posting of the graduate certificate to their transcripts when all applicable coursework has been successfully completed and Graduate College scholarship requirements have been met. Students must submit an iPOS for the graduate certificate program.

Concurrent Master’s Degrees

A student may pursue concurrent master’s degrees with prior written approval from the head of the academic unit for each degree program and the Graduate College. A maximum of 20 percent of the minimum total semester hours for the completion of both degrees may be common hours shared between the Plans of Study. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College has formally approved coordinated degree programs.

Coursework common to both programs must constitute a well-planned and meaningful part of each of the programs and may only include coursework completed after admission to both degree programs. In all cases, the guidelines below must be followed:

1. The student must be enrolled in both programs each fall and spring semester to maintain continuous enrollment or must petition for a leave of absence. Any approved leave of absence applies to both degree programs.
2. Graduate credit transferred from another institution may be applied toward only one degree program.
3. Culminating experiences (e.g. capstone courses, theses, applied projects) and comprehensive examinations cannot be shared between concurrent degree programs.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
4. The six year maximum time limit for completing degree requirements and graduation apply to each concurrent degree individually.

Concurrent enrollment in a doctoral program and master’s degree program may not have common hours. Doctoral programs and master’s degrees in the same major may not be concurrently pursued.

**Concurrent Doctoral Degrees**

A student may pursue concurrent doctoral degrees with prior written approval from the head of the academic unit for each degree program and the Graduate College. In all cases, the guidelines below must be followed:

1. The student must be enrolled in both programs each fall and spring semester to maintain continuous enrollment or must petition for a leave of absence. Any approved leave of absence applies to both degree programs.
2. The 30 hours allowed from a previously awarded master’s degree may only be applied to one of the doctoral programs and graduate credit transferred from another institution may be applied toward only one degree program.
3. The comprehensive examination, the dissertation prospectus, and the dissertation cannot be shared between concurrent degree programs.
4. The student must meet the 10 year maximum time limit and five year limit after comprehensive exams for each degree.

**Master’s in Passing (MIP)**

In those cases where there is an approved Master’s in Passing (MIP) program in place for a doctoral degree, those doctoral students who complete the requirements of the approved MIP may be awarded the related master’s degree. Students should check with their doctoral program to see if there is an approved Master’s in Passing for their degree.

Students who include 30 hours from a previously awarded master’s degree on their doctoral Plan of Study are not eligible for a Master’s in Passing. All coursework included in an MIP Plan of Study must have been completed after the semester and year of admission to the doctoral program.

**Bachelor’s/Master’s Degree (4+1)**

Some academic units offer high-achieving students an opportunity to pursue a Bachelor’s/Master’s degree program (commonly referred to as 4+1). The 4+1 programs must be formally approved and are available only to ASU students.

Students admitted to 4+1 degree programs may take ASU graduate-level courses as an undergraduate student that are shared with both the bachelor’s degree and the master’s degree enabling them to obtain both degrees within five years; provided the approved program allows for the sharing of credit hours. Students do not graduate with both degrees during the same semester of enrollment; upon completion of the bachelor’s degree students are enrolled as graduate students for completion of the master’s degree. Students should contact their academic unit for specific information.

Students may not share any credit hours taken as an undergraduate student unless they have been formally admitted to an approved 4+1 degree program.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](https://graduate.asu.edu/academic_policies.html)*
Research Considerations

The master’s thesis and doctoral dissertation (or equivalent) must be based on original and independent research/creative activity conducted by the student, under the guidance of the graduate supervisory committee. The thesis is an introduction to scholarly writing and is intended to create an understanding of theory and methods applicable to one’s field. The dissertation should demonstrate the candidate’s mastery of research and scholarly methodologies, theory, and tools of the discipline. Both the thesis and dissertation should demonstrate the candidate’s ability to address a major intellectual problem and to propose meaningful questions and hypotheses, as well as utilize the methods with which to study the proposed research question(s) and related hypotheses, and draw conclusions.

Supervisory Committees

Students are guided by faculty mentors who advise them through their degree program. Students should identify their advisors early in their graduate career and look to them for guidance in their graduate work. Once the student has selected a thesis/dissertation committee, the head of the academic unit recommends the supervisory committee to the Graduate College Dean who reviews and appoints the Committee. Graduate supervisory committees must consist of a minimum of three individuals, including the chair or co-chairs.

Faculty Emeriti who meet Graduate College criteria may serve as members or co-chairs on graduate supervisory committees. They may serve as chairs with the recommendation of the academic unit and approval of the Graduate College Dean on a case by case basis. Qualified individuals outside the university, upon the recommendation of the head of the academic unit and approval of the Graduate College, may serve as members of thesis and dissertation committees. All such requests must be submitted to the Graduate College Dean for approval.

Research Involving Human and Animal Subjects

Theses or dissertations that make use of research involving human or animal subjects must include a statement indicating that the research has been approved by the appropriate university body.

Research involving human subjects conducted under the auspices of Arizona State University is reviewed by the University Human Subjects Institutional Review Board (IRB) in compliance with federal regulations. Documents containing any data collection from human subjects require that applications be submitted to the ASU Office of Research Integrity and Assurance for approval before data collection or recruitment of subjects is initiated at http://researchintegrity.asu.edu/humans.

Research involving the use of animals conducted under the auspices of Arizona State University is reviewed by the Institutional Animal Care and Use Committee (IACUC) in compliance with federal regulations. Documents containing any data collection from animal research require that applications be submitted to ASU Office of Research Integrity and Assurance for approval at http://researchintegrity.asu.edu/animals/IACUC+Overview.

It is very important that students check with their thesis/dissertation advisor well in advance of data collection to ensure compliance with university regulations regarding the collection of research data.

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: graduate.asu.edu/academic_policies.html
Thesis/Dissertation Defenses

Thesis and dissertation defenses are open to all members of the university community and the general public. The oral defense engages the supervisory committee and the candidate in a critical and analytical discussion of the research and findings of the study, as well as a review of the contribution of the research topic to advancing knowledge in that discipline. The presentation of a thesis or dissertation defense in an open forum fosters a broader awareness of the state of graduate research at ASU, promotes a wider scholarly dialogue among disciplines, and recognizes publicly the scholarly contributions of master’s or doctoral candidates.

Defenses must be scheduled with the Graduate College at least 10 working days in advance of the defense date. It is expected that oral defenses will be held on an ASU campus during regular business hours in order to facilitate student, faculty, and public accessibility. When there are sound educational reasons for holding a defense under different circumstances, contact the Graduate College for approval before scheduling the defense.

Students must be physically present at the oral defense of their thesis, dissertation or equivalent document. If, due to unforeseen circumstances, they cannot be physically present, then the oral defense must be rescheduled to another date when they can be physically present.

It is desirable that all members of a student’s supervisory committee be physically present with the student at the final oral defense of a thesis or dissertation. However, there are situations (e.g. faculty travel, faculty emergencies and/or faculty leave) that may necessitate holding a defense with one or more committee member(s) absent. If a committee member cannot physically attend, they can tele/video conference, or they can appoint a substitute to attend in their place. The substitute should be a regular faculty member with the academic unit. The supervisory committee chair must be physically present; if there are two co-chairs, one of them may tele/video conference if needed. In either case, please email grad-ges@asu.edu with the student’s ID number and the name of the tele/videoconferencing member or with the names of the member who will be absent and the faculty member who will attend as a substitute. This information must be submitted before the defense.

Degree Completion

The final culminating experiences for graduate degrees vary by program. In many master’s degree programs a thesis is required, in other programs the culminating experience is an applied or professional project. In all Ph.D. programs, as well as in most professional doctoral programs, dissertations are required. Theses and dissertations are officially documented and archived. Theses and dissertations are submitted to UMI/ProQuest, which makes their content available to the public. Information on the dissertation later appears in Dissertation Abstracts International. For this reason, all theses and dissertations must undergo Graduate College format review. The Graduate College Dean reviews the content to affirm the quality and originality of the scholarly work.

Scheduling a Defense and Format Review

At least 10 working days prior to the planned defense of a thesis, dissertation or equivalent, students schedule the defense through their MyASU. See Graduation Deadlines. Students work with their supervisory committee and the academic unit’s graduate support staff to identify a suitable date and reserve a room. When a defense
date and location have been identified, students submit the appropriate [schedule a defense](#) form, and a draft copy of the thesis/dissertation via email to [gradformat@asu.edu](mailto:gradformat@asu.edu). The defense will be published on the Graduate College [Master’s/Doctoral Defense Schedule](#) website that updates every Monday.

The [Format Manual](#) is a comprehensive guide to formatting a thesis, dissertation or equivalent document and it always overrides a Style Guide if the two conflict. Students must use the [Format Manual](#) to prepare their thesis/dissertation. Questions regarding the [Format Manual](#) requirements should be directed to [gradformat@asu.edu](mailto:gradformat@asu.edu).

The Graduate College’s [Formatting Tool](#) uses the [Format Manual](#) formatting guidelines to generate a template into which you insert your document’s text. The formatting tool is designed to help students with the basic format requirements such as margins and spacing, and greatly improves the format review process for students.

### UMI/ProQuest Submission

Students are required to create a new user account specific to the submission of their document and must use their ASU email address. UMI/ProQuest requires all students to submit a PDF version of their final document. The ASU Graduate College requires that the PDF document is in compliance with the formatting standards presented in the format manual. Students will receive final format approval only after the submitted PDF document has successfully passed a format review. Students have an opportunity to order bound copies of their document for themselves through UMI/ProQuest; they may also go to the ASU Bookstore, or any third party bindery to obtain bound copies of their document if desired.

### Graduation

Students must apply for graduation through MyASU in accordance with the University Registrar policies. See [Application for Graduation](#). Students must meet all University and Graduate College degree requirements prior to the conferral of their degree.

The graduation deadlines and procedures are set by the Graduate College and are available online at [http://graduate.asu.edu/progress/graduation_deadlines](http://graduate.asu.edu/progress/graduation_deadlines). Deadline dates vary slightly depending on the calendar year, so students should check them carefully in advance of the semester they plan to defend their thesis/dissertation. It is very important that students become familiar with these deadlines so that graduation can occur during the expected term.

---

**Graduate Student Appeals**

The Graduate Council Appeals Board (GCAB) serves as the appeals body for graduate students seeking redress on academic decisions regarding their graduate programs. Before initiating an appeal, the graduate student must fully utilize all other appeal and review processes available in the student’s program, academic unit, or college/school. The student should also discuss the situation with the Graduate College dean’s office to explore resolution of the matter at the unit or college level before filing an appeal.

The GCAB reviews written appeals of graduate students concerning:

- Retention in graduate programs (with the limitations described below).

*Effective 11/17/2010. Consult online version of Graduate Policies for the most current information: [graduate.asu.edu/academic_policies.html](http://graduate.asu.edu/academic_policies.html)*
Procedural matters in graduate student programs (e.g., procedures related to *Plans of Study*, theses, dissertations, and preliminary, qualifying or comprehensive exams).

Other academic issues that are not covered by other university policies or processes.

The GCAB will not entertain any appeals until the graduate student has fully utilized all other appropriate appeal procedures through their academic unit and college.

The GCAB does not review appeals pertaining to the following areas because these appeals are heard by other university bodies (see parenthesis below):

- Course grades (subject to review by the academic unit and college/school).
- Results of capstone experiences, comprehensive and qualifying examinations and defenses (subject to review by the academic unit and college/school).
- Allegations of academic dishonesty (subject to review under the ASU Student Academic Integrity Policy).
- Allegations of scientific misconduct (subject to review under ASU policy RSP 210 [“Misconduct in Research”] in the Research and Sponsored Projects Policy and Procedures Manual).
- Allegations of discrimination (subject to review by the ASU Office of Diversity).

The Guidelines for Graduate Appeals describing further the GCAB appeal procedures, process, and jurisdiction are available from the Graduate College and on the website at:

http://graduate.asu.edu/faculty_staff/policies/graduate_student_appeals.

Arizona State University does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender identity, disability, religion, age or veteran status in the University’s services, educational programs, and activities, including, but not limited to, admission to and employment by the University. The Office of Diversity has been designated to handle inquiries regarding the University’s non-discrimination policies: Director, Office of Diversity, University Services Building, 1551 S. Rural Rd., Tempe, Arizona 85287, Intercampus Mail Code 5612. Phone: (480) 965-5057; TTY (480) 965-0471. For information generally about ASU’s non-discrimination policies and procedures for filing complaints, please see http://cfo.asu.edu/hr-diversity. Some deadlines for filing complaints are as short as thirty days.
College Policies

Business, W. P. Carey School of

The W. P. Carey School of Business is one of the largest and highest-ranked business schools in the country, repeatedly lauded by publications like The Wall Street Journal, Financial Times, Princeton Review and U.S. News & World Report. The school is internationally regarded for its leadership in business education, research productivity and distinguished faculty members, including a Nobel Prize winner. Students come from all over the world and include dozens of National Merit Scholars.

Our academic choices are as diverse as they are abundant. Undergraduates can earn a B.S. degree in one of eight business disciplines or a B.A. combining core business classes with a concentration outside the W. P. Carey School. Our programs of study reflect and respond to the demands of business and industry today and beyond, and we have dedicated career placement services. We are located in the heart of the fast-growing Phoenix metropolitan area, which provides opportunities for internships, employment and networking. Our classes are offered on ASU’s Tempe, Polytechnic, West and Downtown Phoenix campuses. For more information, visit wpcarey.asu.edu [1].

Undergraduate Policies

Academic Integrity

Academic Dishonesty

The faculty of the W. P. Carey School of Business follow the guidelines in the Student Academic Integrity Policy on academic dishonesty. A copy of the policy may be obtained in the undergraduate programs office, BA 109.

Academic Standing

Probation

All business students, freshman through senior, must maintain a minimum 2.00 GPA for all courses completed at ASU. If this standard is not maintained, the student is placed on probation. Students on probation must see an advisor before further registration. Students on probation must obtain a semester GPA of 2.50 with no grade lower than a "C". If a student on probation meets this requirement, but the cumulative GPA remains below 2.00, the student is given one additional semester on continued probation. At the end of continued probation, the student must return to Academic Good Standing (a minimum cumulative ASU GPA of 2.00) to avoid disqualification.

Disqualification

Students who do not meet probation requirements are academically disqualified. Disqualified students should meet with an academic advisor. These students may attend ASU during summer session.

Advising

W. P. Carey Undergraduate Programs offers academic advising at the Polytechnic (PRLTA 330), Tempe (BA 109), and West (FAB N101) campuses. Students may find personalized advising information and schedule appointments, in advance, at http://wpcarey.asu.edu/sos/ [2]. Students admitted to the W. P. Carey Academy or Business Honors program may schedule appointments by visiting BA 111 or calling 480-965-8710.

To ensure that students are making progress toward their degree, we encourage students to schedule appointments each semester. We require advising for:

- Newly admitted students prior to enrollment for the first term (at orientation).
- Freshman students each semester in the first year.
- Transfer students prior to their initial enrollment.
- Seniors, upon completion of 87 or more credit hours.
- Any student who is on academic probation.
- Any student who is off track in regards to Sun Devil Tracking requirements.

For additional information regarding academic advising, visit http://wpcarey.asu.edu/advising [3] or contact the W. P. Carey School of Business Undergraduate Programs Office at 480-965-4227.

Credit/Registration

Pass/Fail

Business majors may not enroll on a pass/fail basis for any course required for graduation. Pass/fail credits taken at another institution may be petitioned for use, but only if the student can demonstrate proof that the pass grade was equivalent to a "C" (2.00) or higher.

Transfer Credit

Credit from other institutions is accepted subject to the following guidelines. Students planning to take their first two years of work at a community college or another four-year college should take only those courses in business and economics that are offered as freshman- or sophomore-level courses at any of the state-supported Arizona universities. These lower-division courses are
numbered 100 through 299. A maximum of 30 hours of business and economics courses from community colleges are accepted toward a bachelor's degree in business.

Students may transfer a maximum of nine credit hours of approved upper-division business course work required for the business degree to ASU. Professional business courses taught in the junior or senior year in the state universities may not be completed at a two-year college for transfer credit in the business core or major. Such courses may be utilized in the free elective category subject to the 30-hour limitation. Courses taught as vocational or career classes at the community colleges that are not taught in the schools of business at any one of the state universities are not accepted for credit toward a bachelor’s degree. Courses taught in the upper-division business core at the state universities must be completed at the degree-granting institution unless transferred from an accredited four-year school. Normally, upper-division transfer credits are accepted only from AACSB International accredited schools. To be accepted for credit as part of a degree program in business, all courses transferred from other institutions must carry prerequisites similar to those of the courses they are replacing at ASU.

Degree Requirements

Critical Requirements
All business students must meet the critical requirements for their intended majors. Students who do not comply with the critical requirements are offtrack and have holds placed on their records. These students must meet with an advisor to have this hold removed. For more information, access the Web site at http://wpcarey.asu.edu/undergraduate/current-students/advising/tracking.cfm [4].

Reinstatement/Readmission
Students seeking readmission (after an absence from the university) should contact the undergraduate programs office, in BA 109, regarding policies and procedures.

Other Special Requirements

Student Appeal Procedure on Grades
The faculty of the W. P. Carey School of Business have adopted a policy on the student appeal procedure on grades. A copy of the policy may be obtained in the undergraduate programs office, BA 109.

SAT/ACT Test Scores
See SAT/ACT test score requirements at http://students.asu.edu/admission/competencies [5].

Admissions
Because of the additional requirements for the Bachelor of Science (B.S.) degree, students who do not meet minimum admission standards will automatically be considered for the Bachelors of Arts (B.A.) in the W.P. Carey School of Business. Freshman admission requirements for the B.A. program are the same as the university's freshman admission requirements. Transfer students must have a 3.00 GPA for all transfer work and meet university transfer admission requirements to be placed into the B.A. program.

Graduate Policies
All graduate students in the W. P. Carey School of Business are required to maintain a cumulative GPA of "B" (3.00). See individual graduate degree programs for specific requirements on satisfactory academic progress, probation and disqualification.

Advising
Advising of graduate students is normally handled by graduate faculty members. Once admitted, a student can request a temporary faculty advisor in a potential area of concentration in order to prepare a program of study. Students are encouraged to begin discussions with faculty members early in their studies so that course work can be geared toward supporting their academic progress. All students, whether in a thesis or nontesis option, must file a program of study.

Source URL: http://catalog.asu.edu/policies/business
Links:

Design and the Arts, Herberger Institute for

Undergraduate Policies
Academic Integrity
The faculty of the Herberger Institute for Design and the Arts follow ASU’s Academic Integrity Policy on academic dishonesty. Information on ASU’s Academic Integrity Policy and ways to complete your work with integrity can be found here: http://provost.asu.edu/academicintegrity/students [1].

**Academic Standing**

**Probation**

A student in any of the institute's programs is placed on probation when he or she fails to maintain a cumulative GPA of 2.00. Students on probation must observe rules or limitations the institute imposes on their probation as a condition of retention. Students are encouraged to seek advising from their major academic advisor, in an effort to improve academic standing. All Herberger Institute students who are placed on academic probation and continuing probation are required to attend mandatory advising appointments. Students will also be required to complete an academic success contract with their advisor to discuss campus academic resources, plan out semester goals and discuss strategies to attain academic success. These meetings will continue until the student earns a cumulative GPA of 2.00 or higher.

**Disqualification**

If, after one semester on probation, the overall GPA is not at the required level and the conditions of probation have not been met, the student is disqualified for a minimum of two full academic semesters. Disqualification is exercised at the discretion of the institute and becomes effective on the first day of the fall or spring semester following institute action. A disqualified student is notified by the Office of the Registrar or the dean of the institute and is not allowed to register for a fall or spring semester at the university until reinstated. Students whose cumulative GPA is below 2.00, but are still in academic good standing according to university standards, are ineligible to major in the School of Architecture and Landscape Architecture (SALA), but may be eligible for majors in other colleges at ASU.

**Reinstatement**

Students seeking reinstatement after disqualification should contact the Herberger Institute Office of Student Success regarding procedures and guidance for returning to good standing. A disqualified student may attend summer sessions at ASU to raise their cumulative GPA. If a 2.00 or higher cumulative GPA is achieved upon completion of summer course work, the student may petition the institute for early reinstatement. Appeals may be made to the Herberger Institute Curriculum Committee; see an academic advisor for the necessary appeal forms. There are also other options available for immediate reinstatement for qualified students; see an academic advisor to discuss these options. For more information, see Retention and Academic Standards. When reinstatement includes readmission, application must be made to the Recording and Readmissions section of the University Registrar’s Office. All academic disciplinary action is a function of the Herberger Institute Office of Student Success, CDS 101, under the direction of the assistant dean for student success for the institute. Students having academic problems should call this office for advising at 480-965-4495.

**Advising**

Undergraduate academic advising is handled as a centralized activity within the institute. Students are encouraged to make appointments through the Herberger Institute Office of Student Success. For more information, call 480-965-4495 or visit our office in Design South (CDS), room 101. While the institute provides academic advising, it is ultimately the responsibility of each student to fulfill academic and program requirements. Administration of program requirements is the responsibility of the head of the academic unit and the dean.

**Credit/Registration**

**Transfer Credits**

While the university accepts credits transferred from other accredited institutions, transfer course work must be equivalent in both content and level of offering. Arts or design transfer credits are not applied to specific degree programs until reviewed and accepted by the appropriate academic units. Students who change majors to transfer into the institute or one of its program areas must have a minimum cumulative GPA of 2.50. Students wishing to enter a major that requires an audition, interview, milestone or portfolio review may be required to successfully complete this requirement before changing their major. Students transferring to art, dance, music or theatre and film must complete a creative review to enter most majors, and some arts transfer credit will not be evaluated until after successful completion of the creative review. The SALA requires a review of samples of work (portfolio format) from previous studio classes to evaluate transfer studio credits.

**Incompletes**

Students are responsible for contacting the instructor regarding the process of requesting and fulfilling an incomplete. The grade of "I" (Incomplete) can only be given by an instructor when a student, who is doing otherwise acceptable work, is unable to complete a course (e.g., final exam or term paper) because of illness or other conditions beyond the student’s control. Students must obtain official "Request for Grade of Incomplete" form at http://students.asu.edu/forms/incomplete-grade-request [2]. The completed form must include a justification, a listing of requirements that have not been fulfilled and a proposed schedule of completion. The instructor reviews the request and determines whether to accept or deny the request. If accepted, the instructor may propose modifications, if necessary, and submits a copy of the request to the appropriate office. An incomplete in any course that is a
prerequisite for sequential courses automatically denies enrollment in subsequent courses or could result in the student being administratively dropped from a subsequent course if the student has already enrolled.

Withdrawals

University withdrawal regulations apply to all courses. In addition, because the institute’s curricula are modular and sequential and because space in the programs is limited, a student is expected to progress through the curriculum with his or her class.

Pass/Fail or Credit/No Credit

The only courses accepted toward graduation with a grade of pass/fail or credit/no credit are courses designated by the academic unit as such or internships and field studies.

Degree Requirements

Change of Major

Current ASU students who wish to change majors to one of the institute’s degrees must have a cumulative ASU GPA of 2.50 or higher. Students wishing to enter a major that requires an audition, interview, milestone or portfolio review may be required to successfully complete this requirement before changing their major.

For more information about critical requirements, including the milestone, see herbergerinstitute.asu.edu/degrees/milestone.php [3].

SALA Critical Requirements

A new or transfer student who has been admitted to the university and has selected a major in the School of Architecture + Landscape Architecture is admitted to the major of his or her choice. Each student must meet all critical requirements including the milestone at the end of the second semester. Students who do not meet all critical requirements, including the milestone, will work with an advisor to explore alternate degree options. For international students whose native language is not English, TOEFL scores are required.

SALA Milestone

Passing the SALA milestone at the end of the second semester is competitive. Consult the requirements of each major for details: herbergerinstitute.asu.edu/degrees/milestone.php. Students who are interested in more than one program must meet the milestone requirements for both and must submit separate applications and portfolios, as required by the program. Transfers requested past the second semester are considered only if vacancies occur, and such transfers are limited to students with equivalent course work who are competitive with continuing students. Students who do not meet the critical requirements but pass the milestone are not dismissed from the university and may transfer to other programs.

SALA Academic Standards for students who have passed the milestone

Students who have passed the milestone are placed on probation when any of the following occurs:

- Admitted to the milestone with deficiencies in course requirements.
- An incomplete, failure or withdrawal from any required course.
- A semester GPA below 3.00.
- A grade of “D” (1.00) or “E” (0.00) in a design studio, a design laboratory or a design lecture.
- Violation of the university's Student Code of Conduct or any admission agreement.

Students on probation must observe rules or limitations that the institute or academic unit places on their probation as a condition of continuation. Students may be removed from a program (but not necessarily the university) when any of the following occurs:

- The requirements imposed are not met or the probationary semester GPA is below 3.00 after one semester on probation.
- Failures or withdrawals in required courses are not resolved at the next offering of the course.
- Failures or withdrawals from required sequential courses.
- Incompletes in required sequential courses are not completed before the first day of class of the next semester.

A student removed from a program is not guaranteed reinstatement to the program even if probation requirements or requirements placed on readmission are fulfilled. Appeals may be made first to the appropriate academic unit and, if necessary, to the Herberger Institute Curriculum Committee. For more information, see Retention and Academic Standards.

SALA Studio Requirements

Students must earn a grade of “C” (2.00) or higher in SALA studio courses in order to progress to the next studio in sequence. If a student is already registered for the next studio and has earned a grade of “D” or “E” in the prerequisite studio, the student will be administratively dropped from the subsequent studio.

Reinstatement/Readmission

Appeals Procedures

Academic appeals and requests for variances are typically made to the student’s instructor and then, if necessary, to the head of the appropriate academic unit, the assistant dean for student success, the Herberger Institute Curriculum Committee, and finally, the dean. A student who feels unjustly treated in academic or other matters relating to his or her career as a student should follow the grievance procedure outlined on the institute Web site.
Other Special Requirements
Creative Reviews
A creative review (audition, interview, portfolio submission) is required for entrance into most majors in the Herberger Institute. See http://herbergerinstitute.asu.edu/students/undergrad/prospective/apply_to_major.php [4] for details.

Graduate Policies
Advising
Advising is handled as a decentralized activity within the institute. To offer personalized attention, each academic unit establishes its own graduate advising procedures. Students are encouraged to make appointments through the central office of their major discipline. Students should consult their academic unit’s Web site for general information about the programs, admission and advising procedures:

School of Architecture and Landscape Architecture: http://herbergerinstitute.asu.edu/degrees/sala.php [5]; phone 480-965-3536; e-mailsala@asu.edu [6].

School of Art: http://art.asu.edu/ [7]; phone 480-965-6303.

School of Arts, Media and Engineering: http://ame.asu.edu/ [8]; phone 480-965-9438.

School of Dance: http://dance.asu.edu/ [9]; phone 480-965-5029.

School of Music: http://music.asu.edu/ [10]; phone 480-965-5069.

School of Theatre and Film: http://theatrefilm.asu.edu/ [11]; phone 480-965-5337.

Engineering, Ira A. Fulton Schools of

The Ira A. Fulton Schools of Engineering educate undergraduate and graduate engineering students, giving them the knowledge, skills and attitudes they need for success in technically-oriented careers. The schools provide students with a range of educational opportunities by which they may achieve excellence in the major branches of engineering, computer science, informatics and construction management.

The Ira A. Fulton Schools of Engineering take pride in their diversity, their economic and cultural heritages, and in the quality of their graduates. The schools strive to be integral to the community they serve and a lifelong presence in the lives of those within their compass. The schools’ educational and research programs are built around the following principles: entrepreneurship; use-inspired research and scholarship; a focus on the individual; intellectual fusion of unique and distinct disciplines; social embeddedness in the local, national and international community; and global engagement.

For more information, see http://engineering.asu.edu [1].

Ira A. Fulton Schools of Engineering Aspirations

Graduates from any of the schools’ programs will be technically sound. In addition to technical competency, the Ira A. Fulton Schools of Engineering aspire to develop leaders who are aware of biological issues, well-read, well-spoken and knowledgeable about current business practices. To this end, the schools offer enhanced curricula, special courses and extracurricular activities to enrich the student’s stay and to offer every student opportunities to achieve the schools’ aspirations.

All the programs within the schools are professional programs, and professionalism is an important component of all the curricula. The schools strive to help students understand and value the various aspects of professionalism, including ethical behavior, a desire for lifelong learning, the ability to communicate with others, and an awareness of how the profession fits into and impacts society.

As a first step in ethics, all students are expected to follow the student code of conduct and rules of academic integrity defined by the university, as outlined at http://provost.asu.edu/academicintegrity [2].
Undergraduate Policies

Academic Integrity
Students enrolled in the Ira A. Fulton Schools of engineering are required to maintain high levels of integrity and honesty in their academic progress. The ASU Academic Integrity Policy is strictly enforced and followed. Students with an alleged violation are required to discuss the violation with the professor. Students charged with a violation of the Academic Integrity Policy have the opportunity to appeal the charge and be heard by the Ira A. Fulton Schools of Engineering Standards Hearing Board, who provides recommendations to the dean or the dean’s designee. The dean or dean’s designee will review the recommendation and render a decision. If the decision is suspension or expulsion, the student may appeal to the Office of the Provost. See the following website for policy information [http://provost.asu.edu/academicintegrity](http://provost.asu.edu/academicintegrity) [2].
The Ira A. Fulton Schools of Engineering have developed and enforce a number of academic standards. These standards are designed to support students and ensure the quality of the schools' graduates.

Academic Standing

Student Responsibilities
Students need to make many decisions as they complete their degrees. While the schools and the university have a number of resources available (e.g., faculty, courses, advisors and tutors) to help in making the decisions, students are expected to take responsibility for their decisions.
Satisfactory Progress
Students are expected to select and successfully complete courses that lead to the timely completion of their degree. Students are said to be making satisfactory progress if they fulfill all of the following:
- Maintain an acceptable GPA.
- Enroll and complete critical tracking requirements.
- Complete courses each semester that are applicable to their degree.
Students who are making satisfactory progress are said to be in good standing.

Probation
Some students do not make satisfactory progress and these students generally need extra attention and resources to help them get back to academic good standing. Such students are placed on academic probation to help ensure that they get the necessary help. There are many reasons why students fail to make satisfactory progress. Working with an academic advisor to plan a strategy for success is crucial. Students may be required to reduce their course load (13 credit hours maximum), retake courses or even take courses outside of the program, if these measures will help bring the student back to academic good standing.

To return to academic good standing in the Ira A. Fulton Schools of Engineering, students with probation status need to earn a minimum semester GPA of 2.25 and earn a minimum cumulative ASU GPA of 2.00 at the end of the probation semester. If enrolled in only one course, a grade of “C+” (2.33) or better and a minimum cumulative ASU GPA of 2.00 is required to obtain academic good standing.

Conditions for Probation
A student is placed on probation status when specific academic expectations are not met. Some conditions trigger an automatic placement on probation whereas others trigger an automatic review of the student’s case to determine if probation is warranted. When a probation review is triggered, the final decision and any conditions of probation are determined at the program level. Automatic probation is triggered by any of the following:
- A semester or summer session with a GPA less than or equal to 1.50.
- Two successive semesters with GPAs less than 2.00.
- An ASU cumulative GPA less than 2.00 (for more than 55 credit hours).
Automatic review is triggered by any one of the following:
- An ASU cumulative GPA less than 2.00 (0 to 55 credit hours).
- A cumulative GPA in the major of less than 2.00.
- A failure to complete any courses appropriate for the degree during each semester.
Courses completed during summer sessions are not used to reevaluate a student’s fall semester probationary status.

Ineligibility
Students who are on academic probation and fail to meet the schools' retention standards become ineligible to continue working toward a degree within the schools. Ineligible students who cannot transfer to another program within ASU are designated as disqualified.
Ineligibility occurs if the probationary student does any of the following:
- Does not attain a semester GPA of 2.25 or higher.
- Has a cumulative GPA below 2.00 at the end of the probationary semester.
Has already been on probation for two consecutive semesters.
Fails to complete any courses appropriate for the degree during each semester.
Ineligible students are subject to the following limitations:
Students who change colleges may not register for courses in the Ira A. Fulton Schools of Engineering unless the courses are required by their new major.
Students who register for courses in the Ira A. Fulton Schools of Engineering may be withdrawn from these courses any time during the semester they are registered.
Ineligible students are encouraged to consider these options:
Students may be eligible to change their major to another college if they have an acceptable cumulative GPA. The acceptable GPA level depends on the number of hours of completed course work. Students should contact an advisor in the office of Academic and Student Affairs to determine if they are eligible.
Students may take nonengineering courses during summer and winter sessions.
Students may request a review of their status by contacting the office of Academic and Student Affairs.

Advising
Successful completion of a program in the Ira A. Fulton Schools of Engineering requires careful planning. While final responsibility for becoming familiar with and understanding academic degree requirements lies with the student, each program employs professional academic advisors who work with students in setting academic and career goals, understanding school and university policies and procedures, meeting degree requirements and becoming familiar with the university’s and the school’s sources of academic support. Students may also work with a faculty advisor familiar with the chosen field of specialization. Students should consult with an advisor prior to registering each semester. A list of program advisors can be viewed at http://engineering.asu.edu/advising.
Students are encouraged to utilize the eAdvisor (http://eadvisor.asu.edu/) tool for academic planning. eAdvisor provides critical requirements and major maps, which are individualized student reports that lay out a specific, clear and accurate path to timely completion of the intended degree.
Many students find it necessary to work while attending ASU. The working student should endeavor to create a careful balance of work and class responsibilities to avoid academic problems. Students should inform their academic advisors of any outside work or activity so that course loads may be adjusted accordingly.
Staff in the office of Academic and Student Affairs in the Ira A. Fulton Schools of Engineering are available to assist individual students with many different types of advising issues. They work with students to answer general questions about policies and procedures; help with registration transactions; administer the probation, disqualification and readmission processes; oversee disciplinary actions; hear grade grievances and assist with other administrative matters.

Mandatory Advising
All first-year students, student athletes, and students who are found to be having academic difficulty are required to be advised before they can register for classes, including summer sessions. Some programs relax the advising requirement after the first year, so students should consult their academic advisor or review their "to do" list in MyASU to determine if advising is required.

Credit/Registration
Students are required to register for courses using one of the university-provided processes. As part of the registration process, the school enforces the following registration restrictions.
Maximum Hours
Students enrolled in an undergraduate degree program in the Ira A. Fulton Schools of Engineering may register for a maximum of 19 credit hours per semester. Any student wanting to register for more than the maximum must submit a college standards petition and have an approval on file prior to registering for the overload.
Probationary Status
Students who have been placed on academic probation must meet with their academic advisor and complete the Probation Success Plan. The success plan is designed to assist students in identifying a path to academic success and can be found at http://engineering.asu.edu/students/standards. Students on academic probation may enroll in a maximum of 13 credit hours per semester.
Degree Requirements
Undergraduate Nondegree Status
Students who are enrolled in an undergraduate nondegree status in the schools must obtain advising and approval to register from the office of Academic and Student Affairs before registering each semester.
Course Prerequisites
Students should consult the schedule of classes and the catalog for course prerequisites. Students who register for courses without the designated prerequisites may be withdrawn without the student’s consent at any time before the final examination. Such
withdrawal may be initiated by the instructor, the program chair of the program offering the course, or the dean of the college. In such cases, students will not receive monetary reimbursement.

**Pass/Fail Grades**

Students enrolled in the schools do not receive degree credit for pass/fail courses taken at this institution. In addition, no courses in the schools are offered for pass/fail credit. Students requesting credit for pass/fail courses taken at another institution must file an Ira A. Fulton Schools of Engineering standards petition. Each request is judged on its particular merits.

**Non-Ira A. Fulton Schools of Engineering Students**

Students who are not admissible to programs in the Ira A. Fulton Schools of Engineering and who enroll in another college at ASU, may not register for any 300- or 400-level courses in the schools unless the course(s) are required in their degree program and the students have the proper course prerequisites.

**First-year Composition Requirement**

Completion of the first-year composition requirement [6] is required for graduation. Any student whose written or spoken English in any course is unsatisfactory may be required by the appropriate school director of program chair to take additional course work.

**Change of Major**

Students interested in changing their major to one of the programs within the Ira A. Fulton Schools of Engineering must meet the schools' admission requirements for transfer students. Change of major is not guaranteed, and students interested in changing majors are encouraged to make an appointment with an advisor in the program of interest to discuss the probability of success and to develop a plan of action to ensure successful advancement to upper-division courses. For admissions information, visit [http://engineering.asu.edu/undergraduate/adreqs](http://engineering.asu.edu/undergraduate/adreqs) [7].

**Evaluation of Previous Course Work**

Transferring from one institution to another or between programs can result in a net loss in credits that count toward the degree. Thus, it is important for students who contemplate transferring into the Ira A. Fulton Schools of Engineering from another institution, whether a community college or four-year institution, to carefully study the catalog material pertaining to the particular program to get a sense of what courses may transfer.

Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades lower than "C" (2.00) are accepted as transfer credit to meet the graduation requirements of the school. Credits transferred from a community college or two-year institution are applied only as lower-division credits. For a listing of the acceptable courses transferable to the various degree programs, prospective Arizona transfer students should consult their advisors and refer to the ASU transfer tools available at [http://articulation.asu.edu/](http://articulation.asu.edu/) [8].

It should be noted that some courses taken in other ASU colleges or other universities may be acceptable for general university credit but may not be applicable toward the degree requirements of the school. Determination of those particular courses applicable to a specific degree program is made within the appropriate academic unit with approval of the dean.

**Currency of Course Work**

Courses taken more than five years before admission to degree programs in the Ira A. Fulton Schools of Engineering are not normally accepted for transfer credit, at the option of the program in which the applicant wishes to enroll. Courses completed within the five years preceding admission are judged for their applicability to the student’s curriculum.

**General Education Development**

Students admitted to the university after successful completion of the General Education Development (GED) examination are directly admitted to the Ira A. Fulton Schools of Engineering (B.S.E. or B.S.) program within their major, provided they meet the minimum ACT or SAT score required for freshman admission to the Ira A. Fulton Schools of Engineering.

**Graduation Requirements**

To qualify for graduation, an Ira A. Fulton Schools of Engineering student must have a minimum cumulative ASU GPA of 2.00 in addition to having a GPA of at least 2.00 for the courses in their major field.

**University Graduation Requirements**

In addition to program and schools' requirements, students must meet all university graduation requirements [6]. A well-planned program of study enables students to meet all requirements in a timely fashion. Students are encouraged to consult with an academic advisor in planning a program to ensure that they comply with all necessary requirements.

**Reinstatement/Readmission**

**Readmission**

Undergraduate degree seeking students who previously attended ASU in the Ira Fulton Schools of Engineering but have not been enrolled at ASU for one or two consecutive fall or spring semesters are eligible to return through "Quick Reentry." Students do not need to submit a new application or application fee, but must contact an academic advisor in their program for registration.

Undergraduates who have been away from the university for three or more semesters and want to return to ASU in an Ira A. Fulton Schools of Engineering program, are required to apply for readmission through the university registrar’s office. Readmission requests are processed as follows:
School of engineering students seeking readmission to the same program they left, and who left ASU with either academic good standing or probation status, are readmitted to the degree program they left with the same academic standing (i.e., good academic standing or probation) they had when they left ASU.

Students seeking readmission to an Ira A. Fulton Schools of Engineering program other than the program they left, and who have an ASU GPA of 3.00 or higher, are readmitted to the degree program with the same academic standing (i.e., good academic standing or probation) they had when they left ASU.

Students seeking readmission to an Ira A. Fulton School of Engineering program other than the program they were in when they left, and who left ASU with either academic good standing or probation status, and who have an ASU GPA less than 3.00 are subject to the admission by change of major process. These requests for readmission are reviewed on an individual basis. If the request for readmission is approved, the student is readmitted to the new degree program with the same academic standing (i.e., good academic standing or on probation) they had when they left ASU.

Students seeking readmission to an Ira A. Fulton Schools of Engineering program, and who left ASU with either ineligible or disqualified status, are subject to review by the office of Academic and Student Affairs and the program. Readmission is only considered after a student has remained out of the Ira A. Fulton Schools of Engineering for a minimum of 12 months.

Students are required to supply proof that they are now capable of successfully completing courses in the discipline by the completion of at least 15 hours of appropriate course work with a GPA of 3.00 or higher and a cumulative (ASU + transfer) GPA of at least 2.50.

If the readmission request requires a change of major, then the admission by change of major review must be completed. If readmission is approved, students will return with continued probation status in the appropriate degree program.

Once readmitted, returning students are required to meet with a program advisor before enrolling in courses at ASU.

Other Special Requirements

Advancing to Upper-division Courses

The faculty in the Ira A. Fulton Schools of Engineering have identified a set of critical requirements in the first four semesters of each program whereby performance in these critical requirements is a key component in progressing in the chosen major. These critical requirements include a set of courses and performance levels required in those courses and are outlined on the major maps.

Graduate Policies

Policy for Maintaining Satisfactory Progress

A student who has been admitted to a graduate degree program in the Ira A. Fulton Schools of Engineering, with either regular or provisional admission status, must maintain a 3.00 or higher GPA in all of the following:

- All work taken for graduate credit (courses numbered 500 or higher).
- Course work in the student’s approved plan of study.
- All course work taken at ASU (overall GPA) post-baccalaureate.

A. A student will be placed on academic probation if one or more of the student’s GPAs listed above falls below 3.00. Students will be notified by mail when placed on academic probation.

B. A student will earn academic good standing by obtaining a 3.00 or better in the GPAs listed above by the time the next nine hours are completed. Course work such as research and dissertation registration that are for "Z" (in progress) or "Y" (satisfactory) grade cannot be included in these nine hours.

C. A student may be recommended for withdrawal from a graduate program if the student fails to increase all of the GPAs listed above to 3.00 or better by the time he/she completes at least nine credit hours as defined in section B.

A student may appeal actions concerning withdrawal by petitioning the program in which they are enrolled.

Academic units in the Ira A. Fulton Schools of Engineering can expand this policy statement to include additional policy governing the satisfactory academic progress of the students in their graduate programs.

Additional Graduate Policies

Full details of policies related to graduate students in the Ira A. Fulton Schools of Engineering can be found on each program's Web page. For a list of programs, visit http://engineering.asu.edu [9]. University policies related to graduate students can be found at http://graduate.asu.edu [10].

Source URL: http://catalog.asu.edu/policies/engineering

Links:
Honors - Barrett, the Honors College

Students who have demonstrated high levels of academic achievement in high school or college may apply for admission to Barrett. All candidates for admission must file an application to the college separate from their ASU application.

Applicants are evaluated on the basis of their high school GPA (Arizona Board of Regents GPA based on 16 competency courses), high school class rank and performance on the SAT or ACT; as well as talents that contribute to leadership and community service. Continuing ASU or transfer students are evaluated on their college GPA.

Application forms and additional information about the college and its activities are available by calling 480-965-2359 or by accessing the website at http://barretthonors.asu.edu [1].

Undergraduate Policies

Advising

Barrett students have advisors in their major, an assigned Barrett honors advisor, and Faculty Honors Advisors in departments throughout the university. Students are encouraged to stay in regular contact with all of these resources and are required to complete mandatory advising sessions with their Barrett honors advisor during semesters 1, 3, and 6. To schedule an appointment with a Barrett honors advisor, call 480-965-9155. Office hours are Monday through Friday, 8 a.m. to 5 p.m. in Sage North 110.

Students can review honors opportunities in majors at http://barretthonors.asu.edu [1]. There are also special pre-law and pre-health advising opportunities for Barrett students. Contact the Barrett advising office for more information.

Degree Requirements

Barrett Academic Course Requirements

Honors students must maintain high standards of academic performance and show progress toward completion of graduation requirements in their disciplinary majors and in Barrett. In order to graduate from Barrett, students must complete the following (which includes a total of 36 credit hours of honors course work):

HON 171 and HON 272/273/274 The Human Event must be completed in sequence during a student’s first two semesters in the college.

Thirty additional credit hours of honors course work must be earned with a letter grade of “C” (2.00) or higher. This may include HON prefix classes, honors sections of classes, honors enrichment contracts or any automatic honors course such as ENG 105 (in-person sections), CHM 117, CHM 118, PHY 333, or any graduate-level course.

Included in the 36 credit hours of honors course work are 18 hours of upper-division or graduate-level honors credits for an earned letter grade of “C” (2.00) or higher, including six credit hours of honors course work outside the academic major. Students should investigate specialized honors upper-division tracks within their majors.

Students admitted as upper division transfer students (defined as 48 post-high school university credits completed by the time of planned enrollment in Barrett) must complete a three credit 300-level upper-division HON special topics course in addition to the 18 required hours of upper-division honors course work. Six of the 21 honors credits must be outside the academic major. A total of 21 hours of upper-division honors course work are required for these transfers because transfers do not have time to complete all 36 honors hours.

Students are required to complete an honors thesis/creative project for at least three credit hours, though students are encouraged to complete six thesis credit hours. The thesis credit hours may be included in the 18 required hours of upper-division honors course work. The honors thesis is launched with a prospectus form due one academic year before the defense. The final honors thesis copy must be filed by the posted deadline during the student’s graduation semester.

ASU graduation requirements in an academic major must be met.

The student must maintain a cumulative ASU GPA of 3.25 or higher.

Barrett course requirements may be met in a variety of ways. There are two specific required courses for first year students. Only courses in which a student receives a grade of “C” (2.00) or higher may be used to meet Barrett requirements.

Those entering the college as lower-division students must take 18 lower-division honors credits, which include HON 171 and 272/273/274 The Human Event. This cross-disciplinary seminar acquaints students with ideas that form the foundation of a university education and emphasizes critical thinking, discussion and writing.
Those who enter as upper-division students must take 21 upper division honors credits, including a required three-credit, 300-level HON honors course. Junior-level seminar courses introduce students to critical thinking, discussion and writing in a topical area chosen by the instructor. It is expected that all students complete this course no later than the second semester after transferring. Departmental honors-only courses are limited to honors students and others who receive special permission from the instructor to enroll. Enrollment in these courses is limited. Compared to their nonhonors equivalents, these courses are designed to offer a richer, more complex intellectual experience appropriate to the discipline and the level of the course for all students enrolled. Other disciplinary honors courses group honors students in small cohorts to work on research projects of common interest.

Honors enrichment contracts are available in many departmental courses allowing honors students to contract with the instructor of designated nonhonors courses to earn honors credit by pursuing enrichment activities, which may include supplemental sessions with the instructor. Honors enrichment contracts must be filed during the first four weeks of class and completed during the semester in which the course is offered. Each contract form offers guidelines to aid students and faculty in developing appropriate contracts.

Course numbers listed in the online ASU schedule of classes as 298/492 Honors Directed Study, 493 Honors Thesis, 497 Honors Colloquium and all classes with the HON prefix are reserved for students in Barrett and always count for honors credit. Students may receive credit for more than one of each of these courses in a given department.

Departmental courses with the number 493 are reserved for honors students completing their honors theses and creative projects. A student may enroll for these courses only with the approval of the sponsoring academic department and of the faculty member who serves as the student’s thesis director. Course numbers listed in the online ASU schedule of classes as 493 fulfill the student's upper-division literacy and critical inquiry (L) General Studies requirement.

There are certain courses that carry automatic honors credit. These include ENG 105 (any in-person section), CHM 117, CHM 118, and PHY 333. Graduate level courses automatically earn honors credit.

Journalism and Mass Communication, Walter Cronkite School of

The Walter Cronkite School of Journalism and Mass Communication recommends that students contact our Student Support Center at 602-496-5055 to obtain the most current information on college policies. The Cronkite school advising staff are available to assist with any questions regarding the school's policies.

Undergraduate Policies

Academic Integrity

Academic dishonesty in any form will not be tolerated in the Walter Cronkite School of Journalism and Mass Communication. The crux of our democracy is the ability of citizens to obtain honest, truthful and balanced information, and the credibility and integrity of the individual journalist and communications professional are crucial in that effort.

As the mission of the Cronkite school is to prepare students to become journalists and communication professionals, that credibility and integrity will be fostered within the educational environment of the school. To that end, a zero tolerance policy toward academic dishonesty will be enforced within every course and educational activity offered or sanctioned by the school.

Any allegations of academic dishonesty will automatically be referred to the Standards Committee of the school for review and recommendation to the dean of the school. If any student is found by the committee to have engaged in academic dishonesty in any form, including, but not limited to, cheating, plagiarizing and fabricating, that student shall receive a grade of XE for the class and will be dismissed from the Walter Cronkite School of Journalism and Mass Communication. Reinstatement will not be considered. There will be no exceptions.

Advising

Students should follow the sequence of courses outlined on major maps, their online degree audits, and the advice of the school’s academic advisors. Conscientious, careful planning and early advising are crucial to students who desire to progress through the program in a timely fashion. The critical requirements for freshmen in the school are available at [1].

Graduate Policies

Advising

Preadmission information, advising and continuing support are provided by the graduate student support specialist, who can be reached at 602-496-1796.

Maximum Time Limit
Master of Mass Communication students have six years to complete the program beginning with the date the first course in the program is taken.

Doctoral students have ten years to complete the program, beginning with the date the first course in the program is taken.

Law, Sandra Day O'Connor College of

Graduate Policies

Academic Integrity

Honor Code

The legal profession, a self-regulating association, depends on the integrity, honor and personal morality of each member. Similarly, the integrity and value of a Sandra Day O'Connor College of Law degree depends on a reputation for fair competition. The college’s honor code is intended as a measure to preserve the integrity of the school’s diploma and to create an arena in which students can compete fairly and confidently. Copies of the honor code are available from the college’s Student Services Office.

Academic Standing

Retention Standards

The College of Law requires a minimum grade point average of 73.00 or 2.00 to continue enrollment. If the grade point average falls below this number students may be disqualified following College of Law policies.

Academic Standing

Retention Standards

The College of Law Statement of Student Policies contains additional retention and academic policies. The Statement of Student Policies can be found at http://law.asu.edu [1].

Advising

Academic assistance for currently enrolled law students is available through the office of the assistant dean for academic affairs. Admissions Process

The Sandra Day O'Connor College of Law enrolls only one first-year, JD class per year, and it enters in the fall semester. The program is a three-year program, and almost all students study on a full-time basis. The College does offer a flexible scheduling option for students with circumstances that make full-time enrollment impossible. To be considered for admission to the JD program, an applicant must:

- Demonstrate that he or she will have earned an undergraduate degree from an accredited four-year college or university by the time of enrollment in the JD program.
- Take the LSAT and provide a reportable score from that test.
- Submit a completed application with application fee.
- Submit transcripts and letters of recommendation through the Law School Admissions Council's Credential Assembly Service (CAS), which will be provided to the College of Law by LSAC with the applicant’s LSAT record. Applicants are encouraged to apply electronically through www.lsac.org [2].
- The undergraduate record and LSAT score are only two of many factors considered for admission.

More details about the application process can be found at http://www.law.asu.edu/admissions [3]. For an application to be considered timely, it must be postmarked or electronically submitted by Feb. 1. For earlier consideration, the early decision deadline is Nov. 1.

Letters and Sciences, School of

The School of Letters and Sciences provides students across ASU with the knowledge and skills to comprehend and effectively engage the changing world of the 21st century at local, national and global levels. The school offers graduate and undergraduate
degree programs that prepare students for a rapidly changing marketplace, as well as foundational instruction in humanities, social sciences, mathematics, sciences and professional fields.

**Undergraduate Policies**

**Academic Standing**

The standards for GPA and the terms of academic probation, disqualification, reinstatement and appeal are identical to those of the university as set forth under Retention and Academic Standards. When students are placed on probation, one of three things can happen:

The student may raise his or her cumulative GPA to academic good standing by taking new classes and be removed from academic probation after the fall or spring semester.

The student may receive the required semester GPA but not raise the cumulative GPA to academic good standing, in which case the student may continue on academic probation, earning the required semester GPA, for as many semesters as it takes to raise the cumulative GPA to academic good standing.

The student may fail to achieve the required semester GPA and be disqualified.

**Advising**

All students are encouraged to seek advising before registration. Students must follow the calendar published in the Registration and Tuition Payment Guide each semester for information and deadlines pertaining to enrollment, adding/dropping classes and withdrawals.

In addition to information provided by an academic success specialist, students must read the requirements for university General Studies, college graduation, and major degree requirements in their edition of the ASU Academic Catalog. The ASU Academic Catalog is the governing source for all degree requirements.

**Advising Locations**

Advising offices are located at the Tempe, Downtown Phoenix, and Polytechnic campuses. Students should seek advising from the appropriate office as outlined below.

<table>

**Mandatory Advising**

The following students in the School of Letters and Sciences must receive advising and must be cleared before registering for classes:

Students in their first semester at ASU.

Students on academic probation.

Students with a cumulative GPA of less than 2.00.

Students who have been readmitted to ASU.
Students who have been disqualified (these students are allowed to attend ASU summer sessions only and must be advised prior to registration).

Students who are “off track” in their major.

Students are encouraged to check their mandatory advising status each semester before attempting any registration transactions.

Credit/Registration

Any student enrolling in courses offered by the School of Letters and Sciences is expected to follow the rules and deadlines specified in this catalog and the current Registration and Tuition Payment Guide. Students are encouraged to meet with their academic success specialists before registration.

Degree Requirements

All candidates for graduation are required to complete at least 120 credit hours, of which at least 45 hours must consist of upper-division courses. A minimum ASU cumulative GPA of 2.00 is required for graduation.

Course Load

Students enrolled in an undergraduate degree program in the School of Letters and Sciences may register for a maximum of 18 credit hours for fall or spring semesters and 14 credit hours for summer.

Appeals Procedures

Academic appeals and requests for variances or exceptions should be discussed first with the student’s academic success specialist and then, if necessary, submitted in writing to the School of Letters and Sciences standards committee. The University Standards Committee also reviews all requests reviewed by the School of Letters and Sciences standards committee for exceptions to university requirements.

Concurrent Degrees

Students who wish to obtain concurrent degrees must request approval from the School of Letters and Sciences and the college offering the second degree. Students who wish to obtain concurrent degrees may not double-count courses from one major to the next and must have at least 30 different credit hours in each major.

Reinstatement/Readmission

For students who are disqualified, reinstatement to the School of Letters and Sciences is only granted for those that 1) raise their ASU cumulative GPA to good academic standing (see table below) by taking ASU summer classes, or 2) complete 12 or more transferable credits at another college or university with a GPA of 2.50 or higher and no grades lower than “C” (2.00).

Liberal Arts and Sciences, College of

Undergraduate Policies

Academic Integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The possible sanctions include, but are not limited to, appropriate grade penalties, loss of registration privileges, disqualification and dismissal. For more information, see [http://provost.asu.edu/academicintegrity](http://provost.asu.edu/academicintegrity) [1].

Student Responsibilities

Any student enrolling in courses offered by the College of Liberal Arts and Sciences is expected to follow the rules and deadlines specified in this catalog and the current Registration and Tuition Payment Guide. Students are urged to meet with their departmental academic advisors before registration. Students with additional questions or problems are also urged to meet with advisors in the Office of Student and Academic Programs, in FULTN 110, regarding the academic rules of the college and the university.

Academic Standing

The standards for GPA and the terms of academic probation, disqualification, reinstatement and appeal are identical to those of the university as set forth under Retention and Academic Standards, except that the disqualified student in the College of Liberal Arts and Sciences is suspended for at least two regular semesters at the university. When students are placed on probation, one of three things can happen:
The student may raise his or her cumulative GPA to academic good standing by repeating eligible classes or taking new classes and be removed from academic probation after the fall or spring semester.

The student may receive the required semester GPA, but not raise the cumulative GPA to academic good standing, in which case, the student may continue on academic probation, earning the required semester GPA, for as many semesters as it takes to raise the cumulative GPA to academic good standing.

The student may fail to achieve the required semester GPA and be disqualified.

Students who leave the university for a semester or more while on academic probation are not automatically readmitted. Such students, and all disqualified students, should contact the Office of Student and Academic Programs in FULTN 110, regarding procedures and guidance for reinstatement and returning to academic good standing. By following recommendations and meeting established standards for summer school work or course work at other institutions, the possibility of successful reinstatement is enhanced. All students who are academically disqualified or who are off track for two semesters should contact this office. The office provides transitional advising for students who must choose another major. Also available in this office is information on policies and procedures of the college on academic honesty, student grievances with respect to grades and various petitions regarding college standards and graduation requirements.

Advising

All students are urged to seek advising in the appropriate college unit before registration. Students must follow the calendar published in the Registration and Tuition Payment Guide each semester for information and deadlines pertaining to enrollment, adding/dropping classes and withdrawals.

In addition to information provided by an advisor, students must read the requirements for university General Studies and college graduation in their edition of the ASU Academic Catalog. The ASU Academic Catalog is the governing source for all degree requirements. Students must consult the their major map for the major degree requirements.

Regular Advising

All students are strongly urged to seek advising in the appropriate college unit before registration.

eAdvisor

In fall 2007, ASU introduced eAdvisor, which gives students the tools to successfully follow their major map to graduation. eAdvisor assists students in

- Learning more about graduation requirements for their major.
- Discerning what critical-requirement courses and grades are required to stay on track to successfully complete their degree.
- Planning for and scheduling appropriate courses in the correct sequence to maximize success.
- Monitoring progress toward their degree.
- Finding out how courses may fit into other majors if they decide to change majors.

Advising Locations

College of Liberal Arts and Sciences students should seek routine advising in the department or school of their major.

The Office of Student and Academic Programs, in FULTN 110, is the central resource center for academic information in the college. Requests from students, departmental advisors and faculty for clarification of rules, procedures and advising needs of the college and university should be directed to that office.

Advising Holds

The following categories of liberal arts and sciences students must receive advising and must be cleared before their classes are scheduled:

- Students in their first semester at ASU.
- Students on academic probation.
- Students with a cumulative GPA of less than 2.00.
- Students in their first three semesters.
- Students who have been disqualified (these students are allowed to attend ASU summer sessions only and must be advised in the Office of Student and Academic Programs in FULTN 110).
- Students who have surpassed their 64th earned hour.
- Students who are off track in their major.

Students in the above categories should consult an advisor in the department or school of their major (with the exception of disqualified students, who may only receive advising in the Office of Student and Academic Programs, FULTN 110). Students are encouraged to see if they have an advising hold each semester before attempting registration transactions.

Internships
All students are encouraged to complete at least one internship before graduation; some majors require internships. Many college disciplines have well-established internship programs, so students should begin by seeking information in their academic departments.

Advising for Preprofessional Programs

Special advising is available for students planning to enter the fields listed in the Advising for Preprofessional Programs table. The professional programs shown in the table are not majors in themselves; that is, there are no majors called “premedical,” “prelaw,” etc. In each program, the student must select an established major in the college or in one of the other colleges.

### Advising for Preprofessional Programs

### Health Professions

Students pursuing admission to professional schools in the health professions must choose a major offered by ASU. However, specific courses must be taken to prepare the student to take the MCAT or other entrance examinations and to succeed in post-baccalaureate training. Therefore, students who plan to pursue a health profession should meet regularly with the staff in the Pre-Professional Advising Office (PPAO) for guidance. While this guidance does not replace the need to meet with an advisor in the department of the student’s major, health professions advising is a necessary supplement. To schedule a meeting with an advisor in the Pre-Professional Advising Office, located in FULTN 135, call 480-965-2365.

### Pre-law

The American Bar Association does not recommend any specific major for students who wish to apply to law school upon graduation. ASU does not have a “prelaw” degree program. Therefore, students should select a major that interests them. Recent surveys of law school graduates indicate that students would be well advised to take one or two semesters of accounting as a supplement to their major curriculum. In addition, the American Bar Association recommends a variety of courses in the classics, economics and mathematical reasoning. Courses that engage the student in intense critical analysis and a substantial amount of writing are also recommended. As the student approaches the second semester of his or her junior year, the student should schedule a meeting with the prelaw advisor located in FULTN 135, by calling 480-965-2365.

### Credit/Registration

Credit Requirement

All candidates for graduation in the Bachelor of Arts, Bachelor of Science or Bachelor of Science in Planning degree curricula are required to complete at least 120 credit hours, of which at least 45 hours must consist of upper-division courses. A minimum ASU cumulative GPA of 2.00 is required for graduation.
Concurrent Degrees

Students who wish to obtain concurrent degrees must realize that there are certain combinations that would not be approved because there is too great an overlap between the courses required for each major. For example, students may not obtain concurrent degrees in two life sciences. Students who wish to obtain concurrent degrees may not double-count courses from one major to the next, but must have at least 30 different credit hours in each major.

Minors

The College of Liberal Arts and Sciences offers minors in many of its disciplines. All minors must entail a minimum of 18 hours in the discipline with at least 12 of those hours as upper-division courses. Students should work with the advisor in the department of the minor to make certain they are making the most effective choices to complete their minors. Students may not use courses in their minors toward the major and, similarly, students may not use courses in the major to fill the requirements of the minor. Additionally, there may be some disciplines that are too close in content for a student to choose a particular minor and major.

Course Load

The normal course load is 15 or 16 credit hours. First-semester freshmen and entering transfer students are not permitted to register for more than 18 credit hours in the initial semester. Other students who wish to register for more than 18 hours must have a GPA of at least 3.40 and have completed a minimum of two semesters at ASU in which the student has completed 17 to 18 hours per semester. If a student meets these requirements, he or she make seek an overload for 19 to 21 hours from the advising office in the department of the major. Any petition for an overload in excess of 21 hours must be presented to the Office of Student and Academic Programs in FULTN 110. No student should assume that his or her petition for overload will be granted.

For summer sessions, the maximum course load is 14 credit hours, seven per 5-week summer session. Overloads are rarely granted for these sessions and requests must be petitioned to the Office of Student and Academic Programs in FULTN 110.

Pass/Fail Grade Option

The pass/fail grade option is intended to broaden the education of liberal arts and sciences undergraduates by encouraging them to take advanced courses outside their specialization. A grade of “P” (pass) contributes to the student’s earned hours but does not affect the GPA. A failing grade is computed into the GPA.

Only College of Liberal Arts and Sciences students with at least 60 credit hours may take courses under the pass/fail option. The option may be used under the following conditions:

Enrollment for pass/fail needs the approval of the instructor and the college.

Enrollment under this option must be indicated during registration and may not be changed after the late registration period.

A maximum of 12 hours taken for pass/fail may be counted toward graduation.

Students may not enroll under the pass/fail option in the following courses:

Those taken to satisfy the second language or first-year composition requirements.

Those in the student’s major, minor or certificate program.

Those counted toward or required to supplement the major.

Those counted as 499 Individualized Instruction.

Those taken for honors credits.

Those counted toward satisfying the College of Liberal Arts and Sciences graduation requirements or the General Studies requirement.

Audit Grade Option

A student may choose to audit a course in which he or she attends regularly scheduled class sessions but earns no credit. The student should obtain the instructor’s approval before registering for the course.

Note: This grade option may not be changed after the drop/add period.

Degree Requirements

College Graduation Requirements

All students in the College of Liberal Arts and Sciences must complete the university General Studies requirement as well as all requirements in the major. In addition, the college has established requirements that are specific to the Bachelor of Arts, Bachelor of Science and Bachelor of Science in Planning degrees.

A. Bachelor of Arts Degrees. Students pursuing Bachelor of Arts degrees in the college must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of “C” (2.00) or higher in each course. Second-language course requirements may be fulfilled in one of the following ways:

Completion of second language course work at the intermediate level (202 or equivalent). Those students completing this requirement in Ancient Greek must take both GRK 301 and 302; students completing the requirement in Portuguese or Romanian must complete POR 314 or ROM 314.

A foreign language course at the 300 level or higher taught in the foreign language and having 202 or its equivalent as a prerequisite. Demonstrated completion of secondary education at a school in which the language of instruction is not English.

Academic Catalog Archive 2011-2012 140
Completion of SHS 202 American Sign Language IV or its equivalent.

B. Bachelor of Science degrees. Students pursuing Bachelor of Science and Bachelor of Science in Planning degrees in the college must complete six credit hours (two courses) of “Science and Society” courses. Students should consult with an advisor in the department or school of their major for a list of appropriate courses. The current list of Science and Society courses is also listed on the college's website at [http://clas.asu.edu/scienceandsociety](http://clas.asu.edu/scienceandsociety).

C. All students are required to take a minimum of MAT 119 or higher. A grade of “C” (2.00) or higher must be earned in the chosen mathematics course.

D. All students admitted as first-time freshmen are required to complete a freshman success course or first-year seminar. These courses are designed to introduce students to the College and help them gain an understanding of what they will need to be a successful student at ASU. Topics include academic success, academic integrity, and student engagement.

**Major Requirements**

Each student is required to select a major from among the fields of study offered by the College of Liberal Arts and Sciences. The requirements for completion of the major are described under departmental listings.

A. The major department may require up to 45 credit hours of course work. The minimum is 30 hours. A maximum of 15 additional hours may be required in related courses and prerequisites. No more than 60 credit hours of course work may be required to complete the major, related courses and prerequisites. Some departments require calculus-level mathematics; up to five of these credit hours may be excluded from the 60-hour maximum because they satisfy the mathematics proficiency requirement. A minimum of 12 upper-division hours in the major must be taken in residence.

B. No credit is granted toward fulfilling major or minor requirements in any upper-division course in that subject field unless the grade in that course is at least a “C” (2.00). In the College of Liberal Arts and Sciences, the assignment of a grade of “Y” (satisfactory) indicates a level of performance that would have resulted in a grade of at least “C” (2.00) had the normal grading scheme been used. See the individual departments for other minimum grade requirements.

C. Major fields of study are classified into the following three areas:

- **Humanities**
  - Asian Languages (Chinese/Japanese).
  - English.
  - Film and Media Studies.
  - French.
  - German.
  - History.
  - International Letters and Cultures.
  - Italian.
  - Jewish Studies
  - Philosophy.
  - Religious Studies.
  - Russian.
  - Spanish.

- **Natural Sciences and Mathematics**
  - Biochemistry.
  - Biological Sciences.
  - Chemistry.
  - Computational Mathematical Studies.
  - Earth and Environmental Sciences.
  - Earth and Space Exploration.
  - Mathematics.
  - Microbiology.
  - Molecular Bioscience/Biotechnology.
  - Physics.
  - Psychology.
  - Speech and Hearing Science.
  - Social Sciences.
African and African American Studies.
American Indian Studies.
Anthropology.
Applied Mathematics for the Life and Social Sciences.
Asian Pacific American Studies.
Communication.
Economics.
Family and Human Development.
Geography.
Global Health.
Global Studies.
Justice Studies.
Political Science.
Sociology.
Transborder Chicana/o and Latina/o Studies.
Urban Planning.
Women and Gender Studies.
General Electives

Most Liberal Arts and Sciences majors can meet all of the above requirements with fewer than the 120 credit hours required for graduation. Remaining hours are general electives that may be selected from any of the departments of the College of Liberal Arts and Sciences and from the offerings of the other colleges.

Reinstatement/Readmission
Students who were academically disqualified from the university must earn readmission to the College of Liberal Arts and Sciences. That process most generally entails taking a minimum of 12 credit hours of courses that are pre-approved by the Office of Student and Academic Programs at a community college, earning a minimum 3.00 GPA while not receiving any grade lower than a "C" (2.00). In order to learn what is required of the individual, students must schedule an appointment by calling 480-965-6506. Enrolling and completing courses not pre-approved by the Office of Student and Academic Programs may result in a denial of readmission to the college, no matter how well the student has performed.

Students who were additionally off track for two semesters and who were disqualified from the university or who left on probation, will not be able to be readmitted to their former majors, but must choose another major for which to attempt to earn reinstatement. For more information, call 480-965-6506.

Other Special Requirements
Some of the major degree programs offered by the College of Liberal Arts and Sciences require the student to complete a portfolio process before being admitted to take upper division classes in the major. Students should check with the department or school of their major to see if there are any such policies that apply to them.

Links:

New College of Interdisciplinary Arts and Sciences Policies

Undergraduate Policies
Degree Requirements
All candidates for graduation in the B.A. and B.S. curricula are required to present at least 120 credit hours, of which at least 45 credit hours must consist of upper-division courses. A minimum cumulative GPA of 2.00 is required for graduation.

It is the student’s responsibility to be aware of the requirements for their degree program and to select courses accordingly. To graduate, a student must satisfy three requirements:

College proficiency requirements for language and cultures, and mathematics.
University first-year composition and General Studies requirements.
Major requirements that involve concentrated course work in one program.

Proficiency Requirements
Each student is required to demonstrate proficiency in the analysis of language and cultures and mathematics by passing an examination or by completing the courses specified below with a grade of “C” (2.00) or higher in each course.

Students considering graduate work after completion of a bachelor’s degree should consult with faculty advisors regarding language requirements in their intended areas of study.

Language and Cultures
This requirement may be satisfied through one of the following:
- Completion of secondary education at a school in which the language of instruction is not English.
- Completion of a language course at the intermediate level (202 or equivalent), including American Sign Language IV.
- Completion of upper-division course(s) taught in a foreign language, taken in the United States or the relevant country.
- Completion of six credit hours of upper-division courses that have a global awareness (G) or cultural diversity in the U.S. (C) designation, in addition to the courses used to meet the University General Studies requirements.
- Completion of two sequential semesters of course work in a current computer language. Contact the college advising office for information on applicable course work.

Mathematics
MAT 142 or any MAT course for which MAT 117 or a higher-level MAT course is a prerequisite.

Major Requirements
Each student is required to select a major from among the programs offered by the New College of Interdisciplinary Arts and Sciences.

The major program may require up to 45 credit hours of course work. The minimum is 30 hours. A maximum of 18 additional hours may be required in related courses and prerequisites. No more than 63 credit hours of course work may be required to complete the major, related courses and prerequisites.

No credit is granted toward fulfilling major or minor requirements in any upper-division course in the subject field of the major unless the grade in that course is at least a “C” (2.00). Normally a “Y” (satisfactory) grade needs confirmation that it is equivalent to a “C” (2.00) or higher.

General Electives
After the three requirements have been satisfied, the remainder of the minimum 120 credit hours required for graduation are general electives. Contact college advisors for assistance in selecting elective courses.

Source URL: [http://catalog.asu.edu/policies/new_college](http://catalog.asu.edu/policies/new_college)

Nursing and Health Innovation, College of

The College of Nursing and Health Innovation recommends that students contact the Student Services Office at 602-496-0888 to obtain the most current information on college policies. Because of changing resources regarding clinical experiences, the criteria used to determine how spaces will be assigned in the traditional pre-licensure clinical nursing program are subject to change.

Undergraduate Policies

Academic Integrity
Academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to, appropriate grade penalties, loss of registration privileges, disqualification and dismissal. The College of Nursing and Health Innovation adheres to the Student Code of Conduct regarding academic dishonesty. A copy of the Student Code of Conduct may be obtained online at [http://provost.asu.edu/academicintegrity](http://provost.asu.edu/academicintegrity) [1]. Academic dishonesty is not tolerated in any course and is subject to specific College of Nursing and Health Innovation policies and procedures.

Review the College of Nursing and Health innovation Undergraduate Student Handbooks ([https://nursingandhealth.asu.edu/students/forms](https://nursingandhealth.asu.edu/students/forms) [2]) for additional information regarding College policies.

Academic Standing
University standards for academic good standing and Sun Devil Tracking are followed for all majors in the College. Students who do not maintain the minimum GPA after each fall or spring semester are placed on academic probation. Students on academic probation or continuing probation must meet with an academic advisor before registration for the subsequent semester. Students placed on academic probation have one semester to raise the cumulative or semester GPA to meet the academic good standing criteria; otherwise, these students may be disqualified or determined to be ineligible for some majors in this College. Disqualified students are not permitted to enroll for the fall or spring semesters.
Sun Devil Tracking focuses on students who initially enroll as full-time freshmen and tracks progress during their first four semesters. It identifies and outlines the critical courses, GPA requirements and milestones that predict success in each major. Students use major maps and progress reports to plan what courses to take each semester.

Students who do not meet critical requirements are notified that they are off track and off track status is displayed on My ASU student pages. Off track students are required to see an academic advisor before registering for or adding classes. Students off track for two consecutive semesters may be required to change majors.

Students pursuing the R.N. – B.S.N. program or the Bachelor of Applied Science degrees are not critically tracked. See major maps for all college majors at [https://webapp4.asu.edu/programs/t5/programs/College/CNU/undergrad/false](https://webapp4.asu.edu/programs/t5/programs/College/CNU/undergrad/false) [3].

**Advising**

Academic advising is provided by the College of Nursing and Health Innovation through the Undergraduate Student Academic Services Office (USASO) and the graduate programs offices and it is an essential aspect of the educational experience. Academic advisors assist students with program planning, registration, preparation of petitions, verification of graduation requirements, referrals to university and community resources, and career planning. ASU accepts course work transferred from other accredited institutions and then the College of Nursing and Health Innovation determines if and how the courses will be applied.

The Undergraduate Student Academic Services Office (USASO) is committed to ensuring that students reach their academic goals and graduate in four years by monitoring student progress [4], providing academic resources [5], and using personalized tools [6] to advise students and help ensure they get off to a good start and stay on track towards graduation.

Student responsibilities include following university guidelines regarding submission of transcripts from all colleges other than ASU, obtaining the necessary signatures or computer verifications required by the university and following university procedures for matriculation. It is ultimately the responsibility of each student to fulfill academic and program requirements.

Mandatory Advising: All freshmen and new undergraduate transfer students are required to meet with an academic advisor before registering for courses. Students with academic probationary status and off-track students are required to meet with an academic advisor to plan strategies for improving academic standing. Students interested in transferring to the pre-licensure nursing program must attend a BSN Information Session before a one-on-one academic advising appointment will be scheduled [https://nursingandhealth.asu.edu/students/info-bsn.htm](https://nursingandhealth.asu.edu/students/info-bsn.htm) [7]).

**Credit/Registration**

**Course Load:** Students wishing to register for more than the maximum allowable credits in a term must petition the standards committee and must obtain an approved overload before registration [https://nursingandhealth.asu.edu/node/775](https://nursingandhealth.asu.edu/node/775) [8]). All prerequisite courses for the pre-licensure nursing major major must be taken for a letter grade. All upper division nursing courses will be taken for a grade except for selected clinical courses in the prelicensure program that are taken for “P” (pass) or “Y” (satisfactory).

**Degree Requirements**

Students wishing to pursue concurrent degrees must petition the College of Nursing and Health Innovation and the college of the other major they wish to pursue.

Admission standards for Exercise and Wellness, Health Sciences, Medical Lab Sciences, Nutrition and the online R.N. to B.S.N. program are the same as university admission requirements [http://students.asu.edu/admission](http://students.asu.edu/admission) [9]). Admission requirements to kinesiology and the traditional pre-licensure clinical nursing program are more rigorous.

Admission to nursing: Applicants who have an associate’s degree in nursing, or a nursing diploma, and have or will soon have their R.N. license apply to the online R.N. to B.S.N. program. Applicants who do not have an associate’s degree in nursing or a nursing diploma and do not have their R.N. license will apply to the traditional pre-licensure clinical nursing program and must meet more rigorous admission criteria. While not required for admission, at least one year of high school chemistry and one year of high school biology are recommended. Choosing a second choice major is optional but recommended. Applications will be evaluated based on the requirements for the majors chosen in order of preference. The priority deadline for consideration for the traditional pre-licensure clinical nursing program is Feb. 15.

Test of English as a Foreign Language (TOEFL): The TOEFL requirements for the traditional pre-licensure clinical nursing program are more stringent than the requirements for admission to ASU. Applicants whose native language is not English (identified by the U.S. Department of State Bureau of Public Affairs) must provide evidence of English language proficiency. The English proficiency requirement may be fulfilled by meeting one of the following: minimum score of 550 (paper-based), 213 (computer-based), or 79 (internet-based) on the TOEFL.

When ready to begin the upper-division, traditional pre-licensure clinical nursing course work, students will be asked to state their preferred semester start date and campus location—downtown Phoenix or Mayo Clinic Hospital. Semester start date may not be the first semester the student is eligible and campus assignment is made by the college. Students must complete the program on the campus assigned.

If there are available seats in the traditional pre-licensure clinical nursing program after placing admitted nursing students, a Competitive Application Process (CAP) process will be used to fill those spaces. Spaces will be given to those students with the highest advancement score.
Competitive Application Process (CAP)

Choose a major in the College (Exercise and Wellness, Health Sciences, Kinesiology, Nutrition).

Take nursing prerequisites as well as courses toward the other major chosen

Achieve a minimum of 3.25 Prerequisite/Critical Course GPA.

Achieve a minimum of 3.25 Select GPA (13 of 17 courses including first-year composition and three sciences from BIO 201, BIO 202, CHM 101, MIC 205/206).

TEAS score of 58.7 percent or higher.

Submit application and supporting documents (Valid, Unrestricted Fingerprint Clearance Card; CPR/BL 9 card, immunizations, etc.).

Priority may be given to students who complete a majority of the prerequisite courses at ASU. A Select GPA will be calculated based on the prerequisite courses. Students in the upper-division clinical nursing courses must earn grades of “C” (2.00) or higher in all nursing course work except in nursing practice courses where a designation of a “Y” (satisfactory) or "P" (pass) grade is required. In addition, students are allowed only one nursing course failure (i.e., grade below “C”). The second failure in a nursing course will result in disqualification from the nursing major.

The four-term, upper-division clinical nursing program is available in two delivery options, 1) the 24-month option with classes scheduled during the fall and spring semesters on the Downtown Phoenix campus, and no summer enrollment is required, or 2) the 16-month year-round option with classes scheduled during fall, spring and summer sessions on the Downtown Phoenix campus and the Mayo Clinic Hospital campus, summer tuition rates apply.

Students will be asked to state their preferred campus location, if more than one site is available, but campus assignment is made by the college. Students must complete the program on the campus assigned.

Essential Functions: Students in the traditional pre-licensure clinical nursing courses are expected to meet the essential functional abilities of the undergraduate nursing student. Essential functions for this program include gathering data through the senses (hearing, seeing, etc.), synthesizing information from a variety of sources, making decisions regarding patient care and performing necessary physical and mental activities to ensure safe care. If a student needs more information about how the Americans with Disabilities Act applies to the essential function requirements, contact the Disability Resource Center [10]. Some clinical experiences may require students to purchase their own protective devices. For complete details, call the Baccalaureate Programs Office [11].

Arizona State Board of Nursing Requirement: Once students have earned the Bachelor of Science in Nursing (BSN) they must pass a national licensing examination, known as the NCLEX-RN, in order to obtain a nursing license. Arizona State law prohibits an individual convicted of a felony from applying for nursing licensure or certification until five years after the date of absolute discharge of the sentence. Application for, and passage of, the NCLEX-RN is the sole responsibility of the student.

Transferring into the Traditional Pre-Licensure Clinical Nursing Program with Advanced Standing: Because of the preference given to students taking prerequisite courses at ASU, it is highly unlikely that students who have completed one or more semesters in an upper-division, accredited, baccalaureate school of nursing will be able to secure a space in the traditional pre-licensure clinical nursing program in the college.

Reinstatement/Readmission

Disqualified or ineligible students who have skipped a fall or spring semester must follow the procedures for readmission. See Readmission to the University at [12].

Applications for reinstatement/readmission to nursing or to kinesiology are subject to rigorous requirements that reflect admission and progression standards. This might include summer or winter course work at ASU to bring the cumulative ASU GPA to a 3.50 or higher or taking specified courses at another institution and earning a 3.50 or higher.

Applications for reinstatement/readmission to the other majors in the college will normally require summer or winter enrollment to bring the ASU cumulative GPA to a 2.0 or higher or taking specified course work at another institution and earning a 2.50 or higher.

Other Special Requirements

Students in some programs, including but not limited to the traditional pre-licensure clinical nursing program and Medical Lab Sciences, that require working in hospitals or with vulnerable populations, must meet additional requirements as follows.

Immunizations

Tetanus/Diphtheria (Td, Tdap, or DT): Proof of an immunization for tetanus/diphtheria within the last 10 years.

Negative TB Skin Test: Proof of a negative TB skin test that will be current at the beginning of the first semester of clinical courses. If skin test is positive, provision of a chest x-ray or of follow-up treatment. Negative TB skin test or evidence of follow-up treatment is required throughout the enrollment in clinical course work.

Measles (Rubeola), Mumps and Rubella (MMR): Students must provide proof of immunity through either: two MMR Immunizations with the second given after 12/31/79; one MMR Immunization and two positive titers for Rubella and Rubeola; three positive titers for Rubeola, Mumps, and Rubella. Note: ASU requires proof of MMR immunization for admissions purposes.
Varicella (Chicken Pox): Two vaccinations are required for Varicella. Students may fulfill the requirement by providing proof of completion of the Varicella vaccines, or a Varicella titer with positive results.

Hepatitis B: Students must provide proof of immunity through documentation of 3 doses of Hepatitis B or positive titer results. Students may not participate in any clinical experience without meeting these requirements. An annual flu vaccine is also recommended; other health information may be required.

Professional Liability Insurance: It is highly recommended that students carry their own professional liability insurance when enrolled in clinical nursing courses.

Health and Accident Insurance: It is strongly recommended that all students carry their own health and accident insurance. Some clinical agencies require students to have current health insurance. See the baccalaureate programs student handbook. Each student is personally responsible for costs related to any accident or illness during or outside of school activities.

Automobile Insurance: Extensive travel may be required for selected clinical experiences. Students are responsible for transportation to and from clinical sites. If driving their own vehicles, students are required by state law to carry automobile insurance.

The College of Nursing and Health Innovation Standards committee is currently revising clinical standards related to background clearance and the requirement for titers to demonstrate immunity to particular diseases. Current and incoming students will be notified of the new requirements once they are approved.

Graduate Policies

Academic Advising: Graduate students are advised by the Graduate Programs Office of the college. Upon admission, each student is assigned a faculty advisor within the area of concentration.

Nutrition and Health Promotion, School of

The School of Nutrition and Health Promotion recommends that students contact the Academic Services Office at 602-496-2400 to obtain the most current information on School policies.

Undergraduate Policies

Academic Integrity

Academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to, appropriate grade penalties, loss of registration privileges, disqualification and dismissal. The School of Nutrition and Health Promotion adheres to the Student Code of Conduct regarding academic dishonesty. A copy of the Student Code of Conduct may be obtained online at http://provost.asu.edu/academicintegrity. Academic dishonesty is not tolerated in any course and is subject to specific School of Nutrition and Health Promotion policies and procedures.

Academic Standing

University standards for academic good standing and Sun Devil Tracking are followed for all majors in the School with the exception of those in the BS in Kinesiology Program, which maintains stricter admission and retention standards. Additional information regarding the academic requirements for Kinesiology students can be obtained from a Kinesiology Academic Advisor.

Students who do not maintain the minimum GPA after each fall or spring semester are placed on academic probation. Students on academic probation or continuing probation must meet with an academic advisor before registration for the subsequent semester. Students placed on academic probation have one semester to raise the cumulative or semester GPA to meet the academic good standing criteria; otherwise, these students may be disqualified or determined to be ineligible for some majors in this College. Disqualified students are not permitted to enroll for the fall or spring semesters.
Sun Devil Tracking focuses on students who initially enroll as full-time freshmen and tracks progress during their first four semesters. It identifies and outlines the critical courses, GPA requirements and milestones that predict success in each major. Students use major maps and progress reports to plan what courses to take each semester. Students who do not meet critical requirements are notified that they are off track and off track status is displayed on My ASU student pages. Off track students are required to see an academic advisor before registering for or adding classes. Students off track for two consecutive semesters may be required to change majors.

Advising
Academic advising is provided by the School of Nutrition and Health Promotion through the Undergraduate Academic Services Office as an essential aspect of the educational experience. Advising for graduate students occurs within the student's specific academic program. Academic advisors assist undergraduate students with program planning, registration, preparation of petitions, verification of graduation requirements, referrals to university and community resources, and career planning. ASU accepts course work transferred from other accredited institutions and then the School of Nutrition and Health Promotion determines if and how the courses will be applied.

The Academic Services Office is committed to ensuring that students reach their academic goals and graduate in four years by monitoring student progress, providing academic resources, and using personalized tools to advise students and help ensure they get off to a good start and stay on track towards graduation.

Student responsibilities include following university guidelines regarding submission of transcripts from all colleges other than ASU, obtaining the necessary signatures or computer verifications required by the university and following university procedures for matriculation. It is ultimately the responsibility of each student to fulfill academic and program requirements.

Mandatory Advising: All freshmen and new undergraduate transfer students are required to meet with an academic advisor before registering for courses. Students with academic probationary status and off-track students are required to meet with an academic advisor to plan strategies for improving academic standing.

Course Load: Students wishing to register for more than the maximum allowable credits in a term must petition to do so through their academic advisor and must obtain an approved overload before registration.

Degree Requirements
Students wishing to pursue concurrent degrees must petition the School of Nutrition and Health Promotion and the college of the other major they wish to pursue.

Admission standards for Exercise and Wellness, Health Sciences, Medical Lab Sciences, and Nutrition programs are the same as university admission requirements (http://students.asu.edu/admission). Admission requirements to kinesiology program are more rigorous and be obtained from a Kinesiology academic advisor.

Reinstatement/Readmission
Disqualified or ineligible students who have skipped a fall or spring semester must follow the procedures for readmission. See Readmission to the University at http://students.asu.edu/readmission.

Applications for reinstatement/readmission to kinesiology are subject to rigorous requirements that reflect current admission and progression standards. This might include summer course work at ASU or taking specified courses at another institution in order to achieve the desired GPA.

Applications for reinstatement/readmission to the other majors in the School will normally require summer enrollment to bring the ASU cumulative GPA to a 2.0 or higher or taking specified course work at another institution and earning a 2.50 or higher.

Other Special Requirements
Students in some programs, including but not limited to the Medical Laboratory Science, that require working in hospitals or with vulnerable populations, must meet additional requirements such as specific immunizations, background clearance, and/or proof of insurance.

Graduate Policies
Academic Advising: Graduate students are advised by the a faculty advisor within the area of concentration.

Public Programs, College of

Undergraduate Policies

Academic Standing
Students in the College of Public Programs are considered to be in good standing for the purpose of retention if they maintain a cumulative GPA of 2.00 or higher in all courses taken at ASU. Each major within the College of Public Programs requires a progressively higher GPA than a 2.00 as a student advances towards their degree. These requirements are outlined in the student's major map.

Probation
Any student who does not maintain good standing is placed on academic probation. A student on academic probation is required to observe any limitations or rules the college may impose as a condition for retention.

Disqualification
A student who is on probation becomes disqualified if:
The student has not returned to good standing.
The student has not met the required semester GPA.
Disqualification is exercised at the discretion of the college and becomes effective on the first day of the fall or spring semester following college action. A disqualified student is notified by the Office of the Registrar or the dean of the college and is not allowed to register for a fall or spring semester at the university until reinstated. A student who is disqualified may not attend as a nondegree student.

Advising
The following categories of students are required to receive advising and to be cleared by a program advisor before they may register for classes:
Students with admissions competency deficiencies.
All freshmen.
Transfer students in their first semester at ASU.
Readmitted students.
Students on probation.
Students who have been disqualified.
Students with special admissions status.
All students majoring in Social Work.

Credit/Registration
Course Load
A normal course load per semester is 15 or 16 credit hours. The maximum number of hours for which a student can register is 18 credit hours unless an overload petition has been filed and approved by the department/school standards committee and the academic and student affairs committee of the college. Semester course loads may be further limited for students in mandatory advising. Petitions for overload are not ordinarily approved for students who have a cumulative GPA less than 3.00 and who do not state valid reasons for the need to register for the credits. Students who register for credit hours in excess of 18 and do not have an approved overload petition on file may have courses randomly removed through an “administrative drop” action. Specific degree requirements are explained in detail under the respective college, school and department sections.

Reinstatement/Readmission
Students seeking reinstatement after disqualification should contact the College of Public Programs student services office regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made to the readmissions section of the University Registrar. All academic disciplinary action is the function of the College of Public Programs student services office, UCENT 650, under the direction of the dean of the college. Students having academic problems should call this office for advising at 602-496-0600.
The mission of the College of Public Programs professional academic advising staff is to assist students in developing meaningful educational plans to meet their academic, career and personal goals in an ongoing process of evaluation and clarification. The advisors strive to perform their duties in a professional, ethical, confidential, accurate and supportive manner, respecting student diversity and needs and always holding the individual in highest regard. The student and advisor should accomplish this process in a spirit of shared responsibility to develop academic excellence, strong decision-making skills and self-reliance. A student who has been admitted to the College of Public Programs is assigned an academic advisor from the academic unit of the student’s major area of study. Questions about advising should be directed to the student’s academic advisor or to the College of Public Programs Student Services Office, UCENT 600.

Other Special Requirements
Interdisciplinary Public Service Requirement
The College of Public Programs has a college-level graduation requirement for all undergraduate students majoring within the college. This degree requirement is called the Interdisciplinary Public Service requirement. Each student must complete 13 hours of public programs course work. These 13 hours will consist of courses from other public programs degrees within the College of Public Programs and ASU 101. Students may choose a core course from their major and three courses from the approved course list for this requirement in addition to completing ASU 101. ASU 101 must be completed in the first year at ASU; the other courses can be taken while completing the degree. The approved course list is available through your major advisor. All 13 hours must be completed in order for an undergraduate student to graduate from the College of Public Programs. Questions about this requirement should be directed to your academic advisor for your major.

Graduate Policies
Advising
Advising is usually handled by graduate faculty or a committee. Once admitted, students are typically assigned a temporary faculty advisor in the potential areas of specialization who assists in planning a course of study. For those degree programs requiring the completion of a thesis, a chair and thesis supervisory committee are selected by the director of graduate studies, in consultation with the student, and appointed by the dean of the Graduate College.

Source URL: http://catalog.asu.edu/policies/public_programs

Sustainability, School of

Undergraduate Policies

Academic Standing

Student Responsibilities
Students need to make many decisions as they complete their degrees. While the school and the university have a number of resources available (e.g., faculty, courses, advisors, and tutors) to help in making the decisions, students are expected to take responsibility for their decisions.

Good Standing
Students in the School of Sustainability are considered in good standing for the purpose of retention if 1) they maintain a cumulative GPA of 2.00 or higher in all courses taken at ASU, and 2) maintain critical requirements within their major.

Critical Requirements
All sustainability students must meet the critical requirements for their intended majors. Students who do not comply with the critical requirements are off track and have holds placed on their records. These students have to meet with an advisor to have this hold removed. If the student still has not met all critical requirements in the following semester, then further registration in the intended major may not be permitted.

Probation
Any student who does not maintain a cumulative GPA of 2.00 or higher in all courses taken at ASU is placed on academic probation. Probation status for academic reasons begins on the first day of classes of the semester after the semester in which a student has been determined to be on probation. A student on academic probation is required to observe any limitations or rules the school may impose as a condition for retention. Before students on probation can register for classes in the next semester, they must receive advising in their department.

Disqualification
Students who do not meet probation requirements are subject to disqualification. A disqualified student will not be able to register for classes in the fall or spring semester at the university. If the student has already registered for a future fall or spring semester, the registration is canceled. A student who has been disqualified may apply for reinstatement through the school.

Advising

The School of Sustainability’s Academic Advising Center assists undergraduate and graduate students in achieving their personal, educational, cultural and career goals while becoming self directed, life-long learners. The School encourages continuing students to meet with an advisor at least once each semester. New students will be required to meet with an advisor before being cleared to register for classes. Office hours are Monday-Friday (excluding university holidays), 9 a.m. to 4 p.m. Students should call in advance (480-727-6963) to make an appointment so advisors can set aside the appropriate time to answer all their questions.

Degree Requirements

School Graduation Requirements
All students in the School of Sustainability must complete the university General Studies requirement as well as all requirements in the major. In addition, the school has established requirements that are specific to the B.A. and B.S. degrees.

ASU 101 Requirement: ASU 101-SOS: The ASU Experience. (1)

Statistics Requirement: STP 226 Elements of Statistics, CS (3) or additional statistics course options as approved by the school.

Foreign Language Requirement.

Bachelor of Arts: Students pursuing B.A. degrees in the School of Sustainability must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of "C" (2.00) or higher in each course. Second language course requirements may be fulfilled by one of the following:

Completion of second language course work at the intermediate level (202 or equivalent; those students completing this requirement in Ancient Greek must take both GRK 301 and 302; students completing the requirement in Portuguese or Romanian must complete POR 314 or ROM 314).

A foreign language course at the 300 level or higher taught in the foreign language and having 202 or its equivalent as a prerequisite.
Completion of secondary education at a school in which the language of instruction was not English.

Bachelor of Science: Students pursuing B.S. degrees in the School of Sustainability must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of "C" (2.00) or higher in each course. Second language course requirements may be fulfilled by one of the following:

Completion of second language course work at the introductory level (102 or equivalent).

A foreign language course at the 200 level or higher taught in the foreign language and having 102 or its equivalent as a prerequisite.

Completion of secondary education at a school in which the language of instruction is not English.

The School of Sustainability also requires a cumulative 2.50 GPA in all major courses in order to graduate with a B.A. or B.S. in sustainability.

Concurrent Degrees

Students who wish to obtain concurrent degrees must realize that there are certain combinations that would not be approved because there is too great an overlap between the courses required for each major. For example, students may not pursue both a B.A. or B.S. in sustainability as well as a B.A. in business with a concentration in sustainability.

Reinstatement/Readmission

Students seeking reinstatement (after disqualification) or readmission (after absence from the university) should contact the School of Sustainability office regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made to the readmission section of the Office of the Registrar.

Graduate Policies

Graduate students should refer to the School of Sustainability Graduate Handbook at http://schoolofsustainability.asu.edu/current-students/graduate/index.php [1] for information about graduate policies and academic standards.

Please contact the school for more information at http://schoolofsustainability.asu.edu/ [2].

---

Teachers College, Mary Lou Fulton

The Mary Lou Fulton Teachers College offers flexible and innovative programs at graduate and undergraduate levels to prepare teachers, educational leaders, and education researchers. The college emphasizes learning at preK-12 school sites for initial teacher certification. In addition, advanced graduate training in education fields leads to master’s and doctoral degrees. Programs are offered at all five ASU campuses: Downtown Phoenix, Online, Polytechnic, Tempe and West with traditional, online, evening, weekend and accelerated formats.

Undergraduate Policies

Academic Integrity

Students in the Mary Lou Fulton Teachers College who do not exhibit integrity and professional behaviors in the classroom or when in the field are referred to the appropriate program coordinator or the division director for disciplinary action. Please refer to the academic integrity policy for more information http://provost.asu.edu/academicintegrity. [1]

Academic Standing

Students in the college are evaluated throughout their degree progression. Students enrolled in undergraduate education programs are expected to maintain academic standards. To be in good standing, students must maintain an overall cumulative GPA of 2.50 or higher with at least a grade of “C” (2.00) in each undergraduate education courses and complete courses as outlined on the major map. Students in the professional program will be formally reviewed regarding their academic progress and professional attributes in order to determine retention/continuation status. A student with a record that contains indicators of professional or academic concerns will be placed on probation, suspension, or permanently removed from the program.

Advising

The Office of Student Services is dedicated to providing students with the very best academic support and guidance throughout their academic program. Academic program advisors provide assistance selecting classes and in fulfilling program requirements. Each ASU campus has dedicated academic advisors trained on all Teachers College programs. See http://education.asu.edu/content/student-services-contact-information [2] for advising locations and contact information. Students are encouraged to meet with their advisor every semester.

Degree Requirements
Students are limited to a maximum of 18 credit hours per term. Enrollment in additional credit hours requires approval from a college academic advisor.

Audit: Teachers College students are permitted to audit any non-Professional Teacher Preparation Program (PTPP) course. Additional university fees are assigned to the course when the audit option is chosen.

Course Prerequisites: Enrollment in upper-division PTPP course work requires approval from the Teachers College. Review current course descriptions for course prerequisites.

Incomplete Grades: Incomplete grades will only be issued if a student is in good standing in the course and experiences an extenuating occurrence just prior to the end of the term. Non-PTPP courses must be completed one calendar year from the initial grade assignment. Students enrolled in the PTPP must complete “I” grades before the next academic term.

Pass/Fail: Field experience and student teaching courses are evaluated on a pass/fail grading system. A “Y” grade is assigned to a passed course and an “E” grade is assigned to a failed course. Only the “E” grade will be computed in the ASU cumulative GPA.

Transfer: Students may transfer a maximum of 64 credits from a two-year institution. There is no limit to the number of credits transferred from a four-year institution. Students interested in substituting previous teacher preparation courses for current PTPP ASU courses must submit a Petition for Adjustment of Requirements to the Office of Student Services at their chosen campus.

Transfer students who are interested in starting the PTPP must submit an online form, have a 2.50 cumulative GPA, completion of 60 credit hours and fulfill specific course requirements as outlined by each Education major. Students who complete the AAEE, TAG and MAPP will meet the requirements for progression into the PTPP.

Withdrawal: Review the current university withdrawal procedures at http://students.asu.edu/withdrawal

Students who begin at ASU as freshmen will follow a major map for their chosen program. The major map is an outline that students follow each term for enrollment. Students who have attended only ASU are reviewed at the completion of each term to ensure that they are on track for graduation. Transfer students must attend an advising session and will learn the degree requirements as well as minimum eligibility requirements for progression into the PTPP. The goal of the PTPP is to produce teachers of the highest quality. We are committed to providing support and resources for those students needing assistance for their academic or professional growth.

As stated previously, students are evaluated throughout the PTPP in accordance with the Mary Lou Fulton Teachers College Retention/Continuation Policy. Students in the program will be formally reviewed regarding their academic progress and professional attributes in order to determine retention/continuation status. A student with a record that contains indicators of professional or academic concerns will be placed on probation, suspension or permanently removed from the program. Students enrolled in undergraduate education programs are expected to maintain academic standards. To be in good standing, students must maintain an overall cumulative GPA of 2.50 or higher with at least a grade of “C” (2.00) in each undergraduate education course.

In addition to academic progress, students are evaluated regarding professional attributes in four areas:

Communication/knowledge level.
Interpersonal relations.
Professionalism.
Attitudes.

If there are concerns regarding a student’s professional attributes, the student will be placed on probation, suspended or permanently removed from the program. Unless the student has been permanently removed from the program, they must participate in the development of a professional improvement plan (PIP), which establishes the requirements for continuation in the program. The PIP lists areas of concern and action steps necessary to improve the targeted behaviors. Students placed on a plan of improvement, probation or suspension, for any reason, are subject to disqualification by the Mary Lou Fulton Teachers College at the end of the following semester if the conditions imposed for reinstatement are not met. Students placed on a plan of improvement, probation or suspension, for any reason, are reviewed at the end of the following semester. Students demonstrating behaviors or characteristics that make it questionable whether they can succeed in the teaching profession may be disqualified or prescribed specific conditions under which continued participation is permitted; that is, probation or suspension even if the student meets minimum academic performance as measured by GPA. Students who wish to appeal decisions of the Mary Lou Fulton Teachers College of the Student Issues Committee may do so in writing to the Associate Dean of Student Affairs and Communications for Teachers College. Any exceptions to the retention and disqualification policies and procedures must be approved by the Mary Lou Fulton Teachers College Student Issues Committee and the associate dean for the college. Refer to the Retention and Continuation Policy for additional information.

Other Special Requirements

Fingerprint Clearance Card: All students enrolling in the PTPP must participate in field experiences and student teaching. Students participating in field experience must have proof of a Fingerprint Clearance Card on file in the Office of Student Services before progression into the program. Effective January 1, 2008, per Arizona State Statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted to work in the classroom are required to have an Identity Verified Prints (IVP) fingerprint clearance card.

Milestones: All students admitted to the PTPP will be assigned a milestone that reflects their major academic plan. The milestone is used for enrollment in PTPP courses.
Intent to Progress: All students who started at ASU as first-time freshmen must submit an Intent to Progress form to the Office of Student Services during term three before beginning the program in term five.

Graduate Policies

Academic Policies

The college offers Master of Education (M.Ed.), Master of Arts (M.A.) Doctor of Education (Ed.D.) and Doctor of Philosophy (Ph.D.) programs as well as Graduate Certificates. Some programs also allow students to obtain state or professional certification.

Satisfactory Progress Policies

Policies regarding satisfactory progress align with the policies of the Graduate College and are provided to students at the time of enrollment and are available on the College web site.

Graduation Requirement

Candidates for the graduate degrees must satisfactorily complete the particular culminating experience requirements of their specific programs. Information is available for each program from the Office of Student Services or from faculty advisors.

Graduate Policies

General career advising in a program can be obtained by contacting the coordinator of the program in which a degree is offered. After admission to a degree program, specific advice related to degree requirements and activities is provided by academic advisors in the Office of Student Support. Call 602-543-3634 and ask for the academic advisor for a specific campus or program.

Master’s Programs

Policies specific to each master’s degree program are provided to students at the time of enrollment in the program.

Continuous Enrollment and Reentry for Master’s Programs

Once admitted to a masters degree program, the student is expected to be enrolled continuously until all requirements for the degree have been fulfilled. If a program of study must be interrupted for one semester, the student must apply to the Graduate College for a leave of absence. However, this leave status cannot exceed one semester. A student on leave is not required to pay fees, but is not permitted to place any demands on university faculty or use any university facilities. A student who interrupts a program without obtaining an approved leave may be removed from their degree program by the Graduate College, under the assumption that the student has decided to discontinue the program. A student removed by the Graduate College for this reason may reapply for admission to the program; the application is considered along with all other new applications to the degree program. An application for leave status, endorsed by the division director or designee, must be approved by the dean of the Graduate College. This request must be filed and approved prior to the semester of anticipated absence.

Master’s Lack of Satisfactory Progress Policy

Students in M.A. or M.Ed. programs may be placed on academic probation for reasons stated in the particular program policy or for failure to maintain standards set by the Graduate College. Students in initial certification programs or others whose studies involve work at school sites are expected to maintain professional conduct as explained in program Satisfactory Progress Policies. Failure to meet these standards of professional conduct or violations of the student conduct code may result in academic probation, or, for egregious violations, immediate recommendation to the Graduate College for withdrawal.

Doctoral Programs

In addition to the Graduate College policy and procedures that govern doctoral programs at ASU and which are provided elsewhere in this catalog, the following provisions apply to all doctoral programs in the college. Additional information specific to a degree program may be provided as well when students first register for the program.

Continuous Enrollment and Reentry for Doctoral Programs

Once admitted to a doctoral degree program, the doctoral student is expected to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. Continuous enrollment promotes steady progress toward the completion of the degree and an ongoing relationship between the student and faculty offering the program. If additional credit is not required toward the Ph.D. or Ed.D., the student may enroll for 695 or 795 Continuing Registration. Continuing registration does not carry credit; no grade is given. If a program of study must be interrupted for one semester, the student must apply to the Graduate College for a leave of absence (LoA). However, this leave status cannot exceed one semester. A student on leave is not required to pay fees, but is not permitted to place any demands on university faculty or use any university facilities. A student who interrupts a program without obtaining an approved LoA may be removed from their degree program by the Graduate College, under the assumption that the student has decided to discontinue the program. A student removed by the Graduate College for this reason may reapply for admission to the program; the application is considered along with all other new applications to the degree program. An application for leave status, endorsed by the members of the student’s supervisory committee and the head of the academic unit, must be approved by the dean of the Graduate College. This request must be filed and approved prior to the semester of anticipated absence.

Ph.D. and Ed.D. Lack of Progress Policy

Students in Ph.D. and Ed.D. programs may be placed on academic probation for any of the following reasons:
Failing to meet the scholarship requirements of the Graduate College, a GPA of 3.00 (on a 4.00 scale) or failure to meet the scholarship requirements of the particular program.

Unsatisfactory progress as noted on annual review form by mentor or failure to meet for annual review.

Unsatisfactory progress due to conduct which violates the university student conduct code.

A student can be recommended to the Graduate College for dismissal from the doctoral program if:

- The student fails to advance to candidacy within five years of the date of program admission.
- The student fails to complete and successfully defend the dissertation within five years of advancing to candidacy.
- The student is on probationary status for two consecutive semesters and is unable to get out of academic probation by meeting all of the specified conditions for making satisfactory academic progress by the end of his/her second semester on academic probation.

Additional Requirements

Fingerprint Clearance Card: All students enrolling in programs leading to certification must participate in field experiences and student or apprentice teaching. Students participating in field experience must have proof of a Fingerprint Clearance Card on file in the Office of Professional Field Experience before field placement hours begin. Effective January 1, 2008, per Arizona State Statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted to work in the classroom are required to have an Identity Verified Prints (IVP) fingerprint clearance card.

Technology and Innovation, College of

Undergraduate Policies

Academic Integrity

Academic honesty is expected of all students in all areas (examinations, papers, academic transactions, records, etc). The possible sanctions include, but are not limited to, appropriate grade penalties, loss of registration privileges, disqualification and dismissal. The College of Technology and Innovation adheres strictly to the Student Code of Conduct regarding academic dishonesty. Copies of the Academic Integrity policy and the Student Code of Conduct may be obtained from your academic advisor, or online at http://provost.asu.edu/academicintegrity [1].

Academic Standing

For purposes of retention, academic good standing for all students in the College of Technology and Innovation is defined as follows:

Academic Good Standing

<table>
<thead>
<tr>
<th>Total Hours Earned</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 or fewer</td>
<td>1.60</td>
</tr>
<tr>
<td>25–55</td>
<td>1.75</td>
</tr>
<tr>
<td>56 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Probation

A student who does not maintain academic good standing after each fall or spring semester is placed on academic probation. A student placed on academic probation or continuing probation must meet with an academic advisor before registration for the subsequent semester. A student placed on academic probation has one semester to raise his or her cumulative or semester GPA to meet the academic good standing criteria; otherwise, the student may be disqualified.

Disqualification

During a semester on academic probation, a student who fails to meet the retention standards is disqualified. A student who has been disqualified is not permitted to enroll for the fall or spring semester. A student may request a review of their disqualification status by contacting the director of advising and student services in the College of Technology and Innovation.

Advising
New incoming and transfer students should seek advising from an academic advisor in advising and student services. The college requires that students consult with an advisor before registering each semester. Advisors should be made aware of any employment obligations or special circumstances that may affect a student’s ability to successfully handle a full course load. Students may register for a maximum of 19 credit hours per semester. Any student wishing to take more than the maximum must petition the college’s standards committee and have an approval on file before registering for a course overload.

**Reinstatement/Readmission**

The college does not accept an application for reinstatement until the disqualified student has remained out of the college for at least one semester. Merely having remained in disqualified status for this period of time does not, in itself, constitute a basis for reinstatement. Proof of commitment to higher education is required. For example, the ability to do satisfactory college work in the chosen discipline by completing pertinent courses in the discipline at a community college with higher-than-average grades or satisfactory completion of an internship or work experience with supporting documentation.

**Graduate Policies**

Advising and Program of Study

The program of study is planned in consultation with an appointed supervisory committee. It is designed for flexibility, permitting the student to select a combination of courses in a technological area and a supporting area to meet individual career goals. A minimum of 33 credit hours is required for the degree program. Of these, a minimum of 15 credit hours must be 500-level courses and part of the approved program. A maximum of 12 hours of course work may be taken from offerings outside the College of Technology and Innovation with approval of the appropriate academic program or department. Programs of study for the M.S.Tech., with an interdisciplinary area of concentration, may have up to but not more than 15 hours of course work drawn from areas outside the College of Technology and Innovation at the discretion of the program or department in which the concentration is administered. A maximum of nine credit hours of appropriate course work completed before admission may be included in the program of study.

**Probation/Disqualification**

A student who does not maintain academic good standing after each fall or spring semester is placed on academic probation. A student placed on academic probation or continuing probation must meet with an academic advisor before registration for the subsequent semester.

A student placed on academic probation has one semester to raise his or her cumulative or semester GPA to meet the academic good standing criteria; otherwise, the student may be disqualified. A student who has been disqualified is not permitted to enroll for the fall or spring semester.

**Exploratory Status Eligibility**
Students may remain designated as exploratory track status until they complete 45 credit hours. Students who have not declared a major by the time they have completed 45 credit hours are placed on administrative hold, which prevents registration for future ASU semesters, until the student has declared a major.

**Degree Requirements**

**Critical Requirements**

All incoming ASU freshmen are required to complete critical tracking requirements that provide a foundation for future study in each field. University College has developed major maps, with critical tracking requirements, that support the exploration of potential majors during a student’s first three semesters at the university. Upon admission to ASU, all first-year exploratory students are required to declare an exploratory track in one of four areas:

- Exploratory social and behavioral sciences.
- Exploratory health and life sciences.
- Exploratory humanities and fine arts.
- Exploratory math, physical sciences, engineering and technology.

Each of these tracks is designed to provide students with introductory courses in a field of choice (e.g., introduction to psychology, introduction to environmental design), general studies education and elective courses that reinforce student interests. Each exploratory track is composed of a three-semester major map, culminating in the declaration of a major by no later than the completion of 45 credit hours. Students are required to maintain a GPA that keeps them in good academic standing with the university and allows them to declare the major of their choosing. Major maps for each of these exploratory tracks are available at [https://webapp4.asu.edu/programs/t5/MajorMaps](https://webapp4.asu.edu/programs/t5/MajorMaps) [2].

**Degree Requirements**

**Required Courses**

All exploratory students are required to enroll in a UNI 150/250 major and career exploration class each semester the student remains designated as an exploratory track student.

All new freshman exploratory students are required to enroll in the ASU 101 course during their first ASU semester.
