Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)

Online Degree Search Title: Nonprofit Leadership and Management (Graduate Certificate)

Campus: Downtown Phoenix, Online

Program Description:

The graduate certificate program in nonprofit leadership and management provides students with an understanding of the nonprofit sector's role in society and with knowledge applicable to those who wish to lead and manage nonprofit organizations

Students with diverse academic backgrounds are exposed to content needed by leaders in the nonprofit sector, including understanding of the historical and philosophical context for nonprofit organizations in society; the theory and practice of philanthropy; financial management practices; and other topical content areas.

The certificate is ideal when combined with graduate degrees in other areas and when used to provide a core concentration in nonprofit leadership and management.

Degree Requirements:

15 credit hours.

Required Core (9 credit hours)

NLM 510 The Nonprofit Sector (3)

NLM 520 Financial and Resource Management (3)

NLM 540 Strategic Human Resources Management (3) or NLM 545 Volunteer Resource Management (3)

Electives (6 credit hours)

Additional Curriculum Information

Students select either NLM 540 or NLM 545 as part of the required core coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement.

The program is available to students who are pursuing their graduate degree in a chosen field of study and who have expressed interest in pursuing careers in the nonprofit sector. In addition, the program is well suited for working professionals who may be pursuing a graduate degree but who wish to strengthen their skills and connections to the nonprofit community.

Applicants should see the Watts College of Public Service and Community Solutions website for more information.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/PPNONPROCE/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/PPNONPROCE/Gedt.pdf>).

Participatory Governance (certificate), Certificate (PPPGOGRCT)

Online Degree Search Title: Participatory Governance (Graduate Certificate)

Academic Catalog Archive 2021-2022

1345

Campus: Downtown Phoenix, Tempe

Program Description:

This transdisciplinary certificate program in participatory governance provides students with the knowledge and skills to develop, implement and evaluate participatory governance programs and public engagement activities.

The program combines academic rigor with practical skills. Students examine the main theories and research findings on participatory governance and public engagement and familiarize themselves with past and current democratic innovations in the U.S. and around the world. Students also develop the capacity to design, carry out and examine processes of participatory governance and public engagement.

Students may pursue the program as a specialization within an existing ASU graduate program or as a stand-alone program.

The certificate program is administered by the School of Public Affairs.

Degree Requirements:

15 credit hours.

Required Core (9 credit hours)

PAF 531 Community Conflict Resolution (3)

PAF 565 Theories and Practices of Democracy (3)

PAF 566 Participatory Governance and Civic Engagement (3)

Electives (6 credit hours)

Additional Curriculum Information

Electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the electives to ensure that they focus on a common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students from related fields such as political science, planning, urban and metropolitan studies, sociology, as well as other social science degrees might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines.

Career Opportunities:

Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas

of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations whose work interfaces with the public sector.

Policy Advocacy, MA (PPPLADVMA)

Online Degree Search Title: Policy Advocacy, MA

Campus: Online

Program Description:

Expertise and knowledge are required to navigate increasingly complex legal, communication, political and policy landscapes, and to effectively create societal change. This has prompted various groups to use professionals to champion concerns and influence opinion, laws and policies ranging from local to international. This applied degree is oriented to those interested in acquiring the necessary skills to become effective agents of policy change, and it directly addresses elements of the ASU Charter by creating opportunities to increase the professionalism of individuals who can represent these concerns at all levels.

Ethical, skilled policy advocacy professionals are in demand to represent all sections of society including nonprofit, private and public sectors.

Degree Requirements:

Required Core (6 credit hours)

PAF 505 Public Policy Analysis (3)

SWG 687 Public Policy and Advocacy (3)

Policy Restricted Electives (12 credit hours)

Advocacy, Communication and Change Restricted Electives (9 credit hours)

Culminating Experience (3 credit hours)

CPP 593 Applied Project (3)

Additional Curriculum Information

For restricted electives, students should see the academic unit for the current list of courses that may fulfill this requirement. Other courses may be substituted with approval from the program chair.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- two letters of recommendation
- written statement
- professional resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Policy Informatics (Certificate), Certificate (PPPOIGRCT)

Online Degree Search Title: Policy Informatics (Graduate Certificate)

Campus: Downtown Phoenix

Program Description:

The policy informatics certificate program provides knowledge and skills to students seeking careers in which they can use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions as well as explore new governance infrastructures. Emphasis is placed on theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

Policy informatics helps to advance evidence-driven policy design, wherein scientific models and analyses drive decision-making for resolution of complex policy challenges, dilemmas and problems. This is both an emerging field of research and a community of practice focusing on advancing decision-making in the public sector through information-centric analysis of evidence that leverages computational and technological advances. Professionals who use policy informatics are involved in designing, managing and evaluating information systems and infrastructures for policy construction, analysis and implementation.

Policy informatics advances the transdisciplinary nature of the public administration discipline by infusing it with the advances of information technology, management of information systems, and computational and informational science perspectives.

Degree Requirements:

15 credit hours.

Five courses are required for the certificate. Students should review the certificate requirements and required courses on the School of Public Affairs' website. Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- a statement of career and educational goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa to first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. Program Evaluation and Data Analytics, MS (PPPGEMS)

Online Degree Search Title: Program Evaluation and Data Analytics, MS

Campus: Downtown Phoenix, Online

Program Description:

The MS in program evaluation and data analytics is a professional degree program that emphasizes skills needed to leverage data to improve organizational performance in the public, nonprofit and private sectors. It combines courses in program evaluation with data science classes that empower students to utilize a diverse array of tools to generate insights on social impact and leverage data in organizations.

Students receive training in data programming, visualization, dashboard design, open data, project management and impact analysis. Through this, students build the technical skills necessary to implement evidence-based approaches to policy and management.

Unlike other data scientist degrees, this program is built using public sector and nonprofit examples. Students do not need a background in computer programming before starting the degree. Through a project-based curriculum and individualized attention, students develop expertise in

performance and evaluation frameworks.

Degree Requirements:

33 credit hours including the required applied project course (CPP 593).

Required Core (21 credit hours)

- CPP 523 Foundations of Program Evaluation I: Multiple Regression (3)
- CPP 524 Foundations of Program Evaluation II: Research Design (3)
- CPP 525 Foundations of Program Evaluation III: Advanced Regression Tools (3)
- CPP 526 Foundations of Data Science I: Introduction to Data Programming in R (3)
- CPP 527 Foundations of Data Science II: Data Wrangling (3)
- CPP 528 Foundations of Data Science III: Project Management (3)
- CPP 529 Community Analytics (3)

Electives (9 credit hours)

Culminating Experience (3 credit hours)

CPP 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's or master's degree in criminology and criminal justice, social work, public service, nonprofit management, parks and recreation management, tourism management, business, education, family studies, public health, psychology, or a related social and applied sciences field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Public Administration, EMPA (PPPUAEMPA)

Online Degree Search Title: Public Administration - Executive, EMPA

Campus: Online

Program Description:

The EMPA is designed for public sector leaders throughout the world who already have achieved considerable professional success prior to being admitted into the program.

The Executive Master of Public Administration is a 19-month, online graduate degree program which also features three-day face-to-face executive sessions in both Phoenix and Washington, D.C. Students participate in the program as part of a learning cohort, and the one-course-at-a-time online structure enables them to maintain a work and life balance as they immerse in each topic.

The learning experience begins with an orientation and executive session in Phoenix. Approximately one year later, the class reconvenes in Washington, D.C. for a second executive session. The executive master's degree program ends in Phoenix, where students present their applied projects.

The ASU Executive Master of Public Administration program enables students to expand the breadth and depth of their professional network. The online curriculum attracts a more geographically diverse pool of applicants from around the world. The executive sessions in Phoenix and Washington, D.C., further enable students to develop deeper relationships with their classmates.

Executive Master of Public Administration students are selected based on their ability to demonstrate the value they would add to the learning experience of the entire class, and a new cohort begins each year.

The program is a collaboration between the School of Public Affairs and the McCain Institute for International Leadership.

Degree Requirements:

30 credit hours including the required applied project course (PAF 593).

Required Core (27 credit hours)

PAF 504 Microeconomics of Public Policy I (3) or TGM 581 Negotiating in a Global Context (3)

PAF 508 Organization Behavior (3)

PAF 574 Diversity, Ethics, and Leading Public Change (3)

PAF 582 E-Public Administration (3)

PAF 585 Strategic Planning for Public Sector Leaders (3)

PAF 586 Data Analytics for the Public Good (3)

PAF 587 Federal Budgeting and Tax Policy (3)

PAF 588 Global Public Policy (3)

PAF 589 Leadership in Public Organizations (3)

Culminating Experience (3 credit hours)

PAF 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Exceptions to the GPA requirements may be considered based on the professional achievements demonstrated by the applicant as determined by applicant's resume and other application materials. In addition to the GPA requirement, applicants are expected to have five to seven years of progressive leadership experience.

The personal statement must be 300 words or fewer and should include what experiences and qualities the student will bring to the program. The student must also discuss their career objectives and how they plan to leverage the degree to help achieve those objectives. In addition, applicants also may provide any supplementary information that would strengthen the personal statement.

Career Opportunities:

Students in the Executive Master of Public Administration program are seeking to further advance or switch to careers in local, state, tribal and federal governments or nonprofit and private organizations that regularly interface with the public sector.

Public Administration, MPA (PPPADTMPA)

Online Degree Search Title: Public Administration - Downtown Phoenix, MPA

Campus: Downtown Phoenix

Program Description:

The MPA is a transdisciplinary, professional degree program designed to prepare students for public service, public management and policy analysis at the local, state and national levels of government.

Students may elect to specialize in one of the four approved Master of Public Administration concentrations: urban management, nonprofit administration, emergency management or public finance.

The urban management concentration provides knowledge and skills for students seeking careers in local urban government management and enables students to develop the skills and techniques used by city and urban leaders and managers.

The concentration in nonprofit administration is intended for professionals who work in or desire to work in the nonprofit sector and who wish to explore research, theory and the practice of management and leadership in the nonprofit sector.

The concentration in emergency management prepares graduates for a challenging career as a professional emergency manager. This program allows students to focus on concerns related to emergency management within the larger field of public administration.

The concentration in public finance provides knowledge and skills for students seeking or advancing careers in areas in which financial management plays an integral role in governance. This concentration emphasizes theories and research concerning urban economics and public finance, managing money in the public sector, public budgeting and finance, and capital budgeting and financing.

In addition, the school offers concurrent programs in planning, sustainability, criminology and criminal justice, and social work. For admission and program requirements, students should see <https://spa.asu.edu/content/concurrent-degrees> (<https://spa.asu.edu/content/concurrent-degrees>).

Concurrent Degrees:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

- American Indian Studies (Tribal Leadership and Governance), MS
- Criminology and Criminal Justice, MS
- Social Work - Standard Program, MSW
- Sustainability Solutions, MSUS
- Urban and Environmental Planning, MUEP

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Construction Management and Technology, BS
- Political Science, BA
- Political Science, BS
- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Business), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS
- Public Service and Public Policy (Health Policy), BS
- Public Service and Public Policy (Law and Policy), BS
- Public Service and Public Policy (Nonprofit Leadership and Management), BS
- Public Service and Public Policy (Parks and Recreation Management), BS
- Public Service and Public Policy (Science and Technology Policy), BS
- Public Service and Public Policy (Social Services Delivery), BS
- Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

42 credit hours including the required capstone course (PAF 509).

Required Core (24 credit hours)

- PAF 501 Public Service Research I (3)
- PAF 502 Public Service Research II (3)
- PAF 503 Public Affairs (3)
- PAF 504 Microeconomics of Public Policy I (3)
- PAF 505 Public Policy Analysis (3)
- PAF 506 Public Budgeting and Finance (3)
- PAF 507 Public Human Resource Management (3)
- PAF 508 Organization Behavior (3)

Electives or Research (15 credit hours)

Culminating Experience (3 credit hours)

- PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information

Students should see the academic unit for a complete list of approved electives. Approved elective credit hours may include courses offered by the school or other academic units in the university.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include social science degrees, although the department may accept applicants with degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT scores
- three letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Additional requirements for international students are available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

At least two of the three letters of recommendation should be from faculty members or other academic staff who can evaluate applicant's academic performance.

The written statement should be one to two pages in length and describe the applicant's educational and career goals. This statement is also used as a sample of the applicant's writing abilities.

Applicants also may submit a resume or other documents.

Fees increase after the deadline.

Students should contact the School of Public Affairs at 602-496-0450 or email spa@asu.edu (<mailto:spa@asu.edu>) if they have questions about the application process.

Career Opportunities:

Graduate of this degree program are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Public Administration (Certificate), Certificate (PPUAGRCT)

Online Degree Search Title: Public Administration (Graduate Certificate)

Campus: Downtown Phoenix

Program Description:

Through comprehensive coverage of topics in public administration, management and policy, students in the graduate certificate program in public administration discover the challenges of management, learn how to lead a public organization and understand the process of policy development. The program is designed to give students a solid foundational understanding of administration, leadership and policy analysis in service to the public good.

Degree Requirements:

15 credit hours.

Required Core (6 credit hours)

PAF 503 Public Affairs (3)

PAF 505 Public Policy Analysis (3)

Electives (9 credit hours)

Additional Curriculum Information

Electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the

electives to ensure they focus on a common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. For the electives, the student must select any three 3-credit PAF courses at the 500-level. Students should note that PAF 504 is a prerequisite for PAF 505.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students from related fields such as public policy, political science, planning, urban and metropolitan studies, sociology, as well as other social science degrees might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines and admission terms.

Career Opportunities:

Graduates are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Public Administration (Emergency Management), MPA (PPPAFEMPA)

Online Degree Search Title: Public Administration (Emergency Management), MPA

Campus: Downtown Phoenix

Program Description:

The MPA program with a concentration in emergency management provides students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management.

An all-hazards and all-threats orientation provides the student with a generalist perspective, which is critically important for the disaster managers of today and tomorrow. In addition, this program examines community resilience from a systems perspective, embracing government, private, nonprofit and civic roles. The program provides an understanding of how community members respond to the need to prepare for, endure and recover from disasters and provides the ability to utilize multiple communication methods to help community members before, during and after these emergencies.

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Public Service and Public Policy, BS
- Public Service and Public Policy (American Indian Studies), BS
- Public Service and Public Policy (Business), BS
- Public Service and Public Policy (Criminology), BS
- Public Service and Public Policy (Emergency Management and Homeland Security), BS
- Public Service and Public Policy (Health Policy), BS
- Public Service and Public Policy (Law and Policy), BS
- Public Service and Public Policy (Nonprofit Leadership and Management), BS
- Public Service and Public Policy (Parks and Recreation Management), BS
- Public Service and Public Policy (Science and Technology Policy), BS
- Public Service and Public Policy (Social Services Delivery), BS
- Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

42 credit hours including the required capstone course (PAF 509).

Required Core (24 credit hours)

- PAF 501 Public Service Research I (3)
- PAF 502 Public Service Research II (3)
- PAF 503 Public Affairs (3)
- PAF 504 Microeconomics of Public Policy I (3)
- PAF 505 Public Policy Analysis (3)
- PAF 506 Public Budgeting and Finance (3)
- PAF 507 Public Human Resource Management (3)
- PAF 508 Organization Behavior (3)

Required Concentration (9 credit hours)

- PAF 520 Public Management (3)
- PAF 552 Integrated Emergency Management (3)
- PAF 555 Information Technology in Emergency Management (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)

- PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information

Students should see the academic unit for a complete list of approved electives.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include political science, criminology, planning, business, urban and metropolitan studies, and other social science fields. Although most students for the graduate concentration would likely come from the aforementioned degree fields, the department may accept applicants with undergraduate degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- statement of career and educational goals
- three letters of recommendation (two of which should be academic recommendations)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The following entry-level competencies are needed for admission the program: Students should have an undergraduate social statistics course such as PAF 301 Applied Statistics and undergraduate coursework in American national government such as POS 310 American National Government. Students may also satisfy the American national government competency by taking the College-Level Examination Program in American Government and receiving a passing score.

GRE verbal, quantitative and analytical scores are used as one of the indicators to see how competitive an applicant is within the applicant pool.

Students should see the program website for application deadlines.

Career Opportunities:

- Public Service and Public Policy (Science and Technology Policy), BS
- Public Service and Public Policy (Social Services Delivery), BS
- Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

42 credit hours including the required capstone course (PAF 509).

Required Core (21 credit hours)

PAF 501 Public Service Research I (3)

PAF 502 Public Service Research II (3)

PAF 503 Public Affairs (3)

PAF 504 Microeconomics of Public Policy I (3)

PAF 505 Public Policy Analysis (3)
PAF 506 Public Budgeting and Finance (3)
PAF 508 Organization Behavior (3)

Concentration (12 credit hours)
NLM 510 The Nonprofit Sector (3)
NLM 520 Financial and Resource Management (3)
NLM 540 Strategic Human Resources Management (3)
other approved course (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)
PAF 509 Public Affairs Capstone (3)

Additional Curriculum Information

Students should see the academic unit for a complete list of approved electives as well as the list of courses that may fulfill the concentration requirement. Approved elective credit hours may include courses offered by the school or other academic units in the university.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include social science disciplines, although the department may accept applicants with degrees from all educational backgrounds provided the minimum requirements for the degree program are met.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT scores
- three letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Additional requirements for international students are available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

At least two of the three letters of recommendation should be from faculty or other academic staff who can evaluate the applicant's academic performance.

The written statement should be one to two pages in length and describe the applicant's educational and career goals. This statement is also used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

Fees increase after the deadline.

Applicants should contact the School of Public Affairs at 602/496-0450 or email spa@asu.edu (<mailto:spa@asu.edu>) if they have questions about the application process.

The written statement should be one to two pages in length and describe the applicant's educational and career goals. This statement is also used as a sample of the applicant's writing abilities.

Students enrolling in Master of Public Administration core courses must demonstrate minimum competency in statistics and American government. Courses taken to fulfill the competency do not count toward the total credit hours required for the degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

Competency in statistics is met with a grade of "B" (scale is 4.00 = "A") or higher in one of the approved courses (PAF 301 or PAF 401, POS 401, PSY 230, ECN 221, QBA 221, SWU 321, STP 226 or SOC 390) within the past two years or passing a diagnostic test approved by the MPA committee. Other courses taken within the last two years may be substituted upon approval of the Master of Public Administration director.

Competency in American government is a demonstrated understanding of American government institutions and processes. Students may be required to take an undergraduate class in American government (PAF 300, PAF 340, POS 110 or POS 310) with a grade of "B" or higher. The College-Level Examination Program can also be used to demonstrate competency in American government.

Career Opportunities:

Graduates are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Public Administration (Urbanism), PHD (PPPAURBPHD)

Online Degree Search Title: Public Administration and Policy (Urbanism), PhD

Campus: Downtown Phoenix

Program Description:

The PhD in public administration and policy is a theoretically grounded research degree program designed to prepare students for an academic career. The program is also appropriate for individuals who want to conduct high-level research and policy development in public and nonprofit agencies, foundations and research institutes. It is designed for students who seek full-time study.

The goal is to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research.

The doctoral program in public administration and policy with an urbanism concentration permits students to draw upon the extensive resources in urban affairs at ASU. As a result, these students are poised for success as productive and active scholars, researchers and teachers upon graduation.

The concentration in urbanism is a mechanism for organizing varied perspectives on urbanism into a collective body of scholarship. The study of public administration is enriched by grounding it in a comprehensive understanding of the characteristics of urban context and the dynamic forces that shape them. The concentration in urbanism leverages the varied interests in urbanism and helps emerging scholars as they attempt to compare, contrast and take stock of urbanism. Working with faculty from across a range of departments and programs at ASU, doctoral students are able to capture the creative tensions that scholarship on urbanism has inspired in order to stimulate a provocative, constructive kind of inquiry.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (24 credit hours)

PAF 601 Advanced Public Policy Seminar (3)

PAF 602 Advanced Research Design for Public Policy and Management (3)

PAF 603 Advanced Economics for Public Administration and Public Policy (3)

PAF 604 Intellectual Foundations of Public Administration (3)
PAF 605 Organization Theory and Behavior Seminar (3)
PAF 609 Advanced Quantitative Methods Seminar (3)
PAF 610 Advanced Qualitative Methods for Public Affairs Research (3)
PAF 620 Public Administration Professional Development Workshop (3)

Concentration (3 credit hours)
GCU 516 Principles of Urbanism (3)

Urbanism Electives (9 credit hours)

Research (6 credit hours)
PAF 792 Research (6)

Culminating Experience (12 credit hours)
PAF 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree, in a related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- completed checklist
- written statement
- current resume or curriculum vitae
- three letters of recommendation
- samples of research reports or papers
- scores on the GRE (verbal, quantitative, analytical)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must submit TOEFL scores to be considered for admission regardless of current residency (the ASU institution code is 4007). This is true even for those who have a master's degree from a United States university. To be considered for admission to the doctoral program in public administration and policy, the applicant's minimum score on a traditional TOEFL test must be 600; the minimum score for a TOEFL iBT must be 100. Applicants with scores below the minimum are not considered. More on the English proficiency requirement is available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The written statement of educational and career goals must include a discussion of research interests.

The letters of recommendation should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, ability to communicate effectively both orally and in writing, and commitment to completion of the program.

Only GRE test scores from within the past five years are accepted, and analytical scores are considered in admission decisions.

All applicants are expected to have completed graduate level statistics and research methods classes before admission. Applicants also are expected to have sufficient formal coursework in public administration to pursue doctoral study in the field. Admitted students are required to take PAF 501, PAF 502, PAF 503, PAF 504, PAF 508 (or their equivalents) and statistics prior to beginning the doctoral core courses. Applicants who are not pursuing an MPA should not take these courses until they consult with the doctoral program director.

Applicants are admitted for fall only. Admission is competitive; a limited number of well qualified applicants are admitted each year. Students should see the program website for application deadlines.

Career Opportunities:

Students receiving this degree are prepared to pursue a research career in a field related to public administration or public policy. This may include opportunities as a college or university professor, research scientist, research associate or researcher for another organization.

Public Administration and Policy, PHD (PPPUBADPHD)

Online Degree Search Title: Public Administration and Policy, PhD

Campus: Downtown Phoenix

Program Description:

The PhD in public administration and policy is a theoretically grounded research degree program designed to prepare students for a research-based career. This is a four-year, full-time degree program.

This program is designed to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to contribute to the field through research and teaching. As a result, graduates are poised for success as productive and active scholars, researchers and teachers.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (24 credit hours)

PAF 601 Advanced Public Policy Seminar (3)
PAF 602 Advanced Research Design for Public Policy and Management (3)
PAF 603 Advanced Economics for Public Administration and Public Policy (3)
PAF 604 Intellectual Foundations of Public Administration (3)
PAF 605 Organization Theory and Behavior Seminar (3)
PAF 609 Advanced Quantitative Methods Seminar (3)
PAF 610 Advanced Qualitative Methods for Public Affairs Research (3)
PAF 620 Public Administration Professional Development Workshop (3)

Electives (12 credit hours)

Research (6 credit hours)

PAF 792 Research (6)

Culminating Experience (12 credit hours)

PAF 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree from a regionally accredited institution.

ASU's School of Public Affairs expects applicants for the doctorate to have demonstrated competency in the following subject areas at the time of application: organizational theory, public policy analysis, economics and quantitative analysis.

Applicants who have obtained a master's degree accredited by the Network of Schools of Public Policy, Affairs and Administration in public affairs, public administration or public policy are not required to complete prerequisites for admission to ASU's School of Public Affairs. In some cases, applicants from allied fields (i.e., political science, economics, sociology, business) are not required to complete prerequisites, depending upon the

extent to which previous training aligns with the competencies described above.

As is the case with all applicants, the doctoral program director or advisors may require or recommend completion of courses when there is a perceived deficit, especially if the deficit relates to graduate-level quantitative analysis and economics (PAF 502 and PAF 504, respectively, or equivalent courses). However, these requirements or recommendations, if any, are not a barrier to admission.

In cases where the doctoral student applicant has graduated from a public affairs, public administration or public policy program from another nation, or from a program not accredited by NASPAA, the applicant may be admitted and required to meet prerequisites after a review by the doctoral committee and doctoral program director.

Students applying with master's degrees from programs not closely related to public affairs (e.g., engineering, modern languages, chemistry) are required to meet prerequisites equivalent to the courses required for either ASU's Master of Public Administration or Master of Public Policy: <https://spa.asu.edu/content/graduate-programs> (<https://spa.asu.edu/content/graduate-programs>).

Prior to enrolling in any of the school's core classes, all students are expected to be familiar with the foundational competency readings related to organizational theory, public policy analysis, economics and quantitative analysis.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program and have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- completed checklist
- written statement
- current resume or curriculum vitae
- three letters of recommendation
- samples of research reports or papers
- GRE scores (verbal, quantitative, analytical)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must submit TOEFL scores to be considered for admission regardless of current residency; applicants should use institution code: 4007. This is true even for those who have a master's degree from a United States university. To be considered for admission to the doctoral program in public administration and policy, the minimum score on a traditional TOEFL test is 600, the minimum score for a TOEFL iBT is 100. Applicants with scores below the minimum are not considered. More on the English proficiency requirement is available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The written statement of educational and career goals must include a discussion of research interests.

The letters of recommendation should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, their ability to communicate effectively, both orally and in writing, and their commitment to completion of the program.

Only GRE test scores from within the past five years are accepted, and analytical scores are considered in admissions decisions.

Admission is competitive; a limited number of well-qualified applicants are admitted each year.

Career Opportunities:

Graduates of this degree program are prepared to conduct high-level research and policy development in academic careers, public and nonprofit agencies, foundations and research institutes. This may include opportunities as a college or university professor, research scientist, research associate or researcher for another organization.

Public Policy, MPP (PPPUBMPP)

Online Degree Search Title: Public Policy, MPP

Campus: Downtown Phoenix

Program Description:

The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting.

The program trains people to lead by making positive policy decisions, addressing the difficult questions associated with public policy and managing the process of policy creation, approval, implementation and evaluation. Students also gain an understanding of policies addressing issues such as poverty, education, the environment and public safety. At the conclusion of the master's degree program, students are able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those of urban areas. Students also are able to approach policy analysis with a variety of quantitative and qualitative methods and are prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

Concurrent Degrees:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

Criminology and Criminal Justice, MS

Sustainability Solutions, MSUS

Urban and Environmental Planning, MUEP

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Political Science, BA

Political Science, BS

Public Service and Public Policy, BS

Public Service and Public Policy (Business), BS

Public Service and Public Policy (Criminology), BS

Public Service and Public Policy (Emergency Management and Homeland Security), BS

Public Service and Public Policy (Health Policy), BS

Public Service and Public Policy (Law and Policy), BS

Public Service and Public Policy (Nonprofit Leadership and Management), BS

Public Service and Public Policy (Parks and Recreation Management), BS

Public Service and Public Policy (Science and Technology Policy), BS

Public Service and Public Policy (Social Services Delivery), BS

Public Service and Public Policy (Sustainability), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

42 credit hours including the required capstone course (PAF 509).

Required Core (27 credit hours)

PAF 501 Public Service Research I (3)

PAF 502 Public Service Research II (3)

PAF 504 Microeconomics of Public Policy I (3)

PAF 505 Public Policy Analysis (3)

PAF 540 Advanced Policy Analysis (3)

PAF 541 Program Evaluation (3)

PAF 570 Microeconomics of Public Policy II (3)

PAF 573 Applied Econometrics (3)

PAF 574 Diversity, Ethics and Leading Public Change (3)

Electives (12 credit hours)

Culminating Experience (3 credit hours)

PAF 509 Public Policy Capstone (3)

Additional Curriculum Information

Students enrolling in core Master of Public Policy courses must demonstrate minimum competency in statistics and American national government. Courses taken to fulfill competencies do not count toward the 42 credit hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

Students should see the academic unit for a complete list of approved electives.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate coursework
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT scores
- three letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Additional requirements for international students are available at <https://admission.asu.edu/international/graduate-apply> (<https://admission.asu.edu/international/graduate-apply>).

At least two of the three letters of recommendation must be from faculty or other academic staff who can evaluate applicant's academic performance.

The one- to two-page written statement should state the applicant's educational and career goals; and it also is used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

Fees increase after deadline.

Applicants should contact the School of Public Affairs at 602-496-0450 or email spa@asu.edu (<mailto:spa@asu.edu>) if there are questions about the application process.

Career Opportunities:

Graduates of this degree program are prepared for professional careers as policy analysts and leaders in public service involved in the formulation, approval, implementation and evaluation of public policy at all levels of government and in the private and nonprofit sectors. This may include opportunities as either a manager or policy analyst in local, state, or federal agencies; nonprofit organizations; and private organizations that interface with public sectors.

The program can also serve as a platform for preparation for doctoral studies in public policy, public administration, urban studies and other related programs.

Public Policy (Certificate), Certificate (PPPUPGRCT)

Online Degree Search Title: Public Policy (Graduate Certificate)

Campus: Downtown Phoenix

Program Description:

This certificate program in public policy prepares students for professional careers as policy analysts and leaders in public service who are involved in the formulation, approval, implementation and evaluation of public policy at all levels of government and in the private and nonprofit sectors.

The program is designed to give students analytical techniques and conceptual frameworks for understanding policy issues as well as for identifying potential solutions and applying these skills to real-world issues.

Degree Requirements:

15 credit hours.

Required Core (9 credit hours)

PAF 505 Public Policy Analysis (3)

PAF 540 Advanced Policy Analysis (3)

PAF 541 Program Evaluation (3)

Electives (6 credit hours)

Additional Curriculum Information

The electives are chosen from a list of preapproved courses and are selected with the faculty advisor. The faculty advisor directs the selection of the electives to ensure that they focus on a common theme and to see that the students' experiences in the courses align with the learning goals outlined for the certificate. For the electives, students select any two three-credit PAF courses that are 500-level. Students should note that PAF 504 is a prerequisite for PAF 505.

Students are required to maintain a minimum GPA of 3.00 (scale is 4.00 = "A") and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Students from related fields (e.g., public administration, political science, planning, urban and metropolitan studies, sociology, and other social science fields) might be interested in this program. However, all eligible students are considered.

Students should see the program website for application deadlines and admission terms.

Career Opportunities:

Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Public Policy (Environmental Policy), MPP (PPUPEPMPP)

Online Degree Search Title: Public Policy (Environmental Policy), MPP

Campus: Downtown Phoenix

Program Description:

The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting.

The program trains people to lead by making positive policy decisions, addressing the difficult questions associated with public policy, and managing the process of policy creation, approval, implementation and evaluation. At the conclusion of the master's degree program, students are able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those of urban areas. Students also are able to approach policy analysis with a variety of quantitative and qualitative methods and are prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

The concentration in environmental policy prepares students at the master's degree level to apply sustainability principles and approaches to careers in a variety of fields that address environmental and, inevitably, human challenges. Students acquire the knowledge base and skills to bring sustainability solutions to corporate, government and nonprofit sectors. The concentration program begins by building a foundation in environmental policy and theory through the core coursework, followed by electives that develop and deepen student expertise in specific areas and issues. The program is uniquely positioned to allow students to build careers in public policy analysis and administration, international development and nonprofit organizations

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Public Policy (Policy Informatics), MPP (PPPUPPIMPP)

Online Degree Search Title: Public Policy (Policy Informatics), MPP

Campus: Downtown Phoenix

Program Description:

The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting.

The program trains people capable of leading by making positive policy decisions, addressing the difficult questions associated with public policy, and managing the process of policy creation, approval, implementation and evaluation. At the conclusion of the master's degree program, students are able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those of urban areas. Students also are able to approach policy analysis with a variety of quantitative and qualitative methods and are prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

The Master of Public Policy program with a concentration in policy informatics provides the knowledge and skills for students who seek careers that require them to use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions and explore new governance infrastructures. This concentration emphasizes theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

The concentration combines mastery of advanced methods for processing information with domain expertise that can help humans understand complex social phenomena and achieve goals within public and governance applications. The program's design responds to the need for professionals with domain knowledge who can take a problem-driven, system-level, user-oriented perspective in developing and applying informatics systems to address societal and governance needs.

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Additional Curriculum Information

Students choose two courses from ESS 510, PAF 534, PAF 571, PUP 525 or an internship as approved by the academic unit for the electives or research credits. Internship must be 584 course number.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in a related field. Related fields include social science disciplines, although the department may accept applicants with undergraduate degrees from all educational backgrounds provided they meet the minimum requirements for the degree program.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- GRE scores
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

At least two of the three letters of recommendation should be from faculty or other academic staff who can evaluate the applicant's academic performance.

The written statement should be one to two pages and describe the applicant's educational and career goals.

The following entry-level competencies are needed for admission to the program: an undergraduate social statistics course such as PAF 301 Applied Statistics and undergraduate coursework in American national government such as POS 310 American National Government. Students may also satisfy the American national government competency by receiving a passing exam score in American Government through the College-Level Examination Program.

Students can complete deficiency classes prior to admission to the program or within their first semester after admission. Courses taken to satisfy entry-level competencies cannot be used toward the completion of the Master of Public Policy degree.

Career Opportunities:

Students receiving this degree are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations; and private organizations that interface with public sector. The program can also serve as a platform for preparation for doctoral studies in public policy, public administration, urban studies and other related programs.

Program Description:

The MP SLA is a graduate degree program designed primarily for public safety professionals. An advanced degree is an important key to career progression within public safety administration. Those with an advanced degree have an advantage that makes a difference as they seek to progress in their professions: a practical understanding of public safety organization administration.

The emergency medical services --- mobile integrated health care concentration provides the foundation for leadership and administration of EMS organizations. This program takes a multiprofessional approach to administration of EMS organizations and encompasses public policy and administration, organizational management and leadership, finance and data analysis. Students develop a platform of knowledge and skills on which to build a solid foundation for success within the field of EMS administration.

Degree Requirements:

33 credit hours including the required applied project course (CPP 593 or PAF 593).

Required Core (15 credit hours)

CPP 520 Program Evaluation for Emergency Management and Homeland Security (3)

CPP 521 Public Finance and Project Management for Emergency Management and Homeland Security (3) or PAF 506 Public Budgeting and Finance (3)

CPP 570 GIS for Hazards Analysis (3)

PAF 507 Public Human Resource Management (3)

PAF 508 Organization Behavior (3)

Concentration (9 credit hours)

CPP 540 Foundations of Emergency Medical Services (3)

CPP 550 Community Paramedicine: Mobile Integrated Health Care (3)

HCD 502 Health Care Systems and Design (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)

CPP 593 Applied Project (3) or

PAF 593 Applied Project (3)

Additional Curriculum Information

Students choose two courses from a restricted list or any graduate-level CPP or PAF course, with program approval, for the electives or research credits.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in criminology or criminal justice, public administration or public service, sociology or social work, public safety or fire service management, parks and recreation management, applied sciences or another closely related field from a regionally accredited college or university.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- written statement
- evidence of current employment in an organization in this field or at least two years prior professional experience in this or a related field OR a bachelor's degree in a related area
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The written statement, at least one page in length, should describe the applicant's educational and career goals and long-term professional development strategy.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/masters-public-safety-leadership-and-administration-emergency/>)

Career Opportunities:

With the Master of Public Safety Leadership and Administration degree from ASU, students are in a position to lead and improve EMS teams in mobile integrated health care. Students develop knowledge and skills that set them apart for leadership positions in different types of EMS agencies, such as hospitals, public health departments and managed care organizations. Graduates of this program should expect to find employment and advancement in all levels of government agencies as well as in the private sector.

Specific career opportunities include:

- ambulance dispatcher
- emergency medical technician
- firefighter
- medical assistant
- paramedic

Social Work, MSW (PPSWDMSW)

Online Degree Search Title: Social Work - Standard Program, MSW

Campus: Downtown Phoenix, ASU@Tucson, Online

Program Description:

The professional program leading to the MSW degree prepares social workers for advanced professional social work practice. The program is designed to prepare social workers to be capable of responding effectively to the needs of special populations, particularly in the American Southwest.

The first year of the standard program focuses on curriculum and skills that build a foundational knowledge in social work. The second year of the program allows students to focus their coursework in a specific area to build specialized practice knowledge.

The Master of Social Work program is accredited by the Council on Social Work Education.

Concurrent Degrees:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

Juris Doctor, JD

Public Administration - Downtown Phoenix, MPA

Degree Requirements:

51 credit hours and a portfolio, or 51 credit hours and a thesis, or 51 credit hours and an applied project (SWG 593 or SWG 693), or 51 credit hours including the required capstone course (SWG 621) , or 54 credit hours and a portfolio, or 54 credit hours and a thesis, or 54 credit hours and an applied project (SWG 593 or SWG 693), or 54 credit hours including the required capstone course (SWG 621), or 57 credit hours and a portfolio, or 57 credit hours and a thesis, or 57 credit hours and an applied project (SWG 593 or SWG 693), or 57 credit hours including the required capstone course (SWG 621), or 60 credit hours and a portfolio (MSW/MPA concurrent degree), or 60 credit hours and a thesis (MSW/MPA concurrent degree), or 60 credit hours and an applied project (SWG 593 or SWG 693) - Advanced Generalist Track, or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA concurrent degree).

STANDARD PROGRAM (ground immersion):

Required Core (3 credit hours)

SWG 510 Foundation Practice I (3)

Foundation Coursework (18 to 27 credit hours)

SWG 501 Micro Human Behavior in the Social Environment (3)

SWG 502 Macro Human Behavior in the Social Environment (3)

SWG 511 Foundation Practice II (3)

SWG 519 Research Methods in Social Work (3)

SWG 531 Social Policy and Services (3)

SWG 533 Diversity and Oppression in a Social Work Context (3)

SWG 541 Field Practicum I (3)

SWG 542 Field Practicum II (3)

SWG 585 Macro Social Work Practice (3)

Restricted Electives (21 to 27 credit hours)

Other Requirements (3 credit hours)

SWG 610 Advanced Social Work Practice III (3) or

SWG 619 Practice-Oriented Research (3) or

SWG 623 Program Evaluation (3)

Culminating Experience Options (0 to 6 credit hours)

portfolio (0) or

SWG 599 Thesis (6) or

SWG 593 Applied Project (3) or

SWG 621 Integrative Seminar (3) or

SWG 693 Applied Project (3)

ADVANCED GENERALIST TRACK (digital immersion):

Required Core (3 credit hours)

SWG 510 Foundation Practice I (3)

Advanced Generalist Track Coursework (54 credit hours)

Culminating Experience Options (3 credit hours)

SWG 593 Applied Project (3) or

SWG 693 Applied Project (3)

Additional Curriculum Information

Students on the 51, 54 and 57 credit hour paths have an undergraduate Council on Social Work Education-accredited BSW in social work degree or BA degree in community advocacy and social policy. Path selection depends on the student's educational background. Students are to consult an academic advisor in the unit.

The 60-hour Advanced Generalist track is the digital immersion option. These students have a bachelor's or master's degree from a regionally accredited institution. Students in the 60-hour path must take foundation year coursework in restricted electives per CSWE accreditation standards.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. A student interested in moving to a concentration should notify the academic advisor prior to submitting their iPOS. The academic unit advises and monitors students to ensure they choose the appropriate coursework.

The number of credit hours required for restricted electives depends on the credit hour path chosen and the culminating experience. Students should see the academic unit for a complete list of approved electives.

The foundation year includes basic courses in direct practice, organizational and community change, social policy, human behavior and research. Foundation coursework is selected in consultation with the academic advisor. Students are required to complete two practicums: a foundation field placement (480 hours) and a specialization field placement (480 hours) in a different setting.

Other requirement coursework may be substituted with approval of the academic unit.

The program may be completed within four semesters (full time) or six semesters (part time).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a closely related field from a regionally accredited institution.

The School of Social Work requires one of the following:

- undergraduate degree with 30 credit hours in liberal arts courses at the undergraduate or graduate level
- Bachelor of Social Work from a Council on Social Work Education-accredited school of social work
- liberal arts undergraduate degree

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- signed standards of ethical and professional behavior form
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor (if applicant completed a BSW degree) or, if employed in a social work-related job for two or more years, a recommendation from the applicant's supervisor.

Professional resume should include both work and volunteer experience in social service organizations. In order to be considered for possible admission, applicants who do not have work experience in social service organizations are required to have a minimum of 240 hours of volunteer experience in the social services over a six-month period in the five years immediately preceding application.

Guidelines for writing the statement of educational and career goals can be found at <https://socialwork.asu.edu/content/msw-application-proceduresmaterials> (<https://socialwork.asu.edu/content/msw-application-proceduresmaterials>).

Test scores from either the GRE or the Miller Analogies Test are required only if the applicant's junior and senior GPA was below a 3.20 (scale is 4.00 = "A").

Students should see the program website for application deadlines.

Three-year Program

Students interested in this option must specifically apply to the three-year program and complete it in accordance with the plan developed to finish the degree in three years.

Transfer Credit

Any transfer work is reviewed and approved in accordance with Graduate College policy. Transfer work must have been completed within three years of the semester and year of admission to the Master of Social Work degree program at ASU with a grade of "B" (3.00 on a 4.00 scale) or better.

Exemptions

Courses must have been completed within three years of the admit term of the Master of Social Work degree. Grades received must be an A- or better. A letter of good standing is required from the institution where students have taken the coursework. Course equivalencies from outside of ASU are reviewed by the MSW Program Coordinator. Courses identified as required core and culminating experiences in the breakdown of requirements cannot be substituted.

Concurrent degrees are currently unavailable for the online Master of Social Work degree program.

Students should contact publicservice.gradrecruitment@asu.edu with any questions about the application process.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-social-work-social-work/>)

Career Opportunities:

There are many paths within social work that graduates can pursue. Career examples include:

- adult and juvenile correction social worker
- behavioral health hospital social worker
- community advocate
- community organizer
- gerontology services patient coordinator
- grant and fund developer

- group therapy clinician
- homeless services outreach coordinator or shelter director
- individual counselor
- nonprofit leader and manager
- policy analyst
- program director
- school social worker
- social services administrator
- wellness programmer

Social Work, PHD (PPSW2PHD)

Online Degree Search Title: Social Work, PhD

Campus: Downtown Phoenix

Program Description:

The purpose of the PhD program in social work is to train future social work scholars, social work professionals engaged in research, teaching and service.

Supplementary to the coursework, this doctoral program offers students opportunities to be actively involved in both research and teaching. Students benefit from the close mentorship of the committed faculty and regular partnerships with many internal research centers and offices. Students also receive valuable opportunities to develop a teaching portfolio, positioning them to succeed in academic careers.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Required Social Work Courses (12 credit hours)

Research Methods and Statistics (12 credit hours)

Directed Electives (9 credit hours)

Theory (3 credit hours)

Research (12 credit hours)

SWG 792 Research (12)

Culminating Experience (12 credit hours)

SWG 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. The doctoral program requires students to take a minimum of 36 course credit hours beyond the MSW in addition to the required 24 credit hours of research and dissertation; 84 credit hours are required beyond the bachelor's degree. Students may need to take additional coursework to achieve the competency requirements set by the program or set by their graduate supervisory committees.

Students develop their plan of study in consultation with the graduate supervisory committee. Required social work courses must be 700 level and approved by the doctoral program committee. Students should see the academic unit for approved course lists and other requirements for research methods and statistics courses, electives and theory coursework.

Once the 36 minimum course credit hours are completed, students are required to register for 12 hours of SWG 792 Research before the defense of the prospectus and 12 hours of SWG 799 Dissertation after the prospectus defense. Students must be registered for at least one credit hour during the semester, including summer, when they do their dissertation proposal defense. At least one of the dissertation hours must be taken in the semester the student expects to defend his or her dissertation.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in social work or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- curriculum vitae or resume
- GRE scores
- personal statement
- three letters of reference
- required writing sample: social problem essay
- optional writing sample
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Admission to the doctoral program in the School of Social Work is based on the following criteria:

- an MSW from an accredited school of social work, preferably with two or more years of post-degree employment in human services
- experience in social work teaching or research and other scholarly activities
- experience with diverse populations
- goodness-of-fit with program goals
- good professional standing
- undergraduate and graduate GPA
- quality and extensiveness of social work experience
- research potential and creativity as demonstrated in requested essays and references
- scores of the GRE, with emphasis on verbal and analytic scores

Though a Master of Social Work degree is preferred, exceptions may be made for students with a BSW from an accredited school of social work and a master's degree in a related field and for students from countries without accreditation.

Guidelines for writing the statement can be found at <https://socialwork.asu.edu/content/application-and-admission> (<https://socialwork.asu.edu/content/application-and-admission>) under PhD Application and Admission Information.

Applicants have the option of submitting a sample of their written work. Examples include a referred journal article, a class paper and a professional report such as one might write in an agency setting. The writing sample should illustrate the applicant's ability to succeed in the doctoral program.

Guidelines for writing the statement can be found at <https://socialwork.asu.edu/content/application-and-admission> (<https://socialwork.asu.edu/content/application-and-admission>).

All required admission materials are submitted directly to Graduate Admission Services at <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>). Students should contact the School of Social Work at 602-496-0800 with any questions about the application process.

Students should see the program website for application deadlines.

Career Opportunities:

Graduates are prepared to enter careers in applied research that enhance human well-being, particularly among oppressed and vulnerable populations, and to educate the next generation of social workers.

Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)

Online Degree Search Title: Social Work - Advanced Standing - Direct Practice, MSW

Campus: Downtown Phoenix, ASU@Tucson

Program Description:

The advanced standing --- direct practice concentration of the MSW consists of three specializations that prepare students for professional practice with diverse populations in a wide variety of settings. Across all specializations, the curriculum is guided by the social work values that emphasize evidence-based practice, client strengths, social justice and client empowerment. The primary curriculum goal of the Master of Social Work program is to educate advanced social work practitioners who demonstrate the knowledge, skills, values and ethics of the profession and who are competent for specialized practice.

This program is accredited by the Council on Social Work Education.

Degree Requirements:

39 credit hours including the required capstone course (SWG 621), or 51 credit hours including the required capstone course (SWG 621), or 60 credit hours including the required capstone course (SWG 621), or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA concurrent degree) .

Required Core (3 credit hours)

SWG 510 Foundation Practice I (3) or

SWG 514 Bridge Seminar I (3)

Advanced Direct Practice Concentration (12 credit hours)

SWG 606 Assessment of Mental Disorders (3)

SWG 619 Practice-Oriented Research (3)

SWG 641 Advanced Practicum: Direct Practice I (3)

SWG 642 Advanced Practicum: Direct Practice II (3)

Specialization (6 credit hours)

Restricted Electives (15 to 36 credit hours)

Culminating Experience (3 credit hours)

SWG 621 Integrative Seminar (3)

Additional Curriculum Information

Students on the 39 credit hour path have an undergraduate Council on Social Work Education accredited BSW in Social Work with a 3.20 Jr/Sr GPA within the last 6 years.

Students on the 51 credit hour path have an undergraduate CSWE accredited BSW in Social Work degree.

The students on the 60 credit hour path have an undergraduate degree that is not directly in social work or community advocacy. Students in this path may need to take foundation coursework as part of their elective coursework to satisfy CSWE requirements. Students should see the academic advisor when selecting courses.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. The academic unit will advise and monitor students to ensure they choose the appropriate coursework. Core course selection will depend on the student's background.

Students select from specializations in:

- children, youth and families
- health, behavioral health
- public child welfare

The amount of restricted elective coursework depends on the credit hour path selected based on the student's background. Students should see the academic unit for a complete list of approved specialization and elective coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants must have a BSW from a Council on Social Work Education-accredited program with a minimum GPA of 3.20 (scale is 4.00 = "A") in the last two years of work leading to the Bachelor of Social Work (junior and senior GPA). Applicants must have received their Bachelor of Social Work degree no more than six years prior to the date of admission to the MSW program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's Bachelor of Social Work field instructor, or if employed in a social work-related job for two or more years, a recommendation from the applicant's supervisor.

Guidelines for writing the statement can be found at <https://socialwork.asu.edu/content/msw-application-proceduresmaterials> (<https://socialwork.asu.edu/content/msw-application-proceduresmaterials>).

Applicants should see the program website for application deadlines.

For questions about the applications process, students should contact the School of Social Work.

Career Opportunities:

The advanced standing --- direct practice concentration program prepares students to work with individuals, families and small groups. Students learn how to diagnosis and assess mental health conditions, create treatment plans and provide appropriate interventions in a variety of clinical and community settings.

Career examples include:

- adult and juvenile corrections --- mental health service professional
- behavioral health hospitals --- counselor
- homeless services --- outreach coordinator or shelter director
- hospital or school social worker
- individual counselor
- gerontology services --- counselor
- group therapy clinicians
- wellness programming

Social Work (Planning, Administration and Community Practice), MSW (PPCPDTMSW)

Online Degree Search Title: Social Work - Advanced Standing - (Policy, Administration and Community Practice), MSW

Campus: Downtown Phoenix, ASU@Tucson

This program's name has changed, effective Fall 2021. The previous name was Social Work - Advanced Standing - (Planning, Administration and Community Practice).

Program Description:

The policy, administration and community practice concentration in the MSW program prepares professional social workers for leadership in social change. Graduates work for social justice and human rights through building sustainable systems that support peoples' social well-being, often by addressing the root causes of social problems and by reforming unjust policies. Policy, administration and community practice roles include

program planning and evaluation; policy development and analysis; political advocacy and lobbying; organizational leadership, management and supervision; community development, organizing and social movement building.

Students learn skills to intervene across the macro level of society: in systems, institutions, agencies, organizations, laws, policies, programs and communities. Students complete a practicum in government, nonprofit, social service, advocacy and research agencies.

The Master of Social Work with a concentration in policy, administration and community practice is accredited by the Council on Social Work Education and certified by the Network for Social Work Management.

Degree Requirements:

39 credit hours and a portfolio, or 39 credit hours and a thesis, or 51 credit hours and a portfolio, or 51 credit hours and a thesis, or 60 credit hours and a portfolio, or 60 credit hours and a portfolio (MSW/MPA concurrent degree), or 60 credit hours and a thesis, or 60 credit hours and a thesis (MSW/MPA concurrent degree).

Required Core (3 credit hours)

SWG 510 Foundation Practice I (3) or

SWG 514 Bridge Seminar I (3)

Policy, Administration and Community Practice Concentration (21 credit hours)

SWG 623 Program Evaluation (3)

SWG 632 Policy Practice (3)

SWG 643 Advanced Practicum: Planning, Social Work Administration and Community Practice I (3)

SWG 644 Advanced Practicum: Planning, Social Work Administration and Community Practice II (3)

SWG 681 Social Work Administration (3)

SWG 682 Community Participation Strategies (3)

SWG 685 Program Planning in Social Services (3)

Electives (9 to 36 credit hours)

Culminating Experience (0 or 6 credit hours)

SWG 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students on the 39 credit hour path have an undergraduate Council on Social Work Education accredited BSW in Social Work or equivalent degree with a Jr/Sr GPA of 3.20 within the last 6 years.

Students on the 51 credit hour path have an undergraduate CSWE accredited BSW in Social Work degree.

The 60 credit hour path students have an undergraduate degree that is not directly in social work or community advocacy. Students in this path may need to take foundation coursework as part of their elective coursework to satisfy CSWE requirements. Students should see the academic advisor when selecting courses.

All credit hour path criteria must be approved by the academic unit prior to selection in the iPOS. The academic unit advises and monitors students to ensure they choose the appropriate coursework. Core course selection depends on the student's background.

Students complete a practicum and choose one of the culminating experiences above. The amount of elective coursework allowed depends on the credit hour path chosen and the culminating experience selected. Electives may be selected from offerings at the School of Social Work or from courses offered through other departments with the approval of the MSW program coordinator.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants must have a BSW from a Council on Social Work Education-accredited program, with a minimum GPA of 3.20 (scale is 4.00 = "A") in the last two years of work leading to the Bachelor of Social Work (junior and senior GPA). Applicants must have received their Bachelor of Social Work degree no more than six years prior to the date of admission to the Master of Social Work program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference

- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. Sustainable Tourism, MST (PPSUSTMST)

Online Degree Search Title: Sustainable Tourism, MST

Campus: Online

Program Description:

Students in the MST program receive a comprehensive education with a focus on the environmental, economic and social aspects of tourism, equipping them with the skills necessary for creating pioneering sustainable development solutions to the challenges facing tourism today.

This holistic curriculum focuses on integrating all three pillars of sustainability into existing tourism theories and concepts. Students learn numerous strategies and tools for identifying and building innovative tourism products and experiences and minimizing adverse impacts of tourism so that resources and opportunities remain viable and sustainable for their host communities.

Degree Requirements:

31 credit hours including the required applied project course (TDM 593).

Required Core (24 credit hours)

- CRD 569 Advanced Tourism and Recreation Studies (3)
- TDM 520 Sustainable Thinking in Tourism I (3)
- TDM 521 Sustainable Thinking in Tourism II (3)
- TDM 530 Sustainable Tourism Destination Planning and Management I (3)
- TDM 531 Sustainable Tourism Destination Planning and Management II (3)
- TDM 540 Sustainable Food Management in Tourism (3)
- TDM 550 Managing the Sustainable Tourism Business (3)
- TDM 570 Sustainable Tourism (3)

Electives or Research (3 credit hours)

Culminating Experience (4 credit hours)

- TDM 593 Applied Project (4)

Additional Curriculum Information

One elective or research course is selected from an approved list for three credit hours. Students should contact the academic unit for a list of possible courses. Other courses may be used with approval from the academic unit.

Students complete an applied project that may consist of a sustainable tourism development plan for a community, a thorough sustainability audit of a tourism business, or other project as approved by the faculty advisor.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field such as tourism, recreation, hospitality, business, geography or planning from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- professional statement
- resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International applicants are also required to submit TOEFL or IELTS scores and a financial guarantee statement..

Letters of recommendation should be from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics. The names, email addresses, titles and organizations from whom the student is requesting recommendations is also required.

A written professional statement describing the applicant's purpose in pursuing the master's degree is to be submitted online. In addition, a current resume is required outlining previous professional activities.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-advanced-study-sustainable-tourism/>)

Career Opportunities:

This program prepares future sustainable tourism professionals to meet the increasing demand for people trained in of sustainability practices and the application of those practices in tourism. The sustainable tourism degree is useful to industry professionals who are interested in advancing their profiles and also to those who are interested in changing their careers.

Career examples include:

- destination planners and managers
- recreation managers
- sustainable food managers
- tourism planners

Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

Online Degree Search Title: Trauma and Bereavement (Graduate Certificate)

Campus: Downtown Phoenix

Program Description:

There is a growing need in society for health care workers and clinicians to be better prepared to help clients and patients experiencing trauma.

The School of Social Work graduate certificate program in trauma and bereavement provides students with enhanced knowledge about grief responses and the effects of trauma. Students have opportunities to research an often under-explored topic while helping transform the sociopolitical management of grief, traumatic losses and end-of-life issues in contemporary society.

Degree Requirements:

15 credit hours.

Required Core (6 credit hours)

SWG 576 War and Disaster (3)

SWG 577 Traumatic Death: Theory, Counseling and Practice (3)

Restricted Electives (3 credit hours)

SWG 559 Spirituality and the Helping Professions (3)

SWG 655 Quality of Life, Mastering Mindfulness (3)

SWG 690 Reading and Conference (3)

Other Requirements (6 credit hours)

SWG 541 Field Practicum I (3) and SWG 542 Field Practicum II (3) or

SWG 584 Internship (6) or

SWG 641 Advanced Practicum: Direct Practice I (3) and SWG 642 Advanced Practicum: Direct Practice II (3)

Additional Curriculum Information

For restricted electives, students choose one of the three course options listed above for three credit hours.

Students must complete one of the practicums and internship options from the other requirements list. Courses are selected in consultation with an advisor. Field practicums and internships must be preapproved with the academic unit. If selected, enrollment in SWG 584 Internship is for three credit hours and taken twice.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Watts College of Public Service and Community Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in fields such as psychology, sociology and social work.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- School of Social Work certificate application
- three references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The personal statement, resume, School of Social Work certificate application (it is available on the department website) and three references (forms available on the department webpage) should be submitted to the School of Social Work.

The personal statement must be two to four pages, doubled-spaced; additional guidelines are listed on the application.

No more than two certificate courses may be completed before applying for admission to the certificate program.

Students should see the program website for application deadlines.

Career Opportunities:

This graduate certificate program in trauma and bereavement prepares individuals to work in the field of death and dying as well as with trauma and bereavement in clinical, organizational and administrative settings.

Career examples include:

- crisis response team members and leaders
- hospice and chaplaincy workers
- medical and pre-med occupations
- therapists and counselors

Teachers College, Mary Lou Fulton

Advanced Analytics in Higher Education, Certificate (TEAAHEGRCT)

Online Degree Search Title: Advanced Analytics in Higher Education (Graduate Certificate)

Campus: Tempe, Online

Program Description:

The graduate certificate program in advanced analytics in higher education prepares professionals to conduct the advanced analytics needed to support data-driven decision-making in all academic and operational areas of higher and postsecondary education.

The coursework addresses the application of data mining, predictive analytics, sentiment analysis and data visualization techniques to higher education-specific problems with the goal of preparing individuals at all levels to use data in their decision-making processes. Through real-world projects using commonly used tools, students apply the knowledge and skills learned while gaining an understanding of the security and ethical considerations of analytics.

Degree Requirements:

15 credit hours.

Required Core (15 credit hours)

- HED 603 Foundation of Data Analytics in Higher Education (1)
- HED 604 Analytics Process and Technology in Higher Education (2)
- HED 605 Data Management and Preparation for Higher Ed Analytics (3)
- HED 606 Advanced Analytic Methods for Higher Education (3)
- HED 607 Visualization and Presentation for Higher Education (3)
- HED 608 Trends in Advanced Analytic Methods for Higher Education (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply if they have earned a minimum of a bachelor's degree (business, economics, education, psychology or equivalent) or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts

- personal statement describing the applicant's interests and reason for seeking this certificate
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants are required to have at least one year working in an education-related field and have taken at least one graduate or undergraduate statistics course, finishing with a grade of "B" (scale is 4.00 = "A") or better.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. An Overview of Autism Spectrum Disorders (certificate), Certificate (EDSPEGRCA)

Online Degree Search Title: An Overview of Autism Spectrum Disorders (Graduate Certificate)

Campus: Online

Program Description:

The graduate certificate in autism spectrum disorders is ideal for educators, interventionists, paraprofessionals, psychologists, behavior analysts and family members who want to enhance their preparation for working with individuals affected with ASD.

The online program can benefit those interested in the fields of teaching, counseling, social work, speech pathology, various fields of therapy and any area that provides services to individuals on the autism spectrum.

Students can complete the graduate certificate within a two-year period while concurrently pursuing a graduate degree or they can complete it as a stand-alone certificate. Students interested in sitting for the national Board Certified Behavior Analyst exam should apply for the MA program in special education with a concentration in applied behavior analysis or the applied behavior analysis graduate certificate, depending on interest and need.

Degree Requirements:

15 credit hours.

Required Core (9 credit hours)

SPE 521 Foundations of Autism Spectrum Disorders (3)

SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

SPE 540 Family-Centered Practices (3)

Restricted Electives (6 credit hours)

SPE 520 Verbal Behavior (3)

SPE 527 Behavior Analytic Assessment (3)

SPE 541 Consultation Frameworks and Issues (3)
SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3)
SPE 564 Controversial Therapies; Science, Fad and Pseudoscience in Educational Settings (3)
SPE 566 Applied Behavior Analysis in Inclusive Settings (3)
SPE 567 Ethics of Applied Behavior Analysis (3)
SPE 598 Special Topics (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

GRE scores are not required for admission.

Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)

Online Degree Search Title: Applied Behavior Analysis (Graduate Certificate)

Campus: Online

Program Description:

The graduate certificate program in applied behavior analysis pairs research and experience to prepare professionals to work with individuals with

special learning and behavior needs using the principles of applied behavior analysis.

Applied projects and assignments allow students to focus on the population with which they plan to work, while gaining the knowledge and skills they need in order to use applied behavior analysis across various populations and settings. Graduates are well prepared to provide applied behavior analysis and evidence-based consultative services and support to clients, community and family members across a variety of settings.

Mary Lou Fulton Teachers College offers university coursework verified by the Association for Behavior Analysis International as meeting the coursework requirements for eligibility to take the Board Certified Behavior Analyst® examination. Once certified, these professionals are equipped to meet diverse behavior needs and make a lasting difference in the community. The course sequence meets the Behavior Analyst Certification Board-required 315 classroom hours of graduate-level instruction aligned with the BCBA/BCaBA task list (fifth edition). BCBA supervised independent fieldwork supervision hours, required for certification, is arranged and completed by the student separately from their ASU coursework. An optional remote supervised independent fieldwork practicum (SPE 580 Applied Behavior Analysis Practicum) is available. Students seeking the master's degree as well as the verified university coursework to sit for the BCBA exam should apply to the MA program in special education with a concentration in applied behavior analysis.

Degree Requirements:

21 credit hours.

Required Core (21 credit hours)

SPE 525 Measurement, Data Display, Interpretation and Experimental Design(3)

SPE 526 Concepts and Principles of Applied Behavior Analysis (3)

SPE 527 Behavior Analytic Assessment (3)

SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3)

SPE 562 Personnel Supervision and Organizational Behavior Management in Educational Settings (3)

SPE 563 Philosophical Foundations of Applied Behavior Analysis in Educational Settings (3)

SPE 567 Ethics of Applied Behavior Analysis (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

GRE scores are not required for admission.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/TEABAGRCT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/TEABAGRCT/Gedt.pdf>).

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)

Online Degree Search Title: Teaching and Learning, MEd

Campus: Online

ASU is not currently accepting applications for this program.

Program Description:

The MEd program in curriculum and instruction with a concentration in teaching and learning facilitates the development of advanced-level professional knowledge, skills and understanding through research and applied experiences. The program provides an avenue for developing skills in designing learning environments for students.

Degree Requirements:

30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).

Students complete 30 credit hours in their focus area and a culminating project to be embedded within a course.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Curriculum and Instruction (Applied Behavior Analysis), MEd (TEABAMED)

Online Degree Search Title: Curriculum and Instruction (Applied Behavior Analysis), MEd

Campus: Online

ASU is no longer accepting new students to this program. Students interested in an online applied behavior analysis program with coursework verified for the Board Certified Behavior Analyst examination should see the MA in Special Education (Applied Behavior Analysis) (<https://webapp4-qa.asu.edu/programs/t5/majorinfo/ASU00/TESPEABAMA/graduate/false>).

Program Description:

The MEd program in curriculum and instruction with a concentration in applied behavior analysis pairs research and experience to prepare professionals to use the principles of applied behavior analysis to work with individuals with special learning and behavior needs.

The coursework prepares students to use applied behavior analysis to address a variety of learning and behavior needs across a range of professions and settings. All courses are online, combining a range of resources and technologies to provide students the opportunity to interact directly with program faculty and classmates. Program graduates are well prepared to provide applied behavior analysis and evidence-based consultative services and support to clients, community and family members across a variety of settings.

The Mary Lou Fulton Teachers College offers university coursework preapproved by the Behavior Analyst Certification Board for students interested in sitting for the Board Certified Behavior Analyst examination. Professionals with this certification are equipped to meet diverse behavior needs and make a lasting difference in the community. The course sequence meets the BACB-required 270 classroom hours of graduate-level instruction aligned with the fourth edition task list. BCBA supervision hours, required for certification, are arranged and completed by the student separately from ASU coursework. Students not seeking the master's degree but interested in only the preapproved university coursework for the BCBA exam may apply to the applied behavior analysis graduate certificate.

Degree Requirements:

30 credit hours including the required capstone course (SPE 597).

Concentration (24 credit hours)

Research (3 credit hours)

Culminating Experience (3 credit hours)

SPE 597 Capstone Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)

Online Degree Search Title: Curriculum and Instruction (Autism Spectrum Disorders), MEd

Campus: Online

ASU is no longer accepting applications for this program. Applicants interested in autism spectrum disorders should apply directly to the MA in Special Education (Autism Spectrum Disorders) (<https://webapp4-qa.asu.edu/programs/t5/majorinfo/ASU00/TEASDMA/graduate/false>).

Program Description:

The MEd program in curriculum and instruction with a concentration in autism spectrum disorders equips individuals with the specialized skills and knowledge they need for working effectively with children and adults affected by autism.

The steady rise in the number of those affected by autism has caused a public demand for professionals who are aware of the issues and needs facing these special individuals, their families and service providers. Program graduates are well prepared to provide important services and care for individuals with autism spectrum disorders in a variety of roles, including as educators, interventionists, paraprofessionals, psychologists, speech pathologists, behavior analysts or family members.

Each student completes a practicum customized to individual interests and abilities. The program culminates with a capstone experience in which students demonstrate analysis and synthesis of material learned in the master's program and evidence of competency in the six Council for Exceptional Children autism standards.

Students interested in sitting for the national Board Certified Behavior Analyst exam should apply to the master's degree in special education, applied behavior analysis concentration or the applied behavior analysis graduate certificate, depending on interest and need.

Degree Requirements:

30 credit hours including the required capstone course (SPE 597).

Required Core (3 credit hours)

COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (18 credit hours)

Electives (3 credit hours)

Other Requirements (3 credit hours)

SPE 580 Practicum (3)

Culminating Experience (3 credit hours)

SPE 597 Capstone (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Curriculum and Instruction (Early Childhood Education), MEd (TEECMED)

Online Degree Search Title: Curriculum and Instruction (Early Childhood Education), MEd

Campus: Online

Program Description:

The early childhood education concentration in the MEd program in curriculum and instruction prepares individuals to meet the educational, social and emotional needs of children from birth through age eight.

Through online coursework, applied activities and in-person professional experiences, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

The master's degree is appropriate for students interested in learning about early childhood education research and working with infants and children in grades K-3. This track may be of interest to students who already have a teaching certificate and are interested in furthering their knowledge and skills or pursuing doctoral studies in the future.

A second option is the master's degree and Arizona certification in early childhood education track, which provides students with the coursework and professional experiences necessary to become licensed to teach children birth through grade three. The track provides participants an institutional recommendation for a state of Arizona early childhood education certification (birth through age eight or through grade three) and the master's degree.

All courses are online, but professional experiences are completed in person.

Degree Requirements:

30 credit hours including the required applied project course (ECD 593).

Students in this program complete an applied project within their plan of study as a culminating experience.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement

- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should come from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-education-curriculum-and-instruction-early-childhood-education/>)

Career Opportunities:

Students gain skills in teaching, conducting research, utilizing technology and analyzing policy which prepare them to expand or pursue educational careers working with young children and their families.

Career examples include:

- childcare worker
- family social worker
- education administrator
- preschool teacher or director

Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)

Online Degree Search Title: Gifted Education, MEd

Campus: Online

Program Description:

The MEd program in curriculum and instruction with a concentration in gifted education prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. Students gain the theory and pedagogy needed to identify and serve gifted children as well as the knowledge and skills required to develop and provide the most current instructional methods and services for their gifted students.

Graduates understand how to identify learning potential and address specific needs of gifted and talented students. They have an understanding of gifted students' unique affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction so that gifted students may develop their full potential.

Graduates know how to develop a continuum of gifted programs and services; work with school administrators, teachers, school boards and parents; and advocate for gifted students at local and national levels.

The program is designed for public and private teachers in regular classrooms, honors classrooms and gifted programs and for school administrators and gifted program coordinators.

The program also provides the 12 credit hours of coursework in gifted education required for the gifted education (K-12) endorsement from the Arizona Department of Education. Students should refer to the Arizona Department of Education website for additional requirements.

Degree Requirements:

30 credit hours including the required capstone course (SPE 597).

Required Core (3 credit hours)

Concentration (21 credit hours)

Electives (3 credit hours)

Culminating Experience (3 credit hours)

SPE 597 Capstone Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English language proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Educating Multilingual Learners (Certificate), Certificate (TEESLGRCT)

Online Degree Search Title: Educating Multilingual Learners (Graduate Certificate)

Campus: Online

Program Description:

The graduate certificate program in educating multilingual learners prepares students to educate bilingual and multilingual learners in a variety of settings, including preK-12 schools, colleges, universities and organizations serving linguistically diverse populations. Students in this program gain skills and knowledge in language and literacy development, pedagogy, culture and context, and in advocacy for multilingual learners.

While the program is an excellent choice for teachers seeking to improve their preparation for bilingual and multilingual learners, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

This certificate program is not designed to address specific requirements of any single state endorsement but may address many components for state endorsements, depending on state requirements.

Degree Requirements:

15 credit hours.

Required Core (9 credit hours)

BLE 534 Language, Policy, and Power: Past and Present (3)

BLE 536 Education for Social Transformation (3)

BLE 537 Linguistics for Educators (3)

Electives (6 credit hours)

Additional Curriculum Information

Students should see the academic unit for approved list of elective courses.

There is no culminating experience required for the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, preferably in education or related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

GRE scores are not required for admission.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/TEESLGRCT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/TEESLGRCT/Gedt.pdf>).

Education, MA (TEEDUMA)

Online Degree Search Title: Education, MA

Campus: Online

Program Description:

The MA program in education is designed for certified teachers and other professionals working in education, and can be completed in as few as 16 months. Students in the program customize their coursework in order to meet their professional goals for working with children, youth or adults in nonprofit settings, community institutions, civic organizations and businesses. The degree program provides a foundation for students to shape society by supporting educational endeavors. It also helps students develop skills for effective communication, collaboration, leadership, advocacy and innovation, all of which are essential to education professionals.

Students in this program can customize their coursework by choosing two areas of focus. They then get to choose elective courses, from among more than 40 options, that are aligned with the two focus areas. Focus areas may include:

- applied behavior analysis
- autism spectrum disorders
- early childhood education
- educating multilingual learners
- gifted education
- global education
- learning design and technologies

Degree Requirements:

30 credit hours including the required applied project course (EDU 593), or 30 credit hours including the required applied project course (EDU 593) - Mandarin Pathway.

Required Core (3 credit hours)

COE 501 Introduction to Research and Evaluation in Education (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

EDU 593 Applied Project (3)

Additional Curriculum Information

The program is designed to be flexible and personalized to meet the interests of the learner. Students should see the academic unit for a list of electives to choose from as they explore focal areas of greatest interest.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College .

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program, and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Applicants must provide a written statement of approximately 500 words that describes their personal interest in the field of education, the goals they wish to achieve while in the program, and their short- and long-term career aspirations. The admission committee pays particular attention to the quality of writing, the ideas expressed, and the relative match between the applicant and program goals.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/masters-in-education/>)

Career Opportunities:

Students gain skills in effective communication, collaboration, leadership, advocacy and innovation, all of which are essential to education professionals in a variety of careers. Graduates of the program are prepared to change the face of learning throughout society.

Career examples include:

- behavior specialist
- curriculum designer
- education program manager
- education subject matter expert
- instructional designer
- team lead (K-12 schools)

Education (Educating Multilingual Learners), MA (EDESLMA)

Online Degree Search Title: Education (Educating Multilingual Learners), MA

Campus: Online

Program Description:

The MA in program in education with a concentration in educating multilingual learners prepares students to educate bilingual and multilingual learners in a variety of settings, including preK-12 schools, colleges, universities and organizations serving linguistically diverse populations. Students of this program gain skills and knowledge in language and literacy development, pedagogy, culture and context, and in advocacy for multilingual learners.

Program courses are designed and led by tenured faculty. The program advances a contextualized view of the nature of multilingualism, highlights language learning processes and related pedagogies, and promotes educators' self-reflection about their positionality and potential as advocates for their students.

Students take both a practicum and a capstone course. The practicum provides students an opportunity to apply theoretical and practical information presented through coursework in a real world setting. This is a structured practical experience supervised by a faculty member with whom the student works closely. For the capstone, students identify a specific topic or problem of practice and lead a research-driven project.

While the program is an excellent choice for teachers seeking to improve their preparation for bilingual and multilingual learners, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

This program is not designed to address specific requirements of any single state endorsement but may address many components for state endorsements, depending on the state's requirements.

Note: Individuals who wish to build a career in the international field of English language teaching should consider the Master of Teaching English to Speakers of Other Languages (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/LAENGMTESL/graduate/false>) (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/LAENGMTESL/graduate/false>) offered through The College of Liberal Arts and Sciences.

Degree Requirements:

30 credit hours including the required capstone course (BLE 597).

Required Core (3 credit hours)

COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (24 credit hours)

Culminating Experience (3 credit hours)

BLE 597 Capstone (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can comment on the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Campus: Online

Program Description:

The MA program in education with a concentration in literacy education prepares students to be leaders of literacy education who understand the sociocultural, historical and political settings in which reading, writing, oral language and the visual arts are created and utilized. Fully online courses include digital technologies, multimodal literature, language and literacy for diverse learners, and literacy assessment and instruction for children and adolescents as well as adults. Through the program, students learn how to think deeply about literacy theories, pedagogies and resources through both a solid theoretical foundation of literacy and a foundational knowledge base addressing pedagogical and content knowledge.

Students learn how to support inclusive educational practices, critical thinking skills and multiliteracies to face the challenges of a diverse and global society. Through the program, students learn how to use technology to encourage critical thinking and as a resource for teaching, assessment and inquiry.

Graduates are literacy leaders who inquire into their own instructional approaches, analyze resources available for literacy instruction, and critically examine the environments and learning experiences constructed in their context.

Degree Requirements:

30 credit hours including the required capstone course (RDG 597).

Required Core (3 credit hours)

COE 501 Introduction to Research and Evaluation in Education (3)

Concentration (18 credit hours)

RDG 505 Language and Literacy Across the Lifespan (3)

RDG 510 Literacies, Digital Technologies, and Learning (3)

RDG 512 Theoretical Foundations in Language and Literacy (3)

RDG 515 Multimodal Literature for Children and Adolescents (3)

RDG 518 Supporting Language and Literacy for Diverse Learners (3)

RDG 519 Writing Throughout the Lifespan (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)

RDG 597 Capstone (3)

Additional Curriculum Information

Students put their coursework into action through an interactive capstone project, where they design, implement, analyze and reflect on a professional development project for literacy educators.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement

- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/literacy-education/>)

Career Opportunities:

Students gain skills in leadership, literacy assessment and instruction, conducting research and utilizing technology, which prepare them to expand or pursue educational careers working with learners of all ages.

Career examples include:

- curriculum writer
- instructional coach
- instructor
- literacy coordinator
- literacy media specialist
- reading specialist

Education Sciences, MS (TEEDUSCIMS)

Online Degree Search Title: Education Sciences, MS

Campus: Tempe

Program Description:

The MS program in education sciences prepares professionals working in the field of education research to use quantitative analysis and research design to address contemporary problems in a variety of educational settings. Graduates of the program are able to design and conduct research to answer important questions in education and to analyze data that is collected in a variety of circumstances.

This program is directed at individuals currently working in or interested in public or private social science research centers or agencies, school districts, state or federal agencies, university research centers, foundations, educational testing companies, and any industries that focus on employee education and outcomes.

Degree Requirements:

Required Core (18 credit hours)

EDU 501 Education Sciences I: Quantitative Research and Design Inquiry (6)

EDU 502 Education Sciences II: Intermediate Quantitative Inquiry and Measurement (6)

EDU 503 Education Sciences III: Advanced Quantitative Analysis and Modeling (6)

Other Requirements (9 credit hours)

EDU 592 Research (3)

EDU 598 Special Topics (6)

Culminating Experience (6 credit hours)

EDU 593 Applied Project (6)

Additional Curriculum Information

Coursework listed as other requirements may be substituted with approval of the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit:

- graduate admission application and application fee
- official transcripts
- written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

GRE scores are not required for admission.

Applicants must provide a written statement of approximately 500 words that describes their personal interest in the field of education, the goals they wish to achieve while in the program, and their short- and long-term career aspirations. The admission committee pays particular attention to the quality of writing, the ideas expressed and the relative match between the applicant and program goals.

Educational Leadership, MEd (EDSUPVMED)

Online Degree Search Title: Educational Leadership, MEd

Campus: Polytechnic, West

ASU is not currently accepting applications for the core degree. Students interested in the principal preparation program leading to Arizona principal certification should see the Educational Leadership (Principalship), MEd

(<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/TEPRINMED/graduate/false>).

Program Description:

The MEd program in educational leadership is designed for individuals who believe in the power of education to transform children's lives and who aspire to school leadership positions as administrators or in other leadership roles in K-12 settings. This rigorous, standards-based leadership preparation program provides students with the knowledge and expertise to become transformative administrators or teacher leaders with deep and unwavering commitment to providing excellent and equitable educational opportunities for all students.

This program equips students with the skills to facilitate school-level and systemic change; create and sustain a culture of innovation and collaboration; successfully lead curriculum development; interpret and use data to support student success; provide effective feedback, support and evaluation for teachers; build a community network of support for students and schools; and ensure equitable and excellent educational opportunities and support for all students.

The master's degree program in educational leadership is designed to prepare teachers to meet Arizona requirements for principal certification. Students seeking certification in a state other than Arizona should contact their state department of education to determine the principal certification requirements prior to applying.

Degree Requirements:

36 credit hours including the required applied project (EDA 593).

Required Core (27 credit hours)

EDA 501 Competency/Performance in Educational Administration (3)

EDA 505 American Education System (3)

EDA 511 School Law (3)

EDA 514 Leadership in Curriculum and Assessment (3)

EDA 526 Instructional Supervision (3)

EDA 548 School, Family and Community Connections (3)

EDA 572 School Finance and Human Resources (3)

EDA 578 Critical Issues in Educational Leadership (3)

EDA 634 Instructional Leadership (3)

Other Requirement (6 credit hours)

EDA 584 Internship (3)

EDA 684 Internship (3)

Culminating Experience (3 credit hours)

EDA 593 Applied Project (3)

Additional Curriculum Information

The 15-month, standards-based leadership development program begins with a three-week summer intensive that immerses the cohort in a simulated school experience during which students engage in required coursework in a hybrid format. Learning continues during the school year with a blend of web-based and face-to-face courses taken at an ASU campus, including set meetings each semester wherein students visit schools and participate in instructional rounds. All students participate in a two-semester, school-based internship that provides the opportunity to apply new learning and research in a K-12 setting. The program concludes with a two-week summer intensive during which the cohort meets together and engages with coursework in a hybrid format.

Students must be employed in a school-based position or have access to an ASU- and district-approved school placement that serves as the laboratory of practice for applying the concepts, principles and leadership approaches learned through the coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution and have at least two years of pre-K through grade 12 teaching experience as a teacher of record.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation

- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Educational Policy, MA (EDSPFMA)

Online Degree Search Title: Educational Policy, MA

Campus: Tempe

Program Description:

The MA program in educational policy provides graduates with skills in education policy and applied data analysis. It is particularly well suited for individuals whose current or prospective careers require the use and interpretation of data, such as overseeing assessments or conducting program evaluations. Classroom teachers and practicing educators in other contexts will gain new perspectives on their schools, classrooms and teaching with the skills they develop in this master's degree program.

The coursework deepens students' understanding of research and policymaking and allows them to critically assess education programs and policies and develop the skills they need to engage in data-informed decision-making. Courses address key issues in contemporary education policy, evaluating and synthesizing research literature, analyzing and interpreting data and conducting applied research. With the assistance of a faculty or academic advisor, students also customize their elective courses in educational policy, research methods and other areas of interest to enhance their knowledge and skills.

In the culminating experience in the final semester, students design and execute an individual or group project that utilizes their new knowledge and research skills.

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Educational Studies, BAE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours including an applied project (EPA 593).

Required Core (15 credit hours)

EPA 532 Becoming an Informed Consumer of Education Research (3)

EPA 555 Translating Research for Educational Change (3)

EPA 556 Data Analysis for Education Decision Makers (3)

EPA 559 Systematic Inquiry for Problem Solving (3)

EPA 565 Critical Topics in Education Policy (3)

Restricted Elective or Research (12 credit hours)

Culminating Experience (3 credit hours)

EPA 593 Applied Project (3)

Additional Curriculum Information

For electives or research, students should see the academic unit for the approved course list.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students are prepared to expand or pursue careers that involve the use and interpretation of data. This program is also suited for students who want to pursue doctoral credentials in education after graduation.

Career examples include:

- grants administrator
- policy analyst
- program and project manager
- research and data analyst

Educational Policy and Evaluation, PHD (EDLDRSHPHD)

Online Degree Search Title: Educational Policy and Evaluation, PhD

Campus: Tempe

Program Description:

The PhD program in educational policy and evaluation prepares scholars to conduct rigorous, high-impact and transdisciplinary research on education policies that advance the educational conditions in preK-20 and other educational environments.

Doctoral students in the educational policy and evaluation program engage in systematic analyses of education policies and practices in a variety of settings, including schools, universities, research centers, government agencies and nongovernmental organizations.

The program emphasizes intensive training in the theory, methods and implementation of education policy with a focus on research and evaluation. Students pursue an area of specialization supported by faculty expertise.

Educational policy and evaluation students work closely with nationally and internationally recognized faculty members on collaborative and independent research projects that result in scholarly articles, policy briefs, reports and engagement in education policy. The program also provides opportunities for internships in applied settings and experiences in scholarly publishing to influence the field.

Doctoral students are expected to engage in the program full time and are supported by the Mary Lou Fulton Teachers College with funding renewable for four years, pending adequate progress toward completing program requirements.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Of the 84 credit hours required for the degree, 54 must be earned at ASU and 24 of the ASU credit hours must be earned in research and dissertation courses. The coursework includes classes in evaluation, policy analysis, research methods and an area of specialization. Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 84 credit hours. In addition, with program and Graduate College approval, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a master's degree from a regionally accredited institution or an international equivalent as determined by Graduate Admissions.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- GRE scores
- an academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

There are no minimum required GRE scores.

Career Opportunities:

Students gain the knowledge and skills to pursue careers as education researchers who advance the collective understanding of education policy for pre-K through 20 and other education environments.

Career examples include:

- college program director
- education administrator
- policy analyst
- professor
- researcher

Educational Technology, PHD (EDTECHPHD)

Online Degree Search Title: Educational Technology, PhD

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The focus of the PhD program in educational technology is on the design, development and evaluation of instructional systems and on educational technology applications that support learning. The doctoral program emphasizes research using educational technology in applied settings.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Required Courses (24 credit hours)

- EDP 540 Learning Theories and Instructional Strategies (3)
- EDP 552 Multiple Regression and Correlation Methods (3)
- EDP 554 Analysis-of-Variance Methods (3)
- EDT 501 Foundations of Learning Design and Technologies (3)
- EDT 502 Design and Development of Instruction (3)
- EDT 503 Design of Effective Communications (3)
- EDT 504 Modalities of Learning (3)
- EDT 506 Evaluation of Learning Systems (3) EDT 701 Research in Educational Technology (3)

Elective Courses (30 credit hours)

Students select a minimum of 30 credit hours of elective coursework in consultation with a faculty advisor or doctoral committee chair.

Practicum Hours (6 credit hours and research, below)

Students must earn at least 18 credit hours for practicum courses. Students complete three different practica while in the program: instructional design (typically EDT 780 Practicum for three credit hours), teaching (typically EDT 680 Practicum for three credit hours), and a research practicum.

Research (12 credit hours)

Culminating Experience (12 credit hours)

EDT 799 Dissertation (12)

Admission Requirements:

Applicants must fulfill requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three email addresses for professional recommendations
- personal statement
- resume
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The Mary Lou Fulton Teachers College requires a minimum score of 600 (paper-based) or 100 (internet-based) on the TOEFL.

Scores of 500 or above on the verbal reasoning and quantitative reasoning sections of the GRE are required as well as a score of four or greater on the analytical writing section of the GRE.

Career Opportunities:

The program prepares students for a variety of professional positions. Graduates are employed as faculty, educational technologists or instructional designers in universities, community colleges and schools or as training managers in corporate settings.

Elementary Education (Teacher Certification), MEd (TEEEACLMEDE)

Online Degree Search Title: Elementary Education (Teacher Certification), MEd

Campus: Downtown Phoenix, Tempe, West, Online

Program Description:

This program is for those who already have a bachelor's degree in any field and want to become licensed to teach grades K-8.

The MEd program in elementary education builds strong connections between theory and practice through quality classroom instruction paired with extensive professional experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Mary Lou Fulton Teachers College faculty actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further

empowers students to engage in their own research through the applied project coursework.

A series of professional experiences or field placements are designed to assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

The master's degree program in elementary education offers two options for students to earn a master's degree and Arizona teacher certification:

Master's and Arizona Certification --- In this program, students take classes at an ASU campus two nights a week and are required to do a field experience one day per week for at least two semesters. During the last semester of the MAC program, students complete a full-time teaching residency.

Induction, Master's and Arizona Certification --- This program features a partnership with Teach For America, various school districts and charter schools. The InMAC program provides an alternative pathway to teacher certification for full-time teachers on an Alternative Teaching Certificate. To qualify, individuals must secure a full-time teaching position in an approved content and grade level and pass the appropriate content exam. Participants take classes one night per week and must be continuously enrolled in teaching coursework.

Degree Requirements:

33 credit hours including the required applied project course (EED 593).

Required Core (27 credit hours)

EDP 510 Psychology in Education (3)

EED 521 Instructional Planning for the Diverse Classroom (3)

EED 524 Social Studies Methods and Assessment (3)

EED 529 Science Methods and Assessment (3)

EED 537 K-8 Mathematics Methods and Assessment (3)

ELL 504 Instructional Design for Culturally and Linguistically Diverse Students (3)

RDG 531 Language and Literacy I (3)

RDG 532 Language and Literacy II (3)

SPE 524 Effective Classroom Behavior Management (3)

Other Requirement (3 credit hours)

EED 511 Curriculum Theory and Instructional Planning (3)

Culminating Experience (3 credit hours)

EED 593 Applied Project (3)

Additional Curriculum Information

With approval of the academic unit, an alternative course to EED 511 may fulfill this requirement.

The applied project is conducted in the school setting.

Students need to take additional coursework for tracks leading to certification, and they should see the academic unit for the approved course listing.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- IVP fingerprint clearance card issued by the state of Arizona
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students gain skills in teaching, conducting research, utilizing technology and collaborating in teams which prepare them for educational careers working with learners in grades K-8.

Career examples include:

- curriculum leader
- instructional specialist
- K-8 teacher
- school director

Gifted Education (Certificate), Certificate (TEGEDGRCT)

Online Degree Search Title: Gifted Education (Graduate Certificate)

Campus: Online

Program Description:

The graduate certificate program in gifted education prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. The program provides students with the theory and pedagogy needed to identify and serve gifted children as well as the knowledge and skills required to develop and provide the most current instructional methods and services for their gifted students.

Graduates of the program understand how to identify learning potential and address specific needs of gifted and talented students. They have gained an understanding of gifted students' unique affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction so that gifted students may develop their full potential.

Graduates have learned how to develop a continuum of gifted programs and services, work with school administrators, teachers, school boards and parents, and are able to advocate for gifted students at local and national levels.

The program also provides coursework in gifted education required for the gifted education (K-12) endorsement from the Arizona Department of Education. Students should refer to the Arizona Department of Education website for additional requirements.

Degree Requirements:

15 credit hours.

Required Core (12 credit hours)

SPE 585 Creativity: Foundations of Research and Development in Gifted Education (3)

SPE 586 Advising the Gifted Learner: Social and Emotional Needs (3)

SPE 587 Special Populations in Gifted Education (3)

SPE 588 The Gifted Learner: Foundations of Identification, Education and Development (3)

Electives (3 credit hours)

SPE 572 Testing and Measurement in Gifted Education: Methods (3)

SPE 573 Differentiating Instruction for Gifted Learners: Teaching Methods (3)

SPE 589 Gifted Education Programming: Models, Methods and Services (3)

Additional Curriculum Information

Students choose one course from SPE 572, SPE 573 or SPE 589 to complete the elective requirement.

There is no culminating experience required for this certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, preferably in education or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/TEGEDGRCT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/TEGEDGRCT/Gedt.pdf>).

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-gifted-education/>)

Career Opportunities:

Students gain skills in creating and strengthening gifted programs, developing instructional methods, advocating for learners and working with school districts and families. This prepares them to expand or pursue education careers working with gifted learners.

Career examples include:

- education administrator
- gifted teacher
- guidance counselor
- teacher assistant
- vocational education teacher

Global Education, MEd (TEGLOEDMED)

Online Degree Search Title: Global Education, MEd

Campus: Online

Program Description:

The MEd program in global education prepares professionals working in the field of international and comparative education to identify, analyze and address contemporary problems that cross borders, cultures and disciplines in a variety of settings. Graduates of the program develop knowledge and skills that enable them to evaluate current programs and practices and create innovative and sustainable solutions directed at increasing access to quality education for diverse populations, teachers and leaders, and to engage in applied educational research at the local, national and global levels.

This program is directed at individuals currently working in or interested in international education more generally, especially those charged with the administration, planning and evaluation of educational programs and policies. The prospective applicant for this program seeks to gain a deeper understanding of the complex and dynamic relationship between global and local perspectives on systems of education, develop practical solutions for key challenges in those systems, and experience working collaboratively and imaginatively across disciplines.

Degree Requirements:

30 credit hours including the required applied project course (GLE 593).

Required Core (18 credit hours)

GLE 501 Global Thinking in Education (3)

GLE 502 Inquiry in Global Education (3)

GLE 503 Evaluating Global Education Policies and Programs (3)

GLE 504 Exploring Global Education Issues in the Global Education Literature (3)

GLE 505 Evidence in Global Education Inquiry (3)

GLE 506 Applied Inquiry in Global Education: Developing Proposals for Field Research (3)

Electives or Research (9 credit hours)

Culminating Experience (3 credit hours)

GLE 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in global education, comparative education or other related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- professional resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants must complete a personal statement that describes their background including the personal, educational and professional experiences that led them to apply to this program. Applicants should follow the specific prompt found in the application.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/global-education-med/>)

Career Opportunities:

Students in this program gain skills they need for leading in the education sector and continuously improving it. They are equipped with the research and analysis skills that enable them to gather evidence to inform, design and improve practices to strengthen systems that provide quality education for diverse populations. This prepares them to expand or pursue a variety of careers in international education.

Career examples include:

- global education subject matter expert

- policy analyst
- program and project manager
- school administrator

Higher and Postsecondary Education, MEd (EDPOSTMED)

Online Degree Search Title: Higher and Postsecondary Education, MEd

Campus: Downtown Phoenix, Tempe

Program Description:

The MEd program in higher and postsecondary education is designed to facilitate the professional development of those who work in colleges and universities in administrative roles as well as academic or student support positions.

The higher and postsecondary education program develops leaders who have a strong understanding of the theory and practice of higher education administration, possess the capacity to analyze issues confronting contemporary colleges and universities, and can apply expertise in designing innovative solutions in administrative decision-making. The goal of this program is to provide graduates with a better understanding of the challenges that face contemporary colleges and universities and to prepare them to succeed in environments that demand innovation, excellence, inclusion and collaboration. Students have the opportunity to make a local impact to support the success of higher education in the state of Arizona.

Coursework addresses a range of practice-focused topics in the field, including the following: the history of higher education in the United States, organizational characteristics of colleges and universities, important laws and policies pertaining to administrative practice in higher education, how colleges and universities are funded, how to successfully work with the diverse stakeholders in contemporary higher education and how to collect and use data to improve decision-making.

This 30-credit hour, 10-course program is offered on a 7.5-week calendar in fall and spring semesters (six weeks in summer). Students may enroll part time or full time.

Most courses are offered in a hybrid format with 50% of the content delivered face-to-face (weekday evenings) and 50% delivered through independent or technology-supported learning experiences and fieldwork.

This program culminates with the creation and presentation of an applied project that demonstrates students' understanding of critical issues in higher education and how to collect and use data to improve their professional practice. The project is also designed to promote graduates' career advancement in higher and postsecondary education-related settings.

Degree Requirements:

30 credit hours including the required applied project course (HED 593).

Required Core (9 credit hours)

Foundation Courses (18 credit hours)

Culminating Experience (3 credit hours)

HED 593 Applied Project (3)

Addition Curriculum Information

Students should see the academic unit for a complete list of approved electives.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English language proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can comment on the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students gain skills in analyzing issues in higher education, working with diverse stakeholders, conducting research and making data-driven decisions, which prepare them to expand or pursue administrative roles at colleges and universities.

Career examples include:

- college program director
- student affairs leader
- student life leader
- student services staff

Institutional Research and Policy Analysis (certificate), Certificate (EDINSRESCE)

Online Degree Search Title: Institutional Research and Policy Analysis (Graduate Certificate)

Campus: Tempe

Program Description:

The graduate certificate in institutional research and policy analysis provides participants with the training and skills in education policy and applied data analysis that allows them to critically assess education programs and policies and engage in data-driven decision-making. The program consists of courses in which students analyze data from practical applied settings, including their own schools or organizations.

This certificate program allows students to glean insights from data that help them make effective decisions in classrooms, schools, districts and other organizations; present reliable and pertinent data to their colleagues and administrators; and develop analyses that can help them identify instructional changes aimed at improving student achievement.

Degree Requirements:

15 credit hours.

Required Courses (15 credit hours)

- EPA 532 Becoming an Informed Consumer of Educational Research (3)
- EPA 555 Translating Research for Educational Change (3)
- EPA 556 Data Analysis for Education Decision Makers (3)
- EPA 559 Systematic Inquiry for Problem Solving (3)
- EPA 565 Critical Topics in Education Policy (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

The personal statement should describe the applicant's interests and reason for seeking this degree

GRE scores are not required for admission.

Leadership and Innovation, EdD (TELINEDD)

Online Degree Search Title: Leadership and Innovation, EdD

Campus: West, Online

Program Description:

The EdD program in leadership and innovation prepares scholarly practitioners and is designed for practicing educator-leaders who work in a range of settings and who want to transform and improve their practice to create better learning opportunities for students of all ages.

Students in the program begin as accomplished teachers, teacher leaders, principals, superintendents, higher education professionals or leaders in other educational contexts. Through coursework, students deepen their abilities to lead change and implement innovation in their local educational organizations. The program is not designed to prepare students for academic research-oriented tenure-track positions.

The cohort-based program focuses on action research and includes required coursework and several options for advanced professional studies with a research core that deepens students' abilities to reflectively and critically think about problems of practice in one of the following contexts: preK-12 change leadership; higher education change leadership; or systems, professional and reimagined change leadership.

Differentiation among these contexts and students' interests occurs within the required coursework.

Students conduct multiple cycles of inquiry throughout the program and learn research within their own workplace. They share their research at the end of each academic year through presentations in a public doctoral research conference.

Leader-scholar communities, formed at the end of the first year and consisting of five to seven students and one faculty member, meet regularly for the second and third years of the program to supply academic and personal support. Through LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Each student's LSC leader serves as the dissertation chair, along with two additional committee members who ultimately make up the doctoral committee.

Successful graduates make a commitment to continuing systematic study of their professional practice and sustaining innovation and leadership by making a positive difference in their local settings. The program aims to enable more thoughtful, intentional and informed leaders who are willing and able to implement and study continuous improvement.

The program makes a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, schools or other organizations, and local communities.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (24 credit hours)

Research (9 credit hours)

Advanced Professional Studies (6 credit hours)

Directed Field-based Study (3 credit hours)

Participation in Leader-Scholar Communities (6 credit hours)

Dissertation (12 credit hours)

Additional Curriculum Information

Students should see the academic unit for an approved course list.

Students register for required research and dissertation hours as part of the Leader-scholar Communities requirement.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework is made up of electives to reach the required 90 credit hours.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement

- an academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program and the personal statement should describe the applicant's interests and reasons for seeking this degree, along with potential problems of practice to serve as a guide for applied research in the program.

GRE scores are not required for admission.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/edd-leadership-and-innovation/>)

Career Opportunities:

Students gain skills in thinking critically about problems of practice, designing and conducting action research, collaborating with teams in leader-scholar communities and leading change in an educational organization. This prepares them to expand or pursue leadership positions in pre-K-12 schools and higher education institutions.

Career examples include:

- community college director
- principal
- superintendent
- teacher leader
- university administrator

Leadership and Innovation (Policy and Administration), EdD (TEINPAEDD)

Online Degree Search Title: Educational Leadership and Innovation (Policy/Admin), EdD

Campus: West

ASU is not currently accepting applications for this program.

Program Description:

The EdD program in leadership and innovation is designed for practicing educator-leaders who want to participate in creating better learning opportunities for students of all ages in a range of settings with the ultimate goal of transforming the practice of education.

The focus of the program is research in action. Students conduct multiple studies throughout the program to learn by doing and to influence change based on scholarship applied in their workplace.

Students in the program begin as accomplished teachers, teacher leaders, principals and superintendents, and edupreneurs or higher education professionals. Through their learning, they deepen their abilities to lead and innovate in educational organizations. The program is not designed to prepare students for academic tenure-track positions.

The cohort-based program begins in summer with an introduction to doctoral studies and the formation of a professional learning community that draws on the strengths of all group members.

Required courses are team-taught by faculty and require students to conduct research in their workplace, laying the foundation for the culminating project: the action research study documented in the dissertation.

Leader-scholar communities, formed at the end of the first year and consisting of five to seven students and two faculty members, meet regularly for

the second and third years of the program. Students register for required research and dissertation hours as part of the LSC requirement.

Through these LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Students share their research at the end of each semester through roundtables, posters and symposia in a public research day.

Successful graduates have made a commitment to continuing systematic study of their professional practice and making a positive difference in their local workplaces putting their research in action. The program aims to enable more thoughtful, intentional and informed leaders, willing and able to implement and study change.

The program can make a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, the student's school or organization, the community and the world.

Learning Design and Technologies, MEd (EDTECHMED)

Online Degree Search Title: Learning Design and Technologies, MEd

Campus: Online

Program Description:

The MEd program in learning design and technologies emphasizes the design of learning environments, systems, applications and instructional materials for multiple learning contexts. The program prepares learning design and technology professionals for a variety of formal and informal settings in business, industry, museums, nonprofits, government organizations as well as education settings, such as K-12 schools, colleges or universities.

Through projects that address real-world problems, students apply current research and learning theories, along with the use of existing and emergent technologies, to the practice of learning and instructional design. All courses are online and combine a range of resources and technologies to facilitate direct interaction between students, program faculty and classmates.

Graduates are prepared with the knowledge and skills required to address real-world problems and emerging challenges through the process of learning design.

Degree Requirements:

30 credit hours including the required applied project course (EDT 593).

Required Core (24 credit hours)

COE 501 Introduction to Research and Evaluation in Education (3)

EDP 540 Learning Theories and Instructional Strategies (3)

EDT 501 Foundations of Learning Design and Technologies (3)

EDT 502 Design and Development of Instruction (3)

EDT 503 Design of Effective Communications (3)

EDT 504 Modalities of Learning (3)

EDT 506 Evaluation of Learning Systems (3)
EDT 523 Issues in Online and Distance Education (3)

Elective (3 credit hours)

Culminating Experience (3 credit hours)
EDT 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. Learning Sciences, MA (EDPSYCHMA)

Online Degree Search Title: Learning Sciences, MA

Campus: Tempe

Program Description:

The MA program in learning sciences proceeds from an understanding that learning happens in many places, not just in schools.

This program focuses on the power of design thinking to improve educational systems and provides students with a blend of theoretical insights and practical tools that prepare them to shape learning environments and experiences. The systems-level approach includes cognitive, social and contextual factors and the interactions among them.

Graduates of the program are equipped to design effective learning and teaching systems in a broad range of formal and informal settings that include museums, libraries, workplaces and schools and are well-prepared to become leaders in the development, integration and improvement of these systems.

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Educational Studies, BAE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours including the required applied project course (LSE 593), or 30 credit hours, a thesis and a written comprehensive exam.

Required Core (3 credit hours)

LSE 540 Theoretical Views of Learning in the Learning Sciences (3)

Electives or Research (21-24 credit hours)

Culminating Experience (3-6 credit hours)

LSE 593 Applied Project (3) or

LSE 599 Thesis (6)

Additional Curriculum Information

With advisor approval, EDP 540 may be taken in place of LSE 540 for the core requirement.

Students completing an applied project for their culminating experience take 24 credit hours of electives or research courses.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Admission Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program, and the personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students gain skills in facilitating learning using an interdisciplinary approach, drawing upon cognitive science, educational psychology, computer science, anthropology, sociology, information sciences, neurosciences, instructional design and more. This prepares students to expand or pursue a variety of educational careers tailored to their professional goals.

Career examples include:

- educational and interactional designer
- educator in community organization
- educator in educational institution
- training specialist, coordinator, manager or director

Learning, Literacies and Technologies, PHD (EDCIPHD)

Online Degree Search Title: Learning, Literacies and Technologies, PhD

Campus: Tempe

Program Description:

The PhD program in learning, literacies and technologies is designed to prepare scholars who can address socially significant educational programs and transform preK-20 educational programs through rigorous research and educational interventions. Graduates rely on transdisciplinary theoretical and methodological perspectives to engage, influence and transform educational institutions and their practices.

Students begin engaging in research studies during their first semester and continue throughout the four-year program. Faculty with diverse disciplinary backgrounds collaborate with doctoral students, individually and in teams, to design powerful studies, implement them in authentic settings, collect and analyze data, write research reports, and present and publish the results.

Academic study and research in the learning, literacies and technologies program focuses on the nature of human learning and literacies across diverse learners and contexts, the use of technologies to support learning, the design of learning environments and the conditions under which learning occurs.

Students develop areas of emphasis with their faculty advisor and doctoral committee members, to work at the cutting edges of educational science, leading the way to innovation and exploration of new technologies and literacies for learning.

Students are expected to engage in the doctoral program full time and are supported by Mary Lou Fulton Teachers College with funding renewable for four years with continued satisfactory progress.

Degree Requirements:

85 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

core courses (13 credit hours)

specialization courses (12 credit hours)

elective or research courses (12 credit hours)

research (3 credit hours)

internship (3 credit hours)

dissertation (12 credit hours)

Additional Curriculum Information

Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 85 credit hours. In addition, with program and Graduate College approval, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's and master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All Applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- personal statement
- an academic writing sample
- curriculum vitae
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

Career Opportunities:

The program graduates educational researchers who serve as scholars, leaders and teacher educators engaged in the design, development and use of literacies and technologies that promote learning. Graduates are stewards of their educational field, working across disciplinary boundaries to address the learning challenges of the new millennium.

Career examples include:

- college program director
- educator
- instructional designer
- instructional specialist
- professor
- researcher
- teacher educator

Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)

Online Degree Search Title: Online Teaching for Grades K-12 (Graduate Certificate)

Campus: Tempe, Online

ASU is not currently accepting applications for this program.

Program Description:

This certificate program prepares educators to design systems for learning in a broad range of organizations and includes practical application of research on learning, design methods and organizational dynamics. Students who complete the certificate program are prepared to be effective members and leaders of teams who redesign education in pre K-20 and other settings.

Degree Requirements:

15 credit hours including the required capstone course (EDT 580).

The certificate requires five courses, each consisting of three credit hours. The culminating experience for this certificate program is an electronic

portfolio that is completed in EDT 580.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

GRE scores are not required for admission.

Applicants should have at least one year of professional education experience.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/TEEDTGRCT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/TEEDTGRCT/Gedt.pdf>).

Physical Education, MPE (ECPHYEDMPE)

Online Degree Search Title: Physical Education, MPE

Campus: Polytechnic

Program Description:

The MPE program is for students interested in gaining knowledge of current curriculum and instructional and administrative practices and procedures in physical education.

Emphasis is placed on improving instructional effectiveness and developing quality physical education programs in school settings as well as expanded physical activity programming beyond the physical education lessons within school environments. Students learn about designing, implementing and assessing comprehensive school physical activity programs. This type of programming reflects current global trends in promoting physical activity for children, youth, school staff and families in communities surrounding school campuses.

The Master of Physical Education degree program gives candidates the flexibility to design a plan of study that enhances their interests and professional specialization. Students can choose from three track options: the pedagogy research track, a physical endorsement (grades K-12), or an Arizona certification in physical education.

Master of Physical Education and Arizona certification in physical education --- This program provides students with the coursework and practical experiences necessary to become certified to teach physical education in the public schools. The program provides participants an institutional recommendation for an Arizona secondary education (grades 6-12) certification with a physical education endorsement (grades K-12) and the Master of Physical Education degree.

Master of Physical Education with a physical education endorsement (grades K-12) --- This track familiarizes students with the most current trends and issues in school physical education. Students can focus on numerous topics within elementary physical education, secondary physical education and adapted physical education. This track may be of interest to students with a teaching certificate in a different subject area who are interested in a K-12 physical education endorsement.

Master of Physical Education pedagogy research track --- This track is appropriate for students interested in learning more about research on teaching in physical education and other related physical activity settings. This track may be of interest to students who already have a teacher certificate in physical education and are interested in pursuing doctoral studies in the future.

Degree Requirements:

33 credit hours including the required applied project course (PPE 593) and a written comprehensive exam.

The Master of Physical Education degree program has three tracks.

Physical Education K-12 Teaching Track: (33 credit hours)

required core (24 credit hours)

electives (6 credit hours)

applied project (3 credit hours)

Physical Education Pedagogy Research Track: (33 credit hours)

required core (24 credit hours)

electives (6 credit hours)

applied project (3 credit hours)

Physical Education Initial Teacher Certification Track: (33 credit hours)*

required core (24 credit hours)

electives (6 credit hours)

applied project (3 credit hours)

*additional courses are required for certification

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- IVP Fingerprint Clearance Card issued by the State of Arizona
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Applicants should visit <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>) for more information.

The letters of recommendation should be from individuals who can speak to the applicant's qualifications and potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students gain skills in teaching, conducting research, leading projects and collaborating in teams which prepare them for educational careers focused on physical activity, health and wellness.

Career examples include:

- coach
- curriculum leader
- educator in community organizations
- educator in educational institutions
- fitness instructor
- teacher

Secondary Education (Teacher Certification), MEd (TESCERTMED)

Online Degree Search Title: Secondary Education (Teacher Certification), MEd

Campus: Downtown Phoenix, Polytechnic, Tempe, West, Online

Program Description:

This program is for those who want to become certified to teach grades 6-12 and already have a bachelor's degree in any field.

ASU's MEd program in secondary education builds strong connections between theory and practice through quality classroom instruction paired with extensive professional experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Mary Lou Fulton Teachers College faculty actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers students to engage in their own research through the culminating action research applied project.

A series of professional experiences or field placements are designed to assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the program's clinical framework provides students with the support they need to be successful in today's rapidly evolving educational environment.

The master's degree program in secondary education with teacher certification offers two options for students to earn a master's degree and Arizona teacher certification:

Master's and Arizona Certification --- In this program, students take classes at an ASU campus two nights a week and are required to do a field internship one day per week. During the last semester of the MAC program, students complete a full-time teaching residency in their content area.

Induction, Master's and Arizona Certification --- The InMAC program provides an alternative pathway to teacher certification for full-time teachers on an Alternative Teaching Certificate. To qualify, individuals must secure a full-time teaching position in an approved content and grade level and pass the appropriate content exam. Participants take classes one night per week and must be continuously enrolled in teaching coursework.

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering (Automotive Systems), BSE
- Engineering (Electrical Systems), BSE
- Engineering (Humanitarian Engineering), BSE
- Engineering (Mechanical Engineering Systems), BSE
- Engineering (Robotics), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

33 credit hours including the required applied project course (SED 593).

Required Core (18 credit hours)
RDG 507 Content Area Literacy (3)
SED 501 Introduction to Effective Instruction (3)
SED 522 Secondary School Curriculum Development (3)
SED 544 Creating Classroom Climates (3)
SPE 555 Inclusive Practices for Diverse Learners (3)
TEL 505 American Educational Policy (3)

Track (12 credit hours)

Culminating Experience (3 credit hours)
SED 593 Applied Project (3)

Additional Curriculum Information

Students select one of two tracks: Masters and Arizona Certification or Intern, Masters and Arizona Certification. Students should see the academic unit for the list of courses required in each track option.

The applied project must be completed during the teaching residency.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Graduates have the skills in teaching, conducting research, utilizing technology and collaborating in teams which prepare them for educational careers working with learners in grades 6-12.

Career examples include:

- curriculum leader
- high school teacher
- instructional specialist
- middle school teacher

Special Education, MA (EDSPEDMA)

Online Degree Search Title: Special Education, MA

Campus: Tempe, Online

This program is not accepting applications at this time. Applicants interested in the MA in Special Education should apply directly to the applied behavior analysis concentration.

Program Description:

Graduates from the MA program in special education are able to design and deliver education and related services for populations with diverse needs. The skills developed through this degree program include systematic planning for all individuals, support of positive behavior and advocacy for new, research-based approaches to education and related services.

Degree Requirements:

36 credit hours and a thesis, or 36 credit hours and an applied project, or 36 credit hours, a written comprehensive exam and an oral comprehensive exam.

Required Core (3 credit hours)

SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

SPE 593 Applied Project (3) or

SPE 597 Capstone (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in education or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letter of intent or written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Special Education (Applied Behavior Analysis), MA (TESPEABAMA)

Online Degree Search Title: Special Education (Applied Behavior Analysis), MA

Campus: Online

Program Description:

The MA program in special education with a concentration in applied behavior analysis combines research and experience to prepare professionals to use principles of ABA with individuals who have special learning and behavior needs. The coursework prepares students to use applied behavior analysis to address a variety of learning and behavior needs across a range of professions and settings. All courses are online, combining an assortment of resources and technologies to provide students the opportunity to interact directly with program faculty and classmates.

Program graduates are well prepared to provide applied behavior analysis and evidence-based consultative services and support to clients, community and family members across a variety of settings. Coursework is verified by the Behavior Analyst Certification Board for students interested in sitting for the Board Certified Behavior Analyst examination. BCBA supervised independent fieldwork, required for certification, is arranged and completed by the student separately from their ASU coursework.

Degree Requirements:

30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).

Required Core (3 credit hours)

SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Concentration (18 credit hours)

SPE 526 Concepts and Principles of Applied Behavior Analysis (3)

SPE 527 Behavior Analytic Assessment (3)

SPE 560 Behavior Change Procedures: Implementing Interventions in Behavior Analysis (3) SPE 562 Personnel Supervision and Organizational Behavior Management in Educational Settings (3)

SPE 563 Philosophical Foundations of Applied Behavior Analysis in Educational Settings (3)

SPE 567 Ethics of Applied Behavior Analysis (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)

SPE 593 Applied Project (3)

SPE 597 Capstone (3)

Additional Curriculum Information

Students may choose to complete a remote supervised independent fieldwork practicum (SPE 580).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution. A degree in education or another field related to applied behavior analysis is preferred.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- three letters of recommendation
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The personal statement should demonstrate the applicant's goals with respect to the program outcomes and success in a graduate and online program. The statement should also demonstrate high-quality writing and awareness that the student understands the demands of graduate school.

Three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program are required for admission.

Special Education (Autism Spectrum Disorder), MA (TESPEASDMA)

Online Degree Search Title: Special Education (Autism Spectrum Disorders), MA

Campus: Online

Program Description:

The MA program in special education with a concentration in autism spectrum disorders prepares graduates to provide important services and care in a variety of roles for children and adults with ASD.

There is increasing demand for professionals who are aware of the issues and needs facing these special individuals, their families and service providers. Program graduates are well-prepared to provide important services and care for individuals with ASD in a variety of roles, including as educators, interventionists, paraprofessionals, psychologists, speech pathologists, therapists or family members.

Degree Requirements:

30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).

Required Core (3 credit hours)

SPE 525 Measurement, Data Display, Interpretation and Experimental Design (3)

Concentration (12 credit hours)

SPE 521 Foundations of Autism Spectrum Disorders (3)

SPE 540 Family-Centered Practices (3)

SPE 541 Consultation Frameworks and Issues (3)

SPE 566 Applied Behavior Analysis in Inclusive Settings (3)

Electives or Research (9 credit hours)

Other Requirement (3 credit hours)

SPE 680 Practicum (3)

Culminating Experience (3 credit hours)

SPE 593 Applied Project (3) or

SPE 597 Capstone (3)

Additional Curriculum Information

Each student completes a practicum customized to individual interests and abilities. For the culminating experience, students may elect to complete a capstone experience or applied project, based on personal and professional interest and need.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in education, psychology or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The transcript must show the bachelor's degree already conferred. In-progress bachelor's degrees not accepted.

Special Education (Teacher Certification), MEd (TESECRTMED)

Online Degree Search Title: Special Education (Teacher Certification), MEd

Campus: Downtown Phoenix, Polytechnic, Tempe, West, Online

Program Description:

This program is for those seeking Arizona teacher certification in special education. The MEd program in special education builds strong connections between theory and practice through quality classroom instruction paired with extensive professional experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Mary Lou Fulton Teachers College faculty actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers students to engage in their own research through the culminating action research applied project.

A series of professional experiences or field placements are designed to assist students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework in varied school settings. Individualized guidance through the professional framework provides students with the support they need to be successful in today's rapidly evolving educational environment.

The master's degree program in special education with Arizona teacher certification offers two options for students to earn a master's degree and Arizona teacher certification:

Master's and Arizona Certification (MAC): In this program, students take classes at an ASU campus two nights a week and are required to complete daytime field experiences for at least two semesters. During the last semester of the program, students complete a full-time split residency: half the semester in a special education classroom and the other half in an elementary classroom. Students in the MAC program receive dual Arizona teacher certification in the following teaching certificates: Mild-Moderate Disabilities Special Education, K-12 and Elementary Education, grades 1-8. The mild to moderate areas include forms of emotional, behavioral, learning and orthopedic disabilities as well as intellectual disabilities and other health impairments.

Induction, Master's and Arizona Certification (InMAC): This program provides an alternative pathway to the Arizona teacher certification Mild-Moderate Disabilities Special Education, K-12, for full-time teachers on the teaching intern certificate. To qualify, individuals must secure a full-time teaching position. The InMAC program also features a partnership with Teach For America. Participants take classes one night per week.

Degree Requirements:

33 credit hours including the required applied project course (SPE 593).

Required Core (12 credit hours)

EED 537 Mathematics Methods and Assessment (3)

SPE 501 Introduction to Research and Evaluation in Education (3)

SPE 538 Language and Literacy I (3)

SPE 575 Survey, Issues and Foundations for the Exceptional Student (3)

Track (18 credit hours)

Culminating Experience (3 credit hours)

SPE 593 Applied Project (3)

Additional Curriculum Information

Additional credit hours are required for teacher certification and vary by program.

InMAC with single certification: 45 total credit hours

MAC with dual certification: 55 total credit hours

The applied project is completed during the teaching residency.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Mary Lou Fulton Teachers College.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from individuals who can speak to the applicant's potential for success in a graduate program.

The personal statement should describe the applicant's interests and reason for seeking this degree.

GRE scores are not required for admission.

Career Opportunities:

Students gain skills in teaching, conducting research, utilizing technology and collaborating in teams which prepare them for educational careers working with diverse learners in grades K-12.

Career examples include:

- educator working in non-school settings
- K-12 special education teacher
- K-8 general education teacher
- special education director

Undergraduate Programs

Minors (Program Descriptions and Requirements)

African and African American Studies Minor (LAAFRMIN)

Campus: Tempe

Description:

The minor program in African and African American studies examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African Diaspora, especially in the Caribbean, Central America and South America. The goal is to prepare students for lifelong learning, advanced study in a variety of fields, and successful careers and productive public service in an increasingly diverse society.

Program Requirements:

The certificate requires completion of 18 credit hours. At least 12 credit hours must be completed at the upper-division level and a grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Core Course -- 3 credit hours

AFR 200: Introduction to Africana Studies (SB & G & H) (3)

Elective Course -- 3 credit hours

AFR 300: Precolonial Africa (SB & G & H) (3)

AFR 301: Race and Racism in Africa/African Diaspora (SB & G) (3)

AFR 302: History of Black Women in America (SB & H) (3)

AFR 305: The Global History of the Trans-Atlantic Slave Trade (SB & H) (3)

Electives -- 12 credit hours

AFR Upper Division Elective (12)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in African and African American studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in African and African American Studies can provide knowledge and skills that enable graduates to bring social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

American Indian Studies Minor (LAAISMIN)

Campus: Tempe

Description:

The minor in American Indian studies is designed for students interested in developing an understanding of American Indian issues and analyzing issues through critical inquiry.

Program Requirements:

The minor in American Indian studies requires 18 credit hours. At least 12 hours must be upper-division coursework, and all courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 9 credit hours

AIS 180: Introduction to American Indian Studies (C) (3)

AIS 285: Federal Indian Policy (H & C) (3)

AIS 380: Contemporary Issues of American Indian Nations (C) (3)

Electives (select three) -- 9 credit hours

AIS 320: American Indian Philosophies and World Views (HU & C) (3)

AIS 360: Issues in Urban Indian Country (C) (3)

AIS 381: American Indian Women (C) (3)

AIS 385: Entrepreneurship for American Indian Sustainability (3)

AIS 440: Cultural Professionalism (C) (3)

AIS 455: Human Rights and Cultural Resource Laws (3)

AIS 470: Tribal Governance (3)

AIS 480: Actualizing Decolonization (HU & C & G) (3)

AIS 484: Internship (3)

AIS 499: Individualized Instruction (3)

ENG 359: Indigenous American Literature ((L or HU) & C) (3)

HST 337: American Indian History to 1900 ((HU or SB) & C & H) (3)

HST 338: American Indian History since 1900 ((HU or SB) & C & H) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in American Indian studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor can alone can provide.

A minor in American Indian studies can help students as they pursue careers in Native communities, with tribes and organizations.

American Studies Minor (ASAMSMIN)

Campus: West

Description:

The American studies minor gives students the opportunity to pursue an interest in the interdisciplinary study of American culture. This minor is particularly appropriate for students majoring in humanities or social sciences disciplines.

Program Requirements:

The minor in American studies consists of 18 credit hours. A minimum of 6 credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Credit hours may not be shared between major and minor requirements. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

AMS 201: Introduction to American Studies (L & C) (3)

HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper Division Electives -- 12 credit hours

AMS 326: Popular Culture (3)

AMS 330: American Lives (HU & C) (3)

AMS 334: Class in America (SB) (3)

AMS 336 / ENG 334 / ETH 334: The American Southwest in Literature and Film ((L or HU) & C) (3)

AMS 353 / ENG 353 / ETH 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)

AMS 354 / ENG 354 / ETH 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)

AMS 380 / ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)

AMS 412: Studies in American Politics & Law (H) (3)

AMS 428 / ETH 428 / LAS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)

AMS 449 / ETH 449 / WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)

AMS 450 / ETH 450 / LAS 450: Latina/os, Schooling and Social Inequality (C) (3)

AMS 469 / ETH 469 / WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)

ENG 337: Major American Novels (L or HU) (3)

HST 320: U.S. Urban History since 1850 (SB & H) (3)

HST 337: American Indian History to 1900 ((HU or SB) & C & H) (3)

HST 413: Contemporary America ((L or SB) & H) (3)

HST 419 / LAS 419: 20th Century Chicano/a History (C) (3)

REL 321: Religion in America ((L or HU) & C & H) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in American studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor in American studies is an ideal preparation for students seeking employment in the following careers:

- archivist
- copy writer
- editor
- high school teacher
- historian
- history professor
- journalist
- lawyer
- middle school teacher
- museum curator
- political analyst

Anthropology Minor (LAASBMIN)

Campus: Tempe, Online

Description:

Coursework in anthropology complements many majors and provides critical thinking skills for any career field that requires understanding human behavior and its motivations, including medicine, marketing, business, consulting and human resources.

A minor in anthropology completes the academic experience by focusing on the lessons and people that make human societies so interesting and challenging to understand, both in the past and in modern times.

A focus in evolutionary anthropology is perfect for a premedical track where a broad evolutionary perspective is important for understanding disease processes. A focus in sociocultural anthropology provides understanding of human interaction and how social groups function.

Anthropological training provides a competitive advantage in the workforce as students learn how to problem-solve creatively and better understand themselves and others.

Program Requirements:

The anthropology minor requires a minimum of 18 credit hours, at least 12 of which must be upper-division. Only courses completed with a grade of "C" (2.00 on a 4.00 scale) can be used to fulfill minor requirements.

The minor in anthropology is also available in an online format to complement the studies of ASU Online students.

Required Introductory Courses (choose two) -- 6 credit hours

ASB 102: Introduction to Cultural Anthropology (SB & G) (3)

ASB 222: Buried Cities and Lost Tribes ((HU or SB) & G & H) or ASB 223: Aztecs, Incas and Mayas ((HU or SB) & G & H) (3)

ASM 104: Bones, Stones, and Human Evolution (SB or SG) (4)

Upper-Division Subfield Courses -- 12 credit hours

Students choose 12 upper-division credit hours from the subfields of archaeology, evolutionary anthropology and sociocultural anthropology (including linguistics). The particular required introductory courses selected may limit the courses available for use as subfield courses. At least two of the three subfields must be represented. (12)

Archaeology Subfield

ASB 301 / HST 301: Global History of Health (SB & G & H) (3)

ASB 326: Human Impacts on Ancient Environments (SB & H) (3)

ASB 330: Understanding Archaeology (SB) (3)

ASB 333: Frauds, Myths and Mysteries ((HU or SB) & G) (3)

ASB 335: Ancient Ruins of the Southwest (SB & H & C) (3)

ASB 337: Pyramids and Hieroglyphs: Life in Ancient Mesoamerica ((HU or SB) & G & H) (3)

ASB 361: Human Cultural Beginnings (H) (3)

ASB 362: People and Plants (3)

ASB 366 / AFR 366: African Archaeology: Precolonial Urban Culture (SB & H) (3)

ASB 368: Hunter-Gatherers (SB) (3)
ASB 490: Earliest Cities (SB & H) (3)
ASM 338: Bioarchaeology and the Human Skeleton (9)
ASM 338: Field Archaeology & Geophysical Testing (9)
ASM 350: Geoarchaeology (3)
ASM 365: Doing Archaeology (3)
ASM 450: Bioarchaeology (SB & G) (3)
ASM 494: Archaeoinformatic Methods for Fieldwork (3)

Physical Subfield

ASB 301 / HST 301: Global History of Health (SB & G & H) (3)
ASB 368: Hunter-Gatherers (SB) (3)
ASB 394: Modeling Simulation Neglected Tropical Diseases (3)
ASB 408: Advanced Evolutionary Medicine (3)
ASB 494: Applied Epidemiology (3)
ASB 494: Maternal and Child Health (3)
ASB 494: Reproductive Ecology (3)
ASM 301: Peopling of the World (SB) (3)
ASM 313: Great Adaptations (3)
ASM 332: Life and Death in Ancient Egypt (3)
ASM 338: Bioarchaeology and the Human Skeleton (9)
ASM 341: Human Osteology (4)
ASM 342 / BIO 327: Evolution of Human Behavior (3)
ASM 344: Fossil Hominids (4)
ASM 345: Disease and Human Evolution (3)
ASM 394: Evolution and Medicine Visiting Speaker Recitation (1)
ASM 401: Health and Human Biology (3)
ASM 403: Evolutionary Medicine and Global Health (3)
ASM 443: Primatology (3)
ASM 446 / BIO 446: Principles of Human Genetics (L) (3)
ASM 450: Bioarchaeology (SB & G) (3)
ASM 452: Dental Anthropology (SG) (4)
ASM 456: Infectious Disease and Human Evolution (3)
ASM 459: Forensic Anthropology (3)
ASM 460: Human Growth and Development: An Evolutionary Perspective (3)
ASM 465: Quantification and Analysis for Anthropologists (CS) (3)
ASM 494: Bayesian Statistics in Theory and Practice (3)
ASM 494: Evolution and Mental Disorders (3)
ASM 494: Evolution of Technology (3)
ASM 494: Models in Social Evolution (3)
ASM 494: Social Complexity (3)

Sociocultural Subfield

ASB 300: Food and Culture ((L or SB) & C) (3)
ASB 302: Ethnographic Field Study ((L or SB) & G) (3)
ASB 305: Poverty and Global Health ((L or SB) & G) (3)
ASB 310 / AFR 300: Precolonial Africa (SB & G & H) (3)
ASB 311: Principles of Social Anthropology (SB & G & H) (3)
ASB 316: Money and Culture (L or SB) (3)
ASB 319: The North American Indian (3)
ASB 322: Peoples of Latin America ((L or SB) & G) (3)
ASB 325: Peoples of Southeast Asia (G) (3)
ASB 327: Disaster! ((L or SB) & C) (3)
ASB 336 / AFR 336: African Art (HU & G) (3)
ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)
ASB 340 / SOC 328: Migration and Culture (SB & G) (3)
ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)
ASB 343 / PUP 343 / SOS 343 / TCL 343: Latinas/os and the Environment (3)
ASB 344 / SOC 334: Technology and Society (L or SB) (3)
ASB 345: Culture and Society Transformation (3)
ASB 346: Marriage and Family Diversity (SB & C) (3)
ASB 348: The Borders of Language (L) (3)
ASB 350: Anthropology and Art (HU) (3)
ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)

ASB 355: Traditional Medicine and Healing (HU or SB) (3)
 ASB 356 / GCU 356 / POS 354 / SBS 356 / SOC 356: Central American Studies (SB & G) (3)
 ASB 357: Society, Drugs and Health (SB & G) (3)
 ASB 358 / AFR 358: The Yoruba and the Atlantic World (3)
 ASB 370 / SOS 370: Ethics of Eating (L or SB) (3)
 ASB 371 / HST 371 / SLC 371 / SPA 371 / TCL 371: Language Hegemony and Culture (3)
 ASB 374 / POS 374 / SBS 374 / SOC 374: Cultures and Politics of the Internet (SB) (3)
 ASB 375 / SOS 375: Humans and the Environment: What's the Connection? ((L or SB) & G) (3)
 ASB 376: Global Health Policy (3)
 ASB 378 / TCL 378: Globalization: Migration, Mass Media, McDonald's ((L or SB) & C) (3)
 ASB 380: Language, Culture and Gender (SB) (3)
 ASB 389 / SBS 389 / SOC 389: Ethnographic Field Lab (1)
 ASB 394: Statistics for Social Scientists (3)
 ASB 412: History of Anthropology (L or SB) (3)
 ASB 421: Education and Society (SB) (3)
 ASB 442 / SBS 460: Global Cities (SB & G) (3)
 ASB 443 / SSH 403: Cross-Cultural Studies in Global Health ((L or SB) & G) (3)
 ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)
 ASB 452: Community Partnerships for Global Health (SB) (3)
 ASB 455: Practicum for Social Sciences (SB) (3)
 ASB 457: Global Mental Health ((L or SB) & G) (3)
 ASB 462: Medical Anthropology: Culture and Health (SB & C) (3)
 ASB 463 / SOS 463 / TCL 443: Political Ecology of the Border (SB & G) (3)
 ASB 464 / TCL 444: The Ethnography of Mexico and the Borderlands (SB & G) (3)
 ASB 466 / AFR 466: Peoples and Cultures of Africa (SB & G) (3)
 ASB 494: Ethnography of Schooling in the Borderlands (3)
 ASB 494: Facing Immigration (3)
 ASB 494: Facing Immigration II (3)
 ASM 414: Environmental Health (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in anthropology; BS in anthropology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

The demand in the job market for people with an anthropology background is stimulated by a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret large amounts of data. As the many spheres of human interaction expand globally, people trained in anthropology are increasingly sought for their broad, holistic knowledge and perspectives, which are the hallmarks of anthropology.

Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- conducting postgraduate academic research
- consulting for private and public organizations
- curating cultural resources

- directing nonprofit organizations
- directing programs in the private or public sector
- managing culture or heritage resources in private or public sectors
- modeling infectious diseases
- planning communities
- teaching

Applied Biological Sciences Minor (TSABSMIN)

Campus: Polytechnic

Description:

The applied biological sciences minor is a rigorous and practical program that can help students understand the interrelationships between evolution, natural history and the conservation of plants and animals. Consistent with a polytechnic vision, this minor involves extensive student interaction with faculty through experience-based learning activities, including:

- faculty-guided research and service-learning projects
- field trips
- internships
- laboratories

Mastery of fundamental biological principles is emphasized through quality learning in the classroom and hands-on activities in laboratories and in outdoor settings that include the Sonoran Desert, surrounding ecosystems and the landscape of the greater Phoenix area.

Program Requirements:

The applied biological sciences minor consists of 23 credit hours. Students must complete 15 credit hours in courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 8 credit hours

BIO 181: General Biology I (SQ) (4)

BIO 182: General Biology II (SG) (4)

Electives -- 15 credit hours

ABS Elective (6)

ABS Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: All applied biological sciences, biological sciences or biology majors at ASU

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in applied biological sciences can help students as they pursue graduate study in professional programs like medicine, health or veterinary studies.

Applied Computing Minor (ASACOMIN)

Campus: West

Description:

The minor in applied computing combines technical computing skills with an understanding of the impact of computer science in real-world contexts.

Coursework in the applied computing minor provides a depth of knowledge in databases, networks and systems and gives students from other disciplines a computational component to their major field of study.

Computational and problem-solving skills are in demand in a multitude of career fields including cybersecurity, web administration, business, government, education, science, medicine and telecommunications.

The program is offered by the School of Mathematical and Natural Sciences.

Program Requirements:

The minor in applied computing consists of 15 credit hours. At least nine credit hours must be upper-division. Six upper-division credit hours must be taken from classes offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 15 credit hours

ACO 201: Data Structures and Algorithms (CS) (3)

ACO 240: Introduction to Programming Languages (3)

ACO 320: Database Systems (3)

ACO 330: Computer Networks (3)

ACO 350: Systems Programming (CS) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in applied computing; BS in applied computing (cybersecurity); BS in computational forensics

Other Enrollment Requirements: A "C" or better is required in ACO 102 Object-Oriented Programming and MAT 210 Brief Calculus in order to enroll in the required minor course, ACO 201.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The applied computing curriculum provides a solid background for employment as:

- computer network administrator
- computer network technician
- computer programmer
- computer systems analyst
- database administrator
- information security analyst
- information technology manager
- software developer
- software engineer
- web developer

Applied Ethics Minor (ASAPETHMIN)

Campus: West

Description:

Students pursuing the applied ethics minor have the opportunity to develop their critical thinking, reading and writing capacities while exploring philosophy and ethical theory. They also have the opportunity to do so in a manner that explicitly complements their major by focusing on one of the minor's track options. This program provides students an opportunity to gain a humanistic perspective on a nonhumanities field of study, such as health sciences, business and computer science, thereby adding nuance and depth to their educational experience.

Program Requirements:

The minor in applied ethics consists of 18 credit hours; a minimum of 12 credit hours must be upper-division. At least six upper-division credit hours must be taken in the School of Humanities, Arts and Cultural Studies. Program requirements include nine credit hours of required courses and nine credit hours in one chosen track: Bioethics; Environmental Ethics; Business Ethics; Social Sciences and Ethics; Religion and Ethics; or General Ethics. All courses used to fulfill the requirements of this minor must be passed with a "C" (2.00) or better.

Required Courses -- 9 credit hours

- IAS 406 / PHI 406 / FOR 406: Moral Dilemmas (L or HU) (3)
- PHI 105: Intro to Ethics (HU) (3)
- PHI 306: Applied Ethics (HU) (3)

Applied Ethics Elective Tracks -- 9 credit hours

Select 9 credit hours from one of the tracks below: (9)

Bioethics Track

- IAS 340 / PHI 320 / BIO 312: Bioethics (HU) (3)
- LSC 362: The Human Environment (3)
- LSC 363: Genes, Race, Gender, and Society (L) (3)
- PHI 120: Introduction to Medical and Bioethics (HU) (3)
- PHI 494 / REL 494: Issues in Death & Dying (3)
- PSY 447: Psychology of Aging (SB) (3)
- SOC 400: Perspectives on Aging (SB) (3)

Environmental Ethics Track

- IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
- IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)
- LSC 362: The Human Environment (3)
- LSC 394: Environmental Disasters (3)
- PHI 310 / BIO 324: Environmental Ethics (HU) (3)

Business Ethics Track

Required:

PHI 360: Business and Professional Ethics (HU) or LES 305: Business Law and Ethics for Managers (3)

Electives:

ACO 402 / CIS 402: Privacy, Ethics and Compliance Issues (3)

IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)

IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)

LES 305: Business Law and Ethics for Managers (3)

PHI 360: Business and Professional Ethics (HU) (3)

POS 300: Contemporary Global Controversies (SB & G) (3)

Social Sciences and Ethics Track

ENG 401: Topics in Critical Theory (3)

PHI 304: Existentialism (HU) (3)

PHI 307: Philosophy of Law (HU) (3)

IAS 417 / PHI 417: Philosophy of Censorship (L or HU) (3)

PHI 439: Philosophy of Love and Sex (3)

PHI 494 / REL 494: Issues in Death & Dying (3)

PSY 447: Psychology of Aging (SB) (3)

SOC 400: Perspectives on Aging (SB) (3)

Religion and Ethics Track

IAS 430: Science and Religion (L or HU) (3)

PHI 421: The Ethics of Belief (3)

PHI 494 / REL 494: Issues in Death & Dying (3)

REL 321: Religion in America ((L or HU) & C & H) (3)

REL 381: Religion and Moral Issues (L or HU) (3)

REL 390 / WST 390: Women, Gender and Religion (HU & G) (3)

General Ethics Track

ENG 401: Topics in Critical Theory (3)

IAP 222: Games and Ethics (3)

IAS 340 / PHI 320 / BIO 312: Bioethics (HU) (3)

IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)

IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)

IAS 417 / PHI 417: Philosophy of Censorship (L or HU) (3)

IAS 430: Science and Religion (L or HU) (3)

PHI 120: Introduction to Medical and Bioethics (HU) (3)

PHI 303 / REL 300: The Future of Religions (L or HU) (3)

PHI 304: Existentialism (HU) (3)

PHI 307: Philosophy of Law (HU) (3)

PHI 310 / BIO 324: Environmental Ethics (HU) (3)

PHI 360: Business and Professional Ethics (HU) (3)

PHI 421: The Ethics of Belief (3)

PHI 439: Philosophy of Love and Sex (3)

PHI 494 / REL 494: Issues in Death & Dying (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in philosophy, religion and society

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in applied ethics can help students toward their career goals in the health sciences, law, business, technology, ministry, journalism, counseling, politics or education.

Applied Mathematics Minor (ASAPMMIN)

Campus: West

Description:

Mathematical modeling is a fundamental tool of modern science and engineering, in which a firm grasp of the underlying processes in a system is synthesized into quantitative predictions. A minor in applied mathematics provides students the mathematical language required to analyze existing models and to produce new models for new questions.

The foundational tools in this applied mathematics minor are calculus, differential equations and linear algebra. When combined, these concepts provide a powerful new lexicon that unlocks the majority of models throughout science and engineering. Upper-level electives grant students in the applied mathematics minor the opportunity to focus in specialty areas such as the study of chaos, mathematical biology, partial differential equations or optimization. Expertise in these areas is becoming increasingly important for students who expect to participate in careers requiring analysis or modeling of real-world situations.

Program Requirements:

The minor in applied mathematics consists of 20 credit hours, of which nine must be upper-division. A minimum of six credit hours must be taken through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required -- 14 credit hours

MAT 271: Calculus with Analytic Geometry II (MA) (4)
MAT 272: Calculus with Analytic Geometry III (MA) (4)
MAT 275: Modern Differential Equations (MA) (3)
MAT 343: Applied Linear Algebra (3)

Electives -- 6 credit hours

MAT 300: Mathematical Structures (L) (3)
MAT 350: Techniques and Applications of Applied Mathematics (3)
MAT 371: Advanced Calculus I (3)
MAT 421: Applied Computational Methods (CS) (3)
MAT 451: Mathematical Modeling (CS) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in applied mathematics; BA or BS in mathematics; BS in applied mathematics for the life and social sciences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

Students should contact their academic advisor for more information.

Career Opportunities:

Career opportunities for a student with a minor in applied mathematics include:

- bioinformatics scientist
- business intelligence analyst
- clinical data manager
- mathematician, statistician, biostatistician
- molecular and cellular biologist
- natural science manager
- secondary school teacher
- water resource specialist

Applied Mathematics Minor (LSAPMMIN)

Campus: Polytechnic

Description:

The minor in applied mathematics in the College of Integrative Sciences and Arts enables students to understand and apply mathematics most commonly used in the fields of business, economics, engineering, physics, computer sciences, life sciences, social sciences and sustainability. The minor is recommended for students who plan to major in these diverse fields, are preparing for further graduate study or who wish for increased employment options.

The coursework explores the study of advanced applied mathematical topics with an emphasis on applied sciences. Students with a minor in applied mathematics learn to use theories and techniques, such as mathematical modeling, computational methods and statistics to resolve practical, real-world problems.

Program Requirements:

The applied mathematics minor consists of 21 credit hours, of which 12 must be upper-division. At least 12 credit hours of MAT courses must be offered by the College of Integrative Sciences and Arts, of which at least six credit hours must upper-division. A minimum of 15 credit hours of the minor must be earned at ASU.

Required Courses -- 12 credit hours

- MAT 266: Calculus for Engineers II (MA) or MAT 271: Calculus with Analytic Geometry II (MA) (3-4)
- MAT 267: Calculus for Engineers III (MA) or MAT 272: Calculus with Analytic Geometry III (MA) (3-4)
- MAT 275: Modern Differential Equations (MA) (3)
- MAT 343: Applied Linear Algebra (3)

Electives (choose three courses) -- 9 credit hours

- MAT 300: Mathematical Structures (L) (3)
- MAT 310: Introduction to Geometry (3)
- MAT 495: Undergraduate Research or MAT 499: Individualized Instruction (3-4)
- PHY 302: Mathematical Methods in Physics II (3)
- STP 420: Introductory Applied Statistics (CS) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in applied mathematics

Other Enrollment Requirements: MAT 265 or 270 with a "C" or better.

The minor in applied mathematics is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and to be recognized in their particular major.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in applied math can help students use mathematical modeling and computational methods as they pursue careers in biology, natural science management or pathology.

Arabic Studies Minor (LAARBMIN)

Campus: Tempe

Description:

The minor program in Arabic studies provides students with instruction in Modern Standard Arabic as well as Arab culture and literature. Students completing the prescribed coursework are expected to be able to communicate effectively in Arabic and interact with native speakers of the language as well as reading authentic material in Arabic and writing paragraphs in Modern Standard Arabic.

Literature courses expand students' knowledge in Arabic, the Middle East and Islamic culture and civilization. Students of all academic disciplines doing research or seeking employment in areas related to the Middle East or other parts of the Arab world will find the minor in Arabic highly beneficial.

Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Students should visit <https://mystudyabroad.asu.edu> (<https://mystudyabroad.asu.edu>) for more information.

Program Requirements:

The minor in Arabic studies requires 28 credit hours of courses detailed below. A minimum grade of "C" (2.00 on a 4.00 scale) or better is required in each course. Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 25 credit hours

ARB 201: Intermediate Arabic I (G) (5)

ARB 202: Intermediate Arabic II (G) (5)

ARB 311: Advanced Arabic Skills I (3)

ARB 331: Arabic/Islamic Culture and Literature (HU & H & G) (3)

ARB 341: Quran Text and Women (HU & H) or ARB 351: Classical Arabic Literature (HU & G) (3)

ARB 352: Modern Arabic Literature in Translation (HU & G) or ARB 422: Advanced Arabic Media (G) (3)

ARB 411: Advanced Arabic Skills II (G) (3)

Related Area (choose one) -- 3 credit hours

AFR 372: Islam and Islamic Societies in Africa: Social and Political History (G) (3)

AFR 373: Islam and World Affairs (G) (3)

AFR 480: Different Voices Within Contemporary Islamic Discourse (3)

ARB 321: Arabic Conversation I (3)

ARB 335: Arabic Culture and Islam (G) (3)
ARB 336: Introduction to the Qur'an (G) (3)
ARB 337: Hadith and Prophetic Tradition (HU & H & G) (3)
ARB 340: Arabic Translation (3)
ARB 341: Quran Text and Women (HU & H) (3)
ARB 351: Classical Arabic Literature (HU & G) (3)
ARB 352: Modern Arabic Literature in Translation (HU & G) (3)
ARB 360: Islamic Philosophical Literature (3)
ARB 394: Colloquial Arabic: Levantine (3)
ARB 421: Arabic Conversation II (3)
ARB 422: Advanced Arabic Media (G) (3)
ARB 427: Arabic Prose: Reading the Arabian Nights (3)
HST 372: Modern Middle East (SB & G & H) (3)
REL 365: Islamic Civilization (HU & H) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in international letters and cultures (Arabic studies)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies.

A minor in Arabic studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Architectural Studies Minor (ARSTDMIN)

Campus: Tempe

Description:

This minor program in architectural studies provides an overview of architecture throughout history while focusing on architectural design, and it provides students opportunities to explore and apply architectural thinking.

Program Requirements:

A minimum of 18 credit hours (including nine credit hours of upper-division coursework) are required for the minor. A minimum grade of "C" (2.00) is required in all classes for the minor.

A minimum GPA of 2.50 in minor courses is required to earn the minor in architectural studies.

Lower Division Options -- 9 credit hours
ARC OR ALA Elective (9)

Upper Division Options -- 9 credit hours
ARC OR APH OR ATE Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: BSD in architectural studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Art History Minor (FAARTHMIN)

Campus: Tempe, Online

Description:

The art history minor is designed for students who are interested in a broad introduction to the study of the history of art. In giving students substantial chronological exposure to the history of art from diverse cultures, the minor program strengthens their academic preparation. Students are able to select courses based on their individual interests.

A minor in art history, especially in conjunction with a major in another field, enhances opportunities for future graduate study.

Program Requirements:

The School of Art offers a minor in art history consisting of 18 credit hours of coursework, including 12 upper-division electives. A minimum grade of "C" (2.00) is required in all courses for the minor. For those pursuing a minor, a minimum overall GPA of "C" (2.00) is required. Courses may not be double counted in a major and the minor, and a minimum of 12 credit hours of resident credit at ASU are required.

ARS 100 and ARS 300 may not be used toward an art history minor if the student has credit in ARS 101 and ARS 102. If a student has completed ARS 100 or ARS 300, then they must complete ARS 201 and ARS 202 instead of ARS 101 and 102.

Core Courses -- 6 credit hours

ARS 101: Art from Prehistory Through Middle Ages (HU & H) (3)

ARS 102: Art from Renaissance to Modernism (HU & H) (3)

Art History Upper Division Courses -- 12 credit hours

ARS Upper Division Elective (12)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this

minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in art (art history)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in art history can help students as they pursue careers in design fields, anthropology, archaeology, cultural criticism and the curatorial practices of museums.

Asian Languages (Chinese) Minor (LACHIMIN)

Campus: Tempe

Description:

Students pursuing the minor in Asian languages with a focus in Chinese gain an understanding of the language, literature and cultures of China. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience.

Highly motivated students interested in learning Chinese to professional-level proficiency while simultaneously pursuing the Asian languages minor with a focus in Chinese and undergraduate major of their choice are encouraged to apply to the Chinese Language Flagship Program: <https://silc.asu.edu/chineseflagship> (<https://silc.asu.edu/chineseflagship>).

Program Requirements:

The minor in Asian languages (Chinese) consists of 18 credit hours, of which 12 credit hours must be upper-division.

Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 10 credit hours

CHI 301: Third-Year Chinese I (G) (5)

CHI 302: Third-Year Chinese II (G) (5)

CHI Electives -- 8 credit hours

CHI 201: Second-Year Chinese I (G) AND CHI 202: Second-Year Chinese II (G) or CHI 210: Intensive Chinese II (6)

Notes: CHI 201 and CHI 202 grant 5 credit hours each. The extra 4 credits earned will be applied to the minimum 120 credit hours needed for graduation. Students may opt to take CHI 210 Intensive Chinese II, an 8 credit hour course equivalent to CHI 201 and CHI 202. The extra 2 credits earned will be applied to the minimum 120 credit hours for graduation.

CHI 307: Introduction to Literary Chinese I (HU) (3)

CHI 308: Introduction to Literary Chinese II (HU) (3)

CHI 321: Chinese Literature (HU) (3)

CHI 322: Chinese Literature (HU & G) (3)

CHI 333: China (SB & H) (3)
CHI 336: Interpreting China's Classics ((L or HU) & H) (3)
CHI 338: The Daoist Bible: The Daode jing (L or HU) (3)
CHI 345: Chinese Film and Civilization (3)
CHI 348: Pathways into Chinese Culture (3)
CHI 380: The Chinese Language (3)
CHI 401: Fourth-Year Chinese I (G) (3)
CHI 402: Fourth-Year Chinese II (G) (3)
CHI 407: Chinese for Academic and Professional Purposes I (G) (3)
CHI 408: Chinese for Academic and Professional Purposes II (G) (3)
CHI 451: Chinese Cultural History I ((HU or SB) & H) (3)
CHI 452: Chinese Cultural History II (SB & G & H) (3)
CHI 470: Modern Chinese Literature and Culture (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Asian languages (Chinese); BA in Asian languages (Chinese) --- Chinese flagship; BA in business (Chinese language and culture)

Other Enrollment Requirements: None

Students who wish to add a minor in Asian Languages with a focus in Chinese to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies.

A minor in Chinese studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Asian Languages (Japanese) Minor (LAJPNMIN)

Campus: Tempe

Description:

Students pursuing the minor in Asian languages with a focus on Japanese gain an understanding of the language, literature and cultures of Japan.

There are opportunities to partake in study abroad programs, which can serve to enhance a student's minor experience and education. Students should go to <https://mystudyabroad.asu.edu> (<https://mystudyabroad.asu.edu>) for more information.

Program Requirements:

The minor in Asian languages (Japanese) consists of 18 credit hours, of which 12 credit hours must be upper-division. Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses -- 9 credit hours

JPN 301: Third-Year Japanese I (G) (3)

JPN 302: Third-Year Japanese II (G) (3)

JPN 333: Japanese Civilization from the Ice Age to Last Thursday (3)

Elective Courses -- 9 credit hours

JPN 309: Japanese Oral Communication I (<https://webapp4.asu.edu/catalog/courselist?s=JPN&l=200-299&t=2217&hon=F>) > JPN 2** Elective (6)

Notes: JPN 201 (5 credit hours) and JPN 202 (5 credit hours) or JPN 210 (8 credit hours) are prerequisites to JPN 300-level language courses. A maximum of six credit hours of the JPN 200-level electives or prerequisite courses may be applied to the Japanese minor. Any remaining credit hours from the JPN 200-level courses will be applied to the 120 credit hours minimum for graduation.

(3)

JPN 310: Japanese Oral Communication II (3)

JPN 311: Japanese Composition I (G) (3)

JPN 394: Special Topics (3)

JPN 401: Reading Modern Japanese Texts I ((L or HU) & G) (3)

JPN 414: Introduction to Classical Japanese (3)

JPN 415: Advanced Classical Japanese (3)

JPN 445: Readings in Modern Japanese Letters and Culture (3)

JPN 485: Japanese Literature and the Art of Translation (3)

JPN 492: Honors Directed Study or JPN 493: Honors Thesis (L) (3)

JPN 494: Special Topics (3)

JPN 499: Individualized Instruction (3)

SLC 421: Japanese Literature in Translation ((L or HU) & G) (3)

Notes: A maximum of 3 credit hours of SLC 421 may be applied to the Japanese minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Asian languages (Japanese)

Other Enrollment Requirements: None

Students who wish to add a minor in Asian Languages with a focus on Japanese to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies.

A minor in Japanese studies helps students with communication and cultural competency skills as they pursue careers fields such as these:

- diplomacy
- education
- entertainment
- foreign service
- international business
- marketing
- military
- political analysis

- sociology
- science and technology
- teaching
- tourism and hospitality

Asian Pacific American Studies Minor (LAAPAMIN)

Campus: Tempe

Description:

The Asian Pacific American studies minor program prepares students to address issues of justice, equity and access at the intersections of citizenship, race and ethnicity, gender and sexuality, class and culture and to identify actions and solutions based in community experiences and community-based research across multiple disciplines. Students have the opportunity to work with a dedicated faculty committed to community-engaged research and student-centered learning.

The program educates students in social justice, the global causes and impacts of Asian and Pacific Islander migration, relational and comparative racial formations, and ethnic studies movements that have made and continue to make a difference in society for all people. The interdisciplinary faculty (<https://sst.asu.edu/apas-faculty?dept=95886&id=1>) (<https://sst.asu.edu/apas-faculty?dept=95886&id=1>) comprises expertise in critical ethnic studies, diaspora and globalization, U.S imperialism and settler colonialism, social networks, immigration, interracial and interethnic relations, and the health and well-being of Asian Pacific American families and communities.

The Asian Pacific American studies program is housed in ASU's interdisciplinary School of Social Transformation, the only school of its kind in the United States.

Program Requirements:

The minor in Asian Pacific American studies requires a total of 18 credit hours, including six credit hours of core courses and 12 elective credit hours selected from courses with the APA subject. A minimum of nine credit hours must be taken in residency at ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

A minimum of nine credit hours must be upper-division coursework. No course may be used to satisfy more than one requirement in the minor.

Required Core Courses -- 6 credit hours

- APA 200: Introduction to Asian Pacific American Studies ((HU or SB) & C) (3)
- APA 360: Asian Pacific American Experience ((HU or SB) & C) (3)

Electives (choose four) -- 12 credit hours

- APA 210: Introduction to Ethnic Studies in the U.S. (C) (3)
- APA 310: Asian Pacific American Arts and Cultures (HU & C) (3)
- APA 315: Asian Pacific American Literature (HU & C) (3)
- APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
- APA 340: Asian Pacific Americans and Media (HU & C) (3)
- APA 345: Asian Pacific Americans and Film (HU & C & H) (3)
- APA 360: Asian Pacific American Experience ((HU or SB) & C) (3)
- APA 450: Asian Pacific American Contemporary Issues (SB & C) (3)
- APA 484: Internship (3)
- APA 499: Individualized Instruction (3)

APA 360 Asian Pacific American Experience is required for the core. The course may be repeated for APA elective credit if taken with different topic titles.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in Asian Pacific American studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. Those with a minor in Asian Pacific American studies are able to bring specialized knowledge and skills pertaining to social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

Astronomy Minor (LAASTMIN)

Campus: Tempe, Online

Description:

The astronomy minor is designed for students interested in developing a basic understanding of astronomy and astrophysics and analyzing issues through a scientific viewpoint.

Program Requirements:

The minor in astronomy consists of a minimum of 23 credit hours, of which at least 12 credit hours must be upper-division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 6 credit hours

AST 321: Introduction to Planetary and Stellar Astrophysics (3)

AST 322: Introduction to Galactic and Extragalactic Astrophysics (3)

Physics Core -- 8 credit hours

Student must complete two semesters of physics.

PHY 150: Physics I (SQ) or PHY 121: University Physics I: Mechanics (SQ) AND PHY 122: University Physics Laboratory I (SQ) (4)

PHY 151: Physics II (SQ) or PHY 131: University Physics II: Electricity and Magnetism (SQ) AND PHY 132: University Physics Laboratory II (SQ) or

PHY 252: Physics III (SQ) (4)

Electives -- 9 credit hours

Nine upper-division credit hours of electives are chosen in consultation with an academic advisor in the School of Earth and Space Exploration.

AST OR MAT OR PHY OR SES Upper Division Elective (9)

In order to satisfy SQ natural science general studies requirements, both a lecture and its corresponding laboratory section must be completed. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatibles Majors: BS in earth and space exploration (astrophysics); BA in physics; BS in physics
Academic Catalog Archive 2021-2022

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

The astronomy minor supplements other degrees with problem-solving techniques and skills used in modern astronomy research applicable to a wide variety of engineering and science careers.

Astrophysics Minor (LAASTPHMIN)

Campus: Tempe

Description:

The astrophysics minor is designed for students interested in developing a background in the theoretical modeling and observational techniques of galactic and stellar astronomy, extragalactic astronomy and cosmology.

Students completing the minor are able to think critically about scientific problems by reducing complex problems to their most important attributes and are able to design experiments, observations and theoretical models that address those attributes.

Students pursuing an astrophysics minor are expected to have a strong background in physics and mathematics.

Program Requirements:

The minor in astrophysics consists of a minimum of 20 credit hours. At least 12 credit hours must be upper-division. Students complete 12 credit hours of required coursework and select one of three eight-credit hour options to complete the minor. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours

- AST 321: Introduction to Planetary and Stellar Astrophysics (3)
- AST 322: Introduction to Galactic and Extragalactic Astrophysics (3)
- AST 421: Astrophysics I (3)
- AST 422: Astrophysics II (3)

Electives Options -- 8 credit hours

Choose one of the following options for the additional eight credit hours. (8)

Option 1

- SES 121: Earth, Solar System and Universe (SQ) (3)
- SES 123: Earth, Solar System and Universe Laboratory (SQ) (1)
- SES 126: Exploration of the Universe (3)
- SES 128: Exploration of the Universe Lab (1)

Option 2

- AST 111: Introduction to Solar Systems Astronomy (SQ) (4)

AST 112: Introduction to Stars, Galaxies, and Cosmology (SQ) (4)

Option 3

AST OR MAT OR PHY OR SES Upper Division Elective (8)

In order to satisfy SQ natural science requirements, both a lecture and its corresponding laboratory section must be completed. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in earth and space exploration (astrophysics); other BS in earth and space exploration concentrations are only compatible with the astrophysics minor as long as option 2 or 3 of the minor are pursued

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

The astrophysics minor supplements other technical degrees with advanced problem-solving techniques and skills used in modern astrophysics research which are applicable to a wide variety of engineering and science careers.

Biochemistry Minor (LABCHMIN)

Campus: Tempe, Online

Description:

The biochemistry minor program is designed to give students majoring in other disciplines a solid grounding in the basics of biochemistry to complement their major degree program. It is especially appropriate for students whose majors are in the various disciplines of life sciences, physics, engineering and geology and for students planning careers in the fields of medicine and health.

Program Requirements:

The minor in biochemistry comprises 28 credit hours of required courses, of which at least 12 credit hours must be at the upper-division level. Six of the 12 upper-division credit hours must be from courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 28 credit hours

CHM 113: General Chemistry I (SQ) or CHM 117: General Chemistry for Majors I (SQ) AND CHM 111: General Chemistry Laboratory for Majors I (SQ) (4)

CHM 116: General Chemistry II (SQ) or CHM 118: General Chemistry for Majors II (SQ) AND CHM 112: General Chemistry Laboratory for Majors II (SQ) (4)

CHM 233: General Organic Chemistry I (3)

CHM 234: General Organic Chemistry II (3)

CHM 237: General Organic Chemistry Laboratory I (1)

Notes: ASU Online students will complete CHM 237 and 238 in person in a compressed summer format.

CHM 238: General Organic Chemistry Laboratory II (1)

BCH 341: Physical Chemistry with a Biological Focus (3)

BCH 461: General Biochemistry (3)

BCH 462: General Biochemistry (3)

BCH 467: Analytical Biochemistry Laboratory (L) (3)

Notes: ASU Online students will complete BCH 467 in person in a compressed summer format.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in applied biological sciences (all concentrations); BS in biochemistry (medicinal chemistry); BS in chemistry (environmental chemistry); BS in forensic science; BS in health sciences (preprofessional); BS in biochemistry; BA in biochemistry; BS in chemistry; BA in chemistry; BS in biological sciences (genetics, cell and developmental biology); BS in biological sciences (neurobiology, physiology and behavior)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it. A minor in biochemistry can help students as they pursue careers in medicine and health, chemical and biotechnology industries, research, government laboratories, environmental and food science, teaching and many other technical areas.

Biological Sciences Minor (LABIOMIN)

Campus: Tempe, Online

Description:

Biological science encompasses the study of all living things and includes the study of basic organization and function, how organisms evolve, their roles in the natural environment, how hereditary information is transferred and the development of biotechnology.

The biological sciences minor is a program designed to provide students with a flexible curriculum that can be tailored to their interests.

Program Requirements:

The minor in biological sciences requires a minimum of 24 credit hours, of which at least 12 credit hours must be upper-division. At least six of the upper-division credit hours must be from courses offered by The College of Liberal Arts and Sciences.

The remaining elective credit hours may be chosen from those courses in the life sciences that can be used toward the majors offered by the school. Three credits of undergraduate research or internship (BIO 484 or MBB 484 or MIC 484 OR BIO 495 or MBB 495 or MIC 495) may be allowed in the minor.

Core Minor Requirement (15-16 credits) -- 15 credit hours

BIO 181: General Biology I (SQ) (4)

BIO 182: General Biology II (SG) (4)

BIO 340: General Genetics or MBB 347: Molecular Genetics: From Genes to Proteins (4)

BIO 345: Evolution or MIC 206: Microbiology Laboratory (SG) AND MIC 220: Biology of Microorganisms (3-4)

Electives (8-9 credits) -- 9 credit hours

BIO OR MBB OR MIC Upper Division Elective (8-9)

Students will complete 8-9 credit hours in electives selected from the BIO, MBB or MIC prefixes, all of which must be upper-division courses.

Lower-division biology courses, including but not limited to, BIO 100, BIO 201, BIO 202 and MIC 205, may not be used in the biological sciences minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in biological sciences (all concentrations); BS in microbiology (all concentrations). This minor is not available to students majoring in the life sciences.

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in biological sciences can help students as they pursue careers as biologists, biological technicians, medical and clinical laboratory technologists, zoologists, geneticists, educators and more.

Biology Minor (ASLSCMIN)

Campus: West

Description:

A minor in biology can be a valuable asset, particularly when paired with an appropriate major. For instance, a minor in biology paired with a major in political science provides a good background for someone who intends to practice environmental law.

Program Requirements:

The minor in biology consists of 19 credit hours, of which 11 must be upper division. A minimum of eight upper-division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. Coursework taken to fulfill the requirements of the minor may not be used to fulfill requirements of a student's major. Consult with an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 8 credit hours

BIO 182: General Biology II (SG) (4)

CHM 116: General Chemistry II (SQ) (4)

Ecology, Cell Biology, or Genetics Requirement (select one combination) -- 4 credit hours

BIO 320: Fundamentals of Ecology AND LSC 322: Fundamentals of Ecology Laboratory (4)

BIO 353: Cell Biology AND BIO 354: Cell Biology Laboratory (4)

LSC 347: Fundamentals of Genetics AND LSC 348: Fundamentals of Genetics Laboratory (4)

Upper-Division Electives -- 7 credit hours

BCH 371: Modern Concepts in Biochemistry (3)

BCH 372: Modern Concepts in Biochemistry Laboratory (1)

BIO 306: Modes of Biological Thought (L) (3)

BIO 320: Fundamentals of Ecology (3)

BIO 340: General Genetics (4)

BIO 345: Evolution (3)

BIO 353: Cell Biology (3)

BIO 354: Cell Biology Laboratory (1)

BIO 360: Animal Physiology (3)

BIO 370: Vertebrate Zoology (4)

BIO 385: Comparative Invertebrate Zoology (4)

BIO 410: Techniques in Conservation Biology and Ecology (L) (3)

BIO 422: Ecosystem Ecology (3)

BIO 423: Population and Community Ecology (3)

BIO 426: Limnology (L) (3)

BIO 431: Genes, Development, and Evolution (L) (3)

BIO 443: Applied Molecular Genetics and Genomics (3)

BIO 471: Ornithology (3)

BIO 474: Herpetology (4)

ENV 300 / PLB 300: Plant Diversity and Evolution (L or SG) (4)

ENV 302 / PLB 302: Plants and Civilization (L) (3)

ENV 345: Spatial Analysis in the Environmental Sciences (3)

ENV 388 / FOR 388 / LSC 388 / PLB 388 / PTX 388: STEM Research Fundamentals (L) (3)

ENV 394 / LSC 394: Animal Behavior in a Changing Environment (3)

ENV 485: Environmental Impact Assessment (3)

ENV 410: Soil Science (4)

FOR 370: Fundamentals of Forensic Analysis (4)

FOR 377: Forensic Analytical Chemistry Laboratory (2)

FOR 380 / LSC 380: Analysis of Nonhuman Forensic DNA Evidence (3)

FOR 400: Comparative Forensics (3)

FOR 401 / PTX 401: Forensic Toxicology (3)

FOR 402: Forensic Biology (3)

FOR 425 / LSC 425: Analytical Chemistry for Life Sciences (3)

FOR 426 / LSC 426: Analytical Chemistry for Life Sciences Lab (2)

FOR 447 / LSC 447: Molecular Genetics Laboratory (1)

FOR 475 / LSC 475 / PTX 475: Principles of Toxicology (3)

FOR 480 / LSC 480: Advanced Topics in Human Forensic DNA Typing (3)

LSC 322: Fundamentals of Ecology Laboratory (1)

LSC 347: Fundamentals of Genetics (3)

LSC 348: Fundamentals of Genetics Laboratory (1)

LSC 359: Animal Physiology Laboratory (1)

LSC 362: The Human Environment (3)

LSC 363: Genes, Race, Gender, and Society (L) (3)

LSC 430: Environmental and Human Toxicology (4)

LSC 432 / PTX 432: Fundamentals of Pharmacology (3)

LSC 434: Marine Ecology (3)

MIC 443: The Microbial Universe (3)

MIC 444: The Microbial Universe Laboratory (1)

PLB 308: Plant Physiology (4)

PLB 310: The Flora of Arizona (4)

PTX 301: Basics of Pharmacology and Toxicology (3)

PTX 450: Pharmacology and Toxicology Laboratory (1)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in biology; BA and BS in environmental science; BS in biology (environmental science); BS in biology (pharmacology/toxicology); BS in biotechnology and bioenterprise; BS in forensic science; BS in pharmacology and toxicology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates who have included this minor with their major have a wide variety of options. They prepared to pursue graduate studies or to seek careers in diverse areas, like environmental management and conservation, health professions, laboratory research, primary and secondary school teaching, science advisement to businesses and government, and science writing.

Business Minor (BABUSMIN)

Campus: Tempe, Online

Description:

A minor in business is available to students who are interested in business courses but wish to pursue majors in other colleges. The courses available for the minor are designed to appeal to and inform the nonbusiness student while covering a broad range of topics that are important to managers, such as:

- accounting
- computer information systems
- economics
- finance
- management
- marketing
- supply chain management

Program Requirements:

Students must complete 18 credit hours (12 of which must be upper-division) of the specified business courses with a grade of "C" (2.00) or better in each course. At least 12 credit hours must be taken at ASU.

Required Courses -- 15 credit hours

ACC 382: Accounting and Financial Analysis (3)

ECN 211: Macroeconomic Principles (SB) or ECN 212: Microeconomic Principles (SB) (3)

FIN 380: Personal Financial Management (3)

MGT 380: Management and Strategy for Nonmajors (3)

MKT 390: Essentials of Marketing (3)

Elective (select one) -- 3 credit hours

AGB 420: Food Advertising and Promotion (3)

AGB 445: Food Retailing (3)
AGB 456: Food Product Innovation and Development (3)
CIS 300: Web Design and Development (3)
CIS 308: Advanced Excel in Business (3)
ECN 211: Macroeconomic Principles (SB) or ECN 212: Microeconomic Principles (SB) (3)
FIN 331: Financial Markets and Institutions (3)
LES 380: Consumer Perspective of Business Law (3)
MKT 391: Essentials of Selling (3)
MKT 395: Essentials of Advertising and Marketing Communication (3)
REA 380: Real Estate Fundamentals (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

The upper-division courses specified for the minor are restricted to students with a minimum of 56 earned credit hours and a minimum 2.00 ASU cumulative GPA.

The College of Liberal Arts and Sciences Economics majors must use ECN 211 and ECN 212 in their degree and will take an additional elective to replace that requirement in the minor.

ACC 231 may substitute for ACC 382, if previously taken.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: all W. P. Carey undergraduate degree programs

Other Enrollment Requirements: None

This minor is open to non-W. P. Carey majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in business can help students with understanding the foundations of business as they pursue careers in management or sales within their industry.

Chemistry Minor (ASCHMMIN)

Campus: West

Description:

The minor program in chemistry offered by the School of Mathematical and Natural Sciences gives students expanded proficiency in the area of chemistry. The program's additional biochemistry and analytical chemistry courses give students more experience in the advanced and integrative fields of chemistry.

Many of the growing career fields, such as forensic sciences, medicine and environmental quality, require a greater amount of chemistry than in the past. Therefore, students with a stronger chemistry background have a competitive advantage in these fields, and this chemistry minor highlights that expanded chemistry knowledge for students' future schools and employers.

Program Requirements:

The minor in chemistry consists of 25 credit hours. A minimum of nine upper-division credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00).

Core Requirements -- 25 credit hours

BCH 371: Modern Concepts in Biochemistry AND BCH 372: Modern Concepts in Biochemistry Laboratory (4)

CHM 113: General Chemistry I (SQ) (4)

CHM 116: General Chemistry II (SQ) (4)

CHM 233: General Organic Chemistry I AND CHM 237: General Organic Chemistry Laboratory I (4)

CHM 234: General Organic Chemistry II AND CHM 238: General Organic Chemistry Laboratory II (4)

LSC 425: Analytical Chemistry for Life Sciences AND LSC 426: Analytical Chemistry for Life Sciences Lab (5)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in biology; BA and BS in environmental science; BS in biology (pharmacology/toxicology); BS in biology (environmental science); BS in biotechnology and bioenterprise; BS in forensic science; BS in pharmacology and toxicology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students with a minor in chemistry are employed in a variety of fields and are well suited in positions such as laboratory technician, research assistant, environmental scientist, technical advisor, science communication professional, hazard communication, chemical education and consultancy.

Chemistry Minor (LACHMMIN)

Campus: Tempe

Description:

The chemistry minor program is designed to give students majoring in other disciplines a solid grounding in the basics of chemistry in order to complement their major degree. It is especially appropriate for students whose majors are in the various disciplines of physics, materials science, geology, engineering and life sciences.

Program Requirements:

The minor in chemistry comprises 28 credit hours of required courses, of which at least 12 credit hours must be completed at the upper-division level. Six of the 12 upper-division credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 20 credit hours

CHM 113: General Chemistry I (SQ) or CHM 117: General Chemistry for Majors I (SQ) AND CHM 111: General Chemistry Laboratory for Majors I

(SQ) (4)

CHM 116: General Chemistry II (SQ) or CHM 118: General Chemistry for Majors II (SQ) AND CHM 112: General Chemistry Laboratory for Majors II (SQ) (4)

CHM 233: General Organic Chemistry I (3)

CHM 237: General Organic Chemistry Laboratory I (1)

CHM 234: General Organic Chemistry II (3)

CHM 238: General Organic Chemistry Laboratory II (1)

CHM 325: Analytical Chemistry (3)

CHM 326: Advanced Analytical Chemistry Laboratory (1)

Notes: CHM 325 and CHM 326 should be completed at the Tempe campus for this minor.

Options -- 8 credit hours

Choose one of the following options for the additional 8 credit hours. (8)

Option 1

BCH 361: Advanced Principles of Biochemistry (3)

BCH 367: Elementary Biochemistry Laboratory (1)

CHM 341: Elementary Physical Chemistry (3)

Notes: BCH 341 may not be used to substitute CHM 341.

CHM 343: Elementary Physical Chemistry Laboratory (1)

Option 2

CHM 345: Physical Chemistry I (3)

Notes: CHM 345 and CHM 348 are only offered in the Fall semester.

CHM 348: Physical Chemistry Laboratory I (L) (1)

CHM 346: Physical Chemistry II (3)

Notes: CHM 346 and CHM 349 are only offered in the Spring semester.

CHM 349: Physical Chemistry Laboratory II (L) (1)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in applied biological sciences (all concentrations); BS and BA in biochemistry; BS in biochemistry (medicinal chemistry); BS and BA in chemistry; BS in chemistry (environmental chemistry); BS in forensic science; BS in health sciences (preprofessional); BS in nutrition; BS in nutrition (human nutrition)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it. A chemistry minor can benefit those who pursue careers in chemical and electronics industries, manufacturing and environmental industries, in national research labs and forensic labs.

Civic and Economic Thought and Leadership Minor (LACELMIN)

Campus: Tempe

Description:

The minor program in civic and economic thought and leadership trains students to read and understand influential ideas in philosophy, economics and politics in order to become leaders in their field of study. Through faculty use of the Socratic method teaching style, students are challenged in the classroom and forced to think critically about the problems that impact society today.

Students in the minor participate in a high-impact curriculum and are eligible for a global intensive experience, leadership seminars, an internship program and special access to prominent scholars and visiting fellows.

Program Requirements:

The minor in civic and economic thought and leadership requires 18 credit hours, of which 12 credit hours must be upper-division. At least 12 credit hours must be taken from ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours

CEL 100: Great Ideas of Politics and Ethics (HU) (3)

CEL 200: Great Debates in American Politics and Economics (HU) (3)

CEL 300: Debating Capitalism: Politics, Economics, Morality (3)

CEL 475: Statesmanship and American Grand Strategy (HU) (3)

Upper-Division Electives -- 6 credit hours

CEL 305: Classical Political Philosophy and Statesmanship: The Greeks (3)

CEL 320: Modern Political Thought: Origins and Debates about Modern Liberty (3)

CEL 345: Modern Economic Classics (3)

CEL 375: Politics and Leadership in the Age of Revolutions, 1776-1826 (3)

CEL 484: Internship (<https://webapp4.asu.edu/catalog/courselist?s=CEL&l=300-399&t=2217&hon=F>) > CEL 3** Elective (3)

CEL 493: Honors Thesis (3)

CEL 4** Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in civic and economic thought and leadership; BS in civic and economic thought and leadership

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor from the School of Civic and Economic Thought and Leadership can support a student's major and may be considered a benefit when a student is interviewing for a job or applying to graduate school. Completing a minor program shows employers or schools that the student is focused on educational goals and can handle the additional workload.

Students interested in careers as lawyers, doctors, journalists, educators, law enforcement officials and political scientists benefit from this liberal arts education that provides the academic foundation they need to ask informed questions, make sound decisions for the common good and solve the difficult problems that leaders confront in any discipline.

Communication Minor (HSCMNMIN)

Campus: West

Description:

The minor program in communication provides students the opportunity to understand the role and function of communication in cultural, public, organizational and relational contexts. The program offers a flexible set of courses and is designed for students majoring in another field.

Program Requirements:

The minor in communication consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be taken through the School of Social and Behavioral Sciences. Students wishing to pursue the minor must meet with an academic advisor to construct a set of courses that reflect a particular area of specialty and interest. All courses must be passed with a minimum grade of "C" (2.00).

Required Courses -- 6 credit hours

COM 100: Introduction to Human Communication (SB) (3)

COM 225: Public Speaking (L) (3)

Upper-Division Electives -- 12 credit hours

Upper Division Communication Elective (#trackgroup) (12)

Up to three credit hours of COM 382, 383, 483, 484, 498 or 499 may be applied toward the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in communication

Other Enrollment Requirements: None

The minor in communication is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor in communication is a strong addition to any major. The minor enhances student preparation for employment in diverse areas such as advertising, corporate communications, crisis management, health communications, human resource management, media and public relations, social media, and training and development.

Communication Minor (LACOMMIN)

Campus: Tempe, Online

Description:

The minor program in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities.

Program Requirements:

The minor in communication consists of 18 credit hours. Nine of the 18 credit hours must be ASU resident credit courses, including six upper-division credit hours offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

COM 100: Introduction to Human Communication (SB) (3)

COM 225: Public Speaking (L) or COM 259: Communication in Business and the Professions (3)

Minor Electives (choose two) -- 6 credit hours

COM 310: Relational Communication (SB) (3)

COM 312: Communication, Conflict, and Negotiation (3)

COM 316: Gender and Communication (SB & C) (3)

COM 323: Communication Approaches to Popular Culture (C) (3)

Related Area -- 6 credit hours

SGS OR APA OR AFR OR TCL OR AIS Upper Division Elective (6)

No pass/fail, "Y" credit or credit/no-credit courses are allowed.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA and BS in communication

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in communication can help students as they pursue careers in marketing, education or public relations.

Communication Minor (LSCOMMIN)

Campus: Downtown Phoenix, Polytechnic

Description:

The minor in communication provides exposure to practical and theoretical aspects of communication, focusing on message-based processes that create, maintain and transform identities, relationships, organizations and cultures.

Program Requirements:

This minor requires 18 credit hours of communication courses.

Six credit hours must be taken from COM courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 6 credit hours

COM 100: Introduction to Human Communication (SB) (3)

COM 430: Leadership in Group Communication (3)

Elective Courses -- 12 credit hours

COM Elective (3)

COM Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA or BS in communication

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in communication can help students as they pursue careers in marketing, law, human resources, management and numerous related fields.

Community Health Minor (NUCHLTMIN)

Campus: Downtown Phoenix, West

Description:

The minor in community health is designed for those who want to create healthy, sustainable communities.

Community health focuses on the actions and conditions needed for the health and well-being of individuals, families and communities. Students acquire skills for working with teams in diverse settings to formulate research-based strategies that assist individuals to make healthy and sustainable lifestyle choices.

Program Requirements:

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 18 credit hours

HCR 220: Introduction to Health Professions and the U.S. Health Care System (H) (3)

HCR 231: Fundamentals of Community Health (3)

HCR 331: Communication within Communities (3)

HCR 335: Program Development and Management for Community Health (3)

HCR 336: Environmental Community Health (3)

HCR 435: Leaders in Community Health (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in community health

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students pursuing a minor find that the courses in a minor complement and enhance the skill sets and knowledge acquired while pursuing a major program. Although most career areas require more training than a minor can provide, students pursuing the community health minor learn about health care and, specifically, the impact communities have on health care. Graduates often pursue employment in an organization focused on health care.

Community Sports Management Minor (PPCSMMIN)

Campus: Downtown Phoenix

Description:

The community sports management minor focuses on developing skills to support recreational amateur sport programs within the community. Sport programs exist in a number of settings, including nonprofit organizations, public agencies and corporate programs. For a student interested in a career in one of these settings, or simply interested in sport, this minor can provide additional skills relevant to any of those professions.

Program Requirements:

Core Courses -- 12 credit hours

CSM 201: Introduction to Community Sports (3)

Notes: Offered fall semester only

CSM 305: Sports Facility Operations and Management (3)

Notes: Offered spring semester only

CSM 407: Ethics and Legal Issues in Sports (3)

Notes: Offered fall semester only

PRM 315: Community Recreation Systems (3)

Notes: Offered fall semester only

Electives (choose two courses) -- 6 credit hours

CSM 335: Sports and Recreation for Youth Development (3)

Notes: Offered spring semester only

CSM 483: Sports Tourism (3)

Notes: Offered spring semester only

CSM 485: Sports Events (3)

Notes: Offered spring semester only

NLM 220: Introduction to Nonprofit Organizations (3)

NLM 310: Volunteer Management (3)

PRM 364: Foundations of Recreation Therapy (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. Computational Mathematical Sciences Minor (LACMSMIN)

Campus: Tempe

Description:

The computational mathematical sciences minor offers a structured curriculum that includes a foundation in calculus with a focus on applied math. Students develop a framework of scientific computing and numerical analysis skills.

Program Requirements:

The minor in computational mathematical sciences consists of a minimum of 18 credit hours. At least 12 credit hours must be completed at the upper-division level and all courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 18 credit hours

MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)

MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)

MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)

MAT 420: Scientific Computing (3)

MAT 421: Applied Computational Methods (CS) (3)

MAT 423: Numerical Analysis I (CS) or MAT 425: Numerical Analysis II (CS) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science; BS in statistics, BS in data science, BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in computational mathematical sciences is one of the most versatile minors, offering students many potential career options. This minor assists in positioning students for careers in computer technology, business, medical research, teaching and education, engineering and more.

Some students pursue graduate opportunities in areas such as biophysics, economics, medicine, statistics and law. Diverse areas of study such as cancer modeling, weather forecasting and financial modeling all involve computational mathematical sciences.

Conflict Resolution Minor (ASCNRMIN)

Campus: West

Description:

The minor program in conflict resolution introduces students to theories and practices that enable them to understand, address and transform conflict while dealing with challenges both at the micro and the macro levels in professional and cross-cultural contexts and in individual and collective interactions.

Program Requirements:

The minor in conflict resolution consists of 15 credit hours. A minimum of nine credit hours must be upper division. A minimum of six upper-division credit hours of communication courses must be taken through the School of Social and Behavioral Sciences. All courses must be passed with a minimum grade of "C" (2.00).

Required Courses -- 15 credit hours

COM 100: Introduction to Human Communication (SB) or COM 312: Communication, Conflict, and Negotiation
(<https://webapp4.asu.edu/catalog/courselist?s=COM&l=upperdivision&t=2217&hon=F>) > COM Upper Division Elective (3)
(3)

COM 371: Language, Culture, and Communication (SB & C & G) or COM 463: Intercultural Communication in a Global Context (SB & G) (3)

COM 423: Facilitating Collaboration and Dialogue or COM 432: Forgiveness and Reconciliation (3)

PAX 230: Introduction to Peace Studies (G) or JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

COM 100 is a prerequisite to COM 312. If COM 100 has already been taken as a major requirement, a communication upper-division elective may be substituted.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: COM 312, a required course in the minor as a minimum GPA of 2.00.

Incompatible Majors: BA in conflict resolution

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students who complete the minor take an interdisciplinary approach to conflict resolution, while being grounded in communication. With this solid background, they are ready to pursue further education or careers in diverse areas and in relevant professions, such as:

- arbitrators, mediators, conciliators
- educators
- guidance counselors
- human resource managers or specialists
- marriage and family therapists
- patient representatives
- residential advisors
- social and community service managers

Construction Management Minor (ESCMGMIN)

Campus: Tempe

Description:

The minor program in construction management is comprised of coursework in construction management processes incorporating the technology and industry practices required to ensure a quality-built environment. Due to industry demands for increased numbers of skilled personnel, this minor provides much needed supplementary knowledge for architecture, engineering and business majors as well as students majoring in sustainability.

Program Requirements:

The minor in construction management requires 21 credit hours. A minimum cumulative 2.00 ASU GPA is needed to complete the minor.

Core Required Courses -- 21 credit hours

CON 244: Working Drawing Analysis (2)

CON 251: Microcomputer Applications for Construction (3)

CON 252: Building Construction Methods, Materials, and Equipment (3)

CON 383: Construction Estimating (4)

CON 453: Construction Technology (3)

CON 495: Construction Planning and Scheduling (CS) (3)

CON 496: Construction Contract Administration (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in construction management; BSE in construction engineering

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Construction management graduates can be employed as:

- building services engineer
- building surveyor
- facilities manager
- site engineer
- sustainability consultant

Counseling and Applied Psychological Science Minor (LSCAPSMIN)

Campus: Polytechnic

Description:

Counseling and applied psychology coursework focuses on the promotion of psychological well-being. Students learn basic counseling skills and techniques to complement a variety of social science and health majors, including psychology, public health, interdisciplinary studies, social work and the humanities, among many others.

Program Requirements:

Required Courses -- 9 credit hours

CAP 120: Introduction to Counseling (SB) (3)

CAP 220: Self in a Multicultural Society (C) (3)

CAP 240: Counseling Skills (3)

Electives (choose four courses) -- 12 credit hours

CAP 310: Addictions I: Foundations and Basic Principles (3)

CAP 315: Trauma and Crisis Intervention (3)

CAP 320: Theories of Counseling and Psychotherapy (3)

CAP 325: Professional Practice and Ethics in Counseling (3)

CAP 330: Group Counseling (3)

CAP 335: Addiction Group Counseling (3)

CAP 340: Multicultural Counseling Theory and Practice (3)

CAP 342: Community Outreach, Prevention and Intervention (3)

CAP 351: Issues in Assessment, Diagnosis and Treatment (3)

CAP 420: School Counseling (3)

CAP 440: Addictions II: Treatment, Recovery and Relapse Prevention (3)

FAS 331: Marriage and Family Relationships (SB) (3)

FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)

JUS 305: Principles of Justice Studies (SB) (3)

PSY 315: Personality Theory and Research (SB) (3)

PSY 320: Learning and Motivation (3)
PSY 341: Developmental Psychology (SB) (3)
PSY 350: Social Psychology (SB) (3)
PSY 366: Abnormal Psychology (SB) (3)
PSY 369: Biology of Human Sexuality (3)
PSY 385: Psychology of Gender (SB) (3)
PSY 444: Adolescent Psychology and Psychopathology (3)
PSY 472: Clinical Psychology (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in counseling and applied psychological science

Other Enrollment Requirements: None

The minor in counseling and applied psychological science is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major, diversify their skills with training in another discipline, and improve their future job outlook. Although most careers require more training than a minor alone can provide, a minor in counseling and applied psychological science can add value for students who pursue careers in education, social work or health care.

Criminology and Criminal Justice Minor (PPCRJMIN)

Campus: Downtown Phoenix, Online

Description:

The minor program in criminology and criminal justice allows students in other undergraduate programs at ASU to explore issues of crime, law and the criminal justice system. The program provides students with the tools to analyze complex issues and policies within the criminal justice system, enhancing students' ability to understand the nature of crime and the system response to law breaking.

In addition to the three required courses which provide a solid understanding of the field, each student selects electives to meet specific interests.

Criminal justice majors may not pursue a minor in criminal justice.

Program Requirements:

For this minor, students will:

1. at minimum, be in junior standing to take upper-division courses.
2. complete CRJ 100 as the prerequisite for all upper-division CRJ courses.
3. complete a minimum of 18 credit hours of graded classroom and online course work (internship or independent study not applicable).
4. complete a minimum of 12 credit hours of CRJ resident credit at ASU.

5. earn a grade of "C" (2.00 on a 4.00 scale) or better for all courses in the minor.
6. consider meeting with a criminal justice advisor prior to registration.

Required Courses -- 6 credit hours

CRJ 100: Introduction to Criminal Justice (SB) (3)

CRJ 309: Criminology (SB) (3)

Choose one of the following -- 3 credit hours

CRJ 203: Courts and Sentencing (3)

CRJ 230: Introduction to Policing (3)

CRJ 240: Introduction to Corrections (3)

Choose one of the following -- 3 credit hours

CRJ 305: Gender, Crime, and Criminal Justice (C) (3)

CRJ 306: Race, Ethnicity, Crime, and Criminal Justice (C) (3)

CRJ Electives -- 6 credit hours

CRJ Upper Division Elective (6)

Notes: Choose any two CRJ courses at the 300- or higher level.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in criminology and criminal justice; BS in public service and public policy with the following concentrations: criminology, law and policy, or emergency management and homeland security

Other Enrollment Requirements: None

Applicants are asked to meet with a criminal justice advisor prior to registration.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

Graduates of the criminology and criminal justice minor find a strong job market in the public and private sectors. Employment opportunities exist in:

- bank fraud investigation
- corrections
- the courts
- domestic terrorism investigation
- federal agencies
- homeland security
- law enforcement
- legal offices
- parole offices
- private security
- probation offices
- victim advocate agencies

Graduates also may pursue advanced degrees in law, criminology and criminal justice, and other social science disciplines. Advanced degrees or certifications may be required for academic or clinical positions.

Dance Minor (FADANMIN)

Campus: Tempe

Description:

The minor program in dance provides an inclusive, dynamic and culturally diverse learning environment in which students develop their creativity as artists, scholars and educators. The innovative curriculum promotes creative collaboration and a holistic approach to acquiring skills for successful career transitions. Movement practices, performance and creativity practice define the core of the program. The rich educational experience is further enhanced by studies in:

- criticism
- dance cultures
- dance history
- digital media
- movement science
- music
- pedagogy and leadership
- philosophy
- production
- somatics

Program Requirements:

The minor in dance consists of 20 credit hours of coursework, including nine upper-division credit hours. A minimum grade of "C" (2.00) or higher is required in all classes for the minor.

A minimum GPA of 3.00 in minor courses is required to earn the minor in dance.

Choose one course -- 3 credit hours

- DCE 100: Introduction to Dance (HU) (3)
- DCE 201: Dance, Culture, and Global Contexts (HU) (3)
- DCE 202: Dance in U.S. Popular Culture (HU & C) (3)
- DCE 203: The Walking Body (HU) (3)
- DCE 205: How Dance Matters: A Sociocultural Framing (C) (3)

Choose one from the following -- 3 credit hours

- DCE 300: Dancing Histories (HU) (3)
- DCE 301: Dance Analysis and Theory (L or HU) (3)
- DCE 303: The Body Condition(ed) (SB) (3)
- DCE 350: Dance in the Classroom: Learning Through Movement (HU) (3)
- DCE 402: Ethnography of Dance Practices (L) (3)
- DCE 404: Dance and Ethics (L) (3)
- DCE 405: Writing the Creating Body (L or HU) (3)

Choose four courses from the following -- 8 credit hours

Students interested in enrolling in movement courses reserved for dance majors must gain instructor permission prior to enrolling.

- DCE 110: Argentine Tango I (2)
- DCE 111: Belly Dance I (2)
- DCE 112: Capoeira I (2)
- DCE 113: Dances of Africa I (2)
- DCE 114: Dances of India I (2)
- DCE 115: Yoga I (2)
- DCE 116: T'ai Chi Chuan I (2)
- DCE 117: Feldenkrais I (2)
- DCE 118: Yoga/Pilates (2)
- DCE 120: Contemporary/Modern I (2)

DCE 121: Ballet I (2)
DCE 122: Jazz I (2)
DCE 123: Nonmajors Hip Hop I (2)
DCE 124: Latin/Swing/Ballroom I (2)
DCE 125: Afro-Latin Salsa I (2)
DCE 126: Country-Western (2)
DCE 133: Hip Hop I (2)
DCE 134: Postmodern Contemporary I (2)
DCE 135: Contemporary Ballet I (2)
DCE 136: Somatic Practices I (2)
DCE 139: Afro-Latin Movement Practices I (2)
DCE 194: Special Topics (2)
DCE 210: Argentine Tango II (2)
DCE 211: Belly Dance II (2)
DCE 216: T'ai Chi Ch'uan II (2)
DCE 220: Contemporary/Modern II (2)
DCE 221: Ballet II (2)
DCE 222: Jazz II (2)
DCE 223: Nonmajors Hip Hop II (2)
DCE 224: Latin/Swing/Ballroom II (2)
DCE 225: Afro-Latin/Salsa II (2)
DCE 240: Media for Dance (CS) (3)
DCE 294: Special Topics (2)
DCE 324: Latin/Swing/Ballroom III (2)

Upper Division Dance Electives -- 6 credit hours

DCE Upper Division Elective (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: All dance majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in dance can help students as they pursue careers in fields such as arts administration, teaching, acting and fitness.

Data Science Minor (LADATSCMIN)

Campus: Tempe, Online

Description:

A minor in data science provides students with skills in statistics, probability and coding in the context of large data sets. Students in this minor become useful consumers and producers of data. They understand and manipulate data sets to make conclusions and recommendations that can have an impact in real world settings.

Program Requirements:

The minor in data science consists of a minimum of 25 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for courses used in the minor.

Required Courses -- 25 credit hours

DAT 250: Data Science and Society (3)

DAT 300: Mathematical Tools for Data Science (3)

DAT 301: Exploring Data in R and Python (4)

DAT 401: Statistical Modeling and Inference for Data Science (3)

DAT 402: Statistical Learning (3)

MAT 265: Calculus for Engineers I (MA) or MAT 270: Calculus with Analytic Geometry I (MA) (3-4)

MAT 266: Calculus for Engineers II (MA) or MAT 271: Calculus with Analytic Geometry II (MA) (3-4)

MAT 343: Applied Linear Algebra (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: N/A

Incompatible Majors: All majors in the School of Mathematical and Statistical Sciences

Other Enrollment Requirements: N/A

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. A student should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in data science can help students with mathematical, statistical and computational modeling; data analysis; programming; and critical thinking skills as they pursue careers in business, medicine, insurance and research (governmental and private sector). The intent of this minor is to apply the skills learned into any academic field of study to enhance the understanding of an increasingly data-based society.

Design Studies Minor (ARDSNMIN)

Campus: Tempe

Description:

Students interested in design can earn a minor in design studies through this nonstudio-based program of study that focuses on the design

disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

The courses may also appeal to students who wish to pursue the study of design within the BA program in interdisciplinary studies.

Program Requirements:

Courses selected must satisfy the minimum requirement of 18 credit hours for the minor. Twelve of the credit hours must be in 300-level or 400-level coursework.

To enhance understanding of the subject matter, some of the designated courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which these particular courses are offered. All designated courses for the minor in design studies are lecture courses.

Lower-Division Design Studies -- 6 credit hours

- ALA 100: Introduction to Environmental Design (HU & H & G) (3)
- ALA 102: Landscapes and Sustainability (HU & G) (3)
- DSC 101: Design Awareness (HU & G) (3)
- EDS 223: Design Thinking (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: All majors in The Design School as well as design studies and design studies (design management)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in design studies is intended to provide an overview of design processes and design thinking that can benefit any major within the ASU system. Many industries, including business and engineering, seek candidates with experience and understanding of design thinking since those possessing that skill have a unique method of approaching ongoing problems with new insights which lead to solutions.

Digital Audiences Minor (CSDAUMIN)

Campus: Downtown Phoenix, Online

Description:

Who are digital consumers? How can they be measured? And how can data-driven strategy better engage and grow audiences?

By exploring the users of websites, social networks and apps, and applying techniques across digital analytics, social media campaigns, network analysis, search engine optimization and search engine marketing, students who pursue the digital audiences minor gain a rich understanding of how to acquire and engage audiences.

The program uses real cases from real brands and organizations to explore tools like Google Analytics and Facebook Audience Insights and tactics like hashtag analysis and competitive keyword research. Upon completion, students have a portfolio of real client work and the skills to strategically grow digital audiences and harness analytics to drive organizational change.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Program Requirements:

Students must complete MCO 307 first. In order to enroll in the course, students must have a 2.00 cumulative GPA.

To be awarded the minor, students must earn a "C" or better in all courses.

Required Courses -- 15 credit hours

MCO 307: The Digital Audience (3)

MCO 433: Social Media Campaigns, Engagement and Research (3)

MCO 434: Search Engine Research and Strategy (3)

MCO 438: Digital Audience Analysis (3)

MCO 439: Digital Audience Growth (3)

Students interested in pursuing graduate programs in Digital Audiences should consult their academic adviser.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in digital audiences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic adviser to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic adviser or the department offering the minor for more information: <https://cronkite.asu.edu/undergrad/minor-digital-audiences> (<https://cronkite.asu.edu/undergrad/minor-digital-audiences>).

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. The digital audiences minor can help students as they pursue careers in digital advertising, SEO, social media strategy and email copywriting.

Digital Culture Minor (HIDGCMIN)

Campus: Tempe

Description:

With the digital culture minor, students enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

Students develop both the technical skills to create computational media and the cultural skills to know when or why to apply them. Students in the digital culture minor learn to create computational media (computation combined with objects, sound, video, time, space, culture and bodies); breathe behavior into media, objects or systems by programming; and think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in the dynamic 21st century.

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with techno fluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that is increasingly shaped by new technologies.

Program Requirements:

The digital culture minor requires 21 credit hours, of which 12 are upper division. Courses for the minor may not be used as part of a major. A minimum of 12 upper-division credit hours taken at ASU is required.

Required Digital Culture Studies Courses -- 6 credit hours

AME 111: Introduction to Digital Culture (CS) (3)

AME 112: Computational Thinking for Digital Culture or AME 230: Programming for the Media Arts (CS) (3)

Students who earn a digital culture minor cannot earn a certificate in digital culture.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: All digital culture majors

Other Enrollment Requirements: None

Students are required to meet with the digital culture academic success coordinator to develop the digital culture pathway that best meets the

proficiencies for the work they are interested in pursuing.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Digital culture students learn techniques that can transform society, and they communicate using contemporary computational media, a vital power in the world. These skills along with specialized knowledge and judgement complement their major program of study and helps them become more marketable to employers.

Graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media, including mobile app design, audio production, autonomous systems and more.

Disability Studies Minor (ASDISASMIN)

Campus: West

Description:

The minor in disability studies explores historical, linguistic, social, artistic and legal dimensions of disability with the goal of improving society in ways that benefit those with disabilities.

Through curriculum that combines theory and practice, students are prepared to address injustices, exclusions and misapprehensions regarding disabilities through advocacy and self-advocacy, education, knowledge of the law and historical awareness. The minor's coursework, designed to complement any undergraduate major, utilizes an electronic portfolio tailored to students' professional interests.

Program Requirements:

The minor in disability studies consists of 18 credit hours, of which a minimum of 12 credit hours must be upper division. Six upper-division credit hours must be completed through coursework in the School of Humanities, Arts and Cultural Studies. Program requirements include six credit hours of core coursework, nine credit hours of electives and three credit hours of culminating experience. All courses used to fulfill the requirements of this minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

DST 101: Introduction to Disability Studies (3)

HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Electives (choose three courses) -- 9 credit hours

AMS 449 / ETH 449 / WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)

AMS 469 / ETH 469 / WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

BIO 312 / IAS 340 / PHI 320: Bioethics (HU) (3)

DST 322: Social and Cultural Implications of the Many Forms of Disability (3)

DST 458: Disability and Communication Advocacy (3)

ENG 469: Science and Literature (3)

HRC 310: Social and Cultural Studies: Method and Theory (C) (3)

HRC 494: Veterans and Critical Disability Studies (3)

IAP 494: Accessibility in Digital Arts and Design (3)

IAP 494: Disability and Aesthetics (3)

JUS 301: Research in Justice Studies (SB) (3)

JUS 437: The Social Construction of Disability and Justice (3)

JUS 494: Policy, Advocacy and Disability (3)

SOC 400: Perspectives on Aging (SB) (3)

SOC 426: Social Inequality (SB) (3)

WST 444: Gender, Health, and Bodies (SB) (3)

Culminating Course -- 3 credit hours

HRC 480: Capstone: Practices and Approaches (L) or IAS 484: Internship (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in disability studies

Other Enrollment Requirements:

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information

Career Opportunities:

Students with a minor in disability studies find career opportunities in many fields, such as social justice, civil service, law, health care advocacy, social work, education, rehabilitative health care, counseling, business, policy and advocacy, government, and with community and nongovernmental organizations.

Early Childhood Education Minor (TECEDMIN)

Campus: Downtown Phoenix, Polytechnic, Tempe, West

Description:

A minor in early childhood education allows students to combine their knowledge of their major discipline with an understanding of educational practices for young children and their families. The ultimate goal of this minor is to produce graduates who understand and apply knowledge of child development and collaboration within educational community contexts.

The service learning experience embedded in this program enables students to apply their knowledge and skills to authentic educational contexts in the community.

Program Requirements:

Required Courses -- 18 credit hours

ECS 312: Social and Emotional Development of the Young Child (SB) (3)

ECS 431: Family, Community and Professional Support Systems (3)

EDP 310: Educational Psychology for Non-Teachers (SB) (3)

Notes: Complete three one-hour courses in EDP 310

SPE 222: Orientation to Education of Exceptional Children (SB & C) (3)

TEL 215: Introduction to Child and Adolescent Development (SB) (3)

USL 210: Service Learning: Intro to Diverse Community Issues (L & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: All education majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in early childhood education have acquired knowledge and skills related to child development and educational support, which is a benefit as they pursue careers that require working with young children and their families in a variety of educational settings.

Economics Minor (LAECNMIN)

Campus: Tempe, Online

Description:

Economics is a social science that examines how societies, businesses and individuals deal with scarcity, and this minor in economics offers instruction by world-renowned researchers and award-winning professors. Students build a foundation of micro- and macroeconomics that supports their investigation of the forces shaping national and global economies.

Students create a personalized program of study that covers economic theory and applications. Students complete introductory courses (ECN 211 and ECN 212) and choose electives from a large set of upper-division offerings to suit individual interests and goals.

Program Requirements:

The minor in economics consists of 18 credit hours in economics courses, of which 12 credit hours must be upper-division. A minimum of six upper-division credit hours must be taken in courses offered by the W. P. Carey School of Business. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses -- 6 credit hours

ECN 211: Macroeconomic Principles (SB) (3)

ECN 212: Microeconomic Principles (SB) (3)

Electives -- 12 credit hours

ECN Upper Division Elective (12)

No more than three credit hours of ECN 484 Internship may be applied to the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in economics; BS in economics (politics and the economy); BS in politics and the economy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in economics on a resume may help students as they pursue careers in business, finance, government and law.

Educational Studies Minor (TEEDSTMIN)

Campus: Downtown Phoenix, Polytechnic, Tempe, West

Description:

Learning happens everywhere and at all ages. The educational studies minor prepares students to work with children, youth and adults in nonprofit settings, community institutions, civic organizations and businesses. It provides a foundation for students to shape the role of education in society and the act of learning.

Program Requirements:

The minor in educational studies requires 15 credit hours, including six lower-division credits and nine upper-division credits. A "C" grade or better is required in all coursework.

Required Courses (choose two) -- 6 credit hours

- EDT 180: Technology Literacy: Problem Solving using Digital Technology Applications (CS) (3)
- SPE 222: Orientation to Education of Exceptional Children (SB & C) (3)
- TEL 111: Exploration of Education (SB) (3)
- TEL 208: Literacy in a Changing World (HU) (3)
- TEL 215: Introduction to Child and Adolescent Development (SB) (3)

Required Service Learning -- 3 credit hours

- EDU 396: Internship in Non-profit Learning Environments (3)

Overview of Education -- 6 credit hours

- EDU 301: Why Education? (3)
- EDU 302: Diversity in Learning Contexts (3)
- EDU 402: Partnering to Advance Educational Initiatives (3)
- EDU 484: Internship (3)
- LSE 303: Human Development: Addressing Learner Capabilities (3)
- LSE 305: Conceptualizing Learning: Theories in Practice (3)
- LSE 401: Designing Learning Environments for Inclusion (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: All education majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Engineering Management Minor (ESENMMIN)

Campus: Tempe, Online

Description:

The minor in engineering management program provides students with the skills for effective management and leadership of engineering-driven enterprises.

The minor curriculum supplements students' majors by adding to the breadth of engineering science and design and equipping the student with additional management and design skills. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the student to succeed in the management of a scientific or engineering enterprise. Topics such as project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management are covered, in addition to product design and process development.

Program Requirements:

The minor in engineering management requires completion of 18 credit hours: four core courses (12 credit hours) and two elective courses (six credit hours). All courses must be passed with a "C" or better. At least 12 credit hours must be completed in residency at ASU or through ASU Online.

Core Courses -- 12 credit hours

IEE 300: Economic Analysis for Engineers (3)

IEE 380: Probability and Statistics for Engineering Problem Solving (CS) or IEE 220: Business and Industrial Engineering (3)

Notes: *Students whose major requires IEE 380 Probability and Statistics for Engineering Problem Solving will need to take IEE 220 Business and Industrial Engineering for the engineering management minor.

**Students who are not required to take IEE 380 as part of their major requirements should select it for the minor to be eligible for more elective options.

***IEE 380 is the option for ASU Online students.

IEE 431: Engineering Administration (L) (3)

IEE 458: Project Management or CEE 481: Civil Engineering Project Management (3)

Notes: CEE 481 may not be used for both the BSE in civil engineering and the minor in engineering management.

Electives -- 6 credit hours

IEE 369: Work Analysis and Design (L) (3)

IEE 376: Operations Research Deterministic Techniques/Applications (4)

IEE 381: Lean Six Sigma Methodology (3)

IEE 412: Introduction to Financial Engineering (3)
IEE 454: Risk Management (3)
IEE 456: Introduction to Systems Engineering (3)
IEE 474: Quality Control (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BSE in engineering management; BSE in industrial engineering

Other Enrollment Requirements: Prior to enrolling in the minor, students must have completed MAT 265 and MAT 266 (or an equivalent calculus sequence) with a grade of "C" or better in each.

Students who are not required to take IEE 380 as part of their major requirements should plan to take it for the minor instead of IEE 220 to be eligible for more required electives.

Interested students should consult with a School of Computing, Informatics and Decision Systems Engineering advisor to verify eligibility and to review all courses required for the minor. To schedule a CIDSE advising appointment, students should visit <https://fultonapps.asu.edu/advising> (<https://fultonapps.asu.edu/advising>).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Upper-division courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. The minor in engineering management can help students pursuing careers in engineering and business fields gain valuable skills in management for engineering-related professions, which could fast track an individual into a managerial role down the line in their profession.

Career examples include production supervisor, project management team member or project management team leader.

English Minor (ASENGMIN)

Campus: West

Description:

The minor in English is an ideal choice for students who enjoy English and desire to become better writers, readers and thinkers. The program requirements ground students in the basics of literary and cultural study, and the distribution area requirements engage the social, environmental and political challenges of our time.

With its emphasis on critical reading and writing skills, the English minor is the perfect complement to any major.

Program Requirements:

The minor in English requires a minimum of 18 credit hours, of which six credit hours must be upper division. Students must complete a minimum of

six upper-division credit hours in courses offered by the School of Humanities, Arts and Cultural Studies. At least three credit hours of Distribution coursework must be at the 400-level. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Core Course -- 3 credit hours

ENG 200: Critical Reading and Writing About Literature (L or HU) (3)

Distribution Cluster Requirement -- 12 credit hours

Select one course from each distribution cluster. At least one course must be at the 400-level.

Writing, Power, Change -- 3 credit hours

ENG 205: Introduction to Writing, Rhetorics and Literacies (L) (3)

ENG 213: Introduction to the Study of Language (3)

ENG 217: Writing Reflective Essays (L) (3)

ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)

ENG 288: Beginning Creative Writing Workshop in Fiction (3)

ENG 311: Persuasive Writing (L) (3)

ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)

ENG 323: Rhetoric and Grammar (L) (3)

ENG 339: Creating Dramatic Works: Page to Stage to Screen (3)

ENG 352: Short Story (L or HU) (3)

ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)

ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)

ENG 361: Scriptwriting (3)

ENG 379: Travel Writing (L) (3)

ENG 394 / IAP 394: Print and the Protest (3)

ENG 410: Writing for Publication (3)

ENG 416: Chaucer in Middle English (HU) (3)

ENG 425: Studies in Romanticism (HU) (3)

ENG 437: The American Novel, 1900 - 1960 (L or HU) (3)

ENG 440: Studies in American Literature and Culture (3)

ENG 472: Rhetorical Studies (L) (3)

ENG 494: Canyon Voices (3)

Climate, Energy, Infrastructure -- 3 credit hours

ENG 245: Popular Culture Issues (3)

ENG 324: Horror: Film and Short Stories (3)

ENG 342: 20th-Century British and Irish Literature (HU) (3)

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)

ENG 369: Science Fiction Studies (3)

ENG 378: Environmental Creative Nonfiction (L or HU) (3)

ENG 415: Studies in Medieval Literature and Culture (HU) (3)

ENG 416: Chaucer in Middle English (HU) (3)

ENG 498: Reading Englands Literary Landscapes (L) (3)

Borders, Boundaries, Citizenship -- 3 credit hours

ENG 221: Survey of English Literature (HU) (3)

ENG 222: Survey of English Literature (HU & H) (3)

ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)

ENG 242: Literatures of the United States, 1860 to Present (HU) (3)

ENG 328: The Novel to Jane Austen (HU & H) (3)

ENG 333: American Ethnic Literature (3)

ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)

ENG 342: 20th-Century British and Irish Literature (HU) (3)

ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)

ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)

ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)

ENG 379: Travel Writing (L) (3)

ENG 386: American Gothic (3)

ENG 394: Oral History & Storytelling in Humanities & Arts (3)

ENG 420: Multicultural Autobiographies ((L or HU) & C) (3)

ENG 432: The American Renaissance (HU) (3)

ENG 457: Studies in American Poetry (HU) (3)

ENG 462: Africana Literature (HU & G) (3)

ENG 498: Reading Englands Literary Landscapes (L) (3)

Bodies, Intersections, Transitions -- 3 credit hours

ENG 203: Introduction to Health Humanities (3)

ENG 324: Horror: Film and Short Stories (3)

ENG 333: American Ethnic Literature (3)

ENG 364: Women and Literature (HU) (3)

ENG 369: Science Fiction Studies (3)

ENG 421: Studies in Shakespeare (L or HU) (3)

ENG 431: Whitman and Dickinson (L or HU) (3)

ENG 443: Gender, Culture and Literacy (3)

ENG 454: Gender and Literature (L or HU) (3)

ENG 461: Studies in Women and Literature (3)

ENG 472: Rhetorical Studies (L) (3)

ENG 476: Studies in Folklore (3)

ENG 478: Studies in Modernism (3)

ENG 494: Disrupting Dis/Ability Discourses (3)

ENG 494: Weird Fiction: Films and Short Stories (3)

Upper Division Elective Courses -- 3 credit hours

Upper Division English Elective (3)

ENG 499 Individualized Instruction may only be used with permission of the English program lead and only once.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in English

Other Enrollment Requirements: None

The minor in English is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students completing a minor in English are better prepared for professional training in law, business, teaching and public policy; and for careers in marketing, public relations, government, diplomacy and community work; and for other professions in which problem-solving, creativity, research strengths, writing, interpersonal and digital skills are necessary and valued.

English Minor (LAENGMIN)

Campus: Online

Description:

A minor in English provides students with the strong analytical and communications skills required by many professions, such as those in publishing, journalism, public relations, nonprofit organizations, professional and technical writing, education, business, banking, grassroots activism, law and medicine, as well as numerous others throughout industry and government.

This program is delivered entirely online and serves as a complement to the chosen major of undergraduate students who are pursuing an ASU major online.

Program Requirements:

The online minor in English consists of 18 credit hours, of which at least 12 credit hours must be upper-division. The remaining six credit hours may be completed with ENG 200-499 courses. At least six of the upper-division credit hours must be earned from The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Core Courses (choose three) -- 9 credit hours

ENG 211: Introduction to English Studies (3)

ENG 305: Interpretive Theory (3)

ENG 308: Form and History/Culture (3)

ENG 309: Rhetoric for Writers (3)

ENG 327: English Studies Research (3)

ENG 489: Scholarly Products (3)

English Electives -- 9 credit hours

ENG 2** Elective or ENG 3** Elective or ENG 4** Elective (3)

ENG Upper Division Elective (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in English

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. English Minor (LSENGMIN)

Campus: Polytechnic

Description:

The minor in English focuses on effective writing, critical thinking and reading sophisticated literary and nonliterary texts.

Program Requirements:

The English minor consists of 24 credit hours. A minimum of 12 upper-division credit hours is required, of which at least six credit hours must be taken through the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours

ENG 200: Critical Reading and Writing About Literature (L or HU) (3)

Electives -- 21 credit hours

ENG Elective (9)

ENG Upper Division Elective (12)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00 cumulative GPA

Incompatible Majors: BA in English

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. English (Linguistics) Minor (LAENGMINN)

Campus: Tempe

Description:

Students pursuing a minor in English with a focus in linguistics study the nature, variation and structure of language.

ASU's Department of English has an extensive internship program offering placements in publishing, media and marketing, government, second language teaching, nonprofits and film festivals. The English department also boasts rigorous undergraduate research opportunities and options for cultural and community involvement.

Program Requirements:

The minor in English with a focus in linguistics consists of 24 credit hours. A minimum of 12 upper-division credit hours are required, with at least six credit hours from courses offered by The College of Liberal Arts and Sciences. Courses must be completed with a grade of "C" (2.00 on a scale of 4.00) or better to satisfy minor requirements.

Required Courses -- 15 credit hours

ENG 200: Critical Reading and Writing About Literature (L or HU) (3)
ENG 213: Introduction to the Study of Language (3)
ENG 312: English in its Social Setting (L or HU or SB) (3)
ENG 314: Modern Grammar (3)
ENG 413: History of English Language (HU) (3)

English Survey Course (choose one) -- 3 credit hours
ENG 221: Survey of English Literature (HU) (3)
ENG 222: Survey of English Literature (HU & H) (3)
ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)
ENG 242: Literatures of the United States, 1860 to Present (HU) (3)

English Electives -- 6 credit hours
ENG Elective (3)
ENG Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in English (all concentrations)

Other Enrollment Requirements: None

English (Literature) Minor (LAENGMINT)

Campus: Tempe

Description:

The minor program in English with a focus on literature emphasizes British, American and global literatures in English, from the earliest writings to the present.

ASU's Department of English has an extensive internship program offering placements in publishing, media and marketing, government, second language teaching, nonprofits and film festivals. The department also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

Program Requirements:

The minor in English with a focus in literature consists of 24 credit hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. A

grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Required Core Course -- 3 credit hours

ENG 200: Critical Reading and Writing About Literature (L or HU) (3)

Literature Areas and Periods (choose from 3 of 4 tracks) -- 9 credit hours

Students must complete at least one course in three of the four Literature and Culture Track Lists. One course must be completed at the 400-level.

Literature and Culture Before 1800

ENG 201: World Literature (HU & H & G) (3)
ENG 202: World Literature (HU & H) (3)
ENG 221: Survey of English Literature (HU) (3)
ENG 241: Literatures of the United States to 1860 ((L or HU) & C) (3)
ENG 303: Classical Backgrounds of English Literature (HU) (3)
ENG 315: Medieval Literature in Translation (3)
ENG 316: Literary Readings of the Hebrew Bible (L or HU) (3)
ENG 321: Shakespeare (L or HU) (3)
ENG 325: Restoration and the 18th Century (3)
ENG 326: English Drama 1660-1800 (HU) (3)
ENG 328: The Novel to Jane Austen (HU & H) (3)
ENG 350: Studies in Literary Histories and Traditions (3)
ENG 356: The Bible as Literature (HU) (3)
ENG 415: Studies in Medieval Literature and Culture (HU) (3)
ENG 416: Chaucer in Middle English (HU) (3)
ENG 418: Renaissance Literature (L or HU) (3)
ENG 421: Studies in Shakespeare (L or HU) (3)
ENG 422: Special Topics in Shakespeare (3)
ENG 423: Renaissance Drama (L or HU) (3)
ENG 424: Milton (HU) (3)
ENG 425: Studies in Romanticism (HU) (3)
ENG 427: Studies in 18th-Century Literature and Culture (HU) (3)
ENG 476: Studies in Folklore (3)

Literature and Culture After 1800

ENG 204: Topics in Contemporary Literature (HU) (3)
ENG 222: Survey of English Literature (HU & H) (3)
ENG 242: Literatures of the United States, 1860 to Present (HU) (3)
ENG 245: Popular Culture Issues (3)
ENG 329: 19th-Century British Fiction (3)
ENG 330: 19th-Century British Poetry (3)
ENG 332: Studies in Race and Ethnicity in Literature and Culture (3)
ENG 333: American Ethnic Literature (3)
ENG 335: American Poetry (3)
ENG 337: Major American Novels (L or HU) (3)
ENG 338: Protest Literature (3)
ENG 342: 20th-Century British and Irish Literature (HU) (3)
ENG 345: Selected Authors or Issues (3)
ENG 347: Modern Israeli Literature in Translation (HU & G) (3)
ENG 349: Global Literary Studies (3)
ENG 352: Short Story (L or HU) (3)
ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
ENG 360: Western American Literature (L or HU) (3)
ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)
ENG 364: Women and Literature (HU) (3)
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 369: Science Fiction Studies (3)
ENG 384: Studies in Gender and Sexuality in Literature and Culture (3)
ENG 426: British Culture and Empire (3)
ENG 429: Studies in European Literature and Culture ((L or HU) & G & H) (3)
ENG 430: Studies in Victorian Literature and Culture (L or HU) (3)
ENG 434: Studies in the Literature and Culture of the Americas (3)
ENG 435: Literatures and Cultures of Immigration and Diaspora (3)

ENG 436: Studies in Anglophone Literature and Culture (3)
ENG 440: Studies in American Literature and Culture (3)
ENG 442: Studies in 20th-Century British and Irish Literature and Culture (3)
ENG 444: Topics for Interdisciplinary Study of Literature and Culture (3)
ENG 445: Studies in American Realism (L or HU) (3)
ENG 447: Experimental Narrative (HU) (3)
ENG 448: Studies in Irish Literature and Culture (3)
ENG 452: Studies in the Novel (HU) (3)
ENG 455: Contemporary Women Writers (3)
ENG 457: Studies in American Poetry (HU) (3)
ENG 458: Latina/o Literature ((L or HU) & C) (3)
ENG 459: Studies in African American/Caribbean Literatures ((L or HU) & G) (3)
ENG 461: Studies in Women and Literature (3)
ENG 465: Studies in Film (3)
ENG 469: Science and Literature (3)
ENG 470: Symbols and Archetypes in Children's Literature (L or HU) (3)
ENG 471: Literature for Young Adults (HU) (3)
ENG 478: Studies in Modernism (3)

Literature and Culture: Transnational, Postcolonial and Global Literature

ENG 316: Literary Readings of the Hebrew Bible (L or HU) (3)
ENG 347: Modern Israeli Literature in Translation (HU & G) (3)
ENG 349: Global Literary Studies (3)
ENG 356: The Bible as Literature (HU) (3)
ENG 359: Indigenous American Literature ((L or HU) & C) (3)
ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)
ENG 429: Studies in European Literature and Culture ((L or HU) & G & H) (3)
ENG 434: Studies in the Literature and Culture of the Americas (3)
ENG 435: Literatures and Cultures of Immigration and Diaspora (3)
ENG 436: Studies in Anglophone Literature and Culture (3)
ENG 457: Indigenous Poetry (HU) (3)
ENG 458: Latina/o Literature ((L or HU) & C) (3)

Literature and Culture: Literary Theory and Interdisciplinary Studies

ENG 205: Introduction to Writing, Rhetorics and Literacies (L) (3)
ENG 304: Critical Theories and Methods (3)
ENG 400: History of Literary Criticism (L or HU) (3)
ENG 401: Topics in Critical Theory (3)
ENG 434: Studies in the Literature and Culture of the Americas (3)
ENG 444: Topics for Interdisciplinary Study of Literature and Culture (3)
ENG 435: Literatures and Cultures of Immigration and Diaspora (3)
ENG 436: Postcolonial Studies (3)
ENG 469: Science and Literature (3)
ENG 472: Rhetorical Studies (L) (3)
ENG 476: Studies in Folklore (3)

Electives -- 12 credit hours

ENG 2** Elective or ENG 3** Elective or ENG 4** Elective (3)
ENG Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in English (including all concentrations); BAE in secondary education (English)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor

requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in English can help students as they pursue careers in technical or professional writing or teaching.

Environmental Science Minor (ASENVMIN)

Campus: West, ASU@Lake Havasu

Description:

The environmental science minor program provides students with a fundamental understanding of how the natural world functions as a system, how changes in this system influence organisms and humans, and, in turn, how this system is impacted by humans.

An understanding of human-environment interactions gained through this minor will augment students' major field of study. To accommodate broad interests for students from a variety of majors, the curriculum is designed to allow students to explore their interests by choosing from categories of scientific coursework and skill-based curricula, to provide applied experiences for students from a variety of majors.

Program Requirements:

The minor in environmental science consists of 15 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

ENV 201: Fundamentals of Environmental Science (3)

IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) or IAS 409 / PHI 409: Eco-Community Ethics (HU) or PHI 310: Environmental Ethics (HU) (3)

Upper-Division Electives -- 9 credit hours

Choose a minimum of nine credit hours from the following categories. Students may choose freely from among the categories; it is not necessary to take one from each or all from one category.

Global/Ecosystem Focus:

BIO 422: Ecosystem Ecology (3)

CHM 302: Environmental Chemistry (3)

ENV 410: Soil Science (4)

LSC 434: Marine Ecology (3)

MIC 443: The Microbial Universe AND MIC 444: The Microbial Universe Laboratory (4)

Organismal Focus:

BIO 370: Vertebrate Zoology (4)

BIO 385: Comparative Invertebrate Zoology (4)

BIO 410: Techniques in Conservation Biology and Ecology (L) (3)

BIO 412: Conservation in Practice (3)

BIO 474: Herpetology (4)

PLB Upper Division Elective (3-4)

Skills in Environmental Science:

ENV 345: Spatial Analysis in the Environmental Sciences (3)

ENV 388: STEM Research Fundamentals (L) (3)

ENV 485: Environmental Impact Assessment (3)

ENV 499: Individualized Instruction (1-3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS and BA environmental science

Other Enrollment Requirements: This first course in this minor (ENV 201) has prerequisites of BIO 181, BIO 182 and CHM 116.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students who complete this major have the foundational knowledge they need to apply environmental concepts and awareness to their future careers. Many career fields have environmental applications, including business and entrepreneurship, the health industry, economics and academic research careers. Career opportunities include employment in environmental policy, management or leadership positions in federal and state agencies, local municipality planning offices, private consulting firms, and nongovernmental and nonprofit organizations, and many others.

Environmental and Resource Management Minor (ESERMMIN)

Campus: Polytechnic

Description:

The minor in environmental and resource management provides students with a thorough introduction to environmental regulations and key environmental management issues such as the provision of clean, potable water; wastewater treatment; and solid and hazardous waste management, as well as remediation technologies for polluted soils, groundwater and air. Students learn to apply basic science and engineering principles to solving problems that significantly impact human health and ecosystems.

The environmental and resource management minor program provides a valuable option to other majors that focus on environmental issues whether from a technical or policy perspective. The courses form a coherent whole and demonstrate the connection between science, engineering, public policy, management and the law.

Program Requirements:

The minor requires completion of four core courses (12 credit hours) and two elective courses (six credit hours) for a total of 18 credit hours. At least 12 credit hours must be completed in residency at ASU. Courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Core Courses -- 12 credit hours

ERM 201: Environmental Management (3)

ERM 203: Environmental Regulations (3)

ERM 302: Water and Wastewater Treatment Technology (3)

ERM 401: Hazardous Waste Management (3)

Electives -- 6 credit hours

ERM 402: Unit Treatment Technologies (3)

ERM 406: Environmental Chemistry (3)

ERM 407: Occupational Hygiene (3)

ERM 426: Environmental Issues (3)
ERM 428: International Environmental Management (G) (3)
ERM 432: Sustainable Solid Waste Management (3)
ERM 494: Algae in Water/Energy/Food Nexus (3)
ERM 494: Algal Bioprocess and Biosystems Engineering (3)
ERM 494: Environmental Health (3)
ERM 494: Environmental Management Leadership (3)
ERM 494: Tribal Environ & Natural Resources Management (3)
ERM 494: Water and Food Security (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in environmental and resource management

Other Enrollment Requirements: Interested students must have at least sophomore status.

Students should consult with an advisor in The Polytechnic School to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should go to <https://fultonapps.asu.edu/advising> (<https://fultonapps.asu.edu/advising>).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates with the skills gained in this minor are in high demand and can find work in industry, governmental management and regulatory agencies, or in policymaking organizations.

Ethnic Studies Minor (ASETHMIN)

Campus: West

Description:

The minor in ethnic studies explores the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas. The coursework combines topics in the humanities, arts and social sciences, and instruction is given on methods to critically analyze racial; ethnic; gender and sexual identities; transnational movements; and diverse forms of cultural, literary and political expression. The minor in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs. The certificate is offered by the School of Humanities, Arts and Cultural Studies.

Program Requirements:

The minor in ethnic studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Up to three credit hours of individualized instruction may be applied toward the minor. Students are encouraged meet with an academic advisor to choose courses that develop breadth rather than limiting their selection to courses in one particular discipline. All courses in the minor must be passed with a minimum grade of "C" (2.00) or better.

Required Courses -- 6 credit hours

ETH 100: Ethnic and Indigenous Lives (SB & C) (3)
HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper-Division Electives -- 12 credit hours

ENG 420 / IAS 420: Multicultural Autobiographies ((L or HU) & C) (3)
ENG 462: Africana Literature (HU & G) (3)
ENG 463: African American Literature (3)
ENG 476: Studies in Folklore (3)
ETH 353 / ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
ETH 354 / ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)
ETH 428 / AMS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)
ETH 430 / WST 430: Gender on the Borderlands (SB & G) (3)
ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)
ETH 450: Latina/os, Schooling and Social Inequality (C) (3)
ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
ETH 499: Individualized Instruction (3)
HST 419: 20th Century Chicano/a History (C) (3)
SBS 301: Cultural Diversity ((L or SB) & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in ethnic studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

This program helps prepare students for careers or graduate school in a variety of fields, including business, health care, criminal justice, social services, education, public relations, community development, public policy and government. Potential careers include community health worker, social and community service manager, secondary and high school teacher, and journalist.

Family and Human Development Minor (LAFASMIN)

Campus: Tempe, Online

Description:

The minor program in family and human development exposes students to the basic coursework and issues within the discipline. This program provides an exceptional complement to studies in psychology, communication, education, business and nursing.

This program is offered by the T. Denny Sanford School of Social and Family Dynamics.

Program Requirements:

The minor in family and human development consists of 18 credit hours in family studies and child development. At least 12 of the 18 credit hours must be in upper-division courses. At least one elective course must come from the CDE prefix. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours

CDE 232: Human Development (SB) (3)

FAS 101: Personal Growth in Human Relationships (SB) (3)

FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)

Upper Division Electives -- 9 credit hours

At least one course must be a CDE elective.

CDE 312: Adolescence (SB) (3)

CDE 337: Early Childhood Intervention (3)

CDE 418: Aging and the Life Course (SB & H) (3)

CDE 430: Infant/Toddler Development in the Family (SB) (3)

CDE 450: Child Dysfunction in the Family (3)

CDE 498 / FAS 498: Pro-Seminar (3)

FAS 301: Introduction to Parenting (3)

FAS 324: Work and the Workplace (SB & H) (3)

FAS 331: Marriage and Family Relationships (SB) (3)

FAS 332: Human Sexuality (SB) (3)

FAS 410: Military Family Systems in a Democracy (3)

FAS 435: Advanced Marriage and Family Relationships (L or SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in family and human development

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in family and human development can help students as they pursue careers in health care, counseling and social work, sociology or education.

Fashion Minor (HIFSHMIN)

Campus: Tempe

Description:

The minor program in fashion offers grounding in the history, social context and economics of the contemporary fashion industry. Students also have the option of pursuing more focused classes designed to introduce them to a variety of roles in this important industry: fashion history, fashion industry business practices, and fashion production.

Among the subjects that may be related to students' majors are marketing and merchandising, costuming, wearable technology, sustainability, management and leadership, international experience, and fashion and culture. Due to the relationship of these subjects to a wide variety of disciplines taught at ASU, many students throughout the university may supplement their major with closely related fashion minor classes, creating a strong foundation for a variety of careers. Opportunities for study abroad could further advance students' professional goals.

Taught by well-known fashion industry professionals, students enrolled in the minor in fashion at ASU develop connections to leaders in the field.

Program Requirements:

Courses selected must satisfy the minimum requirement of 18 credit hours for the minor; nine of the credit hours must be upper-division (300 or 400-level) coursework.

Required Courses -- 9 credit hours

FSH 201: Textiles Survey (3)

FSH 325: Personal Style and Wardrobe (HU) (3)

FSH 435: Contemporary Fashion (L or HU) (3)

Notes: Please complete either FSH 201 or FSH 325 before enrolling in Contemporary Fashion (FSH 435).

Fashion and Related Studies Electives -- 6 credit hours

ART 110: Drawing as Seeing and Thinking (HU) (3)

ART 276: Introduction to Textiles (3)

ART 376: Weaving and Dyeing (3)

ART 377: Textile Design (3)

ART 378: Digital Textiles (3)

FSH 194: Special Topics (3)

FSH 202: Fashion Construction (3)

FSH 203: Fashion Illustration (3)

FSH 204: Social Aspects of Fashion (L or HU or SB) (3)

FSH 206: Fashion Design (3)

FSH 280 / MKT 280: Fashion Merchandising (3)

FSH 294: Fashion Hairstyling Basics (3)

FSH 294: Special Topics (3)

FSH 300: Global Fashion Industry (G) (3)

FSH 394: Equity and Inclusion in Fashion (3)

FSH 394: Fashion Styling (3)

FSH 394: Fashion Visual Merchandising (3)

FSH 394: Introduction to Footwear (3)

FSH 394: PR for Fashion (3)

Film and Media Production Minor (FAFMPMIN)

Campus: Tempe

Description:

Students pursuing the film and media production minor study the basic production processes of film while learning about the history and practices of the film and media industry as well as the cultural value of cinema, television and digital media.

Program Requirements:

The school offers a minor in film and media production, consisting of 17 credit hours of coursework. A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met. Transfer students may transfer up to six credit hours toward the minor.

Required Courses -- 11 credit hours

FMP 201: Film: The Creative Process I (HU) (3)
FMP 250: Sex and Violence in Film and TV: Ethics Survey (3)
FMP 280: Introduction to Film and Media Production (2)
FMP 403: Independent Film (HU) (3)

Upper Division Film Electives -- 6 credit hours

FMP 318: Directing for Film and Media I (3)
FMP 320: Film and Media Post-Production II (3)
FMP 325: Guerilla VFX (3)
FMP 330: Professional and Technical Writing for Film/TV Industry (3)
FMP 335: Careers in Film and Media Industry (3)
FMP 345: Cinematography I (3)

FMP 361: Intermediate Screenwriting (3)
FMP 365: Developing a Series (3)
FMP 370: Producing for Film and Media (3)
FMP 394: Special Topics (3)
FMP 404: World Cinema (G) (3)
FMP 405: Film and Television: Pioneers, Practices and Innovations (HU) (3)
FMP 417: Business and Legal Practices in Entertainment (3)
FMP 418: Directing for Film and Media II (3)
FMP 465: Series Writers Workshop (3)
FMP 475: Producing Series (3)
FMP 494: Special Topics (3)
THE 406: American Multicultural Film (HU & C) (3)
THE 421: Shakespeare: Stage and Film (L or HU) (3)
THE 430: History of Fashion I (HU) (3)
THE 431: History of Fashion II: 20th-Century Fashion (3)
THP 330: Costume Design (3)
THP 340: Scene Design (3)
THP 344: Drafting (2)
THP 345: Lighting Design (3)
THP 350: Sound Design (3)
THP 351: Arts Management (3)
THP 355: Media Design for Performance (3)
THP 394: Writing for Horror, SciFi, and Fantasy (3)
THP 442: Rendering for Design and Production (3)
THP 445: Advanced Lighting Design (3)
THP 452: Arts Entrepreneurship Seminar (3)
THP 455: Advanced Media Design (3)
THP 494: Art Direction (3)
THP 494: Properties for the Stage (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in film (filmmaking practices); BA in film (film and media production)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Film and Media Studies Minor (LAFMSMIN)

Campus: Tempe, Online

Description:

The film and media studies minor is useful for students who want to explore the critical and creative study of film and media. Students can opt to study a range of courses that emphasize media and society, media industries, styles and genres and screenwriting.

ASU's Department of English has an extensive internship program, offering placements in publishing, media and marketing, government, nonprofits and film festivals. The department also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

Program Requirements:

The film and media studies minor consists of 18 credit hours. At least 12 credit hours must be upper-division, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours

FMS 100: Introduction to Film and Media Studies (HU) (3)

FMS 200: Film and Media History ((L or HU) & H) (3)

FMS 300: Television Studies (L or HU) (3)

Electives -- 9 credit hours

FMS Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in film (film and media studies); BA in film (film and media production)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Food and Nutrition Management Minor (ECFNTRMIN)

Campus: Downtown Phoenix

Description:

The food and nutrition management minor is available to any ASU student interested in developing a greater understanding of nutrition, the food

industry and food service operations.

Program Requirements:

The minor requires students to take the following courses for a total of 18 credit hours. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course.

Required Courses -- 18 credit hours

NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)

NTR 142: Applied Food Principles (3)

NTR 343: Food Service Purchasing (3)

NTR 344: Nutrition Management and Leadership (L) or NTR 360: Nutrition Entrepreneurship (3)

NTR 445: Management of Food Service Systems (3)

TWC 301: Fundamentals of Writing for Digital Media (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in Dietetics, BS in Food and Nutrition Entrepreneurship, BAS in Food and Nutrition Entrepreneurship

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. French Minor (LAFREMIN)

Campus: Tempe

Description:

Students pursuing a minor in French gain an understanding of the language, literature and cultures of French-speaking peoples and regions.

Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. For more information, students should go to <https://silc.asu.edu/student-life/study-abroad/faculty-directed-summer-program-pages> (<https://silc.asu.edu/student-life/study-abroad/faculty-directed-summer-program-pages>).

Program Requirements:

The French minor requires 18 credit hours, of which 15 must be upper-division. Three credit hours of FRE 200-level coursework may be applied to the French minor. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better. Course substitutions are allowed for heritage

and advanced speakers of the language with approval from an academic advisor in the School of International Letters and Cultures.

Required Courses -- 18 credit hours

FRE 202: Intermediate French II (G) or FRE 210: Intensive French II (G) (3)

FRE 305: Readings in French Literature (G) (3)

FRE 311: Oral and Written Expression I (G) (3)

FRE 312: Oral and Written Expression II (G) (3)

FRE 321: French Cultural Masterpieces I ((L or HU) & H) or FRE 322: French Cultural Masterpieces II (L or HU) (3)

FRE Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in French

Other Enrollment Requirements: None

Students who wish to add a minor in French to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Geography Minor (LAGCUMIN)

Campus: Tempe, Online

Description:

The geography minor, rooted in a foundation of cultural and physical geography, encourages students to explore intersections of place and space. Students in the minor gain a unique understanding of the modern world from both the local and global perspectives. Students also gain a deeper understanding of how humans impact landscapes.

Program Requirements:

The minor in geography requires a minimum of 19 credit hours, of which at least 12 credit hours must be upper-division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Cultural Geography (choose one) -- 3 credit hours

GCU 102: Introduction to Human Geography (SB & G) (3)

GCU 121: World Geography (SB & G) (4)

GCU 241: The Global Economy in Transition (SB & G) (3)

Physical Geography -- 4 credit hours

GPH 111: Introduction to Physical Geography (SQ) (3)

GPH 112: Introduction to Physical Geography Lab (SQ) (1)

Upper-Division Electives -- 12 credit hours

GPH OR GCU OR GIS Upper Division Elective (12)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in geography; BS in geography (urban studies); BS in geography (meteorology-climatology)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Geological Sciences Minor (LAGLGMIN)

Campus: Tempe

Description:

The geological sciences minor is designed for students interested in developing a basic understanding of earth science and analyzing issues through a scientific viewpoint.

Program Requirements:

The minor in geological sciences consists of 21 credit hours, of which at least 13 credit hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 15 credit hours

GLG 101: Introduction to Geology I (Physical) (SQ) (3)

GLG 103: Introduction to Geology I-Laboratory (SQ) (1)

GLG 102: Introduction to Geology II (Historical) (SG & H) (3)

GLG 104: Introduction to Geology II-Laboratory (SG) (1)

GLG 310: Structural Geology (3)

GLG 321: Mineralogy (3)

SES 401: Earth and Space Exploration Colloquium (1)

Electives -- 6 credit hours

GLG Upper Division Elective (6)

Courses in other related subjects may be approved by an academic advisor in the School of Earth and Space Exploration. Students should receive approval for substitutions prior to registration.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in earth and environmental studies; BS in earth and space exploration (astrobiology and biogeosciences); BS in earth and space exploration (geological sciences)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in geological sciences can help students advance their career options with marketable skills that align with their major areas of study, such as sustainability, civil and construction engineering, forestry and resource management.

The geological sciences minor provides a solid background in earth materials and processes that are fundamental to careers in environmental engineering and planning, science education, hydrogeology, water resources, scientific publishing, and careers in many other government and nongovernmental agencies.

German Minor (LAGERMIN)

Campus: Tempe

Description:

Students pursuing a minor in German gain an understanding of the language, literature and cultures of German-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Students should go to <https://mystudyabroad.asu.edu/> (<https://mystudyabroad.asu.edu/>) for more information.

Program Requirements:

The German minor requires 18 credit hours, of which 15 must be upper-division. Three credit hours of GER 200-level coursework may be applied to the German minor. Course substitutions are allowed for heritage and advanced speakers of the language. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

GER 200-Level Coursework (choose one) -- 3 credit hours

GER 201: Intermediate German I (G) (4)

GER 202: Intermediate German II (G) (4)

GER 210: Intensive German II (G) (6)

Three credit hours of 200-level coursework will be applied to the minor and any additional credit hours earned will be applied toward university elective hours.

Required Course -- 3 credit hours

GER 312: Readings in German Culture (G) (3)

Choose two courses -- 6 credit hours

GER 310: Advanced German Grammar and Composition I (G) (3)

GER 311: German Conversation (G) (3)

GER 313: Advanced German Grammar and Composition II (G) (3)

GER 319: Business German (G) (3)

Upper Division GER Electives -- 6 credit hours

GER Upper Division Elective (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in German

Other Enrollment Requirements: None

Students who wish to add a minor in German to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies. A minor in German studies helps students with communication and cultural competency skills as they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Global Health Minor (LASSHMIN)

Campus: Tempe, Online

Description:

The minor in global health is a transdisciplinary program designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved.

Global health is understood in the anthropological sense, meaning ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of health's social, historical, biological and ecological dimensions.

Program Requirements:

The minor in global health is comprised of 18 credit hours, at least 12 of which must be upper-division. A minimum grade of "C" (2.00 on a scale of 4.00) is required for courses used toward the minor. This minor is also available in an online format to complement the studies of ASU Online students.

Required Core Course -- 3 credit hours

ASB 100: Introduction to Global Health (SB & G) (3)

Upper-Division Core Electives (choose three) -- 9 credit hours

AFR 383: Blacks in Science, Medicine and Public Health (3)

ASB 300 / SSH 300: Food and Culture ((L or SB) & C) (3)

ASB 301 / HST 301 / SSH 301: Global History of Health (SB & G & H) (3)

ASB 305: Poverty and Global Health ((L or SB) & G) (3)

ASB 316: Money and Culture (L or SB) (3)

ASB 327: Disaster! ((L or SB) & C) (3)

ASB 355: Traditional Medicine and Healing (HU or SB) (3)

ASB 357: Society, Drugs and Health (SB & G) (3)

ASB 370 / SOS 370: Ethics of Eating (L or SB) (3)

ASB 376: Global Health Policy (3)

ASB 378 / TCL 378: Globalization: Migration, Mass Media, McDonald's ((L or SB) & C) (3)

ASB 457: Global Mental Health ((L or SB) & G) (3)

ASB 462: Medical Anthropology: Culture and Health (SB & C) (3)

ASM 345: Disease and Human Evolution (3)

ASM 401: Health and Human Biology (3)

ASM 403 / BIO 403: Evolutionary Medicine and Global Health (3)

ASM 414: Environmental Health (SB) (3)

ASM 456: Infectious Disease and Human Evolution (3)

HPS 331 / BIO 318: History of Medicine (HU & H) (3)

HST 304: Black Death: Pandemic Disease in the Medieval World (3)

MIC 314 / SSH 314: HIV/AIDS: Science, Behavior, and Society (3)

NTR 348: Cultural Aspects of Food (SB & C & G) (3)

NTR 450: Nutrition in the Life Cycle (SB) (3)

SGS 340: Violence, Conflict and Human Rights (3)

SGS 350: Economic Development and Globalization (3)

SOC 424: Women and Health (SB) (3)

SOC 427: Sociology of Health and Illness (SB) (3)

TCL 323: Latina/o Health Issues (SB & C) (3)

TCL 326: Health of Chicanas and Latinas (SB & C) (3)

TCL 327: Health and Migration (SB) (3)

TCL 410 / SOC 410: Race, Medicine, and the Body (L) (3)

TCL 447 / SGS 454 / SOS 447 / WST 447: Gender, Culture, and Development ((L or SB) & G) (3)

WST 360: Women as Healers (SB & G) (3)

WST 365: Women and International Health (G) (3)

WST 380 / AMS 380 / ETH 380: Race, Gender, and Class (SB & C) (3)

WST 440: Politics of Women's Health (SB & C) (3)

WST 444: Gender, Health, and Bodies (SB) (3)

Study Abroad Experience -- 6 credit hours

SSH 403: Cross-Cultural Studies in Global Health ((L or SB) & G) or students choose another approved global health study abroad experience (summer session, six credits minimum) (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in global health

Other Enrollment Requirements:

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

Nationally and internationally, the health field provides enormous and varied career opportunities, and demand is high and growing for graduates with specific skills. The major supports the goals of those pursuing careers in academic research, teaching and health services. Sample employment venues include:

- departments of health
- government agencies
- international agencies (World Health Organization, Center for Disease Control, Global Health Council, World Bank, Inter-American Development Bank)
- nongovernmental organizations
- private sector
- universities

The degree program also provides a broad intellectual base for those who plan advanced specialist health training in fields such as:

- dentistry
- medicine
- nursing
- pharmacy

In Arizona and elsewhere, there is a pressing need for professionals with appropriate skills to work in cross-cultural settings or with underserved populations (such as migrants, minorities and those living in poverty), and many of these jobs are directly or indirectly related to health.

Global Studies Minor (LASGSMIN)

Campus: Tempe, Online

Description:

The minor program in global studies offers students exposure to global processes and institutions from a transdisciplinary perspective. The program aims to provide students with an introduction to the tools and skills necessary to make connections linking theory with challenging global issues.

Program Requirements:

The minor in global studies consists of 18 credit hours, of which 12 credit hours must be upper-division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses -- 6 credit hours

SGS 101: Thinking Globally: The Individual and Authority (SB & G) or SGS 301: Principles of Global Studies (G) (3)

SGS 303: Global Trends (SB & G) (3)

Electives -- 12 credit hours

SGS Elective (3)

SGS Upper Division Elective (9)

A maximum of three credit hours of SGS 484 International Experience or three credit hours of SGS 499 Individualized Instruction may be applied to the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in global studies

Other Enrollment Requirements: None

An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in global studies can help students as they pursue careers in diplomacy and international relations, international sales or marketing, or international trade.

Health Care Compliance and Regulations Minor (NUHCCRMIN)

Campus: Downtown Phoenix, West

Description:

The minor program in health care compliance and regulations integrates best practices from the business, regulatory, ethics and engineering fields as well as from the medical industry. Students acquire the foundational and advanced knowledge that is required for support of regulatory compliance in a health-focused environment, and the minor's focus on regulatory and ethical compliance enhances a student's major discipline.

Program Requirements:

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 16 credit hours

HCR 259: Compliance and the Health Care Industry (4)

HCR 263: Introduction to Medical Billing and Compliance (3)

HCR 360: Data Security and Privacy in Health Care Compliance (3)

HCR 362: Monitoring and Auditing for Health Care Compliance (3)

HCR 460: Investigations and Disclosures in Health Care Compliance (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in health care compliance and regulations

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Health Care Coordination Minor (NUHCCOMIN)

Campus: Downtown Phoenix, West

Description:

A minor in health care coordination allows students to combine the knowledge of their major discipline with the foundational and advanced concepts of health care coordination. Students completing this innovative minor have the knowledge that enables them to navigate the health care system and assist in the coordination of health care for individuals and families and to optimize outcomes.

Program Requirements:

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 18 credit hours

HCR 220: Introduction to Health Professions and the U.S. Health Care System (H) (3)

HCR 221: Foundational Concepts for Health Care Coordination (3)

HCR 302: Social Determinants of Health (3)

HCR 321: Advanced Concepts for Health Care Coordination (3)

HCR 420: Professional Role Development: Health Care Coordination (3)

HCR 422: Policy and Financial Principles in Health Care Coordination (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in health care coordination

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Health Innovation Minor (NUHCIMIN)

Campus: Downtown Phoenix, West

Description:

The health innovation minor provides students with the foundational concepts necessary for them to contribute to transformational change in real-world health situations. This program gives students an understanding of entrepreneurial thinking as well as initiating, implementing and sustaining innovation in health settings.

Program Requirements:

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours

HCI 311: Health Innovation: Foundational Concepts (3)

Electives (select four) -- 12 credit hours

HCI 150: Introduction to Health Innovation (3)

HCI 250: Health Entrepreneurship and Value Creation (3)

HCI 313: Philosophy of Science in Health Care: Understanding Paradigms of Health and Healing (3)

HCI 344: Management and Leadership in Health Organizations (3)

HCI 412: Transforming Health Care: A Systems Perspective for Innovation (3)

HCI 421: Health Care Policy: The Innovator's View (3)

HCI 425: Facilitating Innovation to Achieve Outcomes (3)

HCI 428: Technology: A Tool to Advance Innovation in Health Care (3)

HCI 494: Special Topics (3)

Notes: Any 3 credit hour topic will count towards the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in health innovation

Other Enrollment Requirements: None

History Minor (ASHISMIN)

Campus: West

Description:

The minor program in history educates students in the methods and the use of basic tools of the historical discipline. Students are exposed to a broad span of history, both temporally and geographically, ranging from the ancient world through the modern period and extending from Europe to Latin America and the United States.

The program is offered by the School of Humanities, Arts and Cultural Studies.

Program Requirements:

The minor in history consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students wishing to pursue the minor should meet with an academic advisor to construct a set of courses that reflect a particular area of specialty and interest. All courses used to satisfy requirements for the minor must be passed with a grade of "C" (2.00) or better.

History Survey Requirements -- 6 credit hours

Choose one of the following survey sets. If choosing to complete the European History/Western Civilization survey, complete two of three courses.

HST 100: Global History to 1500 (HU & H & G) AND HST 101: Global History Since 1500 (HU & H & G) (6)

HST 102: Europe and the Mediterranean: Ancient and Medieval (SB & H) or HST 103: Early Modern Europe: Renaissance to Enlightenment ((HU or SB) & H) or HST 104: Modern Europe: French Revolution to European Union ((HU or SB) & G & H) (3)

HST 109: United States to 1865 ((HU or SB) & H) AND HST 110: United States Since 1865 (SB & H) (6)

Upper-Division History Electives -- 9 credit hours

HST 495: Methods of Historical Inquiry (L) (<https://webapp4.asu.edu/catalog/courselist?s=HST&l=upperdivision&t=2217&hon=F>) > HST Upper Division Elective (9)

History Capstone Course -- 3 credit hours

(3)

Students must complete a minimum of six upper-division credit hours in History before enrolling in HST 495.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in history

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates of this minor are prepared for graduate study, for professional degree programs and for careers in which critical thinking, research and writing skills are highly valued, such as journalism, editing, law and civil service.

History Minor (LAHISMIN)

Campus: Tempe, Online

Description:

Students who pursue the minor in history study the growth and development of human society from all aspects: political, social, economic and cultural. The program covers the history of the United States, Europe, Asia, Latin America and Africa. By providing an understanding of how the various regions of the world developed, the minor in history enables students to understand today's complex world.

Program Requirements:

The history minor consists of 18 credit hours of coursework, at least 12 of which must be upper-division. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses in the minor. A minimum of six upper-division credit hours must be in courses offered by The College of Liberal Arts and Sciences.

The minor in history is available to students in both on campus and ASU Online degree programs. ASU Online students choose courses from the designated track lists below.

Lower-Division Core Survey Courses (choose two) -- 6 credit hours

HST 100: Global History to 1500 (HU & H & G) (3)

HST 101: Global History Since 1500 (HU & H & G) (3)

HST 102: Europe and the Mediterranean: Ancient and Medieval (SB & H) (3)

HST 103: Early Modern Europe: Renaissance to Enlightenment ((HU or SB) & H) (3)

HST 104: Modern Europe: French Revolution to European Union ((HU or SB) & G & H) (3)

HST 106: Asian Civilizations ((HU or SB) & G & H) (3)

HST 108: Introduction to Japan (SB & G & H) (3)

HST 109: United States to 1865 ((HU or SB) & H) (3)

HST 110: United States Since 1865 (SB & H) (3)

HST 111: Introduction to Asia (HU & H & G) (3)

Geographic Focus Courses (choose one course from each geographic area) -- 9 credit hours

Upper-Division Courses in African, Asian or Latin American History (choose one)

HST 302: Envisioning Peace (3)

HST 302: Gender and Sexuality in Islam (3)

HST 302: Slavery Systems in Africa (3)

HST 303: Studies in Asian History (3)

HST 305: Studies in Latin American History (3)

HST 307: Studies in African History (H) (3)

HST 336: Islamic Civilization (HU & H) (3)

HST 339: Islam in the Modern World (HU & G) (3)

HST 372: Modern Middle East (SB & G & H) (3)

HST 375: Colonial Latin America (SB & H) (3)

HST 376: Modern Latin America (SB & G & H) (3)

HST 383: China (SB & H) (3)

HST 384: Modern China: 1700 to the Present (SB & G & H) (3)

HST 385: History of Chinese Medicine (HU & H & G) (3)

HST 386: Interpreting China's Classics ((L or HU) & H) (3)

HST 387: Japan ((L or SB) & H) (3)

HST 388: Japan (SB & G & H) (3)

HST 389: Japan Society and Values/Premod (3)

HST 391: Modern Southeast Asia (SB & G & H) (3)

HST 392: Modern India (3)

HST 404: Conquest and Encounters in Colonial Latin America (L & G) (3)

HST 435: The Russian Empire (SB & H) (3)

HST 436: Rise & Fall of Soviet Communism (SB & G & H) (3)

HST 441: Latin America and the World Economy (L & G & H) (3)

HST 443: The United States and Latin America (SB & G & H) (3)

HST 444: Latin American Independence ((L or HU) & G) (3)

HST 445: 20th-Century Cuba (SB & G & H) (3)
HST 447: Modern Mexico (SB & H) (3)
HST 451: Chinese Cultural History I ((HU or SB) & H) (3)
HST 452: Chinese Cultural History II (SB & G & H) (3)
HST 456: The Vietnam War (SB & G & H) (3)
HST 459: Gandhi and the Politics of Nonviolence (3)

Upper-Division Courses in European History (choose one)

HST 304: Studies in European History (3)
HST 309: Exploration and Empire ((L or HU) & H) (3)
HST 346: Ancient Greece II: Late Classical and Hellenistic Period (SB & H) (3)
HST 347: Ancient Greece I: Bronze Age through the Peloponnesian War (SB & H) (3)
HST 348: Rome (SB & H) (3)
HST 349: Early Middle Ages ((HU or SB) & H) (3)
HST 350: Later Middle Ages ((HU or SB) & H) (3)
HST 351: Renaissance Europe ((L or HU or SB) & H) (3)
HST 352: Europe's Reformations ((L or HU or SB) & H) (3)
HST 353: Old Regime in Europe (SB & H) (3)
HST 354: Revolutionary Europe (SB & H) (3)
HST 355: Total War and the Crisis of Modernity (SB & G & H) (3)
HST 356: Europe since 1945 (SB & G & H) (3)
HST 358: Jewish History from Antiquity to 1492 (SB & H) (3)
HST 359: Jewish History from 1492 to 1948 (SB & G & H) (3)
HST 360: The Crusades: Religion & Conflict in the Middle Ages (SB & H) (3)
HST 361: Witchcraft and Heresy in Europe ((L or HU) & H) (3)
HST 362: Sex and Society in Classical and Medieval Europe (SB & H) (3)
HST 363: Sex and Society in Early Modern Europe ((HU or SB) & H) (3)
HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)
HST 365: World Wars I and II: Europe's Eastern Front (3)
HST 366: England to 1689 (SB & H) (3)
HST 367: Modern Britain (SB & H) (3)
HST 368: Culture and Imagination in European History (HU & H) (3)
HST 369: History and Memory of the Holocaust (3)
HST 370: Eastern Europe in Transition (SB & G & H) (3)
HST 373: Roman History I: Foundations and Republic (3)
HST 374: Roman History II: The Roman Empire (3)

HST 456: The Vietnam War (SB & G & H) (3)

ASU Online Elective -- 3 credit hours
HST Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in history; BA in history (secondary education); BAE in secondary education (history)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in history can help students as they pursue careers in many fields, including education, law, public administration, social services, foreign service and communications.

History Minor (LSHISMIN)

Campus: Polytechnic

Description:

The minor in history focuses on American history, European history, Southwest history, environmental history, the history of technology, the history of engineering and related fields.

Program Requirements:

The history minor consists of 18 credit hours. All coursework for the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 18 credit hours
HST Elective (6)

HST Upper Division Elective (12)

Notes: A minimum of six credit hours must be taken in courses offered by the College of Integrative Sciences and Arts.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in history; BA in history of science, ideas and innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in history can help students as they pursue careers in education, historical interpretation and conservation, legal professions, as archivists and curators, or in any position requiring critical thinking, research and writing skills.

History of Science, Ideas and Innovation Minor (LSHSIIMIN)

Campus: Polytechnic

Description:

Science and technology shape every facet of modern human life, but all too frequently the underlying histories and ideas go unexamined. The minor program in the history of science, ideas and innovation helps students understand how society reached its present state and helps them reflect on what the future might hold by providing a foundation in the social and intellectual issues central to understanding the intertwined histories of science, technology and ideas.

Program Requirements:

The minor of history of science, ideas and innovation requires 15 credit hours, including a minimum of 12 credit hours of upper-division. A minimum of six upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Course -- 3 credit hours

HST 280: History of Science, Ideas and Innovation (SB & G & H) (3)

Elective Courses (choose four) -- 12 credit hours

HST 309: Exploration and Empire ((L or HU) & H) (3)

HST 318: History of Engineering ((L or SB) & G) (3)

HST 319: History of Aviation (H) (3)

HST 345: Environmental History (L) (3)

HST 380: Studies in the History of Science (3)

HST 381: Studies in the History of Ideas (3)

HST 382: Studies in the History of Innovation and Technology (H) (3)

HST 482: Writing and the History of Science, Ideas and Technology (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00 cumulative GPA

Incompatible Majors: BA in history; BA in history of science, ideas and innovation

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Human Nutrition Minor (ECNTRMIN)

Campus: Downtown Phoenix

Description:

The human nutrition minor program is available to any ASU student interested in a strong scientific understanding of human nutrition.

Program Requirements:

The minor requires students to take the following courses, for a total of 19 credit hours. All courses in the minor require a minimum grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 19 credit hours

NTR 241: Human Nutrition (3)

NTR 341: Medical Nutrition Therapy I (3)

NTR 440: Advanced Human Nutrition I (3)

NTR 441: Advanced Human Nutrition II (3)

NTR 444: Medical Nutrition Therapy II (3)

NTR 446: Medical Nutrition Therapy III (4)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in Dietetics, BS in Nutritional Sciences, BS in Food and Nutrition Entrepreneurship,; BS in Health Sciences (Healthy Lifestyles Coaching); BAS in Food Service Management

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Human Systems Engineering Minor (ESHSEMIN)

Campus: Polytechnic, Online

Description:

The minor in human systems engineering in the Ira A. Fulton Schools of Engineering provides students with an understanding of the science of human performance and with experience using methods and tools that will enable them to apply their understanding to design and problem-solving. These skills can be used in a wide variety of domains, such as product usability, learning design, sports performance, and workplace and hospital safety.

Program Requirements:

The minor requires 21 credit hours. All required minor courses must be passed with a "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 18 credit hours

- HSE 101: Introduction to Human Systems Engineering (SB) (3)
- HSE 225: Human Systems Integration (3)
- HSE 230: Statistics for Human Systems Research I (CS) (3)
- HSE 290: Experimental Methods for Human Systems Research (L) (3)
- HSE 323: Perceptual Systems (SB) or HSE 324: Applied Cognitive Science (SB) (3)
- HSE 325: Human-Computer Interaction (3)

Elective Course -- 3 credit hours

- HSE 422: Human Factors in Sport (3)
- HSE 423: Human Factors in Transportation (3)
- HSE 424: Human Automation Interaction (3)
- HSE 425: Human Factors in Medical Systems (3)
- HSE 426: Training and Expertise (3)
- HSE 427: Designing for Learning (3)
- HSE 428: Judgment and Decision Making (3)
- HSE 429: Product Design and Evaluation (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in human systems engineering

Other Enrollment Requirements: None

Students should consult with a Polytechnic School advisor to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should go to <https://fultonapps.asu.edu/advising> (<https://fultonapps.asu.edu/advising>).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A broad range of professions need experts in human factors to work on problems that involve an understanding of human performance. Interest areas include user experience, aviation human factors, cognitive performance, consumer psychology, transportation human factors, patient safety, effective teamwork, health psychology, learning optimization, social cognition, threat detection and sports psychology.

The human systems engineering minor prepares students for industry and government careers in positions such as:

- game designer
- human factors engineer
- human systems integrator
- interface designer
- user experience designer
- usability engineer

Graduates may work as a member of a design team for a product or system.

Innovation in Society Minor (FIFISMIN)

Campus: Tempe, Online

Description:

The minor in innovation in society equips students with the tools needed for analyzing how science, technology and other social forces shape our present and future. Students cultivate the critical thinking skills they need to develop creative strategies that steer innovation toward the needs and values of society. Students are trained to synthesize research and theory from the social sciences, humanities, natural sciences and engineering so they can develop proposals for how to build better futures. This enables students to understand the broader context of their major and helps them mesh those studies with other disciplines to develop more encompassing solutions to important problems.

Program Requirements:

Required Courses -- 15 credit hours
FIS 111: Welcome to the Future (3)
FIS 201: Innovation in Society (H) (3)
FIS 305: Ways of Knowing (L) (3)
FIS Upper Division Elective (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this

minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu>)

Career Opportunities:

Completing this minor can help students bring about positive change in a diverse workforce. The unique knowledge and skills gained from this program enhance a student's bachelor's degree and career opportunities. The minor can complement any career path in a variety of sectors, whether business, technology, science, education or government.

Integrative Health Minor (NUIHLTMIN)

Campus: Downtown Phoenix, West

Description:

The integrative health minor program provides students with the foundational knowledge they need to approach health from a holistic perspective that focuses on the mind, body and spirit. This program provides an overview of holistic approaches as well as emphasizes research, evidence-based approaches and the legal, ethical, historical and cultural foundations of integrative health care.

Program Requirements:

This minor requires 18 credit hours. A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 15 credit hours

- HCR 241: Foundations of Integrative Health (3)
- HCR 341: Biological, Manipulative, and Body-Based Therapies (3)
- HCR 342: Mind-Body and Energy Therapies and Modalities (3)
- HCR 343: Historical and Cultural Foundations of Integrative Health Care (3)
- HCR 440: Interprofessional Approaches to Integrative Health Care (3)

Elective -- 3 credit hours

BIO OR CHM Elective (3-4)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in integrative health

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students pursuing a minor find the courses in a minor complement and enhance the skill sets and knowledge acquired while pursuing their major program. Although most career areas require more training than a minor can provide, students completing the integrative health minor often pursue employment in an organization focused on health care.

Integrative Social Science Minor (LSISSMIN)

Campus: Polytechnic

Description:

The minor program in integrative social science is designed to provide general education in the social sciences to individuals who desire exposure to the variety of theories and methods of social scientists. Individuals seeking to expand their analytical, problem-solving and strategic planning skill sets benefit from this minor.

The minor is useful to engineers, technologists and other professionals whose specialized education may not have given them access to social science research theories and methodologies, though their professional activities demand knowledge of those tools.

Program Requirements:

The minor requires 18 credit hours, including 15 credit hours of required courses and three credits hours of electives.

Because of their specific design for this particular minor, the 15 credits hours of required courses may not be substituted, nor may transfer hours be used to satisfy the requirements.

Required Courses -- 15 credit hours

ISS 301: Integrated Social Science Research Methods (SB) or POS 301: Empirical Political Inquiry (SB) or STS 301: Research in Science and Technology Studies (SB) (3)

ISS 302: Scope of Social Science (SB) (3)

ISS 304: Integrated Theories of Social Science (SB) (3)

ISS 401: Statistics for Integrated Social Science (MA) or POS 401: Political Statistics (CS) or STS 401: Statistics in Science and Technology Studies (CS) (3)

STS 304: Science, Technology and Society (SB) (3)

Elective Course (choose one) -- 3 credit hours

POS 316: American Political Institutions (3)

POS 325: Public Policy Development (SB) (3)

POS 485: Political Economy (SB) (3)

SOC 332: The Modern City (G) (3)

SOC 352: Social Change (SB & G & H) (3)

SOC 420: Sociology of Religion (L or SB) (3)

SOC 421: Education and Society (SB) (3)

STS 306: Social Effects of Science and Technology (SB) (3)

STS 317: Science, Technology, and Global Engagement (SB & G) (3)

STS 329: Technology in Developing Countries (SB & G) (3)

STS 330: Information Technology and Globalization (SB & G) (3)

STS 331: Ethical Issues in Science and Technology (SB) (3)
STS 332: Global Issues in Science and Technology (SB) (3)
STS 364: Science, Technology, and National Security (SB) (3)
WST 300: Women and Gender in Contemporary Society (SB & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in integrative social science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in integrative social science can help students expand skills in the analysis of social phenomena and complex social problems as they pursue careers in strategic analysis, economics and politics.

Interdisciplinary Organizational Studies Minor (ASIOSMIN)

Campus: West

Description:

The minor program in interdisciplinary organizational studies is designed to increase students' understanding of the behavioral dynamics of individuals and groups in the workplace. It incorporates perspectives from the behavioral and social sciences, communication studies and management.

The minor is learner-centered and allows students to select coursework that matches their career and educational goals.

The program is offered by the School of Social and Behavioral Studies.

Program Requirements:

The minor in interdisciplinary organizational studies consists of 21 credit hours (a minimum of 18 credit hours must be upper division). Six upper-division credit hours must be taken from the School of Social and Behavioral Sciences. The research methods course must be approved by an academic advisor prior to enrollment. Students will complete 12 credit hours in courses focused on organizations and three credit hours from courses focused on diversity within organizations. The internship site must be approved by the Internship Advisor prior to enrollment. All courses used to satisfy the requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

PSY 453: Organizational Behavior (SB) (3)

A research methods course must be chosen in consultation with an academic advisor in the School of Social and Behavioral Sciences from the following:

COM 308: Advanced Research Methods in Communication (L) (3)

PSY 230: Introduction to Statistics (CS) (3)

SBS 304: Social Statistics I (CS) (3)

Cluster 1 - Courses Focused on Organizations -- 12 credit hours

Choose four courses from the following list:

COM 320: Communication and Consumerism (SB) (3)

COM 400: Dissent in Organizations (HU & C) (3)

COM 450: Organizational Communication (SB) (3)

COM 451: Communication and Work Relationships (3)

COM 453: Communication Training and Development (3)

PHI 360: Business and Professional Ethics (HU) (3)

PSY 482: Social Influence and Consumer Behavior (SB) (3)

PSY 484 / COM 484: Internship or SOC 484: Internship (3)

SOC 443: Sociology of Corporations (SB & G) (3)

Cluster 2 - Courses Focused on Diversity Within Organizations -- 3 credit hours

Choose one course from the following list:

COM 463: Intercultural Communication in a Global Context (SB & G) (3)

POS 437: Women, Power, and Politics (G) (3)

SOC 270: Racial and Ethnic Relations (SB & C) (3)

SOC 400: Perspectives on Aging (SB) (3)

SOC 426: Social Inequality (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in interdisciplinary organizational studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students with a minor in interdisciplinary organizational studies are well-suited for employment as a human relations analyst, employee training and development manager, corporate communications specialist, customer service and customer relations manager, EEO representative, labor organizer or mediator.

Interior Design History Minor (ARINTMIN)

Campus: Tempe

Description:

The minor in interior design history is available to students interested in studying design and culture across many time periods.

The courses designated for the minor are part of the professional studies in interior design environments. The coursework introduces theories informing the professions of architecture, decorative arts and interior design while also examining cultures and history from around the globe.

Program Requirements:

A minimum of 18 credit hours (12 credit hours of which must be from the 300 or 400-level) are required for the minor. A minimum grade of "C" (2.00) is required in all courses for the minor. To enhance the understanding of the subject matter, the selected courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which any of these courses are offered. A minimum GPA of 2.50 in minor courses is required to earn the minor in interior design history.

Required Courses -- 12 credit hours

DSC 101: Design Awareness (HU & G) (3)

INT 111: Interior Design Issues and Theories (HU) (3)

INT 310: History of Interior Design I (HU & H) (3)

INT 311: History of Interior Design II (HU & H) (3)

Interior Design History Courses -- 6 credit hours

APH 300: World Architecture I/Western Cultures (HU & H & G) (3)

INT 415: Latin American Design or INT 494: Design and Culture in Latin America (3)

INT 494: Contemporary Design Issues in Europe (3)

INT 494: Design and Context (3)

INT 494 "Contemporary Design Issues in Europe" and INT 494 "Design and Context" are offered as part of a summer study abroad program only.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: BSD in interior design

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

The minor in interior design history can complement professional studies in architecture, interior design, environmental design, art, education and history. Degrees within these disciplines can lead to professional positions within studio design firms, design administration and design education.

Italian Minor (LAITAMIN)

Campus: Tempe

Description:

Students pursuing a minor in Italian gain an understanding of the language, literature and cultures of Italian-speaking peoples and regions.

Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience and should go to <https://silc.asu.edu/student-life/study-abroad/faculty-directed-summer-program-pages> (<https://silc.asu.edu/student-life/study-abroad/faculty-directed-summer-program-pages>) for more information.

Program Requirements:

The Italian minor requires 18 credit hours. A minimum of 12 credit hours must be upper-division. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

ITA 311: Speak Italy: Language, People, Culture (G) or ITA 312: Write Italy: Language, People, Culture (L & G) (3)

ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) or ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)

Electives -- 12 credit hours

Students may apply a maximum of six credit hours of 200-level ITA courses toward the minor. If both ITA 201 and ITA 202 are completed, the remaining two credit hours will be counted toward university elective credit. All remaining electives must be upper-division ITA courses, of which at least three credit hours must be completed at the 400-level.

ITA 201: Intermediate Italian I (G) (4)

ITA 202: Intermediate Italian II (G) (4)

ITA 210: Intensive Italian II (G) (6)

ITA 311: Speak Italy: Language, People, Culture (G) (3)

ITA 312: Write Italy: Language, People, Culture (L & G) (3)

ITA 315: Italian Culture: The Good, The Bad and The Ugly (HU & G) (3)

ITA 319: Italian for Professions (3)

ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) (3)

ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)

ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)

ITA 394: Special Topics (1-4)

ITA 413: Advanced Italian (G) (3)

ITA 414: French and Italian Popular Culture ((L or HU) & G) (3)

ITA 420: Italian Cinema (L & G) (3)

ITA 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)

ITA 484: Internship (3)

ITA 494: Special Topics (1-4)

ITA 499: Individualized Instruction (3)

Additional courses can be used toward minor electives with permission of an academic advisor in the School of International Letters and Cultures.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Italian

Other Enrollment Requirements: None

Students who wish to add a minor in Italian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in Italian studies enables students to enhance the marketable skills and knowledge they acquire in their major program with additional communication and cultural competencies.

Students with the minor often pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Justice Studies Minor (LAJUSMIN)

Campus: Tempe, Online

Description:

The minor program in justice studies is designed for students interested in developing an understanding of the meaning of justice and injustice and in analyzing controversial issues. In addition to the two required core courses, students are able to select electives that align with their specific interests.

Program Requirements:

The minor requires a minimum of 18 credit hours. At least 12 credit hours must be at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

JUS 105: Introduction to Justice Studies (SB) or JUS 305: Principles of Justice Studies (SB) (3)

JUS 303: Justice Theory (L) (3)

Electives -- 12 credit hours

Select any JUS course except JUS 301, JUS 302 or any course listed as a required course for Justice Studies majors.

JUS Elective (3)

JUS Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in justice studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. Those with a minor in justice studies are able to bring specialized

knowledge and skills pertaining to social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

Kinesiology Minor (NHKINMIN)

Campus: Downtown Phoenix, ASU@Lake Havasu

Description:

The minor program in kinesiology introduces students to the concepts, theories, research and careers related to the four major subdisciplines of kinesiology (motor behavior, exercise and health psychology, biomechanics and exercise physiology). Students in the minor select one of these four subdisciplinary areas as the area of emphasis on which to focus in the upper-division requirements for the minor.

Program Requirements:

18 credit hours are required for the minor. Students begin by taking KIN 101 Introduction to Kinesiology and KIN 290 Introduction to Evidence-Based Practice. After this, students will select a track in one of the four subdisciplines.

*All track courses must come from a single track.

Required Core Courses for all Tracks -- 6 credit hours

KIN 101: Introduction to Kinesiology (3)

KIN 290: Introduction to Evidence-Based Practice (L) (3)

Biomechanics Track:

Biomechanics Required Course -- 3 credit hours

KIN 335: Biomechanics (3)

Biomechanics Track Electives (choose three) -- 9 credit hours

KIN 334: Functional Anatomy and Kinesiology (3)

KIN 412: Biomechanics of the Skeletal System (3)

KIN 415: Theory of Corrective Exercise (3)

KIN 418: Experimental Neuromechanics (3)

KIN 494: Functional Anatomy of Low Back Pain (3)

Exercise Physiology Track:

Exercise Physiology Track Required Course -- 3 credit hours

KIN 340: Physiology of Exercise (3)

Exercise Physiology Track Electives (choose three) -- 9 credit hours

KIN 334: Functional Anatomy and Kinesiology (3)

KIN 440: Exercise Biochemistry (3)

KIN 441: Physiology of Women in Sport (L) (3)

KIN 442: Fuel Metabolism (3)

KIN 443: Exercise Endocrinology (L) (3)

KIN 444: Metabolic Adaptations to Exercise Training (3)

KIN 446: Pediatric Obesity (3)

KIN 447: ECG Interpretation (3)

KIN 460: Theory of Strength Training (L) (3)

KIN 465: Muscle Physiology (3)

KIN 466: Cardiovascular Exercise Physiology (3)

KIN 494: Advanced Exercise Physiology (3)

Exercise/Health Psychology Track:

Exercise/Health Psychology Track Required Course -- 3 credit hours

KIN 352: Psychosocial Aspects of Physical Activity (SB & C) (3)

Exercise/Health Psychology Track Electives (choose three) -- 9 credit hours

KIN 334: Functional Anatomy and Kinesiology (3)

KIN 348: Psychological Skills for Optimal Performance (SB) (3)

KIN 450: Biopsychosocial Perspectives on Physical Activity and Health (3)

KIN 452: Exercise Psychology (SB) (3)

KIN 454: Motivational Theory in Exercise and Health (3)

Motor Behavior Track:

Motor Behavior Track Required Course -- 3 credit hours

KIN 345: Motor Behavior (3)

Motor Behavior Track Electives (choose three) -- 9 credit hours

KIN 334: Functional Anatomy and Kinesiology (3)

KIN 421: Human Motor Control (L) (3)

KIN 422: Motor Control in Special Populations (L) (3)

KIN 423: Motor Control and Aging (L) (3)

KIN 424: Neural Aspects of Movement and Rehabilitation (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in kinesiology; BS in exercise and wellness (CES); BS in sports science and performance programming

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop additional knowledge and skills, though most career areas do require more training than a minor alone can provide. A kinesiology minor can enhance a student's knowledge of human movement, and this information is valuable for those pursuing careers in the health and medical field.

602-496-3300

Korean Minor (LAKORMIN)

Campus: Tempe

Description:

The Korean minor program is designed to enrich and deepen students' understanding of Korea by placing special emphasis on obtaining a high level of language proficiency in Korean as well as gaining extensive knowledge of Korean literature, culture, film and linguistics, which are necessary for professional or academic endeavors in areas related to Korea or East Asia.

Program Requirements:

The minor in Korean consists of 18 upper-division credit hours in the field. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher. At least 12 credit hours must be taken in courses taught by ASU or completed through a study abroad program administered by ASU and officially recognized by the Korean program.

Required Courses -- 6 credit hours

KOR 313: Third-Year Korean I (G) (3)

KOR 314: Third-Year Korean II (G) (3)

Korean Electives (select four) -- 12 credit hours

KOR 347: Korean Film and Literature (HU) (3)

KOR 350: Women of Korea (H) (3)

KOR 375 / SLC 375: Intercultural Communication in Korea (3)

KOR 401: Advanced Korean I (3)

KOR 402: Advanced Korean II (3)

KOR 415 / SLC 415: Korean Popular Culture (HU & G) (3)

KOR 457 / SLC 457: Premodern Korea in a Global Context (HU) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: Students must have completed KOR 202 Second-Year Korean II with a minimum course grade of a "C" (2.00 on a 4.00 scale) or better or have an equivalent level of Korean language proficiency.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies. A minor in Korean studies equips students with communication and cultural competency skills, a valuable benefit when they pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Landscape Studies Minor (ARLNDMIN)

Campus: Tempe

Description:

The landscape studies program is designed for students who have an interest in landscape architecture but are pursuing a major in another field.

This minor provides an overview to the topic of landscape architecture and a foundational framework for understanding how shaping the exterior environment can impact life and the environment. The course selection provides greater understanding of landscape architecture concerns particularly relevant in related professional disciplines.

Program Requirements:

A minimum of 18 credit hours (to include 12 credit hours of upper-division coursework) are required for the minor. A minimum grade of "C" (2.00) is

required in all courses for the minor.

A minimum GPA of 2.50 in minor courses is required to earn the minor in landscape studies.

Required Courses -- 12 credit hours

ALA 102: Landscapes and Sustainability (HU & G) (3)

LAP 251: Plant Materials for Sustainable Landscapes or ALA 100: Introduction to Environmental Design (HU & H & G) (3)

LAP 311: History of Landscape Architecture (HU & H) (3)

LAP 312: 20th-Century Landscape Architecture (HU) (3)

Landscape Architectural History and Theory -- 6 credit hours

EDS 301: Sustainable Community Design and Practices (3)

LAP 332: GIS Applications in Environmental Design (3)

LAP 352: Ecosystems and Sustainable Design (3)

LAP 413: Landscape Architecture Theory and Criticism (L) (3)

LAP 485: International Field Studies (G) (1-6)

LAP 494: Special Topics (3)

LAP 499: Individualized Instruction (1-3)

Notes: LAP 499 requires a petition to The Design School.

LDE 494: MicroDwell (3)

LDE 494: Special Topics (3)

LPH 494: Special Topics (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: BS in landscape architecture

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. The minor in landscape architecture is intended to augment a degree and expand career possibilities in any of the environmental design disciplines, including architecture, interior design and planning.

Latin American Studies Minor (ASLASMIN)

Campus: West

Description:

The minor program in Latin American studies offers a learner-driven model in which the student's specific interests are deepened through the study of Latin America. It is interdisciplinary and allows for flexibility in course selection while also instilling a breadth and depth of knowledge about issues surrounding Latin America.

Program Requirements:

The minor in Latin American studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken from the School of Humanities, Arts, and Cultural Studies and a minimum of 12 credit hours must be completed at ASU. Relevant course substitutions from other ASU colleges and schools may be permitted with the approval of the Latin American Studies faculty lead and if the course focuses solely upon Latin American Studies. All courses used to satisfy the requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

LAS 205: Deep Roots: Latin America (HU & G) (3)

LAS 206: Locating Latin America: Interdisciplinary Methods (3)

Upper-Division Latin American Studies Electives -- 12 credit hours

AMS 330: American Lives (HU & C) (3)

ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)

COM 477: Sport, Culture, and Discourses (3)

IAP 305: 20th and 21st Century Art, Performance, and Media (L or HU) (3)

IAP 473: Aesthetic Research (L or HU) (3)

IAP 474: Art and Film (L or HU) (3)

IAS 406 / PHI 406: Moral Dilemmas (L or HU) (3)

LAS 330: From the Inside: The Latin American Journey (HU) (3)

LAS 340: Latin American Women Writers (3)

LAS 350: The Construction of a Nation: Chile in the 20th/21st Century (3)

LAS 351: Cityscapes: Urban Mexican Literature and Culture (3)

LAS 355: Contemporary Mexican Cinema: Changing Cartographies (3)

LAS 375: Colonial Latin America (SB & H) (3)

LAS 376: Modern Latin America (SB & G & H) (3)

LAS 394 / POR 394 / SLC 394 / SPA 394: Special Topics (3)

LAS 404: Conquest and Encounters in Colonial Latin America (L & G) (3)

LAS 419: 20th Century Chicano/a History (C) (3)

LAS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)

LAS 430: Gender on the Borderlands (SB & G) (3)

LAS 441: Latin America and the World Economy (L & G & H) (3)

LAS 449 / SPA 449: Latin American Cinema: The Dead and the Disappeared (G & H) (3)

LAS 450: Latina/os, Schooling and Social Inequality (C) (3)

LAS 471: Treaties and Cultural Production in Spain and the Americas (3)

LAS 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

LAS 480: Current Trends in Theatre and New Media in Latin America and Spain (HU) (3)

LAS 481: Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (HU & G) (3)

LAS 494 / POR 494 / SLC 494 / SPA 494: Special Topics (3)

MUS 354: Latin American Popular Music (HU) (3)

NEW 300: International Cities (3)

Notes: NEW 300 International Cities can be used as an Upper-Division Latin American Studies Elective for Latin American cities only.

PHI 306: Applied Ethics (HU) (3)

PHI 360: Business and Professional Ethics (HU) (3)

POS 354: Central American Studies (SB & G) (3)

POS 453: Latin America (SB & G) (3)

POS 454: Mexico (SB & G) (3)

PSY 468: Psychology and Law (3)

REL 390 / WST 390: Women, Gender and Religion (HU & G) (3)

SOC 445: Globalization, Development, and Resistance (SB & G) (3)

SPA 325: Introduction to Hispanic Literature (HU) (3)

SPA 413: Spanish Grammar in Context (G) (3)

SPA 426: Literature and Society in Modern Spain (HU) (3)

SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)

SPA 429: Writing Mexico: Major Texts ((L or HU) & G) (3)

SPA 434: Drama of the Golden Age (3)

SPA 456: 20th-Century Spanish American Fiction (3)

SPA 464: Jaitón Works in Chicano/a Literature ((HU or SB) & C) (3)

SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

SPA 487: Chicano/a Drama: Pachucos, Vendidos y Cerezitas (C) (3)

WST 457: Women, Cultures, and Societies (SB & G) (3)

minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in Latin American studies; BA in social and cultural analysis (Latin American studies)

Other Enrollment Requirements: None

The minor in Latin American studies is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

This minor encourages cross-cultural exploration and students who pursue it are prepared for a global-minded career path, in fields as diverse as business and finance, arts and arts administration, education, nonprofit organizations, health care, the sciences, psychology, social sciences, sports, journalism, diplomacy, law enforcement and forensic science, ministry, technology, architecture and library science.

Materials Science and Engineering Minor (ESMSEMIN)

Campus: Tempe

Description:

The materials science and engineering minor is a program designed to give science and engineering majors an in-depth understanding of materials, including their structure, processing, properties and performance.

Program Requirements:

Students are required to take five courses and one lab (minimum of 16 credits), listed below:

Required Courses -- 12 credit hours

MSE 250: Structure and Properties of Materials (3)

MSE 355: Structure and Defects (3)

MSE 356: Thin Film and Microelectronic Devices Lab (<https://webapp4.asu.edu/catalog/courselist?s=MSE&l=300-399&t=2217&hon=F>) > MSE 3**

Elective or MSE 4** Elective (6)

Materials-related Lab Course -- 1 credit hours

(1)

MSE 451: Nanomaterials and Electronics Characterization Lab (1)

Materials-related Course -- 3 credit hours

BME 318: Biomaterials (4)

CEE 353: Civil Engineering Materials (4)

CHE 468: Polymer Principles and Processing (3)

CHM 471: Solid-State Chemistry (3)

EEE 352: Properties of Electronic Materials (4)

EEE 436: Fundamentals of Solid-State Devices (3)

PHY 481: Materials Physics I (<https://webapp4.asu.edu/catalog/courselist?s=MSE&l=300-399&t=2217&hon=F>) > MSE 3** Elective (3)

MSE 4** Elective (3)

(3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Maintain 2.50 GPA in Minor Courses.

Enrollment Requirements:

GPA Requirement: 2.75

Incompatible Majors: BA in interdisciplinary studies with a concentration in materials science and engineering

Other Enrollment Requirements: Students must hold sophomore status to enroll in the materials science and engineering minor. To earn the minor, students must receive a minimum GPA of 2.50 (scale is 4.00 = "A") in all minor courses. Students adding the minor also need to complete MAT 265 (MAT 270), MAT 266 (MAT 271), MAT 267 (MAT 272), MAT 242 (MAT 342 or 343), and CHM 114 or CHM 113 and 116.

Interested students should consult with a School for Engineering of Matter, Transport and Energy advisor to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, students should contact the SEMTE advising office at 480-965-2335 or semte@asu.edu (<mailto:semte@asu.edu>).

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult with their major academic advisor to declare the minor after they have met with a SEMTE advisor to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

For engineering majors, a minor in materials science and engineering could open up career opportunities in nanotechnology, electronics, health care and sustainability and energy. For nonengineering majors, a minor in materials science and engineering can provide a foundation in sustainability, nanotechnology and materials physics.

Mathematics Minor (ASMATHMIN)

Campus: West

Description:

The minor program in mathematics explores the study of higher mathematics. It is designed to enable the student to understand the mathematics most commonly used in business, economics and science. It is expected that students in the minor will be able to reason and to find creative solutions to problems that are either presented to them or meaningfully formulated by them.

The program is offered by the School of Mathematical and Natural Sciences.

Program Requirements:

The minor in mathematics consists of 20 credit hours (a minimum of 12 credit hours must be upper division). A minimum of nine upper-division credit hours must be taken from the School of Mathematical and Natural Sciences. Elective courses not on this list should be approved by an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 14 credit hours

MAT 271: Calculus with Analytic Geometry II (MA) (4)

MAT 272: Calculus with Analytic Geometry III (MA) (4)

MAT 300: Mathematical Structures (L) (3)

MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)

Upper-Division Elective Courses (choose two courses) -- 6 credit hours

MAT 310: Introduction to Geometry (3)

MAT 371: Advanced Calculus I (3)

MAT 411: History and Philosophy of Mathematics (HU & H) (3)

MAT 421: Applied Computational Methods (CS) (3)

MAT 443: Introduction to Abstract Algebra (3)

MAT 445: Theory of Numbers (3)

MAT 452: Introduction to Chaos and Nonlinear Dynamics (3)

MAT 461: Applied Complex Analysis (3)

MAT 462: Applied Partial Differential Equations (3)

MAT 472: Intermediate Real Analysis I (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in applied mathematics

Other Enrollment Requirements: None

The minor in mathematics is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor is recommended for students who plan to major in interdisciplinary arts and sciences, biology or business and for those who are preparing for further graduate study.

Mathematics Minor (LAMATMIN)

Campus: Tempe

Description:

The minor in mathematics is designed for students who want to further their knowledge of mathematics. It is beneficial for students majoring in any field where there is a need for quantification in the analysis of phenomena.

Program Requirements:

The minor in mathematics consists of a minimum of 18 credit hours, of which at least 12 must be upper-division. A grade of "C" (2.00 on a 4.00 scale) or better is required for courses used in the minor.

Required Courses -- 9 credit hours

A minimum of 9 credit hours is required. Students completing MAT 271 and MAT 272 will complete a total of 11 credit hours.

MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)

MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)

MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra (3)

Upper Division Electives -- 9 credit hours

In consultation with an academic advisor in the School of Mathematical and Statistical Sciences, students choose nine credit hours of upper-division coursework in any combination from ACT, MAT and STP subjects. Students complete at least three courses from these subjects.

ACT OR DAT OR MAT OR STP Upper Division Elective (9)

Students may not apply ACT 491, MAT 411 or MAT 485, or any course not offered by The College of Liberal Arts and Sciences to the minor, unless approved by an academic advisor in the School of Mathematical and Statistical Sciences prior to registration.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science; BS in statistics; BS in data science, BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Students should confer with an academic advisor in the School of Mathematical and Statistical Sciences before declaring the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Mathematics is foundational and can be applied to many different types of careers. Math is a crucial part of engineering, life sciences, business, physics, economics and social sciences. These are just a few of the top careers possible with a minor in mathematics:

- cryptographer
- engineer
- financial analyst
- mathematician
- operations research analyst
- statistician
- teacher

Media Analysis Minor (CSCMOMINA)

Campus: Downtown Phoenix, Online

Description:

The mass media, more than ever before, play vital roles in how information is disseminated and how societies and cultures evolve.

In the media analysis minor, students learn to understand the roles media plays, how they are changing and what impact they make. Students are given the tools they need to critically evaluate, analyze and interpret media messages in order to become wise consumers of media.

Program Requirements:

The minor of media analysis consists of 18 credit hours of course work: nine credits of MCO core courses and nine credits of MCO electives. To

pursue the minor in media analysis, students must maintain a minimum 2.00 cumulative GPA, and obtain a minimum grade of "C" (2.00 on a 4.00 scale) in each course in the minor.

Required Courses -- 9 credit hours

MCO 120: Media and Society (SB) (3)
MCO 240: Media Issues in American Pop Culture (3)
MCO 418: History of Mass Communication (SB & H) (3)

Elective Courses -- 9 credit hours

MCO 302: Media Research Methods (3)
MCO 307: The Digital Audience (3)
MCO 335: Social Media (3)
MCO 366: Media Ethics and Diversity (3)
MCO 403: Media Law (3)
MCO 425: Digital Media Literacy I (3)
MCO 426: Digital Media Literacy II (3)
MCO 430: International Mass Communication (G) (3)
MCO 431: Media Entrepreneurship (3)
MCO 450: Visual Communication (HU) (3)
MCO 456: Political Communication (SB) (3)
MCO 460: Race, Gender, and Media (C) (3)
MCO 465: Sports and Media (3)
MCO 470: Exploring the Business of Journalism (3)
MCO 473: Sex, Love, and Romance in the Mass Media (SB) (3)
MCO 494: Special Topics (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in journalism and mass communication; BA in sports journalism and mass communication; BA in mass communications and media studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor or the department offering the minor for more information:

https://cronkite.asu.edu/undergrad/minor_media_analysis (https://cronkite.asu.edu/undergrad/minor_media_analysis).

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

The ability to understand the way media functions is vital to many industries. As a result, a minor in media analysis helps students as they pursue media roles across communication, journalism and fact-checking, as well as career opportunities in economics, finance and political organizations.

Medical Studies Minor (NHMESTMIN)

Campus: Downtown Phoenix, Polytechnic, West

Description:

The minor program in medical studies focuses on preparing students for employment in health care and clinical medicine, including in both direct and indirect patient care.

Students take coursework in historical aspects of medicine, ethics in health care, and leadership and professionalism. Students have the option of selecting an internship course that enhances the application of core concepts.

Program Requirements:

Students must earn a "C" or better in courses used for the minor.

Required Courses -- 15 credit hours

HCD 303: Global Health Care Systems (G) (3)

HCD 330: Health Care Systems in the U.S. (3)

MED 300: Historical and Contemporary Issues in Health (L) (3)

MED 320: Applied Medical/Health Care Ethics (HU) (3)

MED 450: Leadership and Professionalism (3)

Elective Course (choose one) -- 3 credit hours

HCD 420: Population Health Management (3)

MED 484: Internship (3)

PBH 422: Health Disparities and Access to Health (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in medical studies; BS in science of health care delivery; BS in health sciences; BS in population health

Other Enrollment Requirements: Students must complete a minimum of 30 credit hours prior to adding the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The medical studies minor program provides students with the opportunity to acquire valuable skills in health care that can be implemented along with those developed in the major program in a variety of career settings. Some career opportunities include project coordinators, marketing, sales and research.

Military Leadership Minor (LAMISMIN)

Campus: Tempe

Description:

The minor in military leadership is a program designed to enhance students' learning experience by providing tools that prepare them for leadership roles in various organizations. Students complete courses that cover academic and practical skills in many areas, including:

- effective communication
- leadership ethos
- negotiation
- problem-solving
- staff motivation and empowerment
- team-building

Program Requirements:

The minor in military leadership requires a minimum of 18 credit hours, 12 of which must be at the 300- or 400-level. 12 credit hours must be taken in residence on an ASU campus. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Students choose the option befitting their chosen branch of the military. An option is also provided for non-ROTC students wishing to benefit from the skills and knowledge developed in the minor.

Branch Specific Options -- 18 credit hours

The branch-specific options for Army, Air Force and Navy require a minimum of 12 credit hours specific to the option, and six credit hours chosen from a list of approved electives. Students choosing the Marine option complete nine credit hours within the branch option courses and nine credit hours from the list of approved electives.

Army Option

MIS 301: Training Management and the Warfighting Functions (L) (4)

MIS 302: Applied Leadership in Small-Unit Operations (L) (4)

MIS 401: The Army Officer (4)

MIS 402: Company Grade Leadership (4)

Choose two additional courses from the list of Approved Electives below.

Air Force Option

AES 301: Air Force Leadership Studies I (L) AND AES 302: Leadership Laboratory (3)

AES 303: Air Force Leadership Studies II (L) AND AES 304: Leadership Laboratory (3)

AES 401: National Security Affairs (L) AND AES 402: Leadership Laboratory (3)

AES 403: Preparation for Active Duty II AND AES 404: Leadership Lab (3)

Choose two additional courses from the list of Approved Electives below.

Navy Option

NAV 301: Naval Ship Systems I (3)

NAV 302: Naval Ship Systems: Weapons (3)

NAV 401: Naval Operations and Seamanship (3)

NAV 402: Leadership and Ethics (3)

NAV 499: Individualized Instruction (3)

Choose two additional courses from the list of Approved Electives below.

Marine Option

NAV 303: Evolution of Warfare (3)

NAV 402: Leadership and Ethics (3)

NAV 403: Fundamentals of Maneuver Warfare (3)

Choose three additional courses from the list of Approved Electives below.

Non-ROTC Option -- 18 credit hours

The minor also offers an option designed for non-ROTC students desiring the training provided by the minor. Student in the non-ROTC option complete three courses from this list of approved core courses and three courses selected from the list of Approved Electives.

Choose three courses from the following:

AES 301: Air Force Leadership Studies I (L) (3)

AES 303: Air Force Leadership Studies II (L) (3)

AES 401: National Security Affairs (L) (3)

AES 403: Preparation for Active Duty II (3)

MIS 301: Training Management and the Warfighting Functions (L) (4)

MIS 303: National Advanced Leadership Camp (4)

MIS 401: The Army Officer (4)

MIS 402: Company Grade Leadership (4)

NAV 301: Naval Ship Systems I (3)
NAV 302: Naval Ship Systems: Weapons (3)
NAV 303: Evolution of Warfare (3)
NAV 401: Naval Operations and Seamanship (3)
NAV 402: Leadership and Ethics (3)
NAV 403: Fundamentals of Maneuver Warfare (3)

Choose three additional courses from the list of Approved Electives below.

Approved Electives

Courses can only satisfy one requirement. No course used toward the branch-specific courses or the core courses for the non-ROTC option can be repeated as an elective.

AES 101: Air Force Today I (2)
AES 103: Air Force Today II (2)
AES 201: The Evolution of USAF Air and Space Power I (2)
AES 203: The Evolution of USAF Air and Space Power II (2)
FAS 101: Personal Growth in Human Relationships (SB) (3)
FAS 331: Marriage and Family Relationships (SB) (3)
HST 372: Modern Middle East (SB & G & H) (3)
HST 408: Civil War and Reconstruction ((L or SB) & H) (3)
HST 456: The Vietnam War (SB & G & H) (3)
MIS 101: Introduction to the United States Army (4)
MIS 102: Foundation of Agile and Adaptive Leadership (4)
MIS 201: Army Leadership and Decision Making (4)
MIS 202: Army Doctrine and Team Development (4)
MIS 499: Individualized Instruction (3)
NAV 101: Introduction to Naval Science (3)
NAV 102: Sea Power and Maritime Affairs (3)
NAV 202: Navigation (3)
REL 100: Religions of the World (HU & G) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Additional electives may be used with the prior approval of the department chair.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Other Enrollment Requirements: None

Students in the history or religious studies BA programs may not use HST or REL courses to meet the elective requirement for this minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor in military leadership provides students with the knowledge of the military as a profession, its purpose and capabilities in support of national defense. Students who complete the minor improve problem-solving abilities and enhance critical and creative thinking skills, and assists students pursuing careers in support of the Department of Defense.

Music Minor (FAMUSMIN)

Campus: Tempe, Online

Description:

The music minor is designed for students who are interested in a broad introduction to the study of music. The program allows for a diverse exposure to traditional through contemporary music practices, with numerous course options based on students' interests.

Program Requirements:

The School of Music offers a minor in music consisting of 24 credit hours of coursework, including a minimum of 12 upper-division credit hours. A minimum grade of "C" (2.00) is required in all courses.

Required Courses -- 12 credit hours

MHL 201: Media Literacy for Musicians (CS) (3)

Notes: Only offered as an iCourse.

MUS 100: Fundamentals of Music Notation (3)

Notes: Only offered as an iCourse.

MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)

Notes: Bach to Bebop is only offered in fall semesters.

MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)

Music History -- 6 credit hours

MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)

Notes: Bach to Bebop is only offered in fall semesters.

MUS 347: Jazz in America (HU & C) (3)

MUS 356: Broadway and the American Musical (HU) (3)

MUS 410: History of Women in Music (HU & C & H) (3)

Music Electives -- 6 credit hours

MUS 354: Beatles (HU) (3)

MUS 354: Classic Rock: 1950-1975 (HU) (3)

MUS 354: Country Music (HU) (3)

MUS 354: Elvis (HU) (3)

MUS 354: Jazz Giants (HU) (3)

MUS 354: Rock Since 1975 (HU) (3)

MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)

MUS Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: All music majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in music have additional knowledge that can help them as they pursue careers in arts administration, teaching, fundraising management or marketing.

Music Performance Minor (HIMUSPMIN)

Campus: Tempe

Description:

The minor program in music performance allows students with a background in playing an instrument or in singing to continue to develop their musicianship while pursuing their major studies.

The coursework includes individualized instruction and ensemble experience to develop the student's performance skills.

Program Requirements:

The minor requires 21 credit hours, of which 12 are upper division, in performance, history, theory and electives.

Students may transfer up to nine credit hours toward the minor.

Admission requirement: An audition is required for entrance into the minor and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage (<http://music.asu.edu/admissions/auditions/>).

Required Courses -- 6 credit hours

MUP 121: Studio Instruction (2)

Notes: Two semesters of MUP 121 are required.

MUP 321: Studio Instruction (1)

MUS 131: Bach to Bebop (HU) or MUS 355: American Music (HU & C & H) (3)

Ensembles - Three semesters of ensembles related to the primary instrument studied in the minor -- 3 credit hours

MUP 442: Orchestra Strings (1)

MUP 442: Wind Ensemble (1)

MUP 443: Chamber Singers (1)

MUP 443: Concert Choir (1)

MUP 444: Concert Winds (1)

MUP 450: Choral Union (1)

MUP 455: Arizona Statesmen (1)

MUP 457: Sol Singers (1)

MUP 458: ASU Gospel Choir (1)

MUP 459: Barrett Choir (1)

MUP 486: Concert Jazz Band (1)

MUP 486: Jazz Repertory Band (1)

MUP 486: Latin Jazz Ensemble (1)

Ensemble - Fourth semester of ensemble (may be unrelated to the primary instrument studied in the minor) -- 1 credit hours

MUS 294: Rock Band (1)

MUP 441: Popular Music Ensemble (1)

MUP 485: Contemporary (1)

MUP 485: Jazz (1)

MUP 485: Percussion Ensemble (1)

MUP 485: Steel Band (1)

MUP 489: Ethnomusicology Ensembles (1)

MUP 489: Gamelan (1)

MUP 489: Hip Hop Ensemble (1)

MUP 489: Latin Marimba (1)

MUP 489: Mariachi (1)

MUP 489: World Percussion Ensemble (1)

Music History -- 6 credit hours

MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)

MUS 347: Jazz in America (HU & C) (3)

MUS 354: Classic Rock: 1950-1975 (HU) (3)

MUS 355: American Music (HU & C & H) (3)

MUS 356: Broadway and the American Musical (HU) (3)

MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)

MUS 410: History of Women in Music (HU & C & H) (3)

MHL courses may be accepted if the appropriate prerequisites are met or with instructor approval.

Music Theory -- 3 credit hours

Students will take a theory diagnostic exam to determine placement in either MUS 100 or MTC 125.

MUS 100: Fundamentals of Music Notation or MTC 125: Basic Music Theory (3)

Music Electives -- 2 credit hours

MHL OR MUE OR MUP OR MUS OR MTC OR MSC Upper Division Elective (2)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: All music majors

Other Enrollment Requirements: Students must successfully complete an audition before the faculty in the applicable instrument area for entrance into the program. Audition criteria and specific audition requirements are determined by area faculty and are similar to the MUP 111 and MUP 311 enrollment criteria for each instrument posted at <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>). Students interested in pursuing the performance minor should submit an application at <https://musicdancetheatre.asu.edu/degree-programs/music-performance-minor> (<https://musicdancetheatre.asu.edu/degree-programs/music-performance-minor>).

Advisors should not add the minor until the student presents a letter from the School of Music, Dance and Theatre Academic Affairs Office confirming that the student has successfully passed the audition.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most careers do require more training than a minor alone can provide.

Graduates with a minor in music performance have additional experience which can help them as they pursue careers in art administration, teaching and business.

Music Theatre Minor (HIMUTHRMIN)

Campus: Tempe

Description:

The minor program in music theatre allows students with a background, interest or passion in music theatre to continue their studies and further explore the craft.

Students develop skills through performance-based small group classes and private instruction, and coursework also includes the study of theoretical and historical elements of music and theatre.

Program Requirements:

The minor requires 24 hours (12 upper division) in performance, history, theory and electives.

Students may transfer up to nine credit hours toward the minor.

Admission requirement: An audition is required for entrance into the minor and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage (<https://music.asu.edu/admissions>).

Required Performance Courses -- 14 credit hours

MUP 121: Voice (2)

Notes: Two semesters of MUP 121 are required

MUP 170: Music Theatre I (2)

MUP 172: Music Theatre II (2)

MUP 321: Voice (1)

MUP 360: Musicianship for Singers (1)

MUP 374: Technical Production I (Foundations) (1)

MUP 374: Technical Production II (Practicum) (1)

MUP 451: Music Theatre Repertoire (2)

MUP 467: Music Theatre Dance Technique (2)

Notes: Two semesters of MUP 467 are required

Music History -- 3 credit hours

MUS 356: Broadway and the American Musical (HU) (3)

Music Theory -- 3 credit hours

MUS 100: Fundamentals of Music Notation or MTC 125: Basic Music Theory (3)

Students will take a theory diagnostic exam to determine placement in either MUS 100 or MTC 125.

Upper Division Music Elective -- 1 credit hours

MUP 321: Studio Instruction (1)

MUP 373: Music Theatre Performance and Production (1)

MUP 471: Audition Training (Musical Theatre) (1)

MUS 355: American Music (HU & C & H) (3)

THE 322: Theatre History and Culture (HU & H) (3)

Music Electives -- 3 credit hours

MUP 270: Music Theatre III (2)

MUP 272: Music Theatre IV (2)

MUP 321: Voice (1)

MUP 373: Music Theatre Performance and Production (1)

MUP 471: Audition Training (Musical Theatre) (1)

MUS 131: Bach to Bebop (HU) (3)

MUS 355: American Music (HU & C & H) (3)

THE 322: Theatre History and Culture (HU & H) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BMUS in performance (music theatre)

Other Enrollment Requirements: An audition for music theatre is required for entrance into the minor or BIS concentration and MUP 121 and MUP 170 study. Audition criteria are determined by area faculty.

Audition repertoire can be found on this website: <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>). Students interested in pursuing the music theatre minor should submit an application at <https://musicdancetheatre.asu.edu/degree-programs/music-theatre-minor> (<https://musicdancetheatre.asu.edu/degree-programs/music-theatre-minor>).

Advisors should not add the minor until the student presents an acceptance letter from the School of Music, Dance and Theatre Academic Affairs Office confirming that the student has successfully passed the audition.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure they take an appropriate set of courses. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in music theatre have additional expertise which can help them as they pursue careers in arts administration, acting, performance or teaching.

Nonprofit Leadership and Management Minor (PPNLMMIN)

Campus: Downtown Phoenix

Description:

The minor in nonprofit leadership and management empowers students to positively impact the community in which they work. The nonprofit sector in the U.S. is unique in form and function, with more than 1.6 million organizations in the U.S.

This program is ideal for ASU students who wish to earn a minor that concentrates on the management of nonprofit organizations. Students from various disciplines such as business, communication, education, global studies, museum studies, nursing, public affairs, religious studies, social work, and sustainability find this program a beneficial supplement to their existing program as many find that their career pathways from their degree occur within nonprofit organization forms. Coursework in the minor introduces students to the knowledge and skills requires for successful professional careers with nonprofit, social sector organizations that exist to improve the quality of life of communities.

This program affords students the opportunity to earn the National Certified Nonprofit Professional credential awarded through the Nonprofit Leadership Alliance: <https://www.nonprofitleadershipalliance.org/credential/> (<https://www.nonprofitleadershipalliance.org/credential/>). Students seeking more information about completing the CNP credential and requirements should refer to the school website.

Program Requirements:

The minor requires 18 credit hours: 12 credit hours of required core courses and six credit hours of elective courses.

Required Core Courses -- 12 credit hours

NLM 220: Introduction to Nonprofit Organizations (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 310: Volunteer Management (3)
NLM 430: Managing Nonprofit Organizations (L) (3)

Elective Courses -- 6 credit hours

Choose six credit hours from either Block A or Block B (6)

Block A - choose this block if interested in the CNP credential

Choosing Block A will help you earn the CNP credential. Please review <https://www.certifiedtochangetheworld.org/> (<https://www.certifiedtochangetheworld.org/>) for more information.

NLM 320: Professional Development Seminar (4)

Notes: This seminar is one credit hour taken for four semesters.

NLM 420: Nonprofit Leadership Alliance Institute (2)

Notes: Offered fall semester only

Block B - choose two courses if interested in minor only, without CNP credential

NLM 160: Voluntary Action and Community Leadership (SB) (3)

NLM 380: Financial Management for Nonprofit Organizations (3)

NLM 435: Service Learning for Community Development (3)

PRM 145: Special Events Management (3)

Standards

1. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor.
2. 15 credit hours of graded classroom coursework (no internship, no independent study).
3. students should be a junior to take 400-level classes.
4. no double counting of courses for both a major and the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in nonprofit leadership and management, including American Indian studies concentration

Students pursuing the nonprofit leadership and management bachelor's degree may earn the certified nonprofit professional credential along with their major upon successfully completing both curricular and cocurricular requirements. (Students should see an advisor for details.)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates with a nonprofit leadership and management minor find opportunities in diverse settings involving a wide range of missions, including arts and culture, environmental, health, youth development, etc. Some graduates find employment with local, grassroots, direct-service nonprofits while others find work with grant-making foundations.

Nutrition and Healthy Living Minor (NUNHLMIN)

Campus: Downtown Phoenix

Description:

The nutrition and healthy living minor program provides students with a greater understanding of how nutrition contributes to healthy lifestyles and disease prevention.

Program Requirements:

The minor requires completion of 18 nutrition credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for each course in the minor.

Many courses in this minor require CHM 101 (or CHM 113) as a prerequisite. Please ensure all prerequisites are met when planning this minor. Not all courses in the minor's electives are available to ASU Online students.

Required Courses -- 9 credit hours

NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)
NTR 341: Medical Nutrition Therapy I or NTR 345: Development of Healthy Cuisines (3)
NTR 450: Nutrition in the Life Cycle (SB) or HSC 355: Eating for Lifelong Health (SB) (3)

Upper-Division Electives (select three courses) -- 9 credit hours

NTR 320: History of Human Nutrition (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 350: Nutrition Counseling (3)
NTR 351: Nutrition Communication (L) (3)
NTR 353: Perspectives on the Western Diet: Food, Health and Sustainability (3)
NTR 444: Medical Nutrition Therapy II (3)
NTR 448: Community Nutrition (L) (3)
NTR 453: Nutrition and the Media (3)
NTR 457: Sports Nutrition (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in Dietetics, BS in Food and Nutrition Entrepreneurship; BS in Health Sciences (Healthy Lifestyles Coaching); BAS in Food and Nutrition Management

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in nutrition and healthy living have a basic understanding of nutrition needs through the lifecycle and how to put that knowledge to use in the community, which is of benefit to a career in public health, the medical field or in workplace wellness.

After leaving ASU, many graduates participate in activities like these:

- conducting academic research
- coaching people of all ages with health and nutrition concerns
- developing and preparing recipes that meet nutritional guidelines
- informing the community about food through various platforms including social media and written word

Organizational Leadership Minor (LSORGLMIN)

Campus: Polytechnic, Online

Description:

The minor program in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need in order to solve problems, communicate effectively, assess programs, manage resources and use emerging technologies within organizations.

Program Requirements:

The minor in organizational leadership requires 18 credit hours, including a minimum of 12 upper-division credit hours.

Required Courses -- 9 credit hours

OGL 200: Introduction to Organizational Leadership (SB) (3)

OGL 340: Organizational Skills (6)

Notes: This course is taken two times with two separate topics.

Electives (choose three courses, including a minimum of six credit hours of upper-division) -- 9 credit hours

OGL 220: Behavioral Dynamics in Organizations (SB) (3)

OGL 260: Resource Allocation in Organizations (3)

OGL 300: Theory and Practice of Leadership (3)

OGL 320: Foundations of Project Management (3)

OGL 321: Project Leadership, Strategy and Scope (3)

OGL 340: Organizational Skills (3)

OGL 343: Social Processes in Organizations (SB) (3)

OGL 345: Organizational Ethics (HU) (3)

OGL 350: Diversity and Organizations (L & C) (3)

OGL 355: Leading Organizational Innovation and Change (3)

OGL 357: Assessment in Organizations (3)

OGL 360: Assessment of Leadership Effectiveness (3)

OGL 365: Organizational Contexts (SB) (3)

Any topics can be utilized for OGL 340 and OGL 365 courses. Students may enroll in up to 15 credit hours of OGL 340: Organizational Skills topics courses or OGL 365: Organizational Contexts topics courses to meet the requirements of the minor. Topics cannot be repeated.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BAS in applied science (applied leadership); BA in organizational leadership; BA in organizational leadership (project management); BAS in project management.

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in organizational leadership can help students with communication and cultural competency skills as they pursue careers in organizational behavior, organizational leadership, management and others.

Graduates of the program are prepared for a range of positions in government, health care administration, nonprofit agencies and the service

industry.

Parks and Protected Area Management Minor (PPPRMMINT)

Campus: Downtown Phoenix

Description:

As the Southwest continues to develop and urbanize, the demands and pressures on public lands and natural resources continue to grow, and the interplay between society and natural resources is key to understanding modernity and continues to be at the center of policy issues and quality of life debates in the West.

The minor program in parks and protected area management introduces students to the role of parks and protected areas, with a focus on the unique issues faced by managers of urban-proximate natural areas.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences; students from such various disciplines as business, education, nursing, public affairs, social work and many others might find this program a beneficial supplement to their existing program.

Program Requirements:

Completion of a parks and protected area management minor in the School of Community Resources and Development requires the following:

Required Core Courses -- 12 credit hours

PRM 120: Leisure and the Quality of Life (SB) (3)

PRM 370: Public Lands Management (3)

Notes: Offered fall semester only

PRM 380: Wilderness and Parks in America (SB & H) (3)

TDM 480: Sustainable Tourism (3)

Elective Course (choose one) -- 3 credit hours

CRD 301: Sustainable Communities (3)

PRM 340: Outdoor Survival (3)

Notes: Offered fall semester only

PRM 470: Environmental Communication (3)

Notes: Offered spring semester only

TDM 448: Heritage and Cultural Tourism (3)

TDM 494: Special Topics (3)

Standards

1. 15 hours of graded classroom coursework (no internship, no independent study)
2. 12 hours of coursework at the upper-division level, from the approved list
3. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
4. no double counting of courses for a major and the minor
5. should be a junior to take 400-level courses

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management (all concentrations); BS in recreation therapy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Personal Health Minor (NPHLMIN)

Campus: Downtown Phoenix, Online

Description:

The personal health minor allows students with academic interests that lie outside the realm of medical and health sciences to explore and learn the latest information related to healthy lifestyles, including the attainment and retention of high quality personal health.

The program reflects the transdisciplinary nature of personal health by including courses from the nutrition, exercise and wellness and health sciences and health promotion areas. Students gain the knowledge and skills necessary to optimize their personal health and assume increased responsibility to move toward improved overall wellness.

Program Requirements:

A minimum grade of "C" (2.00 on a 4.00 scale) is required for all courses.

Required Courses -- 12 credit hours

EXW 325: Fitness for Life (3)

HEP 380: Body Image and Wellness (3)

HSC 355: Eating for Lifelong Health (SB) or NTR 450: Nutrition in the Life Cycle (SB) (3)

NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)

Elective Courses -- 6 credit hours

EXW 302: Fundamentals of Wellness (L) (3)

EXW 335: Physical Activity and Physiological Concepts (3)

EXW 400: Stress Management for Wellness (3)

HEP 350: Substance Abuse and Addictive Behavior (3)

HEP 443: Emotional Health and Interpersonal Relationships (3)

NTR 345: Development of Healthy Cuisines (3)

NTR 348: Cultural Aspects of Food (SB & C & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in dietetics; BS in food and nutrition entrepreneurship; BS in nutritional sciences; BS in exercise and wellness; BS in health education and health promotion; BS in health sciences (healthy lifestyles coaching)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in
Academic Catalog Archive 2021-2022 1567

pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor in personal health provides students with skills in many areas of exercise, nutrition and emotional health which can enhance the marketable skills they acquire in their major program. Graduates can pursue careers in workplace wellness, the medical field or public health, among many other career options, though most career areas do require more training than a minor alone can provide.

Pharmacology and Toxicology Minor (ASPTXMIN)

Campus: West

Description:

A minor in pharmacology and toxicology provides students with biology and chemistry courses to help prepare them to explore how chemicals (drugs and environmental toxicants) affect living organisms.

Students learn to identify chemical characteristics leading to beneficial and adverse effects, describe how chemicals are evaluated for regulatory purposes, and summarize holistically how drugs and toxicants elicit their effects.

Program Requirements:

The minor in pharmacology and toxicology consists of 20 credit hours. A minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken through the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required -- 14 credit hours

BCH 371: Modern Concepts in Biochemistry (3)

BIO 182: General Biology II (SG) (4)

CHM 116: General Chemistry II (SQ) (4)

PTX 301: Basics of Pharmacology and Toxicology (3)

Upper-Division Electives (choose two courses) -- 6 credit hours

PTX 401 / FOR 401: Forensic Toxicology (3)

PTX 432 / LSC 432: Fundamentals of Pharmacology (3)

PTX 475 / FOR 475 / LSC 475: Principles of Toxicology (3)

PTX 499: Individualized Instruction (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in pharmacology and toxicology, BS in biology (pharmacology/toxicology)

Other Enrollment Requirements: The following prerequisite courses do not count toward the minor, but may be needed in order to complete the requirements of the minor:

BIO 181 General Biology I
BIO 353 Cell Biology
CHM 113 General Chemistry I
CHM 233 General Organic Chemistry I AND CHM 237 General Organic Chemistry Laboratory I
CHM 234 General Organic Chemistry II AND CHM 238 General Organic Chemistry Laboratory II
LSC 347 Fundamentals of Genetics

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

Relevant career paths include the pharmaceutical industry, regulatory fields such as environmental risk assessment, and graduate programs in public health, pharmacology, toxicology or environmental health sciences.

Philosophy Minor (ASPHIMIN)

Campus: West

Description:

The minor program in philosophy provides students with an understanding of central philosophical issues, problems and ideas; a capacity for critical thinking and analytic reasoning; and the ability to present one's positions effectively through oral and written communication.

The program is offered by the School of Humanities, Arts and Cultural Studies.

Program Requirements:

The minor in philosophy consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students pursuing this minor will work with an academic advisor to choose and complete six courses from the list below or from the PHI subject. Credit hours may not be shared between major and minor requirements. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Course List (minimum 12 upper-division credit hours) -- 18 credit hours

ENG 401: Topics in Critical Theory (3)
IAS 340 / PHI 320: Bioethics (HU) (3)
IAS 406 / PHI 406: Moral Dilemmas (L or HU) (3)
IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)
IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)
IAS 410: Evolution of Ideas (L or HU) (3)
IAS 430: Science and Religion (L or HU) (3)
PHI 101: Introduction to Philosophy (HU) (3)
PHI 103: Principles of Sound Reasoning (L or HU) (3)
PHI 303 / REL 300: The Future of Religions (L or HU) (3)
PHI 304: Existentialism (HU) (3)
PHI 306: Applied Ethics (HU) (3)
PHI 311: Philosophy and Literature (HU) (3)
PHI 318: Philosophy of Religion (HU) (3)
PHI 339: Philosophy of Art (HU) (3)
PHI 360: Business and Professional Ethics (HU) (3)
PHI 408: Feminist Ethics (HU) (3)
PHI 411: Continental Philosophy (HU) (3)
PHI 412: Philosophy and Literary Criticism (HU) (3)
PHI 415: Philosophy and Film (HU) (3)

PHI 439: Philosophy of Love and Sex (3)
PHI 494 / REL 494: Issues in Death & Dying (3)
PHI 494 / REL 494: Special Topics (3)
PHI 499: Individualized Instruction or REL 499: Individualized Instruction (3)
REL 391: Historical Perspectives on Philosophy and Religion (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in philosophy is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates who have completed the minor in philosophy have critical thinking and strong communication skills essential to success in health care, law, public service, journalism, business and education. The minor program provides ideal preparation for careers in a wide range of careers, including:

- entrepreneur
- intelligence analyst
- lawyer
- medicine
- minister
- paralegal
- politician
- real estate agent
- teacher or professor
- writer

Philosophy Minor (LAPHIMIN)

Campus: Tempe, Online

Description:

The minor in philosophy provides students with an understanding of philosophical inquiry and method. The program offers an introduction to central themes both in the history of philosophy and in the current literature. Students in this minor have the opportunity to sharpen their critical-reasoning skills while addressing profound questions regarding the nature of:

- existence
- knowledge
- law
- morality

- politics
- science

Program Requirements:

The minor in philosophy consists of 18 credit hours, of which at least 12 must be upper-division. At least six upper-division credit hours must be in courses offered by The College of Liberal Arts and Sciences. Each course must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or higher.

The minor in philosophy is also available to complement the studies of ASU Online students. Certain course selections below are offered as oCourses to accommodate ASU Online students.

Subdisciplinary Electives -- 18 credit hours

Subdisciplinary Elective (6)

Upper Division Subdisciplinary Elective (12)

Available subdisciplines are epistemology, ethics and political philosophy, history of philosophy, logic, and metaphysics. Students choose courses from the philosophical subdiscipline lists, with no more than two courses from any single track. Courses in the "other" list cover multiple subdisciplines and students may apply these courses within the minor without limit. Students should consult with an academic advisor in the School of Historical, Philosophical and Religious Studies about a proposed selection of courses before enrolling.

Epistemology

PHI 313: Probability, Evidence, and Decision (3)

PHI 314: Philosophy of Science (HU) (3)

PHI 325: Philosophy of Social Science (HU or SB) (3)

PHI 330: Theory of Knowledge (HU) (3)

Ethics and Political Philosophy

PHI 105: Intro to Ethics (HU) (3)

PHI 107: Introduction to Philosophy of Sex and Love (HU) (3)

PHI 120: Introduction to Medical and Bioethics (HU) (3)

PHI 306: Applied Ethics (HU) (3)

PHI 307: Philosophy of Law (HU) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in philosophy; BA in philosophy (morality, politics and law); BA in philosophy (science, nature and mind)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students demonstrate marketable skills that complement their major program. A minor in philosophy is of benefit in a wide range of careers in fields such as business law, politics, medicine and education that value analytical and reasoning skills and, in particular, strong communication and writing skills.

Physics Minor (LAPHYMIN)

Campus: Tempe, Online

Description:

The physics minor provides students with the fundamental concepts of physics beyond the introductory level. Through rigorous hands-on experience, students deepen their understanding of foundational concepts and develop their quantitative skills.

Students can tailor the minor through upper-division electives to enhance their career outlook.

Program Requirements:

The minor in physics requires a minimum of 24 credit hours, at least 12 of which must be completed at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 12 credit hours

PHY 121: University Physics I: Mechanics (SQ) AND PHY 122: University Physics Laboratory I (SQ) or PHY 150: Physics I (SQ) (4)

PHY 131: University Physics II: Electricity and Magnetism (SQ) AND PHY 132: University Physics Laboratory II (SQ) or PHY 151: Physics II (SQ) (4)

PHY 252: Physics III (SQ) or PHY 241: University Physics III AND PHY 202: Programming for Physicists (4)

Electives -- 12 credit hours

Choose one of the following options for the remaining required coursework. (12-15)

Option 1

PHY 361: Introductory Modern Physics (3)

PHY 333: Electronic Circuits and Measurements or PHY 334: Advanced Laboratory I (L) (3)

PHY 201: Mathematical Methods in Physics I (CS) (<https://webapp4.asu.edu/catalog/courselist?s=PHY&l=upperdivision&t=2217&hon=F>) > PHY Upper Division Elective (6)

Option 2

PHY 201 and PHY 302 are required.

(3)

PHY 302: Mathematical Methods in Physics II (3)

Select 9 additional credit hours (3 courses) from the below list.

PHY 310: Classical Particles, Fields, and Matter I (3)

PHY 311: Classical Particles, Fields, and Matter II (3)

PHY 314: Quantum Physics I (3)

PHY 315: Quantum Physics II (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in applied physics; BS in biophysics; BA and BS in physics; BS in physics (secondary education)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in physics have additional analytical and problem-solving skills which are of benefit as they pursue careers in technical fields.

Physics Minor (LSPHYMIN)

Campus: Polytechnic

Description:

The physics minor program provides a rigorous foundation in physics with an emphasis on fundamental concepts and applied hands-on experience. The program broadens and deepens a student's understanding of the field and increases options for employment and graduate study.

The primary emphasis of the physics minor is to give students experience through applied and computational physics projects. The projects are guided by faculty with expertise in the physics of semiconductors and graphene, quantum nano-optics, laser physics and materials science.

The program is offered by the College of Integrative Sciences and Arts at the Polytechnic campus.

Program Requirements:

The minor in physics requires 23 credit hours, including a minimum of 12 credit hours of upper-division. A minimum of six upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 17 credit hours

PHY 121: University Physics I: Mechanics (SQ) (3)

PHY 122: University Physics Laboratory I (SQ) (1)

PHY 131: University Physics II: Electricity and Magnetism (SQ) (3)

PHY 132: University Physics Laboratory II (SQ) (1)

PHY 314: Quantum Physics I (3)

PHY 361: Introductory Modern Physics (3)

PHY 499: Individualized Instruction (3)

Elective Courses (choose two) -- 6 credit hours

PHY 201: Mathematical Methods in Physics I (CS) (3)

PHY 302: Mathematical Methods in Physics II (3)

PHY 321: Vector Mechanics and Vibration (3)

PHY 331: Principles of Modern Electromagnetism (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00 or higher

Incompatible Majors: BA or BS in physics

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in physics can help students expand analytical skills as they pursue careers in engineering, postsecondary education or mechanical design.

Political Science Minor (ASPOLMIN)

Campus: West

Description:

The minor program in political science helps students gain an understanding of theory, practice and policy underlying local, national and international political processes and trains students in the research skills necessary for the analysis of complex local and global sociopolitical issues.

Students engage in a flexible program of learner-centered coursework in political theory, American political institutions, and international relations and world affairs. The curriculum focuses on international urban, race or ethnic sociopolitical areas and internships and service-learning or action research opportunities. Under the direction of faculty, students focus on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas, and the world.

The degree is offered by the School of Social and Behavioral Sciences.

Program Requirements:

The minor in political science consists of 18 credit hours, requiring a minimum of 12 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses (choose two courses) -- 6 credit hours

POS 110: American Government and Politics (SB) (3)

POS 150: Comparative Government (SB & G) (3)

POS 160: Global Politics (SB & G) (3)

POS 210: Political Ideologies (SB) (3)

Research Methods (choose one course) -- 3 credit hours

SBS 302: Qualitative Methods (3)

SBS 303: Quantitative Methods (3)

SBS 304: Social Statistics I (CS) (3)

Upper-Division Interdisciplinary Track -- 9 credit hours

Choose one course from each of three upper-division Interdisciplinary Tracks.

Upper-Division Social Justice and Inequality Interdisciplinary Track -- 3 credit hours

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)

HST 441 / LAS 441: Latin America and the World Economy (L & G & H) (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

POS 342: Political Theory (HU or SB) (3)

POS 446: Democracy (HU) (3)

POS 480 / SBS 480: Global Justice (G) (3)

POS 494: Everyday Forms of Political Resistance (3)

SBS 301: Cultural Diversity ((L or SB) & C) (3)

SOC 331: Environmental Sociology (SB & G) (3)

SOC 352: Social Change (SB & G & H) (3)

SOC 426: Social Inequality (SB) (3)

Upper-Division Law, Citizenship, Borders Interdisciplinary Track -- 3 credit hours

ASB 340 / SOC 328: Migration and Culture (SB & G) (3)

ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)

POS 310: American National Government (SB) (3)

POS 360: World Politics (SB & G) (3)

POS 361: American Foreign Policy (SB & G) (3)

POS 446: Democracy (HU) (3)

POS 465: International Organization and Law (SB & G) (3)

POS 480 / SBS 480: Global Justice (G) (3)

Upper-Division Identity and Place Interdisciplinary Track -- 3 credit hours

ETH 430 / LAS 430 / WST 430: Gender on the Borderlands (SB & G) (3)

ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)

ETH 473 / LAS 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

HST 376 / LAS 376: Modern Latin America (SB & G & H) (3)

POS 350: Comparative Politics (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 361: American Foreign Policy (SB & G) (3)
POS 437 / SOC 437: Women, Power, and Politics (G) (3)
WST 428: Gender, Madness and Justice (SB) (3)

Credit is only granted for POS 110 or POS 310.

Credit is only granted for POS 160 or POS 360.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA or BS in political science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The program serves as a good precursor to staff, manager or policy analyst positions in local, state and federal government. This degree is recognized as qualification for many careers in business (for-profit and nonprofit) and industry. Work may include binational, cross-border positions linking U.S. and Mexican businesses, Arizona-Sonora local government or local community groups on both sides of the border.

Many use the degree as a gateway to law school or as basis for graduate work in professional schools or in applied fields such as:

- community development
- political science
- public administration
- public policy
- social science disciplines
- urban affairs and urban and regional planning

Political Science Minor (LAPOSMIN)

Campus: Tempe, Online

Description:

The minor program in political science offers students exposure to the skills and knowledge that help them participate effectively as citizens in a democratic political system and flourish in the rapidly developing globalization of the world's political institutions, cultures and economies.

The program provides students with an introduction to the tools and skills necessary to link theory with real-world problems and issues.

Courses in constitutional law or covering the U.S. Supreme Court as part of the minor can benefit those interested in law school.

Program Requirements:

The minor in political science consists of 18 credit hours, of which 12 credit hours must be upper-division. A minimum of six upper-division credit

hours must be taken in courses offered by The College of Liberal Arts and Sciences. Only courses completed with a grade of "C" (2.00 on a scale of 4.00) or better can be used to satisfy minor requirements.

Required Courses (choose two courses) -- 6 credit hours

POS 110: American Government and Politics (SB) or POS 310: American National Government (SB) (3)

POS 150: Comparative Government (SB & G) (3)

POS 160: Global Politics (SB & G) (3)

POS 210: Political Ideologies (SB) (3)

Electives -- 12 credit hours

POS Upper Division Elective (12)

No more than three credit hours of POS 484 Internship and three credit hours of POS 499 Individualized Instruction may be applied to the minor. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in political science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Project Management Minor (LSPROMAMIN)

Campus: Polytechnic, Tempe, Online

Description:

The minor in project management prepares students to manage complex projects and lead project management teams in a variety of professional settings. The project management minor complements many majors at ASU because project management skills enhance and enrich the skills students acquire from a variety of majors.

Students learn the skills needed to manage complex projects in fields like engineering, business, health care, information technology, sustainability, computing, public and nonprofit sectors and many more. Students learn skills in project leadership, project quality management, project risk management, project schedule management, project cost management and project resource management.

Program Requirements:

The minor in project management requires 18 credit hours, including a minimum of 12 upper-division credit hours.

Required Core Courses -- 6 credit hours

OGL 320: Foundations of Project Management (3)

OGL 321: Project Leadership, Strategy and Scope (3)

Elective Courses (choose four) -- 12 credit hours

OGL 322: Project Time Management (3)

OGL 323: Project Cost Management (3)

OGL 324: Resources in Project Management (3)

OGL 326: Project Procurement Management (3)

OGL 421: Project Risk Management (3)

OGL 422: Project Quality Management (3)

Please note: OGL 320 is needed as a prerequisite for all 300 level minor courses and OGL 321 is required for all 400 level minor courses.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00 (university minimum)

Incompatible Majors: BA in organizational leadership (project management)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in project management can help students with leadership skills communication, problem-solving, assessment, effectiveness and cultural competency skills as they pursue careers in account management, facilities management, project management and senior leadership roles. Employers in many fields seek to hire and promote those who can skillfully manage complex projects and lead project management teams.

Psychology Minor (ASPGSMIN)

Campus: West, Online

Description:

The minor program in psychology provides students with the opportunity to study the scientific nature of the behavior and mental processes of individuals and groups.

The study of psychology includes basic and applied courses in the subfields of clinical, developmental, organizational, cross-cultural and social psychology, cognitive systems and behavioral neuroscience, and this program emphasizes the development of wide-ranging skills in critical thinking and reasoning, quantitative and qualitative research methods, working collaboratively on teams and presentation of information in oral and written

form.

The psychology minor prepares students for more advanced study in psychology at the graduate level, in either graduate or professional schools.

Program Requirements:

The minor in psychology consists of 22 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six credit hours must be taken from the School of Social and Behavioral Sciences. A maximum of three credit hours of research (PSY 399 Supervised Research and PSY 499 Individualized Instruction) may be used to fulfill minor requirements. PSY 484 Internship may be taken for elective credit only. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Foundations of Psychological Science -- 10 credit hours

PSY 101: Introduction to Psychology (SB) (3)

PSY 230: Introduction to Statistics (CS) (3)

PSY 290: Research Methods (L or SG) (4)

Upper-Division Social/Developmental Focus Area -- 3 credit hours

PSY 315: Personality Theory and Research (SB) (3)

PSY 341: Developmental Psychology (SB) (3)

PSY 350: Social Psychology (SB) (3)

Upper-Division Cognitive Science Focus Area -- 6 credit hours

PSY 320: Learning and Motivation (3)

PSY 323: Sensation and Perception (3)

PSY 324: Memory and Cognition (3)

PSY 325: Physiological Psychology (3)

PSY 330: Statistical Methods (CS) (3)

PSY 360: Cognitive Science (3)

PSY 369: Biology of Human Sexuality (3)

PSY 470: Psychopharmacology (3)

Upper-Division Psychology Elective Course -- 3 credit hours

PSY Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in psychology (including all concentrations)

Other Enrollment Requirements: None

The minor in psychology is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor in psychology is a strong addition to any major and prepares students for careers in diverse areas such as education, government, business and industry, healthcare and social services.

Contact Information:

Interdisciplinary Arts and Sciences, New College of
School of Social and Behavioral Sciences

Psychology Minor (LAPGSMIN)

Campus: Tempe

Description:

The minor program in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view.

Students who complete the minor in psychology possess a breadth of knowledge across many areas of psychology. They are able to use basic research and quantitative methods to gather and synthesize psychological findings. Ultimately, they come to understand the relevance and applicability of psychological principles, approaches and findings to individual, group and social issues. In doing so, they are prepared to pursue productive careers and engage on a daily basis with the increasingly complex, information-rich world.

Program Requirements:

The minor in psychology consists of completing 22 credit hours of coursework in the foundations of psychology and the breadth within psychology categories described below. Twelve credit hours must be completed at the upper-division level, of which at least six credit hours must be completed in courses offered by The College of Liberal Arts and Sciences Department of Psychology. All courses for the minor must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 10 credit hours

PSY 101: Introduction to Psychology (SB) (3)

PSY 230: Introduction to Statistics (CS) (3)

PSY 290: Research Methods (L or SG) (4)

Minor Electives -- 12 credit hours

Take one course from four of the following five breadth areas: Biological, Cognitive/Learning, Developmental, Personality/Mental Health, and Social.
Breadth Area Elective (12)

Biological Breadth

PSY 325: Physiological Psychology (3)

Cognitive/Learning Breadth

PSY 320: Learning and Motivation (3)

PSY 323: Sensation and Perception (3)

PSY 324: Memory and Cognition (3)

Developmental Breadth

PSY 341: Developmental Psychology (SB) (3)

Personality/Mental Health Breadth

PSY 315: Personality Theory and Research (SB) (3)

PSY 366: Abnormal Psychology (SB) (3)

Social Breadth

PSY 350: Social Psychology (SB) (3)

PSY 351: Honors Social Psychology (L or SB) (3)

If a non-psychology statistics course is approved by the psychology department to substitute for PSY 230 Introduction to Statistics, an additional psychology course must be taken to complete the 22 credit hours of required psychology coursework. Internship credit, research credit, and teaching assistant credit may not be used to satisfy this requirement. For more information please contact a psychology advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in psychology (including all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with a minor in psychology are knowledgeable in the complexities of human behavior and interpersonal skills, of benefit as they pursue careers in human resources, management or marketing.

Psychology Minor (LSPGSMIN)

Campus: Polytechnic

Description:

Psychology is the scientific study of mind and behavior. The psychology minor emphasizes the development of wide-ranging skills in critical thinking and reasoning, research methods, working collaboratively on teams and presenting information in oral and written form. The psychology minor adds value to students' major degrees through knowledge of concepts, theories and empirical research in mental processes and behavior.

Program Requirements:

This minor requires 22 credit hours. At least six credit hours must be taken from courses offered by the College of Integrative Sciences and Arts.

Required Courses -- 10 credit hours

- PSY 101: Introduction to Psychology (SB) (3)
- PSY 230: Introduction to Statistics (CS) (3)
- PSY 290: Research Methods (L or SG) (4)

Elective Courses (choose four) -- 12 credit hours

- PSY 304: Effective Thinking (L) (3)
- PSY 306: Environmental Psychology (SB) (3)
- PSY 315: Personality Theory and Research (SB) (3)
- PSY 320: Learning and Motivation (3)
- PSY 323: Sensation and Perception (3)
- PSY 324: Memory and Cognition (3)
- PSY 341: Developmental Psychology (SB) (3)
- PSY 350: Social Psychology (SB) (3)
- PSY 366: Abnormal Psychology (SB) (3)
- PSY 369: Biology of Human Sexuality (3)
- PSY 385: Psychology of Gender (SB) (3)
- PSY 425: Biological Bases of Behavior (L) (3)
- PSY 430: Industrial Psychology (3)
- PSY 444: Adolescent Psychology and Psychopathology (3)
- PSY 447: Psychology of Aging (SB) (3)
- PSY 453: Organizational Behavior (SB) (3)
- PSY 470: Psychopharmacology (3)
- PSY 472: Clinical Psychology (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA or BS in psychology

Other Enrollment Requirements: None

Please note that the department does not offer any iCourse or oCourse sections for this minor.

The minor in psychology is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to determine if the minor is consistent with their educational goals, to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major, diversify their skills with training in another discipline, and improve their future job outlook. Although most careers require more training than a minor alone can provide, a minor in psychology can add value for students who pursue careers in business, education, or healthcare.

Public Relations and Strategic Communications Minor (HSPRSMIN)

Campus: West

Description:

The minor program in public relations and strategic communications provides students with professional and academic expertise in areas as diverse as persuasion and campaign communications, public relations, crisis communications, special-events planning, marketing, and professional writing and editing. Additionally, students refine the presentation skills needed for public and community relations.

Program Requirements:

The minor in public relations and strategic communications consists of 18 credit hours (a minimum of 12 must be upper division). A minimum of six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. Credit hours may not be shared between a student's major and minor requirements. Electives not on course list must be approved by an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Core Courses (choose three) -- 9 credit hours

- COM 319: Persuasion and Social Influence (SB) (3)
- COM 320: Communication and Consumerism (SB) (3)
- COM 353: Professional Communication (3)
- COM 454: Rhetorical and Critical Approaches to Public Relations (3)

Electives (choose three) -- 9 credit hours

- ASB 374 / POS 374 / SBS 374 / SOC 374: Cultures and Politics of the Internet (SB) (3)
- COM 259: Communication in Business and the Professions (3)
- COM 319: Persuasion and Social Influence (SB) (3)
- COM 320: Communication and Consumerism (SB) (3)
- COM 353: Professional Communication (3)

COM 414: Crisis Communication (3)
COM 429: Semiotics and Visual Communication (3)
COM 450: Organizational Communication (SB) (3)
COM 454: Rhetorical and Critical Approaches to Public Relations (3)
COM 457: New Media (3)
COM 459: Theory and Methods of Social Media Networks (3)
COM 484: Internship (3)
ENG 301: Writing for the Professions (L) (3)
ENG 311: Persuasive Writing (L) (3)
ENG 410: Writing for Publication (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in public relations and strategic communications is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor program in public relations and strategic communication helps prepare students for diverse opportunities in business, government, industry, professional sports, politics, writing and editing, and public relations.

Public Service and Public Policy Minor (PPPAFMIN)

Campus: Downtown Phoenix

Description:

The minor program in public service and public policy prepares students for work in government at all levels and in nonprofit organizations through comprehensive coverage of topics in public policy, public leadership and management, and urban studies.

Students discover the challenges of management, learn how to lead a public organization, and understand the process of policy development.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. The program has an applied and professional focus which can enhance many other majors, enabling students to be more competitive when seeking a public sector job.

Program Requirements:

The minor in public service and public policy requires 18 credit hours.

A minimum of 12 credit hours must be taken in the School of Public Affairs at ASU.

Required Courses -- 9 credit hours

PAF 200: Public Service and Policy in the 21st Century (3)

PAF 300: Public Management and Administration (3)
PAF 340: Contemporary Policy Challenges (3)

Electives (select three courses) -- 9 credit hours

PAF 201: Economics and Public Policy (SB) (3)
PAF 305: Urban Governance (3)
PAF 351: Urban and Metropolitan Studies (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 420: Managing Across Boundaries (3)
PAF 470: Topics in Public Economics and Financial Management (3)
PAF 471: Public Policy Analysis (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in public service and public policy (all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students completing this minor are prepared to pursue a career in a field related to public administration or public policy. This may include opportunities as a policy analyst, entry-level manager or program coordinator in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Real Estate Minor (BAREAMIN)

Campus: Tempe

Description:

The real estate minor program is designed to provide an understanding of the real estate industry and to complement the major area of study.

It consists of a strong foundation that includes real estate fundamentals, law, appraisal and land development. To complement the foundation, students may choose from a variety of courses such as investing, economics and urban issues.

Program Requirements:

Students must complete a minimum of 18 credit hours, including 12 hours of required courses and six hours of electives.
Students must complete a minimum of 12 credit hours of resident credit for the minor. All courses must be completed with a grade of "C" (2.00) or better.
The upper-division courses for this minor are restricted to students with at least 56 earned credit hours, a minimum 2.50 ASU GPA and completed course prerequisites.

Required Courses -- 12 credit hours
REA 380: Real Estate Fundamentals (3)

REA 401: Real Estate Appraisal (3)
REA 411: Real Estate Law (3)

Recreation Management Minor (PPRECMIN)

Campus: Downtown Phoenix

Description:

The minor program in recreation management introduces students to community recreation programming and planning for a variety of populations.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as social work, criminology and criminal justice, public affairs, kinesiology, psychology, sociology, education, nursing, and many others might find this program a beneficial supplement to their existing program.

Program Requirements:

The recreation management minor requires completion of 15 credit hours: six credit hours of required courses and nine credit hours of elective courses.

Required Core Courses -- 6 credit hours

PRM 120: Leisure and the Quality of Life (SB) (3)

PRM 203: Program Planning (3)

Electives (select three courses) -- 9 credit hours

CRD 302: Inclusive Community Development (SB & C) (3)

PRM 304: Recreation Planning and Facility Development (L) (3)

Notes: Offered fall semester only

PRM 315: Community Recreation Systems (3)

Notes: Offered fall semester only

PRM 335: Sports and Recreation for Youth Development (3)

Notes: Offered spring semester only

PRM 364: Foundations of Recreation Therapy (SB) (3)

PRM 453: Inclusive and Adaptive Sports and Recreation (3)

PRM 475: Entrepreneurial Recreation and Tourism (3)

Standards

1. 15 hours of graded classroom coursework
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in recreation therapy; BS in parks and recreation management (therapeutic recreation)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Recreation Therapy Minor (PPRECTMIN)

Campus: Downtown Phoenix

Description:

A minor in recreational therapy exposes students to the field of therapeutic recreation. They develop the knowledge to assess individuals, develop service plans, implement therapeutic interventions, and evaluate and document outcomes of care, supporting the wellness of their communities through therapeutic recreation.

Completion of the minor provides students with a portion of the requirements needed for eligibility to take the national certification exam through the National Council for Therapeutic Recreation Certification: <https://nctrc.org/about-certification/ctrs-the-qualified-provider/> (<https://nctrc.org/about-certification/ctrs-the-qualified-provider/>).

Program Requirements:

The recreational therapy minor requires completion of 18 credit hours: 9 credit hours of required courses and 9 credit hours of elective courses.

PRM 400, PRM 406, and PRM 450 are offered in spring semester only.

PRM 453 and PRM 460 are offered in fall semester only.

Core Courses -- 9 credit hours

PRM 364: Foundations of Recreation Therapy (SB) (3)

PRM 400: Intervention Techniques in Recreational Therapy (3)

PRM 460: Assessment and Documentation in Recreational Therapy (3)

Therapeutic Recreation Electives (choose three courses) -- 9 credit hours

For students seeking the national credential in therapeutic recreation, select two courses from PRM 406, 413, 440, 450 or 455.

PRM 384: Recreational Therapy Practicum (3)

PRM 406: Program Design and Administration in Recreational Therapy (3)

PRM 413: Leadership and Professional Development in Recreation Therapy (3)

PRM 440: Advocacy in Therapeutic Recreation (3)

PRM 450: Therapeutic Recreation and Community Health (3)

PRM 453: Inclusive and Adaptive Sports and Recreation (3)

PRM 455: Recreational Therapy with Children, Youth and Families (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.50

Incompatible Majors: BS in recreation therapy; BS in parks and recreation management (therapeutic recreation)

Other Enrollment Requirements: none

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Religious Studies Minor (ASRELMIN)

Campus: West

Description:

The minor program in religious studies introduces students to the world's religious traditions and how these are used by humans to interpret experiences and find meaning. Students learn to think critically about religious worldviews and presuppositions and to explore the relation to contemporary challenges in the world.

Program Requirements:

The minor in religious studies consists of 18 credit hours, including a minimum of 12 upper-division credit hours. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Coursework taken to fulfill the requirements of the minor may not be used to fulfill requirements for your major. Consult with an academic advisor prior to enrollment.

Select six courses (minimum 12 upper-division credit hours) -- 18 credit hours

IAS 430: Science and Religion (L or HU) (3)

PHI 303 / REL 300: The Future of Religions (L or HU) (3)

Romanian Minor (LAROMMIN)

Campus: Tempe

Description:

The Romanian minor program provides students with the means to develop their interests in social, cultural and political matters while advancing their Romanian language skills.

Program Requirements:

The Romanian minor consists of a minimum of 18 credit hours, including nine credit hours of required core language courses and nine credit hours

of upper-division electives. At least 12 credit hours must be upper division. Students choose from either the Romanian Advanced Language track or the Romanian Culture track for the upper-division electives. A minimum of six credit hours must be completed in residence at ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Core Language Courses -- 9 credit hours

ROM 202: Intermediate Romanian Language and Culture II (4)

Notes: Only three credit hours of ROM 202 apply to the minor. The extra credit hour will be applied to university electives.

ROM 313: Romanian Composition and Conversation (3)

ROM 314: Romanian Composition and Conversation (3)

Upper-division Electives (choose one track) -- 9 credit hours

Upper Division Advanced Language or Culture Track (9)

Romanian Advanced Language Track

ROM 411: Advanced Spoken and Written Romanian I (3)

ROM 412: Advanced Spoken and Written Romanian II (3)

Choose one course from Romanian Culture track (3)

Romanian Culture Track

ROM 310 / SLC 310: Migration and Identity: Digital Storytelling (HU & G) (3)

ROM 442 / SLC 442: Dracula and Vampire Lore ((L or HU) & G & H) (3)

ROM 494: Special Topics (3)

ROM 499: Individualized Instruction (3)

Notes: Maximum of 3 credit hours may be applied to the minor.

SLC 343: Culture and Society Transformation (3)

SLC 429: Studies in European Literature and Culture ((L or HU) & G & H) (3)

Course substitutions are permitted for heritage speakers and other advanced speakers of Romanian.

ROM 101 through 201 are not applicable to the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Students who wish to add a minor in Romanian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor enables students to enhance the marketable skills and knowledge they acquire in their major program and to also develop additional competencies. A minor in Romanian studies equips students with communication and cultural competency skills, a valuable benefit when they will pursue careers in political analysis, education, tourism and hospitality, the military and sociology or marketing.

Russian Minor (LARUSMIN)

Campus: Tempe

Description:

Students pursuing a minor in Russian gain novice to intermediate language skills and an understanding of the literature and cultures of Russian-speaking peoples and regions. With Russia as an active player in world affairs on the international stage, knowledge of Russian language and culture is a valuable asset for students interested in government, diplomacy and international affairs and commerce.

The Russian language program cooperates with the Melikian Center to offer a transdisciplinary baccalaureate certificate in Russian, Eurasian and East European studies for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Students are encouraged to study abroad. The ASU exchange program in Russian language and translation offers students the opportunity to study in Moscow, St. Petersburg or Kazan.

Program Requirements:

The Russian minor consists of 18 credit hours, of which at least 12 credit hours must be upper-division. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Core Requirements -- 6 credit hours

RUS 311: Russian Composition and Conversation I (G) (3)

RUS 312: Russian Composition and Conversation II (G) (3)

Literature Course (choose one) -- 3 credit hours

RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)

RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)

RUS 421: Pushkin (L or HU) (3)

RUS 425 / THE 425: Chekhov and Russian Drama (L or HU) (3)

RUS 430: Russian Short Story (L or HU) (3)

RUS 439 / SLC 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)

Electives (choose three) -- 9 credit hours

At least one course must be completed at the upper-division level.

RUS 141: Russian Civilization: From Tsars to Putin ((L or HU) & G & H) (3)

RUS 211: Basic Russian Conversation I (G) (3)

RUS 212: Basic Russian Conversation II (G) (3)

RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)

RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)

RUS 411: Advanced Composition and Conversation I (G) (3)

RUS 412: Advanced Composition and Conversation II (G) (3)

RUS 421: Pushkin (L or HU) (3)

RUS 430: Russian Short Story (L or HU) (3)

RUS 439 / SLC 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)

RUS 440: Russian Mass Media (G) (3)

RUS 484: Internship (3)

RUS 493: Honors Thesis (L) (3)

SLV 304: Digital Humanities for Language Majors (CS) (3)

SLV 440: History of Slavic Languages (SB) (3)

SLV 484: Internship (3)

SLV 493: Honors Thesis (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Russian

Other Enrollment Requirements: None

Students who wish to add a minor in Russian may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Science, Technology and Society Minor (ECSTSMIN)

Campus: Polytechnic

Description:

The science, technology and society minor is offered to students outside the science, technology and society major, regardless of a student's major field of specialization.

Living in a 21st century world is characterized by rapid technological change and uncertainty. Mastering the intricacies of the interrelationships between technology and human systems enhances a degree in any area and provides graduates with the insights and skills required for success in any endeavor.

Program Requirements:

The minor in science, technology and society requires 18 credit hours, including a minimum of 12 credit hours of upper-division. A minimum of six upper-division credit hours must be taken in courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

General Course -- 3 credit hours

STS 101: Introduction to Science, Technology and Society (SB) or STS 304: Science, Technology and Society (SB) (3)

Internationalization Course -- 3 credit hours

STS 110: Global Technology and Development (SB & G) or STS 317: Science, Technology, and Global Engagement (SB & G) (3)

Elective Courses (choose four) -- 12 credit hours

ISS 302: Scope of Social Science (SB) (3)

ISS 304: Integrated Theories of Social Science (SB) (3)

ISS 441: Conflict and Conflict Resolution (SB & G) (3)

ISS 450: Consumerism and Sustainable Development (SB) (3)

ISS 456: Culture, Conflict and War ((L or SB) & G) (3)

STS 364: Science, Technology, and National Security (SB) (3)
STS 425: Law, Values, Science, and Technology (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in science, technology and society

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in science, technology and society can help students understand the interrelationships between technology and human systems as they pursue careers in industrial design, urban planning or public relations.

Slavic Studies Minor (LASLVMIN)

Campus: Tempe

Description:

The Slavic studies minor program focuses on Slavic languages and cultures with a concentration in either Bosnian/Croatian/Serbian or Polish.

It is designed to complement the studies of students from a wide range of disciplines (e.g., history, cultural anthropology, music, political science, economics) whose professional interests lie in Poland or the countries of southeastern Europe. The program places equal emphases on language, culture and regional studies. The minor develops limited professional linguistic proficiency in either BCS or Polish along with adequate cultural sensitivity.

Program Requirements:

The minor in Slavic studies requires 18 upper-division credit hours. A minimum of six upper-division credit hours must be taken in residence at ASU. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Slavic Language Courses -- 6 credit hours

Language sequence options for earning the required six credit hours are: complete BCS 311 and BCS 312, or BCS 495 taken twice; OR PLC 311 and PLC 312, or PLC 494 Polish for the Heritage Speaker taken twice.

Course substitutions are permitted for heritage speakers and other advanced speakers of Slavic languages. Please contact the School of International Letters and Cultures for more information.

BCS 311: Bosnian/Croatian/Serbian Composition and Conversation I (3)

BCS 312: Bosnian/Croatian/Serbian Composition and Conversation II (3)

BCS 495: Serbo-Croatian for Heritage Speakers (3-6)

Notes: This course may be repeated for credit.

PLC 311: Advanced Polish I (3)

PLC 312: Advanced Polish II (3)

PLC 494: Polish for the Heritage Speaker (3-6)

Notes: This course may be repeated for credit.

Required Courses -- 9 credit hours

SLV 304: Digital Humanities for Language Majors (CS) (3)

SLV 440: History of Slavic Languages (SB) (3)

SLV 498: Pro-Seminar or SLV 498: Senior Capstone (3)

BCS OR PLC OR RUS OR SLV Upper-Division Elective (choose one course) -- 3 credit hours

BCS 394: Special Topics (3)

RUS 322: Scandals and Scoundrels: The Nineteenth-Century Russian Novel (L or HU) (3)

RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)

RUS 394: Special Topics (3)

RUS 421: Pushkin (L or HU) (3)

RUS 425: Chekhov and Russian Drama (L or HU) (3)

RUS 439: Art in Exile: Vladímir Vladímirovich Nabokov (L or HU) (3)

RUS 484: Internship (3)

RUS 493: Honors Thesis (L) (3)

RUS 499: Individualized Instruction (3)

SLV 484: Internship (3)

SLV 492: Honors Directed Study (3)

SLV 493: Honors Thesis (L) (3)

SLV 499: Individualized Instruction (3)

No lower-division language courses are applicable to the minor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

Students who wish to add the minor in Slavic studies to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it. A Slavic studies minor equips students with communication and cultural competency skills, a valuable benefit when they pursue careers in political analysis, sociology or marketing.

Social Justice and Human Rights Minor (ASJHRMIN)

Campus: West

Description:

The minor in social justice and human rights spans the social sciences and humanities to help prepare students to meet the challenges of 21st century issues of social justice and protection of human rights in local, national, international and global contexts.

Program Requirements:

The minor in social justice and human rights consists of 18 credit hours; nine credit hours of core requirements and nine credit hours of interdisciplinary track coursework. Twelve credit hours must be upper division and twelve credit hours must be taken through courses offered by the New College of Interdisciplinary Arts and Sciences. All courses used to meet requirements must be completed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

Research Methods -- 3 credit hours

SBS 302: Qualitative Methods or SBS 303: Quantitative Methods or SBS 304: Social Statistics I (CS) (3)

Interdisciplinary Tracks -- 9 credit hours

Social Justice and Inequality (Select one course) -- 3 credit hours

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)

HST 441 / LAS 441: Latin America and the World Economy (L & G & H) (3)

JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

POS 342: Political Theory (HU or SB) (3)

POS 446: Democracy (HU) (3)

POS 494: Everyday Forms of Political Resistance (3)

SBS 301: Cultural Diversity ((L or SB) & C) (3)

SOC 270: Racial and Ethnic Relations (SB & C) (3)

SOC 331: Environmental Sociology (SB & G) (3)

SOC 352: Social Change (SB & G & H) (3)

SOC 426: Social Inequality (SB) (3)

Law, Citizenship, Borders (Select one course) -- 3 credit hours

ASB 340 / SOC 328: Migration and Culture (SB & G) (3)

ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)

POS 110: American Government and Politics (SB) or POS 310: American National Government (SB) (3)

POS 160: Global Politics (SB & G) or POS 360: World Politics (SB & G) (3)

POS 210: Political Ideologies (SB) (3)

POS 465: International Organization and Law (SB & G) (3)

POS 480 / SBS 480: Global Justice (G) (3)

Identity and Place (Select one course) -- 3 credit hours

ASB 211: Women in Other Cultures ((HU or SB) & G) (3)

ETH 430 / LAS 430 / WST 430: Gender on the Borderlands (SB & G) (3)

ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)

ETH 473 / LAS 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

HST 376 / LAS 376: Modern Latin America (SB & G & H) (3)

POS 150: Comparative Government (SB & G) (3)

POS 247: Introduction to Latin American Politics (SB & G) (3)

POS 350: Comparative Politics (SB & G) (3)

POS 357: South Asia Politics (SB & G) (3)

POS 361: American Foreign Policy (SB & G) (3)

POS 437: Women, Power, and Politics (G) (3)
SOC 264: Gender and Society (SB & C) (3)
WST 428: Gender, Madness and Justice (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in social justice and human rights; BA and BS in justice studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students with this minor are employable in a variety of settings, including refugee resettlement agencies; agencies and shelters supporting survivors of domestic abuse; shelters for migrants, especially for unaccompanied minors; disaster relief agencies; organizations assisting survivors of sex trafficking and human labor trafficking; and agencies assisting veterans and others suffering from post-traumatic stress.

Possible career opportunities include: fundraising, grant writing, humanitarian aid worker, international governmental organization professional, nongovernmental organization professional or nonprofit agency manager.

Social Welfare Minor (LASSWMIN)

Campus: Downtown Phoenix, West, Online

Description:

The social welfare minor program prepares students for work in human service settings where a fundamental knowledge of human relations is required. It complements careers in journalism, communications, public administration, nursing and related fields, and provides a foundation for students who seek to pursue an MSW.

The minor enhances and broadens students' abilities to analyze complex family, individual and societal problems in the context of societal values, cultural diversity and other social and economic variables. The program contributes to students' understanding of society and social behavior, encourages critical thinking and helps develop communication skills.

Program Requirements:

Students should:

1. be at sophomore standing to take 300- or 400-level courses
2. complete 18 credit hours of graded coursework (internship or independent study not applicable)
3. complete a minimum of 12 credit hours of resident credit at ASU
4. complete SWU 171 as the prerequisite for all upper-division SWU courses
5. earn a grade of "C" (2.00 on a 4.00 scale) or better for all courses in the minor
6. maintain a cumulative GPA of 2.00 (4.00 scale) or higher
7. consider meeting with a social welfare advisor prior to registration
8. take a minimum of 12 credit hours of upper-division coursework from the approved list

Required Courses -- 9 credit hours

SWU 171: Introduction to Social Work (SB & H) (3)

SWU 291: Social Service Delivery Systems (3)

SWU 332: Social Policy and Advocacy or SWU 432: Social Policy and Services (3)

Cultural Diversity in the United States Course (select one) -- 3 credit hours

SWU 374: Diversity and Oppression in a Social Work Context (C) (3)

SWU 456: Immigrants and Refugees (C) (3)

SWU 457: Southwest Borderland Immigration Issues (C) (3)

SWU 459: Spirituality and the Helping Professions (3)

SWU 461: Lesbian, Gay, Bisexual, Transgender, and Queer Issues (C) (3)

Elective Courses* -- 6 credit hours

SWU 303: Micro Human Behavior and the Social Environment (L or SB) (3)

SWU 340: Macro Human Behavior and the Social Environment (SB) (3)

SWU 454: Overview of Addictions (3)

SWU 456: Immigrants and Refugees (C) (3)

SWU 457: Southwest Borderland Immigration Issues (C) (3)

SWU 458: Behavioral Health Services (3)

SWU 459: Spirituality and the Helping Professions (3)

SWU 460: Legal Issues in Social Work (3)

SWU 461: Lesbian, Gay, Bisexual, Transgender, and Queer Issues (C) (3)

SWU 462: Global Social Welfare (G) (3)

SWU 498: Pro-Seminar (L) (1-7)

*Note: Student may select one additional course from the cultural diversity in the U.S. options above.

*Note: SWU 456, SWU 457, SWU 459 and SWU 461 cannot be used to meet both the Cultural Diversity in the United States course requirement and as an elective course.

Lower-division credit hours required: 6

Upper-division credit hours required: 12

Total credit hours required: 18

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BSW in social work; BA in public service and public policy (social services delivery); BA in community advocacy and social policy

Other Enrollment Requirements: None

Students should meet with a social welfare advisor prior to registration.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Social and Behavioral Sciences Minor (ASSBSMIN)

Campus: West

Description:

The minor program in social and behavioral sciences provides students an interdisciplinary perspective across several fields of the social and behavioral sciences, including communication, sociocultural anthropology, geography, political science, psychology and sociology in order to understand and interact with people and society.

Program Requirements:

The minor in social and behavioral sciences consists of 18 credit hours, of which a minimum of 12 credit hours must be upper division. A minimum of six credit hours must be completed through courses offered by the New College of Interdisciplinary Arts and Sciences. A maximum of three credit hours of internship and three credit hours of individualized instruction may be used to fulfill requirements. Students wishing to pursue the minor must meet with an academic advisor in the School of Social and Behavioral Sciences to construct a minor that reflects a particular area of specialty and interest. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses -- 6 credit hours

SBS 200: Introduction to Social and Behavioral Sciences (SB) (3)

SBS 302: Qualitative Methods or SBS 303: Quantitative Methods (3)

Electives (9 upper-division credit hours required) -- 12 credit hours

Choose electives from at least three of the following prefixes: ASB, COM, FAS, JHR, POS, PSY, or SOC.

Social and Behavioral Sciences Elective (3)

Upper Division Social and Behavioral Sciences Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in social and behavioral sciences

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor in social and behavioral sciences is appropriate for any discipline that requires a solid background in social sciences. Students with this minor are prepared to work in community development, counseling, criminal justice, professional schools (e.g., law, public administration, social work), public policy, social science disciplines, and urban studies or planning.

Sociocultural Anthropology Minor (ASASBMIN)

Campus: West

Description:

The minor in sociocultural anthropology, offered by the School of Social and Behavioral Sciences, is designed to provide students with a substantive understanding of the theoretical assumptions and methodological techniques underlying the field of sociocultural anthropology.

Courses provide students with knowledge about and theoretical approaches to cross-cultural studies and transnational research, emphasizing culture and political economy in historical context.

Program Requirements:

The minor in sociocultural anthropology requires 18 credit hours, at least six hours of which must be in upper-division coursework taken in the School of Social and Behavioral Sciences. Up to nine hours of ASB courses offered by other ASU campuses may be applied toward electives in the minor. Up to six hours of lower-division ASB credit, three hours of ASB 499 Individualized Instruction and three hours of ASB 484 Internship may be applied toward the minor. Up to three credit hours of any study abroad course, in any subject, may apply to this minor. All coursework within the minor must be passed with a minimum grade of "C" (2.00) or better.

Required Courses -- 6 credit hours

ASB 102: Introduction to Cultural Anthropology (SB & G) or ASB 311: Principles of Social Anthropology (SB & G & H) (3)

SBS 302: Qualitative Methods (3)

Electives (minimum 6 upper-division credit hours) -- 12 credit hours

ASB 211: Women in Other Cultures ((HU or SB) & G) (3)

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ASB 340 / SOC 328: Migration and Culture (SB & G) (3)

ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)

ASB 346: Marriage and Family Diversity (SB & C) (3)

ASB 350: Anthropology and Art (HU) (3)

ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)

ASB 356 / GCU 356 / POS 354 / SBS 356 / SOC 356: Central American Studies (SB & G) (3)

ASB 374 / POS 374 / SBS 374 / SOC 374: Cultures and Politics of the Internet (SB) (3)

ASB 389 / SBS 389 / SOC 389: Ethnographic Field Lab (3)

ASB 394: Special Topics (3)

ASB 442 / SBS 460: Global Cities (SB & G) (3)

ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)

ASB 484: Internship (3)

ASB 494: Special Topics (3)

ASB 499: Individualized Instruction (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

SBS 301: Cultural Diversity ((L or SB) & C) (3)

SBS 450: Topics in Local/Global (SB & G) (3)

SBS 480 / POS 480: Global Justice (G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: None

Other Enrollment Requirements: None

The minor in sociocultural anthropology is open to all ASU undergraduate majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Career opportunities for graduates with a minor in sociocultural anthropology include grant writer, researcher or consultant, cultural resource manager, refugee or immigration officer/counselor, nongovernmental or United Nations staff member.

Sociology Minor (ASSOCMIN)

Campus: West

Description:

The minor program in sociology, offered by the School of Social and Behavioral Sciences, provides students with an understanding of the theory, practice and policy underlying issues of social change, inequality and diversity. These issues are approached from multiple perspectives, including race or ethnicity, gender, economic position, age, geographic location and position in the global political economy.

The student minoring in sociology learns how sociology enhances one's understanding of social realities and institutions at local, national and international levels and how it contributes to the other social sciences and to the humanities.

Students gain a basic understanding of the assumptions underlying the discipline of sociology and develop the research skills necessary for analysis of complex social issues. These objectives are met by offering a flexible program and by providing the student with individual and group experiences in working with faculty members on concrete intellectual and policy issues.

Program Requirements:

The minor in sociology consists of 18 credit hours (a minimum of 12 credit hours must be upper division). A minimum of six upper-division credit hours must be completed through the School of Social and Behavioral Sciences. Students wishing to pursue this minor must meet with an academic advisor in the School of Social and Behavioral Sciences to construct a minor that reflects a particular area of specialty and interest. A maximum of three credit hours of SOC 484 or SOC 499 may be used to fulfill the requirements of this minor. All courses used to satisfy requirements for the minor must be passed with a "C" or better.

Foundation Requirement -- 3 credit hours

SOC 101: Introductory Sociology (SB) (3)

Select one course -- 3 credit hours

SBS 303: Quantitative Methods (3)

SBS 304: Social Statistics I (CS) (3)

SOC 426: Social Inequality (SB) (3)

SOC 486: Contemporary Theory (SB) (3)

Electives (minimum 9 upper-division credit hours) -- 12 credit hours

SOC Elective (3)

SOC Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS or BA in sociology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates are prepared for employment in corporate or governmental organizations or to continue their studies in graduate programs in sociology, social science or professional schools.

The sociological perspective is applicable to a wide variety of jobs in business and management; government, social services, the criminal justice system and the health professions. Coursework in sociology provides a valuable preparation for careers in journalism, law, the nonprofit sector, public administration and public relations. These are all fields that involve investigative skills and an ability to work with diverse groups.

Graduates with an advanced degree in sociology may become community activists, community developers, criminologists, demographers, gerontologists, organizational advocate, research analysts, statisticians, survey researchers or urban planners.

Sociology Minor (LASOCMIN)

Campus: Tempe, Online

Description:

The minor program in sociology provides an exceptional balance to studies in psychology, communication, education, business and nursing, through basic coursework and issues within the discipline.

The program is offered by the Sanford School of Social and Family Dynamics.

Program Requirements:

The minor in sociology requires 18 credit hours, of which 12 credit hours must be upper-division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

SOC 101: Introductory Sociology (SB) (3)

SOC 391: Research Methods (L or SB) or SOC 483: History of Social Thought (SB) or SOC 486: Contemporary Theory (SB) (3)

Electives -- 12 credit hours

SOC Elective (3)

SOC Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA and BS in sociology

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the Academic Catalog Archive 2021-2022

program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in sociology can benefit students as they pursue careers in counseling or social work, business, law and health care.

Spanish Minor (ASSPAMIN)

Campus: West

Description:

The minor program in Spanish adds to students' language fluency and also offers deep insight into the cultures of Spanish-speaking communities.

Program Requirements:

The minor in Spanish consists of 18 credit hours, of which 15 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Courses for the minor must be chosen in consultation with an academic advisor in the School of Humanities, Arts, and Cultural Studies. Preparatory coursework may not be used to satisfy requirements for the minor. Preparatory coursework includes Spanish lower-division language courses. All courses used to satisfy the requirements for the minor must be passed with a "C" or better.

Core Requirements -- 12 credit hours

SPA 202: Intermediate Spanish (G) (4)

Three of the four credit hours from SPA 202 are counted toward the minor. The additional credit hour is applied toward university elective credit hours.

SPA 313 AND SPA 314: Spanish Conversation and Composition (G) or SPA 315: Advanced Spanish I for Bilinguals (C) AND SPA 316: Advanced Spanish II for Bilinguals (L & C) (3)

LAS 330: From the Inside: The Latin American Journey (HU) or SPA 325: Introduction to Hispanic Literature (HU) (3)

Upper-Division Electives -- 6 credit hours

Students should consult with an academic advisor to select six credit hours from the Spanish elective list or other appropriate courses from the LAS or SPA subjects, with the understanding that their coursework will be carried out in Spanish.

LAS 330: From the Inside: The Latin American Journey (HU) (3)

LAS 340: Latin American Women Writers (3)

LAS 350: The Construction of a Nation: Chile in the 20th/21st Century (3)

LAS 351: Cityscapes: Urban Mexican Literature and Culture (3)

LAS 355: Contemporary Mexican Cinema: Changing Cartographies (3)

LAS 394 / SPA 394: Special Topics (3)

LAS 430: Gender on the Borderlands (SB & G) (3)

LAS 450: Latina/os, Schooling and Social Inequality (C) (3)

LAS 471: Treaties and Cultural Production in Spain and the Americas (3)

LAS 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

LAS 480: Current Trends in Theatre and New Media in Latin America and Spain (HU) (3)

LAS 481 / SPA 481: Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (HU & G) (3)

LAS 494 / SPA 494: Special Topics (3)

SPA 412: Advanced Conversation and Composition (G) (3)

SPA 413: Spanish Grammar in Context (G) (3)

SPA 449: Latin American Cinema: The Dead and the Disappeared (G & H) (3)

SPA 456: 20th-Century Spanish American Fiction (3)

SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)

SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in Spanish

Other Enrollment Requirements: None

The minor in Spanish is open to all ASU undergraduate students.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The Spanish program offers excellent preparation for graduate school or for employment as a teacher in the elementary or secondary school system, especially in those districts where bilingual programs are integral to the curricula.

Outside the education system, graduates with a minor in Spanish find employment as translators and interpreters in:

- diplomatic corps
- federal and state courts
- law enforcement agencies
- law firms
- social agencies

The business world also provides employment for those fluent in Spanish. This is especially true in the American Southwest, with its proximity to Mexico and through outlets opened by multinational trade agreements.

Spanish Minor (LASPAMIN)

Campus: Tempe, Online

Description:

Students pursuing a minor in Spanish gain an understanding of the language, literature and cultures of Spanish-speaking peoples and regions.

Program Requirements:

The minor in Spanish requires a total of 21 credit hours, of which 18 credit hours must be upper-division. A minimum of six upper-division credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Courses -- 12 credit hours

Of the 12 credit hours of required courses for the Spanish minor, students select the appropriate language track: Spanish Second Language or Spanish Heritage/Bilingual Language track.

SPA 202: Intermediate Spanish (G) or SPA 204: Intermediate Spanish II for Bilinguals (G) or SPA 210: Intensive Spanish II (G) (4-6)

Notes: Three credit hours from SPA 202, SPA 204, or SPA 210 are counted toward the minor. Additional credit hours earned are applied to the 120 hours minimum for graduation.

SPA 313: Spanish Conversation and Composition (G) or SPA 315: Advanced Spanish I for Bilinguals (C) (3)

SPA 314: Spanish Conversation and Composition (G) or SPA 316: Advanced Spanish II for Bilinguals (L & C) (3)

SPA 412: Advanced Conversation and Composition (G) (3)

Course substitutions are allowed for heritage and advanced speakers of the language.

Minor Tracks -- 9 credit hours

Students complete nine credit hours from one option track below that is beneficial to their personal or academic goals. Option tracks include Spanish Language Studies, Spanish Literary and Cultural Studies, or Spanish Linguistics. (9)

Option 1: Spanish Language Studies Track

Required Spanish Civilization and Culture Course (choose one):

SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)

SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

SPA Upper-Division Restricted Elective (choose one):

SPA 325: Introduction to Hispanic Literature (HU) (3)

SPA 400: Fundamentals of Spanish Linguistics (SB & G) (3)

SPA 413: Spanish Grammar in Context (G) (3)

SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)

SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)

SPA Upper-Division Elective or SPA Upper-Division Study Abroad Course (choose one):

SPA 484: Internship (<https://webapp4.asu.edu/catalog/courselist?s=SPA&l=300-399&t=2217&hon=F>) > SPA 3** Elective (3)

SPA 325: Introduction to Hispanic Literature (HU) (<https://webapp4.asu.edu/catalog/courselist?s=SPA&l=400-499&t=2217&hon=F>) > SPA 4** Elective (3)

Upper Division Spanish Study Abroad Course (3)

Option 2: Spanish Literary and Cultural Studies Track

SPA 325 is required for this track.

(3)

Choose one course from the following:

SPA 425: Foundational Texts of Spain (L or HU) (3)

SPA 426: Literature and Society in Modern Spain (HU) (3)

SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)

SPA 428: Foundational Texts of Latin American Literature Since Modernismo ((L or HU) & G) (3)

SPA 464: Jaitón Works in Chicano/a Literature ((HU or SB) & C) (3)

SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)

SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

Choose one course from the following:

SPA 319: Business Correspondence and Communication (G) (3)

SPA 400: Fundamentals of Spanish Linguistics (SB & G) (<https://webapp4.asu.edu/catalog/courselist?s=SPA&l=300-399&t=2217&hon=F>) > SPA 3** Elective (3)

SPA 4** Elective (3)

Option 3: Spanish Linguistics

SPA 400 is required for this track.

(3)

Choose two courses from the following:

SPA 413: Spanish Grammar in Context (G) (3)

SPA 417: The Sounds of Spanish (CS or SB) (3)

SPA 418: Architecture of Spanish (3)

SPA 419: Spanish Around the World (CS & C) (3)

SPA 420: Applied Spanish Linguistics (L) (3)

SPA 421: Spanish in the Southwest (C) (3)

See information about Language Placement Testing (<https://silc.asu.edu/student-life/academic-advising/placement-testing>) or consult with an academic advisor in the School of International Letters and Cultures regarding placement into Spanish language classes. Students testing into higher Spanish language courses may need overrides to enroll.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Spanish; BAE in secondary education (Spanish)

Other Enrollment Requirements: None

Students who wish to add the minor in Spanish to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it.

Students with a minor in Spanish studies have the communication and cultural competency skills they need as they pursue careers in political analysis, sociology or marketing.

Spanish Minor (LSSPAMIN)

Campus: Downtown Phoenix

Description:

The series of courses in this 18 credit hour minor helps students hone Spanish communication skills and cultural knowledge so they may serve the needs of the U.S. Latino communities in professional settings.

The combination of professionally focused courses and practical experience in this program enhances students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S. Latino and Latin American cultures.

Program Requirements:

The Spanish minor requires a total of 18 credit hours.

Prerequisite: SPA 314 or SPA 316 or SPA 317 or permission of instructor.

A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses. Pass/Fail courses cannot be used.

Required Courses -- 12 credit hours

SPA 317: Spanish for the Professions (G) (3)

SPA 404: Spanish in U. S. Professional Communities ((L or HU) & C) (3)

SPA 405: Latino Cultural Perspectives for the Professions ((L or HU) & C & G) (3)

SPA 484: Internship (3)

Notes: A minimum of 12 credit hours completed in this minor and permission of the director of the Spanish minor is required to enroll.

Elective Courses -- 6 credit hours

SPA 318: Advanced Spanish for Health Care Professionals (3)

SPA 401: Spanish Oral Communication for the Professions (3)

Notes: Recommended for journalism majors.

SPA 402: Written Communication for the Professions (3)

Notes: Recommended for journalism majors.

SPA 403: Spanish Grammar and Stylistics for the Professions (3)

Notes: Recommended for journalism majors.

SPA 406: Introduction to Spanish/English Medical Interpretation (3)

SPA 494: Introduction to Spanish Translation for the Profes (3)
Notes: Recommended for journalism majors.
SPA 494: Latino/Lat. Amer. Film: Ethical Discus. for Profes (3)
SPA 494: Markets Migrants and Work Case Studies for Profess (3)
SPA Upper Division Elective (3)

Students should complete a minimum of 12 credit hours in the minor and seek instructor approval before enrolling in SPA 484. Email CISA@asu.edu for instructor approval.

For additional upper division electives consult your academic advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA in Spanish

Other Enrollment Requirements: None

For additional admission and registration requirements, students should visit the school website.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

A minor in Spanish can help students as they pursue a variety of careers in business, education, engineering and urban planning, social work, government, tourism, health care services, legal and justice systems, sustainability, and community interpretation. Students can find a comprehensive list of career opportunities at <https://cisa.asu.edu/spanish-and-spanish-professions> (<https://cisa.asu.edu/spanish-and-spanish-professions>).

Special Events Management Minor (HSEVNMIN)

Campus: Downtown Phoenix

Description:

The minor program in special events management is designed to offer students a solid understanding of special events programming and management.

In addition to the two-tiered special events course, which provides basic and advanced instruction as well as experiential learning opportunities through event production, students are able to select electives to meet their interests.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication, journalism, music, fashion and many others find this program a beneficial supplement to their existing program.

Program Requirements:

The minor requires 15 credit hours: a three credit hour required course, and 12 credit hours of elective courses.

Required Core Course -- 3 credit hours

PRM 145: Special Events Management (3)

Electives (choose four) -- 12 credit hours

NLM 300: Fund Raising and Resource Development (3)

NLM 310: Volunteer Management (3)

PRM 304: Recreation Planning and Facility Development (L) (3)

Notes: Offered fall semester only

PRM 350: Tourism, Recreation and Sports Marketing (3)

PRM 475: Entrepreneurial Recreation and Tourism (3)

PRM 483: Sports Tourism (3)

PRM 484: Internship (3)

PRM 485: Sports Events (3)

Notes: Offered spring semester only

PRM 487: Advanced Special Events Management (3)

Notes: Offered spring semester only

TDM 345: Meeting and Convention Planning (3)

TDM 458: International Tourism (G) (3)

Standards

1. 15 credit hours of graded coursework (no independent study)
2. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in tourism development and management (including all concentrations), BS in community sports management (including all concentrations)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

Career Opportunities:

Graduates are prepared for employment in numerous positions, such as a meeting coordinator, sales coordinator, event planner, conference coordinator, and festival coordinator.

Speech and Hearing Science Minor (LASHSMIN)

Campus: Tempe

Description:

The undergraduate minor in speech and hearing science is an academic program with emphasis on normal aspects of speech, language and hearing. The focus is on how motor, cognitive and sensory systems interact with and influence hearing, speech and language in children and adults.

A minor in speech and hearing science can provide a broadened background for related careers such as medicine, education and neuroscience.

Program Requirements:

The minor in speech and hearing science consists of 24 credit hours, and though the following classes are required, students are strongly encouraged to meet with a Speech and Hearing Science academic advisor.

Required Courses -- 15 credit hours

SHS 205: Exploring Communication Disorders in Children and Adults (3)

SHS 250: Introduction to Phonetics (3)

SHS 310: Anatomical and Physiological Bases of Speech (3)

SHS 311: Hearing Science (3)

SHS 367: Language Science (SB) or SHS 375: Speech Science (3)

Upper Division Electives -- 9 credit hours

SHS 401: Principles of Audiology (3)

SHS 402: Clinical Methods and Treatment of Communication Disorders (3)

SHS 465: Speech and Language Acquisition (SB) (3)

SHS 470: Developmental Speech and Language Disorders (3)

SHS 485: Acquired Speech and Language Disorders (3)

SHS 496: Aural Rehabilitation (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in speech and hearing science

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Graduates with a minor in speech and hearing science as complement to their major are prepared for application to most graduate programs in speech-language pathology, communication disorders or audiology.

Statistics Minor (ASSTAMIN)

Campus: West

Description:

Data is increasingly the lifeblood of decision-making, and the discipline of statistics studies how to gain insights from data. The minor program in statistics is intended for students in STEM majors who wish to significantly increase their grasp of statistics and probability at the upper-division level.

The core courses of STP 280 and STP 281 provide foundational skills in probability, the analysis of distributions and the most common methods of inference. Later, more advanced coursework allows for specialization in nonparametric regression, statistical computing, multivariate analysis or other specialized topics.

The completion of this minor in statistics indicates to employers and graduate school admission committees that students have had significant training in the proper handling, analysis and interpretation of data.

Program Requirements:

The minor in statistics consists of 19 credit hours, of which nine must be upper-division. A minimum of six credit hours must be taken through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Required Courses -- 13 credit hours

MAT 271: Calculus with Analytic Geometry II (MA) (4)

STP 280: Probability and Statistics for Researchers (CS) (3)

STP 281: Statistical Analysis for Researchers (3)

STP 310: Design and Analysis of Experiments or STP 311: Regression and Time Series Analyses (3)

Upper Division Electives -- 6 credit hours

STP 310: Design and Analysis of Experiments (3)

STP 311: Regression and Time Series Analyses (3)

STP 315: Statistical Computing (3)

STP 394: Special Topics or STP 499: Individualized Instruction (3)

STP 421: Probability (3)

STP 450: Nonparametric Statistics (3)

STP 452: Multivariate Statistics (3)

STP 460: Categorical Data Analysis (3)

Three credit hours of STP 394 or STP 499 may be used towards elective requirements.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in statistics

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. A student should consult an academic advisor in the unit that offers the minor to ensure they take an appropriate set of courses. They also should consult an academic advisor in the major to make sure that college or department allows recognition of the minor; certain combinations of major and minor may be deemed inappropriate by either offering unit. Courses taken for the minor may not count toward both the major and minor. Students should contact the department offering the minor for more information.

Career Opportunities:

A minor in statistics is an excellent addition for students with an interest in data and data analytics. Graduates work in a variety of fields, including government, business, healthcare and technology.

Contact Information:

Interdisciplinary Arts and Sciences, New College of
School of Mathematical and Natural Sciences

<https://newcollege.asu.edu/programs/minor/statistics>

Statistics Minor (LASTAMIN)

Campus: Tempe

Description:

The minor in statistics is beneficial for students majoring in a variety of disciplines, such as physics, engineering applications, business, economics, the life and social sciences, or to any field where there is a need for quantification in the analysis of phenomena.

Program Requirements:

The minor in statistics requires a minimum of 18 credit hours, of which at least 12 hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 18 credit hours

MAT 271: Calculus with Analytic Geometry II (MA) or MAT 266: Calculus for Engineers II (MA) (3-4)

MAT 272: Calculus with Analytic Geometry III (MA) or MAT 267: Calculus for Engineers III (MA) (3-4)

STP 420: Introductory Applied Statistics (CS) (3)

STP 421: Probability (3)

STP 427: Mathematical Statistics (3)

STP 429: Applied Regression (CS) (3)

STP 421 and STP 427 must be taken through The College of Liberal Arts and Sciences.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in actuarial science; BS in applied mathematics; BS in computational mathematical science and statistics; BS in data science, BA and BS in mathematics (including all concentrations); BAE in secondary education (mathematics)

Other Enrollment Requirements: None

Students should confer with an academic advisor in the School of Mathematical and Statistical Sciences before declaring the minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

Statistical analysis and data mining have been identified as two of the most desirable skills in today's job market. Based on factors like pay, growth and job satisfaction, statistics has been named in separate job reports as one of the best careers for millennials. Data and the analysis of data is big business, and the Department of Labor projects a 25% growth in the need for employees trained in data analytics.

For students pursuing a minor in statistics, that means an exciting future of career opportunities in fields as diverse as business, finance, engineering, technology, sports, marketing, government, health care, the environment, politics and sports, and other areas of the economy.

Studio Art Minor (HISTARTMIN)

Campus: Tempe

Description:

The studio art minor is an opportunity for students across ASU to pursue their interest in art and expand any career path with critical thinking and creative problem solving skills. Across six art courses, students learn art techniques and concepts. The designated coursework is flexible enough for students to concentrate in a single area of the studio arts or explore several mediums.

Program Requirements:

The minor in studio art requires 18 credit hours (nine upper division). All courses must be completed with a minimum grade of "C" (2.00).

Studio Core -- 9 credit hours

ART 110: Drawing as Seeing and Thinking (HU) or ART 112: 2-D Design or ART 113: Color or ART 115: 3-D Design or ART 116: Introduction to Digital Media (3)

ART 2** Elective (6)

Upper-Division Studio Courses -- 9 credit hours

ART Upper Division Elective (9)

Notes: When selecting upper division (3XX/4XX) ART studio courses, check the prerequisites. In some cases, instructors will approve an override.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: All studio art majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in studio art can help students as they pursue careers in animation, ceramics, painting and drawing, textiles, printmaking, and sculpture, woods, and metals.

Sustainability Minor (SUSUSMIN)

Campus: Downtown Phoenix, Polytechnic, Tempe, West, Online

Description:

Students in the sustainability minor learn about the concept of sustainability and how it may be used to develop solutions to pressing issues affecting society, organizations, the environment and the world.

The program introduces sustainability principles and contextualizes how sustainability can be applied to all academic disciplines and professional fields. Students explore the challenges of sustainability within human institutions, organizations, the environment, cultures and technology, all in local, national and international contexts.

The minor is intended to draw from and inform almost any major offered by the university.

Program Requirements:

The sustainability minor requires 18 credit hours of study, of which at least nine must be upper-division. The program includes six credit hours of required core courses, six credit hours of required theme courses and six credit hours of upper-division sustainability-related electives that relate to the student's major.

All courses must be completed with a grade of "C" (2.00) or higher.

Required Core Courses -- 6 credit hours

SOS 100: Introduction to Sustainability (G) (3)

SOS 300: Advanced Concepts and Integrated Approaches in Sustainability (3)

Required Theme Courses -- 6 credit hours

Two courses, each from a different sustainability theme area below.

Coupled Human-Environment Systems

ASB 222: Buried Cities and Lost Tribes ((HU or SB) & G & H) (3)

CHM 107: Chemistry and Society (SQ) (3)

CRD 301: Sustainable Communities (3)

CRD 302: Inclusive Community Development (SB & C) (3)

GLG 110: Dangerous World (SQ & G) (3)

GPH 210: Society and Environment (G) (3)

ISS 450: Consumerism and Sustainable Development (SB) (3)

LSC 362: The Human Environment (3)

SOS 320: Society and Sustainability (L or SB) (3)

SOS 327: Sustainable Food and Farms (3)

Earth Systems

ABS 225: Soils (SQ) (3)

ABS 270: Sustainable Biological Systems (3)

BIO 100: The Living World (SQ) (4)

ENV 410: Soil Science (4)

GLG 101: Introduction to Geology I (Physical) (SQ) (3)

GLG 108: Water Planet (SQ) (4)

GLG 110: Dangerous World (SQ & G) (3)

GPH 211: Landform Processes (SQ) (4)

LSC 388: Bee Ecology in Urban and Wild Habitats (L) (3)

SES 106: Habitable Worlds (SQ) (4)

SOS 326: Sustainable Ecosystems (3)

Human Transformation of the Earth

ABS 260: Fundamentals of Sustainable Horticulture (SG) (4)

ABS 270: Sustainable Biological Systems (3)

ABS 363: Sustainable Landscape Practice (4)

ALA 100: Introduction to Environmental Design (HU & H & G) (3)

ASM 104: Bones, Stones, and Human Evolution (SB or SG) (4)

BIO 130: Introduction to Environmental Science (SQ) (4)

Upper-Division Sustainability-Related Electives -- 6 credit hours

Upper Division courses that are sustainability-related and ideally make a connection between the student's major and the minor (6)

Students should consult with their major advisor for upper division sustainability-related elective course selection. Possible courses for these electives can be explored at <https://schoolofsustainability.asu.edu/sustainability-courses-at-asu/> (<https://schoolofsustainability.asu.edu/sustainability-courses-at-asu/>), but still need to be approved by the student's major academic advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Other Enrollment Requirements: Students interested in adding a minor in sustainability should work with their major academic advisor. A student's major advisor will approve the two upper-division electives required for the minor in sustainability.

Incompatible Majors: BA in business (sustainability); BA in interdisciplinary studies with a concentration in sustainability; BS in public service and public policy (sustainability); BA in sustainability; BS in sustainability; BS in sustainable food systems

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

Knowledge and practice of sustainability complement any career path students choose, whether it's in business, technology, science, education or government. The unique knowledge and skills gained from this transdisciplinary program enhance a student's bachelor's degree and career prospects, helping them stand out in a sea of job applicants. Students can incorporate sustainability into existing or future education endeavors to bring forth a positive change.

Sustainable Tourism Minor (PPTDMSMIN)

Campus: Downtown Phoenix

Description:

As sustainability expands in popularity as a discipline, students are looking to find ways to better understand how they can apply the principles of sustainability to specific areas of interest. A minor in sustainable tourism allows students from any major to learn the basic concepts and theories of tourism development and management. This program helps students identify ways in which tourism can contribute to sustainable development, locally and globally.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as sustainability, business and many others find this program a beneficial supplement to their existing program. Students may also choose to complete a study abroad program.

Program Requirements:

The minor requires a total of 15 credit hours: 12 credit hours of required courses and one three-credit hour course from the list of electives.

Required Core Courses -- 12 credit hours

TDM 205: Introduction to Travel and Tourism (G) (3)

TDM 372: Tourism Planning (L) (3)

TDM 458: International Tourism (G) (3)

TDM 480: Sustainable Tourism (3)

Elective Course (choose one) -- 3 credit hours

TDM 448: Heritage and Cultural Tourism (3)

TDM 475: Entrepreneurial Recreation and Tourism (3)

TDM 481: Sustainable Food Management in Tourism (3)

Notes: Offered spring semester only

TDM 482: Sustainable Revenue Management (3)

Notes: Offered spring semester only

TDM 494: Special Topics (3)

Standards

1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior or higher to take 400-level courses
4. no double counting of courses for a major and the minor

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in tourism development and management; BS in tourism development and management (sustainable tourism); BS in tourism development and management (resort and hotel leadership); BA in business (tourism); BS in tourism development and management (meeting and events)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor.

Career Opportunities:

Graduates with a minor in sustainable tourism can find opportunities in diverse settings in a wide range of industries, including hotel management, environmental focused and travel agencies.

Technical Communication Minor (LSTWCMIN)

Campus: Polytechnic, Online

Description:

The minor in technical communication provides a foundation in workplace-oriented communication skills that complement many majors, particularly those in engineering and other technical disciplines.

Students learn how to design, produce and manage professional documents, both print and digital, and they also strengthen their technological abilities.

Program Requirements:

The minor in technical communication requires 18 credit hours. A grade of "C" or better is required for all courses in the minor.

Required Courses -- 12 credit hours

TWC 301: Fundamentals of Writing for Digital Media (L) (3)

TWC 401: Fundamentals of Technical Communication (L) (3)

TWC 411: Principles of Visual Communication (L) or TWC 421: Principles of Web Authoring (L) (3)

TWC 431: Principles of Technical Editing (3)

Elective Courses (choose two) -- 6 credit hours

TWC 411: Principles of Visual Communication (L) (3)

TWC 414: Visualizing Data and Information (3)

TWC 421: Principles of Web Authoring (L) (3)

TWC 422: Social Media in the Workplace (3)

TWC 435: Global Issues in Technical Communication (G) (3)

TWC 436: Project Management in Technical Communication (3)

TWC 443: Grant & Proposal Writing (3)

TWC 444: User Experience (3)

TWC 445: Content Strategy (3)

TWC 446: Technical and Scientific Reports (L) (3)

TWC 451: Copyright and Intellectual Property in the Electronic Age (3)

TWC 452: Information in the Digital Age (3)

TWC 453: Information and Communications Technology in American History (L & H) (3)

TWC 454: Information Technology and Culture (C) (3)

TWC 494: Special Topics (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BAS in applied science (technical communication); BS in technical communication; BS in technical communication (user experience)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

The technical communication minor can benefit graduates of many degree programs when they pursue careers in web development, project management and instructional design, making them more competitive in their career path.

Technological Entrepreneurship and Management Minor (ESTEM2MIN)

Campus: Polytechnic, Online

Description:

The minor in technological entrepreneurship and management is available to students who are interested in advancing ideas for new or improved products or services. Students learn the range of skills needed to develop new products, services and business models as well as whole new industries.

The courses available for the minor are designed to advance entrepreneurial and systems thinking and cover a broad range of topics important to venture startups such as creativity, entrepreneurship, innovation, global impact and systems thinking.

This minor is available as either an on-campus or 100% online program.

Program Requirements:

Completion of the technological entrepreneurship and management minor requires 18 resident credit hours of the specified courses with a grade of "C" or better in each course. At least four of the six courses must be upper-division. Students may not double count any courses with other entrepreneurship certificates.

Required Courses -- 12 credit hours

- FSE 301: Entrepreneurship and Value Creation (3)
- TEM 230: Creativity and Business Innovation (3)
- TEM 330: Systems Innovation or TEM 431: Innovation Management (3)
- TMC 110: Understanding the Enterprise (3)

Electives -- 6 credit hours

- ACC 382: Accounting and Financial Analysis (3)
- CIS 300: Web Design and Development or GIT 215: Introduction to Web Authoring (3)
- ENT 446: Venture Capital Experience (3)
- ENT 447: Lean Launch (3)
- ENT 448: Corporate Entrepreneurship (3)
- LES 380: Consumer Perspective of Business Law or OMT 402: Legal Issues for Technologists (3)
- MGT 380: Management and Strategy for Nonmajors or TMC 430: Enterprise Strategy and Innovation (3)
- MKT 425: Global Marketing Management (G) (3)
- TEM 294: Social Entrepreneurship I (3)
- TEM 311: Opportunity Analysis (3)
- TEM 394: Social Entrepreneurship II (3)

TEM 400: Technology Entrepreneurship (3)
TEM 481: Consulting Project (3)
TEM 482: Startup Workshop (3)
TMC 310: Promotion of the Enterprise or MKT 300: Marketing and Business Performance or MKT 390: Essentials of Marketing or AGB 420: Food Advertising and Promotion (3)
TMC 320: Funding the Enterprise or FIN 455: Entrepreneurial Finance (3)
TMC 330: Leading the Enterprise or MGT 300: Organization and Management Leadership or ENT 441: Entrepreneurial Management (3)
TMC 331: Quality Assurance (3)
TMC 410: Enterprise Operations (3)
TMC 470: Enterprise Planning and Implementation (3)

By petition, students can take two upper-division electives from their chosen discipline.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BS in technological entrepreneurship and management; BAS in applied science (operations management); BS in business entrepreneurship

Other Enrollment Requirements: The technological entrepreneurship and management minor is open to non-TEM undergraduate students. TEM students are not eligible to apply for this minor.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

The technological entrepreneurship and management minor prepares students for a wide variety of career possibilities; some examples are technology-based entrepreneurship, product development, consulting, venture capital analysis, business development, market analysis and technology marketing.

Theatre Minor (FATHEMIN)

Campus: Tempe

Description:

Students pursuing the theatre minor study the literatures, histories and basic production practices of theatre while having opportunities to concentrate in an area such as:

- design and production
- directing and performance
- new work development
- theatre and performance studies
- theatre for youth and community

Program Requirements:

The school offers a minor in theatre consisting of 22 credit hours of coursework (12 credit hours must be upper division). A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met (see course listings).

Transfer students may transfer up to nine credit hours toward the minor.

Theatre Core -- 10 credit hours

THF 101: Acting Introduction (3)

THF 160: Introduction to Storytelling (HU) (3)

THF 215: Design and Composition for Theatre and Film (HU) (3)

THP 201: Theatre Production Crew (1)

*Students who take Acting I (THF 101 or THP 102) for their major must complete an additional course in Theatre to complete the Theatre Minor.

Theatre History -- 3 credit hours

THE 322: Theatre History and Culture (HU & H) (3)

Theatre-Related Upper Division Courses -- 9 credit hours

THE OR THF OR THP OR FMP Upper Division Elective (9)

FMP courses must be Theatre-related.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: All theatre majors

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in theatre can help students as they pursue careers in arts administration, teaching, law, fundraising management or marketing.

Tourism Development and Management Minor (PPTDMMIN)

Campus: Downtown Phoenix

Description:

The minor program in tourism development and management provides students with the planning and development skills needed to enter the largest industry in the world. Exposure to the businesses of sustainable tourism, heritage tourism and meeting and convention planning prepares students for successful careers in the fast-growing travel and tourism industry.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program.

Having completed the minor program in tourism development and management, a student also may complete a certificate in convention sales and

meeting planning: <https://scrd.asu.edu/programs/certificate/convention-sales-and-meeting-planning>
(<https://scrd.asu.edu/programs/certificate/convention-sales-and-meeting-planning>).

Students also may choose to participate in a study abroad program.

Program Requirements:

The tourism development and management minor requires 15 credit hours: six credit hours of required core courses and nine credit hours of elective courses.

Required Core Courses -- 6 credit hours

TDM 205: Introduction to Travel and Tourism (G) (3)

TDM 480: Sustainable Tourism (3)

Elective Courses (choose three) -- 9 credit hours

PRM 145: Special Events Management (3)

TDM 225: Introduction to Resort and Hotel Management (3)

TDM 345: Meeting and Convention Planning (3)

TDM 350: Tourism, Recreation and Sports Marketing (3)

TDM 386: Convention Sales and Management (3)

TDM 415: Tourism Transportation Systems (3)

TDM 448: Heritage and Cultural Tourism (3)

TDM 458: International Tourism (G) (3)

TDM 483: Sports Tourism (3)

Notes: Offered during spring semester only

TDM 494: Special Topics (3)

Standards

1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum grade of "C" (2.00 on a 4.00 scale) required for all courses in the minor
3. students should be a junior to take 400-level courses
4. no double-counting of courses for a major and the minor

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in tourism development and management; BS in tourism development and management (sustainable tourism); BS in tourism development and management (resort and hotel leadership); BA in business (tourism)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor program offers students opportunities to pursue a broad spectrum of careers in areas such as travel agencies and tour operations; front office, food and beverage and room division departments; and recreation and leisure activity coordination. Students can find various opportunities to grow, as, for instance, hotel and spa managers, sales and marketing managers, and as organizers of festivals, sports, special events and conferences.

Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)

Campus: Tempe

Description:

In the transborder Chicana/o and Latina/o studies minor, students gain general knowledge from a comparative perspective about the Chicano and Latino populations in the United States and on the U.S.-Mexico border.

The core requirements focus on these populations' cultural, economic, sociological, historical, psychological and artistic experiences. In the remaining credit hours, students may select from courses in a variety of topics including:

- community development
- diversity in education
- film and the media
- health issues
- immigration and migration
- language and bilingualism
- literature and performance
- politics and policy

Program Requirements:

The minor requires 18 credit hours of coursework, of which at least 12 credit hours must be completed at the upper-division level. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses used toward the minor.

Core Requirements -- 6 credit hours

TCL 201: Transborder Society and Culture I: Interdisciplinary Approaches (HU & C) or TCL 202: Transborder Society and Culture II: Contemporary Issues (SB & C) (3)

TCL 331 / HST 331: Mexican American History to 1900 (SB & H & C) or TCL 332 / HST 332: Mexican American History Since 1900 (SB & H & C) (3)

Electives -- 12 credit hours

TCL Elective (3)

TCL Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in transborder Chicana/o and Latina/o studies (all concentrations)

Other Enrollment Requirements: None

An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

The minor in transborder Chicana/o and Latina/o studies prepares students to work with Chicano and Latino populations in many industries including:

- education (administration and teaching)

- film, media and the arts
- law
- local, state and national government agencies
- nonprofit organizations
- public affairs
- public health
- public policy and administration
- social work

Urban Planning Minor (ARPUPMIN)

Campus: Tempe, Online

Description:

The urban planning minor introduces students to the field of urban, regional and environmental planning. Students in the urban planning minor are exposed to the theories, methods and practices of the profession.

Some of the content area options available to students in the urban planning minor include:

- comprehensive planning
- planning law
- public policy formulation
- site planning
- socioeconomic and environmental analyses
- sustainable planning
- urban design

Program Requirements:

The minor requires completion of 18 credit hours, of which at least 12 must be upper-division. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours

PUP 301: Introduction to Urban Planning (L) (3)

Urban Planning Electives -- 6 credit hours

PUP Elective (6)

Upper-Division Urban Planning Electives -- 9 credit hours

PUP Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BSP in urban planning

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the

college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Urban and Metropolitan Studies Minor (PPURBMIN)

Campus: Downtown Phoenix

Description:

The minor program in urban and metropolitan studies offers students interested in the urban environment the opportunity to explore the wide variety of issues that influence the quality of life in urban communities.

Students are encouraged to learn about cities as historical, social, cultural, economic and political phenomena in order to gain a strong understanding of the complex relationships that contribute to the problems and opportunities of urban living.

The program allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from various disciplines such as planning, business, political science, nonprofit management and leadership, communication, social work, geography and many others might find this program a beneficial supplement to their existing program.

Program Requirements:

This minor requires 15 credit hours of coursework, of which at least 9 credit hours must be upper-division. A grade of "C" (2.00 on a 4.00 scale) or better is required in each course. A minimum of 12 hours must be completed at ASU.

Required Courses -- 6 credit hours

PAF 305: Urban Governance (3)

PAF 351: Urban and Metropolitan Studies (3)

Core Courses (choose two) -- 6 credit hours

PAF 220: Introduction to Urban America (3)

PAF 240: Urban Policy (C) (3)

PAF 302: Public Service Research Methods (3)

PAF 352: Urban Theory (3)

PAF 410: Building Leadership Skills (SB) (3)

Urban Elective (choose one course from the following subjects) -- 3 credit hours

ASB OR COM OR CRJ OR GCU OR GPH OR HST OR MGT OR NLM OR PAF OR POS OR PRM OR SBS OR SOC OR SOS OR SWU OR TDM OR TWC OR WST Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BA and BS in urban and metropolitan studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact their academic advisor for more information.

Career Opportunities:

Students completing this minor are prepared to pursue a career in a field related to management and policy areas associated with towns, cities and regions. This may include opportunities as a policy analyst, entry-level manager or program coordinator in local, state or federal agencies; nonprofit organizations; and private organizations that interface with the public sector.

Wellness Foundations Minor (EEXWMIN)

Campus: Downtown Phoenix

Description:

The wellness foundations minor is offered to any ASU student interested in learning about optimizing personal health and wellness. Students develop a greater understanding of the behavioral, social, cultural and environmental factors that impact personal wellness behaviors and the better personal lifestyle choices that may enhance individual well-being.

Program Requirements:

The minor in wellness foundations consists of 18 credit hours, of which at least 12 credits must be upper-division. The minor requires that students complete the following courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

Required Courses -- 15 credit hours

- EXW 302: Fundamentals of Wellness (L) (3)
- EXW 325: Fitness for Life (3)
- HEP 380: Body Image and Wellness (3)
- HSC 300: Complementary Health Care (3)
- NTR 100: Introduction to Nutrition Science or NTR 241: Human Nutrition (3)

Elective Course (choose one) -- 3 credit hours

- EXW 344: Impact of Physical Activity on Health and Disease (3)
- EXW 400: Stress Management for Wellness (3)
- EXW 450: Social Determinants of Health and Health Behavior ((L or SB) & C) (3)
- HEP 350: Substance Abuse and Addictive Behavior (3)
- NTR 345: Development of Healthy Cuisines (3)
- NTR 348: Cultural Aspects of Food (SB & C & G) (3)
- NTR 353: Perspectives on the Western Diet: Food, Health and Sustainability (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in exercise and wellness; BS in health sciences; BS in the science of health care delivery; BS in health sciences (healthy lifestyles coaching)

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

This course of study does not prepare students to pursue national certifications for professional practice in fields of study related to health, health coaching, fitness or wellness, but does allow the student to have a greater understanding and appreciation of how they can take control of their personal well-being and lead a healthier lifestyle.

Women and Gender Studies Minor (ASWSTMIN)

Campus: West

Description:

The minor program in women and gender studies examines the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The program combines interdisciplinary topics and methods to critically analyze, unpack and address how relations of gender are embedded in and connected to social, political and cultural transformations. The intellectual core draws from theories, methods and teachings in women and gender studies while engaging complementary fields of social justice, cultural studies, sexuality studies, queer studies, literature, history, sociology, psychology, oral history, ethnicity, race and indigenous studies, and transnational studies.

Program Requirements:

The minor in women and gender studies consists of 18 credit hours. A minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be taken from courses offered by the School of Humanities, Arts, and Cultural Studies. Elective courses should be chosen in consultation with an academic advisor prior to enrollment. All courses used to satisfy requirements for the minor must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Electives (choose from the following) -- 12 credit hours

ENG 443 / WST 415: Gender, Culture and Literacy (3)

ENG 454: Gender and Literature (L or HU) (3)

HST 328: Women in U.S. History, 1880-1980 ((HU or SB) & C & H) (3)

WST 220: Gender, Media and Culture (HU & C) (3)

WST 333: Critical Perspectives on Sexuality (SB & C) (3)

WST 341: Latin American Women Writers (3)

WST 370: Chronicling Women's Lives (HU & C) (3)

WST 376: Feminist Theory (H & C) (3)

WST 380: Race, Gender, and Class (SB & C) (3)

WST 390 / REL 390: Women, Gender and Religion (HU & G) (3)

WST 428: Gender, Madness and Justice (SB) (3)

WST 430: Gender on the Borderlands (SB & G) (3)

WST 433 / ETH 433: Race and Sexualities in Social Justice Movements (3)

WST 444: Gender, Health, and Bodies (SB) (3)

WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)

WST 457: Women, Cultures, and Societies (SB & G) (3)

WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)

WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)
WST Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (women and gender studies); BA in women and gender studies; BS in women and gender studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

This program prepares students for graduate study or a variety of fields including business, health care, criminal justice, social services, education, public relations, nonprofits, community development, public policy and government. Possible careers include community health workers, secondary school teachers, human resource managers, probation officers, social and community service managers, writers or academia.

Women and Gender Studies Minor (LAWSTMIN)

Campus: Tempe, Online

Description:

In the minor program in women and gender studies, students complete a variety of courses that explore how gender and sexuality both impact and are affected by societies as a whole from around the world. The curriculum leads students to explore ideas about gender from an interdisciplinary perspective, to learn about social structures for different genders, and understand how these have been transformed by feminist theory and gender equality.

This minor also explores prominent contemporary issues through the lenses of sexuality, race and religion.

Original undergraduate research is encouraged and some course options may involve studying community problems and formulating policy solutions. Students have the option to include a capstone seminar requiring original research or an internship that prepares students for life after college through real-world experience.

Program Requirements:

The women and gender studies minor consists of 18 credit hours, of which at least 12 must be upper-division. A minimum grade of "C" (2.00 on a 4.00 scale) is required for all courses in the minor.

Required Core Course -- 3 credit hours

WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Elective Core Courses (choose one) -- 3 credit hours

WST 377: History of American Feminist Thought (H & C) (3)

WST 378: Global Feminist Theory (L & G) (3)

WST 380: Race, Gender, and Class (SB & C) (3)

Electives -- 12 credit hours
WST Elective (3)
WST Upper Division Elective (9)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in social and cultural analysis (women and gender studies); BS and BA in women and gender studies

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide.

Graduates with the knowledge and skills acquired through the minor in women and gender studies can bring social justice concerns to a variety of professional careers, including law, education, public service, and human welfare and social work.

Writing, Rhetorics and Literacies Minor (LAWRHLMIN)

Campus: Tempe

Description:

The minor in writing, rhetorics and literacies teaches students strategies for inquiry.

Students study the ways in which communication creates knowledge and action and how communication is constructed, circulated, reacted to and repurposed through time and place. Through differing tools of inquiry, students explore the history, theories and methods of inquiry as well as pragmatic and social actions of rhetoric, writing and literacies.

The goal of this program is to educate citizens who can create new knowledge and reason, read, write and act in robust and significant ways to meet the new challenges of the present and the future.

Program Requirements:

The minor in writing, rhetorics and literacies consists of 18 credit hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by The College of Liberal Arts and Sciences. Courses must be completed with a grade of "C" (2.00 on a scale of 4.00) or better to satisfy minor requirements.

Required Courses -- 6 credit hours

ENG 205: Introduction to Writing, Rhetorics and Literacies (L) (3)

ENG 390: Methods of Inquiry (L) (3)

Directed Electives (choose two) -- 6 credit hours

ENG 391: Writing in Context (3)

ENG 392: History of Rhetorical Theory (3)

ENG 393: Theories of Literacy (3)

Elective Minor Courses -- 6 credit hours

ENG 301: Writing for the Professions (L) (3)

ENG 311: Persuasive Writing (L) (3)

ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)

ENG 338: Protest Literature (3)

ENG 370: Science, Values, and the Public (3)

ENG 371: Rhetoric of the Environmental Movement (3)

ENG 409: Analyzing Rhetoric (3)

ENG 419: Writing in Digital Spaces (3)

ENG 472: Rhetorical Studies (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: None

Majors Ineligible to Add This Minor: BA in English - all concentrations

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor. Students should contact the department offering the minor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in writing, rhetorics and literacies can benefit those who pursue careers in writing, editing or publishing.

Youth Services Leadership Minor (HSYSLMIN)

Campus: Downtown Phoenix

Description:

The minor program in youth services leadership is designed to explore the area of youth leadership from the perspective of those who work face-to-face with youth in a variety of settings.

The minor allows students enrolled in a variety of undergraduate programs at ASU to broaden their knowledge of youth services. Students from programs such as education, nursing, social work, criminal justice and others may find this program a beneficial supplement to their existing program.

Program Requirements:

The minor requires 15 credit hours: six credit hours of required courses and nine credit hours of elective courses. At least nine credit hours must be upper-division.

Required Core Courses -- 6 credit hours

PRM 203: Program Planning (3)

PRM 335: Sports and Recreation for Youth Development (3)

Notes: Offered spring semester only

Elective Courses (choose three) -- 9 credit hours

CRD 302: Inclusive Community Development (SB & C) (3)

CRJ 204: Juvenile Justice (3)

CRJ 462: Gangs (3)

NLM 220: Introduction to Nonprofit Organizations (3)

NLM 310: Volunteer Management (3)

NLM 451: Grant Writing (3)

Notes: Offered fall semester only

PRM 145: Special Events Management (3)

PRM 364: Foundations of Recreation Therapy (SB) (3)

PRM 455: Recreational Therapy and Play with Children, Youth and Families (3)

Standards

1. 15 hours of graded classroom coursework (no internship, no independent study)
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the minor
3. should be a junior to take 400-level courses
4. no double counting of courses for a major and the minor

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: BS in parks and recreation management; BS in parks and recreation management (therapeutic recreation); BS in community sports management; BS in recreation therapy

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Students interested in pursuing a minor should consult their academic advisor to declare the minor and to ensure that an appropriate set of courses is taken. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and the minor. Students should contact their academic advisor for more information.

Career Opportunities:

A minor can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a minor alone can provide. A minor in youth services leadership can help students as they pursue careers in youth services or as family resource coordinators.

Undergraduate Programs

Undergraduate Certificates (Program Descriptions and Requirements)

Actuarial Science Certificate (LAACTCERT)

Campus: Tempe

Description:

Actuarial science is an area of mathematical and statistical science that requires expertise in specializations of probability and interest theory, coupled with a strong foundation in accounting, finance and economics. This certificate provides students with preparation for professional actuarial credentialing exams offered by the Society of Actuaries and the Casualty Actuarial Society.

Program Requirements:

The certificate requires a minimum of 19 credit hours, of which at least 12 credit hours must be upper-division. Specific minimum course grades are required for each course, see notes below.

Required Courses -- 13 credit hours

ACT 201: Introduction to Elements and Techniques of Actuarial Science (3)

ACT 410: Mathematics of Finance (4)

ACT 415: Probability for Risk Management (3)

ACT 440: Long-Term Actuarial Mathematics I or ACT 450: Actuarial Models and Modeling I (3)

A grade of "B" (3.00 on a 4.00 scale) or better is required for ACT 201, ACT 410 and ACT 415. A grade of "C" (2.00 on a 4.00 scale) or better is required for ACT 440 or ACT 450.

Electives (choose two courses) -- 6 credit hours

ACT 420: Ratemaking and Reserving (3)

ACT 430: Mathematics of Financial Derivatives (4)

ACT 435: Statistics for Risk Modeling (3)

ACT 440: Long-Term Actuarial Mathematics I (3)

ACT 441: Long-Term Actuarial Mathematics II (3)

ACT 450: Actuarial Models and Modeling I (3)

ACT 451: Actuarial Models and Modeling II (3)

A grade of "B" (3.00 on a 4.00 scale) or better is required in the following courses: ACT 420, ACT 430, ACT 435.

A grade of "C" (2.00 on a 4.00 scale) or better is required in the following courses: ACT 440, ACT 441, ACT 450, ACT 451.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Although no specific degree is required for admission to the actuarial science certificate program, a strong mathematical background is essential (found in majors such as mathematics, statistics, engineering and natural sciences). Students with a major or degree other than those listed will require additional preparation beyond the certificate. Students are required to have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") and grades of "B" or better in courses of multivariate calculus, linear algebra and introductory statistics at ASU or an equivalent institution.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Risk is a part of daily life and wherever there is risk, there are opportunities for actuarial intervention. Many actuaries work with insurance companies to calculate premiums, determine reserves needed to ensure an organization's financial health and to ensure organizations conform to stringent, complex legal mandates. Others help companies to establish retirement plans or are employed as consultants. Students with a certificate in actuarial science possess skills that are transferable to any industry and any organization that requires risk modeling and management, including:

- colleges and universities
- consulting firms
- energy, such as utilities, oil and gas

- environment (on issues such as climate change and the financial impact or risk of extreme events)
- financial services, such as banking and investment management
- government agencies such as Social Security, the Department of Labor and Medicare (to manage social programs and to develop regulations and legislation)
- insurance companies
- retirement and pensions
- transportation, such as shipping and air travel

Students can also apply the advanced problem-solving skills learned in the actuarial science certificate program to a variety of other professional careers, including:

- analysts
- business operations specialists
- consultants
- teachers

African and African American Studies Certificate (LAAFRCERT)

Campus: Tempe

Description:

The certificate program in African and African American studies examines the culture, arts, history, politics, economics and current status of Africans, African Americans and the larger African diaspora, especially in Central America, South America and the Caribbean. The goal is to prepare students for lifelong learning, advanced study in a variety of fields, successful careers and productive public service in an increasingly diverse society.

Program Requirements:

The certificate consists of 15 credit hours, at least 12 of which must be completed at the upper-division level. All courses used toward the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Core Course -- 3 credit hours

- AFR 200: Introduction to Africana Studies (SB & G & H) (3)
- AFR 210: Introduction to African American Studies (C) (3)

Elective Core Course -- 3 credit hours

- AFR 300: Precolonial Africa (SB & G & H) (3)
- AFR 301: Race and Racism in Africa/African Diaspora (SB & G) (3)
- AFR 370 / FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)
- AFR 375: Race, Gender and Sport (SB & C) (3)

Three Content Courses (from following list) -- 9 credit hours

- AFR 336 / ASB 336: African Art (HU & G) (3)
- AFR 340: The Making of Modern Africa (SB & G & H) (3)
- AFR 345 / JUS 345: Peoples and Cultures of the Caribbean (SB & G & H) (3)
- AFR 350 / APA 350 / CDE 350 / SOC 350 / TCL 360 / JUS 365: Inequality and Diversity in Education (L & C) (3)
- AFR 352 / APA 352 / JUS 353: Borders, Prisons and Suburbs (SB & C) (3)
- AFR 353 / AMS 353 / ENG 353 / ETH 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)
- AFR 354 / AMS 354 / ENG 354 / ETH 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)
- AFR 363 / HST 333: African American History to 1865 (SB & H & C) (3)
- AFR 364 / HST 334: African American History Since 1865 ((HU or SB) & C & H) (3)
- AFR 365 / WST 364: Unruly Voices: Black Women and Cultural Narratives (HU & C) (3)
- AFR 366 / ASB 366: African Archaeology: Precolonial Urban Culture (SB & H) (3)
- AFR 372 / REL 362 / SGS 366: Islam and Islamic Societies in Africa: Social and Political History (G) (3)
- AFR 373 / REL 363: Islam and World Affairs (G) (3)
- AFR 420 / JUS 421: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)

AFR 459 / ENG 459: Studies in African American/Caribbean Literatures ((L or HU) & G) (3)
AFR 466 / ASB 466: Peoples and Cultures of Africa (SB & G) (3)
AFR 470 / WST 471: Women's International Human Rights (3)
AFR 480 / REL 461 / SGS 442: Different Voices Within Contemporary Islamic Discourse (3)

Other courses may be used with approval from an academic advisor in the School of Social Transformation

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. By adding this specialization in African and African American Studies as a complement their major program of study, students will become more attractive to employers.

Graduates who have completed this undergraduate certificate often decide to pursue employment in education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

American Indian Nation Governance Certificate (LAAIGVCERT)

Campus: Tempe

Description:

The American Indian nation governance certificate students develop knowledge about and insight into government and governance in Native American communities. The curriculum covers themes such as the history, policies and sovereign status of American Indians, and the legal relationships between the Native American nations and state governments as well as the U.S. federal government.

Program Requirements:

The certificate in American Indian Nation governance requires completion of 15 credit hours (12 of which must be upper-division and nine of which must be taken from The College of Liberal Arts and Sciences). Students complete six credit hours of American Indian studies and six credit hours of political science. An additional three credit hours are selected from the approved list of AIS and POS policy and applied courses, including an optional internship. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher for use in the certificate.

AIS Core Courses (choose two) -- 6 credit hours

AIS 180: Introduction to American Indian Studies (C) (3)

AIS 380: Contemporary Issues of American Indian Nations (C) (3)

AIS 470: Tribal Governance (3)

POS Core Courses (choose two) -- 6 credit hours

POS 310: American National Government (SB) (3)

POS 325: Public Policy Development (SB) (3)

POS 346: Problems of Democracy (HU) (3)

POS 368: Ethics and Human Rights (3)

POS 370: Law and Society (SB) (3)

POS 439: Minority Group Politics in America (SB & C) (3)

AIS or POS Policy and Applied Course (choose one) -- 3 credit hours

AIS 394: Reservation Economic Development (3)

AIS 445: American Indian Leadership and Resistance (SB & H & C) (3)
AIS 455: Human Rights and Cultural Resource Laws (3)
AIS 484: Internship (3)
AIS 494: American Indian and Indigenous Rights (3)
AIS 494: American Indian Rights (3)
AIS 498: Pro-Seminar (L) (3)
POS 484: Internship (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who combine the certificate in American Indian nation governance with their major program of study may increase their marketability to employers.

Those completing this certificate program are better prepared to work with Indian nations, federal and state agencies, and nonprofit organizations, regardless of their academic major or final career path.

Analysis and Management of Insurance Risk Certificate (LAAMIRCERT)

Campus: Tempe

Description:

Risk management is the identification, assessment and prioritization of risks that is followed by coordination and economic application of resources to minimize risk and monitor the probability and impact of unfortunate events or to maximize the realization of opportunity. The objective of risk management is to assure uncertainty does not deflect the endeavor from the business goals.

The certificate program helps students become well-rounded business assessors of risk, ready to utilize their knowledge of mathematics, statistics, economics, marketing, business, finance and accounting in an insurance career.

Program Requirements:

The certificate requires 15 credit hours from the approved course list below, with the only required course being ACT 301.

Required -- 3 credit hours

ACT 301: Risk Management and Insurance (SB) (3)

Electives (choose four) -- 12 credit hours

ACT 201: Introduction to Elements and Techniques of Actuarial Science (3)

ACT 302: Fundamentals of Enterprise Risk Management (3)

ACT 320: Property and Casualty Insurance (3)

ACT 330: Life and Health Insurance (3)

ACT 370: R and Excel for Actuaries (3)

ACT 484: Internship (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must hold a minimum GPA of 2.50 to pursue this certificate and have completed the following prerequisite courses at ASU or an equivalent institution with a grade of "C" or better (scale is 4.00 = "A"):

CIS 105 Computer Applications and Information Technology or equivalent
ECN 211 Macroeconomic Principles or ECN 212 Microeconomic Principles
MAT 210 Brief Calculus
STP 226 Elements of Statistics or ECN 221 Business Statistics

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student. Applicants should contact the unit for additional information.

Career Opportunities:

Risk is a part of daily life and wherever there is risk, there are opportunities for actuarial intervention. Many actuaries work with insurance companies to calculate premiums, determine reserves needed to ensure an organization's financial health, and to ensure organizations conform to stringent, complex legal mandates. Others help companies establish retirement plans or are employed as consultants. Students with a certificate in Analysis and Management of Insurance Risk possess skills that are transferable to any industry and any organization that requires risk modeling and management, including:

- colleges and universities
- consulting firms
- energy, such as utilities, oil and gas
- environment (on issues such as the financial impact of climate change or risk of extreme events)
- financial services, such as banking and investment management
- government agencies such as Social Security, the Department of Labor and Medicare (to manage social programs and to develop regulations and legislation)
- insurance companies
- retirement and pensions
- transportation, such as shipping and air travel

Students can also apply the advanced problem-solving skills learned in the Analysis and Management of Insurance Risk certificate program to a variety of other professional careers, including:

- analysts
- business operations specialists
- consultants
- teachers

Applied Business Data Analytics Certificate (BABDACERT)

Campus: Tempe, Online

Description:

The certificate in applied business data analytics is for students who are interested in practical uses for computer-based tool suites that are capable of managing vast amounts of data. Students learn sophisticated but easy-to-use means of managing and analyzing such data. They leverage the tools for making good decisions about projects, process designs and fundamental tasks.

Exposure to predictive analytics and modeling, big data techniques, and visualization provides significant insight into the advanced uses of the computer-based tools. Critical thinking is an important skill and mindset that is required for establishing and evaluating evidence-based benchmarks for making good decisions leading to high-quality outcomes.

Program Requirements:

The certificate in applied business data analytics requires 18 credit hours and is available to all majors. At least 12 credit hours must be upper-

division.

To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

No more than six credit hours can be shared between this certificate and other business certificates and minors.

Required Courses -- 18 credit hours

CIS 105: Computer Applications and Information Technology (CS) (3)

CIS 308: Advanced Excel in Business (3)

CIS 309: Business Process Management (3)

CIS 310: Business Data Visualization (3)

CIS 405: Business Intelligence (3)

Any Statistics Course or CIS 394: Location Analytics for Business (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The applied business data analytics certificate is open to all ASU students. The certificate application is accessed and submitted through Advising SOS at <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

This certificate is available through the Pathways for the Future program: <https://pff.asu.edu/> (<https://pff.asu.edu/>). Applicants without a bachelor's degree are eligible to apply for, and receive, this certificate, through the Pathways for the Futures program. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/undergraduate-certificate-applied-business-data-analytics/>)

Career Opportunities:

Students can advance their career options with an undergraduate certificate. By adding this specialization as a complement to their major program of study, students will become more attractive to future employers.

Graduates with this certificate often decide to pursue employment in management, business analysis or marketing. Advanced degrees or certifications may be required for academic or clinical positions.

Applied Cybersecurity Certificate (ASACSCERT)

Campus: Polytechnic, Tempe, West

Description:

The applied cybersecurity certificate program is designed to build competencies in security operations, risk assessment, network security, and governmental and regulatory compliance in an interdisciplinary learning setting. Building upon core skills that students bring with them from their majors, students practice dealing with cyber threats and resolving issues from multiple perspectives. This certificate is an ideal supplement for students interested in careers in cybersecurity in both the private sector and within government agencies (FBI, Homeland Security, NSA, DOD).

The program is offered through a collaboration between the New College of Interdisciplinary Arts and Science, the Ira A. Fulton Schools of Engineering and the W. P. Carey School of Business.

Program Requirements:

The certificate in applied cybersecurity consists of 15 credit hours; a minimum of 12 upper-division credit hours must be earned at ASU. Six credit hours must be unique and not count towards a student's undergraduate degree. All courses used to satisfy requirements for the certificate must be

passed with a "C" (2.00) or better. Students must select courses from more than one subject to fulfill certificate requirements. Students must take CSE 365 or IFT 202 and one course each from groups A, B or C, and D; then one course from Group E for a total of five courses or 15 credit hours. It is recommended that the Group A course be taken concurrently with CSE 365 or IFT 202. The Group B or C and D courses must be taken after successful completion of CSE 365 or IFT 202. Group A through D courses must be completed successfully before enrolling in the Group E required course.

Required Courses -- 3 credit hours

CSE 365: Information Assurance or IFT 202: Foundations of Information and Computer System Security (3)

Electives -- 12 credit hours

Group A - Security Operations and Risk Management -- 3 credit hours

ACO 461: Security Operations (3)

CIS 401: Managing Cyber Risks in Enterprise Business Processes (3)

IFT 381: Information System Security (3)

Group B - Systems and Network Security OR Group C - Forensics/Cyber Crime -- 3 credit hours

Group B - Systems and Network Security:

ACO 431: Network Security (3)

CSE 466: Computer Systems Security (3)

CSE 468: Computer Network Security (3)

IFT 458: Middleware Programming and Database Security (3)

IFT 475: Security Analysis (3)

Group C - Forensics/Cyber Crime:

CSE 469: Computer and Network Forensics (3)

FOR 350: Computer Forensics (3)

IFT 482: Network Forensics (3)

Group D - Policy -- 3 credit hours

ACO 351: Governance, Risk and Compliance (3)

CIS 402: Privacy, Ethics and Compliance Issues (3)

CSE 467: Data and Information Security (3)

IFT 483: Developing Security Policy (3)

Group E - Project -- 3 credit hours

Students may take more than one semester of the Applied Project but only three credit hours will count towards the certificate.

ACO 484: Internship or ACO 499: Individualized Instruction (3)

CIS 440: Capstone in Information Systems (L) (3)

CSE 485: Computer Science Capstone Project I (L) or CSE 486: Computer Science Capstone Project II (L) (3)

IFT 401: Information Technology Capstone Project I or IFT 402: Information Technology Capstone Project II (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

To enroll in this certificate program, students should have completed at least 45 credit hours in their declared majors and have a cumulative GPA of 2.00 or better.

Students should pay attention to the prerequisites needed for required certificate courses and make sure to complete prerequisite courses prior to enrolling in the certificate program.

CSE 365 Information Assurance has prerequisites of ACO 240, CIS 235, CIS 236, CSE 220 or CSE 240.

Prerequisites for ACO 240: ACO 102 or CSE 205, or GIS major with GIS 222, or software engineering graduate student

Prerequisites for CIS 235: CIS 105, 200 or 220; MAT 210, 211, 270 or 271

Prerequisites for CSE 220: CSE 205

Prerequisites for CSE 240: ACO 102 or CSE 205, or GIS major with GIS 222, or software engineering graduate student

IFT 202 Foundations of Information and Computer System Security has prerequisites of IFT 101, IFT 103 and IFT 166.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a

nondegree-seeking graduate student.

Career Opportunities:

The certificate in applied cybersecurity provides a solid background for students interested in the following careers:

- chief information security officer
- cyber risk analyst
- information security engineer
- network security engineer
- security operations center analyst

Applied Social Sciences Certificate (ASAPSSCERT)

Campus: West

Description:

The certificate program in applied social sciences prepares students to apply social science tools to practical problems. Through collaboration, students develop case studies, engage in fieldwork, and learn both how to apply expert knowledge and how to communicate evidence. Working with stakeholders, students identify and solve problems, reform managerial structures and organizational systems, and drive social change.

Program Requirements:

The certificate in applied social sciences requires a minimum of 15 credit hours (at least 12 must be upper division), consisting of six core credit hours and nine credit hours of electives. Six credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of three credit hours of individualized instruction or internship may be applied toward the certificate. A maximum of six credit hours may be shared between the certificate and a New College major. Electives are not limited to the certificate elective list; students should see their academic advisor prior to enrollment. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.

Required Core Courses -- 6 credit hours

SOC 331: Environmental Sociology (SB & G) (3)

SBS 304: Social Statistics I (CS) or SBS 404: Social Statistics II: Multivariate Analysis (CS) (3)

Elective Courses (minimum six upper-division credit hours) -- 9 credit hours

Students will select nine credit hours from courses where an applied project is assigned within a specific context. Selected courses must come from at least two of the following prefixes: ASB, JHR, POS, SBS or SOC.

ASB 339 / SBS 339 / POS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ASB 340 / SOC 328: Migration and Culture (SB & G) (3)

ASB 394: Special Topics or JHR 394: Special Topics or POS 394 / SBS 394 / SOC 394: Special Topics (3)

ASB 442 / SBS 460: Global Cities (SB & G) (3)

ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)

ASB 494 / JHR 494 / POS 494 / SBS 494 / SOC 494: Special Topics (3)

ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)

GCU 373: Introduction to Geographic Information Science (SG) (4)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

POS 150: Comparative Government (SB & G) (3)

POS 350: Comparative Politics (SB & G) (3)

SOC 241: Modern Social Problems (SB) (3)

SOC 331: Environmental Sociology (SB & G) (3)

SOC 371: Inequality and Sustainability (3)

SOS 111: Sustainable Cities ((HU or SB) & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate program is recommended for students with academic or career interests in human resources, administration, journalism, social work, business, community and civic work as well as politics, organizing and advocacy, public policy, education and sustainability. Graduates may find employment in positions such as research specialist, research project manager, human resources manager or assistant, recruiter, education or social worker.

Arabic Studies Certificate (LAARBCERT)

Campus: Tempe

Description:

The certificate program in Arabic studies provides students with skills that enable them to communicate effectively in Arabic in the four areas of language acquisition: listening, reading, speaking and writing.

Simultaneously, students gain broad knowledge and understanding of the culture, literature and traditions of the vast Arabic-speaking world. The program provides critically needed educational and cultural diversity that enriches students' undergraduate experiences and prepares them for life as employees and employers.

Graduate students in the liberal arts, social sciences and humanities seeking academic or professional careers in any of the three disciplines also benefit from this certificate because of the added advantage the program gives them in the job market, given the demonstrably high need for graduates with knowledge of the Arabic language.

Program Requirements:

The Arabic studies certificate requires students to complete 18 credit hours of upper-division coursework. A grade of "C" (2.00 on a 4.00 scale) or better is required for each course.

Arabic Core (choose three) -- 9 credit hours

ARB 311: Advanced Arabic Skills I or ARB 411: Advanced Arabic Skills II (G) (3)

ARB 321: Arabic Conversation I or ARB 421: Arabic Conversation II (3)

ARB 331: Arabic/Islamic Culture and Literature (HU & H & G) (3)

ARB 335: Arabic Culture and Islam (G) (3)

ARB 341: Quran Text and Women (HU & H) or ARB 351: Classical Arabic Literature (HU & G) (3)

ARB 352: Modern Arabic Literature in Translation (HU & G) or ARB 422: Advanced Arabic Media (G) (3)

Elective Courses (choose three) -- 9 credit hours

Some courses can be used either as a core course or as an elective, but no course can be counted more than once toward certificate requirements.

ARB 321: Arabic Conversation I (3)

ARB 335: Arabic Culture and Islam (G) (3)

ARB 336: Introduction to the Qur'an (G) (3)

ARB 337: Hadith and Prophetic Tradition (HU & H & G) (3)

ARB 340: Arabic Translation (3)

ARB 341: Quran Text and Women (HU & H) (3)

ARB 351: Classical Arabic Literature (HU & G) (3)

ARB 352: Modern Arabic Literature in Translation (HU & G) (3)

ARB 360: Islamic Philosophical Literature (3)

ARB 421: Arabic Conversation II (3)
ARB 422: Advanced Arabic Media (G) (3)
GCU 328: Geography of Middle East and North Africa (SB & G) (3)
HST 307: Studies in African History (H) (3)
HST 372: Modern Middle East (SB & G & H) (3)
REL 365: Islamic Civilization (HU & H) (3)
REL 366: Islam in the Modern World (HU & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Any student accepted into an appropriate degree program at ASU can declare the certificate in Arabic studies. Students should contact an academic advisor in the School of International Letters and Cultures for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in Arabic Studies with their major program of study may be more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality or marketing.

Arts Entrepreneurship Certificate (HITHAECERT)

Campus: Tempe

ASU is not currently accepting applications for this program.

Description:

Arts entrepreneurship is an emerging transdisciplinary field that harnesses the skills and mindset of the entrepreneur to empower artists to create work that is meaningful, sustainable and oriented to community and market need. Students across art, dance, design, film, music and theatre disciplines benefit from the business, marketing and organizational skills offered by certificate courses as applied specifically to and within the arts.

Program Requirements:

The undergraduate certificate in arts entrepreneurship consists of 15 credits. A grade of "B" or better is required in HDA 252 and a grade of "C" or better is required in all other courses.

Core -- 3 credit hours

HDA 252: Foundations Arts and Design Entrepreneurship (3)

Arts Business Course (select two) -- 6 credit hours

ARA 396: Professional Practices for Design and the Arts (3)

ARA 460: Gallery Exhibitions (3)

DSC 394: Design Entrepreneurship & Society (3)

ENT 305: Principles of Entrepreneurship (3)

FMP 417: Business and Legal Practices in Entertainment (3)

HDA 420: Design and the Arts Business Administration (3)

MUP 438: The Enterprising Musician (3)

NLM 451: Grant Writing (3)

THP 351: Arts Management (3)

THP 450: Theatre Organization and Management (3)

Arts Policy, Community or Social Engaged Arts Course (select two) -- 6 credit hours

ARS 441: Public Art (3)

ART 442: Art and Community (3)

DCE 494: The Atlas of Creative Tools (3)

DSC 494: Indigenous Architecture, Planning and Construction (3)

DSC 494: Indigenous Project Delivery (3)

EDS 301: Sustainable Community Design and Practices (3)

HDA 310: Socially Engaged Practice (3)

HDA 394: Disrupt, Create, Sustain (3)

HDA 494: Civic Body: Art and Public Health (3)

HDA 494: Civ Prac: Artists&Designers Collaborating/Comm (3)

HDA 494: Civic Practice:Arts/Design & Public Partnerships (3)

HDA 494: Creative Facilitation: Collaboration, Imagination (3)

HDA 494: Creative Project Management (3)

HDA 494: The Atlas of Creative Tools (3)

MUP 439: Music Product Creation and Development (3)

NLM 410: Social Entrepreneurship (3)

THP 482: Theatre for Social Change (C) (3)

THP 494: The Atlas of Creative Tools (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in arts entrepreneurship, meant to extend the study of an individual arts discipline, is available only to current students with a major within the Herberger Institute for Design and the Arts.

Students may be admitted to the certificate program upon completion of HDA 252 Foundations Arts and Design Entrepreneurship with a grade of "B" or better (scale is 4.00 = "A") and an overall GPA of 3.00 or higher. Students must submit an application to the Herberger Institute Office of Student Success. Herberger Institute students meeting the course and GPA requirements may enroll in the certificate, and a Herberger Institute advisor will add the certificate plan code to the student's record.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Arts and Humanities in Games Certificate (ASAHGCERT)

Campus: West

Description:

The certificate program in arts and humanities in games trains students to design, develop, create and analyze games from holistic and interdisciplinary perspectives and to understand the utilization, consumption and real world impact of games in a diverse culture and society.

The goal is to make students' minds more supple, critical in thinking and expansive, through an interdisciplinary approach that encompasses the design and development of toys and games as well as the qualitative study of them. The interdisciplinary approach helps students understand the impact of play on human mental, emotional and social growth.

This program, through foregrounding arts and humanities in the study of games, provides a complementary approach to the technically based study of games offered by the ASU Ira A. Fulton Schools of Engineering.

Program Requirements:

The certificate in arts and humanities in games consists of 18 credit hours; a minimum of 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. All courses used to fulfill the requirements for the certificate must be passed with a "C" (2.00) or better.

The certificate consists of six credit hours of required foundational courses, and nine credit hours from one of the following game emphasis areas: Toys and Games as Works of Art (Art Game Practitioner); Toys and Game Culture (Research Scholar); Game Writing (Game Design Practitioner); or Game Sound (Game Design Practitioner); and three credit hours of playworks portfolio.

Required Foundational Courses -- 6 credit hours

IAP 220: Introduction to Game Studies (3)

IAP 222: Games and Ethics (3)

Game Emphasis Area -- 9 credit hours

Students must take two required courses and one elective from their selected emphasis area below. (9)

Toys and Games as Works of Art (Art Game Practitioner) Emphasis Area

Required:

IAP 362: Games and Narratology (3)

IAP 462: Games and Play (3)

Electives:

IAP 304: Traditions of the Avant-Garde and Experimental Art (L or HU) (3)

IAP 352: Seeing and Drawing (3)

IAP 354: Visual Representation (3)

IAP 361: Digital Editing and Media Literacy (CS) (3)

Toys and Game Culture (Research Scholar) Emphasis Area

Required:

ENG 441: Introduction to Participatory Media (3)

IAP 462: Games and Play (3)

Electives:

COM 312: Communication, Conflict, and Negotiation (3)

COM 324: Rhetoric and Media Criticism (3)

COM 416: Gender and Race in the Media (3)

COM 429: Semiotics and Visual Communication (3)

ENG 449: Masculinities, Femininities and Literacies (3)

IAP 464: Media and Diversity (HU & G) (3)

Game Writing (Game Design Practitioner) Emphasis Area

Required:

IAP 362: Games and Narratology (3)

FMS 394: Video Games and Narrative or IAP 494: Scriptwriting for Games (3)

Electives:

ENG 379: Travel Writing (L) (3)

ENG 388: Intermediate Creative Writing Workshop in Fiction: Form, Theory, and Practice (3)

IAP 462: Games and Play (3)

Game Sound (Game Design Practitioner) Emphasis Area

Required:

IAP 362: Games and Narratology (3)

IAP 421: Composition: Process, Technique, and Style II or IAP 469: Advanced Audio Production (3)

Electives:

IAP 322: Multitrack Digital Recording (3)

IAP 325: Sound Performance: Exploring Alternative Performance Groups (3)

Portfolio -- 3 credit hours

IAP 496: Playworks Portfolio (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a

nondegree-seeking graduate student.

Career Opportunities:

The certificate in art and humanities in games is appropriate for students seeking employment as video game designers, software applications developers, computer programmers, multimedia artists and animators and digital media specialist.

Arts in Education Certificate (HIAEDCERT)

Campus: Tempe

Description:

The certificate program in arts in education is specifically designed for prospective preK-8 educators who wish to enhance their teaching practices by developing the necessary skills to use the arts throughout the curriculum.

By weaving the principles and practices of the arts and other disciplinary curricula together, teachers can create rich and engaging environments that enhance student learning by capitalizing on the critical thinking, communication, collaboration and creativity inherent in the arts and arts experiences.

Program Requirements:

The certificate in arts in education requires 18 credit hours (including 12 credit hours of upper division). All upper-division courses must be completed with a minimum grade of "C" (2.00).

Arts Education Lower-Division Core -- 6 credit hours

- ARA 195: Art in My World (HU) (3)
- ART 110: Drawing as Seeing and Thinking (HU) (3)
- FMP 222: Education in Film (L) (3)
- MUS 210: The Arts Around Us (HU) (3)
- MUS 211: Dance, Music and Meaning (HU) (3)
- MUS 212: Music, Meaning and Imagination (HU) (3)
- MUS 213: Critical Thinking in the Arts (HU) (3)
- MUS 214: Art, Music and Learning (HU) (3)
- THP 212: Puppetry with Children (3)

Arts Education Upper-Division Core -- 9 credit hours

- ARA 311: Art Appreciation and Human Development (HU) (3)
- ARE 301: Studio Art and Human Development (3)
- ARE 494: Special Topics (3)
- DCE 350: Dance in the Classroom: Learning Through Movement (HU) (3)
- MUE 310: Music in Early Childhood (HU) (3)
- MUE 311: Music in the Lives of Children and Youth (HU) (3)
- THP 311: Creative Drama with Youth (L) (3)

Arts Elective Course -- 3 credit hours

Some courses are fewer than three hours and may be repeated for credit.

- ARS 300: Introduction to Art (HU) (3)
- DCE 300: Dancing Histories (HU) (3)
- DCE 301: Dance Analysis and Theory (L or HU) (3)
- DCE 303: The Body Condition(ed) (SB) (3)
- DCE 402: Ethnography of Dance Practices (L) (3)
- DCE 404: Dance and Ethics (L) (3)
- DCE 405: Writing the Creating Body (L or HU) (3)
- MUP 442: Instrumental Ensembles (1-2)
- MUP 443: Choral Ensembles (1-2)

MUP 444: Concert Winds (1-2)
MUP 450: Choral Union (1-2)
MUP 455: Arizona Statesmen (1-2)
MUP 457: Sol Singers (1)
MUP 459: Barrett Choir (1-2)
MUP 489: Ethnomusicology Ensembles (1)
MUS 340: Music for the Concert Hall, Stage, and Screen (HU & H) (3)
MUS 347: Jazz in America (HU & C) (3)
MUS 354: Jazz Giants (HU) (3)
MUS 355: American Music (HU & C & H) (3)
MUS 356: Broadway and the American Musical (HU) (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
MUS 494: Special Topics (1-4)
THE 322: Theatre History and Culture (HU & H) (3)
THP 411: Methods of Teaching Drama (3)
THP 482: Theatre for Social Change (C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This certificate will add richness and depth that is applicable to multiple careers including:

- community engagement
- dementia care
- education and teaching
- nursing
- recreation

Asian Pacific American Studies Certificate (LAAPACERT)

Campus: Tempe

Description:

Asian Pacific American studies educates students in social justice, the global causes and impacts of Asian and Pacific Islander migration, relational and comparative racial formations, and ethnic studies movements that have made and continue to make a difference in society for all people.

Topics include diaspora, globalization, U.S imperialism and settler colonialism, social networks, immigration, interracial and interethnic relations, and health and well-being of Asian Pacific American families and communities. The certificate program provides students with the opportunity to work with a dedicated faculty committed to community-engaged research and student-centered learning.

The Asian Pacific American studies program is housed in ASU's interdisciplinary School of Social Transformation, the only school of its kind in the United States.

Program Requirements:

The certificate consists of 18 credit hours, of which at least 12 must be completed at the upper-division level. Nine credit hours of core coursework are required and the remaining nine credit hours are selected from any of the courses with an APA subject. At least nine credit hours must be taken

in residency at ASU. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Courses -- 9 credit hours

APA 200: Introduction to Asian Pacific American Studies ((HU or SB) & C) (3)

APA 360: Asian Pacific American Experience ((HU or SB) & C) (3)

APA 484: Internship (3)

*One APA 360 course is required for the core. The course may be repeated for credit with these different topics: Chinese American; Filipino American; Japanese American; Multiracial Experiences; Pacific Islander.

Electives -- 9 credit hours

APA Elective (3)

APA Upper Division Elective (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in Asian Pacific American with their major program of study may be more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

Asian Studies Certificate (LAASNCERT)

Campus: Tempe

Description:

The Asian studies certificate supplements a bachelor's degree, providing students with knowledge of an Asian language as well as general knowledge of Asian history, art, culture and society. Graduates possess official transcript recognition of specialization in Asian studies.

Program Requirements:

The certificate requires 24 credit hours of approved coursework, in addition to proficiency in an Asian language. Fifteen credit hours of upper-division area studies coursework must be chosen from at least four different disciplines, e.g., language and cultures, history, religious studies, anthropology, geography, political science, global studies, art and music. Courses from other disciplines may be used by approval. The remaining nine credit hours may be chosen in any combination.

At least six upper-division hours in the certificate must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required for each course that is used to fulfill the certificate requirements.

Language Requirement

Students must demonstrate proficiency in an Asian language by completing the 201 and 202 course sequence, one year of study abroad at the intermediate level or satisfactory performance on a proficiency exam. Asian languages include Chinese, Hindi, Indonesian, Japanese, Korean, Thai, and Vietnamese.

Disciplinary Electives -- 24 credit hours

Upper Division Disciplinary Electives (15)

At least four different disciplines must be represented within the upper-division disciplinary electives (e.g., history, religious studies, global studies, anthropology). Crosslisted courses will only apply to the certificate under one discipline; students may choose the discipline that is most

advantageous.

Disciplinary Electives (9)

Students select the remaining disciplinary electives from the lists below in any combination.

Anthropology

ASB 325: Peoples of Southeast Asia (G) (3)

Art History

ARS 201: Art of Asia (HU & H & G) (3)

ARS 444: Films of India (3)

ARS 472: Art of China (HU) (3)

ARS 473: Art of Japan (HU) (3)

ARS 475: Chinese Painting (HU) (3)

Cultural Geography

GCU 240: Introduction to Southeast Asia ((HU or SB) & G) (3)

GCU 326: Geography of Asia (SB & G) (3)

GCU 432: Geography of China (SB & G) (3)

GCU 433: Geography of Southeast Asia (3)

Dance

DCE 114: Dances of India I (2)

Film and Media Studies

FMS 426: Films of India (3)

Global Studies

SGS 240: Introduction to Southeast Asia ((HU or SB) & G) (3)

SGS 245: Introduction to India and South Asia (HU & H & G) (3)

SGS 381: Modern Southeast Asia (SB & G & H) (3)

History

HST 106: Asian Civilizations ((HU or SB) & G & H) (3)

HST 108: Introduction to Japan (SB & G & H) (3)

HST 111: Introduction to Asia (HU & H & G) (3)

HST 240: Introduction to Southeast Asia ((HU or SB) & G) (3)

HST 245: Introduction to India and South Asia (HU & H & G) (3)

HST 302: Envisioning Peace (3)

HST 302: Women, War and Peace (3)

HST 303: Studies in Asian History (3)

HST 336: Islamic Civilization (HU & H) (3)

HST 339: Islam in the Modern World (HU & G) (3)

HST 383: China (SB & H) (3)

HST 384: Modern China: 1700 to the Present (SB & G & H) (3)

HST 385: History of Chinese Medicine (HU & H & G) (3)

HST 386: Interpreting China's Classics ((L or HU) & H) (3)

HST 387: Japan ((L or SB) & H) (3)

HST 388: Japan (SB & G & H) (3)

HST 389: Japan Society and Values/Premod (3)

HST 391: Modern Southeast Asia (SB & G & H) (3)

HST 392: Modern India (3)

HST 451: Chinese Cultural History I ((HU or SB) & H) (3)

HST 452: Chinese Cultural History II (SB & G & H) (3)

HST 456: The Vietnam War (SB & G & H) (3)

HST 459: Gandhi and the Politics of Nonviolence (3)

Language and Cultures

CHI 120 / SLC 120: Introduction to Chinese Culture (L or HU) (3)

CHI 205: Chinese Calligraphy (1)

CHI 307: Introduction to Literary Chinese I (HU) (3)

CHI 308: Introduction to Literary Chinese II (HU) (3)

CHI 321: Chinese Literature (HU) (3)

CHI 322: Chinese Literature (HU & G) (3)

CHI 333 / SLC 333: China (SB & H) (3)
 CHI 336 / SLC 336: Interpreting China's Classics ((L or HU) & H) (3)
 CHI 338: The Daoist Bible: The Daode jing (L or HU) (3)
 CHI 343: Daoism ((L or HU) & G & H) (3)
 CHI 345: Chinese Film and Civilization (3)
 CHI 346: Chinese Religions (3)
 CHI 348: Pathways into Chinese Culture (3)
 CHI 451 / SLC 451: Chinese Cultural History I ((HU or SB) & H) (3)
 CHI 452 / SLC 452: Chinese Cultural History II (SB & G & H) (3)
 CHI 470: Modern Chinese Literature and Culture (3)
 JPN 115: Japanese Popular Culture: Anime, Manga, and Film (G) (3)
 JPN 315: The Language of Japanese Popular Culture I: Gender and Onomatopoeia/Mimesis (G) (3)
 JPN 316: The Language of Japanese Popular Culture II: Honorifics and Dialects (G) (3)
 JPN 333: Japanese Civilization from the Ice Age to Last Thursday (3)
 JPN 401: Reading Modern Japanese Texts I ((L or HU) & G) (3)
 JPN 414: Introduction to Classical Japanese (3)
 JPN 415: Advanced Classical Japanese (3)
 JPN 445: Readings in Modern Japanese Letters and Culture (3)
 JPN 485: Japanese Literature and the Art of Translation (3)
 KOR 250: Korean Culture and Society (HU & G) (3)
 KOR 321 / SLC 321: Modern Korean Literature (HU) (3)
 KOR 347: Korean Film and Literature (HU) (3)
 KOR 350: Women of Korea (H) (3)
 KOR 354: Religions of Korea (HU) (3)
 KOR 375 / SLC 375: Intercultural Communication in Korea (3)
 KOR 415 / SLC 415: Korean Popular Culture (HU & G) (3)
 KOR 457 / SLC 457: Premodern Korea in a Global Context (HU) (3)
 SLC 245: Introduction to India and South Asia (HU & H & G) (3)
 SLC 334: Modern China: 1700 to the Present (SB & G & H) (3)
 VTN 321: Advanced Vietnamese and Literature I (HU & G) (3)
 VTN 322: Advanced Vietnamese and Literature II (HU & G) (3)

Music

MUP 489: Gamelan (1)

Political Science

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: None

Incompatible Majors: BA in Asia studies (East Asia); BA in Asia studies (South Asia); BA in Asia studies (Southeast Asia)

Other Admission Requirements: None

There are no specific admission requirements other than a student's desire to learn about Asia. To add the certificate, students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.pdf>).

Career Opportunities:

Graduates who have combined the certificate in Asian studies with their major program of study may be more marketable to employers. They often decide to pursue employment in teaching, journalism, global finance and banking, international law and global public health. Advanced degrees or certifications may be required for academic or clinical positions.

Atmospheric Sciences Certificate (LAATMSCERT)

Campus: Tempe

Description:

Students in the atmospheric sciences certificate program gain a focused understanding of weather, climate and the various related methods of measurement and instrumentation. The coursework is designed to give students the knowledge and skill set necessary for approaching meteorological-related programs through the lens of their primary field of study.

The curriculum of the certificate program is also associated with the requirements for certification as a meteorologist by the National Weather Service. Through completion of both the atmospheric sciences certificate and the BS program in geography with a concentration in meteorology-climatology, students acquire the skills in GIS and meteorological instrumentation required for national-level certification with the National Weather Service.

Program Requirements:

The certificate requires 21 credit hours with a "C" (2.00 on a 4.00 scale) or higher. At least 12 of the 21 credit hours must be upper-division coursework.

Required Courses -- 18 credit hours

GPH 212: Introduction to Meteorology (SQ) (3)

GPH 213: Climate and Weather (SG) (3)

GPH 412: Physical Meteorology (3)

GPH 413: Meteorological Instruments and Measurement (3)

GPH 414: Climate Change (G) (3)

MAT 275: Modern Differential Equations (MA) (3)

Upper-Division Elective -- 3 credit hours

GIS 311: Geographic Information Science III (CS) (4)
GIS 341: Cartography and Georepresentation (CS) (3)
GIS 351: Air Photo Interpretation (3)
GPH 314: Global Change (HU & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Applicants must have completed GPH 111 Introduction to Physical Geography, MAT 271 Calculus with Analytic Geometry II, and PHY 121 University Physics I: Mechanics with a grade of "C" or better (scale is 4.00 = "A").

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

A certificate in atmospheric sciences is a valuable addition to a degree for students looking for a career where understanding weather systems could be beneficial, including career fields related to sustainability, resource management and more. When combined with a BS in geography with a concentration in meteorology-climatology, students earning the certificate in atmospheric sciences are prepared for careers as meteorologists, such as those with the National Weather Service, broadcast meteorologists, or to continue on their studies for an advanced degree.

Biomedical Research Certificate (ASBMRCERT)

Campus: West

Description:

The biomedical research certificate program combines authentic research experience conducted in laboratories of practicing academic scientists with upper-division coursework, including laboratory courses, that allow for specialization in given subject areas.

Students gain competency in addressing scientific questions in the laboratory. The certificate prepares them to be highly competitive for careers in the research sector or to pursue graduate and professional schools, such as medical school.

The program is offered by the New College of Interdisciplinary Arts and Sciences.

Program Requirements:

The certificate in biomedical research requires a minimum of 15 credit hours (at least 12 must be upper division). Twelve credit hours must be taken at ASU. Nine credit hours must be counted toward the certificate alone and may not be shared with a student's major requirements. Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet certificate requirements.

Core Requirement -- 3 credit hours

STP 280: Probability and Statistics for Researchers (CS) (3)

Upper-Division Elective Requirements -- 8 credit hours

Complete at least two of the lecture/lab combinations below.

BCH 371: Modern Concepts in Biochemistry AND BCH 372: Modern Concepts in Biochemistry Laboratory (4)

BIO 353: Cell Biology AND BIO 354: Cell Biology Laboratory (4)

BIO 360: Animal Physiology AND LSC 359: Animal Physiology Laboratory (4)

BIO 443: Applied Molecular Genetics and Genomics AND LSC 447: Molecular Genetics Laboratory (4)

MIC 443: The Microbial Universe AND MIC 444: The Microbial Universe Laboratory (4)

Other Certificate Requirements (choose one option below) -- 4 credit hours

Option A -- 4 credit hours

If choosing Option A, complete three credit hours of STEM Research Fundamentals (any subject area) and one credit hour of Individualized Instruction or Supervised Research (any subject area).

ENV 388: STEM Research Fundamentals (L) AND ENV 499: Individualized Instruction (4)

FOR 388: STEM Research Fundamentals (L) AND FOR 499: Individualized Instruction (4)

LSC 388: STEM Research Fundamentals (L) AND LSC 499: Individualized Instruction (4)

PLB 388: STEM Research Fundamentals (L) AND PLB 499: Individualized Instruction (4)

PTX 388: STEM Research Fundamentals (L) AND PTX 499: Individualized Instruction (4)

Option B -- 4 credit hours

If choosing Option B, take two credit hours of Individualized Instruction or Supervised Research (any subject area) in each of two consecutive semesters.

ACO 399: Supervised Research or ACO 499: Individualized Instruction (4)

ENV 499: Individualized Instruction (4)

FOR 499: Individualized Instruction (4)

LSC 499: Individualized Instruction (4)

MAT 499: Individualized Instruction (4)

PLB 499: Individualized Instruction (4)

PTX 499: Individualized Instruction (4)

STP 499: Individualized Instruction (4)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This certificate requires a cumulative GPA of 3.00 in ASU coursework and upper-division standing or graduate student status.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students who complete the biomedical research certificate are well prepared for graduate school in the sciences, as well as careers such as laboratory researcher/technician, pharmacist, medical scientist, molecular and cellular biologist.

Biomimicry Certificate (SUBMYCERT)

Campus: Tempe

Description:

The undergraduate biomimicry certificate is an 18 credit hour interdisciplinary opportunity for students from a variety of backgrounds and any major. The biomimicry undergraduate certificate is designed to address the growing interest in biomimicry knowledge and training.

The knowledge, competencies, and skills students have upon completion of this certificate include the ability to:

- Integrate biomimicry thinking into a discipline-specific opportunity resulting in biomimetic outcomes.
- Apply life's principles to specific needs within one's discipline.
- Facilitate the integration of biology into design within one's discipline using biomimicry thinking.
- Guide processes in one's discipline towards sustainability from a biomimetic perspective.
- Interpret observations in nature with a functional lens for design applications.

The biomimicry certificate consists of four core classes, one elective course within the student's discipline, and a practicum capstone course offered

through either the student's discipline or BMY 430 Biomimicry Practicum.

Program Requirements:

Students must earn a grade of "B" or better in all biomimicry certificate courses.

Core Courses -- 12 credit hours

BMY 230 / BIO 230: How Nature Works (3)

BMY 302: Principles of Life (3)

BMY 304: The Practice of Biomimicry (3)

SOS 110: Sustainable World (SB) (3)

Elective -- 3 credit hours

Upper Division Elective course that is biomimicry-related and ideally makes a connection between the student's major and the certificate (3)

Capstone -- 3 credit hours

BMY 430: Biomimicry Practicum (3)

Notes: Students may take a biomimicry-focused capstone in their corresponding major upon approval from the School of Sustainability and The Biomimicry Center.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must have a GPA of 3.00 in order to add the undergraduate certificate in biomimicry.

Students wishing to declare a certificate in biomimicry should make an appointment with a College of Global Futures advisor. Advising is by appointment only, and students must schedule an advising appointment through the College of Global Futures advising website:

<https://collegeofglobalfutures.asu.edu/advising> (<https://collegeofglobalfutures.asu.edu/advising>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue the graduate certificate in biomimicry.

Career Opportunities:

Completing a biomimicry certificate can help students bring about positive change. The unique knowledge and skills gained enhance a student's bachelor's degree and career prospects, helping students stand out in a sea of job applicants. The certificate can complement any career path, whether it's in business, technology, science, education or government.

Brazilian Studies Certificate (LABZSCERT)

Campus: Tempe

Description:

The certificate program in Brazilian studies encourages students to create a plan of study focusing on current sociocultural influences that will allow them to compete more successfully in the global job market.

Students pursue coursework in important areas, including complementary courses in specific issues in Brazilian culture, the examination of major themes in Brazilian popular and urban culture with particular emphasis on Afro-Brazilian society, a grounding in the major texts of Brazilian literature and proficiency in the Portuguese language at the intermediate level.

Program Requirements:

The Brazilian Studies Certificate requires 18-20 credit hours of Portuguese language and elective culture content coursework, of which 12 credit hours must be upper-division. A grade of "C" (2.00 on a 4.00 scale) or better is required in all coursework. Students choose one two-course language sequence for a total of 6-8 credit hours of Portuguese language. Course substitutions may be permitted for heritage speakers of Portuguese based on their proficiency level as determined by a Portuguese placement test. The language course substitution for advanced speakers of Spanish language can be satisfied by the two-course POR 320 and POR 321 sequence.

Portuguese Language -- 6 credit hours

Choose one two-course sequence for 6-8 credit hours. The upper-division two-course language sequence is 6 credit hours total.

POR 101: Elementary Portuguese I (G) AND POR 102: Elementary Portuguese II (G) (8)

POR 201: Intermediate Portuguese I (G) AND POR 202: Intermediate Portuguese II (G) (8)

POR 313: Portuguese Conversation and Culture (G) AND POR 314: Portuguese Composition and Culture (G) (6)

Notes: POR 313 and POR 314 may be applied to either Portuguese Language or to Upper-Division Electives but may not be applied and counted in both categories for this certificate.

POR 320: Portuguese for Spanish Speakers I AND POR 321: Portuguese for Spanish Speakers II (6)

Upper-Division Electives -- 12 credit hours

GCU 323: Geography of Latin America (SB & G) (3)

GCU 485 / PUP 485: International Field Studies (G) (3)

POR 313: Portuguese Conversation and Culture (G) (3)

POR 314: Portuguese Composition and Culture (G) (3)

POR 394: Special Topics (3)

POR 472: Luso-Brazilian Civilization (HU & G) (3)

POR 484: Internship (3)

POR 493: Honors Thesis (L) (3)

POR 494: Special Topics (3)

POR 499: Individualized Instruction (3)

*Other courses may be used with approval from the faculty coordinator and academic advisor in the School of International Letters and Cultures.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in Brazilian studies helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in education, political analysis, the military, tourism and hospitality or marketing.

Civic Education Certificate (LACVECERT)

Campus: Tempe

Description:

The civic education certificate program helps prepare undergraduate students for careers in primary and secondary education where the teaching of government and civics may be involved. The program is also preparation for careers or participation in politics, public service, civic and social movements and for further education in law, journalism, business, history, sociology, political science, public administration, social work and other fields where an understanding of questions of citizenship, leadership, community, democracy, public responsibility and ethics is crucial.

Program Requirements:

The certificate in civic education is comprised of 15 credit hours in political science. At least 12 credit hours must be upper-division. A minimum of six upper-division credit hours must be taken in courses offered by The College of Liberal Arts and Sciences. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Theoretical Foundations -- 6 credit hours

POS 210: Political Ideologies (SB) (3)

POS 442: American Political Thought (HU) (3)

Topics in Political Theory (choose one course) -- 3 credit hours

POS 340: History of Political Philosophy I (HU & H) (3)

POS 341: History of Political Philosophy II (HU & H) (3)

POS 346: Problems of Democracy (HU) (3)

POS 443: Topics in Contemporary Political Theory (HU) (3)

POS 475: Morality and Politics (3)

Civics in Action (choose two courses) -- 6 credit hours

POS 313: The Congress (SB) (3)

POS 314: The American Presidency (SB) (3)

POS 315: The Supreme Court (SB) (3)

POS 325: Public Policy Development (SB) (3)

POS 332: American Political Parties (SB) (3)

POS 333: Interest Groups (SB) (3)

POS 348: Do You Want to Build a Nation? (L) (3)

POS 370: Law and Society (SB) (3)

POS 410: Governing American Cities (SB) (3)

POS 417: Arizona Politics (SB) (3)

POS 435: Women and Politics (SB & C) (3)

POS 439: Minority Group Politics in America (SB & C) (3)

POS 470: Law and the Political Order (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students should contact the School of Politics and Global Studies for more information about completing the civic education certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in civic education with their major program of study may become more marketable to employers. They often decide to pursue employment in K-12 teaching (especially social studies), journalism, government or nonprofit organizations.

Advanced degrees or certifications may be required for academic or clinical positions.

Civil Communication Certificate (LACCOMCERT)

Campus: Tempe

Description:

The Hugh Downs School of Human Communication certificate program in civil communication provides students specific training in dialogue-based methods of civility, the application of critical civil communication skills in public spheres, and civil and productive modes of argumentation.

This specialization provides students with the ability to recognize and competently practice and facilitate the ever-increasing demand for civil discourse in society and workplace organizations. The foundational courses offer the opportunity for transdisciplinary collaboration and community engagement.

Program Requirements:

The certificate requires 18 credit hours. Nine of the 18 credit hours must be ASU resident credit courses, including six upper-division credit hours offered by The College of Liberal Arts and Sciences. 12 credit hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Courses -- 9 credit hours

COM 222: Argumentation (L) (3)

COM 225: Public Speaking (L) (3)

COM 327: Civil Communication (3)

Elective Courses (select three) -- 9 credit hours

COM 312: Communication, Conflict, and Negotiation (3)

COM 319: Persuasion and Social Influence (SB) (3)

COM 321: Rhetorical Theory and Research ((L or HU) & H) (3)

COM 325: Advanced Public Speaking and Presentations (L) (3)

COM 341: Social Contexts for Performance (3)

COM 421: Rhetoric of Social Issues (HU) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students should contact the Hugh Downs School of Human Communication for additional information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in civil communication with their major program of study may be more marketable to employers. They often decide to pursue employment in social services, public policy or workplace organization.

Advanced degrees or certifications may be required for academic or clinical positions.

Classical Studies Certificate (LACLG CERT)

Campus: Tempe

Description:

The classical studies program offers students a wide variety of opportunities to study the language, literature and culture of the ancient Greeks and Romans. The School of International Letters and Cultures offers a certificate in classical studies for those students interested in pursuing a classical education in conjunction with another major or as part of their general studies.

Program Requirements:

The certificate in classical studies requires a minimum of 18 credit hours. At least 12 credit hours must be at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Language Requirement -- 6 credit hours

Students must complete two semesters of language courses in either Ancient Greek or Latin. (6-8)

Credit hours taken for the language requirement that exceed the required eight credit hours will be applied to ASU's 120 credit hour minimum.

ASU Language Placement: Only true beginners are eligible for 101-level courses. Students with previous experience in the language are required to take a language placement test.

Ancient Greek

Students who choose Greek must take a minimum of two semesters of language courses from the following list. The ASU Language Placement test determines what class students start with.

GRK 101: Elementary Ancient Greek (4)

GRK 201: Intermediate Ancient Greek (4)

GRK 301: Ancient Greek Literature I (HU) (3)

GRK 302: Ancient Greek Literature II (HU) (3)

Notes: GRK 302 can be taken twice if needed to reach two semesters of credit. It may also be repeated to count toward the Classical Studies Electives Requirement.

Latin

Students who choose Latin must take a minimum of two semesters of language courses from the following list. The ASU Language Placement test determines what class students start with.

LAT 101: Elementary Latin (4)

LAT 102: Elementary Latin (4)

LAT 201: Intermediate Latin I (HU) (4)

LAT 202: Intermediate Latin II (HU) (4)

LAT 421: Roman Literature (HU) (3)

Notes: LAT 421 can be taken twice if needed to reach two semesters of credit. It may also be repeated to count toward the Classical Studies Electives Requirement.

Classical Studies Electives (choose four) -- 12 credit hours

SLC 344 / LAT 344 / GRK 344: Classics and Comics (HU) (3)

SLC 351 / GRK 351: Tales of Troy (3)

SLC 352 / GRK 352: The Rise and Fall of Ancient Athens (3)

SLC 353 / GRK 353: Alexander and His Empires (3)

SLC 360 / LAT 360 / GRK 360 / HST 397: Greece and Rome at War (3)

SLC 361 / LAT 361 / REL 361: Roman Religion (HU) (3)

SLC 362 / GRK 362 / REL 360: Ancient Greek Religion (3)

SLC 394 / LAT 394: Augustus and the Creation of the Roman Empire (3)

SLC 394 / LAT 394 / GRK 394: Magic and Witchcraft in Antiquity (3)

SLC 394 / LAT 394: Rome Before the Empire (3)

SLC 444 / LAT 444 / GRK 444: Heroes, Ancient and Modern (L or HU) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students interested in the classical studies certificate program must contact the coordinator of the certificate before being accepted into the program. Students should contact an academic advisor at the School of International Letters and Cultures for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in classical studies with their major program of study may become more marketable to employers. They often decide to pursue employment in education, arts and humanities, tourism and hospitality or marketing.

Communication Sciences and Disorders Certificate (NHCSDCERT)

Campus: Tempe

Description:

The postbaccalaureate certificate in communication sciences and disorders is for students who have already received a bachelor's degree in another discipline but wish to pursue a master's degree in speech-language pathology or communication disorders.

The coursework provides students with the prerequisite background and knowledge necessary to perform at the master's degree level in the field.

Completion of the postbaccalaureate certificate does not guarantee admission to ASU's graduate program, but it enables students to meet the American Speech Language and Hearing Association requirements to enter master's degree programs in speech-language pathology or communication disorders.

Program Requirements:

There are 27 required credit hours in the certificate in communication sciences and disorders. A "C" minimum is required for all courses in the certificate, although students must maintain a 3.00 GPA in the certificate program.

Required Courses -- 27 credit hours

SHS 250: Introduction to Phonetics (3)

SHS 310: Anatomical and Physiological Bases of Speech (3)

SHS 311: Hearing Science (3)

SHS 367: Language Science (SB) (3)

SHS 375: Speech Science (3)

SHS 401: Principles of Audiology (3)

SHS 402: Clinical Methods and Treatment of Communication Disorders (3)

SHS 496: Aural Rehabilitation (3)

SHS 565: Speech and Language Acquisition (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Prospective students must have earned a bachelor's degree in a field outside of speech and hearing science with a minimum GPA of 3.00 (scale is 4.00 = "A").

Students interested in this certificate should apply for university admission as nondegree-seeking graduate students and submit a supplemental application to the program.

More information is available at <https://chs.asu.edu/programs/communication-sciences-and-disorders> (<https://chs.asu.edu/programs/communication-sciences-and-disorders>).

Communication Training and Assessment Certificate (ASCTACERT)

Campus: West

Description:

The certificate program in communication training and assessment teaches students how to assess, train, and develop communications skills in business, professional, and community settings.

Access to the award-winning, state-of-the-art communication assessment lab at ASU's West campus facilitates skill development in communication training, presentation skills, professional development, and assessment practices.

The combination of relevant coursework and hands-on experience developed through CommLabASU provides students with the knowledge and expertise necessary to train others in a variety of professional and community settings.

Program Requirements:

The certificate in communication training and assessment requires a minimum of 18 credit hours (at least 12 credit hours must be upper division). The certificate consists of 12 credit hours of core requirements and six credit hours of electives. At least nine credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and a major. Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.

Core Requirements -- 12 credit hours

COM 225: Public Speaking (L) or COM 325: Advanced Public Speaking and Presentations (L) or COM 342: Oral History and Storytelling (3)

COM 383: Communication and Mentoring or COM 483: Advanced Communication and Mentoring (3)

COM 453: Communication Training and Development (3)

COM 482: Communication, Instruction and Training (3)

Elective Requirements -- 6 credit hours

COM 230: Small Group Communication (SB) (3)

COM 259: Communication in Business and the Professions (3)

COM 312: Communication, Conflict, and Negotiation (3)

COM 319: Persuasion and Social Influence (SB) (3)

COM 353: Professional Communication (3)

COM 415: Risk Communication (3)

COM 430: Leadership in Group Communication (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate in communication training and assessment provides a solid background for positions such as:

- advertising and promotions managers
- human relations managers
- marketing associates
- marketing managers
- mediators
- public relations specialists
- public relations and fundraising managers
- sales managers
- training and development managers

Community-Engaged Practices in Design and the Arts Certificate (HISEPCERT)

Campus: Tempe

This program's name has changed effective Fall 2021. The previous name was Socially Engaged Practice in Design and the Arts.

Description:

This hands-on program places designers, artists, scholars and educators in public life and enables them to use their creative capacities to advance culture, strengthen democracy, and imaginatively address today's most pressing challenges.

This is an integrated community-engaged design and arts certificate program serving all Herberger Institute students, faculty and staff as well as the larger ASU community. Participants engage in direct and ethical partnership and collaboration with communities and with civic and industry partners, enabling them to learn and practice programming that activates partner goals and facilitates experiential learning and creation.

Program Requirements:

The certificate in socially engaged practice in design and the arts requires 15 credit hours; including nine hours of upper-division coursework. All courses must be completed with a minimum grade of "C" (2.00) or better. An overall 3.00 GPA is required for this certificate.

Core -- 3 credit hours

HDA 210: Creativity and Innovation in Design and the Arts (3)

Community Engagement -- 3 credit hours

ARS 441: Public Art (3)

ART 442: Art and Community (3)

DCE 494: The Atlas of Creative Tools (3)

DSC 494: Indigenous Architecture, Planning and Construction (3)

DSC 494: Indigenous Project Delivery (3)

EDS 301: Sustainable Community Design and Practices (3)

HDA 310: Socially Engaged Practice (3)

HDA 394: Design & Arts Corps (1-3)

HDA 394: Disrupt, Create, Sustain (3)

HDA 494: Civic Body: Art and Public Health (3)

HDA 494: Civ Prac: Artists&Designers Collaborating/Comm (3)

HDA 494: Civic Practice:Arts/Design & Public Partnerships (3)

HDA 494: The Atlas of Creative Tools (3)

HDA 494: Creative Facilitation: Collaboration, Imagination (3)

HDA 494: Creative Project Management (3)

HDA 494: Design & Arts Corps (1-3)

NLM 410: Social Entrepreneurship (3)

THP 482: Theatre for Social Change (C) (3)

THP 494: The Atlas of Creative Tools (3)

Fieldwork / Internship -- 3 credit hours

HDA 410: Design and the Arts Corps Seminar (3)

HDA 410 may be satisfied with other Capstone or Internship Experiences as approved by the program faculty coordinator.

Electives (at least 3 credits must be upper division) -- 6 credit hours

AME 310: Media Literacies and Composition (3)

AME 340: Compositional and Computational Principles for Media Arts (3)

AME 411: Advanced Interactive Sound (3)

AME 444: Media Installations (3)

AME 494: Animating Virtual Worlds (3)

ARS 441: Public Art (3)

ART 439: Intermedia Studio (3)

ART 442: Art and Community (3)

ART 443: Intermedia Performance (3)

DCE 133: Hip Hop I (2)

DCE 201: Dance, Culture, and Global Contexts (HU) (3)

DCE 203: The Walking Body (HU) (3)

DCE 233: Hip Hop II (2)

DCE 303: The Body Condition(ed) (SB) (3)

DCE 333: Hip Hop III (3)

DCE 360: Third-Year Creative Practices I (3)
DCE 404: Dance and Ethics (L) (3)
DCE 405: Writing the Creating Body (L or HU) (3)
HDA 252: Foundations Arts and Design Entrepreneurship (3)
MDC 211: Introduction to Digital Sound (3)
MDC 311: Composing and Performing for Hybrid Ensembles (3)
MHL 342: Music History II (HU) (3)
MHL 344: Music in World Cultures (HU & G) (3)
MUP 489: Gamelan (3)
MUP 489: Latin Marimba (3)
MUS 362: Rap Music and Hip Hop Culture (HU & C) (3)
NLM 160: Voluntary Action and Community Leadership (SB) (3)
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 410: Social Entrepreneurship (3)
NLM 430: Managing Nonprofit Organizations (L) (3)
NLM 451: Grant Writing (3)
PAF 200: Public Service and Policy in the 21st Century (3)
PAF 410: Building Leadership Skills (SB) (3)
PAF 420: Managing Across Boundaries (3)
TDM 448: Heritage and Cultural Tourism (3)
THP 251: Student Production Board I (3)
THP 451: Student Production Board II (3)
THP 482: Theatre for Social Change (C) (3)
THP 483: Acting: Viewpoints and Composition (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A minimum GPA of 3.00 is required to complete the certificate. The certificate is administered through the Office of Student Success in the Herberger Institute and through the Design and Arts Corps and is open to all undergraduate students admitted to ASU.

Students enrolled in the BA in the Arts in the Herberger Institute must complete three additional credit hours of coursework unique to the certificate program that does not also count toward their major (this is due to the overlapping requirements of HDA 210 and HDA 310).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This certificate program allows students to develop unique pathways that also earn micro-credentials across a broad range of competencies including: ethical communication, group facilitation, project structuring and evaluation, project management, ethics and asset-based community cultural development. These competencies prepare graduates for excellence in a range of occupations.

Computational Life Sciences Certificate (LACLSICERT)

Campus: Tempe, Online

Description:

In the life sciences, employers need those who are skilled in understanding and interpreting data, and in particular demand are those who have experience using new, computational approaches and computer programs to process data.

Through this certificate program in computational life sciences, students learn how to identify and interpret data that is generated from a wide range

of fields in the life sciences. These fields include ecology, botany, evolutionary biology, neuroscience, molecular and cellular biology, and animal behavior. Students learn about many types of data generated from sources such as DNA, RNA, protein, imaging, conservation and even from long-term ecological research sites.

Students are introduced to a suite of computational approaches that are used to analyze, visualize and interpret this data. Finally, students delve into the ethical implications of collecting, analyzing and sharing the results of computational life sciences data.

Program Requirements:

The certificate in computational life sciences requires a minimum of 15 credit hours, of which at least 12 credit hours must be upper-division. The core consists of one computing course and one ethics course. A minimum of nine credit hours in elective courses complete the certificate. The computing course not used toward the core requirements may be used toward the elective credit hours. A grade of C (2.00 on a 4.00 scale) or higher is required for all courses used toward the certificate.

Required Courses -- 6 credit hours

BIO 312 / PHI 320: Bioethics (HU) or BIO 316 / HPS 330: History of Biology: Conflicts and Controversies (H) or BIO 317 / HPS 323: History of Science II (HU & H) or BIO 318 / HPS 331: History of Medicine (HU & H) or BIO 416 / HPS 410: Biomedical Research Ethics (L) (3)

BIO 439: Computing for Research or BIO 440 / MBB 440: Functional Genomics (3)

Electives -- 9 credit hours

BIO 355 / MAT 355 / MBB 355: Introduction to Computational Molecular Biology (CS) (3)

BIO 411: Quantitative Methods in Conservation and Ecology (4)

BIO 415: Statistical Models for Biology (CS) (4)

BIO 439: Computing for Research (3)

BIO 440 / MBB 440: Functional Genomics (3)

BIO 494: Data Analysis in Neuroscience (3)

BIO 494: Data Analysis and Visualization in R (1)

BIO 494: Genomic Analysis (3)

BIO 498: Programming for biologists (1)

BME 494: Systems Biology of Disease (3)

BMI 311: Modeling Biomedical Knowledge (3)

BMI 312: Modeling Biomedical Data (3)

BMI 330: Topics in Translational Bioinformatics (3)

DAT 301: Exploring Data in R and Python (4)

GIS 469 / SOC 469: Multivariate Statistics for Social Sciences (3)

GIS 471: Spatial Statistics for Geography and Planning (3)

MAT 353: Mathematics and Cancer (3)

MAT 451: Mathematical Modeling (CS) (3)

If not used as the required computing course, students may include BIO 439 or BIO 440 as a certificate elective.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

Graduates who have combined the certificate in computational life sciences with their major program of study may become more marketable to employers. They often decide to pursue employment in ecology, medicine, botany, evolutionary biology, neuroscience, molecular and cellular biology, or animal behavior, and they work to identify and interpret data in the respective field.

Advanced degrees or certifications may be required for academic or clinical positions.

Computer Gaming Certificate (ESSCICERT)

Campus: Tempe

Description:

The computer gaming certificate program is designed to provide a game development skill set that the student can apply to domain-specific applications in the student's major. The skill set includes architecture of game engines, art design and computer graphics for gaming, and game software development.

In this certificate program, students learn to apply gaming technology to the rapidly growing video game industry and to business, medicine, geography, biotechnology and education. Examples of projects include:

- building a game that teaches linear algebra by incorporating trigonometric rules into the game design
- creating a game that teaches correct sentence construction to beginning learners of English
- creating a game to help patients with physical therapy
- creating an interactive virtual world for corporate training
- designing a game platform incorporating geographic information systems
- inventing a surgical simulation to educate medical students

Program Requirements:

Students will complete nine credit hours of core courses (including a final capstone project) and nine credit hours of elective courses. The certificate requires 12 credit hours of upper-division coursework. Students need to allow at least three years to complete the certificate program due to the prerequisite structure.

Core Courses -- 9 credit hours

CPI 111: Game Development I (CS) (3)

CPI 211: Game Development II (3)

CPI 441: Gaming Capstone (3)

Electives -- 9 credit hours

CPI 311: Game Engine Development or SER 332: Introduction to Graphics and Game Development (3)

CPI 321: Fundamentals of Game Art (3)

CPI 394: Game Design Fundamentals (3)

CPI 411: Graphics for Games or SER 432: Game Engine Architecture (3)

CPI 421: 3-D Modeling and Texturing (3)

CPI 462: Design for Learning in Virtual Worlds (3)

CPI 484: Internship (3)

FMS 394: Video Games and Narrative (3)

SER 431: Advanced Graphics (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The computer gaming certificate is open to any student admitted to an undergraduate degree program at ASU and in good academic standing. This certificate can also be used by interdisciplinary studies BA students as part of their degree program.

All students are eligible to take CPI courses. Students who want to declare the certificate need to complete the undergraduate certificate form on the registrar's website and submit it to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center located in Centerpoint, Room 105. Interdisciplinary studies students need to contact their advisor to add the computer gaming concentration to their degree program.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in computer gaming helps students become more marketable to employers in the gaming industry by adding this specialization to complement their major program of study.

Convention Sales and Meeting Planning Certificate (PPTDMCERT)

Campus: Downtown Phoenix

Description:

The U.S. meetings, conventions and exhibitions industry generates more than \$120 billion a year, supporting nearly two million jobs. Students can explore this exciting growth industry with the convention sales and meeting planning certificate program. The demand for professionals is strong, and this program provides an excellent foundation for enhancing career opportunities nationally, regionally and locally.

Phoenix is a major convention and meeting destination. There is a need for qualified professionals to service conventions and meetings, due in large part to the \$600 million investment in the Phoenix Convention Center expansion, development of new hotels and other visitor-related products, and the steady influx of corporate headquarters relocating to the greater Phoenix area.

The certificate, which has been endorsed by the Greater Phoenix Convention and Visitors Bureau and the Arizona Sunbelt Chapter of Meeting Professionals International, enhances a graduate's career opportunities as a tourism professional.

Program Requirements:

The certificate requires 15 credit hours: three required core courses (nine credits) and two elective courses (six credits). Courses taken as part of a university major may count toward that degree and the certificate. Requirements can be met online. All core classes and some elective classes are taught online at least once a year. To earn the certificate, students must complete a minimum of 12 upper-division credit hours. An application to the program is required.

Required Core Courses -- 9 credit hours

TDM 345: Meeting and Convention Planning (3)

TDM 350: Tourism, Recreation and Sports Marketing (3)

TDM 386: Convention Sales and Management (3)

Electives (choose two, one must be upper-division) -- 6 credit hours

NLM 310: Volunteer Management (3)

PRM 145: Special Events Management (3)

TDM 205: Introduction to Travel and Tourism (G) (3)

TDM 225: Introduction to Resort and Hotel Management (3)

TDM 458: International Tourism (G) (3)

Standards

1. Fifteen credit hours of graded classroom coursework are required (no internship, no independent study).
2. A minimum "C" (2.00 on a 4.00 scale) grade is required for all classes in the certificate.
3. A minimum GPA of 2.00 is required for those pursuing the certificate.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Other Enrollment Requirements: None

Students wishing to pursue the convention sales and meeting planning certificate should consult an academic advisor in the School of Community Resources and Development.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This certificate program gives its graduates a competitive edge as they work toward a career in convention sales and meeting planning.

Contact Information:

Public Service and Community Solutions, Watts College of
School of Community Resources and Development

Correctional Studies Certificate (PPCRTSCERT)

Campus: Downtown Phoenix

Description:

The certificate program in correctional studies educates students about a variety of components that make up the corrections system. It is designed to provide students with understanding and knowledge of the histories, philosophies and contemporary practices of both institutional and community corrections. The program emphasizes evidence-based best practices concerning the rehabilitation of correctional clients to reduce recidivism.

Program Requirements:

Required Courses -- 15 credit hours

CRJ 100: Introduction to Criminal Justice (SB) (3)

CRJ 240: Introduction to Corrections (3)

CRJ 443: Community Corrections (3)

CRJ 444: Institutional Corrections (3)

CRJ 445: Tools for Engaging Correctional Populations (3)

Elective Courses (choose one) -- 3 credit hours

CRJ 317: Inside-Out Prison Exchange Program (3)

CRJ 394: Special Topics (3)

Notes: Only approved corrections-related topics

CRJ 406: Sex Crimes (3)

CRJ 411: Legal Issues in Corrections (3)

CRJ 434: Drugs of Abuse (3)

CRJ 435: Crime and Forensic Mental Health (SB) (3)

CRJ 484: Internship (3)

CRJ 494: Special Topics (3)

Notes: Only approved corrections-related topics

Special Topics courses (CRJ 394 and CRJ 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the correctional studies certificate program.

At least 15 credit hours must be taken in-residence at ASU.

Lower-division courses such as CRJ 100 (Introduction to Criminal Justice) and CRJ 240 (Introduction to Corrections) may be used to satisfy the requirements of any major or a minor at ASU, as well as requirements for the certificate program in correctional studies. No upper-division courses in criminology and criminal justice, however, may be used to satisfy the requirements of the certificate program in correctional studies and either the major or minor in criminology and criminal justice. For example, students majoring or minoring in criminology and criminal justice may not use CRJ 394, CRJ 406, CRJ 411, CRJ 434, CRJ 435, CRJ 443, CRJ 444, CRJ 445, CRJ 484, or CRJ 494 to satisfy the requirements of the certificate in correctional studies and either the major or minor in criminology and criminal justice.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must complete CRJ 100 Introduction to Criminal Justice with a grade of "C" or better (scale is 4.00 = "A") in order to be admitted to the certificate program. This course may be taken in residence at ASU or may be transferred from other institutions, including community colleges.

Because this course is a requirement for the bachelor's degree program and the minor in criminology and criminal justice, its completion satisfies the requirements of the major or minor and satisfies the prerequisite requirement for admission to the certificate program in correctional studies.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of the correctional studies certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) including National Institute of Corrections, Federal Bureau of Prisons, and local and state-level corrections departments. Advanced degrees or certifications may be required for academic or clinical positions.

Creative City Certificate (PPURBCERC)

Campus: Downtown Phoenix

Description:

Students in this program explore best practices in a global context and develop asset-based proposals for specific locales including implementation plans.

The creative city certificate adds value to other majors as well as work and life experience for students aspiring to assume leadership roles in improving quality of life, specifically by enhancing quality of place.

Cities are centers of human creativity and cultural innovation; they both attract and breed these qualities of urban areas. Such creativity and innovation are apparent in the vitality of the arts as well as that of businesses (large and small), research (basic and applied) and the everyday life unique to any given locale. These are the ingredients that make places sustainable, economically, socially and environmentally, by endowing a sense of place along with a sense of community.

This certificate also serves professionals in the community working in the areas of community development, land-use law, parks and recreation, philanthropy, planning, public art, urban governance and others.

Flexible class times and locations make the program a viable option for those unable to attend classes during the day.

Program Requirements:

The creative city certificate consists of 15 credit hours of coursework. All courses must be taken at ASU. A "C" (2.00 on a 4.00 scale) or better is required in all coursework.

Required Core Courses -- 6 credit hours

PAF 405: Citizen Engagement and Community Building (3)

PAF 406: Public Administration and Community Development (3)

Elective Courses -- 9 credit hours

CRD 301: Sustainable Communities (3)

CRD 302: Inclusive Community Development (SB & C) (3)

GRA 401: Creative Environment (3)

NLM 160: Voluntary Action and Community Leadership (SB) (3)

NLM 220: Introduction to Nonprofit Organizations (3)

NLM 300: Fund Raising and Resource Development (3)

NLM 402: Assessment and Evaluation of Community Services (3)

PAF 220: Introduction to Urban America (3)

PAF 420: Managing Across Boundaries (3)

PRM 120: Leisure and the Quality of Life (SB) (3)

PRM 210: Leisure Delivery Systems (3)

TDM 448: Heritage and Cultural Tourism (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations, and private organizations whose work interfaces with the public sector.

Criminal Investigations Certificate (PPCRICERT)

Campus: Downtown Phoenix, West

Description:

The certificate in criminal investigations educates students about a variety of aspects of criminal investigations and criminalistics. It is designed to provide students of the social sciences, natural sciences, humanities and public services with an understanding of the nature of criminal evidence; the language of forensic science; the scope, probative value and limitations of a variety of investigative specializations and their techniques; and an appreciation of how forensic investigative methods are used in the quest for justice.

The certificate program allows students to satisfy at least two of their General Studies requirements, the SQ and SB, in a thematic manner, but it is not designed to prepare students to work in a crime laboratory.

Program Requirements:

Required Courses -- 12 credit hours

- CRJ 100: Introduction to Criminal Justice (SB) (3)
- CRJ 210: Introduction to Criminal Investigations (3)
- CRJ 211: Documenting the Crime Scene (3)
- CRJ 410: Criminal Procedure: The Law of Investigations (3)

Elective Courses (choose three) -- 9 credit hours

- CRJ 321: Evidence: Imperatives of Proof (3)
- CRJ 433: Death Investigations: Principles of Forensic Medicine (3)
- CRJ 434: Drugs of Abuse (3)
- CRJ 435: Crime and Forensic Mental Health (SB) (3)
- CRJ 450: Crime Analysis (3)
- CRJ 484: Internship (1-6)
- CRJ 494: Special Topics (3)

Notes: only in approved investigations-related topics

FOR 350: Computer Forensics (3)

FOR 394: Special Topics (3)

Notes: only in approved investigations-related topics

FOR 410: Testimony and Ethics in the Forensic Sciences (L) (3)

FOR 484: Internship (1-6)

1. Special Topics courses (FOR 394 and CRJ 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the criminal investigations certificate program.

2. At least 12 credit hours must be taken in-residence at ASU.
3. A "C" (2.00 on a 4.00 scale) or better is required in all course work required for the certificate.
4. Upper-division course work may not be used to satisfy the requirements of both a major and the certificate. Thus, if any elective courses in the certificate program are being used to satisfy the requirements of a major, different elective courses must be taken to satisfy the requirements of the certificate program. For example, students majoring in criminology and criminal justice may not use CRJ 321, CRJ 410, CRJ 433, CRJ 434, CRJ 435, CRJ 450, CRJ 484 or CRJ 494 to satisfy the requirements of the major and the certificate in criminal investigations. Similarly, students majoring in forensic science may not use FOR 350, FOR 410 or FOR 484 to satisfy the requirements of the major and the certificate in criminal investigations.

Prerequisite Information

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

CRJ 100 Introduction to Criminal Justice, SB (3) is a prerequisite requirement to enroll in CRJ 210, CRJ 211, CRJ 433, CRJ 434, CRJ 435, CRJ 484 and CRJ 494.

ACO 100 All About Data: Design, Query, and Visualization, CS (3) is a prerequisite requirement to enroll in FOR 350 Computer Forensics.

Either FOR 286 Principles of Forensic Science (3) or the two semester sequence in FOR 105 and FOR 106 is a prerequisite requirement to enroll in FOR 410 Professional Practices in Forensic Science, L (3). ENG 102 or 105 or 108 are also prerequisites for FOR 410.

The completion of at least 45 credit hours is a prerequisite requirement to enroll in FOR 484 Internship.

Enrollment Requirements:

Students must complete the following prerequisite courses with a grade of "C" or higher (scale is 4.00 = "A") in order to be admitted to the certificate program. These courses may be taken in residence at ASU or may be transferred in from other institutions, including community colleges.

The following prerequisite courses are required for admission to the certificate program:

For students majoring in the social sciences, humanities or the arts:*

FOR 105 Physical Evidence and the Crime Scene, SQ (4) and

FOR 106 Biology Behind the Crime Scene, SQ (4)

For students majoring in the natural sciences:*

FOR 286 Principles of Forensic Science (4)

*Neither FOR 105 nor FOR 106 have any prerequisites. These courses are designed for students majoring in the social sciences, humanities or arts to meet the natural science requirement of ASU's General Studies program. Thus, students not majoring in the natural sciences who wish to declare the certificate program in criminal investigations must complete the two-course sequence in FOR 105 and FOR 106. In contrast, students majoring in the natural sciences, including forensic science, should not take FOR 105 and FOR 106; they need only complete FOR 286: Principles of Forensic Science, which has prerequisite requirements of BIO 181, BIO 182, CHM 113 and CHM 116.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of the criminal investigations certificate program find a strong job market in the public and private sectors. Employment opportunities exist in:

- bank fraud
- the courts
- domestic terrorism
- federal agencies
- forensics
- homeland security
- law enforcement
- legal offices

Graduates also may pursue advanced degrees in law, criminology and criminal justice, and other social science disciplines. Advanced degrees or certifications may be required for academic or clinical positions.

School of Criminology and Criminal Justice

Cross-Sector Leadership Certificate (PPCSLDCERT)

Campus: Downtown Phoenix

Description:

The certificate program in cross-sector leadership provides a comprehensive overview of leading solutions to complex social challenges by integrating the public, private, nonprofit and military sectors.

Students engage in a systems-thinking approach to real-world challenges faced by local and global communities, explore the diverse characteristics and motives of each sector in engaging in cross-sector collaborations, and master processes to formalize such partnerships. Students gain leadership skills, such as leading change within and between organizations across multiple sectors, and they learn to use human-centered design, social entrepreneurship and other approaches when tackling community challenges. Students study values-based leadership and how individual, organizational and sector values can drive a leader's ability to act. Students end the program with a thesis or applied project that integrates the theories, procedures and concepts learned in the certificate courses with experiences from the students' internships in each sector.

Program Requirements:

The certificate in cross-sector leadership is a requirement for, and is limited to, participants in the Public Service Academy's Next Generation Service Corps, a four-year leadership development track that engages future civilian leaders in the public, private and nonprofit sectors to engage in collaboration and change in the context of social challenges in which they hold interest. Students are required to maintain a 3.00 ASU GPA, a 3.00 GPA across certificate courses and demonstrate forward academic progress to maintain enrollment in the certificate as well as the Next Generation Service Corps. ROTC students also may pursue the certificate, but must maintain a 3.00 GPA in certificate courses.

Required Courses -- 12 credit hours

CPP 101: Foundations of Cross Sector Leadership (1)

CPP 201: NGSC Community Impact Lab (2)

CPP 301: Cross-Sector Collaboration (3)

CPP 410: Social Entrepreneurship (3)

PAF 311: Leadership and Change (SB) (3)

Elective (choose one) -- 3 credit hours

CPP 394: NGSC Leadership Instruction (3)

PAF 421: Leadership Capstone (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Enrollment in the 15-credit hour certificate program in cross-sector leadership is offered only to students participating in ASU's Next Generation Service Corps or in the Reserve Officers Training Corps. Enrollment requirements for the certificate are the same as admission requirements for the Next Generation Service Corps or Reserve Officer Training Corps (by request). Public Service Academy staff and the Watts College of Public Service and Community Solutions Dean's Office enroll the students.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree.

Career Opportunities:

Students can advance their career options with an undergraduate certificate.

Graduates of the certificate in cross-sector leadership have acquired a unique knowledge of cross-sector collaboration, advanced leadership skills, and an understanding of how to use these, and this complement to their major program of study may make them more marketable to employers.

Cryptology Certificate (LACRYCERT)

Campus: Tempe

Description:

The certificate program in cryptology is designed to provide a strong foundation in the mathematical topics that are most applicable to modern cryptosystems. It also provides specialized knowledge required for understanding and working in the field of mathematical cryptology.

Program Requirements:

This certificate requires 18 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses.

Required Courses -- 12 credit hours

MAT 440: Group Theory or MAT 444: Intermediate Abstract Algebra (3)

MAT 445: Theory of Numbers (3)

MAT 447: Cryptography I (3)

MAT 448: Cryptography II (3)

Elective Courses (select two) -- 6 credit hours

MAT 415: Introduction to Combinatorics (3)

MAT 416: Graph Theory (3)

MAT 441: Ring Theory (3)

STP 421: Probability (3)

STP 427: Mathematical Statistics (3)

Students may substitute an approved cryptography-related internship for 3 credit hours of elective coursework.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This program has additional admission requirements; students should see a college advisor for details. Applicants should be in good academic standing with a "B" or better (scale is 4.00 = "A") in MAT 300 Mathematical Structures (3) or the equivalent.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

A certificate in cryptology offers a wide variety of career possibilities. This program assists in preparing students with skills related to information security. Some students pursuing this certificate are interested in areas such government, financial, medical and educational institutions. All of these institutions require skill sets involved in securing data, and this program assists students in developing these skills.

Data Science Certificate (ASDTSCERT)

Campus: West

Description:

The data science certificate program combines the strengths of database skills with interdisciplinary computational statistics.

The program provides students with an understanding of the computational and statistical methods used to extract insights from complex datasets and provides hands-on experience with them. In particular, it includes courses that cover key techniques for the different stages of the data science process: data collection, data processing for small and big data, data cleaning, exploratory data analysis, data visualization, predictive modeling with machine learning techniques and statistical modeling.

Program Requirements:

The certificate in data science consists of a minimum of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Mathematical and Natural Sciences. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Required Courses -- 9 credit hours

ACO 320: Database Systems (3)

ACO 423: Data Science (3)

STP 315: Statistical Computing (3)

Electives (choose two courses) -- 6 credit hours

ACO 321: Database Development & Applications (3)

ACO 420: Big Data Systems (3)

ACO 421: Data Mining and Warehousing (3)

BMI 311: Modeling Biomedical Knowledge (3)

BMI 312: Modeling Biomedical Data (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Prerequisites for this certificate are:

ACO 201 Data Structures and Algorithms (3)

MAT 243 Discrete Mathematical Structures (3) or MAT 300 Mathematical Structures (3)

STP 226 Elements of Statistics (3)

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

A certificate in data science helps prepare students who have an interest in databases and statistics. Possible careers include data scientist, machine learning scientist or engineer, applications architect, data architect and data engineer.

Desert Food Production Certificate (LSDFPRCERT)

Campus: Polytechnic

Description:

The certificate program in desert food production equips students interested in producing foods locally with the knowledge and skills necessary to grow edible plants and to navigate the challenges unique to desert climates.

Coursework in the program emphasizes organic food production, sustainable horticultural technologies, green waste reduction, water conservation, maintaining biodiversity and biological cycles, and enhancing soil quality.

Students gain marketable skills that enable them to participate in the growing trend of producing and supporting the consumption of local foods.

Program Requirements:

The desert food production certificate requires a minimum of 18 credit hours.
A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 12 credit hours

- ABS 260: Fundamentals of Sustainable Horticulture (SG) (4)
- ABS 368: Plant Propagation (3)
- ABS 460: Organic Gardening (2)
- ABS 464: Desert Horticulture (3)

Elective Courses -- 6 credit hours

At least four credit hours of certificate electives must be from upper-division courses.
No more than two credit hours of ABS 484 Internship may be counted toward the certificate requirements.

- ABS 225: Soils (SQ) (3)
- ABS 226: Soils Laboratory (SQ) (1)
- ABS 360: Southwest Home Gardening (2)
- ABS 462: Greenhouse/Nursery Management (4)
- ABS 484: Internship (2)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

This certificate is open to students in any major. Students should contact an advisor in the College of Integrative Sciences and Arts for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in desert food production helps students become more marketable to employers when they have complemented their major program of study with this specialization.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in nursery and greenhouse management, food science or farm and ranch management. Advanced degrees or certifications may be required for academic or clinical positions.

Digital Business Innovation Certificate (BADBICERT)

Campus: Tempe

Description:

This certificate program in digital business innovation provides students with a broad overview of modern-day digital information systems. It gives exposure to modern tools for transforming business processes, maintaining digital presence and developing analytical insights.

Students who complete the program are well suited for the business landscape, phenomenally transformed in recent years by digital innovations.

Program Requirements:

The digital business innovation certificate is available to all majors. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better. No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

Required Courses -- 18 credit hours

CIS 105: Computer Applications and Information Technology (CS) (3)

CIS 235: Introduction to Information Systems (3)

CIS 300: Web Design and Development (3)

CIS 308: Advanced Excel in Business (3)

CIS 311: Business Agile Project Management (3)

CIS 312: Business Mobile Commerce and Monetization (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in digital innovation with their major program of study may become more marketable to employers. They often decide to pursue employment in management, marketing, sales or communication.

Advanced degrees or certifications may be required for academic or clinical positions.

Digital Culture Certificate (HIDGCCERT)

Campus: Tempe

Description:

The digital culture certificate program in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing culture, or rather the way people live, learn, create and communicate.

Pursuing the digital culture certificate allows students to enhance their program of study with integrated, transdisciplinary training in creative processes and technical skills in new media with cultural applications.

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that is increasingly shaped by new technologies.

Program Requirements:

The digital culture certificate requires 18 credit hours, of which 12 are upper division.

A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all courses in the certificate program. Courses in the certificate program may not be used as part of a major. All upper-division certificate coursework must be taken at ASU.

Required Courses -- 6 credit hours

AME 111: Introduction to Digital Culture (CS) (3)

AME 112: Computational Thinking for Digital Culture or AME 230: Programming for the Media Arts (CS) (3)

Digital Culture Studies -- 6 credit hours

AME 310: Media Literacies and Composition (3)

AME 320: Motion Capture for Integrative Systems (3)

AME 330: Digital-Physical Systems (3)

AME 340: Compositional and Computational Principles for Media Arts (3)

AME 394: Special Topics (3)

AME 410: Interactive Materials (3)

AME 430: Mac Development for Media Arts (3)

AME 435: Mobile Development (3)

AME 444: Media Installations (3)

AME 470: Programming for Social and Interactive Media (3)

AME 485: Digital Culture Capstone I (3)

AME 494: Animating Virtual Worlds (3)

AME 494: Special Topics (3)

ART 378: Digital Textiles (3)

FSH 394: Fashion Design & Wearable Technology (3)

Digital Media - Media Arts and Design -- 6 credit hours

AME 394: Special Topics (3)

AME 494: Special Topics (3)

ART 308: 2D Digital Animation (3)

ART 346: 3-D Computer Imaging and Animation (CS) (3)

ART 348: Animation Motion Studies (3)

ART 394: Digital Photography for Non-Majors (3)

ART 438: Moving and Interactive Systems in Sculpture (3)

ART 440: Experimental Video Art (3)

ART 494: Visual Prototyping (3)

CIS 300: Web Design and Development (3)

EDT 440: Creating and Marketing Mobile Apps (3)

EEE 307: Signal Processing for Digital Culture (3)

FMP 394: Non-Linear Editing for Film and Media (3)

IAP 322: Multitrack Digital Recording (3)

IAP 361: Digital Editing and Media Literacy (CS) (3)

IAP 364: Documentaries (3)

IAP 394: Motion Graphics & Animation (3)

IAP 462: Games and Play (3)

MDC 311: Composing and Performing for Hybrid Ensembles (3)

Generous substitution rules allow for course flexibility. Students receiving the digital culture certificate can petition to substitute up to six credit hours. Three credit hours can come from any course related to digital culture through courses offered by any ASU unit on any ASU campus, including the interdisciplinary arts and performance program on the West campus and the film and media studies program on the Tempe campus. Courses may include any on the list of related subjects and substitutions (shown above) or courses with comparable content.

The other three substitution hours can be achieved through the following path:

The three-hour media arts and design course requirement may be substituted with a three-hour course in the digital culture-related category.

Students who earn a digital culture certificate cannot earn a minor in digital culture.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Degree-seeking undergraduates or nondegree-seeking graduate students may add the digital culture certificate. To add the certificate, students must meet with the digital culture academic success coordinator to develop a pathway that best meets the proficiencies for the work they are interested in pursuing. Students then meet with the academic advisor for their major to add the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with a undergraduate certificate. The certificate in digital culture helps students become more marketable to employers by adding this specialization to complement their major program of study. Digital culture students go on to work in a variety of fields, some of which are mobile app design, audio production, and autonomous systems.

Disability Studies Certificate (LADISCERT)

Campus: Tempe

Description:

As a vibrant and diverse area of academic study, disability studies utilizes a cross-disability, intersectional and interdisciplinary approach that views disability as a social construct and people with disabilities as a minority group. The program in disability studies draws upon diverse disciplines such as history, sociology, law, policy studies, economics, anthropology, geography, philosophy, theology, gender studies, media studies, architecture and the arts in order to understand the social, cultural and political situation of disabled cultures.

Students are critically challenged to reject simplistic definitions of disability as a restrictive, functional impairment that requires fixing or curing. Rather, students learn to identify disability as a construct that finds its meaning within cultural contexts, is central to individual and social identity and crucial to changing political processes and public attitudes.

This program prioritizes development of theoretical, methodological, educational and advocacy models that redefine legal, physical, policy and attitudinal barriers excluding disabled communities from society.

Program Requirements:

Students must complete 15 credit hours with at least 12 hours completed at the upper-division level. A minimum grade of "C" (2.00 on a 4.00 scale) is required for a course to count toward the certificate.

Students should contact the School of Social Transformation advising center for more information.

Required Courses -- 6 credit hours

JUS 235: Disability, Justice and Advocacy (C) (3)
JUS 437: The Social Construction of Disability and Justice (3)

Elective Courses -- 9 credit hours

AFR 317: Genes, Race and Society (SB & H & C) (3)
AFR 375: Race, Gender and Sport (SB & C) (3)
APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)
APA 350: Inequality and Diversity in Education (L & C) (3)
APA 355: Asian American Psychology (SB & C) (3)
CRD 302: Inclusive Community Development (SB & C) (3)
DST 322: Social and Cultural Implications of the Many Forms of Disability (3)
DST 458: Disability and Communication Advocacy (3)
EDS 301: Sustainable Community Design and Practices (3)
ENG 484: Internship (1-12)
JUS 303: Justice Theory (L) (3)
JUS 305: Principles of Justice Studies (SB) (3)
JUS 365: Inequality and Diversity in Education (L & C) (3)
JUS 370: Cultural Diversity and Justice ((L or HU) & C) (3)
JUS 375: Justice and the Mass Media (SB) (3)
JUS 432: Racial Justice (L) (3)
JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)
JUS 440: Prisons, Power and the Punishments of the Past (3)
JUS 469: Political Deviance and the Law ((L or SB) & C) (3)
MHL 494: Music and Healing (3)
MUE 441: Psychology of Music (3)

PRM 364: Foundations of Recreation Therapy (SB) (3)
PRM 440: Advocacy in Therapeutic Recreation (3)
PRM 450: Therapeutic Recreation and Community Health (3)
PRM 453: Inclusive and Adaptive Sports and Recreation (3)
PRM 455: Recreational Therapy with Children, Youth and Families (3)
SHS 367: Language Science (SB) (3)
WST 313: Women and Sexuality (SB & C) (3)
WST 371: Sex and the City: Women, Sexuality, and Popular Culture (HU & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 477: Gender and Violence (SB & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Students enrolled in the BA or minor in disability studies offered by the New College of Interdisciplinary Arts and Sciences are not prohibited from adding this certificate.

Career Opportunities:

Graduates who have combined the certificate in disability studies with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

Diversity and Equity Studies Certificate (ASDESCERT)

Campus: West

Description:

This certificate program in diversity and equity studies develops students' intercultural competence through knowledge gained related to the histories, practices and perspectives of diverse groups, both local and global.

Reflecting on this knowledge permits students to develop strategies to work with and through differences of gender, race, ethnicity, sexuality, age, religion and class. Integrative social sciences perspectives enable bridge-building within and across differences to redress inequalities.

Program Requirements:

The certificate in diversity and equity studies requires a minimum of 15 credit hours (at least 12 must be upper division), consisting of a core of three credit hours and 12 credit hours of electives. Six credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and major requirements. A maximum of three credit hours of internship or individualized instruction may be applied to the certificate. Electives are not limited to the certificate elective list; see academic advisor prior to enrollment. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet certificate requirements.

Required Core Course -- 3 credit hours

SBS 301: Cultural Diversity ((L or SB) & C) (3)

Elective Courses (minimum 9 upper-division) -- 12 credit hours

Students will select 12 elective credit hours from coursework related to diversity and equity studies. Selected courses must come from at least two of the following prefixes: ASB, JHR, POS, SBS or SOC.

ASB 211: Women in Other Cultures ((HU or SB) & G) (3)

ASB 311: Principles of Social Anthropology (SB & G & H) (3)

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ASB 340 / SOC 328: Migration and Culture (SB & G) (3)

ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)

ASB 346: Marriage and Family Diversity (SB & C) (3)

ASB 394: Special Topics or JHR 394: Special Topics or POS 394 / SBS 394 / SOC 394: Special Topics (1)

ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)

ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)

ASB 494 / JHR 494 / POS 494 / SBS 494 / SOC 494: Special Topics (3)

ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)

JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

POS 357: South Asia Politics (SB & G) (3)

POS 436: Gender, Sexuality, Nation-States (3)

POS 437 / SOC 437: Women, Power, and Politics (G) (3)

POS 438: Latino Politics (SB & C) (3)

SOC 241: Modern Social Problems (SB) (3)

SOC 264: Gender and Society (SB & C) (3)

SOC 270: Racial and Ethnic Relations (SB & C) (3)

SOC 371: Inequality and Sustainability (3)

SOC 400: Perspectives on Aging (SB) (3)

SOC 426: Social Inequality (SB) (3)

SOC 457: Global Social Movements (SB & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students should contact an advisor in the New College of Interdisciplinary Arts and Sciences for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This certificate is valuable to those pursuing careers in medicine, law, business and management, public policy, human resources, media, government and community advocacy. Possible careers include nonprofit worker, diversity officer, youth counselor, crisis response counselor, social worker and counselor.

Domestic Violence and Evidence-based Practice Certificate (PPDVEPCERT)

Campus: Downtown Phoenix

Description:

The certificate program in domestic violence and evidence-based practice provides students with the experience and knowledge they need to intervene safely and effectively on behalf of the survivors of gender-based violence, a vulnerable group that helping professionals are likely to encounter in all areas of practice. Those knowledgeable about the dynamics of intimate partner violence are better equipped to assist those suffering its negative physical and mental health consequences.

Evidence-based care is crucial in domestic violence settings. Students of the certificate program engage in service-based and classroom learning to understand the role of evidence-based interventions in promoting survivor safety and client empowerment.

Upon completion of the program, certificate holders become Arizona state-certified advocates for victims of domestic violence.

Program Requirements:

During their first semester in the certificate, students enroll in SWU 416, Domestic Violence and National AmeriCorps Service.

A grade of B or better is required in each course to satisfy the certificate.

Students must participate in an approved internship for a minimum of 300 hours.

Required Courses -- 9 credit hours

SWU 416: Domestic Violence and National AmeriCorps Service (3)

SWU 484: Internship or SWU 412: Field Instruction I (3)

Notes: Other internship credit may be substituted with department approval.

SWU 484: Internship or SWU 414: Field Instruction II (3)

Notes: Other internship credit may be substituted with department approval.

Electives -- 6 credit hours

SWU 417: Technology, Interpersonal Relationships and Abuse (3)

SWU 494: Domestic Violence: Fatality Analyses (3)

SWU 418: Global Violence Against Women (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

All students seeking the certificate must have 56 credit hours of coursework completed with a minimum GPA of 2.50. In order to enroll in SWU 416, students must have a current Arizona fingerprint clearance card, which will be verified through the State of Arizona system.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Economic Justice Certificate (LAECNJCERT)

Campus: Tempe

Description:

Through the certificate program in economic justice, students gain knowledge of economic justice that promotes the growth of sustainable local, national and global communities. They complete coursework in the theories and philosophies of economic justice and economic justice praxis to prepare them for transdisciplinary exploration into areas of personal interest.

Completion of the coursework in this certificate prepares students to support and create change by analyzing and developing policies to build local skills; developing the capacity to design, control, manage and evaluate initiatives that can economically revitalize communities; increasing research abilities; and laying the groundwork for new approaches to economic justice.

Program Requirements:

The certificate in economic justice requires 15 credit hours, of which at least 12 must be completed at the upper-division level. All courses must be completed with a grade or "C" (2.00 on a 4.00 scale) or better.

Theories and Foundation in Economic Justice (select one) -- 3 credit hours

ASB 316: Money and Culture (L or SB) (3)

ECN 360: Economic Development (SB & G) (3)

JUS 105: Introduction to Justice Studies (SB) (3)

JUS 305: Principles of Justice Studies (SB) (3)
WST 270: Global Perspectives on Women (3)

Economic Justice Praxis (select one) -- 3 credit hours

JUS 405: Inequality, Economy and Justice ((L or SB) & G) (3)
JUS 484: Internship (3)
JUS 499: Individualized Instruction (3)
SGS 350: Economic Development and Globalization (3)
SWU 432: Social Policy and Services (3)

Interdisciplinary Elective Component (9 hours)

To provide students with an opportunity to focus on a particular racial group, nation, region, or specific historical event while also providing a broad interdisciplinary framework, students will select three electives. Courses must be taken from both of the substantive areas below, and from two or more academic units. Any course listed below may count towards this requirement, as well as other courses approved by the program director.

Race, Gender, Class, Citizenship and Economic Justice (select two) -- 6 credit hours

AFR 350 / APA 350 / SOC 350 / CDE 350 / JUS 365 / TCL 360: Inequality and Diversity in Education (L & C) (3)
AIS 380: Contemporary Issues of American Indian Nations (C) (3)
CRJ 306: Race, Ethnicity, Crime, and Criminal Justice (C) (3)
HST 325: Immigration and Ethnicity in the United States (SB & H & C) (3)
IAS 305: Work and Identity (SB) (3)
JUS 420 / SOC 425: Women, Work, and Justice ((L or SB) & C) (3)
JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)
SWU 374: Diversity and Oppression in a Social Work Context (C) (3)
TCL 314 / SOC 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)

National and Global (select one) -- 3 credit hours

AFR 302 / WST 302 / HST 335: History of Black Women in America (SB & H) (3)
ECN 441: Public Economics (SB) (3)
JUS 321: Wealth Distribution and Poverty (SB & C) (3)
JUS 323: Justice and the Development of the Welfare State (SB) (3)
JUS 325 / SGS 325: Globalization and Socio-Economic Justice (SB & G) or SOC 325: null (3)
JUS 432 / SOC 432: Racial Justice (L) (3)
JUS 435: Cinema and Justice (3)
JUS 456 / SOS 456 / SOC 455: Human Rights and Sustainability ((L or SB) & G) (3)
JUS 469: Political Deviance and the Law ((L or SB) & C) (3)
PHI 336: Social and Political Philosophy (HU) (3)
POS 480 / SBS 480: Global Justice (G) (3)
POS 486: International Political Economy (SB & G) (3)
WST 365: Women and International Health (G) (3)
WST 477: Gender and Violence (SB & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

In order to declare this certificate, a student must first have a minimum of 30 earned credit hours and meet with an academic advisor in the School of Social Transformation.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who combine the certificate in economic justice with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

Energy and Sustainability Certificate (SUESUCERT)

Campus: Downtown Phoenix, Polytechnic, Tempe

Description:

The transdisciplinary certificate program in energy and sustainability examines current energy systems and explores what will be required to transition to a sustainable energy future.

Students begin with an overview of how energy affects peoples' lives, the basic science and methods of energy production, and a full overview of energy policy options. Students may tailor the certificate around their unique interests in energy with a variety of electives representing a broad array of academic disciplines. The breadth of their energy knowledge is enriched by taking courses outside their primary area of study.

An understanding of energy is increasingly important for jobs related to environmental quality, national security and the efficient functioning of cities. This program helps students enhance their understanding of the technology and infrastructure for generating, distributing and using energy; the associated sustainability issues; and the social and policy dimensions of energy systems.

Program Requirements:

The certificate in energy and sustainability consists of 15 credit hours, of which at least 12 must be upper-division. A minimum GPA of 2.50 is required for all courses completed in the certificate.

Required Core Courses -- 9 credit hours

SOS 171 / GCU 171: The Thread of Energy (SB & G) (3)
SOS 314: Basic Energy Science or SOS 324: Sustainable Energy Technology and Systems (3)
SOS 315: Energy Policy (3)

Energy Elective Courses -- 6 credit hours

ALT 412: Village Energy Systems (3)
CHM 394: Chemistry, Energy, and Society (3)
EGR 371: Best Practices for Humanitarian Engineering (3)
EGR 476: Microgrid Design and Operation (3)
ERM 494: Algae in Water/Energy/Food Nexus (3)
FIS 494: Climate Change, Energy, and Social Justice (3)
GCU 364: Energy in the Global Arena (SB & G) (3)
GCU 442: Geographical Analysis of Transportation (SB) (3)
GLG 304: Minerals, Energy, and Society (3)
GPH 405: Energy and Environment (3)
JUS 332: Politics of Energy Policy and Justice (3)
JUS 444: Environment and Justice (L & C) (3)
PHY 498: The Science of Sustainable Energy (3)
POS 394: Global Environmental Politics (3)
PUP 430: Transportation Planning and the Environment (3)
SOS 309: History and Philosophy of Sustainability (3)
SOS 323: Sustainable Urban Dynamics (3)
SOS 394: Introduction to Solar Energy for Non-Engineers (3)
SOS 435: U.S. Energy: Pathways to Sustainability (3)
SOS 494: Renewable Energy (3)
SOS 494: Should I Eat Fish? Ecology, Economics, & Policy (3)
SOS 498: Designing a Living Building (L) (3)
STS 317: Science, Technology, and Global Engagement (SB & G) (3)
STS 329: Technology in Developing Countries (SB & G) (3)
STS 332: Global Issues in Science and Technology (SB) (3)
TEM 450: Design for the Developing World (3)

394, 494 and 498 courses must be taken with the specific course title/topic indicated above.

Energy elective courses are not limited to courses from this list only. Other courses on energy may be offered (special topics, etc.). Students may request to have those approved as an elective for this certificate by submitting a School of Sustainability standards petition:

https://students.asu.edu/College_Standards_Petitions (https://students.asu.edu/College_Standards_Petitions). Completed petitions may be submitted directly to sosadvising@asu.edu (<mailto:sosadvising@asu.edu>).

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Students must earn a grade of "C" or better in all courses.

Some energy elective courses have prerequisites. Any and all prerequisites must be met in order to select and enroll in those courses.

Some energy elective courses are more technical in nature, which may require additional math and science knowledge or prerequisites.

Enrollment Requirements:

Students who wish to declare a certificate in energy and sustainability should make an appointment with a College of Global Futures advisor.

Advising is by appointment only, scheduled through this website: <https://schoolofsustainability.asu.edu/advising/undergraduate-advising/> (<https://schoolofsustainability.asu.edu/advising/undergraduate-advising/>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of this program can pair the certificate with a bachelor's degree to make themselves competitive for energy jobs in a variety of sectors.

Government, utilities, nonprofit and private businesses are a few examples that need employees who have a technical perspective and the ability to understand and analyze energy production, energy policy and environmental quality. The unique knowledge and skills gained from this transdisciplinary program will enhance a student's bachelor's degree and career opportunities.

Entrepreneurship and Innovation Certificate (BAKEICERT)

Campus: Tempe

Description:

The certificate program in entrepreneurship and innovation is comprised of three university-wide core courses, two courses within a student's disciplinary college and one approved certificate elective. Individual colleges are encouraged to offer a capstone course as part of the program.

Beyond topics related specifically to entrepreneurial business practices, courses include such topics as social entrepreneurship, arts entrepreneurship, idea generation and storytelling as additional perspectives for the student entrepreneur.

Students completing the certificate in entrepreneurship and innovation have their achievements recognized on their transcripts. Career services markets the certificate to potential employers, highlighting the innovative skills that students with this designation can offer.

Program Requirements:

The entrepreneurship and innovation certificate requires 18 total credit hours to complete and is available to all majors. At least 12 credit hours must be upper-division. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

No more than six credit hours can be shared between this certificate and other business certificates and minors.

Required Core Courses -- 9 credit hours

ENT 305: Principles of Entrepreneurship (3)

ENT 340: Creativity and Innovation (L or HU) or TEM 230: Creativity and Business Innovation (3)

ENT 360: Entrepreneurship and Value Creation or TEM 400: Technology Entrepreneurship (3)

Concentration Electives -- 6 credit hours

Concentration Electives: Students will select two courses within the same concentration below. (6)

It is the student's responsibility to check the prerequisites required by courses in their discipline.

Concentration electives will be designated and approved by individual disciplinary colleges.

American Indian Studies Concentration

AIS 375: Innovation for American Indian Sustainability (3)

AIS 385: Entrepreneurship for American Indian Sustainability (3)

Anticipating Futures Concentration

FIS 305: Ways of Knowing (L) (3)

FIS 307: Navigating Futures (SB) (3)

FIS 308: Politics, Markets and Innovation (SB) (3)

Aviation Management Concentration

AMT 491 is required in the aviation management concentration. Students will choose one other AMT course.

AMT 308: Air Transportation (G) (3)

AMT 489: Airline Administration (3)

AMT 491: Aviation Management Capstone (3)

Biomedical Engineering Concentration

BME 300: Bioengineering Product Design (3)

BME 417: Biomedical Engineering Capstone Design I (L) (4)

BME 490: Biomedical Engineering Capstone Design II (L) (4)

Business Concentration

AGB 456: Food Product Innovation and Development (3)

ENT 440: Entrepreneurship (3)

ENT 445: Business Model Development (3)

ENT 446: Venture Capital Experience (3)

ENT 447: Lean Launch (3)

FIN 455: Entrepreneurial Finance (3)

MKT 435: Entrepreneurial Marketing (3)

MKT 442: Services Marketing Strategy (3)

College of Liberal Arts: Science Concentration

BIO 312: Bioethics (HU) (3)

BIO 416: Biomedical Research Ethics (L) (3)

NTR 344: Nutrition Management and Leadership (L) (3)

PHI 320: Bioethics (HU) (3)

Design and Arts Concentration

ARA 396: Professional Practices for Design and the Arts (3)

ARA 460: Gallery Exhibitions (3)

DSC 394: Design Entrepreneurship & Society (3)

HDA 252: Foundations Arts and Design Entrepreneurship (3)

FMP 417: Business and Legal Practices in Entertainment (3)

MUP 438: The Enterprising Musician (3)

MUP 439: Music Product Creation and Development (3)

THP 351: Arts Management (3)

THP 450: Theatre Organization and Management (3)

Digital Media Entrepreneurship: Web Concentration

AME 435: Mobile Development (3)

GIT 402: New Media Internet Technologies (3)

GIT 414: Web Site Design and Internet/Web Technologies (3)

GIT 417: Advanced Web Markup and Scripting (3)

GIT 435: Website and E-Commerce Strategies (3)

GIT 480: Senior Project (3)

Fulton: Alternative Energy Entrepreneurship Concentration

ALT 420: Electrochemical Energy Technologies (3)

ALT 435: Applied Photovoltaics (3)

ALT 445: Automotive and Stationary Fuel Cell Systems (3)

Fulton: Process Innovation Concentration

TMC 331: Quality Assurance (3)

TMC 430: Enterprise Strategy and Innovation (3)

Fulton: New Product Development Concentration

CSE 335: Principles of Mobile Application Development (3)

TEM 330: Systems Innovation (3)

TEM 400: Technology Entrepreneurship (3)

Fulton: Social Entrepreneurship Concentration

TEM 450: Design for the Developing World (3)

TEM 455: Global Impact Entrepreneurship (3)

TEM 482: Startup Workshop (3)

Herberger, Fulton, WPC: Innovation Space Concentration

New product development. Students enroll in the courses associated with their major.

ENT 464: Collaborative Design Development I (L) AND ENT 465: Collaborative Design Development II (L) (10)

GRA 464: Collaborative Design Development I (L) AND GRA 465: Collaborative Design Development II (L) (10)

IND 464: Collaborative Design Development I (L) AND IND 465: Collaborative Design Development II (L) (10)

Public Programs Concentration

NLM 410: Social Entrepreneurship (3)

NLM 430: Managing Nonprofit Organizations (L) (3)

NLM 435: Service Learning for Community Development (3)

PRM 402: Assessment and Evaluation of Community Services (3)

PRM 427: Where's the Money: Special Event Revenue Generation (3)

PRM 475: Entrepreneurial Recreation and Tourism (3)

Walter Cronkite: Journalism & Mass Communication Concentration

JMC 455: Digital Media Entrepreneurship (3)

JMC 473: The Business and Future of Journalism (3)

JMC 477: New Media Innovation and Entrepreneurship Lab (3)

MCO 335: Social Media (3)

MCO 425: Digital Media Literacy I (3)

Certificate Elective (choose one course) -- 3 credit hours

AGB 456: Food Product Innovation and Development (3)

AIS 375: Innovation for American Indian Sustainability (3)

AIS 385: Entrepreneurship for American Indian Sustainability (3)

ALT 420: Electrochemical Energy Technologies (3)

ALT 435: Applied Photovoltaics (3)

TMC 430: Enterprise Strategy and Innovation (3)
THP 351: Arts Management (3)
THP 450: Theatre Organization and Management (3)
THP 452: Arts Entrepreneurship Seminar (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in entrepreneurship and innovation is available to all ASU students in good standing except those majoring in business entrepreneurship, management with a concentration in entrepreneurship, and technology entrepreneurship and management. The certificate application can be accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in entrepreneurship and innovation with their major program of study may become more marketable to employers. They often decide to pursue employment in management, sales and marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

Environmental Education Certificate (TEEVEDCERT)

Campus: Polytechnic, Tempe, West

Description:

The Mary Lou Fulton Teachers College certificate in environmental education is for students in all majors and for nontraditional educators. The program is designed to establish standards for professional excellence in environmental education.

Environmental education is taught in traditional classrooms and as community programs such as those at nature centers, museums, parks and zoos. The coursework required in the certificate increases the environmental literacy of future educators, fosters community leadership strategies and provides practice in environmental education teaching methods.

Students who complete the certificate are eligible to apply for the environmental education certificate recognized by the North American Association for Environmental Education.

Program Requirements:

This certificate requires a minimum of 15 credit hours, 12 of which must be upper-division. A "C" or better is required in all coursework.

Required Core Courses (select three) -- 9 credit hours

SCN 201: Discovering the Deserts of the Southwest or SCN 301: Ecology and Natural History of the Sonoran Desert (SG) (4)

SCN 207: Introduction to Biomimicry or SCN 307: Learning from Nature: Biomimicry and STEM (3-4)

SCN 208: Nature and Society: An Introduction to Environmental Studies (SG & G) or SCN 308: Urban Environmental Education (3-4)

SCN 300: Foundations of Environmental Education (3)

SCN 302: Environmental Education (L & G) (3)

SCN 310: Biodiversity Conservation: An Educational Inquiry (4)

Elective Options -- 6 credit hours

Any Core Certificate Course not taken above may be used to satisfy Electives.

SCN 209: Introduction to Environmental Education Project or SCN 309: Environmental Education Project (1)

SCN 303: Environmental Education Internship (1-3)

SCN 304: Sonoran Desert Flora (3)

SCN 305: Tropical Ecology: A Cultural Exchange (3)

SCN 311: Nature Mindfully (3)

SCN 400: Sustainability Science for Teachers or SCN 401: Sustainability Science, Technology, and Society (3)

Notes: Teacher certification students will take SCN 400

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who combined the certificate in environmental education with their major program of study may become more marketable to employers. They often decide to pursue employment in educational settings such as nonprofit organizations, nature centers, museums, parks and zoos.

The environmental education certificate does not lead to teacher certification.

Environmental Humanities Certificate (LAENHCERT)

Campus: Tempe

Description:

The environmental humanities certificate is for students who are interested in humanities-based approaches to the current global environmental crisis, a vital area of study.

Courses are focused on the human relationship to the environment and the relationship between nature and culture. To gain practical experience, students also complete an internship in environmental activism, policy development, education or another pertinent area.

ASU's Department of English has an extensive internship program, offering placements in publishing, media and marketing, government, nonprofits and film festivals. The department also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

Program Requirements:

The environmental humanities certificate consists of 15 hours. At least 12 credit hours must be completed at the upper-division level, with a minimum of six upper-division credit hours from courses offered by the Department of English in The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses taken for the minor.

Required Courses (choose one) -- 3 credit hours

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)

ENG 371: Rhetoric of the Environmental Movement (3)

ENG 378: Environmental Creative Nonfiction (L or HU) (3)

Internship or Independent Study -- 3 credit hours

ENG 484: Environmental Humanities Certificate or ENG 499: Individualized Instruction (3)

Elective Courses (choose three) -- 9 credit hours

ASB 326: Human Impacts on Ancient Environments (SB & H) (3)

ASB 370 / SOS 370: Ethics of Eating (L or SB) (3)

BIO 324 / PHI 310: Environmental Ethics (HU) (3)

ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)

ENG 363: Transborder Mexican and Chicano/a Literature of Southwest North America ((L or HU) & C) (3)

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)

ENG 371: Rhetoric of the Environmental Movement (3)

ENG 378: Environmental Creative Nonfiction (L or HU) (3)

ENG 468: Environmental Literary Criticism (L or HU) (3)

HST 342: U.S. West 20th Century (SB & H) (3)

HST 345: Environmental History (L) (3)

JUS 332: Politics of Energy Policy and Justice (3)

JUS 444: Environment and Justice (L & C) (3)

PSY 306: Environmental Psychology (SB) (3)

REL 349: Nature, Sustainability and Religion (3)

SGS 330: Globalization and the Environment: Problems and Solutions (3)

SOC 331: Environmental Sociology (SB & G) (3)

SOS 110: Sustainable World (SB) (3)

SOS 320: Society and Sustainability (L or SB) (3)

SOS 370 / ASB 370: Ethics of Eating (L or SB) (3)

Other courses may be used by approval of an academic advisor in the Department of English.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

For more information about the environmental humanities certificate, students should contact an advisor in the Department of English.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate provides students with a multidisciplinary knowledge base and practical skill set to enact social and environmental change. Students who complete this certificate are well-prepared for careers in sustainability, environmental science and public policy and are better equipped to implement environmentally-responsible practices into their own lives. Advanced degrees or certifications may be required for academic or clinical positions.

Environmental Humanities Certificate (LSEHCERT)

Campus: Polytechnic

Description:

The environmental humanities certificate program offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus on this vital area of study. Students take courses and electives from selected programs focused on the human relationship to the environment and the relationship between nature and culture.

Program Requirements:

This certificate is comprised of 24 credit hours, including at least 12 credit hours of upper-division. Six credit hours must be taken from courses offered by the College of Integrative Sciences and Arts. A grade of "C" (2.00 on a 4.00 scale) or better is required in all courses.

Core Courses -- 12 credit hours

Pick four ENG courses from the list below, with a minimum of at least one 400-level course:*

ENG 334: The American Southwest in Literature and Film ((L or HU) & C) (3)

ENG 359: Indigenous American Literature ((L or HU) & C) (3)

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)

ENG 371: Rhetoric of the Environmental Movement (3)

ENG 378: Environmental Creative Nonfiction (L or HU) (3)

ENG 468: Environmental Literary Criticism (L or HU) (3)

ENG 469: Science and Literature (3)

*Note: Other ENG courses may be approved by CISA advisors depending on special- or variable-topics courses available in given semesters.

Elective Courses -- 12 credit hours

Complete at least four additional courses for a minimum of 12 credit hours. Students must work with an academic advisor in the College of Integrative Sciences and Arts to select Elective Courses. Some courses are limited to students majoring in the discipline, have prerequisites or cannot be taken in combination with another course on the list. Additional courses may be approved by the College of Integrative Sciences and Arts advisor depending on special- or variable-topics courses available in given semesters.

ABS 360: Southwest Home Gardening (2)

ASB 326: Human Impacts on Ancient Environments (SB & H) (3)

GPH 210: Society and Environment (G) (3)

HST 280: History of Science, Ideas and Innovation (SB & G & H) (3)

HST 344: Arizona (SB & H) (3)

HST 345: Environmental History (L) (3)

IAS 409: Eco-Community Ethics (HU) (3)

JUS 444: Environment and Justice (L & C) (3)

LSC 362: The Human Environment (3)

PRM 380: Wilderness and Parks in America (SB & H) (3)

SOS 100: Introduction to Sustainability (G) (3)

TDM 480: Sustainable Tourism (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The environmental humanities certificate is available to all ASU undergraduate students. Students should see an advisor for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in environmental humanities helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in environmental restoration planning, environmental protection or environmental communication.

Ethics Certificate (LAETHCERT)

Campus: Tempe

Description:

The ethics certificate program is designed to give students a richer understanding of systematic philosophical thinking about ethics. Students with majors in business, nursing, journalism and public administration as well as students planning to pursue legal careers, among others, may well find that training in ethics is beneficial to their career goals. The certificate program permits some flexibility regarding course selection, thereby facilitating particular student interests.

Program Requirements:

The certificate in ethics consists of 18 credit hours approved by an undergraduate advisor in the School of Historical, Philosophical and Religious Studies. All courses must be passed with a minimum grade of "C" (2.00 on a 4.00 scale). At least 12 credit hours must be upper-division. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences.

Core Course (choose one) -- 3 credit hours

PHI 335: History of Ethics (HU) (3)

PHI 337: Ethical Theory (HU) (3)

PHI 338: Metaethics (3)

Electives (choose five) -- 15 credit hours

PHI 105: Intro to Ethics (HU) (3)

PHI 107: Introduction to Philosophy of Sex and Love (HU) (3)

PHI 120: Introduction to Medical and Bioethics (HU) (3)

PHI 304: Existentialism (HU) (3)

PHI 306: Applied Ethics (HU) (3)

PHI 307: Philosophy of Law (HU) (3)

PHI 310: Environmental Ethics (HU) (3)

PHI 320: Bioethics (HU) (3)

PHI 324: Existential Ethics (HU) (3)

PHI 326: Philosophy of Happiness (HU) (3)

PHI 335: History of Ethics (HU) (3)

PHI 336: Social and Political Philosophy (HU) (3)

PHI 337: Ethical Theory (HU) (3)

PHI 338: Metaethics (3)

PHI 347: Philosophical Theories of Constitutional Law (3)

PHI 360: Business and Professional Ethics (HU) (3)

PHI 370: Sports Ethics (HU) (3)
PHI 405: Moral Psychology (3)
PHI 406: Moral Dilemmas (L or HU) (3)
PHI 408: Feminist Ethics (HU) (3)
PHI 409: Eco-Community Ethics (HU) (3)
PHI 420: Disaster Ethics (3)
PHI 420: Ethics in Plato & Aristotle (3)
PHI 420: Feminist Philosophical Literature (3)
PHI 420: Found-Bioethics (3)
PHI 420: Justice (3)
PHI 420: Medical Ethics (3)
PHI 420: Normative Ethics (3)
PHI 420: Stoicism (3)
PHI 420: Topics in the Ethics of Sustainability (3)
PHI 420: Well-Being: Philosophy of Happiness (3)

PHI 420 is a variable topics course that may be taken more than once, so long as the topics are different. Only topics related to ethics will apply to the certificate.

One course outside the list of electives, and perhaps outside the PHI prefix, may be used with written approval of the director of undergraduate studies.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Incompatible Majors: BA in philosophy (morality, politics and law)

Students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies to declare the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

An undergraduate certificate can advance students' career options.

Students become more marketable to employers when they complement their major program of study with this specialization in ethics. The certificate demonstrates analytical, reasoning and writing skills, and it demonstrates competence in areas of increasing concern to employers, such as ethics, public policy and justice.

Students who complete the ethics certificate often decide to pursue careers in business, law, policy or politics. Advanced degrees or certifications may be required for academic or clinical positions.

Ethnic Studies Certificate (ASETHCERT)

Campus: West

Description:

The certificate program in ethnic studies explores the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas. The coursework combines topics in the humanities, arts and social sciences, and instruction is given on methods to critically analyze racial, ethnic, gender and sexual identities, transnational movements, and diverse forms of cultural, literary and political expression.

The certificate in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs, and it is offered by the School of Humanities, Arts and Cultural Studies.

Program Requirements:

The certificate in ethnic studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Up to six credit hours may be shared between a major and the certificate. Up to three credit hours of individualized instruction may be applied toward the certificate. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. All courses in the certificate must be passed with a minimum grade of "C" (2.00).

Required Courses -- 6 credit hours

ETH 100: Ethnic and Indigenous Lives (SB & C) (3)

HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

Upper-Division Electives -- 12 credit hours

ENG 420 / IAS 420: Multicultural Autobiographies ((L or HU) & C) (3)

ENG 462: Africana Literature (HU & G) (3)

ENG 463: African American Literature (3)

ENG 476: Studies in Folklore (3)

ETH 353 / ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)

ETH 354 / ENG 354: African American Literature: Harlem Renaissance to the Present ((L or HU) & C) (3)

ETH 380 / WST 380: Race, Gender, and Class (SB & C) (3)

ETH 428 / AMS 428: Peoples and Cultures of the American West, to 1848 (SB & H) (3)

ETH 430 / WST 430: Gender on the Borderlands (SB & G) (3)

ETH 433 / WST 433: Race and Sexualities in Social Justice Movements (3)

ETH 450: Latina/os, Schooling and Social Inequality (C) (3)

ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

ETH 499: Individualized Instruction (3)

HST 419: 20th Century Chicano/a History (C) (3)

SBS 301: Cultural Diversity ((L or SB) & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the certificate is added to the student's program of study.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This program prepares students for careers or graduate school in a variety of fields, including business, health care, criminal justice, social services, education, public relations, community development, public policy and government. Potential careers include community health worker, social and community service manager, secondary and high school teacher and journalist.

European Studies Certificate (LAESCERT)

Campus: Tempe

Description:

The European studies certificate provides a broad overview of the European countries, from their natural environment to their cultural, demographic, economic and political aspects. The pressing issues facing Europe today reveal both its tremendous diversity and the globalizing elements that invite investigation.

This certificate, a transdisciplinary collaboration involving several faculties of the School of International Letters and Cultures and other ASU faculty engaged in the study of Europe, serves a diverse population of students who would like to enhance their knowledge of European cultures for both academic and professional purposes.

This program focuses on the interconnectedness of knowledge involving European cultures, politics, religions, ethnicities, social-economic justice and sustainable solutions to old and new challenges and divisions in today's Europe. It also develops students' ability to analyze the historical development of the region and its exchanges with other world cultures. Students analyze what it meant to be European in the past and what it means today and how that knowledge can be applied to contemporary political and cultural debates as well as to professional opportunities in the region.

Program Requirements:

The certificate requires 15 credit hours of upper-division coursework. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Course -- 6 credit hours

GCU 325: Geography of Europe (SB & G) or POS 352: European Democracies (3)

SLC 429 / ENG 429 / THE 429: What is Europe? ((L or HU) & G & H) (3)

Elective Courses (choose two) -- 6 credit hours

FRE 321: French Cultural Masterpieces I ((L or HU) & H) (3)

FRE 322: French Cultural Masterpieces II (L or HU) (3)

FRE 414 / ITA 414 / SLC 414: French and Italian Popular Culture ((L or HU) & G) (3)

FRE 415: French Civilization I (HU) (3)

FRE 416: French Civilization II (HU & G) (3)

FRE 494 / ITA 494: Paris & Florence in the Middle Ages (1100-1500) or SLC 494: Paris and Florence in the Middle Ages (1100-1500) (3)

GCU 325: Geography of Europe (SB & G) (3)

GCU 426: Geography of Russia and Surroundings (SB & G) (3)

GER 416: German Civilization (HU & H & G) (3)

GER 422: German Literature Survey, 1800-Today (L or HU) (3)

GER 445 / FMS 445: The Holocaust in German-Mediated Memory (3)

GER 446: Weimar-Era German Film (3)

GER 447 / SLC 447: German Modernism (3)

GRK 344 / LAT 344 / SLC 344: Classics and Comics (HU) (3)

GRK 347 / HST 347 / SLC 345: Ancient Greece I: Bronze Age through the Peloponnesian War (SB & H) (3)

GRK 360 / LAT 360 / SLC 360 / HST 397: Greece and Rome at War (3)

GRK 362 / SLC 362 / REL 360: Ancient Greek Religion (3)

HST 304 / JST 304: Studies in European History (3)

HST 351: Renaissance Europe ((L or HU or SB) & H) (3)

HST 352: Europe's Reformations ((L or HU or SB) & H) (3)

HST 353: Old Regime in Europe (SB & H) (3)

HST 354: Revolutionary Europe (SB & H) (3)

HST 355: Total War and the Crisis of Modernity (SB & G & H) (3)

HST 356: Europe since 1945 (SB & G & H) (3)

HST 359: Jewish History from 1492 to 1948 (SB & G & H) (3)

HST 361 / REL 374: Witchcraft and Heresy in Europe ((L or HU) & H) (3)

HST 362: Sex and Society in Classical and Medieval Europe (SB & H) (3)

HST 363: Sex and Society in Early Modern Europe ((HU or SB) & H) (3)

HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)

HST 368: Culture and Imagination in European History (HU & H) (3)

HST 370: Eastern Europe in Transition (SB & G & H) (3)

HST 373 / LAT 373 / SLC 373: Roman History I: Foundations and Republic (3)

HST 374 / LAT 374 / SLC 374: Roman History II: The Roman Empire (3)

HST 427: French Revolution/Napoleonic Era (SB & H) (3)

HST 429: Modern Germany (SB & G & H) (3)

HST 432: Eastern Europe the Balkans, 20th Century (G & H) (3)

HST 465: Women in Europe, 1750 to Present ((HU or SB) & H) (3)

HST 495: Holocaust (L) (3)

ITA 315: Italian Culture: The Good, The Bad and The Ugly (HU & G) (3)

ITA 321: Italian Renaissance Culture: Politicians, Merchants, Artists and Courtesans (H) (3)

ITA 322: Modern Italian Culture: Explorers, Scientists, Musicians and Revolutionaries (HU) (3)
ITA 350 / SLC 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)
ITA 423 / SLC 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)
POS 352: European Democracies (3)
POS 356: European Union (SB & G) (3)
REL 312: History and Memory of the Holocaust (3)
REL 377: Religion in Russia (HU & H) (3)
REL 382: Magick, Religion and Science (L or HU) (3)
RUS 323: Russian Literature and Revolution: The Twentieth Century ((L or HU) & G) (3)
RUS 430: Russian Short Story (L or HU) (3)
RUS 440: Russian Mass Media (G) (3)
SLC 442 / ROM 442: Dracula and Vampire Lore ((L or HU) & G & H) (3)
SPA 425: Foundational Texts of Spain (L or HU) (3)
SPA 426: Literature and Society in Modern Spain (HU) (3)
SPA 473: Old and New Spaniards: Culture and Civilization of Spain ((HU or SB) & G) (3)

Capstone Experience (choose one) -- 3 credit hours

Upper Division Capstone Elective (3)

Students select Capstone Experience from list below in consultation with the European studies certificate faculty coordinator and academic advisor.

Students may use credit earned on a study abroad program in a European country. Placement of the credit must be reviewed and approved by the European studies certificate faculty coordinator and the academic advisor.

Evolutionary Medicine Certificate (LAEVMDCERT)

Campus: Tempe, Online

Description:

With rising need for health science-related skills and an aging population in the United States, innovations in health and medicine are in demand. Evolutionary medicine is a new and burgeoning field situated between the life and social sciences that seeks to integrate the fields of evolutionary biology, genetics, medicine, global health and public health to transform our understanding of disease and improve human health.

In this certificate program, students learn how to integrate perspectives from across fields to answer questions about health and disease in the context of human life history. They are introduced to integrated approaches within the biological and social sciences that are capable of address an emerging, anticipated public need such as reemerging infectious disease, challenges with vaccines, the expansion of chronic disease and other growing public health crises.

Program Requirements:

The certificate in evolutionary medicine consists of 15 credit hours, at least 12 of which must be upper-division. All 15 credit hours must be completed at ASU.

Required Courses -- 6 credit hours

ASM 403 / BIO 403: Evolutionary Medicine and Global Health (3)

BIO 408 / ASB 408: Advanced Evolutionary Medicine (3)

Electives -- 9 credit hours

A minimum of six credit hours of electives must be upper-division.

ASB 250 / BIO 250: Introduction to Evolution and Medicine (SB & G) (3)

ASB 462: Medical Anthropology: Culture and Health (SB & C) (3)

ASB 494 / BIO 494: Maternal and Child Health (3)

ASM 246: Human Origins (SB) (3)

ASM 342 / BIO 327: Evolution of Human Behavior (3)

ASM 345: Disease and Human Evolution (3)

ASM 394 / BIO 394: Ecology and Evolution of Infectious Diseases (3)

ASM 401: Health and Human Biology (3)

ASM 446 / BIO 446: Principles of Human Genetics (L) (3)

ASM 456: Infectious Disease and Human Evolution (3)

ASM 494 / BIO 494: Evolution and Mental Disorders (3)

BIO 302: Cancer--Mother of All Diseases (L) (3)

BIO 318 / HPS 331: History of Medicine (HU & H) (3)

BIO 345: Evolution (3)

BIO 394 / PSY 394: Introduction to Evolutionary Psychology (3)

BIO 440 / MBB 440: Functional Genomics (3)

BIO 462: Endocrine Physiology (3)

MBB 445 / MIC 445: Techniques in Molecular Biology/Genetics (3)

MIC 205: Microbiology (SG) or MIC 220: Biology of Microorganisms (3)

MIC 314: HIV/AIDS: Science, Behavior, and Society (3)

MIC 425: Advanced Immunology (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/minors/>)

Career Opportunities:

Graduates who have combined the certificate in evolutionary medicine with their major program of study may become more marketable to employers. They often decide to pursue employment in evolutionary biology, genetics, medicine, global health or public health.

Advanced degrees or certifications may be required for academic or clinical positions.

Family Communication Certificate (ASFAMCCERT)

Campus: West

Description:

The certificate program in family communication focuses on issues affecting communication in the family and complements the current communication program by bringing together an array of courses that have implications for the family unit, such as courses in new media and health. Students are encouraged to also take courses in other disciplines that complement family-related communication courses.

This program is offered by the School of Social and Behavioral Sciences.

Program Requirements:

The certificate in family communication consists of 19 credit hours (a minimum of 12 credit hours must be upper division). Six upper-division credit hours must be completed through courses offered by the School of Social and Behavioral Sciences. Six credit hours may be shared with major requirements. Four courses must be selected from at least two content areas listed. The courses listed are suggested and actual courses should be selected in conjunction with an academic advisor. A one credit hour exit portfolio is required and may be taken after a minimum of 12 hours toward the certificate has been completed. All courses used to satisfy requirements for the certificate must be passed with a "C" or better.

Required Courses -- 6 credit hours

COM 312: Communication, Conflict, and Negotiation or COM 410: Interpersonal Communication Theory and Research (SB) or COM 417: Communication and Aging (3)
COM 411: Communication in the Family (SB) (3)

Content Area Courses -- 12 credit hours

Content Area course (6)

Upper Division Content Area course (6)

Select four courses from at least two content areas. At least six hours must be upper-division. A minimum six credit hours must be in non-COM courses. Listed courses are suggestions; courses for the certificate should be selected in conjunction with the certificate advisor.

Social and Cultural Elements of the Family

AFR 370: Family Ethnic and Cultural Diversity (SB & C) (3)

ASB 346: Marriage and Family Diversity (SB & C) (3)

ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)

COM 310: Relational Communication (SB) (3)

COM 316: Gender and Communication (SB & C) (3)

COM 410: Interpersonal Communication Theory and Research (SB) (3)

COM 432: Forgiveness and Reconciliation (3)

FAS 301: Introduction to Parenting (3)

FAS 331: Marriage and Family Relationships (SB) (3)

FAS 370: Family Ethnic and Cultural Diversity (SB & C) (3)

FAS 435: Advanced Marriage and Family Relationships (L or SB) (3)

COM 424: Television Studies and Criticism (3)
COM 457: New Media (3)
COM 471: Global Media and Cultural Identity (G) (3)
ENG 244: Introduction to Researching Family History (3)
MCO 473: Sex, Love, and Romance in the Mass Media (SB) (3)

Community Application

COM 314: Inner-City Families: The Cycle of Poverty (3)
COM 484: Internship (3)

Family Communication Portfolio -- 1 credit hours

COM 498: Family Communication Portfolio (1)

Notes: The communication portfolio is a synthesis of the student's family communication academic experience. The portfolio itself integrates each student's experience with theory and concepts from coursework. The portfolio may take a variety of forms, to be negotiated by each student and the instructor. This course is to be taken after a minimum of 12 credit hours toward the certificate have been completed.

Listed courses are suggestions; courses for the certificate should be selected in conjunction with the certificate advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in family communication is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Social and Behavioral Sciences to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This is a valuable certificate for students planning to enter careers or graduate study in fields like psychology, counseling, family studies, social work, medicine or nursing, law, aging, pastoral care, human services, media or communication technology.

Field Geology Certificate (LAFDGCERT)

Campus: Tempe

Description:

The certificate program in field geology prepares undergraduate students with the core knowledge base and field experience to identify, describe, collect and interpret a variety of types of geological field data.

Program Requirements:

The certificate requires a minimum of 15 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses -- 9 credit hours

GLG 310: Structural Geology (3)

GLG 452: Field Geology II (L) (3)

GLG 455: Advanced Field Geology (3)

Electives (choose two) -- 6 credit hours

GLG 362: Geomorphology (3)

GLG 420: Volcanology (3)

GLG 424: Petrology (3)

GLG 435: Sedimentology and Stratigraphy (3)

GLG 489: Field Geochemistry (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Courses not completed at ASU must be approved for use in this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Additional enrollment requirements include completion of the following courses or their equivalencies with a "C" or better (scale is 4.00 = "A"):

GLG 101 Introduction to Geology I (Physical) and GLG 103 Introduction to Geology I Lab or
SES 121 Earth, Solar System and Universe and SES 123 Earth, Solar System and Universe Lab
AND GLG 321 Mineralogy and GLG 451 Field Geology I.

Career Opportunities:

Students who complete this undergraduate certificate possess a strong field-based background, required for many entry-level jobs in resource mining, geotechnical and environmental consulting companies. It also is a strong asset for acceptance into many graduate research programs in the earth sciences.

Career opportunities include:

- geologic materials technician
- geologic sample test technician
- geoscientists
- geotechnician
- mining and geological engineers

Sample career settings include:

- environmental industry
- geotechnical industry
- mining and petroleum industries

Film and Video Studies Certificate (ASVIDCERT)

Campus: West

Description:

In the certificate program in film and video studies, students explore film theory and the practice of the moving image, and they have an opportunity in this interdisciplinary program to develop their interests, skills and understanding of the forms, channels, technologies and histories of the media arts.

Coursework helps students become more astute critics of film and media arts. They learn about the history of film, television and video arts as well as their place in social, cultural and political expression. Students also strengthen their critical thinking skills through an analysis of the ongoing philosophical, aesthetic, political and technological debates about film, media and video.

Program Requirements:

The certificate in film and video studies consists of 18 credit hours, of which 12 credit hours must be upper division. A minimum of six upper-division hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Students choose a focus in either film studies, or media and video studies. The film studies emphasis focuses on the impact of film and video. The media and video studies emphasis is concerned with the rendering of film and video. All courses used to satisfy the requirements for this certificate must be passed with a minimum grade of "C" (2.00) or better.

Core Requirement -- 3 credit hours

IAP 201: Introduction to Interdisciplinary Arts (HU) (3)

Foundation Requirement -- 3 credit hours

IAP 103: Foundations I: Interdisciplinary Art Practice (3)

Emphasis Tracks

Film Studies Emphasis - students will choose six credit hours from the Applied/Practical course list and three credit hours from the Theoretical, Conceptual and Historical course list.

Media and Video Studies Emphasis - students will choose nine credit hours from the Theoretical, Critical, Performance and/or Production course list.

Film Studies Emphasis: Applied/Practical Courses (choose two courses) -- 6 credit hours

COM 429: Semiotics and Visual Communication (3)

IAP 322: Multitrack Digital Recording (3)

IAP 361: Digital Editing and Media Literacy (CS) (3)

IAP 364: Documentaries (3)

IAP 394: Acting for the Camera (3)

IAP 466: Digital Interactivity, Advanced (3)

IAP 467: Acoustic Ecology (3)

IAP 474: Art and Film (L or HU) (3)

Film Studies Emphasis: Theoretical, Conceptual and Historical Courses (choose one course) -- 3 credit hours

ENG 365: History of Film (HU) (3)

IAP 364: Documentaries (3)

IAP 465: Media Technologies and the Arts (3)

IAP 473: Aesthetic Research (L or HU) (3)

Media and Video Studies Emphasis: Theoretical, Critical, Performance and/or Production Courses (choose three courses) -- 9 credit hours

COM 429: Semiotics and Visual Communication (3)

ENG 365: History of Film (HU) (3)

IAP 334: Conceptual Development in the Arts (3)

IAP 361: Digital Editing and Media Literacy (CS) (3)

IAP 363: Sound, Image, and Media (3)

IAP 364: Documentaries (3)

IAP 365: Digital Interactivity (3)

IAP 394: Acting for the Camera (3)

IAP 465: Media Technologies and the Arts (3)

IAP 466: Digital Interactivity, Advanced (3)

IAP 467: Acoustic Ecology (3)

IAP 469: Advanced Audio Production (3)

IAP 473: Aesthetic Research (L or HU) (3)

IAP 474: Art and Film (L or HU) (3)

Capstone -- 3 credit hours

IAP 480: Art as Praxis: From Conceptualization to Production (3)

The project should reflect the integration of coursework with creative initiative to generate a product that stands alone as a piece of original work. For the Film Studies Emphasis, the project will focus on an intellectual analysis of some dimension of film products, reception, institutions, economics, and so forth.

For the Media and Video Studies Emphasis, the project may be intellectual or creative (performance or production) in nature. Projects will be examined and evaluated by at least one faculty member involved in the film and video studies certificate.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in film and video studies is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate in film and video studies helps students prepare for careers such as editors, art directors, video producers and directors, video and interdisciplinary project directors, and digital media specialists in areas such as video and film production, film studies, media studies or digital design. The valuable skills students gain through the program also prepare them for graduate study.

Food Industry Management and Marketing Certificate (BAFIMMCERT)

Campus: Polytechnic

Description:

The certificate program in food industry management and marketing allows business and nonbusiness students the opportunity to acquire specialized business skills, providing them with a competitive advantage for employment with firms and agencies that operate within the global food industry.

The certificate program explores the role that consumers' food choices and purchases play in the allocation of resources throughout the food chain, from farm to retail.

Upon completion of the program, students have a deep understanding of the business, economic and market environments of the global food industry, with particular emphasis on food marketing and distribution.

Program Requirements:

The food industry management and marketing certificate requires 15 credit hours to complete and is available to all majors. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better. No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

Required Course -- 3 credit hours

AGB 250: Economics of Resource Allocation: Food and Agriculture or AGB 302: International Management and Agribusiness (G) (3)

Required Marketing Course (choose one) -- 3 credit hours

MKT 300: Marketing and Business Performance (3)

MKT 302: Applied Marketing Management and Leadership (L) (3)

MKT 303: Honors Marketing Theory and Practice (L) (3)

MKT 390: Essentials of Marketing (3)

Electives (choose three) -- 9 credit hours

AGB 100: Introduction to Agribusiness (3)

AGB 394: Current Topics in Food Retailing (3)

AGB 414: Food and Agribusiness Policy Issues (L) (3)

AGB 420: Food Advertising and Promotion (3)

AGB 425: Food Supply Networks (3)

AGB 435: Commodity Futures and Options Markets (3)

AGB 445: Food Retailing (3)

AGB 452: Global Food and Agricultural Trade (3)

AGB 456: Food Product Innovation and Development (3)

AGB 481: Strategic Pricing in Food Markets (3)

AGB 494: NAMA Marketing Plan (3)

BUS 424: Sales and Negotiations (3)

BUS 434: Business Risk Management (3)

TGM 460: Global Risk Assessment and Management (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

The program is offered at ASU's Polytechnic campus, but students may choose to take the entire certificate in iCourse format.

Enrollment Requirements:

Students majoring in food industry management are not eligible to pursue this certificate. All other majors can access and submit the certificate application online at Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in food industry management and marketing helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in management, marketing, and sales. Advanced degrees or certifications may be required for academic or clinical positions.

Geographic Information Science Certificate (LAGISCERT)

Campus: Tempe, Online

Description:

Geographic information science is one of the fastest growing segments of the economy, and employment possibilities can be found across the private sector as well as in many government agencies.

The geographic information science undergraduate certificate program pairs the practical skill of geographic information science with the conceptual knowledge of geographical problem-solving and of spatial thinking.

Program Requirements:

The certificate requires 20 credit hours with a grade of "C" (2.00 on a 4.00 scale) or higher. At least 12 of the 20 credit hours must be upper-division.

Geographic Information Science Core -- 11 credit hours

GIS 205: Geographic Information Science I (CS) (3)

GIS 211: Geographic Information Science II (CS) (4)

GIS 311: Geographic Information Science III (CS) (4)

Upper Division GIS Elective Courses -- 6 credit hours

GIS Upper Division Elective (6)

Upper Division Related Coursework -- 3 credit hours

GCU OR GIS OR GPH OR PUP OR CEE OR CSE OR EEE OR EGR OR FSE OR IEE Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The BS in geographic information science is incompatible with this certificate program.

This certificate is available through the Pathways for the Future program: <https://pff.asu.edu/> (<https://pff.asu.edu/>). Applicants without a bachelor's degree are eligible to apply for, and receive, this certificate through the Pathways for the Futures program. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/geographic-information-science-undergraduate-certificate/>)

Career Opportunities:

Students who pair this geographic information science certificate with their degree program have added to their knowledge and abilities highly desirable skills in statistics, computer programming, analysis and problem-solving. Application of these skills can be used in local, state and national governments, utilities, health organizations, nonprofits, real estate, retail and many others.

Global Management Certificate (TBTGMCERT)

Campus: Downtown Phoenix, West

Description:

Research from McKinsey and Company, a highly respected consulting firm, indicates that in the near future, almost 40% of the growth globally will result from just 400 cities in emerging markets around the world. This certificate program in global management provides broad-based training in global business and global studies that helps prepare students for a global management career. It offers unique courses that integrate an in-depth understanding of the political, economic and cultural aspects of doing business in specific regions with tools to assess business trends in specific countries.

Thunderbird School of Global Management has produced unique leaders for more than 70 years. Home to the BGM and BS in international trade, the school's innovative and practical curriculum complements a strong core of global business management skills, international political economy and cross-cultural training, with a transdisciplinary approach. The alumni network has over 45,000 graduates across 170 chapters around the globe.

Program Requirements:

The global management certificate requires 18 credit hours as outlined below, with a minimum of 12 upper-division credits. Students are encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.

Required Course -- 3 credit hours

TGM 101: Principles of Global Management (G) (3)

It is recommended that students take TGM 101 prior to or concurrently with other TGM courses.

Electives -- 15 credit hours

TGM 204: Principles of Marketing for Global Organizations (3)

TGM 300: Principles of Finance for Global Organizations (3)

TGM 310: Supply Chain Operations for Global Organizations (3)

TGM 312: Big Data in the Global Economy (3)

TGM 353: Regional Management Environment (G) (3)

TGM 468: States and Markets in a Global Economy (SB & G) (3)

TGM 478: Cross-Cultural Communication and Negotiation (3)

TGM 487: Global Entrepreneurship (3)

TGM 489: Multinational Organizational Leadership (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Study abroad or international experience is encouraged but not required. Consider ASU Study Abroad (<https://studyabroad.asu.edu/>) opportunities.

Enrollment Requirements:

Incompatible Majors: BGM in global management; BS in international trade.

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

The certificate application (<https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>)) may be submitted to ugadvising@thunderbird.asu.edu (<mailto:ugadvising@thunderbird.asu.edu>).

Career Opportunities:

Graduates who have combined the certificate in global management with their major program of study may become more marketable to employers. They often decide to pursue employment in corporations, governments or nonprofits.

Advanced degrees or certifications may be required for academic or clinical positions.

Globalization and Culture Certificate (LAGLCCERT)

Campus: Tempe

Description:

The globalization and culture certificate program offers students the opportunity to increase their understanding of the cultural dimensions of globalization, in the context of economic, political and social changes in the world today.

The program provides an interdisciplinary approach to understanding the phenomenon of globalization, including the historical, political, cultural and social forces that shape contemporary globalized society. This certificate program draws on courses from several colleges and academic units and emphasizes studies related to the history and culture of globalization, conflict and contact between regions of the world, and questions related to language and identity.

Program Requirements:

The certificate requires a minimum of 18 credit hours, of which at least 12 credit hours must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Core Course (choose one) -- 3 credit hours

SGS 360: Cultural Aspects of Globalization (3)

SLC 425: Globalization: From Colonialism to Climate Change (HU & G) (3)

Culture Course Elective (choose one) -- 3 credit hours

ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)

GCU 432: Geography of China (SB & G) (3)

TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)

Upper-Division Foreign Language Elective -- 3 credit hours

In consultation with an academic advisor in the School of International Letters and Cultures, students choose a target language appropriate to their course of study. Students must complete one upper-division language course in the target language for which 202 or the fourth semester level of

the language is a prerequisite.

ARB OR BCS OR CHI OR FRE OR GER OR GRK OR HEB OR HIN OR ITA OR IDN OR JPN OR KOR OR LAT OR PLC OR POR OR RUS OR SPA OR VTN Upper Division Elective (3)

Notes: Some upper-division language courses are more than 3 credits. Other languages may be used with the approval of an academic advisor in the School of International Letters and Cultures.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in globalization and culture with their major program of study may be more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality or marketing.

Hazardous Materials and Waste Management Certificate (TSETMCERT)

Campus: Polytechnic

Description:

The certificate program in hazardous materials and waste management is designed to provide current and prospective employees of industry and government with a comprehensive and practical curriculum of study in hazardous materials management. The certificate program features instruction by faculty, attorneys and professionals who work in the specific area in which they teach.

Students enrolled in this certificate program are offered several industry-required courses by the Environmental and Resources Management professional development program targeted to environmental professionals who engage in management and transportation of hazardous materials and waste: the OSHA mandated 40 hour Hazardous Waste Operations and Emergency Response course; the 16 hour Initial Hazardous Materials Transportation Certification course; and the corresponding eight-hour refresher courses. To support their professional development, these training courses are provided for certificate students at less than 15% of the actual cost.

Program Requirements:

The certificate in hazardous materials and waste management requires 18 hours. Students must complete six selected courses (four required and two electives) and earn a grade of "C" (2.00 on a scale of 4.00) or higher to receive the certificate.

Core Courses -- 12 credit hours

ERM 203: Environmental Regulations (3)

ERM 401: Hazardous Waste Management (3)

ERM 406: Environmental Chemistry (3)

ERM 407: Occupational Hygiene (3)

Elective Courses -- 6 credit hours

ERM 402 (<https://webapp4.asu.edu/catalog/courselist?s=ERM&l=300-399&t=2217&hon=F>) > ERM 3** Elective or ERM 4** Elective (ERM 432 recommended) (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in hazardous materials and waste management is available to all ASU students in good standing except those pursuing any program in environmental and resource management.

To add the certificate in hazardous materials and waste management, a student must hold, at minimum, junior status and have a minimum cumulative GPA of 2.00.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/TSETMCERT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/TSETMCERT/Gedt.pdf>).

Health Care Policy and Delivery Certificate (NHHCPDCERT)

Campus: Downtown Phoenix

Description:

The certificate program in health care policy and delivery provides students an overview of principles related to health systems, management and program oversight in health care settings.

The curriculum focuses on the business of medicine, administration, leadership and policy. Students have the option of selecting an internship course to enhance their application of core concepts.

Those who complete the program and earn the certificate have broadened and expanded their competitiveness for employment and postgraduate degree programs.

Program Requirements:

Required Courses -- 15 credit hours

HCD 302: Health Care Management (3)
HCD 330: Health Care Systems in the U.S. (3)
HCD 332: Population Health Policy and Legislation (3)
HCD 402: Health Economics (3)
HCD 403: Process Engineering (3)

Elective -- 3 credit hours

HCD 404: Advanced Concepts in the Science of Health Care Delivery (3)
HCD 484: Internship (3)
MED 450: Leadership and Professionalism (3)
PAF 311: Leadership and Change (SB) (3)
PAF 460: Public Service Ethics (3)
PBH 422: Health Disparities and Access to Health (3)

In order to enroll in HCD 402 and complete the certificate, students must first complete either ECN 211, ECN 212 or HCD 201.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Incompatible Majors: BS in science of health care delivery; BS in health sciences

Students must have a minimum GPA of 2.00 in order to add the certificate, and students must earn a minimum grade of "C" in all courses for the

certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who combined the certificate in health care policy and delivery with their major program of study may be more marketable to employers.

Entry-level positions in the field include program or clinical administration, advocacy or quality improvement.

Health Education Specialist Certificate (NHHEDSCERT)

Campus: Downtown Phoenix

Description:

Students in the health education specialist certificate program gain foundational knowledge in public health education and health promotion and in competencies needed by certified health education specialists. This qualifies graduates to sit for the CHES exam offered by the National Council on Health Education Credentialing.

The CHES is a valuable and desirable credential in the health field. Health professionals with a range of specializations, from nutrition to kinesiology, have found the CHES to be a complement to their knowledge because it emphasizes effective methods for educating individuals and communities on improving health behaviors and outcomes.

More information about the CHES is available here: <https://www.nchec.org/profession> (<https://www.nchec.org/profession>)

Program Requirements:

Students must earn a minimum grade of "C" (2.00) in all courses in the certificate. In order to receive the certificate, students must complete their bachelor's degree at ASU along with all certificate requirements.

Required Courses -- 25 credit hours

CHS 340: Health Theory (3)

HEP 102: Foundations of Health Education and Health Promotion (3)

HEP 348: Methods of Health Education (3)

HEP 452: Health Advocacy in Health Education (3)

HEP 454: Health Promotion Program Planning and Implementation (3)

HEP 456: Health Promotion Program Evaluation (3)

HEP 466: Health Promotion Program Management and Administration (3)

HEP 476: Community Health (3)

HEP 490: CHES Exam Preparation (1)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Certified health education specialists often pursue careers in wellness and health promotion in such environments as:

- colleges and universities
- community health agencies
- hospitals and clinical settings
- insurance companies
- private health care organizations
- schools
- state and county health departments
- voluntary health organizations
- wellness centers
- worksite wellness and health promotion

Earning the CHES demonstrates competence and provides professionals a competitive edge in employment. Health education specialist certificate holders have a 100% pass rate on the Certified Health Education Specialist exam, compared with a national average of 70%. Additionally, employment of health educators is projected to grow much faster than the average for all occupations --- 13% between 2019 and 2029, according to the Bureau of Labor Statistics.

Master certified health education specialists are eligible to become certified diabetes educators with proper diabetes self-management practice hours.

Health and Wellness Coach Certificate (NHHWCCERT)

Campus: Downtown Phoenix, West

Description:

The health and wellness coach certificate brings together coursework from the disciplines of exercise and wellness, nutrition, behavioral health and coaching psychology to give students a strong background, perspective and practical experience in coaching techniques and methods used to decrease and prevent chronic disease risks.

Students learn evidence-based behavior change methodologies and practice coaching communication skills and strategies to influence sustainable healthy lifestyles. They learn to guide groups and individuals through meaningful lifestyle changes by using concepts that emphasize evidence-based coaching and behavioral practices as well as motivational interviewing techniques.

Students work with clients using learned health coaching techniques, and they develop the knowledge and skills to work with people who require lifestyle management strategies to improve their well-being. Faculty monitor coaching sessions to provide feedback on how students may improve their coaching skills, and a final practical skills evaluation is completed to assess a student's coaching ability.

Program Requirements:

Students must earn a grade of "C" or better in all courses used in the certificate.

Required Courses -- 21 credit hours

- CHS 340: Health Theory or NTR 350: Nutrition Counseling (3)
- EXW 335: Physical Activity and Physiological Concepts (3)
- EXW 344: Impact of Physical Activity on Health and Disease (3)
- HSC 355: Eating for Lifelong Health (SB) (3)
- HSC 440: Health Coaching Concepts and Skills (3)
- HSC 441: Applied Health Coaching Techniques (3)
- NTR 241: Human Nutrition (3)

Elective Course -- 3 credit hours

- EXW 400: Stress Management for Wellness (3)
- HCR 303: Assessing Needs, Assets and Capacity for Health Education (3)
- HCR 342: Mind-Body and Energy Therapies and Modalities (3)

HEP 241: Health Education Methods for Injury Prevention and Preparedness (3)
HEP 251: Preventing HIV and Substance Abuse (3)
HEP 303: Human Sexuality for Health Education (3)
HEP 350: Substance Abuse and Addictive Behavior (3)
HEP 361: Social Media and Marketing for Health (3)
HEP 371: Conflict Management and Mediation and Violence Prevention (3)
HEP 380: Body Image and Wellness (3)
HEP 443: Emotional Health and Interpersonal Relationships (3)
HSC 300: Complementary Health Care (3)
NTR 345: Development of Healthy Cuisines (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 360: Nutrition Entrepreneurship (3)
PSY 304: Effective Thinking (L) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can become more marketable and advance their career options with this undergraduate certificate in health and wellness coaching that complements their major program of study. It also provides them an opportunity to seek a national certification path.

Career options include fitness and wellness coordinators, community health workers, coaches and scouts, occupational health and safety specialists, health care support workers and personal care aides.

History and Philosophy of Science Certificate (LAHPSCERT)

Campus: Tempe

Description:

The undergraduate certificate program in the history and philosophy of science is designed to give students an understanding of the traditional philosophical issues surrounding science and the historical development of concrete scientific theories and ideas.

Philosophical questions about how we understand nature through science and how scientific claims gain authority are enriched when they are considered in a historical context. Such philosophical and historical study also often includes the examination of contemporary sciences and their place within the larger society, including the study of bioethics, policy and law.

This certificate is a valuable addition for students in the sciences or humanities. It crosses disciplines to help students engage in unfamiliar and familiar paths of inquiry in new and interesting ways.

The program is offered by the School of Life Sciences.

Program Requirements:

The certificate requires 18 credit hours from the HPS and PHI subjects. At least 12 credit hours must be completed at the upper-division level and all courses counting toward the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours

PHI 314 / HPS 314: Philosophy of Science (HU) (3)

Electives (choose five) -- 15 credit hours

At least nine credit hours must be taken in upper-division HPS courses. Any upper-division HPS course may be used toward the certificate.

PHI 103: Principles of Sound Reasoning (L or HU) (<https://webapp4.asu.edu/catalog/courselist?s=HPS&l=upperdivision&t=2217&hon=F>) > HPS Upper Division Elective (9)
(3)

PHI 310: Environmental Ethics (HU) (3)

PHI 319: Philosophy, Computing and Artificial Intelligence (CS) (3)

PHI 320: Bioethics (HU) (3)

PHI 325: Philosophy of Social Science (HU or SB) (3)

PHI 328: History of Ancient Philosophy (HU & H) (3)

PHI 329: History of Modern Philosophy (HU & H) (3)

PHI 330: Theory of Knowledge (HU) (3)

PHI 331: Philosophy of Language (HU) (3)

PHI 332: Metaphysics (HU) (3)

PHI 333: Symbolic Logic (3)

PHI 334: Philosophy of Mind (HU) (3)

PHI 401: Rationalism (3)

PHI 402: Empiricism (HU) (3)

PHI 403: Contemporary Analytic Philosophy (HU) (3)

PHI 413: Advanced Symbolic Logic (3)

PHI 420: Topics in Philosophy (3)

Other elective options may be applied with the approval of an academic advisor in the School of Life Sciences.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

For more information, students should contact the School of Life Sciences.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in evolutionary medicine with their major program of study may become more marketable to employers. They often decide to pursue employment in biology, medicine, law or ethics.

Advanced degrees or certifications may be required for academic, governmental or clinical positions.

480-727-6277

Homeland Security Certificate (PPHSLCERT)

Campus: Downtown Phoenix, Online

Description:

The 21 credit hour homeland security certificate program provides students with the skills and credentials necessary to prepare them to enter fields specializing in homeland security. Students receive extended education in topics such as domestic and international terrorism, cyber-terrorism and advanced crime.

Program Requirements:

Required Courses -- 15 credit hours

CRJ 100: Introduction to Criminal Justice (SB) (3)

CRJ 201: Criminal Justice Crime Control Policies and Practices (3)

CRJ 412: International Terrorism (3)

CRJ 417: Cyber Terrorism (3)

CRJ 419: Domestic Terrorism (3)

Elective Courses (choose two) -- 6 credit hours

CRJ 422: Violence in America (3)

CRJ 455: Police and International Terrorism (3)

CRJ 456: Etiology of Martyrdom (3)

CRJ 462: Gangs (3)

CRJ 463: White Collar Crime (3)

CRJ 464: Organized Crime (3)

A grade of "C" (2.00 on a 4.00 scale) or better is required for all coursework.

Bachelor of Science in criminology and criminal justice majors who are also pursuing the Homeland Security certificate may not use CRJ 412: International Terrorism, CRJ 417: Cyber Terrorism, CRJ 419: Domestic Terrorism, CRJ 422: Violence in America, CRJ 455: Police and International Terrorism, CRJ 456: Etiology of Martyrdom, CRJ 462: Gangs, CRJ 463: White Collar Crime, and CRJ 464: Organized Crime toward both their major and the certificate. These courses will only be used toward the certificate requirements.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

There are no additional admission requirements other than those required for admission to ASU. Students should meet with an academic advisor from the School of Criminology and Criminal Justice to formally add the certificate to their degree plan.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/undergraduate-certificate-homeland-security/>)

Career Opportunities:

Graduates of the homeland security certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) including Department of Homeland Security, U.S. Customs and Border Protection, and local and state-level law enforcement departments. Advanced degrees or certifications may be required for academic or clinical positions.

Honors Business Consulting Certificate (BAECNUERT)

Campus: Tempe

ASU is not currently accepting applications for this program. Students interested in business consulting should consider the leadership in business (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/BALIBCERT/undergrad/true>) certificate program or the entrepreneurship and innovation (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/BAKEICERT/undergrad/true>) certificate program.

Description:

This certificate program in honors business consulting is designed to enhance a student's knowledge in a major while also adding to the understanding of business strategy in a global market. The required curriculum strengthens skills in business judgment, conceptualization of strategic solutions, critical thinking and problem-solving.

Program Requirements:

The honors business consulting certificate consists of 15 credit hours of ASU coursework. A minimum grade of B must be achieved in each course. No more than six credit hours can be shared between this certificate and other business certificates and minors.

Business Modeling and Analysis Coursework -- 9 credit hours

WPC 494: Consulting in Business (3)

WPC 494: Consulting Projects (3)

WPC 494: Consulting Tools (3)

Honors Business Core (select two) -- 6 credit hours

FIN 303: Honors Finance (3)

MGT 303: Honors Organizational Strategies, Leadership, and Behavior (3)

MKT 303: Honors Marketing Theory and Practice (L) (3)

SCM 303: Honors Global Supply Operations (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate is limited to honors students in the W. P. Carey School of Business. Students may apply for this certificate once they have completed WPC 494 Consulting in Business. The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should contact their Leaders Academy advisor for more information.

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in honors business consulting with their major program of study may become more marketable to employers. They often decide to pursue employment in management, sales or marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

Hospice and Palliative Care Certificate (NHHAPCCERT)

Campus: Downtown Phoenix

Description:

The certificate program in hospice and palliative care provides future health and health care workers with the skills and competencies they need to lead and manage chronic and end-of-life care through a variety of settings, including home health care.

Students learn from interprofessional instructors who are involved in hospice and palliative care as physicians, social workers, nurses and bereavement counselors and who work with children and adults as well as meet with palliative care and hospice patients. Students receive specialized instruction on dementia and Alzheimer's disease and learn about how these contemporary issues are burdening our health care system under its current structure.

In addition, students have the opportunity to shadow health professionals and learn about their roles through field experience. Students finish their

program of study by completing an internship at Hospice of the Valley, affording them the opportunity to help provide non-clinical care needs to patients and their families.

Program Requirements:

Required Courses -- 12 credit hours

MED 325: Elements of Hospice and Palliative Care (3)

MED 375: Alzheimer's and Other Dementias (SB) (3)

MED 475: Palliative Care: Managing Complex Serious Illness (3)

MED 484: Internship (3)

Notes: Directed by Dr. Gillian Hamilton at Hospice of the Valley. A minimum ASU cumulative GPA of 3.00 is required to enroll.

Elective Courses -- 6 credit hours

HSC 410: Supporting the Health of Older Adults (3)

HSC 412: Health Issues in Later Life (3)

MED 445: Prevention and Management of Chronic Disease (3)

PSY 447: Psychology of Aging (SB) (3)

SOC 400: Perspectives on Aging (SB) (3)

SOC 418: Aging and the Life Course (SB & H) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This undergraduate certificate provides students with an in-depth experience in the health care setting and specialized training in hospice and palliative care. Students who wish to continue on to medical school and professional school, including dental school, pharmacy school and optometry school, can use this certificate as an additional credential with their degree in the application process.

Human Rights Certificate (LAHRTSCERT)

Campus: Tempe

Description:

The certificate program in human rights provides students with historical, legal and philosophical perspectives from which to think broadly and critically about human rights issues. Coursework prepares students to design solutions to dilemmas in areas such as:

- child welfare
- economic development
- education
- environment
- health
- indigenous rights
- labor rights
- violence against women
- water and energy resources

Program Requirements:

Students must complete 18 credit hours of qualifying coursework, of which at least 12 credit hours must be upper-division. At least 12 credit hours must be completed at ASU. Each course must be completed with a minimum grade of "C" (2.00 on a 4.00 scale) or better.

Global Politics of Human Rights (select one) -- 3 credit hours

JUS 352: The Global Politics of Human Rights (SB & G) (3)

POS 368: Ethics and Human Rights (3)

POS 480: Global Justice (G) (3)

Human Rights Institutions and Organizations (select one) -- 3 credit hours

JUS 355: Human Rights Organizations and Institutions (G) (3)

POS 465: International Organization and Law (SB & G) (3)

SGS 321: International Institutions and Global Governance (3)

Interdisciplinary Component -- 9 credit hours

Upper Division Human Rights Electives (9)

Students select three electives on current issues in human rights. Courses must be taken from at least two of the substantive areas listed below and from two or more subjects. Other course options may be approved by an academic advisor in the School of Social Transformation.

Marginalization and Human Rights

AFR 301 / JUS 300: Race and Racism in Africa/African Diaspora (SB & G) (3)

AFR 420 / JUS 421: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)

AIS 455: Human Rights and Cultural Resource Laws (3)

APA 330 / WST 331: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)

HST 369 / JST 369: History and Memory of the Holocaust (3)

JUS 430: Social Protest, Conflict, and Change ((L or SB) & C) (3)

JUS 435: Cinema and Justice (3)

JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)

JUS 456: Human Rights and Sustainability ((L or SB) & G) (3)

JUS 468: Protest, Justice, Law and the Media (SB) (3)

POS 472: Constitutional Law II (SB) (3)

SGS 343 / REL 379: Religion, Nationalism, and Ethnic Conflict (HU & G) (3)

SPA 494 / SLC 494: Latin American Photography and Human Rights (3)

WST 313: Women and Sexuality (SB & C) (3)

WST 345: Gender, Religion, and Global Violence (SB & G) (3)

WST 378: Global Feminist Theory (L & G) (3)

WST 477: Gender and Violence (SB & C) (3)

Social Stratification and Human Rights

AFR 304: Islands of Globalization: Caribbean Politics and Political Economy (SB & G & H) (3)

AFR 305: The Global History of the Trans-Atlantic Slave Trade (SB & H) (3)

AFR 470: Women's International Human Rights (3)

APA 350 / JUS 365: Inequality and Diversity in Education (L & C) (3)

JUS 321: Wealth Distribution and Poverty (SB & C) (3)

JUS 325: Globalization and Socio-Economic Justice (SB & G) (3)

JUS 405: Inequality, Economy and Justice ((L or SB) & G) (3)

JUS 477: Youth and Justice (L or SB) (3)

POS 471: Constitutional Law I (SB) (3)

WST 365: Women and International Health (G) (3)

States and Conflict

AIS 494: American Indian Rights (3)

HST 370: Eastern Europe in Transition (SB & G & H) (3)

HST 436: The Soviet Experiment (SB & G & H) (3)

JUS 374: The Holocaust, Genocide, and Human Rights (3)

JUS 430: Social Protest, Conflict, and Change ((L or SB) & C) (3)

JUS 467: Terrorism, War, and Justice (SB) (3)

JUS 469: Political Deviance and the Law ((L or SB) & C) (3)

JUS 494: Torture, War and Human Rights (3)

LAS 481: Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (HU & G) (3)

PHI 448: Justice and Reparations (3)

POS 305: Politics and Film (SB) (3)

POS 394: The Future of War (3)

REL 388: Religion, Ethics, and International Politics (3)

SGS 340: Violence, Conflict and Human Rights (3)

SGS 341: Humanitarian Crisis and International Intervention (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)

Experiential Learning Component -- 3 credit hours

To better connect classroom learning with practical experience, students will be required to participate in either a for-credit internship with a human rights organization in the U.S. or abroad, or a Research Experience for Undergraduates (REU) under faculty supervision (honors thesis may substitute). A written component to the internship or REU is required.

JUS 484: Internship or JUS 498: Research Apprenticeship (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

In order to declare a certificate in human rights, students must first have a minimum of 30 earned credit hours and meet with an academic advisor.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in human rights with their major program of study may be more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

Informatics Certificate (ESCPICERT)

Campus: Tempe

Description:

The certificate program in informatics teaches students to use computer technology to gather, synthesize, store, visualize and interpret information. These skills are critical to a broad range of disciplines.

This program provides students with an understanding of the capabilities and technologies of informatics as it applies to domain-specific problems in their field of study. Graduates are able to understand and use methods for the basic computational principles behind the operation of communication, networking and interaction; decision-making and problem-solving; modeling, inference and visualization; representing, creating and running routine activities; and storing, indexing and retrieving information.

Program Requirements:

This certificate requires 21 credit hours of coursework, of which at least 12 must be upper-division. Students complete 15 credit hours of required courses and select six credit hours of elective coursework.

Required Courses -- 15 credit hours

CPI 101: Introduction to Informatics (CS) (3)

CPI 200: Mathematical Foundations of Informatics (MA) (3)

CPI 220: Applied Data Structures and Algorithms or CSE 310: Data Structures and Algorithms (3)

CPI 350: Evaluation of Informatics Systems (3)

IEE 380: Probability and Statistics for Engineering Problem Solving (CS) or STP 420: Introductory Applied Statistics (CS) (3)

Elective Courses -- 6 credit hours

AME 394: Philosophies of Technology (3)

AME 394: Programming the Internet of Things (3)

ART 345: Visualization and Prototyping (3)
 ART 346: 3-D Computer Imaging and Animation (CS) (3)
 ART 435: Foundry Research Methods (3)
 BIO 355: Introduction to Computational Molecular Biology (CS) (3)
 BIO 411: Quantitative Methods in Conservation and Ecology (4)
 BMI 102: Introduction to Population Health Informatics (3)
 BMI 201: Introduction to Clinical Informatics (3)
 CIS 300: Web Design and Development (3)
 CIS 308: Advanced Excel in Business (3)
 CIS 365: Business Database Systems Development (3)
 CPI 310: Web-Based Information Management Systems (3)
 CPI 360: Decision Making and Problem Solving (3)
 CPI 394: Special Topics (3)
 CPI 441: Gaming Capstone (3)
 CPI 460: Intelligent Interactive Instructional Systems (3)
 CPI 494: Special Topics (3)
 CSE 220: Programming for Computer Engineering (3)
 CSE 240: Introduction to Programming Languages (3)
 CSE 259: Logic in Computer Science (3)
 CSE 310: Data Structures and Algorithms (3)
 CSE 335: Principles of Mobile Application Development (3)
 CSE 340: Principles of Programming Languages (3)
 CSE 355: Introduction to Theoretical Computer Science (3)
 CSE 360: Introduction to Software Engineering (3)
 CSE 365: Information Assurance (3)
 CSE 408: Multimedia Information Systems (3)
 CSE 412: Database Management (3)
 CSE 445: Distributed Software Development (3)
 CSE 446: Software Integration and Engineering (3)
 CSE 450: Design and Analysis of Algorithms (3)
 CSE 460: Software Analysis and Design (3)
 CSE 464: Software Quality Assurance and Testing (3)
 CSE 467: Data and Information Security (3)
 CSE 470: Computer Graphics (3)
 CSE 471: Introduction to Artificial Intelligence (3)
 CSE 475: Foundations of Machine Learning (3)
 CSE 476: Introduction to Natural Language Processing (3)
 CSE 477: Introduction to Computer-Aided Geometric Design (3)
 DAT 250: Data Science and Society (3)
 DAT 300: Mathematical Tools for Data Science (3)
 DAT 301: Exploring Data in R and Python (4)
 DAT 401: Statistical Modeling and Inference for Data Science (3)
 DAT 402: Statistical Learning (3)
 EDT 440: Creating and Marketing Mobile Apps (3)
 ENG 374: Technical Editing (3)
 FMS 394: Video Games and Narrative (3)
 FSE 301: Entrepreneurship and Value Creation (3)
 GIT 135: Graphic Communications (3)
 GIT 215: Introduction to Web Authoring (3)
 GIT 230: Digital Illustration in Publishing (3)
 GIT 335: Computer Systems Technology (3)
 HSE 101: Introduction to Human Systems Engineering (SB) (3)
 MAT 267: Calculus for Engineers III (MA) (3)
 MAT 275: Modern Differential Equations (MA) (3)
 MAT 300: Mathematical Structures (L) (3)
 MAT 421: Applied Computational Methods (CS) (3)
 SER 216: Software Enterprise: Personal Process and Quality (3)
 SER 334: Operating Systems and Networks (3)
 SOC 334: Technology and Society (L or SB) (3)
 SOS 424: Dynamic Modeling in Social and Ecological Systems (4)
 STS 304: Science, Technology and Society (SB) (3)
 STS 306: Social Effects of Science and Technology (SB) (3)
 TEL 313: Technology in an Educational Setting (3)
 TWC 414: Visualizing Data and Information (3)

TWC 444: User Experience (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The undergraduate certificate in informatics is available to all students who are in good standing at ASU who have completed CSE 205, MAT 242 and MAT 243 with a "C" grade or better. This concentration may also be used by interdisciplinary studies BA students as part of their degree program.

Students need to submit an undergraduate certificate form to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center. This form is available on the registrar's website. Interdisciplinary studies students need to contact their advisor to add the informatics concentration to their degree program.

This certificate is available through the Pathways for the Future program: <https://pff.asu.edu/> (<https://pff.asu.edu/>). Applicants with or without a bachelor's degree are eligible to apply for, and receive, this certificate, through the Pathways for the Futures program. Applicants must have completed CSE 205, MAT 242 and MAT 243, or the equivalents, with a "C" grade or higher (scale is 4.00 = "A"). Applicants who have taken these courses at another institution should use the Transfer Guide course search (<https://webapp4.asu.edu/transfercreditguide/app/home>) (<https://webapp4.asu.edu/transfercreditguide/app/home>) to determine if a transfer course can fulfill the prerequisite course requirements. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

Career Opportunities:

Graduates should be in high demand within the software industry and in government, education, science, medicine and other fields that make use of computer technology. Those with the applied and user-oriented focus of the certificate are attractive to such employers.

Innovation for Impact Certificate (FIIFICERT)

Campus: Tempe

Description:

The innovation for impact certificate program enables students to cultivate the knowledge, skills and critical dispositions necessary to leverage the power of innovation and achieve personally meaningful and socially significant impact. The program is grounded in the belief that each person can do great things.

Students learn tools and concepts for synthesizing research from courses across disciplines in social sciences, humanities, natural sciences and engineering. Students identify a problematic condition or aspirational future and work with peers, mentors and the community to produce innovations that cultivate a better future for society.

Program Requirements:

Required Courses -- 15 credit hours

FIS 201: Innovation in Society (H) (3)

FIS 305: Ways of Knowing (L) (3)

FIS 307: Navigating Futures (SB) (3)

FIS 371: Innovation for Impact: Impact Journey (1)

FIS 372: Innovation for Impact: Inquiry Journey (1)

FIS 373: Innovation for Impact: Innovation Journey (1)

FIS 481: Innovation for Impact: Application Journey (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to declare a certificate in innovation for impact should make an appointment with a College of Global Futures advisor. Advising is by appointment only, and students must schedule an advising appointment through the College of Global Futures advising website: <https://collegeofglobalfutures.asu.edu/advising> (<https://collegeofglobalfutures.asu.edu/advising>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Completing this certificate program can help students bring about positive change and innovation in many environments. The unique knowledge and skills gained from this transdisciplinary program enhances a student's bachelor's degree and career prospects. The certificate can complement any career path in a variety of sectors, whether business, technology, science, education or government.

Interdisciplinary Health Humanities Certificate (LAIHHUCERT)

Campus: Tempe, West

Description:

The certificate program in interdisciplinary health humanities brings humanities methodologies to analyses of health and medicine in order to address challenges in health policy and health care practice and to advance understandings of the cultural formations of health, illness and the body.

The curriculum includes courses in areas such as history of medicine, bioethics, disability studies, socio-cultural aspects of health and narrative medicine, and it includes critical analyses of representations of health and illness in literature and other media as well as training in narrative and structural competency for health care professionals. An internship or applied project also offers experiential or project-based learning in this field.

Program Requirements:

The interdisciplinary health humanities certificate requires a total of 15 credit hours. A minimum of 12 upper-division credit hours are required, with at least nine of those credit hours taken in courses offered by The College of Liberal Arts and Sciences for students on the Tempe campus, or by the School of Humanities, Arts and Cultural Studies in the New College of Interdisciplinary Arts and Sciences on the West campus. All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Interdisciplinary Health Humanities Core -- 6 credit hours

ENG 203: Introduction to Health Humanities (3)

Notes: available on the Tempe and West campuses

ENG 484: Internship or ENG 499: Individualized Instruction (3)

Electives (select three) -- 9 credit hours

AFR 383: Blacks in Science, Medicine and Public Health (3)

ASB 301: Global History of Health (SB & G & H) (3)

ASB 305: Poverty and Global Health ((L or SB) & G) (3)

ASB 353 / SOC 353: Death and Dying in Cross-Cultural Perspective ((HU or SB) & G) (3)

ASB 355: Traditional Medicine and Healing (HU or SB) (3)

BIO 312 / IAS 340 / PHI 320: Bioethics (HU) (3)

BIO 315 / ENG 370: Science, Values, and the Public (3)

ENG 469: Science and Literature (3)

FIS 498: Stem Cell Policy Research (3)

FOR 406 / IAS 406 / PHI 406: Moral Dilemmas (L or HU) (3)

HCI 313: Philosophy of Science in Health Care: Understanding Paradigms of Health and Healing (3)

HPS 314 / PHI 314: Philosophy of Science (HU) (3)

HPS 331 / BIO 318: History of Medicine (HU & H) (3)

LSC 363: Genes, Race, Gender, and Society (L) (3)

MED 300: Historical and Contemporary Issues in Health (L) (3)

PHI 306: Applied Ethics (HU) (3)
REL 381: Religion and Moral Issues (L or HU) (3)
SOC 400: Perspectives on Aging (SB) (3)
SOC 448: Epidemics and Society (SB & G) (3)
TCL 323: Latina/o Health Issues (SB & C) (3)
TCL 410: Race, Medicine, and the Body (L) (3)
WST 444: Gender, Health, and Bodies (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Some elective courses may be available only on the Tempe campus or the West campus.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students become more marketable and can advance their career options when they have complemented their major with this methodological specialization in interdisciplinary health humanities.

Students who complete this undergraduate certificate often decide to pursue employment in the health professions. Advanced degrees or certifications may be required for academic or clinical positions.

International Business Studies Certificate (BAIBSCERT)

Campus: Tempe

Description:

Students can expand their horizons and opportunities by learning about the global economy. The certificate program in international business studies is designed to help students develop competence in a foreign language and sensitivity to foreign cultures. It provides an awareness of global social processes and an understanding of international business environments, principles and operations.

The W. P. Carey School of Business has partnerships with universities all over the world, so students can experience new cultures, visit new places and build intercultural and language skills. International internships also are offered in conjunction with the ASU Study Abroad Office.

Program Requirements:

This certificate program requires a minimum of 18 credit hours (at least 12 credit hours must be upper-division). All business coursework must be completed through the W. P. Carey School of Business or through an approved ASU international study program.

Only courses in which a student receives a grade of "C" (2.00 on a 4.00 scale) or better may be used to meet the certificate requirements, and an overall certificate GPA of at least 2.50 must be earned.

Students must meet all course prerequisites and requirements as listed in the ASU catalog. Requirements must be met within one year after degree conferral date.

International Business Core Course -- 3 credit hours

MGT 302: Principles of International Business (G) or ECN 306: Survey of International Economics (SB & G) (3)

A. International Business Electives -- 6 credit hours

AGB 302: International Management and Agribusiness (G) (3)

ECN 306: Survey of International Economics (SB & G) (3)

ECN 331: Economics of the European Economic Union (SB & G) (3)

ECN 335: South Asia and the World Economy (SB & G) (3)
ECN 360: Economic Development (SB & G) (3)
ECN 365: Economics of Russia and Eastern Europe (SB & G) (3)
ECN 436: International Trade Theory (SB & G) (3)
ECN 438: International Monetary Economics (SB & G) (3)
FIN 456: International Financial Management (G) (3)
MGT 302: Principles of International Business (G) (3)
MGT 400: Cross-Cultural Management (C & G) (3)
MGT 425: Global Human Resources (3)
MGT 459: International Management (G) (3)
MKT 425: Global Marketing Management (G) (3)
SCM 463: Global Supply Chain Management (G) (3)

*300+ level WPC subject courses earned on a sponsored ASU Study Abroad program may be applied toward the IBC elective area, per approval of the international programs coordinator. Courses applied toward the W. P. Carey business core cannot be used toward the IBC elective area.

B. Nonbusiness Global Awareness Coursework -- 9 credit hours

Nonbusiness Global Awareness Coursework (9)

Notes: These hours may be satisfied by any combination of the following:

1. Students can choose any of the university-designated nonbusiness global awareness ("G") courses.
2. One course must be upper-division to meet the 12 upper-division hours requirement.
3. It is recommended to choose courses related to the area of study abroad experience. Additional courses may be approved by the international program coordinator.
4. Nonbusiness global awareness hours may also be satisfied by:

* An ASU or W. P. Carey School of Business education abroad program earning six credit hours or more fulfills six of the credit hours of nonbusiness global requirements.

* An ASU or W. P. Carey School of Business education abroad program earning three credit hours fulfills three of the credit hours of nonbusiness global requirements.

C. Foreign Language Proficiency

The certificate program requires students to meet a foreign language proficiency by meeting one of the the following:

- Completion of one year (two semesters) of the same foreign language at the college level.
- Completion of one semester of the equivalent of 101- and 102-level coursework.
- Completion of two years of the same foreign language in high school with a minimum grade of "C" (2.00 on a 4.00 scale).
- Documentation of a proficiency or placement test confirming preparedness to start at least the second year of a foreign language (201 level or above).
- A student whose native language is not English may have this requirement waived.

D. International Study Experience

The certificate program requires students to participate in an ASU Study Abroad Office sponsored program. Students cannot use independent non-sponsored programs to fulfill this requirement. Sponsored programs can be found on the Study Abroad Office website at <https://mystudyabroad.asu.edu/> (<https://mystudyabroad.asu.edu/>).

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>). Students should contact the department for more information.

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

For disclosure information on this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/BAIBSCERT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/BAIBSCERT/Gedt.pdf>).

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in international business helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in management, sales, marketing and communication. Advanced degrees or certifications may be required for academic or clinical positions.

International Cinema Certificate (LAICINCERT)

Campus: Tempe

Description:

The power of international cinema lies in its ability to underscore national differences and engage diverse viewpoints.

The certificate program in international cinema provides undergraduates with the means to explore and understand the role that international film plays in highlighting cultural diversity, reflecting the sociocultural, political and economic currents of the period and cultural setting depicted, and calling into question an accepted idea of the dominance of Hollywood film.

Following an integrated pathway through the variety of international film courses, the certificate program explores facets of international film history and production not often covered by American programs in film studies. Students majoring in a second language can explore a particular culture's filmic heritage and traverse avenues for comparative analysis between the filmic heritage of two or more cultures. Students majoring in other areas can encounter visual narratives different from their own and connect international cinema to their own respective experiences.

Program Requirements:

The certificate requires 18 credit hours of upper-division coursework. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Required Core Course -- 3 credit hours

SLC 340: Approaches to International Cinema (HU & G) (3)

Elective Courses (choose five) -- 15 credit hours

CHI 345: Chinese Film and Civilization (3)

FMP 404: World Cinema (G) (3)

FMS 426: Films of India (3)

FMS 427: Identity and World Film (C) (3)

FMS 430: Artists in Film: Artists' Biopics (3)

FMS 441: Global Cinema (3)

GER 445 / FMS 445 / SLC 445: The Holocaust in German-Mediated Memory (3)

GER 446 / FMS 446 / SLC 446: Weimar-Era German Film (3)

HEB 349: Israeli Wars in Israeli Movies (HU & G) (3)

ITA 420: Italian Cinema (L & G) (3)

KOR 347: Korean Film and Literature (HU) (3)

SLC 423: Italian Organized Crime in Films and History ((L or HU) & G) (3)

SLC 440: Approaches to Film Theory (3)

SLC 450: Experimental Narrative (HU) (3)

SPA 475: Latin American Film ((L or HU) & G) (3)

THE 422: Latinx Theatre and Film (HU & C) (3)

Additional upper-division elective courses may be approved by the coordinator of the certificate program.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

ASU students in sophomore standing or above with a GPA of at least 2.50 in any degree program are eligible for the international cinema certificate program. Admission to the certificate program is approved by the certificate coordinator in consultation with advisors.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in international cinema with their major program of study may be more marketable to employers. They often decide to pursue employment in education, tourism or the arts and humanities.

International Studies Certificate (LAINSCERT)

Campus: Tempe

Description:

The international studies certificate program prepares students for careers in government agencies, international governmental and nongovernmental organizations, multinational firms and banks and for graduate studies in international relations and political science.

The certificate is not a substitute for degree requirements in any subject, including political science; rather, the required courses add an international and comparative dimension to the student's chosen major.

Program Requirements:

The certificate in international studies is comprised of 15 credit hours in political science and global studies. At least 12 credit hours must be in upper-division coursework and at least six of those credit hours must be from courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses used toward the certificate.

Foundations for International Studies (choose one course) -- 3 credit hours

POS 150: Comparative Government (SB & G) (3)

POS 160: Global Politics (SB & G) (3)

The U.S. in the World (choose one course) -- 3 credit hours

POS 361: American Foreign Policy (SB & G) (3)

POS 364: National Security, Intelligence, and Terrorism (SB) (3)

Contemporary Issues in International Studies (choose two courses) -- 6 credit hours

POS 300: Contemporary Global Controversies (SB & G) (3)

POS 368: Ethics and Human Rights (3)

POS 465: International Organization and Law (SB & G) (3)

POS 467: International Security (SB & G) (3)

POS 486: International Political Economy (SB & G) (3)

SGS 301: Principles of Global Studies (G) (3)

SGS 303: Global Trends (SB & G) (3)

SGS 324: Negotiating Global Trade (3)

SGS 350: Economic Development and Globalization (3)

SGS 361: World Society: Imagining the World (3)

SGS 370: Geopolitics (3)

Regional or Topical Exploration (choose one course) -- 3 credit hours

POS 350: Comparative Politics (SB & G) (3)

POS 351: Democratization (SB & G) (3)

POS 352: European Democracies (3)

POS 353: Comparative Politics of the Middle East (3)
POS 356: European Union (SB & G) (3)
POS 357: South Asia Politics (SB & G) (3)
POS 358: Southeast Asia (SB & G) (3)
POS 359: African Politics and Society (SB & G) (3)
POS 360: World Politics (SB & G) (3)
POS 365: Terrorism and Insurgency (3)
POS 379: The Resource Curse (3)
POS 452: China (SB & G) (3)
POS 453: Latin America (SB & G) (3)
POS 454: Mexico (SB & G) (3)
POS 468: Comparative Asian Foreign Policies (SB & G) (3)
SGS 360: Cultural Aspects of Globalization (3)

Only one of POS 160 Global Politics and POS 360 World Politics courses may apply to the certificate.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students should contact the School of Politics and Global Studies for more information about completing the international studies certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in international studies with their major program of study may become more marketable to employers. They often decide to pursue employment in diplomacy and international relations, national security, or international business.

Advanced degrees or certifications may be required for academic or clinical positions.

International Trade Certificate (TBINTRCERT)

Campus: Downtown Phoenix, West

Description:

International trade is increasingly important in this globalized economy, but also increasingly challenging. The International Monetary Fund predicts that most of the world's economic growth in the next decade will take place in the largest emerging markets, which are not always easy for companies and nonprofit organizations to penetrate. Most of the world's consumers are outside of the United States. Given these trends, organizations across sectors that operate in multiple countries are increasingly in need of managers who understand the complexities of the global economy.

The certificate program in international trade provides students with an understanding of foreign markets and the intricacies of international trade, laying the foundation for a career that can take them anywhere in the world.

Thunderbird School of Global Management has produced unique leaders for more than 70 years, leaders in every sector capable of tackling the world's greatest challenges. Home to the BGM and BS in international trade, the school's innovative and practical curriculum complements a strong core of global business management skills, international political economy and cross-cultural training, with a transdisciplinary approach. The alumni network has over 45,000 graduates across 170 chapters around the globe.

Program Requirements:

The certificate in international trade requires 18 credit hours as outlined below, with a minimum of 12 upper-division credits. Students are

encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.

Required Courses -- 6 credit hours

TGM 101: Principles of Global Management (G) (3)

TGM 430: International Trade and Regional Economic Agreements (3)

It is recommended that students take TGM 101 prior to or concurrently with other TGM courses.

Electives -- 12 credit hours

TGM 204: Principles of Marketing for Global Organizations (3)

TGM 300: Principles of Finance for Global Organizations (3)

TGM 310: Supply Chain Operations for Global Organizations (3)

TGM 312: Big Data in the Global Economy (3)

TGM 353: Regional Management Environment (G) (3)

TGM 460: Global Risk Assessment and Management (3)

TGM 468: States and Markets in a Global Economy (SB & G) (3)

TGM 478: Cross-Cultural Communication and Negotiation (3)

TGM 489: Multinational Organizational Leadership (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Study abroad or international experience is encouraged but not required. Consider ASU Study Abroad (<https://mystudyabroad.asu.edu/>) opportunities.

Enrollment Requirements:

Incompatible Majors: BGM in global management and BS in international trade

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

The certificate application (<https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>)) may be submitted to ugadvising@thunderbird.asu.edu (<mailto:ugadvising@thunderbird.asu.edu>).

Career Opportunities:

Graduates who combined the certificate in international trade with their major program of study may be more marketable to employers. They often decide to pursue employment in corporations, governments and nonprofits in positions such as global entrepreneur, global logistics manager, international compliance manager or national marketing manager.

Advanced degrees or certifications may be required for academic or clinical positions.

Islamic Studies Certificate (LAISLCERT)

Campus: Tempe

Description:

The certificate in Islamic studies allows students to gain an appreciation of Islam's multiculturalism and contemporary relevance in multiple geographic settings.

The program is designed to prepare students for graduate programs in religious studies, Islamic studies and area studies, and for any academic discipline or career that focuses on the global Muslim society.

Program Requirements:

The certificate in Islamic studies requires a minimum of 26 credit hours. At least 12 upper-division hours are required. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required in each course used toward the certificate.

Core -- 9 credit hours

HST 260 / REL 260: Introduction to Islam (HU & G) (3)
HST 336 / REL 365: Islamic Civilization (HU & H) (3)
HST 339 / REL 366: Islam in the Modern World (HU & G) (3)

Language Requirement -- 8 credit hours

Students must take a minimum of eight credit hours in the same language: either Arabic or Indonesian, or other appropriate languages, such as Farsi, Tatar, or Uzbek. Students who are native speakers of these languages or other Islamic languages, or who have other equivalent knowledge may substitute eight credit hours of additional coursework selected from the list of approved electives. See program coordinator.

ARB 101: Elementary Arabic I (G) (5)
ARB 102: Elementary Arabic II (G) (5)
ARB 201: Intermediate Arabic I (G) (5)
ARB 202: Intermediate Arabic II (G) (5)
ARB 311: Advanced Arabic Skills I (3)
ARB 321: Arabic Conversation I (3)
ARB 411: Advanced Arabic Skills II (G) (3)
ARB 421: Arabic Conversation II (3)
IDN 101: Elementary Indonesian I (5)
IDN 102: Elementary Indonesian II (5)
IDN 201: Intermediate Indonesian I (G) (5)
IDN 202: Intermediate Indonesian II (G) (5)

Elective Courses -- 9 credit hours

Students must choose electives that represent at least two of three geographic regions. The available geographic regions are Africa and the Middle East, America and Europe, and Asia. No more than one course from the "non-geographic" list may apply toward the certificate. It is recommended that students work with an academic advisor in the School of Historical, Philosophical and Religious Studies to select appropriate elective courses.

Africa and the Middle East

AFR 300 / ASB 310: Precolonial Africa (SB & G & H) (3)

REL 460: Studies in Islamic Religion (HU & G) (3)

REL 480 / SGS 441: Religion and Global Politics (L & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to add the certificate in Islamic studies to their plan of study must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies. Students who complete all the requirements of their undergraduate major, their college and the certificate program receive the certificate plus transcript recognition of its completion.

There are no specific admission requirements other than a student's desire to learn about Islam and Islamic societies and culture.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students become more marketable to employers when they have complemented their major program of study with this specialization in Islamic studies.

Often, students who complete this undergraduate certificate decide to pursue employment in law, international law, business, journalism, international relations, diplomacy and the intelligence service. Advanced degrees or certifications may be required for academic or clinical positions.

Jewish Studies Certificate (LAJUDCERT)

Campus: Tempe

Description:

The Jewish studies certificate program examines the history and culture of the Jews, generates and facilitates research on Judaica, and provides a model for transdisciplinary teaching and research. The certificate program provides the community with programs, courses and research to further the understanding of Judaica and stands as an example of the university's commitment to a program of meaningful ethnic studies on a firm academic base.

Program Requirements:

The certificate in Jewish studies requires a minimum of 21 credit hours in approved coursework. At least 12 upper-division hours are required. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. A minimum grade of "C" (2.00 on a 4.00 scale) is required in each course used toward the certificate.

Language Requirement -- 6 credit hours

Students must complete two semesters of the same language (6-10 credit hours).

ARB 101: Elementary Arabic I (G) AND ARB 102: Elementary Arabic II (G) (10)

GER 101: Elementary German I (G) AND GER 102: Elementary German II (G) (8)

HEB 101 AND HEB 102: Elementary Modern Hebrew (G) (8)

HEB 131: Biblical Hebrew I AND HEB 132: Biblical Hebrew II (6)

SPA 101: Elementary Spanish I AND SPA 102: Elementary Spanish II (8)

Thematic Track Electives (choose three courses) -- 9 credit hours

Students choose one course in three of five thematic tracks. Available tracks include history, humanities, literature, religious studies and social studies. At least six credit hours must be upper-division course work. (9)

History

HEB 375: Contemporary Culture of Israel (HU & G) (3)

HST 302: Jews, Christians & Muslims in Early Modern World (3)

Upper-Division Electives -- 6 credit hours

Students choose upper-division electives from any of the thematic track course lists (the electives may be from any combination of thematic tracks).

Upper Division Certificate Electives (6)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Incompatible Majors: BA in Jewish studies

Students wishing to pursue the certificate in Jewish studies must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies and make a formal declaration of intent through the submission of the certificate in Jewish studies application.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students become more marketable to employers when they complement their major program of study with an undergraduate certificate.

Through a certificate in Jewish studies, students gain a familiarity of Jewish culture which gives them a competitive edge when they pursue a career with one of the hundreds of U.S. companies that do business in Israel.

These students are also prepared to:

- attend rabbinic seminary in preparation for becoming a rabbi or chaplain
- engage in world political and economic issues
- pursue advanced education in Jewish professional service fields

The certificate also provides a foundation for students who wish to pursue advanced degrees or careers related to their area of interest in fields that may include archeology, history, justice studies, journalism, law and international relations. Advanced degrees or certifications may be required for academic or clinical positions.

Korean Studies Certificate (LAKORCERT)

Campus: Tempe

Description:

The certificate program in Korean studies aims to train and produce students who are linguistically capable and culturally informed.

The program consists of two major components. The first builds students' Korean language proficiency in the areas of speaking, listening, reading and writing. The second offers students a broad range of knowledge of the culture, literature, history, art and religions of Korea. The certificate allows students to focus on Korean studies.

Program Requirements:

The certificate in Korean studies requires a minimum of 22 credit hours, of which at least 12 must be completed at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Korean Language -- 10 credit hours

Students must choose one two-course sequence from KOR 101, KOR 102, KOR 201, KOR 202, for a total of 10 credit hours. Course substitutions may be permitted for heritage speakers and other advanced speakers of the Korean language based on their proficiency level as determined by the Korean Placement Test.

KOR 101: First-Year Korean I (5)

KOR 102: First-Year Korean II (5)

KOR 201: Second-Year Korean I (G) (5)

KOR 202: Second-Year Korean II (G) (5)

Upper-Division Electives -- 12 credit hours

KOR 321: Modern Korean Literature (HU) (3)

KOR 347: Korean Film and Literature (HU) (3)

KOR 350: Women of Korea (H) (3)

KOR 354: Religions of Korea (HU) (3)

Additional courses may be approved in consultation with an academic advisor in the School of International Letters and Cultures or the coordinator of the certificate. The completion of the requirements will be reviewed both by students' designated advisors and the coordinator of the program.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

ASU students admitted to a degree program in any field of study are eligible for the Korean studies certificate program. Students should contact the School of International Letters and Cultures for more information about completing the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in Korean studies with their major program of study may be more marketable to employers.

They have an enriched perspective on different cultures and societies at the intellectual level and are equipped with a practical knowledge of Korean that will benefit a career in various professions, including in academia, government work, international trade, with nongovernmental organizations and translation. Graduates often decide to pursue employment in education, the military, political analysis, tourism and hospitality or marketing.

Latin American Studies Certificate (LALASCERT)

Campus: Tempe

Description:

The Latin American studies certificate is designed to give students an understanding of the culture, economies, political structures and history of Latin American nations.

The program combines six courses across disciplinary boundaries to provide a diverse perspective of the Latin American experience. The Department of Economics; the School of Geographical Sciences and Urban Planning; the School of Historical, Philosophical and Religious Studies; the School of Politics and Global Studies; the School of Human Evolution and Social Change; the School of International Letters and Cultures (Spanish and Portuguese) and the School of Transborder Studies offer courses that comprise the transdisciplinary certificate.

Program Requirements:

The certificate requires a minimum of 18 credit hours of Latin American studies content. At least 12 upper-division credit hours must be completed from courses offered by The College of Liberal Arts and Sciences. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Language Requirement

Students must demonstrate Spanish or Portuguese proficiency through the 313 level of conversation and composition. The language proficiency requirement may be waived for native speakers or those with in-field experience equivalent to SPA 313 or POR 313.

Language instruction courses dealing with Spanish and Portuguese conversation and composition cannot be used to satisfy the content course requirement. While students are encouraged to enroll in language instruction courses (i.e., conversation and composition) above the 313 level, they cannot apply such coursework to the Latin American studies certificate course requirements.

Latin American Content Course Requirements -- 18 credit hours

Students will take 18 upper-division credit hours (six courses) from this list of Latin American content courses. Students are required to select nine credit hours (three courses) from within their major and nine credit hours (three courses) outside their major.

ARS 362: Survey of Aztec, Maya and Inka Art (HU) (3)
ASB 322: Peoples of Latin America ((L or SB) & G) (3)
ASB 337: Pyramids and Hieroglyphs: Life in Ancient Mesoamerica ((HU or SB) & G & H) (3)
GCU 323: Geography of Latin America (SB & G) (3)
GCU 424: Geography of Mexico and Middle America (SB & G) (3)
HST 305: Studies in Latin American History (3)
HST 331 / TCL 331: Mexican American History to 1900 (SB & H & C) (3)
HST 375: Colonial Latin America (SB & H) (3)
HST 376: Modern Latin America (SB & G & H) (3)
HST 441: Latin America and the World Economy (L & G & H) (3)
HST 443: The United States and Latin America (SB & G & H) (3)
HST 445: 20th-Century Cuba (SB & G & H) (3)
HST 447: Modern Mexico (SB & H) (3)
POR 472: Luso-Brazilian Civilization (HU & G) (3)
POR 494: Special Topics (3)
POS 305: Politics and Film (SB) (3)
POS 453: Latin America (SB & G) (3)

POS 454: Mexico (SB & G) (3)
SPA 427: Colonial and Postcolonial Latin American Literature (L or HU) (3)
SPA 428: Foundational Texts of Latin American Literature Since Modernismo ((L or HU) & G) (3)
SPA 429: Writing Mexico: Major Texts ((L or HU) & G) (3)
SPA 456: 20th-Century Spanish American Fiction (3)
SPA 471: Civilization of the Indohispanomexicano Southwest ((L or HU) & C) (3)
SPA 472: Latin American Society: Five Case Studies (HU & H & G) (3)
SPA 474: Revolutionary Mexico and Postmodern Revisions ((L or HU) & G) (3)
SPA 475 / SLC 475: Latin American Film ((L or HU) & G) (3)
TCL 310: Folklore of the Southwest (HU & C) (3)
TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)
TCL 350: Mexican and Chicana/o Artistic Production (HU & C & G) (3)
TCL 444: The Ethnography of Mexico and the Borderlands (SB & G) (3)
THE 426: Pre-Columbian Theatre of the Americas (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate program.

For more information, students should contact the School of International Letters and Cultures: <https://silc.asu.edu/degrees>
(<https://silc.asu.edu/degrees>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. Law and Human Behavior Certificate (PPLWHBCERT)

Campus: Downtown Phoenix, Tempe, West

Description:

Law and human behavior is an umbrella term that encompasses various aspects of the rapidly emerging field of forensic psychology, law and justice.

This 18-credit hour certificate program focuses on the criminal justice aspects of forensic psychology, emphasizing victimology, offender treatment, criminal incapacity, mental health law, juvenile justice and delinquency, and the dynamics of how the criminal justice system intersects with behavioral science.

The program is designed to provide students of social services and social sciences with an understanding of important but understudied areas where justice policy is in desperate need of empirical, psychological research.

Program Requirements:

Required Core -- 12 credit hours
CRJ 260: Substantive Criminal Law (3)
CRJ 410: Criminal Procedure: The Law of Investigations (3)
PSY 366: Abnormal Psychology (SB) (3)

PSY 468: Psychology and Law (3)

Electives (choose two from outside of one's major) -- 6 credit hours

CRJ 309: Criminology (SB) (3)

CRJ 403: Victims and the Criminal Justice System (3)

CRJ 406: Sex Crimes (3)

CRJ 434: Drugs of Abuse (3)

CRJ 435: Crime and Forensic Mental Health (SB) (3)

CRJ 484: Internship (1-6)

Notes: Only those relevant to law and human behavior

CRJ 494: Special Topics (3)

Notes: Only those relevant to law and human behavior

PSY 341: Developmental Psychology (SB) (3)

PSY 368: Forensic Psychology (3)

PSY 443: Abnormal Child Psychology (L or SB) (3)

PSY 472: Clinical Psychology (3)

PSY 474: Correctional Psychology (3)

PSY 494: Special Topics (3)

Notes: Only those relevant to law and human behavior

1. Special Topics courses (CRJ 494 and PSY 494) will be designated and approved by departments and schools. Students will need to work with an advisor in order to select appropriate special topics courses that are approved for credit in the law and human behavior certificate program.
 2. At least 12 credit hours must be taken in-residence at ASU.
 3. A "C" (2.00 on a 4.00 scale) or better is required in all coursework required for the certificate.
 4. Bachelor of Science in criminology and criminal justice majors who are also pursuing the Law and Human Behavior certificate may not use CRJ 309, CRJ 403, CRJ 406, CRJ 410, CRJ 434, CRJ 435, CRJ 484, and CRJ 494 towards both their degree and certificate.
- Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must complete the following prerequisite courses with a grade of "C" or higher (scale is 4.00 = "A") in order to enroll in the certificate program. These courses may be taken in-residence at ASU or may be transferred in from other institutions, including community colleges. Because these courses are requirements for the bachelor's degree program in psychology or criminology and criminal justice, their completion satisfies not only requirements of these two majors, but also the prerequisite requirements for enrollment in the certificate program in law and human behavior.

Completion of the following prerequisite courses with grades of "C" or higher are required for enrollment in the certificate program:

- CRJ 100 Introduction to Criminal Justice
- PSY 101 Introduction to Psychology
- first-year composition (ENG 102, 105 or 107)
- a course which meets the General Studies MA requirement (MAT 117, 119, 142, 170, 210 or 270)

one of the following two-course sequences in statistics and research methods:

- CRJ 302 and 303, or
- PSY 230 and 290

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of the law and human behavior certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in criminal justice agencies (federal, state and local) in roles such as evidence and crime scene supervisor (CSI activities), forensic psychologist, intelligence analyst and law enforcement officer. Advanced degrees or certifications may be required for academic or clinical positions.

UCENT 600

Leadership and Ethics Certificate (PPLDECERT)

Campus: Downtown Phoenix

Description:

The certificate program in leadership and ethics focuses on understanding the broad transdisciplinary field of leadership and its application to various elements of society and community, and it prepares individuals for positions of leadership and responsibility in the university, in student organizations, in their communities and throughout their careers in business and government.

Program Requirements:

The certificate in leadership and ethics requires four core courses (12 credit hours), including a leadership capstone experience, plus one elective discipline-based course in leadership or ethics (3 credit hours). The three credit hours of elective coursework may be selected from an approved list of elective courses or upon the recommendation of the department.

All courses applied to the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Core Courses -- 12 credit hours

PAF 311: Leadership and Change (SB) (3)

PAF 410: Building Leadership Skills (SB) (3)

PAF 421: Leadership Capstone (3)

PAF 460: Public Service Ethics (3)

All core courses and the leadership capstone must be taken at Arizona State University. Any course substitutions for the certificate are at the discretion of the School of Public Affairs.

Elective Course (choose one) -- 3 credit hours

COM 430: Leadership in Group Communication (3)

HON 497: Honors Colloquium (3)

MGT 300: Organization and Management Leadership (3)

NLM 430: Managing Nonprofit Organizations (L) (3)

PAF 420: Managing Across Boundaries (3)

POS 314: The American Presidency (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students are encouraged to schedule an appointment with the undergraduate academic advisor in the School of Public Affairs.

Current students interested in earning the certificate must complete a request to add an undergraduate certificate and return it to the undergraduate academic advisor in the School of Public Affairs at the University Center on the Downtown Phoenix campus. Students may begin taking courses before they formally register for the certificate; however, they are encouraged to complete the paperwork as soon as possible.

Those interested may download the request to add an undergraduate certificate located at <https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations, and private organizations whose work interfaces with the public sector.

Leadership in Business Certificate (BALIBCERT)

Campus: Polytechnic, Tempe, West

This program is not currently accepting applications.

Description:

The leadership in business certificate program is designed to help students understand the concept of leadership. They cultivate their leadership identity and understand how the development of their leadership skills impacts their professional development.

Through this program, students develop a strong set of skills necessary for success in a dynamic workplace, skills that include communication, teamwork and collaboration, and problem-solving.

Program Requirements:

The leadership in business certificate requires 15 credit hours to complete (at least 12 credit hours must be upper-division). To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

No more than six credit hours can be shared between this certificate and other business certificates and minors.

Required Courses -- 6 credit hours

MGT 310: Collaborative Team Skills (3)

MGT 411: Leading Organizations (3)

Leadership Development Electives (choose two courses, with at least one upper-division course) -- 6 credit hours

COM 225: Public Speaking (L) (3)

COM 259: Communication in Business and the Professions (3)

COM 312: Communication, Conflict, and Negotiation (3)

COM 319: Persuasion and Social Influence (SB) (3)

COM 400: Organizational Communication (HU & C) (3)

JUS 325: Globalization and Socio-Economic Justice (SB & G) (3)

MGT 303: Honors Organizational Strategies, Leadership, and Behavior (3)

MGT 400: Cross-Cultural Management (C & G) (3)

MGT 430: Negotiations (3)

MKT 302: Applied Marketing Management and Leadership (L) (3)

PAF 311: Leadership and Change (SB) (3)

PAF 410: Building Leadership Skills (SB) (3)

PAF 420: Managing Across Boundaries (3)

USL 210: Service Learning: Intro to Diverse Community Issues (L & C) (3)

Cultural Competency Elective (choose one course) -- 3 credit hours

JUS 438: Human Differences: Dilemmas of Justice ((L or HU) & C) (3)

LES 380: Consumer Perspective of Business Law (3)

MCO 460: Race, Gender, and Media (C) (3)

PHI 336: Social and Political Philosophy (HU) (3)

PHI 360: Business and Professional Ethics (HU) (3)

PHI 406: Moral Dilemmas (L or HU) (3)

REL 366: Islam in the Modern World (HU & G) (3)

REL 381: Religion and Moral Issues (L or HU) (3)

REL 480: Religion and Global Politics (L & G) (3)

SBS 301: Cultural Diversity ((L or SB) & C) (3)

SOC 334: Technology and Society (L or SB) (3)

SOC 339: Grassroots Social Movements (SB) (3)

SOC 342: Mexico-U.S. Borderlands (SB & C) (3)

SOC 352: Social Change (SB & G & H) (3)

SOC 363: Men and Masculinity (SB) (3)

TCL 314: Transborder Latin American Migration to the U.S. ((L or SB) & H & C) (3)

TCL 328: U.S. Latino Religion and Culture (HU & C) (3)

WST 300: Women and Gender in Contemporary Society (SB & C) (3)

WST 331: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)

WST 365: Women and International Health (G) (3)

WST 467: Ethnic Women Writers (HU & C) (3)

WST 471: Women's International Human Rights (3)

WST 485: Women, Gender, and Leadership (SB & C) (3)

Complete four co-curricular experiences (all pending approval of the certificate coordinator):

1. Complete an approved internship. This requirement must be completed after approval to add the certificate.
2. Approved leadership position on an executive board with a registered ASU club or organization.
3. Approved leadership role in support of the W. P. Carey School of Business or ASU community: (WPC 101 Facilitator, WPC Peer Advisor, Camp Carey Director, Leadership Through Action (Tillman Program), USG Position, Community Assistant, Residential Engagement Leader, A.P.P.L.E., other petition-approved activity).
4. ASU-affiliated study abroad program (<https://mystudyabroad.asu.edu/>) OR 75 hours of service learning or community service.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This certificate is only open to students in the W. P. Carey School of Business. Students may apply for this certificate once they have completed MGT 310 Collaborative Team Skills and at least one of the co-curricular experiences (excluding the required internship). The certificate application is accessed and submitted online at Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in leadership in business with their major program of study may become more marketable to employers. They often decide to pursue employment in management, sales and marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

Leadership, Ethics and Service Certificate (PPLETSCERT)

Campus: Downtown Phoenix

ASU is not currently accepting applications for this program.

Description:

The leadership, ethics, and service certificate program includes coursework with an emphasis on values, ethics, leadership and public service. In addition to in-class instruction, the program includes a service learning component during the summer and out-of-classroom activities.

Program Requirements:

A "C" (2.00 on a 4.00 scale) or better is required in all coursework.

Coursework -- 15 credit hours

CRD 435: Service Learning for Community Development (3)

NLM 235: Leadership and Ethics (3)

NLM 410: Social Entrepreneurship (3)

PAF 400: Senior Capstone Project (3)

PAF 410: Building Leadership Skills (SB) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this

certificate.

Enrollment Requirements:

Students interested in this certificate should contact the Watts College of Public Service and Community Solutions by calling 602-496-0600.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Lesbian, Gay, Bisexual and Transgender Certificate (PPLGBTCERT)

Campus: Tempe

Description:

The certificate program in lesbian, gay, bisexual, and transgender studies offers students a multifaceted understanding of society.

Lesbians, gay men, bisexuals and transgender people play important roles as colleagues, clients, parents, children, siblings, neighbors, employees, employers, religious leaders and friends. Given the increasing visibility and changing political climate for LGBTQ people in the United States, all students, not only those who identify themselves as gay, lesbian, bisexual or transgender, are served well by learning about the histories, communities and contemporary social issues regarding people from LGBTQ backgrounds.

The educational experience is enhanced when students are introduced to complex intersections between and among sexual, racial, ethnic, religious, geographic and national identities. The philosophy of this certificate program in lesbian, gay, bisexual and transgender studies is to promote intellectual and pedagogical diversity as one of the university's greatest assets, and this is done, in part, by instilling in students a sensitivity to cultures different from their own and through careful analysis of the self in historical, artistic and sociocultural contexts.

The goals of the certificate program are to give students knowledge about the history, evolution of and current issues facing the LGBTQ community; practical experience utilizing coursework knowledge in the community through an internship or community service project; and theoretical perspectives on heterosexuality as a presumptive sexual identity. Students gain an understanding of lesbian, gay, bisexual and transgender studies as an academic area of inquiry; an understanding of community politics, dynamics and conflicts; and engages in a use-inspired education that culminates in a public presentation.

Program Requirements:

The certificate requires 15 credit hours, of which a minimum of 12 must be upper-division.

Required Course (choose one) -- 3 credit hours

SST 294: Introduction to LGBTQ History and Culture (3)

SWU 180: Introduction to Lesbian, Gay, Bisexual and Transgender (LGBT) Studies (SB & C) (3)

WST 294: Sex, Gender, and Sexuality (3)

Electives -- 9 credit hours

AFR 375: Race, Gender and Sport (SB & C) (3)

AFR 394 / JUS 394 / WST 394: Gender and Hip Hop (3)

APA 210: Introduction to Ethnic Studies in the U.S. (C) (3)

APA 330: Asian Pacific American Genders and Sexualities ((L or SB) & C) (3)

APA 345: Asian Pacific Americans and Film (HU & C & H) (3)

ARS 485: Women in the Visual Arts (L) (3)

ASB 210: Human Sexuality: Anthropological Perspectives (SB & G) (3)

Notes: Only Interdisciplinary Studies majors may use additional lower-division courses

ASB 346: Marriage and Family Diversity (SB & C) (3)

BIS 350: Diversity and Organizations (L & C) (3)

Notes: Student must pick LGBT focus for course project and receive approval from certificate advisor.

COM 316: Gender and Communication (SB & C) (3)

COM 421: Rhetoric of Social Issues (HU) (3)
COM 442: Identity, Performance, and Human Communication (3)
COM 494: Gender in the Media (3)
ENG 345: Transgender and Intersex Literature and Film (3)
ENG 440: Sexuality (HU) (3)
ENG 443: Gender, Culture and Literacy (3)
ENG 449: Masculinities, Femininities and Literacies (3)
ENG 454: Gender and Literature (L or HU) (3)
FAS 264: Gender and Society (SB & C) (3)
FAS 332: Human Sexuality (SB) (3)
FAS 498: Transgender Youth and Families (3)
HST 364: Sex and Society in Modern Europe ((L or SB) & H) (3)
JUS 371: Sexuality and Social Justice (3)
JUS 427: Identity and Justice (L) (3)
JUS 435: Cinema and Justice (3)
MIC 314: HIV/AIDS: Science, Behavior, and Society (3)
SST 494: Transformational Leadership and Embodied Activism (3)
SWU 291: Social Service Delivery Systems (3)
SWU 374: Diversity and Oppression in a Social Work Context (C) (3)
SWU 461: Lesbian, Gay, Bisexual, Transgender, and Queer Issues (C) (3)
THE 494: Queer Plays and Films (3)
WST 100: Women, Gender, and Society (SB & C) (3)

Notes: Only Interdisciplinary Studies majors may use additional lower-division courses. Credit is only allowed for WST 100 or 300

WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Notes: Credit is only allowed for WST 100 or 300

WST 313: Women and Sexuality (SB & C) (3)

WST 335: Lost in Space: Gender, Race, and Sexuality in Science Fiction (3)

WST 380: Race, Gender, and Class (SB & C) (3)

WST 433: Race and Sexualities in Social Justice Movements (3)

WST 460: Women and the Body (SB & C) (3)

WST 470: Gender and Popular Culture (HU & C) (3)

WST 477: Gender and Violence (SB & C) (3)

Capstone -- 3 credit hours

All students will complete a three credit hour capstone experience after completing a minimum of nine credit hours in the certificate program. The capstone experience will be supervised by any member of the faculty approved by the Lesbian, Gay, Bisexual and Transgender Studies Committee.

Capstone Course (3)

Notes: Select capstone course with consultation of LGBT advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students interested in admission to the certificate program should meet with an academic advisor in the School of Social Transformation as soon as possible in order to complete a certificate declaration form and to select courses that most appropriately meet students' individual needs.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in lesbian, gay, bisexual and transgender studies with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

Mathematical Concepts of Engineering Certificate (LAMACECERT)

Campus: Tempe, Online

Description:

The certificate program in mathematical concepts of engineering is designed for students who seek a strong foundation in mathematics to support their studies in engineering.

Combining a core foundation in the quantitative and analytical skills found in the field of mathematics with related skills in engineering fields, the program provides students with a solid mathematical background well suited for multiple career paths.

Program Requirements:

The mathematical concepts of engineering certificate requires a minimum of 21 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine credit hours must be completed at ASU. MAT 343 and STP 420 must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses -- 18 credit hours

IEE 380: Probability and Statistics for Engineering Problem Solving (CS) (3)

MAT 266: Calculus for Engineers II (MA) (3)

MAT 267: Calculus for Engineers III (MA) (3)

MAT 275: Modern Differential Equations (MA) (3)

MAT 343: Applied Linear Algebra (3)

STP 420: Introductory Applied Statistics (CS) (3)

Electives (choose one) -- 3 credit hours

IEE 381: Lean Six Sigma Methodology (3)

IEE 385: Engineering Statistics: Probability (3)

IEE 470: Stochastic Operations Research (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must have completed MAT 265 or MAT 270 with a "C" or higher prior to enrolling in the certificate program. Students also must be in good academic standing with a minimum cumulative grade point average of 2.00.

This certificate is available through the Pathways for the Future program: <https://pff.asu.edu/> (<https://pff.asu.edu/>). Applicants with or without a bachelor's degree are eligible to apply for, and receive, this certificate through the Pathways for the Futures program. Applicants must have completed MAT 265 or MAT 270 with a "C" grade or higher (scale is 4.00 = "A"). Applicants who have taken these courses at another institution should use the Transfer Guide course search (<https://webapp4.asu.edu/transfercreditguide/app/home> (<https://webapp4.asu.edu/transfercreditguide/app/home>)) to determine if a transfer course can fulfill the prerequisite course requirements. Applicants who already hold a bachelor's degree should apply to ASU and this certificate program as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/mathematical-concepts-engineering-undergraduate-certificate/>)

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in mathematical concepts of engineering helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in engineering fields or seek admission into graduate level programs. Advanced degrees or certifications may be required for academic or clinical positions.

Medieval and Renaissance Studies Certificate (LAMRSCERT)

Campus: Tempe

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Description:

The Arizona Center for Medieval and Renaissance Studies has established a certificate program for undergraduate students interested in medieval and Renaissance studies which reflects the transdisciplinary nature of the field.

The program provides students the opportunity to take classes from several disciplines and to receive training in Latin, the international language of the periods, and other early vernacular languages. Completion of the certificate program prepares undergraduate students for advanced study in their fields.

Program Requirements:

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Modern Hebrew Certificate (LAHEBCERT)

Campus: Tempe

Description:

The certificate program in modern Hebrew provides students with a firm foundation in modern Hebrew language and a broad knowledge of Israeli culture, leading to advanced skills in reading, writing and conversing in the language. The program includes the study of literature, politics and history, enriching students' knowledge of the Middle East and offering them deeper understanding of current affairs.

This certificate enhances many degree programs and career paths.

Program Requirements:

The certificate requires 20 credit hours. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher. A minimum of 12 credit hours must be completed at the upper-division level and a minimum of 12 credit hours must be earned at ASU or in an ASU-approved study abroad program.

Language -- 14 credit hours

HEB 201: Intermediate Modern Hebrew (G) (4)

HEB 202: Intermediate Modern Hebrew (G) (4)

HEB 313: Advanced Modern Hebrew (G) (3)

HEB 314: Advanced Modern Hebrew (G) (3)

Electives (choose two) -- 6 credit hours

HEB 347 / JST 347 / SLC 347 / ENG 347: Modern Israeli Literature in Translation (HU & G) (3)

HEB 348 / JST 348 / SLC 348: Israeli Society and Culture (HU & G) (3)

HEB 349: Israeli Wars in Israeli Movies (HU & G) (3)

HEB 375: Contemporary Culture of Israel (HU & G) (3)
HST 372: Modern Middle East (SB & G & H) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

ASU students admitted to a degree program in any field of study are eligible to enroll in the modern Hebrew certificate program. In order to be admitted to the certificate program, students must complete HEB 101 and 102 Elementary Modern Hebrew to satisfy the requirements to enroll in HEB 201 Intermediate Modern Hebrew.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in modern Hebrew with their major program of study may become more marketable to employers.

They often decide to pursue employment in political analysis, tourism and hospitality, foreign policy, international business, tourism, media, translation, and in different levels of education or marketing.

Music Entrepreneurship Certificate (HIMERTCERT)

Campus: Tempe

Description:

Music entrepreneurship is a discipline that intersects the traditional music disciplines. Music entrepreneurship harnesses the skills and mindset of the entrepreneur to empower musicians to create work that is meaningful, sustainable and oriented to community and market need.

Students in a music degree program and students with a background in music benefit from the business, marketing and organizational skills they develop through the certificate courses as applied specifically to and within the arts.

Program Requirements:

The undergraduate certificate in music entrepreneurship consists of 15 credit hours, of which at least 12 credit hours must be upper division. There are six credit hours of required coursework and the remaining nine credit hours are selected from the electives section. A grade of "C" or better is required in all courses.

Required Courses -- 6 credit hours

MSC 484: Music Entrepreneurship Fieldwork (3)
MUP 438: The Enterprising Musician (3)

Electives -- 9 credit hours

FMP 417: Business and Legal Practices in Entertainment (3)
HDA 420: Design and the Arts Business Administration (3)
MSC 221: Popular Music Lab (1)
MSC 451: Popular Music Industry Studies I (2)
MSC 452: Popular Music Industry Studies II (2)
MUP 319: Advanced Audio Engineering in the Arts (2)
MUP 439: Music Product Creation and Development (3)
NLM 220: Introduction to Nonprofit Organizations (3)
NLM 410: Social Entrepreneurship (3)
NLM 451: Grant Writing (3)

PAF 410: Building Leadership Skills (SB) (3)
THP 351: Arts Management (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in music entrepreneurship is meant to supplement study for music majors and nonmajors in any discipline with a music background. Students may be admitted to the certificate by submitting a statement of interest outlining their music background and personal goals. Students also interview with program faculty to demonstrate their music related skills. For further application details, students should visit: <https://musicdancetheatre.asu.edu/degree-programs/music-entrepreneurship-certificate> (<https://musicdancetheatre.asu.edu/degree-programs/music-entrepreneurship-certificate>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in music entrepreneurship with their major program of study may become more marketable to employers. They often decide to pursue employment in such industries as arts entertainment, music business, arts administration or performance.

Nonprofit Professional Certificate (PPNPYCERT)

Campus: Downtown Phoenix

Description:

This nationally recognized certificate program awards qualified students from diverse academic fields with the National Certified Nonprofit Professional credential. The CNP credential is awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.), a consortium of universities, nonprofits and funders that are committed to preparing students for management careers in the nonprofit sector: <https://www.certifiedtochangetheworld.org/> (<https://www.certifiedtochangetheworld.org/>).

The NLA/ASU program provides curricular and cocurricular programs that prepare students through its competency-based, experiential educational framework. The program is ideal for students wishing to complement their majors with a strong core of nonprofit management knowledge and skills through professional affiliation with and certification by the Nonprofit Leadership Alliance, the nation's leader in education for nonprofit careers. NLA collaborates with a number of national nonprofit organizations as well as locally based grassroots organizations that actively seek NLA and ASU program interns and job candidates.

Program Requirements:

The program includes active participation by nonprofit professionals who offer workshops, seminars, mentoring and field trips. The certified nonprofit professional credential can be earned in conjunction with any bachelor's degree and requires successful participation in co-curricular, experiential activities in addition to required academic coursework. For more information on the credential, please visit <https://www.certifiedtochangetheworld.org/>.

Required Courses -- 24 credit hours

- NLM 220: Introduction to Nonprofit Organizations (3)
- NLM 300: Fund Raising and Resource Development (3)
- NLM 310: Volunteer Management (3)
- NLM 320: Professional Development Seminar (4)
- Notes: (one credit each, over four semesters)
- NLM 420: Nonprofit Leadership Alliance Institute (2)
- Notes: Offered fall semester only
- NLM 430: Managing Nonprofit Organizations (L) (3)

NLM 463: Senior Internship or NLM 484: Internship (6-12)

Notes: NLM 463 (12) credits required. NLM 484 (6) credits required.

*NLM 484 Internship is for students not pursuing a Nonprofit Leadership and Management major.

Standards

1. 24-30 hours of graded coursework depending upon major.
2. minimum "C" (2.00 on a 4.00 scale) grade required for all courses in the certificate.
3. minimum GPA of 2.00 for those pursuing the certificate.
4. should be a junior to take 400-level courses.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Applications for the Certified Nonprofit Professional certificate are available through School of Community Resources and Development academic advisors and the Nonprofit Leadership Alliance senior program coordinator.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

For disclosure information about this U.S. Department of Education Gainful Employment program, students should see <https://catalog.asu.edu/files/disclosures/PPNPYCERT/Gedt.pdf> (<https://catalog.asu.edu/files/disclosures/PPNPYCERT/Gedt.pdf>).

Career Opportunities:

The nonprofit professional credential opens up career opportunities across a range of diverse nonprofit types ranging from arts and culture, environmental, health, human services and youth development, etc.

Oral History and Storytelling Certificate (ASOHCCERT)

Campus: West

This program's name has changed effective Fall 2021. The previous name was Oral History.

Description:

The certificate program in oral history and storytelling introduces students to the interdisciplinary theories and methods required for collecting, documenting and preserving the stories of people's lives.

Through the program, students gain an understanding of and appreciation for diverse cultures, past and present, and engage in oral history research and interviewing. Students may build on existing projects or develop new community relationships at local, national and international levels.

With the knowledge and skills to abide by the professional standards involved in oral history documentation, research and presentation, students leave the program better prepared for graduate programs or careers that integrate oral history.

The program is offered by the School of Humanities, Arts and Cultural Studies.

Program Requirements:

The certificate in oral history and storytelling consists of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. Six credit hours may be shared between the certificate and courses for a student's major. Students should consult an academic advisor to select appropriate courses. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

HRC 310: Social and Cultural Studies: Method and Theory (C) (3)

HRC 480: Capstone: Practices and Approaches (L) (3)

Electives -- 9 credit hours

COM 339 / ENG 339 / IAP 339: Creating Dramatic Works: Page to Stage to Screen (3)

COM 342: Oral History and Storytelling (3)

COM 394 / IAP 394: Acting for the Camera (3)

COM 394: Storytelling in the Professions (3)

ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)

ENG 361: Scriptwriting (3)

ENG 394: Cross-Cultural Narratives (3)

ENG 394: Oral History & Storytelling in Humanities & Arts (3)

ENG 476: Folklore & Oral Traditions (3)

ENG 476: Folklore in Everyday Life (3)

ETH 473 / WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

HST 419 / LAS 419: 20th Century Chicano/a History (C) (3)

IAP 364: Documentaries (3)

WST 370: Chronicling Women's Lives (HU & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate program in oral history and storytelling is open to all ASU undergraduate majors. This certificate is also available for graduate students and students majoring in professional programs. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate program in oral history and storytelling prepares students for careers such as ethnographers, culture and history directors, videographers, editors, copy writers or journalism.

602-543-3000

Peace Corps Prep Certificate (LSPCPCERT)

Campus: Downtown Phoenix, Polytechnic, Tempe, West

Description:

The Peace Corps prep certificate program is designed to foster intellectual curiosity while building the competitiveness of Peace Corps applicants.

Six sectors --- education, youth development, health, environment, community and economic development, and agriculture --- comprise the program, unified by the mandatory course IDS 355 Peace Corps Seminar. To enhance the three core competencies of sector-specific skills, intercultural competence and leadership, students are encouraged to participate in service learning, internship opportunities and study abroad experiences.

Program Requirements:

The Peace Corps Prep certificate requires a minimum of 21 credit hours as outlined below. Students are encouraged to take courses that develop breadth within their sector rather than limiting their selection to courses in one particular subject area.

Applicants should contact an academic advisor in the College of Integrative Sciences and Arts or the Peace Corps liaison at ASU by emailing pcprepcoordinator@asu.edu (mailto:pcprepcoordinator@asu.edu).

Required Courses -- 6 credit hours

IDS 355: Peace Corps Seminar (G) (3)

IDS 401: Integration: Experiential Learning or USL 402: Service Learning: Education & Youth (C) or USL 410: Service Learning: Diverse Community Issues (L & C) or any 484 Internship course (#trackgroup) (3)

Internship hours may be completed locally, out of state or through an international study abroad program. The internship must be completed in the same program sector as the affiliated program sector electives completed for a minimum of 3 credit hours.

Cultural or Global Awareness Course(s)

Cultural Diversity in the U.S. (C) or Global Awareness (G) (6)

Students completed two additional "C" (Cultural Diversity in the U.S.) or "G" (Global Awareness) courses, excluding IDS 355 and the nine credit hours of sector related electives. Sector electives in excess of nine credit hours may count toward this C or G requirement.

Electives (Choose one of the six sectors below) -- 9 credit hours

Program Sector Electives (9)

Students will select nine upper-division credit hours from one of the six program sectors of agriculture, community and economic development, education, environment, health, or youth development.

Please see your academic advisor for a complete list of sector specific courses.

Agriculture Sector

Examples of electives include, but are not limited to:

AGB 302: International Management and Agribusiness (G) (3)

AGB 425: Food Supply Networks (3)

AGB 452: Global Food and Agricultural Trade (3)

ASB 300: Food and Culture ((L or SB) & C) (3)

Community and Economic Development Sector

Examples of electives include, but are not limited to:

ABS 364: Urban Forestry (3)

BIO 324: Environmental Ethics (HU) (3)

BIO 434: People and Nature: Ecosystem Services (3)

ECN 360: Economic Development (SB & G) (3)

GCU 364: Energy in the Global Arena (SB & G) (3)

SOS 327: Sustainable Food and Farms (3)

Education Sector

Examples of electives include, but are not limited to:

AFR 350: Inequality and Diversity in Education (L & C) (3)

ECD 321: Emerging Language and Literacy (3)

ECS 315: Classroom Organization and Child Guidance (3)

HCR 402: Advocacy for Health and Health Education (3)

SOC 421: Education and Society (SB) (3)

SPF 301: Culture and Schooling (L) (3)

Environment Sector

Examples of electives include, but are not limited to:

ASB 375: Humans and the Environment: What's the Connection? ((L or SB) & G) (3)

BIO 320: Fundamentals of Ecology (3)

BIO 322: Conservation of Biodiversity (3)

GPH 314: Global Change (HU & G) (3)

SOS 326: Sustainable Ecosystems (3)

Health Sector

Examples of electives include, but are not limited to:

ASB 301: Global History of Health (SB & G & H) (3)

ASB 305: Poverty and Global Health ((L or SB) & G) (3)

ASM 345: Disease and Human Evolution (3)

EXW 450: Social Determinants of Health and Health Behavior ((L or SB) & C) (3)

HSC 310: Health Communication (3)

Youth Development Sector

Examples of electives include, but are not limited to:

ASB 346: Marriage and Family Diversity (SB & C) (3)
NLM 300: Fund Raising and Resource Development (3)
NLM 310: Volunteer Management (3)
PRM 315: Community Recreation Systems (3)
SWU 456: Immigrants and Refugees (C) (3)

An internship in the student's affiliated program sector is required. Students may complete a three credit hour internship (** 484) or a service learning internship experience (USL 402 or USL 410). Please visit the Service Learning Web Page (<https://communityengagement.education.asu.edu/programs/university-service-learning>) for questions regarding placement and enrollment. Students may also meet the internship requirement by completing an internship experience through a study abroad program. Study abroad or international experience is encouraged but not required. Please consider Taste of Peace Corps in the Dominican Republic during spring break as a substitute for any required certificate course. Foreign language study to at least the 200-level is encouraged but not required. For Peace Corps placements in Spanish or French-speaking countries, foreign language proficiency at the 200-level is often required. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

Incompatible Majors: None

Other Enrollment Requirements: None

Applicants should contact an advisor in the College of Integrative Sciences and Arts for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. Students become more marketable to employers when they have complemented their major program of study with this specialization in Peace Corps prep.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in the foreign services, nongovernmental agencies, relief organizations, community based organizations and government positions. Advanced degrees or certifications may be required for academic or clinical positions.

Personal Fitness Training Certificate (NHPFITCERT)

Campus: Downtown Phoenix

Description:

The personal fitness training certificate program provides students with the knowledge, skills and competencies they need to develop evidence-based physical activity programs for the general population to achieve positive health changes.

After completion of the certificate, students have the ability to obtain an entry to intermediate-level personal training or group fitness certification through any accredited association. This program does not prepare students to work with clients with special needs or existing health conditions.

Program Requirements:

Students must earn a minimum grade of "C" (2.00) in all courses in the certificate.

Required Courses -- 15 credit hours

EXW 215: Resistance Training and Recovery Techniques (3)

EXW 217: Cardiorespiratory and Flexibility Training (3)

EXW 302: Fundamentals of Wellness (L) (3)

EXW 335: Physical Activity and Physiological Concepts (3)

EXW 425: Exercise Prescription for Health and Wellness (3)

Elective (choose one course) -- 3 credit hours

EXW 344: Impact of Physical Activity on Health and Disease (3)

EXW 400: Stress Management for Wellness (3)

HEP 410: Obesity Perspectives and Prescriptions (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate program in personal fitness training helps students become more marketable in the general health fields by providing specific content knowledge on exercise techniques, the positive impact physical activity can have on overall health, and reductions in the risk for developing chronic disease.

Philosophy, Rhetoric and Literature Certificate (ASPRLCERT)

Campus: West

Description:

The certificate in philosophy, rhetoric and literature is an interdisciplinary humanities program that integrates continental philosophy, literature, art, communication and social critique.

Students explore existential crises and the production of cultural values. Students in the program examine the anxieties and expectations surrounding cultural identity, including the expectation to adhere to sexed, racial, ethnic, social and religious norms. Special attention is given to the roles that art, literature, thought, intercultural interaction and communication play in repairing fractured histories and in the creation of better social worlds.

Program Requirements:

The certificate in philosophy, rhetoric and literature consists of 15 upper-division credit hours. A minimum of six upper-division credit hours must be completed through courses offered by the School of Humanities, Arts, and Cultural Studies. The certificate requires three credit hours in Rhetorical Perspectives, three credit hours in Continental Philosophical Perspectives, three credit hours from Pool A and six credit hours from Pool B. Any other courses used to satisfy the requirements for this certificate must be approved by an academic advisor prior to enrollment. All courses used to satisfy the requirements for the certificate must be passed with a "C" (2.00) or better.

Core I Rhetorical Perspectives -- 3 credit hours

ENG 400: History of Literary Criticism (L or HU) (3)

ENG 440: Studies in American Literature and Culture (3)

ENG 472: Rhetorical Studies (L) (3)

Core II Continental Philosophical Perspectives -- 3 credit hours

PHI 304: Existentialism (HU) (3)

PHI 411: Continental Philosophy (HU) (3)

PHI 412: Philosophy and Literary Criticism (HU) (3)

Pool A -- 3 credit hours

COM 464: Communicative Sexualities (SB) (3)

ENG 353: African American Literature: Beginnings through the Harlem Renaissance ((L or HU) & C) (3)

ENG 400: History of Literary Criticism (L or HU) (3)

ENG 401: Topics in Critical Theory (3)

ENG 440: Studies in American Literature and Culture (3)

ENG 454: Gender and Literature (L or HU) (3)

ENG 461: Studies in Women and Literature (3)

ENG 472: Rhetorical Studies (L) (3)

ENG 478: Studies in Modernism (3)

ENG 479: Studies in Postmodernism (HU & G) (3)

IAP 471: Language, Culture, and Performance (L or HU) (3)

IAP 473: Aesthetic Research (L or HU) (3)

LAS 340 / WST 341: Latin American Women Writers (3)

PHI 412: Philosophy and Literary Criticism (HU) (3)

PHI 421: Philosophical Topics (3)

Pool B -- 6 credit hours

COM 321: Rhetorical Theory and Research ((L or HU) & H) (3)

COM 429: Semiotics and Visual Communication (3)

ENG 401: Topics in Critical Theory (3)

PHI 303 / REL 300: The Future of Religions (L or HU) (3)

PHI 304: Existentialism (HU) (3)

PHI 339: Philosophy of Art (HU) (3)

PHI 390 / REL 314: Jewish Philosophy (3)

PHI 411: Continental Philosophy (HU) (3)

PHI 412: Philosophy and Literary Criticism (HU) (3)

PHI 415: Philosophy and Film (HU) (3)

PHI 421: Philosophical Topics (3)

PHI 494 / REL 494: Issues in Death & Dying (3)

POS 494: Everyday Forms of Political Resistance (3)

REL 345: Asian Religious Traditions (HU & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in philosophy, rhetoric and literature is open to all ASU undergraduate majors. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This program prepares students for advanced study in the humanities, social and behavioral sciences, and the arts, as well as lifelong learning in a variety of fields.

Political Entrepreneurship through Internships: Local to Global Certificate (LAPEICERT)

Campus: Tempe

Description:

This political entrepreneurship certificate program prepares students for careers in public policy in global and domestic environments whether they be in governance organizations, nongovernmental organizations, nonprofit agencies or private enterprises engaged in policy-making, implementation and critical assessment.

The program requirements include applied practice in these settings and an internship. A variety of internship opportunities exist for students with global, national, state or local interests. Coursework in the social sciences, humanities and business prepares students to be participants in policy processes as an avenue of civic engagement.

Program Requirements:

The certificate requires a total of 15 credit hours, of which at least 12 credit hours must be completed at the upper-division level. Nine credit hours must be from courses offered by The College of Liberal Arts and Sciences.

All courses must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Part One: Introductory Course (choose one course) -- 3 credit hours

- POS 110: American Government and Politics (SB) (3)
- POS 150: Comparative Government (SB & G) (3)
- POS 160: Global Politics (SB & G) (3)
- POS 310: American National Government (SB) (3)
- SGS 101: Thinking Globally: The Individual and Authority (SB & G) (3)
- SGS 301: Principles of Global Studies (G) (3)

Part Two: Policy and Leadership (choose one course) -- 3 credit hours

- POS 325: Public Policy Development (SB) (3)
- POS 351: Democratization (SB & G) (3)
- POS 361: American Foreign Policy (SB & G) (3)
- POS 364: National Security, Intelligence, and Terrorism (SB) (3)
- POS 410: Governing American Cities (SB) (3)
- POS 426: Elements of Public Policy (SB) (3)
- POS 468: Comparative Asian Foreign Policies (SB & G) (3)
- POS 486: International Political Economy (SB & G) (3)
- SGS 320: Mechanisms of Global Governance (3)
- SGS 321: International Institutions and Global Governance (3)
- SGS 340: Violence, Conflict and Human Rights (3)
- SGS 350: Economic Development and Globalization (3)

Part Three: Internship -- 6 credit hours

Students may elect to complete only 3 hours of internship in Part Three. Students selecting this option must complete six upper-division credits in Part Four.

- POS 484 / SGS 484: Internship (6)

Part Four: Related Electives (choose one to two courses, depending on how many internship credit hours are earned) -- 3 credit hours

- BUA 380: Small Business Leadership (3)
- BUA 383: Small Business Working Relationships (3)
- COM 222: Argumentation (L) (3)
- COM 225: Public Speaking (L) (3)

Political History and Leadership Certificate (LAPTLCERT)

Campus: Tempe

Description:

The certificate program in political history and leadership provides students with a strong foundation in the history of politics and political thought, with a special emphasis on the role of leadership. It prepares students for leadership in their own careers, political or otherwise.

Required courses combine academic study and mentoring contact with political, media and business leaders from the wider Phoenix area and Arizona communities while electives drawn from a variety of disciplines are used to broaden the scope of emphasis.

Program Requirements:

The certificate requires 15 credit hours, of which at least 12 must be upper-division. At least six upper-division hours must be completed in courses offered by The College of Liberal Arts and Sciences. All courses must be completed in residence at ASU and with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

HST 112 / POS 112: Foundations of Democracy (HU & H) (3)
HST 414 / POS 414: Political History and Leadership (3)

Elective Courses -- 9 credit hours

Choose electives from at least two different disciplines. Available disciplines are African and African American studies, economics, history, justice studies, philosophy, political science, religious studies, and women and gender studies. A crosslisted course (such as HST 317 and POS 317) may be applied under either discipline, but not both.

Upper Division Discipline Elective (9)**African and African American Studies**

AFR 330: Survey of African American Politics (SB & H) (3)

Economics

ECN 312: Intermediate Microeconomic Theory (SB) (3)
ECN 313: Intermediate Macroeconomic Theory (SB) (3)
ECN 315: Money & Banking (3)
ECN 360: Economic Development (SB & G) (3)
ECN 404: History of Economic Thought (SB) (3)

History

HST 302: History of Money (3)

POS 472: Constitutional Law II (SB) (3)

POS 485: Political Economy (SB) (3)

Religious Studies

REL 388: Religion, Ethics, and International Politics (3)

REL 420: Religion in American Life and Thought (HU) (3)

Women and Gender Studies

WST 377: History of American Feminist Thought (H & C) (3)

WST 440: Politics of Women's Health (SB & C) (3)

Additional upper-division courses from disciplines such as economics, history, justice studies, philosophy, public service and public policy, and religious studies may be used with the approval of the certificate co-directors.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to declare the certificate must meet with an academic advisor in the School of Historical, Philosophical and Religious Studies.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students become more marketable to employers and advance their career options when they have complemented their major program of study with this specialization in political history and leadership.

Students who complete this certificate often pursue employment as military and naval officers, staff for governors, members of congress, city council officials, county prosecutors, financial advisors and campaign strategists. Advanced degrees or certifications may be required for academic or clinical positions.

Power and Society Certificate (ASPWSOCERT)

Campus: West

Description:

The certificate program in power and society prepares students to think critically and practically about the relationship between power and society.

Courses in the program use multiple perspectives to explore the sources, exercise and consequences of power across a variety of social and historical settings. A special focus on gender is available across the spectrum of courses listed.

Program Requirements:

The certificate in power and society requires a minimum of 15 credit hours (at least 12 must be upper division). Six credit hours must be completed through the School of Social and Behavioral Sciences in the New College of Interdisciplinary Arts and Sciences. A maximum of six credit hours may be shared between the certificate and a major. A maximum of three credit hours of individualized instruction or internship may be applied toward the certificate. Electives are not limited to the certificate elective list; see academic advisor prior to enrollment. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Only courses in which a student received a grade of "C" (2.00 on a 4.00 scale) or higher may be used to meet the certificate requirements.

Required Core Course -- 3 credit hours

POS 437 / SOC 437: Women, Power, and Politics (G) (3)

Electives (minimum 9 upper-division credit hours) -- 12 credit hours

Students will select 12 credit hours from relevant courses on power and society. Selected courses must come from at least two of the following prefixes to develop breadth across disciplines: ASB, JHR, POS, SBS or SOC.

ASB 211: Women in Other Cultures ((HU or SB) & G) (3)

ASB 339 / POS 339 / SBS 339 / SOC 339: Grassroots Social Movements (SB) (3)

ASB 342 / SBS 342 / SOC 342: Mexico-U.S. Borderlands (SB & C) (3)

ASB 394: Special Topics or JHR 394: Special Topics or POS 394 / SBS 394 / SOC 394: Special Topics (3)

ASB 442 / SBS 460: Global Cities (SB & G) (3)

ASB 447 / POS 447 / SBS 447: Citizenship, Nationalism and Identity (SB & C & G) (3)

ASB 484 / JHR 484 / POS 484: Internship or SBS 484: Internship or SOC 484: Internship (3)

ASB 494 / JHR 494 / POS 494 / SBS 494 / SOC 494: Special Topics (3)

ASB 499 / JHR 499 / POS 499 / SBS 499 / SOC 499: Individualized Instruction (3)

JHR 100: Introduction to Social Justice and Human Rights (SB & G) (3)

JHR 305: Theory and Practice of Social Justice and Human Rights (SB & G) (3)

POS 150: Comparative Government (SB & G) (3)

POS 160: Global Politics (SB & G) or POS 360: World Politics (SB & G) (3)

POS 350: Comparative Politics (SB & G) (3)

POS 357: South Asia Politics (SB & G) (3)

POS 361: American Foreign Policy (SB & G) (3)

POS 436: Gender, Sexuality, Nation-States (3)

POS 470: Law and the Political Order (SB) (3)

POS 480 / SBS 480: Global Justice (G) (3)

POS 486: International Political Economy (SB & G) (3)

SOC 264: Gender and Society (SB & C) (3)

SOC 371: Inequality and Sustainability (3)

SOC 426: Social Inequality (SB) (3)

SOC 457: Global Social Movements (SB & G) (3)

SOS 111: Sustainable Cities ((HU or SB) & G) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This certificate is open to students in any major. Students should contact an advisor in the New College of Interdisciplinary Arts and Sciences for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The certificate program is recommended for students with academic or career interests in politics, government, economics, organizing and

advocacy, public affairs and public policy, journalism, social work, human rights, social justice, education and sustainability. Career paths include social work, public administration, public policy and criminal justice.

Professional Sales Certificate (BAPRSCERT)

Campus: Tempe

Description:

Designed for the nonmarketing business major, the certificate in professional sales was created for business students who are interested in pursuing the many opportunities in professional sales.

With the inclusion of courses in professional sales as well as sales management, this certificate program prepares students to be successful account managers or sales team leaders in both business-to-business and business-to-consumer settings.

An optional internship in sales is strongly encouraged as part of the professional sales certificate.

Program Requirements:

To receive the certificate, students must complete the specified business courses with a grade of "C" or better (2.00 on a 4.00 scale). No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

First Required Course -- 3 credit hours

MKT 300: Marketing and Business Performance or MKT 303: Honors Marketing Theory and Practice (L) (3)

Required Courses -- 6 credit hours

MKT 370: Professional Sales and Relationship Management (3)

MKT 410: Sales Management (3)

Electives (choose two) -- 6 credit hours

MGT 430: Negotiations (3)

MKT 435: Entrepreneurial Marketing (3)

MKT 441: Sports Revenue Generation (3)

MKT 484: Internship (3)

Notes: Internship in sales.

MKT 493: Honors Thesis (L) (3)

MKT 494: Strategic Selling Using Data and Technology (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This certificate program is open to current students in the W. P. Carey School of Business who are not in the marketing major. The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in professional sales with their major program of study may become more marketable to employers.

They often decide to pursue employment in sales, marketing or procurement.

Advanced degrees or certifications may be required for academic or clinical positions.

Public Administration and Public Management Certificate (PPPAFCERT)

Campus: Downtown Phoenix

Description:

The certificate in public administration and public management is designed for students interested in public service as well as for undergraduate students who are interested in developing leadership skills or wish to enhance their degree in an existing major at ASU, for working adults who may wish to further their education yet may not be looking for a degree program, and for students of the BA in interdisciplinary studies who seek to combine certificates with their degree.

Students learn skills that enable them to analyze critical issues, build and bridge communities, deliver and manage public programs, improve the quality of life, lead change in public policy, preserve natural resources, provide public safety, reform welfare, and strengthen democratic governance.

Program Requirements:

The certificate in public administration and public management consists of 15 credit hours of coursework; students take 12 credit hours of core classes and three credit hours of elective courses.

Core Courses -- 12 credit hours

PAF 300: Public Management and Administration (3)

PAF 340: Contemporary Policy Challenges (3)

PAF 420: Managing Across Boundaries (3)

PAF 460: Public Service Ethics (3)

Elective -- 3 credit hours

PAF Upper Division Elective (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students receiving this certificate are prepared to pursue a career in a field related to public administration or public policy, particularly in the areas of participatory governance and public engagement. This may include opportunities as either a manager or policy analyst in local, state or federal agencies; nonprofit organizations, and private organizations whose work interfaces with the public sector.

Religion and Conflict Certificate (LARELCERT)

Campus: Tempe

Description:

A regional component provides students with specific regional knowledge of how religion has been implicated in human conflict. Required coursework in at least two different regions fosters a comparative understanding of the dynamics of religion and conflict in historical and global contexts.

A political component explores how religion influences or is influenced by matters of state, law, government or other dimensions of political life.

A cultural component provides students with an understanding of how religion operates as a powerful force that impacts and intersects with expressions of human identity, thought and culture.

Program Requirements:

The certificate requires a minimum of 18 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least 12 credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Humanities and Social Sciences Requirement

At least six of the 18 credit hours must be fulfilled with courses from the humanities and at least three credit hours from the social sciences.

When choosing courses from the lists below, complete six credit hours from the following prefixes to fulfill the humanities requirement: ARB, CEL, CHI, FMS, GER, HEB, HST, IAS, JST, PHI, REL, or SLC.

When choosing courses from the lists below, complete three credit hours from the following prefixes to fulfill the social sciences requirement: AFR, COM, GCU, JUS, POS, SGS, SOC, or WST.

Regional Component Courses -- 6 credit hours

Select two Regional Component Courses from two different geographic regions. Available regions are Africa, Asia, Europe, Middle East and United States. (6)

Regional Component: Africa

AFR 480 / REL 461 / SGS 442: Different Voices Within Contemporary Islamic Discourse (3)

GCU 328: Geography of Middle East and North Africa (SB & G) (3)

Electives (two courses) -- 6 credit hours

Certificate Electives (6)

Students select electives from any of the course lists above, keeping in mind that at least 12 credit hours within the certificate must be upper-division.

In some cases, the same course can be used to fulfill more than one requirement. For more information, please contact the certificate director in the Center for the Study of Religion and Conflict.

If a course is used to meet more than one component requirement above, additional electives may be required to meet the 18 credit hour minimum. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

To declare the certificate, students should contact the certificate director in the Center for the Study of Religion and Conflict:

<https://csrc.asu.edu/students/certificate> (<https://csrc.asu.edu/students/certificate>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can become more marketable and advance their career options with an undergraduate certificate. The certificate in religion and conflict complements their major program of study with specialized knowledge and enables them to demonstrate broad intellectual curiosity and skills.

Students who complete this certificate often decide to pursue employment in journalism, law, policy work, diplomacy, the military, public advocacy, publishing, education, ministry and other fields in which an enhanced understanding of religion and conflict is becoming increasingly vital. Advanced degrees or certifications may be required for academic or clinical positions.

Risk Communication Certificate (ASRCMCERT)

Campus: West

Description:

The rising importance of the field of risk communication stems from the need to name, understand and manage physical and social risks as society is faced with increasingly challenging decisions concerning stressed social and environmental infrastructures.

Proficiency in risk communication requires understanding the complex interfaces of physical, biological, psychological and social systems. In response, the certificate program in risk communication combines the strengths of the three schools within the New College of Interdisciplinary Arts and Sciences: the School of Social and Behavioral Sciences, the School of Mathematical and Natural Sciences and the School of Humanities, Arts and Cultural Studies.

The program prepares students for a range of diverse careers in risk management, crisis communications and environmental public affairs. Specifically, students develop expertise suited to work as risk management specialists and environmental advocates, preparing them to translate complex scientific ideas and analyses into information that can be evaluated meaningfully by all members of society.

Program Requirements:

The certificate in risk communication requires 15 credit hours (a minimum of 12 credit hours must be upper division). Eight credit hours must be unique and not already being counted toward degree requirements in communication or environmental science. Other electives can be chosen in consultation with an academic advisor. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

BIO 130: Introduction to Environmental Science (SQ) or ENV 201: Fundamentals of Environmental Science (3-4)

Notes: ENV 201 is required for Environmental Science or Biology majors only.

COM 415: Risk Communication (3)

Elective Courses (choose three) -- 9 credit hours

COM 319: Persuasion and Social Influence (SB) (3)

COM 414: Crisis Communication (3)

COM 450: Organizational Communication (SB) (3)

COM 454: Rhetorical and Critical Approaches to Public Relations (3)

COM 463: Intercultural Communication in a Global Context (SB & G) (3)

IAS 340 / PHI 320: Bioethics (HU) (3)

IAS 407 / PHI 407: Environmental Philosophy and Policy (L or HU) (3)

IAS 409 / PHI 409: Eco-Community Ethics (HU) (3)

LSC 362: The Human Environment (3)

PTX 301: Basics of Pharmacology and Toxicology (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to pursue this certificate should consult an academic advisor in the School of Mathematical and Natural Sciences or the School of Social and Behavioral Sciences to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of this program work with local government agencies and law enforcement, public relations organizations, advertising, marketing and insurance.

Risk Management Certificate (BARMGTCERT)

Campus: Polytechnic

Description:

The certificate program in risk management gives students a solid foundation in the theory and practice of modern risk management.

The concept of enterprise risk management is highlighted at the onset of the certificate curriculum, emphasizing that risks and risk management strategies must be considered holistically at the firm level, not in isolation.

Upon completion of the certificate, students are able to identify and measure a variety of business and financial risks and design and articulate strategies for managing and communicating risks.

Program Requirements:

This certificate requires 18 credit hours. A grade of "C" or better is required for all coursework. No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

Required Courses -- 9 credit hours

BUS 434: Business Risk Management (3)

BUS 436: Frontiers in Risk Management (3)

FIN 300: Fundamentals of Finance or FIN 302: Managerial Finance or FIN 303: Honors Finance (3)

Elective Courses (select three) -- 9 credit hours

AGB 435: Commodity Futures and Options Markets (3)

BUS 384: Business Operations and Planning or SCM 432: Planning and Control Systems for Supply Chain Management (3)

COM 414: Crisis Communication (3)

FIN 421: Security Analysis and Portfolio Management (3)

FIN 427: Derivative Financial Securities (3)

IEE 454: Risk Management (3)

OGL 421: Project Risk Management (3)

SCM 314: Analytics for Logistics or SCM 315: Business Decision Models (3)

TGM 460: Global Risk Assessment and Management (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in risk management is open to all students. The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between the certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in risk management helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in compliance and management. Advanced degrees or

certifications may be required for academic or clinical positions.

Russian and East European Studies Certificate (LAREECERT)

Campus: Tempe

Description:

The certificate in Russian and East European studies encourages students to develop competency in Russian or another East European or Eurasian language as well as the culture and politics of the region.

Coursework leading to the certificate is offered by outstanding faculty in diverse fields of study including architecture, economics, film studies, geography, history, international business, literature, music, political science and religious studies.

A one-credit capstone course, to be completed in the student's junior or senior year, is student-led; with the support of an advisor, students write a research paper on the Russian and East European studies topic of their choice, prepare a writing sample or a graduate school application, or work on a creative project.

A student with a major in any school or department may pursue this certificate and develop a personalized plan of study in cooperation with an advisor at the Melikian Center.

Program Requirements:

The certificate in Russian and East European Studies requires a minimum of 20 credit hours, of which at least four must be a language course and at least 12 must be upper-division. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses used toward the certificate.

Language Requirement -- 4 credit hours

Students may complete one 4-credit hour language course from BCS, PLC, ROM, or RUS, or they may complete the Albanian, Armenian, BCS, Kazakh, Macedonian, Polish, Russian, Turkish, Ukrainian, and Uzbek courses offered by the Critical Languages Institute (<https://melikian.asu.edu/cli>) to fulfill the language requirement.

NOTE: Native speakers of a language must complete four credit hours in a different language to fulfill this requirement.

SLC 429: Politics & Culture in European Short Fiction ((L or HU) & G & H) (3)
SLC 442 / ROM 442: Dracula and Vampire Lore ((L or HU) & G & H) (3)
SLV 440: History of Slavic Languages (SB) (3)

Students complete the minimum 12 credit upper-division requirement with at least 6 credit hours of electives selected from the above list. Arranged honors theses and upper-division colloquia with Melikian Center faculty affiliates may also be used toward this requirement. An additional required or area-related elective OR an additional language course must be used toward the fulfillment of the 20 credit-hour requirement.

Capstone Project -- 1 credit hours

LIA 494: REES Certificate Capstone (1)

In their junior or senior year, students will complete the 1-credit REES Certificate Capstone. This can be in the form of a reading course offered by the Melikian Center OR a project chosen in cooperation with a Melikian Center faculty affiliate. The project should represent an extended, research-based focus on some dimension of the region's languages, cultures, religions, histories, and/or politics. It may take the form of an extended research paper, honors thesis, translation project, research assistantship, or internship.

Other courses may be used with the approval of the certificate advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

For more information or to add the certificate, students should contact Melikian Center Associate Director, Dr. Irina Levin, at ilevin3@asu.edu or 480-965-4174.

NOTE: Students are not to schedule an appointment with a School of Historical, Philosophical and Religious Studies advisor to enroll in the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree.

Career Opportunities:

Students who complete the Russian and East European studies certificate enhance their prospects for highly selective study abroad fellowships, including Fulbright, Boren, and CLS, and for admission to graduate study. Certificate holders may also qualify for unique entry-level government employment opportunities at agencies such as the State Department and the NSA.

Sales and Marketing Essentials Certificate (BASMECERT)

Campus: Tempe

Description:

Designed for undergraduate nonbusiness majors, the certificate program in sales and marketing essentials offers a set of courses that cover

indispensable marketing knowledge in a wide variety of marketing application domains.

Students are required to enroll in two fundamental courses in marketing and also choose three additional courses from a larger set (services marketing, business marketing, global marketing, sports business and advertising) to tailor the certificate to their particular interests.

While some courses are offered in a face-to-face setting, the entire certificate is offered via iCourse for flexibility and convenience.

Program Requirements:

The certificate in sales and marketing essentials requires 15 credit hours. The entire certificate may be completed online.

To receive the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

Required Courses -- 6 credit hours

MKT 390: Essentials of Marketing (3)

MKT 391: Essentials of Selling (3)

Elective Courses (choose three) -- 9 credit hours

MKT 392: Essentials of Business Marketing (3)

MKT 395: Essentials of Advertising and Marketing Communication (3)

MKT 396: Essentials of Services Marketing (3)

MKT 397: Essentials of Global Marketing (3)

MKT 398: Essentials of Sports Business (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

This certificate program is for nonbusiness majors only. The certificate application may be accessed and submitted online through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in sales and marketing essentials with their major program of study may become more marketable to employers, and they often decide to pursue employment in sales or marketing.

Advanced degrees or certifications may be required for academic or clinical positions.

School Nutrition Certificate (ECNTRCERC)

Campus: Downtown Phoenix

Description:

The certificate in school nutrition is for current degree-seeking students and post-baccalaureate students who are interested in qualifying to sit for the school nutrition specialist credential offered by the School Nutrition Association. This certificate program provides a higher level of information on the requirements to run a school food service operation and offers students insight into the rules and regulations of the National School Lunch Program. More information for this credential is available at <https://schoolnutrition.org/certificate-and-credentialing/certificate-program/how-to-earn-your-certificate/> (<https://schoolnutrition.org/certificate-and-credentialing/certificate-program/how-to-earn-your-certificate/>).

Individuals must complete 900 working hours in a school nutrition or food service environment before they are eligible to sit for the national exam. There is also a cost associated with taking the exam, and more information can be found at <https://schoolnutrition.org/certificate-and-credentialing/credentialing-program/sns-benefits-reqs-fees/> (<https://schoolnutrition.org/certificate-and-credentialing/credentialing-program/sns-benefits-reqs-fees/>).

Program Requirements:

The certificate requires that students take the following courses, for a total of 29-31 credit hours. Students must earn a minimum grade of "C" in all courses in the certificate.

Required Courses -- 29 credit hours

ACC 382: Accounting and Financial Analysis (3)

HEP 100: Introduction to Health and Wellness (SB) or EXW 302: Fundamentals of Wellness (L) or EXW 325: Fitness for Life (3)

HSC 355: Eating for Lifelong Health (SB) or NTR 450: Nutrition in the Life Cycle (SB) (3)

NTR 142: Applied Food Principles (3)

NTR 343: Food Service Purchasing (3)

NTR 344: Nutrition Management and Leadership (L) (3)

NTR 345: Development of Healthy Cuisines or NTR 341: Medical Nutrition Therapy I (3)

NTR 400: Preprofessional Preparation in Dietetics or NTR 401: Preprofessional Preparation in Nutrition (1-3)

NTR 445: Management of Food Service Systems (3)

NTR 448: Community Nutrition (L) (3)

NTR 498: Child Nutrition Seminar (1)

Required credit hours vary from 29-31 depending on whether students take NTR 400 for 1 credit hour, or NTR 401 for 3 credits hours.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

GPA Requirement: 2.00

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Interested students should speak with their academic advisor.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in school nutrition can help students gain entry-level school food service positions such as food service manager, child nutrition coordinator, food service worker, school food menu planner or child nutrition manager.

Secondary Education Certificate (TESEDCERT)

Campus: Polytechnic, Tempe, West, ASU@Lake Havasu, ASU@The Gila Valley

Description:

The secondary education certificate program prepares students who wish to teach students enrolled in grades 6-12. While students develop a strong content background, the secondary education certificate program focuses on developing the requisite teaching knowledge and abilities for successfully teaching middle or high school students. In order to integrate teacher preparation with the academic specialization, Mary Lou Fulton Teachers College collaborates and communicates with academic departments throughout the university. Professional experiences and residency are required components of this certificate.

Students who complete this certificate program are issued an institutional recommendation for certification in Arizona. Students desiring to teach in

a public school must also pass the Professional Knowledge Arizona Educator exam (either the National Evaluation Series or the Arizona Educator Proficiency Assessments) to be certified to teach in the state of Arizona.

The secondary education undergraduate certificate is also available for students who have earned a bachelor's degree; this is considered a nondegree graduate pathway.

Program Requirements:

The certificate requires completion of 30 credit hours.

Required Courses -- 15 credit hours

- BLE 407: SEI for Secondary Students (L) (3)
- RDG 323: Literacy Processes in Content Areas (3)
- SED 322: Classroom Leadership in Secondary Schools (L) (3)
- SPE 417: Inclusion Practices at the Secondary Level (3)
- TEL 311: Instruction and Management in the Inclusive Classroom (3)

Methods Course (choose one) -- 3 credit hours

Please consult with MLFTC academic advisor to select appropriate subject methods course.

- BIO 480: Methods of Teaching Biology (3)
- CHM 480: Methods of Teaching Chemistry (3)
- ENG 480: Methods of Teaching English: Composition (L) (3)
- ENG 482: Methods of Teaching English: Language (L) (3)
- HST 480: Methods of Teaching History: Classroom Resources (3)
- MTE 482: Methods of Teaching Mathematics in Secondary School (3)
- MTE 485: Teaching Standards-Based Middle and High School Mathematics (3)
- PHY 480: Methods of Teaching Physics (3)
- SED 403: Secondary Principles, Curriculum and Methods (3)
- SED 480: Special Methods of Teaching Social Studies (3)
- SED 482: Science Teaching Methods for Secondary Schools (3)
- SES 480: Teaching Earth and Space Sciences (3)
- SLC 479: Introduction to Teaching Foreign Languages (3)

Required Clinical Experiences -- 12 credit hours

SED 396: Clinical Experience I or SED 398: Clinical Experience or SED 397: Clinical Experience II or SED 496: Clinical Experience III (1-3)

Notes: During your clinical experience internship(s) you will work alongside a lead teacher, in a 6-12th grade classroom.

SED 478: Student Teaching: Secondary Education (Grades 6-12) (11-12)

Notes: Your student teaching residency requires a full-time commitment in a 6-12th grade classroom for the semester. Degree requirements for a student's major must be completed prior to student teaching.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students interested in pursuing the secondary education certificate should be enrolled as a degree-seeking undergraduate student. This program is also available to students in the Phoenix area or Gila Valley area (Morenci) who have already completed a bachelor's degree and want to be certified to teach. Students interested in this option apply to ASU as a nondegree-seeking graduate student.

Students interested in this program should have content knowledge in one of the following areas, demonstrated by having a minimum of 24 credit hours in coursework for the major or a passing score on appropriate teacher certification exam: biology, business, chemistry, Chinese (Mandarin), earth and space science, economics, English, French, general science, geography, German, history, mathematics, physics, political science or Spanish.

Students should have a valid Arizona DPS Identity Verified Print fingerprint clearance card.

A GPA of 2.50 is required for progression into the final semester of student teaching. Students should contact the Mary Lou Fulton Teachers College for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The secondary education certificate prepares students for the high-demand, secure field of education.

Graduates who have combined the certificate in secondary education with their major program of study may become more marketable to employers. They often decide to pursue employment as a middle-school teacher, a high school teacher or an educator at a community-serving organization.

Security Studies Certificate (PPSCSCERT)

Campus: Downtown Phoenix

Description:

The security studies certificate program provides students with the skills and credentials necessary to expand their employment opportunities in corporate and public security.

Through the 24 credit hour curriculum, students receive extended education in transdisciplinary topics such as accounting, computer studies and information systems, and crime analysis and in advanced crime and law courses. Upon completion of this certificate, students are well equipped to have fluid conversations with professionals from different backgrounds about security, whether corporate or private.

Program Requirements:

Required Core Courses -- 12 credit hours

ACC 382: Accounting and Financial Analysis (3)
CIS 105: Computer Applications and Information Technology (CS) (3)
CRJ 201: Criminal Justice Crime Control Policies and Practices (3)
CRJ 419: Domestic Terrorism (3)

Select two courses from the following

-- 6 credit hours

CRJ 410: Criminal Procedure: The Law of Investigations (3)
CRJ 412: International Terrorism (3)
CRJ 450: Crime Analysis (3)
CRJ 463: White Collar Crime (3)
CRJ 464: Organized Crime (3)

Select one course from the following -- 3 credit hours

CIS 235: Introduction to Information Systems (3)
CPI 101: Introduction to Informatics (CS) (3)
CSE 100: Principles of Programming with C++ (CS) (3)
CSE 110: Principles of Programming (CS) (3)
CSE 180: Computer Literacy (CS) (3)

Select one course from the following -- 3 credit hours

CRJ 484: Internship (3)
LAW 480: The Law of Business Organizations (3)
LES 305: Business Law and Ethics for Managers (3)

A grade of "C" (2.00 on a 4.00 scale) or better is required for all coursework.

Bachelor of Science in criminology and criminal justice majors who are also pursuing the security studies certificate may not use CRJ 410, CRJ 412, CRJ 450, CRJ 463, CRJ 464, and CRJ 494 towards both their degree and certificate.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students should meet with an academic advisor from the School of Criminology and Criminal Justice to formally add the certificate to their degree plan.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of the security studies certificate program find a strong job market in the public and private sectors. Employment opportunities exist in supervisory and management positions in corporate and public security, as well as in criminal justice agencies (federal, state and local). Advanced degrees or certifications may be required for academic or clinical positions.

Small Business and Entrepreneurship Certificate (BASMBCERT)

Campus: Tempe

Description:

In the certificate program for small business and entrepreneurship, students learn how to launch their own business or work with small or startup operations. Course topics include small business, entrepreneurship and business plan development. Classroom work is complemented by frequent interaction with successful founders and leaders of entrepreneurial ventures.

Program Requirements:

The small business and entrepreneurship certificate requires 15 credit hours to complete. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

No more than six credit hours may be shared between the certificate and other degree programs, minors, and/or other certificates.

Required Courses -- 9 credit hours

ENT 305: Principles of Entrepreneurship (3)
ENT 360: Entrepreneurship and Value Creation (3)
ENT 441: Entrepreneurial Management (3)

Elective (choose one) -- 3 credit hours

ENT 446: Venture Capital Experience (3)
ENT 447: Lean Launch (3)
ENT 448: Corporate Entrepreneurship (3)
ENT 464: Collaborative Design Development I (L) (5)
ENT 465: Collaborative Design Development II (L) (5)
MKT 435: Entrepreneurial Marketing (3)
MKT 440: Creating Digital Experiences (3)

Small Business Elective (choose one) -- 3 credit hours

ACC 350: Internal Reporting (3)
ACC 430: Taxes and Business Decisions (3)
CIS 300: Web Design and Development (3)
CIS 308: Advanced Excel in Business (3)
CIS 309: Business Process Management (3)
CIS 315: Introduction to Business Data Analytics (3)
CIS 425: Web Technologies for the Enterprise (3)
CIS 440: Capstone in Information Systems (L) (3)
ECN 360: Economic Development (SB & G) (3)
ECN 410: Applied Regression Analysis and Forecasting (3)
ENT 340: Creativity and Innovation (L or HU) (3)
ENT 484: Internship or MGT 484: Internship (3)

FIN 361: Advanced Managerial Finance (3)
FIN 461: Financial Cases and Modeling (L) (3)
MGT 394: Women and Leadership in Business Today (3)
MGT 411: Leading Organizations (3)
MGT 430: Negotiations (3)
MGT 450: Consulting Projects (L) (3)
MKT 365: Advertising and Beyond: Customer-Centric Brand Development (3)
MKT 402: Consumer Behavior (3)
MKT 410: Sales Management (3)
SCM 344: Applied Logistics Management (3)
SCM 345: Logistics Management (3)
SCM 355: Supply Management (L) (3)
SCM 440: Quality Management/Measurement (3)
SCM 445: Advanced Logistics Management (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in small business and entrepreneurship is available only to business majors at ASU. Students majoring in business entrepreneurship or management (entrepreneurship) are not eligible to pursue this certificate. The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in small business and entrepreneurship helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in management or sales. Advanced degrees or certifications may be required for academic or clinical positions.

Social Science Research Methods Certificate (LASSRMCERT)

Campus: Tempe

Description:

The certificate program in social science research methods prepares students to acquire, manage and analyze a broad range of data on human thought and human behavior. Data can be qualitative (e.g., text, images, sound) or quantitative (e.g., direct observation, surveys, GIS).

Data acquisition skills may include the downloading and managing of information from online sources or the primary collection of data in surveys or by direct observation. A key feature of this program is a focus on data analysis so students are able to analyze any data they collect.

All students in this program demonstrate skills in statistical analysis plus skills in a selection of methods related to their interests.

Program Requirements:

The certificate requires 18 credit hours. A minimum of a "C" grade (2.00 on a 4.00 scale) in each course is required.

Required Course -- 3 credit hours

GIS 469 / SOC 469: Multivariate Statistics for Social Sciences or STP 452: Multivariate Statistics (3)

Electives (choose at least four courses for a minimum of 12 credit hours) -- 12 credit hours

ACO 100: All About Data: Design, Query, and Visualization (CS) (3)

ACT 435: Statistics for Risk Modeling (3)

ACT 450: Actuarial Models and Modeling I (3)

ALA 235: Introduction to Computer Modeling (CS) (3)

AML 253: Introduction to Mathematical Tools and Modeling for the Life and Social Sciences (3)

AML 441: Mathematical Concepts and Tools in Sustainability (3)

ASM 494: Models in Social Evolution (3)

STP 425: Stochastic Processes (3)

STP 429: Applied Regression (CS) (3)

STP 450: Nonparametric Statistics (3)

STP 460: Categorical Data Analysis (3)

TWC 301: Fundamentals of Writing for Digital Media (L) (3)

TWC 411: Principles of Visual Communication (L) (3)

Required Capstone Course -- 3 credit hours

ASB 499: Individualized Instruction or an equivalent capstone course approved by academic advisor (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The demand in the job market is for people with a skill set to solve complex problems. There is a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret large amounts of data to address these challenges.

Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- conducting postgraduate academic research
- consulting for private and public organizations
- directing nonprofit organizations
- directing programs in the private or public sector

Social Transformation Certificate (LASOTCERT)

Campus: Tempe

Description:

Students enrolled in the certificate program examine how varied communities have faced and solved the needs of social change. They consider how to apply what they have learned in identifying just solutions to the social problems currently facing society. The areas of focus include a variety of themes such as:

- civil rights movements
- democracy movements
- gender equality
- gender justice
- immigration
- labor movements

Program Requirements:

The certificate requires a minimum of 15 credit hours, of which at least 12 credit hours must be completed at the upper-division level. A minimum of 12 credit hours must be completed at ASU. Courses for the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Courses -- 6 credit hours

APA 220 / JUS 220 / SST 220: Introduction to Social Transformation (3)

SST 484: Internship or SST 499: Individualized Instruction (3)

Electives (Choose three) -- 9 credit hours

AFR 325 / JUS 326: Music as Political Discourse: Reggae, Calypso, and Hip Hop (HU & H & G) (3)

AFR 365 / WST 364: Unruly Voices: Black Women and Cultural Narratives (HU & C) (3)

AFR 420: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)
AFR 470: Women's International Human Rights (3)
APA 350: Inequality and Diversity in Education (L & C) (3)
COM 312: Communication, Conflict, and Negotiation (3)
COM 341: Social Contexts for Performance (3)
ENG 333: American Ethnic Literature (3)
ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
ENG 371: Rhetoric of the Environmental Movement (3)
HST 306: Studies in United States History (3)
HST 354: Revolutionary Europe (SB & H) (3)
JUS 320: Community and Social Justice (SB & C) (3)
JUS 321: Wealth Distribution and Poverty (SB & C) (3)
JUS 350: Immigration and Justice (SB & C) (3)
JUS 375: Justice and the Mass Media (SB) (3)
JUS 430: Social Protest, Conflict, and Change ((L or SB) & C) (3)
JUS 444: Environment and Justice (L & C) (3)
JUS 460: Feminism and Justice (C) (3)
JUS 497: Digital Activism (3)
NLM 410: Social Entrepreneurship (3)
PAF 305: Urban Governance (3)
REL 379: Religion, Nationalism, and Ethnic Conflict (HU & G) (3)
SOC 352: Social Change (SB & G & H) (3)
TCL 340: Chicana/o and Latina/o Politics and Policy (L & C) (3)
TCL 341: Latinas/os and the City (C) (3)
THP 482: Theatre for Social Change (C) (3)
WST 375: Women and Social Change (SB & C) (3)
WST 377: History of American Feminist Thought (H & C) (3)
WST 378: Global Feminist Theory (L & G) (3)
WST 380: Race, Gender, and Class (SB & C) (3)

Courses in addition to those in the list above may be used with the approval of an academic advisor in the School of Social Transformation. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in social transformation with their major program of study may become more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work.

Advanced degrees or certifications may be required for academic or clinical positions.

Socio-Legal Studies Certificate (LASLSTCERT)

Campus: Tempe

Description:

The distinction between law on the books and law in action, which refers to how people experience law in their everyday lives, is a cornerstone of the certificate program.

The undergraduate certificate program in socio-legal studies offers a model for educating and training students in the study of legal ideas, institutions and practices from the perspectives of the social sciences, law and the humanities.

Program Requirements:

Students must complete 15 credit hours with at least 12 credit hours completed at the upper-division level. A minimum grade of "C" (2.00 on a 4.00 scale) is required for a course to count toward the certificate.

Core Theory and Foundation Courses (choose two) -- 6 credit hours

- JUS 303: Justice Theory (L) (3)
- JUS 308: Courts and Society (3)
- JUS 360 / CRJ 350: Law and Social Control (SB) (3)
- JUS 410: Punishment: Logic and Approach (3)
- JUS 463: Discretionary Justice (SB) or CRJ 470: Discretionary Justice (L or SB) (3)
- JUS 465: Death Penalty in the United States (L) (3)
- PHI 307: Philosophy of Law (HU) (3)
- PHI 336: Social and Political Philosophy (HU) (3)
- PHI 408: Feminist Ethics (HU) (3)
- POS 315: The Supreme Court (SB) (3)
- POS 465: International Organization and Law (SB & G) (3)
- POS 471: Constitutional Law I (SB) (3)
- POS 472: Constitutional Law II (SB) (3)

Interdisciplinary Elective Component (choose three) -- 9 credit hours

Interdisciplinary electives must be taken from at least two different academic disciplines. Any course listed below may count towards this requirement. Other courses can be approved by the certificate program director.

- AFR 215: Bob Marley and Reggae: Lyrics of Resistance (HU & G) (3)
- AFR 301 / JUS 300: Race and Racism in Africa/African Diaspora (SB & G) (3)
- AFR 304 / JUS 304: Islands of Globalization: Caribbean Politics and Political Economy (SB & G & H) (3)
- AFR 420 / JUS 421: Race Ethnicity and Politics in the African Diaspora (SB & G) (3)
- AFR 428 / JUS 428 / APA 428 / SST 428: Critical Race Theory (3)
- CRJ 305: Gender, Crime, and Criminal Justice (C) (3)
- CRJ 306: Race, Ethnicity, Crime, and Criminal Justice (C) (3)
- JUS 329: Domestic Violence (SB) (3)
- JUS 350: Immigration and Justice (SB & C) (3)
- JUS 374: The Holocaust, Genocide, and Human Rights (3)
- JUS 422 / WST 422: Women, Law, and Social Control (3)
- JUS 425: Race, Gender, and Justice ((L or SB) & C) (3)
- JUS 430: Social Protest, Conflict, and Change ((L or SB) & C) (3)
- JUS 432: Racial Justice (L) (3)
- JUS 467: Terrorism, War, and Justice (SB) (3)
- JUS 469: Political Deviance and the Law ((L or SB) & C) (3)
- JUS 470: Alternative Dispute Resolution (L & C) (3)
- JUS 484: Internship (3)
- JUS 498: Pro-Seminar (3)
- POS 370: Law and Society (SB) (3)
- POS 470: Law and the Political Order (SB) (3)
- PSY 468: Psychology and Law (3)
- SOC 340: The Sociology of Deviance (SB) (3)
- SOC 445: Globalization, Development, and Resistance (SB & G) (3)
- TCL 335 / HST 323 / AFR 335: Historical Studies in Race, Crime, and the Law (3)
- TCL 340: Chicana/o and Latina/o Politics and Policy (L & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students who have attained sophomore standing (30 credit hours) in any undergraduate degree program at ASU are eligible for admission to the certificate program for socio-legal studies. There is no formal admission procedure, but students should contact the certificate program director or an academic advisor in the School of Social Transformation as soon as they decide to pursue the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in socio-legal studies with their major program of study may be more marketable to employers. They often decide to pursue employment in law, education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

Spanish for the Professions Certificate (LSSPPRFCER)

Campus: Downtown Phoenix

Description:

The series of courses in this 18-credit hour certificate program helps students hone Spanish communication skills and cultural knowledge so they may serve the needs of the U.S. Latino and Latin American communities in professional settings.

The combination of professionally focused courses and practical experience in this program enhances students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S. Latino and Latin American cultures.

Program Requirements:

The Spanish for the professions certificate requires a total of 18 credit hours.

Prerequisite: SPA 314 or SPA 316 or SPA 317 or permission of instructor.

A grade of "C" (2.00 on a 4.00 scale) or better is required for all courses. Pass/Fail courses cannot be used.

Required Courses -- 12 credit hours

SPA 317: Spanish for the Professions (G) (3)

SPA 404: Spanish in U. S. Professional Communities ((L or HU) & C) (3)

SPA 405: Latino Cultural Perspectives for the Professions ((L or HU) & C & G) (3)

SPA 484: Internship (3)

Notes: A minimum of 12 credit hours completed in this certificate and permission of the director of the Spanish for the Professions certificate is required to enroll.

Elective Courses (choose two) -- 6 credit hours

SPA 318: Advanced Spanish for Health Care Professionals (3)

SPA 401: Spanish Oral Communication for the Professions (3)

Notes: Recommended for journalism majors.

SPA 402: Written Communication for the Professions (3)

Notes: Recommended for journalism majors.

SPA 403: Spanish Grammar and Stylistics for the Professions (3)

Notes: Recommended for journalism majors.

SPA 406: Introduction to Spanish/English Medical Interpretation (3)

SPA 494: Introduction to Spanish Translation for the Profes (3)

Notes: Recommended for journalism majors.

SPA 494: Latino/Lat. Amer. Film: Ethical Discus. for Profes (3)

SPA 494: Markets Migrants and Work Case Studies for Profess (3)

SPA Upper Division Elective (3)

Students should complete a minimum of 12 credit hours in the certificate and seek instructor approval before enrolling in SPA 484. Email CISA@asu.edu for instructor approval.

For additional upper division electives consult your academic advisor.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The prerequisites for this certificate are SPA 314 Spanish Conversation and Composition or SPA 316 Advanced Spanish II for Bilinguals or by permission of the instructor.

For additional information and to add the certificate, students should visit the college's website.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in Spanish for the professions helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in:

- business
- community interpretation
- education
- engineering and urban planning
- government
- health care services
- legal and justice systems
- social work
- tourism

Students can find a comprehensive list of career opportunities at <https://cisa.asu.edu/spanish-and-spanish-professions> (<https://cisa.asu.edu/spanish-and-spanish-professions>).

Special Events Management Certificate (HSRTMUERT)

Campus: Downtown Phoenix

Description:

The special events management certificate is a career enhancement program offered to students currently pursuing a bachelor's degree in any major at ASU or nondegree-seeking students who already have a degree from an accredited university in any major.

The certificate requires 18 credit hours or required core courses. Courses taken as part of certain university majors may count as credits toward that degree and the certificate. This program is designed to give students hands-on event planning experience, behind-the-scenes understanding of how modern-day events are managed, and confidence in planning various components of events, including food and beverage, operations, safety and security, production, technology, protocol, revenue generation and more.

Program Requirements:

The certificate requires 18 credit hours: 15 credit hours of required core courses and three credit hours of electives. Courses taken as part of a university major may count toward that degree and the certificate. To earn the certificate, students must complete all coursework in the certificate with a minimum grade of "C" (2.00 on a 4.00 scale) or better. An application to the program is required.

Required Core Courses -- 15 credit hours

PRM 145: Special Events Management (3)

Notes: Must take this course first, as prerequisite for the following required courses.

PRM 350: Tourism, Recreation and Sports Marketing (3)

PRM 422: Special Event Technology and Production (3)

Notes: Offered spring semester only

PRM 423: Special Event Operations (3)

Notes: Offered fall semester only

PRM 427: Where's the Money: Special Event Revenue Generation (3)

Notes: Offered fall semester only

Elective Course (select one) -- 3 credit hours

CRD 301: Sustainable Communities (3)

NLM 220: Introduction to Nonprofit Organizations (3)

NLM 310: Volunteer Management (3)

PRM 470: Environmental Communication (3)

Notes: Offered spring semester only

PRM 475: Entrepreneurial Recreation and Tourism (3)

PRM 487: Advanced Special Events Management (3)

Notes: Offered spring semester only

TDM 205: Introduction to Travel and Tourism (G) (3)

TDM 345: Meeting and Convention Planning (3)

TDM 448: Heritage and Cultural Tourism (3)

Standards

1. 18 hours of graded classroom coursework (no internship, no independent study)
2. minimum of a "C" (2.00 on a 4.00 scale) grade required for all courses in the certificate
3. minimum GPA of 2.00 for those pursuing the certificate
4. should be a junior to take 400-level courses

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This certificate offers numerous career opportunities such as organizing and managing festivals and sport events and working for a destination marketing organization such as a convention and visitors bureau as a sales coordinator. Students can work as wedding planners and coordinators, meeting planners, corporate event managers, exhibition coordinators, or as an event-sales coordinator and event sales manager at a hotel or a resort.

Speech-Language Pathology Assistant Certificate (LASLPACERT)

Campus: Tempe

Description:

The speech-language pathology assistant certificate program prepares students to work with people with communication disorders.

Students majoring in speech and hearing science and those who have a bachelor's degree in speech and hearing science receive additional coursework and clinical training enabling them to become eligible for speech-language pathology assistant licensure.

The certificate program meets the American Speech-Language-Hearing Association's recommendations and Arizona's requirements for speech-language pathology assistant licensure.

Program Requirements:

The speech-language pathology assistant certificate program includes 15 credit hours of coursework and a clinical internship completed in conjunction with the bachelor's degree in speech and hearing science.

Twelve of the 15 credit hours for the certificate must be completed at ASU. A minimum grade of "B-" (scale is 4.00 = "A") is required for a course to count toward the certificate.

Required Courses -- 15 credit hours

SHS 402: Clinical Methods and Treatment of Communication Disorders (3)

SHS 470: Developmental Speech and Language Disorders or SHS 485: Acquired Speech and Language Disorders or SHS 565: Speech and Language Acquisition (3)

SHS 473: Implementation of Treatment Plans for Individuals with Communication Disorders (3)

SHS 483: Professional Issues and Ethical Considerations for the SLPA (3)

SHS 484: SLPA Certificate (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students who have completed at least nine credit hours in speech and hearing science coursework with a minimum GPA of 2.75 (scale is 4.00 = "A") in those courses are eligible to apply. Applications are accepted from students who have completed a bachelor's degree in speech and hearing science or communication disorders from a program accredited by the American Speech-Language-Hearing Association, providing their GPA in the major was at least 2.75.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a non-degree seeking graduate student.

Career Opportunities:

Graduates with the speech-language pathology certificate are prepared to work in the field of communication disorders under the direction and supervision of a speech-language pathologist. Speech-language pathology assistants typically are employed in schools, clinics and rehabilitation agencies that provide speech and language services.

Coursework and clinical training completed as part of the program also enhances preparation for graduate programs in speech language pathology.

Sports Business Certificate (BASPBCERT)

Campus: Tempe

Description:

The certificate in sports business has an innovative curriculum designed for students seeking a BS in the W. P. Carey School of Business who are interested in deepening their knowledge in the sports business domain. Particular attention is given to providing a foundation in marketing and sales as it is applied to the sports business discipline. The certificate program prepares students for success by complementing coursework from a degree program with specialized business knowledge in the sports business area of interest.

Program Requirements:

The sports business certificate requires 15 credit hours to complete. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or better.

A "C" (2.00 on a 4.00 scale) or better is required in all coursework.

Required Course -- 3 credit hours

MKT 311: Sports Business (3)

Choose at least two of the following courses -- 6 credit hours

MKT 441: Sports Revenue Generation (3)

MKT 451: Sports Business Analytics (3)

MKT 484: Internship or MKT 493: Honors Thesis (L) (3)

Choose no more than two of the following courses -- 6 credit hours

MKT 370: Professional Sales and Relationship Management (3)

MKT 410: Sales Management (3)

MKT 431: Sports Events and Facility Management (3)

MKT 435: Entrepreneurial Marketing (3)

MKT 442: Services Marketing Strategy (3)

MKT 484: Internship or MKT 493: Honors Thesis (L) (3)

MKT 494: Special Topics (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Prerequisites: This program is available to W. P. Carey Bachelor of Science degree program students with a 2.50 cumulative ASU GPA and 56 earned credit hours. Students must have completed MKT 300, MKT 302 or MKT 303 with a grade of "C" (2.00 on a 4.00 scale) or better.

The certificate application is accessed and submitted through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

No more than six credit hours may be shared between certificate and other degree programs, minors, or other certificates.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students who combine the certificate in sports business with their major program of study may become more marketable to employers.

Students who complete this undergraduate certificate often decide to pursue employment in marketing, sales or management. Advanced degrees or certifications may be required for academic or clinical positions.

Sports, Cultures and Ethics Certificate (LASPCECERT)

Campus: Tempe

Description:

The certificate program in sports, cultures and ethics is a cross-disciplinary inquiry into the social, ethical and cultural influence of sports in society.

Courses explore the significance of sports in modern history, including relationships between sports and identity, community, politics, media, business and education. Students analyze the ethical and philosophical issues of participating in and watching sports. Students also explore how playing fields become places of connection and conflict, expanding opportunities or reinforcing inequalities based on race, gender, sexuality, religion and socioeconomic class.

Students completing the certificate have knowledge and understanding of the multifaceted nature of sports and its wide-ranging impact on cultures and lives.

Program Requirements:

The certificate in sports, cultures and ethics requires a minimum of 18 credit hours, of which at least 12 must be upper-division. At least six upper-division hours must be in courses offered by The College of Liberal Arts and Sciences. All courses for the certificate must be passed with a minimum grade of "C" (2.00 on a 4.00 scale).

Required Courses -- 6 credit hours

AFR 375: Race, Gender and Sport (SB & C) or HST 377: Sports in United States History ((HU or SB) & H) (3)

PHI 370: Sports Ethics (HU) (3)

Electives (choose four) -- 12 credit hours

At least six credit hours must be upper-division. AFR 375 or HST 377 may be used as an elective if not used as a required sports culture course.

AFR 375: Race, Gender and Sport (SB & C) (3)

ASB 252: Sports and Culture (SB & G) (3)

COM 394 / SBS 394 / SOC 394: Soccer: The Global Game (3)

COM 477: Sport, Culture, and Discourses (3)

CSM 335 / PRM 335: Sports and Recreation for Youth Development (3)

FMS 377: Baseball, Film, and American Dreams (3)

HST 214 / SLC 214: The World's Game: History and Culture of Soccer (3)

HST 302: History of the Olympic Movement (3)

HST 306: History of Baseball (3)

HST 377: Sports in United States History ((HU or SB) & H) (3)

HST 379: History of College Sports (3)

HST 494 / MCO 494 / TGM 494: Sport and Globalization (3)

NEW 300: International Cities Barcelona (3)

PHI 394: Philosophy of Sport (3)

REL 383 / ASB 383: Religion and Sports (HU) (3)

Additional courses related to sports, cultures and ethics that are not on the elective list may be used with the approval of the certificate directors. Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies to declare the certificate.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students who combine the certificate in sports, cultures and ethics with their major program of study may become more marketable to employers.

Many often decide to pursue employment in sports business, sports journalism, sports law, education, coaching, and the sports sciences. Advanced degrees or certifications may be required for academic or clinical positions.

Sustainable Food Systems Certificate (SUFSUCERT)

Campus: Tempe

Description:

Food systems are particularly important for human societies to sustain; however, these systems are particularly vulnerable to multiple threats. Many students from a wide variety of disciplines are interested in food systems, especially as food and sustainability become increasingly relevant issues to employers in fields across the public and private sectors.

This certificate program in sustainable food systems allows students to take advantage of the diversity of courses offered that address challenges to food system sustainability. It encourages students to cover a breadth of topics and perspectives related to food system issues while providing the opportunity to focus on particular skills and approaches suitable for their career paths, which can range from agriculture to marketing and retail to policy or ethics. This program offers an innovative and exciting approach to the challenges of food system sustainability.

Due to the transdisciplinary nature of the certificate program, many courses may be found across all four ASU campuses, allowing students to choose both the focus area and location of study that best fit their needs.

The knowledge, competencies and skills students have upon completion of this certificate include the ability to identify food system drivers, activities, actors and outcomes at different spatial scales and the capacity to assess the primary social, economic and environmental drivers and outcomes associated with food system sustainability challenges.

Students also acquire the ability to apply one or more of the following analytical skills or approaches to the development of food system sustainability solutions: cultural and social analysis, alternative agricultural design and practice, analysis of biophysical processes and environmental services, urban planning and policy, marketing and entrepreneurial development, sustainability assessment, and consumer preference and behavior.

Program Requirements:

The certificate in sustainable food systems consists of 15 credit hours, at least 12 of which must be upper-division.

All courses must be completed with a minimum grade of C (2.0 on a 4.0 scale), however, an overall average GPA of 2.5 or higher is required for courses completed for the certificate.

Required Course -- 3 credit hours

SOS 117: Food System Sustainability (3)

Elective Courses -- 12 credit hours

Students must choose four electives. A minimum of two courses must be selected from tier 1 core electives and no more than two courses from the same prefix across both tiers 1 and 2 should be selected.

Tier 1 - Core Electives (choose at least two)

AGB 302: International Management and Agribusiness (G) (3)

AGB 414: Food and Agribusiness Policy Issues (L) (3)

AGB 456: Food Product Innovation and Development (3)

ASB 300: Food and Culture ((L or SB) & C) (3)

ASB 463: Political Ecology of the Border (SB & G) (3)

BIO 429: Human Impacts on Ecosystem Functioning (3)

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)

GPH 314: Global Change (HU & G) (3)

ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)

NTR 353: Perspectives on the Western Diet: Food, Health and Sustainability (3)

PLB 302: Plants and Civilization (L) (3)

PUP 498: Urban Food Systems (3)

SOS 327: Sustainable Food and Farms (3)

Tier 2 - Electives

ABS 368: Plant Propagation (3)

ABS 464: Desert Horticulture (3)

AGB 302: International Management and Agribusiness (G) (3)

AGB 321: Agribusiness Marketing (3)

AGB 414: Food and Agribusiness Policy Issues (L) (3)

AGB 420: Food Advertising and Promotion (3)

AGB 452: Global Food and Agricultural Trade (3)

AGB 456: Food Product Innovation and Development (3)

AIS 494: American Indian Food Justice and Sovereignty (3)

ASB 300: Food and Culture ((L or SB) & C) (3)

ASB 305: Poverty and Global Health ((L or SB) & G) (3)

ASB 463 / TCL 443: Political Ecology of the Border (SB & G) (3)

ASB 464 / TCL 444: The Ethnography of Mexico and the Borderlands (SB & G) (3)

BIO 311: Biology and Society (3)

BIO 324: Environmental Ethics (HU) (3)

BIO 418: Soil Ecology (3)

BIO 434: People and Nature: Ecosystem Services (3)

ENG 367: Environmental Issues in Literature and Film (L or HU) (3)
GPH 314: Global Change (HU & G) (3)
ITA 350: Food and Culture: The Mediterranean Lifestyle in Italy (3)
NTR 348: Cultural Aspects of Food (SB & C & G) (3)
NTR 353: Perspectives on the Western Diet: Food, Health and Sustainability (3)
NTR 448: Community Nutrition (L) (3)
PLB 302: Plants and Civilization (L) (3)
PUP 498: Urban Food Systems (3)
SOS 309 / HST 308 / PHI 322: History and Philosophy of Sustainability (3)
SOS 322: International Development and Sustainability (3)
SOS 327: Sustainable Food and Farms (3)
SOS 370 / ASB 370: Ethics of Eating (L or SB) (3)
SOS 374 / GLG 327: Earth's Critical Zone (3)
SOS 429 / BIO 429: Human Impacts on Ecosystem Functioning (3)
SOS 456: Human Rights and Sustainability ((L or SB) & G) (3)
SOS 498: Sustainable Neighborhoods for Happiness (L) (3)
TCL 394: Health Policy in a Transborder Context (3)

Electives are not limited to courses from this list only. Other courses on food systems may be offered (special topics, etc.). Students may request to have those approved as an elective for this certificate by submitting a School of Sustainability petition:

https://students.asu.edu/College_Standards_Petitions (https://students.asu.edu/College_Standards_Petitions)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to declare a certificate in sustainable food systems should make an appointment with a College of Global Futures advisor.

Advising is by appointment only, and students must schedule an advising appointment through the College of Global Futures advising website:

<https://collegeofglobalfutures.asu.edu/advising> (<https://collegeofglobalfutures.asu.edu/advising>).

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates of this program can pair the certificate with a variety of bachelor's degrees to enhance career opportunities related to food. Sustainable food systems knowledge complements any career path whether it's in business, technology, science, education or government. Incorporating sustainable food systems into existing or future education endeavors helps to bring forth positive change in a variety of sectors including agriculture, consumer goods, public health and education.

A sustainable food systems certificate helps graduates stand out in a sea of job applicants, and the skill sets are applicable to any career.

cgfadvising@asu.edu

480-727-6963

Symbolic, Cognitive and Linguistic Systems Certificate (LAPHICERT)

Campus: Tempe

Description:

The symbolic, cognitive and linguistic systems certificate program takes a transdisciplinary approach to the symbolic representation and processing of information in human cognition; natural languages; and formal mathematical, logical and computing systems.

Coursework covers three areas: human cognition and theories of mind, philosophy of language and linguistics, and computing and logic.

Program Requirements:

The certificate requires 18 credit hours, of which at least 12 must be upper-division. At least six upper-division credit hours must be taken through The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for all courses used toward the certificate.

Required Course (choose one) -- 3 credit hours

- CSE 110: Principles of Programming (CS) (3)
- CSE 205: Object-Oriented Programming and Data Structures (CS) (3)
- CSE 240: Introduction to Programming Languages (3)

Upper Division Philosophy Course (choose one) -- 3 credit hours

- PHI 313: Probability, Evidence, and Decision (3)
- PHI 319: Philosophy, Computing and Artificial Intelligence (CS) (3)
- PHI 330: Theory of Knowledge (HU) (3)
- PHI 331: Philosophy of Language (HU) (3)
- PHI 333: Symbolic Logic (3)
- PHI 334: Philosophy of Mind (HU) (3)
- PHI 401: Rationalism (3)
- PHI 402: Empiricism (HU) (3)
- PHI 413: Advanced Symbolic Logic (3)

Electives -- 12 credit hours

Elective (3)

Upper Division Electives (9)

Students must complete at least one course each from the cognitive, linguistic and symbolic systems course lists below to earn the certificate. The required CSE course above also satisfies the requirement for a symbolic systems course, but students must cover the other two categories within the electives and upper division PHI course requirement. Once all three categories are satisfied, students may choose any courses from the cognitive, linguistic and symbolic systems lists for the remaining electives.

Cognitive Systems

- PHI 313: Probability, Evidence, and Decision (3)
- PHI 330: Theory of Knowledge (HU) (3)

With the approval of the director of undergraduate studies, students may substitute one course not on the approved course lists. Please obtain approval prior to enrolling in any course not on the approved list.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

To declare the certificate, students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate.

The certificate program in symbolic, cognitive and linguistic systems helps students become more marketable to employers by developing their analytical and reasoning skills, particularly reasoning with computer programming languages and other symbolic systems.

Students who complete this undergraduate certificate often decide to pursue employment in business, engineering, information systems or psychology. Advanced degrees or certifications may be required for academic or clinical positions.

Teaching English to Speakers of Other Languages (TESOL) Certificate (LATESLCERT)

Campus: Tempe

Description:

The undergraduate certificate program in teaching English to speakers of other languages consists of a coherent set of courses that provides students with the skills necessary to teach English as a foreign language.

This certificate does not certify students to teach in Arizona public schools (K-12).

Program Requirements:

The certificate program in teaching English as a second language requires a minimum of 18 credit hours, of which 12 must be completed at the upper-division level. At least six credit hours must be completed from courses offered by The College of Liberal Arts and Sciences. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Core -- 6 credit hours

ENG 213: Introduction to the Study of Language (3)

ENG 484: TESOL Internship (3)

Theory/Methods -- 6 credit hours

ENG 404: Studies in Second Language Acquisition (6)

Notes: ENG 404 is repeatable for credit and must be completed twice.

Linguistics Electives -- 6 credit hours

Choose one course from each group below.

Group 1:

ENG 403: Semantics (3)

ENG 404: Studies in Second Language Acquisition (3)

ENG 414: Studies in Linguistics (3)

Group 2:

ENG 214: English Grammar and Usage (3)

ENG 312: English in its Social Setting (L or HU or SB) (3)

ENG 313: Phonology and Morphology (3)

ENG 314: Modern Grammar (3)

ENG 413: History of English Language (HU) (3)

Course substitutions may be used with approval of an academic advisor in the Department of English before enrollment.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

For more information about the TESOL certificate, students should contact an advisor in the Department of English.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

The TESOL certificate is useful for students interested in careers in this increasingly important field. It also serves as excellent preparation for students wishing to pursue graduate studies in the Master of Teaching English to Speakers of Other Languages program at ASU or in a similar program at another institution.

Students who combine this TESOL certificate with their major program of study may become more marketable to employers.

Students who complete this undergraduate certificate often decide to pursue employment in teaching abroad. Advanced degrees or certifications may be required for academic or clinical positions.

Transformation and Change Certificate (ASTNCHCERT)

Campus: West

Description:

The certificate program in transformation and change provides students with a broad but integrated intellectual experience that gives tangible meaning to the concept of transformation. By focusing coursework on a thematic approach, students work to understand the dynamics of transformation through the lenses of several disciplinary and interdisciplinary orientations, giving an elevated degree of depth and breadth to their overall educational experience.

Students conclude their program through participation in a signature experience course, formally bringing their interrelated courses together. The certificate recognizes students' participation in, and completion of, an innovative approach to General Studies coursework highlighting transformation and change as an area of expertise.

Program Requirements:

The certificate in transformation and change requires 18 credit hours (at least 12 must be upper-division). A minimum of six of the 18 credit hours must be taken through courses offered by the New College of Interdisciplinary Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Translation Certificate (LASPACERT)

Campus: Tempe

Description:

The translation certificate program focuses on Spanish and English.

The curriculum provides competence in translation, awareness of the different approaches, an introduction into the main professional areas, and an overview of the requirements for further certification in the desired area or areas of translation expertise: legal, medical, business and technical.

Program Requirements:

The certificate program requires a minimum of 15 credit hours. At least 12 credit hours must be completed at the upper-division level. A grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses.

Students are expected to have taken prerequisite courses ENG 301 and SPA 412. However, ENG 301 and SPA 412 may be completed in the first semester after admission to the program.

Required Translation Theory Course -- 3 credit hours

SLC 401 / SPA 440: Translation Theory and Practice (3)

Required Applied Translation Courses -- 9 credit hours

Students should consult with an academic advisor in the School of International Letters and Cultures and plan their studies accordingly.

SLC 481 / SPA 441: Technical and Scientific Translation (3)

SLC 482 / SPA 442: Business and Financial Translation (3)

SLC 485 / SPA 443: Translation of Legal Texts or SLC 486 / SPA 444: Medical Translation (3)

Internship Requirement -- 3 credit hours

Students must complete all required courses before enrolling for an internship. Students must complete 135 on-site internship hours to earn three credit hours in SLC 484.

SLC 484: Internship (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Since entry into the field of professional translation is gained through work, cultural experience and examination, the entrance requirements to this certificate program include a written proficiency examination in both the source and receptor languages at the level of completion of an advanced composition course in Spanish (SPA 412) and English (ENG 301).

Extensive work experience using Spanish and English or demonstrated bilingual writing competence in English and Spanish is also required.

Students should contact an academic advisor in the school for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students who combine the certificate in translation with their major program of study may become more marketable to employers.

Students who complete this undergraduate certificate along with their major often decide to pursue employment in education, the legal field, medical field, tourism and hospitality or marketing.

Veterans, Society and Service Certificate (LAVSSCERT)

Campus: Tempe, Online

Description:

This certificate program in veterans, society and service explores the history, representations, experiences and culture of military service and veterans.

Students study the veteran community from an interdisciplinary approach that combines history, politics, business, journalism, psychology, law, sociology and the arts through the intersectional lenses of gender, race, ethnicity and national identity. This program trains students to listen to,

learn from, serve, research and advocate for veterans and their families.

Future professionals and current employees at government agencies, health provider organizations, nonprofit organizations and media industries can benefit from this multifaceted certificate program.

Program Requirements:

The certificate requires a minimum of 18 credit hours, of which at least 12 must be completed at the upper-division level and 12 must be completed at ASU. All courses must be completed with a grade of C (2.00 on a 4.00 scale) or higher.

Required Courses -- 9 credit hours

- VTS 301: Veterans, Society and Service: Experience of America's Modern Wars (3)
- VTS 302: Representations and Self-Representations of Veterans in the Media and the Arts (3)
- VTS 402: Undergraduate Research or COM 308: Advanced Research Methods in Communication (L) (3)

Electives (choose two) -- 6 credit hours

- AES 103: Air Force Today II (2)
- AES 203: The Evolution of USAF Air and Space Power II (2)
- AFR 494: Black Military History (3)
- ARS 102: Art from Renaissance to Modernism (HU & H) (3)
- ARS 498: Art and Cold War Cultures (L) (3)
- COM 263: Elements of Intercultural Communication (SB & C & G) (3)
- COM 420: Rhetoric and Community Advocacy (3)
- CRD 210: Community Services and Professions (3)
- DSC 101: Design Awareness (HU & G) (3)
- DSC 394: Design Entrepreneurship & Society (3)
- ECN 416: Game Theory and Economic Behavior (3)
- ENG 333: American Jewish Literature during the Cold War (3)
- ENT 360: Entrepreneurship and Value Creation (3)
- FAS 410: Military Family Systems in a Democracy (3)
- FIS 494: How to Make the Future (3)
- FMS 427: Identity and World Film (C) (3)
- FSE 301: Entrepreneurship and Value Creation (3)
- GRK 346 / HST 346 / SLC 346: Ancient Greece II: Late Classical and Hellenistic Period (SB & H) (3)
- HST 204: Historical Themes in the US (3)
- HST 302: War and Political Thought (3)
- HST 302: Women, War and Peace (3)
- HST 306: World War II (3)
- HST 340: American Military History (SB & H) (3)
- HST 355: Total War and the Crisis of Modernity (SB & G & H) (3)
- HST 372: Modern Middle East (SB & G & H) (3)
- HST 456: The Vietnam War (SB & G & H) (3)
- IAP 307: Art and War (HU & G) (3)
- JMC 325: Breaking News Multimedia Reporting (3)
- JMC 437: Documentary Production (3)
- JMC 487: Howard Center for Investigative Journalism (3)
- JST 346: Israeli Wars in Israeli Movies (HU & G) (3)
- MCO 494: War and Media (3)
- MIS 102: Foundation of Agile and Adaptive Leadership (4)
- MIS 302: Applied Leadership in Small-Unit Operations (L) (4)
- MIS 394: Ranger Challenge Experience (3)
- NAV 102: Sea Power and Maritime Affairs (3)
- OGL 300: Theory and Practice of Leadership (3)
- OGL 350: Diversity and Organizations (L & C) (3)
- PAF 112: Identity, Service and American Democracy (SB & C) (3)
- PAF 200: Public Service and Policy in the 21st Century (3)
- PAF 302: Public Service Research Methods (3)
- POS 378 / REL 378: Religion, War and Peace (L) (3)
- SGS 394: Gender and Armed Conflict (3)
- SOC 352: Social Change (SB & G & H) (3)

Other courses that complement the student's individual course of study may be completed with prior approval of the academic advisor.

Internship -- 3 credit hours

VTS 484: Internship (3)

All students must complete an internship.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/veteran-service/>)

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in veterans, society and service helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment as health care social workers, social and community service managers or community health workers. Advanced degrees or certifications may be required for academic or clinical positions.

Water Resources Certificate (LAWATRCERT)

Campus: Tempe

Description:

The certificate program in water resources covers topics related to hydrologic science and their application to water resources management. The sequence of classes offered through the certificate program build from a foundation in geological sciences up to water policy and design aspects of hydrology, as selected by the student.

Program Requirements:

The certificate requires a minimum of 16 credit hours. At least 12 credit hours must be completed in upper-division coursework and at least nine credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by The College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Required Courses -- 10 credit hours

GLG 108 / SOS 182: Water Planet (SQ) (4)

GLG 327 / SOS 374: Earth's Critical Zone (3)

GLG 470: Hydrogeology (3)

Electives (choose two) -- 6 credit hours

CEE 441: Water Resources Engineering (3)

GLG 325 / BIO 325 / CHM 385: Oceanography (3)

GLG 362: Geomorphology (3)

GLG 471: Hydrology (3)

GLG 481: Geochemistry (3)

SOS 433: Sustainable Water Use (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Career Opportunities:

With the job outlook for water resources increasing at a rate faster than other job averages (more than 11% by 2024, U.S. B.L.S.), the demand for individuals with industry-specific skills is clear.

Students who earn a certificate in water resources can advance their career opportunities and become more marketable to employers. Exciting career opportunities in this field exist within government agencies, private sector consulting, engineering firms and nonprofit organizations, though most career areas do require more training than a certificate alone can provide.

Career opportunities include:

- hydrologist
- soil and water conservationist
- water or wastewater engineer
- water resources technician

Sample career settings include:

- environmental industry
- governmental agencies
- nongovernmental organizations
- nonprofit organizations
- regulatory agencies
- utilities

Wildlife Management Certificate (LSWLMCERT)

Campus: Polytechnic

Description:

The undergraduate wildlife management certificate is for students interested in biology, conservation, sustainability and management of natural resources. Students gain application-based and hands-on experience in the field and engage with wildlife professionals.

Program Requirements:

This certificate requires 22 credit hours. A grade of "C" (2.00 on a 4.00 scale) or better is required in each course.

Required Courses -- 13 credit hours

- ABS 274: Introduction to Wildlife Management (4)
- ABS 376: Wildlife Ecology (3)
- ABS 475: Habitat Management for Small Wildlife (3)
- ABS 476: Big Game Habitat Management (3)

Elective Courses (choose three) -- 9 credit hours

- ABS 377: International Wildlife Conservation (3)
- ABS 380: Restoration and Wildlife Plants (3)
- ABS 384: Natural Resources Measurements (3)
- ABS 470: Life History of Mammals (3)
- ABS 472: Applied Herpetology (3)

ABS 473: Applied Ornithology (3)
ABS 485: GIS in Natural Resources (3)
ABS 486: Introduction to Remote Sensing (4)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students interested in pursuing the certificate should speak with an academic advisor in the College of Integrative Sciences and Arts.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. This certificate may give a hiring edge, through requisite knowledge and skills, to students who want to pursue employment in the growing number of environmental careers offered by state and federal agencies (e.g., Arizona Game and Fish Department, U.S. Forest Service, U.S. Geological Survey, U.S. Bureau of Land Management) and nongovernmental organizations in areas of fish and wildlife management, range management or as biological technicians.

Advanced degrees or certifications may be required for academic or clinical positions.

Women and Gender Studies Certificate (ASWSTCERT)

Campus: West

Description:

The certificate program in women and gender studies examines the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The program combines interdisciplinary topics and methods to critically analyze, unpack and address how relations of gender are embedded in and connected to social, political and cultural transformations. The intellectual core draws from theories, methods and teachings in women and gender studies while engaging complementary fields of social justice, cultural studies, sexuality studies, queer studies, literature, history, sociology, psychology, oral history, ethnicity, race and indigenous studies, and transnational studies.

Program Requirements:

The certificate in women and gender studies consists of 18 credit hours. A minimum of 12 credit hours must be upper division. Six upper-division credit hours must be taken through courses offered by the School of Humanities, Arts and Cultural Studies. Courses should be chosen in consultation with an academic advisor prior to enrollment. All courses used to satisfy requirements for the certificate must be passed with a "C" (2.00) or better.

Core Requirements -- 6 credit hours

HRC 200: Introduction to Social and Cultural Analysis (SB & C) (3)

WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Electives (choose from the following) -- 12 credit hours

Courses used for Core Requirements cannot also be used to satisfy the Elective Requirements.

ENG 443 / WST 415: Gender, Culture and Literacy (3)

ENG 454: Gender and Literature (L or HU) (3)

HST 328: Women in U.S. History, 1880-1980 ((HU or SB) & C & H) (3)

WST 220: Gender, Media and Culture (HU & C) (3)

WST 333: Critical Perspectives on Sexuality (SB & C) (3)

WST 341: Latin American Women Writers (3)
WST 370: Chronicling Women's Lives (HU & C) (3)
WST 376: Feminist Theory (H & C) (3)
WST 380: Race, Gender, and Class (SB & C) (3)
WST 390 / REL 390: Women, Gender and Religion (HU & G) (3)
WST 428: Gender, Madness and Justice (SB) (3)
WST 430: Gender on the Borderlands (SB & G) (3)
WST 433 / ETH 433: Race and Sexualities in Social Justice Movements (3)
WST 444: Gender, Health, and Bodies (SB) (3)
WST 449: Hate Speech, Manifestos, and Radical Writings (SB & C) (3)
WST 457: Women, Cultures, and Societies (SB & G) (3)
WST 469: Abject Bodies and the Politics of Trash (SB & C) (3)
WST 473: Indigenous and Latina/Chicana Representation (SB & C) (3)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and the required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

This program prepares students for graduate study or a variety of fields including business, health care, criminal justice, social services, education, public relations, nonprofits, community development, public policy and government. Possible careers include community health workers, secondary school teachers, human resource managers, probation officers, social and community service managers, writers or academia.

Women and Gender Studies Certificate (LAWSTCERT)

Campus: Tempe

Description:

The women and gender studies certificate program provides students with an intensive, liberal arts approach to relevant contemporary topics such as gender inequality and feminism and how these interact with sexuality, race and religion in society today.

Because students have the opportunity to explore issues from multiple disciplines, the certificate is an interdisciplinary alternative to a minor. The program enables students to write well, think critically and analyze problems effectively.

The certificate is offered by the School of Social Transformation.

Program Requirements:

The women and gender studies certificate requires a minimum of 18 credit hours, of which at least 12 must be completed at the upper-division level. Each course must be completed with a grade of "C" (2.00 on a 4.00 scale) or higher.

Required Course -- 3 credit hours

WST 100: Women, Gender, and Society (SB & C) or WST 300: Women and Gender in Contemporary Society (SB & C) (3)

Elective Core Course -- 3 credit hours

WST 377: History of American Feminist Thought (H & C) or WST 378: Global Feminist Theory (L & G) (3)

Electives -- 12 credit hours
WST Elective (3)
WST Upper Division Elective (9)

WST 100 and WST 300 cannot be used to fulfill the elective requirement.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who have combined the certificate in women and gender studies with their major program of study may increase their marketability to employers.

Graduates often decide to pursue employment in law, education, public service, and human welfare and social work. Advanced degrees or certifications may be required for academic or clinical positions.

Working with Military Families Certificate (LAWWMFCERT)

Campus: Tempe

Description:

Important complexities surround the dynamics of military families. Military personnel, veterans and their families face unique issues and challenges such as navigating military culture and dealing with multiple deployments, war, combat, trauma and death. Students interested in careers focusing on these families have a need to understand normative family processes, stress and coping, and military culture and leadership.

Students enrolled in this program take a unique combination of academic coursework and military leadership training. Students who complete the certificate program are conversant with human development, marital and familial relationships, and family dynamics in the context of military culture.

Program Requirements:

The certificate requires 18 credit hours. At least 12 credit hours must be completed at the upper-division level and a grade of "C" (2.00 on a 4.00 scale) or higher is required in all courses.

Required Courses -- 15 credit hours

CDE 232: Human Development (SB) (3)
FAS 101: Personal Growth in Human Relationships (SB) (3)
FAS 331: Marriage and Family Relationships (SB) (3)
FAS 410: Military Family Systems in a Democracy (3)
MIS 301: Training Management and the Warfighting Functions (L) or AES 301: Air Force Leadership Studies I (L) (3-4)

Internship Requirement -- 3 credit hours

FAS 484: Internship (3)

Students are required to complete a capstone internship project that includes a field work experience, a written integrative paper and an oral presentation.

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

Students in related majors can apply for the certificate through the T. Denny Sanford School of Social and Family Dynamics. Admission is determined by the admission committee. A student must have a minimum GPA of 3.00 (scale is 4.00 = "A") in order to be considered for admission to the certificate program.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Students can advance their career options with an undergraduate certificate. The certificate in working with military families helps students become more marketable to employers by adding this specialization to complement their major program of study.

Students who complete this undergraduate certificate often decide to pursue employment in healthcare, counseling or social work, sociology or education. Advanced degrees or certifications may be required for academic or clinical positions.

Writing (Liberal Arts and Sciences) Certificate (LAENGCERT)

Campus: Tempe

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Description:

The writing certificate program provides advanced writing instruction for students in any major. Students in the program gain practical skills in effective communication and enhance their ability to create, structure and present information in a variety of contexts.

ASU's Department of English in The College of Liberal Arts and Sciences has an extensive internship program, with opportunities for placements in publishing, media and marketing, government, teaching English as a second language, nonprofits and film festivals. The Department of English also boasts top online programs, rigorous undergraduate research opportunities and options for cultural and community involvement.

Program Requirements:**Enrollment Requirements:**

Application to the program requires a minimum GPA of 3.00 (scale is 4.00 = "A") in ENG 101 and ENG 102, ENG 105, or ENG 107 and ENG 108. Students must also have completed at least 30 credit hours of coursework. Students should contact the department for more information.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Graduates who combine the writing certificate with their major program of study may increase their marketability to employers, and they often decide to pursue employment in business or technical writing.

Advanced degrees or certifications may be required for academic or clinical positions.

Writing (New College) Certificate (ASWRTCERT)

Campus: West

Description:

The certificate in writing is a valuable program for students in any discipline. The ability to communicate clearly, directly and effectively is a key to advancement in all careers.

The program offers five track options (creative writing, generalist, nonfiction writing, professional and technical writing, and publishing and editing) which can be tailored to students' individual interests and career goals. The program comprises intensive coursework that culminates in an exit portfolio, a collection of work that demonstrates the writing skills mastered by each student.

The certificate in writing is offered by the School of Humanities, Arts, and Cultural Studies.

Program Requirements:

The writing certificate consists of 16 credit hours, 12 of which must be upper division. Students must complete a minimum of six upper-division credit hours offered by the School of Humanities, Arts, and Cultural Studies. Requirements include 15 credit hours of track courses from one track (chosen in consultation with the faculty certificate coordinator) and one credit hour of AMS 490 Writing Portfolio. Six to nine credit hours may be shared between the certificate and major requirements upon approval. All courses used to satisfy the requirements for the certificate must be passed with a "B" (3.00 on a 4.00 scale) or better.

Track Requirements -- 15 credit hours

Complete 15 credit hours of courses from one track below, chosen in consultation with the faculty certificate coordinator. A minimum of 12 credit hours must be upper division. (15)

Creative Writing Track

ENG 210: Introduction to Creative Writing (3)

ENG 217: Writing Reflective Essays (L) (3)

ENG 287: Beginning Creative Writing Workshop in Poetry (3)

ENG 288: Beginning Creative Writing Workshop in Fiction (3)

ENG 310: Intermediate Creative Writing (3)

ENG 317: Cross-Cultural Writing ((L or HU) & G) (3)

ENG 361: Scriptwriting (3)

ENG 387: Intermediate Creative Writing Workshop in Poetry: Form, Theory, and Practice (3)

ENG 388: Intermediate Creative Writing Workshop in Fiction: Form, Theory, and Practice (3)

Writing Portfolio -- 1 credit hours

AMS 490: Writing Certificate Portfolio (1)

Depending on a student's undergraduate program of study, prerequisite courses may be needed in order to complete the requirements of this certificate.

Enrollment Requirements:

The certificate in writing is open to all ASU undergraduate majors. To gain admission to the program, students must demonstrate fundamental writing skills through the completion of English composition. Students are required to submit an application, which includes at least three samples of writing from lower-division courses or independent writing projects. Applications must be submitted at least two months before the start of the semester they anticipate being admitted. Students wishing to pursue this certificate should consult an academic advisor in the School of Humanities, Arts and Cultural Studies to ensure the appropriate set of courses is taken and all required paperwork is submitted.

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career Opportunities:

Certification of advanced writing skills opens the way to a vast array of opportunities: journalism and publishing; public advocacy; military and government careers; elementary and secondary education; industry and management; economic development; and law. Graduates are prepared for jobs as technical writers, copy editors, teachers, publishers, writers, reporters and correspondents, and script writers.

Undergraduate Programs

Undergraduate Degrees (Program Descriptions)

Business, W. P. Carey School of

Accountancy, BS (BAACCBS)

Campus: Tempe, West, Online

Program Description:

The School of Accountancy's undergraduate BS program in accountancy offers two tracks during the senior year.

The accounting track is followed by most students and is designed to provide a rich educational experience.

The accounting master's internship is the track designed for the most highly qualified students who wish to commit to the MAcc or MTax program during the second semester of their junior year. The internship provides a particularly rich and individualized educational experience during the senior year. It includes a number of distinct advantages for students: a full-time paid internship for credit with a participating accountancy firm, early consideration for scholarships and possible eligibility for a GMAT waiver and a graduate application fee waiver for the MAcc or MTax program (eligibility is determined by the GPA at the time of application).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to choose a 3-year path while participating in the same high-quality educational experience of a 4-year option. Students can opt to fast-track their studies after acceptance into a participating program by connecting with their academic advisor. Fast track options appear at the top of the major map.

This program also allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Taxation, MTax

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Freshmen admission requirements: 1230 SAT Reasoning OR 25 ACT score, OR graduated in the top 8% of high school class, OR have an overall high school GPA of 3.40 in ASU competency courses (scale is 4.00 = "A").

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in W. P. Carey School of Business.

Readmission requirements: Students must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a transfer GPA of 3.00 (if applicable) and a cumulative ASU GPA of 3.00.

Transfer Admission Requirements:

Transfer admission requirements (30 or more semester hours of credit after high school): transfer GPA of 3.00 and one of the following: 1160 (prior to March 2016) or 1230 SAT Reasoning (after March 2016) OR 25 ACT score OR must have graduated in the top 8% of their high school class OR

have an overall high school GPA of 3.40 in ASU competency courses (scale is 4.00 = "A").

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in University College.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/accounting-degree/>)

Change of Major Requirements:

Students should visit the following W. P. Carey website to determine if they meet change of major requirements:

<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>). Students ready to change their major should submit their request through W. P. Carey's Advising SOS website: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BAACCBS~null + &college=CBA>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The major in accountancy includes the essential academic preparation for students who are:

- planning to pursue a graduate degree or attend law school
- pursuing professional careers in public, corporate and governmental accounting
- seeking positions in consulting or are planning to operate a business
- seeking positions in personal financial planning and portfolio analysis

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2018) states, "Employment of accountants and auditors is projected to grow 10% between 2016 and 2026, faster than the average for all occupations."

Business, BA (BABUSBA)

Campus: Polytechnic, Tempe, West

Program Description:

The BA program in business provides an innovative, transdisciplinary approach to learning, which broadens career options upon graduation. Not only do students acquire a strong grounding in the principles of business, they also immerse themselves in coursework outside the business school, supplementing the business degree.

Students in the program learn how to apply core business knowledge in one of the following disciplines:

- agribusiness (global agribusiness)
- business administration

- communication
- corporate accounting
- food industry management
- global leadership
- global logistics management
- global politics
- health care
- human resources
- information security
- law
- language and cultures
- public service and public policy
- retail management
- sports and media studies
- statistics
- sustainability
- technology
- tourism

Business (Chinese Language and Culture), BA (BABUSCLBA)

Campus: Tempe

ASU is no longer accepting new students to this program. Students interested in pursuing a Chinese language track should apply to the language and culture concentration (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/BABSLACUBA/undergrad/false>) of the BA in business.

Program Description:

The mission of the concentration in Chinese language and culture within the BA program in business is to create global business professionals who can function well culturally and linguistically in the business environment in China and domestically. As China becomes an increasingly important participant in the global economy and as the manufacturing and financial sectors become more globalized, the need for business professionals skilled in communicating in the Chinese language is growing.

With a network of 26 flagship programs at 22 institutions of higher education across the U.S., the language flagship program graduates are prepared to take their place among the next generation of global professionals, commanding a superior level of proficiency in languages critical to U.S. national security and economic competitiveness. This program prepares participants to function professionally in Chinese within diverse business fields.

Readmission requirements: Students must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer Admission Requirements:

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in the College of Integrative Sciences and Arts.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Change of Major Requirements:

Students should visit the following W. P. Carey website, <https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>) to determine if they meet change of major requirements. Students ready to change their major should submit their request through Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BABUSCLBA~null + &college=CBA>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

This degree program provides students with the fundamental business skills, linguistic training, critical thinking and intercultural competencies required to work in the increasingly globalized world markets that now rely on trade and commerce with China.

Graduates of this program are equipped to play a key role in companies and organizations seeking new markets or dealing with international interests in the U.S. and are suited to the demands of small-business enterprises as well as multinational companies.

Currently, there is a demand for Mandarin-speaking business professionals in the hotel and tourism industry and in the consulting, banking and finance, international trade, sports management and media fields.

Business (Communication), BA (BABUSCBA)

Campus: Polytechnic, Tempe, West, ASU@Lake Havasu, Online

Program Description:

The BA in business with a concentration in communication is an innovative, transdisciplinary program that prepares students for positions in a variety of professions in which business and communication play an important role in ensuring success.

Students complete rigorous courses within the communication concentration in addition to the skill and core courses required of all W. P. Carey School of Business majors.

Graduates have specific knowledge of business practices and the capacity to effectively communicate complex business information.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

or MAT 117 College Algebra

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to choose a 3-year path while participating in the same high-quality educational experience of a 4-year option. Students can opt to fast-track their studies after acceptance into a participating program by connecting with their academic advisor. Fast track options appear at the top of the major map.

This program also allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM
- Global Management (Global Digital Transformation), MGM
- Global Management (Global Entrepreneurship), MGM
- Global Management (Global Health Care Delivery), MGM
- Global Management (Global Legal Studies), MGM
- Global Management (Integrated Health Care), MGM
- Global Management (Nonprofit Leadership and Management), MGM
- Global Management (Public Administration), MGM
- Global Management (Public Policy), MGM
- Global Management (Sustainability Solutions), MGM
- Global Management (Sustainable Tourism), MGM
- Global Management, MGM

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)
International (<https://admission.asu.edu/international/undergrad-student>)
Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Career Opportunities:

Business communication has exploded as a distinct professional field as companies require rapid and considered responses, from conveying ordinary information to crisis communications. Historically, these positions have been staffed with people trained in communication, English, journalism or other fields but who lack specific business knowledge. Graduates of this program are qualified to enter these positions with knowledge that will be immediately useful to potential employers while advancing their careers.

Business (Corporate Accounting), BA (BABUSCABA)

Campus: Online

Program Description:

The BA program in business with a concentration in corporate accounting addresses the educational needs of many students who have an interest in accounting but no plans to enter public accounting.

The emphasis of this program is managerial accounting. The six major courses in the concentration prepare students for corporate accounting positions by helping students develop skills in strategic financial planning, control, corporate compliance and decision-making.

Upon completion of the program, students may take the Certified Management Accountant exam.

Additional Program Fee: Y

Second Language Requirement: N

these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Career opportunities are generally substantive and in high demand. Senior management roles for corporate accountants include chief financial officer positions. Currently, more than half the CFOs at larger corporations have formal accounting training. Projecting into the future, the longer term trend is for CFOs to have extensive corporate accounting training, particularly since CFOs at public U.S. corporations personally sign the financial statements.

Typical early- to mid-career positions held by corporate accountants include controllers, treasurers and vice presidents in areas like financial planning, divisional controlling, cost accounting directing, senior financial analysis and senior accounting. These positions typically report to the CFO.

Career Opportunities:

Financial planners are in high demand in the dynamic field of financial services and planning. Aging populations are paying closer attention to their finances as they approach retirement, and the rising need for financial planning services and advisors translates into huge opportunities for careers in this growing market. Employment of personal financial advisors is projected to grow 15% between 2016 and 2026, much faster than the average for all occupations.

Graduates of the BA in financial planning can secure employment in the growing field of financial services and planning.

Business (Global Agribusiness), BA (BABUSGAGBA)

Campus: Polytechnic

Program Description:

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The BA program in business with a concentration in global agribusiness teaches students the business of agricultural production, finance, marketing and distribution.

Through a technology-rich, applied, industry-oriented curriculum that focuses on real-world projects, students explore global agribusiness issues such as international trade, food safety and sustainability. It is specifically designed to meet the needs of students interested in studying the business aspects of agriculture in the domestic and global economy. Students learn to analyze and manage issues involved in food manufacturing, input and output supply activities, commodity trading and food distribution.

BA 160

wpcareyug@asu.edu

480-965-4227

Business (Global Logistics Management), BA (BABUSGLBA)

Campus: West, Online

Program Description:

Logistics management focuses on the integration and partnerships necessary to meet customer needs on a timely basis, with relevant and high-quality products produced and delivered in a service-effective manner.

This BA program in business with a concentration in global logistics management trains students to be strategic thinkers, excellent analysts, effective communicators and team leaders who are focused on efficiency, effectiveness and increasing revenue.

An efficient logistics management system is critical to the success of global corporations, ensuring the supply of goods and services flowing through the system closely matches the demand. Logistics management professionals manage, coordinate and transport products from raw materials to the finished goods that sit on a local store shelf or are offered by an online retailer. Efficient logistics is a key reason consumers can buy an ever-increasing variety of goods and services at remarkably low prices. Not surprisingly, logistics also plays a major role in the health care industry where efficient, effective delivery systems are gaining significant traction.

Additional Program Fee: Y**Second Language Requirement:** N**First Required Math Course:** MAT 210 - Brief Calculus

or MAT 117 College Algebra

Program Math Intensity: Moderate**Concurrent Degrees:**

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with an integrated major map with the following: International Trade, BS

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Global Management (Creative Industries and Design Thinking), MGM

Global Management (Digital Audience Strategy), MGM

Global Management (Global Affairs), MGM

Global Management (Global Business), MGM

Global Management (Global Development and Innovation), MGM

Global Management (Global Digital Transformation), MGM

Global Management (Global Entrepreneurship), MGM

Global Management (Global Health Care Delivery), MGM

Global Management (Global Legal Studies), MGM

Global Management (Integrated Health Care), MGM

Global Management (Nonprofit Leadership and Management), MGM

Global Management (Public Administration), MGM

Global Management (Public Policy), MGM

Global Management (Sustainability Solutions), MGM

Global Management (Sustainable Tourism), MGM

Global Management, MGM

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)Transfer (<https://admission.asu.edu/transfer/apply>)International (<https://admission.asu.edu/international/undergrad-student>)Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: Students must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Concurrent degree admission requirements:

Students interested in the international trade and business (global logistics management) program must meet general university admission requirements.

Transfer Admission Requirements:

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Transfer students must have a cumulative transfer GPA of 3.00 and a cumulative ASU GPA of 3.00 (if applicable) in addition to meeting the general admission requirements in order to be admitted to this program. If the student does not meet the admission requirements for the concurrent program, they are placed in the BS in international trade.

Students with fewer than 45 transfer credit hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in University College.

Students with more than 45 transfer credit hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-business-global-logistics-management/>)

Change of Major Requirements:

Students should refer to the following W. P. Carey website to determine if they meet change of major requirements:

<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>). Students ready to change their major should submit their request through W. P. Carey's Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BABUSGLBA~null + &college=CBA>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Logistics management professionals hold a range of job titles and engage in a wide variety of activities in the private, nonprofit and governmental sectors. Apple and Walmart CEOs previously held logistics-related positions at those organizations. This demonstrates the high value of leaders who understand the importance of logistics for enterprise success.

Business (Public Service and Public Policy), BA (BABUSPBA)

Campus: Tempe

Program Description:

The BA program in business with a concentration in public service and public policy combines strong business skills with topics in public policy and public administration. Students become familiar with leading a public organization and the process of policy development. They also examine the public sector through multiple lenses and address its challenges in a practical way.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

or MAT 117 College Algebra

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM
- Global Management (Global Digital Transformation), MGM
- Global Management (Global Entrepreneurship), MGM
- Global Management (Global Health Care Delivery), MGM
- Global Management (Global Legal Studies), MGM
- Global Management (Integrated Health Care), MGM
- Global Management (Nonprofit Leadership and Management), MGM
- Global Management (Public Administration), MGM
- Global Management (Public Policy), MGM
- Global Management (Sustainability Solutions), MGM
- Global Management (Sustainable Tourism), MGM
- Global Management, MGM

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: Students must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer Admission Requirements:

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in the College of Integrative Sciences and Arts.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Change of Major Requirements:

Students should refer to the following W. P. Carey website to determine if they meet change of major requirements:

<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>). Students ready to change their major should submit their request through W. P. Carey's Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BABUSPBA~null + &college=CBA>) to outline a list of recommended courses

to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

There is an increase in job opportunities in the public sector for graduates due to retiring workers and an increasing demand for public services. Through comprehensive coverage of topics in public policy and public administration, the degree program prepares students for work in public, nonprofit and private sectors.

The program also offers preparation for students who wish to pursue graduate degrees in:

- law
- nonprofit administration or other public service
- policy-oriented areas
- public administration
- public policy

Business (Sports Business), BA (BABUSMSBA)

Campus: Tempe, Online

Program Description:

The BA program in business with a concentration in sports business is attractive to students with an interest in the sports industry.

This concentration provides students with the necessary skills to build knowledge and understanding of the development of the strategic business process in sports organizations and its relationship to media. The program offers a strong focus on applied elements of the sports industry, especially as it relates to media and its impact on the industry.

The proliferation of mass communication (including television, game systems and social networks) has transformed sports into a highly commercialized industry and, in turn, sports continue to generate revenues for these businesses. The interaction between sports and media has led to a multitude of applications of business knowledge to these fields.

Career Opportunities:

Finding ways to grow and prosper while reducing the stress on the global environment is a critical issue facing today's society. Interest in sustainability issues is growing and most likely will be increasingly important to business in the next few years.

People around the world are asking serious questions about how they can understand, evaluate and act on issues related to sustainability while making sensible business decisions for both the short and long run. Qualified individuals are needed, those who understand that ensuring success involves the societal, scientific and business aspects of the issues. Graduates from this degree program fill these needs.

Business (Tourism), BA (BABUSTBA)

Campus: Tempe, Online

Program Description:

The BA in business with a concentration in tourism is an innovative, transdisciplinary program that prepares students for positions in a variety of professions in which business and tourism play important roles in ensuring success.

Students in this program complete rigorous courses within the tourism concentration in addition to the skill and core courses required of all W. P. Carey School of Business majors.

Developing tourism and recreation opportunities requires an understanding of effective marketing techniques and the ability to interact with many different types of businesses that support those efforts. With a solid academic preparation in business, graduates are positioned for success in the tourism industry and affiliated professions.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus
or MAT 117 College Algebra

Program Math Intensity: Moderate

Business Entrepreneurship, BS (BABUENTBS)

Campus: Tempe

Program Description:

The BS program in business entrepreneurship prepares students to identify, evaluate and develop entrepreneurial opportunities in existing companies or through new ventures.

The program emphasizes collaboration, leadership, communication and team-building as well as development of refined analytical, managerial and leadership skills appropriate for people who want to change the world through innovation. Students in the program frequently collaborate with students from across the university for a breadth of understanding in all business disciplines and a depth of understanding in opportunity recognition, feasibility, management of resources and strategy.

Students completing the program understand the unique requirements of an entrepreneur and have learned how to effectively identify market opportunities, innovative solutions and execution strategies.

Business Exploratory, (BABUSEXP)

Campus: Tempe

Program Description:

Virtually every profession and organization uses business in some way. Business exploratory students have an opportunity to explore a variety of areas in business prior to selecting one of these nine majors:

- accountancy
- business data analytics
- business entrepreneurship
- computer information systems
- economics

- finance
- management
- marketing
- supply chain management

Students have an opportunity to work with world-class faculty in an environment that values high-quality teaching. Majors in the W. P. Carey School of Business provide students with the skills and knowledge needed in today's companies --- whether they are starting their own businesses or working in large multinational corporations. Additionally, many graduates attend some of the other top-tier graduate schools in the country in a variety of disciplines.

Additional Program Fee: Y

Second Language Requirement: N

Career Opportunities:

Currently, there is a shortage of information systems professionals, with many more jobs than qualified applicants. With a degree in computer information systems, career choices are limitless. A computer information systems degree offers job opportunities in a variety of industries, including:

- education
- entertainment
- finance
- health care
- national defense
- transportation

Information systems are key components in the success of other functional business areas such as accounting, supply chain management, finance and marketing. Entry-level information systems positions include:

- computer forensics analyst
- database administrator
- information systems consultant
- information technology security manager
- network administrator
- project manager
- software or systems developer
- systems administrator
- systems analyst

Long-term career aspirations for a student with a computer information systems degree include:

- chief executive officer
- chief information officer
- chief knowledge officer
- chief security officer
- chief technology officer

Economics, BS (BAECNBS)

Campus: Tempe, Online

Program Description:

The economics program requires students to have a strong core of economic theory, supplemented by mathematics and data analysis.

Students in this W. P. Carey BS program in economics choose from a variety of electives offered by the Department of Economics or many other ASU departments. All students are encouraged to develop programs of study tailored to individual needs and interests. The undergraduate program provides students with the critical thinking and communication skills needed to succeed in business or graduate school. The program of study can also be tailored to prepare students for graduate programs in economics, business or law. Students interested in pursuing a doctorate in economics are strongly encouraged to minor or major in mathematics as well.

The department's mission is to provide the highest quality instruction to students, conduct cutting-edge research in economics and provide leadership and service to professional communities.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus
or MAT 270 Calculus with Analytic Geometry I

Program Math Intensity: Moderate

Concurrent Degrees:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with an integrated major map with the following: Engineering Management, BSE

Accelerated Degree Options:

This program allows students to choose a 3-year path while participating in the same high-quality educational experience of a 4-year option. Students can opt to fast-track their studies after acceptance into a participating program by connecting with their academic advisor. Fast track options appear at the top of the major map.

This program also allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Data Science), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Freshmen admission requirements: 1230 SAT Reasoning OR 25 ACT score, OR graduated in the top 8% of high school class, OR an overall high school GPA of 3.40 in ASU competency courses (scale is 4.00 = "A").

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside of the W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business

BS major and who did not select a second major or are not admissible to their second major choice are placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: Students must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a transfer GPA of 3.00 (if applicable) and a cumulative ASU GPA of 3.00.

Transfer Admission Requirements:

Transfer admission requirements (30 or more semester hours of credit after high school): transfer GPA of 3.00 and one of the following: 1160 (prior to March 2016) or 1230 SAT Reasoning (after March 2016) OR 25 ACT score OR the student must have graduated in the top 8% of their high school class or an overall high school GPA of 3.40 in ASU competency courses (scale is 4.00 = "A").

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside of the W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in exploratory social and behavioral sciences in University College.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Concurrent degree admission requirements: Engineering Management, BSE and Economics, BS:

- minimum 1250 SAT combined math and verbal (650 minimum on SAT math) or minimum 29 ACT combined score (29 minimum on ACT math), and
- minimum ABOR GPA of 3.00

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/economics-bs-wpc/>)

Change of Major Requirements:

Students should refer to the following W. P. Carey website to determine if they meet change of major requirements:

<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>). Students ready to change their major should submit their request through W. P. Carey's Advising SOS: <https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BAECNBS~null + &college=CBA>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

A major in economics provides students with the analytical and quantitative skills needed to prepare them for careers in business, government or public policy.

Graduates have taken positions such as:

- consultants who serve as advisers to state and federal governments as well as private corporations
- corporate economists who collect data and make forecasts relevant to the firm's business
- employment in banking and financial services firms

Each year, many graduates pursue additional studies at other prestigious universities.

Finance, BS (BAFINBS)

Campus: Tempe

Program Description:

The finance department has a rich tradition of educating leaders who excel in all aspects of the discipline of finance. Whether ascending to the top ranks of the venture capital industry, executing multimillion dollar real estate deals or becoming successful entrepreneurs with their own ideas and drive, graduates of the BS program in finance from the W. P. Carey School of Business are equipped to succeed.

In particular, the Investment Banking Industry Scholars program mentors students interested in going to Wall Street. The student investment management fund provides undergraduates with the opportunity to manage a real-world investment portfolio worth hundreds of thousands of dollars.

Finance department faculty members are considered among the top in the world. The professional advisory board, comprised of leading professionals from the financial services, manufacturing, energy, investment banking and real estate sectors, provides a sounding board for new ideas and is a resource of jobs for top graduates.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to choose a 3-year path while participating in the same high-quality educational experience of a 4-year option. Students can opt to fast-track their studies after acceptance into a participating program by connecting with their academic advisor. Fast track options appear at the top of the major map.

This program also allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM
- Global Management (Global Digital Transformation), MGM

Food Industry Management, BS (BAFIMBS)

Campus: Polytechnic

ASU is no longer accepting new students to this program. Please explore Degree Search for similar program options.

Program Description:

The BS program in food industry management is unique and has been developed in close coordination with partners in the food industry to help ensure graduates have the knowledge and skills needed to become immediate leaders in the industry. Students combine core courses in business disciplines (finance, marketing, management, accounting, supply chain management and economics) with courses specific to the food industry.

Students select from courses in the following areas: environmental management and sustainability, food industry sales and management, food marketing strategy, food retailing, food supply networks, futures and options markets, innovation and food product development, insurance, pricing and promotion strategy in food markets, retail information analysis and risk management.

Each of the courses addresses a different issue in which the fundamental concepts, theoretical approaches, analytical methods and industry practices are unique to the food industry.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Freshman and transfer students must submit either an SAT Reasoning test score or an ACT test score by the end of the first semester in the program (we do not require the writing portion of these tests). There is no minimum score requirement.

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer Admission Requirements:

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Integrative Sciences and Arts.

Students with more than 45 transfer hours who are not admissible to the College of Letters and Sciences will be contacted to select an appropriate major.

Management, BS (BAMGTBS)

Campus: Polytechnic, Tempe, West, Online

Program Description:

The W. P. Carey BS program in management prepares students to become effective managers and team leaders. Students gain theoretical and conceptual knowledge and build critical skills such as:

- analytical research and problem-solving
- communication
- critical thinking
- global applications
- leadership
- personal ethics and integrity
- teamwork

The curriculum includes the fundamentals of the global economy, the world of e-business, ethics, human resource and strategic management and collaborative team skills. Throughout the program, theories and concepts of management and ethical leadership are enhanced by experiencing and testing them in skill-based exercises, case discussions and real-world, team-based project work.

Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice are placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: Students must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a transfer GPA of 3.00 (if applicable) and a cumulative ASU GPA of 3.00.

Transfer Admission Requirements:

Transfer admission requirements (30 or more semester hours of credit after high school): transfer GPA of 3.00 and one of the following: 1160 (prior to March 2016) or 1230 SAT Reasoning (after March 2016) OR 25 ACT score OR the student must have graduated in the top 8% of their high school class OR an overall high school GPA of 3.40 in ASU competency courses (scale is 4.00 = "A").

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside of the W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are placed in the exploratory social and behavioral sciences program in University College.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice are prompted in My ASU to select a new major.

Change of Major Requirements:

Students should refer to the following W. P. Carey website to determine if they meet change of major requirements:

<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors> (<https://students.wpcarey.asu.edu/degrees-and-advising/degree-programs/change-majors>). Students ready to change their major should submit their request through W. P. Carey's Advising SOS:

<https://apps.wpcarey.asu.edu/apps/advising/index.cfm> (<https://apps.wpcarey.asu.edu/apps/advising/index.cfm>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=BAMKDIMCBS-null + &college=CBA>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

While the number and quality of job opportunities in advertising and brand management is relatively small, the number of entry-level positions in digital marketing has exploded. A sampling of career opportunities include:

- digital account manager
- digital marketing analyst

- digital marketing coordinator
- digital marketing specialist
- electronic marketing specialist

Supply Chain Management, BS (BASCMBMS)

Campus: Tempe, Online

Program Description:

Supply chain managers coordinate the production flow of goods and services, enabling the transformation of raw materials into the final products made available to consumers, whether on local store shelves or through online retailers. Supply chain management, involving multiple vendors in different countries, is a key reason that people can buy an ever-increasing variety of goods and services at remarkably low prices.

The BS program in supply chain management provides W. P. Carey School of Business students with an in-depth knowledge of integrated supply chain management. The curriculum focuses on:

- execution systems
- logistics
- negotiations
- operations
- planning
- procurement
- strategy development

Classes are small and use projects and case studies to bring the material to life.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Concurrent Degrees:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with an integrated major map with the following: Sustainability, BA

Accelerated Degree Options:

This program allows students to choose a 3-year path while participating in the same high-quality educational experience of a 4-year option. Students can opt to fast-track their studies after acceptance into a participating program by connecting with their academic advisor. Fast track options appear at the top of the major map.

This program also allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM
- Global Management (Global Digital Transformation), MGM
- Global Management (Global Entrepreneurship), MGM
- Global Management (Global Health Care Delivery), MGM
- Global Management (Global Legal Studies), MGM
- Global Management (Integrated Health Care), MGM
- Global Management (Nonprofit Leadership and Management), MGM
- Global Management (Public Administration), MGM
- Global Management (Public Policy), MGM
- Global Management (Sustainability Solutions), MGM
- Global Management (Sustainable Tourism), MGM

Career Opportunities:

Career track progression could lead to the vice president level in supply chain-related areas. ASU supply chain management graduates are recruited by firms from around the world and in all sectors of the economy, including:

- health care
- manufacturing
- public and private
- retail
- service

Graduates of program are highly sought after and have excellent placements. The following are some positions that supply chain management graduates have obtained:

- buyer or planner
- commodity manager
- distribution manager
- internet marketing analyst
- inventory specialist
- logistics planner
- materials manager

- operations planner or analyst
- planner or analyst
- product forecaster
- production coordinator
- production line manager
- production scheduler
- quality control specialist
- supply management analyst

Design and the Arts, Herberger Institute for

Architectural Studies, BSD (ARSTDBSD)

Campus: Tempe

Program Description:

Architects design buildings and environments that are useful, sustainable and aesthetically pleasing. This implies an understanding of people's needs, the science and technology of building and the concepts of aesthetics.

The faculty in The Design School offer a BSD program in architectural studies. In addition to developing knowledge and skills in architectural thinking, building technology, history and theory and professional practice, students are encouraged to select electives from a broad range of approved courses within the institute and across the university. These electives may be selected to devise a minor, to further professional study or to enrich the student's academic experience in some other fashion.

This is an eight-semester program requiring sequential completion of studio coursework or approved equivalent at any point of entry.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

Art (Animation), BFA (HIARTANBFA)

Campus: Tempe

Program Description:

The BFA program in art with a concentration in animation prepares students to excel in the field of animation.

Animation students are provided an education that simultaneously sustains tradition and fosters innovation through embracing new visualization methodologies and tools with the potential to advance discoveries and insights across disciplines.

Upon completion of the program, graduates are able to demonstrate the technical and artistic abilities to create animations for exhibition in arts venues (galleries, museums, festivals, etc.) and in entertainment media-arts industries. They also are prepared to pursue advanced research in graduate animation programs.

The mission of the Herberger Institute for Design and the Arts is to create works of art, explore the history and traditions of art production, understand more about art's function in society and promote national and international recognition for research and creative activities while fostering cultural development in the community.

Art (Art Education), BFA (FAARTEBFA)

Campus: Tempe

Program Description:

The BFA program in art with a concentration in art education involves creative teaching and learning processes and strategies, first-hand experience teaching art for a range of ages, the study of art history and global cultures, and practice in a variety of studio areas.

The program focuses on engaging with artistic inquiry and education in K-12, community and museum settings. Students investigate issues related to teaching art from multiple perspectives, including:

- creativity and critical thinking
- ecological connections
- inquiry-based learning
- interdisciplinary curriculum development
- multicultural contexts
- studio and conceptual art practices

In addition to their art education coursework, students are required to take coursework in the various studio areas offered in the School of Art. Students declare their Bachelor of Fine Arts concentration at the time of their ASU admission. Following admission, if students wish to change their concentration, they may meet with their School of Art academic advisor.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics
OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students are admitted directly to the art education concentration upon admittance to the BFA program in art.

Transfer Admission Requirements:

Transfer students who have completed the foundational core and pre-art requirements are admitted directly to the art education concentration upon admittance to the BFA program in art. To complete an undergraduate degree in four years, it is recommended that community college transfer students who are completing a two-year degree and have completed the foundational core and pre-art requirements apply and submit a declaration form in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and subject to departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ART 102

herbergeradvising@asu.edu

480-965-8521

Art (Art History), BA (FAARTHBA)

Campus: Tempe, Online

Program Description:

The BA in art history is a dynamic program that investigates visual culture and engages students in a rich and diverse curriculum. Inherently interdisciplinary, art history intersects with a variety of fields including history, literature and economics.

Faculty members emphasize critical concepts in their teaching, including the close study of artists, objects and technologies. Students explore art's history in economic, social and political contexts and the relationship of visual art to other disciplines such as literature, science, anthropology, media and performance studies. In addition to art history courses, the program includes interdisciplinary coursework from disciplines across the university.

Internships are available at a wide range of arts organizations. The program is enriched by partnerships with the ASU Art Museum and museums throughout the Phoenix metropolitan area and beyond, including an affiliation with the Los Angeles County Museum of Art.

Additional Program Fee: Y

Second Language Requirement: Yes

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen students applying to the Herberger Institute School of Art enter ASU as art exploratory majors in the School of Art. There is no portfolio review process for freshmen at the time of admission to ASU.

Typically, students in their second year who are interested in studio art and art education will submit a portfolio for review once they have completed their core requirements and are completing the last of the 12 hours of 200-level art requirements, or if they are interested in art history or museum studies they will submit a declaration form in the semester in which they complete 30 hours.

Transfer Admission Requirements:

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and subject to departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-art-history/>)

Change of Major Requirements:

An ASU student who would like to change a major to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAARTHBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates of art history at the bachelor's degree level find employment opportunities in commercial art galleries, art museums and historical societies and archives. Other options include arts agencies and public art programs or admission to prestigious graduate programs across the nation.

A graduate degree is essential for professional positions, as a master's degree prepares individuals to teach at the community college level; to practice and publish as an art critic or writer; to enhance one's own practice as an artist; or gain entry into museums, archives, historical societies,

auction houses, publishing companies and academic presses as well as to art libraries. The doctorate is a necessity for employment as a university or college teacher and for responsible administrative and curatorial positions in the museum and publishing world.

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen may apply directly to the art studies program; there is no portfolio review for this major.

Transfer Admission Requirements:

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and subject to departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 semester hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 semester hours of resident credit in the major as approved by the faculty.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAARTSTDBA-null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

This program prepares students to initiate creative careers as visual artists or as professionals in the public and private spheres. The wide range of options include independent artist, commission artist, museum or gallery professional, art dealer, creative art director, private school teacher, college professor, community-based artist (in health care settings, nonprofit agencies, and local and national public arts) and many others. Career opportunities are also available with employers who seek graduates with a well-rounded humanities education.

Art (Ceramics), BFA (FAARTCBFA)

Campus: Tempe

Program Description:

The BFA program in art with a concentration in ceramics provides a stimulating and challenging environment for artistic and intellectual growth. With the realization that discipline, familiarity with historical precedents and freedom go hand in hand with creative activities, the ceramics program strikes a balance between the acquisition of traditional skills and the promotion of independence and innovation. Responsibility is placed on the individual student to find personally meaningful content and an effective means to express that content within the ceramic arts.

The ceramics program features a complete and varied line of kilns, wheels and other equipment. Faculty members ensure that students learn the techniques and concepts that enable them to take their work in any direction they wish. A guest artist schedule enhances the program as does the Ceramics Research Center at the ASU Art Museum, which has a collection of more than 3,000 pieces and provides unparalleled opportunities to study and research the ceramic arts.

Students declare their BFA concentration at the time of their ASU admission. Following admission, if students wish to change their BFA concentration, they may meet with their School of Art academic advisor.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics
OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Art (Digital Photography), BFA (HIARTDPBFA)

Campus: Online

Program Description:

The BFA program in art in with a concentration in digital photography at ASU is the first fully online studio practice-based degree program from a comprehensive research university or fine art college in the United States.

Working with a faculty of professional artists, students have the opportunity to master technical, aesthetic and conceptual aspects of digital photography. Not bound by traditional schedules or the limitations of location, this program's flexibility creates a unique community of faculty and students and provides studio-practice art education to a wide and diverse population.

Students should visit ASU Online to learn more.

Art (Drawing), BFA (FAARTDBFA)

Campus: Tempe

ASU is no longer accepting new students to this program. Students interested in drawing should apply to the painting and drawing concentration (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/HIARTPDBFA/undergrad/false>).

Program Description:

The BFA program in art with a concentration in drawing offers a dynamic environment for creative, intellectual and technical growth that leads to quality art practice and professionalism.

The program encourages a wide spectrum of innovative approaches to contemporary drawing. Working from a variety of sources and subjects, students develop technical proficiency experimenting with a wide range of materials and processes. In addition, students develop the ability to critically assess imagery through written and verbal analysis. In their final year, students create a body of work with an individualized approach to form and content, culminating in a senior exhibition.

Students declare their BFA concentration at the time of their ASU admission. Following admission, if students wish to change their BFA concentration, they may meet with their School of Art academic advisor.

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Currently, all art students are admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements that include foundational coursework to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division coursework in the studio. There is no portfolio review process for admission to the School of Art.

Students in their second year who are interested in studio art and art education obtain a signed BFA declaration form after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies submit a major declaration form in the semester in which they complete 30 credit hours. The student's major is changed upon successful completion of the major declaration form. Students may choose to remain in and complete the Bachelor of Arts (art studies).

Beginning Fall 2019, students are admitted directly to the drawing concentration upon admittance to the BFA program in art.

Transfer Admission Requirements:

Transfer students who have completed the foundational core and pre-art requirements may submit a major declaration form before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two-year degree and have completed the foundational core and pre-art requirements, apply and submit a declaration form in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Art (Intermedia), BFA (FAARTIBFA)

Campus: Tempe

Program Description:

Students of the intermedia art concentration study traditional and emerging forms and orientations, including performance, installation, 3D fabrication, digital sculpture, public and place-based art, digital animation and experimental and documentary video.

Faculty also teach special topics, including the recent studio seminars on walking as art practice and the engagement of women in the field of art and technology. Intermedia faculty nurture students' talents and provide them with the skills they need to capture creative and professional opportunities, exhibitions, grants, commissions, residencies and employment as educators, curators and media and arts professionals across an array of established and emerging fields.

Students declare their BFA concentration at the time of their ASU admission. Following admission, if students wish to change their concentration, they may meet with their School of Art academic advisor.

ART 102

herbergeradvising@asu.edu

480-965-8521

Art (Museum Studies), BA (FAARTMSBA)

Campus: Tempe, Online

Program Description:

A global perspective and social justice are at the core of the BA program in museum studies at ASU.

The courses focus on the most prescient international themes and issues at the forefront of contemporary museum and heritage studies. These include various ethical and legal issues, such as decolonization and repatriation claims; the impact of Black Lives Matter and COVID-19 on the cultural sector; activist curating; the role that institutions can play in fighting climate change; and the impact of tourism on heritage sites; among other current topics.

In order to reflect the breadth of the sector, the museum studies degree students select their own concentrations, in consultation with their advisor, in areas such as art history, anthropology, history, liberal studies, education, global studies, justice studies, parks and recreation, and other approved subjects. These courses offer a range of learning opportunities led by scholars and museum practitioners from across the ASU campus. Optional internships enable students to work directly with working arts professionals in their field of interest.

Additional Program Fee: Y

Second Language Requirement: Yes

First Required Math Course: MAT 142 - College Mathematics

OR MAT 119 Finite Mathematics

Program Math Intensity: General

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

ART 102

herbergeradvising@asu.edu

480-965-8521

Art (Photography), BFA (FAARTPHBFA)

Campus: Tempe

Program Description:

Students in the BFA program in art with a concentration in photography are offered an education in the creation and analysis of photographs as a form of creative expression.

Students work in a wide range of photographic media including specialized 19th-century processes, traditional black-and-white and state-of-the-art digital output.

The internationally recognized photography faculty at ASU are diverse, representing and encouraging a wide range of approaches to the creation of photo-based art. Students learn to be self-disciplined and self-directed, to understand complex ideas around how images function in their work, and to develop a strong sense and control of the craft of photography. The Northlight Gallery engages students and provides opportunities to learn about gallery and museum practice through the mounting of exhibitions and working with artists and the collection.

A portfolio submission is required for a Bachelor of Fine Arts with a concentration in photography. Students are not able to register for upper-division photography courses until their portfolio has been submitted and reviewed, which is typically submitted during the second year of study. To be eligible to submit their portfolio, a student must have completed either ART 204 or ART 205 (transfer credit is applicable). Students must submit the online application Google form and a digital portfolio by the posted deadline. There is a fall and spring portfolio review opportunity.

Portfolio details: It is to consist of 10 to 15 student-edited jpegs (72 dpi 1200 pixels on the longest side) sequenced in a Google Slides presentation titled with the student's name. A student who has completed ART 204 should submit scans of silver gelatin black-and-white prints. Students are welcome to include text; the text should not cover the images unless the text is part of the artwork. There are to be no empty text frames on the slides.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)
International (<https://admission.asu.edu/international/undergrad-student>)
Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

There is no portfolio review process for admission to the School of Art. Usually in their second semester, after completing either ART 204 Photography II: Black & White or ART 205 Photography II: Color, photography majors submit a portfolio to continue in the degree program.

Transfer Admission Requirements:

To complete an undergraduate degree in four years, it is recommended that community college transfer students complete the foundational core and pre-art requirements. There is no portfolio review process for admission to the School of Art. If a transfer student has completed a course equivalent to either ART 204 Photography II: Black & White or ART 205 Photography II: Color, they may submit a portfolio in their first semester at ASU to continue in the degree program.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and subject to departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAARTPHBFA-null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

A degree in the arts offers students a pathway to a rich and varied choice of careers. Students with a photography degree may work as independent studio photographers or contract for commercial work for firms, museums, galleries, individuals and other artists. Though this is not a commercial degree program, some students apply their skills post-graduation by doing product photography, portraits or event photography. Students have also started their own successful art galleries.

Photo skills hone a particular sensitivity to issues of representation and a heightened sense of time, among many other life-enhancing attributes. These critical and creative sensitivities can be brought to bear in life after graduation whatever career path a student chooses. The bachelor's degree is essential for advanced study leading to the terminal MFA. This advanced degree offers opportunities in:

- curatorial work in galleries, museums and historical collections
- history or studio areas
- nonprofit arts organization management
- university teaching

Art (Printmaking), BFA (FAARTPMBFA)

Campus: Tempe

Program Description:

The BFA in art with a concentration in printmaking provides a complete studio experience with regular courses in book arts, digital processes, intaglio, lithography, papermaking, photogravure, relief, screenprint and other graphic applications.

Faculty teach in spacious, well-equipped studios that offer a complete range of print media. While individual students are encouraged to pursue a personal direction, the faculty encourage students to become well-rounded printmakers by experiencing and understanding many media processes and approaches. No style, technique or aesthetic approach is stressed over another, so the individual quality of each student's work is the essential measure of achievement. Collaboration, experimentation and transdisciplinary approaches to making art are encouraged, and students often work with other areas in the School of Art, such as photography, intermedia, painting, drawing and sculpture.

Students declare their Bachelor of Fine Arts concentration at the time of ASU admission. Following admission, if students wish to change their concentration, they may meet with their School of Art academic advisor.

Additional Program Fee: Y**Second Language Requirement:** N**First Required Math Course:** MAT 142 - College Mathematics**Program Math Intensity:** General**Admission Requirements:**

Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Trained printmakers are working artists, practicing the expression of a personal understanding of their place in the world. They may find employment as artists or printmakers in schools of all levels teaching the execution and appreciation of visual art. They also work in fine art print

studios, executing original prints for other artists. Printmaking skills such as screenprinting or photomechanical and digital techniques, acquired for the production of art, also have commercial, non-art applications that may afford skilled employment. Artists with printmaking skills may also work with graphic designs, illustrations and signage or may work in museums, conservation, publishing, galleries and in other art-related activities. Additionally, their art may sell successfully in the open marketplace.

ART 102

herbergeradvising@asu.edu

480-965-8521

Art (Sculpture), BFA (FAARTSBFA)

Campus: Tempe

Program Description:

The BFA in art with a concentration in sculpture recognizes the broad, transdisciplinary nature of sculpture today. A wide range of media now falls within an expanded definition of sculpture.

Coursework covers public and site-specific sculpture, foundry, interactive and electronic sculpture, neon, small metals, wood, and video and sound installation. Students learn to put today's creations in the context of the history of sculpture and the larger field of contemporary art. Critical inquiry is augmented by courses in the art history program. Visiting artists, curators and critics share their experience directly with students.

Students declare their Bachelor of Fine Arts concentration at the time of their ASU admission. Following admission, if students wish to change their Bachelor of Fine Arts concentration, they may meet with their School of Art academic advisor.

Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates are prepared to embark on a lifetime exploration of the many aspects of 3D art. Positions are available in:

- 3D design
- fabrication and design of exhibitions
- set design
- teaching
- the motion picture industry
- welding and foundry technician work

Through one-on-one mentoring, students learn to win commissions and awards, hold exhibitions, and obtain residencies and jobs as studio artists, public artists, fabricators, project managers, teachers and arts administrators.

Many students also prefer to establish their own studios after graduation.

Art (Textiles), BFA (FAARTFBFA)

Campus: Tempe

Program Description:

The BFA program in art with a concentration in textiles cultivates an environment that stimulates creative and intellectual growth.

Coursework ranges from the spinning and processing of raw fiber to digital textile printing. With focus on techniques such as weaving, dyeing, textile printing and fiber sculpture, students are encouraged to discover their individual artistic voice. Throughout the program, students are challenged to follow and interpret textile traditions while considering innovative and interdisciplinary approaches to contemporary practices.

Students declare their Bachelor of Fine Arts concentration at the time of their ASU admission. Following admission, if students wish to change their concentration, they may meet with their School of Art academic advisor.

Arts (BA in the Arts), BA (FAATSBA)

Campus: Tempe

Program Description:

The BA in the arts is an interdisciplinary degree program designed for students who are passionate about the arts and interested in exploring multiple arts disciplines.

Students gain an increased understanding of the theoretical, historical and cultural forces that shape the arts and design. Students pursue open-ended paths to explore and develop a range of skills suitable for advanced study in multiple areas.

The major includes a common core for all students, and students may choose a focus from arts administration or entertainment design or they may design an individualized focus that is subject to approval by the institute's standards committee and the dean's office.

Dance, BFA (FADANBFA)

Campus: Tempe

Program Description:

The School of Music, Dance and Theatre provides an inclusive, dynamic and culturally diverse learning environment in which students develop as

creative artists, scholars and educators. The BFA program in dance offers an engaging curriculum that emphasizes collaboration and a holistic approach to movement and education. The program encourages artists of the 21st century to develop multiple skills for success in the arts and its related fields.

The core values of the program include creativity, inquiry and humanity. To bridge knowledge and community and to gain understanding of dance as inquiry, these values are embedded in a broad range of academic experiences and exploratory processes. The dance program includes coursework in creative practices (the study of the creative process and dance-making using improvisation, choreography and interdisciplinary approaches); dance and digital arts; dance history, ethnography and philosophy; movement practices (the study of the theory, history and technique of a range of dance forms and mind-body practices, including Afro-Latin movement, contemporary ballet, Hip Hop practices, postmodern contemporary dance and somatic practices); and seminars.

Additional Program Fee: Y

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Admission to the BFA in dance is selective and based on an interview process. Students are admitted to ASU as dance interview students and must successfully complete an interview and audition before enrolling in the dance major. If a student passes the interview, the School of Music, Dance and Theatre will change the student's major to the BFA in dance. In the event the student is admitted to ASU but not selected as a dance major or misses the interview application deadline, the student enters ASU as a dance interview student and must successfully pass the dance interview and audition milestone in the first semester in order to gain admission into the program.

Interview days take place in November and February of each year. To ensure a smooth curricular progression, all prospective dance students, including transfer students, are strongly encouraged to participate in the interview day during the semester prior to their intended date of enrollment. More information on the interview process and deadlines can be found at <https://musicdancetheatre.asu.edu/degree-programs/dance/undergraduate> (<https://musicdancetheatre.asu.edu/degree-programs/dance/undergraduate>).

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/dance/undergraduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/dance/undergraduate-steps-to-apply>) for more details on Dance Interview Day requirements and deadlines.

Transfer Admission Requirements:

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FADANBFA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The comprehensive academic foundation of the Bachelor of Fine Arts program in dance prepares students to be leading dance professionals of the 21st century. Graduates of the program have the expertise to pursue professions as choreographers, performers, educators, community artists, scholars and much more. After leaving ASU, many graduates participate in activities like:

- conducting academic research
- curating or producing dance festivals and events
- directing or managing performing art companies, studios or dance-related organizations
- facilitating community partnerships and projects
- producing dance media for performance or instruction
- pursuing certification in somatic practices (Laban Movement Analysis, Feldenkrais, Alexander Technique, Body-Mind Centering, etc.)
- teaching and designing curriculum
- working as a dance critic
- working in technical theatre and dance production
- working in the areas of health and wellness (fitness, yoga, massage therapy, etc.)
- working in the field of arts management and administration
- writing for scholarly publications

Dance (Dance Education), BFA (FADANEBA)

Campus: Tempe

Program Description:

The BFA in dance with a concentration in dance education prepares students for certification to teach dance in K-12 schools in the state of Arizona as well as for certification in other states through a multi-state reciprocity agreement. For information on whether the degree requirements would meet the eligibility requirements for licensure in other states and territories, students should visit <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>).

The School of Music, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop as creative artists, scholars and educators. Studies in dance cultures, music, digital media, dance history, philosophy and criticism, movement science, somatics, and stage and screen production enhance the rich educational setting. Creativity and research, the core program values, help to bridge knowledge and community and are embedded in a broad range of academic experiences emphasizing movement and creative practices, artistic process, leadership and pedagogy.

Design Studies, BA (ARDSNBA)

Campus:

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

The BA program in design studies is a four-year, nonstudio program of study in design that focuses on the design disciplines offered in the ASU

Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

This is a highly flexible program of study, much like a liberal arts degree, in which students select design and design-related courses offered in the institute and throughout the university. Students acquire a breadth of design knowledge via courses taken from three categories: communication for design, design history and general design.

It provides a design education, general and specific, for students who seek opportunities in the broader design sector or in graduate education.

Students may undertake the program in one of two specific concentrations: design studies, which allows students to discover myriad possibilities of design as a subject area as well as the flexibility that it provides for further exploration; or design management, which offers a selection of courses in management and human communication that complement design.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ARDSNBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Although a specific career path is not the principal intention, graduates of the program have become involved in sales and marketing in the design sector; others have gone on to graduate studies in architecture and planning. Other possible career paths include journalism and education.

Design Studies (Design Management), BA (ARDSNMBA)

Campus:

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

The BA in design studies is a four-year, nonstudio program of study in design that focuses on the design disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

It is a highly flexible program of study, much like a liberal arts degree, in which students select design and design-related courses offered in the institute and throughout the university. Students acquire a breadth of design knowledge via courses taken from three categories: communication for design, design history and general design.

It provides a design education, general and specific, for students who seek opportunities in the broader design sector or in graduate education.

The concentration in design management offers a selection of courses in management and human communication that complement design and allows for more focused study in these areas.

Digital Culture, BA (HIDGCBA)

Campus: Tempe, Online

Program Description:

The BA program in digital culture equips students with the technical skills to create computational media and the cultural skills to know when or why to apply them.

Students learn to create computational media, which is computation combined with objects, sound, video, time, space, culture and bodies; breathe behavior into media, objects or systems by programming; and think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic age.

This program is also offered as an accelerated degree with an MA in creative enterprise and cultural leadership. More information can be found on the Creative Enterprise and Cultural Leadership website: <https://herbergerinstitute.asu.edu/degree-programs/creative-enterprise-and-cultural-leadership/about?dept=1400&id=1> (<https://herbergerinstitute.asu.edu/degree-programs/creative-enterprise-and-cultural-leadership/about?dept=1400&id=1>).

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with techno fluency --- its development, application, and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that will be increasingly shaped by new technologies.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/digital-culture-BA/>)

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=HIDGCBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Armed with skills and sound judgment, graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media. All know techniques to change the world through communication using contemporary computational media, a vital power in the 21st century. Some graduates go on to invent fresh techniques.

Career opportunities include the following fields:

- audio
- comparative literature
- computing
- creative writing
- technical writing
- technology
- visual media

Digital culture alumni have obtained careers as:

- 3D modelers
- designers
- engineers
- graphic designers
- programmers
- software specialists
- special effects artists
- visual media artists

Digital Culture (Art), BA (HIDGCABA)

Campus: Tempe

Program Description:

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that will be increasingly shaped by new technologies.

The BA program in digital culture equips students with the knowledge, abilities and technical skills they need for creating computational media. Students learn to create computational media, which is computation combined with objects, sound, video, time, space, culture and bodies; breathe behavior into media, objects or systems by programming; and think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic age.

The program is for students wishing to specialize in visual composition aspects of new media. Students complement their knowledge of digital culture with discipline-specific courses in the School of Art focused on the historical and theoretical aspects of visual arts, foundational visual arts skills and hands-on knowledge of visual composition through digital means.

Armed with skills and sound judgment, graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media. All graduates know techniques to change the world and communicate using contemporary computational media, a vital power in the 21st century. Some go on to invent fresh techniques.

Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates of digital culture have a wide array of career opportunities in new media involving the fields of:

- communications (CISCO, Google, Facebook)
- computing (Apple, Microsoft)
- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multimedia shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex socio-technical problems, such as:

- diagnostic, monitoring and assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates of the digital culture program who are interested in continuing their higher education are well prepared to apply for admission to the graduate programs through the School of Arts, Media and Engineering at ASU and other top interdisciplinary new media programs in the nation.

Digital culture alumni have received job opportunities in:

- 3D modeling and fabrication
- audio and video
- engineering
- graphic design
- illustration
- iOS development
- journalism
- programming
- software engineering
- special effects
- visual media

and communicate using contemporary computational media, a vital power in the 21st century. Some go on to invent fresh techniques.

Digital Culture - English Concentration

The digital culture program with a concentration in English is designed for students who wish to explore the historical, scientific and theoretical intersections of art, media and technology. Sharing of stories and media through electronic communities, participatory art-making and creativity forums on the web, gaming, digital movies and effects, mediated public spaces and electronic design are only a few of the new activities that are defining and evolving culture. Students in the major assist in the establishment, evolution and proliferation of such culture at the state, national and international level. Students use tools of inquiry to examine, analyze and create works of art through a hands-on approach to communication, writing, rhetoric and literacies in collaboration with the English department.

Digital Culture (Graphic Information Technology), BA (HIDGCTEBA)

Campus: Tempe

Program Description:

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that will be increasingly shaped by new technologies.

The BA program in digital culture equips students with the knowledge, abilities and technical skills they need for creating computational media.

Students learn to create computational media, computation combined with objects, sound, video, time, space, culture and bodies; to breathe behavior into media, objects or systems by programming; and to think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic age.

Armed with skills and judgment, graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media. All students gain techniques to change the world and communicate using contemporary computational media, a vital power in the 21st century. Some go on to invent fresh techniques.

Digital Culture - Graphic Information Technology concentration

This digital culture program with a concentration in graphic information technology is offered in partnership with the Ira A. Fulton Schools of Engineering. Students complement their knowledge of new media with technology and new media entrepreneurship skills, knowledge of legal and ethical issues for technology, and additional skills in graphic communication, digital illustration and design methodology.

Students should be advised that while most requirements can be completed at the Tempe campus, courses specific to this concentration take place on the Polytechnic campus.

- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multimedia shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex sociotechnical problems, such as:

- diagnostic, monitoring and assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates who are interested in continuing their higher education are well prepared to apply for admission to the top transdisciplinary new media programs in the nation, including the graduate programs through the School of Arts, Media and Engineering at ASU.

Digital culture alumni have received job opportunities in:

- 3D modeling and fabrication
- audio and video
- engineering
- graphic design
- illustration
- iOS development
- journalism
- programming
- software engineering
- special effects
- visual media

Digital Culture (Interdisciplinary Arts and Performance), BA (HIDCIAPBA)

Campus: Tempe

Program Description:

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with techno fluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens

who strive to bring about positive change in a society that will be increasingly shaped by new technologies.

The BA program in digital culture equips students with the knowledge, abilities and technical skills they need for creating computational media.

Students learn to create computational media, which is computation combined with objects, sound, video, time, space, culture and bodies; breathe behavior into media, objects or systems by programming; think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic era.

Armed with skills and sound judgment, graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media. All students gain techniques to change the world and communicate using contemporary computational media, a vital power in the 21st century. Some go on to invent fresh techniques.

Digital Culture - Interdisciplinary Arts and Performance concentration

This digital culture program in interdisciplinary arts and performance is offered in partnership with the New College of Interdisciplinary Arts and Sciences. The program focuses on a transdisciplinary and collaborative approach to the arts, technology and performance. It emphasizes the traditions of transdisciplinary, avant-garde and experimental arts and on contemporary art and performance. Courses include digital media arts, music and electronic sound art, performance studies, theatre and performance practice and digital graphics.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=HIDCIAPBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates of the digital culture program have a wide array of career opportunities in new media involving the fields of:

- communications (CISCO, Google, Facebook)
- computing (Apple, Microsoft)
- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multimedia shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex sociotechnical problems such as:

- diagnostic, monitoring and assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates who are interested in continuing their higher education are well prepared to apply for admission to the top interdisciplinary new media programs in the nation, including the graduate programs through the School of Arts, Media and Engineering at ASU.

Digital culture alumni have received job opportunities in:

Digital Culture (Media Processing), BA (HIDGCMPS)

Campus: Tempe

ASU is no longer accepting new students to this program. Students interested in a media processing concentration should apply to the BS in digital culture (media processing) (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/HIDGCMPS/undergrad/false>).

Program Description:

The BA program in digital culture equips students with the technical skills to create computational media and the cultural skills to know when or why to apply them.

Students learn to create computational media, which is computation combined with objects, sound, video, time, space, culture and bodies; breathe behavior into media, objects or systems by programming; think critically about how computation impacts lives and how culture makes a difference in how people experience computational media, a critical skill in this dynamic age.

All students gain techniques to change the world and communicate using contemporary computational media, a vital power in the 21st century. Some go on to invent fresh techniques. Armed with skills and sound judgment, graduates work in cultural communication, marketing, design, social media, health, education, entertainment and creative arts, and all areas in which culture is shaped by technology and computational media.

Digital Culture - Media Processing concentration

This digital culture program with a concentration in media processing is offered in partnership with the Ira A. Fulton Schools of Engineering. The program is designed for students who desire to specialize in media processing aspects of new media. Students complement their knowledge with a more advanced understanding of programming, data structures, signals processing and system architecture aspects of new media.

Additional Program Fee: Y

Digital Culture (Media Processing), BS (HIDGCMPPBS)

Campus: Tempe

Program Description:

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with techno fluency --- its development, application and implications. The School of Arts, Media and Engineering prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that will be increasingly shaped by new technologies.

The BS program in digital culture with a concentration in media processing is for students wishing to specialize in media processing aspects of new media.

This program teaches students to understand the transformative role of digital technology in cultural practice, society and day-to-day life, emphasizing the strongest emerging trends in cultural media: systems and processes that integrate digital technology with the everyday physical human experience. Students in the Bachelor of Science program complement the knowledge acquired through digital culture coursework with a more advanced understanding of the programming, data structures, signals processing and system architecture aspects of new media.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Environmental Design, BS (HIEDSBS)

Campus: Tempe

Program Description:

The BS program in environmental design has an integrated curriculum offered primarily in a nonstudio format. The program is designed to create a deep awareness and knowledge of issues that influence the design of built environments and the design of artifacts in general.

The program of study emphasizes general knowledge and design research as well as focus areas. Focus areas include histories and theories of design; innovation, technology and design strategies; and sustainability in environmental design. The curriculum provides special understanding of theories, technologies, social issues and management aspects related to the student's chosen focus area. While studio courses cannot be taken as

electives, students take career-specific design electives and the program prepares students for all graduate programs in The Design School.

This program is not a professional degree program but provides a broad base of skills and knowledge in environmental design.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=HIEDSBS-null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

Fashion, BA (HIFSHBA)

Campus: Downtown Phoenix

Program Description:

The BA in fashion at ASU is a transdisciplinary program that provides students with a foundation that enables them to work across many segments in the fashion industry.

The fashion program at ASU combines history, business practices and hands-on studio experience to prepare students for a variety of roles in this global industry. Gaining a proficiency in illustration skills, fluency with materials, traditional techniques and digital technologies, students are prepared for interdisciplinary collaborations through coursework across marketing and merchandising, wearable technology, sustainability, management and leadership, international experience, and fashion and culture. In the capstone experience, students develop a substantial project within an area of focus. Opportunities for internships and study abroad further advance students' professional goals.

Through the leadership of well-known industry professionals, students with the bachelor's degree in fashion are connected globally to leaders in the industry.

Additional Program Fee: Y

Film (Film and Media Production), BA (FAFLMBA)

Campus: Tempe

Program Description:

By bringing their own unique stories to life, students pursuing a degree in film and media production develop a comprehensive and practical knowledge of digital media production, an awareness of the impact of media and entertainment on audiences and culture, and an understanding of the role of the artist in society.

Students in this degree plan have access to digital cameras, lighting and sound equipment, post-production software and facilities, and other resources --- including talented and dedicated peer and faculty colleagues who will give them multiple opportunities to produce projects of exceptional quality.

Students choose one of three upper-division tracks of study: directing, producing and screenwriting, and media technology including cinematography, post-production and sound. Each course of study is supported by the degree-wide emphasis on ethical filmmaking practices, innovative creative expression and preparation for a career as an industry professional.

The program is offered by The Sidney Poitier New American Film School.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

All film students are admitted to ASU into the Bachelor of Arts in film, filmmaking practices concentration. Students who wish to pursue the highly selective, studio-based Bachelor of Arts in film with a concentration in film and media production must complete the 15 hour film core and successfully pass an interview and review of their creative work to enter the concentration. This interview and creative work review generally takes place in the third or fourth term at ASU.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAFLMBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The film and media production degree program provides students with the knowledge and experience to prepare them to enter careers in media and entertainment as:

- cinematographers and camera operators
- directors for motion pictures, television and documentary

- editors and post-production specialists
- producers and production executives
- screenwriters for motion pictures and television
- videographers and digital media content creators

The bachelor's degree program is an excellent broad-based foundation for work in the profession or to prepare students for further training at graduate schools or conservatories.

Film (Filmmaking Practices), BA (FAFPRBA)

Campus: Tempe, ASU@Los Angeles

Program Description:

Students who pursue the BA in film with a concentration in filmmaking practices receive grounding in fundamental production skills; entertainment and media ethics; feature, short and episodic screenwriting; and general film and media industry history and practices.

Students have the option of two tracks of study in the upper division: screenwriting or preprofessional. Students who choose the screenwriting track are required to take multiple writing courses at the intermediate and advanced levels. Students in the preprofessional track chose from among a series of course options in each of these areas: writing, producing, and film and media technology.

Production experience is regularly available through select lower-division courses that provide creative coursework options, the upper-division course FMP 300, and credited opportunities to work on projects produced by students, faculty and The Sidney Poitier New American Film School. All students complete a year-long senior project, initiated and developed by the students and supported with dedicated faculty mentorship, and are supported in their professional goals through the innovative Film Spark program in Santa Monica, Calif.

The Los Angeles location for the BA in film with a concentration in filmmaking practices will accept transfer students with an associate degree in film or media production from select California community colleges for the fall 2022 term.

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAFPRBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The filmmaking practices concentration provides preprofessional students with the knowledge and experience that prepare them for entry-level positions in media and entertainment production; producing; public relations, marketing and management; or to enter advanced graduate-level education. Screenwriting allows students to develop a diverse and unique writing portfolio and an understanding of the creative and professional skills required to establish and maintain a successful career as a writer.

Graphic Design, BSD (ARGRABSD)

Campus: Tempe, Online

Program Description:

The graphic design program in The Design School is committed to excellence in traditional and contemporary graphic design education, professionalism, research, and service for the community at large. Faculty, alumni, students and visiting designers and educators constantly reinforce the link between society and nature and vigorously advocate quality in developing communication strategies.

The BSD curriculum acknowledges the need for creative environments that address ecological concerns and encourages students to develop sustainable transdisciplinary work sensitive to cultural aesthetic. The curriculum develops a strong foundation of design principles through lower-division studio and lecture courses, using this to build an overall understanding of how design can shape perception and meaning using visual media. Upper-division studio courses provide opportunities for students to work in collaborative teams addressing professional projects in information design, interaction design, exhibition design, animation, motion graphics, branding, publication design, web design, interface design and the multiple contemporary facets of sensorial design.

Graphic designers are responsible for designing how information is communicated. Forms of communication include print, video, film and electronic (web). Graphic designers are concerned with appearance, choosing the appropriate mechanism for communication, clarity of information and its effectiveness and how communication is transferred and received.

The BSD program in graphic design places an emphasis on strategic communication developed through a design process that includes research, analysis, conceptualization, planning and realization. The process leads to innovative visual communication design solutions for contemporary design problems that are local to global in scope.

All students who are admitted to the major must pass a degree milestone at the end of the first year to continue in the major. For more information on the milestone process, students should visit <https://design.asu.edu/resources/students/milestones> (<https://design.asu.edu/resources/students/milestones>). This is an eight-semester graphic design program that requires sequential completion of studio coursework or approved equivalent at any point of entry.

Additional Program Fee: Y

Second Language Requirement: N

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Based on a diversified portfolio upon graduation, those who opt for the graphic design profession gain employment in:

- advertising and marketing design
- brand and corporate identity design
- broadcast (TV graphics) design
- interaction and interface design
- museum or exhibition design
- publication design
- visual communication design
- web design

Specific examples of graphic designers' work include:

- annual reports
- books
- environmental graphics
- information design
- motion graphics
- multimedia presentations
- publications
- websites

Graduates may also pursue graduate studies leading to careers in design education and other fields of professional endeavor in design.

Industrial Design, BSD (ARINDBSD)

Campus: Tempe

Program Description:

Industrial designers are responsible for the design of product and service systems that people use in their everyday lives. The BSD in industrial design at ASU focuses on a new model of transdisciplinary product development called integrated innovation. Using this model of innovation, students systematically work through a matrix of four questions:

- What is valuable to users?
- What is possible through engineering?
- What is desirable to business?
- What is good for society and the environment?

Students learn how to create product and service systems that benefit society while minimizing impacts on the environment, that can be realized through appropriate technology and engineering, that create measurable value for business, and which satisfy people's needs.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, students should visit <https://design.asu.edu/resources/students/milestones> (<https://design.asu.edu/resources/students/milestones>).

This is an eight-semester program requiring sequential completion of studio coursework or approved equivalent at any point of entry.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Data Science), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ARINDBSD-null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs

include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

After completing the program successfully, graduates have the option of working as designers in several capacities:

They may obtain employment as members of in-house design teams at corporations in a variety of industries including, but not limited to:

- consumer goods
- furniture
- health care and medical products
- packaging design
- sports and outdoor goods
- toys
- trade show and exhibit design
- transportation and mobility device design
- user interface design

Graduates may obtain employment with consulting firms that design products and services for a variety of clients. They may obtain employment with nonprofit institutions or nongovernmental organizations addressing specific social or environmental problems. They may pursue entrepreneurship opportunities; some graduates have established their own design and manufacturing ventures. Or, graduates may pursue teaching a variety of courses in art and design schools, colleges or universities, part time or full time.

Interior Design, BSD (ARINTBSD)

Campus: Tempe

Program Description:

The BSD program in interior design at The Design School explores how people inhabit, interact with and transform interior environments. Interior designers create environments within buildings that meet the physical and psychological needs of individuals and institutions, providing a useful, rich and rewarding environment for users. Interior design involves the design of space, equipment and furniture. It requires substantial technical and organizational understanding; sensibility to form, lighting, color and texture; and an awareness of design history and theory.

All students admitted to the major must pass a degree milestone at the end of the first year to continue in the major. For more information on the milestone process, students should visit <https://design.asu.edu/resources/students/milestones> (<https://design.asu.edu/resources/students/milestones>). Landscape Architecture, BSLA (ARPLABSLA)

Campus: Tempe

Program Description:

The BSLA program offers students the opportunity to engage with the community in applied projects that focus on designing sustainable outdoor environments and improving the ecological and social health of the urban environment.

Undergraduate landscape architecture projects can range from large-scale work encompassing urban design, landscape restoration, open space preservation planning, community planning and landscape ecological design to projects at the more intimate scale of a neighborhood park or residential backyard. Emerging areas of focus include creative placemaking; environmental equity, green roofs and living walls; restorative environments; sustainable design; and urban climate design. Students complement their design learning with electives from a broad range of approved courses.

Completion of the Bachelor of Science in landscape architecture ensures graduates have the qualifications to take the Landscape Architect in Training examination leading to registration as a professional landscape architect. As the only undergraduate degree offered at The Design School which leads directly to professional registration and as an entry point to the profession, above average or higher performance is required for success.

Students should see the Bachelor of Science in landscape architecture major map for details on specific courses and semester curricula.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The bachelor's degree program is designed to prepare students for landscape architecture professional practice and advanced study at the graduate level. Graduates have found employment in nationally recognized firms working with notable landscape architects in large multinational firms or in public agencies. Alumni have also gone on to pursue advanced study at universities with distinguished graduate programs in landscape architecture and allied design fields.

The U.S. Bureau of Labor Statistics projects employment for landscape architects to grow 4% between 2018 and 2028, about as fast as the average for all occupations. The bureau also notes employers prefer hiring entry-level landscape architects with internship experience to significantly reduce the amount of on-the-job training. The bachelor's degree program has an internship requirement meant to address this preference and better prepare graduates for employment.

Music, BA (FAMUSBA)

Campus: Tempe

Program Description:

The BA in music provides students with a broadly based liberal arts degree. Students receive a strong foundation in music theory and music history while completing lessons on their major instrument. The curricular core provides students with the opportunity to explore music as human history, cultural artifact and social behavior. Students may combine the degree with another major or minor within ASU.

Additional Program Fee: Y

Second Language Requirement: Yes

First Required Math Course: MAT 142 - College Mathematics
or MAT 117 College Algebra or MAT 119 Finite Mathematics

Program Math Intensity: General

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Creative Enterprise and Cultural Leadership, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music, Dance and Theatre
Academic Catalog Archive 2021-2022

application. Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>) for details. Admission to the School of Music, Dance and Theatre is based on an audition. Auditions take place in November (spring admission) and in January and February (fall admission) of each year. Applicants may review audition information at <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>).

Admission to the music program is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, Dance and Theatre, the applicant's major is changed to music. In the event a student is admitted to ASU but not to the School of Music, Dance and Theatre or misses the audition deadline, the student will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Transfer Admission Requirements:

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAMUSBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates are prepared to work in various professional or entrepreneurial capacities, including:

- music criticism and research, ethnomusicology and musicology
- music entrepreneurship, concert management and promotion
- music publishing
- performing in community and professional ensembles in a variety of styles and traditions
- teaching in a private studio or community program

Many graduates pursue a master's degree or a doctorate in music or another professional field.

Music (Music and Culture), BA (HIMUSMCBA)

Campus: Tempe

Program Description:

The BA program in music with a concentration in music and culture is a broadly based liberal arts degree offering the most elective flexibility of any ASU music major.

The program provides skills applicable to careers in music and many other fields (e.g., librarianship, arts festival management or production, criticism, audience educator, recruitment, artist representation, publishing, creative writing). Students may develop mainstream competencies such as performing or writing about Western European music; conducting; and teaching about music. They may also pursue coursework in popular song writing, beat-making, acoustics, advocacy of wellness through music, dance as musical embodiment and selected musical competencies of Asia, Latin America and other areas.

Students explore music as human history, cultural artifact and social behavior, and engage in interdisciplinary thinking and academic research and writing. Because of the high percentage of elective courses, students may tailor both the General Studies courses and the music electives to suit their career goals.

Additional Program Fee: Y

Second Language Requirement: Yes

First Required Math Course: MAT 117 - College Algebra
or MAT 119 Finite Mathematics or MAT 142 College Mathematics

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music, Dance and Theatre application. Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>) for details. Admission to the School of Music, Dance and Theatre is based on an audition. Auditions take place in November (spring admission) and in January and February (fall admission) of each year. Applicants may review audition information at <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>).

Admission to the music program is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, Dance and Theatre, the applicant's major will be changed to music. In the event a student is admitted to ASU but not to the School of Music, Dance and Theatre or misses the audition deadline, the student will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

The following comprise the audition process for admittance to the music and culture concentration:

- Students must submit a writing sample, which will be evaluated by all musicology faculty members.

Students must submit evidence of musicianship broadly defined (basic notational literacy plus live audition on, for example, didgeridoo or gospel-style composition, or documented transdisciplinary installation including music), which will be

evaluated by all musicology faculty.

- Students must attend an interview with at least three musicology faculty members.
- Each student will be matched with a musicology advisor at the time of acceptance. The advisor will assist them in the choice of ensembles (as qualified) and electives to support their programs of study. Students must audition and be accepted into large ensembles following established procedures.
- Students who wish to take studio lessons as part of the degree must audition for the appropriate performance faculty members. Students should follow the BA in music audition requirements.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Transfer Admission Requirements:

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum and to departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=HIMUSMCBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The program prepares students for potential careers in fields that require skilled written communication, the ability to conduct research both in electronic and print media, critical and logical thinking, the dissection of an argument and careful time management.

In addition to the careers listed below, graduates may pursue jobs in music and medical humanities or copyright and entertainment law. Graduates are prepared to work in various professional capacities, including:

- music criticism and research, ethnomusicology and musicology
- music entrepreneurship, concert management and promotion
- music in culture, music blogging
- music publishing, program annotation
- performer in community and professional ensembles in a variety of styles and traditions

- private studio or community program teaching
- music librarian
- music-related fields

MUSIC E167

mdtadmissions@asu.edu

480-965-5069

Music (Popular Music), BA (HIMUSPMBA)

Campus: Downtown Phoenix

Program Description:

The popular music concentration within the BA program in music at Arizona State University welcomes and accommodates 21st century musicians interested in popular music, music industry studies and entrepreneurship. This includes but is not limited to singers and songwriters, laptop performers, producers, composers, instrumentalists, vocalists and musicians whose practices and playing styles are representative of varied popular music idioms.

Students in this concentration develop general musicianship and are invited to specialize in areas of study which include songwriting, production, composition, performance, engineering, sound design, events, music business, education and advocacy work. Students participate in individual applied study in chosen specializations, as well as a variety of group performances and production opportunities. All students gain a working knowledge of the music industry and music business, and the entrepreneurial skills necessary to gain meaningful employment upon graduation.

Internships courses provide opportunities for students to apply their learning in a real-life context and begin building relationships. A capstone senior year allows students to work more intimately with faculty on perfecting their craft as well as prepare for the shift from ASU to the industry.

Students attend classes at both the Downtown Phoenix and Tempe campuses.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra or MAT 119 Finite Mathematics or MAT 142 College Mathematics

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Audition Process for admittance to BA in Music (Popular Music) concentration:

Artist Statement:

All auditioning students must submit an artist statement explaining both their current work and vision of their future work in popular music. A minimum of 250 words is required.

Audition:

Live auditions or recorded auditions are required for admission to the BA program in popular music and for placement in MUP 111 Studio Instruction in popular music. A live audition consists of a 15-minute performance or presentation consisting of three to five selections of live or digital music performance. The selections may be original works or selections from popular music repertoire. The audition also includes scales, improvisation and aural skills. Students may also provide a recorded sample of their creative popular music work if they so choose.

For students seeking to pursue popular music performance, a live or recorded performance video is required for at least part of the audition. For

other disciplines in which a video is not possible (studio recording, music creation and composition), students are required to submit a digital audio sound recording of three to five selections.

The audition also includes a live or remote interview. A live audition is preferred. Applicants who are unable to visit the campus for a live audition may upload a recorded audition to the School of Music, Dance and Theatre application. These students will be contacted by faculty to arrange a remote interview.

Students interested in pursuing classical music lessons are required to follow the classical repertoire audition requirements for MUP 111 Studio Instruction in addition to auditioning for MUP 111 Studio Instruction in popular music.

Transfer Admission Requirements:

Students transferring from community colleges, other universities or other ASU programs engage in the same audition process as first-year students.

Transfer students are encouraged to audition during the semester before they wish to enroll at ASU. They will also take piano and music theory diagnostic exams at that time to ensure placement in appropriate coursework.

Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute or one of its programs must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A") and may change their major to the BA in music with a concentration in popular music if they successfully complete the audition process required for admittance and are accepted into the degree.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=HIMUSPMBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The Bachelor of Arts in music with a concentration in popular music prepares students for potential careers in the popular music industry that involve creativity and creating new work, being a flexible musician, collaborating with others in the community and having knowledge of music business and music marketing. Possible jobs include:

- concert management and promotion
- entrepreneurship
- music marketing
- music performance in the popular music sector
- music publishing
- nonprofit arts related work
- teaching a private studio
- work in music related fields

MUSIC 167

mdtadmissions@asu.edu

480-965-5069

Campus: Tempe

Program Description:

The BMus program in music learning and teaching is an innovative 120 credit hour degree program designed to prepare students for successful careers as leaders in music learning and teaching in a variety of K-12 school and community settings. Upon completion, students earn a K-12 teaching certification with multi-state reciprocity. More information on licensing is available at <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>).

Coursework and lab participation help students develop strong pedagogical skills and flexible musicianship, and to deepen and broaden their music making in varied styles and contexts, including contemporary digital music making. Students also develop the abilities skills to facilitate peoples' music engagement and learning in varied settings.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates are prepared to teach in public and private school music programs that offer a variety of music classes, including general music, choir, band, orchestra, strings, guitar, jazz, music production, music technology and popular music.

Graduates work in various professional or entrepreneurial capacities, including:

- performing in community and professional ensembles in a variety of styles and traditions or as a freelance musician in venues, such as art galleries, churches, clubs, cruise ships, resorts, restaurants and theme parks
- presenting school and community programs, as artist-in-residence
- teaching and directing in a private studio or community programs,
- working in music-related fields such as media production, music business, publishing, marketing and education.

Many graduates pursue a master's degree or a doctorate in music learning and teaching, in music or the arts, or in another professional field.

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.

Music Therapy, BMUS (FAMUSTHBM)

Campus: Tempe

Program Description:

The BMus program in music therapy prepares students for a career in health care, community-based and special education settings. Music therapists use carefully planned music interventions to achieve desired changes in a client's individualized behavior and functioning.

Music therapy is a profession in which engagement and receptive or active music-making helps a client achieve individual therapeutic goals. Educating the potential music therapist requires a wide range of musical, verbal and nonverbal skills. Music therapy students have many opportunities to develop their clinical skills. Students also study:

- human anatomy
- musical improvisation
- popular music styles
- psychology
- songwriting
- special education
- world music

Performance (Collaborative Piano), BMUS (FAMUSPPBM)

Campus: Tempe

Program Description:

The BMus program in performance with a concentration in collaborative piano offers private instruction in solo and collaborative piano, faculty coaching of chamber music and art song repertoire, and ample opportunity for extensive collaborative performance experiences. Collaborative piano students regularly perform with their vocal and instrumental colleagues on concerts at ASU and throughout the valley, including concerts at the Scottsdale Center, the Kerr Cultural Center, Tempe Center for the Arts and the renowned Musical Instrument Museum.

The program focuses on the core repertoire of song, piano chamber music and selected works from opera and musical theater. Collaboration within the School of Music, Dance and Theatre involves all performance areas, including classes and opportunities with the Music Theatre and Opera program, concerts with large ensembles and choirs, duo recitals with instrumental and voice colleagues, and performances of great chamber music literature as part of the Visiting Quartet Residency program.

Performance (Jazz), BMUS (FAMUSPJBM)

Campus: Tempe

Program Description:

The BMus in performance with a concentration in jazz prepares students for professional careers and leadership roles in jazz and related fields of contemporary music by promoting flexible musicianship and an understanding of the jazz tradition.

The curriculum includes course offerings in jazz performance, composition, arranging, history, theory, aural skills and pedagogy and is designed to incentivize artistic expression, innovation, and the exploration of blues-based improvisation, bebop, Latin jazz, swing and soul music.

Students in the ASU jazz studies program find an abundance of performance opportunities in the many university ensembles and professional groups that perform in the greater Phoenix metropolitan area.

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music, Dance and Theatre application. Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>

(<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>) for details. Admission to the School of Music, Dance and

Theatre is based on an audition. Auditions take place in November (spring admission) and in January and February (fall admission) of each year.

Applicants may review audition information at <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>

(<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>).

Admission to the music program is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, Dance and Theatre, the applicant's major will be changed to music. In the event a student is admitted to ASU but not to the School of Music, Dance and Theatre or misses the audition deadline, the student will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Transfer Admission Requirements:

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>) for complete music deadlines.

Spring admission: The deadline to apply for admission to this program is October 15.

Fall admission: The deadline to apply for admission to this program is January 5.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FAMUSPKBM~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates are prepared to work in various professional or entrepreneurial capacities, including:

- performing as a concert soloist or in chamber music ensembles
- performing as a freelance musician in venues such as art galleries, churches, clubs, cruise ships, resorts, restaurants and theme parks
- presenting school programs or serving on state or community arts councils as artist-in-residence
- recording and studio work
- teaching privately or in a professional music school, a college or a university program
- working in music-related fields such as media production, music business, publishing and marketing

Many graduates pursue a master's degree or a doctorate in music or in another professional field.

Performance (Music Theatre), BMUS (FAMUSPMBM)

Campus: Tempe

Program Description:

The BMus in performance with a concentration in music theatre is an intensive, performance-oriented program designed to hone all the skills

necessary for the complete musical theatre artist.

Training includes private voice lessons every semester of study as well as specialized instruction in acting, dance, audition techniques, technical production, repertoire classes, scene study and performance. A unique feature of this program includes an innovative sequence of musical theatre performance courses designed to synthesize all the abilities necessary to succeed as a professional musical theatre performer.

ASU is unique in that students may receive professional training in both opera and musical theatre in a broad variety of musical theatre styles, from traditional to contemporary. Two musicals and two operas are produced each year, plus new works and student-led productions. The annual showcase in New York City and Phoenix as well as formal collaborations with Arizona Opera and The Phoenix Theatre Company provide additional performance opportunities and valuable career immersion experiences for all students.

Performance (Orchestral Instrument), BMUS (FAMUSPOBM)

Campus: Tempe

Program Description:

The BMus program in performance with a concentration in an orchestral instrument focuses on the study of music literature and techniques on a specific orchestral instrument.

Students receive coaching from world-renowned faculty and visiting guest artists, attend masterclasses, and receive extensive performance experience in large ensembles as a chamber musician and as a soloist.

Students study a specific orchestral instrument intensively with a faculty member for eight semesters including major repertoire, solo literature and chamber music. Training is focused toward preparing students for a career in orchestral or chamber groups, in military bands or as a private lesson instructor. Students learn skills that prepare them for auditions and learn how to network with other musicians, how to market themselves professionally, and how to schedule and organize recitals and performances.

Performance and Movement, BA (HIPERMVBA)

Campus: Tempe

Program Description:

The BA program in performance and movement is an inclusive, transdisciplinary degree program that encourages students to develop both collaborative approaches to learning and professional industry skills in the performing arts. This program is grounded in cultivating community practice through theatre and dance.

The bachelor's degree program is located within the ecosystem of Phoenix, the sixth largest urban center in the United States, and enables students to understand, deconstruct and uplift diverse artistic modes across media and encourages the student to create a flexible degree program that intersects and engages these areas of interest. This degree program offers a number of focus areas: dance and theatre, social and partnership dance and Hip Hop Arts.

Dance and theatre --- The dance and theatre focus area is designed for dancers who seek experience working with theatrical performance and acting, actors and performers who seek to balance text and voice work with movement exploration, and writers and directors who want to explore a wide range of approaches to live performance.

Social and partnership dance --- The social and partnership dance focus area is an innovative program that allows students to explore multiple styles and approaches in social and partnership dance both in formal classroom study and informal student-centered community events. The focus area seeks to prepare future Latin social and ballroom dance leaders with pedagogical, performance and community-building strategies to support the need for serving local and national community engagement in social dance as a means to create social transformation and change.

Hip Hop Arts --- The Hip Hop focus area is designed for the student interested in melding intersectional embodied practice, social justice and Hip Hop culture by offering a critical look at the historical, social and practical application of Hip Hop scholarship and culture. The program focus spans various forms of Hip Hop artistry and expression through thought-provoking, in-studio courses and hands-on practical application and connects students with scholars and Hip Hop practitioners to embrace the interdisciplinary nature of Hip Hop arts: dance, music, visual and voice.

The BA program in theatre with a concentration in design and production provides students a rigorous academic and hands-on theatre education with an emphasis on design and production for entertainment. The concentration uses cutting edge technologies to produce the highest-level production. Within the context of a comprehensive liberal arts education, the program prepares students for both advanced graduate study in the field and for careers in entertainment design and production.

The program offers specialty coursework in the following areas:

- costume construction
- costume design and technology
- digital fabrication
- lighting design and technology
- media design and technology
- properties construction
- scenic art
- scenic design and technology
- sound and media systems design
- sound design and technology
- stage management
- technical direction
- rigging

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students interested in the BA in theatre are admitted directly into the major by indicating their degree preference on their ASU admission application.

Students interested in the BA in theatre, BA in theatre with a concentration in acting, or BA in theatre with a concentration in design and production enter as BA theatre majors. Once students begin to complete classes at ASU in the BA theatre program, they may apply to a concentration in either acting or design and production.

Transfer Admission Requirements:

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum and subject to departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 semester hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 semester hours of resident credit in the major as approved by the faculty.

Change of Major Requirements:

An ASU student who would like to change majors to one offered by the Herberger Institute for Design and the Arts must have a minimum cumulative GPA of 2.50 (scale is 4.00 = "A").

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=FADSNPRBA~null + &college=CHI>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The bachelor's degree program in theatre provides an excellent broad-based foundation in the performing arts and entertainment industries for those who want to work as designers or technicians. It also prepares students for further training at graduate schools or conservatories. Additionally, the program's liberal arts emphasis prepares graduates for a variety of occupations.

Theory and Composition (Composition), BMUS (FAMUSTCBM)

Campus: Tempe

Program Description:

Students pursuing the BMus in theory and composition must choose a concentration in either theory or composition. The completion of the requirements for this concentration results in the award of one degree in either theory or composition.

Students who select the concentration in composition focus on developing a range of techniques for writing music for diverse genres and media including chamber, orchestra, electronic music, and film and video scoring. The School of Music, Dance and Theatre offers students the opportunity to study with composers who have established national and international reputations.

This program may be used as the first step toward a master's degree or doctorate in music composition or another graduate academic music degree.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra OR MAT 119 Finite Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music, Dance and Theatre application. Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>) for details. Admission to the School of Music, Dance and Theatre is based on a composition interview. Interviews take place in November (spring admission) and in February (fall admission) of each year. Applicants may review audition information at <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-auditions>).

Admission to the music program is highly selective and based on an interview process. Students are admitted as music audition students and must successfully complete the composition interview before enrolling in music major courses. Upon admission to both ASU and the School of Music, Dance and Theatre, the applicant's major will be changed to music. In the event a student is admitted to ASU but not to the School of Music, Dance and Theatre or misses the audition deadline, the student will remain as a music audition major and will need to successfully pass the interview milestone in the first semester in order to gain admission into the program.

Application Deadlines: Students should visit <https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees> (<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-deadlines-fees>).

Spring admission: The deadline to apply for admission to this program is October 1.

Fall admission: The deadline to apply for admission to this program is December 1.

Transfer Admission Requirements:

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Engineering, Ira A. Fulton Schools of

Aeronautical Management Technology (Air Traffic Management), BS (ESAMTATBS)

Campus: Polytechnic

Program Description:

The BS program in aeronautical management technology with a concentration in air traffic management provides a technical foundation in the air traffic control procedures used by air traffic controllers in control towers and radar facilities.

Students gain a strong background in aircraft operations, management skills and business principles through coursework specific to air traffic control and aviation. As part of the degree program, students are required to take courses that will qualify them to earn their airline dispatcher certificate.

This is an intensive program of classroom study and laboratory practice using state-of-the-art air traffic control simulators to enhance and reinforce classroom study. Students receive training in the methodologies and technologies that are currently being developed for the next generation of air traffic control systems. Students develop the skills of analytical thinking, clear and concise communication, problem-solving, and teamwork.

The Aviation Accreditation Board International accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

ASU offers programs that lead to professional licensure with the state of Arizona and may allow graduates to be eligible for licensure in other states. Students should check the professional licensure list for the Ira A. Fulton Schools of Engineering to determine if this program meets requirements in their state: <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>). Students should note that not all programs within the Fulton Schools of Engineering lead to professional licensure.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Technology (Aviation Management and Human Factors), MSTech

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

To be considered for employment by the Federal Aviation Administration, graduates of the program need to be aware of minimum requirements for employment. Students should see https://www.faa.gov/jobs/career_fields/aviation_careers

(https://www.faa.gov/jobs/career_fields/aviation_careers/) for more information. Graduates of the program are not guaranteed employment by the Federal Aviation Administration. Students who do not have U.S. citizenship may be admitted to the program but are not eligible for employment by the Federal Aviation Administration.

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ESAMTATBS~null + &college=CES>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The Federal Aviation Administration's 2020 Controller Workforce Plan projects that the agency plans to hire more than 8,500 new controllers by 2029 to keep pace with the expected attrition rate and traffic growth. The total number of planned hires for the period of 2019-2029 is 9,596 new controllers. The increase in the volume of air traffic requires more controllers to handle the additional work. New computerized systems assist controllers by automatically making many of the routine decisions, allowing controllers to handle more traffic and thus increasing their productivity.

Despite the obvious demand for new controllers in the immediate future, competition to get into the FAA-approved training programs is expected to remain intense as there generally are many more applicants than there are openings. Graduates who have met all the FAA requirements are eligible for consideration for employment.

Aeronautical Management Technology (Air Transportation Management), BS (TSAMTMBS)

Campus: Polytechnic

Program Description:

The air transportation management concentration of the BS program in aeronautical management technology provides students with a strong foundation of aviation concepts, including airline administration, airport planning, aviation law, policy and human factors as well as technical knowledge focusing on power plants, structures and aerodynamics. Students progress into courses on the business and management and operational aspects of aviation such as airline administration and airport planning. All students finish the program by participating in an internship within industry and completion of a capstone project.

This program prepares students for leadership positions within airlines, airports, government, consulting and entrepreneurial enterprises.

The Aviation Accreditation Board International accredits this program.

ASU offers programs that lead to professional licensure with the state of Arizona and may allow graduates to be eligible for licensure in other states. Students should check the professional licensure list for the Ira A. Fulton Schools of Engineering to determine if this program meets requirements in their state: <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>). Students should note that not all programs within the Fulton Schools of Engineering lead to professional licensure.

This major is eligible for the Western Undergraduate Exchange program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

SUTON 240

Aeronautical Management Technology (Professional Flight), BS (TSAMTFBS)

Campus: Polytechnic

Program Description:

Students in the professional flight concentration of the BS program in aeronautical management technology learn to fly in an academic environment that prepares graduates for careers as professional pilots.

Flight training is offered by an ASU-approved flight provider in late-model aircraft equipped with state-of-the-art avionics. Flight instruction takes place at the Phoenix-Mesa Gateway Airport, adjacent to the Polytechnic campus.

Students may take advantage of pathway agreements for guaranteed interviews with regional air carriers.

This program is for students who are seriously interested in becoming professional airline pilots. Graduates are prepared to assume responsibilities in a wide variety of technically related areas within professional aviation flight operations.

The Aviation Accreditation Board International accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

Additional course-related fees apply; students should see the program website for more information.

ASU offers programs that lead to professional licensure with the state of Arizona and may allow graduates to be eligible for licensure in other states. Aeronautical Management Technology (Unmanned Aerial Systems), BS (TSAMTUASBS)

Campus: Polytechnic

Program Description:

The unmanned aerial systems concentration of the BS program in aeronautical management technology prepares students for careers in the rapidly growing area of unmanned aerial systems, including operations, remote sensing, data collection and analysis.

The concentration incorporates all aviation management technology core courses and unmanned aerial systems concentration courses. This provides an overview of unmanned aerial systems operations followed by detailed knowledge of unmanned aerial systems-specific systems and technology (ground control stations; data links; flight planning and operations; search, detect and avoid technologies; and payloads) and unmanned aerial systems sensor operations. A critical aspect of this academic area of study is the data capture and transfer of the sensor information collected from the unmanned aerial vehicle.

This innovative concentration brings together the most up-to-date and relevant aspects facing multiple industries today by addressing flight system planning and operations and the employment of the systems in the congested National Airspace System.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards. International students may have an additional English language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant (<https://admission.asu.edu/international/undergrad-student> (<https://admission.asu.edu/international/undergrad-student>)), then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1210 SAT combined evidence-based reading and writing plus math score or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25% of high school class, and
- no high school math or science competency deficiencies

Transfer Admission Requirements:

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1210 SAT combined evidence-based reading and writing plus math score (or 1140 if taken prior to March 5, 2016) or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25% of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary or the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer credit hours, and
- minimum GPA of 2.75 in all critical courses: MAE 201, MAE 202, MAE 213 and MAE 242

Change of Major Requirements:

Admission requirements for many majors in the Ira A. Fulton Schools of Engineering are higher than university admission standards: <https://engineering.asu.edu/admission-requirements> (<https://engineering.asu.edu/admission-requirements>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ESAEROBSE~null + &college=CES>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The majority of students entering the field of aerospace engineering desire to work on the design and analysis of aerospace vehicles. Most graduates are employed in the aerospace industry or in government positions related to aerospace. Specific careers in aerospace engineering include:

- aeronautical and space systems integration
- configuration development
- material and structural design

- propulsion engineering
- space mission design and analysis
- vehicle and component analysis using computer-aided tools
- vehicle design and performance
- wind tunnel and flight testing

The aerospace engineering program has the following educational objectives:

Through volunteering, entrepreneurial endeavors, community service, employment, etc., graduates of the aerospace engineering program will demonstrate commitment to the Sun Devil ideals of global engagement, social embeddedness, social transformation and sustainability.

Graduates of the aerospace engineering program should have attained one or more of the following objectives within a few years after completing their degrees:

- employment in aerospace or other field in a position that capitalizes on the skills and abilities gained through the degree in aerospace engineering, in positions of increasing responsibility and leadership within the organization
- admission into a graduate degree program in aerospace engineering or other technical field
- admission into a professional degree program, such as law or business, in accordance with the specific interests and abilities of the graduate

Graduates of the aerospace engineering program are expected to attain the following outcomes:

- an ability to identify, formulate and solve complex engineering problems by applying principles of engineering, science and mathematics
- an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental and economic factors
- an ability to communicate effectively with a range of audiences
- an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental and societal contexts
- an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks and meet objectives
- an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- an ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Aerospace Engineering (Astronautics), BSE (ESAEASBSE)

Campus: Tempe

Program Description:

The BSE program in aerospace engineering provides students with an education in technological areas critical to the design and development of aerospace vehicles and systems.

The astronautics curriculum covers:

- attitude determination and control
- elective topics in aeronautics
- gas dynamics
- orbital mechanics
- rocket propulsion
- space environment
- space structures
- telecommunications.

Students in the astronautics concentration culminate their major study with a capstone design project that incorporates the multiple disciplines involved in the creation of a space-going vehicle.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Aerospace Engineering, MS

Mechanical Engineering, MS

Robotics and Autonomous Systems (Mechanical and Aerospace Engineering), MS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Aerospace Engineering (Autonomous Vehicle Systems), BSE (ESAEAVSBSE)

Campus: Tempe

Program Description:

Emerging emphasis on autonomous aircraft technology and operations in both military and civilian sectors signals a new era within the aeronautical

community focused on autonomous vehicles and systems. The BSE program in aerospace engineering with a concentration in autonomous vehicle systems provides graduates with knowledge and skills required for any career in aerospace engineering plus those specific to unmanned aerial vehicles and systems.

The curriculum is structured so students have general exposure to the engineering of autonomous aircraft plus track courses in one area important to this field. Available tracks are guidance, navigation and control, and communications.

All paths through this concentration satisfy accreditation criteria for aerospace engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

ASU offers programs that lead to professional licensure with the state of Arizona and may allow graduates to be eligible for licensure in other states. Students should check the professional licensure list for the Ira A. Fulton Schools of Engineering to determine if this program meets requirements in their state: <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>). Students should note that not all programs within the Fulton Schools of Engineering lead to professional licensure.

Applied Science (Aviation), BAS (TSAMTABAS)

Campus: Polytechnic

Program Description:

The concentration in aviation within the BAS in applied science is for students who have received training and education in some aspect of the air transportation industry, such as air transportation management, flight or aviation maintenance as part of their associate degree. Students receive an orientation in management practices.

This major is eligible for the Western Undergraduate Exchange program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: Any math course with the MA general studies designation will satisfy the math requirement.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available to freshmen.

Transfer Admission Requirements:

This BAS program in applied science allows students who have an applicable AAS from an accredited institution to transfer 60 credit hours toward a Bachelor of Applied Science at ASU. Students pursuing this degree may have more than 60 credit hours to complete in order to obtain their BAS upon transfer to ASU. Students who have earned an Associate of Applied Science degree from a regionally accredited Arizona community college may be eligible to transfer up to 75 credits toward the BAS degree. Students should work with their academic advisor to ensure their courses meet degree requirements.

Change of Major Requirements:

Students interested in changing to this Bachelor of Applied Science program must have completed a related Associate of Applied Science degree at a regionally accredited college.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TSAMTABAS~null + &college=CES>) to outline a list of recommended courses to take prior to transfer.

SUTON 240

Applied Science (Graphic Information Technology), BAS (TSGITBAS)

Campus: Polytechnic, Online

Program Description:

The BAS program with a concentration in graphic information technology allows students who have an applicable AAS from an accredited institution to transfer 60 credit hours toward a Bachelor of Applied Science degree at ASU. Students pursuing this degree may have more than 60 credit hours to complete in order to obtain their Bachelor of Applied Science upon transfer to ASU. Students who have earned an Associate of Applied Science degree from a regionally accredited Arizona community college may be eligible to transfer up to 75 credits toward the Bachelor of Applied Science degree. Students should work with their academic advisor to ensure their courses will meet degree requirements.

The cross-media nature of the graphics industry requires tomorrow's graduates to understand the full spectrum of visual design and production as well as current business practices. The graphic information technology program prepares students to become visual design technologists with skills in front-end web design and development, printing and digital publishing, commercial photography and videography, and motion graphics and visual effects. This is an intensive program of study emphasizing theory and hands-on laboratory practice.

This major is eligible for the Western Undergraduate Exchange program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Additional Program Fee: Y

Second Language Requirement: N

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Graphic Information Technology, MS

Technology (Graphic Information Technology), MSTech

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree in a similar field such as computer graphic design, digital arts, digital photography, eLearning design, game technology, graphic design, animation and Web publishing design, graphic design: visual communication, information technology; web and graphic design, media arts; desktop publishing, media art; web design, multimedia, multimedia and business technology, and video production technology.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/graphic-information-technology-bas/>)

Change of Major Requirements:

Students interested in changing to this Bachelor of Applied Science degree must have completed a related Associate of Applied Science degree at a regionally accredited university in a similar program, such as graphic design, animation, visual communication, web design and development, commercial photography and video.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TSGITBAS~null + &college=CES>) to outline a list of recommended courses to

take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The graphic information technology program prepares graduates for technical and management positions in visual design in such diverse areas as:

- art direction
- commercial photography and videography
- front-end web design and development
- graphic design
- motion graphics, animation and game art
- premedia, digital printing and publishing
- production management
- quality assurance of graphic and visual design products
- technical and digital media production
- user experience design
- user interface design
- video editing
- visual design

Applied Science (Internet and Web Development), BAS (TSIWDBAS)

Campus: Polytechnic, Online

Program Description:

The BAS program with a concentration in internet and web development is an intensive program of study emphasizing hands-on laboratory practice. Students develop skills in front-end web design and development, including advanced web markup and scripting, user experience design, usability, multimedia design and emerging web technologies.

The Bachelor of Applied Science degree program allows students who have an applicable AAS from an accredited institution to transfer 60 credit hours toward a bachelor's degree at ASU. Students pursuing this degree may have more than 60 credit hours to complete in order to obtain their Bachelor of Applied Science upon transfer to ASU. Students who have earned an Associate of Applied Science degree from a regionally accredited Arizona community college may be eligible to transfer up to 75 credits toward the Bachelor of Applied Science degree. Students should work with their academic advisor to ensure their courses will meet degree requirements.

All courses for this program are available on campus and through ASU Online.

This major is eligible for the Western Undergraduate Exchange program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

Attend Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-applied-science-operations-management-technology/>)

Change of Major Requirements:

Students interested in changing to this Bachelor of Applied Science degree must have completed a related Associate of Applied Science degree at a regionally accredited institution.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TSIMCOBAS-null + &college=CES>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

The bachelor's degree program in operations management technology prepares undergraduate students for supervisory and management functions in industry, manufacturing, public service and other service organizations.

Biomedical Engineering, BSE (ESBMEBSE)

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

Biomedical engineering applies principles of engineering to the study and resolution of problems in biology and medicine.

The BSE in biomedical engineering prepares high-quality graduates with a broad-based education in biomedical engineering that positions them for productive employment, graduate study or professional programs, especially in human and animal medicine, biotechnology and related biology-based engineering fields; for continued development of technical knowledge, awareness and leadership abilities so graduates may address domestic or global issues in human health; and for preparation to ethically and responsibly contribute to society by drawing from an integrated, transdisciplinary biomedical engineering education that focuses on sustainability and environmentalism.

Graduates are able to apply their skills in an ethical, sustainable and environmentally responsible manner to make contributions that address societal and individual needs.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

ASU offers programs that lead to professional licensure with the state of Arizona and may allow graduates to be eligible for licensure in other states. Students should check the professional licensure list for the Ira A. Fulton Schools of Engineering to determine if this program meets requirements in their state: <https://asuonline.asu.edu/about-us/licensure/> (<https://asuonline.asu.edu/about-us/licensure/>). Students should note that not all programs within the Fulton Schools of Engineering lead to professional licensure.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Biomedical Engineering, MS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/first-year/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-student>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant (<https://admission.asu.edu/international/undergrad-student> (<https://admission.asu.edu/international/undergrad-student>)), then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 79 on iBT (internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1210 SAT combined evidence-based reading and writing plus math score or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25% of high school class, and
- no high school math or science competency deficiencies

Transfer Admission Requirements:

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1210 SAT combined evidence-based reading and writing plus math score (or 1140 if taken prior to March 5, 2016) or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25% of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and

- minimum GPA of 3.00 in all critical courses for Terms 1 and 2 (see major map for critical courses)

Change of Major Requirements:

Admission requirements for many majors in the Ira A. Fulton Schools of Engineering are higher than university admission standards: <https://engineering.asu.edu/admission-requirements> (<https://engineering.asu.edu/admission-requirements/>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ESBMEBSE~null + &college=CES>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Biomedical engineers are primarily employed in:

- governmental regulatory agencies
- hospital and research facilities
- medical and educational institutions
- medical device, biotechnology and pharmaceutical industries

In industry, they may work in all aspects of product development including:

- business development
- manufacturing
- marketing
- quality
- regulatory
- research and design
- sales

Because of their background in both the engineering and medical fields, they often serve a coordinating or interfacing function and provide a key role for transdisciplinary teams. Government positions may involve evaluating new technologies, testing product quality and safety and setting standards.

In the hospital, biomedical engineers serving in a clinical engineering function may provide advice on the selection and use of medical equipment and supervise performance testing and maintenance. Biomedical engineers may also build customized devices for special health care, rehabilitation or research needs.
