5	Go To:	CMATHSTAT	Math & Statistical Sci Sch T	Actuarial Science	LAACTCERT	cert/minor	Orig Rev	Rolled to originator to begin review.

4. The current step will tell you where the program is in the process. Click on *Go To* to view the program and make edits.

Note: You can sort your programs by any of the headers by clicking on it.

Note: You can search for a program on this page by clicking **Ctrl + F**. Do not use the search bar on top of the page.

5. “Go To” takes you to *Catalog Review Update*, which is initially read-only.

Catalog Review Workflow --- This tab allows you to see any **comments** made by prior reviewers and **move the program** forward or back in the workflow.

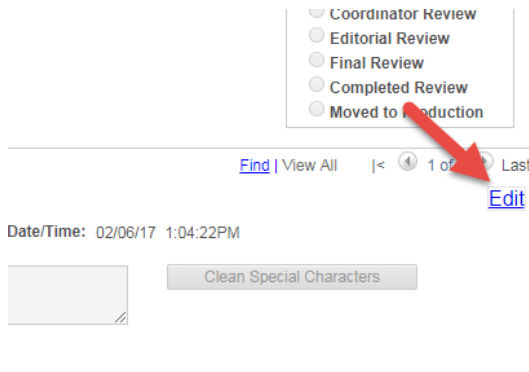

Catalog Review Compare --- This tab allows you to **see changes** that have been made by prior reviewers.

Catalog Review Update --- This tab allows you to **edit** all program information.

Catalog Review View --- This tab allows you to **see** all program information.

Editing programs

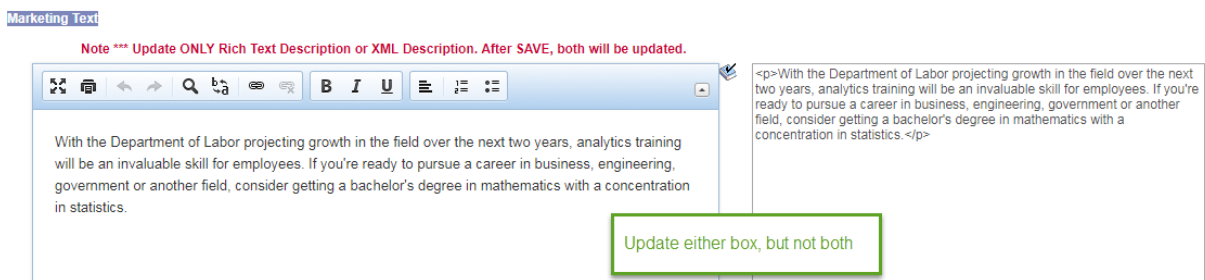

1. On the *Catalog Review Update* page, which is initially read-only, click **Edit** to make updates.

2. Contact Info and Program Details fields are text boxes where you can enter the information.

Note: In order for phone numbers to show correctly in Degree Search, they must be entered as follows: xxx/xxx-xxxx.

3. Beginning with the marketing text, there are two boxes for each field – one rich text box and one HTML box. You only need to update one of the pair. If you update both, only one will save.

4. **Save** your changes at the end of the text boxes section as the large text directs, and then click **Edit** again to make changes in the fields that appear below the text box sections, i.e. keywords, ONET codes and graduate admission deadlines.
5. Keywords – updating keywords follows PeopleSoft logic. Select the minus sign to delete a keyword, select the plus button to add one. Click the magnifying glass to search for one.

Note: Number Guidelines – 10 keywords (minors and certificates); 15 keywords (degree-granting programs)

Note: Searching for a keyword – after clicking the magnifying glass, use the Description box. Change the dropdown to *contains*, then type the word you are looking for. Click the desired

keyword to add it to the list. If the keyword does not exist, leave a note in the comment box on the **Catalog Review Workflow** tab, and Provost office staff will enter it.

8 15-2041.00	Statisticians
9 15-2041.01	Biostatisticians

Note: Number Guidelines – 10 maximum. The goal is to focus the career possibilities so as not to overwhelm students. This also gives all programs an even playing field in the me3 game.

7. Deadlines by Term - This field shows application deadlines by term. Please review for accuracy. While the system does ask for a year to the deadlines, only the month and date show in Degree Search.

Note: The Graduate College does not maintain or monitor this field. This field is completely up to you, the reviewer.

If you wish to add another term (spring or summer), click the plus sign in the top part of the box.

If you wish to add another type of deadline (rolling, priority or final) to your initial entry, click the plus sign in the middle part of the box.

The screenshot shows a web interface titled "Deadlines by Term". At the top, there is a search bar with "Find" and "First 1 of 1 Last" options. Below this is a dropdown menu for "*Term:" set to "Fall". To the right of the dropdown is a green box containing the text "Add term" and a plus sign icon. Below the dropdown is a table with the following columns: "*Start", "*Campus", "Deadline", "*Type", and "Last Update Date/Time". The table has one row with the number "1" in the first column. To the right of the table is another green box containing the text "Add deadline type" and a plus sign icon.

8. Click **Save** at the bottom.
