- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/advising-and-academic-services/science-and-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

- The object of the degree is to prepare students to sit for the exams to gain certification as an actuary. One of the optional certifications that individuals may pursue is completion of the VEE requirements from Society of Actuaries or Casualty Actuarial Society. This certification requires additional experience not covered in the maximum allowed for the degree. However, students may decide to take these additional courses in their 15 hours of elective credit. ASU courses that meet VEE requirements include:
    - ECN 211 and ECN 212 - sequence requirement for Economics
    - FIN 300 - requirement for Corporate Finance (prerequisites: ACC 231 and ACC 241)
    - ACT 435 - requirement for Applied Statistical Methods (Prerequisites: STP 420 and MAT 342 or MAT 343)

- All Justice Studies students must complete 12 upper division (300-499) credit hours in a related area other than JUS courses. Courses may be chosen from a variety of disciplines, as shown below, as well as upper division courses from non-English language disciplines. No more than two courses can be used from a single discipline and at least one course must be chosen from one of the disciplines in the School of Social Transformation (AFR/AFH/AFR, APA, SST or WST). The related area courses may not be

used concurrently in the major. However, in order to facilitate and encourage the student's completion of a minor, approved courses for the related area may be used in the minor.

Transfer Admission Guarantee (TAG) and Maricopa to ASU Pathways Program (MAPP)
Arizona State University has established special transfer partnerships with Arizona community colleges to facilitate the transition to ASU. Transfer Admission Guarantee (TAG) programs provide a prescribed set of course work that meet the requirements for an associate degree and AGEC (Arizona General Education Curriculum), as well as, lower-division course requirements for a specific ASU major. Maricopa Community College District (MCCD) students participate in the Maricopa to ASU Pathways Program (MAPP), a TAG designed specifically for students attending one of the MCCD community colleges.

Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1230 (after March 2016) or 1160 (prior to March 2016), OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: https://transfer.asu.edu/credits

Only 64 credits are transferrable to ASU. Please refer to ASU Degree Search for information regarding readmissions requirements.

Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1230 (after March 2016) or 1160 (prior to March 2016), OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: https://transfer.asu.edu/credits

Only 64 credits are transferrable to ASU. Please refer to ASU Degree Search for information regarding readmissions requirements.

Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1230 (after March 2016) or 1160 (prior to March 2016),oran ACT (composite), OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: https://transfer.asu.edu/credits

Only 64 credits are transferrable to ASU. Please refer to ASU Degree Search for information regarding readmissions requirements.

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1230 (after March 2016) or 1160 (prior to March 2016),oran ACT (composite), OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: https://transfer.asu.edu/credits

Only 64 credits are transferrable to ASU. Please refer to ASU Degree Search for information regarding readmissions requirements.

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Arts and AGEC-B, meets major map requirements at ASU, and guarantees admission to the Global Management, BGM degree program.

While the Global Management, BGM MAPP is listed here as an Associate in Arts, students have the option to pursue an ABUS-GR or ABUS-SR degree. The additional coursework for this option is listed in the track at the bottom of the MAPP. Selecting this option will limit the number of electives available compared to the Associate of Arts because the additional ABUS requirements are taken in their place.

Students pursuing a major in Global Management have two different major tracks available to them: 1.) International Business, Language, & Culture, and 2.) International Business & Culture. Students pursuing the International Business, Language, & Culture track are required to study a foreign language through the fourth semester-level, as well as upper-division language & culture courses. Students pursuing International Business & Culture are not required to study a foreign language; instead, they study additional coursework in international management and global studies.
