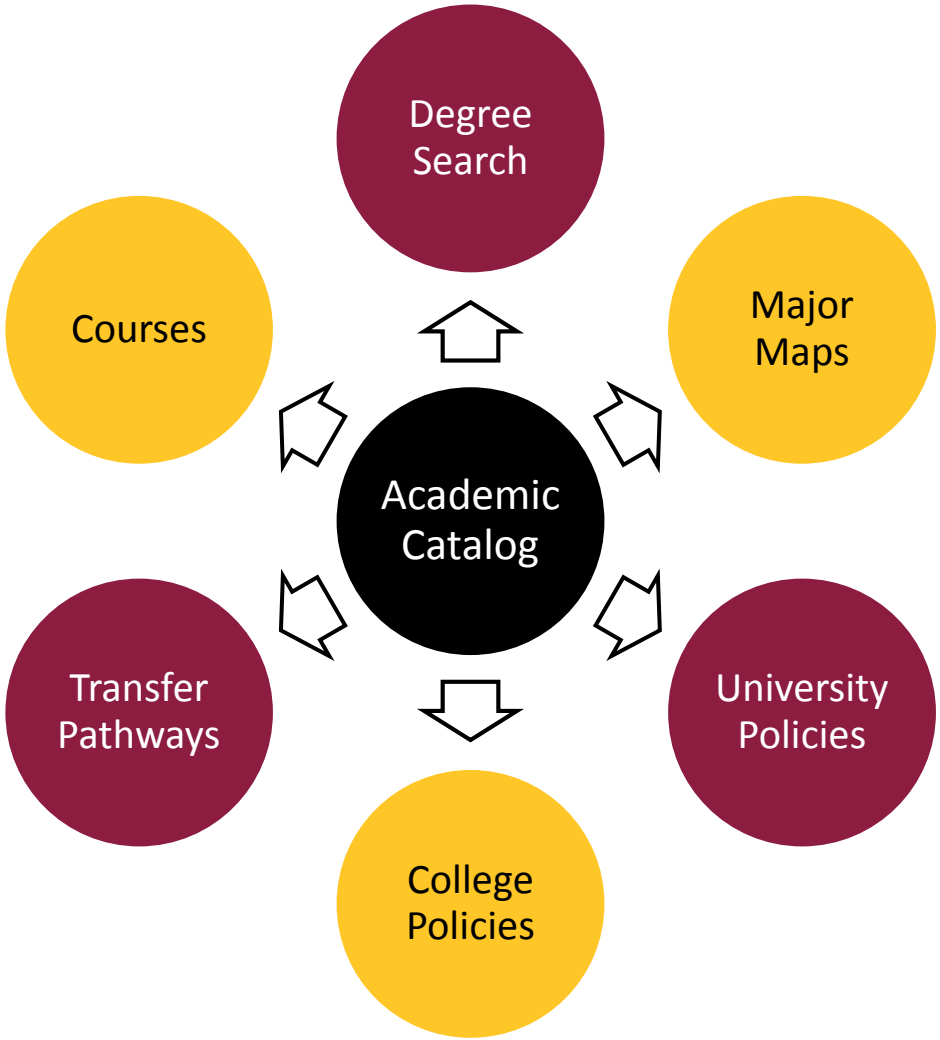
Welcome to the 2020-2021 Annual Catalog Review!

Meeting Agenda

- Welcome
- Catalog Review Process Overview
- Catalog Review Site Changes and Updates
- Career and Academic Integration
- Graduate College Process
- EdPlus for ASU Online
- BAMM Changes and Updates
- Transfer Pathway Changes and Updates
- DARS Verification Process
- Final Reminders

What is the Academic Catalog?



Timeline

September 10, 2019

- Catalog review available in PeopleSoft; major maps available in BAMM

September 2019

- Training on-demand available for catalog processes & BAMM

November 12, 2019

- Deadline for Degree Search data submitted through the catalog site, academic programs in BAMM, Degree Audit verifications and college policies

December 16, 2019

- MAPP/TAG adjustments due from catalog coordinators

January 27 - 31, 2020

- Catalog 2nd review in Degree Search QA (programs, maps, etc.)

February 13, 2020

- Catalog published: Degree Search changes, academic program maps, college policies and university policies – NO MORE CHANGES!

Catalog Review 2020-2021

- PeopleSoft houses all Degree Search textual content for review. All programs for your college are on the **Catalog Review Summary** tab.
- You may begin reviewing content as soon as your unit access role requests are complete.
- College policy review is completed at https://catalog.asu.edu/status
- Updated resources and tips are available at: https://catalog.asu.edu/catalog_review_resources
    - Catalog site training documentation
    - Checklist
    - Timeline
    - Writing Guidelines
    - And much more…

Workflow Steps

Workflow: Undergraduate Programs, Minors and Undergraduate Certificates

Workflow: Graduate Programs and Graduate Certificates

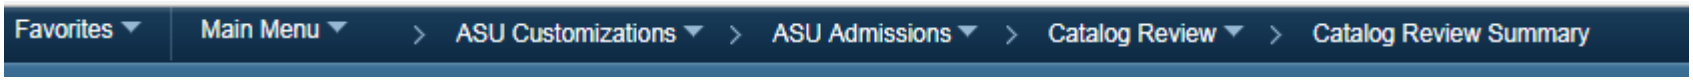
Please note a few important features:

- Edits can be made at each stage of the workflow, but not all fields can be edited by all users.
- All users at a level beyond Originator will receive an email when the form is moved to their level. For users with multiple level access, this can add up.
- Programs can be sent back at any stage in the review (except originator)

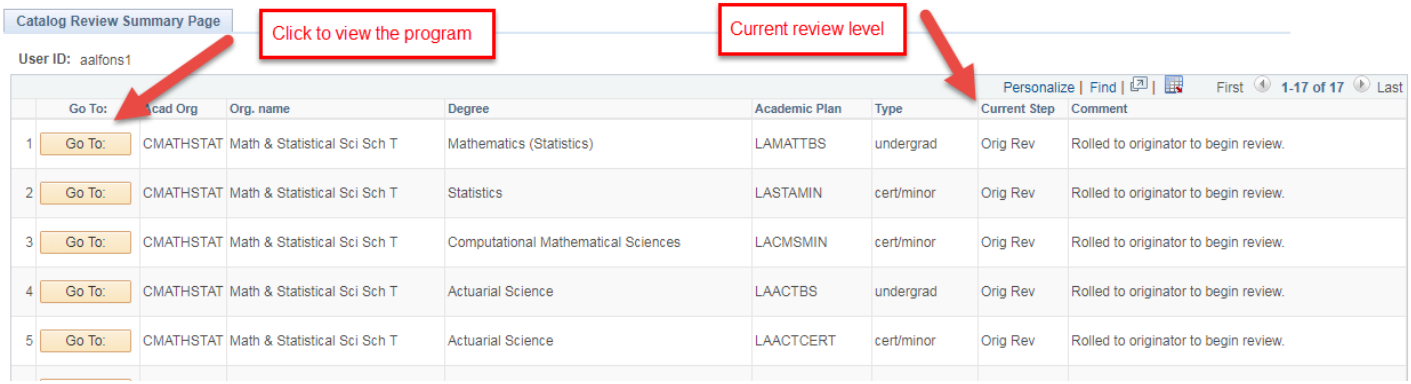
Catalog Review Site Changes and Updates

Catalog Review Site Tips

- To navigate to the review site:



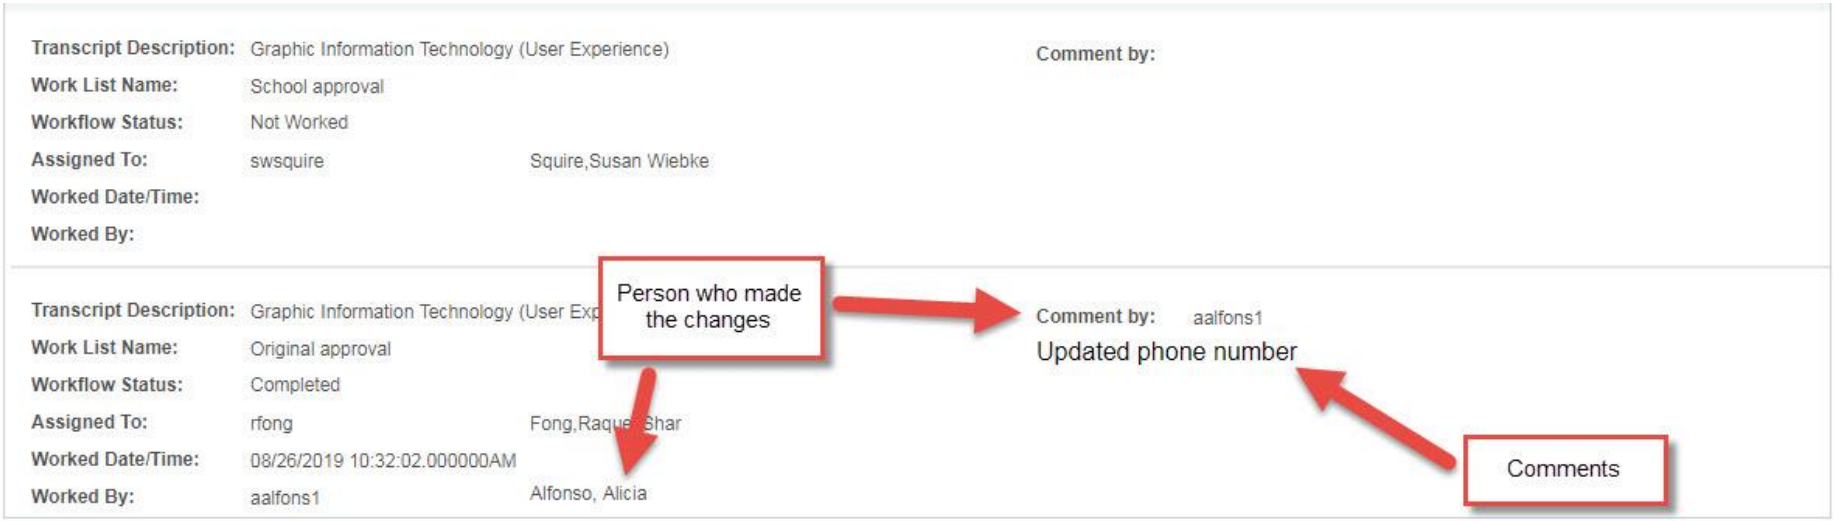
- All your programs are listed in the **Catalog Review Summary**.



- **New:** Disable pop-up blockers

Catalog Review Site Tips – cont.

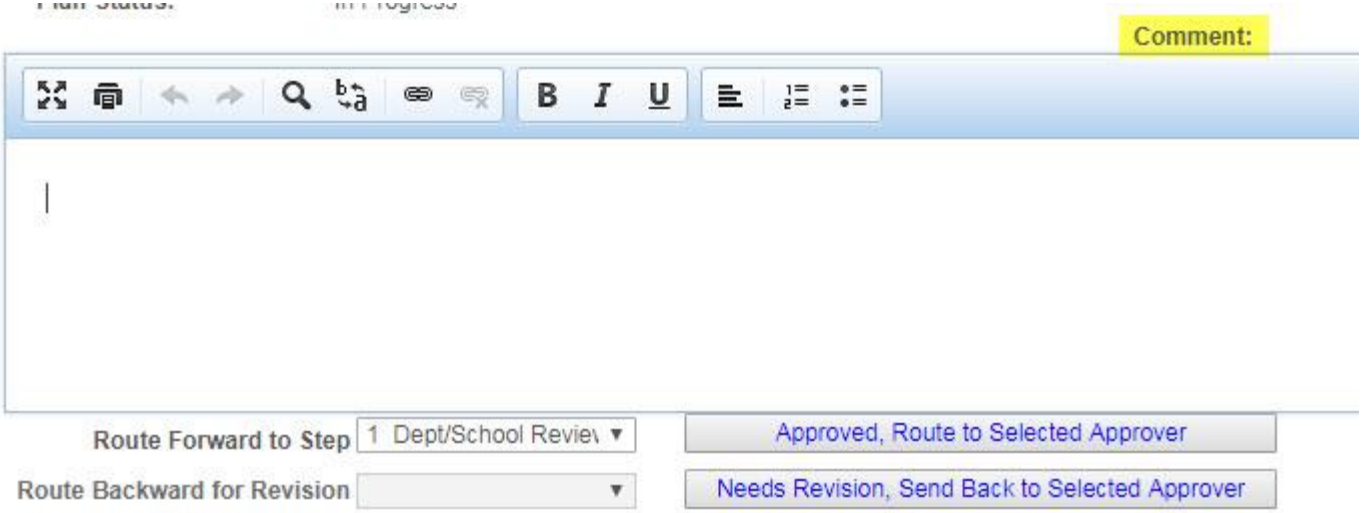
- All catalog users should review the **Catalog Review Workflow** tab while reviewing programs (now the default page). This tab often has important notes from the originator, Graduate College or provost review staff requesting changes or asking questions.



Catalog Review Site Tips – cont.

- **Reminder:** When you are ready to move a program forward, first change the **workflow state** and remember to click **SAVE**.

  Clicking "Approved, Route to Selected Approver" indicates your approval of the program's record at this stage, whether or not edits were made. If you do not change the workflow state, the program will not move forward for review by the rest of your team.



New Feature!

Quickview

- Undergraduate programs and minors/certs only
- Grad is in development
- Displays part of program description and At a Glance info
- Be mindful of your program description lead-in sentences

On Google

History of Science, Ideas and Innovation | College of ...
https://cisa.asu.edu › degree › history-science-ideas-and-innovation ▾
Leveraging the Polytechnic campus as a hub of **innovation**, the **BA** program in the **history of science, ideas and innovation** provides students with a grounding in ...

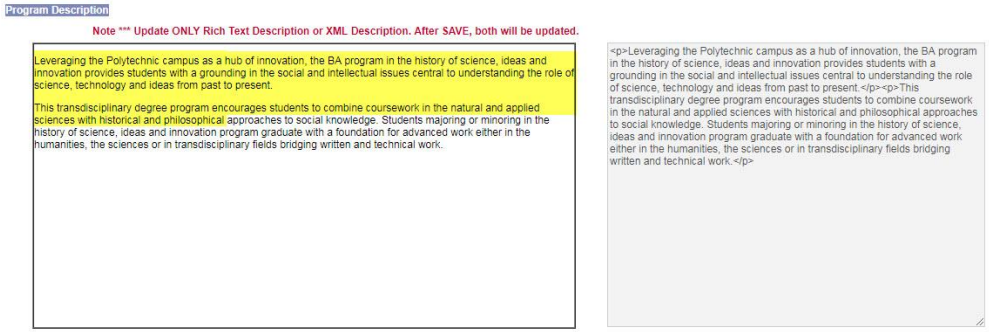
In the review site



Degree Search Content Tips

Let Degree Search work for you! Make your content clear, concise and focused on your student audience.

- **New:** We have created a resource to help you when writing career opportunities text: https://catalog.asu.edu/catalog-comparison.
- Remember to use language that clearly defines and differentiates from other text.

Comparison: Career Opportunities vs. ONET Codes

Attribute	Career Opportunities	ONET Codes
Audience	Prospective students, current students, parents, funding sources	Prospective students, current students, parents, funding sources
Style	Descriptive text in catalog style	Prescriptive codes provided by the Bureau of Labor and Statistics https://www.onetonline.org/
Limit	150 words	10 codes
Purpose	To connect transferable skills developed through the program to possible career pathways	Details growth data and salary data of jobs
In Other Words	**Star-shaped degrees:** ASU degrees can prepare students for multiple, interdisciplinary careers. A major does not always equal a career trajectory, and a career increasingly consists of a composite of jobs held throughout the working life.	**Round peg jobs:** often have a singular focus; BLS data can lag behind in creating occupational titles for new fields (e.g., biomimicry)
Updateability	**Catalog exception:** Although text is archived, it can be updated on demand	Text is not archived, so it can be updated on-demand.
Answers These Questions	• What kind of companies or organizations do graduates end up working in? • What program-learned skills help them succeed and progress in their career? • Do graduates go on to advanced degrees? In this field? In related fields or professional programs (e.g., MD)? • Are there cutting-edge career areas a student in this field could go into? • Where could the future of the field take a student? • Is there a way jobs listed in the ONET field could be purposefully stacked to create a career?	• What jobs are currently available and established in this field or related to this field? • Do jobs in this field have a bright outlook? • Are these green occupations? • What's the growth rate for this occupation? • What's the median salary for people with this job?

A Note about Program Fees

Undergraduate

- New tuition structure
- All category 2, 3 and 4 programs display program fee: Y

Graduate

- Do not display
- Not able to remove from catalog review site this year
- Discussing best practice with Grad College

Degree Search Content Tips - cont

- Degree Search and the academic program maps serve as **our agreement with students**, so we should verify courses are accurate (and offered) and that career opportunities and program expectations are clear.

- Work with your web and marketing teams to generate SEO-friendly content, but be mindful of catalog style guidelines.

Catalog Style Guide Hints

- **Degrees:**
  - Degree abbreviations are not punctuated.
  - Major and concentration areas are not capitalized.

- **Language**:
  - Latinx, Chicanx and LGBT+ are not catalog style
  - Avoid “slash word” constructions like “school/college” or “and/or”
  - Use the third person, using “student” instead of “you.”
  - “health care” or “healthcare”; “webpage” or “web page”

Visit the Catalog Style Guide for all of your style and grammar needs

A few more reminders…

- Can’t change a field on the form?
  - Add a note in the workflow comments field before changing the workflow state and saving the program.

- Wasn’t this program disestablished? Shouldn’t it be removed?
  - Programs will be removed from Degree Search when no students remain in the program.
  - Leave the text of disestablished programs as-is. Do not replace curriculum with any “not accepting applications” messages. Send the program through the normal workflow for your college or school.

- Review course lists carefully to ensure that courses are offered and that there are no changes to the prefixes or names.

- Earlier is better – submit your forms in advance of the deadline! (We will love you for it!)

College Policies

- Don’t you forget about me
- Where are they again?
  - Still here! https://catalog.asu.edu/status
- Review deadline is **November 12**

Career and Academic Integration

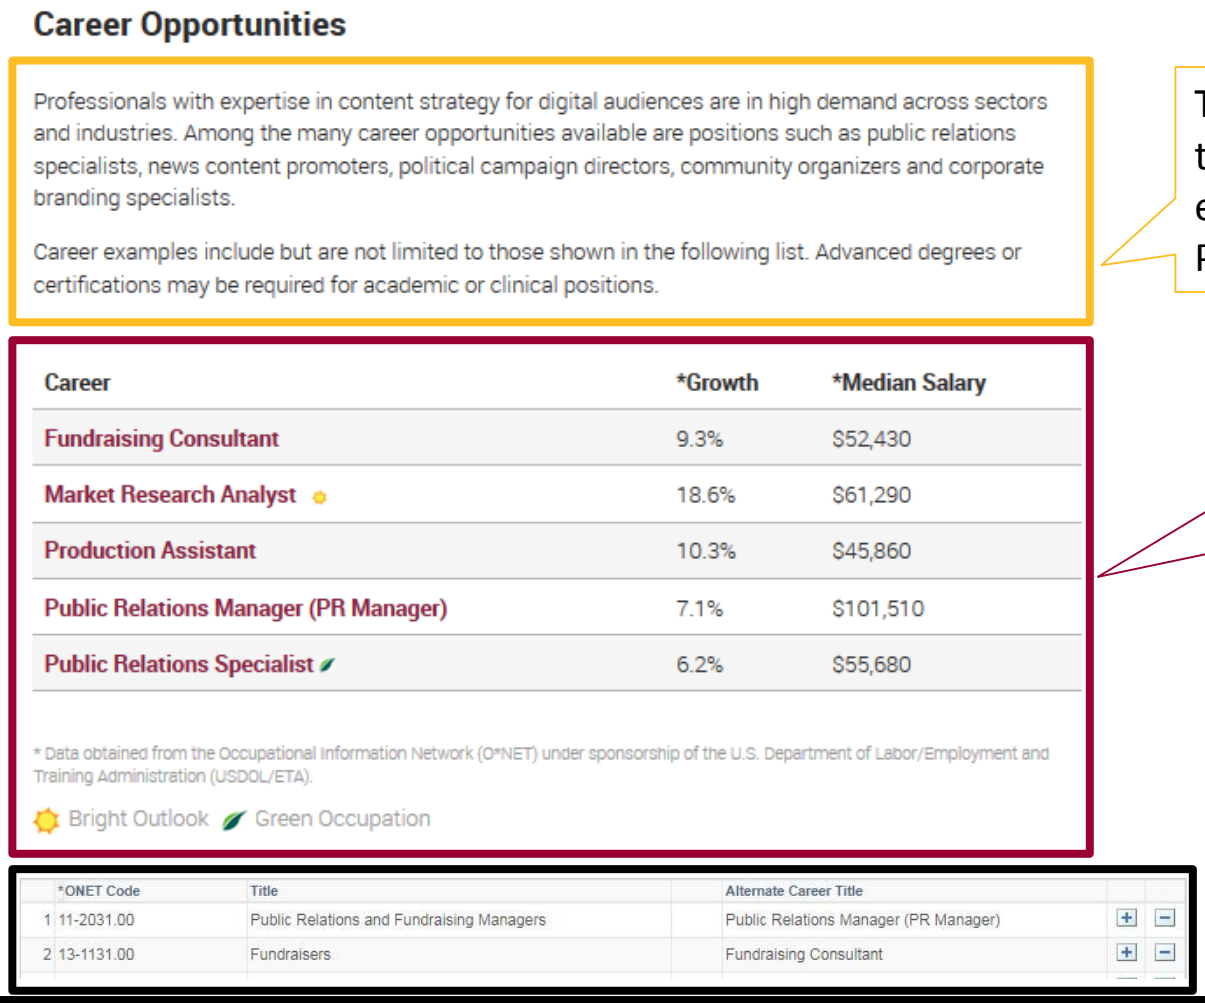
Career and Academic Integration

Change the narrative:

- Major doesn't always directly equal a specific career.
- A great majority of ASU students change their major at least once and still graduate in 6 or fewer years.
- Integrate career planning into overall academic planning.
- Focus on building and documenting skills and experiences in a way that demonstrates value to employers.

Career Data on Degree Search

Career displays on Degree Search in two parts:



Career Opportunities

Professionals with expertise in content strategy for digital audiences are in high demand across sectors and industries. Among the many career opportunities available are positions such as public relations specialists, news content promoters, political campaign directors, community organizers and corporate branding specialists.

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.

Career	*Growth	*Median Salary
Fundraising Consultant	9.3%	$52,430
Market Research Analyst	18.6%	$61,290
Production Assistant	10.3%	$45,860
Public Relations Manager (PR Manager)	7.1%	$101,510
Public Relations Specialist	6.2%	$55,680

* Data obtained from the Occupational Information Network (O*NET) under sponsorship of the U.S. Department of Labor/Employment and Training Administration (USDOL/ETA).

Bright Outlook Green Occupation

	*ONET Code	Title	Alternate Career Title
1	11-2031.00	Public Relations and Fundraising Managers	Public Relations Manager (PR Manager)
2	13-1131.00	Fundraisers	Fundraising Consultant

Text reviewed by YOU during the Catalog Review and entered into Plan Extensions in PeopleSoft.

ONET data from Bureau of Labor Statistics

PeopleSoft ONET data as entered in the catalog site powers the maroon box

Career Text

Descriptive Career Text	Career Data
Free text provided by Catalog Coordinator	Data provided by BLS ONET codes
Makes an emotional connection with students; connecting transferable skills developed through the program to possible career pathways.	Details growth data and salary data
You are encouraged to use multiple sources to identify possible careers titles, which are often interdisciplinary in nature.	“Round peg” jobs - often singular focus

ONET Data

- Job titles, salary and growth data comes from Bureau of Labor Statistics.
- CIP codes are static. BLS = round peg. ASU degrees = star shaped peg.
- Alternate titles for ONET career titles created based on search terms familiar to students: https://catalog.asu.edu/alternate-career-titles

  Example: Careers with a previous title of ***physician*** now reference ***doctor***

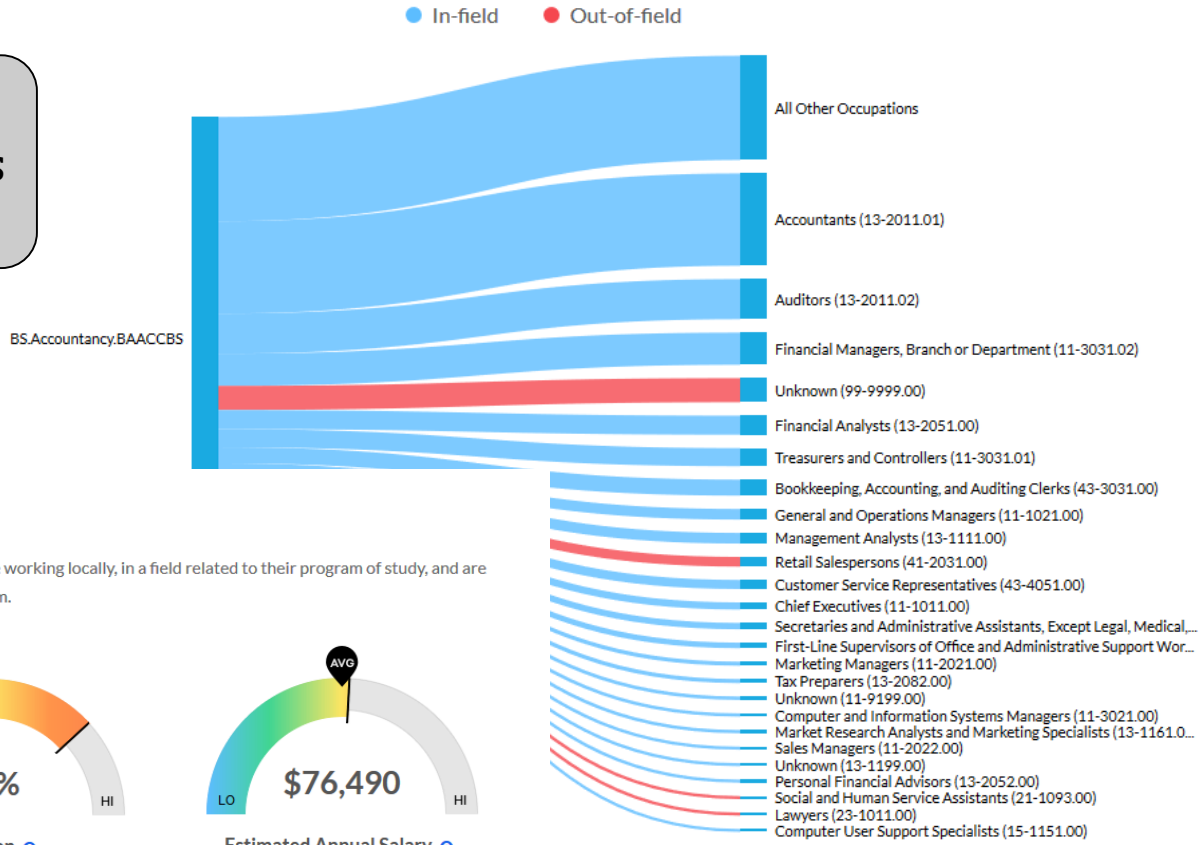
- Review ONET career codes carefully.
- ASU's alternate titles will appear in Degree Search.

Emsi Alumni Insight

Sample Emsi Alumni Insight Report for ASU's BS in Accounting

What jobs are they getting?

This visual displays the education-to-career paths of your alumni based on their program of study and current occupation.



Executive Summary

Generally, alumni from your BS.Accountancy.BAACCBS program are working locally, in a field related to their program of study, and are being compensated about the same as your institution's average alum.

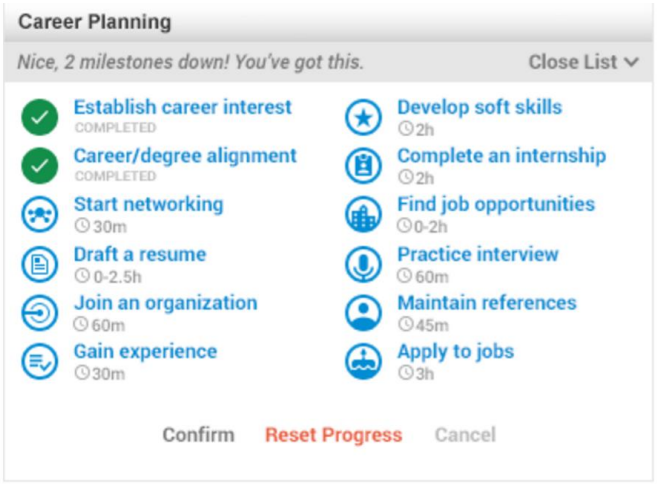
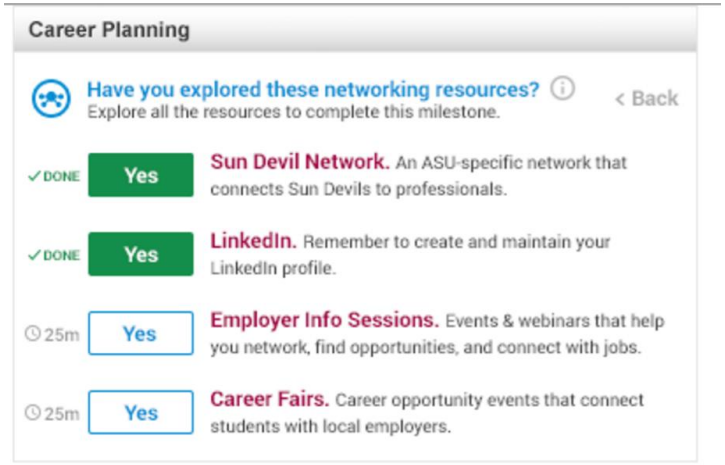
Additional Career and Academic Integration

Further connecting the career and academic preparation





Major maps notes based on My ASU Career Development Experience:

Notes to be placed on the right hand side of the major map.

Suggested terms given – feel free to move as appropriate.

Career Notes in Major Maps

Remember to add career readiness notes in the major maps.

College or discipline specific notes are helpful and appreciated.

Term 1 0 - 14 Credit Hours Critical course signified by ◆	Hours	Minimum Grade	Notes
◆ COM 100: Introduction to Human Communication (SB) OR COM 225: Public Speaking (L) OR PSY 101: Introduction to Psychology (SB) OR SOC 101: Introductory Sociology (SB)	3	C	• An SAT, ACT, Accuplacer, IELTS or TOEFL score determines placement into first-year composition courses • Mathematics Placement Assessment score determines placement in mathematics course • ASU 101 or college-specific equivalent First-Year Seminar required of all freshman students • Select your career interest area, play me3@ASU and review academic programs. • Create a first draft resume. • Explore study abroad options. • Search for on-campus employment.
◆ ENG 101: First-Year Composition or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107: First-Year Composition or ENG 108: First-Year Composition	3	C	
◆ MAT 117: College Algebra (MA) OR MAT 142: College Mathematics (MA) OR MAT course (MA)	3	C	
ASU 101-NU: The ASU Experience	1		
Natural Science - Quantitative (SQ) (BIO 100 recommended)	4		
Term hours subtotal:	14		

Term 2 14 - 30 Credit Hours Critical course signified by ◆	Hours	Minimum Grade	Notes
◆ ENG 101: First-Year Composition or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107: First-Year Composition or ENG 108: First-Year Composition	3	C	• Network in your career interest area. • Secure a part time job or volunteer experience. • Apply for a study abroad experience. • Explore engagement opportunities in the College of Nursing and Health Innovation. • Join a student club or professional organization.
◆ HCI 150: Introduction to Health Innovation	3	C	
◆ HCR 220: Introduction to Health Professions and the U.S. Health Care System (H) OR HCR 230: Culture and Health (C & G)	3	C	

Internships in Major Maps

Internships (3 credits) should be OR'ed with 3 credits of University Elective, where available.

This documentation:

a) encouraged completion of internships by all students; and
b) allows international students to pursue Curricular Practical Training (CPT).

Term 7 92 - 106 Credit Hours Necessary course signified by ★	Hours	Minimum Grade	Notes
★ COM 430: Leadership in Group Communication	3	C	• Attend W. P. Carey and ASU Career Fairs • Gather professional references • Update your resume • Meet with your academic advisor to discuss your internship course options
LES 305: Business Law and Ethics for Managers	3	C	
Literacy and Critical Inquiry (L)	3		
Upper Division Elective OR WPC 484: Internship	3		
Upper Division Elective	3		
★ Minimum 2.50 GPA ASU Cumulative.			
Term hours subtotal:	15		

Graduate College

ASU Graduate College
Arizona State University

On behalf of the Graduate College at ASU, we would like to thank you for participating in the academic catalog review process for the 2020-21 academic year.

With hundreds of graduate programs to choose from (including degrees, concentrations and certificates) university-wide, it is critical that we have supportive staff like you to help us review the content of graduate programs during the catalog review cycle.

Items to note…

- The curriculum and admissions sections of the catalog review form will be locked to editing.

- **Pre-approved changes for the 20-21 academic year will be made for you during the review.**

- If you see any errors, please add your inquiry to the comment/questions section of the review form for that particular graduate program and a Graduate College team member will be sure to address when it is our time to review the entry. General questions should be directed to academic.catalog@asu.edu.

ASU Graduate College
Arizona State University

- Please note that we cannot guarantee that change proposals for program requirements or admission modifications submitted to the Graduate College after the catalog kick-off meeting will be reviewed and approved during the catalog review cycle.

- These changes require formal review and approval outside of the catalog process and may be impacted by external factors.

- We encourage academic units to review the program requirements sections that do not clearly list specific requirements and submit any changes/clarification of requirements for the next catalog cycle.

Curriculum Reminders and Updates

1. Please use the major map review guide found on catalog.asu.edu/bamm prior to submitting your maps.
2. New “BAMM Tips” document to get you through the most common updates needed on maps.
3. Ensure that updates are made on both the major map and the verification/graduation audit. Keep checksheets organized.
4. Online and ground programs use one graduation audit. Required courses must match.
5. Check for catalog and prerequisite changes & preview in DS. Please edit any requirements that have had catalog changes before submitting.
6. Check all requisites. The Prerequisite icon P has a click feature.
7. When submitting and resubmitting maps, please use communication notes.
8. Minors and Certificates
9. Send staff who work on your program maps to training or contact us for assistance.

Academic Transfer Credit Solutions

Transfer Pathway Options

Maricopa to ASU Pathway Program - MAPP

- Developed in collaboration with ASU colleges & Maricopa

Transfer Admission Guarantee - TAG

- Arizona community colleges outside of Maricopa

Guaranteed Program for Admission - GPA

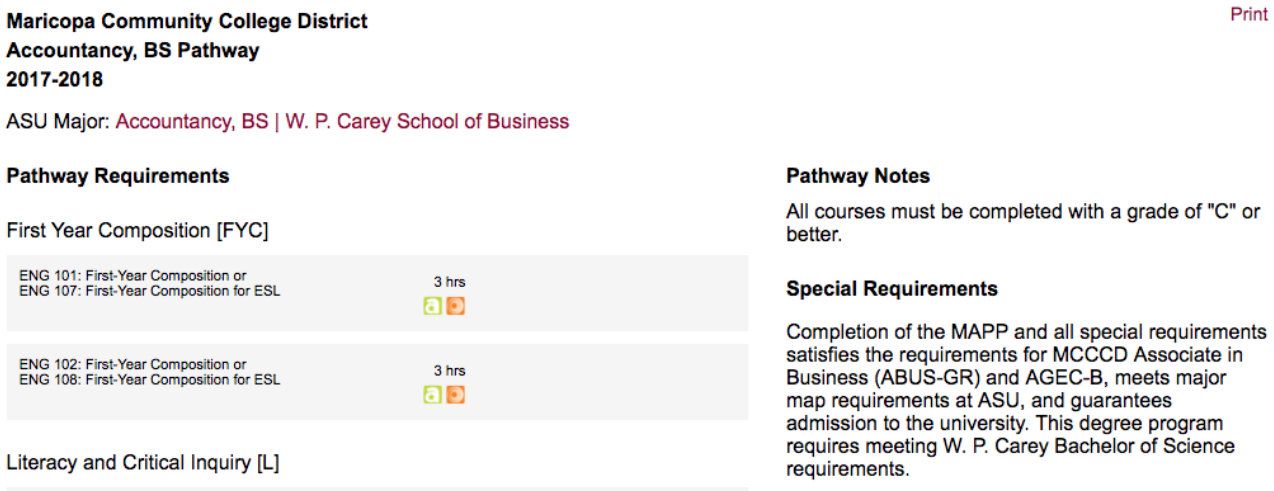
- Specific state partnerships (California, Illinois, Washington)

Transfer Maps

- Any domestic institution paired with most ASU majors

Maricopa to ASU Pathway Program - MAPP

- Outlined in Pathway Builder for select majors
  - Must contain ASU program requirements as well as Maricopa requirements (AGEC + Associate degree)
- Guaranteed admission upon completion
- Published as a PDF available on admission.asu.edu
  - Same document available through Transfer Pathway Search in the Transfer Guide
- Electronic sign up available through Maricopa
- Pathway tracker on My ASU and other resources available to students



Maricopa Community College District
Accountancy, BS Pathway
2017-2018

Print

ASU Major: Accountancy, BS | W. P. Carey School of Business

Pathway Requirements

First Year Composition [FYC]

ENG 101: First-Year Composition or ENG 107: First-Year Composition for ESL	3 hrs
ENG 102: First-Year Composition or ENG 108: First-Year Composition for ESL	3 hrs

Literacy and Critical Inquiry [L]

Pathway Notes

All courses must be completed with a grade of "C" or better.

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

Maricopa to ASU Pathway Program - MAPP

Tips for Reviewing MAPPs

- The selected majors will be developed and reviewed in Pathway Builder.
- Outlined from the Maricopa perspective.
- If a direct equivalency does not exist – is there a course that should be a direct equivalency?

New MAPP requests

- Email requests to transferpathways@asu.edu
- Remember
  - There should be direct equivalencies to the ASU major courses.
  - Students should be able to complete their coursework in around 60 credit hours.
  - Students should be able to complete their coursework in around 2 years.

Please contact transferpathways@asu.edu if you need training for Pathway Builder. Or would like college leader access set up for your review process

Maricopa Guided Pathways to ASU

What is a Guided Pathway?

- Pathways that are as coherent, intentional and as transparent as possible for Maricopa students.
- Helps students identify and enter a clear, coherent educational pathway early on, learn what they need to be successful in their career and further education, and receive proactive support they need to stay on the path toward timely goal completion.

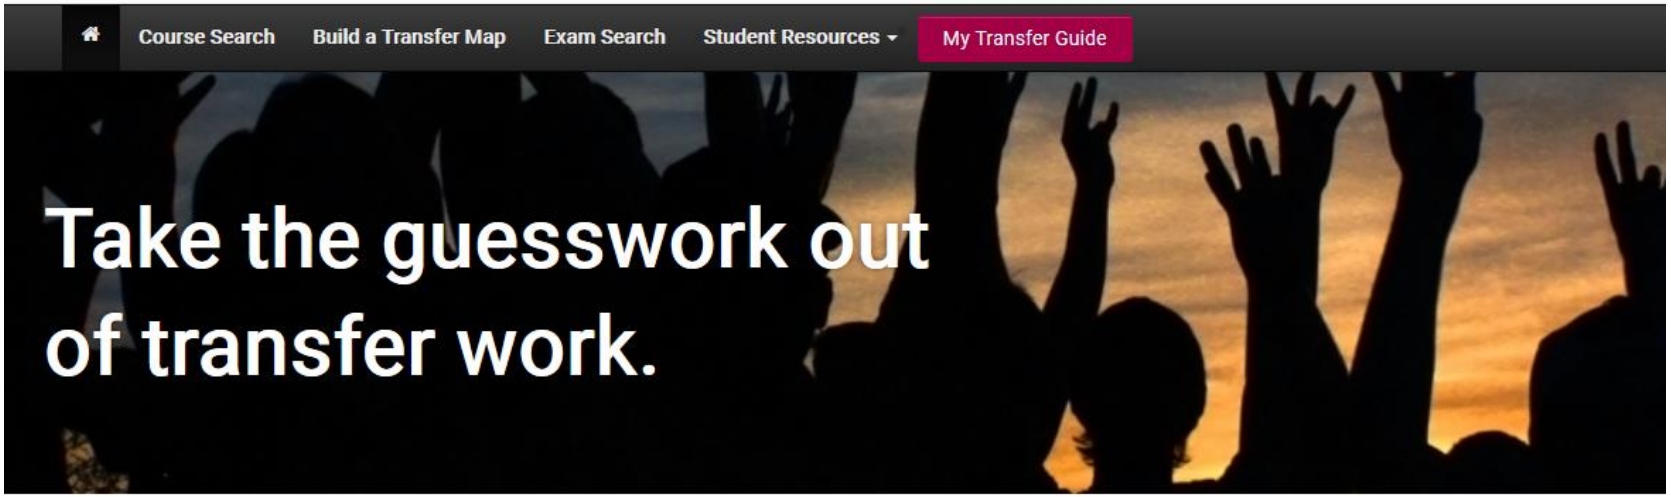
Guided Pathway + MAPP

- Specific AA included.
- Streamline requirements to ensure students are taking the correct courses.
- Request to review specific programs as early as possible to assist Maricopa with their curriculum review timeline.

Transfer Admission Guarantee - TAG

- Arizona community colleges outside of Maricopa
- Available for ANY major – The Transfer Map Tool will allow students to self help by outlining transfer coursework needed per major.
- Admission guarantee is at a university level, students must meet requirements of ASU and the specified program.
- **@Location degrees outlined in Pathway Builder and published as a PDF available online**

Transfer Guide (tcg.asu.edu)



Personalize your experience by:

- Building your Transfer Map
- Opting-in to a pathway program

Transfer Map – Best practices with BAMM

Admission Requirements

- Unlike Pathway Builder, specific admissions requirements will be pulled directly into the Transfer Map!

Transfer Notes

- Milestones such as a portfolio, audition, etc. should be included as a transfer note.
- If a transfer note is included, this will show up on every transfer map regardless of the transfer institution. Make sure notes are applicable to all transfer institutions.
- Notes should be concise and clear to all audiences.
- Special cases: unique degree + specific community colleges
  - Example: in-state community colleges are eligible for up to 75 credit hours.
  - These notes will be added for you.
  - Email transferpathways@asu.edu with changes/updates.

Philosophy, BA (LAPHIBA)

Favorite

College/School: College of Liberal Arts & Sciences
Location: Tempe
Additional Program Fee: No
Second Language Requirement: Yes
First Required Math Course: MAT 142 - College Mathematics
Math Intensity: General

The BA program in philosophy teaches students how to think well, which in turn lays the foundation for personal and professional success. Philosophy students learn how to structure arguments, write precisely and clearly, and communicate [...more]

- Transfer students are encouraged to complete the second language requirement before transferring to ASU, but if that is not possible, the requirement may be completed after transferring.

2 or 4 Year Institution Courses:

A maximum of 64 semester hours of credit will be accepted as lower-division credit when transferred from a regionally accredited community, junior or two-year college. These courses can also be completed at 4 year regionally accredited institution.

DARS

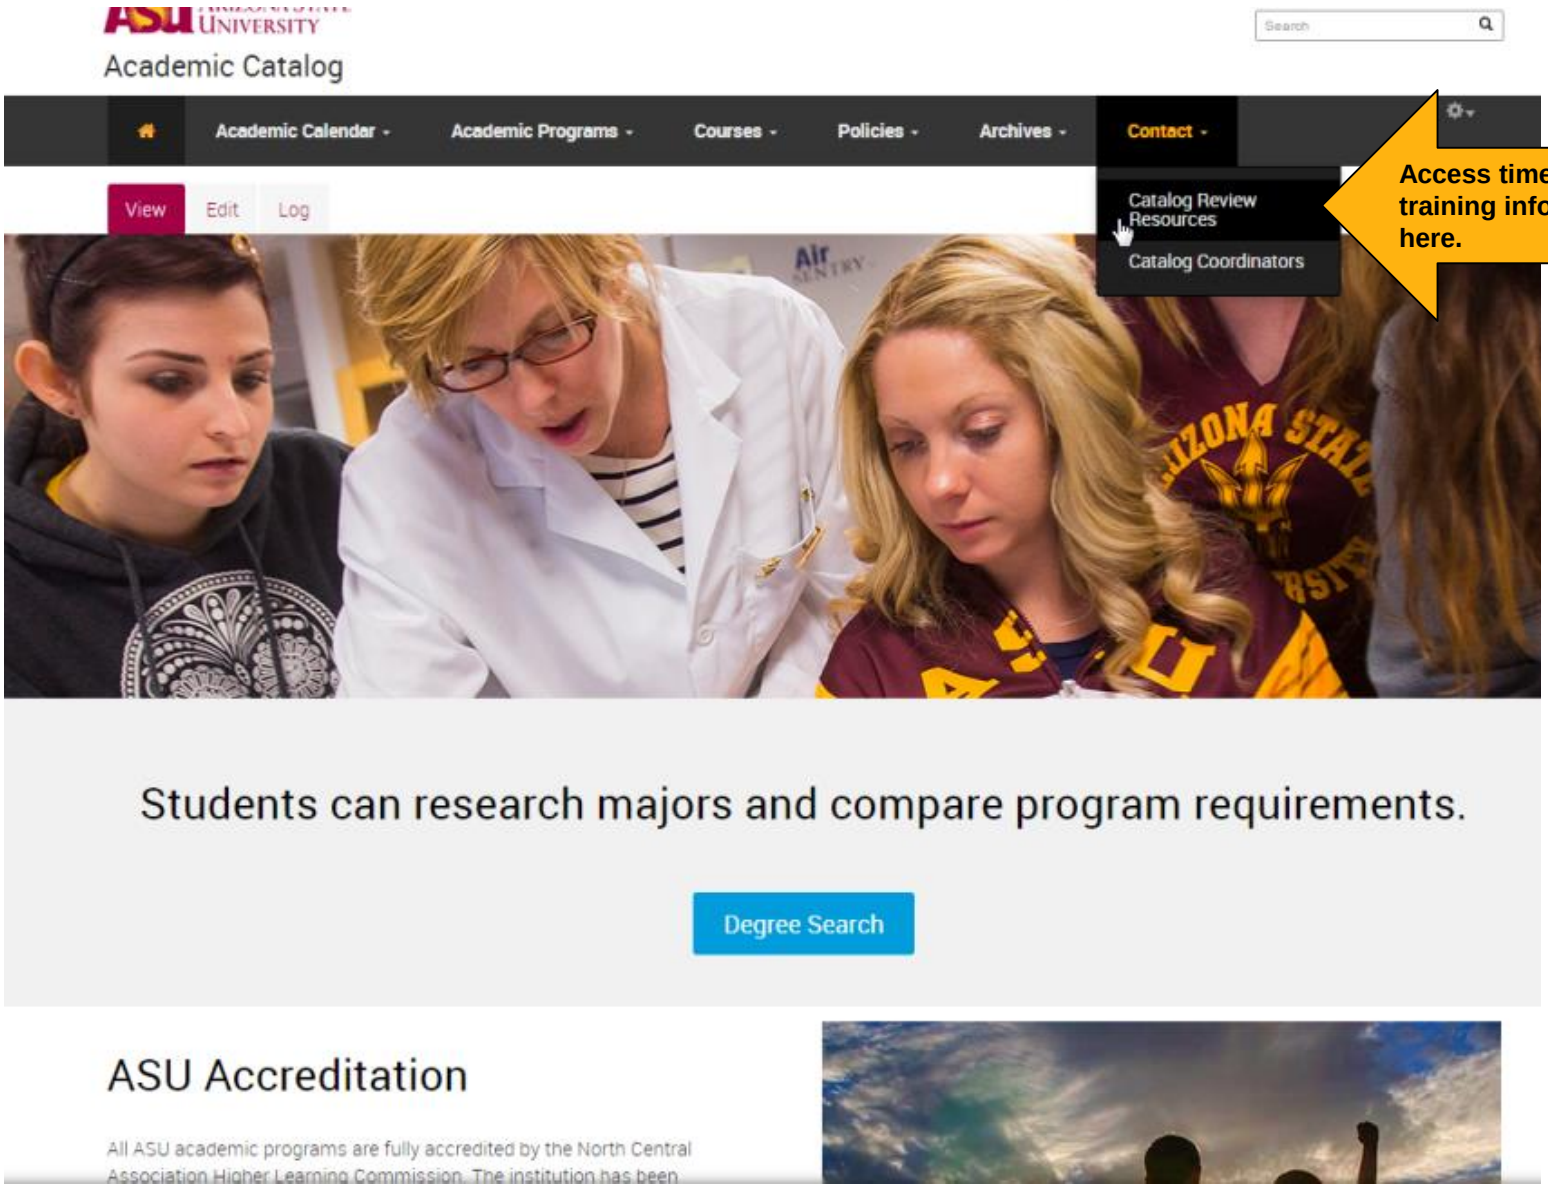
DARS Verification Process

- DARS encoders will typically provide the verification audits to the college contact, who will provide them to the appropriate departments/personnel.

- Review the verification audits, request revisions if needed and return to your college encoder no later than November 12, 2019. If major maps and audits are not handled by the same person in your college, please be sure that they coordinate on any program changes so encoders receive consistent messaging.

Final Items

Questions? Email academic.catalog@asu.edu



Catalog Review & BAMM Trainings

For your convenience, Catalog Review and BAMM trainings are combined.

Tempe campus: September 17th: 10:00 – 11:30 am

Downtown Phoenix campus: September 19th: 11:00 am – 12:30 pm

- Choose to attend whichever session works best for your schedule.
- If neither session works for you, training is available on demand as well. We offer training in-person or over the phone via Zoom sessions.
- Contact academic.catalog@asu.edu (catalog) or majormaps@asu.edu (BAMM) to arrange for on-demand training.

Thank you!

We look forward to working with you to create the 2020-2021 ASU Academic Catalog!

Data due date: November 12, 2019

Publication date: February 13, 2020
