Digital Culture Studies Course List: Select 7 courses; 21 credits

AME 194: Computational Thinking for Digital Culture

AME 294: Programming for Media Arts

AME/ART 294: Introduction to Interactive Environments

AME 394: Compositional & Computational Principles for Media

AME 394: How to Build a Digital-Physical System

AME 394: Media Literacies and Composition

AME 394: Motion Capture for Integrated Systems

AME 494: Animating Virtual Worlds

AME 494: Integrated System Development

AME 494: Media Installations

AME 494: Programming for Social and Interactive Media

ART 218: 3D Tools

DCE 294:
Hybrid Action: Physical Intelligence in Digital Culture

DSC 294: Media Editing

DSC 394: Digital Modeling

Digital Media - Media Arts and Design
Course List: Select 3 courses; 9 credits

ART 194: Digital Art and Culture

ART 294: The Still Image in Digital
Culture

IAP 103: Foundations I: Interdisciplinary
Digital Media

IAP 104: Foundations I: Fundamentals of
Sound Art

FMP 294: Introduction to Animation

FMP 294: Story Development for Game
Design

FMP 394: Non-Linear Editing for Film
and Media

MDC 211: Introduction to Digital Sound

MDC 311: Composing and Performing for
Hybrid Ensembles

ANP 494: Design by Algorithm

AME 494: Advanced Interactive Sound

ART 494: Visual Prototyping

AME 194: Digital Culture Studio

AME 294: Digital Culture Programming
Lab AND AME 294: Introduction to
Max/MSP AND AME 294: Introduction
to Rapid Prototyping AND AME 294:
Intro to Electronics & Microprocessor
Programming

Technological Entrepreneurship
Concentration Group 1 Course List: Select
6 courses; 18 credits (12 upper-division)

GIT 135: Graphic Communications

GIT 210: Creative Thinking and Design
Visualization

GIT 215: Introduction to Graphics
Programming

GIT 230: Digital Illustration in Publishing

GIT 237: Web Content Design

GIT 303: Digital Publishing

GIT 312: 3-D Computer Graphics
Modeling and Representation (CS)

GIT 314: Multimedia Design, Planning
and Storyboards

GIT 335: Computer Systems Technology

GIT 384: Commercial Photography

GIT 411: Computer Animation

GIT 414: Web Site Design and
Internet/Web Technologies

GIT 418: Multimedia Authoring, Scripting
and Production

GIT 441: Graphic Information Systems

GIT 494: New Media Internet
Technologies

Technological Entrepreneurship
Concentration Group 2 Course List: Select
4 courses; 12 credits (6 upper-division)

OMT 194: Introduction to Technology
Development

OMT 294: Design Methodology

OMT 394: Market Opportunity Analysis

OMT 402: Legal Issues for Technologists

OMT 430: Ethical Issues in Technology

OMT 480: Organizational Effectiveness

Theory/History Course List: Select 2
courses; 6 credits (3 upper-division)

ALA 100: Introduction to Environmental
Design (HU & H & G)

ALA 102: Landscapes and Sustainability
(HU & G)

APH 313: History of Architecture I ((L or
HU) & G & H)

APH 314: History of Architecture II ((L or
HU) & G & H)

APH 300: World Architecture I/Western
Cultures (HU & H & G)

APH 336: 20th-Century Architecture I
(HU)

APH 337: 20th-Century Architecture II
(HU)

General University Requirements Legend

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Fine Arts and Design (HU)
- Social and Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2013 - 2014 academic year.

The B.A.S. degree with a concentration in Food Service Management is designed to complement and enhance the educational preparation of students holding an A.A.S. degree. The concentration is particularly designed for students holding an A.A.S. degree in culinary or hospitality science. The degree prepares students for careers in food production, service, management, and marketing. With additional education and/or professional training, students may also become credentialed as certified dietary managers, school food service and nutrition specialists, or registered sanitarians.

Admission to the B.A.S. degree program is restricted to students holding an A.A.S. degree from a regionally accredited U.S. postsecondary educational institution. A GPA of 2.00 or higher is required for all resident applicants and a 2.50 is required for nonresident applicants. The B.A.S. degree consists of 60 semester hours which must include a minimum 45 credits of upper-division (300 level and above) courses. A total of 120 semester hours is required for graduation.

General Studies (16 Credit Hours)	Hours	Completed
MAT 117: College Algebra (MA) OR MAT 142: College Mathematics (MA) OR Mathematics (MA)	3	<input type="checkbox"/>
Natural Science - Quantitative (SQ)	4	<input type="checkbox"/>
Literacy and Critical Inquiry (L) OR ENG 301: Writing for the Professions (L) OR TWC 301: General Principles of Multimedia Writing (L)	3	<input type="checkbox"/>
Humanities, Fine Arts and Design (HU)	3	<input type="checkbox"/>
Social and Behavioral Sciences (SB)	3	<input type="checkbox"/>

Food Service Concentration		24
Assignable Credit		2
	Total Credit Hours	120

Curriculum Check Sheet

Note: ASU does not regard the AAS-to-BAS as a traditional transfer degree, so special provisions apply:

- a) The AAS degree holder (the student) will be admitted only to the BAS program specified, e.g. Health Sciences. Only those students with a regionally accredited AAS from an approved (articulated) Health/Health Technology program are eligible for this degree.
- b) The institution from which the student received his/her AAS degree must be regionally accredited. A foreign institution must be approved and recognized as a post-secondary institution by the Ministry of Education or other governmental authorities.
- c) All courses applied toward completion of the AAS must have been completed with a grade of C or higher. ASU will not accept courses with a grade of D.
- d) A block of up to 60 credit hours will be accepted for transfer with the completed AAS from an approved (articulated) Health/Health Technology program. Students must confirm with the institution granting the AAS that it has an articulation agreement with ASU in place for the BAS in Health Science.
- e) A minimum of 60 credit hours for the BAS degree must be completed at ASU. If the AAS degree is earned with fewer than 60 credit hours, the student must complete additional credit hours at ASU, so that the total credit hours of the AAS and BAS degrees are at least 120.
- f) After admission to ASU, if a student wishes to transfer out of the BAS program into another program at ASU, the agreement to accept a block of up to 60 transfer credit hours from the AAS degree shall be void and no longer in effect. The student's transcript will be evaluated course-by-course and only transferrable courses will be accepted.

B.A.S. Degree Summary

A.A.S. Degree Block Transfer	60 Hrs.
ASU General Studies	22-25 Hrs.
B.A.S. Health Sciences Area Core	9 Hrs.
Health Sciences Concentration	26-29 Hrs.
TOTAL	120 Hrs.

I. Articulated General Studies Sequence (typically within the AAS degree) (16-19 credits):

The articulated AAS degree must contain the following lower division general studies and foundations coursework:

First Year Composition (6 hrs)	6 Hrs.
Humanities (selected from AGECE list) (3 hrs)	3 Hrs.
Social & Behavioral Sciences (selected from AGECE list) (3 hrs)	3 Hrs.
Natural Sciences (Selected from AGECE list) (4 hrs)	4 Hrs.
Mathematics (0-3 hrs). If not completed in the AAS, this requirement will be included as part of the 60-units completed as ASU in order to meet ASU GS requirement	0-3 Hrs.

All courses used for General Studies within the AAS must satisfy AGECE (Arizona General Education Curriculum) criteria (or an equivalent articulated general studies transfer pattern) with the exception of mathematics.

II. ASU General Studies Sequence (22-25 credits):

Within General Studies or other courses, student must meet Global Awareness, Historical Awareness, Cultural Diversity, and Literacy course requirements of ASU.

Requirement	Recommended Courses	Hrs.	Completed
<u>Mathematical Studies (MA)</u>	Must meet AGECE MA criteria.	3	<input type="checkbox"/>
<u>Mathematical Studies: (CS)</u>	Upper division statistics course: <u>ABS 350 Applied Statistics (CS)</u> OR <u>SBS 304 Social Statistics I (CS)</u> OR <u>SOC 390 Social Statistics I (CS)</u> OR <u>SWU 321 Statistics for Social Workers (CS)</u> OR <u>STP 420 Introduction to Applied Statistics (CS)</u>	3	<input type="checkbox"/>
<u>Literacy & Critical Inquiry (L) AND Upper Division Literacy & Critical Inquiry (L)</u>	<u>TWC 301 General Principles of Multimedia Writing (L)</u> OR Equivalent Upper Division (L) course (recommended: <u>ENG 301 Writing for the Professions (L)</u> or <u>ENG 302 Business Writing (L)</u>)	6	<input type="checkbox"/>
<u>Natural Science – Quantitative (SQ)</u>		4	<input type="checkbox"/>
<u>Humanities, Fine Arts and Design (HU)</u>	<u>HSC 320 Applied Medical/Health Care Ethics (HU)</u> OR Equivalent Upper Division (HU) course (Recommended: <u>PHI 306 Applied Ethics (HU)</u> or <u>PHI 406 Moral Dilemmas (L or HU)</u> or <u>REL 381 Religion and Moral Issues(L or HU)</u>)	3	<input type="checkbox"/>
<u>Social and Behavioral Sciences (SB)</u>	<u>NTR 350 Nutrition Counseling (SB)</u> OR Equivalent Upper Division (SB) course (Recommended: <u>COM 316 Gender and Communication (SB & C)</u> or <u>SOC 352 Social Change (SB & G & H)</u>)	3	<input type="checkbox"/>
<u>Upper Division Social and Behavioral Sciences (SB) OR Upper Division Humanities, Fine Arts and Design (HU)</u>	<u>NTR 450 Nutrition in the Life Cycle I (SB)</u> OR <u>ALD 420 Health Issues and Older Adults (SB)</u> OR Equivalent Upper Division (HU or SB) course (Recommended: <u>CDE 430 Infant/Toddler Development in the Family (SB)</u> or <u>EDP 313 Childhood and Adolescence (SB)</u> or <u>SOC 427 Sociology of Health and Illness (SB)</u>)	3	<input type="checkbox"/>

III. B.A.S. Health Sciences Area Core (9 credits)

Courses	Hrs.	Completed
<u>EXW 302 Fundamentals of Wellness (L)</u>	3	<input type="checkbox"/>
<u>HSC 300 Complementary Health Care</u>	3	<input type="checkbox"/>
<u>HSC 420 Evaluation of Health Sciences Research</u>	3	<input type="checkbox"/>

IV. Health Sciences Concentration (26-29 credits): Select from the following.

Professional Communication and Education: (Select at least 9 credits)		
Course(s)	Hrs.	Completed
<u>AFS 380 Health Issues in the African American Community</u>	3	<input type="checkbox"/>
<u>COM 316 Gender and Communication (SB & C)</u>	3	<input type="checkbox"/>
<u>COM 371 Language, Culture and Communication (SB & C & G)</u>	3	<input type="checkbox"/>
<u>COM 410 Interpersonal Communication Theory and Research (SB)</u>	3	<input type="checkbox"/>
<u>EXW 446 Health Promotion and Program Evaluation</u>	3	<input type="checkbox"/>
<u>HSC 340 Changing Health Behaviors</u>	3	<input type="checkbox"/>
<u>NTR 300 Computer Applications in Nutrition (CS)</u>	3	<input type="checkbox"/>
<u>NTR 350 Nutrition Counseling (SB)</u>	3	<input type="checkbox"/>
<u>NTR 351 Nutrition and Health Communication (L)</u>	3	<input type="checkbox"/>
<u>NTR 494 Special Topics: Nutrition and the Media</u>	1-4	<input type="checkbox"/>
<u>PSY 320 Learning and Motivation</u>	3	<input type="checkbox"/>
<u>TWC 401 Principles of Technical Communication (L)</u>	3	<input type="checkbox"/>
<u>TWC 411 Principles of Visual Communication (L)</u>	3	<input type="checkbox"/>
<u>TWC 446 Technical and Scientific Reports (L)</u>	3	<input type="checkbox"/>

Vulnerable Populations: (Select at least 6 credits)		
Courses	Hrs.	Completed
ASB 321 Indians of the Southwest ((L or SB) & H & C)	3	<input type="checkbox"/>
ASB 342 Mexico-US Borderlands (SB)	3	<input type="checkbox"/>
ASB 353 Death and Dying: Cross Cultural Perspectives ((HU or SB) & G)	3	<input type="checkbox"/>

Barrett Academic Course Requirements

Honors students must maintain high standards of academic performance and show progress toward completion of graduation requirements in their disciplinary majors and in Barrett. In order to graduate from Barrett, students must complete the following, which includes a total of 36 credit hours of honors course work:

1. HON 171 and HON 272 *The Human Event*, must be completed in sequence during a student's first two semesters in the college.
2. Thirty additional credit hours of honors course work must be earned with a letter grade of "C" (2.00) or higher. This may include HON prefix classes, honors sections of classes, honors enrichment contracts or any automatic honors courses such as ENG 105 *Advanced First-Year Composition* (in-person sections), CEE 486 *Integrated Civil Engineering Design*, PHY 333 *Electronic Circuits and Measurements*, or graduate-level (in-person) courses.
3. Included in the 36 credit hours of honors course work are at least 18 hours of upper-division or graduate-level honors credits for an earned letter grade of "C" (2.00) or higher, including six credit-hours of honors course work outside the academic major. Students should investigate specialized honors, upper-division tracks within their majors.
4. Those admitted as upper-division transfer students (defined as 48 post-high school university credits completed by the time of planned enrollment in Barrett) must complete a three-credit, 300-level HON special topics course in addition to the 18 required hours of upper-division honors course work. Six of the 21 honors credits must be outside the academic major. A total of 21 hours of upper-division honors course work are required for these upper division transfers because they do not have time to complete all 36 honors hours.
5. Students are required to complete an honors thesis or creative project for at least three credit-hours, though students are encouraged to complete six credit-hours of thesis or creative project work. These credit hours may be included in the 18 required hours of upper-division, honors course work. The honors thesis or creative project is launched with a prospectus due one academic year before the defense. Prior to enrolling in credit for thesis or creative project work, students must complete a required preparatory workshop or course. The final copy of the honors thesis or creative project must be **filed by the posted deadline during the student's graduation semester**.
6. ASU graduation requirements in an academic major must be met.
7. Students must maintain a cumulative ASU GPA of 3.25 or higher.

Barrett course requirements may be met in a variety of ways. There are two specific required courses for first-year students. **Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet Barrett requirements.**

Those entering the college as lower-division students may take as many as 18 lower-division honors credits, which include HON 171 and 272 *The Human Event*, and at least 18 upper-division credits (total honors credits must be 36). HON 171 and 272 *The Human Event* are cross-disciplinary seminars that acquaint students with ideas that form the foundation of a university education and emphasize critical thinking, discussion and writing.

Those who enter as upper-division students must take 21 upper-division honors credits, including a required three-credit 300-level honors course taught by an Honors Faculty Fellow. Junior-level seminar courses introduce students to critical thinking, discussion and writing in a topical area chosen by the instructor. All students are expected to complete this course during the first semester upon transferring.

Departmental honors-only courses are limited to honors students and others who receive special permission from the instructor to enroll. Enrollment in these courses is limited. Compared to their non-honors equivalents, these courses are designed to offer a richer, more complex intellectual experience appropriate to the discipline and the level of the course for all students enrolled. Other disciplinary honors courses group honors students in small cohorts to work on research projects of common interest.

Honors enrichment contracts are available in many departmental courses allowing honors students to contract with the instructor of designated non-honors courses to earn honors credit by pursuing enrichment activities, which include supplemental sessions with the instructor. Honors enrichment contracts must be filed by the student during the first four weeks of class and completed during the semester in which the course is offered. The enrichment contract form offers guidelines to aid students and faculty in developing appropriate contracts.

Course numbers listed in the online [ASU Class Search/Course Catalog](#) as 298 and 492 *Honors Directed Study*, 493 *Honors Thesis*, 497 *Honors Colloquium*, all classes with the HON prefix, and those with departmental prefix that carry the honors designation as a notation are reserved for students in Barrett and always count for honors credit. Students may receive credit for more than one of each of these courses in a given department.

The departmental course with the number 493 is reserved for honors students completing their honors thesis or creative project. A student may enroll for this course only with the approval of the sponsoring academic department and of the faculty member who serves as the **student's thesis** or creative project **director**. **Course numbers listed in the online ASU schedule of classes as 493 fulfill the student's upper-division literacy and critical inquiry (L) General Studies requirement.**

There are certain courses that carry automatic honors credit. These include ENG 105 *Advanced First-Year Composition* (any in-person section), CEE 486 *Integrated Civil Engineering Design*, and PHY 333 *Electronic Circuits and Measurements*. Graduate level courses taught in an in-person format automatically earn honors credit.

- For a list of courses that fill the major emphasis areas, go to http://americanindian.clas.asu.edu/program_of_study

All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

- Students choosing the Asia Studies - East Asia major must choose an East Asia track of either Chinese or Japanese. Please refer to the appropriate track list below.

East Asia Track - Japanese

ARS 473: Art of Japan (HU)

FMS 394: History of Anime

HST 108: Introduction to Japan (SB & G & H)

HST 387: Japan ((L or SB) & H)

HST 388: Japan (SB & G & H)

HST 389: Japan Society and Values/Premod

JPN 206: Japanese Calligraphy

JPN 401: Reading Modern Japanese Texts I ((L or HU) & G)

JPN 414: Introduction to Classical Japanese

JPN 445: Readings in Modern Japanese Letters and Culture

JPN 485: Literary Translation: Theory and Practice

POS 451: China, Japan, and the Koreas (SB & G)

REL 344: Religion and Values in Japanese Life (HU & G)

REL 355: Japanese Cities and Cultures to 1800 (HU & H)

REL 494: Hiroshima: History and Memory

SLC 421: Japanese Literature in Translation ((L or HU) & G)

East Asia Track - Chinese

ARS 472: Art of China (HU)

ARS 475: Chinese Painting (HU)

CHI 205: Chinese Calligraphy

CHI 308: Introduction to Literary Chinese II

CHI 321: Chinese Literature (HU)

CHI 322: Chinese Literature (HU & G)

CHI 345: Chinese Film and Civilization

CHI 413: Introduction to Literary Chinese I (HU)

SLC 420: Chinese Fiction (HU & G), Classic Novels of China (HU & G), Trad Chinese Fict in Tran (HU & G), Women in Chinese Literature (HU & G)

GCU 432: Geography of China (SB & G)

HPS 325: History of Chinese Medicine (HU & H & G)

HST 383: China (SB & H)

HST 384: China (SB & G & H)

HST 385: History of Chinese Medicine (HU & H & G)

HST 386: Interpreting China's Classics ((L or HU) & H)

HST 451: Chinese Cultural History I ((HU or SB) & H)

HST 452: Chinese Cultural History II (SB & G & H)

HST 453: The People's Republic of China (SB & G & H)

POS 451: China, Japan, and the Koreas (SB & G)

POS 452: China (SB & G)

REL 343: Daoism ((L or HU) & G & H)

REL 346: Chinese Religions

East Asian Electives

ARS 494: Buddhist Art Across Asia

KOR 250: Korean Culture and Society (HU & G)

KOR 347: Korean Film and Literature (HU)

KOR 350: Women of Korea (H)

REL 394: Folk Religion in Korea

Across Asia Courses

★ Upper Division Additional Major Requirement Course	3-4	C	• 2 Laboratory/Research Courses are required
★ Upper Division Major Elective Course	3	C	
Upper Division Elective	3		
Lower Division Elective	4		
Term hours subtotal:		13-14	

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

Major Laboratory/Research Courses

BIO 495: Undergraduate Research

PLB 308: Plant Physiology

BIO 321: Introductory Ecology Laboratory (L)

BIO 342: General Genetics Laboratory

BIO 343: Genetic Engineering and Society (L)

BIO 352: Laboratory in Vertebrate Developmental Anatomy

BIO 361: Animal Physiology Laboratory

BIO 435: Research Techniques in Animal Behavior

MIC 302: Advanced Bacteriology Laboratory (L)

MBB 350: Applied Genetics

PLB 350: Applied Genetics

MBB 343: Genetic Engineering and Society (L)

Major Elective Courses

BIO 322: Conservation Biology and Ecological Sustainability I

BIO 323: Ecosystem Restoration and Management

BIO 325: Oceanography

BIO 346: The Darwinian Revolution

BIO 355: Introduction to Computational Molecular Biology (CS)

BIO 386: General Entomology

BIO 406: Computer Applications in Biology (CS)

BIO 415: Biometry (CS)

BIO 416: Professional Values in Science (L)

BIO 423: Population and Community Ecology

BIO 427: Fire (H)

BIO 428: Biogeography (L)

BIO 431: Genes, Development, and Evolution (L)

BIO 436: Sociobiology and Behavioral Ecology

BIO 440: Functional Genomics

BIO 446: Principles of Human Genetics (L)

BIO 453: Animal Histology

BIO 455: Introduction to Comparative Genomics

BIO 467: Neurobiology

BIO 461: Comparative Animal Physiology

BIO 462: Endocrine Physiology

BIO 464: Photobiology

BIO 471: Ornithology

BIO 472: Mammalogy

BIO 474: Herpetology

HPS 322: History of Science (HU & H)

HPS 323: History of Science (HU & H)

HPS 330: History of Biology: Conflicts and Controversies

HPS 331: History of Medicine (H)

MIC 360: Bacterial Physiology

MIC 420: Immunology: Molecular and Cellular Foundations

MIC 426: Medical Immunology

MIC 427: Immunoneuropsychology:
Research Foundation (L)

MIC 485: General Virology

PLB 302: Plants and Civilization

PLB 305: Cacti and Succulents

PLB 310: The Flora of Arizona

PLB 407: Plant Fossils and Evolution

PLB 440: Photobiology

BIO 494: Advanced Animal Behavior,
Advanced Study Practicum, Advanced
Study Practicum: Anatomy & Physiology,
Advanced Study Practicum: Laboratory
Assistance, Advanced Study Practicum:
Lecture

BCH 361: Advanced Principles of
Biochemistry

MBB 355: Introduction to Computational
Molecular Biology (CS)

MBB 440: Functional Genomics

PLB 432: Computer Applications in
Biology (CS)

Additional Major Requirements Courses

BIO 312: Bioethics (HU)

BIO 320: Fundamentals of Ecology

BIO 331: Animal Behavior

BIO 351: Developmental Biology

BIO 353: Cell Biology

BIO 360: Animal Physiology

BIO 370: Vertebrate Zoology

MIC 220: Biology of Microorganisms
AND MIC 206: Microbiology Laboratory
(SG)

PLB 300: Plant Diversity and Evolution
(L or SG)

General University Requirements Legend

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Fine Arts and Design (HU)
- Social and Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2013 - 2014 academic year.

2013 - 2014 Major Map
Biological Sciences (Animal Physiology & Behavior), BS

College of Liberal Arts and Sciences
 Tempe campus
 LABSCABS

Term 1 0 - 15 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
 BIO 189: Life Sciences Career Paths	1		<ul style="list-style-type: none"> • An SAT, ACT, Accuplacer, or TOEFL score determines placement into first-year composition courses • ASU Math Placement Exam score determines placement in Mathematics course • ASU 101 or College specific equivalent First Year Seminar required of all freshman students. • Students who place lower in mathematics than MAT 170 are behind and will not be eligible for these courses. Please meet with an advisor to discuss an appropriate schedule for your first term as you make up pre-requisites.
BIO 281: The Living World (SQ)	4	C	
CHM 113: General Chemistry I (SQ)	4	C	
STP 231: Statistics for Life Science (CS)	3	C	
ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition	3	C	
Term hours subtotal:	15		
Term 2 16 - 32 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
BIO 282: Conceptual Approaches to Biology for Majors I	4	C	
CHM 116: General Chemistry II (SQ)	4	C	
MAT 251: Calculus for Life Sciences (MA)	3	C

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

SES Branch Courses

AST 321: Introduction to Planetary and Stellar Astrophysics (SQ)

AST 322: Introduction to Galactic and Extragalactic Astrophysics (SQ)

GLG 310: Structural Geology

GLG 321: Mineralogy

GLG 418: Geophysics

GLG 424: Petrology

GLG 481: Geochemistry

GLG 490: Hydrology

GLG 490: Remote Sensing

SES 311: Essentials of Astrobiology: Exploration for Life in the Universe

SES 330: Practical Electronics and Instrumentation

SES 405: Exploration Systems Engineering

Term hours subtotal:	15		

- All Global Studies majors must complete five major elective courses from the list found at <https://pgs.clas.asu.edu/content/global-studies-courselist>. Major elective coursework is distributed across five areas of emphasis - Cultural Perspective and Place, Economic Development, Global Governance, Urban Systems and Environment, and Violence, Conflict, and Human Rights. At least two of the five major elective courses must reflect different areas of emphasis. In other words, all five major elective courses cannot come from just one area of emphasis. Students must earn a 'C' or better in the courses.

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

- This degree program is intended for students who are already fairly competent in the language selected to study. The language selected by the student must be one offered by the School of International Letters and Cultures. Please see an academic advisor in SILC for approval of the language as well as the program of study which is tailored for individual students. Because of the nature of the degree program, students taking Romanian and Portuguese should be at least at the 313 level by the end of Term 1, and students taking Greek should be at least at the 301 level by the end of Term 1. Students in all other languages should be at the 201 level by the end of term 1.

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

All Justice Studies online students must complete 12 upper division (300-499) in a related area other than JUS courses. This must be done in consultation with an academic advisor in the School of Social Transformation. The related area courses may not be use concurrently in the major. However, in order to facilitate and encourage the student's completion of a minor, approved courses for the related area may be used in the minor. For the list of acceptable courses, please refer to the track lists below.

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

	Elective	4		
	Term hours subtotal:	14-15		

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

Major General Biology Electives Courses
- 3 credits required

BCH 361: Advanced Principles of Biochemistry

BIO 312: Bioethics (HU)

BIO 320: Fundamentals of Ecology

BIO 343: Genetic Engineering and Society (L)

BIO 345: Organic Evolution

BIO 351: Developmental Biology

BIO 353: Cell Biology

BIO 360: Animal Physiology

BIO 451: Cell Biotechnology Laboratory

BIO 455: Introduction to Comparative Genomics

Major Microbiology/Immunology Electives Courses - 3 credits required

MBB 445: Techniques in Molecular Biology/Genetics

MBB 446: Techniques in Molecular Biology/Genetics Lab

MIC 379: Medical Bacteriology

MIC 380: Medical Parasitology

MIC 394: Milestones in Microbiology, Special Topics

MIC 421: Experimental Immunology

MIC 426: Medical Immunology

MIC 427: Immunoneuropsychology: Research Foundation (L)

MIC 428: Immunophilosophy

MIC 441: Bacterial Genetics

MIC 442: Bacterial Genetics Laboratory

MIC 445: Techniques in Molecular Biology/Genetics

MIC 446: Techniques in Molecular Biology/Genetics Lab

MIC 484: Internship

MIC 485: General Virology

MIC 494: Emerging Infectious Diseases

MIC 498: Viral Pathogenesis/Host Def

Additional Major Requirements- 6 credits required

BIO 484: Internship

BIO 495: Undergraduate Research

MBB 445: Techniques in Molecular Biology/Genetics

MBB 446: Techniques in Molecular Biology/Genetics Lab

MBB 484: Internship

MBB 495: Undergraduate Research

MIC 381: Pathogenic Microbes

MIC 420: Immunology: Molecular and Cellular Foundations

MIC 421: Experimental Immunology

MIC 441: Bacterial Genetics

MIC 442: Bacterial Genetics Laboratory

MIC 445: Techniques in Molecular Biology/Genetics

MIC 446: Techniques in Molecular Biology/Genetics Lab

MIC 484: Internship

MIC 495: Undergraduate Research

PLB 495: Undergraduate Research

PLB 484: Internship

Humanities, Fine Arts and Design (HU) AND Global Awareness (G) OR Humanities, Fine Arts and Design (HU) AND Cultural Diversity in the U.S. (C) OR Humanities, Fine Arts and Design (HU) AND Historical Awareness (H)	3		
Elective	3		
 Complete ENG 101 OR ENG 105 OR ENG 107 course(s).			
Term hours subtotal:	16		

Term 3 31 - 44 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
 BIO 281: Conceptual Approaches to Biology for Majors I or BIO 181: General Biology I (SQ)	4	C	
 CHM 231: Elementary Organic Chemistry (SQ) AND CHM 235: Elementary Organic Chemistry Laboratory (SQ) OR CHM 233: General Organic Chemistry I AND CHM 237: General Organic Chemistry Laboratory I	4	C	
CLAS Science and Society Elective	3	C	

Social and Behavioral Sciences (SB) AND Global Awareness (G) OR
 Social and Behavioral Sciences (SB) AND Cultural Diversity in the U.S.
 (C) OR Social and Behavioral Sciences (SB) AND Historical Awareness
 (H) 3

❖ Complete Mathematics (MA) requirement.

Term hours subtotal: 14

Term 4 45 - 59 Credit Hours **Critical course signified by** ❖

❖ MBB 247: Principles of Molecular and Cellular Biology II 4 C

❖ MIC 220: Biology of Microorganisms AND
 MIC 206: Microbiology Laboratory (SG) 4 C

CHM 234: General Organic Chemistry II AND
 CHM 238: General Organic Chemistry Laboratory II OR
 CHM 231: Elementary Organic Chemistry (SQ) AND
 CHM 235: Elementary Organic Chemistry Laboratory (SQ) OR
 CHM 233: General Organic Chemistry I AND
 CHM 237: General Organic Chemistry Laboratory I 4 C

Humanities, Fine Arts and Design (HU) 3

Term hours subtotal: 15

Term 5 60 - 74 Credit Hours **Necessary course signified by** ★

★ BIO 340: Fundamentals of Genetics 4 C

MBB 343: Genetic Engineering and Society (L) 4 C

PHY 111: General Physics (SQ) AND
 PHY 113: General Physics Laboratory (SQ) OR
 PHY 101: Introduction to Physics (SQ) 4 C

Upper Division Elective OR
 CHM 234: General Organic Chemistry II AND
 CHM 238: General Organic Chemistry Laboratory II 3-4 C

Term hours subtotal: 15-16

- Optimal time for Study Abroad, schedule an advising appointment at <https://solsadvising.asu.edu> to discuss Study Abroad options

Term 6 75 - 91 Credit Hours **Necessary course signified by** ★

★ MBB 484: Internship OR
 MBB 495: Undergraduate Research 3 C

BCH 361: Principles of Biochemistry AND
 BCH 367: Elementary Biochemistry Laboratory 4 C

PHY 112: General Physics (SQ) AND
 PHY 114: General Physics Laboratory (SQ) OR
 Elective 4 C

Upper Division CLAS Science and Society Elective 3 C

Upper Division Social and Behavioral Sciences (SB) OR
 Upper Division Humanities, Fine Arts and Design (HU) 3

Term hours subtotal: 17

- MBB 484 or 495 requires the completion of an individualized instruction form and meeting with a faculty member before the semester begins. These are positions and research experience secured by the student on their own.
- Optimal time for Study Abroad, schedule an advising appointment at <https://solsadvising.asu.edu> to discuss Study Abroad options

Term 7 92 - 108 Credit Hours **Necessary course signified by** ★

★ MBB 490: Capstone: Issues in Biotechnology (L) 2 C

MBB 484: Internship OR
 MBB 495: Undergraduate Research 3 C

- MBB 484 or MBB 495 requires the completion of

MIC 381: Pathogenic Microbes OR MBB 350: Applied Genetics OR MBB 440: Functional Genomics OR MBB 444: Techniques in Functional Genomics OR MBB 445: Techniques in Molecular Biology/Genetics AND MBB 446: Techniques in Molecular Biology/Genetics Lab OR MIC 420: Immunology: Molecular and Cellular Foundations AND MIC 421: Experimental Immunology OR MIC 441: Bacterial Genetics AND MIC 442: Bacterial Genetics Laboratory	3-1	C

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at <https://clas.asu.edu/advising-and-academic-services/science-and-society>. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

• Placement into the Post Baccalaureate BSN Pre-Licensure Program is based on clinical space availability. In addition to the application to the University, there is a separate application process to be selected for placement in this program. To be considered a qualified applicant you must meet all of the following criteria:

1. Provide proof of completion of Bachelor degree prior to application deadline
2. Complete all 10 pre-requisite courses with a grade of C or better and a combined GPA of at least 3.50. All courses must be evaluated by Academic Advisor from College of Nursing and Health Innovation
 - BIO 201: Human Anatomy and Physiology I
 - BIO 202: Human Anatomy and Physiology II
 - CHM 101: Introduction to Chemistry/ Lab
 - MIC 205/206: Microbiology w/Lab
 - CDE 232: Human Development
 - HCR 220: Introduction to Nursing and Healthcare systems
 - HCR 240: Human Pathophysiology
 - NTR 241: Human Nutrition
 - PSY 101: Introduction to Psychology
 - Statistics course, approved by advisor
3. Completion of Test of Essential Academic Skills (TEAS)
4. Completion of Post Baccalaureate Essay question

- There are different options available for the Online RN to BSN including the Pathway, the Non-Pathway, and the Concurrent Enrollment Program. The pre-requisites for each option vary and the number of courses needed to graduate from ASU with a BSN may vary. Students must see an RN to BSN academic advisor for more information about the pre-requisites and the graduation requirements.

	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	• ASU Mathematics Placement Test score determines placement in Mathematics course
	MAT 142: College Mathematics (MA)		3	C	
	ASU 101: The ASU Experience		1		
	Minimum 3.25 GPA ASU Cumulative.				• ASU 101 or College specific equivalent First Year Seminar required of all freshman students
	Maintain 3.25 GPA in Critical Tracking Courses.				
	Term hours subtotal:		14		• Meeting minimum requirements does not guarantee advancement into Traditional Pre-licensure Clinical Nursing Program. Admission is based on a competitive application process (see bottom of major map for more details).

Term 2	15 - 30 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
	CDE 232: Human Development (SB) OR PSY 101: Introduction to Psychology (SB)		3	C	• Meeting minimum requirements does not guarantee advancement into Traditional Pre-licensure Clinical Nursing Program. Admission is based on a competitive application process (see bottom of major map for more details).
	CHM 101: Introductory Chemistry (SQ) OR BIO 201: Human Anatomy and Physiology I (SG)		4	C	
	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	
	Computer/Statistics/Quantitative Applications (CS)		3		
	Humanities, Fine Arts and Design (HU) OR Social and Behavioral Sciences (SB)		3	C	
	Minimum 3.25 GPA ASU Cumulative.				
	Maintain 3.25 GPA in Critical Tracking Courses.				

Complete ENG 101 OR ENG 105 OR ENG 107 course(s).

Term hours subtotal: 16

Term 3 31 - 44 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
 BIO 202: Human Anatomy and Physiology II (SG)	4	C	<ul style="list-style-type: none"> Meeting minimum requirements does not guarantee advancement into Traditional Pre-licensure Clinical Nursing Program. Admission is based on a competitive application process (see bottom of major map for more details).
<i>Complete 2 courses:</i>			
 HCR 210: Clinical Health Care Ethics (HU) OR HCR 220: Introduction to Nursing and Healthcare Systems (H) OR HCR 230: Culture and Health (C & G)	6	C	
 MIC 205: Microbiology (SG) AND MIC 206: Microbiology Laboratory (SG)	4	C	
 Minimum 3.25 GPA ASU Cumulative.			
 Maintain 3.25 GPA in Critical Tracking Courses.			
Complete Mathematics (MA) requirement.			
Term hours subtotal:		14	

Term 4 45 - 57 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
 HCR 210: Clinical Health Care Ethics (HU) OR HCR 220: Introduction to Nursing and Healthcare Systems (H) OR HCR 230: Culture and Health (C & G)	3	C	<ul style="list-style-type: none"> Must have 3.75 "Select GPA" to begin in Traditional Pre-licensure Clinical nursing Program. "Select GPA" calculated by college and must include grades for ENG 101, ENG 102, three out of the four sciences and eight additional courses. Meeting minimum requirements does not guarantee advancement into Traditional Pre-licensure Clinical Nursing Program. Admission is based on a competitive application process (see bottom of major map for more details).
 HCR 240: Human Pathophysiology	4	C	
 NTR 241: Human Nutrition	3	C	
Elective	3		
 Minimum 3.25 GPA ASU Cumulative.			
 Maintain 3.25 GPA in Critical Tracking Courses.			
 Milestone: Students must either secure a space in the Clinical Nursing program or select alternative major. Please see your Nursing academic advisor.			
Term hours subtotal:		13	

- Advancement to the Traditional Pre-licensure Clinical Nursing program (TPCNP) is based on clinical space availability. Students directly admitted to the nursing major (not pre-nursing) are guaranteed advancement to the clinical program within a year of eligibility. Those not directly admitted, or those that forfeit their space, may go through the Competitive Application process for advancement to the clinical program. More students may compete for advancement than space will allow.

Competitive Application Process (CAP) and Minimum Eligibility for Advancement to the TPCNP:
 Prerequisite and Select GPA: Minimum required = 3.250
 Test of Essential Academic Skills (TEAS[®]) score: Minimum required = 58.7%

The Select GPA and TEAS score will be used to rank students from high to low in the CAP. After directly admitted students who meet Continuing Eligibility Criteria are advanced, students highest on the list will be offered spaces in the TPCNP that remain. Students not selected may choose to compete again in the next term, if space is available. There is no limit on the number of times students may compete; a waiting list will not be maintained. Students who do not meet the minimum Select GPA/TEAS will be withdrawn from consideration.

If you are not advanced into the Nursing program by term 5, you will need to select a new major. The Pre-Nursing major does not lead to a degree, and therefore, you must select a program that offers terms 5-8.

- Tracks available for BS Students are:
 - Sustainable Energy, Materials, and Technology
 - The Economics of Sustainability

- Ecosystems Sustainability

More information on BS Tracks can be found here: <http://schoolofsustainability.asu.edu/undergraduate/bachelor-of-science.php>

Students may choose any of the Upper Division Challenge Area/Track Courses, but MUST complete at least the course that corresponds with the track they have chosen. (ie if The Economics of Sustainability Track is chosen, students should choose SOS 325 and three others)

Approved Challenge Area/Track Courses

SOS 320: Society and Sustainability (L or SB)

SOS 321: Policy and Governance in Sustainable Systems

SOS 322: International Development and Sustainability

SOS 323: Sustainable Urban Dynamics

SOS 324: Sustainable Energy, Materials, and Technology

SOS 325: The Economics of Sustainability

SOS 326: Sustainable Ecosystems

SOS 327: Sustainable Food and Farms

SOS 328: Sustainability and Enterprise

SOS 465: Sustainable Urbanism

General University Requirements Legend

- General Studies Core Requirements:
- Literacy and Critical Inquiry (L)
 - Mathematical Studies (MA)
 - Computer/Statistics/Quantitative Applications (CS)
 - Humanities, Fine Arts and Design (HU)
 - Social and Behavioral Sciences (SB)
 - Natural Science - Quantitative (SQ)
 - Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2013 - 2014 academic year.

The BAS program is a transfer pathway specifically for students who have earned community college associate of applied science (AAS) degrees. The goal of the program is to provide students with management, leadership, critical thinking, and communication skills, along with significant work in a professional specialization. Students must complete an associate of applied science (AAS) degree to be eligible for this program. *AA and AS students are not eligible for this program.*

Program Requirements

This program allows students who have earned an Associate of Applied Science from a regionally accredited institution to transfer 60 or 75 credit hours toward a Bachelor of Applied Science at ASU. Students may opt to complete additional general studies coursework at a community college to be eligible to transfer up to 75 credits towards the BAS.

General Studies Completion Curriculum (19 Credit hours):

The BAS curriculum builds on the general education content of the AAS. ASU general studies requirements will be completed with courses in these areas through upper division coursework:

Requirement	Hrs.
<u>Mathematical Studies (MA)</u>	3
<u>Natural Science – Quantitative (SQ)</u>	4
<u>Literacy & Critical Inquiry (L)</u>	3
<u>Humanities, Fine Arts, and Design (HU)</u>	3
<u>Social and Behavioral Sciences (SB)</u>	3
One additional:	
<u>Humanities, Fine Arts, and Design (HU)</u> OR	3
<u>Social and Behavioral Sciences (SB)</u>	

Additionally, students must complete the general studies awareness requirements either through previously taken transfer work or by combining with the general studies requirements from above (L, HU, SB):

Requirement	Hrs.
<u>Cultural Diversity in the US (C)</u>	3
<u>Global Awareness (G)</u>	3
<u>Historical Awareness (H)</u>	3

In consultation with an advisor, students select courses from the ASU general studies list that contribute to the overall curriculum and meet degree requirements.

BAS Core Curriculum (15 semester hours minimum):

The BAS core curriculum is focused on management and organization, professional communication, statistical processes, and computer competency. These are a set standard of courses required by the selected concentration.

Concentrations (20 semester hours minimum):

20 semester hours of specialization courses

Assignable Credit (6 semester hours):

These are traditional electives selected in consultation with an advisor to enhance the curriculum. Assignable credit also can be used to strengthen math/science capabilities or computer skills.

Graduation Requirements Summary:

Total Hours (120)	Total Upper Division Hours (Minimum 60)	Cumulative GPA (2.00 Minimum)	Major GPA (2.0 Minimum)	Total Hours at ASU (Minimum 30)	Resident Credit for Academic Recognition (Minimum 56)	Community College hours (Maximum 60)

BAS Graduation Requirements Summary:

This program allows students who have earned an Associate of Applied Science from a regionally accredited institution to transfer 60 or 75 credit hours toward a Bachelor of Applied Science at ASU. Students may opt to complete additional general studies coursework at a community college to be eligible to transfer up to 75 credits towards the BAS.

- Total hours: 120 minimum
- ASU hours: 30 minimum
- 4-year institution hours: 45-60 minimum
- Upper division hours: 45 minimum
- Academic Recognition: 56 minimum
- GPA: 2.000 minimum
- Total hours transferred from community college: 60-75 maximum

General University Requirements: Legend

BAS Graphic Information Technology Focus Areas

Concentration Focus Area courses should be selected from the available focus areas with assistance from faculty and an advisor.

Digital Publishing

[GIT 333: Printing Technology](#)

[GIT 437: Color Reproduction Systems](#)

[GIT 450: Digital Workflow in Graphic Industries](#)

[TWC 411: Principles of Visual Communication \(L\)](#)

Gaming

[GIT 211: Introduction to Video Game Art](#)

[GIT 312: 3-D Computer Graphics Modeling and Representation \(CS\)](#)

[GIT 334: Image Capture and Manipulation](#)

[GIT 411: Computer Animation](#)

Photography

[GIT 334: Image Capture and Manipulation](#)

[GIT 384: Commercial Photography](#)

[GIT 437: Color Reproduction Systems](#)

[GIT 490: Advanced Commercial Photography](#)

Recommended for assignable credits: [GIT 295: Introduction to Technical Imaging](#)

Reproduction Technology

[GIT 333: Printing Technology](#)

[GIT 334: Image Capture and Manipulation](#)

[GIT 437: Color Reproduction Systems](#)

[TWC 411: Principles of Visual Communication \(L\)](#)

Web Development

[GIT 414: Website Design and Internet/Web Technologies](#)

[GIT 417: Advanced Internet Programming](#)

[GIT 418: Multimedia Authoring, Scripting and Production](#)

[GIT 435: Web Management and E-Commerce](#)

Recommended for assignable credits: [GIT 237: Web Content Design](#)

- Students select both a primary and secondary focus area. Primary focus areas are available from options selected by the faculty. Please visit <https://technology.asu.edu/index.php?q=engineering/BSEfocusareas> for more information and guidance on options available for primary focus areas. A secondary focus area is a group of courses comprising of 12 or more credit hours which form a coherent theme. For example, all courses may share a common subject prefix. Students work with an academic success specialist to identify their secondary focus area.

- Technical focus areas should be courses from the same academic subject or courses forming a coherent theme. Students in the BS Graphic Information Technology program select two technical focus areas each consisting of 12 hours of focused courses (minimum 6 hours of upper division) in consultation with a faculty member or an academic success specialist. Technical Focus Area A must be selected from the list of focus area options for students in the BS Graphic Information Technology: <http://technology.asu.edu/git/bsfocusareas>.

 Term hours subtotal: 12

- Secondary Focus Area: A secondary focus area is a group of courses comprising of 12 or more credit hours (minimum 6 hours upper division at the 300 or 400 level) which form a coherent theme. For example, all courses may share a common subject prefix. Students work with a faculty member or academic success specialist to identify their secondary focus area.
- For Upper Division Track Focus Area Course, please select six courses from one of the three available tracks: 1. Computer and Network Systems: Security and Administration 2. Video Game Design and Construction or 3. Web Applications (Design and Construction)

Computer and Network Systems: Security and Administration

CST 359: Internet Networking Protocol

CST 383: Shell and Script Programming with UNIX

CST 481: Information System Security

CST 482: Network Forensics

CST 488: Systems Administration of UNIX

CST 489: Network Administration with TCP/IP

Video Game Design and Construction (select 6 courses from the following)

CST 111: Introduction to Game Development

CPI 111: Game Development I (CS) or CST 211: Intermediate Game Development

CPI 211: Game Development II or CPI 311: Game Engine Development

CST 489: Network Administration with TCP/IP

GIT 211: Introduction to Video Game Art

GIT 312: 3-D Computer Graphics Modeling and Representation (CS)

GIT 314: Multimedia Design, Planning and Storyboards

GIT 411: Computer Animation

SER 321: Principles of Distributed Software Systems

CST 420: Principles of Distributed Software Systems or SER 322: Principles of Database Management

CST 433: Principles of Database Management or SER 332: Introduction to Graphics and Game Development

SER 431: Advanced Graphics

SER 432: Game Engine Architecture

Web Applications: Design and Construction (select 6 courses from the following)

CST 425: Server Software Programming

GIT 414: Web Site Design and Internet/Web Technologies

GIT 417: Advanced Internet Programming

GIT 418: Multimedia Authoring, Scripting and Production

GIT 435: Web Management and E-Commerce

SER 321: Principles of Distributed Software Systems or CST 420: Principles of Distributed Software Systems

SER 322: Principles of Database Management or CST 433: Principles of Database Management

SER 421: Web-Based Applications and Mobile Systems

- Students select both a primary and secondary focus area. The primary focus areas are Web and Mobile Applications, or Graphics and Game Development.

A secondary focus area is a group of courses comprising of 11 or more credit hours which form a coherent theme. For example, all courses may share a common subject prefix. Students work with an academic success specialist to identify their secondary focus area.

Primary Focus Area - Web and Mobile Applications

SER 322: Principles of Database Management

SER 421: Web-Based Applications and Mobile Systems

SER 422: Web Application Programming

Primary Focus Area - Graphics and Game Development

SER 332: Introduction to Graphics and Game Development

SER 431: Advanced Graphics

SER 432: Game Engine Architecture

- Secondary Focus Area: A secondary focus area is a group of courses comprising of 12 or more credit hours which form a coherent theme. For example, all courses may share a common subject prefix. Students may work with an academic success specialist to identify their secondary focus area from Graphic Information Technology (GIT), Technological Entrepreneurship and Management (TEM), or Industrial and Organizational Psychology (PSY).

Transfer Admission Guarantee (TAG) and Maricopa to ASU Pathways Program (MAPP)

Arizona State University has established special transfer partnerships with Arizona community colleges to facilitate the transition to ASU. Transfer Admission Guarantee (TAG) programs provide a prescribed set of course work that meet the requirements for an associate degree and AGECE (Arizona General Education Curriculum), as well as, lower-division course requirements for a specific ASU major. Maricopa Community College District (MCCCD) students participate in the Maricopa to ASU Pathways Program (MAPP), a TAG designed specifically for students attending one of the MCCCD community colleges.

2013-2014 Catalog Year - MAPP Business (Accountancy) BS

ASU Major

Accountancy, BS - W. P. Carey School of Business

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Business-SR, General Requirements degree and AGECE-B, meets major map requirements at ASU, and guarantees admission to the Business B.S. degree program. Special Requirements: In addition to university requirements, the W. P. Carey School of Business has the following special requirements: All courses must be completed with a grade of "C" or better. Students who complete the MAPP with a 3.0 cumulative transfer GPA* and submit one of the following: an SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00) are guaranteed admission to the W. P. Carey School of Business Bachelor of Science degree program, subject to capacity availability. Students may be assigned to a specific campus.*Because Arizona State University computes GPAs differently than the Maricopa Community College District, admission to the BS program can only be certified after ASU calculates and certifies the GPA.

2013-2014 Catalog Year - MAPP

Biological Sciences (Conservation Biology & Ecology) BS

ASU Major

Biological Sciences (Conservation Biology and Ecology), BS - College of Liberal Arts and Sciences

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Biological Sciences (Conservation Biology & Ecology) B.S. degree program. Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better.

2013-2014 Catalog Year - MAPP Business (Computer Information Systems) BS

ASU Major

Computer Information Systems, BS - W. P. Carey School of Business

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Business Special Requirements degree and AGECE-B, meets major map requirements at ASU, and guarantees admission to the Business (Computer Information Systems) B.S. degree program. Special Requirements: In addition to university requirements, the W. P. Carey School of Business has the following special requirements: All courses must be completed with a grade of "C" or better. Students who complete the MAPP with a 3.0 cumulative transfer GPA* and submit one of the following: an SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00) are guaranteed admission to the W. P. Carey School of Business Bachelor of Science degree program, subject to capacity availability. Students may be assigned to a specific campus. *Because Arizona State University computes GPAs differently than the Maricopa Community College District, admission to the BS program can only be certified after ASU calculates and certifies the GPA.

-------------------------	-----------

2013-2014 Catalog Year - MAPP Computer Science BS

ASU Major

Computer Science, BS - Ira A. Fulton Schools of Engineering

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Computer Science B.S. degree program. Special Requirements: All courses must be completed with a grade of "C" or better. In addition to university requirements, the Fulton School of Engineering requires that students must complete the MAPP with a 3.0 cumulative transfer GPA. Note that Arizona State University calculates GPA's differently than the Maricopa Community College District, thus guaranteed admission to the Computer Science BS program is dependent upon calculation of the 3.0 cumulative transfer GPA. Also, MAPP students must have an associate degree in progress or a completed associate degree posted on their transcript when applying for admission or they will be held to regular admission procedures and will not receive MAPP benefits.

Maricopa Community College District Course Requirements

2013-2014 Catalog Year - MAPP

Design Studies BA

ASU Major

Design Studies, BA - Herberger Institute for Design and the Arts

Special Requirements

The MAPP for the BA in Design Studies is provided as a transfer pathway for students wishing to complete their BA in Design Studies at Arizona State University. Some students wish to pursue a Bachelor of Science in Design, and this is possible, but the five professional design degrees (Bachelor of Science in Design in Architectural Studies, Graphic Design, Industrial Design, Interior Design, Landscape Architecture) require 8 semesters (4 years) of sequential studio coursework at Arizona State University. For this reason we suggest students at Maricopa Community Colleges complete the BA Design Studies MAPP and then consider pursuing the 3-plus graduate programs in Architecture, Industrial Design, Interior Architecture, Landscape Architecture and Visual Communication Design. 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better.

Maricopa Community College District Course Requirements

Required Courses	Pathway Credits	AGEC-A Program Reqs	ASU Trk	ASU LD	Min. Grade	Notes
First Year Composition						
ENG 101: First-Year Composition SUN#ENG 1101 OR ENG 107: First-Year Composition for ESL	3	•	•		C

- Marketing, BS - W. P. Carey School of Business

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU, and guarantees admission to the Business B.S. degree program. Special Requirements: In addition to university requirements, the W. P. Carey School of Business has the following special requirements: All courses must be completed with a grade of "C" or better. Students who complete the MAPP with a 3.0 cumulative transfer GPA* and submit one of the following: an SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00) are guaranteed admission to the W. P. Carey School of Business Bachelor of Science degree program, subject to capacity availability. Students may be assigned to a specific campus. *Because Arizona State University computes GPAs differently than the Maricopa Community College District, admission to the BS program can only be certified after ASU calculates and certifies the GPA.

2013-2014 Catalog Year - MAPP Educational Studies BAE

ASU Major

Educational Studies, BAE - Mary Lou Fulton Teachers College

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Educational Studies B.A.E. degree program. Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a "C" or better. The Bachelor of Arts in Education (BAE) in educational studies is designed to prepare students to work with children and youth outside of a traditional classroom setting. While this degree does not lead to teacher certification, it will provide a foundation of knowledge in educational practices for use in the community setting.

Music BA

ASU Major

Music, BA - Herberger Institute for Design and the Arts

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU. Acceptance into the School of Music is contingent upon a successful audition the semester before transferring to ASU. Please refer to the following website for application and audition deadlines: <http://music.asu.edu/admissions/> Students wishing to pursue a Bachelors of Music Degree (with the exception of BM Theory & Composition in Theory) should meet with a Herberger advisor to discuss audition preparation by their third term of study at the community college. The Bachelor of Music degree requires successful completion of an audition demonstrating a high level of musicianship and may require more than 2 years of study at ASU. Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a "C" or better.

2013-2014 Catalog Year - RN-BSN

Nursing RN-BSN

ASU Major

Nursing, BSN - College of Nursing & Health Innovation

Special Requirements

Completion of the Maricopa-ASU RN-BSN Pathway Program and the special requirements satisfies the requirements for MCCC Associate of Applied Science degree, satisfies lower division RN-BSN major requirements, and upon receipt of all application materials, guarantees admission to the ASU RN-BSN program. Special Requirements: A grade of "C" or better in each course and a minimum 2.5 cumulative GPA in the following courses is required for guaranteed admission: ENG 101, ENG 102, BIO 201, BIO 202, BIO 205, CHM 130 with lab, and PSY 101/CFS 205/PSY 240. In addition, students must complete the courses that meet the listed general studies requirements with a grade of "C" or better. These courses are not included in the 2.5 cumulative GPA computation. All remaining courses must be completed with a grade of "C" or better. Upon transfer to ASU: Students must have a current RN license in good standing before taking the courses in the RN-BSN program (TWC/NUR). All additional ASU General Studies requirements can be completed while enrolled in the RN-BSN program. All other requirements are selected by the student and must be completed prior to graduation from ASU.
